

THE people of any city become what they are and form their standards of right and wrong from the teachings of the Mother, the Teacher, and the Press.

# The London Advertiser

THE old newspaper definition of a good journalist was a man with a nose for news, but The London Advertiser's requirement is a man with a passion for the truth.

59TH YEAR. NO. 23375

LONDON, ONTARIO. THURSDAY EVENING, JUNE 29, 1922.

PRICE, THREE CENTS

## BATTLE STILL RAGING IN DUBLIN STREETS

### MOORE EXPECTS CANADIAN RAIL MEN TO STRIKE

President of Dominion Trades Congress Doubts Workers Will Accept Cut.

### DEES JUST GRIEVANCE

Declares Maintenance of Way Men Cannot Keep Family On 23 Cents an Hour.

It was the frank opinion of Tom Dees, president of the Dominion Trades Congress, Thursday evening that those railroad employees who are being pulled down and taken to the new maintenance of way men, where they are being re-erected and oldtimers of the north predict that Mayo will be a camp of 20,000 persons in the next two years.

"Everybody is going to Mayo," This is the word that Thomas Dees, well-known Yukoner, and former mounted policeman, has sent to friends in this city.

### ORDER STRIKE SATURDAY

Chicago, June 29.—The first actual strike of railroad workers in protest against the new maintenance of way men was taken last night, when W. Kline, president of the International Brotherhood of Blacksmiths, Forge and Iron Workers, authorized a strike of his craft, Saturday, July 1.

### LATE SPORTING NEWS

**AQUEDUCT RACE RESULTS.**  
First race, 5 furlongs, 2 years—Lady Inez, 5 to 2, even, 1 to 2, won; Peter Brown, 2 to 1, even, second; Recommendation, 5 to 2, third. Time 1:01 2-5.

**DEMPESEY TO FIGHT WILLS.**  
New York, June 29.—Jack Dempsey today formally accepted the challenge of Harry Wills, negro, for a bout for the world's heavyweight championship, and requested that a conference be held to set the date.

**COLEMAN TO HEAD TORONTO CLUB.**  
New York, June 29.—Lawrence Coleman will become head of the Toronto baseball club and sole holder of its franchise, succeeding James J. McCaffery, who died recently. This was announced today at a meeting of the International League.

### LATE NEWS BULLETINS.

**CHICAGO RAILMEN QUIT WORK.**  
Chicago, June 29.—Railroad maintenance of way men were reported to have quit in West Chicago today, without waiting receipt of strike orders. It was said the men deserted in droves, leaving crossings unguarded.

**INSURGENTS CAPTURE 17 TROOPERS.**  
Dublin, June 29.—The insurgent Irish forces have captured 17 troopers of the provisional government in the Dominick street area, according to a report late this afternoon.

### DOUGLASS LAUNCHING DRIVE TO BOOST ASSESSMENT OF STREET CAR COMPANY

Finds Brantford Utility Assessed at \$12,000 Per Mile. While City Company's Burden Is But \$5,000; Wants New Valuation Also of City Gas Company.

### Desert Dawson City For Mayo Gold Camp

VANCOUVER, B. C., June 29.—Dawson City is fast becoming a deserted town. Hotels and houses are being pulled down and taken to the new mining camp of Mayo, where they are being re-erected and oldtimers of the north predict that Mayo will be a camp of 20,000 persons in the next two years.

### EXPECT FURTHER SLASH IN RATES

Officials Believe Cut Will Precede Resumption of Crow's Nest Charges.

Ottawa, June 29.—(By the Canadian Press).—The coming into effect on July 7 of Crow's Nest rates on eastbound wheat and flour will be preceded, it is expected, by a general order on freight rates, other than wheat and flour, by the railway commission.

The crux of the matter lies in the fact that a heavy decrease in freight rates generally is due to come into effect on Saturday next unless the railway commission issues a further order. This decrease, unless the commission otherwise determines, will be 25 per cent in eastern territory and 20 per cent in western territory.

What the railway commission will do, therefore, is arousing the keenest speculation. The act which gave effect to the recommendations of the special house committee on transportation costs gave statutory effect to the Crow's Nest rates on wheat and flour eastbound. With the rates on these commodities, the railway commission cannot interfere. But the act did not fix rates on any other commodities, and the commission now has these in hand.

### RILEY RECRUITS AGAIN.

Brantford, June 29.—General Riley and his aides have signed up 181 Brantford men for the second march on Parliament Hill.

**How To Get and Keep a Job.**  
By Elizabeth Arnold.

WHEN there is an abnormal demand for workers any boy or girl with an eighth grade education can go out and find a position with ease. When, however, the demand is slack and what is called a buyer's market prevails, and employers are building up their personnel, this group is apt to be the first to be released and has the greatest difficulty in finding new openings.

### MISS ARNOLD

about his work, and take some responsibility is the last one the progressive employer releases. This is the group he looks to for the future. If you expect to do office work, stay in school or go to night school. Get a high school education—it pays in dollars and cents.

### LONDON LIFE TO STAND PAT ON BUILDING PLAN

Manager E. E. Reid Declares Company Will Quit City If Treated Unjustly.

### LAUDS ADVERTISER STAND

Claims Mayor Wilson Approved Office Project When Submitted To Him.

Reiterating the stand taken Wednesday following the contemplated action of the city council to enact a bylaw prohibiting erection of office buildings in the vicinity of Victoria Park, officials of the London Life Insurance Company stated Thursday morning that unless the company receives just treatment at the hands of the city council, headquarters will be moved elsewhere.

"We certainly will not hesitate to leave London if we are not accorded just treatment," said Manager E. E. Reid, with reference to the proposed bylaw to prohibit the London Life Insurance Company from erecting modern office buildings on Dufferin avenue, opposite Victoria Park.

Preparing a Letter.

"We are preparing a letter to be sent to each member of the city council pointing out the growth of the London Life Insurance Company, and explaining the whole situation," the statement published in The Advertiser Wednesday regarding our attitude was to the point, and covered the whole situation.

In this published statement members of the directorate of the company declared that present plans called for erection of new office buildings, costing a half million dollars on the McDonald, Gibbons and Little property, recently purchased for this purpose. These buildings would be a credit to London and the residential district in which the site is located.

One official of the company expressed great surprise at the attitude of the mayor with regard to the new office buildings, stating that when the plans were mentioned to him recently he approved of them.

### NAB POULTON FOR THEFT AT BYRON SANATORIUM

Police Arrest Man When He Calls at Brantford Express Office.

Quick work by Middlesex county police, working in conjunction with Brantford police authorities Thursday morning, netted Robert C. Poulton, wanted here in connection with the theft from Byron Sanatorium of a gold watch and certain mementoes.

Now safely lodged in the Middlesex county jail, Poulton, when first apprehended at the sanatorium a few days ago by Constable McConnell, contrived to escape. When he finally wrote from Brantford for his grip, County Constable William Field sent the same by the Dominion Express Company, incidentally wiring the police that city to be in attendance when Poulton called.

Considering the labyrinth of figures into which an income tax report leads the average householder, it is possible that the majority of them at some time or other passed the entrance examinations.

It is fortunate that the new idea in education seems rather to be the development of the mind and personality rather than the imparting of a certain amount of definite knowledge to be retained through life, for how many long-headed capitalists, whose offices swarm with stenographers and deep-browed professional men, the walls of whose libraries are filled with heavy tomes, could produce an answer to a question over which 12-year-olds racked their brains at the recent entrance examinations.

"An apple buyer pays \$1.50 for the apples on the trees in an orchard. He pays his pickers \$3 a day and the barrels cost \$45 each. In four days, eight men pick and pack the entire crop, a yield of 329 barrels. He sells the apples at \$9.50 a barrel. Find his gain, after allowing for shipping expenses."

Here is a sticker which would frighten the casual observer, and might prove a puzzle even to the learned board of education. "The assessed value of a school section is \$153,000. The above tax is 5.6 mills on the dollar. In addition to amount received in taxes the school section also receives a government grant of \$200 and township grant of \$600. It pays \$1,000 salary to the teacher and \$250 for general expenses. What balance will the section have at the end of the year?"

And, as a final straw for Mr. Average Man, who spends his spare

evenings trying to stretch a hundred dollars over the spot that a hundred and fifty will hardly cover, there is a fine question on insurance. "I paid \$3,200 for a house, and insured it for 3 1/2% of its cost at 75 cents per hundred dollars for the year. The taxes and repairs amount to \$144 a year. For how much per month should I rent the house to cover the annual charges and 6 per cent per annum interest on the money I paid for the house?"

Just thinking it over, the latter question would seem to be of much interest to the well-known profiteers of modern times.

**Check Stamp Tax To Be Enforced August 1**  
WORD has been received by O. H. Talbot, collector of customs, from Ottawa, that the new stamp tax on checks brought in under the holding budget will go into effect on and after August 1 next.

No definite date for the beginning of the tax was previously known, a general impression prevailing that it became effective about the 1st of July, due to an announcement made when the budget was brought down that it would be effective in July. Later the postponement came, but a new date was not set.

### City Clerk Baker Refuses License To Wed Couple Unfit For Altar

Welcomes Legal Action To Compel Him To Give "Groom-To-Be," with "Double Rupture, Insanity in Family, Will Not Work, and Is No Good," License.

SETTING a precedent for Ontario, City Clerk Baker, who is the sole issuer of marriage licenses in London, has risked legal action being taken against him by his refusal to issue such a license to a citizen on the grounds that the man's physical condition did not warrant marriage.

### RECORDS GAIN IN POPULATION

Dominion Census Shows 8,788,493 Persons Now in Country.

Statistics Substantiate Claim That Farming Is Basic Industry.

Ottawa, June 29.—(By the Canadian Press).—Canada's total population, as of June 1, is 8,788,493. This is the final figure issued today of the sixth census, and like the laws of the Medes and the Persians it cannot be changed, that is, officially, or until 1931 rolls around. The total represents a gain of 1,581,841 over the total population recorded by the census bureau of the Dominion Bureau of Statistics in 1911.

The percentage of increase is 21.55, and curiously enough the labor of months involving a house to house canvass of the whole Dominion, together with mounted police journeys through the Yukon and the Northwest Territories, is finally recorded in four rows of figures across one very small piece of paper.

Farming Is Basic Industry. Claims by agriculturists that farming is the basic industry in Canada are sustained by the census figures, which show 4,429,365 of the total population residing in rural districts, as compared with 4,348,978 living in urban centers. Ontario is leading the way among the provinces, both as to total population and in the number living in the country. Ontario's population is 2,933,662, of whom 1,226,292 live in rural districts, 2,007,370 in urban centers, and 1,038,123 reside in the country.

Alberta leads the way as far as provincial increase in population is concerned. Final figures for Alberta credit the province with a population of 588,454, an increase over 1911 of 214,159, or a percentage increase of 57.22. The number living in the country is 365,550.

Saskatchewan made the next largest gain with a percentage increase of 53.80. The total population of Saskatchewan is 737,510, representing a gain of 245,075. Of the Saskatchewan population, 365,550 live in the country.

They Go Away Mad. "I do not know that I am within the law by refusing to issue marriage licenses to these people, but I am doing it just the same," continued the city clerk. "These are usually cases that I have been warned about. When I refuse to issue the license they go away mad, but I am still at it."

"Quite recently a mother came to me and requested that no license be issued to her daughter, but I refused. Her reasons for not wishing to accept the young man in the case as her son-in-law were as follows, in her own words: 'He has a double rupture; there is insanity in the family; he will not work, and is no good.'"

### SEEK ADJUSTMENT OF CAR FERRY EMPLOYEES' WAGES

Railroad Officials Confer With Workers' Representatives at Detroit.

Detroit, June 29.—Representatives of the three railroads operating car ferries on the Great Lakes met here today, with representatives of the lake sailors, marine firemen, oilers, water tenders and coal passers and the marine cooks and stewards unions, to discuss a wage adjustment for ferry employees who assert that their wages have been cut from \$120 monthly to \$85 since 1921.

### SEEK ABROAD FOR QUALIFIED MEN

Montreal, June 29.—Owing to a lack of trained men in the Dominion, the federal department of agriculture has recently compelled to look in the United States for a graduate possessing the requisite knowledge for a certain position, and even now is looking to that country for a qualified man to fill another government post.

This statement was made yesterday by Dr. J. H. Grisdale, deputy minister of agriculture, during the course of his address delivered at a luncheon at Macdonald College to members of the Canadian Society of Technical Agriculturists.

### FIFTY KILLED OR WOUNDED IN ALL NIGHT SIEGE OF O'CONNOR REBELS DEFYING FREE STATE

Insurgents Extending Operations to Other Parts of Irish Capital As Comrades in Drogheda Seize Fort.

### DE VALERA LAUDS WAR IRREGULARS NOW WAGE

Britain Warned Fruits of Victory Are Not Yet Attained As Correspondent Reports "Dublin Burning."

BULLETIN. London, June 29.—Fighting in the streets of Dublin is increasing in intensity. Three civilians were killed in today's fighting, bringing the total number of dead to 19.

Dublin, June 29.—The battle between insurgent republicans and provisional free state forces continued all night and was still proceeding vigorously this forenoon.

The bombing of the Four Courts Building continued at irregular intervals through the hours of darkness, and morning came with the besieged insurgents still in occupation.

Firing was in progress all forenoon, and there was an especially heavy attack at 11 o'clock. Sniping operations were almost incessant with the casualties estimated conservatively at more than 50 killed outright or severely wounded, this being hourly added to.

The insurgents have extended their operations to other parts of the city. Shortly before noon an ambush of Free State troops was reported from College Green, and the irregulars were fortifying various outposts. A party of Free State forces of the watch for insurgent activities poured a volley into a public house in the vicinity of yesterday's ambush.

One of the outlying places seized by the irregulars was the Sackville Street Club, an old fashioned aristocratic country gentlemen's club near the Nelson pillar.

150 In Garrison. The rebels firing at O'Connor's men to the firing on the Four Courts were feeble. The garrison, which is believed to number about 150, is said, however, to have unlimited supplies of ammunition and plenty of provisions.

The most menacing feature of the situation from the provisional government standpoint is the fact that the insurgents are developing activities along guerrilla lines, particularly in the form of ambushes. Many of the insurgents wear no uniforms, and the Free State soldiers, like the Turn to Page 2, Column 1.

### WEST REJOICES AS HEAVY RAIN FALLS

Calgary, June 29.—A general rain throughout the whole of the south country between Calgary and Lethbridge, and east and west, is reported in scores of special dispatches received by the Canadian Press. In many places the rain was the heaviest for years.

