SENSATIONAL DISCLOSURES AT TIMBER PROBE

PEOPLE WANT NEW CITY HALL ON FEDERAL SQUARE ANY OTHER PLACE ILLEGAL

"Father of Federal Square" Plan Says Injunction To Stop Building On Present Site Is Contemplated—Citizens' Wishes Should Be Carried Out.

Reports that an injunction will be sought to prevent the use of funds voted for federal square purposes to erect city offices on the present site were further strengthened today, when Lieut.-Col. W. G. Coles stated that action of this kind was contemplated. It was largely through his efforts that the Federal Square scheme was adopted in 1913, and he is anxious to see the wishes of the people carried out as expressed on that occasion.

Diverting funds voted for that purpose to the erection of a temporary office building is illegal, in his opinion, and can be stopped by the courts. The funds, he pointed out, were accumulated in the following manner: $100,000 was acquired by the sale of the old city hall; $75,000 for a new hall was voted by the council of 1912, and in 1913 the Federal Square vote added another $250,000 to be used in the erection of buildings on the Federal Square site. This made a total of $425,000, part of which was used in purchasing the temporary building now occupied.

Lieut.-Col. Coles points out that Mayor Somerville recognized the fact that the money could only be spent for the purpose for which it was voted, because he authorized a vote of the people on the question in 1919. The project of office buildings on the present site was defeated by a majority of nearly two thousand. He claims that a clause was then inserted in the London bill to authorize the expenditure of $200,000 on office buildings, and that this was turned down by the Legislature.

The present council apparently intended to use the funds without consulting either the Legislature or the people, he said.

"I am not opposed to an immediate building plan, but I think that the work should be done on the site opposite the present city hall. There is no need of spending a million dollars. If we were to spend about $100,000 more than is planned for the office building on the

(Continued on Page Three)

LONDON ALDERMEN MAY BE PAID FOR THEIR SERVICES

Ald. John Ashton Will Bring In Resolution at Next Council Meeting—Windsor Daddies Receive $5 Per Meeting.

London aldermen may follow the lead of their Windsor colleagues, and vote themselves an indemnity of $5 each for every council meeting they attend. Ald. John Ashton will introduce a motion to this effect at the next regular council meeting. It is possible that he will name a more modest sum than $5.

Introduction of the resolution is sure to bring about a debate, as the city fathers have widely divergent views on the question. To several of them the idea was quite new, and they wanted time to ponder it before expressing an opinion. Others were strongly in favor of it, while still others were decidedly opposed to it.

"I think that the Windsor aldermen have made the payment a little too much but the principle is a good one," Ald. Ashton declared. "I think they should be paid a small sum, as it makes it possible for any citizen to serve on the council without too great a monetary sacrifice. Many workingmen who are on municipal councils lose a considerable part of their income through their attendance at civic meetings throughout the year."

"It would be an excellent idea," Ald. G. A. Wenige asserted. "The sum paid doesn't matter, but the mere fact that the members of the council received a salary would make them the paid servants of the municipality. They would then have a real obligation to give service and not merely a moral one as at present. It would bring about a one hundred per cent attendance and one hundred per cent service."

Ald. Watkinson admitted that the payment of aldermen was one of the planks in the Labor platform, on which he was elected, but he had not given the matter personal consideration yet.

Ald. C. G. Moorhead said it should be carefully considered. Ald. B. F. Brighton suggested taking a vote of the people on the matter.

He felt that he couldn't support such a move this year, as it might be viewed as being done with selfish reasons. He realized that it meant a considerable sacrifice of time and money to serve on the council, but was not decided as to whether this justified a salary or not.

Ald. P. J. Watt had not considered the matter.

Ald. Cameron Wilson was opposed to it. "A man should have public spirit enough to do the work without salary," he said.

Ald. W. A. Wilson was opposed to it, too, and Ald. G. B. Drake was so strongly against it that he even advocated cutting off the salary being paid to the mayor.

JAPAN AWAITS BRITISH--U. S. NAVAL HOLIDAY

Tokio Government Claims That America Furthering Own Interests Only.

Tokio, Jan. 17.—Proposals emanating from the United States that Japan, Great Britain and the United States "take a naval holiday" is eloquent proof that despite the fabulous riches of the United States, she wishes to curtail national expenditures, and therefore the proposals are intended more to help the United States than to contribute to the peace of the world, said Marquis Shigenobu Okuma, former Japanese premier, in an interview today. He asserted the United States should first consult Great Britain relative to the suggested suspension of a naval program.

"Only when an American-British agreement has been reached," he added, "can Japan be in a position to consider this proposition. Japan's naval program is fixed at the minimum necessary for national defence."

Dog Is Convicted of Sheep Slaughter, Sentence Suspended

Winchester, Ky., Jan. 18.—"Old King," a foxhound owned by Frank Jones, was convicted of sheep slaughter by County Judge W. Lee Evans yesterday, after days of deliberation. Conviction for this offence usually means death, but Judge Evans has promised to withhold sentence if Jones will send the dog away from the county. Two puppy sons of the hound were exonerated.

"Old King" has for years been an inseparable companion of Jones, and the old man has not said whether he can bear to kill the foxhound or send him to one of the numerous persons in various states who have asked that he be given to them.

The trial which decided the fate of the hound and his sons created interest in this section which compared with celebrated cases in which men have been defendants.

DAYLIGHT-SAVING TIME FOR DOMINION'S CAPITAL

Ottawa, Jan. 18.—Ottawa this summer will be under daylight saving rules. Last night at the city council meeting Ald. McElroy's motion for daylight saving between May 1 and September 15, carried, after three divisions.

UNITED FARMERS OF ALBERTA NOT TO ENTER PROVINCIAL POLITICS

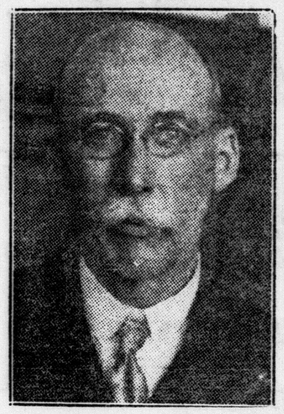

Edmonton, Jan. 18.—Approximately 1,500 delegates from all parts of the province are in the city to attend the annual convention of the United Farmers of Alberta, which meets here all week, commencing today.

The most important matter scheduled for consideration is the proposed co-operative selling plan for wheat and grain products of the three Western Provinces. Considerable opposition to the wheat pool is said to exist among the members of the association, and although President H. W. Wood, in his address, will urge the approval of the principle, and the board of directors' report is favorable, it is expected that there will be considerable discussion. More than two hundred resolutions will be considered by the convention. The United Farm Women of Alberta are holding sessions at the same time, and will meet each evening with the men.

According to present plans, the association will not even consider officially entering provincial politics as a body.

In federal politics the organization has already completed a working plan, and it is expected that the leadership of Hon. T. A. Crerar will be indorsed. He will speak on Wednesday night.

PREMIER DRURY AND THE U. F. O. SECRETARY CLASH

J. J. MORRISON, who takes issue with the premier on the position of the farmers in politics and declares Hon. Mr. Drury will not remain head of the government if he forsakes U. F. O. principles.

CHURCHILL IS NOT FAVORED AS SECRETARY

London Daily News Says His Appointment Is "Essentially Mischievous."

London, Jan. 18.—Canadian Associated Press.—The Daily Chronicle, the chief organ of the Coalition Government, confirms the report that Hon. Winston Churchill will become secretary of state for the colonies. The Daily News, which is nowadays bitterly hostile to Premier Lloyd George, says the appointment is essentially mischievous, as Mr. Churchill would not go to the colonial office to wield less authority than his predecessors, and this prospect appears at a time when the dominions are protesting vehemently against having to transact business through the colonial office.

Ebert Declares Fatherland Is United as Ever

Berlin, Jan. 18.—On the occasion of the fiftieth anniversary of the proclamation of the old German Empire at Versailles, President Ebert yesterday issued a manifesto, saying, in part: "This was a long-delayed fulfillment of our forefathers' wishes, and despite the war's losses, we have been spared one great misfortune, namely, a new separation of German lands. We hold fast together. In this let us rejoice.

"Even if today we sorrowfully look toward compatriots who unwillingly have been separated from their kindred, and toward sorely tried Austria which longingly stretches her arms to us and we to her, we must be determined to maintain domestic unity. Even if political and economic views divide us, we are on one point united, namely frontiers shall never separate us.

"The unity of the German fatherland is for us all an article of faith and earnest hope."

CLIMAX IN AUSTRIAN SITUATION EXPECTED WITHIN 48 HOURS

Police Preparing for Communistic Demonstrations On Thursday.

Vienna, Jan. 18.—The threat of the workingmen to take things into their own hands on January 20 has created a decidedly panicky situation in Vienna, notwithstanding the reassuring tone of the newspapers. It is reported that there have been large withdrawals of money from the banks, and a decided exodus of those classes of the population directly threatened has set in. The recent demonstration growing out of the postal strike, the character of the testimony before the fair price conference last week, and the steady fall in the value of the crown, all have served to bring the population to a high state of nervousness, but whether this nervousness is justified Thursday alone will show.

Depend on Police.

The Conservative newspapers are filled with optimistic Paris dispatches regarding efforts in Entente countries generally to secure financial relief for Austria, but in the face of this the crown has fallen 100 points on the exchange in the last five days.

The public is pinning its faith on the police for the maintenance of order. It is said associations of former officers and non-commissioned officers have been thoroughly organized as police auxiliaries in case of need. Inasmuch as these men number about 30,000, it is believed they will prove a deterring factor against any really grave outbreak.

The Austrian newspapers generally are refraining from mentioning January 20 by government instruction, but today they contain the warning that no element should imperil the hope for Entente aid by communistic lawlessness.

LOCAL TEMPERATURES.

Following are the highest and lowest temperatures recorded in London during the 24 hours previous to 8 o'clock last night; Highest, 19; lowest, 12 above.

The official temperatures for the 12 hours previous to 8 a.m. today were: Highest, 14; lowest, 4 above.

FOUR CIVILIANS ARE KILLED IN AMBUSH ATTACK

Fight Ensues When Black and Tan Patrol Is Waylaid.

POLICEMAN MURDERED

Assailants Escape After Killing Officer in Saloon.

London, Jan. 18.—Four civilians were killed and seven black and tan auxiliary policemen were wounded in a fight in County Galway, Ireland, according to reports received here today. The fight ensued when a black and tan patrol was ambushed near the city of Galway.

POLICEMAN IS MURDERED IN IRISH SALOON

Belfast, Jan. 18.—A member of the constabulary was shot dead yesterday at Cappaghwhite, County Tipperary. The murdered man was Constable Boyd. The shooting occurred in a saloon. His assailants escaped.

David Kent, Sinn Fein member of the House of Commons for the East Division of Cork, was arrested yesterday. He makes the seventeenth Sinn Fein member of the British Parliament now in jail.

Six members of the "Irish Republican Parliament" are now in the United States, two are on the continent, and two have died, while one, Diarmid Lynch, has resigned.

FOUNDER OF SINN FEIN ORGANIZATION TO FACE COURT-MARTIAL

Dublin, Jan. 18.—Arthur Griffith, founder of the Sinn Fein organization, who was arrested in his home here on the morning of November 26, will be court-martialed if the present plans of the authorities are carried out. The date of the court-martial, however, has not yet been set.

Arthur Griffith, with Professor John MacNeill, Sinn Fein members of parliament for Londonderry City and the National University of Ireland, Professor MacNeill's son and a number of others, were taken into custody by auxiliary police at 2 a.m. November 26. Later Prof. MacNeill was released, but on December 1 he was rearrested. The ground for the detention of Mr. Griffith and Prof. MacNeil, as given in a Dublin dispatch of January 1, was that the government desired to ascertain their responsibility for the alleged employment of Irish republican funds in ambuscades and other operations involving the loss of life of British troops. The dispatch said it was reported this desire of the government might include Eamonn DeValera, the Irish republic leader, as the alleged source of the funds.

FIRE CHIEF WANTS MORE HYDRANTS IN SCHOOL VICINITIES

Special Council Committee to Consider Requests.

MORE EQUIPMENT

Strongly Urged by Head of Local Fire Fighters.

Better fire protection for the city by increasing the equipment of the fire department and installing more hydrants will be the important question to come before a special council committee, consisting of Ald. F. R. Watkinson, P. J. Watt and Fire Chief Aitken.

The chief already has recommended the purchase of a motor service truck, a tractor for the aerial truck and a combination pump and chemical truck. It is claimed that the present aerial ladder can be placed on an automobile chassis without difficulty and render much better service than as a horse-drawn vehicle. Some members of the council favor general motorization of the department along this plan—and it is possible the committee may bring in a recommendation to that effect.

More hydrants are needed, particularly for the protection of the public schools, in the opinion of the chief. He recommends that one be placed in the vicinity of the Aberdeen School; two at Alexandra; one at Boyle Memorial; one at Egerton street; one at Empress avenue; two at Lord Roberts; one at Lorne avenue; one at Rectory street; four at Riverview; two at Ryerson; one at Simcoe street; one at Talbot street; one at St. Peter's; three at Victoria, and three at Wortley road.

Regulation of the speed of fire department vehicles and decision as to whether a day off each week with pay shall be granted to the firemen will be other matters for discussion.

THE WEATHER

TOMORROW—MODERATING.

Toronto, Jan. 18—8 a.m.

Forecasts.

Lower Lakes: Today—Fine and decidedly cold. Wednesday—Fine and gradually moderating.

Georgian Bay: Today—Snow flurries, but mostly fair and decidedly cold. Wednesday—Fair and gradually moderating.

Temperatures.

The following were the highest and lowest temperatures during the 24 hours previous to 8 a.m. today:

Stations.	High.	Low.	Weather.
Victoria	38	36	Fair
Calgary	— 2	— 6	Fair
Winnipeg	— 8	—12	Clear
Sault St. Marie	4	— 6	Cloudy
Parry Sound	0	—28	Clear
Toronto	14	— 5	Clear
Kingston	8	—14	Clear
Ottawa	6	—18	Clear
Montreal	14	—14	Clear
Quebec	18	—16	Clear
St. John	34	6	Clear
Halifax	42	8	Cloudy

Minus (—) means below zero.

Weather Notes.

Pressure is about normally high over the Great Lakes region, with a low area off the Pacific and Atlantic coasts. This distribution of pressure is attended by decidedly cold weather throughout Eastern Canada, and more moderate temperatures in the West.

NOTED Y. M. C. A. OFFICIAL IN CANADA

FLETCHER BROCKMAN, New York, International Secretary of the Y. M. C. A., who has just returned from the Orient and is on a visit to Canada.

NAVAL BOARD PROBING FIGHT OF AERONAUTS

Kloor, Farrell and Hinton To Explain Conduct As Well As Experiences.

Rockaway, Jan. 18.—Lieuts. Kloor, Farrell and Hinton were asked to appear today before the second day's session of the naval board of inquiry here to give first-hand reports of their balloon flight into Northern Ontario.

In this order creating the board to investigate the trip, Secretary of the Navy Daniels directed that it examine the "conduct of the personnel" as well as incidents relating simply to aircraft. This was taken to mean that the men would also be questioned regarding the dispute between Farrell and Hinton soon after they arrived at Mattice after several days of hardship in the uninhabited Hudson Bay regions.

'Grandmother of Russ Revolution' Is Seriously Ill

Paris, Jan. 18.—Madame Katharine Breshkovskaya, "the little grandmother of the Russian revolution," who came to Paris recently from Ruthenia to attend the conference here of the remnant of the old Russian duma, is seriously ill in the Russian hospital at Boulogne, near Paris. She was taken to the institution last week, suffering from a general breakdown and a heart affection. Madame Breshkovskaya is in her 77th year, and her revolutionary activities began when she was at the age of 26.

HIGH COURT WILL BE ASKED TO DECIDE ON VACCINATION ISSUE

Ottawa Parents Refused to Permit Inoculation of Children.

Smiths Falls, Jan. 18.—Canadian Press.—A test case involving the compulsory vaccination of school children was tried here yesterday before Police Magistrate B. E. Sparham. William Yarwood of Smiths Falls was the defendant. Originally eight parents were charged. It was decided to have the case sent to the weekly high court in Ottawa.

Yarwood had refused to have his child vaccinated on conscientious grounds. He had sent his child to school repeatedly, on the last occasion on January 6, and that the child had as often been sent home again.

SENEGALESE TROOPS KILLED BY COUNTER-ATTACK FROM REDS

French Black Soldiers Fired First On Mutinous Cossacks.

Constantinople, Jan. 17.—French black troops turned their machine guns on mutinous Cossacks of Gen. Wrangel's former army encampment at Tchatalja, 25 miles northwest of Constantinople, Saturday night, after the Cossacks had disarmed their officers. The Russians returned the fire, killing ten Senegalese and wounding twenty others, and two French officers.

TWO YEARS IN "PEN" FOR ELOPING WITH WOMAN PRISONER

Milledgeville, Ga., Jan. 18.—J. W. Gans, a guard at the state penitentiary here, was today sentenced to serve two years for "eloping" with Juanita Weaver, a woman prisoner. The elopement occurred in December last, and the couple were arrested in Tampa, Fla. Gans entered a plea of guilty.

GRANT OF 5,500 SQUARE MILES PULP LIMITS MADE TO FIRM JUST BEFORE ONT. ELECTION

Shirley Denison, K. C., Springs Sensation at Today's Session of Timber Probe When He Tells of Concessions Made by Hearst Administration to Spanish River Pulp and Paper Company—Declares Concern Is Now Trying To Get Drury Government To Confirm Grant.

Toronto, Jan. 18.—Another sensation was sprung at this morning's session of the Riddell-Latchford timber inquiry when Shirley Denison, K.C., investigating counsel, informed the judges that a grant of 5,500 square miles of pulp limits to the Spanish River Pulp and Paper Company had been arranged for in September of 1919, just before the Provincial election.

"That's about the largest grant we have heard of yet," remarked Mr. Justice Riddell.

"It's a principality, my lord," replied Mr. Denison.

The Government counsel told the commission that he had recently had a conference with the Drury cabinet and the ministers had told him to go right ahead and bring out everything that he could. They did not want anything held back.

He stated that the Spanish River Company was now trying to get confirmation of this 5,500 square miles grant by the present Government, "and in the public interest I ask for as early an investigation as possible."

The commission arranged to take up this particular matter on Monday next at 4 p.m. a the Parliament buildings. Spanish River Company matters will be taken up at a session at 10:30 on Thursday at the Parliament buildings.

ACTIVITIES OF THE TECHNICAL SCHOOL SHOW A LARGE INCREASE

Trustee Rowe Elected Chairman of Industrial Advisory Committee.

Many, even of the leading cafes and hotel dining-room staffs in the city, might well take a course in the service of meals from the students of the domestic science classes at the Technical School, as exemplified today in the preparation, setting out and service of the luncheon provided for the entertainment of the members of the industrial advisory committee of the board of education, and guests of Principal H. B. Beal. Appetizing, quietly and most efficiently served, the meal well deserved the encomiums passed upon it by the participants.

Following the luncheon, Principal Beal briefly welcomed his guests before handing over control of the business to Secretary R. M. McElheran, who presided till the committee had selected Trustee T. Rowe as chairman for the year. Mr. Rowe immediately took the chair, and Principal Beal presented his report, which was received, and will be dealt with in detail by the committee at its next sitting. In the meantime copies are to be supplied to each member of the committee and of the board of education.

Principal Beal's address was in part as follows:

"This being the inaugural meeting and having several new members of the board and others who have not been on the advisory industrial committee it would seem that the time and the occasion is opportune for bringing as briefly to your attention the work which the school has done and is doing together with some of the fields of activity which are 'whitening to the harvest,' and which as an obligation lie at the doors of the technical schools of this province.

"Attention was drawn by the provincial inspectors in their last report to the necessity of providing suitable gymnasium and assembly hall accommodation. This matter was not pressed at

NEWSBOY-BISHOP DIES OF PNEUMONIA; STRENUOUS LIFE

Late Bishop Evans Formerly Sold Papers On London Streets.

HAD A REVELATION

Last Years of Life Spent in Wearisome Litigation With Church.

Bishop R. C. Evans, who died in Toronto at 4 o'clock this morning following an attack of pneumonia, had a strangely varied career. He started life as a newsboy in this city, later became a banker, and then a missionary. Bishop Evans was a member of that branch of the Mormon Church, which afterwards became the Reorganized Church of the Latter Day Saints. He received, however, a "revelation" that caused him to leave that body, and he subsequently attained considerable prominence in the newspapers as a result of a legal action that originated in February, 1919, and in which Bishop Benjamin R. McGuire demanded from him an accounting of funds.

Chief Justice Falconbridge found in favor of Bishop Evans, however, on all points in the decision which he handed down last January.

The legal suit, however, gave rise to a very heated controversy, which was characterized by a series of pamphlets and debates dealing with various phases of the Mormon doctrine.

In the witness box, Bishop Evans sketched his life history, telling of how, in 1891, he had founded the Church of the Latter Day Saints on Soho street, Toronto. At that time, the church consisted only of a plank supported by butter tubs in a private boarding house. Six out of its ten members were servant girls. However, under the guidance of Bishop Evans the church steadily grew, until at the time when he

Continued on Page Three.

REFUND ON LUXURY TAX STAMPS ON APPLICATION

Instructions have been received from the department of inland revenue at Ottawa regarding the refund of the luxury tax stamps held on hand by the various merchants on December 18 when the tax was abolished. All unused stamps whether perforated or not must be forwarded to the department through the local collector of inland revenue accompanied by an application form which may be secured from the inland revenue office. The claim is then forwarded to Ottawa and a check will be issued in settlement of all stamps returned.

When the licenses were issued to the retail merchants, a perforator was issued on loan. These are also to be returned to the local collector of inland revenue. Perforators which were purchased by holders of the retailer's license are not returnable nor is the purchase price subject to refund.

Daring Young Bandits Hold Up Mail Truck, Escape With Sacks of Bonds and Money

Robbery at Chicago Union Depot Is Accomplished in Record Time—Men Believed To Have Had "Inside Information"—Three Guards Are Taken by Surprise by Five Masked Men.

Chicago, Jan. 18.—Five youthful bandits held up a United States mail truck at the Union Station here early today, escaping in an automobile with twelve sacks of mail, ten of which contained registered mail. Police say that the best information obtainable this morning indicates the pouches contained part of a Federal Reserve Bank money shipment, which was to have been placed on a train leaving for St. Paul, Minn., at 2:30 a.m.

The bandits surprised three postal employees guarding the pouches, forcing them at the point of guns to back into the truck, while the bandit car drew alongside, and the twelve mail bags were transferred to it. The robbery was accomplished in a few minutes.

Value Not Estimated.

The regular mail was composed solely of city collections, the police say. The registered mail bags were supposed to contain currency and bonds, whose value cannot be estimated yet.

One of the postal employees said that only a few minutes after they had arrived at the station with their truck the bandit car dashed up. The police believe the robbery was an inside job, as the bandits seemed to have knowledge of the bank shipment, as well as the time the truck would arrive and the number of men guarding it.

Thomas Carter, Richard J. Sliney and Philip Cahill, postal employees, said the five men, none of whom appeared to be more than 20 years old, all wore black masks, and carried out the robbery in such a short time that the attention of a watchman and a railroad mail foreman working nearby, was not attracted until the robbers were speeding away in their motor car with the twelve pouches.

Carter, who drove the mail truck, said he believed the bandits' car followed him from the postoffice to the station.

COLD WAVE IS MOVING EASTWARD

Toronto, Jan. 18.—Canadian Press.—White River, Ont., which generally holds the record as the coldest point on the official weather map of Canada, has not reported its mercury standing this morning to the meteorological observatory, but a minimum of 40 below at Ironwols Falls, Ont., and 28 below at Cochrane, Ont., are unofficially reported to Canadian Press, Limited, from the north country. All Canada, except the Pacific and Atlantic coasts, is apparently gripped in zero weather, the lowest officially reported to the observatory at 8 a.m. today being at Ottawa, where the thermometer registered 18 below. At Winnipeg it is comparatively balmy today at 2 below, and the fact that it was 32 below at that point yesterday indicates that the cold wave is moving eastward.

Another Spanish Cabinet Decides On Resigning

Paris, Jan. 18.—Decision to resign has been reached by the Spanish cabinet, according to a Madrid dispatch quoting information received in political circles at the Spanish cabinet. The cabinet crisis was caused by a strike of civil servants, which has embarrassed the government.

D'ANNUNZIO TO LEAVE FIUME DURING WEEK

Secures Passports for Several Foreign Countries.

Trieste, Jan. 17.—Gabriele D'Annunzio, former insurgent leader in Fiume, will leave that city this week, having obtained passport vises for Switzerland, Greece, Spain and France. Five hundred of his legionaries will remain in Fiume.

The blockade of Fiume has been completely raised in conformity with the orders of Gen. Caviglia, commander of the regular Italian forces along the Adriatic.

JAPANESE CROWN PRINCE PLANS VISIT TO ENGLAND

Tokio, Jan. 18.—The Japanese crown prince is planning an official visit to England next March, according to statements printed in newspapers of this city.

Will Get It Right If Enough Trials Made

[Special to The Advertiser.]

Ottawa, Jan. 18.—There has been considerable confusion regarding the proclamation summoning Parliament. At first it was decided to open the session on February 10, and a small issue of the Canada Gazette was printed to this effect. The issue was destroyed, and the date changed to the 14th, but in the new proclamation there has been a peculiar omission. The House of Commons is summoned to meet, but no mention is made of the Senate. As a consequence the new issue of the Gazette, which has been freely circulated, will be suppressed, and a new proclamation, in which both Houses of Parliament will be summoned, will be issued today.

$10,000 RAISED AT JUBILEE OF Y. P. U.

Young People of London Presbytery Throng St. Andrew's Hall.

