A splendid streak of fortune was the discovery and destruction by the Japanese of the electric wires leading to the mines at the eastern foot of Nan Shan Hill. This prevented the Russians from exploding the mines when the Japanese infantry crossed the ground where they had been placed.

It is possible that the fortune of the day hinged on these mines. Says Company Could Not Increase Freight Rates Without Consent ot Other Roads.

[Special to The Advertiser.] Ottawa, Ont., May 30. - Charles M. Hayes and William Wainwright arrived in the city this morning. They are here on business with the chairman of the railway commission. Mr. Hays was asked by your corres-

pondent what was to be done in con-nection with the demand of the telegraphers who wanted increased pay. He replied that the company had no demands or difficulties with their telegraphers. The telegraphers were engaged indivdually and they had to give 15 days notice of their intention to leave the service. No notice of any kind had been furnished to the company. Whatever was being done in this matter was evidently outside the telegraphers, and until such time as he was acquainted from them that they were dissatisfied he would be obliged to believe the contrary. In regard to the appointment of Americans on the G. T. P., Mr. Hays

said that the whole matter had been referred to Judge Winchester, who was to hold a preliminary meeting today in Montreal, and would meet again on Thursday. Asked as to the survey work, Mr. Hays said that the work was being prosecuted in the same way as if the bill had the royal assent. The company was lesing no time. The

KNOWN TO THOUSANDS.—Parmelee's Vegetable Pills regulate the action of the secretions, purify the blood and keep the stomach and bowels free from deleterious matter. Taken according to directions they will overcome dyspepsia, eradicate billiousness, and leave the digestive organs healthy and strong to perform their functions. Their merits are well known to thousands, who know by experience how beneficial they are in giving tone to the system.

Degreaves tried vainly to get capitalists to advance money to explore the island of organn deposits. Two years ago, Captain Lawless, of the Oceanic Steamship Company, reported that he sighted an island which he believed was Duncan Hague, of Honoiulu, a friend of the commander of the Levant to send out an expedition.

Degreaves Island. This report induced James Duncan Hague, of Honoiulu, a friend of the commander of the Levant to send out an expedition.

Degreaves, who is now a leper at Molokai, was seen, and gave an accurate location of the island. Hague learned that a spar of the Levant came ashore on the south coast of Hawaii. This indicated that the vessel was wrecked, not foundered, and showed the possibility of survivors. He also figured out that the volundered, and showed the possibility of survivors He also figured out that the vicinity of the island.

Chamberlain to Let Liberals Have an Inning.

GOSSIP OF THE METROPOLIS

Connection of Clergymen With Liquor Traftic Causes Surprise in English Temperance Circles.

London, May 28. - Last week was essentially a political week. The big debates on the licensing bill in the House of Commons, the speech of Mr. Chamberlain at Birmingham, and the great gathering of the National Liberal Federation at Manchester, and the speeches last night on the platform of the Free Trade Hall, of Mr. John Morley and Mr. Winston Churchill, have given the politicians more than enough to digest. There can be little doubt that the speeches have done much to hurry on a big change in the political situation, and to shape the policy of the contending parties. Mr. Chamberlain's big speech, the first since his return from Egypt, has abundantly fulfilled the hopes of his supporters. He is game as ever, and as confident of the ultimate success of his policy. He is not dismayed by

Then, when Mr. Chamberlain has forced a dissolution he and his protection policy will come out vicorious. Meantime, he appeals to Imperialists like Lord Rosebery and the Duke of Devonshire, and to the workngman, in whose interests he claims to be working, to strive for a self-contained Empire, and a fiscal system which will bring Britishers together. The majority of 157 for the second reading of the licensing bill on Wednesday night was a nasty blow to the temperance people in the country, who are expected to agitate against it with formists opposed the education bill. If the Prime Minister really means emperance reform he will agree to when the heart becomes affected, but some compromise, and it is rumored there is no reason to despair of being Mr. Chamberlain will intervene at the cured.

Burdock **Blood Bitters**

Mr. Ed. J. Harris, Newbridge, Oat., was in poor health, but has now been quantities of dynamite in the river, but restored to full health and vigor. Here is what he writes us: "Last spring I was in a very critical condition, my system was all run down. I felt drowsy and miserable, and thought I would surely die if I did not get something to build me up. Ing to discover foundation for the report, the missing man's father and brother reading one of your almanacs I ther came here on Tuesday, and the decided to try Burdock Blood Bitters, and search was renewed. It was the latter, gained ten pounds in weight, and am now in perfect health, and I can certainly recommend Burdock Bleed Bitters te build up the system."

TO SAVE FRIEND

Solution to a Double Drowning Mystery Near Orillia.