### OPPOSE FORMING TRUSTEES' UNION

Representative members of the London board of education disclaim all knowledge or interest in the supposed formation of a school trustees' union, as advocated from Toronto, "don't want to be mixed up in it in any way," commented Trustee Edwin Smith, while Trustee A. E. Silverwood seemed equally reluctant to affiliate with the contemplated body. Both trustees declined to consider positions as either "organizers" or "walking delegates."

### DISMISSES SUIT OF ONTARIO GARAGE

John A. Rose can now operate his "Baby Grand" during the week-ends. His Honor Judge Talbot Macbeth in county court Wednesday afternoon gave judgment in the case of the Ontario Garage vs. John Rose, dismissing the plaintiffs' claim to a lien on the latter's machine, holding Mr. Rose's account of the involved transaction was the correct one. John M. McEvoy, K.C., appeared for Mr. Rose.

After more than two days' duration the case of Vulcan vs. Reason was adjourned Thursday morning until July 11. The dispute involves alleged commission for sale of stock

### REPORTS INCREASE OF COAL SUPPLY

Compilation Lists Available Quantity in March Greater by 644,000 Tons.

Ottawa, June 29.—(By the Canadian Press).—The net quantity of coal made available for consumption in Canada during the month of March was greater, by 644,000 tons than during the preceding month, and was 29 per cent higher than the average amount made available during March in the three preceding years. The output from Canadian mines increased 8 per cent, or more than 100,000 tons above the production in February, and was 13 per cent higher than the average record for the same month in 1919-20-21. Production during the three months of the calendar year to date was practically the same as the average for the period in the three preceding years.

Coal was imported from the United States during March to the extent of 615,000 tons more than in February, and amounted to 41 per cent more than the average quantity imported during the same month in the three preceding years.

### GRAND TRUNK REDUCES RATES FOR WEEK-ENDS

Local Agent Also Receives Notice of Special Fares for Conventions.

Permanent reduced rates for week-ends and conventions will be inaugurated by the Grand Trunk Railway immediately. Word to this effect was received by R. C. Ruse, Grand Trunk ticket agent in this city this morning.

Mr. Ruse stated, however, that he had received no notification that reduced fares would be in force over public holidays. Regular fares will be in force on Dominion Day, July 1.

The new fare schedule reduces week-end passenger rates to 2 1/2 cents a mile, and special provision is also made for excursions.

### DECLARES MING KILLED IN CHINA

Manila, June 29.—Chen Chung-Ming, who recent coup d'etat drove from Canton Sun Yat Sen, president of the South China republic, has been assassinated, according to a cable dispatch received here today from Shanghai by a local Chinese daily identified with the adherents of Sun Yat Sen. Reuters news agency fails to confirm the report.

### The Weather

Light winds; fair and moderately warm today and Friday.

A trough of low pressure extends from Alberta to Arizona, and an irregular area of low pressure is situated over Ontario and Western Quebec.

Pressure is relatively high over the central portion of the continent. Heavy rains are reported from Southern Alberta, and showers have occurred locally in Ontario, Western Quebec and the Maritime Provinces.

The weather in Saskatchewan and Manitoba has been fair and rather cool.

The highest and lowest temperatures during the 24 hours previous to 8 a.m. today were:

High.	Low.
Victoria	54
Calgary	50
Edmonton	46
Winnipeg	44

## PLAY BASEBALL GAME FOR CHARITY FRIDAY

Entire Proceeds of Tecs-Bay City Game To Be Devoted to Work of Kiwanians for Underprivileged Boys.

## CHURCH RAISES \$13,000 IN YEAR

Centennial Methodist Congregation Holds Annual Meeting Wednesday.

The 1922 congregational meeting of Centennial Methodist Church, held Wednesday night, goes on record as the most enthusiastic and the most satisfactory held in its history.

In round numbers, \$13,000 was raised for all purposes throughout the year, \$10,200 of which was for church purposes, and the remainder, nearly \$2,800, for connexional funds. Of the latter sum, the mission fund amounted to \$1,207; evangelism and social service, \$147; educational fund, \$58; sustentation fund, \$57; annual conference fund, \$24, and the Women's Missionary Society, \$705.

For circuit purposes, the Sunday schools raised \$1,000; the Ladies' Aid, \$416, and the trustee board, \$7,000. Business was combined with pleasure at the meeting, and in addition to the giving of successful reports from all departments of church work, a short program was given, made up of selections by the ladies' quartet, a solo by Charles Hall, and a reading by Mrs. C. T. Allan. At the conclusion the Epworth League served dainty refreshments.

The following members were elected representatives of the congregation on the quarterly official board: H. Reid, Bert Weir, Charles Hall, Thos. Wilkie, James Arthur, M. H. Rowland, and W. Walton.

The church membership was shown to be 600, with a record of 79 received into the church during the past year, and 44 removed.

## BATTLE IS RAGING IN IRISH CAPITAL

Continued From Page One.

British before the truce, are exposed to attack while traversing narrow streets to and from their barracks. In Drogheda the insurgents, who are occupying the round tower fort on the hill commanding the town, have been invested by the Free State troops in the same way as at the Four Courts in Dublin.

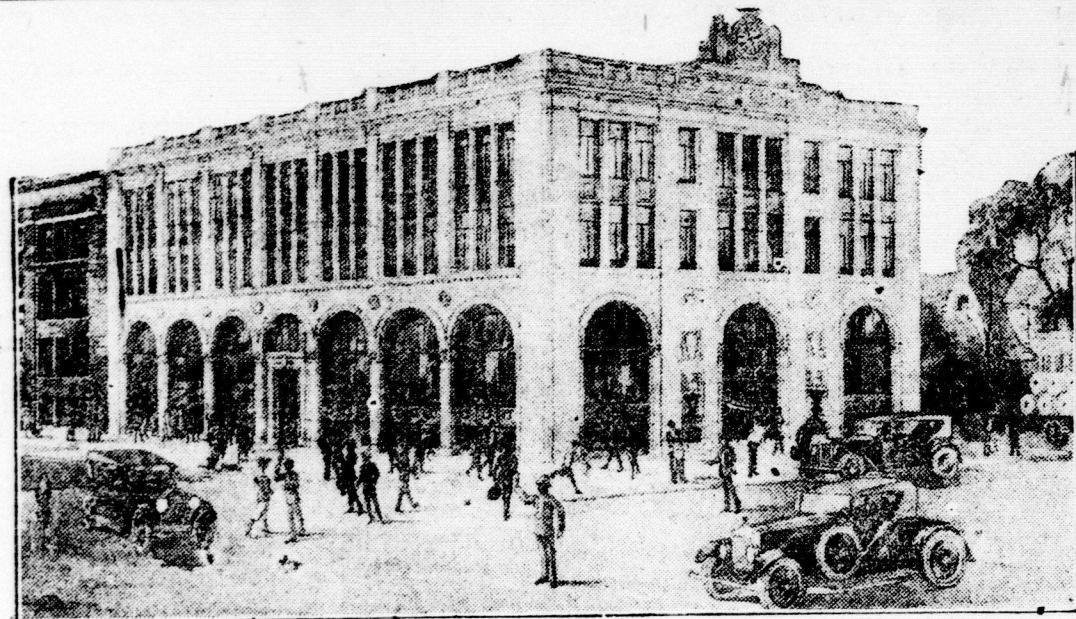

The Drogheda position of the irregulars is regarded as unusually strong.

### Revolt Spreading.

From other parts of Ireland there are many rumors of insurgent action, but the reports are difficult of confirmation as Dublin is completely isolated so far as telephone service is concerned, and no trains are being permitted to enter the city.

Mr. De Valera's paper, the Republic of Ireland, which issued O'Connor's communique as a stop press supplement, was posted on walls in vari-

## Erect Modern Newspaper Building In Windsor

The above drawing shows the handsome newspaper building that will be erected in Windsor, Ont., by Mr. W. F. Herman, publisher of The Border Cities Star. The exterior will be done in Bedford stone and the building, throughout, will represent the last word in construction ideas. Provision is made for the installation of twenty linotype machines and, ultimately, two great presses. One of these, a 48-page Hoe, printing in four colors, is now being manufactured. Freight and passenger elevators will be installed. The new building, situated at the corner of Pitt and Ferry streets, Windsor, is expected to be ready for occupancy early in 1923.

ous parts of the city. The communique was accompanied by an editorial statement saying: "In Rory O'Connor and his comrades lives the unbought and indomitable soul of Ireland." Erskine Childers, who was defeated for re-election to Parliament, is still editing this journal.

A Central News dispatch from the Irish capital at noon today reports members of the I. W. W. in possession of several buildings in the city, including Moran's Hotel. They are all armed with revolvers and rifles, the message declares, and have an electric mine laid in the center of the roadway outside the hotel in Talbot street.

A cable is visible running from the mine into the hotel, the correspondent says, the intention evidently being to ambush any Free State force that attempts to renew yesterday's attack.

The Dublin correspondent of the Daily News, who seems to be in close touch with the Free State leaders telegraphed his paper at midnight that "unexpected difficulties have been encountered by the government forces in their siege of the Four Courts."

### Renewal of Faith.

"It is impossible," he added, "to forecast what the immediate developments will be, but the English public would be unwise to assume that Michael Collins' determination to take the bull by the horns has been definitely successful. A renewal of

faith and patience may be necessary before the fruits of victory can be reaped."

The late edition of the Times contains the report of the pilot of an aeroplane, which the newspaper sent to Dublin yesterday, where it arrived about 5 p.m. The pilot says spoke was drifting from tea to fifteen miles to sea from the fires burning in the city, but that he could see little except empty streets and courts barricaded with sandbags.

"Dublin was still burning," he said, "though how extensively I can not pretend to measure."

Belfast, June 29.—Commandant Mandeville and Staff Capt. Vaughan of the Free State forces who were shot yesterday, died of their wounds, says a message from Dublin this morning. The officers were crossing the Leeson street bridge when their motor car was fired upon.

## RECORD GAIN IN POPULATION

Continued From Page One.

wan population, 538,552 live in the country.

Yukon is credited with the largest percentage decrease, with 31.16 per cent. The population of Yukon is now 4,157, as compared with 8,512 in 1911.

Of the total 3,382 are stated to be in the rural districts and 975 in the towns. On the other hand, a gain has been registered in the north territories, where the census places the final population at 7,988, as compared with 6,507 in 1911, the percentage of gain being 22.76.

### Live in Country.

The population of British Columbia is placed at 524,582, as compared with 392,480 in 1911, or a percentage gain of 33.66. In British Columbia, 277,920 people live in rural districts. In Manitoba, the total is 610,115, a gain of 148,724, a percentage of 32.23. More than one-half, or 348,451 of the population live in the country.

Nova Scotia, with 573,837, has the largest population of the maritime group. Nova Scotia has gained 31,499 since 1911, or a percentage of 6.49.

In the Atlantic province, 298,487 people live in rural districts. While Nova Scotia has the largest population, New Brunswick has made the greatest gain. The final figures give the latter province a total of 287,876, but the gain is 38,987, or 19.25 per cent. The rural population is given at 265,648.

Prince Edward Island has lost in population to the extent of 5,146 per cent. The population of the island

## ROTARIANS' PICNIC AT PORT STANLEY

London Organization to Stage Unique Features at Annual Outing.

Members of the London Rotary Club with their wives and families journeyed to Port Stanley by special train Thursday afternoon, where they are staging their annual picnic. A bumper program of sports was begun immediately following the arrival of the special train which left London at 1:20 p.m.

Included on the program are many humorous events in which the Rotarians will participate, one feature being a baseball game between picked teams. Advance indications point to an abundance of ice cream cones and similar good things to eat, which will be distributed on Invererie Heights.

At the conclusion of the sports program, the merry-makers will gather in the London and Port Stanley Railway Tea Room, where supper will be served and prizes distributed to those winning out in the various events.

The Rotarians and families will return to London via special train, Thursday night.

## CITY CLERK BAKER BALKS AT CUPID

Continued From Page One.

would force me to issue a marriage license under these circumstances. "That woman showed common sense, and went at the problem in a common sense way," concluded City Clerk Baker. "Even if I am the only municipal clerk in the province taking such a stand, and I believe that I am, I intend to continue."

"Last week a couple received a marriage license from me whose combined ages totalled 158. I added it up myself. They seemed happy, and their ages were no reason why a license should be refused. The ages of this couple were 82 and 75 years."

## MOORE EXPECTS CANADA STRIKE

Continued From Page One.

Labor Board. The pay of the shopmen was cut \$50,000,000. Railroad officials anticipate news of further strike orders to maintenance-of-way employees upon completion of the canvas of their strike vote at Detroit.

In spite of the impending walkout from the shops and the tracks, rail officials declared transportation would continue to move because train service employees who constitute the Big Four Brotherhood, switchmen and telegraphers are not parties to controversies over wages and working rules.

## LONDON LIFE TO WARN COUNCIL

Continued From Page One.

certain type of office building," he declared. "If the London Life Insurance Company is willing to meet us on the whole situation will be solved." It was pointed out that the company has announced that it is willing to meet the city council. "Well, if they do, the whole situation will be solved," continued his worship. "I do not think that the London Life Insurance Company will be lost to London. I think they were a little too hasty in jumping at conclusions."

### BULLETIN.

AMRITSAR, India, June 29.—Gurdit Singh, the Hindu merchant who in 1914 was prevented from landing a shipload of Hindu immigrants from the Japanese steamer Komagata at Vancouver, surrendered to the police today after eluding them for seven years. He will be tried on the charge of sedition, principally for the part he played in disorders in Calcutta in October, 1914.

## Getting Too Fat? Try This-Reduce

People who don't grow too fat are the fortunate exception. But if you find the fat accumulating or already cumbersome, you will be wise to follow this suggestion, which is endorsed by thousands of people who know. Ask your druggist for Marmola Prescription Tablets and follow directions. One dollar is the price the world over. Get them from your own druggist or send price direct to Marmola Co., 4612 Woodward Ave., Detroit, Mich. By doing this you will be safe from harmful drugs and be able to reduce steadily and easily, without starvation diet or tire-some exercise.—Adv.

## TRY MAGNESIA FOR STOMACH TROUBLE

It Neutralizes Stomach Acidity, Prevents Food Fermentation, Sour, Gassy Stomach and Acid Indigestion.