The only Presbytery in Canada to boast of having kept a Young People's Union in existence for a period of 25 years is the Presbytery of London, which yesterday celebrated the silver jubilee of its Young People's Union. An excellent program of speakers and an attendance of over 400 delegates from all parts of the Presbytery made the jubilee one to be remembered by the young people of the Presbytery.

St. Andrew's hall, where the jubilee was celebrated, was crowded in the afternoon, but at the open evening session there was not room to accommodate all the young people and their relatives. At the afternoon session reports of all the societies in the Presbytery were given and the total amount raised for the Peace Thankoffering was announced. The splendid sum of almost $10,000 was raised by the young people.

Rev. J. G. Stuart, who was president of the union 25 years, opened the session with prayer, followed by two speakers, Miss Mary Martin, and Miss Bertha Hodge. Miss Martin is a member of the Alma Street Church, St. Thomas, and has been a deaconess in training. She goes to the Indian mission field this year. Miss Bertha Hodge has only recently returned from China. Both speakers appealed to the young people to offer their lives for service in the church, if they thought they were fitted to do so.

Appeal For Service.

Rev. D. N. McLachlan, too, urged young people to go into the mission fields, both at home and abroad, and pointed out the many avenues open to young people for personal service. An honor roll was displayed on the platform of all the young people in the Presbytery who have entered into some special service in church work. There were over 75 names on this list, and more will be added before the list is printed for distribution in the Presbytery.

At the close of the afternoon session a banquet was held in the basement of St. Andrew's Church. It had been previously proposed that all the past presidents of the union make speeches, but owing to the large number and overcrowding of the basement this was not possible. Community songs, however, made the banquet a jolly one.

In the evening Rev. D. N. McLachlan spoke briefly, and Frank Yeigh, a prominent Presbyterian layman of Toronto, superintendent of the publicity department of the Presbyterian Church, showed some very interesting lantern slides of the work being carried on by the Presbyterian Church in Canada. The work was taken from coast to coast.

Many Congratulations.

Another feature of the evening session was the reading of congratulations on the celebration of the jubilee from other younger unions in the different Presbyteries as far away as Halifax and Montreal.

The newly-elected officers for the union are: President, Dr. Dearle, of St. Andrew's Church; first vice, Miss Duncanson; second vice, M. Jamieson; secretary, Miss M. Kelso. Executive: G. D. Wallace, Thamesford; Earl Patton and Nellie Pittaway, Wilton Grove; Gordon Robinson, Denfield; John Charlton, Ilderton. The Thamesford Young People captured the banner for having the largest attendance present at the jubilee rally.

Miss Luta Laymon sang a solo, accompanied by C. E. Wheeler. Rev. D. C. Macgregor presided at the evening session.

MAY BE INSANE.

KITCHENER, Jan. 17. — Suffering from hallucinations, a Pole named Steck Billa, ran amuck at the Dominion sugar factory early today and made a cross-country run to Kitchener, declaring to all he met that there was a conspiracy among the employees to hang him. When he reached his boarding-house he changed his complaint, and alleged that the boarding mistress was trying to poison him. He is being held here pending transfer to an insane asylum

Stop Guessing Try Pyramid

If You have Come to Such Misery as Itching or Protruding Piles Try Pyramid Pile Suppositories

Pyramid Pile Suppositories have been the household reliance for

more than two decades. You've no idea what blessed relief is until you use Pyramid. Get a 60c box today at the drug store anywhere in the U. S. or Canada, but do not take any substitute.

They are used in the privacy of your own home and you can have a free trial by sending your name and address to Pyramid Drug Co., 607 Pyramid Bldg., Marshall, Mich.

CITY COUNCIL FAVORS OFFICES ON PRESENT SITE

Not Committed To Building Scheme, But Will Have Plans Completed.

Completion of plans for a municipal office building on the present site was authorized by the city council last night after the matter had been thoroughly discussed in committee of the whole. This does not mean that the council is committed to this scheme, but merely that it favors it and desires fuller information.

Several aldermen were strongly opposed to it. Ald. Cameron Wilson said it was a matter which should be carefully considered before rushing ahead. Several votes had shown that the citizens were against it, he pointed out.

"Building of offices on the present site will be the death knell of a real city hall on the property across the street," he declared. "Then there is the legal aspect of the question to be considered. There are threats of injunctions if we build here, and I believe there is a clause in the agreement of sale for the other property which says that it must be used for city hall purposes. If that is so, and we built on this site, we might be held up in the disposal of the other property, and we would have to keep the property lying idle. That doesn't look like a good business proposition to me.

Purchaser Waiting.

"It might be a better plan to commence a more expensive building on the other site. We would not need to erect it all at once. It could be built on a unit plan. A big enough building could be built for present needs, and other councils could add to it when necessary. When the building was ready we could dispose of the present quarters and move into the new ones. There would be no need of costly, temporary accommodation. A business institution is anxious to get this site, and will build in conformity with the Utilities Building, so we would be assured of a good price, perhaps double what we paid for it. Action as soon as possible is needed to relieve unemployment, but this can be done by building on the opposite side of the street as well as here."

Ald. Moorhead said he still was of the opinion that the council should get plans and estimates of a building across the street.

Build Office Building.

Ald. Harley asserted his belief that a large city hall would have to be erected some day on the former McCormick property. In the meantime an office building on the present site was one of the best investments the city could make, in his opinion. He pointed out that a private corporation had made a first-class office building of the former city hall, and he believed the city could accomplish the same end with the present building.

Ald. Drake favored a building on the present site.

Mayor Little came out strongly for offices on the present site. Most of the material in the present building could be used in the new one, and only one large retaining wall would be needed. Across the street at least three such walls would be required, greatly increasing the cost. He did not advocate disposing of the other property. It was true that it would be kept idle for some time, but such buildings as the public library, registry office, fire hall and police station could be erected there in conformity with a general plan.

Ald. Watkinson also referred to the fact that the people had favored the other site on three different occasions. He thought a committee should investigate the matter before action was taken.

Ald. W. A. Wilson declared the present site was an ideal one, and that the municipal offices suggested by the mayor were entirely suitable for the city's needs. He said the people had voted for the other site when they were under the impression that the Dominion Government would pay a large part of the costs. There was no hope of that now.

Ald. Bridge also referred to this fact. "The people were misled. They thought they would have aid from the Government. That was their sole reason for voting down an office building on this site," he asserted. Getting estimates of a building on the other site would be a reasonable plan, but if they showed that such a plan would cost twice as much as that of building on the present site the council would hardly be justified in adopting it. He had heard no criticism of the council's first plan. All the citizens asked for was "action." Track elevation may soon be a big project here, and in view of the expenditures the city might have to make for that, it would not be justified in spending a million dollars on a city hall.

The city hall could be erected later in connection with these when it was felt the city could afford it. He argued that the proposed office building on the present site could be disposed of at a profit when the time came for erecting a city hall.

Customs House Plan.

Referring to the customs house as a municipal building, he said that the lot was slightly longer than the one now occupied by the city hall, but was narrower. The building itself was 70x102 feet, providing about 20,000 square feet of floor space, including the attics. City offices will require at least 33,000 square feet of floor space. To acquire this at the customs house it would be necessary to add several stories to it, he said.

His view of the question was that the council ought to go ahead as speedily as possible with a building on the present site, possibly within the next four weeks.

Preliminary sketches of an office building were submitted by General Manager E. V. Buchanan of the public utilities commission.

STEAMER ARRIVALS.

CAPE TOWN, Jan. 17. — Benguala from Sydney, C.B.

SALESMEN
REAL ESTATE

We will have openings in our organizations for several live, snappy salesmen. These men must be producers; their records must be clean and their character good. They must understand local conditions and know local realty values. To salesmen such as these we can offer worth-while positions in both our improved and development departments. For appointment, telephone 1320

The London Land and Development Company.
206½ Dundas Street.

ROSCOE ARBUCKLE IN "THE ROUND UP"

Famous Movie Star At His Best in Feature Picture At Grand.

In two-reel comedies, Roscoe (Fatty) Arbuckle was always a great box office attraction for any theatre, but one has to see "The Round Up," a full-length Paramount picture in which he stars, to see him at his best. In this, the first of a series in which he will play the leading role, "Fatty," shows that he is not only a good comedian but a talented dramatic actor as well.

"The Round Up" is a Western picture of the first water; embodies a strong love story, and has many humorous scenes, the majority of which are provided by the inimitable "Fatty." As Slim Hoover, the sheriff, he leaves nothing to be desired. Of course, there is a villain, but he is unable to move the audience after they have come under the spell of Arbuckle's antics.

Not in many moons has so able a supporting cast been gathered together as the one in this first superb production of George Melford. First there is Mabel Julienne Scott, the lovable heroine, who was last seen here in "Behold My Wife." Tom Forman, who takes the part of the hero, also wrote the scenario. Others well known to screen fans are Irving Cummings, Jean Acker, Guy Oliver, Lucien Littlefield, Fred Huntley, Wallace Beary, Jane Wolfe and Eddie Sutherland.

"Betty's Romance," the film produced locally, and in which local artists took part, was lost in transit by an express company, but the management expect it will be ready for showing tonight.

Two Ford educational films, "Keep the Boy on the Farm" and "Farm With a Fordson," were exceptionally interesting, as also was "Topics of the Day" and a Burton Holmes Travelogue, entitled, "The Land of Pardona."

This program of features will be repeated today and Wednesday.

To Cure a Cold in One Day.

At The Theaters

AT LOEW'S.

Of all the vehicles starring Robert Warwick previously shown on the screens in the theatres of this city few have excelled "The Tree of Knowledge," a picture now showing at Loew's Theatre. Robert Warwick, long a favorite with London theatre-goers, proved that he had lost none of his power as a drawing card when the picture was first shown on Monday, for the house was crowded at every performance. His acting is superb. He, however, is forced to share much of the honors with his supporting cast, which includes no less a star than Katherine McDonald, the beauty of the film world. "The Tree of Knowledge" is a clever play, built up around a new twist of an old story. The plot is so well handled that not a dull moment sends the interest of the spectators astray during the full run of the film. The settings, mostly scenes of the countryside and parks of Old England, are more than ordinarily beautiful. The interior scenes are also well-chosen.

The vaudeville bill offered a pleasing variety in the form of three entirely different acts. "Straight," a comedy drama, cleverly staged by a man and a woman, played havoc with the emotions of the auditors. By some excellent melodramatic acting the sympathy of the audience is keyed up to a high pitch, and then allowed to explode when an especially tense moment turns to a mirth-producing denouement.

Nothing better in acrobatic performances has ever been seen in this city than the act staged by the "Aerial Macks." A man and a woman, both the essence of grace, performed some dazzling stunts high in the air in a rapid-fire manner.

Gordon and Vail were given a splendid reception when they appeared in a humorous talking and singing act. In a monologue Gordon won the favor of his audience. The girl possesses a fair voice.

A Mack Sennett comedy and a news weekly completed a program which will be repeated today and tomorrow.

AT THE MAJESTIC.

A crowded house greeted the performance of "Pollyanna" by the Majestic Players Monday night; in fact, it was one of the best Monday nights the Majestic has had. It is unnecessary to dwell upon the merits of a play which has already made such a world-wide appeal; Pollyanna has won her way into the hearts of thousands. In the title role, Gwendoline Pates, with her Titian hair and radiant manner, carried the audience with her. It is not an easy part to fulfill, but this charming little lady did it ample justice. As Aunt Polly, Edna Marshal acted naturally and convincingly, and Louise Gilchrist, as Nancy, gave a rich and mellow interpretation of the impulsive, warm-hearted Irish maid. As John Pendleton, William A. Grew looked the part of the grouchy old bachelor, into whose 20 years of shadow Pollyanna at last brought the sunshine and the rainbow. Dillon Deasy did well as Dr. Chilton, and Edward Latimer, as Jimmy Bears, the orphan lad whom the heroine adopted into her little family, together with "Sodom and Gomorrah," was a true comedian. Alfred Regali, in the part of Deacon Gregg; Marguerite Weston, as Mrs. Carmody; Vera Secord, as Miss Carroll, and James Swift, as Blecher, all capably filled their parts.

Doubtless the delighted audience which occupied every seat Monday night will be duplicated throughout the week, and at the matinees Wednesday and Saturday. The stage setting was well studied, and the scenery by Navarro and Miller was artistically conceived, particularly that representing Jack Pendleton's sitting-room.

YOUTH SEEKING LIQUOR CAUGHT IN BASEMENT

Had Sampled Vinegar, But Did Not Fancy It—Allowed To Escape.

On Saturday night at 9:30 o'clock, a youthful burglar was captured in the basement of a Ridout street residence, but, as he had stolen nothing, the kind-hearted householder allowed him to go free, and then reported the matter to the police.

Entrance to the house was gained by way of a door leading to the furnace room. The family was in the front part of the house, when one of the children heard a noise in the cellar. The father, accompanied by a visitor, went down, and on nearing the coal bin, the noise of coal slipping was heard, and the burglar, who had attempted to conceal himself in the heap, appeared. On being questioned, he stated that he had been sent to the house by a Mr. Brown, and gave a fictitious address on Wortley road. He was well dressed in a brown overcoat with a fur collar, and was apparently looking for liquor, as two bottles of vinegar had been opened, tasted, and then replaced.

Last week a residence immediately opposite was entered. The door to the wine cellar was broken open, but nothing was secured, as the family is spending the winter in Florida, and the contents of the cellar removed for safekeeping.

ST. MARYS NOMINATIONS.

ST. MARYS, Jan. 17.—Nominations for councillor for the south ward, to fill the vacancy caused by the resignation of Peter Munnoch, were held today. Four candidates were named, Arthur Deviney, Peter Munnoch, J. W. Stockdale, Frank Wilson. The time to fill qualification papers expires on Tuesday evening at 9 p.m. Election will be held on Monday next.

HER CASE SEEMED HOPELESS

But "Fruit-a-tives" Brought Health and Strength.

"29 St. Rose St., Montreal.

"I am writing you to tell you that I owe my life to 'Fruit-a-tives.' This medicine relieved me when I had given up hope of ever being well.

"I was a terrible sufferer from Dyspepsia—had suffered for years; and nothing I took did me any good.

"I read about 'Fruit-a-tives' and tried them. After taking a few boxes, of this wonderful medicine made from fruit juices, I am now entirely well.

"MADAME ROSINA FOISIZ."

Fifty cents a box, 6 for $2.50; trial size, 25c. At all dealers or sent postpaid by Fruit-a-tives, Limited, Ottawa.

'KISMET,' GORGEOUS ALLEN ATTRACTION

Scenes of Picturesque Bagdad Realistically Shown in Photodrama.

A bit of old Bagdad with its musty splendor, reeking streets infested by fakirs and flea-bitten beggars, and then in vivid contrast, gorgeous palaces and splendid temples, market places and wrangling merchants, herds of goats scampering through dusty cobbled squares, sumptuous harems and beautiful women, veiled and otherwise, hot passions, hatred, love and jealousy, and through it all as a soothing balm, an easy-going fatalistic philosophy, that is "Kismet," now showing at the Allen. Produced in motion pictures it is greater, more gorgeous than ever. The story is unfolded mid scenes more impressive than any ever produced in a previous picture, and yet it has lost little of its subtleness. If anything was lost in the omitting of the spoken lines, which did so much towards creating atmosphere on the legitimate stage, it is more than made up for by the magnificence and stupendousness of the settings, which imparted to the play a realism utterly foreign to the living stage.

To Otis Skinner must go the credit for bringing the scheming yet simple, cruel yet lovable, whimsical and philosophical Hajj, the princely beggar, alive once more. The great actor needs no introduction to the American theatrical world, yet it was his first venture into the motion picture world. His interpretation of the many moods of the adventurous beggar was the work of an artist. He was Hajj incarnate from the time he shook the night dew and the dust from his musty rags when the sun painted red the minarets, until at the close of a day of strange adventures he rolled himself once more in his rags and murmured contentment at the death of his enemies and marriage of his daughter to the great caliph. Otis Skinner was well supported, not only in the many other leads, but by minor characters as well.

As a prologue to the picture Miss Francesca Ffoulkes danced Oriental dances.

Special music arranged by Maurice Poure did much to impart atmosphere to the entertainment. The theatre was decorated with Oriental decorations.

As an added attraction a news film depicting the trip of the American balloonists from the northland was shown. The bill will be repeated today, Wednesday and Thursday.

WOMEN AS BRAVE AS THE MEN

THEIR STRUGGLE SHOWS A REMARKABLE SPIRIT.

Talk of the bravery of men, but where can you find a finer spirit than among the half-sick women who are fighting and struggling to do their duty against the terrible odds of ill-health, and who will not give up.

One woman in every three is struggling against weakness. Most of them are not exactly sick, but, oh, how miserable!

The burden and misery of it all has its foundation in the blood which is thin and watery. The red cells are too few. The very stream of life is reduced in vitality. Weakness and inevitable ill-health are the certain result.

Every ailing or weak woman can quickly regain her health in this very simple way. By filling the system with the nutrition that comes from rich red blood, a quick change for the better will result. To accomplish this, take two chocolate-coated Ferrozone Tablets after each meal. You'll feel better immediately for the simple reason that Ferrozone renews the blood. It gives you vim, vigor, endurance, restores a tired, worn-out system very quickly.

You'll feel like new all over once you get Ferrozone working through your blood. It puts color into faded cheeks, brightens the eye, quickens the step, brings back that wonderful feeling of youth.

One of the finest things Ferrozone does is to make you eat lots and digest it as well. With keen appetite, sound sleep, strong nerves and lots of nourishing blood you're bound to regain robust health. Any sickly girl or ailing woman that Ferrozone won't make well must be incurable. There is a secret power in Ferrozone and it is worth a trial at all events. Fifty cents per box, six for $2.50. At all dealers in medicine, or by mail from The Catarrhozone Company, Kingston, Ont.

ASPIRIN

"Bayer" only is Genuine

Warning! Take no chances with substitutes for genuine "Bayer Tablets of Aspirin." Unless you see the name "Bayer" on package or on tablets you are not getting Aspirin at all. In every Bayer package are directions for Colds, Headache, Neuralgia, Rheumatism, Earache, Toothache, Lumbago, and for Pain. Handy tin boxes of twelve tablets cost few cents. Druggists also sell larger packages. Made in Canada. Aspirin is the trade mark (registered in Canada), of Bayer Manufacture of Monoaceticacidester of Salicylicacid.

SMALLMAN & INGRAM LIMITED

HIS MASTER'S VOICE Daily Concerts—Victrola Department Third Floor.

SAVED CHILDREN FROM INJURY

Half a dozen small children, terrified by the approach of a runaway team hauling a heavy farm wagon, were saved from injury in front of the Ryerson School yesterday by the quick action of Mannie Charlton, of the Bluebonnet Taxi Co. The children were just coming out of school when the horses came tearing up the street. Taking in the situation and the danger of the little ones, Mr. Charlton put on speed and got ahead of the team. He gradually slowed down forcing the horses to do the same and finally they were stopped. It was later found that the horses belonged to W. O'Dell a London Township farmer. They were returned to him unhurt.

TWENTY TIN MILLS RESUME OPERATIONS

PITTSBURG, Jan. 17.—Twenty mills, one-half of the productive capacity of the McKeesport Tinplate Company, resumed operations today after being idle since December 23. Sixteen hundred men were affected by the resumption, which was at the old rate of wages.

MILLS INCREASE HOURS.

PAWTUCKET, R. I., Jan. 17. — An extension of time schedules, announced as reflecting improvement in business, was reported in several textile mills today.

FREIGHT BEGINNING TO MOVE AT SYDNEY

MONTREAL, Jan. 17.—Information to the effect that the freight at Sydney was being moved today was conveyed by a wire received by the offices of the Dominion Iron and Steel Company here. The company's attitude is that the strike is not their affair, but that it lay between the Canadian National Railway and their employees to be adjusted. They added that they had fixed Saturday, January 15, as the date when shipments must be resumed, and they stated today that on Saturday 30 carloads of freight had been handed over to the railroad at Sydney, and that this shipment began to move today.

At the offices of the Canadian National Railway it was learned that W. A. Kingsland, general manager, Montreal, and S. L. Brown of Toronto, together with the chairmen of three railway brotherhoods, had met in conference Sunday, the upshot being that the embargo had been lifted.

In labor circles here it is stated that the idea of a national and sympathetic strike is out of the question, and that no support to so extreme measure would be given by the international union. On the other hand, it was asserted by a railroad brotherhood man today that the strike, as far as it affects the men locally at Sydney, will continue indefinitely, and that there is no settlement in sight.

ECZEMA You are not experimenting when you use Dr. Chase's Ointment for Eczema and Skin Irritations. It relieves at once and gradually heals the skin. FACTION WITHDRAWS FROM KNOLLWOOD PARK CONGREGATION

Letter Received by London Presbytery.

ALL IS NOW SERENE

Church Will Continue Under Guidance of Student-Minister.

At this morning session of the London Presbytery held in St. Andrew's Presbyterian Church, Rev. J. W. Crawford of Westminster was appointed moderator to succeed Rev. ... Knox, who has held office for the past six months.

Following the installation of the new moderator, the remainder of the morning was spent in dealing with the Knollwood Park Church disagreements. At the last monthly meeting a petition was brought in by one faction of the congregation, asking that the mission be given the status of an augmented charge (having and choosing its own minister).

The petition was not received by the Presbytery, as it had not passed through the hands of the session and board of managers of the church, and was sent back to the petitioners asking that they complete it by doing business in the regular way. A meeting of the congregation was called by the interim moderator, Rev. Fraser Cree, but the faction of the congregation that sent in the petition did not turn out, the meeting being attended only by those members and adherents who did not send in or sign the petition.

This morning the presbytery acknowledged the following letter, which was received by them from the faction sending in the petition:

"On behalf of the members and adherents who signed the Knollwood Park Church petition, we herewith wish to withdraw the same immediately, as we are pledging this support to another denomination in this field. This action is taken after careful consideration of the various incidents which have occurred in connection with the deferment and indifferent attitude of the presbytery to same; also utter lack of consideration by the session for the rights and privileges of the bona fide members of said church. Furthermore, we feel that we cannot continue to support, either financially or morally, a church which is governed in such a lax and irregular way." This letter was signed by H. W. Buchanan, A. W. Jones and J. C. Day.

Through the interim moderator, Rev. Fraser Cree, now that the above faction has withdrawn from the church, those remaining of the congregation sent in this resolution: "That this congregation cannot see its way clear to ask for the status of an augmented charge." Other material reading previous to this clause was attached to the communication, but was not given out for publication.

It is the opinion of the presbytery that Knollwood Park Church, under the direction of the temporary student-minister, William Smith, who came from Toronto, will again soon be filled to the doors by church people in that vicinity, and the various organizations will be restored to the old standing. The matter was laid on the table, so that the presbytery would be able this afternoon to take up other business.

City Briefs

MEET WEDNESDAY.—The first meeting this year of the board of directors of the Y. M. C. A. will be held on Wednesday evening.

IN CHARGE OF SERVICES.—W. H. Ferriss of the Sarnia command of the Salvation Army will take charge of the services in the South London Citadel till next Sunday.

SMALL FIRE.—Fire broke out in the Peoples Shoe Store, 131 Dundas street, at 8 o'clock this morning, but only the floor around the furnace was damaged. The total loss was not great.

HOME SWEET HOME.—Robert Kelly, charged in police court this morning with being a vagrant, was allowed to go when he promised to seek shelter in Adelaide Village, the place of his birth.

LEG FRACTURED.—Wesley Brown, an employee of the city garbage department, had his leg fractured Monday afternoon while working on the dump at Cheapside and Adelaide streets, when he was run over by one of the wagons. He was taken to Victoria Hospital, where the fracture was set.

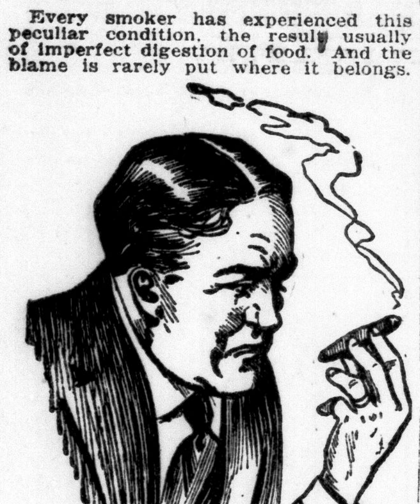

WHERE IS W. T. OGLETREE?—The G. W. V. A. is seeking information regarding the whereabouts of William Tracy Ogletree of Dresden, who enlisted in the 21st Sussex Fusiliers at Windsor in 1916, and went to England with the 70th Battalion. He was reported killed in action on September 19, 1918, near Courcellette. Ogletree is described as being tall, fair and he sometimes wore glasses. If living he is now 24 years of age. A local returned man claims that he saw Ogletree on Dundas street of this city last June or July.

TO REPRESENT G. W. V. A.—Upon receiving word today that President R. B. Maxwell of the Dominion Command of the Great War Veterans' Association would represent the organization at an Empire conference of war veterans in Cape Town, South Africa, in February, Secretary J. W. Cuniiffe of the local command said that the appointment met with his approval, as he thought Comrade Maxwell was a good man to represent the association. Mr. Maxwell is going to the conference at his own expense. "We were expecting Gen. Sir Arthur Currie to represent us," said Mr. Cuniiffe, "but Mr. Maxwell can uphold our claims as good as any man."

HIS CIGAR DOESN'T TASTE RIGHT

And Yet it Is the Same He Was Smoking With So Much Relish After Dinner Last Night, Out of the Very Same Box, Too.

Every smoker has experienced this peculiar condition, the result usually of imperfect digestion of food. And the blame is rarely put where it belongs.

Such men are usually high livers, hard workers mentally, living, under high pressure and high draught, and it doesn't take a great deal to disorder the stomach or render the liver torpid.

