Auditor General's Report.

I have the honour to submit my report for the fiscal year 1897-8 on expenditure (appropriation and statutory) and on revenue accounts.

To assist the sub-committee which was formed last session at my suggestion, and which will probably be reappointed this year, the amendments and additions to the Audit Act which it appears to me should be enacted, form part of the introduction, as does a statement of the heads of the discussions with the different departments, and of the references to the places in the report where the correspondence will be found.

It will be noticed that several of the standing points of difference between the Public Works Department and this office have been removed. It is hoped that the vigour and clearness of the Minister which brought about this result will be early applied to the unsettled questions.

J. L. McDOUGALL,
Auditor General.

AUDITOR GENERAL'S OFFICE,
April 22nd, 1899.

Auditor General's Report.

SUGGESTED AUDIT ACT

An Act to consolidate and amend the Acts respecting the Public Revenue, the raising of loans authorized by Parliament, and the auditing of the Public Accounts.

Acts consolidated: R.S.C., ch. 29; 51 Vict., ch. 7; 54-55 Vict., ch. 16; and 57-58 Vict., ch. 19.

The star at the beginning of a clause or subsection indicates that the same has been amended.

Amendments are further indicated by being in brackets.

Wholly new clauses are marked "New" at the end of the clause.

Notes are given in explanation of proposed additions and amendments.

The sections at the beginning and end of the Act which do not appear to require amendment are not printed here.

HER Majesty, by and with the advice and consent of the Senate and House of Commons of Canada, enacts as follows:—

SHORT TITLE.

*1. This Act may be cited as "*The Consolidated Revenue and Audit Act*, [1899]." Short title.

[COMPTROLLER AND] AUDITOR GENERAL.

*21. The Governor General may, for [the control and] the more complete examination of the public accounts of Canada, and for the reporting thereon to the House of Commons, appoint an officer, under the Great Seal of Canada, to be called the [Comptroller and] Auditor General of Canada, and such officer may be paid out of the Consolidated Revenue Fund, a salary of four thousand dollars per annum, and he shall be subject to the provisions of "The Civil Service Superannuation Act," except as regards his tenure of office. [Comptroller and] Auditor General.
Appointment and salary. 41 V., c. 7, s. 11; 51 V., c. 7, s. 1, 2.

*22. The [Comptroller and] Auditor General shall hold office during good behaviour, but shall be removable by the Governor General on address of the Senate and House of Commons. Tenure of office. 41 V., c. 7, s. 12.

*23. The Governor in Council shall, from time to time, appoint the officers, clerks and other persons in the office of the [Comptroller and] Auditor General, and may regulate the numbers and salaries of the respective grades or classes into which the said officers, clerks and others shall be divided. Officers and clerks under him. 41 V., c. 7, s. 13, *part*.

NOTE.—The change from "Auditor General" to "Comptroller and Auditor General" is made because the duties are not confined to auditing, but include those of a comptroller as well. The corresponding official in England is called "Comptroller and Auditor General." It is important that the title of the office should give a clear and full indication of the duties performed.

NOTE.—Section 23: I believe that to keep up the independence of the office, the appointments, as well as promotions, &c., should be made by the Auditor General, but probably this change would not be allowed and, therefore, I do not suggest it. I should like much to see the competitive system given a trial in the service generally.

[Comptroller and] Auditor General to make rules as to business of his office.
Proviso : approval by Treasury Board.

Powers as to suspension and removal of officers.

Powers as to promotion.

Report to Governor in Council.

***24.** The [Comptroller and] Auditor General may, from time to time, make orders and rules for the conduct of the internal business of his office, and prescribe regulations and forms for the guidance of principal and sub-accountants in making up and rendering their periodical accounts for examination : Provided always that all such regulations and forms shall be approved by the Treasury Board previously to the issue thereof :

2. Notwithstanding anything in paragraph thirty-nine of section seven of "*The Interpretation Act*," or in section fifty-five of "*The Civil Service Act*," the [Comptroller and] Auditor General may suspend or remove any of the officers, clerks and others employed in his office :

3. Subject to the provisions of "*The Civil Service Act*" and amendments with respect to promotions, the [Comptroller and] Auditor General may promote any of such officers, clerks or employees,—it being the intention of this subsection that so far as promotions in his office are concerned, the [Comptroller and] Auditor General shall have all the powers which, under the said last mentioned Act and amendments, are vested in heads and deputy heads of departments ; Provided that every promotion of an officer, clerk or employee in the said office shall be reported to the Governor in Council within fifteen days after it has been made :

***4.** In any case in which the [Comptroller and] Auditor General deems it necessary to report for the information of the Governor in Council, such report shall be [addressed to the Clerk of the Privy Council.] 54-55 V., c. 16, s. 1.

NOTE.—In sec. 24, subsec. 1, the word "rules" is omitted after the words "Provided always that all such," as it is not used in the corresponding clause of the preceding part of the section and as the power to interfere with the internal business of the office would unwarrantably lessen its independence.

NOTE.—In sec. 24, subsec., 4, after the words "such report shall be," the words "addressed to the Clerk of the Privy Council," are substituted for "made through the Minister of Finance and Receiver General." Why should the report pass through the hands of any one ?

HOW PUBLIC MONEYS SHALL BE DEALT WITH.

To be paid to credit of [Canadian Exchequer account.]

***25.** All public moneys, from whatsoever source of revenue derived, shall be paid to the credit of the [Canadian Exchequer account] through such officers, banks or persons, and in such manner as the Minister of Finance and Receiver General, from time to time, directs and appoints. 41 V., c. 7, s. 25.

Time and mode of such payments.

As to license duty.

Proviso.

***26.** The Treasury Board may, from time to time, appoint the times and mode in which any officer or person employed in the collection or management of, or the accounting for any part of the revenue, shall account for and pay over the public moneys which come into his hands,—and may determine the times and mode in which, and the officer by whom, any licenses on which any duty is payable, are to be issued : Provided that such accounts and payments shall be rendered and made by such officers and persons respectively at least once every month. 41 V., c. 7, s. 26 ; 51 V., c. 7, s. 3.

Ministers, deputies, &c., to pay in gross revenues of their departments or offices,—when and how.

***27.** The Minister of Customs, the Minister of Inland Revenue, the Postmaster General, and all other Ministers, deputies of Ministers, officers, clerks or persons charged with the receipt of public moneys, shall cause the gross revenues of their several departments or offices to be paid at such times and under such regulations as the Minister of Finance and Receiver General, from time to time, prescribes, to an account to be called "the

Auditor General's Report.

[Canadian Exchequer account],” at such bank or banks as are determined by the Minister of Finance and Receiver General; and daily accounts of such moneys so deposited shall be rendered to the [Comptroller and] Auditor General in such form as the Treasury Board prescribes. 41 V., c. 7, s. 27.

*28. Every officer of the Customs or of the Inland Revenue or otherwise employed in the collection of the revenue, receiving money for the Crown, shall deposit the same to the credit of the [Canadian Exchequer account], from time to time, in such bank as the said Minister appoints; and every such officer shall keep his cash book written up daily; and all the books, accounts and papers of such officer shall, at all times during office hours, be open to the inspection and examination of any officer or person whom the Minister of Finance and Receiver General authorizes to inspect or examine the same; and daily accounts of such moneys so deposited shall be rendered to the [Comptroller and] Auditor General in such form as the Treasury Board prescribes: Provided that where such money is received at a place where there is no bank into which it can conveniently be paid, the same shall be paid over in such manner as the Minister of Finance and Receiver General directs; and accounts of such money shall be rendered to the [Comptroller and] Auditor General in such form as the treasury Board prescribes. 41 V., c. 7, s. 28.

Proviso: when there is no bank.

NOTE.—In Sec. 25 and following sections the change from “account of the Minister of Finance and Receiver General” to “Canadian Exchequer account” is made because the description now used is misleading. It is important that the public should understand clearly that the money is in no way the money of the Government until after it has been appropriated by Parliament. Up to that time the money is the money of Parliament alone. The name suggested for the account is that used in the Imperial Consolidated Revenue and Audit Act, except that the word “Canadian” is prefixed to distinguish our account from the Imperial account.

PROCEEDINGS AS TO VOTES OF MONEY.

*29. When any sum of money has been granted to Her Majesty by an Act of Parliament, to defray expenses for any specified public services, the Governor General may, from time to time, under his sign manual, counter-signed by a member of the Treasury Board, authorize and require the Minister of Finance and Receiver General to issue out the moneys appropriated for defraying the expenses of such services, and in his hands, the sums required, from time to time, to defray such expenses, not exceeding the amount of the sums so voted or granted. 41 V., c. 7, s. 29.

Warrant of the Governor to Minister of Finance.

NOTE.—In sec. 29, after the words “Her Majesty,” the words “by a resolution of the House of Commons” are omitted, because money is never granted now by a resolution of the House of Commons.

*30. When any sum of money has been granted to Her Majesty by an Act of Parliament to defray expenses for any specified public services, and the Governor General has issued his warrant authorizing the payment of such sum or sums as are required to defray such expenses [and the expenditure of such sum or sums has been assigned to the several departments] the Minister of Finance and Receiver General [and the Comptroller and Auditor General, or their respective deputies] may [together], from time to time, cause credits to be issued in favour of the deputy head [and the accountant of a department, or of two] officers, clerks or other persons connected with [a] department or service charged with expenditure of [any part of] the moneys so authorized [and assigned]. Such credits shall issue on the several banks authorized to receive public moneys; and statements

Minister of Finance [and Comptroller and Auditor General] to issue credits in favour of the proper departments and persons.

Credits to be on certain

banks ; accounts thereof in duplicate.

Statements to be rendered to [Comptroller and] Auditor General and Minister of Finance.

Cheques to make good expenditures on such credits.

No credit to exceed appropriation.

in duplicate of moneys drawn for under such credits, together with the cheques paid by the banks in connection therewith, shall be rendered at such times and under such forms and once in each month or more often, as the Treasury Board directs,—one duplicate of such statement together with the cheques to be rendered to the [Comptroller and] Auditor General, and the other duplicate to the Minister of Finance and Receiver General ; whereupon the [Comptroller and] Auditor General, being satisfied of the correctness of the statement, may [certify that a cheque issue] to reimburse the bank for such advances under such credit—such cheque [to] be signed by the Minister of Finance and Receiver General and countersigned by the [Comptroller and] Auditor General, or their respective deputies or officers thereunto duly authorized ; but no such credit shall issue in favour of any officers or other persons in excess of [the] appropriations authorized [and assigned as above, or when, in using previous credits, the applicants have disobeyed an Act of Parliament or other valid regulations], 41 V., c. 7, s. 30.

*[2. These credits shall be used only for such class or classes of payments as the Comptroller and Auditor General may direct.]—*New.*

*[3. If the Comptroller and Auditor General notify one of the persons in whose names a credit has been issued, that such credit is not to be used for any specified purpose, such credit shall not be used for such purpose, but for any payment to be made for such purpose a cheque on the Canadian Exchequer account shall be applied for.]—*New.*

NOTE on Section 30.—The changes made in this very important section are: (1) to conform with the practice of including the several appropriations of a department in one credit, and to make it quite clear that it is the duty of the Comptroller and Auditor General to decline to renew credits to those who do not observe the law and regulations in issuing cheques under credits: (2) to confine payments under credits to such purposes as the convenience of the public and the departments requires to be made speedily, either at Ottawa or elsewhere: (3) to limit the application of the credit to such purposes as are most likely not to lead to irregularities.

Duty of [Comptroller and] Auditor General as to the issue of cheques.

To report to Treasury Board in case of excess.

***31.** The Comptroller and Auditor General shall see that no cheque issues for the payment of any public money for which there is no direct parliamentary appropriation, or in excess of any portion of such appropriation, the expenditure of which has been authorized by the Governor in Council ; and he shall report to the Treasury Board any case in which any accountable credit [has been used] for any purpose for which [the Comptroller and Auditor General should not have approved an application for a cheque on the Canadian Exchequer account.] 41 V., c. 7, s. 31 ; 51 V., c. 7, s. 4.

Notes on Section 31.—(1) After the words “to the Treasury Board,” the words,—“through the Minister of Finance and Receiver General”—are omitted, and, after “any case which,” the words “a sub-accountant has expended money out of the proceeds of,” also, after “purpose for which,” the following is omitted—“there is no legislative authority, or beyond the amount for which there is such authority, or for any other appropriation or purpose not connected with such credit.”

(2.) The amendments to this section are introduced to make it plain that any irregularity which cannot be remedied must be brought to the notice of the Treasury Board.

No cheque of Finance Minister except on certificate of [Comptroller and] Auditor General. Exceptions. Opinion of law officers that it may issue.

***32.** No cheque for public money shall issue except upon the certificate of the [Comptroller and] Auditor General that there is parliamentary authority for the expenditure, save only in the following cases :

* (a.) If, upon any application for a cheque, the [Comptroller and] Auditor General has reported that there is no parliamentary authority for issuing it [or that it would be illegal to do so] then upon the written opinion of the Attorney General of Canada, that there is such authority, [or that it would be legal to do so, citing the authority and giving reasons for the opinion], the Treasury Board may authorize the [preparation of] the cheque, irrespective of the report [of the Comptroller and Auditor General.]

Auditor General's Report.

* (b.) If, when Parliament is not in session, any accident happens to any public work or building which requires an immediate outlay for the repair thereof, or any other occasion arises when expenditure not foreseen or provided for by Parliament is urgently and immediately required for the public good, then upon the report of the Minister of Finance and Receiver General that there is no parliamentary provision, and of the Minister having charge of the service in question that the necessity is urgent, the Governor in Council may order a special warrant to be prepared, to be signed by the Governor General for the issue of the amount estimated to be required, which shall be [treated, for expenditure purposes, as an appropriation;]

Accidents during recess of Parliament.

Special warrants.

* (c.) If the [Comptroller and] Auditor General has refused to certify that a cheque [on the Canadian Exchequer account] may issue, on the ground that the money is not justly due, or that it is in excess of the authority granted by council, or for any reason other than that there is no parliamentary authority, then upon a report of the case prepared by the [Comptroller and] Auditor General and [one by] the Deputy of the Minister of Finance and Receiver General, the Treasury Board shall be the judge of the sufficiency of the objection of the [Comptroller and] Auditor General, and may sustain him or order the issue of the cheque in its discretion;

Provision if the [Comptroller and] Auditor General refuses to certify that a cheque may issue.

*[2. The Treasury Board shall furnish reasons for its decisions.]—*New.*

* 3. The [Comptroller and] Auditor General shall in all such cases prepare a statement of all such legal opinions, reports of Council, special warrants and cheques issued [on appeals from his decisions] and of all expenditure incurred in consequence thereof, which he shall deliver to the Minister of Finance and Receiver General, to be by him presented to Parliament not later than the third day of the session thereof then next ensuing.

Statement to be submitted to Parliament in such cases.

41 V., c. 7, s. 32.

NOTES on Section 32.—The amendment to clause (a) is to provide explicitly what has been assumed to be implied in this section, i.e., that, if the Comptroller and Auditor General has come to the conclusion that it would be illegal to do a certain thing, before dealing with his decision, the written opinion of the Attorney General of Canada should be obtained to the effect that it is legal.

At the end of clause (b) the words "treated, for expenditure purposes, as an appropriation." are substituted for "placed by the Minister of Finance and Receiver General to a special account, against which cheques may issue from time to time, in the usual form, as they are required," in order that the words of the statute may conform to the existing practice.

The new clause (2) is introduced because the members of the Treasury Board, in dealing with matters under this section (32) of the Audit Act, are acting as a court of appeal, and not as members of the Government, and if each member of the court is made directly responsible for the opinions which he gives, he is more apt to free himself from the temptation of doing what a colleague is anxious to have done. When reasons are given the Comptroller and Auditor General knows, in dealing with future cases, what should be his line of action when similar circumstances exist. In support of the view that the court should give reasons for its findings, I refer to the section substituted by sec. 4 of chap. 25, 54-55 Vict., for sec. 37 of the Supreme and Exchequer Court Act. Subsec. 2 provides that the court shall give reasons for its opinions in certain cases.

* 33. No payment shall be authorized [by the Auditor General in respect of work performed, or material supplied by any person in connection with any part of the public service of Canada, unless, in addition to any other voucher or certificate which is required in that behalf, the officer, under whose special charge such part of the public service is, certifies that such work has been performed, or such materials supplied, as the case may be, and that the price charged is according to contract [made after public advertisement for tenders], or if not covered by a contract [as described,] is fair and just. 41 V., c. 7, s. 33.

Vouchers to be required by Auditor General.

Cases in which payments are not to be authorized.

*[2. No payment shall be authorized by the Comptroller and Auditor General in respect of work for which the Government did not become responsible before the completion of it, unless the work was devoted to saving the property of the Government or an emergency.]—*New*.

*[3. No payment shall be authorized by the Comptroller and Auditor General for work, plainly provided for under a contract, in excess of the amount for which the Government is liable under the contract, even if certified by an engineer or other employee as an extra.]—*New*.

*[4. No payment shall be authorized by the Comptroller and Auditor General, in excess of what the contract calls for, to any contractor who has finished his work under the contract].—*New*.

*[5. If an official of any department, dealing with a claim against the Government, knows that the claimant is indebted to the Government, whether the indebtedness is of record in the department or not, he shall take no part in the payment of the claim against the Government, except to the extent that the amount due by the Government exceeds that due to it.]—*New*.

Documents to be supplied.

*[6. The Comptroller and Auditor General may require the production of any public document connected with any expenditure which is before him for examination.]—*New*.

NOTES on Section 33.—In Subsec. 1, the words “made after public advertisement” are introduced because, if a contract is awarded without calling for tenders by some general notice, there seems no reason why the certificate that the “prices charged are fair and just” should be dispensed with.

NOTE on Sub-section 4.—“The power vested in the head of an executive department to make contracts for work or materials does not imply the power to rescind or alter such contracts when made (9 Opin. A. G. 80) unless the change is for the benefit of the Government (15 Opin. A. G. 481; 18 Opin. A. G. 101).”

Decisions of the Comptroller of the Treasury, U. S., Vol. II., page 184.

“As I conceive it the question as to whether a modification of a contract is a benefit to a contractor, is never material. The essential question is as to whether the modification is to the disadvantage of the United States, or an unnecessary surrender of any substantial rights of the United States. If so, no officer of the Government, without express authority from Congress, has the right to make the modification against the interests of the Government.”

Decisions, Vol. II., page 247.

NOTE on Sub-section 5.—“A contractor who is in default under a contract with the United States should not be paid by a disbursing officer the balance due to him on other contracts until his liability for the default has been ascertained and adjusted.”

Decisions, Vol. II., page 429.

NOTE on Sub-section 6.—“The transmission of claims and accounts clearly means that all the evidence presented should be forwarded, and leaves no authority for an administrative officer to retain any part of it.”

What period the said public accounts shall include.
Balances unused.
Proviso, for extension of time for closing of accounts or appropriation.

NOTES on Sec. 37.—The words in brackets are substituted for the words “upon cause being shown to the satisfaction of the Governor in Council, he may, by order in Council to be made before the first of August of each year, extend the time for finally closing the account of any appropriation, for a period of not more than three months from the end of the financial year,—after the expiration of which extended time, and not before, the balance of such appropriation shall lapse and be written off.”

The proposed change in section 37 would give definiteness and uniformity to that part of the financial business. There would now, with our improved methods of transport, be no difficulty in having accounts in from any part of Canada, except the Yukon, within the month of extension.

***38.** On or before the thirtieth day of September in every year, accounts of the appropriation of the several supply grants comprised in the Appropriation Act for the year ended thirtieth of June then last, or in any other Act, shall be prepared by the several departments, and be transmitted for examination to the [Comptroller and] Auditor General and to the Deputy of the Minister of Finance and Receiver General, and when certified and reported upon, as hereinafter directed, they shall be laid before the House of Commons, and such accounts shall be called the “Appropriation Accounts,” of the moneys expended for the services to which they respectively relate; and the [Comptroller and] Auditor General shall certify and report upon such accounts, as hereinafter directed; and each account shall be examined under the direction of the [Comptroller and] Auditor General, by such officer or clerk in his office as he directs; and such officer or clerk shall certify to the due examination of such account, and the [Comptroller and] Auditor General shall certify that the account has been examined under his direction and is correct. 51 V., c. 7, s. 8, *part.*

41. The Treasury Board may alter the period at or to which any accountant for public moneys, public officer, corporation or institution, is required to render any account or to make any return, whenever in its opinion such alteration will facilitate the correct preparation of the public accounts or estimates for the financial year. 41 V., c. 7, s. 39.

* 44. [Comptroller and] Auditor General to test castings and computations.
May admit vouchers if satisfied of correctness.
Proviso: if Minister of Finance requires further examination.

* 47. If, during the progress of the examination by [the Comptroller] and Auditor General hereinbefore directed, any objection arises to any item to be introduced into the appropriation account of any grant, such objections shall, notwithstanding such account has not been rendered to him, be immediately communicated to the department concerned; and if the objections are not answered to his satisfaction by such department [he shall disallow the item, or make such change as appears to him proper, subject to an appeal to the Treasury Board.] 41 V., c. 7, s. 45.

NOTES.—In sec. 48 the words "on his being overruled by the Treasury Board," are substituted for "without his certificate," to correspond with the change in sec. 32.

In sec. 50, after "examine and audit," the words "if required to do so by the Minister of Finance and Receiver General" are omitted ; also, after "other public accounts," the words "which, though not relating directly to the receipts or expenditure of the Dominion of Canada, the Treasury Board directs him to examine and audit."

In sec. 51, after "next preceding section," the words "the Minister of Finance and Receiver General is empowered to," are omitted. The words "Treasury Board" are substituted for "Minister of Finance and Receiver General."

Examination to be made with as little delay as possible.

Statement by [Comptroller and] Auditor General when examination is completed.

* 52. The [Comptroller and] Auditor General shall examine the several accounts transmitted to him with as little delay as possible, and when the examination of each account is completed he shall make a statement thereof in such form as he deems fit, and if it appears from the statement so made up of any account, being an account current, that the balance thereon agrees with the accountant's balance, or if it appears from any account rendered by an accountant, as well as from the statement of such account by the [Comptroller and] Auditor General that the accountant is "even and quit," the [Comptroller and] Auditor General shall sign and pass such statement of account so made up by him as aforesaid. 41 V., c. 7, s. 50.

NOTE.—In sec. 52, after "made up by him as aforesaid," the following words are omitted : "Provided always, that in all other cases, the Auditor General after having made up the statement of account as hereinbefore directed, shall transmit the same to the Minister of Finance and Receiver General, who, having considered such statement, shall return it to him with his certificate attached thereto, directing him to sign and pass the account, either conformably to the statement thereof, or with such alterations as he deems just and reasonable ; and a statement of the account made up by the Auditor General in accordance with such certificate from the Minister of Finance and Receiver General shall then be signed and passed by the Auditor General : Provided further, that a list of all accounts which the Auditor General has signed and passed (such a list to be so prepared as to show thereon the charge, discharge and balance of each account respectively), shall be submitted by him to the Treasury Board twice in every year, that is to say, not later than the first week of February, and the first week of August."

Auditor General's Report.

*53. As soon as any account has been signed and passed by the [Comptroller and] Auditor General, he shall transmit to the accountant a certificate, in which the total amounts of the sums forming, respectively, the charge and discharge of such account, and the balance, if any, remaining due to or by such accountant, shall be set forth; and every such certificate shall be signed by him, and shall be valid and effectual to discharge the accountant, as the case may be, either wholly or from so much of the amount with which he was chargeable, as he appears by such certificate to be discharged from: Provided always, that when any account, not being an account current has been signed and passed by the [Comptroller and] Auditor General with a balance due thereon to the Crown, he shall not make out or grant any such certificate as aforesaid until the accountant satisfies him, that he has discharged the full amount of such balance, and any interest which is, as hereinafter provided, payable thereon. 41 V., c. 7, s. 51.

Statement required after examination and audit as to securities, stamps, &c.
Discharge of accountant.

NOTES.—In sec. 53, after the words “payable thereon,” the following words are omitted: “Or that he has been relieved from the payment thereof, or of so much thereof as has not been paid, by an Order in Council passed on a report from the Treasury Board,” as it appears unreasonable that the accountant should be relieved of anything unless he has disbursed the money. See sec. 76 for the right of appeal.

In sec. 54, after the words “Minister of Finance and Receiver General,” the words “who shall, if he thinks fit, signify his approval of such accounts,” and after the words “Auditor General” in the following line, the words “on receipt of such approval” are omitted.

*55. The [Comptroller and] Auditor General may examine any person on oath or affirmation on any matter pertinent to any account submitted to him for audit; and such oath or affirmation may be administered by him to any person whom he desires to examine. 41 V., c. 7, s. 53.

Expenses.

[Comptroller and] Auditor General may issue commissions to take evidence.

Powers of commissioners.

*** 57** If, by reason of the distance at which any person, whose evidence is required by the [Comptroller and] Auditor General, resides from the seat of government, or for any other cause, the [Comptroller and] Auditor General deems it advisable, he may issue a commission, under his hand and seal, to any officer or person therein named, empowering him to take such evidence, and report the same to him; and such officer or person, being first sworn before some justice of the peace faithfully to execute the duty intrusted to him by such commission, shall, with regard to such evidence, have the same powers as the [Comptroller and] Auditor General would have had if such evidence had been taken before him, and may, in like manner, apply to and obtain from any judge of any of the courts aforesaid, a subpoena for the purpose of compelling the attendance of any person, or the production of any document, paper or thing before him; and such subpoena shall issue accordingly on the order of such judge; or such subpoena may issue on the application of the [Comptroller and] Auditor General to compel such attendance, or the production of any document, paper or thing before such commissioner. 41 V., c. 7, s. 55.

Penalty on persons summoned failing to attend, or produce papers, &c.

And punishment as for contempt of court.

*** 58.** Every person summoned, in the manner herein before provided, to attend before the [Comptroller and] Auditor General or any commissioner appointed as aforesaid, who fails, without valid excuse, to attend accordingly,—or, being commanded to produce any document, paper or thing in his possession, fails to produce the same,—or refuses to be sworn or to answer any lawful and pertinent question put to him by the [Comptroller and] Auditor General or by such commissioner,—shall, for each such offence, forfeit the sum of one hundred dollars to the Crown, for the public uses of Canada, to be recovered in any manner in which debts due to the Crown are recoverable, and may likewise be dealt with by the court out of which the subpoena issued, as a person who has refused to obey the process of such court, and who is guilty of contempt thereof. 41 V., c. 7, s. 56.

Balances to be paid over in case of termination of charge, decrease, &c.

Report if improperly retained, and proceedings for recovery.

*** 59.** Every accountant, on the termination of his charge as such accountant, or in the case of a deceased accountant, his representatives shall, forthwith, pay over any balance of public money then due to the Crown in respect of such charge, to the public officer authorized to receive the same; and whenever it appears to the [Comptroller and] Auditor General that balances of public money have been improperly and unnecessarily retained by an accountant, he shall report the circumstances of such cases to the Minister of Finance and Receiver General, who shall take such measures as to him seem expedient for the recovery, by legal process or by other lawful ways and means, of the amount of such balance or balances, together with interest upon the whole or upon such part of such balance or balances, for such period of time and at such rate as to the Minister of Finance and Receiver General appears legal and reasonable. 41 V., c. 7, s. 57.

NOTE.—In sec. 59, last line, the word “legal” is substituted for “just.”

EXECUTIVE REGULATIONS

AND

Auditor General's Report—Part a

EXECUTIVE REGULATIONS GOVERNING PUBLIC EXPENDITURE.

Powers of Attorney.

RULES prescribed by the Treasury Board, under sanction of the Governor General in Council, in reference to the mode of acquittal of Warrants for the payment of money by the Government of Canada.

1. No Officer of the Civil Service shall, under any circumstances, be permitted to act as attorney for the receipt of public moneys.

2. No power of attorney will be recognized, received or acted upon by the Receiver General, which is not printed, and of the form to be obtained from the office of the Receiver General, under which only payments can be made, and such power will operate as to any sum of money due only by the Government at the date of the power of attorney.

3. No powers of attorney will be received by the Government for the payment of moneys on warrants which partake of the character of an assignment of the moneys to another party, or purport to be irrevocable, or are in "*any respects qualified.*"

4. General powers of attorney, authorizing the receipt of money due, or which may become due after its date, by which any chartered bank or agent of a chartered bank, or any private individual, is constituted the attorney, will be received and acted upon, if printed and of the special form to be obtained from the office of the Receiver General; and in the event of the power being to the agent of a chartered bank, the bank must declare itself, by a proper instrument in writing, responsible for the acts of such agent, in respect to the receipts of moneys thereunder.

It is, however, optional with the party executing any power of attorney to a bank or agent of a bank, or any private individual, prior to the execution, to erase the words "or may hereafter become due."

5. All powers of attorney must be signed in the presence of a witness.

6. In case of the death of the person in whose behalf payment is claimed, the probate of will or other proof that the applicant is entitled to receive the money must be furnished on application for such payments.

Blank forms of powers of attorney may be obtained from the office of the Receiver General and at all the branches of the Bank of Montreal.

By order of the Board.

TREASURY, OTTAWA, February 1, 1870.

Registration of Letters containing Cheques.

Order in Council, December 6, 1882.—Ordered that the various departments be required to register all letters containing cheques.

JOHN J. MCGEE, C.P.C.

Duplicate Cheques.

Treasury Minute, June 18, 1888.—The Board had under consideration a communication from the Auditor General suggesting that uniform regulations be prescribed by the Board with reference to the requirements which are to warrant the duplication of lost cheques.

1. The Board, on the advice of the Department of Justice, direct that if a Government cheque, whether on letter-of-credit or Receiver General's account, does not reach the person in whose favour it is drawn, or is lost or destroyed by such person, the bank on which it is drawn be notified first by such person.

2. That a duplicate cheque be issued, on a bond of indemnity of the form annexed being furnished, securing the Government against loss; such bond to be examined by the Department of Justice after execution.

3. That a declaration showing whether the original cheque was endorsed or not and how it was lost or destroyed, should accompany the bond, in case it is claimed that the cheque was lost or destroyed.

4. That each duplicate cheque should have the word "duplicate" written in red ink across the face of it.

J. M. COURTNEY, *Secretary.*

Overdrafts of Appropriations.

Memorandum for the Minister of Finance.—You have frequently had occasion to allude in conversation to the overdrafts of appropriations made by departments under their letters-of-credit, and to inquire whether a remedy could not be found for the evil.

The irregularity occurs :

(1.) Sometimes by overdrawing the credit to the bank,—but

(2.) More often while there is a part of the credit unused, the over-expenditure of one appropriation being possible owing to an equal or greater aggregate under-expenditure of other appropriations.

It may be supposed that the remedy for (1) would be to give instructions to the bank not to cash cheques against an exhausted credit.

When, however, I have been applied to by a bank for instructions with reference to cheques presented for payment against an overdrawn credit, although I could not, as is plain, request the bank to continue cashing the cheques, I have hesitated to ask that the cheque should be dishonoured, as it might be hurtful to the credit of a department to have it generally understood that it was doubtful whether its cheques would be accepted.

Besides, with (1) as with (2), the responsibility should be laid upon the department. If the accountant of a department attends to his duties, he charges each cheque as it is issued against its appropriation and against the letter-of-credit of the department, and may be expected to be fully informed from time to time as to the balance of the credit and of each of the appropriations.

I therefore beg to recommend that an Order in Council based upon a report of the Treasury Board be passed, making it the duty of the accountant of each department to inform the Deputy Minister of the department whenever a cheque which is about to be issued will overdraw an appropriation or letter-of-credit, so that such cheque may not issue until parliamentary or other authority, as provided by the Audit Act, is obtained in the one case, or an additional credit in the other case.

J. L. McDOUGALL, A.G.

AUDITOR GENERAL'S OFFICE, OTTAWA, May 28, 1892.

Order in Council, July 7, 1892.—On a report dated July 4, 1892, from the Minister of Finance, submitting the annexed memorandum from the Auditor General with regard to the overdrafts of appropriations made by departments under their letters-of-credit.

The Minister, in accordance therewith, recommends that it be the duty of the accountant of each department to inform the Deputy Minister of the department whenever a cheque, which is about to be issued, will overdraw an appropriation or letter-of-credit, so that such cheque may not issue until parliamentary or other authority as provided by the Audit Act, is obtained in the one case, or an additional credit in the other case.

The committee recommend that a copy of this Minute be sent to the several departments for their guidance in future.

Appropriation Balances.

Order in Council, June 27, 1888.—The Treasury Board had under consideration a communication from the Auditor General respecting the interpretation of section 37 of the Audit Act, which provides for the extension of time for closing the Appropriation Accounts.

The Auditor General states that he understands the section to mean: "That an Appropriation Account can be kept open for any time fixed by the Council, up to three months, for the purpose of charging against a vote all services or supplies for which the vote was taken, that is, those rendered before June 30."

As the present practice of bringing down the balances of appropriations for three months, and thereby lengthening the financial year to fifteen months, has been productive of delay in the preparation of accounts for Parliament, and with the view of

Auditor General's Report—Part a

definitely deciding what course should be followed, the matter was referred to the Department of Justice for opinion.