Doubtless if you are a sufferer from indigestion, you have already tried peppermint, pancreatin, charcoal, drugs and various digestive aids and you know these things will not cure your trouble. In some cases do not even give relief. But before giving up hope and deciding you are a chronic dyspeptic just try the effect of a little Bisulphate of Magnesia, which you can obtain from practically any druggist in either powdered or tablet form. Take a teaspoonful of the powder or two compressed tablets with a little water after your next meal, and see what a difference it makes. It will instantly neutralize the dangerous, harmful acid in the stomach which now causes your food to ferment and sour, making gas, wind, flatulence, heartburn and the bloated or heavy lump in the stomach. It seems to follow most everything you eat. You will find that provided you take a little Bisulphate of Magnesia immediately after a meal, you can eat almost anything and enjoy it without any danger of pain or discomfort to follow, and moreover, the continued use of the bisulphate of magnesia cannot injure the stomach in any way so long as there are any symptoms of acid indigestion.—Adv.

You Need Not Do Without

# Hot Water

Even When the Furnace Is Out

PIPING hot water on tap continuously for kitchen, laundry and bath can be supplied by Hydro at modest cost.

Service just like you have it from the furnace coil in winter time.

The Public Utilities Commission, the same public service that supplies your home with electricity and cold water, will give you both in combination so that you may have hot water all year round, on a flat rate for as low as \$2.70 a month. This is a field pioneered in London. Scores of homes are taking advantage of it.

Let us send an expert to give you an accurate estimate of your requirements, and of the cost of installation. The information will cost you nothing.

## The Hydro Shop

Dundas and Wellington Streets. Phone 7000

"LET HYDRO HEAT IT!"

## SCHOOL PROMOTIONS

### ST. GEORGE'S SCHOOL.

Lists of pupils at St. George's School, who have been promoted, have been completed. The list includes those who were promoted in February and at Easter as well as those who passed the examinations in June. The results are as follows:

**From Kindergarten to Grade I.**  
Lillian Aikenhead, Lionel Aikens, Denis Barnes, Frank Baxter, Billy Bennett, Marion Burr, Clifford Campbell, Marion Channer, Fred Chapman, David Christianson, Thomas Clarkson, Helen Coleman, Jack Coleman, Marjorie Davenport, Percy Davis, Jack Doherty, Terry Ferris, Lillian Flaxman, Teddy Galbraith, Dorothea Georgehan, Gordon Gerard, Florence Harrison, Elizabeth Harter, Mollie Humphries, Catholene Huxley, Charles Jarrett, Albert Hughes, Oliver Mabey, Harry Marshall, Dorothy Nichol, Thomas Orr, Dorothy Philip, Mary Portie, Harold Rose, Duncan Robertson, Margaret Smith, Jean Truss, Hazel Turner, Willard Thomas, Norene Young.

**Grade I to Grade II.**  
Eleanor Wyatt, Ruth Taylor, Osborn Canfield, Winifred Bayley, Donald Allen, Alice Payne, Lucy Lewis, Ruby Harold, Gordon Branch, Frank Craig, Norman Fawcett, Donald Macdonald, Phyllis Root, Fred Robson, Ellen Hurley, Dick Watts.

**Grade II to Grade III.**  
Alex. Troup, Gifford Kaiser, Vivian Teifer, John Teifer, Lena Davis, Bruce Cooper, Charles Coughtry, Charles Bingham, Margaret Turnbull.

**Grade III to Grade IV.**  
At Easter—Kathleen Breakpear, Barbara Allen, Jack Stokely, Lillian Fletcher, Louise Chapman, Charles Clarke, Grant Messer, Jimmie Lapthorne, Dorothy Faulkner, Ralph Kipp, Sarah McGauche, Eric Earl, Campbell Taylor, Lena Squires, Fred Less, Annie Soltau, Arthur Johnston, Clarence Edy, Pearl Poulton.

**Grade IV to Grade V.**  
In June—John Simpson, Marjorie Peters, Edward Garrett, Harry McNichol, Harold McDougall, Charles Teifer.

**Grade V to Grade VI.**  
February promotions—Mac Fenton, Jack Fox, Jack Scott, Beatrice Williamson, Jessie Dakin, Albert Bliss, Lena Burnett, Harry Switzer.

**Grade VI to Grade VII.**  
February promotions—Florence Dowler, Earl Lyons, Maurice Kingston, Franklin Knapton, Alice Abrams, Margaret Wilson, Francis McKay, Gordon Wilson.

**Grade VII to Grade VIII.**  
June promotions—Eleanor Bayley, Barbara Allen, Ernest Ecker, Lena Burnett, Gladys Hurley, Emily Snowden, Margaret Ecker, Ada Handley, Milly Wood, Kenneth Stringle, Shirley Williamson, Mac Fenton, Martha Towle, Jack Fox, Albert Bliss, Jack Scott, Charles Keene, Jack Pardon, Jessie Dakin, Frank Taylor, Madeleine Shannon.

**Grade VIII to Grade IX.**  
Honors—Robert Truss, Billy Gaur, Ernest Gies, Muriel McDougall, Phyllis Davenport, Ruth Ellis, Jack Wray, Winnie Aikens.

**Grade IX to Grade X.**  
Pass—Chester Philip, Florence Flaxman, Ruth McLane, Vera Baker, John Weston, Dania Costa, Keith Arnold, Mildred Stringle, Shirley Coleridge, Harvey Waite, Charles Barnes, Gerald Seabrooke, Charles Headley, Dorothy Hiron, George Morrison, Jack Oates, Victor Brown, Harold Lloyd, Gordon Johnston.

Joyce Hepburn, Dorothy Earl, Isabella Davis, Lyell Mercer, Murray Jackson, Charles Rankin, Randolph Williamson, Frank Nease, Dorothy Flaxman, Violet Faulkner, Lillie Hayden, Iola Brown, Charles Burnett, Billy Abram, Crawford Calhoun, Shirley Fenn, Hadley Quick, Tom Biddies, Jean Brown, Jean Baker, Edwin Fenn, Helen Garrick, Francis McBride, Gilbert Boon, Mary Tate, Ernest Green, Norman Floyd, Jean Crisp, Arthur Taggie, Jack Bell, Billy Allender.

**Grade XII to Grade XIII.**  
Honors—Jean Brown, Patricia Jones, Helen Fenton, Beatrice Robinson, Ralph Christianson, Phyllis Prescott, Dorothy Weston, Harold Sharpe, Donna Huffman, Jack Smith, Walter Blackburn, Elizabeth Taylor, Marian Near.

**Grade XIII to Grade XIV.**  
Pass—Charles Ecker, Edward Taggie, William Robinson, Bob Edy, Raymond Harrison, Stewart Cooke, John Young, Ellen Teifer, Charles Davies, Morris Ripley, Doris Legg, Alfred Branch, Jack Lecky, Nora Campbell, Philip Johnston, Isabel Turn to Page 11, Column 1.

**Grade XIV to Grade XV.**  
Honors—Jean Brown, Patricia Jones, Helen Fenton, Beatrice Robinson, Ralph Christianson, Phyllis Prescott, Dorothy Weston, Harold Sharpe, Donna Huffman, Jack Smith, Walter Blackburn, Elizabeth Taylor, Marian Near.

**Grade XV to Grade XVI.**  
Honors—Jean Brown, Patricia Jones, Helen Fenton, Beatrice Robinson, Ralph Christianson, Phyllis Prescott, Dorothy Weston, Harold Sharpe, Donna Huffman, Jack Smith, Walter Blackburn, Elizabeth Taylor, Marian Near.

**Grade XVI to Grade XVII.**  
Honors—Jean Brown, Patricia Jones, Helen Fenton, Beatrice Robinson, Ralph Christianson, Phyllis Prescott, Dorothy Weston, Harold Sharpe, Donna Huffman, Jack Smith, Walter Blackburn, Elizabeth Taylor, Marian Near.

**Grade XVII to Grade XVIII.**  
Honors—Jean Brown, Patricia Jones, Helen Fenton, Beatrice Robinson, Ralph Christianson, Phyllis Prescott, Dorothy Weston, Harold Sharpe, Donna Huffman, Jack Smith, Walter Blackburn, Elizabeth Taylor, Marian Near.

**Grade XVIII to Grade XIX.**  
Honors—Jean Brown, Patricia Jones, Helen Fenton, Beatrice Robinson, Ralph Christianson, Phyllis Prescott, Dorothy Weston, Harold Sharpe, Donna Huffman, Jack Smith, Walter Blackburn, Elizabeth Taylor, Marian Near.

**Grade XIX to Grade XX.**  
Honors—Jean Brown, Patricia Jones, Helen Fenton, Beatrice Robinson, Ralph Christianson, Phyllis Prescott, Dorothy Weston, Harold Sharpe, Donna Huffman, Jack Smith, Walter Blackburn, Elizabeth Taylor, Marian Near.

**Grade XX to Grade XXI.**  
Honors—Jean Brown, Patricia Jones, Helen Fenton, Beatrice Robinson, Ralph Christianson, Phyllis Prescott, Dorothy Weston, Harold Sharpe, Donna Huffman, Jack Smith, Walter Blackburn, Elizabeth Taylor, Marian Near.

**Grade XXI to Grade XXII.**  
Honors—Jean Brown, Patricia Jones, Helen Fenton, Beatrice Robinson, Ralph Christianson, Phyllis Prescott, Dorothy Weston, Harold Sharpe, Donna Huffman, Jack Smith, Walter Blackburn, Elizabeth Taylor, Marian Near.

**Grade XXII to Grade XXIII.**  
Honors—Jean Brown, Patricia Jones, Helen Fenton, Beatrice Robinson, Ralph Christianson, Phyllis Prescott, Dorothy Weston, Harold Sharpe, Donna Huffman, Jack Smith, Walter Blackburn, Elizabeth Taylor, Marian Near.

**Grade XXIII to Grade XXIV.**  
Honors—Jean Brown, Patricia Jones, Helen Fenton, Beatrice Robinson, Ralph Christianson, Phyllis Prescott, Dorothy Weston, Harold Sharpe, Donna Huffman, Jack Smith, Walter Blackburn, Elizabeth Taylor, Marian Near.

**Grade XXIV to Grade XXV.**  
Honors—Jean Brown, Patricia Jones, Helen Fenton, Beatrice Robinson, Ralph Christianson, Phyllis Prescott, Dorothy Weston, Harold Sharpe, Donna Huffman, Jack Smith, Walter Blackburn, Elizabeth Taylor, Marian Near.

**Grade I. to II.**  
Pass—Dorothy Barnard, Clara Beas.

**Grade I. to II.**  
Pass—Dorothy Barnard, Clara Beas.

## OPEN SESSION IN LABOR TEMPLE

Union Carpenters and Joiners of Province Gather For Convention.

Tom Moore and Other Well-Known Leaders Address Meeting.

From Ottawa, Windsor, North Bay, Toronto and from every section of Ontario, union carpenters and joiners were gathered Thursday morning at the Labor Temple for their annual provincial convention.

Many of the delegates were en route for this city since early Wednesday, and there are several yet to arrive from distant places. More than 50 are expected to be in attendance throughout the session, which will continue until Saturday afternoon.

With Thomas Clancy, president of Stratford, in the chair, the convention opened formally at 10:30 a.m. owing to the unavoidable absence of Mayor Wilson, the civic address of welcome was delivered in a capable manner by Ald. John T. May.

Arriving at the temple later in the morning, Dr. Hugh A. Stevenson, M.L.A., for London, addressed the assembly, welcoming the visitors to the Forest City.

Labor leaders, prominent not only in this province, but throughout the Dominion, are now in attendance. Reaching the city Wednesday night, the Dominion Trades Congress is attending all the sessions at the temple, and will address the meeting, open to the general public, Friday night.

Also, well-known in provincial and international labor circles, John Flett, of Hamilton, general organizer in Canada for the American Federation of Labor, is in attendance, and will deliver addresses before the convention terminates. Arthur Martell, vice-president of the Dominion Trades Congress, arrived in the city Thursday morning from Montreal.

Among other speakers present are: Toronto, provincial secretary, and the three vice-presidents, Albert Birtle, Hamilton; Arthur Exton, Kitchener; and J. V. McCaffery, Ottawa.

Reports of standing committees and locals claimed the attention of the delegates at the morning session. When the convention resumed in the afternoon, resolutions were received that will be considered on the floor Friday. Outstanding among these are those dealing with the wage scale and the "fair wage" clause for government contracts.

While the Chamber of Commerce has suggested a trip through the city and district under its auspices on Friday morning, it is not believed by the officers that they will be able to accept, and the delegates, more particularly those who have come to the city from a great distance, are anxious to complete all business and return home for the holiday if possible.

**CITY BREWING COMPANY  
MAY LOSE EXPORT TRADE**

Test Case In Courts Endangers Transportation Rights On Highway.

When the case will be brought into police court against the Labatt brewery, which is charged with transporting liquor on streets and roads contrary to the new provisions of the Ontario temperance law, License Inspector J. E. Keenleyside does not know.

Acting under the new provincial legislation, the inspector seized a consignment of beer, being transported from the brewery to the C. P. depot for shipment by rail to Detroit Tuesday afternoon.

The action will be a test case, as far as London is concerned, it being the first of its kind in the city since the law was passed.

The Labatt brewery is located in a place not accessible to the railroad, and if the case succeeds, the company may lose its export business.

For some time the Carling Brewery has been closed, but was recently purchased by a Montreal syndicate, and it is claimed a good price was obtained because the plant had its own railroad sidings.

**ORANGEMEN SEEK  
LARGER QUARTERS**

Members of Abinghill, Loyal Orange Lodge, No. 230, in session Wednesday night, decided to secure new quarters for meetings as the hall on Adelaide street north, now used for the lodge, has become too small for the increasing numbers of initiates.

Abinghill is the oldest Orange Lodge in London. The hall on Adelaide street was erected forty years ago, and was later enlarged. Location of the proposed site for the new meeting hall will be decided at the next meeting of the lodge.

Wednesday night members of Abinghill Lodge decided to turn out in full strength at the annual Orange parade here on July 12.

Boxes for the game are to be auctioned off in the hotel lobby following the luncheon, and several members of the club have offered to sell peanuts and popcorn and other refreshments at the park.

Kiwanian Joe Hickey, with his staff of aides, composed of Harry Morgan, Ken Murray, Wilf Hodgins, Roy Williams and Sam Amoro, will have charge of the disposal of refreshments during the game.

Neil Stryker has been warned to keep an eye on the proposed dining-room for the boys' camp once it is constructed, as Elmer Sage might turn it into a curling rink during the winter.

The speaker at the London preceding the game is Brig-Gen. King, a recent transfer member to London from the Kingston Club. In view of the fact that Saturday is Dominion Day his address will be on patriotism.