They should make it a practice to use after meals Stuart's Dyspepsia Tablets, and thus avoid the sudden attacks of indigestion.

Brain workers will find Stuart's Dyspepsia Tablets a good investment. All druggists carry them in 60-cent boxes.

Continued From Page One

PEOPLE WANT

present site we would be able to put up a presentable building, which could be increased in size as necessary. It would have light from all sides, whereas with the other site it would only be possible to get light from the south and a little at the rear.

"If a building was erected on the south side of the street, the departments could move in as soon as the building was ready. If they build on the present site they will have to move into temporary quarters. That will be a costly proceeding. One building they are talking of has no heating equipment. It will require $8,000 to install a system if they decide to go there. Other places will be nearly as expensive to equip as temporary offices."

No further action in connection with the plan was announced today. Ald. W. A. Wilson stated that negotiations were under way to acquire the warehouse formerly occupied by R. C. Struthers, to use as a temporary city hall. It is not likely that a deal of this kind will be closed without the consent of the council.

$250,000 DAMAGE IS DONE BY CLOUDBURST IN HAWAIIAN CAPITAL

Honolulu, Jan. 18.—A cloudburst yesterday in Polola Valley, back of Honolulu, following unprecedented rains of the past few weeks, caused damage estimated at $250,000.

A few small houses in the suburbs of Honolulu were swept away.

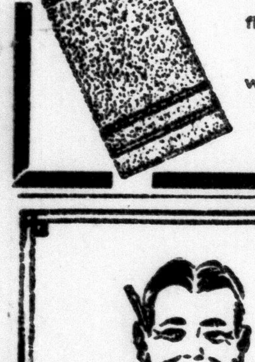

Four persons were drowned, according to an unverified report. Many bridges of the Oahu Railway were demolished. Rural highways were blocked by debris. The royal grove of Waikiki was flooded, and when the waters subsided a coating of mud several inches deep was left over streets and lawns.

An Unfailing Way To Banish Hairs

(Beauty Notes.)

Ugly hairy growths can be removed in the privacy of your own home if you get a small original package of delatone and mix into a paste enough of the powder and water to cover the hairy surface. This should be left on the skin about 2 minutes, then removed and the skin washed and every trace of hair will have vanished. No harm or inconvenience can result from this treatment, but be sure you buy real delatone.—Advt.

SKATING AT VICTORIA PARK RINK TONIGHT

Circular Track for Speed Events at the Cove—Ice Carnival.

Lovers of the great winter sport, skating, in the city of London, despite the probable shortness of the season this year, will yet have opportunities for enjoying this sport which have not been available other years if the plans outlined by General-Manager E. V. Buchanan for the parks committee are carried out at the Coves.

Skating on a limited space has been possible at the Coves for some time despite the changeability of the weather conditions and lights have been installed on the bank for the accommodation of the skaters. At a meeting of the parks committee Monday it was decided, in addition to have a circular ice track fourteen feet wide and approximately one mile in length cleared of snow.

With this track available and a continuance of the cold spell there are prospects of the carrying out of a program of ice sports, including distance races, speed events, figure skating competitions and an ice carnival. Apparently the only thing necessary for the carrying out of such a program is the getting together of some citizens interested and willing to give the time necessary to organizing and carrying out such a program.

The open air rink at Victoria Park will be ready for the use of skaters tonight, and the rink at Thames Park on Thursday night, when it will be used for a hockey match. Skating is already in vogue at Queen's Park, and at Chelsea Green the people themselves have taken charge of the care of an open air rink, the utilities department providing the necessary equipment in the way of side-boards for the rink, water for the spraying of the ice and the lighting.

O. A. C. ALUMNI

Will Hold Meeting at Chatham During Corn Show.

A special meeting of the Western Ontario O. A. C. Alumni Association is being held at Chatham on January 26 during the corn show. It is expected that all ex-students from the neighboring counties, and many others from all over Western Ontario, will assemble on this date to meet old friends, to join in the discussion. Hon. Manning Doherty will probably speak on the subject of rural credits, a matter which, it will be recollected, he touched upon at the recent convention of dairymen held in London.

The meeting will be held at 5 o'clock in the evening in the Chambers of Commerce rooms and, besides the address by the minister of agriculture, the program will include such topics of discussion as agriculture in rural schools, an experiment station in Western Ontario, and the progress of the Provincial O. A. C. Alumni Association.

Apart from the unique opportunity which this gathering presents for the renewal of old friendships, the corn show itself is one of the leading agricultural events of the season in this part of the Dominion, and, in addition to Hon. Mr. Doherty, eminent speakers will be present from Toronto, Ottawa, Guelph and other centres.

NEWSBOY-BISHOP

broke away and founded the Independent Church there were some 660 members.

Fired on by Mob.

A. F. McLean of Toronto, in a preface to a book of poems published by R. C. Evans, says: "Bishop R. C. Evans was once a little newsboy on the streets of London, where he passed unnoticed by thousands. He was not hoisted on the pedestal of fame, but was led through poverty, privation and hardships.

"Twice to my knowledge were tar and feathers prepared for him, and once he was under the fire of the mob's gun. The shots surrounded him, yet he escaped without injury. A night later he preached to some of the mob, won their favor, and later they helped him to build a church near the spot where they sought his life." He gives Bishop Evans' age as 61 years. He was baptized into the Latter Day Saints' Church in 1876, called to the ministry in 1882, ordained priest and elder in 1884, and presided over a church in this city from that date till 1886. In 1902 he was ordained bishop of the Latter Day Saints' Church in Canada.

CANADIAN EXPRESS DISPUTE GOES TO ARBITRATION BOARD

Ottawa, Jan. 18.—After several weeks of negotiation between the Canadian Express Company and its employees regarding a revision of the working conditions and wage scale, the matter will be submitted to a board of arbitration for settlement. Two applications were received for the board, one from the company, nominating F. H. McGuigan as its representative, and the other from the employees, nominating Fred Bancroft of Toronto. Owing to a meeting of the Hydro-Radial Commission, of which Mr. Bancroft is a member, he has notified the department that he will not be able to act, and James T. Gunn of Toronto, has been nominated to replace Mr. Bancroft. It is expected that the representatives will get together and nominate a chairman this week. The sittings of the board will likely start early next week.

FIRE IN TORONTO APARTMENT HOUSE CAUSES $1,200 LOSS

Toronto, Jan. 19.—Eleven persons, including two families, were forced to leave their warm beds and flee to the street in their night clothing, early this morning, when fire broke out on the third floor of a two-family apartment and store at 259 Broadview avenue.

The flames were shooting out of the window, when the firemen, under District Chief Thomas Tate, arrived. The occupants escaped, and were invited into the homes of neighbors near by. The damage to building and contents is estimated at $1,200.

TAX ON COAL IS RECOMMENDED BY GOVERNOR SPROUL

Harrisburg, Pa., Jan. 18.—An ad valorem tax of 4 cents a ton on bituminous coal produced at the mines and 8 cents a ton on anthracite was recommended by Governor Sproul in his biennial message to the Legislature today, to raise revenues to meet the increasing needs of state government.

This tax, he said, would prevent the addition of larger sums than were actually paid to the cost of coal to the consumer, as a compensation for taxes, and would prevent any "gouging" of the public."

MEDICAL LIBRARY IS BEQUEATHED TO McGILL

Montreal, Jan. 18.—The gift to McGill University of the medical library of the late Dr. Frank Warren of Whitby, Ont., was announced yesterday. Sir Arthur Currie received a letter from the solicitor of the late Dr. Warren, whose death occurred last year, informing the principal that the entire medical library of the Whitby practitioner had been bequeathed to his Alma Mater.

Dr. Warren, who was a native of Whitby, and a resident of that town throughout his lifetime, graduated from McGill half a century ago, having been a member of the class of 1871.

ONTARIO GOVT. WILL PAY SHARE OF LOCAL IMPROVEMENT WORK

Will Assume Share of Responsibility—Considerable Bearing Here.

A decision, which will have considerable bearing on local improvement work here was that of the Provincial Legislature recently to pay its share of such work when carried out in the vicinity of Provincial Government buildings. The point has been a disputed one for some time.

One case locally occurred in regard to the Institute of Public Health. The Provincial Government refused to pay local improvement taxes for the property, contending that it was part of Western University. Now, however, they are willing to assume the responsibility. They will also bear their share of the cost of local improvement work on Dundas street east, in front of the Ontario Hospital. This will make possible the construction of storm and sanitary sewers which have been planned for some time but held up because no agreement on the division of costs could be made between the city and the province.

LONDON LOAN WILL REMODEL PREMISES

Will Cost in Neighborhood of $14,000.

Contracts will soon be awarded for the carrying out of extensive improvements on the London Loan Building at the corner of Dundas and Clarence streets. The principal work to be undertaken is the remodelling and modernizing of the upstairs portion of the building which will be converted into handsome suites of offices for the use of the company. The main hallway upstairs will be tiled throughout, the lighting will be increased, and the whole structure thoroughly renovated.

On the Clarence street side a new architectural feature will be added in the shape of a cut-stone portico with projecting canopy, the floor of which will be artistically tiled, and the Dundas street entrance will be reconstructed and tiled in harmony with the other parts of the scheme.

The cost of the work is expected to be from $12,000 to $14,000.

Continued From Page One

ACTIVITIES OF

the time, as we felt that it should stand aside while the Collegiate was without even classroom accommodation.

"The need of gymnasium accommodation for the upwards of four hundred full-time day students now attending in the building is, I am sure, apparent to all. The advantages to the school of an auditorium will, I am sure, appeal to the members. The central situation of the building and the fact that the school is open five nights a week will make the auditorium of added value for community educational purposes. From the fact that the heating, lighting and ventilation of this unit was taken care of in the original plans of the building, and as three walls are already built, and the Government will pay for half of the cost of the erection of this unit, this much-needed addition to the school accommodation and to the city's educational activities can be provided with the minimum of cost to the city. It should receive the early consideration of the committee and of the board.

These matters will, as I have indicated, be brought to the attention of the committee at the proper time during the year.

There is, however, one matter that should receive the attention of the committee today. We have had in the school a certain number of advanced full time day students coming for special draughting and machine shop practice. These students have been taken care of in the spare time of the instructors. This arrangements was fairly satisfactory while the number of such students was small, but the number of these students has increased to a class of twenty-two students, and is steadily increasing. On the authority of the chairman of the board, I have taken up this matter with the department of education, and on their advice and with their sanction I would recommend that a temporary instructor be engaged on a monthly basis to take charge of this class.

During the last complete school year, namely, from September 1, 1919, to June 30, 1920, the school registration was as follows:

Full-time day Technical students	192
Evening Technical students	1,403
Returned soldiers for vocational re-education	206
Commercial students	204
Total	2,005

No student counted twice.

There are four day courses, as follows: Day technical courses for boys and girls with high school entrance. Matriculation courses for boys and girls with high school entrance. General industrial courses for boys and girls with seventh or eighth grade standing. Special technical day courses.

Following the organization of the committee the members and guests made a tour of inspection of the school and saw the day classes in operation.

Obituary

WILLIAM BISBEE DIES.

After an illness of three days from acute indigestion, William P. Bisbee, a conductor on the London Street Railway, died Sunday at his home, 484 Maitland street. He is survived by his wife, Mrs. Sadie Bisbee, and two children, Arlie and Cecil. The funeral will be held Wednesday afternoon to Woodland Cemetery.

WHO IS THE GUILTY ONE?

Mixup in Auto Numbers Causing Police Concern.

His neglect to have license numbers on an auto which he sold last August transferred to the purchaser has involved W. Carrothers of Lambeth in a tangle which the police are trying to straighten out.

Carrothers appeared in police court this morning to answer to a charge of failing to have three lights on a car between dusk and dawn a few evenings ago. He admitted that the number which the officer secured was one which had been on the car he sold, but said that the car was in storage at Lambeth.

His car had a delivery box on it, but the auto which the policeman saw parked on Simcoe street was a touring car. Carrothers said that the car which he sold had been turned over to a painter, who, after he had finished working on it, stored it. The case was adjourned until Friday in order to give the police a chance to locate the man who has the number at present.

HOLD-UP MEN ENTER DUNDAS ST. STORE

Mrs. Louis Haddad Has Suspicions of Culprits.

GOT BUT $19.20

Description Tallies With Men Who Robbed F. D. Hassan.

Mrs. Louis Haddad, whose husband's fruit store at 768 Dundas street was robbed by hold-up men last night, has a suspicion that a tall, well-dressed man, wearing a brown suit, is implicated in some way with the affair. On Monday afternoon this stranger came into the store and asked for change for a $10 bill. She said that she did not have it, but he insisted that she change the money. Later Mrs. Haddad remarked to some friends that she would not be surprised if some trouble came. That night the robbery was perpetrated. The stranger did not wear an overcoat.

At 10:15 o'clock two men entered the store. The proprietor was in the rear, but came in when he heard the bell on the cash register ring. He found the shorter of the pair of gunmen rifling the till, and the other one pointing a revolver. Haddad refused to obey an order to throw up his hands, and instead ran upstairs to see if he could get a gun from the landlord, so that he could give battle to the robbers. He did not get one.

Mrs. Haddad entered the store, and was told to throw up her hands. She saw the hand in which the tall bandit held the gun tremble, and she, too, refused to comply with his demand and returned to the rear of the store.

After the robbers had secured $19.20 they left the store, got into a motor car, in which two other men were seated, and drove up English street to Queen's avenue to Adelaide street to Dundas street. Detectives followed the marks made in the snow by the wheels, but lost the trail at the corner of Adelaide and Dundas street.

By leaving the store, Haddad cheated the robbers, for if they had searched him they would have got a substantial roll from his pocket.

Mrs. Haddad said that the taller man wore a long grey overcoat, a grey, peaked cap, which was pulled down over his eyes, and black gloves. Both bandits used white handkerchiefs for masks.

After comparing descriptions obtained, F. David Hassan, another fruit man, who lives in the same block, and who was robbed a month ago, and Haddad agree that the perpetrators of last night's crime are the same men who committed the other robbery. Haddad is a returned soldier.

DECLARES ARMENIA ADOPTED SOVIETISM WHEN ALLIES FAILED

Envoy From Little Republic Outlines Conditions in His Native Country.

Rome, Jan. 18.—Armenia despaired of assistance from the Entente nations before entering into relations with Soviet Russia, declared M. Varandian, Armenian minister to Italy, in an interview with the Tribuna, published here today. He recently returned from the meeting of the assembly of the League of Nations at Geneva, and spoke frankly regarding the situation in his native country.

"The Bolsheviki, after having favored a Turkish invasion of Armenia, now pose as liberators before the Armenians, and will certainly acquire notable prestige if they succeed in driving out the Turks. The Armenians do not possess large properties or industries to be communized, and, in fact, the Bolsheviki represent a small minority in my country.

"Under Article 7 of the Turkish armistice, the Allies were pledged to occupy Armenian villages in case of trouble. Not only troubles occurred, but Mustapha Kemal led his Turkish Nationalist troops into Armenian territory as far as Kars and Alexandropol without the Allies moving a finger. The Armenian people ask the Allies to make good their word and compel Mustapha Kemal to evacuate their territory."

EXPLOSION IN FILM FACTORY KILLS TWO

More Than Ten Injured As a Result of Accident.

Bayonne, N. J., Jan. 18.—Two persons were killed and more than ten men were injured in an explosion and fire in the plant of the Bellows Film Company here today.

MAKES RECOMMENDATIONS PLAYGROUNDS COMMITTEE

Ald. J. Bridge, Ald. G. A. Wenige, C. Rowntree and Rev. J. G. Stuart Are Mentioned for Positions.

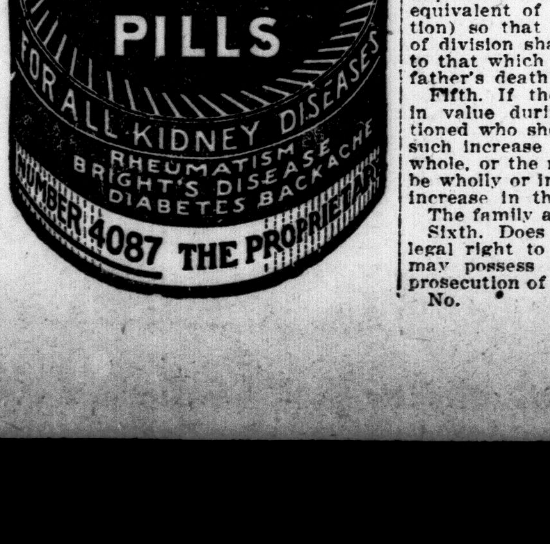

Philip Pocock, chairman of the playgrounds committee, announced today that he would recommend Ald. John Bridge, Ald. G. A. Wenige, Chester Rowntree and the Rev. J. G. Stuart as the other members of the committee. The recommendation will come before the utilities commission at its next meeting.

As soon as the appointments are confirmed the committee will hold a meeting and outline its work for a year. The most difficult part of its task was carried out last year, when playgrounds were established with an appropriation of only $10,000. This year, it is expected, the committee will have double that amount to spend. This will be used for the development of the existing grounds and the establishment of new ones if considered necessary.

Several important decisions in regard to policy are expected, and for that reason two members of the city council have been included in the membership, Mr. Pocock stated.

WANT DUTY RESTORED.

Madrid, Jan. 18.—Spanish paper mill owners are making efforts to induce the Government to restore the duty on paper imported into Spain. In Government quarters it is declared the matter will be considered with due regard for newspaper and printing interests.

MORE IMPROVEMENTS FOR SPRINGBANK PARK

The Parks Board Get Through Much Business At Monday Session.

Several improvements at Springbank were decided upon yesterday at the meeting of the parks committee of the P. U. C. In connection with the "rock garden," located just beyond the zoo on the slope from the driveway toward the river, it has been for some time realized that the beauty of this garden could not be properly seen or appreciated from the main driveway, owing to its sloping downwards, and the committee decided to continue the drive right around the garden to the lower side, from which a splendid view of the wonderful wealth of beauty provided by the flowers may be seen by the public.

In the centre of the pool just beyond the pumphouse, water enters from the lower pond by an iron pipe and flows over into the pool. It was decided to ornament this pipe and provide a number of jets, forming an ornamental fountain.

Extension of the present greenhouses by the erection of another building 65 feet by 20 feet; the provision of more lavatories in the park and the enlargement of the pond near the zoo by damming the outlet and thereby providing a water space for the keeping of wild water fowl, were also decided upon.

As a measure of safety for the large crowds of children and adults who gather in front of the cages at the zoo it was decided to make the main roadway past the cages a one-way road only for vehicles going west, the return being made by the road to be built through the oat field and orchard.

The proposition to construct an "arboretum" along the course of the new roadway was also considered, and will probably be well under way shortly.

At Victoria Park it was decided to plant a number of new conifers. The request of a soldier organization for the rights of Victoria Park granted during the war years to various patriotic societies for the raising of funds was not favorably considered, the committee being of the opinion that the use of the park by the public should be quite unrestricted. It was, however, suggested that such organizations might be given the privilege of the renting of the 500 to 1,000 seats which it is proposed to provide for in connection with the erection of the new bandstand.

EMPLOYMENT SITUATION IS GREATLY IMPROVED

Should Be Normal by March 1, in Opinion of Officials.

It is gratifying to learn that the unemployment question in London is becoming less acute, and inquiry at the Ontario Government Employment Bureau discloses the expectation that by the first of March the position will be about normal. The situation is now steadily improving, and although the railway companies are laying off a certain number of employees from their workshops the manufacturers are taking back more men, particularly those who have remained around the city in the expectation of things improving, the more restless element among the workmen being more difficult to reinstate owing to their tendency to wander from place to place.

The agency reports a good demand for farm help, and it is confidently expected that rural wages will go up as city industries improve.

SUES MINING COMPANY

J. A. McIntosh vs. Premier Langmuir Mines, Ltd., Up Next Week.

Third on the non-jury list for the assize court, which opens here next week, and at which Hon. Mr. Justice Logie will preside, is the case of J. A. McIntosh vs. the Premier-Langmuir Mines, Limited, which was entered yesterday. The plaintiff's claim is for $6,617.59 for moneys alleged to have been advanced to the defendant company, and said to have been paid for the use of the company. He also claims $20,642.17, the alleged amounts of four promissory notes, and asks for an account of the moneys paid.

Until December 30, 1919, the plaintiff was president of the company, it is stated. The defendants claim that he retained for his own use $8,000, of which they say he got $5,003.45 personally, and his agents the balance. It is alleged that he sold shares at 20 cents each, and kept 5 cents on each one for commission, and that he had no permission from the shareholders to sell.

The plaintiff says that payments of commissions to him were authorized under the bylaws, and that he is not responsible for other persons if they had no authority to secure commission. He claims that payments were made him with the knowledge and authority of the directors.

Urquhart & Urquhart of Toronto are acting for the plaintiff, and Macpherson & Perrin of London for the defendants.

LEGAL QUERIES

Will you kindly enlighten me on the following legal points?

First. A man with no real or personal property marries a woman who owns a farm. In case of the wife dying intestate: (a) What claim, if any, has the widower to her estate? One-third to husband, two-thirds to children. (b) Can the widower legally claim and dispose of one-half of an estate so left? No. (c) If the farm so held is at the time of marriage heavily encumbered, and the man so manages as to liquidate or reduce such encumbrance, will the accomplishment of such liquidation or reduction of such encumbrances further or increase the man's claim to said property? No.

Second. If the husband, in the aforementioned case, also dies intestate, and their children all leave the farm (which has a production valued at $400 annually above taxes, maintenance and operation) except one, will the one remaining member of the family have a clear title to the property and all money produced therefrom, after ten years' peaceable possession, or have the other members of said family a claim on the profits accruing from the operations on said property during the ten years necessary to give the residing member a clear title? Yes, if no claim made in the ten years.

Third. (a) In case of the other members of said family demanding a division of said property before ten years' of peaceable possession have elapsed will the aforementioned profits be considered a part of the property to be divided, or (b) can the residing member of the family hold such profits as may accrue from the operation of the farm as payment for his management of the property? (a) Yes. (b) No.

Fourth. If the timber supply on such property has been depleted by other than natural causes, or the fencing buildings or other improvements have deteriorated during the time elapsing between the father's death and the time of division of the property will the resident member be obliged to make restitution to the other heirs for such depletion of the timber supply and to restore such improvements (or otherwise deposit the equivalent of the cost of such restoration) so that the property at the time of division sha'l have a valuation equal to that which it bore at the time of the father's death? No.

Fifth. If the property has increased in value during the period aforementioned who should receive the benefit of such increase in value—the family as a whole, or the resident member who may be wholly or in part responsible for such increase in the value of the property? The family as a whole.

Sixth. Does marriage give a man a legal right to use any money the wife may possess in her own right in the prosecution of his business transactions? No.

KNIGHTS OF PYTHIAS HOLD 1921 BANQUET

C. H. Tinsley, Grand Chancellor of Ontario, Addresses 150 Members Present.

The annual banquet of Mrytle Lodge, No. 2, and Prospect Lodge, No. 10, Knights of Pythias, was held in the Duffield Block last night, about 150 Pythians attending from London, with visitors and representatives from Toronto, Hamilton, Montreal, Detroit, Indiana, St. Thomas, Strathroy, Woodstock and other centres of the movement. The banquet was also the occasion of the official visit of the grand chancellor of Ontario, C. H. Tinsley, to the two local lodges.

Following the supper, an attractive toast list was introduced by Past Chancellor R. A. Carrothers, the oldest Pythian in Ontario. E. A. Horton, St. Thomas, member of the board of control, spoke on the insurance department of the order, and Thomas Towers of Hamilton, supreme lodge representative, discussed the growth of the order in general.

The grand lodge of the Grand Domain of Ontario was represented by Grand Chancellor Tinsley and District Deputy Grand Chancellor Martin of Wallaceburg.

Alex. Coulter, grand keeper of records and seals, James King of Detroit, and E. H. Menefee of Indiana were other speakers.

A feature of the evening was the presentation of a past chancellor's jewel to Edward Fysh, past chancellor of Prospect Lodge. The presentation was made by Mr. Coulter.

Musical numbers were contributed by O. Sinclair and A. W. Branch, and a reading by Frank Webb of London.

Officers of Myrtle Lodge are: William Wyllie, C. C.; George Pearce, V. C.; F. Birch, P.; T. D. Sanders, M. of W.; F. P. MacLean, K. R. S.; E. B. Galpin, M. of F.; R. Cadwallader, M. of E.; J. Dickens, M. of A.; W. Petrie, I. G.; P. Sugarman, O. G.

Officers of Prospect Lodge, in the same order of positions, are: Roy Wilson, H. F. Hills, A. E. Robinson, E. L. Fysh, C. Burns, H. Farnam, J. Walton, B. Shaultz, H. Fenwick, A. Pinch.

Physician, Dr. J. D. Wilson; board of control, T. D. Sanders, F. P. MacLean, George Grisman.

ASK FOR ELECTION EARLY IN DECEMBER

City Council Wants New Date Fixed in London Bill.

That the civic elections be held on the first Monday in December with nominations two weeks earlier will be the request of the city in the London bill to be submitted to the Legislature at its next session. This date was decided on by the council last night after a short discussion.

All the aldermen were agreed on an earlier date because they thought it would enable new councils to have a grasp of city business before actively assuming its duties. They were not so unanimous on just what the earlier date should be. No. 1 committee recommended the last Monday in November. Ald. Watkinson said the last Saturday in November would be more suitable, as travelers were in the city and workingmen had the afternoon to themselves. Ald. W. A. Wilson favored the first Monday in December. Ald. John Ashton favored a date in the first week of November. Ald. Bridge said that a number of chambers of commerce had passed resolutions favoring the first Monday in December. Voting revealed the fact that most of the aldermen favored this date, and the Legislature, accordingly will be asked to make that the official polling day.

Other clauses of the London bill were passed without discussion.