The Deputy Minister of Justice reports : "The question is, whether, upon an Order in Council having been passed as specified in the section, a department may make additional expenditure and incur increased liabilities upon the strength of the original estimate ; or whether the extension referred to in the section is only for the purpose of enabling a department to pay, after June 30, liabilities that have been incurred previously to that date. It would appear that the latter interpretation is the correct one. The section, without the proviso, categorically provides that any balance unexpended on June 30, shall lapse, and be written off. The proviso does not either expressly or by implication give a department power to make a new expenditure, and if that power is not contained in the proviso, it is nowhere ; it does not exist. The only meaning to be drawn from the proviso is that the extension is made for the purpose of paying, after June 30, out of the original appropriations, such accounts as had at that date been incurred."

The Board, after careful consideration of the matter, recommend to Council that for the current fiscal year the present practice be retained, so that no inconvenience may be experienced by the departments, the Auditor General having intimated that he is willing that for the present year such course be adopted ; but as the law is clearly in accordance with the contention of the Auditor General, the Board are of opinion that under existing circumstances the practice now followed cannot be continued.

Letter-of-Credit Cheques.

Order in Council, June 27, 1888.—The Treasury Board had under consideration a communication from the Auditor General with regard to the signing of letter-of-credit cheques, and submitting a list of the names of persons who sign such cheques for the different departments ; and they recommend to Council :

(1.) That for each department, substitutes be authorized by Order in Council to sign for those in whose favour the letter-of-credit is drawn, and that a copy of the Order in Council be sent to the Bank of Montreal, or other bank on which the credit may be drawn.

(2.) That the departments be instructed not to permit any person to sign except those authorized by Order in Council.

(3.) That no cheques be signed in blank, either in the inside or outside service.

(4.) That all cheques be drawn in the form : "Pay to the order of ——" ; and not in either of the forms : "Pay to ——" or bearer," or "Pay to ——" or order."

(5.) That authority be given for the signing of letter-of-credit cheques in the different departments by the following substitutes :—(List not printed.)

Contracts.

Order in Council, May 23, 1880.—On a joint memorandum, dated March 20, 1880, from the Honourable the Minister of Public Works and the Minister of Railways and Canals, recommending that hereafter all public works involving an expenditure of over \$5,000 shall be let by public tender and contract, unless owing to urgency or other cause it be deemed advisable to take different action, and that in all such cases authority be obtained by an Order in Council. That, with all tenders submitted, a money guarantee, or approved accepted cheque, shall be given, to be open to forfeiture in the event of the tenderer failing to make the necessary five per cent deposit hereinafter referred to, within eight days after receiving notice of the acceptance of the tender, or of his declining to enter into contract when requested, the amount of such guarantee to be fixed at a sum not less than \$1,000 nor more than \$5,000. That upon acceptance of a tender, and notification by the department concerned, the intending contractor shall, within eight days, deposit with the Government a sum of money equal to five per cent of the amount of his contract. That in all cases where tenders have been called for, the lowest received shall be accepted, unless good and sufficient reasons appear for passing over such tender. The Committee submit the above recommendations for Your Excellency's approval.

Order in Council, June 16, 1888.—The Board submit for the favourable consideration of Council the annexed memorandum from the Deputy Minister of Finance, respecting the mode of treatment of securities deposited by public contractors, to the effect that the proceeds of all cheques and all deposits on account of contractors' securities be deposited in the Government Savings Bank.

JOHN J. MCGEE, C.P.C.

(Circular.)

FINANCE DEPT., OTTAWA, July 4, 1888.

SIR,—I have the honour to inclose herewith a copy of an Order in Council, passed on June 16, 1888, respecting the mode of treatment of securities deposited by public contractors, from which you will observe that hereafter the proceeds of all cheques and all deposits on account of contractors' securities are to be deposited in the Government Savings Bank.

I have the honour, therefore, to request that you will be good enough, immediately a contract is entered into, to send me all the securities for the performance thereof, in order that I may deposit the proceeds of the said securities in the manner prescribed by the Order in Council above referred to.

J. M. COURTNEY, D.M.F.

Order in Council, May 2, 1898.—On a memorandum dated May 1, 1893, from the Minister of Finance, submitting a report from his deputy respecting contractors' securities.

The Minister recommends, in accordance with the suggestion therein contained, that notice be immediately given to the Department of Finance by the department having control of the work, in case of the failure of contractors having a contract for the performance of work for the Government, and having security deposited with the Department of Finance.

The Committee submit the same for Your Excellency's approval, and advise that a copy of this Minute be forwarded to the Minister of each department for his information.

JOHN J. MCGEE, C.P.C.

Memorandum respecting Contractors' Securities.—The undersigned has to report that by Order in Council of June 16, 1888, all cheques and all deposits on account of contractors' securities are turned by this department into cash, and deposited in the Government Savings Bank, and in some instances where the security given is large, the interest accruing on the deposits is paid to the contractors yearly at their request.

The attention of the undersigned has lately been directed to the fact that a firm of contractors having a deposit now in the hands of the Government has recently failed, and it is just possible that cases may arise in which moneys may be paid over by this department unwittingly, for interest, to contractors who have suspended payment. To obviate such a contingency, the undersigned would suggest that the matter be brought before the Treasury Board, with a view of having a Minute adopted to the effect that whenever a firm of contractors having a contract for the performance of work for the Government and having security deposited with this department, fails, notice thereof be immediately given to this department.

J. M. COURTNEY, D.M.F.

Certificates on Vouchers.

Revised Statutes of Canada, Cap. 29, Sec. 35.—No payment shall be authorized by the Auditor General in respect of work performed, or material supplied by any person in connection with any part of the public service of Canada, unless, in addition to any other voucher or certificate which is required in that behalf, the officer, under whose special charge such part of the public service is, certifies that such work has been performed, or such material supplied, as the case may be, and that the price charged is according to contract, or if not covered by a contract, is fair and just.

Note.—The proper officers to make these certificates are those who have personal knowledge of the facts in each case.—J. L. MCD.

Auditor General's Report—Part a

Small Balances due to Estates.

AUDIT OFFICE, OTTAWA, June 12, 1888.

SIR,—It frequently happens that there is a small sum due to the estate of a deceased person who has left no will, generally for superannuation or salary, when the whole assets of the estate are so small that the cost of obtaining letters of administration would be a large part of them.

I suppose that in strictness the amounts due by the Government cannot be paid legally to any one but the administrator of the estate. However, the amounts are frequently paid, either on receiving a renunciation from all the other known heirs in favour of one, or on a bond approved by the Department of Justice indemnifying against loss, should a person who has obtained the legal right to claim the payment make a demand for it.

I would suggest that payment, under the circumstances above set forth, should be made to a person who is not legally empowered to demand it, only when the assets of the estate are under one hundred dollars, and after the execution of a bond as above described, approved by the Department of Justice, with any additional safeguards which, in the opinion of the Department of Justice, the special circumstances of the case call for.

Yours truly,

J. L. McDOUGALL, A.G.

The Secretary, Treasury Board.

TREASURY BOARD, June 19, 1888.

SIR,—With reference to your letter of the 12th instant, respecting the payment of small sums to the estate of persons who have died intestate, and the whole assets of whose estate are so small that the cost of obtaining letters of administration would swallow up the greater portion of them, I have the honour to state that the Treasury Board have considered the matter, and they direct that each case be referred to them for decision as to the action to be taken.

Yours truly,

J. M. COURTNEY, *Secretary.*

The Auditor General.

Order in Council, July 24, 1894.—That a number of deaths occur annually among the fishermen who are entitled to fishing bounty, and in the majority of cases the men are poor, die intestate and leave no property worth the cost of administration. The bounty in such cases, by right belongs to the nearest of kin to the deceased, but that, under an Order of the Treasury Board, dated 19th June, 1888, all cases where small sums are due the estates of persons who die intestate and leave little or no property of any consequence, must be referred to the Treasury Board for decision as to the action to be taken, which course necessitates a separate Order in Council in each case.

That, as those to whom the money rightfully belongs are, in most cases, in needy circumstances, a general Order be granted, authorizing, in case of death among the fishermen of the class referred to, to pay the amount earned to the widow, father, mother, or children as the case may be, of the deceased, without reference to the Treasury Board.

No Supplies to Persons in Arrears to Department of Printing and Stationery.

Treasury Minute, September 22, 1897.—The Board had under consideration a communication from the Auditor General in reference to the arrears due to the Department of Printing and Stationery, from which it appears that a large proportion of such arrears are due by Senators, Members and ex-Members of Parliament, for Publications and Voters' Lists.

The Board, after a careful consideration of the matter, direct that the Queen's Printer be instructed hereafter to give no further supplies to persons who are in arrears for supplies previously furnished.

3. As soon as such list has been so settled and approved, and printed and distributed to the several departments, all ordinary requisitions upon the Stationery Office shall be issued for those articles only that are therein enumerated.

4. No articles shall be added to such list thereafter except upon the report of the Secretary of State, approved by the Governor in Council.

5. No plain paper or envelopes, such as are used for ordinary correspondence, shall be asked for by any ordinary requisition or issued upon the same for private use of the employees in any department, except in the case of Deputy Heads.

10. A return of all articles furnished to each department upon requisition, with the total cost of the supply to such department, shall be made up by the Superintendent of Stationery each six months, as soon as possible after the 30th of June and the 31st of December in each year, in order that it may be submitted to the Governor in Council by the Secretary of State.

11. All former Orders in Council in reference hereto are cancelled.

Pamphlets and Books.

Order in Council, December 22, 1888.—The Secretary of State desires to draw the attention of Council to the practice in the past of the granting of authority by Council for the purchase of books for Library exchanges and for distribution among the departments, and he recommends that in the future no such authority be granted, but that all books for Library exchanges be procured under the authority of the Joint Library Committee of Parliament, and paid for out of the sums placed at its disposal; and that all purchases of books for the use of any department of the Government be made on the authority of the Minister charged with its administration, as already provided by Order in Council, through a regular Stationery Office requisition, as required by the Act respecting Public Printing and Stationery. The Committee recommend that this Minute, if approved, be communicated to the Library Committee and to each department of the public service.

Accounts for Advertising.

Order in Council, May 8, 1894.—On a memorandum dated March 28, 1894, from the Secretary of State, recommending that the following regulations be established to regulate and govern advertising for the several departments of the Government.

REGULATIONS.

All orders for advertising which are issued at the seat of Government shall be given through the Queen's Printer, and the Queen's Printer shall certify to the accounts before payment.

The copy shall be sent to the Queen's Printer, accompanied by ministerial directions, naming the paper in which the advertisement is to be published, specifying whether in the daily or weekly issue, and the number of insertions in each paper, respectively.

On receipt of these instructions, the Queen's Printer shall print a sufficient number of copies to enable him to furnish duplicates to the papers indicated. These shall be forwarded by him to the publishers, accompanied by an intimation of the number of lines to which the advertisement is to be limited, himself establishing the space on a proper estimate of the solid matter of the notice, with a moderate allowance for the purposes of display, and accompanied also by an instruction to the publishers to render the accounts to him in duplicate, with a copy of the order attached, and with marked copies of the papers in which the advertisements are printed.

The Queen's Printer shall ascertain the established tariffs for advertising of the papers on the Patronage List, and on receipt of these accounts shall certify to the same in accordance with these rates, and transmit the accounts for payment to the departments from which the orders issued, having first satisfied himself that the publication has been as directed, but no newspaper shall be paid a higher rate than that charged to the general public for a similar service.

Accounts for advertising required by the Outside Service shall also be rendered, with the orders and marked copies of the publications, to the Queen's Printer, and the advertisements shall by him be measured, certified to, and transmitted for payment in accordance with the rules which obtain for advertisements issued at the seat of Government.

The Queen's Printer shall keep with each paper, accounts of the advertisements directed to be published in it under the different departmental headings, so as at all times to show the state of each account.

Advertisements shall not be inserted in any books or pamphlets, or in any periodicals other than newspapers published weekly or more frequently, and all advertisements shall be limited to a maximum of six insertions in daily and three in weekly papers.

These regulations shall apply to all the departments excepting the Immigration Branch of the Department of the Interior, and the Intercolonial Railway.

The Committee submit the above regulations and recommendations for Your Excellency's approval.

JOHN J. MCGEE, *C.P.C.*

Order in Council, July 17, 1896.—The Committee, on the recommendation of the Honourable the Secretary of State, advise that all Orders in Council, or parts of Orders in Council, regulating or relating to advertising for the several departments of the Government, and particularly the Order in Council of the 8th of May, 1894, be rescinded; and

that the list of newspapers to receive Government patronage approved by the said Order in Council of the 8th of May, 1894, and issued in a revised form by the Secretary of State on the 1st June, 1896, be withdrawn and cancelled.

DEPT. OF PUBLIC PRINTING AND STATIONERY, OTTAWA, July 23, 1896.

SIR,—Under instructions from the Honourable the Secretary of State, I beg to inform you that the patronage list attached to the regulations for advertising has been cancelled by Order in Council. The regulations themselves have, however, been continued in force, so that there will be no change in the method of giving out advertisements.

I am, sir, your obedient servant,

S. E. DAWSON, *Queen's Printer.*

Advertising in Canada Gazette.

Order in Council, March 22, 1888.—On a report dated March 21, 1888, from the Secretary of State, submitting that the Act respecting the Department of Public Printing and Stationery prescribes that all charges for advertising in the *Canada Gazette* shall be paid in advance, and that the Queen's Printer reports that in some cases, after such payment, the parties advertising discontinue their notices before all the insertions asked for have been given, and apply for a refund of moneys paid for insertions ordered but not given.

The Minister recommends that the Queen's Printer be instructed that no such return of moneys can be made, as the Government is ready at all times to fulfil the contract entered into with the advertisers in the *Gazette*, and is in no wise responsible for their discontinuance. The Committee submit the above for Your Excellency's approval.

JOHN J. MCGEE, C.P.C.

Legal Services.

Order in Council, April 12, 1879.—On a report dated April 2, 1879, from the Honourable Minister of Justice, stating that it has been represented by the Auditor General that it would facilitate the business of his office were an Order in Council passed making it necessary that the accounts rendered by any legal agent employed professionally by any of the departments of the Governments should be submitted to the Department of Justice for examination and approval before payment.

That at present the practice of the departments appears to be to submit such accounts to the Department of Justice before paying the same, but no formal Order in Council exists on the subject.

That an Order in Council does exist providing that all accounts for printing and advertising are to be certified by the Queen's Printer before payment.

That he, the Minister, thinks that it would be proper that a formal Order should be passed with respect to legal agents. He recommends, therefore, that it be ordered that the accounts rendered by legal gentlemen employed professionally by any of the departments of the Government be submitted to the Department of Justice for examination and approval before payment, and that a copy of the order be transmitted to each of the departments of the Government.

JOHN J. MCGEE, C.P.C.

Order in Council, February 6, 1893.—That all the previous Orders in Council relating to expenses and allowances for travelling and living expenses to officers and employees when travelling on the public service, be repealed, and that it be ordered that from the date of the passing of the Order in Council founded hereon, there be paid to all officers (with the exception of the Lieutenant-Governor of the North-west Territories and the Major General Commanding the Militia, and the Judges, who are otherwise provided for) travelling on public service for the Government of Canada, their actual reasonable travelling and living expenses; that all advances made to such officers for travelling expenses shall be accounted for within one month from the conclusion of the trip; that the officers shall render to the Department of Finance a detailed statement of such expenses, and that a certificate be attached to all accounts for travelling, as follows, signed in each case by the officer who has incurred the expenses :—

TREASURY BOARD, OTTAWA, October 17, 1896.

SIR,—I am in receipt of your letter of the 15th instant, in reference to the \$10 a day allowance to Mr. E. L. Newcombe, Deputy Minister of Justice, under Order in Council of June 2nd, 1896, in connection with his trip to England. The matter was submitted to the Treasury Board at the meeting of yesterday, and I am directed to inform you, in reply to your communication, that the Board are of opinion that, as the allowance in question was sanctioned by an Order in Council, passed by the late Government during their tenure of office, and before Mr. Newcombe went to England, and as no doubt the expenditure incurred was based upon such authority, in this particular case, it is not desirable to take any action, but the Board wish it to be distinctly understood that this case is in no way to form a precedent for any future case.

Special Qualifications.

TREASURY BOARD, OTTAWA, Nov. 13, 1883.

SIR,—I have been directed by the Honourable the Treasury Board to call your attention to the 5th subsection of section 7 of 46 Victoria, chapter 7 (C. S. Act), wherein it is stated that "in the case of attorneys, barristers, engineers, architects, actuaries and land surveyors, the examination may be dispensed with on a report from the deputy head, concurred in by the head of the department, that it is not necessary"; and in connection therewith to call your attention to the *Hansard* of last session, page 1035, when in reply to an observation from Mr. Ross, of Middlesex, Sir Hector Langevin stated that these gentlemen are employed in the service in the practice of their profession, and therefore an examination would not be required, as they had already passed technical examinations before their admission into the ranks of their profession.

I have now to ask whether, in case any of these professional gentlemen are employed in a department where their professional attainments are not required as, for instance, a barrister in the Finance Department, the spirit of the Act would allow of the examination being waived?

Your obedient servant,

The Deputy Minister of Justice.

J. M. COURTNEY, *Secretary.*

DEPARTMENT OF JUSTICE, OTTAWA, Nov. 15, 1883.

SIR,—I have the honour to acknowledge the receipt of your communication of the 13th instant, in which you call attention to subsection 5 of section 7 of 46 Victoria, chap. 7, wherein it is stated that "in the case of attorneys, barristers, engineers, architects, actuaries and land surveyors, the examination may be dispensed with, on a report from the deputy head, concurred in by the head of the department, that it is not necessary."

An opinion is requested as to whether, in case any of these professional gentlemen are employed in a department where their professional attainments are not required, as for instance, a barrister in the Finance Department, the spirit of the Act will allow of the examination being dispensed with.

I am of opinion that the spirit of the Act does not allow of the examination being dispensed with in the case mentioned, but that the examination can be dispensed with only in cases where the duties to be performed by the officer seeking promotion are those connected with his profession as an attorney, barrister, engineer, architect, actuary or land surveyor.

Your obedient servant,

The Deputy Minister of Finance.

Salaries : Date of Payment.

Order in Council, January 13, 1887.—The Committee of the Privy Council have had a memorial from the members of the Civil Service laid before them by the Right Honourable the Prime Minister, praying for relief of their financial embarrassment in reclaiming the advance of salary.

The Committee recommend, with a view to relieving the financial embarrassment, that the pay-list for each month be authorized on the 15th day of the month, provided that when the day for passing any pay-list under the provisions hereof shall be a Sunday, or a bank or departmental holiday, the pay-list be issued on the previous day. The salaries of the Ministers to be paid at the end of each month.

JOHN J. MCGEE, *C.P.C.*

By an Order in Council dated 31st August, 1891, it was ordered that the Order in Council of the 22nd March, 1887, authorizing the payment on the 15th day of each month of the temporary clerks of the Inside Service who are continuously employed be cancelled from and after the 1st September, 1891, and that thereafter such clerks be paid on the last day of each month.

The Board recommend to Council that the several departments be notified that in future the monthly pay-cheques must not be issued in advance of the days authorized by the said Order for the issue of the pay-lists, and that the provisions of the said Order must be strictly adhered to.

JOHN J. MCGEE, *C.P.C.*

Order in Council, November 14, 1895.—The attention of the Board was called by the Deputy Minister of Finance to the statements of the balances of the several Government accounts with the Bank of Montreal, on the 31st October, 1895, by which it appeared that some of the departments had issued pay-cheques in advance of the due date.

The Board recommend that the attention of the several departments be called to the irregularity of such action, and the Board are of opinion and recommend that steps should be immediately taken to stop the practice for the future.

Salaries: Date of Changes and Increases.

Order in Council, July 29, 1871.—On a report dated July 29, 1871, from the Minister of Finance, stating that considerable inconvenience has arisen from Orders in Council making promotions and other changes in the Civil Service, and granting superannuation allowances, not naming the time from which they shall count, and that it is desirable that, excepting for special reasons, such changes shall always count from the first day of some month, and recommending that it be established as a general rule that unless some other date is specially named in the Order in Council, all such changes shall be held to count from the first day of the month next succeeding the date of the said Order. The Committee submit the above recommendation for Your Excellency's approval.

Approved.

W. H. LEE, C.P.C.

Order in Council, June 29, 1889.—That hereafter officers shall be eligible to receive their statutory increase upon the first day of the official quarter following the expiration of one year from the day on which they reported for service, regardless of the date of appointment; provided always that the time is not computed from a date prior to the Order in Council making the appointment.

Information to be sent to the Treasury Board on Matters
affecting the Establishment.

TREASURY BOARD, OTTAWA, April 3, 1897.

SIR,—I am directed by the Treasury Board to call your attention to the inclosed Circular of the Board dated 19th June, 1893, and to ask that the requirements therein specified be complied with.

I am, sir, your obedient servant,

J. M. COURTNEY, *Secretary.*

(Circular.)

TREASURY BOARD, OTTAWA, June 19, 1893.

SIR,—In connection with the papers and other memoranda relating to appointments, promotions, increases of salary and other matters affecting the Establishment, referred for the consideration of the Treasury Board, I am directed to say that the Board are desirous in all cases of having before them the fullest information bearing on the action recommended, and to ask that particular attention be given to make the papers as complete as possible, especially in regard to the following requirements:—

In consequence of the Civil Service Superannuation Amendment Act, 1893, and Civil Service Insurance Act, 1893, being now in force, it is absolutely necessary that in the case of appointments, in addition to the full reasons for the action recommended, the age of the appointee be given and a medical certificate submitted as to his state of health. In the case of memoranda recommending the employment of temporary clerks, the certificates required by the Civil Service Act must in all cases accompany the papers, and, in addition, the state of the appropriation from which payment for the extra assistance is to be made must be set forth.

It is also directed that the certificates, reports and requisitions required under the Civil Service Act (*vide* sections 15, 17, 19, 21, 26, 35, 37, 39 and 47) be furnished with the respective cases to which they relate.

I have further, by direction of the Treasury Board, to state that in all cases where employees of 60 years of age and over are recommended for retirement under the Civil Service Superannuation Act, it will be necessary to give full and explicit reasons, in addition to that of age, for the action recommended, as members of the Board cannot undertake to recommend the superannuation of Civil Servants for the reason of age only.

In directing your attention to these requirements of the Board, I have to ask that in all cases the papers for their consideration be submitted in as complete a state as possible, and to inform you that in no case will a memorandum be taken into consideration if the papers are not complete.

I am, sir, your obedient servant,

J. M. COURTNEY, *Secretary.*

Auditor General's Report—Part a

Matters to be referred to the Treasury Board.

Order in Council, October 5, 1896.—The Committee recommend that the Treasury Board submission, "That all recommendations to Council with relation to the appointment, employment or continuance of employment, promotion, increase or reduction of salary or pay, granting or extension of leave of absence, or payment of travelling expenses or removal expenses of any employee or proposed employee of the Government, either permanent or temporary, be referred to the Treasury Board for consideration and report before being finally dealt with by Council," be approved.

Salaries of Deceased Officers.

Order in Council, Feb. 9, 1875.—On a memorandum dated Feb. 8, 1875, from the Honourable the Minister of Finance, reporting that there appears to be a want of uniformity in the manner of paying the salaries of deceased officers—that in some cases the salary is paid to the day of death, and in others the salary of the month in which the officer died is paid. He, therefore, recommends that for the future the whole month's salary be paid in all cases. The Committee submit the above recommendation for Your Excellency's approval.

W. A. HIMSWORTH, C.P.C.

Employment of Temporary Clerks.

Section substituted by 58-59 Victoria, chapter 15, for section 47 of the Civil Service Act (R.S.C., cap. 17).—When from a temporary pressure of work or from any other cause, extra assistance is required in any branch of either the first or second division, the Governor in Council may, on the report of the deputy head of the department, concurred in by the head of the department, that such extra assistance is required, authorize the employment of such number of temporary clerks, writers, messengers, porters, packers or sorters, as are required to carry on the work of the department.

Temporary Employees: Certificate of Attendance.

Treasury Board Minute, Dec. 27, 1898.—The Board direct that the following certificate be substituted for the certificate required by their Minute of the 2nd October, 1891, to be given in all requisitions to the Accountant of Contingencies for the payment for the services of extra clerks and messengers in the several departments, and that the Minute of the 2nd October, 1891, be amended to this extent:

"I certify that during the current month the extra employees mentioned have satisfactorily performed the services for which they were appointed under Order in Council of..... and that they have been in attendance at this office every day except Sundays, statutory holidays and leave of absence under Order in Council of 20th October, 1892, as specified, during the period for which payment is asked."

It being understood that nothing herein contained shall be construed to authorize payment for Sundays and statutory holidays in cases in which payments for such days have not been made hitherto.

JOHN J. MCGEE, C.P.C.

Order in Council, October 20, 1892.—On a report dated 19th October, 1892, from the Acting President of the Privy Council, stating that he has had under consideration the subject of applications for leave of absence, and for sick leave made from time to time by technical officers, clerks and messengers who are not permanently appointed to the Civil Service, but who are engaged in the inside service in the departments at Ottawa, and recommending the adoption of the following rules :—

(1.) That the head of the department, and, in his absence, the deputy head of the department, may grant to any professional or technical officers and supernumerary or temporary clerks who may be employed under section 47 of the Civil Service Act, and who have been so employed during twelve months continuously, leave of absence for the purpose of recreation, for a period not exceeding three weeks in each year ; such leave to be granted at such time during the year as the head or deputy head of the department may determine.

(2.) That employees whose employment is for one month or upwards, may, in the discretion of the head of the department be paid for days when they are absent in consequence of actual illness, after leave of absence obtained, on certificates furnished to the satisfaction of the head of the department ; or for days during which absence has been occasioned by contagious or infectious diseases in the families of the persons so engaged ; such absence not exceeding one week at any one time and not exceeding two weeks during any year.

This regulation to be retroactive as to cases which have occurred since the 1st of September, 1891, and its future operation to be confined to supernumerary and temporary clerks who are employed under section 47 of the Civil Service Act, and to persons temporarily employed as messengers and to professional or technical officers.

The Committee submit the same for Your Excellency's approval.

JOHN J. MCGEE, *C.P.C.*

Order in Council, Dec. 30, 1898.—That the Order in Council of 20th October, 1892, granting leave of absence for purposes of recreation to temporary employees, be so amended as to extend the full provisions thereof to messengers and packers temporarily employed, to apply not only in future cases, but to cover all cases in the past, in which leave of absence has been granted to such temporary messengers and packers.

Medical Certificates.

Order in Council, July 23, 1892.—On a memorandum dated 14th July, 1892, from the Secretary of State, recommending that the Order in Council of the 25th April, 1892, appointing certain gentlemen to be medical practitioners, under the 3rd subsection of section 51 of "The Civil Service Act" in so far as regards furnishing medical certificates in cases of illness of officers and servants of the Department of Marine and Fisheries, be cancelled.

The Minister further recommends that every duly qualified medical practitioner whose name is registered in the Medical Register of the province in which he resides be appointed as an authorized medical practitioner for the purpose of issuing medical certificates as required by subsection 3 of section 51 of the Civil Service Act.

The Committee submit the foregoing recommendations for Your Excellency's approval, and order that a copy be sent to each department.

JOHN J. MCGEE, *C.P.C.*

Rate of Pay to Reporters.

Order in Council, October 9, 1888.—On a memorandum dated 1st October, 1888, from the Minister of Justice, recommending that authority be given for the payment of the Official Reporters of the Debates of the House of Commons, and of other Reporters, who may be designated, as occasion may require, by the Minister of Justice, to be employed to report Exchequer Court cases, or proceedings under Commissions of Inquiry, or upon arbitrations in which the Government is interested, or upon any other matter requiring a short-hand reporter, at the rate of fifteen cents per folio of one hundred words, the reporter, for such remuneration to supply to the Government four copies of the proceedings and evidence in each case.

The Minister further recommends that the sum of \$3.50 per diem over and above the actual moving expenses be allowed to such reporters on account of travelling expenses while so employed and when absent from their places of residence, the days of leaving and arriving to be counted as full days. Also, that the provisions of this Order shall relate back to the time from which the services of such reporters were first engaged in the capacity mentioned, viz., from November 1st, 1887.

The Committee advise that the requisite authority be granted.

JOHN J. MCGEE, C.P.C.

Order in Council, July 3, 1890.—That the rate to be paid to Unofficial Reporters for reporting during the Sitting of Parliament, when the official staff is not available, be 25 cents per folio of 100 words, the Reporter, for such remuneration, to supply the Government with four copies of the proceedings in each case.

That the amount hereby fixed for remuneration shall apply to the accounts for reporting done by such reporters during the last Session of Parliament.

That in all cases when a reporter (not official) is duly in attendance for reporting for a day, and does not, or is not required to report to such an extent as to make the actual amount of his remuneration reach the amount of \$5 per day, he shall be entitled to receive \$5 a day for each day he has been required to attend and has been properly in attendance ready to work.

That it be declared that whenever hereafter any reporter, whether official or otherwise, applies for and performs reporter's work during the Recess of Parliament, he shall be considered as having been employed under, and shall be paid according to, the rates fixed by the Order in Council above referred to, of October 9, 1888.

Superannuation.

Extract from a Minute of the Treasury Board, November 11, 1870.— * * * *

(31.) In counting the length of service by which a superannuation allowance is to be regulated, if the man has served a fraction of a year less than half, his service shall count as for the number of years without the fraction, and if the fraction is more than half, it shall count as for the number of years next above.

(32.) In counting the salary on which the superannuation allowance is to be calculated, it shall be taken at one-third of the whole amount received by the officer for the 36 months preceding the Order in Council superannuating him.

(33.) When any officer is permanently employed at a nominally per diem salary, it shall for the future be included in the pay-lists at an equivalent per annum salary.

(34.) When any officer has an official residence or other similar perquisite, his salary shall be stated at such higher sum as may fairly represent these advantages, and he shall pay the abatements on such higher salary, otherwise his superannuation allowance shall count only on the salary on which he has paid abatements.

(35.) The superannuation allowances shall be paid monthly in the manner proposed in the memorandum on that subject submitted by the Auditor.

(36.) An Establishment Book shall be kept in the Finance Department, in which shall be entered every person in the service on the first July, 1870, or hereafter to be appointed, who, by foregoing rules, comes within the provisions of the Act, showing the date of his birth and the date of his appointment, together with any other facts upon which his length of service will be counted.

(37.) When any greater length of service is claimed by men now in the service than that from the date of the man's appointment to his present office, it shall be the duty of

the Auditor to prepare a classified statement of all such claims which, together with a report thereon from the Civil Service Board, shall be submitted to the Privy Council, to the intent that rules may be laid down by it for counting such service.

(38.) When any person is hereafter appointed in later life for any special qualifications, the additional number of years which may be added to his actual length of service shall be stated in the Order in Council appointing him, and such additional years shall be recorded in the Establishment Book, and in order that the same thing may be done with regard to men now in the service, the Secretary of the Treasury Board shall collect from each deputy head, and the clerks of the Senate and House of Commons a statement of all the men now serving under them to whom they are of the opinion that additional service should be allowed under the Act for special qualifications in their appointment. Such statement shall be submitted to the Treasury Board, and reported upon by it, so that an Order in Council may direct such additional years to be recorded in the Establishment Book.

(39.) The Auditor shall prepare a statement to be submitted to Council on 1st January next of all persons on the Establishment of 60 years of age and upwards, and a similar statement shall hereafter be submitted at the commencement of each financial year.

(40.) No person exceeding 65 years shall be retained on the Establishment except upon an Order in Council passed upon the receipt of the statement above provided for, retaining him on the staff for another year.

Order in Council, May 3, 1886.—That the 34th paragraph of the Treasury Minute of the 11th November, 1870, which paragraph is as follows:—“(34.) When any officer has an official residence or other similar perquisite, his salary shall be stated at such higher sum as may fairly represent these advantages, and he shall pay the abatements on such higher salary, otherwise his superannuation allowance shall only count on the salary on which he has paid abatements” ;—be repealed, except in the case of those who now pay superannuation abatement on such allowance or perquisite in addition to the abatement from their salaries.

JOHN J. MCGEE, *C.P.C.*

TREASURY BOARD, OTTAWA, Dec. 7, 1883.

SIR,—I am directed by the Treasury Board to call your attention to your letter of October 9, 1882, on the subject of the reconsideration of cases of superannuation of public servants as published in the Book of the Rules of the Civil Service, page 52, and to state that many references are now made to the Board from the several departments, recommending the postponement of the dates of superannuations as established by Council on the Report of the Treasury Board, and to ask whether, under any circumstances, superannuations, once established by Council, may be reopened—always presuming that no clerical errors have been made.

I am, sir, your obedient servant,

The Deputy Minister of Justice.

J. M. COURTNEY, *Secretary.*

DEPT. OF JUSTICE, OTTAWA, Dec. 12, 1883.