**The Power of Words**  
correctly used in an important factor in our daily life. Business built on the "selling" of ideas by means of spoken or written words. The latter is exemplified in THE LONDON ADVERTISER. ## MID-WEEK SEES MANY OUTINGS

Springbank and Port Stanley Prove Mecca for Merry Picnickers.

Churches and Clubs Indulge in Sports at Annual Celebration.

With enthusiastic co-operation on the part of each member, a program of sports, carried out with energy and keen rivalry, and finally a splendidly served supper, the picnic held at Port Stanley Wednesday afternoon by the choir of St. Paul's Cathedral was a success from start to finish.

Supper served in the Japanese tea-room at Inverclyde Heights, was an extremely cheery affair. Dean Tucker and Harry Dickinson addressed the choir members.

Col. Lyne-Evans, in a humorous address, thanked the choir for the presentation of a bouquet of flowers, and a silver cup, which he presented from supper salad. He also made reference to the silver cup awarded by C. R. Hunt to the choir boy having the most successful record for the year. The award is to be made after the boys' summer camp, which will be held in July.

The following are the results of the races: Blind pig race—Miss Barbara Dickinson, 2 Miss Scell, Wheelbarrow race—1 Mrs. Scell and Mr. Matthews, 2 Miss Yates and Mr. Taylor. Tug-of-war—1 Miss Barbara Dickinson, 2 Miss Col. Lyne-Evans, 50-yard dash for ladies—1 Miss Barbara Dickinson and Miss May Gladstone. Relay race—1 Miss Barbara Dickinson and Col. Lyne-Evans, 2 Miss Iva Logan and Mr. Montague.

**MOTHERS HOLD OUTING.**  
Fathers and children joined the members of the Lorne Avenue Mothers' Club at Springbank Park Wednesday afternoon, outing into a happy day's recreation.

The mothers, with such a state of affairs anticipated, ample provision had been made in the way of baskets and arrangement of the sports program, with events for participants of all ages and prizes suitable to their tastes. Mrs. W. C. Rider, the new president, presided over the picnic, and constituted the picnic committee, and many were the complimentary things said of their efficiency in making arrangements.

A pleasing feature at the close of the supper was a tribute of appreciation to the retiring officers, Mrs. Clift, president; Mrs. A. Vinen, secretary, and Mrs. L. Goby, treasurer. On behalf of the club, Mrs. Greenstone, with a graciously worded address, presented Mrs. Clift with a beautiful bouquet of flowers, and the retiring officers received handsome hand-painted dishes.

The results of the races were as follows: Girls 6 to 8 years—1 E. Reed, 2 E. Marshall. Boys 6 to 8 years—1 R. Clift, 2 G. Beiler. Girls 8 to 10 years—1 E. Bartlett, 2 L. Reed. Boys 8 to 10 years—1 W. Rider, 2 G. Spalding. Girls 10 to 12 years—1 Dorothy Clift, 2 Ruth Hill. Boys 10 to 12 years—1 Bill Rider, 2 Phil Raymond. Girls 12 to 14 years—1 Dorothy Clift, 2 Ethel Bartlett. Boys 12 to 14 years—1 George Beaumont, 2 Clifford Pollard. Young ladies' race—Miss Leona Clift.

Married ladies' race—Mrs. Fred Blythe, 2 Mrs. G. Spalding. Married men's race—1 Will Rider, 2 Frank Oram. Time race—Ruth Rider. Peanut race—L. Reed. Consolation race—Mrs. A. Pollard.

**ROBINSON MEMORIAL CHOR.**  
All who attended the Robinson Memorial Church picnic on Wednesday afternoon, July 5, will be one of the most successful ever held. The sports program, of a novel nature, was enthusiastically carried out. The gentlemen displayed great taste in hat trimming, while the ladies showed speed and perseverance in darning collars and ties.

Following the sports program a lunch was served by the ladies, the excellence and abundance of which they were tendered a hearty vote of thanks.

**Knox Presbyterian Church.**  
Anticipations of a good crowd were not realized but were exceeded by the number of kiddies who turned out for the picnic of the junior department of Knox Presbyterian Sunday school, held at Springbank Wednesday afternoon.

The large number of parents who attended the picnic testified also that the mothers and fathers are taking a keen interest in the junior department.

The youngsters present included those listed on the cradle roll and children up to ten years. Everyone who could walk entered with much enthusiasm.

To further the joy of the enjoyment of

## A Big Canadian Problem.

HOW CAN Canadian roads win back the business of carrying the millions of bushels of grain that are each year taken to United States ports on United States railways?

The Senate had a special committee working on this problem, and their report, after many witnesses had been questioned, can be summarized as follows:

(a) The attraction of better distribution centres, such as New York, which always has abundant ocean tonnage for all parts of the world.

(b) The abundance of elevator storage at Fort William and at Buffalo.

(c) The cheapness of the lake and rail transportation via Buffalo to New York, which, at that time, was about 4 to 5 cents per bushel cheaper than all rail rate to Quebec or Montreal. And though the all-water rate to Montreal is a trifle cheaper than to New York, via Buffalo, the saving does not seem to attract much business, probably because of the cheaper marine insurance from New York.

(d) The cheaper marine insurance from New York and all United States seaports, as compared with the St. Lawrence rates which are increased periodically after August. So that, although Quebec, Halifax and St. John enjoy rates 10 per cent cheaper than Montreal, they are considerably higher than the underwriters charge New York, Boston and Portland.

The remedies suggested are various. The Quebec Board of Trade asks that the government or the railway commission should make an all-rail freight rate over the government Transcontinental Railway from Winnipeg to Quebec or Montreal of 20 cents per bushel on export wheat with proportionate rates to Halifax and St. John, instead of 34 cents called for by the tariff at that time, and as compared with 52 cents lake and rail to New York (both these rates have since been somewhat reduced, but the comparison remains the same). The board contends that this would force the trade to Canadian ports and would save the farmer about 12 cents per bushel, but being fairly profitable to the railway, as the cost, including the cost of hauling back empty cars, would not exceed 17 cents.

To those who have not paid much attention to the trend of this trade, it is hard to appreciate how this traffic has been diverted to United States ports. Here are figures that tell the story on grain shipments from Fort William during the last six years:

Crop Year.	To Canadian Lake Ports, Bushels.	To U.S. Lake Ports, Bushels.
1912-13	96,175,742	55,435,492
1913-14	94,525,881	57,447,490
1914-15	78,226,138	57,888,221
1915-16	125,715,297	125,588,384
1916-17	57,171,121	102,258,537
1917-18	78,514,408	47,181,665
Totals	577,888,581	518,762,749

So that during these six years 577 million bushels went to Canadian lake ports, and 518 million bushels went to Buffalo for export via New York. But it must not be supposed that the 577 million bushels sent to the Georgian Bay and Port Colborne elevators were for export at Canadian seaports. On the contrary, probably two-thirds of that quantity went to Canadian flour mills to feed our own people, and as these elevators are almost as conveniently situated for shipment to New York and Portland as Buffalo is, a great deal of the remainder must have gone by rail to United States seaports, a small quantity to Montreal and St. John for export, and a good deal used for seed grain in Ontario and Quebec.

It is simply a case of dollars and cents, as the grain trade are anxious to get the best possible carrying price. Of the 1921 crop of western wheat there were shipped to Buffalo 99,000,000 bushels, and to Georgian Bay and Port Colborne 82,900,000 bushels. There is a problem worth tackling, as it has in the chance of keeping a lot of money from going out of this country.

## Not a Strong Leader.

IT CANNOT be claimed that HON. ARTHUR MEIGHEN has added anything to his reputation during the session which has just closed at Ottawa.

At the beginning he was on his toes, was looked upon as a sort of super-critic by those who knew him least, and was counted on by some of his newer followers as being able to stand the government upon edge or up on end, as the occasion might require.

The house had not been in session very long before it was quite evident that Mr. MEIGHEN could do none of the things that were spoken of in his advance notices. He has made the mistake all through of taking the role of a critic and nothing else. His criticism has been made for the sake of seeking to establish a good point for the late lamented government, or in order to embarrass as much as possible the administration.

Upon no occasion has Mr. MEIGHEN appeared before the house in matters of debate and pointed out a better way.

Nor can it be said that he is developing any of his followers in mat-

BY GOLLY, HERE'S THAT FELLOW AGAIN!

ter of debate, or in their ability to present constructive criticism. He has not with him in the house a following that could, if asked to, turn in and take over the work of the government. The official opposition at Ottawa has not been decorated by big men in its fourteenth session.

It would be much better for Mr. MEIGHEN and his party were he to change his tactics. Let him throw out his face and become a little more human, let him get closer to his own followers in the house, and learn also that a strong opposition is never going to find its birthplace in a multitude of small questions.

## A Right Move.

DURING HIS civic welcome to members of the Western Counties Telephone Association, in annual session at London, Mayor CAMERON WILSON deplored the presence of telephone poles on streets, which detract greatly from the city's beauty.

In reply to this criticism, C. H. BEARD, local manager of the Bell Telephone Company, has pointed out, through THE ADVERTISER, that his employees are not guilty of detracting from London's beauty in this respect. In support of this statement, MANAGER BEARD declares that 85 per cent of the company's wires in this city are underground.

According to the manager, there are 29,000 miles of wire owned and controlled by the Bell Telephone Company in London.

That 85 per cent of this enormous mileage of wire is underground is a tribute to the Bell Telephone Company, and evidence that it is not the aim of this firm to detract from the city's beauty.

When a public corporation shows by its policy that it is willing to do its part to make a city more beautiful the citizens should know about it. The 1922 appropriation of the Bell Telephone Company for London is \$14,153, and of this amount MANAGER BEARD states that \$12,768 is to be expended on underground work alone.

Such action is appreciated, and now that the public utilities commission has announced that hydro-electric wires on downtown streets are about to be placed in underground conduits, which were laid for this purpose some years ago, the mayor's complaint will soon be unnecessary.

It is better for all concerned to have these wires underground, as, in addition to serving to make a more beautiful London, the reduction of overhead wires lessens a menace to life and property in the case of fire or storm.

The companies responsible for overhead wires in London have, through their respective representatives, given their word that they will remove as many as possible. The Bell Telephone Company has already fulfilled this pledge to a degree, with further action on the way.

"We are doing all in our power to maintain an underground system in London," said MANAGER C. H. BEARD.

More power to his and other companies concerned in this laudable work.

## Lock Him Up.

INFORMATION COMES that it would not be much of a trick for the former German kaiser to get out of the coop in which he is held in Holland and make his way to Germany.

Germany has not settled down yet. There are hundreds of thousands of men there who are militarists, and who would be able to turn to an army life on the shortest notice.

The ex-kaiser in Germany again might cause a lot of trouble, and lead to a lot of killing before the trouble was over.

The more you think it over the plainer it is that Napoleon had a much safer stopping place as far as the world in general is concerned.

## LITTLE 'TISERS

JUDGE VOSE of Welland took a trip to Holland, and in a letter to friends, declares prices are too high, that he was charged \$12.50 for having two shirts and a couple of collars laundered. Has the judge never heard of the flannel shirt and the rubber collar?

When papers around here can't think of anything to write about in their editorial columns, they generally tackle the drug traffic or the results of Genoa conference. On either of these subjects they can say about anything they like without having any subscribers stop the paper.

A meeting in Indianapolis is taking up the question as to whether we come from monkeys or not. Probably a good way to pass a little time in the hot season, but it is a fact that most people are not worrying much as to whether their tails used to hang by their tails and live on peanuts.

Residents of Richmond street north are waiting patiently for the oiling process which the provincial government is supposed to do on that road. Meanwhile motorists tear through there, throwing up clouds of dust that spoil vegetation and make conditions miserable. Right now is when the oil is needed.

HENRY FORD is going to build a plant to make the glass required in his cars. Good idea, no doubt, but it will probably have the effect of crippling some existing factories where this work has been handled, and one can hardly claim that Ford needs the added money that he may save in running his own plant.

The law against noxious weeds should be even more thoroughly enforced than it has been. It is possible almost any day when there is a wind to see clouds of winged seeds being driven on the property of people who try to keep their fields and premises clean. One careless individual can work a lot of damage in growing a good crop of weeds.

The Port Elgin Times has a new idea for securing circulation and getting it quick. Here it is: "An editor of a local paper recently stated that he had been kissed by one of the most beautiful married women in the town. He promised to tell her name in the first issue of his paper the following month. In the two intervening weeks the circulation doubled."

And now they do tell that a gypsy went into Guelph a few days ago to bless the money in the pockets of some of the merchants there. And after the blessing was over there was considerable change missing. These Gypsies had much better hand the receipts for the day over to their various respective and respected wives. They could do all the blessing necessary.

## LEARN A WORD EVERY DAY

TODAY'S word is HEGEMONY.

It's pronounced variously—hej-em-o-ni, with accent on the second syllable; hej-e-mo-ni, with accent on the first syllable, and he-je-mo-ni, also with accent on the first syllable.

It means—leadership, preponderant influence or authority, and usually is applied to the relationship of a government or state to its neighbors.

It comes from—a Greek root, meaning "to go before." It's used like this—"To a considerable extent Prussian hegemony in Germany has disappeared as a result of the war."

## READ YOUR CHARACTER

By Digby Phillips.

### NO. 253—PICKING A STORE CLERK.

Of course, different kinds of store clerks are required for different kinds of stores, and even for different kinds of work in the same store. So let us be specific.

Let us suppose that the store in question is a grocery store, say, a cash store, in which the most rapid service consistent with the satisfaction of the customers is one of the main things to be achieved.

Right here is indicated one of the prime qualifications of the clerk you want to hire. He must be one of those energetic fellows who makes speed naturally. Therefore, the candidate who has a convex profile, other things being equal, is preferable. If he is not entirely convex, but convex above the mouth and concave below, this will probably be better in one way, for it will indicate that the man, though a quick thinker, is not too impulsive in his speech and action. He may not move with the same restless rapidity as the entire-convex, but he'll probably make as good time in the long run and will not be so inclined to be garrulous.

For the rest, a long head is desirable. Long-headed persons nearly always do well in contact with other people. They have a certain element of human friendliness in them that makes them valuable in contact with the public.

Tomorrow—Selecting a Foreman.

Copyright, 1922, by Public Ledger Company.

## 25 YEARS AGO TODAY

HERE WE HAVE ITEMS OF LOCAL AND DISTRICT INTEREST AS RECORDED IN THE ADVERTISER OF 1897.

JUNE 29, 1897.

A meeting of the London Bicycle Club was held last night, and it was decided to vacate the club quarters in the Higgins block for the summer months. What steps will be taken in the near future are a matter of conjecture with the members.