Advocates Sewer.

City Engineer Brazier, in a letter, advocated the immediate construction of a sanitary sewer on Dundas street from Oak street to the city limits, as the Provincial Government had consented to pay its share of the cost. He also advised storm sewers for East London to cost $25,000 and a similar system for Duchess avenue in South London to cost the same amount. The council approved all the projects.

Rev. S. Boal addressed the council on behalf of the Navy League, asking a grant of $3,000 toward the endowment fund for dependents of men in the merchant marine. The request will be considered with the estimates.

City Solicitor T. G. Meredith was authorized to attend the hearing of City Gas Company before the Ontario Railway and Municipal Board to take care of the city's interests.

A bylaw was passed requiring the destruction of weeds on vacant property, and authorizing the appointment of an officer to see that the regulation is carried out. A vote of thanks for their services on the railway commission was tendered to W. A. Martin and Dr. R. W. Shaw.

Ald. W. A. Wilson asked why the police benefit fund had been stopped. Mayor Little replied he was not aware that it had been, but would investigate. Ald. Ashton asked why a rink had not been started in Queen's Park. E. V. Buchanan stated that the weather had made it impossible, but that one would be opened there as soon as in Victoria Park. Ald. Ashton also asked if the municipal fish market was still in existence. The mayor pointed out that several accounts relating to it had appeared in the minutes of No. 1 committee, which the alderman should have noticed.

$2,045 Account Approved.

An account of $2,045 from the railway commission for constructing a siding to Beatty Bros.' plant was approved. An invitation to the council to attend the services in connection with the fortieth anniversary of the Salvation Army in Canada was received.

A bylaw was passed to borrow a million dollars from the Bank of Montreal to meet current revenue until the first installment of taxes has been collected.

TORPID LIVER

FOR OVER FOUR MONTHS

The duty of the liver is to prepare and secrete bile and serve as a filter to the blood, cleansing it of all impurities and poisons.

When the liver becomes lazy, slow or torpid it is not working properly, and does not supply sufficient bile to thoroughly act on the bowels and carry off the waste products of the system, hence the bowels become clogged up, the bile gets into the blood, constipation sets in and liver troubles follow.

Milburn's Laxa-Liver Pills quickly remove the secretions, clear away the waste and effete matter by acting directly on the liver, and making the bile pass through the bowels instead of allowing it to get into the blood, and cause so many troubles.

Mrs. Alice Mehill, Napanee, Ont., writes: "I was very badly run down, and had a torpid liver for four months. I tried several remedies, but got no relief. One day my husband brought me home a vial of Milburn's Laxa-Liver Pills, and before I had used half of it I was much better. I only used two vials, and I am a different person today. I can safely recommend Laxa-Liver Pills to any one troubled with liver trouble."

Milburn's Laxa-Liver Pills are 25c a vial at all dealers or mailed direct on receipt of price by The T. Milburn Company, Limited, Toronto, Ont.

"IN TROUBADOUR LAND"

Subject of Lecture by Dr. Clarke in Normal School Friday.

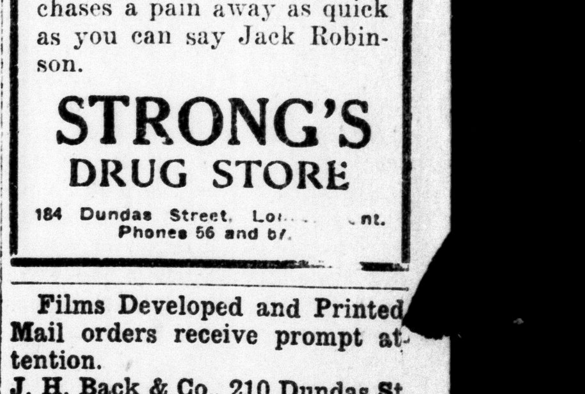

Under the joint auspices of the Western University extension board and the Alliance Francais, the citizens of London are to be afforded the opportunity of listening to one of the most eminent lecturers and extensively traveled men of the day. The address will be given Friday evening in the Normal School by Dr. C. U. Clarke, formerly professor of Latin in Yale University, and director of the American Academy in Rome, Italy, his subject being "In Troubadour Land." This academy in Rome is for the training of American students in art and archaeology.

Dr. Clarke is the author of several books and numerous articles. He also has had charge of a summer school near Sherbrooke, Quebec, for fifteen years, so that in a sense he may be claimed as a Canadian. He was the official mouthpiece of the Italian Government in the United States during the war, his special function being to explain to the American people the Italian viewpoint.

At the close of the war, Dr. Clarke was given an official position in Rumania, and has since been authorized by the Rumanian Government to act as spokesman for them in this country.

JEWELRY STORE ROBBED

Vancouver, Jan. 18.—While hundreds of people were passing the brilliantly-lighted store of H. Maxwell, jeweler, Hastings street, between 6 and 7 o'clock last night, burglars entered by cutting through the partition of an adjoining store and made a successful getaway with 167 diamond rings, valued at more than $8,000.

IF a pain visits you don't let it stick around long, 'cause it isn't necessary at all. My mamma bought some medicine at this store that chases a pain away as quick as you can say Jack Robinson.

London, Ont., Tuesday, Jan. 18.

THE SCHOOL PROBLEM.

While London is admittedly very favorably situated at the present time in regard to its industrial and financial situation, as compared with most other cities on the continent of approximately the same size, no thinking man will claim that this is reason for indiscriminately running into big expenditures, even though they be for what is admittedly a matter of the greatest importance, the education of its budding citizens.

This axiom admitted, the proposal of the supporters of a central upper school on the old Collegiate site, immediately, and the provision of middle and lower schools in the centres of population, as the needs of the city demand them and financial conditions permit the expenditure, is undoubtedly the most reasonable.

One upper school building of eighteen rooms placed on the old site immediately, together with the present accommodation of seven rooms provided by the Princess avenue school, a total of 25 classrooms, will, according to the best information, give all the high school accommodation required in the city for two or three years, possibly longer, without the necessity of expending any money in the purchase of a site.

Decision and immediate action on this plan would enable the concentration of all effort on the construction and equipment of this school, so that it would be available for use in September, while the tendency, if the proposal to erect two schools, one in the north centre and the other in the south centre, is accepted, would tend to a dispersal of effort in such a way as to delay completion of either school till possibly next year.

Approximate estimates of the cost of the erection of an 18-room building on the old site place it at between $500,000 and $550,000, while the proposal of supporters of the unit or three-school idea would mean an expenditure of $300,000 for a school on the site owned by the board of education in South London, and of about $500,000, exclusive of the cost of a site, for the erection of a 16-room school in North London.

These figures, which are those of men well acquainted with present building conditions, are considered to be quite conservative, and show an expenditure decidedly favorable to the central upper school scheme, the saving being a matter of approximately $250,000, to which would have to be added the cost of a site in the north end of the city.

Contention by the "three-school" advocates that a compromise cannot be reached because the supporters of a central school refuse to give way in regard to building on the old site, can hardly be justified in view of the definite statement of Trustee Ed. Smith on Saturday night at the board of education meeting, that he was favorable to the construction of middle and lower schools where and when needed and financial conditions reasonable.

A delay for ten days of any practical solution of the situation has resulted from the deadlock which formed on Saturday, and during this time it should be possible for the two factions to come to an agreement which will enable plans to be made for the carrying out of what is undoubtedly, taking all points into consideration, the most reasonable plan so that the necessary accommodation may be provided for London's high school students not later than September, 1921.

STRAIGHT TALK FROM BRIAND.

Premier Briand, latest French premier, on forming the republic's latest cabinet, lost no time informing the world generally, and the Allied world specifically, that the change in ministry would not alter in the slightest the determination of France to carry out the chastisement of Germany, as agreed upon at Versailles. Briand's statement was a declaration of France's purpose to compel Germany to pay in full, and a warning that no action of the British or United States Governments would be permitted to interfere with this intention. There is no mistaking the meaning of the following:

"Those who have been in France for many years understand that we are not a militarist nation. We have the warmest desire to be on friendly footing with Great Britain and the United States, but there is a pact, signed at Versailles, which must be fulfilled. I trust that in the fulfillment of that pact we come not in contest with our friends."

That is pretty straight talk. It carries a distinct threat that, it will be admitted, Briand has good reason for making. The British Government, influenced by both capital and labor, has shown repeatedly an inclination to let down a little in the terms put upon Germany. On top of that comes a heavy withdrawal of American troops from the Rhine, and the intimation from Washington that a general withdrawal is soon to follow. France feels that she is being deserted by her allies. Hence Briand's serving of notice that France will carry out the pact regardless of what it may cost.

One readily sympathizes with France in this attitude. It is an easy matter to show that only by modification of the terms can Germany make reparation, and that further occupation of German territory by large bodies of troops is unnecessary and undesirable, but it cannot be forgotten that across France is a dreadful scar, perhaps the bloodiest wound that any one nation received from the Hun. That injury is still too recent and too painful to permit of France lessening the punishment. That and the determination that France shall be forever freed from the German menace explains Briand's somewhat startling statement.

A CRISIS IN SOUTH AFRICA.

A torrid political fight is on in South Africa which will culminate in polling on February 8. The result of the vote will decide whether or not South Africa is to cut loose from the British Empire. The electors will determine whether their country is to remain a self-governing dominion or become a republic. Gen. Herzog, heading the Nationalists, a large section of the Labor party, and that not inconsiderable element of the Boers that has never become reconciled to British connection, is out for secession. Gen. Smuts, with the United South Africa and Unionist parties backing him, is fighting to keep within the Empire. The last general elections proved a flivver, as neither party was able to secure a dominating position in Parliament. Canadians will be in sympathy with Smuts, as he represents those who are loyal to the Empire and its traditions, as against at least one powerful section of the South African public that was arrogantly pro-German during the war, and which does not appear to have experienced a change of heart.

HASN'T LEARNED THE LESSON.

Hon. Arthur Meighen once again enters a by-election to tell the voters that the tariff is the issue and the only issue. Bourbon-like, he seems to have learned nothing by the East Elgin by-election, where he made the same claim, and had his candidate left behind not only in the rural parts of the riding, but in the town of Aylmer, as well. Perhaps after one or two additional defeats it may begin to penetrate the premier's mind that people are thinking for themselves, and not taking his direction as to what must be the issue voted upon.

EDITORIAL NOTES.

Why not aeronuts?

The weather-breaking record is no doubt an excuse for early breach of New Year's promises.

A noted financial expert declares that Canada will some day dominate the North American continent in trade and business. Just now we dominate in hockey, "booze," and pretty girls.

A Chicago scientist declares that blondes are responsible for all masculine evil, and says that the only way to escape is to send men to the Arctic regions. Evidently he hasn't heard of Stefansson's blonde Esquimaux.

They have found a star that is 30,000,000 times bigger than our earth, but we are more interested in some movie stars who have 30,000,000 worshipers, and who measure about five feet four.

LETTERS

ALD. WILSON AND HEALTH BOARD

To the Editor of The Advertiser:

Kindly give me space to make a few remarks in your paper. A certain gentleman seems to be much annoyed concerning my vote on the board of health, as he has referred to it to me on several occasions. I would ask him, when he has anything to say concerning me, to come out into the open and give my name and his name. I never was known to deny the truth. When the vote came around to me Mrs. Partridge had lost, seven votes against her out of thirteen. I then voted with the majority. I have not changed my mind, nor do I intend to, and I think the very least the council could have done was to appoint one woman on the board of health.

I hope this explanation will ease my friend's mind.

ALD. W. A. WILSON.

OTHERS' VIEWS

STARVING THE TEACHERS.

[La Patrie.]

It is the superintendent of public instruction himself who, in his annual report to the Provincial Government, calls attention to the fact that in this province the average salary of a Catholic male school teacher is $990 a year, and that of a female teacher in the Catholic schools is $224, while the average salary of the Protestant teachers is $1,716 for males and $658 for females. This comparison ought to need no comment. If, however, it is persistently brought to the attention only of our school administrators and interpreted to their shame it will be forgotten the next day, and this distressing practice of starving the teachers will continue. During the past twenty years the school taxes have been enormously increased, and the people have, without complaining, paid them for the advancement of education. To what purpose have the school authorities employed the increased revenue? They have aimed to construct more magnificent schools, much more costly than the modest school buildings of former days; but they have neglected the essential, which is the betterment of the teaching. The schools have become luxurious, but the teacher has been allowed to stay in the rut. Today we flatter ourselves on the progress we have made in the matter of public instruction by showing that we spend thereon twenty million dollars a year, which is double the amount spent ten years ago; but this progress is more apparent than real. Education certainly costs the province more, but the educational results have not been developed to an equivalent degree. And the progress will be null, or only minimum, so long as the teacher is paid a salary inferior to the most humble workman."

AMERICANS ON THE RHINE.

[Chicago Tribune.]

There are 15,300 American soldiers on the Rhine and their upkeep costs Germany 2,000,000,000 marks a year, according to the German estimate. They have no duty under the treaty of Versailles because the United States is not a party to that and may never be. They form an American spear point in Europe, but have no purpose. The other armies of occupation are in occupied territory by the terms of peace. Americans are still at war with Germany and they have an army in Germany.

The equivocalities are not important, but there is no reason why American soldiers should not be brought back. They are a long way from home. It is the American hope to keep soldiers out of Europe.

Germany's economic rehabilitation is of the greatest consequence to the world and even if it is a comparatively small drain upon German resources to maintain American troops in Germany it is a drain which ought to be stopped. It does not represent indemnity. It has no value in that fashion.

It is American opinion that the United States should not undertake police work in Europe. That opinion has been politically expressed as the basis for a new foreign policy which will go into effect March 4. The soldiers of the United States army may remain on the Rhine until March 4, but we think they will come home soon after that, as they should.

THE BRITISH PUBLIC AND THE EMBARGO.

[Winnipeg Free Press.]

The Canadian demand for the removal of the British embargo on cattle from the Dominion cannot go beyond a certain point. We can rightly complain that the embargo has been maintained for nearly twenty-nine years under the unjust pretence that Canadian cattle are diseased; and we are entitled also for an explanation as to the reasons which led the British Government to ignore the engagement which it gave, in 1917, that the embargo would be removed after the war. But obviously, we are not in a position to press our case unduly. If the British people want to keep their choicest meat market for their own breeders by barring out cattle from the outside world there is nothing to be done about it, though it would be more seemly if they would say straight out that they are animated by a desire, not unknown in other lands, to protect their special home interests.

THE PASSING OF WILSON.

[The Round Table, London.]

On November 2, by a convincing vote, the people of the United States repudiated Woodrow Wilson—his personality, his idealism, his administration, his conduct in and out of office, his treaty of Versailles and his League of Nations. The "great and solemn referendum" which he planned and promised has destroyed him. The prophet has been dishonored by his country. He has been swept by the tide of aversion down from the highest pinnacle ever momentarily attained by a statesman of modern times.

The man whose pen splintered the swords of Prussia, the man before whose image the peasants of Italy burned candles, the man who gave form to the loftiest political ideal that ever captured the conscience of the world, is broken and beaten by the rods of his own people.

There is no need to dwell upon his faults. They have been well advertised. Woodrow Wilson's egotism, his mistakes of judgment, and his stern inflexibility have been mouthed and magnified by spellbinders during the campaign, to the joy of crowds who would seem to have lost even their sense of sportsmanship.

"Government is a very simple thing after all," Harding has said. But on the day when the senator becomes president, above the tumult and the shouting on Capitol Hill, a small, unattended group will leave the White House. In their midst will be carried a man with snow-white hair, bowed back, distorted features and emancipated frame—a man with body broken and heart broken in the service of a great ideal—a man who knows that government is not a simple thing after all.

EVERYTHING

LONG LIFE.

[Kingston Standard.]

At the commencement of a new year the consideration of life is natural, and many people are thinking of means to render their lives as long and as healthy as possible. Living examples of healthy old age are sought out, and induced to give their experiences as to how they obtained this. These experiences vary all the way from people who put their long lives down to drinking whiskey to those who declare that never touching it was their recipe, from those who say that smoking did it, and to those who declare the opposite; in fact, there are endless causes given. The latest to give his ideas on the subject is Principal Emeritus Eliot of Harvard, who is nearly 90 years of age; he is astonishingly full of physical and mental power, and he accounts for this as being due to a sound constitution never impaired by any serious disease or accident, a calm temperament expectant of good, the habit of taking daily exercise in the open air, moderation in eating, and a slight and never steady nor regular use of stimulants like tea, coffee, alcohol and tobacco. As he has had all these, then all we can say is that it is no wonder he has lived so long, as long before most of us get anywhere near his age we have been weakened by disease or accidents, and furthermore how many have started off with that great essential a sound constitution? Still there is this much to be gathered from his experience that cheerfulness, exercise, fresh air and temperance in all things—not the cutting out it will be noticed in his case of stimulants and tobacco—are conducive to long life.

WE COME AND GO.

[Robert Le Galienne.]

The loveliness of water, its fairy ways
With cloud and wind, its myriad sorceries
With morning and the moon, and stars agaze
In its still glass, and the tranced summer trees;
The vowelled rivers, the rough-throated seas,
The tides that brim with silver the grassy plain
Or strew lone islands with lost argosies'
We come and go—these things remain.

Fire and its gnomes, soft-talking as it plays,
Dream-like, amid its fretted imageries,
Or melting the wild hills, and with its blaze
Licking the very stars: and even as these,
The winds that blow through all the centuries.
The falling snow, the shining April rain,
Birds singing, and the far-off Pleiades:
We come and go—these things remain.

God's glory, and the march of nights and days,
The seals upon the ancient mysteries
Of rose and star and woman's magic face,
That, seeing, man loves, yet knows not what he sees;
The old sweet sins, the old sweet sanctuaries;
War and long peace, then war and peace again;
The Dark and in Death's hands the dreadful keys;
We come and go—these things remain.

CHICAGO CLEARING OUT HER CRIMINALS.

[Mail and Empire.]

When Chicago became a great city she became automatically one of the great criminal centres of the world. This was a distinction, but hardly a novelty, for when Chicago was a small city, a large village, a village, a hamlet, and even a pioneer, her proportionate record of crime was out of the ordinary. More out of the ordinary than anything Chicago has yet achieved is her effort to be recognized as the home of fewer successful criminals than any other large city in the United States. She has made a long, bold stride in this direction, for if statistics were to be compiled up to a few evenings ago it probably would be proved that the percentage of crime in Chicago has been less for several weeks than in any other big city in the United States. This fact has attracted nation-wide publicity, especially since the mayor of Chicago, "Big Bill" Thompson, has earned no greater reputation as a reformer than Mayor Hylan of New York. Nobody expected either Mayor Hylan or Mayor Thompson to make a record for faithful service. It was the general fear that any sound policies that prevailed in their regime would have succeeded in spite of them. Yet Mayor Thompson appointed the new chief of police, who is ridding Chicago of its exposed criminals.

The New Broom.

Chicago's new chief of police was nominated by Mayor Thompson about six weeks ago. He is Charles C. Fitzmorris, who was the mayor's private secretary, and had been previously a newspaperman, who entered civic politics nine years ago, and became Carter Harrison's private secretary. He was retained by Mayor Thompson. When the crime wave threatened to become permanent in the city and the public was demanding that the police do something to prevent murder, Mayor Thompson told his secretary that he was to be chief of police, and gave him no other instructions than that he was to curb all the crimes in Chicago committed by Democrats, and most of those perpetrated by Republicans. In his few weeks' experience Chief Fitzmorris has done all that he was expected to do. How long he will be able to keep up the record nobody knows. It is just like a man's luck to get his name in the papers as a hero and in the same paper to see, according to a later dispatch, that he has proved a failure.

Cut Down Crime.

But for several months preceding the middle of December, Chicago had a murder every twenty-four hours, and an average of forty holdups every night. In the past few weeks the holdups have not averaged more than two or three a night, and there have been hardly any but necessary murders. The result is due to the young chief of police, who, unhampered thus far by political influences, has set out to make a name for himself, and is making it. He admits that he is no Sherlock Holmes, but contends that he is able to tell when a policeman is doing his duty. He has established a new system of merit marks for the police, by which they will be promoted. The system is based on the principle that it is the chief duty of the police to prevent crime. It is taken as a matter of course that after the crime is committed the police will apprehend the criminals.

Preventing Crime.

Every Chicago policeman is card-indexed. If there are no crimes committed in his district he is given a perfect score. If crimes are committed he is apt to be transferred. If the crime wave follows him he is asked to explain, and no explanation being forthcoming is released. Each policeman is expected to know every family on his beat, and at what time the head of each household comes home. He is supposed to know the frequenters of each poolroom as well as he used to know each bartender. Whenever a crime is committed the fact is now flashed to all the police stations in the city, and men can be sent to the scene without delay. Soft jobs in the department have been abolished. Police no longer lurk in offices copying letters. They are expected to be either resting at home or parading the streets.

Object of Raids.

Chief Fitzmorris' remarks about raiding poolrooms and other places where criminals may be expected to gather are interesting. The poolroom habitues are rounded up regularly, sometimes three or four times in the course of the evening. They are searched for weapons, which is something to the good. More important, they are driven into the streets, where they are more or less under the surveillance of the police, and are deprived of their old opportunities for getting together and planning crimes. All their known haunts are apt to be invaded at any moment. Public opinion has been successfully appealed to in order that writs of habeas corpus may not be issued before the police have had a chance to secure witnesses against suspected characters. Speedy trials are granted with stiff sentences. The result is that Chicago is getting rid of the habitual criminals, who were either born there or naturally land there because the city is a great railroad centre.

Bad Stomach

Don't blame the stomach when the real cause is in the slow action of the liver and bowels readily relieved by Dr Chase's Kidney-Liver Pills. One pill a dose. 25c. a box, all dealers

Dr. Chase's Kidney & Liver Pills

WHAT DO YOU KNOW ABOUT CANADA?

ANSWERS TO YESTERDAY'S QUESTIONS.

1—The "Carnarvon Terms" was the agreement between British Columbia and the Dominion on the matter of the transcontinental railway, which was reached by arbitration before Lord Carnarvon, colonial secretary, in 1873.

2—Lake Winnipegosis is the northerly continuation of Lake Manitoba and is connected with it by a small river.

3—Robert Gourlay was an erratic Scotsman who came to Upper Canada as a land agent, and by his protests stirred up public opinion against the clergy reserves.

4—Ontario's most productive gold mines are the Porcupine mines, and most silver is found at Cobalt.

5—Montreal is the seat of McGill University.

6—The Canadian Pacific Railway was completed November 18, 1885.

7—The Caroline was the American steamboat which brought supplies to the 1838 rebel party on Navy Island, in the Niagara River. It was destroyed by British marines and sent over the Falls. Americans protested, Great Britain apologized, but knighted the leader of the attacking party.

8—Canada's population in 1891 was 4,833,239.

9—Chedabucto and St. George's bays are connected by the Strait of Canso, N. S.

10—Ontario had the largest population at the time of confederation, 1,620,851.

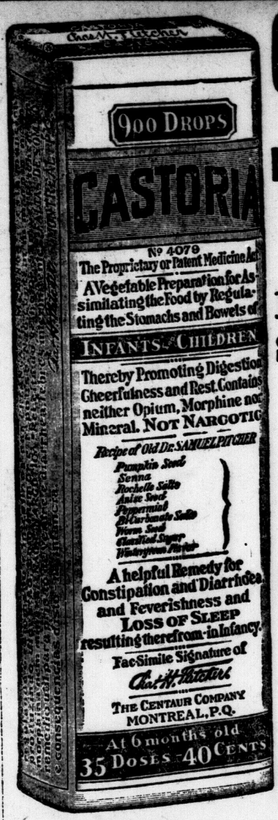

TODAY'S QUESTIONS.

1—What three ranges of hills in Manitoba have been reserved by the Dominion Government for forest protection?
2—What is the Ebb and Flow River?
3—Who is Louis Honore Frechette?
4—How many churches has Canada?
5—Where is Belleville?
6—What is the Chateau Frontenac?
7—When was Canada given the right to negotiate her own commercial treaties with other countries?
8—Who was leader of the New Brunswick reform party in its struggle for self-government?
9—What separates the Island of Cape Breton from Nova Scotia?
10—Which provinces produces the most pears?

GEE, BUT IT'S GOOD FOR A BAD COLD

Nothing Can Touch Catarrhozone In Relieving Quickly.

You may dislike taking medicine—but coughs are best relieved without medicine. The modern treatment is "Catarrhozone"—it isn't a drug—it's a healing vapor full of pine essences and healing balsams. It spreads over the surfaces that are weak and sore from coughing. Every spot that is congested is healed—irritation is soothed away, phlegm and secretions are cleaned out, and all symptoms of cold and catarrh are relieved. Nothing so quick, nothing so sure, so pleasant as Catarrhozone. Beware of dangerous substitutes meant to deceive you for genuine Catarrhozone. Large size which lasts two months, price $1; small size 50c; sample size 25c. at all dealers.

THE CENTAUR COMPANY, NEW YORK CITY.

EDDY'S WASHTUBS of Indurated Fibreware

Are far better than old-style wooden or galvanized tubs. Yet they cost no more. They cannot leak, because they are made all in one piece, without seams or cracks or staves.

So light and easy to carry, yet so strong, they never become dented or battered. They do not absorb heat, therefore, the contents remain hot longer.

Eddy's Twin Beaver Washboards are also of Indurated Fibreware—no metal—doublesided. Save time by the special crimp which loosens dirt easily without wear on the clothes.

10 Treatments at Home Banishes Dandruff

CANADIAN BOOSTER Hair Tonic and Dandruff Remedy

applied twice a week for five weeks will cause the most obstinate case of dandruff to disappear. An occasional treatment after that eliminates all danger of a return. Does not gum the hair.

Just as effective to stop itching and helps eczema-affected scalps.

Guaranteed to do the work—dealers authorized to refund purchase price in any case in which Booster fails.