Orillia, May 28. - The finding of the bodies of Miss Alice Agnew, of Washago, and Mr. David McKenzie, of North Nation Mills, Que., throws all the light that is ever likely to be given on a mystery that has agitated that village and its neighborhood for nearly three weeks. On the evening of Saturday, May 7, the two were seen crossing the bridge over the center branch of the Severn River. That was the last that was seen of either of them, and there was no certainty of their fate until

yesterday. McKenzie was a member of the James Bay Railway survey party which has been operating in this district, and his companions toined the villagers in searching for the bodies for a couple of weeks, using large doned for a day or two on receipt of word that a friend of McKenzie had reported to his family that he had seen before I had taken two bottles I had Mr. Dougald McKenzie, who Thursday morning found Miss Agnew's body caught under a cedar tree on the bank of the river near the foot of the Little Falls, on the east branch of the Severn. McKenzie's body was found half mile further down the river by Fred Garry and Harry Robinson. The bodies ad apparently been floating for son days, but were hidden from view. The most likely supposition as to the circumstances of the drowning would ruptcy court next Thursday. Robbers Hold Up Clerks and Cus tomers in Big Retail Store.

Chicago, May 30. - One of the boldest and quickest robberies Chicago has known in years was committed Saturday night in less than a minute at the shoe store of Frazin & Oppenheim, 165 Madison street, one square from the city hall and the central police station. There were fourteen customers in the store and six clerks, who were attending to their wants, when four men entered the place in succession, each about five feet behind the man in front of him. One of the clerks started forward to meet the supposed customers. when three of the men drew revolvers, each robber having two weapons, and ordered the clerks and customers to the rear of the store. While the people were hastening to obey, the ourth man took all the cash from the register, \$381, and then the four robbers ran out in Madison street and disappeared. Party of 25 Will Go On a Cruise of Discovery, But Won't Look for the Pole.

Washington, D. C., May 30.—The most unusual of summer outing trips has been arranged by Dr. Frederick Sohon, of this city, who will accompany a party limited to go on a vessel ne will send north this summer (July 1 to September 1), to establish a depot for his next polar expedition. In this case he will give attention to needs of the party in outfitting his descend for this polar expect, the correst to needs of the party in outfitting his descend for this polar expect. to 52 members to the Arctic Circle on a cruise off-discovery. The members of the party, however, will search for health, instead of the North Pole, as it is contemplated to compose the expedition of men suffering from tuberculosis. It is possible two parties may leave, one with Dr. Sohon and one with Lieut.-Com-mander Peary, the famous Arctic explorer. In discussing the trip Dr. School

among the party, nor patients with a constant high fever, though I would no regard an intermittent rise to 101 as unter indication. Neither would I adse patients with recurring slight hemorrhages, or having in the past a profuse hemorrhage, to take the trip. Such bad cases could not, in this year's trip, get home inside the two months, would, perhaps, inconvenience the rest of the party, and, though they might be benefited, could not be cured in the two months that are possible this year. The party will not be limited to tuberculou patients, as some suffering from break-down from business strain are among those interested. "The party can start as soon in June as it can be brought together, leaving from Sydney, N. S., so as to minimize possibility of seasickness to any of passengers, as the vessel will pass

for the first two day between Newfoundland and the mainland, where the waters are smooth; along the Labrador coast, taking the inland waterways if the ocean should be rough, which is unusual in summer; spend part of July in Comanck Fjord, Greenland, 70° north latitude: August in Inglefield Gulf, Greenland, 77° north latitude. Start southward about awaiting plans of this vessel—a steam paration of coaler-to make alterations and con- Psalms in meter.

There will be cots to sleep on deck and I wish passengers to do this after passing the Arctic Circle, as there will then be continuous daylight, with an almost steady temperature of about 40° (above zero), which the party will find by experience will not seem cold enough to require the wearing of an overcoat.

Blanchard, of Nashville, Tenn., tells how she was cured of backache, dizziness, painful and irregular periods by the use of Lydia E. Pinkham's Vegetable Compound.

"DEAR MRS. PINKHAM: — Gratitude compels me to acknowledge the great merit of your Vegetable Compound. I have suffered for four years with irregular and painful menstruation, also dizziness, pains in the back and lower limbs, and fitful sleep. I dreaded the time to come which would only mean suffering to me

"Better health is all I wanted, and cure if possible. Lydia E. Pink-ham's Vegetable Compound brought me health and happiness in a few short months. I feel like another person now. My aches and pains have left me. Life seems new and sweet to me, and everything seems pleasant and easy.

"Six bottles brought me health, and was worth more than months under the doctor's care, which really did not benefit me at all. I am satisfied there is no medicine so good for sick women as your Vegetable Compound, and I advocate it to my lady friends in need of medical help."—Mrs. B. A. Blanchard, 422 Broad St., Nashville, Tenn.