A largely-attended meeting of the St. Andrew's Society was held last night, the president, Dr. McLaren, in the chair.

Edward Barrel's hotel at St. Johns was broken into Monday morning and \$2 in cash taken from the till.

Mr. John Green witnessed the jubilee celebration in Greater London.

Fireman A. Borland severely burned his right hand at the fire at the Central Stables.

The London Asylum and Clinton cricket clubs were prevented from league.

DR. BISHOP'S ADVICE

## A CHEERFUL MIND

BY DR. R. H. BISHOP.

It often reads of the power of mind over matter, associating the phrase, usually, with hypnotism.

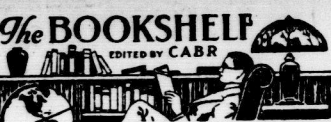

However, in curing and preventing disease there is nothing that can help more readily to win a battle with illness than a cheerful frame of mind on the patient's part.

The physician early learns that one of the best weapons he carries against disease is the power to persuade a sufferer that his illness is not serious and that his co-operation with doctor and nurse will bring speedy recovery.

Instances are common in which those in attendance have won an almost hopeless case simply by maintaining a cheerful frame of mind and communicating that cheerfulness to the patient.

I read recently of such a case.

A man lay critically ill of pneumonia, but the nurse kept assuring him that he would recover. The consultant entered the ward and, after a thorough examination of the man, pointed out to his students the symptoms which made recovery highly

HIS GRACE GIVES NOTICE. By Lady Troubridge. Duffield & Co., Publishers, New York.

THERE is, as Lady Troubridge suggests, something more than a trifle Gilbertian in the situation which forms the groundwork of her entertaining comedy of manners, "His Grace Gives Notice."

Instead of a "private drum" turning into the King of Barataria, it is a second footman who suddenly is proved to be a duke, to the intense surprise of all concerned, himself included.

The dismay of the admirable butler, Hicks, once overlord of the footman George, whom a succession of deaths had changed into no less a personage than the Duke of St. Revis, and of the no less admirable Lord Rannock, employer of the afore-said George, and their mutual efforts to meet and deal with the situation in a dignified manner, are at once entirely natural and entirely amusing.

A more serious note is introduced in the feelings of George himself, the Canadian-born young man who had roughed it in the Dominion before he crossed the ocean to fight through the war years.

Wounded, unable for a time to do anything requiring much effort, he had taken the only job that seemed opened to him, and become second footman in the Rannock establishment, where the ceremonial of the servants' hall was more rigid even than the ceremonial of the drawing-room.

Of course he was thoroughly out of place in domestic service, lonely and unhappy, miserably conscious of the barrier cutting him off from any of his fellowmen. And when he became a duke, he discovered that the barrier still existed, it had only been shifted, not removed.

This first part of Lady Troubridge's novel is a mixture of comedy and of certain very present problems, so well handled as to awaken high hopes in the reader. Unfortunately she has allowed the tale to decline into an agreeable and pleasantly-written, but completely conventional love story.

The novel shows a keen sense of character—Lord and Lady Rannock, Hicks, the very likable Lancelay, who told George, "One feels everything underneath, but one doesn't show it."

Keep a stiff upper lip. If there's a meaning in gentle blood, that's it," and George himself arg all well drawn.

The author's style is easy and intelligent, and she has a perception of the human comedy, which should mean good work in the future.

The public. It is not so important whether the new man is of the muscular or vital type in build. Both would have advantages. One would be more active, the other would have better executive and merchandising possibilities. A coarse skin would probably be a trifle better than a fine one, and hard flesh better than soft. By the by, the last two points are not so important as the others.

Of course, it is not contended that you should select your grocery clerk exclusively on these physical points, but merely that these things are a real aid to ordinary common sense when you are in doubt. There are always exceptions to be reckoned with. The rules apply merely on the average.

E. R. C. Struthers is the possessor of the Fowler sextuplet, which he secured from Chicago on Saturday. This is the wheel on which six men beat the Empire State express in a half-mile race. Mr. Struthers and five others intend riding to the C. W. A. meet at Chatham on Wednesday, leaving the corner of York and Richmond streets at 1 o'clock.

The Sioux City (Iowa) Journal contains an extensive report of a big jubilee demonstration held by the queen's subjects and ex-subjects in Sioux City. Among those who took part was Mr. W. D. Irvine, a former Londoner, and a nephew of Mr. Gilbert Glass of this city.

Messrs. J. Labatt, son of Mr. John Labatt, and Knox Niven, son of Dr. Niven, have been successful in passing the matriculation to McGill College.

playing this morning, but the game began at 2 p.m. on the asylum grounds.

Mr. John Green witnessed the jubilee celebration in Greater London.

Fireman A. Borland severely burned his right hand at the fire at the Central Stables.

The London Asylum and Clinton cricket clubs were prevented from league.

DR. BISHOP'S ADVICE

A few moments later he returned to the ward with another physician who, going over the case, said he believed such and such things would tide over the condition, and, sitting down beside the patient, told him he expected to save him, but without his co-operation, and he patiently proceeded to rekindle the hope of recovery in the man.

He did get well, and the chief told his students that the recovery was due wholly to the nurse's skill. She did not know she was using psychology; she only knew she was using sense.

## MUST ABIDE BY DECISION OF UMPIRE MAN

Promoting Spirit of Real  
Sportsmanship One Object  
of Girls' Baseball League.

"Soft Ball" Rules Adopted—  
Terrible Penalty For  
Unpunctual Teams.

(1) To create and maintain a spirit of real sportsmanship between the girls of our city and between the different business firms and organizations which they represent.

(2) To encourage out-door sports, in order that our girls may get joy from that which brings health and recreation.

(3) To foster a national sportsmanship spirit, and to keep before the girls the ideal of "British fair play."

(4) To keep the girls of our cities abreast of the times and in touch with the girls of other cities interested in sports.

The foregoing are the "written in black and white" objects of the Y. W. C. A. Girls' Baseball League of London, formed at an enthusiastic meeting held Tuesday evening this week in "Lemmore," the King street residence, at which eleven teams and industries or business houses were represented.

So far as the rules are concerned, the umpire's word is to be law. Two of them have been appointed, Mel Brock and J. B. Ferguson. The rules definitely state: "The umpires chosen shall have complete jurisdiction over the games." The umpires, further, must notify the league secretary of the outcome of the game within 24 hours of its close.

Teams wishing to protest games must notify the executive of the league in writing. All games ordered to be replayed shall be replayed at such dates as shall be agreed upon by the executive.

An incentive to punctuality is the penalty attached for the sin of being late.

Awful to be Late!  
"Any team failing to appear on the field 15 minutes after the game has been called by the umpire will be declared in default, and the umpire shall give the game to the team present."

If the date of any game is changed, both teams must agree to it, and the representatives of each of the two teams shall notify, at least 24 hours before the time set for the games, the secretary of the league in writing.

All names of players must be sent to the secretary of the league before the first game is played, which

## WOMEN GOLFERS COMPLETE FIRST ROUND FOR TROPHY

Play Semi-Final Round Thursday for  
Tillmann Prize.

The first round for the Tillmann Prize was completed out at the Hunt Club course yesterday afternoon, some splendid contests resulting. The semi-finals will be played Thursday, and it is hoped to get through the finals in time to present the prize on Dominion Day.

The results yesterday were:  
Mrs. Howard Higgins defeated Mrs. Hunt.  
Mrs. George Little defeated Mrs. Hutchinson.

Mrs. R. Gale defeated Miss Farncombe.  
Mrs. E. Q. Warner defeated Mrs. W. G. Webster.

Mrs. A. McPherson defeated Mrs. C. Brown.  
Mrs. W. C. Falls defeated Mrs. Eric Reid.

Mrs. E. H. Kippen defeated Mrs. E. L. Williams.  
Mrs. Frank Spry defeated Mrs. C. H. Hill.

will be Tuesday evening next, July 4.

Each of the eleven teams, it is stated, may register eleven players. The girls' league has adopted "soft ball" rules, and will abide by these during the coming season.

Owing to the widespread interest among girls and women in London in playing the game of baseball this season, and the fact that reports are coming in from all over Western Ontario of similar "outbreaks," the "soft ball" rules are herewith published:

"Soft Ball" Rules.

1. The bases shall be 40 feet apart.

2. The pitching distance shall be 30 feet.

3. The ball shall be the regulation "playground," 12-inch ball.

4. The pitcher must deliver the ball from below the hip, the arm parallel with the body, and only one step may be taken in the delivery.

5. A dead ball will not take his base unless it is the fourth ball. Base runners will return to their bases on a dead ball.

6. Base runners must hold their bases until the ball delivered by the pitcher has crossed the home plate. They must not start to steal while the pitcher has the ball in his possession.

7. If a base runner leaves his base too soon he will be ordered to return by the umpire as soon as he reaches the base he is attempting to steal or he has been touched out. Any hit or "out" made by the batter on the pitch will be declared null and void.

8. (a) A foul tip is a ball hit that does not go higher than the batsman's head.

(b) A foul tip caught is out only if it is the third strike.

9. The third strike shall be as in hard ball rules.

10. The balk rule of hard ball shall be rescinded.

## WITH BRIDES

GIBBERD—PEARCE.

A veritable "rose wedding" took place Wednesday afternoon at the home of Mr. and Mrs. R. P. Pearce, 953 Wellington street, when their daughter Aimee was united in marriage to Mr. Eric Waters Gibberd of Cleveland, Ohio, son of Mrs. Edith Gibberd of this city.

A wealth of roses and peonies converted into a bower of bloom the attractive living room. Crimson Rambler roses banking the mantel, and forming an effective background for the bridal party. Roses were also used to adorn the dining-room, a shower of pink and white ribbons, in which rosebuds were caught, falling from the bride's trolley over the wedding cake, which centered the bride's table. Covered with a handsome cluny lace cloth, a further decoration for the table was bud vases filled with roses and placed at the corners.

Rev. E. W. Jewett of the First Methodist Church conducted the service in the presence of some 35 guests. At 4 o'clock, to the strains of the Lohengrin wedding music, played by her sister, Miss Grace, the bride entered with her father. She was lovely in a gracefully draped gown of ivory charmeuse, the wide skirt, with long ends falling to the floor, lined with blue pink georgette. The veil, embroidered with silver thread of tulle, was arranged in plaits, high at the back, and held to her head with a bandeau of tulle and orange blossoms. She carried Sweetheart roses, showered with sweet peas. Miss Margaret Reid, as bridesmaid, was becomingly gowned in pale green georgette, with which she wore a large black hat and carried a shower of pink roses and delicate mauve sweet peas. Little Barbara Gibberd, sister of the groom, was a winsome flower girl in a quaint frock of white silk with touches of pink, and carrying a Victorian bouquet of pink sweet peas. Rex Pearce, brother of the bride, was best man. Mrs. Hugh McKillop of West Lorne, who sang during the signing of the register, "O Fair, O Sweet and Holy," was handsome in a black costume with touches of blue. Mrs. Pearce, mother of the bride, wore a modish creation of gray silk, with a touch of mauve, and a corsage of pansies, and Mrs. Gibberd, mother of the groom, black tulle with an effective corsage of crimson roses. Miss Grace Pearce, who presided at the piano, wore a pretty frock of pale green organdy.

A buffet luncheon was served after the ceremony in the dining-room. Rev. Mr. Jewett proposing the toast to the bride. The happy couple left by motor on a honeymoon trip, the bride wearing a smart cape costume of blue and white crepe knit and hat to match. They will make their home in Cleveland.

ELLIOTT—ROUSOM.

One of the prettiest of the June weddings took place Wednesday afternoon at the home of the bride's parents, Wootley road, when Mary Rebecca, daughter of Mr. and Mrs. J. W. Rousom, was married to Sydney Garfield Elliott, son of Mr. and Mrs. J. C. Elliott. The ceremony was performed by Rev. J. T. Cooby, a Unitarian minister, who officiated at the wedding. The bride, who was given in marriage by her father, looked lovely in her wedding gown of ivory satin trimmed with pearls. Panels of radium lace fell gracefully from the waist, and the sleeves were also of the same lace. Her wedding dress was of embroidered tulle, and was caught with orange blossoms, forming a coronet. She carried a shower bouquet of Ophelia roses. Preceding the bride were the two charming bridesmaids, Miss Florence Widdon and Miss Mervin Rousom, sister of the bride. The latter wore a pretty frock of Nile green organdy, with hat to match, and Miss Widdon was gowned in peach organdy, with hat of the same color. They carried shower bouquets of pink sweet peas and snapdragons. Mr. Wilbert Schott was best man.

During the signing of the register, Miss Olive Rousom, the bride's sister, wearing a becoming gown of orchid organdy and hat to match, and a corsage of roses, sang "The Crown."

Following the ceremony, a reception was held and a buffet luncheon was served. Mrs. Rousom, mother of the bride, wore a gown of black charmeuse, and Mrs. Elliott, mother of the groom, was gowned in black satin. Mr. and Mrs. Elliott left on a honeymoon trip up the lakes, and upon their return they will reside in Essex. The bride traveled in a frock of sand crepe d'ene, with a large black mohair hat trimmed with yellow water lilies. She also wore a smart wrap of bolivia cloth in a deeper shade than her dress. Slippers and hose of the same shade completed her costume.

Among the guests, numbering over 60, were many from out of town, including Mrs. Fred Rousom and Mrs. Arthur Pakenham of Toronto; Mrs. W. Rousom, North Bay; Mr. and Mrs. Fred Perry, St. Thomas; Miss

Meryle Anderson, Windsor, and Mr. and Mrs. C. Redmond of Belleville.

AGNEW—JEFFRIES.

The marriage of Lorna Jeffries, daughter of Mr. and Mrs. Thomas Jeffries, to Herbert Beresford Agnew, son of Mr. and Mrs. John S. Agnew, took place Wednesday morning at 11:30 o'clock at the Cronyn Memorial Church. Rev. Quintin Warner performed the ceremony.

The bride wore a smart suit of navy pointed tulle, with a black French hat, and a corsage of roses. Miss Helen Katharine Hopper was bridesmaid, wearing a frock of navy blue tulle, with hat to match, trimmed with flowers, and a corsage of roses and lily of the valley. Mr. Ernest Agnew, brother of the groom, acted as best man. Following the ceremony Mr. and Mrs. Agnew left on a honeymoon, going first to Toronto, and taking the boat from there to Montreal and Quebec. Upon their return they will reside on Adelaide street.

PERSONALS

Misses Aline and Bertha Hargitt are visiting Mrs. W. T. Nicholson, Petrolia.