At your druggist or by mail from

Canadian Booster Co.

1 WINDSOR Limited ONTARIO

Any first-class tonsorial parlor will give applications of "BOOSTER" Hair Tonic and supply retail bottles on request.

TAKES PAIN OUT OF RHEUMATISM

Keep Sloan's Handy for Backache Strains and Sprains, Too.

SLOAN'S Liniment has been sold for 39 years. Today, it is more popular than ever. There can be but one answer—Sloan's produces results.

Applied without rubbing, it penetrates to the afflicted part, bringing relief from rheumatic twinges, sciatica; sore, stiff, strained muscles; backaches, sprains, and other external pains, often the result of exposure. It leaves no mussiness, skin stain or clogged pores.

Get a large bottle for greater economy. Keep it handy for use when needed. Your druggist has it. Three sizes—35c, 70c, $1.40. Made in Canada.

Sloan's Liniment (Pain's enemy)

Beauty of Skin Enhanced by Cuticura

When used for every-day toilet purposes Cuticura keeps the complexion fresh and clear, hands soft and white and hair live and glossy. The Soap to cleanse and purify, the Ointment to soothe and heal and the Talcum to powder and perfume.

Soap 25c. Ointment 25 and 50c. Talcum 25c. Sold throughout the Dominion. Canadian Depot: Lymans, Limited, 344 St. Paul St., W., Montreal. Cuticura Soap shaves without mug.

TELLS DYSPEPTICS WHAT TO EAT

Avoid Indigestion, Sour Acid Stomach, Heartburn, Gas on Stomach, Etc.

Indigestion and practically all forms of stomach trouble, say medical authorities, are due nine times out of ten to an excess of hydrochloric acid in the stomach. Chronic "acid stomach" is exceedingly dangerous and sufferers should do either one of two things.

Either they can go on a limited and often disagreeable diet, avoiding foods that disagree with them, that irritate the stomach and lead to excess acid secretion, or they can eat as they please in reason, and make it a practice to counteract the effect of the harmful acid and prevent the formation of gas, sourness or premature fermentation by the use of a little Bisurated Magnesia at their meals.

There is probably no better, safer or more reliable stomach antiacid than Bisurated Magnesia, and it is widely used for this purpose. It has no direct action on the stomach, and is not a digestant. But a teaspoonful of the powder or a couple of five grain tablets taken in a little water with the food, will neutralize the excess acidity which may be present and prevent its further formation. This removes the whole cause of the trouble, and the meal digests naturally and healthfully without need of pepsin pills or artificial digestants.

Get a few ounces of Bisurated Magnesia from any reliable druggist. Ask for either powder or tablets. It never comes as a liquid, milk or citrate, and in the bisurated form is not a laxative. Try this plan and eat what you want at your next meal and see if this isn't the best advice you ever had on "what to eat."—Advt.

Careless Shampooing Spoils the Hair

If you want to keep your hair looking its best, be careful what you wash it with. Don't use prepared shampoos or anything else, that contains too much alkali. This dries the scalp, makes the hair brittle, and ruins it.

The best thing for steady use is just ordinary mulsified cocoanut oil (which is pure and greaseless), and is better than anything else you can use.

One or two teaspoonfuls will cleanse the hair and scalp thoroughly. Simply moisten the hair with water and rub it in. It makes an abundance of rich, creamy lather, which rinses out easily, removing every particle of dust, dirt, dandruff and excessive oil. The hair dries quickly and evenly, and it leaves the scalp soft, and the hair fine and silky, bright, lustrous, fluffy and easy to manage.

You can get mulsified cocoanut oil at any pharmacy, it's very cheap, and a few ounces will supply every member of the family for months.

PAGE OF INTEREST TO WOMEN

IN SOCIETY

Mrs. R. M. Slater of Craig street entertained at the tea hour on Friday afternoon.

Mrs. F. Leonard Smith of Hayman Court left today for a fortnight's visit with her sister, Mrs. W. Arthur Orr of Hamilton.

The home of Miss Marjorie Piercy, 376 York street, was the scene of a jolly gathering on Thursday evening, when she entertained a few of her friends.

Miss Margaret Scatcherd entertained at a small supper party at Prokos last night in honor of Miss Francesca Foulkes, who is presenting some beautiful eastern dancing at the Allen Theatre this week.

Miss Charlotte Whitton, who will be in the city in connection with the meeting of the Dominion Social Service Council at the end of the month, will be a guest with Rev. Clarence Foreman and Mrs. Foreman.

Mrs. E. B. Smith, Mrs. Allen McLean, Mrs. Wylie, Mrs. Line, Mrs. F. J. Greenaway, Mrs. George McDonald, Mrs. E. H. Johnston and Mrs. Emerson Nichols are expecting to attend the meeting of the Provincial I. O. D. E. Chapter at the King Edward Hotel, Toronto.

A most enjoyable evening was spent on Friday last at the residence of Mr. and Mrs. William Arthur Davis, 558 Ontario street, the occasion being a surprise party for their daughter, Miss Irene Davis. About thirty boys and girls of the L. C. I. were the guests. The evening was spent in games, music and dancing, after which refreshments were served by the hostess, assisted by Mrs. Harry Johnson and Mrs. William Cosby.

STEWART—CARTLIDGE.

A very interesting wedding occurred on Wednesday, January 12, at the parsonage of the Rev. Mr. Symington, when Violet Cartlidge, daughter of Mr. and Mrs. Thomas Cartlidge of this city, was united in marriage to Mr. Robert E. Stewart, son of Mr. and Mrs. Robert B. Stewart, also of London. The bridal pair were attended by Miss Gladys Johnston and Mr. William Orr. After the ceremony a wedding supper was held at the home of the groom's parents. Mr. and Mrs. Stewart will reside on Elmwood avenue.

ANDERSON—PLAXTON.

The marriage took place at St. Andrew's manse on Tuesday last, Rev. J. A. Shaver, B.A., B.D., performing the ceremony, of Ivy Marie Plaxton, daughter of Mr. and Mrs. E. Plaxton, of Strathroy, to Arnold C. Anderson, of Galt, son of Mr. and Mrs. Alexander Anderson, also of Strathroy. Miss Velma Anderson, sister of the groom, was bridesmaid, and Ernest Emmons, cousin of the bride, groomsman. After visiting Toledo and Detroit, Mr. and Mrs. Anderson will take up their residence in Galt. The contracting parties are well known and deservedly popular here, and the best wishes of many friends accompany them.

THE MARRIAGE OF ANNE

BY MAY CHRISTIE

(Copyright, 1920, by the McClure Newspaper Syndicate.)

CIX.—Neil's Kiss.

Neil's boyish face fell as he caught sight of me—at any rate, in my sensitive condition, so it seemed to me.

Then he said to Margery:

"That's a gorgeous get-up, isn't it? Did you really make it yourself?"

She tossed her head, jerking the small green rubber birds that adorned each side of her orange bathing-cap. (Oh, how gloriously becoming was that cap.)

"Of course I did! Any idiot could do it!" She glanced disparagingly at me, as though I were the idiot who had tried and failed!

"That's a pretty cap," I stammered, anxious to divert attention from myself. "Orange and emerald green—you didn't make that, too, did you?"

"I'm not in the rubber business, therefore I plead 'not guilty,'" came the airy answer.

Neil looked straight at my ancient headpiece.

"Good gracious, Anne! What on earth are you wearing on your head? You've put on the sponge-bag by mistake, I think, judging by results!"

Miss Margery giggled.

"Poor dear Anne! I lent it to her. It's quite waterproof."

"It's ghastly," said my husband, frankly. He turned to the radiant girl beside him. "Why on earth did you let her come out looking such a sketch?"

Again she giggled.

"'Am I my brother's keeper?'" she quoted, pertly. Then:

"If you want the truth, Anne didn't have the money to buy either a decent bathing-suit or a cap. So there, old critic!"

My husband looked vexed.

"You've only got to tell me, Anne—" he began.

I turned away, so that neither of them should see the hot tears springing to my eyes. I moved to the edge of the pier. How green the water looked! I longed to be able to show off, aquatically speaking. Oh, to be capable of one perfect dive!

But alas! as Margery had hinted, I had cold feet.

I moved toward the steps, which led down to the surface of the sea.

"Watch me," cried Margery.

I turned.

She executed the perfect dive. Her tall, slim body, poised gracefully for a second, arms outstretched, shot through space like a streak, and vanished in the water.

"Bravo!" Neil cried, clapping his hands.

Then, splash! he'd followed her.

I—foolish little Anne—was left shivering on the steps.

Gingerly I descended, and stuck one toe in the sea. Ugh! how hatefully cold it was!

"Come on in, Anne! It's great!" Neil, puffing and blowing, came up to surface. Doing the Australian Crawl stroke, he soon had reached the steps, and shot out an acquisitive arm. "Let me get hold of you, you timid little creature!"

I drew back.

"I—I want to dive," I stammered, shivering. "Wait a minute."

"All right, I'm watching."

(This was scarcely calculated to give me courage!)

I straightened my back, stretched forth both arms rather stiffly, and executed a clumsy "dive."

Down! Down! Green walls about me! Water pouring in my ears!

Then—blessed sky and sunshine! I'd regained the surface!

"Splendid, Anne!" His voice was close to me. He came alongside. "Let's swim over to that raft, together."

I showed no enthusiasm. Indeed, after his criticism of my get-up (though 'twas just) I did not feel inclined to expose myself upon a raft.

People were watching from the upper portion of the pier, too.

"I'd better hide myself in the water," I said rather sadly. "I'm so hopelessly dowdy and out-of-date—"

He touched my shoulder.

"You darling! Don't say such things! As though you could look anything else but pretty!" A little wave broke over him, and he gulped. "Lister, Anne dear! I want to apologize for saying what I did! It was just that I was vexed that my little wife's costume wasn't quite so fine as Margery's. But we'll remedy that this very afternoon —if you'll permit me——"

I didn't answer. My breath was needed for the job of swimming. Neil went on:

"I'm a blundering sort of idiot, I know. But—Anne—I'd sooner cut off my right hand than hurt your feelings. You know I would!" He was very close beside me now. "Stop a minute, dear. I've got to see your face." He caught me to him, and began "treading water" to keep us both afloat. "Anne—dear little girl——" He kissed me.

"Oh, Neil," I gasped, frightened and happy at the same time, "you mean it?"

"Anne—precious little Anne—I love you!" he whispered in my ear, kissing me a second time.

Tomorrow—About Fred.

Club News

ST. GEORGE'S M. C.

Lloyd M. Houlding of the local Y. M. C. A. is to be the speaker at the regular meeting of the St. George's Mother's Club, which will be held tonight in the school. Solos by Mrs. Myrtle Fenton and readings by Miss Sybl Higman will form part of the program, and an invitation is being extended to all the mothers of the St. George's School district.

TALBOT STREET M. C.

A great deal of interest is being taken in the coming address on "The Surgical Care of the Child," to be given before the Talbot Street Mothers' Club tonight by Dr. Banting. An excellent musical program is also promised.

ROBINSON MEMORIAL MISSION CIRCLE.

Miss Hawkins of 286 Horton street is entertaining the Robinson Memorial Church Mission Circle at her home tonight.

ST. PAUL'S GIRL GUIDES.

The Girl Guides of St. Paul's Cathedral provided a delightful entertainment for the men of Westminster Hospital on Friday evening last, when they went out and gave their most successful presentation of Dickens' "Christmas Carol." The scenes were put on under the direction of Mrs. C. Foreman, the Rev. C. Foreman acting as chairman.

MAY QUEEN REBEKAH LODGE.

Last night was the occasion of the installation of officers of May Queen Rebekah Lodge, No. 5, I. O. O. F., the ceremonies being conducted by Sister Leith, the district grand president, assisted by Sister Borland, grand marshal. Mrs. Green of Ottawa, grand president of the Ontario Rebekah Assembly, was a guest of honor for the evening. Among the presentations made was a past grand's jewel to the retiring noble grand.

Among the officers installed last night were: Mrs. Arbuckle, noble grand; Mrs. Roulston, vice-grand; Mrs. Sheldrick, financial secretary; Miss McMaster, treasurer, and Mrs. Legg, recording secretary. Other officers were appointed by the nable grand.

TRINITY CHAPTER, O. E. S.

The installation of the new officers was the big feature of last night's meeting of Trinity Chapter, O. E. S., Mrs. Selma Mason of Windsor, the worthy grand matron, being present and officiating at the installation. Assistants in the ceremonies included Thomas Rowe, worthy grand patron, and Mrs. Taylor and Mrs. Munroe of this city, and a grand officer from St. Thomas, Mrs. Brown. There were interesting presentations made last night. To Mrs. Mason, the worthy grand matron, was given a beautiful corsage bouquet of flowers, while an umbrella was presented to the incoming patron, H. R. Hooper. Mrs. C. B. King, the first matron, presented the matron's jewel to Mrs. Thomas Rowe, who is retiring from the office of worthy matron, while the Rev. W. L. Armitage presented the patron's jewel to W. W. Gammage, last year's worthy patron. The officers of the lodge also presented Mrs. Thomas Rowe, the retiring matron, with a handsome pearl necklace.

The officers installed last night were as follows: Mrs. F. J. Greenaway, worthy matron; H. R. Hooper, worthy patron; Mrs. Noble, Mrs. Elliott, Mrs. Manness, Mrs. Hookway, Mrs. Murray, Mrs. Sangster, Miss Steel, Miss Woonton, Mrs. Luney, Miss Carswell, Mrs. Noble, Mrs. White, Miss Mitchell, Miss Shelton and Mr. McMullen.

The chapter expects to hold a big "at home" some time in February.

Y. W. M. S. AT DUNDAS CENTRE.

The Young Women's Mission Circle at Dundas Centre Church held its monthly meeting at the home of Mrs. R. J. Gordon, 655 Queen's avenue, on Thursday, January 13, Mrs. Reyburn Hourd, the president, occupying the chair. After a Bible lesson, given by Miss Lettie Page, Mrs. A. C. Deacon gave a short but practical paper on "Tithing." Mrs. Wm. Wortman also favored with a delightful solo.

The address of the evening, however, was given by Mrs. W. E. Pescott, who, in a witty and original manner, gave a report of the W. M. S. board meeting last October. In her address, Mrs. Pescott spoke of the work of Miss Hambly and Miss Marshall in connection with the work of the primary schools in China, of the work of Miss Steele in the middle school, Miss Sheritt in the Normal school and Dr. Ada Speer in the medical work. Mrs. Pescott's address was most illuminating, giving the impression of a personal acquaintance with all of the missionaries discussed. At the close of the meeting, Mrs. Gordon served dainty refreshments, and a social half hour was enjoyed.

The next meeting of the circle will be held at the home of Mrs. Leonard Tait, 624 Queen's avenue, on Thursday, February 10.

TEACHERS' GUILD.

At the regular meeting of the Women Teachers' Guild held yesterday afternoon plans were made for a Valentine party, to be held some time in February. The chief business of the meeting was the reading of the reports of work for the last quarter. The teachers are awaiting the meeting of No. 1 committee to see what their decision will be in regard to the teachers' salaries question.

SOLDIERS' WIVES' LEAGUE.

The members of the Soldiers' Wives' League were rejoiced to get back into their old pre-war meeting place in the officers' quarters of the armories yesterday afternoon, Mrs. A. A. Campbell, the president, being in the chair. At this meeting Mrs. A. T. Little was appointed a committee of one to appoint a representative to the Chamber of Commerce. Mrs. Erskine and Miss Pigotte were appointed the club's representatives to the Local Council of Women, and Mrs. (Capt.) Rankin was made secretary on the resignation of Mrs. Claude Brown.

The club voted to start raising a fund towards giving a donation to the Sick Children's Hospital. The splendid relief work among soldiers' families is still going on, and the club members are now busy sewing flannelette nightgowns for children.

At the close of the meeting tea was served under the convenership of Mrs. Reid and Mrs. Norris.

CHEERIO CLUB ANNUAL MEETING.

The annual meeting of the Cheerio Club was held in St. Peter's Hall on Sunday afternoon, Miss Mary Manley, the president, in the chair. The club has been doing a splendid work during the past year, according to the report presented by Miss Dorothy McCann. During the year the club raised in all $492.13, and has on hand $48.28, said the report of the treasurer, Miss M. C. McGinnis. The work done by the club includes donations of comforts, treats and toys to the orphans of Mount St. Joseph; garments were made for infants, aged people and the emergency hospital; $25 was given towards the furnishing of a cot in the day nursery; $26 was sent to starving children of Europe; $20 was sent to the Christian Brothers' furnishing fund; tobacco and treats of candy were sent to aged people, and efforts were made to relieve distress among poor people.

The club is arranging for a self-serve supper and dance, to be held on Saturday, February 5.

The officers for the coming year are as follows (the majority of them being re-elected): President, Miss Mary Manley; vice-presidents, Miss Mary Meredith and Miss Dancey; corresponding secretary, Miss M. Cox; recording secretary, Miss D. McCann; treasurer, Miss McGinnes, and press secretary, Miss S. Kennedy.

NORMAL SCHOOL "LIT."

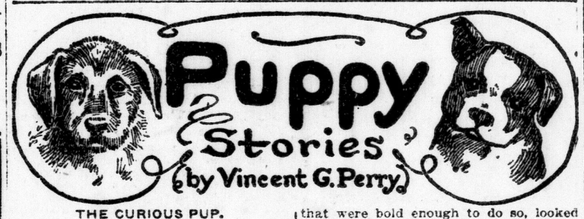

On Friday afternoon, January 14, the regular meeting of the Literary Society of the Normal School was held in the assembly hall, under the leadership of the president, Harris Newton. The election of officers for the new term were held as follows: President, Miss Lillian Hoffman; vice-president, Miss Annie Cole; secretary, Mr. Wallace Fox; treasurer, Mr. Reginald Dobson; press correspondent, Miss Rose McKerracher.

Miss Edith Foster announced that there would be a skating party next week at the cove, after which refreshments would be served at the school. Miss Eileene Kelly, convener of the extension committee, announced the supper to be given by the "Bluebird Group" on February 4.

Miss Ruth Dawson then favored with a delightful instrumental solo.

The debate: "Resolved, that the so-called content subjects — literature, geography, history, nature study and art—are of more practical value to the public school course than the so-called formal subjects — reading, writing, arithmetic, spelling and manual training—was very interesting and instructive. Misses Myrtle McCoubrey and Claire Harriet, Form III., defended the affirmative side of the debate, and Misses Annie Calvert and Sadie Cran the negative. The decision of the judges was given in favor of the affirmative.

A vocal duet by the Misses Ray Morrison and Rose McKerracher, and the reading of the third edition of the school paper, "Vox Scholae," by the sub-editor, and the remarks on it of the critic, Miss Neville, brought the meeting to a close.

THE CURIOUS PUP.
Part Seven.

Poor Nibbles! There he was in this strange land with the tiny fly-like people, and everyone seemed to be afraid of him.

"Come back, some back," Nibbles kept calling to the fleeing little folk. "I won't hurt you. I'm just a dog from the world where people are much bigger than me. I'm only a very small dog, too."

But in this tiny land his voice sounded like thunder, and the little people were more terrified than ever. Nibbles, like the foolish little fellow he was, kept running right after them too. At last his foot slipped against something and he stubbed his toes. There was a tiny crash at his feet and he looked down to see that he had knocked over a very small house. He was in the centre of a city—a very big city to the little people, but my what a small city it seemed to Nibbles. The houses were smaller than dolls houses, and the streets were so narrow that Nibbles couldn't have walked up them if he had tried. He was so large he could step from one street corner to another in one step, and he was tall enough to step over the tops of the houses without noticing them. Even the highest steeple in the city, and the tower of the city hall did not reach up to his waist, while the watch-tower on a tiny hill, which no doubt seemed a very, very high place to the little people, was just tall enough to brush against Nibble's chest.

What an outcry the little people made when they saw him topple the house over. They were sure now that he meant to destroy them and their city. It did not take Nibbles long to see he had made a mistake, and he hastened to set matters right by putting the house once more on its foundation. The tiny people, at least, the few of them that were bold enough to do so, looked from their hiding places in the houses and public buildings, and were quite surprised at the big dog's care.

The mayor of the city, for he was the boldest man there, was the first to fully regain his courage. "I don't think this big animal means to destroy us at all," he declared. "I'm going out to interview him." And while the other citizens trembled and shivered the brave little mayor walked boldly out.

"High you, up there," he called to Nibbles, at the top of his shrill wee voice. "Have you come here to eat us all up or are you going to make friends with us?"

"Are you fleas or are you people?" Nibbles asked. "If you are fleas you are the oddest fleas I ever heard of, and if you are people you are the very smallest I ever saw."

"Of course we are people," the mayor declared. "We don't know of any people on this earth any bigger than us. We once had a man here half an inch high."

"Why, my master is six feet high," Nibbles declared. "I'm just a very small pup where I came from."

"Goodness me, what must the grown-up dogs be like," the mayor gasped in surprise.

"They are very much bigger than me," Nibbles told him. "But I don't think any of them could be so hungry as I am. Haven't you something here for me to eat?"

"Why, of course," said the mayor. "You will have to pardon my rudeness. We will have a feast of welcome prepared for you at once."

And with that he dispatched his messengers and officers to prepare a repast for the gigantic visitor. What a lot it was going to take to feed Nibbles!

To Be Continued.

MUTT AND JEFF—Jeff Thought Mutt Had Become a Widower. (Copyright, 1920, by C. H. Fisher. Trade Mark Registered in Canada.) BY BUD FISHER

SAINTS FORCE LOCALS TO FAST PACE TO WIN BY SCORE OF 6—3

Visitors Brought Up Talent That Made Londoners Show Everything — Locals Much Improved All Through.

Group Standing.

	W.	L.	For.	Agst.
LONDON	2	0	12	5
Tillsonburg	1	1	6	9
Ingersoll	1	1	12	4
St. Thomas	0	2	3	15

Next Games.
Jan. 20—St. Thomas at Tillsonburg.
Jan. 21—London at Ingersoll.

London beat St. Thomas last night in the second game of the local O. H. A. Intermediate group by a score of 6 to 3.

It all happened in the way of a bit of luck that the local speedsters chanced on last night to show about 50 per cent improvement over their Friday night appearance, or there would have been a different tale to tell. In the first period the Saints started out to show that their Ingersoll defeat meant nothing by traveling right into the home products. In the first ten minutes, Baldwin had beaten Hynds twice, with Johnny Burgess sandwiching in a counter. That brought the locals up with a jerk and put them at work, with the result that Gillies tallied twice, and Arthurs once.

In the second period the Londoners romped away with all the speed and most of the play, but the best they could do was to stay on even terms with the visitors in the goal-getting, Gillies taking a pass from a face-off, and slipping in with a tally, and Baldwin beating Hynds from outside the defence.

The last period brought some hair-raising hockey, and both outfits kept up a tremendous pace. Some of it was slap-dash, some very unfinished and crude, and some of it bordered on the brilliant. Burgess took a pass from a mix-up in the last seconds of the game and made it an even half-dozen for the locals.

Improvement All Over.

Lochead was absent last night, and Mays played his defence position. Kelly and Mays played a good defence game, and the latter showed more promise last night than he has yet, though still lacking the knowledge of what to do with the puck once he gets down through his favorite dish, a thin field. Johnny Burgess looked better than ever, and once he gets to working with Gillies and Arthurs, there'll be little kick on the attack. Too much combination was the fault last night with the forward line—that and wide, but hard, wicked shooting. Gillies flashed some terrific speed and some six-inch shooting that's going to have the group net minders peering hard. Arthurs, as usual, was dangerous every minute and everywhere, and the best man on the ice.

Neither of the subs showed much last night. Auld is game and ambitious, but lacks finish. Once the crew get conditioned, ten minutes of subbing will do them any game, so that end of it isn't worrying anybody.

The Saints are a sturdy, hard-checking outfit, and are in the game for the full 60 minutes. Doan had little chance last night, and when he did get down Hynds picked them off easily enough. Baldwin, who also played junior last year, was the most effective man the Saints had.

Corker Legg officiated, and didn't have an off moment.

The summary:

First Period.
Baldwin—6 minutes.
Burgess—9 minutes.
Baldwin—10 minutes.
Gillies—11 minutes.
Arthurs—14 minutes.
Gillies—17 minutes.
Score—4 to 2.

Second Period.
Gillies—24 minutes.

Gillies	Wing	Tiffin
Auld	Sub	McDonald
	Sub	Stoner

Referee—Corker Legg.

Pan Drieds Beat Ingersoll In Twenty Minutes Overtime

TILLSONBURG, Jan. 17.—In a game full of thrills and the class of hockey the old Pan-Drieds were used to dishing up to the local fans, the Pan-Drieds tonight defeated the Ingersoll Intermediates in a game that went 20 minutes overtime by a score of 4 to 3. In the first period Carroll, for the home crew, scored on the home team by a peculiar fluke off his stick, the first period ending, 1 to 0, in favor of Ingersoll, with Ingersoll drawing nine penalties for tripping. In the second period Ingersoll scored again, leaving it 2 to 0, in favor of the visitors, but in the third period Carroll evened up his mistake, and the game ended 3-all, with Barrett brothers and Snell playing spectacular hockey The game then became a most terrific gruel from one end to the other, with both goal-keepers playing stellar hockey and Chapman wearing the smile that wouldn't wear off. D. Barrett scored the winning goal after 18 minutes of overtime on a hard-earned rush. The fans are jubilant, because two of the regular players were confined to their beds. For the visitors, Petrie and Waite were the stars, but could not fathom the local defence. Unable to agree on a referee, Hewitt of Toronto sent Mitchell of the Toronto Riversides, who was an extraordinarily good referee; in fact, the best ever seen on local ice.