SIR,—I have the honour to acknowledge your letter of the 7th, asking whether, under any circumstances, superannuation once established by Council may be reopened—always presuming that no clerical error has been made.

The Superannuation Act provides that under the circumstances mentioned therein, the Governor in Council may grant to a person who has served in an established capacity in the Civil Service a superannuation allowance, and that the Order in Council made in the case shall be laid before Parliament. If the grant was made by Letters Patent, the latter could not be cancelled by authority of an Order in Council, except they had been issued in the name of the wrong party, or contained a clerical error or misnomer, or wrong description of a material fact. (*See 38 Vic., cap. 13.*) As the grant in the case of a member of the Civil Service is made by an Order in Council, I am of opinion that in practice it would be well to adhere to the same rule, and not to cancel or amend the Order in Council, except in cases mentioned in the Act referred to (*38 Vic., cap. 13.*)

I am, sir, your obedient servant,

The Secretary, Treasury Board.

GEO. W. BURBIDGE, *D.M.J.*

Auditor General's Report—Part a

(Circular.)

OTTAWA, July 31, 1891.

SIR,—I have the honour to inform you, for your guidance in future, that the Governor General in Council, on the 21st instant, approved of the following regulation of the Treasury Board :—

“That no person be hereafter appointed to a position in the Civil Service which would entitle him to the benefit of the Superannuation Act unless at the time of his appointment he produces medical testimony, to the satisfaction of the Treasury Board, showing that he is then in good health.”

I am, sir, your obedient servant,

The Auditor General.

J. M. COURTNEY, *Secretary*.

Order in Council, October 9, 1895.—That in future all cases in which application is made for the superannuation of any Government employee, there shall be given with the application, for the information of the Treasury Board, the reason or reasons for such superannuation, whether on account of age, or ill-health, or abolition of office, or to promote efficiency and economy—also the age, length of service, present salary, average salary during the past three years, and the proposed retiring allowance of the officer recommended for superannuation. Also, whether in any case it is intended to fill the vacancy caused by such superannuation by appointment or promotion, and if so, at what remuneration, and generally such information as will enable the Board to determine whether the superannuation asked for should be granted.

The Board further recommend that if the above meets with the approval of Council, a copy of the Order in Council founded thereon be furnished the several departments for their guidance.

JOHN J. MCGEE, *C.P.C.*

Gratuities.

Order in Council, Feb. 1, 1868.—As frequent instances occur of the death of officers in the service of the Government, leaving their families in circumstances of great and immediate want, and destitute of means to defray the expenses of illness and funeral, the Committee respectfully advise that in all cases of the decease of an officer of the Government on the permanent list, a gratuity equal to his salary be paid to his widow or orphan children, or to such members of his family or household as His Excellency may approve, for two months from the date of his decease.

Order in Council, Dec. 26, 1887.—The Board having had under consideration the matter of the payment of gratuities to the widows or other representatives of officials of the Government not on the permanent list, are of opinion, and recommend to Council, that the terms of the Order in Council of February 1, 1868, be adhered to.

The Board are further of opinion that should Council, in special cases deem it necessary that the provisions of the above-mentioned Order in Council be extended to include payment of gratuities to the widows or other representatives of officials not on the permanent list, the consent of Parliament should be asked for the payment thereof.

JOHN J. MCGEE, *C.P.C.*

Insurance of Government Property.

Order in Council, July 5, 1881.—The Committee of the Privy Council have had under consideration, upon the suggestion of the Acting Minister of the Interior, the general question of insurance against fire of Government property; and they are of opinion, and humbly advise Your Excellency that, in view of the large amount, varied character and widely separated position of the property in the Dominion belonging to the Crown, it is a wise economy for the Government to underwrite its own risks, as well on movable as on immovable property, and they recommend that all existing policies (if any such exist) be suffered to lapse and no new ones effected, and that a copy of this Order, should Your Excellency approve of it, be sent to every department of the Government.

J. O. COTE, *C.P.C.*

8. From and after the 15th day of March, 1892, no private correspondence whatsoever shall be transmitted from any department of the Government at Ottawa or elsewhere, or any branch thereof, under frank, nor shall the postage due thereon be charged against the Government.

9. All private correspondence addressed to any member of the Civil Service at Ottawa, or to the care of any civil servant, shall be liable to the same rates of postage as apply to the public generally.

10. Should any letter addressed to any civil servant at Ottawa upon which postage has been paid on delivery prove when open to be on public business, the amount so paid may be refunded on the certificate of the deputy head of the department to which the addressee belongs.

11. Any employee offending against any of these regulations shall be liable to suspension or such other punishment as the Governor General in Council may determine.

Auditor General's Report—Part a

Commissions of Inquiry—Rate of Pay.

Order in Council, September 21, 1897.—On a report dated 6th September, 1897, from the Minister of Justice, stating that he has had under consideration the question as to the rate of remuneration which should be allowed commissioners appointed to hold inquiries or investigations into public matters or departmental business, under chapters 114 and 115 of the Revised Statutes of Canada.

The Minister recommends that the fees allowable to a commissioner appointed under the authority of either of those chapters shall not in any case exceed ten dollars for each full day's attendance or occupation in connection with the work of the commission, exclusive of the reasonable moving and living expenses of the commissioner to be allowed where the commissioner has to travel for the purpose of executing the commission; and that the said per diem allowance shall be deemed to cover letters and interviews on other days as well as on the days for which the commissioner is entitled to such per diem allowance; and that no further charge be allowed for such letters and interviews; and that a professional man shall not be entitled to any fees or allowances as commissioner to which other commissioners are not entitled as aforesaid.

The Minister also recommends that a copy of this Minute, if approved, be sent to every commissioner hereafter appointed, with his commission, or the notification of his appointment, and that such commissioner be at the same time informed that the provisions of the Order in Council will be strictly followed in ascertaining the amount to which he may be entitled for his services as commissioner.

The Committee advise the adoption of the above, and submit the same for Your Excellency's approval.

The Auditor General.

Maximum number of Reports to be ordered by each Department for Free Distribution.

Order in Council, January 19, 1898.—On a report dated January 16, 1898, from the Minister of Finance, stating that by Order in Council, dated May 26, 1896, authority was given for placing on sale by the Queen's Printer, copies of public documents, other than those distributed officially to the Houses of Parliament and the departments, that in accordance with this order a circular was sent to the various departments requesting them to order only such copies as they absolutely needed for official purposes, and due arrangements were made by the Queen's Printer for advertising and supplying copies to the public.

The Minister finds that the number required for parliamentary inside and outside distribution is, as to most of the departmental reports, 1,800 copies of each, and as to five of the most important, 2,050 each. The numbers ordered by the different departments for their own distribution vary from 315 to 10,000.

The Minister is of opinion that it is desirable to secure greater uniformity and economy in the orders from the various departments, and that the number ordered by each should be based on the call for necessary distribution.

The Minister therefore recommends that each department be authorized to order within his discretion for its own distribution, copies of its reports not to exceed a maximum of 500 copies of each report, and that the Queen's Printer be authorized to reserve for purposes of sale such number of the departmental reports and to arrange for their sale in such manner as may be deemed advisable by the Secretary of State.

The Committee submit the same for Your Excellency's approval.

JOHN J. MCGEE, C.P.C.

Order in Council, November 18, 1898.—That the annual reports of the Historical Archives Division of the Department of Agriculture, forming one of the appendices to the annual report of the Minister of Agriculture, be excepted as respects the number of copies printed, from the terms of the General Order in Council, dated January 19 last, limiting the number of Departmental Reports to 500 copies each.

JOHN J. MCGEE, C.P.C.

Order in Council, June 16, 1894.—That the printing of the Year Book and Statistical Abstract for the Department of Agriculture, be excepted from the provisions of the General Order in Council, dated January 19, 1893, relating to the printing of the departments.

That authority be given for the printing of 2,400 copies in English, 750 copies in French, to meet the demands for distribution.

JOHN J. MCGEE, C.P.C.

Order in Council, November 27, 1896.—The Committee, on the recommendation of the Minister of Finance, advise that the Order in Council of January 19, 1893, limiting the number of reports of the different departments, be amended so far as the report of the Auditor General is concerned, and as to the number which is to be received by the Audit Office for distribution, by making the number 2,000 instead of 500, of this year's and subsequent reports.

TREASURY BOARD, OTTAWA, Dec. 30, 1889.

SIR,—With reference to our recent conversation respecting the submission to the Treasury Board of the rules and regulations drawn up in your office, I have now to state that I have found, on inquiry, that your letter of the 31st December, 1886, was submitted to the Treasury Board in due course, but as it did not ask for confirmation of the rules to the Treasury Board in inclosed, but only stated what your intentions were in auditing revenue accounts, and requesting any directions that the Treasury Board might deem fit to give—as the Treasury Board had no directions to give the letter was unanswered; but, in order that the law may be complied with, I have now to state that the rules are approved of.

I am, sir, your obedient servant,

The Auditor General.

Auditor General's Report—Part *a*

TREASURY BOARD OVER-RULINGS OF AUDITOR GENERAL'S DECISIONS BETWEEN COMMENCEMENT OF THE SESSION OF 1898 AND THE SESSION OF 1899.

Privy Council : Provisions of the Civil Service Act *re* Temporary Employment disregarded.

PRIVY COUNCIL OFFICE, OTTAWA, September 13, 1897.

SIR,—I have the honour to request that authority be granted for the issue of a cheque in favour of A. Macdonell for the sum of \$60 (Sixty Dollars), to be charged to vote for the Classification of Old Records, 1897-98. A certificate for 120 hours' work done, at 50 cents an hour, is enclosed.

I am, sir, your obedient servant,

The Auditor General.

JOHN J. MCGEE, C.P.C.

I estimate the work submitted to have taken 120 hours to do.—D. BURKE.

(Endorsed, John J. McGee.)

AUDIT OFFICE, OTTAWA, Sep. 16, 1897.

SIR,—I beg to acknowledge receipt of your application of the 13th inst. for a cheque for the sum of \$60 in favour of A. Macdonell for services in connection with the classification of old records.

I regret to say that I find two serious obstacles which prevent me from authorizing the issue of the cheque in question:—First, section 47 (a) of the Civil Service Act, as amended by 58-59 Vic., Cap. 15, Sec. 8, enacts that "No person shall be eligible to be employed as a temporary clerk or writer unless he has passed the qualifying examination required by the Civil Service Act." Kindly inform me when and where A. Macdonell passed the requisite examination.

Second: Section 47 (c) of the amended Civil Service Act enacts that "the remuneration for temporary assistance shall be, in the case of a temporary clerk or writer, at a rate, to begin with, of not more than four hundred dollars a year, and, in addition thereto, at the rate of twenty-five dollars a year for each optional subject, not exceeding two, in which he passed prior to such employment."

The rate at which you ask for payment is between \$2.50 and \$3 per day, which is far in excess of that authorized by the section quoted above, no provision being made for employment other than that by the month for work done from day to day in the department.

I am, sir, your obedient servant,

John J. McGee, C.P.C.

DEPT. OF JUSTICE, OTTAWA, Nov. 2, 1897.

SIR.—Referring to your letter of 27th September last relating to the case of Miss Macdonell, who is employed in your department, I have to request that you will inform me whether the employment of Miss Macdonell is one requiring professional or technical qualifications, and whether or not she was employed under the provisions of and in the manner prescribed by section 37 of the Civil Service Act.

I am, sir, your obedient servant,

John J. McGee, C.P.C.

E. L. NEWCOMBE, D.M.J.

PRIVY COUNCIL OFFICE, OTTAWA, November 10, 1897.

SIR,—In answer to your communication of the 2nd inst., I beg to state that the employment of Miss Macdonell is one requiring technical qualifications, and that she was employed under the provisions of and in the manner prescribed by Section 37 of the Civil Service Act.

I wish further to add that the years of training which Miss Macdonell has had render her technically and specially qualified for this line of employment, namely, classification of old records.

I am, sir, your obedient servant,

E. L. Newcombe, *D.M.J.*

JOHN J. MCGEE, *C.P.C.*

To the Right Hon. the President of Council :—

The undersigned has the honour to make application for the continuance of the services of Miss Macdonell at the classification of the old records of Canada.

The undersigned states that the employment of Miss Macdonell is one requiring technical qualifications ; and that she has been employed under the provisions of and in the manner prescribed by Section 37 of the Civil Service Act since 1888. The undersigned further states that years of training have rendered her technically and specially qualified for this line of employment, namely, classification of the old records.

J. J. MCGEE, *C.P.C.*

To His Excellency the Governor General in Council :—

The undersigned concurring in the annexed report, recommends that authority be given to continue the employment of Miss Macdonell at classification of the old records of Canada, in the terms of the Treasury Board Minute of 27th November, 1891, and that payment be made upon valuation by the Clerk of the Privy Council of the work performed.

11th November, 1897.

O. MOWAT.

PRIVY COUNCIL OFFICE, OTTAWA, December 1, 1897.

SIR,—With reference to your communication of the 16th September last, on the subject of continuing the employment of Miss Macdonell, which was referred to the Department of Justice for a decision, let me forward you a copy of the reply received from that department on the subject. Will you please accordingly authorise the credit under the head of the classification of old records in the Privy Council Office ?

I am, sir, your obedient servant,

The Auditor General.

JOHN J. MCGEE, *C.P.C.*

DEPT. OF JUSTICE, OTTAWA, NOV. 11, 1897.

SIR,—Referring to previous correspondence relative to the case of Miss Macdonell, a temporary clerk in the Privy Council Office, you now state that the employment of Miss Macdonell is one requiring technical qualifications, and that she was employed under the provisions of and in the manner prescribed by Section 37 of the Civil Service Act. I understand also that she was employed in the Privy Council Office as a temporary clerk on the 22nd July, 1895, when the Act 58-59 Victoria, Chapter 15, was presented for the Royal assent, and was then paid in the manner to which objection is now taken.

If these be the facts, I do not think that the circumstances referred to by the Auditor General in his letter of the 16th September last, viz., that Miss Macdonell does not appear to have passed the qualifying examination, and that the rate of remuneration to be paid her exceeds that authorized by section 10 of the Act above referred to, are sufficient to warrant him in declining to authorize the issue of the cheque in Miss Macdonell's favour, which is referred to in that letter.

I am, sir, your obedient servant,

The Clerk of the Privy Council.

E. L. NEWCOMBE, *D.M.J.*

I concur.—(Sgd.) O. Mowat.

Auditor General's Report—Part //

AUDIT OFFICE, OTTAWA, Dec. 2, 1897.

SIR,—I have your letter of the 1st instant with reference to the employment of Miss Macdonell in your department.

I note what the Deputy Minister of Justice says in connection with this matter.

In my opinion you are mistaken in saying to the Deputy Minister of Justice that Miss Macdonell's employment was as required by the 37th Section of the Civil Service Act, and that her employment at the time the existing Act came into force was such as would enable her to get the benefits of that Act in cases where persons employed had not passed the Civil Service examination. In my view of the case the benefits could only be received where the employment was at a remuneration of so much a day or a month as the case might be.

The simple way of disposing of this matter now would be by your applying to the Treasury Board for an over-ruling of my decision.

I am, sir, your obedient servant,

J. J. McGee, Esq., C.P.C.

TREASURY BOARD, OTTAWA, December 14, 1897.

SIR,— I have the honour to enclose herewith T. B. file No. 23039, being correspondence in reference to the employment and payment of Miss A. Macdonell by the Privy Council Office. Objection having been made by you to the payment of Miss Macdonell, the matter has been referred to the Treasury Board for decision, and I have to request you to be good enough to let me know for the information of the board the nature of your objection and the reason therefor, as well as the clause and section of the Audit Act under which you make your objections. I also will be glad to have any remarks you may desire to make on the case.

I am, sir, your obedient servant,

The Auditor General.

J. M. COURTNEY, *Secretary*.

AUDIT OFFICE, OTTAWA, December 22, 1897.

SIR,—I have your letter of the 14th inst., enclosing T. B. file No. 23039, being correspondence in reference to the employment of Miss A. Macdonell by the Privy Council Office.

If you read together the 37th and 47th sections of the Civil Service Act, as it was before the Act of 1895 came into force, you will, I think, see at once that the 37th section did not in any way affect extra clerks, that any privileges which such clerks might have received as to not being called upon to pass the qualifying examination, or receiving pay higher than the minimum salary of a third-class clerk, came from the 47th section alone.

Now, look at 58 and 59 Victoria, chapter 15, sections 7, 8, 9 and 10. The regulations as to the employment of extra clerks are much simplified. Section 8 reads: "Temporary clerks now employed may be continued in such temporary employment notwithstanding their not having passed any examination, at such rate of pay, not exceeding their present rate of pay, as is fixed by the Governor in Council; that except, as aforesaid, no person shall be eligible to be employed as a temporary clerk or writer unless he has passed the qualifying examination required by the Civil Service Act." Miss A. Macdonell has not passed the qualifying examination and her name did not appear in the accounts of 1895-96 as having received any pay and, therefore, she was not employed either when the Act was assented to on July 22nd, 1895, or when it came into force on the 1st of January, 1896.

Any payments made to Miss A. Macdonell during 1896-97 were made under a credit to the Clerk of the Privy Council, and were without the sanction of this office. Besides, even when Miss Macdonell was paid it was impossible to determine what the rate of pay was, as the work was done at her home. The time was, I understand, estimated.

Some confusion has arisen by speaking of Miss Macdonell without the initial. There was a Miss K. Macdonell employed by the Privy Council in a similar way. She was employed about the time when the Act of 1895 came into force.

A certificate of technical and special qualifications does not now either render a person eligible for employment as an extra clerk, or justify one who is otherwise eligible getting higher pay than he would be entitled to without such a certificate.

Therefore, Miss A. Macdonell cannot be legally employed as an extra clerk.

The objection comes under section 32, subsection (a) of the Audit Act.

I am, sir, your obedient servant,

The Secretary, Treasury Board.

J. L. McDOUGALL, A.G.

AUDIT OFFICE, OTTAWA, Jan. 13, 1898.

SIR,—With reference to the case of Miss A. Macdonell, now before the Treasury Board, I inclose a statement of cheques drawn for classification of old records during the fiscal year 1895-96 by the Privy Council.

You will notice that Miss A. Macdonell's name does not appear on this list, which shows the whole expenditure against the only vote from which payments of this kind were made. It is, therefore, quite clear that Miss A. Macdonell was not employed when the Civil Service Act of 1895 came into force and therefore, according to the opinion of the Department of Justice, is not eligible for employment as an extra clerk.

I am, sir, your obedient servant,

Secretary, Treasury Board.

J. L. McDOUGALL, A.G.

Treasury Minute, Feb. 25, 1898.—The Board had under consideration certain papers in connection with the objection of the Auditor General to the issue of a cheque in favour of Miss A. Macdonell for services in connection with the classification of old records in the Privy Council Office.

It appears from the evidence submitted to the Board that two sisters, the Misses K. and A. Macdonell had previously been engaged on the work of classification of the records, although the cheques were apparently made out in favour of the sister, recently deceased, viz., Miss K. Macdonell. As the work has been performed by Miss A. Macdonell under the belief that no legal disability would arise, the Board direct that payment be made to her of the sum due for the work performed and that no further payment be made unless the estimate to be submitted to Parliament be so worded as to warrant the same.

J. M. COURTNEY, *Secretary.*

AUDIT OFFICE, OTTAWA, Feb. 26, 1898.

SIR,—I have received a copy of the Treasury Minute of the 21st instant directing payment to Miss A. Macdonell for work performed for the Privy Council Office.

In reference to this direction of the Treasury Board, I beg to point out that I have not been furnished with the written opinion of the Attorney General that there is parliamentary authority for the payment, which is required by section 32 (a) of the Consolidated Revenue and Audit Act. Permit me also to state that there seems to be no ground for payment merely because the applicant was "under the belief that no legal disability would arise." The question appears to be: Was there legal disability?

I hope it will not be considered that I am going too far out of my province when I suggest that, if it is determined to make the payment, the authority of Parliament should be obtained before it is done, instead of making the payment first.

I am, sir, your obedient servant,

The Secretary, Treasury Board.

Public Works Department: Promotion on Examination held under Old Regulations.

DEPT. OF PUBLIC WORKS, OTTAWA, April 14, 1896.

DEAR MR. WATERS,—I beg to acknowledge the receipt of your valuable letter of the 2nd instant, and to thank you for the same.

I am glad to see that it absolutely sustains my views of Dr. Belleau's case. I read in it with great pleasure that the right of the Deputy Minister, under the regulations of 1882, to exempt any of his clerks or officers from examination in one or other of the subjects is not questioned even by Mr. McDougall himself, so that it may be taken as admitted that Dr. Belleau's examination of 1885 was complete and sufficient under the regulations of that period, and the only question is now, how far the contention of the Auditor General is correct that Dr. Belleau's examination gives him no right to promotion to first-class at the present time, especially because arithmetic has been made an obligatory subject since, and that he has therefore to undergo another examination.

I beg to subjoin as an additional proof of my contention that the first examination was sufficient for promotion to a higher class if the necessary percentage was obtained, a copy of a question and answer thereto which was made in the House of Commons in 1887 on that same subject, and you will see that in the absence of any explicit statutory enactment, this declaration made by the then Secretary of State is one which has

Auditor General's Report—Part a

been taken as a rule, and which must still be taken as a rule as well by the Auditor General as myself. The following is an extract of the report of the Commons Debates, which will be found at page 1199 of the volume for 1887 :—

“ Mr. O'BRIEN asked whether a candidate for promotion in the Civil Service, having passed such an examination as would entitle him to a rank as a first-class clerk, and there only being vacancies in the second class, would he be entitled to fill a position which might thereafter become vacant in the first class, without passing a subsequent examination.”

“ Mr. CHAPLEAU.—When a course of questions is given which would cover the qualifications for first class clerks, and the answers given such as would give the applicant the number of marks required for first class, there would be no other examinations.”

“ Mr. O'BRIEN.—The answer does not seem to meet the point of the question.”

“ Mr. CHAPLEAU.—I say yes to the question.”

This seems to cover the present case exactly. Dr. Belleau passed the prescribed examinations in 1885, obtained 85½ per cent of the marks, a percentage sufficiently high to admit of promotion to first class, but was raised to the second class. He is now promoted, under the right he acquired, to the first class.

I am now referring the matter to the Department of Justice, but merely to find out whether the regulations of 1889 which were not, by any expression therein contained, made retroactive, can now be assumed to take away from an employee a right which was obtained by him under the existing rules when he passed his examination, and on that point I cannot, for a moment, believe that the Department of Justice will not coincide with me. A right once obtained, unless removed by the power which conferred it, remains the very same, and any subject of Her Majesty, I think, is entitled to that right.

I base my views of the case, therefore, on the following points :—First, Dr. Belleau's examination in 1885 was a valid one, under the then existing regulations. Second, as can be seen by the Hon. Mr. Chapleau's declaration, if he obtained the requisite number of marks for promotion to first class, although then only promoted to the second class, he has not to pass another examination for promotion to first class. Thus, no mention being made in the regulations of 1889 that they had a retroactive effect, Dr. Belleau's rights acquired in 1885 remain his rights at the present time.

Believe me, dear Mr. Waters, &c.,

A. GOBELL, D.M.P.W.

The Secretary, Civil Service Examiners,

AUDIT OFFICE, OTTAWA, March 13, 1896.

SIR,—I have the honour to acknowledge the receipt of a statement by the Secretary of the Board of Civil Service Examiners of the number of marks made by Mr. A. E. Belleau at the promotion examination held in 1885.

I observe that you have placed Mr. Belleau on your pay-list as a first class clerk. I have passed him at his old rate and classification.

Under an Order in Council of the 26th of June, 1889, establishing rules and regulations for the governance of examinations, sections 54, 55 and 56 designate certain subjects, from which there can be no deviation, among which is arithmetic, as obligatory. While the nature of this subject may be determined by the Deputy Head, I am of the opinion that it cannot be wholly dispensed with. I consider, therefore, that Mr. Belleau's examination has not been complete, and does not qualify him for promotion. The extra requirement of arithmetic has, as you will observe, been established since the examination on which Mr. Belleau was promoted to the second class. I saw Mr. Belleau on this subject, but was not aware, at the date of our interview, of the way in which his case was affected by the Order in Council above quoted.

I am, sir, your obedient servant,

J. L. McDUGALL, A.G.

Deputy Minister, Public Works

JUSTICE DEPT., OTTAWA, April 20, 1896.

SIR,—I have the honour to acknowledge the receipt of your letter of the 16th instant, and of the inclosed copies of correspondence relating to the promotion of Mr. A. E. Belleau, of your department.

I understand it to be admitted that Mr. Belleau was, up to the time when the new regulations were made in 1889, qualified, on the strength of the examination passed by him in 1885, for promotion to a first class clerkship. In that examination the paper on arithmetic was dispensed with, and by the regulations of 1889, above referred to, arithmetic is made an obligatory subject in promotion examinations. The Order in Council of the 7th January last purports to promote Mr. Belleau to a first class clerkship, “ subject to his being eligible at the present time,” and the point as to which you desire an opinion

is, as I understand it, whether or not (Mr. Belleau having been qualified for promotion to the first class before the new regulations were made) the fact under these regulations arithmetic is an obligatory subject, and that Mr. Belleau did not pass an examination in arithmetic renders him ineligible for such promotion now.

I am to state that, in the opinion of the Minister of Justice, the qualification of Mr. Belleau for promotion, acquired by his having passed the examinations referred to, was not affected by any changes made by the new regulations of 1889.

I am, sir, your obedient servant,

The Deputy Minister, Public Works.

E. L. NEWCOMBE, *D.M.J.*

DEPT. OF PUBLIC WORKS, OTTAWA, April 25, 1896.

SIR,—Referring to your letter of the 13th March last *re* the case of Dr. A. E. Belleau, I am directed to inform you that the Department of Justice was communicated with on the 16th instant, with a view of obtaining an opinion as to whether Dr. Belleau was entitled to the promotion which he received to a first class clerkship by Order in Council of the 7th January last, and to send you herewith inclosed copy of the letter received from the Department of Justice on this matter in which letter, as you will observe, the Department of Justice states that the qualification of Dr. Belleau, for promotion to a first class clerkship acquired by his having passed the required examination for promotion in 1885, is not affected by any changes made by the new regulations of 1889.

In accordance with the opinion expressed by the Department of Justice, Dr. Belleau's name will be put on the next pay-list as a first class clerk, and the department hopes that the letter of the Department of Justice will remove all the objections which have been raised to Dr. Belleau's promotion.

I am, sir, your obedient servant,

The Auditor General.

E. F. E. ROY, *Secretary.*

AUDIT OFFICE, OTTAWA, May 1, 1896.

SIR,—In reply to your letter of the 25th ultimo, regarding the promotion of Dr. A. E. Belleau, I regret to have to say that I do not see my way to following the opinion of the Department of Justice in this matter. Probably the Department of Justice did not know that Dr. Belleau's examination was for promotion to the second class from the third, and not for promotion to the first class from the second.

There has always been some doubt as to whether a person going up for promotion from the third to the second class and obtaining a sufficient number of marks to warrant his promotion from the second to the first class, if he had been going up for such promotion, was entitled, without further examination, to get promotion from the second to the first class, when the department was willing to give him such promotion, and when other things made such promotion regular. However, it seems to me that there can be no possible argument in favour of the right of a person, who has passed an examination and obtained the promotion for which that examination was specially given, having a claim to promotion, without further examination, to a higher position—the requirements for the higher position having, in the meantime, been increased. If Dr. Belleau has not now the necessary knowledge of arithmetic which the Government requires for the position of a first class clerk, and never gave any evidence so far as examinations go, of having had such knowledge, why should he be in a better position than any other person who never passed an examination in that subject?

I admit that there might be some argument in this case if Dr. Belleau had gone up to an examination for promotion from the second to the first class, although I do not think that even then the matter would be clear.

I write now, without waiting to get your pay-list, so that no time may be lost by you in taking such action as you may think necessary in the circumstances.

I am, sir, your obedient servant.

The Deputy Minister of Public Works.

J. L. MCDUGALL, *A.G.*

DEPT. OF PUBLIC WORKS, OTTAWA, May 7, 1896.

SIR,—I beg to inclose to you herewith copy of the reply I have received from the Auditor General, to whom I have transmitted your report on the case of Mr. A. E. Belleau, an officer of this department, to whose promotion the Auditor has taken objection on several grounds, which have been already laid before you.

I believe I have proved beyond a doubt in my correspondence with you that the right of a person obtaining sufficient number of marks for promotion to the first class and only

Auditor General's Report—Part a

promoted to the second class, to be subsequently promoted on the same examination, is undoubted. Both the practice followed and the declaration of which I gave you a copy, made by a Minister of the Crown in the House of Commons, are sufficient proof.

I do not believe it necessary to discuss the assumption on the part of the Auditor that Mr. Belleau has not the necessary knowledge of arithmetic which is required for the position of a first class clerk, because the question is not, at the present time, whether he has the knowledge or not, but simply whether the examination he passed in 1885 gave him a certain right which he still possesses. The Auditor makes a statement utterly unfounded when he states that Dr. Belleau never gave any evidence, so far as examinations go, of having any knowledge of arithmetic, because, as a matter of fact, upon his entrance to the Civil Service, he passed the qualifying examination and replied to all questions that were then asked on arithmetic.

As I propose to submit the whole of the correspondence to the Treasury Board, I will be glad to hear that this new letter of the Auditor General's does not alter the opinion given to this department in your report on this case.

I am, sir, your obedient servant,

The Deputy Minister of Justice.

A. GOBEIL, *D.M.P.W.*

DEPT. OF JUSTICE, OTTAWA, May 9, 1896.

SIR.—In reply to your letter of the 7th instant, having further reference to the case of Dr. Belleau, I beg to state that I adhere to the opinion already expressed by this department, and I think that whatever Dr. Belleau's qualifications for promotion may have been before the regulations contained in the Order in Council of the 26th June, 1889, were passed, they were not affected by the new provision embodied in those regulations making arithmetic a compulsory subject.

I am, sir, your obedient servant,

The Deputy Minister, Public Works.

E. L. NEWCOMBE, *D.M.J.*

DEPT. OF PUBLIC WORKS, OTTAWA, June , 1896.

MEMORANDUM.—The undersigned has the honour to report :

That on the 7th January last, the following Order in Council was passed :—"That a first class clerkship be made in the Secretary's Branch of the Department of Public Works, and that Mr. A. E. Belleau be promoted thereto, with a salary of \$1,400 per annum, subject to his being eligible at the present time."

That in the month of March last the Auditor General wrote to this Department, stating that he had observed that Mr. Belleau had been put on the pay-list as a first class clerk, and that he had passed him at his old rate and classification. The Auditor General's letter goes on as follows :—"Under an Order in Council of the 26th June, 1889, establishing rules and regulations for the government of examinations, sections 54, 55, 56 designate certain subjects from which there can be no deviation, among which is arithmetic, as obligatory. While the nature of the subject may be determined by the Deputy Minister, I am of opinion that it cannot be dispensed with. I consider, therefore, that Mr. Belleau's examination has not been complete, and does not qualify him for promotion. The extra requirement of arithmetic has, as you will observe, been established since the examination on which Mr. Belleau was promoted to the second class."

That the Department of Justice was furnished with a copy of this letter from the Auditor General, and was requested to state whether Mr. Belleau, having passed his promotion examination in 1885, and having then obtained a sufficient number of points to entitle him to be promoted to a first class clerkship, could now be deprived of the right of being so promoted by Order in Council, passed in 1889, which Order in Council makes arithmetic an obligatory subject for promotion examinations, whilst, at the time Mr. Belleau passed his examination, arithmetic could be dispensed with, and, as a matter of fact, was dispensed with in his case.

That the Department of Justice stated as follows :—

"The Order in Council of the 7th January last purports to promote Mr. Belleau to a first class clerkship, 'subject to his being eligible at the present time,' and the point as to which you desire an opinion is, as I understand it, whether or not Mr. Belleau, having been qualified for promotion to the first class before the new regulations were made, the fact that under these regulations arithmetic is an obligatory subject and that Mr. Belleau did not pass an examination in arithmetic renders him ineligible for such promotion now. I am to state, in the opinion of the Minister of Justice, the qualification of Mr. Belleau for promotion, acquired by his having passed the examination referred to, was not affected by any changes made by the new regulations of 1889."

That a copy of the letter of the Dept. of Justice having been transferred to the Auditor General, the Auditor General wrote stating that he could not see his way to

following the opinion of the Department of Justice in this matter and that for the following reasons:—"Probably the Department of Justice did not know that Dr. Belleau's examination was for promotion to the second class from the third and not for promotion to the first from the second. There has always been some doubt as to whether a person going up for promotion from the third to the second class and obtaining a sufficient number of marks to warrant his promotion from the second to the first class, if he had been going up for such promotion, was entitled, without further examination, to get promotion from the second to the first class when the department was willing to give him such promotion, and when other things made such promotion regular. However, it seems to me that there can be no possible argument in favour of the right of a person who has passed an examination and obtained the promotion for which that examination was specially given, having a claim to promotion, without further examination, to a higher position, the requirements for the higher position having, in the meantime, been increased.