Mr. J. Buchanan of Guelph is a visitor at Springbank, the guest of Mr. Sanderson.

Mr. and Mrs. C. L. Eddy and family are opening their summer home at Ipperwash Beach.

Miss Wilkes of London, England, is a guest with Mrs. Thomas Lamb, Ridout street south.

Dr. and Mrs. W. J. Tillmann and family are going this week to their summer cottage at Bayfield.

Mr. and Mrs. E. Fellow were visitors in Kerwood this week, the guests of Mrs. Thomas Redmond.

Mrs. Tanley Scruby has returned home after a week's visit with her sister, Mrs. C. S. Walker, Chatham.

Mr. and Mrs. Milford Dinner (formerly Leah McGuffin) and small son Billy of Detroit are visiting in the city.

Dr. and Mrs. George Fraser and little daughter Betty, accompanied by Miss Janette Wilson, are going to Bayfield for the summer.

While in Samia last week Right Rev. David Williams, Bishop of Huron, was a guest in the home of Mr. and Mrs. John Knowles, Christina street.

Misses Eleanor and Marian Manning are leaving this week for a holiday with their cousin, Mrs. R. A. Mitchell, at her summer home, near Parry Sound.

In honor of Miss Helen Reid, Mrs. Thornley Bowman was the hostess of a tea at her home, Wootley road, Wednesday afternoon. Mrs. C. K. Edwards, presided at the attractive tea table.

Miss Agnes Grant of Blenheim, who has been attending Macdonald College, Guelph, accompanied by Miss Edna Clancy of Guelph, was a visitor in London this week on her way home.

Mr. and Mrs. Thomas Pinch and Master Earl Harris of Wellington street, are enjoying a vacation at Nepalwin, Gregory, Lake Rosseau, returning to London the middle of July.

Miss Ratcliff of London, England, is an interesting visitor with Mr. and Mrs. Gerald Pearson. In honor of her guest, Mrs. Pearson entertained a delightful tennis tea at Dr. W. J. Robinson's residence at the Ontario Hospital.

Mrs. Arthur Pakenham (formerly Gladys Wright), also a June bride, who came up from Toronto for the Elliott-Rousom wedding Wednesday, is spending the holiday week-end with her parents, Mr. and Mrs. T. A. Wright, at their summer home, Erie Road, Port Stanley, where she will be joined by her husband.

Mr. and Mrs. Robert B. Tatham of Laurel, Mississippi, were interesting visitors in the city last week. Mr. Tatham is a former Londoner, and was welcomed by many old friends. Mr. and Mrs. Tatham left Tuesday for Saginaw, Mich., where they will visit the latter's father, Senator Fordney.

Mrs. Duncan McArthur was the hostess of a charming luncheon at her home in Kilworth Wednesday in honor of her guest, Mrs. D. Fraser of Ottawa. Lunch was served on the porch. The tables were decorated with roses, tastefully arranged, and covers were laid for twelve. Mrs. Fraser is leaving next week for Port Bruce, where she will spend the month of July with Mr. and Mrs. C. R. Rowntree of Stanley street.

At the recent examinations in connection with the London College of Music, England, the following home students were successful: Diploma of associate, piano—Florence West and Marjorie Courts; intermediate honors, piano—Maurice George and Elizabeth Orchard; elementary, first class, piano—Howard Thomas, Elsie Talbot, Margaret Taylor, Eleanor Lindenfield; primary honors, piano—Minnie Westcott.

Friends are showering congratulations upon Mr. Sidney Kingsmill, who is in town for a few days from Toronto, upon receiving the governor-general's medal at the recent convocation exercises at Ridley College, St. Catharines, on standing head boy for 1921. The medal is awarded to the graduate on his standing the succeeding year in the university. Mr. Kingsmill taking honors in his course in commerce and finance in Toronto University during the year just closed. The medal is the second he has received from Ridley. In 1916 he captured the second-year medal

## FETE AT ST. MICHAEL'S PROVES BIG SUCCESS

Postponed a Day, But Throngs  
Attend Charming Affair.

Although the garden party, given at St. Michael's Church, was postponed from Tuesday till Wednesday evening, owing to rain the first day, it proved to be a most successful affair. The booths, which had been arranged on the lawn at the south of the church, were lavishly decorated with flags, flowers, lanterns and red, white and blue bunting. Mrs. W. H. Fox, general convener, was ably assisted by Mrs. N. Corcoran, the secretary.

The candy booth, in charge of Miss K. Gleason, was effectively decorated with marguerites, and the country store, with Mrs. Pirrie as convener, was decked with bunnies. Quantities of the home-cooked stall, where Mrs. P. McGinnis was in charge. Dainty pieces of fancywork were found at the sewing-table, which was decorated with peonies, and confectioned by Miss K. Laughnan. Mrs. C. Griffin was in charge of the ice cream booth, and the Holy Name Society, with Mr. T. J. Hayes as convener, took charge of the soft drinks.

Mrs. T. Brennan was in charge of the dolls; Mrs. William Connor, the fish-pond; and Mr. Frank Walsh, the program convener. The R. C. R. Band, under the direction of Capt. Ryan, provided an excellent program of music.

PARTIES BEGIN  
AT SUMMERHOLM

"Summerholm," the attractive holiday house of the London Y. W. C. A., at Orchard Beach, Port Stanley, will be formally opened for the season on Monday, July 3. Misses Jennie Yee and Morris to act as hostesses the first week.

In the meantime there has been much refurbishing since last season, and already at least one happy party has enjoyed an outing.

Some time ago Mrs. W. N. Manning's class in the First Methodist Sunday School raised the sum of \$102 for improvements at "Summerholm." The money has been used for linoleum to cover the whole of the big dormitory upstairs. Another improvement, which will be much appreciated, has been the screening in of the sleeping porch as a safeguard against the onslaught of mosquitoes.

This week Mrs. W. N. Manning, who is president of the Summerholm board, and her Sunday school class, known as the "V. A. T.," spent a few happy days at the cottage, to the equipment of which they have made such valuable addition. While the days were warm, the cool evenings were considered a decided advantage, owing to the enjoyment derived from the chatting, singing and story-telling around the blazing fire in the big open hearth in the living-room.

Over the Dominion Day week-end Miss Jean Walsh, leader, is taking down the members of the Pollyanna Club of the Y. W. C. A. to be her guests.

Mrs. Jarvis, known to those who have been going to Summerholm for years past, is again on duty, in charge of the house-keeping arrangements, thereby insuring a bountiful supply of well-cooked food.

A suggestion has been made by a member of the board that a week-end party out of the regular season at summerholm is an ideal way for a teacher or club leader to get better acquainted with her girls.

and a scholarship, and also had many prizes to his credit during his course. He arrived in London a few days ago with his mother, Mrs. Harry Kingsmill, after a week's motor trip to Buffalo, Cleveland and other points around Lake Erie, and is leaving to spend the summer at Glenora, Lake of Bays, accompanied by Walter Holt. Mrs. Kingsmill is staying in the city for July and August, and has opened her home on Queen's avenue.

## Reader Takes Newer Form of Iron—Feels Years Younger

"Six weeks ago I saw a special offer in the paper telling how thousands of people grow old in looks and energy long before they are really old. In years, because, as examinations by physicians have shown, an enormous number of people do not have enough iron in their blood. I have been taking Nuxated Iron for two weeks; the results are simply astounding. The roses have come back in my lips and cheeks, and I can conscientiously say that I feel ten years younger."

The above is a typical hypothetical case, showing the results that have been achieved by a great many people since we started this "Satisfactory or money back" offer on Nuxated Iron. We will make you the same guarantee. If, after taking the two weeks' treatment of Nuxated Iron, you do not feel and look years younger, we will promptly refund your money.

Call at once for a bottle of Nuxated Iron at Standard Drug, Ltd., or any other good drug store.

INVITING NEIGHBORS.

At the June meeting of Embro Women's Institute held in the basement of Knox Church, it was decided to invite the institutes of Braemar, Lakeside and Kintore to a picnic in Embro Sept. 7.

The following program was rendered: Piano duet by Misses Helen and Jean Ross, solos, Mrs. John McDonald; an address by Mrs. Dr. Downing of Ottawa on "Legislation Affecting Women and Children," and a piano selection by Miss Heiney. A collection of \$420 was taken. Tea was served, and a social half hour was spent.

ASTHMA

Asthma and hay fever, even of long standing and of the most distressing severity, are robbed of their terror by this reliable remedy.

Two Sizes 25c and \$1.00.

## JUST MARRIED. DON'T DIVIDE US!

Love may laugh at locksmiths, but why should the public laugh at a hapless newly-married couple?

Such a couple appeared on Dundas street on Wednesday at the most impossible hour of a summer Wednesday for anyone endeavoring to avoid attention. It was 1 o'clock, stores and offices just closed for the half-holiday, and throngs jostling this way and that.

The throngs stopped jostling to stand still and gaze and smile. More throngs hustled across the street to see the show.

The "show" was a gaily-caparisoned automobile, over the engine of which white ribbon reins were stretched, with great knots of white crepe paper decking the doors. On the back, neck-tied in white crepe paper, was the tell-tale sign. "We are one, please do not divide us."

Beyond the side window card, the bride with her "becoming veil," the fully-regaled groom, the girl chauffeur, who appeared to think the whole thing a huge joke, and members of the wedding party.

Why was the nuptial car drawn up at the curb at that hour of the day?

"Getting photos taken," was a surmise, which seemed to be founded on logical reasoning, considering the location.

There was no time to find out, because the engine got started, and the girl at the wheel whirled her interesting load off east on Dundas street.

WANTS MORE MEMBERS

With the season just at a close, Chesley Avenue Mothers' Club has plans under way for a grand membership campaign, which will largely increase the ranks by the time the first meeting of 1922-23 is called in the autumn. The final meeting Tuesday evening, a well-attended and very enthusiastic one, appointed Mrs. A. E. Tutt and Mrs. E. Fellow as captains of the campaign teams. Arrangements were also made for the club picnic, to take place at Springbank on July 19. Mrs. Harry Huddard to assume the convener'ship.

Mrs. James Mills presided, and, in addition to the business, a pleasing program was enjoyed, including readings by Hilda Griffin and May Pellow, and an instrumental by Mrs. Mills. Refreshments were served, and a happy social hour enjoyed.

CLUB NEWS

What Women Are Accomplishing in London.

CHIEF ENTERTAINS D. O. S.

Instead of holding the regular formal meeting this week in concession to the summer season, Mrs. James Hendry, chief, entertained the members of the Edinburgh Castle Camp, 109, Daughters of Scotland, at afternoon tea in her cosy home, Vauxhall street. The rooms were festively with Oriental bunting cut-glass vase of the radiant flowers, artistically arranged on the tea table, which the honors were done by Mrs. David Macpherson and Mrs. James Smith. Miss Helen Smith delighted with piano numbers. The only business transacted was the arrangement for a sale of work to be held in the D. O. S. will meet only once a month in the homes of the members.

TELLS W. I. OF "Y" WORK.

Mrs. Mattie Rose Crawford, industrial extension secretary of the London Y. W. C. A., addressed the June meeting Wednesday afternoon of the Hyde Park Women's Institute, of the subject of the general work of the association, calling attention to the traveler's aid, educational work, physical training, devotional, industrial and business extension and other departments which serve all young women.

HAS 29 PLAYERS.

Staying in the city for summer activities, Miss Edith Wynne-Pryce, physical director of the Y. W. C. A., is finding her hours filled to overflowing with baseball, tennis and such outdoor sports, not to mention hikes with game programs that are a daily occurrence.

While the baseball league has just been successfully launched this week, the tennis league has been getting under way ever since the weather became suitable, and 29 players are now enrolled who enjoy the court in the grounds of the Wellington street residence.

Thursday afternoon the physical education committee, of which Mrs. Gordon Philip is convener, is giving a tennis tea for the league at the court. The hostess are: Mrs. Philip, Mrs. Sherwood Fox, Mrs. Charles T. Glass, Mrs. H. W. Paddell, Mrs. Eric Reid, Miss F. McColl and Miss Eula White.

ST. THOMAS LODGE HERE.

Victoria Lodge, No. 120, L. A. of T. R., held a most enjoyable social Tuesday evening in Alma Block, when they entertained 40 members of Unity Lodge, No. 509, St. Thomas. The St. Thomas drill team gave an excellent drill, lasting over a half hour. The drill was in charge of Mrs. Burdip. Cards and dancing were enjoyed during the evening, which was concluded by a dainty supper. The St. Thomas Lodge left for home on special L. and P. S. cars.

## Real Good Soap

A Big Bar of Good Soap—Bright, solid soap with fine lathering and cleansing qualities for the family wash and household use.

For use in washing machines shave or slice a portion of the "SURPRISE" bar direct to the machine—it will do fine work.

## Change your diet today!

make it **WAXTITE** instead of heavy foods!

Every day this summer more men, women and children are cutting down on the heavy, greasy foods and turning to a lighter diet for health's sake. They can think and work and play better and get more enjoyment out of the hot days.

Kellogg's "WAXTITE" Corn Flakes are ideal for a light diet for breakfast, for lunch, for any meal or between-times nibbles because they not only nourish, but are easy to digest! With cold milk, Kellogg's "WAXTITE" are wonderfully delicious—but for a taste-delight, eat Kellogg's "WAXTITE" with the luscious fresh fruit now in season!

# SCARAMOUCHE

by Rafael Sabatini

"Calm, mademoiselle, calm!" the subtle friend was urging Clémence. "Keep calm and trust to me. I promise you that all shall be well."

"Ch!" cried M. Leandre, limply. "See what you will, my friend, this is ruin—the end of all our hopes. Your wits will never extricate us from this. Never!"

Through the gap strode now an enormous man with an inflated moon face and a great nose, decently dressed after the fashion of a solid bourgeois. There was no mistaking his anger, but the expression that it found was an amazement to Andre-Louis.

"Leandre, you're an imbecile! Your words wouldn't convince a plebeian!"

He checked abruptly, startled. Andre-Louis, suddenly realizing what was about, and how duped he

its invisible tenant. "Hi! You there!" Andre-Louis revealed himself by a further protrusion of his tousled head.

"Good morning," said he, pleasantly. "What the devil are you doing up there?"

"Precisely the same thing that you are doing down there," was the answer. "I am trespassing."