The London crew will have to travel to get away with a win here Monday evening. The line-up:

Tillsonburg.		Ingersoll.
Chapman	Goal	Holland
Snell	Defence	Cline
Hamilton	Defence	Richardson
D. Barrett	Centre	Waite
Carroll	Wing	Mason
Conn	Wing	Petrie
M. Barrett	Subs.	Daniels
Cowell	Subs.	Petrie

Referee—Mitchell of Toronto.

INDUSTRIAL CURLERS STARTED LAST NIGHT

Newspapers-Doctors Match Off When Latter Fail To Appear.

The Industrial curling games at the Thistle Club got away last night, with perfect ice provided for the enthusiasts. The winners were the Outlaws, Bank of Montreal, Military and Travelers No. 2.

The Newspaper-Doctors match was not played, being postponed when the latter rink was unable to muster a quartet. The scores:

Outlaws.		Orphans.
Mortimer, sk.	13	C. Edy, sk. 12
B. of Montreal.		Bankers, B.
G. Pearson, sk.	18	Pope, sk. 8
Military.		Bankers, A.

Canuck Curlers Register Twelfth Win in Old Scotia

EDINBURGH, Scotland, Jan. 17.—(Canadian Associated Press.)—The Canadian curlers today won their eleventh and twelfth victories, defeating Midlothian, 75 to 65, and winning from East Lothian by 59 shots.

The individual Canadian scores were: Against Midlothian—R. J. McLeon, Duluth, Minn., 16; W. F. Payne, Winnipeg, 10; Lambton, Quebec, 11; Robert Hicks, Peterboro, 14; J. J. Turnbull, Sydney Club, Halifax, 21; J. Meiklejohn, Harriston, 13.

Losing rinks were skipped by Messrs. Payne and Hicks.

Against East Lothian—W. H. Semple, Truro, N. S., 16; E. D. Calvert, Rainy River, 22; R. J. McLeon, Duluth, 21; P. H. Douglass, Hamilton, 18; Dr. F. W. Robbins, Detroit, 12; Lambton, Quebec, 23.

Total score was 112, against East Lothians' 53.

All the Canadian rinks won.

Guelph Unions Defeat Royal Citys in a Tankard Canter

GUELPH, Jan. 17.—Guelph Unions defeated the Royal Citys in the preliminary round of Group 10 in the Ontario Tankard preliminaries here this afternoon by seven shots. The Group 10 games will be played in Brampton tomorrow, but owing to the fact that the two local clubs were drawn against each others, they were allowed to play their game here today. The Unions meet Brampton on the latter's ice tomorrow morning in the first round, while at the same time Fergus and Milton will play. The winners of these games play off for the privilege of representing the group in the Ontario Tankard finals.

Today's scores were:

Unions.		Royal Citys.
R. Doods		E. H. Johns
W. Gould		F. Smith
H. Steele		R. Mahoney
J. A. Lillie, sk.	14	R. Dillon, sk. 14
L. Watts		W. A. Mahoney
W. E. Taylor		F. Barber
J. Smith		C. R. Crow
McPherson, sk.	21	H. Mahoney, sk. 14

Unions up 7 shots.

BETTS CHALLENGES LISNER

BRANTFORD, Jan. 17.—Claire Betts, local professional boxer, has issued a challenge to Scotty Lisner of Toronto, who is claiming the middle-lightweight championship of Canada. Betts has specified no conditions for the bout, and promises to make 126 pounds. He has not boxed for several years.

JOHNNY WILSON BEATS JOE CHIP IN 8TH ROUND

PITTSBURG, Jan. 17.—Johnny Wilson of Boston, middleweight champion, won a newspaper decision over Joe Chip of Newcastle, Pa., in their ten-round bout here tonight. Wilson gained the decision in eight rounds. The champion was never in danger.

The weights were announced as: Wilson, 162 pounds; Chip, 158 pounds.

BRANTFORD'S DEFEAT LOSES THEM CHANCE

Galt Wins 9--5 As Brants Attempt Come-Back Too Late.

BRANTFORD, Jan. 17.—Brantford Intermediates were practically eliminated from the O. H. A. group when the team lost to the Galt outfit tonight by the score of 9 to 5.

The game was an exciting affair, with both teams showing bad blood. The Galt team early in the game showed much better form than the locals, and although the teams were well matched during the last period, the lead which Galt had secured in the early moments of the game was too much for the locals to overcome. Harvey Sproule of Toronto, handling the bell, made a number of heady decisions. The line-up:

Brantford—McKinnon, goal; Speck and O'Connor, defence; Verner, centre; McKough and McLaughlin, wings; Johnson and Knight, spares.

Galt—Wilkinson, goal; Watts and G. Hines, defence; H. Hines, centre; A. George and Oliver, wings; F. George, Hodme and W. George, spares.

Referee—Harvey Sproule, Toronto.

OWEN SOUND CURLERS STAGE BONSPIEL ON FEBRUARY 15

Three Trophies Up For Competition—Eleven Sheets of Ice Available.

OWEN SOUND Jan. 17. — Owen Sound's big bonspiel will commence on Tuesday, February 15. The draw will be made at 9 a.m., and play will commence immediately after the draw. Eleven sheets of ice will be available, and the event promises to be the biggest ever held here. Three trophies are set up for competition, the Taylor and Pringle, the Oak Hall and the Lemon Bros. challenge trophy. Already several entries have been received from outside points.

CANADIENS PUT ST. PATS IN LAST PLACE, PLAYING IN OLD FORM

Flying Frenchmen's Killing Pace Disorganized Irishmen Towards Last—Latter Had No Subs.

NATIONAL HOCKEY ASSOCIATION.
Standing.

	W.	L.	For.	Agst.
Ottawa	7	1	41	15
Hamilton	3	5	26	27
Canadiens	3	5	28	39
St. Pats	3	5	27	41

MONTREAL, Jan. 17.—Playing up to the form displayed in their match with Hamilton Saturday, Canadiens scored an easy win over St. Patricks tonight by a score of 9 to 5. The Flying Frenchmen toyed with the Toronto defence, and outplayed the opposing team at will. The latter became so disorganized at the end of the play that they crowded back on their goalkeeper in an effort to avert the debacle. They showed little or no combination play, and were outskated and outgeneralled at almost all times.

The old plan of frequent changes was again adopted by Canadiens, who thus were enabled to keep up a killing pace throughout. The St. Patricks were hard up for substitutes.

Stewart, the Amherst player, did not make much of an impression, and he was weak on the defensive. Canadiens skated circles around him.

Canadiens outscored their opponents 2 to 1 almost all through the game. There was no particularly outstanding play, and the game served Canadiens largely as a workout for their next two games.

ST. MARYS BEAT GODERICH AT HOME BY 10--2 SCORE

GODERICH, Jan. 17.—The opening game of the Junior O. H. A. series here ended in a 1 to 2 defeat for the locals at the hands of the St. Marys kids. The Louch brothers starred for St. Marys, and Baechler starred for the home team. "Plug" McDonald refereed the game and gave good satisfaction. The line-up:

Goderich.		St. Marys.
Baechler	Goal	Langford
Taylor	Defence	Rodgers
Strickland	Defence	W. Louch
Mountain	Wing	D. Louch
McDonald	Wing	C. Hopps
Murphy	Subs.	Sinclair
Hutchinson	Subs.	Sanders

Roy McDonald, referee.

STRATHROY C. I. BASKET-BALL TEAM DEFEATS L.C.I.

The Strathroy C. I. basketball team won from the London Collegiate Institute in the last five minutes of play in an exhibition game last Friday evening in the Strathroy gym. The final score was 18 to 14. The half time score was 11 to 5 in favor of London, but in the last period the S. C. I. defence checked hard, and the forwards did the scoring. Sexton was the best pick for the winners, while Lawrence for the locals played good.

The line-up:

Strathroy.		London.
Sexton	Centre	McCracker
Nicholson	L. F.	Lawrence
Lamont	R. F.	Newell
Taylor	R. G.	Barbour
Wilson	L. G.	McTavish
Thomas	Spare	Welsh

FOUR LONDON COLT RINKS FOR SEAFORTH

Three From London Curlers and Edy's Last Year's Champs.

The Western Ontario Colts spiel opens at Seaforth today, with one of the largest entry lists that ever greeted the event. The Colts number some of the best players in Western Ontario, and there should be some great games today in the northern town.

Four strong London rinks are going up. Cy Edy's Thistle four, who last year won the main event, are the only Thistle entry. Three rinks from the London Curling Club will make the trip. The teams:

London Club.		London Club.
J. Carrothers		Art Cook
W. Moisse		A. Morrison
J. Banks		F. Bethune
H. McKenzie		L. H. Martyn

CURLERS DRAW FOR THE BEATTY TROPHY

Have First Club 'Spiel Tonight At 7:15.

The London curlers will hold their first club bonspiels tonight at 7:15. Things will be started off with lots of pep, judging from the eagerness with which the members responded to the Saturday 'spiel.

The draw for the Beatty trophy, a curling competition especially arranged for the members of the London Curling Club, was arranged last night by Mr. S. F. Ashplant and Dr. A. J. Wright. The games will begin immediately, eighteen rinks being divided into two series, the winners of each meeting ultimately for the trophy. The rinks as arranged are:

Section A.

Farquhar	McMahon
Trebilcock	A. Wanless, sk.
Bethune	G. Baker
Wright, sk.	Campbell
G. Moore.	Hunt
Sutherland	Rumball, sk.
C. Nichols	J. Begg
Hodgins, sk.	L. Nichols
Williams	McLachlan
Silverwood	Costello, sk.
Brooks	Ross
McDonald, sk.	T. Baker
Kingsworth	K. C. Moore
Armstrong	F. McKay, sk.
Aked	Southcott
Shaw	Wortman
Hollingsworth	Stevenson
Yelland	E. Sage, sk.

Section B.

Morrison	Stone
Carrothers	J. McKay, sk.
Martyn	McHale
Manning, sk.	McLaren
Webb	Allister
W. Cripps	Johnston, sk.
Thorpe	Dyson
Casselman, sk.	Dreuman

Not until today was anything learned of the identity of the mysterious Harry Smith, a former brakeman on the G. T. R., who was crushed to death in the east end yards of this city on July 21, 1920. This morning a communication was received by the local officials of the Brotherhood of Railroad Trainmen, asking information of one Walter Lewis, alias Harry Smith, who was killed in this city last summer. The letter was from the secretary of the B. R. T. of Portsmouth, Ohio.

According to the communication the dead man's father is working on the Norfolk and Western Railroad, as a members of the yard section force in Portsmouth, Ohio. The father, who is a member of the B. R. T., was anxious to learn something concerning the fate of his son.

Harry Smith, as he was known in this city, met his death early one morning between two cars. Nothing was known locally of his past, so his body was kept in a vault for three weeks while a futile search for relatives was made by the authorities. Finally the body was interred in Mount Pleasant Cemetery.

The letter does not state how the father learned of his son's death. It is understood that a brother of the deceased is coming to this city. It has been learned that Lewis worked in Cincinnatti and Toronto before coming to this city.

PASSES THROUGH.

Hon. Hugh Guthrie, minister of militia, passed through this city at noon today en route to Petrolea and Sarnia. He would make no statements concerning the political situation in Canada.

WILL LAY RAILS.

Little construction work other than rail laying will be undertaken in the local division of the G. T. R. this year, according to Superintendent C. F. Forrester of the local division. While no intimation has been received from headquarters concerning the appropriation to be set aside for the year's program, Mr. Forrester said that he did not believe that much new work would be undertaken.

A considerable mileage will be laid this year, however, according to the expectations of the superintendent Recommendations have been made for new steel for one track between Toronto and Hamilton, and between Linden and Copetown. It is also expected that new ?-pound steel will be laid on the westbound trock between Paris and London.

SNOWBALL MINSTRELS ENTERTAIN.—An enjoyable entertainment was given by McCormick's Snowball Minstrels at St. David's Church Monday evening under the direction of James McCormick. The program was excellent, and the audience demanded many encores. Following the entertainment supper was served to the minstrels by the Ladies' Guild.

IN SPLENDID SHAPE.

Chiefly because of the mild weather prevailing through the first half of January, the G. T. R. moved during the first ten days of the month the same number of cars out of Sarnia as it did in the corresponding period of last year, with 22 less engines, according to a statement made by Superintendent C. F. Forrester, of the local division. Mr. Forrester said that he has never known the motive power of the G. T. R. to be in such splendid shape as it is at the present time.

HE LEFT EARLY.

General Superintendent C. G. Bowker of the Ontario lines, spent last night in this city. He left for the east, via Stratford, at 6 o'clock this morning.

CONCERT TONIGHT.

In aid of the athletic fund a concert will be held in the library rooms of the G. T. R. carshops this evening. The program will be composed entirely of talent from the shops and offices. An effort is being made to raise a building fund of $2,000 before spring. Five hundred dollars of this amount has already been raised.

City Briefs

NO. 1 COMMITTEE WILL MEET WEDNESDAY.—No. 1 committee of the board of education will hold its first meeting of the year tomorrow afternoon at 4:30 o'clock.

FORM TWO RADIO CLASSES.—Members of the "Y" Radio Club will be divided into two classes to receive instructions. Those who are just beginning wireless wor kwill form a beginners' class and the advanced operators will have classes of their own. This was decided at a meeting of the club in the "Y" last evening. A talk was given on the rules and regulations of wireless traffic.

DONATED $1,650 TO CHINESE FAMINE FUND.—St. Andrew's Presbyterian Church received another offering on Sunday for Chinese Famine Fund and among the offerings was one of $84.52 from the Young People's Society. The fund received to date from the church and Sabbath school amounts to $1,650.

NEW BRANCH O FBROTHERHOOD FORMED.—A branch of the Men's Brotherhood has been organized in New St. James' Church. The first meeting was held on Sunday, at which the following officers were elected: President, James Gray; secretary, M. S. Aikenhead; treasurer, T. A. Bryan. Committees on relief, membership, program and welfare were appointed. The new organization starts with a membership of 25. Short speeches by Rev. James McKay, Professor Patterson and Bryden Campbell marked the opening meeting.

DEMOBILIZING PART OF INDIAN ARMY TO CUT EXPENDITURES

Delhi, India, Jan. 18.—Uneasiness prevails in the Indian army at the government's decision to demobilize 30,000 Indian troops and 2,500 British officers by the end of March. It is also believed that six British battalions are about to be repatriated, partly owing to the British withdrawal from Mesopotamia, and also the bad financial outlook and the consequent Indian outcry at the heavy expenditures. A big budget deficit is considered inevitable owing to the fall of exchange and severe trade depression.

WILL EXAMINE MENTAL CONDITION OF GRIFFITH

Montreal, Jan. 18.—Application for a medical board to examine into the mental condition of Major R. L. Griffith, who last week shot and killed William Holland, stock broker, who, the soldier claimed, was exercising a hypnotic influence over him, will likely be made this week by his counsel, it was stated in police circles today. Major Griffith last night suffered from nervous prostration at the jail and stimulants had to be administered to him.

GOLDEN COMPOSING RULE FOR GRAHAM

Brockville, Ont., Jan. 18.—In recognition of his services as president of the Recorder Printing Company, one of whose newspapers, the Recorder, has just celebrated its centenary, Hon. George P. Graham was last night presented by the members of the staff at a dinner with a golden composing rule, while W. J. Reynolds, an employee of 47 years, and W. J. Moore, manager after 45 years' service, were presented with watches.

SCARLET FEVER IN ST. KITTS.

St. Catharines, Jan. 18.—There are 30 cases of scarlet fever in this city. The board of health, on the recommendation of Dr. Curry, M. O. H., decided to prosecute any cases of quarantine-breaking.

Dr. Curry urged the immediate erection of a new isolation hospital or the enlargement of the present one.

TENDER IS ACCEPTED.

St. Catharines, Jan. 18.—The city council last night accepted a tender of $97.37 and interest from Harris & Forbes, Toronto. for $184,000 of short term local improvement 6 per cent debentures.

EARL OF MINTO WILL WED MONTREAL GIRL

Marriage Will Be Performed in St. Patrick's Church Tomorrow.

Montreal, Jan. 18.—A wedding which is interesting society in Canada, Great Britain and the United States will be celebrated Wednesday afternoon when the Earl of Minto will be married to Miss Marion Cook of Montreal, in St. Patrick's Church. The groom is a Protestant and his bride a Roman Catholic.

Among the guests will be Their Excellencies the Duke and Duchess of Devonshire. The Countess of Minto, mother of the groom, will represent the family. A congregation composed of the most noted people in Montreal, Ottawa and Toronto, and also many well-known society people from the United States, is expected to attend.

Among the presents for the bride are: From the Earl of Minto, a diamond and emerald plaque, a pearl and diamond acorn brooch and a diamond tiara; from the Countess of Minto, a pearl and emerald necklace, a diamond and pearl swan brooch, a diamond and sapphire four-leaf clover, and old lace; from Lord and Lady Cromer, the latter a sister of Earl Minto, an ostrich feather fan with white tortoise shell handle; from Lady Frances Scott, also a sister of the groom, a long chain of cut crystals in an antique box; from Lady Maud Mackintosh, Lady Blanche Cobbold and Lady Dorothy McMillan, a diamond and sapphire veil pin; from Lady Louise Loder, an ivory and gold pen holder; from Sir Frederick and Lady Orr Lewis, a check; from Mrs. George Cavendish, a cousin of the earl, a white enamel box; from Mr. and Mrs. O'Meara, grandparents of the bride, a Georgian period silver tea service, in the family for over one hundred and fifty years; from Major John and Lady Violet Astor, a diamond hair bandeau.

Bride's Attendants.

The bride will be attended by her sister, Miss Dorothy Cook as maid of honor. Her two younger sisters, Misses Audrey and Sarah Cook; Lady Rachel Cavendish, daughter of the Duke and Duchess of Devonshire; Lady Margaret Scott, daughter of the Duke of Buccleugh; the Hon. Marguerite Shaughnessy, daughter of Lord and Lady Shaughnessy; Miss Sheila McEachran, daughter of Mrs. Charles McEachran, formerly Miss Allan, Montreal, and Miss Adelaide Beardmore, daughter of Mr. and Mrs. F. N. Beardmore, Montreal, are the bridesmaids. Four little cousins of the bride, the sons of Mrs. Gerald W. Farrell, will act as pages, Masters Gerald, Mark, Desmond and Charles Farrell. Capt. Oswald Balfour, military secretary to His Excellency the Duke of Devonshire, and nephew of the Rt. Hon. A. J. Balfour, will be best man, and the ushers will be Mr. Stuart MacTier, Mr. Alex. Paterson, Mr. Hartland Paterson, and Cadet Herbert Cook, a brother of the bride.

The bride is the eldest daughter of Mr. and Mrs. G. W. Cook. She was born on August 16, 1896, at the old family homestead, "Edgehill," near Morrisburg, Ont. Her paternal ancestor, John Cook, of English and Dutch ancestry, was a United Empire Loyalist. Deprived of his lands in the Mohawk Valley, near Schenectady, N. Y., he came to Canada shortly after 1776 and settled in the unbroken wilderness, which then covered what is now the county of Dundas, and there five succeeding generations of his family have been born. The members of the family have always taken an active part in politics. A grandson of the old Loyalist, also named John, represented the riding of Dundas in the old Assembly of Upper Canada for over twenty years. The bride's grandfather, James William Cook, was also member for the county, while one of his brothers, Simon S. Cook, was returned in the elections for the first Legislature of Ontario, following confederation, while another brother, Herman H. Cook, represented East Simcoe in the House of Commons for many years. The bride's mother was a Miss O'Meara of Quebec, daughter of Mr. D. D. O'Meara, for many years an inspector of customs.

Fifth to Bear Title.

The bridegroom, Victor Gilbert Lariston Garnet Murray-Kynnymond Elliot, Earl of Minto, Baron of Nova Scotia, Baron of Minto and Viscount Melgund, is the fifth peer to bear that title, well known in the Scottish Borderland, and in British military and diplomatic annals. He is a son of the fourth Earl of Minto, who was governor-general of Canada from 1898 to 1904, and Mary, daughter of Gen. the Hon. Charles Grey. During his father's lifetime he was known as Lord Melgund. He was born on February 12, 1891. He first served as a lieutenant in the Lothians and Border Horse Yeomanry, and then became a second lieutenant in the Scots Guards, in which he attained the rank of captain and saw service in the war. He succeeded his father in the earldom in 1914, inheriting about 25,000 acres, located chiefly in Roxburghshire, in the Scottish Border. The family seat is Minto House, at Hawick, in that county. In the autumn of 1918 Lord Minto arrived in Canada to take up his duties as aide-de-camp to His Excellency the Duke of Devonshire, the governor-general. Following the example of the Prince of Wales, the earl has purchased a ranch in Alberta.

SPECIAL SESSION OF MEXICAN CONGRESS

Mexico City, Jan. 18.—A call for a special session of the Mexican Congress, beginning February 7, was issued last night by President Obregon. Among the projects to be considered are the new banking law, article 27 of the constitution, which governs petroleum deposits; a new labor law; army reconstruction, and international commerce.

FINANCIAL AND COMMERCIAL

EGG PRICES ARE SLIGHTLY EASIER

Wheat Takes Big Advance On Local Market—Hay Firm.

The local wheat market Tuesday opened with small supplies and an exceedingly active demand. Wheat sold for $1.95 per bushel, and $3.25 per hundredweight. During the past two weeks local quotations have been much lower than those at country points, but there was no expectation that it would jump to this level. Throughout all the wheat markets of Canada and the United States since the beginning of the year it has been subject to decided jumps.

A slight rally was noticeable on the hog market today. Live hogs sold for $14.50 per hundredweight. Fat sows at $9.50, but dressed lots remained at $20 and $21 per hundredweight. A large shipment to Toronto is expected to be made on Wednesday.

Hay was in good demand, but supplies were small because of the poor condition the country roads are in. From $26 to $29 per ton was paid for both timothy and clover hay. Straw appears to be in poor demand at $10 and $11 per ton.

Eggs showed further signs of taking a slump. Wholesale prices were 72c and 73c per dozen, and retail prices fell to 80c and 82c per dozen.

Potato prices are on the downward grade. Retail prices, per bag, were $1.60 and $1.70, and they wholesaled at $1.50 and $1.60 per bag.

Quotations:

FLOUR.

TORONTO, Jan. 17.—Ontario Flour—90 per cent patent, $9, bulk, seaboard.

Manitoba Flour—Government standard, track, Toronto, cash prices; first patent, $11.10; do., second, $10.60.

Millfeed—In carlots, delivered Montreal freights, bags included; bran, $38 @40 per ton; shorts, $42 per ton; good feed flour, $2.75@3 per bag.

MINNEAPOLIS, Jan. 17.—Flour—Unchanged to 30c lower; carlots, family patents, per barrel, 98-lb. cotton sacks, $9.85@10.40.

Shipments—$54,467 barrels.

Bran—$27.

NEW YORK, Jan. 17.—Flour—Steady; spring patents, $9.50@10.25; do., clears, $7.25@8; winter straights, $8.75@9.25; do., Kansas, $9.50@10.

MONTREAL, Jan. 17.—There was no new developments in the flour situation today.

The trade in millfeed continued steady.

A weaker feeling developed in the market for rolled oats.

Flour—Manitoba spring wheat, new standard, $10.90.

Rolled Oats—Per bag, 90 lbs., $3.40 @3.50.

Bran—$40.25.

Shorts—$40.25.

HAY.

TORONTO, Jan. 17.—Hay—Baled, on track, Toronto, carlots, $29@30 per ton; No. 1 loose, $35@37 per ton.

NEW YORK, Jan. 17.—Hay—Quiet; No. 1, $1.70@1.80; No. 2, $1.60@1.70; No. 3, $1.45@1.55; shipping, $1.25@1.35.

MONTREAL, Jan. 17.—There was nothing to note in the baled hay market today.

Hay—No. 2, per ton, carlots, $29@31.

OILS.

Liverpool, Jan. 18.—Turpentine Spirits—100s.

London, Jan. 18.—Closing: Calcutta Linseed—£23 10s.

Linseed Oil—33s.

Sperm Oil—£60.

Petroleum—American refined, 2s 3¾d; spirits, 2s 4¼d.

Turpentine Spirits—85s.

Rosin—American strained, 34s; type G, 35s 6d.

Tallow—Australian, 51s.

PROVISIONS.

Chicago, Jan. 18.—Provisions tended downward in the absence of any aggressive support.

Liverpool, Jan. 18.—Hams—Short cut, 180s.

Bacon—Cumberland cut, 170s; Wiltshire cut, 198s; clear bellies, 195s; shoulders, square, 160s; do, New York, 140s.

Lard—Unrefined, 138s.

LIVE STOCK.

Toronto, Jan. 18.—Cattle—Receipts, 635; cattle trade opened a little slow; prices remain steady with yesterday's decline; 12 heavy steers, averaging 1,220 lbs, sold for 10c per lb; common and medium butchers are a fair sale; canners, $3 25@3 50, according to grade; no inquiry for feeders; butcher steers, choice, $10@11; good, $9@10; medium, $7@9; common, $4 50@6; butcher heifers, choice, $9 50@10 50; medium, $6 50 @8 50; common, $4@6; butcher cows, choice, $8@9; medium, $6@7; canners and cutters, $3 25@5; butcher bulls, good, $7@8 50; common, $4 50@6; feeding steers, good, $9@10; fair, $8@9; stockers, good, $7@9; fair, $6@7.

Calves—Receipts, 88; prices remain steady on a firm market; choice, $15@17; medium, $11@14; common, $5@10.

Milch Cows—Choice, each, $100@140; springers, choice, $110@150.

Sheep—Receipts, 562; a few lambs sold at 12@12½c per lb; there is a weaker tone in the market; there is a fair demand for good sheep at steady prices; lambs $11 50@12 50.

Hogs—Receipts, 757; hogs are selling steady at yesterday's quotations; fed and watered, selects, $15 75@16; light, $13 75@14; heavy, $14 75@15; sows, $11 75@13.