"If Dr. Belleau has not now the necessary knowledge of arithmetic which the Government requires for the position of a first class clerk, and never gave any evidence, so far as examinations go, of having had such knowledge, why should he be in a better position than any other person who never passed an examination in that subject? I admit that there might be some argument in this case if Dr. Belleau had gone up to an examination for promotion from the second to the first class, although I do not think that even then the matter would be clear."

That this last letter of the Auditor General having been submitted to the Department of Justice to ascertain whether the said letter contained anything that would cause them to change the opinion already expressed by them as to the right of Mr. Belleau to be promoted, as he was by Order in Council of January last, replied that they adhered to their opinion already expressed, and that whatever Mr. Belleau's qualifications for promotion may have been before the regulations, mentioned in their Order in Council of the 26th June, 1889, were passed, were not affected by the new provisions embodied in those regulations, making arithmetic an obligatory subject.

In view of the fact that the objections raised by the Auditor General have been found groundless by the Department of Justice, who have positively stated that the right acquired by Mr. Belleau to be promoted to a first class clerkship when he passed his examination in 1885, could not be taken away from him by subsequent regulations, which made arithmetic an obligatory subject, the undersigned has the honour, therefore, to recommend that the Auditor General be directed to give effect to the promotion given to Mr. Belleau by the Order in Council of the 7th January last.

Respectfully submitted.

TREASURY BOARD, OTTAWA, June 26, 1896.

SIR,—I have the honour by direction of the Treasury Board to inclose herewith Treasury Board case No. 21499, in reference to objections raised by you regarding the promotion of Mr. A. E. Belleau to a first class clerkship by Order in Council of the 7th January, 1896, and I shall be glad to have, for the information of the Board, any remarks you may have to make in connection with the matter. Would you be good enough to inform me as to the nature of the objections made and the reasons therefor, at the same time stating under what clause and section of the Consolidated Revenue and Audit Act you make your objection. Kindly let me hear from you at your very earliest convenience.

I am, sir, your obedient servant,

The Auditor General.

J. M. COURTNEY, Sec. T.B.

AUDIT OFFICE, OTTAWA Sept. 1, 1896.

SIR,—I return herewith your Treasury Board references in the cases of Mr. A. E. Belleau, of the Public Works Department, and Mr. F. C. Chittick, of the Department of Agriculture.

It is quite a possible thing that the present Ministers of the respective departments, as there has been a change of Ministers in both departments, may agree with me and may therefore not consider themselves justified in making the appeals. If they are of the opinion of their predecessors, they will make another appeal and the papers may be returned to me.

I am, sir, your obedient servant,

The Secretary, Treasury Board.

Auditor General's Report—Part *a*

DEPT. OF PUBLIC WORKS, OTTAWA, April 26, 1898.

MEMORANDUM.—The undersigned has the honour to submit :

For further consideration by Council, the annexed report of his predecessor, Hon. Alphonse Desjardins, in the matter of the promotion granted in 1896 by Order in Council of the 7th January of that year to Mr. A. E. Belleau of his department.

His predecessor's report is accompanied by copies of the correspondence had in the matter with the Secretary of the Board of Civil Service Examiners, the Department of Justice and the Auditor General.

The undersigned, agreeing with the recommendations made by his predecessor, has the honour to recommend, that the same be approved and carried into effect, the said report having been referred to him for an expression of opinion as to whether he (the undersigned) coincided with his predecessor's views in the matter.

Respectfully submitted,

J. I. TARTE, *M.P.W.*

TREASURY BOARD, OTTAWA, May 4, 1898.

SIR,—Referring to your letter of 1st September, 1896, I now return Treasury Board File No. 21499 in reference to your objection to the promotion of Mr. A. E. Belleau to the position of a first-class clerk in the Department of Public Works as authorized by Order in Council of 7th January, 1896. From the inclosed submission of the present Minister of Public Works you will notice that he agrees with the recommendation of his predecessor and recommends that the same be approved and carried into effect, and I have now to request that you will be good enough to let me have a reply to my letter to you of 26th June, 1896, upon this subject, a copy of which is inclosed herewith.

I am, sir, your obedient servant,

The Auditor General.

J. M. COURTNEY, *Sec. T.B.*

AUDIT OFFICE, OTTAWA, May 14, 1898.

SIR,—I am in receipt of your letter of the 4th instant and the accompanying file, 21499, in reference to the promotion of A. E. Belleau, of the Public Works Department, from the second to the first class.

I notice a letter from the Deputy Minister of Public Works to the Secretary of the Civil Service Commission, attacking my contention that Dr. Belleau's claim to being eligible for appointment to the first class on an examination for promotion to the second class from the third was nullified by the fact that a new and important subject (arithmetic) was made obligatory since the passage of Dr. Belleau's examination. Any explanation made even by a Minister of the Crown would not affect the case, but the explanations of the Hon. Mr. Chapleau quoted by Mr. Gobell do not deal with a case similar to this, as no reference is made to the introduction of a new subject after the examination. Please, therefore, read my letter of the 1st of May, 1896, to the Public Works Department in connection with this as my statement of the case to the Board.

I am, sir, your obedient servant,

The Secretary, Treasury Board.

J. L. MCDUGALL, *A.G.*

DEPT. OF JUSTICE, OTTAWA, May 27, 1898.

SIR,—I have the honour to acknowledge the receipt of your letter of the 25th instant (T 21499 B), and in reply I beg to state that I adhere to the opinion expressed by me when Dr. Belleau's case was referred by you to this department in 1896, viz. :—That whatever Dr. Belleau's qualifications for promotion to a first class clerkship may have been before the regulations of June 26th, 1896, were passed, they were not affected by the new provision embodied in these regulations making arithmetic a compulsory subject, and I am to state that the Minister of Justice concurs in that opinion.

Assuming it to be admitted that a person who goes up for promotion from the third-class to the second-class and obtains a sufficient number of marks to warrant his promotion from the second to the first class, if he had been going up for such promotion, and who is thereupon promoted to the second-class, is qualified without further examination to be promoted from the second to the first-class when occasion offers, the Minister is of opinion that such person does not lose his qualification because in the meantime the requirements of the examination prescribed for the higher position are increased, and making the same assumption, the Minister is of opinion that the Appropriation Act is sufficient parliamentary authority for Dr. Belleau's promotion if it provides for the payment of his salary as a first-class clerk.

I have, &c., &c.

The Secretary, Treasury Board.

E. L. NEWCOMBE, *D.M.J.*

DEPT. OF JUSTICE, OTTAWA, June 4, 1898.

SIR,—I have the honour to acknowledge the receipt of your letter of the 1st instant (T 21499 B) with respect to the case of Dr. Belleau, a clerk in the Department of Public Works.

From a perusal of the correspondence submitted with your letter of the 25th ultimo, I supposed that in dealing with this case I was expected and desired to make the assumption defined in my letter of the 27th ultimo, and that an opinion was required only upon the point with which I specifically deal in that letter.

Now you ask for an unhypothetical opinion as to whether or not there is parliamentary authority for Dr. Belleau's promotion. In other words, I am required to consider whether the view which I have assumed to be admitted is or is not well-founded in law.

In reply I beg to state that, in my opinion, where an examination is prescribed to which all candidates or aspirants to promotion in any department to whatever class they belong are subject, and where the grade for promotion to which a candidate becomes qualified depends upon the percentage of marks which he makes at such examination, and I think that the statute and the regulations admit of examinations of that character, a candidate who is a third-class clerk, and who as the result of such examination becomes qualified for promotion to a first-class clerkship, does not lose such qualification if he is first promoted to a second-class clerkship, but may without further examination be promoted from the second to the first-class. Where, however, the examination submitted to is not of the character suggested, but is for promotion to a particular class, or to a particular office only, I think that a person by passing it is qualified only for promotion to that class or that office no matter what percentage of the total number of marks he makes.

The papers do not sufficiently show the nature of the examination attended by Dr. Belleau to enable me to say what would be the effect of these rules as applied to his case.

I have, &c., &c..

The Secretary, Treasury Board.

E. L. NEWCOMBE, D.M.J.

DEPT. OF JUSTICE, OTTAWA, June 16, 1898.

SIR,—I have the honour to acknowledge the receipt of your letter of the 9th instant, having further reference to the case of Mr. Belleau, a clerk in the Department of Public Works. You inclose a letter from the Secretary of the Board of Civil Service Examiners to the effect that Dr. Belleau's examination in 1895 was a general one under the then existing regulations, and that Dr. Belleau obtained an aggregate percentage of 85½, and a subject percentage of over 50, which is sufficient to qualify him for promotion to a first-class or chief clerkship, and you ask, whether, in view of the information contained in this letter, there is, in my opinion, parliamentary authority for the promotion of Dr. Belleau.

In reply, I beg to state that it follows from what I have stated in my letters of the 27th ultimo and the 4th instant, that, in my opinion, the qualification attained by Dr. Belleau as a result of the examination referred to is unaffected by the fact that he has since been promoted to a second-class clerkship, and he is now qualified for promotion to the first-class. I therefore think that the provisions of the Civil Service Act, and of the Appropriation Act afford parliamentary authority for the promotion of Dr. Belleau, and I am to state that the Minister of Justice concurs in this view.

I have, &c., &c.,

The Secretary, Treasury Board.

E. L. NEWCOMBE, D.M.J.

Treasury Minute, June 18, 1898.—The Board had under consideration objection made by the Auditor General to the promotion of Dr. A. E. Belleau, of the Department of Public Works, from 2nd to 1st class, the objection being taken under sec. 32 (a) of the Consolidated Revenue and Audit Act.

The Board had also under consideration an opinion of the Minister of Justice that whatever Dr. Belleau's qualifications for promotion to a first-class clerkship may have been before the regulations of June 26th, 1889, were passed, they were not affected by the new provision embodied in those regulations making arithmetic a compulsory subject; and that the provisions of the Civil Service Act and of the Appropriation Act afford parliamentary authority for the promotion of Dr. Belleau.

The Board accordingly direct that the provisions of the Order in Council of the 7th January, 1896, promoting Dr. Belleau to a first-class clerkship be carried into effect—overruling the objection of the Auditor General.

Auditor General's Report—Part *a*

Agriculture Department: Right of the Governor in Council to grant Leave of Absence to a Temporary Clerk

AUDIT OFFICE, OTTAWA, June 6, 1898.

SIR,—I am in receipt of the pay-list and accompanying papers re leave of absence to Miss C. Ross. I am unable to pass Miss Ross's salary as I do not think that subsection 2 of section 49 of the Civil Service Act applies to temporary clerks. I return the papers herewith.

I am, sir, your obedient servant,

The Deputy Minister, Dept. of Agriculture.

J. L. McDOUGALL, A.G.

DEPT. OF AGRICULTURE, OTTAWA, June 13, 1898.

SIR,—I am in receipt of your letter of the 6th instant in the matter of leave of absence to Miss C. Ross.

I note that you are unable to pass her salary as you do not think that subsection 2 of section 49 of the Civil Service Act applies to temporary clerks. I cannot agree with you in this matter, and, by direction of the Minister, have submitted it to the Treasury Board. Section 49 of the Civil Service Act comes after the sections referring particularly to the appointment of temporary and supernumerary clerks (*Vide* sections 47, 47a, 47b and 47c), and it appears to me that the word "employee" in section 49 must embrace temporary clerks.

I am, sir, your obedient servant,

The Auditor General.

W. B. SCARTH, D.M.A.

TREASURY BOARD, OTTAWA, June 13, 1898.

SIR,—I have the honour to inclose herewith T B File No. 23613, being an appeal to the Treasury Board by the Deputy Minister of Agriculture from your objection to the payment of Miss Charlotte Ross, a temporary clerk in the Department of Agriculture, for the month of May last, and I have to request that you will be good enough to advise me for the information of the Board as to the nature of your objection to such payment and the grounds therefor, and also as to the section and clause of the Audit Act upon which you base your objection. I shall also be glad to have any remarks you may wish to make on the subject.

I am, sir, your obedient servant,

The Auditor General.

J. M. COURTNEY, Sec. T.B.

AUDIT OFFICE, OTTAWA, June 15, 1898.

SIR,—I am in receipt of your letter of the 13th instant, containing file 23613—an appeal to the Treasury Board from the Deputy Minister of Agriculture against my decision that Miss Charlotte Ross, a temporary clerk, cannot legally be brought under section 49, subsection 2 of the Civil Service Act. The words of the subsection are: "In case of illness or for any other reason which to him seems sufficient, the Governor in Council may grant to any officer, chief clerk, clerk, or other employee, leave of absence for a period not exceeding twelve months."

The decision of the matter rests on the determination whether "clerk or other employee" includes extra clerk. It seems to me quite plain that it does not. In the main section the same words, "officer, chief clerk, clerk or other employee" are used, followed by the governing condition, "whether in the first or second division," showing that the description, "officer, chief clerk, clerk or other employee" is used only in connection with the first or second division.

Section 3 shows what the Civil Service, for the purposes of the Act, is. Section 4 divides the service into the two divisions spoken of in section 3. The inside service, with which alone we have in this case to deal, comprises employees of those classes mentioned in Schedule A, employed on the several departmental staffs at Ottawa, and in the office of the Auditor General.

Schedule A is:

- (a.) Deputy heads of departments.
- (b.) Officers who have special professional or technical qualifications.
- (c.) Chief clerks.
- (d.) First-class clerks.

(e.) Second-class clerks.

(f.) Third-class clerks.

(g.) Messengers, packers and sorters.

Extra clerks are not mentioned. They are not part of the service. Their employment is authorized by a section which appears in the Civil Service Act (Section 47), but no other section of the Civil Service Act has any reference to extra clerks, or application to them.

You probably have not failed to observe that Miss Ross's absence from the office was from the 9th of February.

My objection is based upon section 32, subsection (a) of the Consolidated Revenue and Audit Act.

I am, sir, your obedient servant,

The Secretary, Treasury Board.

J. L. McDOUGALL, A.G.

DEPT. OF JUSTICE, OTTAWA, June 24, 1898.

SIR,—I have the honour to acknowledge the receipt of your letter of the 16th instant (T 23613 B) with reference to the objections of the Auditor General to the payment to Miss C. Ross, a temporary clerk in the Department of Agriculture, of her salary during her leave of absence.

In reply, I beg to state that I think it is clear that the Auditor General is right in his interpretation of section 49 of the Civil Service Act. That section, I think (subsection 2, as well as subsection 1 thereof) applies only to officers, chief clerks, clerks and employees who are members of the Civil Service, as defined by section 3 of the Act.

That, however, does not, I think, dispose of the question involved in the present case. The statute does not empower the Governor in Council to give leave of absence to temporary clerks, but it does not, on the other hand, in my opinion, take away or restrict any power which the Crown may have, aside from statute to grant such leave. I do not see any reason to doubt that such a power exists, or that in Canada it may be exercised by the Governor General on the advice of his responsible Ministers.

In this connection, I beg to refer to an Order in Council passed in 1892 and published in Executive Regulations at page xviii. This Order in Council lays down general rules for the granting of leave of absence to temporary employees, and if the view which the Auditor apparently holds be correct, it was *ultra vires* of the Governor in Council, but for the reasons above stated I think that it was not really so.

There being no statutory restrictions on the power of the Governor in Council to grant leave of absence to temporary clerks, I think that, as a matter of law, he, on the advice of his Ministers, is the Judge as to the extent of sick leave which may be granted in such cases.

I am therefore of opinion that if the requisite moneys are available under the Appropriation Act, that Act is parliamentary authority for the payment to Miss Ross of the amount of her salary during her absence upon leave, and I am to state that the Minister of Justice and Attorney General concurs in this view.

I am, sir, your obedient servant,

The Secretary, Treasury Board.

A. POWER, Act. D.M.J.

Treasury Minute, June 24, 1898.—The Board had under consideration an appeal from the decision of the Auditor General that Miss Charlotte Ross, a temporary clerk in the Department of Agriculture, cannot legally be brought under section 49, subsection 2 of the Civil Service Act—his objection being based upon section 32, subsection (a) of the Consolidated Revenue and Audit Act—leave of absence on account of ill-health, from 25th April to 1st June, 1898, having been granted to Miss Ross by Order in Council, dated 20th May, 1898.

The Board had also under consideration a letter under date of the 24th June, 1898, from the Acting Deputy Minister of Justice (copy hereto annexed), in which that officer states that he thinks it is clear that the Auditor General is right in his interpretation of section 49 of the Civil Service Act, which he thinks applies only to officers, chief clerks, clerks and employees, who are members of the Civil Service as defined by section 3 of the Act. He thinks, however, that this does not dispose of the question involved in the present case. The statute does not empower the Governor in Council to give leave of absence to temporary clerks, but it does not, on the other hand, in his opinion, take away or restrict any power which the Crown may have, aside from statute, to grant such leave. He does not see any reason to doubt that such a power exists, or that in Canada it may be exercised by the Governor General, on the advice of his responsible Ministers. There being no statutory restrictions upon the power of the Governor in Council to grant leave of absence to temporary clerks, he thinks that, as a matter of

Auditor General's Report—Part a

law he, on the advice of his Ministers, is the judge as to the extent of sick leave which may be granted in such cases.

He is therefore of opinion that if the requisite moneys are available under the Appropriation Act, that Act is parliamentary authority for the payment to Miss Ross of the amount of her salary during her absence upon leave, and he states that the Minister of Justice and Attorney General concurs in this view.

The Board, in view of the above, are of opinion that the objections of the Auditor General are not well taken and should be overruled, and they direct that payment be made to Miss Ross of her salary during the period of leave authorized by the Order in Council of the 20th May, 1898.

I am, sir, your obedient servant,

J. M. COURTNEY, *Secretary.*

Geological Survey: Application of the Civil Service Act to Increases of Salary.

AUDIT OFFICE, OTTAWA, Oct. 27, 1897.

SIR,—I have the honour to acknowledge the receipt of your supplementary pay-list in favour of Mr. F. G. Wait, and to refer you to the correspondence which took place from July 17, 1894, onward between your department and this office regarding the case of Mr. Jas. White.

I think that you were made acquainted with a letter, dated August 28, 1894, from Mr. Lash, Q.C., to me, on the subject of promotions in your department, the purport of which was that such promotions, notwithstanding the fact that your officers were appointed for technical qualifications, were subject to the same restrictions as in other departments. This view was not over-ruled by the Treasury Board. It therefore appears to me that Mr. Wait, if he become a first-class clerk, must do so under the regulations which apply to promotions in all the other departments. The pay-list is returned herewith.

I am, sir, your obedient servant,

The Dy. Head and Director, Geo. Survey.

J. L. McDOUGALL, A.G.

GEOLOGICAL SURVEY, OTTAWA, Nov. 19, 1897.

SIR,—I have the honour to acknowledge the receipt of your letter of the 27th ultimo, returning my supplementary pay-list in favour of Mr. Wait.

In reply, permit me to refer you to Mr. Newcombe's letters, on the subject of increases of salary to technical officers in this department, dated 5th June, 1893; 12th November, 1894; and 21st February, 1895.

Mr. White, to whom you refer, was appointed under the Civil Service Act to the first class, and his salary voted in this class. Mr. Wait is engaged in purely technical and scientific laboratory work, and is an M.A., of Toronto University. He was transferred to the technical class by Order in Council, dated 29th June, 1895, and his salary then and now voted by Parliament for this special class of officers.

I fail to see where Mr. Wait's case should be regarded in any respect as differing from those of Messrs. Ingall, Tyrrell, Faribault or McInnes, all of whose salaries have been increased beyond the limits of a class under the Civil Service Act without formal promotion, there being, so far as I am aware, no maximum or minimum limit provided by any Act to the salaries of technical officers.

I return you the pay-list in question and hope, under these circumstances, you will be enabled to certify to it for payment.

I am, sir, your obedient servant,

The Auditor General.

GEORGE M. DAWSON.

DEPT. OF JUSTICE, OTTAWA, June 5, 1893.

SIR,—In conversation with me to-day you asked my opinion as to whether technical officers under Class (b) of Schedule A of the Civil Service Act employed in the Department of Geological Survey, are entitled to be paid the annual increase of salary which has been voted for them in the Supply Act, in view of the fact that the Civil Service Act does not provide for any such increase.

It is my opinion that, inasmuch as the Civil Service Act does not establish the rate of salary to be paid to technical officers falling within the class mentioned, the Gov-

error in Council may do so, although such officers have no claim under the Civil Service Act to annual increase of salary, yet it is open for the Governor in Council to increase their salaries by the amount authorized by Parliament.

Yours truly,

The Dy. Head and Director Geo. Survey.

E. L. NEWCOMBE, *D.M.J.*

DEPT. OF JUSTICE, OTTAWA, NOV. 12, 1894.

MY DEAR SIR,—I return herewith Dr. Dawson's memorandum relating to the salaries of technical officers of the Geological Survey Department, and the withholding by the Auditor General of the intended increase of \$100 for the present year.

The moneys necessary for the payment of the increased salaries having been voted by Parliament and the Governor in Council having authorized the payment of such salaries, I am of opinion that these officers are entitled to receive the same, and that the Auditor General is not warranted by the law in refusing to certify for their payment. The Auditor General, as appears from his letter to Dr. Dawson of the 13th ultimo, treats these increases as statutory increases, and, if they were so, his view, as expressed in the letter would, no doubt, be correct. But in my letter to Dr. Selwyn, of the 5th June last, a copy of which is annexed to Dr. Dawson's memorandum, I have stated my opinion to be that these technical officers have no claim to the ordinary statutory increase, and that the Governor in Council may increase their salaries by the amount voted by Parliament, and I see no reason to depart from or vary that opinion.

I think that the Auditor General is called upon only to assure himself that the moneys voted by Parliament are sufficient to pay these salaries, and that the Governor in Council has authorized their payment, and if he is satisfied as to these two points, he should not, in my opinion, withhold his certificate for the full increase of one hundred dollars each.

Yours very truly,

The Minister of the Interior.

E. L. NEWCOMBE, *D.M.J.*

DEPT. OF JUSTICE, OTTAWA, FEB. 21, 1895.

SIR,—I have the honour to acknowledge the receipt of your letter of the 21st instant (T 19108 B) and of the papers inclosed therewith, relating to the application of the Minister of the Interior to the Treasury Board against the ruling of the Auditor General in the matter of the payment of the increases of salary to the technical officers of the Geological Survey Department.

I have shown these papers to the Minister of Justice, and he directs me to state that he concurs in the opinion expressed in my letter to Mr. Daly, of the 12th November last.

With regard to the several positions taken by the Auditor General in his letter of the 18th instant, the Minister bids me to say that, in his opinion, there is nothing in Schedule A to the Civil Service Act, or elsewhere in the Act which warrants the interpretation placed by the Auditor upon paragraph (b) of Schedule A. The Minister sees no reason why officers of the class indicated in that paragraph should necessarily be of a rank between that of a deputy head and a chief clerk.

I do not think, as the Auditor seems to suppose, nor does the Minister of Justice think that all appointments under section 37 of the Civil Service Act are to be to this class. The section may be availed of to appoint to any office or employment in which a vacancy occurs under the rank of Deputy Head, and whether the office to be filled be one coming within paragraph (b) of Schedule A, or a first, second or third-class clerkship.

Papers returned herewith.

I am, sir, your obedient servant,

The Deputy Minister, Finance Department.

E. L. NEWCOMBE, *D.M.J.*

AUDIT OFFICE, OTTAWA, NOV. 30, 1897.

SIR,—I have your letter of the 19th instant, with reference to the promotion of Mr. Wait, of your department. You will probably see my position by reading a copy inclosed herewith of the letter of Mr. Lash, to which I referred in my communication of October 27th to you.

I am, sir, your obedient servant,

The Dy. Head and Director, Geo. Survey.

J. L. McDOUGALL, *A.G.*

Auditor General's Report—Part a

TORONTO, August 28, 1894.

DEAR SIR,—I am in receipt of your letter of the 27th instant, with inclosures, asking my opinion as to whether the Act 53 Victoria, chapter 11, respecting the Department of Geological Survey, has the effect of dispensing with the provisions of the Civil Service Act as to examinations, &c., with respect to the Geological Survey Department.

The Geological Survey was a branch of the Department of the Interior prior to the passing of the Act 53 Victoria, chapter 11 (1890), and the statute relating to it was chapter 23 of the Revised Statutes of Canada. It is quite clear that the provisions of the Civil Service Act, being chapter 17 of the Revised Statutes of Canada, applied to this branch of the Department of the Interior and to the appointment and promotion of officers and clerks in it.

The question is: Whether, by the repeal of chapter 23 of the Revised Statutes, and the substitution therefor of chapter 11, 53 Victoria, the provisions of the Civil Service Act have been made inapplicable with respect to the appointment of persons having special professional or technical qualifications, and referred to as "technical officers" by subsection 2 of section 3 of the Act 53 Victoria, chapter 11.

The Civil Service Act declares by section 3 that the Civil Service, for the purposes of the Act, includes and consists of all classes of employees, elsewhere than in the North-west Territories, in or under the several departments of the Executive Government of Canada, included in the Schedules A and B to the Act, &c.

The Act 53 Victoria, chapter 11, creates a department of the Civil Service called the Geological Survey, and authorizes the Governor in Council to appoint a Deputy Head, and such other officers, clerks and servants as are required for the proper conduct of the business of the department, all of whom shall hold office during pleasure, "and shall be appointed and classified under Schedule A of the Civil Service Act, and in accordance with and under the terms of section 6 of the said Act."

Subsection 2 of section 3 provides that such officers of the department as are continuously engaged in the prosecution of original scientific work or investigation shall be classified as "technical officers under class (b) of Schedule A of the Civil Service Act." Section 4 provides that no person shall be appointed to this department under class (b) of Schedule A of the Civil Service Act unless he is a science graduate, &c., &c., (setting out certain qualifications required to be possessed by persons appointed as technical officers).

The Interpretation Act, by section 7, subsection 3, declares that the law shall be considered as always speaking, and whenever any matter or thing is expressed in the present tense the same shall be applied to the circumstances as they arise, so that effect may be given to each Act and every part thereof, according to its spirit, true intent and meaning. It does not, however, require a reference to the Interpretation Act to warrant the conclusion that the Civil Service Act, although passed before the Department of the Geological Survey was created, applied to that department so soon as it was created, because there is sufficient direct reference in the Act creating it to the Civil Service Act to show that it was the intention of Parliament that it should so apply.

The only question is whether section 4 of the Act relating to the department is so in conflict with the provisions of the Civil Service Act relating to examinations, &c., as to make those provisions inapplicable with reference to persons appointed to the department as "technical officers." In my opinion, there is no such inconsistency, but the provisions of the Civil Service Act and of section 4 may be read side by side, section 4 being regarded as requiring some additional qualifications, in cases of "technical officers," to the general qualifications called for by the Civil Service Act.

Section 10 of the Civil Service Act is clear in its language: "Except as herein otherwise provided, no person shall be appointed or promoted to any place below that of a deputy head unless he has passed the requisite examination," &c. Section 29 is equally clear: "Except as herein otherwise provided, no appointment shall be made to either division of the Civil Service unless the person appointed has passed an examination," &c. Section 39 is equally clear: "No promotion in either division of the Civil Service shall take place without special examination under regulations made by the Governor in Council," &c.

In my opinion, the provisions of the Civil Service Act apply to the Geological Survey Department, as well as to the other departments of the Government, and "technical officers" are not exempt from its provisions.

I am, sir, your obedient servant,

Z. A. LASH.

The Auditor General.

DEPT. OF GEOLOGICAL SURVEY, OTTAWA, Jan. 7, 1895.

SIR,—I have the honour to report that on the 29th September, 1897, an Order in Council was passed authorising the payment of increased salaries by \$50, as voted by Parliament in the estimates, 1897-98, to Messrs. Senecal, Dowling, Wait and McEvoy, the latter two named being technical officers under the Geological Survey Act.

Supplementary pay-lists covering the amounts due these gentlemen were sent to the Auditor General in October last. The Auditor General authorized payment of the amounts due Messrs. Senecal, Dowling and McEvoy, but the pay-list covering Mr. Wait's increase was refused on the ground that the increase would promote Mr. Wait to a first-class clerkship without passing a promotion examination under the Civil Service Act.

Since the passing of the Geological Survey Act in 1890, there have been no examinations held for entrance or promotion of technical officers to the class provided for by this Act. Sections 2 and 4 of the Act clearly define the qualifications requisite for appointment to this class. Salaries in this class have been increased beyond the maximum of a class under the Civil Service Act without promotion examinations, viz., Messrs. Ingall, Tyrrell, McConnell and Faribault.

The provisions of the Civil Service Act have been passed over in favour of the Geological Survey Act in the case of appointments to the technical class at more than the minimum of a Civil Service class, viz., Messrs. McInnes and Ferrier, and at less than the minimum of a class in the case of Mr. Brock.

The purpose of creating a technical officer class was to give gentlemen of special professional qualifications a status somewhat different to those engaged in ordinary clerical duties.

As stated in the Geological Survey Act, the technical officers thus nominated come under class b, Schedule A of the Civil Service Act, but that such officers are not intended to be strictly classified in accordance with the salaries they are in receipt of, under the Civil Service Act, is shown by the fact that several cases occur in other departments, in which such officers are in receipt of salaries in excess of those provided for by that Act.

In view of the above precedents, running back for a number of years, it is difficult to understand why a different or more rigorous interpretation of the conditions created by the Acts above referred to, should be applied in the particular case of Mr. Wait, precluding him from the benefit of the increase of \$50 for the year 1897, an increase which has been allowed for other members of the staff. I would, therefore, by direction of the Minister of the Interior, respectfully submit Mr. Wait's case to the honourable the Treasury Board for their ruling.

I am, sir, your obedient servant,

Secretary, Treasury Board.

GEORGE M. DAWSON.

TREASURY BOARD, OTTAWA, Jan. 14, 1898.

SIR,—I have the honour to inclose herewith Treasury Board file No. 23144, in reference to the payment of Mr. F. G. Wait, of the Geological Survey staff at the rate authorized by Order in Council of the 29th September, 1897. It appearing from the papers that objection has been made by you to such payment, I shall be glad if you will advise me, for the information of the Board, as to the nature of your objections and the reasons therefor, and also as to the clause and section of the Audit Act under which the objection comes. I shall also be glad to have any remarks you may wish to offer on the subject.

I am, sir, your obedient servant,

The Auditor General.

J. M. COURTNEY, *Secretary*.

AUDIT OFFICE, OTTAWA, March 26, 1898.

SIR,—Let me reply to your letter of the 14th January, regarding the salary of F. G. Wait, of the Geological Survey staff. The matter is now before the Board on an appeal from my decision.

The point involved is, whether the permanent officials of the Geological Survey, although appointed for special qualifications are, when appointed, subject with reference to their subsequent increases of salary to the restrictions of the Civil Service Act or not.

There is no object to be gained by spending time on determining whether persons, inadvertently or otherwise, got promotions to which they may not have been entitled.

I could never see that, because, in the case of the Geological Survey certain qualifications are by law substituted for the usual qualifying examination for admission into the service, the tests to be applied to determine fitness for promotion, as required by law in every other service, should be considered as removed without a single word of reference to promotion examinations which were admitted by every one to apply to the Geological Survey as to other departments before the passage of the Act affecting the qualifications for entrance into the service. This view is fully sustained and clearly brought out by the opinion of Mr. Lash, which is part of the file returned herewith.

Auditor General's Report—Part a

You will notice Mr. Lash says: "Section 39 is equally clear. No promotion in either division of the Civil Service shall take place without special examination under regulations made by the Governor in Council, &c."

The appeal is under section 32, subsection (a) of the Audit Act.

I am, sir, your obedient servant,

The Secretary, Treasury Board.

J. L. McDOUGALL, A.G.

DEPT. OF JUSTICE, OTTAWA. April 28, 1898.

SIR,—I have the honour to acknowledge the receipt of your letter of the 29th ultimo (T 23144 B), and inclosures relating to the case of Mr. F. G. Wait of the Department of the Geological Survey.

Mr. Wait is an officer who being continuously engaged in the prosecution of original scientific work, or investigation, is, in accordance with the provisions of section 3 of the Act respecting the Department of the Geological Survey (53 Victoria, chap. 11) classified as a technical officer under class (b) of Schedule A of the Civil Service Act. At the time of the passing of the Order in Council of the 29th September last he was in receipt of a salary of \$1,400 a year, and that Order in Council authorized an increase in his salary.

The Auditor General holds that there is no parliamentary authority for such an increase, notwithstanding that the necessary moneys have been voted by Parliament, the ground upon which he takes this position being, as I understand it, that Mr. Wait must be considered a second-class clerk, and that having reached the maximum salary payable to a clerk of that class under the provisions of the Civil Service Act, he can receive no further increase unless he is first promoted to a higher class, in the manner provided by that Act.

I beg to state that I cannot concur in this view. I think that the officers referred to in item (b) of Schedule A of the Civil Service Act constitute a distinct class in the service; that they are not clerks within the meaning of items (c), (d) and (e) of that schedule, or within the meaning of the section of the Act relating to the several classes of clerks mentioned in those items, and that, therefore, the provisions of sections 16, 18 and 20 fixing the minimum and maximum salaries of these classes respectively have no application to them. They may, in my opinion, be paid such salaries and receive such increases of salary as Parliament provides for by the Appropriation Act.