When women are troubled with irregular, suppressed or painful menstrua-tion, weakness, leucorrhea, displacement or ulceration of the womb, that bearing-down feeling, inflammation of the evaries, backache, bloating (or flatulence), general debility, indigestion, and nervous prostration, or are beset

with such symptoms as dizziness, faintness, lassitude, excita bility, irritability, nervousness, sleeplessness, melancholy, "all-gone" and "want-to-be-left-alone" feelings, blues and hopelessness, they should remember there is one tried and true remedy. Lydia E. Pinkham's Vegetable Compound at once removes such roubles. Refuse to buy any other medicine, for you need the best.

A Severe Case of Womb Trouble Cured in Philadelphia.

"DEAR MRS. PINKHAM: - I have been cured of severe female troubles by the use of Lydia E. Pinkham'. Vegetable Compound. I was nearly ready to give up, but seeing your advertisement I purchased one bottle of your medicine, and it did me so much

good that I purchased another, and the result was so satisfactory that I bought six more bottles, and am now feeling like a new woman. I shall never be without it. I hope that my testimonial will convince womer that your Vegetable Compound is the greatest medicine in the world for falling of the womb or any other female complaints."—Mrs. Max or phen or Lin

in the Albion Hotel, as a result of which William Brooks, a colored barber, charged the proprietor, Mr. Jacob Obernesser, and his son, Mr. Walter bernesser, with aggravated assault. The case was tried before P. M. Love this morning. The complainant swore he went to the hotel to try new music with some musicians who were there. The colored man's story was that he **************** entered into a conspiracy to "stick" a stranger at throwing dice, and got "stuck" himself. The other musician paid the 35 cents, and Mr. Obernesser came at him to put him cut, and the son struck him in the head with a club. The defense showed there was no dice throwing, but that Brooks was ordered out and called the proprieto a vile name, whereupon the latter struck him with his fist. Young Mr. Obernesser admitted using a club which did no serious damage, but pre-

vented the complainant using a knife time to take a look around, and is now which he had drawn and which the defense produced in court. The magistrate dismissed both charges, but found Mr. Jacob Obernesser guilty of common assault and Pte, Hamilton.... fined him \$5 and costs.

Regiment's Weekly Shoots at Cove Ranges.

Over 40 members of the Seventh Regiment were entered in the weekly spoon shoot which took place at the cove ranges Saturday. In class A the shooting was very keen, and much enthusiasm was manifested by all the contestants. Sergt. F. Fisher moves into class A now, having made a score of %6 in the last contest, and Private Atkins, of D Company, moves into class B. The greatest interest is being taken in the matches, and there will undoubtedly be more entries in the future. The scores:

Perrins and McClarys in Wholesale League.

The Wholesale League game at Springbank on Saturday afternoon was until the tenth inning, when a hit was made by Perkins for three bases, he scoring on Clark's hit. Clark also scored on Bennett's hit. Total, 3 runs. The McClary nine scored their only run in the forth, Eccleston getting to first base on balls, stealing second and scoring on Phillips' out. The Perrin team put up a great game Clark's work as pitcher was of the fine

order. Phillips, who pitched for McClarys, also did well. Summers, the Perrins' catcher, also distinguished himself by rushing in among the crowd of spectators and pulling down a foul fly hat no one expected he could capture. Saturday's play makes the Perrins and the McClarys a tie for first place. The game was admirably umpired by Mr. L. Paladino. The ten innings were played in one hour and thirty minutes. Lates! Game Being Played by the Men Who Run New York Poolrooms.

The men who run pool rooms in New York are determined not to give up the fight for existence if it can be avoided. The latest effort to get news of the races was discovered Saturday, when the New York and New Jersey Telephone Company found their wires were being tapped by pool rooms, where they nad refused to replace they were welcome to keep it up on than 1:55. This will be lowering her where they nad refused to replace phones where they had been torn up that line all summer, by the police. A hundred wire men and inspectors were distributed throughout the city, and a close watch is to be kept, on all station boxes where the wires for a number of exchanges are centered. Saturday mer were stationed at every center box, and as soon as it was learned that a wire was tapped the wire was cut. Commissioner McAdoo expects the telephone company to report all places where they discovered that the wires were tampered with, and the result, they declare, will be the arrest of those responsible. Duveens' purchase at Christie's, of Montreal, May 30. — The Herald discharged, inflicting a statement from official discharged, inflicting a statement from official terrible wound in Brazello's hip. Had ful but eminently natural in exprescolor and pose. The rarity of Holbein miniatures is extreme and, this being perfectly authenticated specimen and of the very finest work, the Messrs. Duveen felt justified in beating all records in order to secure it. The underbidder was George Salting, who is supposed to be in the market for J. Pierpont Morgan.

The fineness of the workmanship is almost inconceivable. To get a proper appreciation of it a magnifying glass is necessary. The more closely the gold jeweled fligree work on the neck is examined the more perfect it appears. It is generally regarded as the best example of Holbein's miniature work in existence.