GRAIN.

Winnipeg, Jan. 18.—May wheat opened ¾c to 1¼c higher at $1 92½@1 94.

Oats ⅛c higher for May at 56⅛c.

Flax unchanged for May at $2 13½.

Chicago, Jan. 18.—Opening: Wheat—March, $1 75¼; May, $1 68.

Corn—May, 70⅜c; July, 71⅝c.

Oats—May, 46¼c; July, 45⅞c.

Chicago, Jan. 18.—Wheat underwent a sag in price today, owing more or less to reports that Italy had cancelled some of her purchases. Besides, domestic demand appeared to lack volume. Selling pressure, however, was only of a scattered sort. Opening prices, which ranged from unchanged figures to 1½c lower, were followed by a little rally and then by moderate declines all around.

Continued liberal receipts had a depressing influence on corn. After opening ⅛c to ⅞c lower, the market weakened still further.

Oats were relatively steady but dull, starting ⅛c to ¼c up, and then becoming somewhat easier.

East Buffalo, N.Y., Jan. 18.—Cattle—Receipts, 200; steady.

Calves—Receipts, 200; 50c higher at $4@17.

Hogs—Receipts, 9,000; steady to 25c higher; heavy, $10 50; mixed, $10 50@10 75; yorkers, $10 75@11; light yorkers and pigs, $11; roughs, $8 25@8 50; stags, $5 50@6 50.

Sheep and Lambs—Receipts, 8,600; lambs slow, $6@11; yearlings, $6@8 75; wethers, $6@6 50; ewes, $2@5 50; mixed sheep, $5 75@6.

NEW YORK STOCK EXCHANGE.

New York, Jan. 18—Wall Street, 10:30 a.m.—The stock market drifted aimlessly at the dull opening of today's session, although losses exceeded gains. In no important instance, however, were the changes more than fractional. Reading, selling ex-dividend, recovered part of yesterday's reaction, and the trend of other rails was moderately upward. Steels, equipments, coppers and oils were slightly over or under yesterday's final prices, and specialties manifested the same uncertain tone. Early quotations for foreign exchange pointed to a continuance of yesterday's advance, demand sterling mounting to $3 78¼, a new high record for the year.

MONTREAL STOCK EXCHANGE.

Montreal, Jan. 18.—The dullness that has dominated the local stock exchange since the beginning of the week was still very much in evidence during the early trading this morning, only four of the most important issues appearing at all, and these were anything but interesting. Abitibi was fractionally weaker at 55, while Atlantic Sugar strengthened ½ point to 32. Laurentide was unchanged at 92, as was also Breweries at 52½.

TORONTO STOCK EXCHANGE.

Toronto, Jan. 18.—Trading on the stock exchange this morning lacked a definite trend, with the more speculative issues inclined to sag, while other stocks not marketed so often advanced slightly.

Consumers' Gas, which has been depressed for some time, augmented yesterday's recovery by selling up to 132, a gain of 2 points from yesterday. C. P. R. led the declining stocks with a loss of 2 points at 133, while Atlantic Sugar, Brazilian, Barcelona and Abitibi forfeited fractions.

STANDARD STOCK EXCHANGE.

Toronto, Jan. 18.—Active trading continued on the mining exchange, especially in the gold stocks, silver stocks being on the quiet side. Keora led the list in strength and activity, touching a new high level at 25c. This compares with 20c at yesterday's opening. Keora advanced on heavy trading until 25c was reached. A slight reaction then set in, and the close, 24½c, showed a net gain of ¾c for the day. McIntyre was strong, with a gain of 1 point at 184. Schumacher opened higher at 22c. Porcupine Crown and V. N. T., however, were lower, the former losing ½c and the latter ¾c from previous day's quotations.

Silvers were quiet, with La Rose down ½c at 33c.

[Special to The Advertiser.]

Toronto. Jan. 18.—Morning sales: Atlas, 1000 at 15½; Dome Lake, 1000 at 3⅛; Gold Reef, 8000 at 3½; Hunton, 1000 at 9; McIntyre, 1200 at 184; Porcupine Crown, 1000 at 20½; Schumacher, 1000 at 22, 1000 at 21½, 200 at 21; Teck-Hughes, 3000 at 11¼, 3000 at 11½; Thompson-Krist, 2000 at 7¼, 1000 at 7½; V. N. T., 10,000 at 21; West Dome, 2000 at 8⅞, 1000 at 8¾, 600 at 9; West Tree, 1000 at 5; Ajax, 1000 at 22; Vacuum Gas, 2000 at 14, 1000 at 14½, 1000 at 15; Bailey, 1000 at 3¾; Hargraves, 1000 at 2; La Rose, 500 at 33; McKinley, 100 at 28; Nipissing, 10 at 895; Trethewey, 300 at 20½; Keora, 5000 at 23¾, 7250 at 24, 1500 at 24¼, 10,000 at 24½, 1900 at 25, 4600 at 24¾. Total sales, 77,160 shares.

UNEMPLOYMENT SITUATION IN DENMARK IS SERIOUS

Copenhagen, Jan. 18.—Danish industries are facing a critical situation, a majority of large concerns working half time and others being closed down. Unemployment is rapidly increasing, and in the meantime the market is becoming glutted with foreign-made goods. A section of the Danish press is upbraiding the Government for its placid attitude, demanding either protective measures or suspension of imports.

Trade Expansion Reviewed at Royal Bank Annual Meeting

Sir Herbert Holt, President, Stated That Considering the Times, Canadians Are a Fortunate People—Government Ownership of Railways and Fleet More Expensive Than Pension Charges and Other Legacies of War.

Edson L. Pease, Vice-President and Managing Director, Points Out That Business Is Being Brought Down to a New and Sounder Basis—Foreign Branches Important Factor in Building Up Foreign Trade of the Dominion.

C. E. Neill, General Manager, Reviews Most Successful Year in History of the Bank—Total Assets Now Stand at $594,670,013, an Increase for the Year of $61,022,928.

The fifty-second annual meeting of the Royal Bank of Canada marked the close of the most successful year in the history of the bank, and was also featured by a number of interesting announcements by Sir Herbert Holt, the president, and Edson L. Pease, vice-president and managing director.

The past year has been one of unusual developments throughout the world, and many problems have naturally developed for the largest banks. Sir Herbert Holt made a particular reference to the situation in Canada at the present time, and touched on what the bank considered to be the outlook. In discussing this subject, Sir Herbert said:

"The position of Canada is fundamentally sound. Considering the times, we are a fortunate people. No nation has escaped the aftermath of the war and throughout the world there is disturbance or unrest. In China, famine spreads desolation, confusion and terror reign in Russia, while Europe is grappling with complex problems. Even in progressive Japan industry is paralyzed. Contrast this with our condition. Our crops are the most valuable in our history, even at the reduced prices obtainable; bank deposits have doubled since 1913; most merchants have set aside reserves in the years of plenty to tide them over a lean period, and a great part of the bonded indebtedness of the country is held within the Dominion. Moreover, our friendship and cordial relations with our neighbor render unnecessary the expenditure for armaments which is strangling Europe. Unemployment is less, and business failures are fewer, comparatively, than in the United States, and when our war liquidation is over, we should be among the first to enter upon a new era of stable prosperity."

High Cost of Government Operation.

Sir Herbert also dealt with the Government control, and pointed out the tremendous load that is now being inflicted upon the country through Government ownership of railways. Discussing the question of Government control, Sir Herbert said:

"Government control has practically disappeared during the year just past—wheat, paper and sugar being the commodities to be freed from regulation. Government ownership of transportation systems has developed. Without any advantage to the public in efficiency or rates, the operation of our national railways during the past twelve months has resulted in a loss which will probably more than absorb the amounts collected as excess profits and income taxes for the year 1919. Unless Government methods of operation are more efficient in this country than they have been in others, taxpayers in Canada may find the maintenance of their railroads and fleet more expensive than pension charges and other legacies of the war combined. Of a total of $6,400,000,000 spent by the United States during the last year, $1,037,000,000 went to pay the cost incurred by the Government in its control of the railways. The present waste is obvious, and the remedy should be speedy and effective. The needs of the country call for businesslike administration of its assets. If this be afforded we can attack our problems with added confidence."

Canada's Position Sound.

The position of Canada is fundamentally sound. Considering the times, we are a fortunate people. No nation has escaped the aftermath of the war, and throughout the world there is disturbance or unrest. In China famine spreads desolation, confusion and terror reign in Russia, while Europe is grappling with complex problems. Even in progressive Japan, industry is paralyzed. Contrast this with our condition. Our crops are the most valuable in our history, even at the reduced prices obtainable; bank deposits have doubled since 1913; most merchants have set aside reserves in the years of plenty to tide them over a lean period, and a great part of the bonded indebtedness of the country is held within the Dominion. Moreover, our friendship and cordial relations with our neighbor render unnecessary the expenditure for armaments which is strangling Europe. Unemployment is less, and business failures are fewer, comparatively, than in the United States, and when our war liquidation is over we should be among the first to enter upon a new era of stable prosperity.

Situation in Cuba.

Owing to the important developments that have occurred in Cuba and the interest which the bank has in that centre, Sir Herbert reviewed the Cuban situation, and also drew attention particularly to the bank's position. In dealing with this subject Sir Herbert said:

You will doubtless wish to hear how we fared in Cuba, in view of the recent financial disturbances in that island, and our interests there. The business of Cuba is bound up in sugar. Production last season was some 700,000 tons less than estimated, and prices naturally rose abnormally, reaching over 23½ cents last May. A sugar famine in the United States appeared inevitable, when relief came from an unexpected source. Financial disturbances in the Far East, and the sudden fall in the silver exchanges, led to the curtailment of Far Eastern purchases of sugar in the Java market. This sugar was available for the United States, and it is estimated that that country purchased altogether 500,000 tons of Japan and other sugars, of which ordinarily not a pound would have come to this continent. The market price broke violently and has continued steadily downward, today the quoted price being 4½ cents per pound. Cuba was left holding a stock of 300,000 tons, about 10% of last season's production. Ninety per cent of the crop had been sold at prices which averaged not less than 10 cents per pound, and the amount thus realized, over $700,000,000, was much greater than that obtained for the whole crop of 1918-19, itself a record season. Certain individuals and firms, however, were hard hit by the collapse in prices. The fall left them to face a severe loss, and these individual embarrassments were the original cause of Cuba's troubles. The difficulties of one Cuban bank which suspended operations in October last, were caused only partly by losses in sugar. The main reason was probably overextension of its business. On its suspension the Cuban Government declared a moratorium.

Thanks to the precautions taken by our management in early warning our officers in Cuba of the inevitable reaction that would follow the excessively high prices, and instructing them to adhere to our policy of making no advances for speculative purposes, I am pleased to tell you that we have made no loss, and do not anticipate making any loss as a result of the present financial disturbances! In any case full provision has been made for unforeseen contingencies. We are conducting business as usual, not taking advantage of the moratorium, being satisfied, after an experience of over twenty years, that there is no safer banking field than Cuba.

While I see no need for pessimism at this time, we should look the situation in the face. The present reaction is a temporary set-back only, but before normal business activity is restored, further liquidation is inevitable. In the United States this liquidation has proceeded far more rapidly than here, and the fall in prices has been much greater than with us. I see no escape from the common level. This further fall will involve business losses, curtailment of manufacturing and partial unemployment of labor. Trade will then be placed on a sounder and surer basis. There is comfort in the thought that a return to normal prices will bring relief from the high cost of living which has become so intolerable.

Vice-President's Remarks.

Edson L. Pease, the vice-president and managing director, dwelt more particularly with the affairs of the bank and the endeavors that were being made all the time to increase the export and import trade of the country. Dealing with this form of business, Mr. Pease said:

"Despite the generally unsatisfactory condition of international trade, due impaired buying power and depreciation in exchanges, we have every reason to be thankful for the results and the quality of the business we have built up in the countries where we are represented. Our branches in South America are making steady progress, and we are well pleased with the outcome of our first year's operations there. We are moving slowly, taking no undue risks. It must not be supposed that a bank's interests in a foreign country are necessarily jeopardized in consequence of weak exchanges. As a matter of fact, we are not affected by the wide and up and down movements in exchange, since our position in the exchange market is covered daily by sales against purchases and vice versa.

Advantages of Foreign Branches.

"Without exception the operation of our foreign branches has been satisfactory, and in this connection I desire again to put on record my views as to the advantage of conducting foreign business, where possible, through the medium of our own branches rather than through affiliations with other banks, which we do not control. It is only through its own branches that a bank can keep in close touch with its customers and give efficient personal service.

"That the expansion of a bank does not mean a drain on the main organization is something which I have had occasion to point out many times. The figures of our foreign loans and deposits as they stood at November 30th last year affirm this fact:

Deposits	$164,000,000
Loans	$102,000,000

Preferential Tariff With British West Indies.

"The preferential tariff agreement between Canada and the British colonies in the Caribbean, which now awaits ratification by the Dominion Parliament, will not only result in trade advantages, but will serve to strengthen the movement for closer union. A most gratifying feature is that Jamaica, British Honduras, Bermuda and the Bahamas, which did not join in the old pact of 1912, are parties to the new arrangement. Canadian trade with these British colonies, which was increasing steadily under the influence of the preferential tariff arranged in 1912, will receive fresh impetus from the very favorable conditions now in prospect. The trade of the British West Indies reaches surprisingly large figures, the total value of their 1919 imports and exports being about 250 million dollars. Of this amount, a little over 100 million dollars is represented by imports, one-third of which is supplied by the United States.

"In summing up the general business situation, while I feel that casual optimism is out of place, and that we ought all to recognize the fact that business is being brought down to a new and sounder basis, I think that undue pessimism is just as bad as the other extreme. Whatever the difficulties we have to face in the near future, the fundamentals of Canada's position are sound, granted that the Canadian people work hard and exercise reasonable economy.

"In the period we are thus looking forward to, I feel confident that this bank will play no small part."

Development of Foreign Trade.

Mr. Pease also touched upon the commercial relations between Canada and the United States. Dealing with this subject and the manner in which our exchange had been affected, he said:

"The character of our foreign trade has also changed sharply. The year ending November 30, 1920, shows an adverse balance of $56,000,000 as compared with a favorable balance for the year ending November 30, 1919, of $330,000,000. Exports during the past year were well maintained at slightly above the level of the previous year, but imports showed an increase of $425,000,000. Our imports from the United States amounted to $925,000,000, an increase of $200,000,000 over the previous year, due in large part to increased prices of commodities. During the five years 1910-1914, the percentage of exports to the United States to imports from the United States averaged 40 per cent. Since then the percentage has improved, and will probably be 58 per cent this fiscal year. Our exports last year were notably supported by sales of lumber, pulp and paper. On the other hand, the consumption of those articles for the supply of which we are largely dependent upon the United States, is increasing with the growth of the country. Iron and steel products imported during the six months ending September were of about the same value as those for the entire fiscal year 1913, viz.: $130,000,000. The year's purchases of cotton and its products in the United States were $70,000,000, compared with $17,000,000; automobiles, 11,000 as against 8,000; $12,500,000 worth of automobile parts as compared with less than a million dollars. We consumed 300,000,000 gallons of United States petroleum, gasoline and lubricating oils, as against 190,000,000 in 1913."

Necessity of Increased Exports.

Is it any wonder we are suffering from adverse exchange rates? The only correctives are, we repeat, the curtailment of imports of non-essential articles and the increase of exports. So far as a country's currency is at a discount, the cost of imports is increased, and wide fluctuations tend to change legitimate business into speculation. We in Canada have been fortunate in that our exchange relations with the United States have been fairly stable compared with those of other countries with the United States. The premium on American funds ranged from eight to nineteen per cent during the past year, and is now 15%. Contrast this with the discount on other currencies in New York on December 31st: Sterling 27%, French exchange 69%, and Italian exchange 82%.

Difficulties incident to a period of falling prices in Canada and abroad have been lessened by the fact that this year's field crops in the Dominion have been abundant, and are estimated to represent in value an increase of $184,000,000 over the previous year, this despite the fact that the acreage sown to wheat in 1920 was about a million acres less than the previous year, and the average price for wheat is low compared with the price paid by the Government last year for the entire crop, viz.: $2.63 per bushel. The partial abstention of the British royal commission from buying new crop wheat has been an unfortunate feature, but their place in the market has been taken to a certain extent by the United States and various continental countries.

In summing up the general situation in Canada, Mr. Pease said:

"In summing up the general business situation, while I feel that casual optimism is out of place, and that we ought all to recognize the fact that business is being brought down to a new and sounder basis, I think that undue pessimism is just as bad as the other extreme. Whatever the difficulties we have to face in the near future, the fundamentals of Canada's position are sound, granted that the Canadian people work hard and exercise reasonable economy."

Best Year in History.

C. E. Neill, the general manager, in reviewing the statement for the past year, said:

The statement submitted to you today records another year of substantial growth. The total assets of the bank are now $594,670,013.43, an increase of $61,022,928.50 for the year. Total deposits are $455,017,387.02, the growth being $61,463,229.74.

It will be noted that there is a shrinkage in free deposits, which is accounted for by the fact that on November 30, 1919, we had large special deposits in connection with subscriptions to the Victory Loan.

The substantial increase in interest-bearing deposits is a particularly satisfactory feature, inasmuch as deposits of this class to a considerable extent represent the savings of the people.

The note circulation of the bank continues to expand.

An increase of no less than $52,951,830 in current loans is the result of our policy of affording legitimate assistance to clients of the bank during a period of great trade expansion. The percentage of current loans to total assets of the bank is now 48.16.

The substantial reduction in our holding of Government securities is due chiefly to repayment of loans granted to the Imperial Government for war purposes.

In view of the heavy demands made on us by commercial borrowers, it is satisfactory to note that the liquid position of the bank is well maintained, liquid assets being 50.50% of liabilities to the public, our actual cash and deposits in banks being over 30% of our total liabilities.

Increase in Capital and Reserve.

The capital of the bank has been increased during the year by the issue of 34,000 shares to our shareholders at $150 per share. Although the final installment is not due until April 11, only $265,990 remains to be paid on account of the new issue.

The Reserve Fund now equals the capital, having been increased through the year by premium received on new stock and by an appropriation from profits.

The substantial growth in the bank's resources has resulted in a satisfactory increase in earnings, the net profits being $4,253,649.24, equal to 23.70% on our capital, or 12.01% on our combined capital and reserve.

The usual dividends and an additional bonus of 2% have been paid to shareholders, and a balance of $546,928.20 is carried forward in Profit and Loss Account.

I desire to draw particular attention to the fact that in addition to writing off all bad debts, the fullest provision has been made for any loans of a doubtful character.

In view of existing conditions, a particularly careful revaluation of the assets of the bank has been made, and it is gratifying to know that our position is a very satisfactory one. In this connection I wish to draw special attention to the fact that the loans of the bank are very widely distributed and that we have no unusually large individual advances of any kind on our books.

REAL ESTATE FOR SALE REAL ESTATE FOR SALE

Market Garden and Florist Site For Sale

The garden and greenhouse property of the late A. R. Murdock, about 10 acres of warm, sandy loam, cut off from northerly winds and having a very warm southern exposure. Nothing more suitable around London for early market garden, and being close to Mount Pleasant Cemetery, offers exceptional opportunity to a wide-awake florist, also splendid prospect for subdivision.

Get after this at once and be ready for the spring work.

TAKE CARE OF THAT COUGH

Some people get a nasty cough and don't pay much attention to it, saying: "Oh, it will wear away in a short time," but while it may wear off, serious injury may have been done to the lungs and respiratory organs by the prolonged, harsh, racking coughing.

On the first sign of a cough or cold get a bottle of Dr. Wood's Norway Pine Syrup. It will stop that nasty, troublesome cough, ease the tightness across the chest, and loosen the phlegm.

Mrs. Wm. Earnshaw, Apsley, Ont., writes: "Last winter I caught a bad cold, had a sore throat and a terrible hacking cough that I could not get rid of. I could not sleep at night. I tried quite a few remedies, but they did not do me much good until I got Dr. Wood's Norway Pine Syrup. By the time I had taken two bottles, my cough was all gone. I feel that 'Dr. Wood's' has no equal."

When you get Dr. Wood's Norway Pine Syrup, you are not experimenting with new and untried remedy, but one that has a reputation extending over thirty years.

Put up in a yellow wrapper; three pine trees the trade mark; price 35c and 60c a bottle, manufactured only by The T. Milburn Company, Limited, Toronto, Ont.

BEGGAR HAD ROLL OF $128 IN HIS POCKET

WINDSOR, Jan. 17.—Frank Gould, giving Detroit as his address, was brought into police court here today charged with begging. He was arrested last night after he had been given 25 cents by a man. When searched by the police he was found to have $128. Gould said he was not begging, but came to Windsor to get a drink of liquor. Magistrate Gundy remanded him for four days.

ECONOMY IS WATCHWORD.

SARNIA, Jan. 17. — With Mayor Crawford in the chair the council and heads of the various civic departments met in the city hall tonight in an effort to stop financial leaks throughout the city. The session was the result of the activity of Ald. Thomas Cook, and following the announcement of Mayor Crawford in his inaugural speech, every effort is being made to curtail the city's expense during the year. It was stated, following the meeting, that the city will spend very little money during the year, and that money will be spent only for work that is absolutely necessary.

PLANNING EXTENSIONS.

WINDSOR, Jan. 17.—Development work on a big scale for the former S. W. and A. lines is said to be the program of the Hydro Commission as soon as mild weather arrives.

Civic officials have been notified by Engineer T. U. Fairleigh that a report upon proposed extensions will be available in a few days, and will be presented to the council January 31.

BODY OF DUCHESS OLGA ON STEAMER

LONDON, Jan. 17.—Bodies supposed to be those of Grand Duchess Olga, daughter of former Emperor Nicholas of Russia, and her maid are aboard the British steamer Devanha, which is due to reach Egypt at the end of the present week. Disinterred at Yekaterinburg, the bodies are said to have been through Persia and thence to Shanghai.

Upon the arrival of the steamer they will be disembarked and taken to the Holy Land for final interment.

BUYS RANCH IN ALBERTA.

GUELPH, Jan. 17.—Albert Finch, an ex-member of the 16th Battery, left today for Alberta to engage in ranching. After returning he was in a hospital for several months, and later went West to accept a position with the veterinary department under the Alberta Government. A year ago he received word of an inheritance left him in England, where he fell heir to $35,000. He returned from England a short time ago, and is now on his way to Innisfail, Alberta, where he has purchased a ranch.

Robert's SYRUP OF **Cod Liver Oil & Tar**

is a scientific remedy in which the powerful curative properties of Cod Liver Oil and Tar are combined. The nauseous effect of the oil having been removed, the extractive principles remain to build up wasted strength and remove the irritation set up by Coughs, Colds, Bronchitis and other affections of the respiratory organs. Try it, for it

does stop coughs

Shave With Cuticura Soap The New Way Without Mug

JOHNNY EVERS IS IN FAVOR OF BUS TRIP FOR BASEBALL STARS

Chicago Manager Longs For Old-Time Ways.

Chicago, Jan. 18.—Revival of the old-time baseball players' bus for trips to and from the baseball park would go far toward restoring simplicity and the spirit of sportsmanship to the game, Manager Johnny Evers of the Cubs declared today.

"The old bus gave a good wholesome advertising, but at the same time it put real fun, chance for real team work and more honest-to-goodness pep in the game," Evers declared. "It made it more like a sport and less like a commercial proposition.

"Remember how the manager and his team used to pile out of the hotel and into the bus? If we were the visiting team the town was there to see and jeer at us. Away we would go across the town, the entire route one long line of yelling home town boosters. By the time the park was reached everyone had heard something that made him full of fight.

"After the game we would pile back into the bus. A couple of thousand fans would stand around and give us a hooting, win or lose. We got it coming and going, and loved it.

"How is it today? Morning practice makes the front of the park look like an automobile show. The players breeze in at the last minute, and breeze out as quickly as they can change clothes. The manager never sees his men together except at game time. The players are too busy keeping dates with everybody in the world, from movie promoters to soap manufacturers.

"That is the reason players today are not as smart collectively as they were a few years ago. They don't spend enough time learning baseball."

"Kid Unknown" Retains Mosquito Championship

One of the best features of last night's hockey match came in the interval between the second and third periods, when the mob of youngsters was in its usual slippery and tangled up chase of the slippery, sliding and elusive coppers thrown to the ice by the spectators.

Out of a melee of arms, legs and high-pitched voices, came a semblance of order suddenly, while two of the gang squared off with the time-honored ring around them. One was small, neat and with a regular fighting pose. The other was heavy-set, rather unkempt and experienced.

The small one was giving away fifteen pounds of weight, but not an inch of ice. The ring-side fans were all for him, and he came in again and again to the attack against a wicked left. The fight smeared itself down the side from centre ice, finally settling down behind the east goal. The mosquito-weight chap had his style cramped somewhat by an overcoat, which by this time he decided to dispense with. He had just got it off, and was warming up to his work, and being helped by several wicked uppercuts and straight arms, of which he was on the receiving end, when the game was put on.

Some father would have been mighty proud of that youngster if he had been there to see the fight.

But some father will get an unhesitating answer today some time as to the reason of certain marks about the face of his hopeful. It will probably be: "Aw, I run into th' door in de dark."

WILL TRANSFER RACING STABLE FROM FRANCE TO THE UNITED STATES

New York, Jan. 18.—A large part of the noted French racing stable of the late William K. Vanderbilt will be brought to the United States this year. A. K. Macomber, the California horseman, announced here today. Mr. Macomber acquired the stable last September at a price reported at about $1,000,000.

Among thirty-six horses to be shipped to the United States are the two famed breeding stallions, Seasick and Overnight, which during their racing life won $125,000 each; eight horses in training, and more than a score of yearlings. Among the racers are Tchad, 5 years old, winner of the 1919 French Derby; Brumado, Liberty Loan, Hand Grenade and War Fame.