I am to state that the Minister of Justice agrees with me in this opinion, and thinks that the Appropriation Act, if it makes provision for the proposed increase, is sufficient parliamentary authority for its payment.

I am, &c.,

The Secretary, Treasury Board.

E. L. NEWCOMBE, D.M.J.

Treasury Minute, June 18, 1898.—The Board had under consideration an appeal made from the decision of the Auditor General refusing to sanction the increase of salary authorized to be made to Mr. F. G. Wait, of the Department of the Geological Survey, by Order in Council of 29th September, 1897, on the ground that, notwithstanding that the necessary moneys were voted by Parliament, Mr. Wait, who is, in accordance with the provisions of section 3, of 53 Vic., chap. 11, classified as a technical officer under class (b) of Schedule A of the Civil Service Act, must be considered a second-class clerk, and that having reached the maximum salary payable to a clerk of that class under the provisions of the Civil Service Act he can receive no further increase unless he is first promoted to a higher class in the manner provided by that Act, the objection of the Auditor General being made under section 32, subsection (a) of the Consolidated Revenue and Audit Act, that there is no parliamentary authority for such an increase. The Board had also under consideration a letter from the Deputy Minister of Justice, dated the 28th April, 1898 (a copy whereof is hereto annexed) in which he states that he cannot concur in the view taken by the Auditor General; that he thinks that the officers referred to in item (b) of Schedule A of the Civil Service Act constitute a distinct class in the service; that they are not clerks within the meaning of items (c), (d) and (e) of that schedule, or within the meaning of the section of the Act relating to the several classes of clerks mentioned in these items, and that, therefore, the provisions of sections 16, 18 and 20, fixing the minimum and maximum salaries of these classes respectively have no application to them; and that they may be paid such salaries and receive such increases of salary as Parliament provides for by the Appropriation Act.

The Deputy Minister of Justice states that the Minister of Justice agrees with him in this opinion, and thinks that the Appropriation Act, if it makes provision for the proposed increase, is sufficient parliamentary authority for its payment.

In view of the opinion of the Minister of Justice, and it appearing that provision was made for the increase in question in the Estimates voted by Parliament, the Board are of opinion that the objection of the Auditor General should be overruled, and direct that payment be made to Mr. Wait of the increased salary allowed him as set forth in the Order in Council of the 29th September, 1897.

J. M. COURTNEY, *Secretary.*

Geological Survey: Interpretation of Sec. 4 (b) Geological Survey Act—Qualification of Technical Officers.

GEOLOGICAL SURVEY DEPT., Dec. 20, 1897.

SIR.—I have the honour to report that Mr. P. H. Selwyn has been continuously employed on the temporary staff of this department since December, 1892, during which time he has been engaged largely or entirely in special technical and scientific duties within the meaning of section 4 (b), Geological Survey Act, and has given thorough satisfaction in their performance, and that the continuation of his employment is necessary in the public interest.

I would recommend that the employment of Mr. Selwyn be continued for six months from first January, 1898, and that he be paid at the rate of \$2.75 per day, provision for this rate having been made by the Geological Appropriation, 1897-98.

I am, sir, your obedient servant,

The Minister of the Interior.

GEORGE M. DAWSON, *D.H. & D.*

AUDIT OFFICE, OTTAWA, March 18, 1898.

SIR.—With reference to your supplementary pay-list for January and February for Messrs. Selwyn and Ogilvie, I have passed only the payment to Mr. Ogilvie.

The payment to Mr. Selwyn is limited by the appropriation which confines employment to those who are eligible under 53 Vic., Chap. 11, section 4.

In your report to the Minister in this case it is indicated that if Mr. Selwyn is eligible he is so under sub-section (b). You say: "Mr. Selwyn has been continuously employed on the temporary staff of the department since December 1892, during which time he has been engaged largely or entirely in special technical and scientific duties, &c."

This certificate is not, as it appears to me, what is required by subsection (b). To have come under the subsection, Mr. Selwyn should, I think, have been continuously employed in the scientific work of your department, while the certificate indicates that he was not continuously employed in the scientific work.

Your report states that Mr. Selwyn has been continuously employed since December, 1892. I cannot find from the accounts that he was employed in any capacity between August 1st and November 30th, 1894. He was paid at the rate of \$2.50 a day to July 31, 1894, and does not appear to have been employed again until December 1, 1894, since which time he has been paid at the rate of \$2 a day.

I also find that on January 8th last an Order in Council was passed authorizing the continued employment of Mr. Selwyn for a further period of six months from January 1st, 1898, with pay at the rate of \$2 a day. Any subsequent Order in Council authorizing his employment during the same period at a higher rate of pay should have stated that the previous order was thereby cancelled. It does not appear that the attention of Council was drawn to the fact that it had passed the order of January 8th.

I am, sir, your obedient servant,

Deputy Head and Director.

J. L. McDOUGALL, *A.G.*

DEPT. OF GEOLOGICAL SURVEY, OTTAWA, March 22, 1898.

SIR.—I have the honour to acknowledge the receipt of your letter of the 18th inst., in which you state the grounds on which you have declined to pass the supplementary pay-list for January and February last in the case of Mr. Selwyn.

As stated by you, Mr. Selwyn is considered by me to be eligible for the payment at the rate authorized by Order in Council of March 9th, on the qualifications set out in subsection (b), section 4 of 53 Vic., Chap. 11, read in connection with the clause in the Appropriation Act (Geological Survey Department) for 1897-98, which permits pay-

Auditor General's Report—Part *a*

ments at rates exceeding those allowed by the Civil Service Act, in the case of persons qualified to become technical officers in the department.

The statement contained in my report to the Hon. the Minister of the Interior, in my opinion, fully covers the matter of qualification. Under subsection (b) Mr. Selwyn is required to have "served a probation of not less than five years in the scientific work of the department." In my report it is stated "that Mr. P. H. Selwyn has been continuously employed on the temporary staff of this department since December 1892, during which time he has been engaged largely or entirely in special technical and scientific duties within the meaning of section 4 (b), Geological Survey Act, and has given thorough satisfaction in their performance, and that the continuation of his employment is necessary in the public interest, and that he be paid at the rate of \$2.75 per day."

It does not appear that anything in section 4 of the Act relied on necessitates either continuity of employment or continuity in scientific and technical work, but as a matter of fact, Mr. Selwyn's employment in the department has been continuous for more than five years, as a reference to previous letters which have passed on this subject would have shown, although, for a period of four months in 1894 he performed his duties every lawful day without payment, owing to circumstances not in any way due to his fault, but which have subjected him to an actual injustice from which he has as yet been unable to obtain any relief.

In section 3 (2) of the Geological Survey Act, the means of dividing the officers already in the department, into technical and non-technical classes, after the passage of the Act, are provided. A technical officer is there said to be one who is "continuously engaged in the prosecution of original scientific work or investigation." This does not govern the conditions under section 4 by which any individual is or may become eligible for appointment to a technical office. It is the qualification according to section 4, not the conditions dealt with under section 2, that are to be considered in the present case. It has not been proposed to make Mr. Selwyn a technical officer, but it is held that his qualifications being such as to enable this to be done, render him eligible for the payment stated in the Order in Council in accordance with the Appropriation Act (Geological Survey Department).

The last point raised in your letter is as follows:—"That on January 8th last, an Order in Council was passed authorizing the continued employment of Mr. Selwyn for a further period of six months, from January 1st, 1898, with pay at the rate of \$2 per day. Any subsequent Order in Council authorizing his employment during the same period at a higher rate of pay should have stated that the previous order was thereby cancelled, and it does not appear that the attention of Council was drawn to the fact that it had passed the order of January 8th."

In regard to this I may explain that the Orders in Council dated the 8th January and 9th March, 1898, were both passed on the Hon. the Minister of the Interior's recommendation, and my report, dated the 20th December, 1897, and it appears to me that the later order is in the nature of a correction of the former one which did not correspond with the recommendation of the Hon. the Minister of the Interior or with my report.

I have no means of knowing whether the attention of Council was drawn to the fact that it had passed the order of January 8th, but I think it must be assumed, under the circumstances, that this was done.

In view of the explanations above given I trust that you may concur with me in the belief that there is no reason for withholding payment to Mr. Selwyn under the Order in Council of March 9th, and at the rate of \$2.75 per day, and I beg to inclose herewith a supplementary pay-list covering the amount in question for your approval in that case.

I am, sir, your obedient servant,

GEORGE M. DAWSON, *Director*.

The Auditor General.

AUDIT OFFICE, OTTAWA, March 24, 1898.

SIR,—I have your letter of the 22nd inst. regarding Mr. Selwyn's case. I agree with you that, as Mr. Selwyn served the required time, the fact that part of the service was without pay should not prevent the whole time counting in this connection.

On re-reading my letter I see that the word "continuously" might under certain circumstances not convey my meaning. If Mr. Selwyn served but five years in the department it is my opinion that he would be ineligible under the section, unless his service in the scientific work has been continuous because five years' service in that work is necessary. If the scientific service was not continuous then, if the different times in which he was engaged in the scientific work added together make five years,

he is still eligible. I do not think that time during which he was partly engaged on the scientific work and partly on other work should be counted.

I am, sir, your obedient servant,

The Dy. Head and Director, Geo. Survey.

J. L. McDOUGALL, A.G.

DEPT. OF GEOLOGICAL SURVEY, OTTAWA, March 26, 1898.

SIR,—I have the honour to acknowledge the receipt of your letter of March 24th referring further to the case of Mr. Selwyn, and as I understand it, requiring further information as to the qualifications under section 4 (b) of the Geological Survey Act.

You express the opinion that "time during which he was partly engaged in scientific work and partly in other work should not be counted" as a whole in the stipulated period of probation of five years "in the scientific work of the department."

The word "partly" was not, however, used in my report or in the recommendation of the Minister upon which the Order in Council of March 9th last was based. I stated that he had been engaged "largely or entirely in special technical and scientific duties within the meaning of section 4 (b) of the Geological Survey Act." The employment in technical duties constituting the required qualification, must, I believe, be regarded in such cases as proceeding concurrently with any ordinary official duties which may have to be performed. The validity of the qualification in respect to its general technical character must, I think, be understood to depend upon my report and the acceptance of such report by the Minister. At least I can see no other method of bringing the matter to the proof.

The actual time consumed in technical work by officers engaged in the scientific work of this or any other department cannot, I believe, be separately tallied and combined in periods of years, and any such interpretation of sub-section (b) would, it appears to me, be to render the qualification intended to be provided for, wholly illusive.

I am, sir, your obedient servant,

The Auditor General.

GEORGE M. DAWSON, *Director*.

AUDIT OFFICE, OTTAWA, May 9, 1896.

SIR,—I beg to acknowledge the receipt of your letter of the 26th of March, with reference to the salary of Mr. P. Selwyn.

When I used the word "partly," I meant to indicate that it was, for the purposes of the discussion, of exactly the same import as "largely." I intended to convey that, in my view, no period during which the employee was not entirely engaged in scientific work of the department could be counted. The periods themselves might have been long or short, and therefore might not have been continuous, but while they lasted they should have been wholly taken up during office hours with the scientific work of the department.

I am, sir, your obedient servant,

The Dy. Head and Director, Geo. Survey.

J. L. McDOUGALL, A.G.

DEPT. OF GEOLOGICAL SURVEY, OTTAWA, May 12, 1898.

SIR,—I have the honour to report that an Order in Council was passed on the 9th March, 1898, authorizing the continuation of Mr. P. H. Selwyn's employment on the temporary staff of this department from 1st January, 1898, at the rate of \$2.75 per day, an increase of seventy-five cents per day on the salary paid him in 1897.

A supplementary pay-list covering the back pay due Mr. Selwyn for the months of January and February was sent to the Auditor General on the 14th March last, and the certification of the amount in question refused on the grounds set forth in his letters, dated the 18th and 24th March; copies herewith.

In my opinion, as explained in letters to the Auditor General dated March 22nd and 26th, Mr. Selwyn is fully entitled to be paid at the rate authorized by the above-mentioned Order in Council.

I would, therefore, by the direction of the Hon. the Minister of the Interior, respectfully submit Mr. Selwyn's case to the hon. the Treasury Board.

I am, sir, your obedient servant.

The Secretary, Treasury Board.

GEORGE M. DAWSON, *D. H. & D.*

Auditor General's Report—Part *α*

TREASURY BOARD, OTTAWA, May 13, 1898.

SIR,—I have the honour to inclose herewith, Treasury Board File No. 23530, in reference to your objections to the payment of Mr. P. H. Selwyn, an employee of the Geological Survey Department, at the rate authorized by Order in Council of 9th March, 1898, and I have to request that you will be good enough to advise me, for the information of the Board, as to the nature of your objections and the reasons therefor, and also to let me know under what clause and section of the Audit Act the objections come. I shall also be glad to have any remarks you may wish to make on the subject.

I am, sir, your obedient servant,

The Auditor General.

J. M. COURTNEY, *Sec. T.B.*

AUDIT OFFICE, OTTAWA, May 14, 1898.

SIR,—I return herewith the Treasury Board file 23530 sent me yesterday. The difference between the director of the Geological Survey and myself regarding the rate of pay which should be allowed to Mr. Selwyn is fully set out in the correspondence, and does not seem, therefore, to require any additional statement from me. My objection is under the Audit Act, section 32, subsection (a).

I am, sir, your obedient servant,

The Secretary, Treasury Board.

J. L. McDOUGALL, *A.G.*

DEPT. OF JUSTICE, OTTAWA, May 19, 1898.

SIR,—I have the honour to acknowledge the receipt of your letter of the 16th instant (T 23529 B), in reference to the objection of the Auditor General to the payment of Mr. P. H. Selwyn, of the Geological Survey Department, at the rate authorized by the Order in Council of 9th March, 1898, the matter being referred to this department for the opinion of the Attorney General of Canada pursuant to section 32, paragraph (a) of the Consolidated Revenue and Audit Act.

It appears, to quote from the report of the Deputy Head and Director of the Geological Survey of 20th December last, "that Mr. Selwyn has been continuously employed on the temporary staff of the department since December, 1892, during which time he has been engaged largely, or entirely, in special, technical and scientific duties, within the meaning of section 4 (b), Geological Survey Act." Previous to 1st January last, Mr. Selwyn was paid for his services at the rate of \$2 a day, and the Order in Council of 9th March gave authority for his continued employment for six months from 1st January at the increased rate of \$2.75 a day.

The Auditor General holds, as I understand, that this increase is unlawful for two reasons:

1. That only by virtue of the terms of the special vote contained in the Appropriation Act, for the employment in the Geological Department of temporary clerks having special qualifications could Mr. Selwyn lawfully receive any increased rate of pay, and that it is not shown that he has the special qualifications requisite under the terms of that vote, and

2. That on the 8th January last an Order in Council was passed authorizing the continued employment of Mr. Selwyn for a period of six months from 1st January, 1898, with pay at the rate of \$2 a day, and that the subsequent Order in Council, authorizing payment at a higher rate for the same period should have stated that the previous Order in Council was cancelled; that it does not appear that the attention of the Governor in Council was drawn to the fact that he had passed the Order in Council of January 8th.

With regard to the first objection, I beg to state that the statutory provisions bearing upon this matter are:

1st. The special vote referred to, which appropriates a sum of \$50,000 for, amongst other purposes, wages of assistant explorers, draughtsmen, clerks, and others, and provides that persons having special and professional or technical qualifications as defined by the Act respecting the Department of the Geological Survey, 53 Victoria, chap. 11, section 4, may be employed and may be paid out of this sum at a rate of more than \$400 per annum, notwithstanding anything in the Civil Service Act, and

2nd. Section 4 of the Act respecting the Department of the Geological Survey, by which it is enacted that "no person shall, after the passing of this Act, be appointed to this department under class (b) of Schedule A of the Civil Service Act, unless—

"(a.) He is a science graduate of either a Canadian or foreign university, or of the Mining School of London, or the Ecole des Mines, of Paris, or of some other recognized science school of standing equal to that of the said universities and schools, or a graduate of the Royal Military College, and in each case only after having served a probation of not less than two years in the scientific work of the department; or unless—

"(b.) He has served a probation of not less than five years in the scientific work of the department; or unless—

"(c.) He has had experience for the same number of years in similar work, official or otherwise, elsewhere."

The Auditor General is of opinion that the probationary period of service under section 4 of the Geological Survey Act must be devoted wholly to scientific work, and that the report of the Deputy Head of the department indicated that in Mr. Selwyn's case the work was not altogether of that character.

I beg to state that the work under paragraph (a) or paragraph (b) of section 4 of the Geological Survey Act need not, in my opinion, be wholly scientific. I think the fact that a probationer may have been called upon occasionally to do work not scientific, or that he was during the whole of his service partly in scientific and partly in other work does not disqualify him for appointment as a technical officer; and under paragraph (c) of the same section it is certainly not necessary that a person, in order to qualify by virtue of "experience for five years in similar work elsewhere" than in the department, should, during that period have done no work which was not scientific. The intention of the Act, I take it, is that the person to be appointed must have been employed in scientific work of the prescribed character for the prescribed period, not necessarily continuously or exclusively, but to such an extent as to fit him for the efficient performance of the duties required of a technical officer. The notion that the work of a probationer must be continuously scientific appears to have been suggested by section 3, subsection 2 of the Act, but that section, as will be seen upon reading it, applies only to the classification of the permanent employees of the department, and the fact that under it the permanent officers of the department who are continuously engaged in scientific work or investigation are classified as technical officers, affords no warrant for the position that the services of a probationer must also be continuously scientific, there being no provision, express or implied, to the effect in section 4 itself.

There being no other officer or tribunal named by the statute to decide as to the sufficiency of the services, the decision as to such sufficiency, subject, of course, to the provisions of the statute, in my opinion, rests with the appointing power—in the case of these officers, the Governor in Council, acting upon the report of the Head of the Department. The question in the present case is the same as if it were proposed to appoint Mr. Selwyn a technical officer, viz.: Has he the qualifications prescribed by section 4? and it is to be decided in the same manner. The report of the Deputy Head of the department, in my opinion, shows such services as might legally be accepted as sufficient to satisfy the statute, and the Governor in Council, having accepted them as sufficient, his decision in the matter is not subject to review.

2. As to the second objection of the Auditor General, I do not agree with the view expressed by him. There is nothing in the law requiring that an Order in Council making a different disposition from that made as to the same matter by an earlier Order should expressly cancel or refer to the latter. It must always be assumed, I think, that the Governor in Council was aware of what he was doing in such cases, and his orders lawfully made must be carried out unless they are cancelled or varied by himself.

I am to state that the Minister of Justice and Attorney General concurs in the views above expressed, and is of opinion that the Appropriation Act read in connection with the above quoted provision of the Act respecting the Geological Survey Department is sufficient parliamentary authority for the payment of Mr. Selwyn at the increased rate authorized by the Order in Council of 9th March. Papers returned herewith.

I am, sir, your obedient servant,

The Secretary, Treasury Board.

E. L. NEWCOMBE, D.M.J.

Treasury Minute, June 18, 1898.—The Board had under consideration an appeal made from objections raised by the Auditor General to the increase of pay from \$2 to \$2.75 a day to Mr. Percy H. Selwyn, a temporary clerk in the Geological Survey Department—his continued employment for six months from 1st January, 1898, at the rate of \$2.75 a day having been authorized by Order in Council, dated 9th March, 1898. The objections of the Auditor General are made under section 32, sub-section (a) of the Consolidated Revenue and Audit Act.

The Board had also under consideration a letter from the Deputy Minister of Justice, dated 19th May, 1898 (a copy of which is annexed), in which he states that the Auditor General holds, as he understands, that the increase in question is unlawful for two reasons:

1. That only by virtue of the terms of the special vote contained in the Appropriation Act for the employment in the Geological Department of temporary clerks having special qualifications could Mr. Selwyn lawfully receive any increased rate of pay, and that it is not shown that he has the special qualifications requisite under the terms of that vote; and

Auditor General's Report—Part a

2. That on the 8th January, 1898, an Order in Council was passed authorizing the continued employment of Mr. Selwyn for a period of six months from 1st January, 1898, with pay at the rate of \$2 a day, and that the subsequent Order in Council authorizing payment at a higher rate for the same period should have stated that the previous Order in Council was cancelled; that it does not appear that the attention of the Governor General in Council was drawn to the fact that he had passed the Order in Council of 8th January.

With reference to the first objection, the Deputy Minister of Justice states that the report of the Deputy Head of the department in his opinion shows such services as might legally be accepted as sufficient to satisfy the Statute, and the Governor in Council having accepted them as sufficient his decision in the matter is not subject to review.

That as to the second objection he does not agree with the view expressed by the Auditor General. There is nothing in the law requiring that an Order in Council making a different disposition from that made as to the same matter by an earlier Order should expressly cancel or refer to the latter. It must always be assumed, he thinks, that the Governor in Council was aware of what he was doing in such cases, and his orders lawfully made must be carried out unless they are cancelled or varied by himself.

The Deputy Minister of Justice states that the Minister of Justice and Attorney General concurs in the views expressed in the letter from the Deputy Minister of Justice above referred to, and is of opinion that the Appropriation Act read in connection with the provision of the Act respecting the Geological Survey Department is sufficient parliamentary authority for the payment of Mr. Selwyn at the increased rate authorized by the Order in Council of the 9th March, 1898.

The Board in view of this opinion direct that payment be made of Mr. Selwyn's salary at such increased rate.

J. M. COURTNEY, *Secretary.*

Interior Department: Right of Governor in Council to Antedate Increases of Salary.

AUDIT OFFICE, OTTAWA, April 25, 1898.

SIR.—I have your supplementary pay-list to pay Mr. A. St. Cyr the sum of \$150, the difference between his salary at the rate of \$1,500 per annum as already paid him, and at the rate of \$1,700 per annum authorized by Order in Council of April 13, 1898, from July 1, 1897.

In this connection I would ask your attention to the correspondence between this office and the Department of Justice, published in my report for 1896-97, on page I-50. You will notice there that in a letter, dated July 3, 1897 I declined to certify to an increase of pay to the secretary of the penitentiary commission for any period anterior to the date of the Order in Council granting the same, for the reason that, in my opinion, it was not within the power of Council to give effect to promotions or increases of salary from a time earlier than the date when the promotion or increase was made, unless there was statutory provision to that effect.

Though the Department of Justice did not at first agree with this view, the Deputy Minister afterwards practically acquiesced in it by amending his application in accordance with my contention.

I am, sir, your obedient servant,

The Deputy Minister, Interior Department.

J. L. McDOUGALL, A.G.

AUDIT OFFICE, OTTAWA, May 18, 1898.

SIR.—With reference to your supplementary pay-list, received to-day, I beg to say that I have authorized it only so far as Mr. Langlois's salary is concerned and have been obliged to disallow the payment to Mr. Gauthier of the difference between his former rate of pay and his present rate, for the period between March 15 and April 12.

My reason for not authorizing the payment of these arrears is the same as that given in the case of Mr. St. Cyr, in my letter to you of April 25 last, to which I would refer you, viz.: that in my opinion it is illegal to date back an increase or promotion in the absence of statutory provision to that effect.

I am, sir, your obedient servant,

The Deputy Minister, Interior Department.

J. L. McDOUGALL, A.G.

DEPT. OF THE INTERIOR, OTTAWA., June 14, 1898.

SIR,—I beg to report that by Order in Council of 13th April last, copy herewith, authority was granted to pay Mr. Arthur St. Cyr, D.L.S. at the rate of \$1,700 a year, from the 1st July, 1897 to the 30th June, 1898, from the appropriation for exploring the country lying between the Stikine River and the sources of the Yukon. Mr. St. Cyr had been employed at this rate of pay up to the 1st April, 1897, under the provisions of the Order in Council of 18th March, 1893, as a member of the staff of the Boundary Surveys, but upon his transfer to the Dominion Lands Surveys, his salary was reduced to \$1,500 a year by the operation of clause 5 of the regulations for the employment of land surveyors, approved by Order in Council of 26th October, 1894. It was only after Mr. St. Cyr had returned from the field, in the month of December, 1897, that he first became apprised of the fact that reduction had been made in his salary. It may be mentioned also that he was specially selected to make the difficult survey work involved in exploring the country lying between the Stikine River and the sources of the Yukon, in the Rocky Mountains, as he was reported by the Surveyor General to be one of the very few surveyors who could be depended upon to carry out a particularly difficult survey, and under the circumstances, it being felt that his pay while engaged on this class of work should not have been less than when employed on the boundary surveys, a recommendation was made to Council on the 23rd March last that Mr. St. Cyr's salary be authorized at the rate of \$1,700 a year from the 1st of April, 1897 to the 30th of June, 1898. On the 13th April last, an Order in Council was passed, as above stated, authorizing the proposed increase in so far as it relates to the fiscal year 1897-98, the recommendation with regard to the three months at the close of the last fiscal year not being entertained, as the appropriations for that year had lapsed.

I beg further to report that by Order in Council of 13th April, a copy of which is hereto annexed, Mr. Louis Gauthier, who had since the year 1883 been employed in the Topographical Surveys Branch of this department, at a monthly salary of \$84.36 was appointed to the position made vacant by the death of Mr. J. I. Dufresne, as Computer to the Chief Astronomer, in the office of the International Boundary Surveys, with pay at the rate of \$100 per month. As Mr. Gauthier had, upon instructions, entered upon the performance of the duties of his new office on the 15th March last, a subsequent Order in Council was passed on the 10th ultimo, a copy of which is also herewith, authorizing the payment of his salary at the rate of \$100 a month, from the 15th March, 1898 to the 12th of April last, both days inclusive.

Upon supplementary pay-lists being presented to the Auditor General for the payment of the amount due, respectively, to Messrs. St. Cyr and Gauthier for the difference in their salaries, in the case of the former, for the period extending from the 1st of July, 1897, to the 1st of April, 1898, namely, \$150, and in the case of the latter for the 29 days from the 15th March to the 12th April, namely, \$14.84, the Auditor General refused to give his approval to the payment of these sums to the parties mentioned, on the ground that in his opinion it is not within the power of the Governor in Council to give effect to promotions or increases of salary from a time earlier than the date when the promotion or increase is made, unless there be statutory provision to that effect. In support of this view, the Auditor General quotes a case about which he had some correspondence with the Deputy Minister of Justice in the month of July, 1897, which appears at page—50, Part I, of the Auditor General's Report for 1896-97. Copies of the two letters from the Auditor General, dated respectively, 25th April last and 18th ultimo, conveying his decisions in these matters, will be found herewith.

In the absence of the facts connected with the case quoted by the Auditor General, no opportunity is afforded of appreciating the propriety of his objection and the subsequent action of the Department of Justice in this regard, but in the present cases there would appear to be nothing in the law which could properly justify the position which has been taken by the Auditor General in refusing to authorize the payments in question to Messrs. St. Cyr and Gauthier, under the circumstances above recited. I beg respectfully to submit that there is no provision in the Civil Service Act which can be construed as preventing the Governor in Council from authorizing the payment of whatever salary or remuneration that may be, or may have been, earned for any special service in connection with work which in the public interest it may be deemed expedient to order, provided there be funds available therefor; that the context of subsection 1, of section 27 of the Civil Service Act clearly indicates that its provision only applies to the statutory increases of salary mentioned in sections 16, 18 and 20 of the said Act; that there is nothing in subsection 2, of section 27, or in section 42 of the Civil Service Act which could prevent the Governor in Council from authorizing the payment of salary to an employee or clerk from the date on which he might have been selected by the Head of a department for promotion to a vacant office, as specifically provided in section 42; that the fact of a person being already in the employment of the Government, temporarily, at a certain rate of pay, for the performance of certain special,

Auditor General's Report—Part a

technical duties, cannot prevent the Governor in Council from employing the same person for other work at a smaller or larger salary, from whatever date may be specified in the Order in Council appointing him to his new functions, and, lastly, that if the absence of statutory provision would have the effect, as contended by the Auditor General, to restrict the increase to the date of the Order in Council authorizing it, there is no reason why it should not operate in the same way to prevent the Governor in Council from authorizing the increase of salary at all.

Under these circumstances, I have the honour to appeal to the Treasury Board, under subsection (c) of section 32 of the Consolidated Revenue and Audit Act, as to the propriety of the Auditor General's objection in refusing to certify to the issue of cheques to Messrs. St. Cyr and Gauthier for the amounts authorized to be paid to them by the Orders in Council in that behalf, dated respectively 13th April and 10th May last, as above mentioned.

I am, sir, your obedient servant,

The Secretary, Treasury Board.

JAS. A. SMART, D.M.I.

TREASURY BOARD, OTTAWA, June 20, 1898.

SIR,—I have the honour to inclose herewith (T B File No. 23680), being an appeal by the Deputy Minister of the Interior to the Treasury Board from your objection to the payment of Messrs. Arthur St. Cyr and Louis Gauthier at the increased rate of salary authorized by Order in Council of 13th April, 1898, and I have to request that you will be good enough to advise me for the information of the Board as to the nature of your objection and the reasons therefor, and also as to the section and clause of the Audit Act upon which such objection is based. I shall also be glad to have any remarks you may wish to make on the cases.

I am, sir, your obedient servant,

The Auditor General.

J. M. COURTNEY, Sec. T. B.

AUDIT OFFICE, OTTAWA, June 21, 1898.

SIR,—I have your letter of the 20th instant, containing the appeal to the Treasury Board from the Interior Department against my decisions in the cases of Arthur Saint Cyr and Louis Gauthier.

I would point out that these cases do not come under the Civil Service Act at all. The different sections quoted do not apply favourably or unfavourably to the salaries to which Messrs. St. Cyr and Gauthier would otherwise be entitled. The reasoning of the Department of the Interior, which is based altogether on the Civil Service Act, therefore does not hold.

I do not contend that there is any direct statutory provision which prevents the Governor in Council from assigning to those employees any salary which he may think a proper remuneration for the services which they are to perform. My difficulty is with reference to the addition to the salary which was agreed upon between the Governor in Council and the employee before the work was done, the addition itself having been made after the work was completed.

In my view, besides the many restraining clauses in the Civil Service Act to the power of the Governor in Council, there is a general manifest limitation to the power of the Governor in Council in regard to all work done or material supplied, which is that, if the work has been done or the material supplied under contract, the Governor in Council cannot pay for such work or material anything in addition to what the agreement provides.

I may state the point in another way, and as I did in the case of Wallace Leitch now before the Treasury Board.

Either there was a contract with these officers or there was not. If, in such cases, there is a contract, the Government dealing as a trustee, the only way in which it can deal, as I think, cannot legally add to the remuneration. If there is no contract, the Government must have as good a right to claim that the remuneration has been un-decided and that, instead of the nominal salary being increased, it should be reduced, and to refuse to settle on any other basis than at the reduced rate until the Exchequer Court has decided the question. Would any one say that the conduct of the Government is not legal to allow the additional salary except for the time subsequent to the action of the Governor in Council modifying the contract, or making a new one.

I beg also to direct the attention of the Board to my letters of April 25th and May 18th, copies of which are attached to your file returned, herewith.

I am, of course, assuming that the occupation has not so far changed as to cause it to not properly come under the agreement.

The objection in this case is taken under subsection (a) of section 32 of the Consolidated Revenue and Audit Act.

I am, sir, your obedient servant,

The Secretary, Treasury Board.

J. L. McDOUGALL, A.G.

DEPT. OF JUSTICE, OTTAWA, June 24, 1898.

SIR,—I have the honour to acknowledge the receipt of your letter of the 22nd instant (T 23680 B) with respect to the objections taken by the Auditor General to proposed retroactive increases of salary in the case of Arthur Saint Cyr and Louis Gauthier.

The facts of these two cases are stated by the Deputy Minister of the Interior in his letter to you of the 14th instant, as follows:—

(1.) As to Mr. St. Cyr, by Order in Council of 13th April last authority was granted to pay him at the rate of \$1,700 a year from the 1st of July, 1897, to the 30th June, 1898, from the appropriation for exploring the country lying between the Stikine River and the sources of the Yukon (Appropriation Act No. 2, 1897, p. 45, \$6,000). Mr. Saint Cyr had been employed at this rate of pay up to the 1st April, 1897, under the provisions of the Order in Council of 18th March, 1893, as a member of the staff of the boundary surveys, but upon his transfer to the Dominion Lands surveys his salary was reduced to \$1,500 a year by the operation of clause 5 of the regulations for the employment of land surveyors, approved by Order in Council of 26th October, 1894. It was only after Mr. Saint Cyr had returned from the field in the month of December, 1897, that he became apprised of the fact that a reduction had been made in his salary. It is stated by the Deputy Minister that Mr. Saint Cyr was specially selected to make the difficult survey work involved in exploring the country lying between the Stikine River and the sources of the Yukon, as he was reported by the Surveyor General to be one of the very few surveyors who could be depended upon to carry out a particularly difficult survey, and, under the circumstances, it being felt that his pay while engaged on this class of work should not have been less than when employed on the boundary survey, a recommendation was made to Council on 23rd March last that Mr. Saint Cyr's salary be authorized at the rate of \$1,700 a year from the 1st April, 1897, to 30th June, 1898. On 13th April last an Order in Council was passed, as above stated, authorizing the proposed increase in so far as it relates to the fiscal year 1897-98, the recommendation with regard to the three months at the close of the last fiscal year not being entertained, as the appropriations for that year had lapsed.