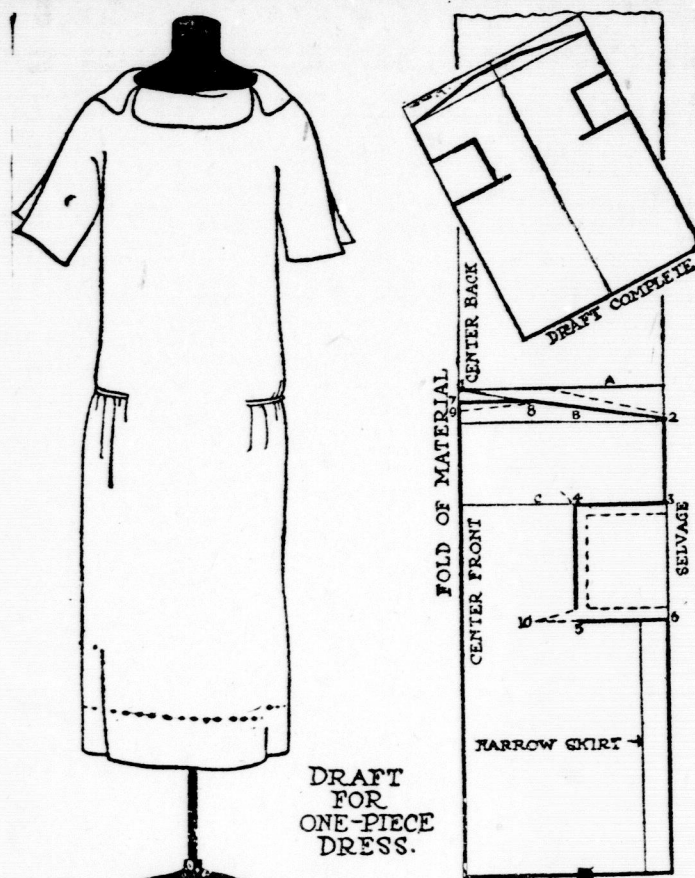

"Eh?" said Pantalone, and looked at his companions, some of the assurance beaten out of his big red face. "Whose land is this?"

Andre-Louis answered, whilst drawing on his stockings. "I believe it to be the property of the Marquis de la Tour d'Azyr."

Having donned his boots, Andre-Louis came nimbly to the ground in his shirt sleeves, his riding-coat over his arm.

They followed him through that

## Block Patterns For Kimono Dresses

Three unfinished stages, the draft marked for cutting, the draft ready to cut for a pattern, and the block basted for a fitting.

This is the second of a series of six articles on dressmaking.

THIS is a simple draft by which you can make a "block" pattern for a one-piece kimono dress. A "block" is a foundation upon which many dresses can be designed.

Draft this pattern on cheap, unbleached muslin. Cut, pin up seams exactly on heavy lines and carefully fit. Pin in and pencil all alterations. Lay your muslin pattern out flat and from it cut a corrected pattern in paper.

This should be so accurate you will need few fittings on dresses modeled from this block. Take two and one-half yards of muslin for the average figure. Mark center, end to end, with a pencil line, clearly defining your center front and center back.

Fold on this line, selvage to selvage. Draw a line exactly in center from fold, point 1, to selvage (line A). Measure down from point 1 three inches on fold.

Draw light line from this point to selvage (line B). Connect point 1 with selvage end of line B to point 2. (This is your shoulder seam.)

Measure on selvage width of sleeve desired, about seven inches, to point 3. Draw light line (line C) from 3 to fold.

Measure from fold on this line one-quarter of desired bust measure, point 4. (Use a bust measure about six inches larger than your actual measurement, for example—36-inch bust, plus six inches, equals 42 inches.)

Connect 2 and 4. Measure down from 4 under arm measure desired, point 5 (average 11 inches for a long-waisted dress). From 5 draw line to selvage in straight grain of material, point 6.

From 6 to floor is distance seam. If one does not want two full widths in dress shorten distance from his face fell. "Bah! This man of ours is no older than yourself, a thin wisp of a fellow of about your own height and of black hair, just like you, own, by the description. Keep a lookout on your travels, master player. The King's lieutenant in Rennes has sent us word this morning that he will pay ten louis to anyone giving information that will lead to this scoundrel's arrest. It would be a fine windfall for you, that."

"A fine windfall, indeed, captain," answered Andre-Louis, laughing. "But the sergeant had touched his horse with the spur, and was already trotting off in the wake of his men. Then he turned slowly about, and came back towards Pantalone and the rest of the company, who were now all grouped together, at gaze.

CHAPTER II. THEY were, thought Andre-Louis, as he sat down to breakfast with them behind the itinerant house, an odd and yet an attractive crew. They numbered exactly eleven, three women and eight men; and they addressed each other by their stage names; names which denoted their several types and never varied, no matter what might be the play that they performed.

"We are," Pantalone informed him, one of those few remaining staunch bands of real players, who uphold the traditions of the old Italian Commedia dell'Arte. Each of us is his own author as he develops the part assigned to him. We are improvisers—improvisers of the old and noble Italian school."

And he proceeded to introduction in detail. He pointed out the long

## LAMB SOUFFLE

With Green Peas and Caper Sauce

(This recipe has been tested and proved right in a laboratory.)

2 cups cold, cooked, chopped lamb 1/2 teaspoon paprika  
1 1/2 cups milk 3 eggs, white and yolks beaten separately  
1/4 cup stale, soft bread crumbs 2 tablespoons butter  
1 1/2 teaspoons salt 1 teaspoon finely cut parsley

HEAT milk, bread crumbs and butter and cook until thickened; add meat and seasonings and beaten egg yolks. Beat whites of eggs until stiff, then carefully fold them into the meat mixture. Turn into a buttered baking dish, set dish in a pan of water, and cook in a moderately hot oven 35 minutes.

Make two cups cream sauce, using three tablespoons of butter, four tablespoons flour, two cups milk, one teaspoon salt, a little pepper and one-half cup capers. In place of capers, one may use two tablespoons fine-cut parsley or two canned red peppers finely cut.

Peas, canned or fresh, make a suitable accompaniment.

Any dish containing eggs and milk should be baked in a pan of water. If the water boils, it indicates too hot an oven. If kept below the boiling point, the mixture will be creamy and delicate.

## Radio Radiations

BY THE RADIO EDITOR.

ALL the thrills which go with owning and operating a regenerative receiver may be experienced at very little expense.

The diagram shows a method of connecting a conventional type of double-slide tuning coil with a vacuum tube and its batteries in such a way as to give access to a fairly broad band of waves while providing an extremely simple means of securing regenerative amplifications.

With this arrangement the vacuum tube may be put through its paces in the same way as though an expensive set were used. In the specially designed receiver of this type more complete control is provided, of course, but the actions and effects are identical in either case.

Six-tenths of the way from one end of the tuning coil take off a tap from one of the wires at a point where the connection will not interfere with the operation of the sliders. Connect the tuning coil as shown in circuit.

Set slider "B" on the wire from which the tap was taken. Tune for incoming signals by variation of slider "A."

When signal is tuned in, advance slider "B" toward the free end of the coil. Amplification will commence and reach an apparent maximum. Still greater strength of signals is to be had, however, by a final simultaneous adjustment of both "A" and "B."

This circuit may be improved upon by the addition of a variable condenser in the wire which leads to the antenna.

When slider "B" is carried forward too far the system will begin to act as a generator of oscillations. When in this condition, distant radio phone stations may be located by their "whistles."

To the Radio Editor—I am putting in a vacuum tube detector and two-step amplifier outfit, with a single wire aerial, 40 feet high and 135 feet long. I have a good ground, but was thinking probably that a counterpoise wire below my aerial might be better for some weather conditions.

I have plenty of room to make a

longer aerial. Do you advise this? How far from the aerial should the counterpoise be, and how many wires? SUBSCRIBER.

Answer—1. A counterpoise wire could probably be used to good advantage with your set. It should be located about 25 feet below your aerial, and should be of two wires.

2. You could possibly make your aerial higher and obtain better reception.

3. Would it be practical to use a small plate of copper 2x6 inches to take off any electrical disturbances within operating room?

4. Could signals be heard as well with one pair of 3,000 ohm receivers as with two pairs of 3,000 ohm receivers? H. DARCH.

London, Ont.

Answer—1. Would not decrease the receiving area.

2. Yes.

3. No; not necessary.

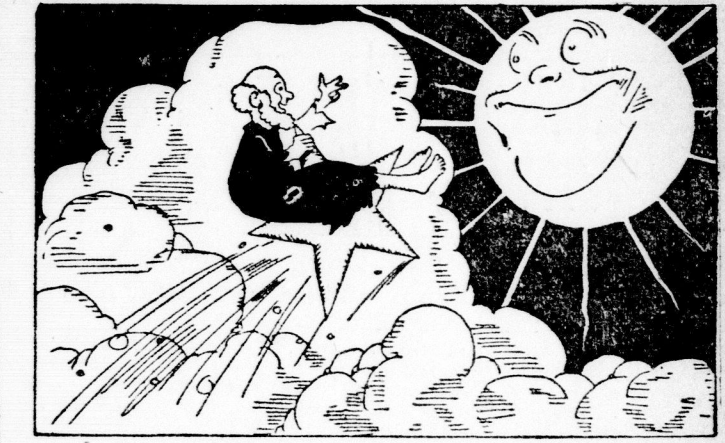

4. Yes, possibly better.

To the Radio Editor—1.—Are there any broadcasting stations in London?

2. Is there any difference between this advice by mail.

## Moon-Man Astounds Comet-Legs As He Reaches Home On Shooting Star

[By Olive Roberts Barton.]

Then Mr. Peerabout straddled the star that belonged to Comet-Legs and rode back to the Moon.

MR. PEERABOUT, the Man-in-the-Moon, searched everywhere for Comet-Legs, his enemy, who had pushed him off the Moon.

He finally reached Bluster-Gust Land and he and Buskins, a fairy, looked into every nook and corner.

But no Comet-Legs was there. It was most puzzling, for there was the little star Comet-Legs always rode tied tight to the Weatherman's chimney.

"Well," said Mr. Peerabout finally, "I give it up. I'll take the star and ride it back to the Moon, and you can take your little elevator back to the apple-tree in the orchard."

"Good-by, Buskins, and thank you for helping me. They say it's a bad wind that does no one good. I'll say it's a bad fall that does no one good, for if I hadn't fallen I'd never have met you."

Buskins shook Mr. Peerabout's hand and departed.

Then Mr. Peerabout straddled the star that belonged to Comet-Legs and rode back to the Moon.

And what do you think, my dears? There was Comet-Legs on the top of the very mountain from which he had pushed Mr. Peerabout!

When he saw the Moon-Man he was so surprised he nearly fell over. "Jumping jumping—jacks!" he cried. "Where did you come from, Mr. Moon-Man, and where did you find my star?"

"I've looked for it everywhere. Those meddlesome Twins ran off with it. Bring it here, please. I have some place I wish to go, and I can't leave the Moon without it."

"Leave the Moon!" cried Mr. Peerabout. "Why, I thought you wished to be Moon-Man and stay here forever."

"No, sir! Not for a million dollars," cried Comet-Legs. "I can't get away fast enough."

(To Be Continued.)

(Copyright, 1922.)

## WE ARE IN QUEST OF A SCOUNDREL NAMED ANDRE-LOUIS

had been, had loosed his laughter. The sound of it pealing and booming uncannily under the great roof that so immediately confined him was startling to those below.

The fat man was the first to recover, and he announced it after his own fashion in one of the ready sarcasms in which he habitually dealt.

"Hark!" he cried, "the very gods laugh at you, Leandre!" Then he addressed the roof of the barn and

gap in the hedge to the encampment on the common. There Andre-Louis perceived a young man of the company performing his morning toilet at a bucket placed upon one of the wooden steps at the tail of the house on wheels.

"I would beg leave to imitate that very excellent young gentleman before I leave you," he said frankly to M. Pantalone.

"But, by all means, Rhodmont will provide what you require."

So Andre-Louis once more removed his neckcloth and his coat, and rolled up the sleeves of his fine shirt, whilst Rhodmont procured him soap, a towel, and presently a broken comb. This last Andre-Louis gratefully accepted, and having presently washed himself clean, stood, restoring order to his disheveled

He was standing thus, when his ears caught the sound of hoofs. He looked over his shoulder carelessly, and then stood frozen, with uplifted comb and loosened mouth. Away across the common, on the road that bore him to the village, a party of seven horsemen in the blue coats with red facings of the mareschausee.

When a moment later the sergeant pulled up his horse alongside of this half-dressed young man, Andre-Louis combed his hair what time he looked up with a faint smile, intended to be friendly, ingenious, and disarming.

"What is your pleasure, captain?" "My pleasure is to tell you that you are very likely to be gaoled for this, all the pack of you."

"But how so, my captain? This is communal land—free to all."

"It is nothing of the kind. This is terre censive."

"Technically, I suppose you are right," sighed Andre-Louis, and fell to combing his hair again, still looking up into the sergeant's face. "We are grateful to you for the warning."

He passed the comb into his left hand, and with his right fumbled in his breeches' pocket, whence there came a faint jingle of coins.

"Well, well," said he, gruffly. "But you must decamp, you understand." He leaned from the saddle to bring his recipient hand to a convenient distance. Andre-Louis placed in it a three-live piece.

"After all," said the sergeant, "it is none of our business to play the tipstaves for M. de La Tour d'Azyr. We are of the mareschausee from Rennes."

The sergeant wheeled his horse about, his troop wheeled with him. "You, monsieur!" he called over his shoulder. In a bound Andre-Louis was beside his stirrup. "We are in quest of a scoundrel named Andre-Louis Moreau, from Gavrilac, a fugitive from justice wanted for the gallows on a matter of sedition. You've seen nothing, I suppose, of a man whose movements seemed to you suspicious?"

"Indeed, we have," said Andre-Louis, very boldly, his face eager with consciousness of the ability to oblige.

"Yes, yes," the sergeant felt himself hot upon the trail.

"There was a fellow who seemed very fearful of being recognized. A man of fifty or thereabout."

"Fifty!" cried the sergeant, and

## FRECKLES

Now is the Time to Get Rid of These Ugly Spots.

There's no longer the slightest need of feeling ashamed of your freckles, as Othine—double strength—is guaranteed to remove these homely spots.

Simply get an ounce of

## OTHINE

(DOUBLE STRENGTH)

from any drug store or toilet counter and apply a little of it right and morning and you should soon see that even the worst freckles have begun to disappear, while the lighter ones have vanished entirely. It is seldom that more than an ounce is needed to completely clear the skin and gain a beautiful clear complexion.

Be sure to ask for the double strength Othine as this is sold under guarantee of money back if it fails to remove freckles.—Advt.

## Piles

are usually due to straining when constipated.