BRANTFORD CITY HOCKEY LEAGUE OPENS THURSDAY

BRANTFORD, Jan. 17.—Six civic skating rinks were flooded this morning, and it is expected that there will be open air skating within a week's time. The weather is the coldest yet this winter, and the bringing to Brantford of the Paris O. H. A. games will make skating accommodation at the local rink somewhat cramped. The Big Four League has postponed its schedule until February 1, but the City League will open on Thursday night.

HARD LUCK ON TRAIL OF KITCHENER MIDDLE TEAM

KITCHENER, Jan. 17. — Hard luck seems to be following on the trail of the local intermediate team. First it was the lack of ice to practice upon, then it was a little jealousy amongst the players with the result that they did not pull very well together for a while, but happily that condition has vanished now.

When things got going nicely and George Karges, who is a tower of strength to the team, was used by the seniors in two games, making in ineligible for further intermediate hockey this year, they then tried to get "Ab" Leroux to turn out, but he was not enthusiastic. Then Earl Jamieson was sought.

He came to town on Saturday, but he will not be available for the intermediates, as he has a broken ankle as a result of playing a game in Montreal. This will be a severe blow to the intermediates, following so closely upon the loss of Karges.

WILL WITHDRAW TEAM.

Halifax, N. S., Jan. 18.—Announcement was made last night by Manager Joe Garnett that the Halifax hockey team would be withdrawn from the Maritime Independent League and disbanded. Inability to obtain players was given as the reason for the move.

TIMMINS GAINS LEAD.

New Liskeard, Jan. 18.—Timmins gained the lead in the northern group of the N. O. H. A. senior series here last night by trouncing New Liskeard 9 to 1.

When your grocer sells you a package of Red Rose Tea (Crimson Label) at 30 cents he makes a little less profit than if he sold you a package of cheaper tea. The extra price is all in the quality.

That Wretched Cough

that rasps your throat—racks your chest—and makes you miserable—will quickly disappear for good, when you take

NADRUCO *Syrup of Tar with Cod Liver Oil Compound*

It breaks up the cold as well as the cough—soothes the inflamed membranes of throat and bronchial tubes as it loosens the phlegm and allays irritation.

You may be sure of quick relief and lasting benefit when you take this dependable remedy.

Very agreeable in taste. Excellent for children. 24

Do This For Constipation
PEOPLE are beginning to realize that it is not at all necessary to take a strong purgative pill, and be weakened and upset all day, to relieve constipation no matter how old or chronic it is. The bowel muscles will get just the proper amount of stimulation from a teaspoonful of mild, gentle Dr. Caldwell's Laxative Syrup Pepsin, which is a combination of simple herbs with pepsin. The full formula is on the package. A sixty-cent bottle will last months, and last year over eight million were bought in drug stores. It relieves constipation overnight, headaches, billiousness, indigestion and feverishness.
If you would like to test Dr. Caldwell's Laxative Syrup Pepsin free of charge before buying it in the regular way of your druggist, send your name and address to Dr. W. B. Caldwell, 19 Front St., Bridgeburg, Ont., and a free trial bottle will be sent you promptly, postpaid.

HALCROW WILL LEAD LABORITES

Labor Group Will Not Press For Eight-Hour Day or Pensions.

TORONTO, Jan. 17.—George Grant Halcrow, M. P. P. for East Hamilton, consented today to accept the position of House leader of the Labor group in the Legislature, offered to him a short time ago at a conference here of the Labor M. P. P.s and executive officers of the Independent Labor Party. Mr. Halcrow's leadership will not extend to the Labor members of the cabinet, but will be confined to the private members of the House. He presided at a conference of the Labor members of the Legislature here today, when matters in connection with labor legislation were considered.

Will Not Press.

As a result of today's conference, it is understood that the Labor group will not press for eight-hour day legislation at the coming session, as they believe that a province-wide enforcement of the eight-hour day is not practicable at the present stage. However, it is understood that the Labor group will present the question in such manner that the Government will take it under advisement with a view to possible future action thereon.

Neither will old age pensions be insisted upon at the approaching session. Opinion seems to be divided among the labor members on the advisability of pressing for such legislation in the Provincial Legislature, some of them taking the ground that it is a matter for the Federal Government to deal with.

Favors Payment.

While the labor group favors the payment of 100 per cent compensation for injuries to workmen, it is understood that the group will not make this a matter for contention if the farmer members of the Legislature oppose it very strongly.

The labor conference, from which M. M. MacBride, M.P., Brantford, was conspicuously absent, was in the nature of a preliminary meeting to the joint caucus of U. F. O. and labor supporters of the Government to be held tomorrow.

GAS ORDER HAS BEEN AMENDED

Important Change Is Made in Connection With Schools.

CHATHAM, Jan. 17. — The following amendment to gas order fifteen was issued today by Gas Commissioner E. S. Estlin: "The said order is hereby amended by adding to the clause which reads as follows: 'Schools and halls or rooms used for school purposes' the following words: 'Where gas is the sole fuel used for heating subject to the minimum total consumption in any one month of seventy-five thousand cubic feet."

CEMETERY REGISTER FOR KIN OF HEROES

Ottawa Government Will Supply Copy To Relatives Here.

OTTAWA, Jan. 17.—(By the Canadian Press).—Twelve hundred cemeteries scattered across France and Belgium will be constructed by the Imperial war graves commission as final resting places for the thousands of soldiers of the British Empire who fell during the war. Some of these cemeteries have been completed under the direction of distinguished architects, but by far the greater number are yet to be constructed. In many of the cemeteries Canadian soldiers are, or will be, buried, and some of them will be composed largely, if not entirely, of Canadian graves. As the record of each cemetery is completed by the military authorities, it is handed over to the imperial war graves commission for marking, beautifying and care.

When a cemetery is completed a register is compiled, neatly bound in book form, containing photographs and descriptive matter in regard to the cemetery, and an alphabetical list of the soldiers buried there, with full particulars of rank, regiment, age, date of death, location of grave, and names of next of kin. These registers, when complete, form a complete roll of the cemetery. One copy, bound in leather, is left at the cemetery, other copies being sent to public libraries and institutions of that nature, while others have been sold, on application, at the cost of production.

The Canadian Government, having seen samples of the registers, and realizing what treasured possessions they will be to relatives of soldiers who are buried in the cemeteries, have decided to purchase sufficient copies of the register of each cemetery as it is published to supply the nearest relative of each soldier buried in the cemetery.

Arrangements have consequently been made to have supplies sent to Ottawa as each register is completed. They will be distributed to the nearest relative from Ottawa.

SPECULATION ABOUT JOURNEY OF GEDDES

English Newspaper Believes Lloyd George Cabinet Seeks Ambassador's Views.

LONDON, Jan. 17.—The visit of Sir Auckland Geddes, British ambassador to the United States, to London probably is accounted for by the importance of a full exchange of views between Sir Auckland and the Government in anticipation of the inauguration of the new administration at Washington, says the Pall Mall Gazette today. The newspaper thinks the British Government desires the best information and advice of its representatives on contingencies which are regarded as possible under the new president.

The Gazette points out that the action of the United States must be of the highest importance for Europe under several headings, instancing the tariff policy, treatment of the allied debt, the attitude of the United States in the future on armaments, and its disposition toward the League of Nations.

"In all these matters we may be on the verge of diplomatic exchanges that will go to mould history," the newspaper says, "and the British Government and its ambassador are wise in leaving no possibility unexplored against the time when Mr. Harding unfolds the contents of his mental portmanteau."

DISCREDIT REPORT OF SHAH'S ABDICATION

LONDON, Jan. 18.—Reports which have been in circulation that the Shah of Persia has abdicated are discredited in British official circles. The shah was in Teheran Saturday night, according to the latest official news. He had not abdicated up to that time, nor had there been any indication of such a move, it was stated today.

Nebula Breaks Speed Records

Is Now Dashing Through Space At 1,224 Miles a Second.

CAMBRIDGE, Mass., Jan. 17.—(Canadian Press.)—Nebula Dreyer, No. 584 in the constellation of Cetus, has broken all known speed records of the heavens. It is dashing through space away from the earth at a velocity of almost 2,000 kilometres a second, the highest speed ever attained by a celestial object. This was the word received at the Harvard College observatory today from Dr. V. M. Silpher of the Lowell Observatory, Flagstaff, Arizona, in announcing the result of spectrographic observations there.

Prof. Solon I. Baley of the Harvard University Observatory said most of the stars move through the heavens at less than 100 kilometres a second; runaway stars have been known to gain a momentum of a few hundred kilometres a second, and other objects have been found to go as fast as 1,000 kilometres a second. The highest celestial speed previously recorded by another nebula was only 1,130 kilometres a second, the Harvard scientist said. Sun, star or nebula has never closely approached the speed of Dreyer, No. 584, in his opinion.

The Nebula, which is so faint that it is not visible to the eye, flashes across the lower southern sky in the early evening.

LOSS IS $40,000 IN SARNIA FIRE

Big Lake Boats in Danger When Ice Houses Burn.

SARNIA, Jan. 17.—Fire of an unknown origin tonight totally destroyed Brown's ice-house along the bank of the St. Clair River, causing a loss of $40,000, and for a time threatened a number of Northern Navigation boats docked in their winter berths. The efforts of the fire department and hundreds of citizens acting as volunteers alone saved the boats and a number of industries along the water front.

Once the roof of the street railway car barns caught. A number of boats and houses, as well as industrial plants, were scorched, but the heroic efforts of the vounteer bucket brigade confined the fire to three big ice-houses, which were burned to the ground.

The river St. Clair had its first sheet of ice tonight, but two tugs were able to take a freighter out of the fire zone after it had been threatened several times by the flames.

The loss is said to have been covered by insurance. The buildings burned were practically new, having just been completed a few months ago.

CANADA HAS RIGHT TO PICK JUDGES FOR INTERNATIONAL COURT

OTTAWA, Jan. 17.—(Canadian Press.)—Amendments secured in the procedure for nominations of representatives on the International court of justice will give Canada and the dominions the same rights of representation as those nations which were members of groups on the arbitral tribunal of The Hague tribunal, according to Hon. C. J. Doherty, who has just returned from Geneva. Under the amendments each nation which is a member of the League of Nations had the right to nominate four persons as judges of the international court of justice. Not more than two of these persons may be nationals of the nation nominating them, and the other two may be nationals of any other country. This gives Canada the same rights as nations parties to The Hague tribunal.

The judges of the international court of justice will be elected only when they have a majority both in the council and the assembly of the League of Nations. Canada had suggested that nominations be made direct by the nations instead of by groups under The Hague tribunal, but it was argued that when the nominations were made by groups the nominee would be unlikely to have any political leanings. For those nations which are not in groups under The Hague tribunal, it was decided that they should form groups of the same proportion, and these groups would have the same right of nomination.

LUXURY TAX OFF PIANOS.

The removal of the Luxury Tax is a real boon to large numbers who have been desirous of procuring a high-grade piano such as that made by Nasmith, Olde Firme of Heintzman & Co., Limited, 242 Dundas street, London. This fact, together with other conditions, has resulted in a reduction in price of all pianos catalogued by this well-known firm.

DORCHESTER FAIR HAS BALANCE OF $1,151

DORCHESTER, Jan. 17.—Gratifying interest was manifested today in the annual meeting of the Dorchester Agricultural Society held in the town hall. There was a large attendance and satisfaction was expressed with the progress made last year. The financial statement showed a balance of $1,151.18.

The following officers were elected: President, A. E. Jackson; first vice-president, C. Rath; second vice-president, D. L. Morrison. Directors: Ward 1, F. Boyse, S. Shaw, E. Wilson, C. Hunt, J. Calvert, R. G. Boxall. Ward 2, E. C. Capstick, A. George, T. Harris, G. F. Neely, F. Matthews. Ward 3, G. F. Watcher, B. Marsh, S. Jackson, A. McCallum. Ward 4, D. Jackson, C. Roulston, H. Longfield, J. Johnston, Charles Venning.

J. Calvery and D. Jackson were appointed delegates to the district meeting and the annual convention of the fairs association to be held in Toronto. Miss C. Neely was re-elected secretary-treasurer.

It was decided to enter the standing field crop competition, for which oats was selected as the crop. The society will also enter the special combined competition, for which very liberal prizes are being offered by the department.

CONFIRMS SENTENCE ON COMMONS MEMBER

LONDON, Jan. 17.—The sentence of six months imprisonment imposed last November upon Lieut.-Col. L'Estrange Malone, Liberal member of the House of Commons, following his conviction of alleged seditious utterances, was confirmed today by the court of appeals, the court dismissing Lieut-Col. Malone's appeal from the lower court.

CHOP HOLES IN ICE TO PUT OUT FIRES

TOLEDO Ohio, Jan. 17. — Fifty farmers acting as volunteer firemen chopped holes through the ice on Lake Erie late today and saved the summer colony at Lakeside, Michigan, from destruction by fire. Ten cottages were destroyed.

PLANT IS INSTALLED.

OTTAWA, Jan. 17.—Frank Plant, who won out in a recount asked by his opponent, Joseph Kent, was installed as mayor this morning.

BANDITS GRAB $2,000.

DETROIT, Jan. 17.—Automobile bandits held up a messenger for the Highland Park State Bank, in Highland Park, a suburb, late today, and escaped with a satchel containing about $2,000.

BOY WAS LEFT WITHOUT FOOD

Police Commission Asked To Investigate Woodstock Case.

WOODSTOCK, Jan. 17.—One night recently a boy was placed in the lockup by one of the night police. The official forgot to notify the chief of the boy's presence in the cell and the lad was allowed to remain in confinement without food or assistance until found late the next afternoon by the janitor. The incident reached the ears of some of the aldermen and at a special meeting a resolution was passed asking the police commission to deal with the matter

COMMITTED FOR TRIAL.

WINDSOR, Jan. 17.—Wm. Paxton was committtd for trial by Magistrate Gundy today on a charge of attempting arson. Paxton, according to the testimony, was an employe of the J. & T. Hurley Coal and Cartage Co. until a week ago. He was discharged, according to John Hurley, because he acted peculiarly and the company feared he would do damage to its property.

John Debsted testified that last night he saw Paxton light papers which he had stuffed into the wall of the Hurley building. The blaze was extinguished without damage.

Paxton pleaded not guilty to the charge.

WANTED A BATTERY BADLY.

DELAWARE, Jan. 17.—Unknown parties, who were evidently exceedingly anxious to obtain a storage battery for an auto, broke into two local garages early this morning. The first garage visited was that of Robert Walker, where the door was smashed. Nothing was taken. The intruders then went across to the garage of Stanley Blosdale, wnere the door was smashed and nothing taken but a storage battery. No clue has as yet been found.

RECOMMEND NEW POLICE STATION.

GUELPH, Jan. 17.—At the organization meeting of the Police Commission today, Judge Hayes was re-elected chairman. The other members are: Magistrate Watt, who was re-elected clerk, and Mayor Burgess. The commission will recommend to the council that a new police court building be erected.

The commission also considered the question of increasing the local police force. Chief Rae is asking for two or three more men. A deputation of of taxi drivers waited on the commission and asked for amendments to the present taxi tariff which they claim is complicated. They ask that the city be divided into districts.

SUGGEST PROVIDING MEALS.

WINDSOR, Jan. 17.—While the situation in the Border Cities is by no means as serious as across the river, Dr. L. Hyttenrauch, medical director of Border schools, has recommended that the board of education consider the feasibility of providing light refreshments for under-nourished school children. It is not a matter of charity, Dr. Hyttenrauch declared, but he believes that under-nourished children will do better school work as a result.

TURKS CLAIM GREEK DEFEAT

Nationalist Press Say Turks Won Pitched Battle At Eskishehr.

CONSTANTINOPLE, Jan. 17. — The defeat of the Greek forces by the Turkish Nationalists in a pitched battle near Eskishehr, the junction of the Bagdad line with the railroad to Angora, is claimed by the Nationalist press at Angora, the Nationalist capital. The engagement occurred at Inonu, 18 miles west of Eskishehr.

The Greeks, who had made considerable advances since the beginning of their offensive some ten days ago, are now reported from Angora to be withdrawing along this entire front.

The Nationalists are reported to have recaptured Biliejik, 35 miles northwest of Eskishehr, making 600 prisoners and capturing six guns and much material. The Greeks are said to be abandoning the hotly-contested ground.

The above reports are considered here to be exaggerated, as the Greeks in Smyrna have already claimed that the same fighting resulted in victory for their arms.

THREE PLEAD GUILTY.

CHATHAM, Jan. 17.—James Laner, William Clark and Wm. Troy of this city appeared before Magistrate S. B. Arnold today, charged with several burglaries to which they pleaded guilty. They were remanded to jail for one week for sentence. The police are looking for Fred Miller, who is wanted also, but left the city suddenly Saturday evening.

BREAD PRICES REDUCED.

GALT, Jan. 17.—Without making any previous announcement local master bakers today reduced the price of bread 1 cent on small loaves to 12 cents, and 2 cents on large loaves to 24 cents. Housewives received a welcome surprise when the delivery men announced the decrease.

MEAT INJURIOUS TO THE KIDNEYS

Take a Tablespoonful of Salts if Back Hurts or Bladder Bothers.

We are a nation of meat eaters and our blood is filled with uric acid, says a well-known authority, who warns us to be constantly on guard against kidney trouble.

The kidneys do their utmost to free the blood of this irritating acid, but become weak from the overwork; they get sluggish; the eliminative tissues clog and thus the waste is retained in the blood to poison the entire system.

When your kidneys ache and feel like lumps of lead, and you have stinging pains in the back, or the urine is cloudy, full of sediment, or the bladder is irritable, obliging you to seek relief during the night; when you have severe headaches, nervous and dizzy spells, sleeplessness, acid stomach or rheumatism in bad weather, get from your pharmacist about four ounces of Jad Salts; take a tablespoonful in a glass of water before breakfast each morning and in a few days your kidneys will act fine. This famous salts is made from the acid of grapes and lemon juice, combined with lithia, and has been used for generations to flush and stimulate clogged kidneys, to neutralize the acids in urine so it is no longer a source of irritation, thus ending urinary and bladder disorders.

Jad Salts is inexpensive and cannot injure; makes a delightful effervescent lithia-water drink, and nobody can make to keep the kidneys clean and active, a mistake by taking a little occasionally

U. F. O. LEADERS ARE FIRMLY OPPOSED TO PREMIER'S ATTITUDE

Burnaby Believes Drury Going Contrary to Electors' Wishes.

TORONTO, Jan. 17.—Premier E. C. Drury's speech at Milton last week, in which he said he believed that the United Farmers' organization, as an organization, should not go into politics, has aroused strong opposition from leaders in the United Farmers' party of Ontario, notably R. W. E. Burnaby, president of the U. F. O., and J. L. Morrison, U.F.O. secretary. Mr. Burnaby is not only head of the United Farmers of Ontario, but is president of the council of agriculture, whose headquarters are in Western Canada.

President Burnaby is quoted, in part, in an interview here tonight as follows:

"On account of Premier Drury's position his statements regarding people's party, etc., are undoubtedly misunderstood by the masses of the people generally. He has no right to, and cannot, speak for the U. F. O., because the organization has always taken the very opposite view. He is but giving his own personal opinion. The very foundation of the U. F. O. is democracy, which means, if it means anything, the will of the majority. The U. F. O. in convention is the only body that can change its constitution or platform. At the annual convention last month changes were made in the constitution, but no suggestion whatever was made to provide for opening the membership to other than those directly interested in farming.

Platform Is Broad.

"The prime minister has frequently stated, and we agree with him, 'that our platform is big enough, broad enough, and strong enough, to hold all classes of people, irrespective of their calling,' but the matter of admitting all and sundry into our ranks is another question.

"Almost daily we have instances of men trying to get into the U. F. O. organization with the hope of becoming candidates for Parliament for selfish reasons only, and some with no apparent other object than to split up the whole movement.

"I am at a loss to understand Mr. Drury's attitude in this matter. It would appear as though he had been unduly influenced by old politicians or their agents, who smile complacently every time he brings forth his new ideas, because they see in them a cause for dissention in the U. F. O., and the steady return to the old two-party system.

"In my opinion, by so doing, he is going contrary to the wishes of the people who elected his government, as well as to the large organization which is responsible for his government being in power today."

Morrison's Statement.

Secretary J. J. Morrison made the following statement:

"The position of the U. F. O., I believe to be quite clear. We have given the country a government; that government must be a government for all the people, and it will be returned to power if approved by the people, but if it does not hold the support of the farmers it can scarcely succeed. The farmers, I am sure, will not give up their position and go back to their former condition, where they permitted others to dictate political direction to them.

"Mr. Drury is evidently laboring under a misapprehension. He does not see that his business is to hold the support of the farmers and make all the other friends in the other classes that he can. It would appear that he believes that he is the sole person capable of governing the country, and that to give him a free hand the farmers should give up their ground and their political attainments and the means with which they have organized of influencing the public administration. That, I think, they will not do.

"It should be remembered that the sole power of saying what the organized farmers will or will not do rests with the delegates in general convention assembled. Their struggle to establish democracy in their organization is a reflection of what they would establish in government. Sir Thomas White has said that the war would have to be paid from the top six inches of the soil. Are not those who till the soil to have any say in how it shall be done?"

DEATH OF MRS. HUGH ROSS

Parkhill, Jan. 16.—Following an illness of several weeks the death occurred last evening at her home here of Mrs. Hugh Ross, aged 75. Besides her husband she leaves one daughter, Mrs. Oscar Griffith of town and two sons, William and James of Welland.

ACTRESS TELLS SECRET

Tells How to Darken Grey Hair with a Home-Made Mixture.

Joicey Williams, the well-known American actress, recently made the following statement about grey hair and how to darken it with a home-made mixture:

"Anyone can prepare a simple mixture at home that will gradually darken grey, streaked or faded hair, and make it soft and glossy. To a half-pint of water, add 1 ounce of bay rum, a small box of Orlex Compound, and ¼ ounce of glycerine.

These ingredients can be bought at any drug store at very little cost. Apply to the hair twice a week until the desired shade is obtained. This will make a grey-haired person look twenty years younger. It does not color the scalp, is not sticky, or greasy, and does not rub off.—Advt.

SAYS PROBLEMS UNITE NATIONS

English Newspaperman Believes Canada and U. S. Are Co-operating.

New York, Jan. 17.—Canadian Press—Canada and other self-governing British dominions are being drawn closer to the United States as a result of problems which they share in common, declared Mr. P. Whitewell Wilson, United States correspondent of the London Daily News, and formerly a member of the British House of Commons, in an address before the Canadian Club here today. Mr. Wilson repeated assertions which he has previously made in cables to his paper that Canada and the United States will co-operate in a Pacific naval policy, and put forward a suggestion for a division of sea power between Great Britain, Japan and the United States, each of these three nations to have a definite sphere of supremacy.

Third English-Speaking.

Mr. Wilson said in part:

"There are 1,700 million persons living on this planet. Of these, 600,000,000, or more than a third, are within the influence of the two great English-speaking sovereignties, as defined by the Monroe Doctrine on one hand and the British Empire on the other. These nations, thus living at peace, include the Anglo-Saxons, Latin-Americans, negroes, Indians, Jews and Arabs. There are more Protestants, Catholics, Moslems, Hebrews and Hindus inside this duality than outside. And in a hundred years the only internal conflict of serious magnitude has been the American Civil War, fought not for conquest, but for unity.

Smaller Wars.

"Smaller wars, like the Indian Mutiny, the struggle in South Africa, and the liberation of Cuba, were also fought in order to consolidate an area of peace in Southern Asia, in Africa, in Central America. As a result, militarism has been reduced within these vast regions to a minimum. In Latin-America there are neither navies nor armies in a modern sense. Australia and Australia have barely ten thousand men between them with the colors. Where Japan has one soldier per hundred, India has only one soldier per thousand of population.

DISCOVERED IN TIME.

BRANTFORD, Jan. 17.—Fire, caused by an overheated furnace pipe, in a frame R. C. school, Pearl street today caused $1,000 damage. The blaze was discovered just as 100 pupils were filing into the school, and the prompt arrival of the fire department saved the structure.

GOES TO VETERANS' MEETING IN S. AFRICA

OTTAWA, Jan. 17.—President R. B. Maxwell of the Dominion Command, G. W. V. A., will go to the empire conference of war veterans in South Africa at his own expense, according to announcement this morning. Mr. Maxwell, who is at present in Ottawa, will sail from Canada on the Minnedosa on January 22. He expects to reach Cape Town by the opening date of the convention, February 23. T. Morgan, a member of the executive of the Army and Navy Veterans Association, will also make the trip to South Africa.

NEEDED A CHAIR TO HELP HER TO WALK

Now Mrs. Eastcott Is Praising Dodd's Kidney Pills.

Port Hope Lady Who Suffered From Rheumatism and Heart Trouble Tells How She Found Relief.

Port Hope, Ont., Jan. 17.—(Special)—Among the thousands of women in Canada who sing the praise of Dodd's Kidney Pills, none is more enthusiastic than Mrs. S. Eastcott, a well-known and highly respected resident here. And Mrs. Eastcott is always ready to tell the reason why.

"I have been a great sufferer from rheumatism and heart trouble for the last four years," she says in telling her story. "I doctored and tried all kinds of treatments, but got no good results. I got so bad I had to walk with a chair.

"After taking Dodd's Kidney Pills for some time I could walk alone. Now I am better than I have been for the last four years. I am on my eighth box and will continue to take Dodd's Kidney Pills till I am perfectly well."

Rheumatism and heart trouble are both caused by sick Kidneys. The weakened Kidneys fail to do their full work of straining the impurities out of the blood and the trouble begins. The rational treatment is to strengthen the Kidneys so they can remove the cause of the disease.

Ask your neighbors if Dodd's Kidney Pills are not the help sick Kidneys are crying for.