(2.) As to Mr. Gauthier, by Order in Council of 13th April last Mr. Gauthier, who had since 1883 been employed in the Topographical Surveys Branch of the Department at a monthly salary of \$84.36, was appointed to the position made vacant by the death of Mr. J. I. Dufresne, as computer to the chief astronomer in the office of the International Boundary Surveys, with pay at the rate of \$100 per month. As Mr. Gauthier had, upon instructions, entered upon the performance of the duties of his new office on the 15th March last, a subsequent Order in Council, passed on the 10th ultimo, authorizing the payment of his salary at the rate of \$100 a month from the 15th March to the 12th April, both days inclusive.

In both these cases the Auditor General holds that the Governor in Council has exceeded his powers in assuming to antedate the proposed increases of salary. He thinks that the work done prior to the Orders in Council was done under a contract, and he lays down a general rule as to work done or material supplied under contract, that the Governor in Council cannot pay for such work and material anything in addition to what the agreement provides.

Stating the point in another way he says: "Either there was a contract with these officers, or there was not. If in such cases there is a contract, the Government dealing as a trustee, the only way in which it can deal, as I think, cannot legally add to the remuneration. If there is no contract, the Government must have as good a right to claim that the remuneration has been undecided, and that, instead of the nominal salary being increased, it should be reduced, and to refuse to settle on any other basis than at the reduced rate until the Exchequer Court has decided the question. Would any one say that the conduct of the Government would be justifiable in such a case? No. Therefore there is a contract, and therefore it is not legal to allow the additional salary, except for the time subsequent to the action of the Governor in Council modifying the contract or making a new one.

"I am of course assuming that the occupation has not so far changed as to cause it to not properly come under the agreement."

I am directed by the Minister of Justice to state that he does not agree with the Auditor General's opinion in this matter.

Auditor General's Report—Part a

The appointment of an officer at a given salary does not, the Minister thinks, constitute a contract between the Government and the officer in the sense in which that term is used by the Auditor General. This has been held again and again by the Courts of the United States upon grounds which are equally applicable to the public service of this country. The argument of the Auditor General, therefore, so far as it is based upon the existence of a contract, does not apply to the question under consideration. The Government undoubtedly has the right, from time to time, if not prevented by statute, to change the terms and incidents of the employment of its officers, and the Minister thinks that the Governor in Council, upon discovering that an error has been made in fixing the salary of an officer or employee, or if of opinion, on account of the character of the work, or for any other reason satisfactory to him that the remuneration of an officer or employee has been fixed at too low a rate, has power, in the absence of statutory provision to the contrary, to grant an increase of salary dating back for such period within the fiscal year as he thinks proper, provided there are moneys voted by Parliament applicable to the payment of the salary and sufficient to pay it at such increased rate. The Minister is not aware of any such statutory provision affecting these cases, and he understands that there are moneys at the credit of the votes against which it is proposed to charge the arrears of increase to Messrs. Saint-Cyr and Gauthier sufficient to pay such arrears, and he is, therefore, of opinion that the Appropriation Act containing those votes is sufficient statutory authority for the payment of such arrears.

I am, sir, your obedient servant,

The Secretary, Treasury Board.

A. POWER, *Acting D.M.J.*

Treasury Minute, June 24, 1898.—The Board had under consideration an appeal from the decision of the Auditor General refusing to sanction the payment of the increases in salary to Arthur St. Cyr and Louis Gauthier, as authorized by the Orders in Council of 13th April and 10th May, 1898, on the ground that it is not within the power of the Council to give effect to promotions or increases of salary from a time earlier than the date when the promotion or increase was made, unless there is statutory provision to that effect.

The objection of the Auditor General was taken under subsection (a) of section 32 of the Consolidated Revenue and Audit Act.

The Board had also under consideration a letter from the Acting Deputy Minister of Justice (copy annexed), dated 24th June, 1898 in which he states that the Minister of Justice thinks that the appointment of an officer at a given salary does not constitute a contract between the Government and the officer in the sense in which that term is used by the Auditor General. This has been held again and again by the Courts of the United States upon grounds which are equally applicable to the public service of this country. The argument of the Auditor General, therefore, so far as it is based upon the existence of a contract, does not apply to the question under consideration. The Government undoubtedly has the right, from time to time if not prevented by statute, to change the terms and incidents of the employment of its officers, and the Minister thinks that the Governor in Council upon discovering that an error has been made in fixing the salary of an officer or employee, or if of opinion, on account of the character of the work, or for any other reason satisfactory to him, that the remuneration of an officer or employee has been fixed at too low a rate, has power, in the absence of statutory provision to the contrary, to grant an increase of salary dating back for such period within the fiscal year as he thinks proper, provided there are moneys voted by Parliament applicable to the payment of the salary, and sufficient to pay it at such increased rate. The Minister is not aware of any such statutory provision affecting these cases and he understands that there are moneys at the credit of the votes against which it is proposed to charge the arrears of increase to Messrs. Saint Cyr and Gauthier, sufficient to pay such arrears, and he is therefore of opinion that the Appropriation Act containing those votes is sufficient statutory authority for the payment of such arrears.

The Board, in view of this opinion, direct that effect be given to the Orders in Council above referred to, increasing the salaries of Messrs. Saint Cyr and Gauthier, from the dates therein set forth.

I am, sir, your obedient servant,

The Auditor General.

J. M. COURTNEY, *Secretary.*

Finance Department: Authority of Council to Antedate a Promotion or Increase of Salary.

AUDIT OFFICE, OTTAWA, May 26, 1898.

SIR,—I have just received a copy of an Order in Council of the 20th instant authorizing an increase of salary to Mr. Wallace Leitch, clerk in the office of the A. R. G. at Charlottetown, such increase to date from July 1st, 1897.

In my opinion it is not within the authority of Council to give effect to a promotion or increase of salary from a date prior to that of the Order in Council granting the promotion or increase, unless there is statutory provision to that effect. I have to ask, therefore, that the increased salary be not paid for any time prior to the date of the Order.

In this connection I should like to know what general regulations there are governing the payment of salaries in the offices of the Assistant Receivers General. There may be some Order in Council which has not reached this office.

I am, sir, your obedient servant,

The Deputy Minister of Finance.

J. L. McDUGALL, A.G.

DEPT. OF FINANCE, OTTAWA, May 28, 1898.

SIR,—I have the honour to acknowledge the receipt of your letter of the 26th inst., with reference to the Order in Council of the 20th inst. authorizing an increase of salary to Mr. Wallace Leitch, clerk in the office of the A. R. G. at Charlottetown, to date from 1st July, 1897. You state that in your opinion it is not within the authority of Council to give effect to a promotion or increase of salary from a date prior to that of the Order in Council granting the promotion or increase unless there is statutory provision to that effect. In reply I beg to state that Mr. Leitch's case is not a case of promotion, and there have been numbers of cases, notably in the Customs Department, in which increases of salary have been made from a date prior to that of the Order in Council.

You will remember that in the case of Miss Hamilton, of the Department of Agriculture, the Minister of Justice held that if the Governor in Council thought proper there might be an increase for a period that had gone by, provided there were funds available. In this case there are funds available: there are no restrictions on the power of the Governor in Council to increase the salary; and in view of the precedents and by the opinion above cited, I do not see any reason why the terms of the Order in Council of the 20th instant in regard to Mr. Leitch's salary should not be given effect to.

There are no general regulations governing salaries in the several A. R. G. offices. Each officer's case is considered on its own merits and with reference to the responsibility attaching to the office held by him, and the magnitude of the work done. The offices differ in respect of their business. Thus there is no comparison between the currency transactions at Toronto and Charlottetown, while on the other hand the Savings Bank balances at St. John are equal to those at Charlottetown, Victoria, Winnipeg and Toronto together. The business and responsibility of the officers have been the guiding principles in fixing their salaries, and in the case of Mr. Leitch the staff of the office has been reduced from four to three through the death of Mr. Foley; Mr. Leitch is the second in command and takes charge in the absence of Mr. Pope, and the increase of salary was recommended in consequence of the increased work and responsibility which have devolved upon him.

I am, sir, your obedient servant,

The Auditor General.

J. M. COURTNEY, D.M.F.

AUDIT OFFICE, OTTAWA, June 18, 1898.

SIR,—I have your letter of the 28th ultimo, in reply to mine of the 26th with reference to the proposed increase of salary to Mr. Wallace Leitch from July 1st, 1897.

In my view this case is not comparable with that of Miss Hamilton to which you refer. The opinion of the Deputy Minister of Justice and the action of Treasury Board in her case were based on the fact that there is statutory provision for an increase to an extra clerk employed under the Civil Service Act. After quoting part of section 10, chapter 15 of the statutes of 1895, Mr. Newcombe, in his letter of November 9th, 1897, says: "There is, it is true, a contract at the specified salary, but the Governor in Council is nevertheless given power to increase the remuneration from time to time (that is at any time during the currency of the contract) within certain limits."

Auditor General's Report—Part a

In the case of Mr. Leitch no such power is conferred on the Governor in Council. Then, to me it is not evident that "from time to time" means "at any time during the currency of the contract," unless the action is limited in its effects to the rate of salary for the time subsequent to that of the action of the Governor in Council.

In his connection I would ask your attention to the correspondence between this office and the Department of Justice, published at page 1—50 of my report for 1896-97. You will notice that I declined to certify to an increase of pay to the Secretary of the Penitentiary Commission for any period anterior to the date of the Order in Council granting the same, for reasons similar to those given in my letter to you of the 26th ultimo. Though the Department of Justice did not at first agree with my view, the Deputy Minister afterwards practically acquiesced in it by amending his application in accordance with my contention.

Either there is a contract or there is not. If there is a contract, the Government dealing as a trustee, the only way in which it can deal as I think, cannot legally add to the remuneration. If there is no contract the Government must have as good a right to claim after the work has been done, that the remuneration has been undecided and that instead of the nominal salary of \$1,200, being increased to \$1,400, it should be reduced to \$1,000, and refusing to settle on any other basis until the Exchequer Court has decided the question. Would any one say that the conduct of the Government would be justifiable in such a case? No. Therefore there is a contract, and therefore, it is not legal to allow the additional salary.

I am, sir, your obedient servant,

The Deputy Minister of Finance.

J. L. McDOUGALL, A.G.

TREASURY BOARD, OTTAWA, June 20, 1898.

SIR,—Referring to previous correspondence with reference to the proposed increase of salary to Mr. Wallace Leitch from 1st July, 1897, I am directed by the Minister of Finance to refer the matter to the Treasury Board for a decision in connection with this matter. I have, therefore, to ask that you will be good enough to advise me for the information of the Board under what clause and section of the Audit Act you take your objections to the payment of the proposed increase to Mr. Leitch.

I shall be glad to have any further remarks you may wish to make regarding the case.

I am, sir, your obedient servant,

The Auditor General.

J. M. COURTNEY, Sec. T.B.

AUDIT OFFICE, OTTAWA, June 21, 1898.

SIR,—In reply to your letter of yesterday concerning the proposed increase of salary to Mr. Wallace Leitch, I would say that my objection is taken under section 32 (a) of the Audit Act. I have nothing to add to my letter of the 18th instant, which I beg to ask may be submitted to the Treasury Board.

I am, sir, your obedient servant,

The Secretary, Treasury Board.

J. L. McDOUGALL, A.G.

DEPT. OF JUSTICE, OTTAWA, June 24, 1898.

SIR,—I have the honour to acknowledge the receipt of your letter of the 22nd instant, T, 23679 B—with respect to the objection taken by the Auditor General to the proposed increase of salary to Mr. Wallace Leitch, a clerk in the office of the Assistant Receiver General at Charlottetown, P.E.I., from 1st July, 1897, on the ground that there is no Parliamentary authority for the grant of an increase in this case which is to be retroactive.

In reply I beg to refer you to my letter of this day's date referring to a similar question raised by the Auditor General in connection with the cases of Arthur Saint Cyr and Louis Gauthier, employees of the Department of the Interior.* The Minister of Justice directs me to state that the opinion formed by him with respect to those cases, as explained in that letter, applies equally to the case of Mr. Leitch, and that if there is money at the credit of the vote against which it is proposed to charge the arrears of increase allowed to Mr. Leitch, sufficient to pay such increase, he is of opinion that the Appropriation Act containing that vote is sufficient Parliamentary authority for the payment of such arrears.

I am, sir, your obedient servant,

The Secretary, Treasury Board.

A. POWER, Acting D.M.J.

* See page A—50 for copy of the letter referred to in the Justice Department's letter of June 24, 1898.

Treasury Minute, June 24, 1898.—The Board had under consideration an appeal from the decision of the Auditor General refusing to sanction the payment of Mr. Wallace Leitch, a clerk in the office of the Assistant Receiver General at Charlottetown, P.E.I., at the increased rate of salary authorized by Order in Council of 20th May, 1898, to take effect from 1st July, 1897, on the ground that there is no parliamentary authority for the grant of an increase which is to be retroactive.

The Board had also under consideration a letter from the Acting Deputy Minister of Justice, dated 24th June, 1898 (copy annexed), referring to his letter of same date in regard to a similar question raised by the Auditor General, in connection with the cases of Arthur Saint Cyr and Louis Gauthier, employees of the Department of the Interior, and stating that he is directed by the Minister of Justice to state that the opinion formed by him with respect to those cases, as explained in that letter, applies equally in the case of Mr. Leitch, and that if there is money at the credit of the vote against which it is proposed to charge the arrears of increase allowed to Mr. Leitch, sufficient to pay such increase, he is of opinion that the Appropriation Act containing that vote is sufficient parliamentary authority for the payment of such arrears.

The Board in view of the opinion of the Minister of Justice, as above, are of opinion that the objections of the Auditor General are not well taken, and should be overruled, and they therefore direct that payment be made to Mr. Leitch of his salary at the increased rate of pay, as authorized by Order in Council of 20th May, 1898, to take effect from 1st July, 1897, there being sufficient money voted to pay Mr. Leitch at the increased rate of pay.

I am, sir, your obedient servant,

The Auditor General.

J. M. COURTNEY, *Secretary.*

Justice Dept.: Right of Governor in Council to grant an Increase of Salary for Time before the date of the Order in Council.

AUDIT OFFICE, OTTAWA, July 3, 1897.

SIR,—I have the honour to acknowledge the receipt of your application of the 2nd instant for a cheque of \$1,142.50, being the balance of salary claimed by Mr. R. J. Ellbeck, Secretary of the Penitentiary Commission, from October 29, 1896, to June 30, 1897. According to the account sent me the amount asked for has been calculated at the rate of \$6.50 per diem for the full period of service. It seems to me this rate may be paid only from the date of the Order in Council which authorized it (April 30, 1897), and not for any previous periods. I think you will find that the Order in Council, to which I refer, bears this interpretation only and in my opinion, I may say, it is not within the power of Council to make an Order of this kind retroactive.

I am, sir, your obedient servant,

The Deputy Minister of Justice.

J. L. McDOUGALL, A.G.

DEPT. OF JUSTICE, OTTAWA, July 9, 1897.

SIR,—I beg to acknowledge the receipt of your letter of the 3rd instant, wherein you object to issue a cheque in favour of Mr. R. J. Ellbeck, for the balance of salary claimed by him up to the 30th ultimo, for the reason that, in your opinion the Order in Council of the 30th April cannot authorize the payment of his salary for the full period of his service previous to the date thereof.

Inasmuch as the Order in Council specially refers to the investigation which has been held at Kingston penitentiary, and which was almost concluded on 30th April, I am unable to construe the Order in Council as not intended to relate back.

I am further unable to agree with you that it is not within the power of the Governor in Council to make an Order in Council, such as the one referred to, retroactive.

I am, sir, your obedient servant,

The Auditor General.

E. L. NEWCOMBE, *D.M.J.*

AUDIT OFFICE, OTTAWA, July 10, 1897.

SIR—I have the honour to acknowledge the receipt of your letter of the 9th instant, stating that you are unable to construe the Order in Council of April 30, 1897, as not intended to relate back, inasmuch as it specially refers to the investigation which has been held at Kingston penitentiary, and which was almost concluded on April 30.

With reference to this point, I beg to point out that the paragraph in which the phrase referred to occurs relates not to the daily stipend of the secretary, but to the

Auditor General's Report—Part *a*

inclusion of Sundays and holidays as days for which pay may be claimed, in the accounts of the commissioners and secretaries.

On the question of allowing pay for Sundays, when there is employment under a daily remuneration, it seems to me if it is to be allowed in one case, it ought to be allowed in all, and, consequently, the authority should be under a General Order in Council.

I am still of opinion that it is not within the authority of Council to make an Order in Council, such as that of April 30, retroactive. Mr. Eilbeck had entered into an agreement with the Government to perform certain services for the remuneration authorized by the Governor in Council in his Order of December 14, and accepted such remuneration as full consideration for his services to January 31, 1897, and in my opinion any increase now authorized over the amount first agreed upon for the service performed in the past by Mr. Eilbeck would be simply disposing of the public money in a gratuity not authorized by statute, or directing payment of a sum which was not legally due. In this view of the case covered by your application in favour of Mr. Eilbeck, herewith inclosed, I am unable to certify that the amount asked may be paid; but I shall be glad to give the necessary certificate in regard to any amount that may be due Mr. Eilbeck, based on the remuneration authorized in the Orders in Council of December 14, 1896, and March 20, 1897.

I am, sir, your obedient servant,

The Deputy Minister of Justice.

J. L. McDOUGALL, A. G.

DEPT. OF JUSTICE, OTTAWA, Aug. 23, 1898.

SIR,—I have the honour to inclose herewith by direction for the consideration of the Treasury Board, and for such action as the Board may see fit to take thereon, copies of correspondence between the Auditor General and myself with reference to the payment of the late Penitentiary Commission for Sundays and holidays previous to the passing of the Order in Council of the 30th April, 1897.

You will observe that the Auditor General considers that it is not within the power of the Governor General to make an Order in Council, such as the one above mentioned, retroactive.

I am, sir, your obedient servant,

The Secretary, Treasury Board.

E. L. NEWCOMBE, D.M.J.

TREASURY BOARD, OTTAWA, Aug. 25, 1898.

SIR,—I have the honour to inclose herewith, Treasury Board case No. 23928, being a communication from the Deputy Minister of Justice, with copies of correspondence with you in reference to the payment of the late Penitentiary Commission for Sundays and holidays, previous to the passing of the Order in Council of 30th April, 1897, to which payment you have taken objection. I have to request that you will be good enough to advise me, for the information of the Treasury Board, as to the nature of your objections and the reasons therefor, and also to state under what section and clause of the Audit Act your objections are taken. I shall also be glad to receive any remarks you may wish to make on the subject.

I am, sir, your obedient servant,

The Auditor General.

W. FITZGERALD, Acting Secy.

AUDIT OFFICE, OTTAWA, Oct. 26, 1898.

SIR,—I have your letter of the 25th August inclosing an appeal to the Treasury Board on my ruling against payment for certain Sundays and holidays in the case of the Penitentiary Commissioners and their secretary.

I consider that the payment cannot be properly made for the period before the passage of the Order in Council. I described in my letters of the 3rd and 10th July, 1897, my reasons for objecting to the payments in question, and amplified the reasons there given in the cases of Saint Cyr and Leitch which were before the Treasury Board in June last.

My difficulty in the three cases was the same, viz.: that it appeared to me beyond the power of the Governor in Council to pay for work already done more than what was agreed upon, before the work was begun between the Government and the person who did the work, as the remuneration.

I am unable to see that the argument of the Department of Justice on which I was overruled in the two cases disposed of by the Board is tenable and therefore, such

cases as are similar and come before me, until Parliament has had an opportunity of establishing the rule which is to permanently hold, must go to the Board.

My objection is taken under section 32 (a) and (c) of the Audit Act, that the money is not justly due.

I am, sir, your obedient servant,

The Secretary, Treasury Board.

J. L. McDOUGALL, A.G.

DEPT. OF JUSTICE, OTTAWA, NOV. 2, 1898.

SIR,—I have the honour to acknowledge the receipt of your letter of the 29th ultimo (23928) and of the papers in connection with the objections of the Auditor General to payment for certain Sundays and holidays in the case of the Penitentiary Commissioners and their secretary.

The Minister of Justice and Attorney General understands the Auditor's objection under paragraph (a) of section 32 of the Audit Act to be based upon the view taken by him that the Governor in Council cannot make an Order in Council such as that of the 30th April, 1897, retroactive, and that therefore although that order assumes to provide for Sundays and holidays previous to its date, the moneys voted by Parliament for the expenses of the Commission cannot lawfully be applied in payment for services upon such days. I am to state that the Minister differs from this view for reasons sufficiently explained in Mr. Power's letter of the 24th June last relative to the cases of Messrs. Arthur Saint Cyr and Louis Gauthier (T. 23680 B). He thinks that the provision of the Order in Council referred to, for payment for services on past Sundays and holidays, was *intra vires* of the Governor in Council, and that the Appropriation Act is therefore parliamentary authority for such payment.

The Minister assumes that the Auditor's objection under paragraph (c) of section 32, that the money is not justly due really rests upon the same ground as that under paragraph (a), and he does not, therefore, think it necessary to offer any observations with respect to that feature of the case.

I have, &c.,

The Secretary, Treasury Board.

E. L. NEWCOMBE, D.M.J.

OTTAWA, November 3, 1898.

To the Treasury Board.

The undersigned have the honour to submit that by an Order in Council, dated the 30th April, 1897, the Order in Council dated 14th December, 1896, was amended so as to grant authority for the payment of \$6.50 per diem as remuneration to the Secretary of the Penitentiary Commission instead of \$5 a day as therein provided.

It was also further directed by the Order in Council of the 30th April, 1897, that in connection with the investigation which had been held at Kingston Penitentiary, as well as in connection with the investigation which was then in progress at St. Vincent de Paul Penitentiary, the rate of remuneration be fixed to include such Sundays and holidays as fall within the periods of service in which the commissioners and the secretaries had been or might be thereafter actually engaged.

Objection having been made by the Auditor General to the payment of the increased salary to the Secretary of the Penitentiary Commission, and for Sundays and holidays prior to the date of the Order in Council authorizing the same, on the ground that it is not within the power of Council to make an order of the kind retroactive, the matter was referred for the consideration of the Treasury Board, and for such action as the Board may see fit to take thereon.

The Auditor General takes his objections under section 32 (a) and (c) of the The Consolidated Revenue and Audit Act. The objection under subsection (a) is that there is no parliamentary authority for the payment, and the objection under subsection (c) is that the money is not justly due, and in accordance with the provisions of the last named sub-section this report is submitted.

J. L. McDOUGALL, A. G.
J. M. COURTNEY, D.M.F.

Treasury Minute, Nov. 4, 1898.—The Board had under consideration a reference from the Department of Justice in regard to objections made by the Auditor General to payment to the secretary of the Penitentiary Commission at the increased rate, and for the payments for Sundays and holidays to the commissioners and secretaries of the commission in connection with the investigations at Kingston Penitentiary and the St. Vincent de Paul Penitentiary, authorized by Order in Council of the 30th April, 1897, prior to the date of such Order.

Auditor General's Report—Part II

The objections of the Auditor General were taken under section 32 of the Consolidated Revenue and Audit Act. First, under subsection (a), that there was no parliamentary authority for the payments in question; and second, under subsection (c), that the money was not justly due.

The Board, after full consideration of all the correspondence in the case, including the letter from the Deputy Minister of Justice of the 2nd November, 1898, and the report from the Auditor General and Deputy Minister of Finance, of the 3rd November, 1898, copies of which are annexed, while not expressing any opinion as to the matter of the payment for Sundays and holidays prior to the date of the Order in Council of the 30th April, 1897, are of opinion, in view of the opinion of the Minister of Justice that there is parliamentary provision therefor, that the remuneration of Mr. Eilbeck, the secretary of the commission, so far as working days are concerned, should be increased during the period prior to the date of the Order in Council of the 30th April, 1897, and they overrule the objections of the Auditor General thereto.

They are further of opinion that Mr. Eilbeck should be paid at the rate of eight dollars a day for the 120 working days he was engaged between the 29th October, 1896, and the 19th March, 1897, both days inclusive, and that the Order in Council of the 14th December, 1896, should be so amended to provide for payment of his remuneration at \$8 a day as provided in said last-mentioned Order in Council, and they have so recommended to Council—the same to be charged to Unforeseen Expenses.

J. M. COURTNEY, *Secretary.*

Justice Dept.: Payment to Stenographer, Penitentiary Commission, in excess of Amount Authorized by Council.

AUDIT OFFICE, OTTAWA, July 22, 1898.

SIR,—I beg to inform you that, on examination of the account rendered by Mr. Perkins, for stenographic work in connection with the investigation at Manitoba Penitentiary, I find that the amount authorized by Order in Council of September 20th, 1897—\$388.60—is all I am at liberty to certify to at present. Please make application for this amount.

I am, sir, your obedient servant,

The Acting Deputy Minister of Justice.

J. L. McDUGALL, *A.G.*

DEPT. OF JUSTICE, OTTAWA, Oct. 4, 1898.

SIR,—I referred to the Treasury Board the correspondence relating to what I understood to be your refusal to issue a cheque for \$140.40, the balance of Mr. Perkins' pay as stenographer of the Manitoba Penitentiary Commission. Mr. Courtney writes me, in reply, a letter (copy of which I inclose). Will you be good enough to furnish me with the information asked for, so that I may submit it to the Treasury Board, if necessary.

I am, sir, your obedient servant,

The Auditor General.

E. L. NEWCOMBE, *D.M.J.*

TREASURY BOARD, OTTAWA, Oct. 4, 1898.

DEAR MR. NEWCOMBE,—I have your letter of 30th ultimo, in reference to the amount payable to Mr. Perkins out of the vote for the Manitoba Commission. On looking over the papers, I do not understand what the decision of the Auditor General in the matter is, or that he has absolutely refused to pay the difference between the \$388.60 and the \$520. Before submitting the matter to the Treasury Board, would it not be well to obtain from the Auditor General a statement of his decision in the case and of his grounds for such decision, and if his decision is that he cannot certify to the payment in question because no Order in Council has been passed authorizing it; whether he would be willing to certify to the payment if an Order in Council were now passed authorizing the payment.

It is desirable to have as full information as possible before the matter is taken up by the Treasury Board.

I am, sir, your obedient servant,

The Deputy Minister of Justice.

J. M. COURTNEY, *Secretary.*

AUDIT OFFICE, OTTAWA, Oct. 8, 1898.

SIR,—I have the honour to acknowledge the receipt of your letter of the 4th instant, transmitting a letter addressed you by the Secretary of the Treasury Board, with reference to the balance of account claimed by Mr. Perkins, the stenographer employed by the Manitoba Penitentiary Commissioner.

I refused to pass your application of the 11th July, 1898, for \$529, because the Order in Council authorizing the rate of remuneration for Mr. Perkins expressly stated that the "bill rendered by the stenographer upon taxation according to the above rate will amount to \$388.60."

This amount was paid; but when a subsequent account was rendered, I considered, in view of the specific amount authorized in the Order in Council of September 20th, 1897, that a fresh Order in Council was necessary. Had it been obtained during the time the appropriation applicable to the commission was available, I would have passed the balance, \$140.40, shown by the amended account rendered under date of July 8th, 1898.

I am, sir, your obedient servant,

The Deputy Minister of Justice.

J. L. McDOUGALL, A.G.

TREASURY BOARD, OTTAWA, Oct. 12, 1898.

SIR,—I have the honour to inclose herewith, Treasury Board File No. 23997, being a reference from the Department of Justice, containing correspondence which has taken place between your office and that department regarding the balance of account claimed by Mr. Jas. Perkins, for stenographic work in connection with the Manitoba Penitentiary Commission, and I have to request that you will be good enough to let me know, for the information of the Board, whether you have objections to the payment of the balance in question, and if so, what such objections are, and the ground therefor and the section and clause of the Audit Act under which they are taken. I shall also be glad to have any remarks you may desire to make on the subject.

I am, sir, your obedient servant,

The Auditor General.

J. M. COURTNEY, Sec. T.B.

AUDIT OFFICE, OTTAWA, Oct. 17, 1898.

SIR,—I have the honour to acknowledge the receipt of your letter of the 12th instant, inclosing Treasury Board File No. 23997, being a reference from the Department of Justice in connection with a balance of account claimed by Mr. Perkins, a stenographer employed by the commissioner who investigated the affairs of the Manitoba Penitentiary some months ago.

As will be seen from the correspondence, I refused to issue a cheque for a greater sum than that stated in the Order in Council of September 20th, 1897, because it seemed to me that Council authorized this sum only, and not any amount at the rates specified in the first paragraph.

The Order in Council—second paragraph—reads as follows:—

"The Minister states that the bill rendered by the stenographer, upon taxation according to the above rate, will amount to \$388.60 and he (the Minister) recommends that if this Minute be approved, that amount be included in the supplementary estimates for the current fiscal year for the purpose of paying the stenographer's account."

The Department was made aware of my objection to paying the full amount applied for under date July 22nd, 1898, thereby giving ample time before the lapsing of the vote to have obtained the necessary authority for the balance claimed.

While many claims, for the payment of which there is otherwise sufficient authority, are unnecessarily submitted to Council, this claim is one which required the sanction of Council, as to the rates of remuneration.

If the Order had gone no further than fix the rate, the determining the amount of the account would have been only a matter of evidence as to the number of days and folios &c., and of calculation. The whole amount to be paid having, however, been passed upon by Council, it is made quite possible that if Council had known that a larger amount would have been payable, smaller rates would have been allowed.

Then, where a doubt as to the intention of Council exists, there is a strong argument for seeking from Council itself an explanation of the doubtful point, it being always possible to get an early answer which will set the doubt at rest.

My refusal to pay a greater sum than that authorized by the Governor in Council was made in accordance with section 32, subsection (c) of the Consolidated Revenue and Audit Act "or that it is in excess of the authority granted by Council."

There is no appropriation now from which to pay the amount.

I am, sir, your obedient servant,

The Secretary, Treasury Board.

J. L. McDOUGALL, A.G.

Auditor General's Report—Part a

DEPT. OF JUSTICE, OTTAWA, Oct. 21, 1898.

SIR,—I have the honour to acknowledge receipt of your letter of the 17th instant, with regard to Mr. Perkins' claim for stenographer's charges in the Manitoba Penitentiary Commission. I return the file herewith, together with copies of the additional correspondence to which you refer.

I am to state that under the Order in Council of 20th September, 1897, it is perfectly clear that His Excellency in Council intended that Mr. Perkins should be paid for his services at the rate of \$5 for each day's attendance, including travelling and living expenses, and 10 cents per folio for all copies of the evidence, not exceeding four. The claim now in question is the balance admittedly due Mr. Perkins made up at those rates. It is true that the Order in Council expressly authorizes payment of the bill then rendered by Mr. Perkins, amounting according to the rates mentioned, to \$388.60, but this provision was inserted in the Order in Council, as everybody connected with the transaction knows, not because it was necessary for the purpose of authorizing payment, but at Mr. Perkins' request, in order that he might have an admission from the Government of its liability for a certain amount inasmuch as there was no money then available from which the account could be paid, and as Mr. Perkins desired to use this admission of the Government as some security for a loan from outside sources.

There can, of course, be no necessity for a further Order in Council to authorize payment of the balance now claimed.

I am, sir, your obedient servant,

E. L. NEWCOMBE, D.M.J.

The Secretary, Treasury Board.

AUDIT OFFICE, OTTAWA, Oct. 25, 1898.

SIR,—In connection with the appeal from my decision made by the Department of Justice to the Treasury Board, on the balance of Mr. Perkins' account for stenographic work for the Manitoba Penitentiary Commission, I beg to supplement my statement of the 17th instant to the Board.

The Deputy Minister of Justice, in his letter of the 21st instant states: "It is true that the Order in Council expressly authorizes payment of the bill then rendered by Mr. Perkins, amounting according to the rates mentioned, to \$388.60, but this provision was inserted in the Order in Council, as everybody connected with the transaction knows, not because it was necessary for the purpose of authorizing payment, but at Mr. Perkins' request, in order that he might have an admission from the Government of its liability for a certain amount inasmuch as there was no money then available from which the account could be paid, and as Mr. Perkins desired to use this admission of the Government as some security for a loan from outside."

There can, of course, be no necessity for a further Order in Council to authorize payment of the balance now claimed."

The Deputy Minister will scarcely contend that the purpose in the mind of the person who made the recommendation to Council can be of service in modifying the interpretation of the Order in Council which was based upon the recommendation, there being no reference to such purpose in the Order itself. It is for those who have to interpret the Order to find in the words of the Order in Council all that was intended to be conveyed by it.