Nujol being a lubricant keeps the food in the bowels and therefore prevents straining. Doctors prescribe Nujol because it not only soothes the suffering of piles but relieves the irritation, brings comfort and helps to remove them.

Nujol is a lubricant—not a medicine or laxative—so cannot gripe. Try it today.

Nujol

## He Will Say

"Fight those film-coats on your teeth"

Leading dentists, nearly all the world over, now urge a new method of teeth cleaning. Millions of people already employ it. You see the results everywhere today, in whiter, cleaner teeth.

This is for those who don't know it as yet. We offer a ten-day test. You will then see the unique results and decide what they mean to you.

### The war on film

One great object is to fight the film on teeth. You can feel it now—a viscous film. It clings to teeth, gets between the teeth and stays. And it forms the basis for dingy, dangerous coats.

Ordinary tooth pastes do not effectively combat it. So millions of teeth brushed daily still discolor and decay.

Film absorbs stains, making white teeth cloudy. Film is the basis of tartar. It holds food substance which ferments and forms acids. It holds the acids in contact with the teeth to cause decay.

Film constantly breeds germs. They, with tartar, are the chief cause of pyorrhea. Thus most tooth troubles are now traced to film.

### How to fight it daily

Dental science has now found two effective film combatants. Able authorities have proved them by many careful tests.

A new tooth paste has been perfected, to comply with five modern requirements. The name is Pepsodent. These two great film combatants are embodied in it.

Careful people of some forty races now employ it daily, largely by dental advice. You will also do so when you know how much it does.

### Brings other effects

Pepsodent brings two other effects which authorities now desire. It multiplies the starch digestant in the saliva. That is there to digest starch

deposits. They gum the teeth, get between the teeth, and often ferment and form acids.

It multiplies the alkalinity of the saliva. That is Nature's neutralizer for acids which cause decay.

Thus every use gives multiplied power to these two great tooth-protecting agents in the mouth.

### For beauty's sake

Film removal means prettier teeth. Film-coats make teeth dingy. So every lover of glistening teeth should combat that film daily.

The results will delight you and convince you. Present the coupon for the 10-Day Tube. Start its use tonight.

Note how clean the teeth feel after using. Mark the absence of the viscous film. See how teeth whiten as the film-coats disappear. The normal alkaline mouth, following every use, is most refreshing.

See and feel these results for ten days. Then look at your teeth in your mirror. Then you will know what this new method means to you and yours. Cut out the coupon so you won't forget.

## Pepsodent

## AD CLUB PICNICS AT SPRINGBANK

Members Forget Business For Day of Pleasure At Riverside Park.

Games, Races and Special Events Comprise Entertaining Program.

Members of the London Advertising and Sales Club at their annual picnic held at Springbank Wednesday afternoon faithfully lived up to the motto they had chosen for the day, "Forget It."

Nothing was remembered which might in any way cast even a slight shadow on the day's outing, although nothing was forgotten which would contribute toward making the picnic a success from start to finish.

Capable committees were in charge of every department of picnic activity, and the program, which commenced with a baseball game, continued through thrilling races and contests, finally winding up with supper "de luxe" and a motor ride home, was a success in every detail.

Games and races with balloons were a mere feature of the sports program, the most exciting feature of which was a trial between the ladies who could first manage to blow up a balloon. A large number were induced by an active sport committee to enter the contest, but with three exceptions all withdrew. The winner was Mrs. Chas. Bell, who accomplished the feat in 4 minutes, with Mrs. H. McCallum achieving it in 1/2 minute and Mrs. George Wesley in 1 minute.

**Wins Balloon Race.**  
In the balloon race Mrs. Chas. Bowie was winner, with Mrs. H. J. McCallum second. The results of

## ST. VITUS DANCE

A Nervous Disease Due to An Impoverished Condition of the Blood.

Is your child fidgety, restless or irritable? Are the hands shaky or the arms jerky? Does the face twitch? Do the legs tremble or drag? These are signs of St. Vitus Dance, a nervous disease due to an impoverished condition of the blood. The trouble is confined chiefly to young children, but often affects highly-strung women and sometimes men. The only relief is to enrich the blood, thus enabling it to carry sufficient nourishment to the nerves. For this purpose the very best tonic known is Dr. Williams' Pink Pills, which promptly enrich the blood and give new strength and tone to the nerves. Mothers whose children are affected with this trouble will be interested in the statement of Mrs. Jacklin, of Chatham, Ont., who tells what Dr. Williams' Pink Pills did for her young daughter, afflicted with this trouble. Mrs. Jacklin says: "My daughter, Edna, 13 years old, had such a severe attack of St. Vitus dance that she could not feed or dress herself. We did everything for her, and on the doctor's advice took her from school and sent her to the country for three months, but without results. At this stage I read of a similar case in which beneficial results followed the use of Dr. Williams' Pink Pills and decided to try this medicine. Very soon she seemed to benefit by this treatment and by the time she had taken eight boxes the trouble had entirely disappeared and she was as well and active as she had ever been. I can therefore strongly recommend Dr. Williams' Pink Pills in cases of St. Vitus Dance."

You can get Dr. Williams' Pink Pills through any dealer in medicine or by mail at 50 cents a box or six boxes for \$2.50 from The Dr. Williams' Medicine Co., Brockville, Ont.—Advt.

## Piano and Vocal Pupils Hold Second Recital in First Presbyterian Church

On Tuesday evening the second recital by intermediate and senior piano and vocal pupils of George Lethbridge was held in the First Presbyterian Church.

A large crowd enjoyed the program, every number of which displayed marked ability on the part of the pupils, and careful and intelligent training by the teacher.

The piano pupils and their numbers were: Sonata Op. 13, Beethoven, Miss Ruby Pack, Sonata Russe, Borowski, Miss M. Lowthian, Air de Ballet, Chaminade, Miss C. Meanley, Ballade Op. 24, E. Greig, Mr. Theodore Gray.

Other races, perhaps not quite as novel, but contested just as keenly, were the following:

Kiddies, 5 to 8—Lillian Van Dusen, Lorrie Spry, Virginia Clarke.

Kiddies, 8 to 12—Jack Spry and Helen Finnigan.

Ladies' race—Marion Hayden and Mrs. George Clarke.

The race for single men resulted in a dead heat, although some claimed that Dr. Hugh Stevenson won by a nose.

One of the day's big features was the baseball game between two teams, on the program as Buyers vs. Sellers. After an enthusiastic battle, the victory went to the team captained by Bert Lumb, with a score of 15 to 12.

**Supper Enjoyed.**

To a capable committee composed of Miss Wade, Mrs. Bowker, Mr. Spry and Bert Lumb, was due the excellence and the abundance of the good things provided at supper time, excellence which was highly appreciated and abundance which was not unnecessary as the day's sports had provided a splendid sharpener for the appetite.

Other committees to whom was due a share of the picnic's success were: Sports committee, S. J. Adams, Harold Donahue, Ed. Hayden, J. B. Hay, grounds committee, Peter Glenn, J. B. Hay, transportation committee, Allan Gow, J. B. Hay and the president George Clarke, who throughout the picnic, established a precedent in presidential conduct, by not only directing affairs, but also taking an active part in the day's work.

## ALLEN WILL TESTIFY AT HEARING OF MACAROW

Sir Montagu To Be Called at Special Court Sessions July 18.

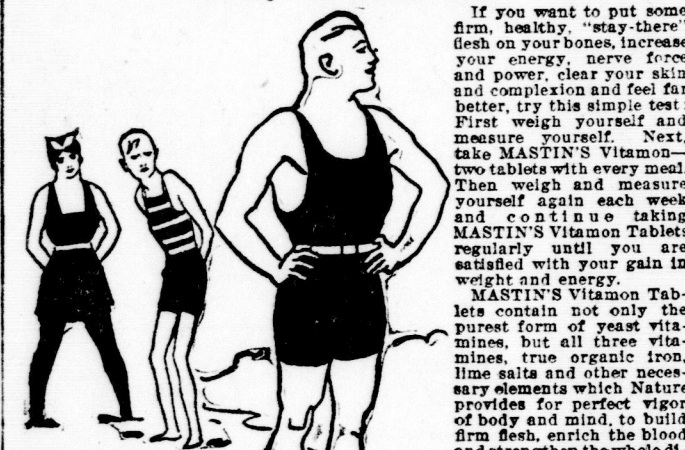

MONTREAL, June 28.—Sir Montagu Allan will be called as a witness for the crown when D. C. Macarow faces trial before Chief Justice Decarie in the court of special sessions on Tuesday, July 18, it was announced by C. A. Wilson, K.C., counsel for the minister of finance, this morning in open court.

Mr. Macarow's case was scheduled for trial today, but after an hour's discussion it was put off to the above date. During the argument it was stated that the case would be pressed to a conclusion and it was hoped that it would be ended by the end of July.

On the conclusion reached in the Macarow case will depend whether or not further action will be taken in the one against Sir Montagu, as both arise out of the collapse of the Merchants Bank. Macarow is charged with having prepared a false return to the government of the bank's standing for the month of October last, while Sir Montagu is charged with having signed and forwarded it.

## Take MASTIN'S Vitamin Tablets To Put On "Stay There" Flesh

And Increase Your Energy, Quickly, Easily and Surely At Small Cost

Why not be a Strong, well-built fellow—with plenty of "pimp" and energy—a clear skin glowing with ruddy health and vigor—instead of having a thin undeveloped body that shows your lack of nerve force and physical power? Just take a little Mastin's Vitamin Tablets for a short time and watch the truly amazing results.

**WHAT PROMINENT NEW YORK DOCTORS SAY ABOUT MASTIN'S VITAMIN TABLETS**  
"I have found Mastin's Vitamin Tablets to be especially valuable in putting on additional pounds of solid flesh and increasing energy."  
"Containing as they do not only the three nourishing vitamins but also organic iron to you well."  
"You can get MASTIN'S at all good druggists, such as Standard Drug Co., Ltd., Cairncross & Lawrence, Liggett."

Ruskay, Korean, A Spring Carol, Green, Miss Crissie Wright, Until Sanderson; Just a Little House of Love, H. Wood, Mrs. Hunter.

## ALIENISTS AGREE DELORME INSANE

Crown Experts Believe Accused Not in Fit State To Stand Trial.

MONTREAL, June 28.—Unanimity of the crown experts with the opinion of the defense as to the mental state of Rev. Father Adelard Delorme, accused of the murder of his half-brother, Raoul Delorme, was the summing up of the evidence in the court of king's bench here today.

Both sides gave it as their view that the accused was not in a fit mental state to stand trial. They further agreed that he is incurably insane. Evidence had not been concluded when Crown Prosecutor Walsh was taken suddenly ill at 3:40 in the afternoon, and the hearing was adjourned until tomorrow morning. It is expected proceedings will come to a conclusion tomorrow.

Dr. Carle Arnot Porteous, assistant medical superintendent of St. Jean de Dieu Lunatic Asylum, mentioned two incidents at the trial which to him were of importance in deciding the case. They were the lack of moral tone by the accused when visiting Mr. Cardinal's home, and the other was the story told by Father Delorme about going into street and restaurants to hear what people said about him.

That was largely fabrication, and showed egotism and undue belief in his own powers. In this expert's opinion, Delorme's advice to his lawyers would not be of as much value as if given by a boy of 12 years. Dr. E. Devlin, medical superintendent of St. Jean de Dieu Hospital, gave similar evidence.

## SLATER TESTIFIES AT NUKOL PROBE

Takes Stand At Request of Counsel, Peter White, K.C.

TORONTO, June 28.—Hiram F. Slater, jointly charged with Leslie J. Thompson with conspiracy and theft of \$400,000, was recalled Wednesday by his counsel, Peter White, K.C.

Counsel showed Slater a bundle of checks aggregating \$8,378, which Slater swore were payments made by him personally on behalf of the Nukol Fuel Company with the exception of one payment of \$34 to the Bell Telephone Company.

Slater stated that at a meeting of directors on Dec. 26, 1919, he had been willing to forego about \$9,000 which he had paid for the company and take a salary of \$7,000 for his work during the year. "It was the understanding that the salary was to be paid in cash, as I had already borrowed money and needed it." But when it was disclosed they were charging him with \$21,000 for excess cost of selling stocks, that "put a different phase on it," said Slater, and instead of receiving the \$7,000 it was credited against the \$21,000.

"Did you have any option on coal lands in Western Canada in 1919?" "Yes, 12,000 or 14,000 acres, and 8,000 acres in Pennsylvania." He also had an option on 3,000 acres of Northern Ontario lands.

Asked by Mr. McRuer in cross-examination why the company expended \$26,000 in advertising fuel in 1919, when it had none to sell, Slater understood it was the practice of companies to advertise when getting ready to sell.

## EXPECT INCREASED PAY

Rural Mail Carriers Promised Consideration By Hon. Charles Murphy.

OTTAWA, June 28.—(By Canadian Press).—Consideration of the appeal on behalf of the rural mail contractors and contractors operating between postoffices and railway stations was promised to a deputation which met Hon. Charles Murphy, postmaster-general. The visit was one of several arranged by Garfield MacKinnon, agent-general and secretary of the Contractor's Association. The difficulties complained of by the mail carriers were placed before the government and men of the house by deputations during the session, and careful consideration of the requests was promised.

## DOMINION DAY

Why not go out to town for the week-end? Enjoy fishing, bathing, canoeing and bracing air. Beautiful resort districts: Muskoka, 30,000 Islands, Georgian Bay, Lake of Bays, Algonquin Park, Timagami, Lake Simcoe and Couchiching, Lake Nipissing and French River, Kawartha Lakes, Magnetawan River and Niagara Falls.

Whether your holiday be short or long let the Grand Trunk passenger representatives help you plan your tour. Illustrated descriptive literature free for the asking. Apply to any Grand Trunk ticket agent or C. E. Horning, D.P.A., Toronto, Ont.

## COMMENCE INSPECTION OF HOTELS IN ONTARIO

Special Parliamentary Committee Makes First Visit at Gananoque.

GANANOQUE, June 28.—The parliamentary committee appointed by

the Ontario government on hotel accommodation and tourist traffic made its first visit of inspection this afternoon, beginning at Gananoque. Calls were made at one or two of the largest hostleries for entertaining visitors, and suggestions were offered and received. Tonight the committee were entertained at the

Gananoque Inn. James Hales, K. C., chairman of the board of license commissioners, affirmed that the hotel question and the tourist question were bound together, and further that a hundred millions of dollars annually would not be too sanguine an estimate of what Ontario might reap directly and indirectly with an adequate development of the tourist business.

## Thrilling Whirlwind Holiday Sale of Meat