We must assume that an unusual reference in the Order in Council was introduced for a specific purpose. Therefore, the naming of the gross sum that was to be paid must have been because it was intended that no higher sum should be allowed.

I am, sir, your obedient servant,

J. L. McDOUGALL, A.G.

The Secretary, Treasury Board.

OTTAWA, October 26, 1898.

To the Hon. the Treasury Board.

The undersigned have the honour to submit that on the 17th June, 1898, application was made to the Auditor General by the Acting Deputy Minister of Justice for the payment of two accounts, amounting to \$897.60, rendered by Mr. James Perkins for stenographic work in connection with the Manitoba Penitentiary Commission, the same to be charged against the vote for Manitoba Penitentiary Commission, Supplementary Estimates, 1897-98.

This amount was on the 11th July, 1898, after correspondence reduced to \$529. Of this amount the Auditor General certified to the payment of \$388.60, the amount set forth in an Order in Council, dated 20th September, 1897, and this sum has been paid. He refused to pass the balance, \$140.40, as he considered that in view of a specific

amount having been authorized in the Order in Council, above mentioned, a fresh Order in Council was necessary.

The department contends that the Order in Council of the 20th September, 1897, having fixed the rates of remuneration to be paid to Mr. Perkins, there is no necessity for a further order to authorize payment of the balance now claimed. It is explained by the Deputy Minister of Justice that the amount (\$388.60) was inserted in the Order in Council of the 20th September, 1897, not because it was necessary for the purpose of authorizing payment, but at Mr. Perkins' request in order that he might have an admission from the Government of its liability for a certain amount, inasmuch as there was no money then available from which the account could be paid, and Mr. Perkins desired to use this admission of the Government as some security for a loan from outside. In connection with this explanation attention is directed to a letter from the Auditor General, dated the 25th instant.

The Auditor General having refused to authorize payment of a sum greater than \$388.60, on the ground that "it is in excess of the authority granted by Council" this report is submitted in accordance with subsection (c) of section 32 of "The Consolidated Revenue and Audit Act."

Respectfully submitted,

J. L. McDOUGALL, A.G.
J. M. COURTNEY, D.M.F.

Treasury Minute, Nov. 4, 1898.—The Board had under consideration a reference from the Department of Justice regarding an objection made by the Auditor General to the payment of the sum of \$140.40 to Mr. James Perkins, being balance of an account rendered by him for stenographic work in connection with the Manitoba Penitentiary Commission, application therefor having been made by the Department of Justice in July, 1898, the same to be charged against the vote for Manitoba Penitentiary Commission, Supplementary Estimates, 1897-98.

The objection of the Auditor General was made under subsection (c) of section 32 of the Consolidated Revenue and Audit Act, on the ground that the amount asked for was in excess of the authority granted by Council. In accordance with the provisions of such subsection a report from the Auditor General and the Deputy Minister of Finance, dated 26th October, 1898 (copy hereto annexed), was submitted to the Board.

The Board after a full consideration of such report and of all letters and correspondence in the matter are of opinion that the objection of the Auditor General should be overruled and the amount in question paid to Mr. Perkins, but as the vote out of which the same was asked to be paid has lapsed, although application for payment was made before the lapsing of the vote, the Board have recommended to Council that the amount so payable shall be paid out of "Unforeseen Expenses."

J. M. COURTNEY, *Secretary.*

Justice Dept.: Manitoba Penitentiary Investigation—Payment of Warden's Counsel.

DEPT. OF JUSTICE, OTTAWA, June 16, 1898.

SIR,—I inclose herewith an account rendered by Messrs. Archibald & Howell, Barristers, &c., Winnipeg, for professional services rendered in connection with the Manitoba Penitentiary Commission taxed by this department at \$350. I have to request that you will be good enough to send me a cheque, payable to the order of Messrs. Archibald & Howell for this amount, and charge the same against the vote for Manitoba Penitentiary Commission, Supplementary Estimates, 1897-98.

I am, sir, your obedient servant,

The Auditor General.

E. L. NEWCOMBE, D.M.J.

AUDIT OFFICE, OTTAWA, June 18, 1898.

SIR,—I beg to acknowledge the receipt of your application of the 16th instant for a cheque of \$350 in favour of Messrs. Archibald & Howell for legal services in behalf of the Warden of Manitoba Penitentiary during the recent investigation held at that institution.

Please let me have your reasons for making this item a charge on the vote for expenses of Penitentiary Commissions. It seems to me that the account is a personal matter between the warden and his lawyers, and should not be paid from the public funds.

I am, sir, your obedient servant,

The Deputy Minister of Justice.

J. L. McDOUGALL, A.G.

Auditor General's Report—Part a

DEPT. OF JUSTICE,, OTTAWA, June 20, 1898.

SIR.—Replying to your letter of the 18th instant asking why Messrs. Archibald & Howell, for legal services, in behalf of the warden of Manitoba Penitentiary at the should be paid by the Government, I am to inform you that when the recent commission was appointed to inquire into certain charges brought against the warden and other officers of the penitentiary, the warden applied to be allowed counsel. This request was refused, but he was given to understand that if the charges preferred against him failed to be proved, the question of expense would be considered. The charges not having been proved, the Minister of Justice considered that the warden's counsel fees should be paid by the Government, and an item to cover the account as taxed by this department was included in the Supplementary Estimates for 1897-98.

Under the circumstances I would be glad if you would be good enough to pass the account.

I am, sir, your obedient servant,

The Auditor General.

A. POWER, *Acting D.M.J.*

AUDIT OFFICE, OTTAWA, June 22, 1898.

SIR.—With further reference to the account rendered by Messrs. Archibald & Howell, for legal services, in behalf of the warden of Manitoba Penitentiary at the recent investigation held there, and for which you say in your letter of the 20th inst., provision has been made in the Supplementary Supply Bill of the current fiscal year, I beg to say that I cannot call to mind any case in which expenses of this nature were paid by the Government, unless they had been previously authorized by Parliament as a special item in the Estimates. In the present instance the item in question is not specially described either in the Estimates or the Supply Bill. Can you refer me to any case in which expenditure similar to this was paid from an appropriation of a general character?

I am, sir, your obedient servant,

The Acting Deputy Minister of Justice.

J. L. McDOUGALL, *A.G.*

DEPT. OF JUSTICE, OTTAWA, June 25, 1898.

SIR.—I have no leisure to trace precedents for this expenditure, but the facts are that certain charges were preferred against the warden in his official capacity, and that the expenditure was incurred in defence of his official acts. Inasmuch as the charges were shown to be unfounded the expenses to which he was subjected to are, in the opinion of the Minister, legally and equitably chargeable to the department.

In this connection I understand that you have paid the account of Mr. Darby, who was employed by and acted for the complainants. The action of the complainants was entirely voluntary, and if the account of their solicitor be properly chargeable to the department, the expenses incurred by the warden in his defence are, at last equally, a proper charge.

I am, sir, your obedient servant,

The Auditor General.

A. POWER, *Acting D.M.J.*

AUDIT OFFICE, OTTAWA, July 4, 1898.

SIR.—I have your letter of the 25th ultimo, in reply to mine *re* Archibald and Howell's account for defending the warden of the Manitoba Penitentiary at the investigation ordered by the Government into his official conduct.

I do not know of any general regulation or any law under which a public servant, whose conduct is investigated by the Government, is entitled to be reimbursed the expenses of a lawyer employed in his defence, because the charges have not been substantiated. If there is neither a law nor a general regulation on the subject I am not justified in passing the application, unless some special reasons are given to warrant payment in the individual cases.

Mr. Darby was paid his account because I assumed that he was employed by the Government to bring out evidence which it was supposed would show that the charges were well founded.

I am, sir, your obedient servant.

The Acting Deputy Minister of Justice.

J. L. McDOUGALL, *A.G.*

JUSTICE DEPT., OTTAWA, August 24, 1898.

SIR.—I inclose herewith, by direction, copies of correspondence between the Auditor General and myself with reference to the payment of the solicitors employed by the warden of the Manitoba Penitentiary during the recent investigation at that institution.

The Auditor General having declined to issue a cheque in favour of the warden's solicitors, I have to request that you will have the matter brought before the Treasury Board for a decision.

I am, sir, your obedient servant.

The Secretary, Treasury Board.

E. L. NEWCOMBE, D.M.J.

TREASURY BOARD, OTTAWA, Aug. 25, 1898.

SIR.—I have the honour to inclose herewith Treasury Board File No. 23929, consisting of a letter from the Deputy Minister of Justice, and copies of correspondence he has had with you in reference to the payment of the solicitors employed by the warden of the Manitoba Penitentiary during the recent investigation at that institution. As it appears from the letter of the Deputy Minister of Justice of 24th instant that you have declined to issue a cheque in favour of the warden's solicitors for the payment in question, I have to request that you will be good enough to advise me, for the information of the Treasury Board, as to the nature of your objections to such payment and the grounds for such objections, and also to state under what section and clause of the Consolidated Revenue and Audit Act the objections come. If there are any remarks you desire to make in reference to the matter, I shall be glad to receive the same.

I am, sir, your obedient servant,

The Auditor General.

W. FITZGERALD, *Acting Secy.*

AUDIT OFFICE, OTTAWA, Oct. 11, 1898.

SIR.—I have your letter of the 25th August, accompanying an appeal to the Treasury Board by the Department of Justice from my decision on the application of that department to pay the solicitors of the warden of the Manitoba Penitentiary, who represented him before a commission appointed by the Government to investigate his conduct.

Nothing has been placed before me to show that this case differs from any of the others which have been under investigation since this Government came into power. If the expenses of the defendant in this matter are reimbursed to him, then those of all the other defendants who have not been proven guilty should be reimbursed to them.

It certainly should not be the privilege of the Government, as it should not be of public officials of lower standing, to treat one man in a particular way and another, in exactly similar circumstance, in a different way. You will observe that there has been not attempt by the department to show, either by precedent or argument that its position is well founded.

I am, however, not prepared to say that there is nothing in support of the contention that all such expenditure should be repaid by the Government. There is no appropriation now available for this expenditure.

If the Treasury Board, as it appears to do, takes, without question, the opinion of the Department of Justice for its guidance in all appeals, it would be just as well to free that department from all the restrictions put by the Audit Act on the departments in regard to expenditure.

The Department of Justice appeals against my decision because it thinks that I am wrong in a particular case. When the matter is referred back to the department for its opinion on the appeal it naturally still thinks that I am wrong. When it gives its opinion to the Board, the Board always says that I am wrong. What, then, is the use of putting the Board to the trouble of considering such appeals?

My refusal to certify is under section 32, subsections (a) and (c).

I am, sir, your obedient servant,

The Secretary of the Treasury Board.

J. L. McDOUGALL, A.G.

DEPT. OF JUSTICE, OTTAWA, Oct. 13, 1898.

SIR.—I have the honour to acknowledge the receipt of your letter of the 13th instant, inclosing Treasury Board File No. 23929, referring to the appeal of this department from the refusal of the Auditor General to pay the account of Messrs. Archibald & Howell, barristers, of Winnipeg, for professional services rendered in connection with the Manitoba Penitentiary Commission.

Auditor General's Report—Part a

The circumstances under which these services were rendered are stated in Mr. Power's letter to the Auditor General of 20th June last—copy of which is upon the file submitted. I observe that the Auditor General states that his refusal to certify is under section 32, subsections (a) and (c) of the Consolidated Revenue and Audit Act.

The particular grounds of his objection, as I understand them from the correspondence which has passed between this department and the Auditor General, are that the Government is under no legal obligation to pay the account, and that it cannot, therefore, be paid unless "previously authorized by Parliament as a special item in the estimates."

I am directed to state, for the information of the Treasury Board, that that condition having arisen upon which the department represented to the warden that the fees of his counsel would be paid and the department having, in pursuance of the understanding, admitted its obligation to pay and Parliament having authorized the expenditure for the purposes of the commission of an additional amount which includes the amount now proposed to be paid to Messrs. Archibald & Howell, the Minister considers that the payment ought not longer to be withheld.

I am to state further that it is the opinion of the Attorney General that the provisions of the Appropriation Act, 1898, Schedule A, reading as follows:—"Balance required to meet expenses of commissioners * * * Manitoba, \$2,402.55," is sufficient parliamentary authority for the payment in question.

I am, sir, your obedient servant,

The Secretary, Treasury Board.

E. L. NEWCOMBE, D.M.J.

OTTAWA, October 26, 1898.

To the Hon. the Treasury Board.

The undersigned have the honour to submit that on the 16th June last the Deputy Minister of Justice sent to the Auditor General an account rendered by Messrs. Archibald & Howell, barristers, Winnipeg, for professional services in connection with the Manitoba Penitentiary Commission, taxed by the Department of Justice at \$350, and requested him to issue a cheque payable to their order for this amount, and charge the same against the vote for Manitoba Penitentiary Commission, supplementary estimates, 1897-1898.

The account in question was for services rendered on behalf of Lieut.-Col. Irvine, warden of the Manitoba Penitentiary, before a commission of investigation into charges brought against the warden and other officers of the penitentiary. It appears from explanations made by the Department of Justice that when the commission was appointed the warden applied to be allowed counsel. His request was refused, but he was given to understand that if the charges preferred against him failed to be proved, the question of expense would be considered. The charges were not proved, and the Minister of Justice considered that the warden's counsel fees should be paid by the Government.

It was further pointed out that the account of Mr. Darby, who was employed by and acted for the complainants, was paid by the Auditor General; that the action of the complainants was entirely voluntary, and if the account of their solicitor were properly chargeable to the department, the expense incurred by the warden in his defence would be at least equally a proper charge.

The Auditor General objected that the matter was a personal matter between the warden and his lawyers and should not be paid from the public funds; that he could not call to mind any case in which expenses of this nature were paid by the Government unless they had been previously authorized by Parliament as a special item in the estimates, and in the present instance the item in question is not specially described, either in the estimates or the Supply Bill; that he did not know of any general regulation or any law under which a public servant, whose conduct is investigated by order of the Government, is entitled to be reimbursed the expenses of a lawyer employed in his defence because the charges had not been substantiated, and if there was neither law nor general regulation on the subject he was not justified in passing the application unless some special reasons were given to warrant payment in the individual case; that nothing had been placed before him to show that this case differed from any of the others which had been under investigation, and if the expenses of the defendant in this matter were reimbursed to him, then those of all the other defendants who had not been proven guilty should be reimbursed to them. The Auditor General states that he is, not however, prepared to say that there is nothing in support of the contention that all such expenditure should be repaid by the Government.

The Auditor General also explains that Mr. Darby had been paid his account because he (the Auditor) assumed that he was employed by the Government to bring out evidence which it was supposed would show that the charges were well founded.

The Auditor General having objected under subsection (a) of section 32 of the Consolidated Revenue and Audit Act, that there is no parliamentary authority for issuing

the cheque, reference is made to the letter from the Deputy Minister of Justice, of the 13th instant, from which it appears that it is the opinion of the Attorney General that the provision of the Appropriation Act, 1898, Schedule A, reading as follows:—"Balance required to meet expenses of commissioners * * * Manitoba, \$2,402.55," is sufficient parliamentary authority for the payment in question. The Auditor General states that the vote has now lapsed, and that, therefore, in his opinion, there is no parliamentary authority.

The Auditor General having also objected under subsection (c) of said section 32 of the Consolidated Revenue and Audit Act, on the ground that "the money is not justly due," this report is submitted in accordance with subsection (c) of said section 32 of the said Act.

Respectfully submitted,

J. L. McDOUGALL, A.G.

J. M. COURTNEY, D.M.F.

Treasury Minute, Nov. 4, 1898.—The Board had under consideration a reference from the Department of Justice regarding the objections raised by the Auditor General to the payment of an account rendered by Messrs. Archibald & Howell, Barristers, Winnipeg, for professional services in connection with the Manitoba Penitentiary Commission, which account was taxed by the Department of Justice at \$350. The Auditor General was requested by the Deputy Minister of Justice on the 16th June, 1898, to issue a cheque payable to the order of Messrs. Archibald & Howell for this amount (\$350) and charge the same against the vote for Manitoba Penitentiary Commission, Supplementary Estimates, 1897-98.

The objections of the Auditor General were taken under the provisions of section 32 of the Consolidated Revenue and Audit Act—the first being taken under subsection (a), that there is no parliamentary authority for issuing the cheque—and the second being taken under subsection (c), on the ground that the money is not justly due.

With regard to the first objection, viz.:—that under subsection (a)—the Board had under consideration a letter from the Deputy Minister of Justice, dated 13th October, 1898 (a copy of which is annexed), from which it would appear that there is parliamentary authority for the payment in question.

With regard to the second objection, viz.:—That under subsection (c)—the Board had under consideration a report from the Auditor General and the Deputy Minister of Finance in accordance with the provisions of the said subsection (c), dated 26th October, 1898 (a copy of which is also annexed).

The Board after a full consideration of all the circumstances of the case are of opinion that the objections of the Auditor General should be overruled, and that payment should be made to Messrs. Archibald & Howell of the amount in question (\$350)—but as the vote out of which the same was asked to be paid has now lapsed, although application for payment was made before the lapsing of the vote, the Board have recommended to Council that the amount so payable shall be charged to the vote for "Unforeseen Expenses."

J. M. COURTNEY, *Secretary.*

Per diem Allowance for Travelling Expenses in lieu of Outlay.

AUDIT OFFICE, OTTAWA, Oct. 27, 1898.

SIR,—I beg to draw your attention to an Order in Council of the 18th August allowing Mr. Newcombe, the Deputy Minister of Justice ten dollars a day in lieu of living expenses during the time of his actual absence from Canada while he visited England on business of his department last summer; and to an Order of the 10th of September sanctioning the same allowance of ten dollars a day in addition to actual moving expenses to Messrs. W. G. Parmelee, Deputy Minister of Trade and Commerce, Joseph Pope, Under Secretary of State, R. N. Venning, Chief Clerk, Department of Marine and Fisheries, and W. F. King, Chief Astronomer, Department of the Interior, who were in attendance upon the British Commissioners to the International Conference at Quebec.

You will recollect that when I submitted to the Board objections to a similar allowance to Mr. Newcombe, I was informed through you as follows:—"The matter was submitted to the Treasury Board at the meeting of yesterday and I am directed to inform you in reply to your communication that the Board are of opinion that, as the allowance in question was sanctioned by an Order in Council passed by the late Government during their tenure of office and before Mr. Newcombe went to England, and as no doubt the expenditure incurred was based upon such authority, in this particular case it is not desirable to take any action—but the Board wish it to be distinctly understood that this case is in no way to form a precedent for any future case."

Auditor General's Report—Part a

In view of this Minute of the Board I am not justified in acting upon the Orders in Council to which I have referred until the Board deal again with the question.

I am, sir, your obedient servant,

The Secretary, Treasury Board.

J. L. McDOUGALL, A.G.

TREASURY BOARD, OTTAWA, Oct. 29, 1898.

SIR,—I have the honour to acknowledge the receipt of your letter of 27th instant drawing attention to an Order in Council of 18th August, 1898, allowing Mr. Newcombe, Deputy Minister of Justice, \$10 a day in lieu of living expenses during the time of his actual absence from Canada while he visited England on business of his department last summer, and also to an Order in Council of 10th September, 1898, sanctioning the same allowance of \$10 a day in addition to actual moving expenses to Messrs. W. G. Parmelee, Deputy Minister of Trade and Commerce, Joseph Pope, Under Secretary of State, R. N. Venning, Chief Clerk, Department of Marine and Fisheries, and W. F. King, Chief Astronomer, Department of Interior, who were in attendance upon the British Commissioners to the International Conference at Quebec.

I should be glad to be informed whether you object to the payment of the allowances fixed by the Orders in Council above referred to, and if so, what such objection is, and the grounds therefor, and the section and the subsection of the Audit Act under which your objection, if any, comes, so that the matter may be formally brought before the Treasury Board.

I am, sir, your obedient servant,

The Auditor General.

J. M. COURTNEY, *Secretary*.

AUDIT OFFICE, OTTAWA, Nov. 4, 1898.

To the Hon. the Treasury Board.

SIR,—I have your letter of the 29th ultimo, regarding mine of the 27th on certain \$10 a day living allowances to members of the service.

My objection that the allowance is contrary to the distinct direction of the Treasury Board would justify me in declining to pass the accounts even if it did not come under any section in the Audit Act, but it does come under section 32, subsection (c), "or for any reason other than that there is no parliamentary authority."

May I say that I still maintain the objection that it is illegal to make any allowance for travelling expenses or for any other purpose which is represented altogether by disbursements, unless under a special provision of Parliament authorizing such allowance. This objection comes under section 32, subsection (a).

I am, sir, your obedient servant,

The Secretary, Treasury Board.

J. L. McDOUGALL, A.G.

DEPT. OF FINANCE, OTTAWA, Feb. 10, 1899.

To the Hon. the Treasury Board.

The undersigned have the honour to report with reference to the \$10 a day living allowance to certain members of the service under Order in Council of 18th August and 10th September, 1898, that when the Auditor General submitted objections to a former allowance of a similar nature to Mr. Newcombe he was informed by the Secretary of the Board that in that particular case it was not desirable to take action, but the Board wished it distinctly understood that that case was in no way to form a precedent for any future case, and in view of this the Auditor General states that he is not justified in acting upon the orders in Council above referred to until the Board deal again with the question. (See letter from the Auditor General to the Secretary of the Treasury Board of 27th October, 1898.)

The Auditor General in his letter of 4th November, 1898, states that his objection that the allowance is contrary to the distinct direction of the Treasury Board comes under section 32, subsection (c) of the Consolidated Revenue and Audit Act. This report is submitted under that subsection.

The Auditor General also raises the objection under section 32 subsection (a), that it is illegal to make any allowance for travelling expenses or for any other purpose which is represented altogether by disbursements, unless under a special provision of Parliament authorizing such allowance.

The correspondence having been submitted to the Department of Justice, the Deputy Minister of that department states that the Attorney General entertains no doubt that

it was within the authority of His Excellency in Council to authorize these payments, and that adequate parliamentary authority is to be found in the Supply Act containing appropriations for the respective services to which these expenditures relate.

Respectfully submitted,

J. L. McDOUGALL, A.G.
J. M. COURTNEY, D.M.F.

Treasury Minute, Feb. 25, 1899.—The Board had under consideration objections raised by the Auditor General to the allowance, under Order in Council of 18th August, 1898, to Mr. Newcombe, Deputy Minister of Justice, of ten dollars (\$10) a day in lieu of living expenses during the time of his actual absence from Canada while he visited England on business of his department during the summer of 1898, and also to an allowance, under an Order in Council of 10th September, 1898, of ten dollars (\$10) a day in addition to actual moving expenses to Messrs. W. G. Parmelee, Deputy Minister of Trade and Commerce, Joseph Pope, Under Secretary of State, R. N. Venning, Chief Clerk, Department of Marine and Fisheries, and W. F. King, Chief Astronomer, Department of the Interior, who were in attendance upon the British Commissioners to the International Conference at Quebec.

The objections of the Auditor General are taken under section 32, subsection (a) of the Audit Act, "that it is illegal to make any allowance for travelling expenses or for any other purpose which is represented altogether by disbursements, unless under a special provision of Parliament, authorizing such allowance," and also under section 32, subsection (c) of the Audit Act, as appears from the report of the Auditor General and Deputy Minister of Finance of 10th February, 1899, submitted under said subsection.

The Board, after a careful consideration, in view of the statement of the Deputy Minister of Justice, as contained in his letter of 19th November, 1898, to the Secretary of the Treasury Board, that the Attorney General entertains no doubt that it is within the authority of His Excellency in Council to authorize these payments, and that adequate parliamentary authority is to be found in the Supply Bill, containing appropriations for the respective services to which these expenditures relate and in view of the Orders in Council above referred to, are of opinion that the objection of the Auditor General should be overruled, and they accordingly direct that the payments in question be made as authorized by Orders in Council of 18th August and 10th September, 1898, respectively.

Auditor General's Report—Part *a*

APPEALS TO THE TREASURY BOARD DECIDED IN ACCORDANCE WITH THE AUDITOR GENERAL'S RULINGS.

Geological Survey: Interpretation of Sec. 4 (a), Geological Survey Act defining "Technical Officers."

AUDIT OFFICE, OTTAWA, April 25, 1898.

SIR,—I have a copy of Order in Council of the 13th instant, authorizing the employment of Mr. Theo. Denis, a graduate in science, &c., of McGill University, as assistant in the division of mineral statistics, at the rate of \$2.50 a day. This rate of pay is doubtless given by virtue of the wording of your appropriation, which permits of persons having special and professional or technical qualifications, as defined by the Geological Survey Act, 53 Victoria, chapter 11, clause 2, being paid at a rate exceeding \$400 per annum. On reference to the Act quoted, I find that the requirements of a technical officer as given in section 4, subsection (a) are: First, that he must be a graduate of a university or science school; and, second, that in addition he must have served a probation of not less than two years in the scientific work of the department. The question that now suggests itself to me is, whether this second condition must be fulfilled before a man may be employed temporarily as a technical officer, or whether the original intention of the wording of the appropriation was that a science graduate might be employed temporarily at a higher rate than \$400 per annum, and thus become eligible for appointment as permanent technical officer by thus putting in at least two years as a temporary technical officer on probation.

This question would apply to other temporary employees in your department, although it has not been raised or noticed before

I am, sir, your obedient servant,

The Dy. Head and Director, Geo. Survey.

J. L. McDOUGALL, A.G.

DEPT. OF GEOLOGICAL SURVEY, OTTAWA, April 29, 1898.

SIR,—I beg to acknowledge the receipt of your letter of April 25th, in which you raise the question whether temporary employees may be paid at a rate exceeding \$400 per annum, in conformity with the wording of the Geological Survey Appropriation, without having served the probation of two years necessary for the confirmation of an appointment to the regular technical staff of the survey, as provided for in clause 4 (a) of the Geological Survey Act. In raising this point you refer particularly to the Order in Council of the 13th instant, in the case of Mr. Theo. Denis, but as the question is a general one, affecting, as you remark, other employees of this department, I fail to see why Mr. Denis' name should be specially connected with its discussion. Payments have been made and audited under the special clause in the Geological Survey Appropriation, since October, 1896, the first such payment having been made at that date to Mr. A. Cole.

The object of the special clause in the Geological Survey Appropriation is clear, and so far as I am able to judge, the wording of the clause fully covers that object. The amendment to the Civil Service Act of May, 1896, having rendered it impossible to employ assistants at a rate of pay more than \$400 a year, and then only those who had passed the Civil Service examinations, it became absolutely necessary to provide some means by which temporary assistants with special or technical acquirements might be engaged from time to time. Assistance of the kind could not be obtained at the rate of \$400 per annum. The clause intended to enable the employment of such persons reads: "Persons having special and professional or technical qualifications, as defined by the Geological Survey Act, 53 Vic., Chap. 2, clause 4," &c. This manifestly applies to the qualifications as described in the first part of clause 4, not to the time of probation necessary before confirmation of a permanent appointment, which, it appears to me, does not come into question here at all. Otherwise stated, the qualifications necessary for a technical employee are precisely analogous to the Civil Service examination in the case of an ordinary clerical employee. Each is rendered eligible for temporary employment in his respective class without reference to the term of probation, which he must satisfy before being confirmed in a permanent position.

The above is my own view of the question suggested by you, and I do not feel any doubt as to the validity of the special provision made in the Geological Survey Appropriation; but should you feel it to be necessary to take an opposite position, I shall be

glad to be informed at your early convenience, as this might affect, not only the estimates now before the House, but also the amendment to the Geological Survey Act, lately introduced by the Minister of the Interior.

I am, sir, your obedient servant,

The Auditor General.

GEORGE M. DAWSON, D. H. & D.

AUDIT OFFICE, OTTAWA, May 9, 1898.

SIR,—In reply to your letter of the 29th ultimo, I beg to say that I am in great doubt whether the wording of the 53 Victoria, chapter 2, &c., and that of the appropriation justify what, as you say, has been passed over. You had better put the matter beyond a doubt while you are in a position to get things done.

I am, sir, your obedient servant,

The Dy. Head and Director, Geo. Survey.

J. L. McDOUGALL, A.G.

AUDIT OFFICE, OTTAWA, June 2, 1898.

SIR,—I have your supplementary pay-list for the month of May, covering the salaries of Messrs. T. Denis and J. Keele, at the rate of \$2.50 a day.

In our previous correspondence in connection with the rate of pay of Mr. Denis, I pointed out my difficulty in the interpretation of clause 4, 53 Victoria, chapter 11, taken in connection with the wording of your appropriation as regards the qualifications necessary for the employment of a technical officer in a temporary capacity at a higher rate than \$400 per annum.

I was under the impression from a conversation which I had with you that you would obtain the opinion of the Department of Justice in this matter and acquaint me with it. Although I cannot put the responsibility of my action on the Department of Justice, I should be glad to have its opinion on a doubtful point of law.

I am, sir, your obedient servant,

The Dy. Head and Director, Geo. Survey.

J. L. McDOUGALL, A.G.

DEPT. OF GEOLOGICAL SURVEY, OTTAWA, June 4, 1898.

SIR,—I have the honour to report that in a letter addressed to me by the Auditor General on April 25th last, he refers to an Order in Council of April 13th, authorizing the employment of Mr. Theo. Denis, under the provisions of the Geological Survey Act, 53 Vic., Chap. 11, clause 4, and alludes to a doubt which has arisen in his mind in regard to the meaning of the clause referred to. This doubt he thinks may affect the validity of the special provision made in the Geological Survey Appropriation.

In a letter addressed to the Auditor General under date April 29th, I have endeavoured to explain my understanding of the clause, its obvious intention and my belief that payment has been and may rightfully be made in such cases under the provision in the Appropriation Act. On April 29th a further Order in Council was passed for the employment of Mr. Keele, under the same clause. At the end of last month (May) the pay-list of temporary employees sent for audit was returned personally by an officer of the Auditor General's Department, with the names of Messrs. Denis and Keele struck out, and with a verbal message to the effect that these names might be sent up separately for further consideration. This was done, and the second list thus transmitted is the "supplementary pay-list" referred to in the Auditor General's letter of June 2nd.

These circumstances are mentioned merely for the purpose of stating that there was no other reason for the names in question appearing on a supplementary list, and in order to draw attention to the fact that the payments to three other men, coming under exactly the same provisions, were not questioned but were audited as usual on the main pay-list.

I must still demur, as in my letter of April 29th to the case of Mr. Denis (and now also that of Mr. Keele) being specially selected for discussion and stoppage of pay in connection with this question, which if well based must be considered as a general one, affecting all alike. I may add, that since October, 1896, seven gentlemen have been temporarily employed for various periods under the provisions of clause 4 of the Geological Survey Act, and paid as provided for in the Appropriation Bill, without question.

By the direction of the Hon. the Minister of the Interior, I beg therefore, respectfully to submit the question which has been raised by the Auditor General to the Hon. the

Auditor General's Report—Part a

Treasury Board for its ruling. Copies of the letters which have passed upon this matter and of the Geological Survey Act, and special clause inserted in the Appropriation Act are inclosed.

I am, sir, your obedient servant,

The Secretary, Treasury Board.

GEORGE M. DAWSON, *D.H. & D.*

TREASURY BOARD, OTTAWA, June 8, 1898.

SIR.—The inclosed correspondence has been referred by the Geological Survey Department to the Treasury Board for a ruling in regard to the payment of Messrs. T. Denis and J. Keele, temporary employees in the said department.

I presume from the correspondence, although you do not directly say so, that you have refused to pass the supplementary pay-list for the salaries of these men. I shall be glad to know if this is the case, and if so, would you kindly advise me for the information of the Board, under what section and clause of the Audit Act you take your objection, and also as to the reason for such objection. I should be glad to be informed on the above points at your earliest convenience, and also to have any remarks you may desire to make in reference to the matter.

I am, sir, your obedient servant,

The Auditor General.

J. M. COURTNEY, *Secretary.*

AUDIT OFFICE, OTTAWA, June 17, 1898.

SIR.—I have your letter of the 8th instant inclosing an appeal from the Geological Survey Department against my decision on the cases of T. Denis and J. Keele, temporary employees in that department.

It may be assumed that I did object to the payments in question at the rates desired by the Geological Survey Department, although I did not make the objection in so many words.

The persons named are employed under an item in the Supply Bill of 1897, Schedule B, which is in the following words:—"Wages of assistant explorers, draughtsmen, clerks and others (persons having special and professional or technical qualifications, as defined by the Act respecting the Department of the Geological Survey, 53 Vic., Chap. 11, section 4, may be employed and may be paid out of this sum at a rate of more than \$400 per annum, notwithstanding anything in the Civil Service Act)."

53 Vic., Chap. 11, section 4 is: "No person shall, after the passing of this Act, be appointed to this department under class (b) of Schedule A of 'The Civil Service Act,' unless—(a) he is a science graduate of either a Canadian or foreign university or of the Mining School of London, or the Ecole des Mines of Paris, or of some other recognized science school of standing equal to that of the said universities and schools, or a graduate of the Royal Military College, and in each case only after having served a probation of not less than two years in the scientific work of the department."

The question is whether the restriction underlined above of two years' previous service in the scientific work of the department applies to persons who are employed under the item in the estimates quoted. I think it does. If it had been intended to impose the restriction, the words used would have conveyed the intention. Then it is not unreasonable that such a restriction should have been imposed when the legislature removed the usual maximum limit of pay in the case of temporary employees and without imposing any other limit. If a general regulation imposes a restriction, it seems clear that no part of the restriction, except what is removed in specific words, should be considered as removed by another regulation which modifies the general regulation with reference to particular cases. If it was intended to apply only part of the restriction described in the Geological Survey Act, the fact would have been stated.

The director of the Geological Survey lays stress on the circumstance that pay at the rate of more than \$400 per annum was passed by this office in the case of persons who are in the same position as Messrs. Denis and Keele. The fact that if I am right now I was wrong before, does not make any difference. My having made a mistake before in the interpretation of the law, whether by oversight or not, does not change the law. My attention was not called when the pay-list of last month was before this office to the circumstance that the same objection existed with reference to others who were on the pay list. I shall not pass in the future the salaries of any of those to whom the same objection applies, until the action of the Treasury Board in the matter shall have been reported to me. The objection is taken under section 32 (a) of the Audit Act.

I am, sir, your obedient servant,

The Secretary, Treasury Board.

J. L. McDOUGALL, *A.G.*

DEPT. OF JUSTICE, OTTAWA, June 22, 1898.

SIR,—I have the honour to acknowledge the receipt of your letter of the 18th instant (T 23592 B) with respect to the objection of the Auditor General to the payment of Messrs. Denis and Keele, temporary employees in the Geological Survey Department, at a rate of pay exceeding \$400 per annum.

The Appropriation Act (No. 2), 1897, grants to Her Majesty a sum of \$50,000 for the payment of the wages of assistant explorers, draughtsmen, clerks and others, and provides that "persons having special and professional or technical qualifications, as defined by the Act respecting the Department of the Geological Survey, 53 Vic., Chap. 11, section 4, may be employed and may be paid out of this sum at a rate of more than \$400 per annum, notwithstanding anything in the Civil Service Act," the object of this provision being to except such persons from the general rule laid down by the Act of 1895 (Chap. 15, section 10), which prescribes the limits of the remuneration which may be paid to temporary clerks.

Section 4 of the Act respecting the Department of the Geological Survey (being the Act referred to in this vote as the Geological Survey Act), provides as follows:—

"4. No person shall, after the passing of this Act, be appointed to this department under class (b) of Schedule A, the Civil Service Act, unless—

"(a) He is a science graduate of either a Canadian or foreign university, or of the Mining School of London or the Ecole des Mines of Paris, or of some other recognized science school of standing equal to that of the said universities and schools, or a graduate of the Royal Military College, and in each case only after having served a probation of not less than two years in the scientific work of the department; or unless—

"(b) He has served a probation of not less than five years in the scientific work of the department; or unless—

"(c) He has had experience for the same number of years in similar work, official or otherwise, elsewhere."

I understand the fact to be that Messrs. Denis and Keele are science graduates, or graduates within the meaning of paragraph (a) of this section but they have not served a two years' probation in the scientific work of the department, and the question is whether such probationary service is a necessary element of the "special and professional or technical qualifications" referred to in the Appropriation Act. The Auditor General holds that it is, while the director of the Geological Survey contends that the qualifications referred to are those described in the first part of paragraph (a) only, and that the provision does not apply, as he puts it, "to the time of probation necessary before confirmation of a permanent appointment, which it appears to me does not come into question here at all."

I beg to state that I cannot agree with this view of the director. The statute does not, as seems to be suggested by him, provide for probationary appointments to be confirmed and made permanent after a certain probationary service, but contemplates immediate permanent appointments of those possessed of the requisite qualifications.

No one, it is enacted, is to be appointed unless he possesses the qualifications prescribed in either one of the three paragraphs, (a), (b) or (c). We must not, in construing the section for the present purpose confine our attention to paragraph (a). The other paragraphs of the section define qualifications which may with equal propriety be said to be of a special and professional or technical character, and I think that as a matter of interpretation these as well as those defined in paragraph (a) must be taken to be referred to in the Appropriation Act. The two years' probationary service is part of the qualification defined in paragraph (a), and I do not see how it is allowable to dispense with them any more than it would be to dispense with two of the five years probationary service required under paragraph (b).

I am, therefore, of opinion that the mere possession of such a degree as is required by paragraph (a) is not sufficient under the Appropriation Act to warrant the payment of a temporary employee in the department at a rate of more than \$400 per annum, and I am to state that the Minister of Justice concurs in this view.

I am, sir, your obedient servant,

The Secretary, Treasury Board.

A. POWER, *Acting D.M.J.*

Treasury Minute, June 24, 1898.—The Board had under consideration an appeal from the decision of the Auditor General refusing to sanction the payment of the salaries of Messrs. T. Denis and J. Keele, temporary clerks in the Department of the Geological Survey at the rate of \$2.50 a day—they having been employed under the item in The Appropriation Act (No. 2) 1897, which grants to Her Majesty a sum of \$50,000 for the payment of the wages of assistant explorers, draughtsmen, clerks and others, and provides that "persons having special and professional or technical qualifications as defined by the Act respecting the Department of the Geological Survey, 53 Vic., Chap. 11,

Auditor General's Report—Part a

section 4, may be employed and may be paid out of this sum at a rate of more than \$400 per annum, notwithstanding anything in the Civil Service Act."

Section 4 of 53 Vic., Chap. 11, provides as follows:—

"4 No person shall, after the passing of this Act, be appointed to this department under class (b) of Schedule A of 'The Civil Service Act,' unless—

"(a) He is a science graduate of either a Canadian or foreign university, or of the Mining School of London or the Ecole des Mines of Paris, or of some other recognized science school of standing equal to that of the said universities and schools, or a graduate of the Royal Military College, and in each case only after having served a probation of not less than two years in the scientific work of the department."

The Auditor General has objected to the payment of the above named officers on the ground that they have not served a two years' probation in the scientific work of the department, his objection being taken under section 32 (a) of The Consolidated Revenue and Audit Act.

The Board had also under consideration a letter from the Acting Deputy Minister of Justice, dated the 22nd June, 1898 (a copy of which is annexed), in which he states that the two years' probationary service is part of the qualification in paragraph (a) of 53 Vic., Chap. 11, section 4, and that he does not see how it is allowable to dispense therewith, and that he is of opinion that the mere possession of such a degree as is required by paragraph (a) is not sufficient under the Appropriation Act to warrant the payment of a temporary employee in the department at a rate of more than \$400 a year, and he states that the Minister of Justice concurs in this view.

In view of this decision the Board are of opinion that the objection of the Auditor General, that the clerks in question should not be paid at a higher rate than \$400 a year, has been well taken and they sustain him therein.

I am, sir, your obedient servant,

J. M. COURTNEY, *Secretary.*

Interior Dept.: Salary of Temporary Technical Clerks limited by Sec. 7, Chap. 15, 58-59 Vic.

AUDIT OFFICE, OTTAWA, July 14, 1898.

SIR,—In passing the temporary pay-lists of your department for the month of June, I have struck out the names of Messrs. L. Gauthier and J. Langlois. My reasons for so doing are as follows:—

1st. As regards Mr. Gauthier: The recent decision of the Treasury Board in this case was based on my contention that the Governor in Council had not power to date back an increase of salary. The following objection to the increase in Mr. Gauthier's salary has since been brought to my notice in consequence of a Treasury Board decision concerning the employment of temporary technical employees in the Geological Survey.

The employment of temporary clerks on technical work at a salary higher than the minimum salary of a third-class clerk was authorized by subsection 2 of section 47 of the Civil Service Act (49 Victoria, chapter 17), as amended by section 11 of 51 Victoria, chapter 12. This section (47) was repealed by section 7 of 58-59 Victoria, chapter 15, and a section substituted therefor which makes no provision for the employment of temporary technical employees and prevents the payment of any temporary employee who serves for the first time thereafter at a higher rate than \$400 per annum.

Section 8 of the same amending Act provides that temporary clerks employed on January 1, 1896, may be continued in such temporary employment at a rate of pay not exceeding their then rate. The Order in Council of July 13, 1897, authorizing the continuance of the employment of Mr. Gauthier and a number of others, refers to them as "temporary clerks." You are aware that it was decided on appeal to the Treasury Board in the Low case, that all temporary employees at Ottawa come under the Civil Service Act. Therefore, unless there is a special condition in connection with the parliamentary appropriation to pay for their services which exempts them from the restrictions of the Civil Service Act, as there are in the case of employees in the Public Works, the Railways and Canals and the Geological Survey Departments, and in individual cases in some other departments, the highest salary which can be paid is at the rate of \$400 a year.

The same reasons hold in the case of Mr. Langlois.

Surveyors who go into the field for your department were looked upon by me when the late Mr. Burgess brought the matter to my attention, as not subject to the restrictions of temporary clerks while at work in Ottawa, because they were in Ottawa doing

that part of their survey work which could be done more economically here than elsewhere. It was survey work which no person could do properly except the surveyor who performed the corresponding part of the field work.

I am, sir, your obedient servant,

The Deputy Minister of Interior.

J. L. McDUGALL, A.G.

DEPT. OF THE INTERIOR, OTTAWA, July, 16, 1898.

DEAR MR. McDUGALL,—I am duly in receipt of your two letters of the 14th instant, with regard to the cases of Mr. Gauthier, Mr. Langlois, and other officials of the Topographical Surveys Branch of this department, and fully appreciate the force of your argument in the matter of the proposed increases to these officials. In view of the fact, however, that the persons who are paid out of our survey appropriation are engaged on professional work, some as surveyors and the remainder as assistant surveyors, at headquarters, and considering further that no objection was taken by you to the payment of Mr. Gauthier's increased salary for part of April and the month of May, nor to the payment of Mr. Langlois' salary for these two months, I think, on reconsideration, you will agree with me that it would be a very serious hardship to the officials concerned if your objection were to be maintained. I have not the slightest doubt that if our attention had been called to the matter before the close of the session, our survey appropriation could have been so worded as to permit of our technical and professional officers on the survey staff at headquarters to be paid, as heretofore, whatever remuneration their services entitled them to. In the case of Mr. Langlois, for instance, I may point out that he is a surveyor, with a large family depending upon him, and that he abandoned another permanent Government position to accept work under this department, with the assurance that his pay, for the present at least, would not be less than \$75 per month, and that the employment would be continuous. You can well understand that it would hardly be possible to turn him out without cause to-day, or reduce his salary to \$400 per annum, which is the usual remuneration of copyists and typewriters.

Under the circumstances, I would feel exceedingly obliged if you would kindly allow the appointment of Mr. Langlois and the increases of salary in this Branch of our service, which have been duly approved by the Treasury Board and Council, to go through for this year, and I will undertake to have the matter adjusted to your satisfaction as soon as I am in a position to do so. Although I quite agree with you that the law is specific now as regards the employment of extra clerks, I do not think that it was ever intended that it should operate to prevent the proper carrying on of the work of the Surveys' Branch, which, as you are aware, could not be done without serious detriment to the administration of the public lands in Manitoba and the North-west Territories. I would be glad, therefore, if you will kindly give the necessary certificate for the issue of the salaries due, or suggest some other way out of the difficulty.

Yours very truly,

The Auditor General.

JAS. A. SMART, D.M.I.

AUDIT OFFICE, OTTAWA, July 21, 1898.

DEAR MR. SMART,—I have your letter of the 16th instant, with reference to the cases of Messrs. Gauthier and Langlois.

I am sorry to say that I cannot see my way to changing my position.

In view of the conversation which we had on the subject this morning it is unnecessary to go into the reasons again, and particularly as I understand from you that the matter is likely to be brought by you before the Treasury Board, which will necessitate my discussing the subject for the purpose of assisting the Board to come to a decision.

Yours sincerely,

The Deputy Minister of the Interior.

J. L. McDUGALL, A.G.

DEPT. OF THE INTERIOR, OTTAWA, July 26, 1898.

SIR,—I have the honour to report that the Auditor General has refused to certify to the payment of the salaries of Messrs. Louis Gauthier and John Langlois for the month of June last, his reasons for so doing being stated in full in his letter to this department of the 14th instant, of which a copy is hereto annexed. Messrs. Gauthier and Langlois have in consequence received no pay for their services since the end of the month of May last, and as this action of the Auditor General prejudicially affects the status of the various members of the Surveys Branch of this department, I beg to appeal to the Treasury Board, under subsection (c) of section 32 of the Consolidated

Auditor General's Report—Part a

Revenue and Audit Act, as to the propriety of the Auditor General's objection in the premises.

It should be pointed out that Mr. Gauthier has been connected with the surveys work of this department since the year 1883. By Order in Council of 13th April last, he was transferred from the Topographical Surveys Branch to that of the International Boundary Surveys, as successor to the late Mr. J. I. Dufresne, his salary being by the same Order increased from \$84.36 to \$100 per month. As he had, however, entered upon the performance of the duties of his new office on the 15th March preceding, an Order in Council was passed on the 10th May last authorizing the payment of his salary, at the increased rate, from the 15th March to the 12th of April last. The Auditor General thereupon took exception to the payment of any increase of salary to Mr. Gauthier for the period intervening between the time when he assumed the duties of his new office, and the date of the Order appointing him, for the reason that, in his opinion, it was not within the power of Council to give effect to promotions or increases of salary from a time earlier than the date when the promotion or increase was made, unless there was statutory provision to that effect. An appeal was made to the Treasury Board against this objection, and by Order of the Board, dated the 24th ultimo (T 23680 B), the objection in question was overruled. It may be explained further that the Auditor General had taken no exception to the payment of Mr. Gauthier's increased salary for that part of the month of April subsequent to the Order in Council of the 13th of that month, nor for the whole of the month of May, and that it was only after the Board had decided adversely to his contention that he objected to any increase of salary being granted at all to Mr. Gauthier, or to any other officials similarly situated, upon grounds which were not advanced by him at the time of the first appeal.

Mr. John Langlois, who is a Provincial Land Surveyor, has been employed in the Topographical Surveys Branch of this department since the 1st of April last, his employment, at \$75 per month, having been first authorized by Order in Council of the 10th May last. As in the case of Mr. Gauthier, the Auditor General did not take exception to the payment of Mr. Langlois' salary for the months of April and May last, and gave his certificate therefor, and it was only after the decision in the appeal above mentioned had been rendered that he withheld his certificate as to Mr. Langlois's salary for the month of June.

The Topographical Surveys Branch of this department has been in existence since the inception of the present system of Dominion lands surveys in Manitoba and the North-west Territories, although not organized in its present form. A special appropriation has been made by Parliament every year since 1873 to cover the amounts required for surveys, examination of survey returns, printing of plans, &c., the purpose of Parliament in making this vote being to have the lands belonging to the public domain surveyed and subdivided, in accordance with the provisions of the law in that behalf, so that the same may be made available for settlement. With this end in view, duly qualified Dominion land surveyors are sent out by the department in the spring of each year to do field work in Manitoba, the North-west Territories, British Columbia and the Yukon district, returning to Ottawa in the fall where they are engaged during the whole of the winter months in preparing their returns, draughting their plans, and making the necessary computations and deductions from their field notes. As a matter of fact, the work at headquarters is the direct complement of the field work, and the one would be perfectly useless without the other. So much so, that the Auditor General, in his letter of the 14th July, hereto annexed, admits that the restrictions of temporary clerks while at work in Ottawa do not apply to surveyors who go into the field. These surveyors, while in the field, are provided with the necessary staff of assistants and chainmen who are remunerated for their services according to a scale fixed by the Governor in Council, or by the Minister of the Interior himself, irrespective altogether of the provisions of the Civil Service Act, to whom it was never contended that they should apply. The services of these assistant surveyors are usually dispensed with in the fall, and the work which they would be called upon to perform if they were continued in employment after the return of the surveyors to headquarters is entrusted to a staff of special technical officials, who for their long services and experience are more particularly qualified to assist the surveyors in making the necessary deductions from their field operations. This work is purely technical in character and, as stated above, is the concomitant of the work in the field performed by the surveyors during the summer months. It can be properly performed only by professional men who are trained for that purpose, and in that capacity, being really assistant surveyors, are entitled to the same immunity as regards the restrictions of temporary clerks as are the surveyors themselves. It is therefore manifest that Mr. Gauthier, Mr. Langlois and other members of the Surveys Branch of this department are not "temporary clerks" in the particular sense in which that term is used in the Civil Service Act.

The Auditor General would seem to rest his whole argument on the assumption that the Treasury Board in the Low case decided that all temporary clerks at Ottawa

come under the provisions of the Civil Service Act. The correspondence in the case shows (see report of Auditor General for 1891, page A-32), that this was not the decision of the Treasury Board, who merely dealt with the particular case before them. It appears to me that the wording of their decision is not such as to warrant the inference which the Auditor General draws from it. Parliament has voted money to carry out certain work, namely, the surveys of Dominion lands, and it is clearly within the power of the Crown to appoint and pay such servants as are required to carry out the expressed intention of Parliament, notwithstanding their domicile, or anything in the Civil Service Act, which by its terms applies only to certain classes of public servants.

For these reasons, it would appear that the Auditor General was not justified in refusing to certify to the payment of the salaries of Messrs. Gauthier and Langlois for the month of June last, as above set forth, and I beg respectfully to appeal to the Treasury Board for consideration of his action in the premises.

I am, sir, your obedient servant,

The Secretary, Treasury Board.

JAS. A. SMART, *D.M.I.*

TREASURY BOARD, OTTAWA, Aug. 11, 1898.

SIR,—I have the honour to inclose herewith T B File No. 23878, being an appeal to the Treasury Board by the Department of the Interior from your decision in reference to the payment of the salaries of Messrs. Louis Gauthier and John Langlois, temporary employees of that department for the month of June last.

I have to request that you will be good enough to advise me for the information of the Board as to the nature of your objections to the payment of the salaries in question, and the reasons for such objections, also kindly let me know the section and clause of the Audit Act upon which such objections are based.

I shall also be glad to have any remarks you may desire to make regarding the case.

I am, sir, your obedient servant,

The Auditor General.

W. FITZGERALD, *Secy.*

AUDIT OFFICE, OTTAWA, Aug. 13, 1898.

SIR,—I have the honour to acknowledge receipt of your letter of the 11th instant inclosing an appeal to the Treasury Board from the Interior Department against the Auditor General's decision that Mr. L. Gauthier might not receive the increase of pay mentioned in the Order in Council of April 13th last, and that Mr. John Langlois might not be paid at a higher rate than \$400 a year.

The objection in the case of Mr. Gauthier is based on the provisions of section 8, 58-59 Vic., Chap. 15, which enacts that "Temporary clerks now employed," i.e., on January 1st, 1896, "may be continued in such temporary employment at such rate of pay, not exceeding their present rate of pay, as is fixed by the Governor in Council." It is, therefore, illegal to pay Mr. Gauthier at a higher rate than he was receiving on the 1st January, 1896.

With regard to Mr. Langlois, section 7 of 58-59 Vic., Chap. 15 (which was substituted for section 47 of the Civil Service Act) is the authority for the engagement of temporary employees, but it makes no provision for the payment of temporary technical officers at any higher rate than that fixed by section 10 of the same Act which limits the salary to be paid to a temporary employee, who serves for the first time after the passage of that Act, to \$400 a year.

Under these provisions the contention of this office is that Mr. Langlois may not receive a greater salary than \$400 a year. This view is in accordance with the recent decision of the Treasury Board that Messrs. Denis and Keele, temporary technical employees of the Geological Survey Department, should not be paid at a higher rate than \$400 a year.

The Deputy Minister of the Interior holds that the decision of the Treasury Board in the Low case (see Audit Report of 1891, page A-32), does not warrant the inference that all temporary clerks at Ottawa come under the Civil Service Act. With reference to this view, let me direct attention to the fact that the objection in the Low case was based on what was considered a correct general principle, and that the Board, on the opinion of the Department of Justice, decided that the objection was insufficient. I think the only inference is that the decision brings all temporary employees at Ottawa under the Civil Service Act, and this view seems to be confirmed by the recent ruling of the Treasury Board in the cases of Messrs. Denis and Keele already referred to.

Auditor General's Report—Part a

The objections are taken under section 32 (a) of the Consolidated Revenue and Audit Act.

Papers returned herewith.

I am, sir, your obedient servant,

The Acting Secretary, Treasury Board.

E. D. SUTHERLAND, for A.G.

DEPT. OF JUSTICE, OTTAWA, Aug. 30, 1898.

SIR,—I have the honour to acknowledge the receipt of your letter of the 15th instant (T 23878 B), relating to the appeal to the Treasury Board from the Department of the Interior against the Auditor General's decision that Mr. L. Gauthier cannot lawfully receive the increase of pay mentioned in the Order in Council of April 13th, 1898, and that Mr. John Langlois cannot lawfully be paid at a higher rate than \$400.

The Auditor's objection is that there is no parliamentary authority for such payments, and the reference to this department is for an opinion of the Attorney General under section 32, paragraph (a) of the Consolidated Revenue and Audit Act, as to whether there is or is not such authority.

I am directed by the Minister of Justice to state that in his opinion there is no such authority, if Messrs. Gauthier and Langlois are temporary clerks within the meaning of section 47 of the Civil Service Act, as that section is enacted by section 7 of chapter 15 of the Acts of 1895. In that case, it was lawful, if Mr. Gauthier was employed as a temporary clerk at the time the Royal assent was given to the Act of 1895, to continue him in such employment at the rate of pay he was then receiving (Act of 1895, sec. 8); but there is no authority for any increase in his salary if he has already reached the maximum salary payable to temporary clerks under section 10 of the Act of 1895.

In the case of Mr. Langlois, if he is a temporary clerk within the meaning of the Act, he cannot lawfully be paid at a higher rate than that provided for by said section 10, and for his first year of service his salary may not exceed \$400, unless he has passed an examination in optional subjects.

The Minister is unable to distinguish the cases of Messrs. Gauthier and Langlois from those of the Fishery Bounty clerks, whose status was considered by Sir Oliver Mowat upon a reference from the Treasury Board of 21st September, 1897 (T 22743 B), and reported upon by him in a memorandum of the 15th of the following month. The Minister concurs in the conclusion arrived at by his predecessor in the memorandum referred to, viz., that the clerks in question were temporary clerks within the meaning of the Act, and he thinks that Messrs. Gauthier and Langlois must also be held to come within that class of employees.

The Minister, therefore, concurs in the view of the Auditor General that there is no parliamentary authority for the proposed payments.

I am, sir, your obedient servant,

The Secretary, Treasury Board.

E. L. NEWCOMBE, D.M.J.

Treasury Minute, Sept. 9, 1898.—The Board had under consideration an appeal from the decision of the Auditor General that Mr. L. Gauthier, a temporary clerk in the Department of the Interior, cannot lawfully receive the increase of pay mentioned in the Order in Council of April 13th, 1898, and that Mr. John Langlois, also an extra clerk in the same department, cannot lawfully be paid at a higher rate than \$400 per annum.

In the case of Mr. Gauthier the objection of the Auditor General is based on the provisions of section 8, 58-59 Victoria, chapter 15, which enacts that "Temporary clerks now employed" (i.e., on January 1st, 1896), "may be continued in such temporary employment at such rate of pay, not exceeding their present rate of pay, as is fixed by the Governor in Council," and the Auditor General therefore deems it illegal to pay Mr. Gauthier at a higher rate than he was receiving on 1st January, 1896.

With regard to the case of Mr. Langlois, the contention of the Audit Office is, that, sec. 7 of 58-59 Victoria, chapter 15 (substituted for section 47 of the Civil Service Act) is the authority for the engagement of temporary employees, but it makes no provision for the payment of temporary technical officers at any higher rate than that fixed by section 10 of the same Act, which limits the salary to be paid to a temporary employee who serves for the first time after the passage of that Act to \$400 a year, and, therefore, Mr. Langlois may not receive a greater salary than \$400 a year.

The objections of the Auditor General which, in each case, are taken under section 32 (a) of the Consolidated Revenue and Audit Act, are that there is no parliamentary authority for the payments in question.

The Board had also under consideration a communication on the subject from the Deputy Minister of Justice under date of 30th August, 1898 (copy inclosed), setting forth

that he was directed by the Minister of Justice to state that in his (the Minister's) opinion, there is no parliamentary authority if Messrs. Gauthier and Langlois are temporary clerks within the meaning of section 47 of the Civil Service Act, as that section is enacted by section 7 of chapter 15 of the Acts of 1895 ; that in that case it was lawful, if Mr. Gauthier was employed as a temporary clerk at the time the Royal assent was given to the Act of 1895, to continue him in such employment at the rate of pay he was then receiving (Act of 1895, sec. 8), but that there is no authority for any increase in his salary if he has already reached the maximum salary payable to temporary clerks under section 10 of the Act of 1895.

In the case of Mr. Langlois, the Deputy Minister of Justice states that if he is a temporary clerk within the meaning of the Act he cannot lawfully be paid at a higher rate than that provided by said section 10, and for his first year of service his salary may not exceed \$400, unless he has passed an examination in optional subjects ; that the Minister of Justice is unable to distinguish the cases of Messrs. Gauthier and Langlois from those of the Fishery Bounty clerks, whose status was considered by Sir Oliver Mowat, upon a reference from the Treasury Board of 21st September, 1897 (T 22743 B) and reported upon by him in a memorandum of the 15th of the following month ; that the Minister concurs in the conclusion arrived at by his predecessor in the memorandum referred to, viz., that the clerks in question were temporary clerks within the meaning of the Act, and he thinks that Messrs. Gauthier and Langlois must also be held to come within that class of employees, and that the Minister, therefore, concurs in the view of the Auditor General that there is no parliamentary authority for the proposed payments.

In view of this decision, the Board are of opinion that the objections of the Auditor General to the payments in question have been well taken, and they sustain him therein.

a. The division made by the Treasury Board did not meet the requirements of the Department, and whilst there is an apparent saving, on the other hand certain payments for printing and stationery belonging to 1897-98 had to be delayed over and paid from vote for 1898-99. b. Caused by strict economy. c. Expenditure varies according as exigencies arise, and was not so large as usual.

These accounts have been examined under my direction and are correct.

a. Salary of E. Richard \$1200 charged to accounts 1898-99; b. Under new arrangement with the Queen's Printer, cost of Year Book considerably reduced. c. Some of the claims were reduced. d. Some accounts were disallowed. e. Some of the accounts did not reach the Department in time. f. Several steamships provided for in the Estimates, were not fitted up with cold storage during the year; the service on the railways cost \$5,800 less than was estimated, through larger quantities being carried in the refrigerator cars. Cold storage warehouses were only established at one city (Quebec), instead of at five as estimated for.

a. Caused by an error in addition of Departmental accounts. The Auditor General was requested to transfer the over-expenditure to accounts of 1898-99, but did not comply. (Note by A. G.) Transfer of the over-expenditure was refused, because it was expenditure incurred during 1897-98, and properly chargeable against the Vote of that year. b. The Inspecting Physician's travelling expenses less than usual. c. The Veterinary Surgeons paid out of this appropriation, gave their services towards extermination of hog cholera and sheep scab. If this and the sub-head for the latter were totalled, the expenditure would have been about even with the appropriation. d. See previous explanation. e. The expenditure did not equal the Vote, as this was an extra expenditure under the head of Cattle Quarantine.

These accounts have been examined under my direction, and are correct.

a. The extension of the Immigration business in Great Britain and Ireland was not carried out to the same extent as it was intended.

b. Amount required over estimated.

c. The over-expenditure was caused by the large amount paid for bonuses during the last fiscal year. Under a new arrangement, these bonuses have to be paid immediately upon presentation of the shipping receipts and the last cheque drawn by the High Commissioner on 30th June last, was for £454.2.2, a much larger sum than it was anticipated would be required at that time, as the amount set aside for bonuses had already been much larger than was estimated.

a. Occasioned by the necessity for a re-vote to properly cover the route as run, the full original service of \$25,000 only was incurred and paid. b. These balances were all deductions *pro rata* from amounts under contract for service short performed. c. Calls at Halifax for mails were made during the winter season only, the balance was for the *pro rata* amount for the whole year of the vote of \$20,000. d. The service as run necessitated a re-vote to cover two years' service, the amount unexpended was deducted *pro rata* for voyages short during the time. e. The full service was not performed, principally by reason of an accident to the steamer employed. f. As no suitable service was offered no expenditure was incurred.

These accounts have been examined under my direction and are correct.

(a) A special clause in the Supply Bill makes the balance unexpended at the end of a fiscal year non-lapseable. The large amounts now on hand has been caused by an accumulation of balances unexpended during the past few years being carried forward. b. Surplus owing to the retirement of Mr. Montgomery, Registrar at Regina, and Mr. Barker, Inspector of Land Titles Offices, both positions being now filled by Mr. Newlands, thereby saving about \$2,000. The unexpended balance on June 30th, 1897, which does not lapse, accounts for the balance of the surplus. c. This estimate was based on the number cared for at the time of the preparation of the Estimates; it is impossible to control the increase or decrease.

* This amount is available, under section 5 of the Supply Bill, for expenditure in 1898-99.

a. Caused by extra expenditure for cart igs of goods to Examining Warehouse, Toronto, and additional expenditure at Collingwood owing to new business at outport of Parry Sound. The over expenditure in Manitoba and British Columbia was caused by increased business, which is evidenced by increased revenue. These over-expenditures are covered by the balance unexpended on the appropriation for unforeseen expenditures. *b.* The Assistant Collector at Montreal died, and the position was not filled. *c.* Some officers who died were not replaced, and some minor offices were abolished. *d.* This estimate can only be approximate. *e.* Expenditure made by Department of Marine and Fisheries. *f.* Expenditure made by Department of Justice.

These accounts have been examined under my direction and are correct.

a. Unforeseen changes made in the staff by death and superannuations and paying from the vote for contingencies the salaries of men who could not be put permanently on the staff for want of passing the required examination. b. Fewer officers employed than anticipated, less manufactures in operation. c. Balance due M. Kelly, who died June, 1898. d. Death of Elie Noël. Ed. Kelly and M. O'Brien replaced on permanent list. e. In anticipation that the Supplementary Estimates might be cut down, as previously, the inspection work was temporarily stopped for April and May. f. Resignations and superannuations—vacancies not filled. g. Saving in expenditure of Board of Commissioners appointed to select grain and flour samples. h. Reductions in staff from deaths, superannuations and dismissals; less new appointments than provided for. This system of economy has, however, proved itself to be false.

These accounts have been examined under my direction and are correct.

Auditor General's Report—Part B

Criminal Statistics: Overpayments.

AUDIT OFFICE, OTTAWA, November 4, 1898.

SIR,—Cheque No. 11673 is a payment of \$1.64 to James Hall, of Merritton, Ont., for return of convictions in connection with the compilation of Criminal Statistics. The account is again paid by Cheque No. 11917. Please obtain, as soon as possible, a refund of the overpayment.

I am, sir, your obedient servant,

The Deputy Minister of Agriculture.

J. L. McDOUGALL, A.G.

AUDIT OFFICE, OTTAWA, November 4, 1898.

SIR,—Cheque No. 11674 is a payment to Henry Langford, of Rat Portage, Ont., for return of convictions in connection with the compilation of Criminal Statistics. The account is again paid by Cheque No. 11918. Please obtain, as soon as possible, a refund of the overpayment, and explain the cause of this and the other overpayment to which your attention is called in another letter of to-day's date.

I am, sir, your obedient servant,

The Deputy Minister of Agriculture.

J. L. McDOUGALL, A.G.

AUDIT OFFICE, OTTAWA, November 9, 1898.

SIR,—I have to call your attention to Cheque No. 11891, a payment of \$10.74 to Wm. A. McDougall, Clerk of Police Court, Moncton, for return of convictions to September 30th, 1897, in connection with the compilation of Criminal Statistics. It would appear that he had already been paid by Cheque No. 11586, for this return to September 30th, 1897, although the amounts are different. Please explain.

I am, sir, your obedient servant,

The Deputy Minister of Agriculture.

J. L. McDOUGALL, A.G.

DEPT. OF AGRICULTURE, OTTAWA, NOV. 21, 1898.

SIR,—I have the honour to acknowledge your two letters of the 4th inst., and yours of the 9th, on the subject of accounts for Criminal Statistics paid twice.

Re yours 4th, Cheques Nos. 11674 and 11918, both in payment of the same account. The explanation of the Acting Accountant is that the account reached his office twice, certified by Mr. St. Denis, of the Statistician's office, who checks these accounts, that he cancelled it the second time, but by some means he later on signed it for payment. Mr. Langford's account for this year is \$2.25, from which will be deducted the \$2.05 overpayment.

Re yours 4th, Cheques 11673 and 11917, to James Hall, of Merritton, Ont. In this case also Mr. St. Denis had certified to two accounts, and the error was not discovered in the Accountant's Office. There is \$1.70 due Mr. Hall on account of this year's returns, from which the \$1.64 will be deducted.

Re yours 9th, Cheques 11981 and 11586, in favour of Wm. A. McDougall, Clerk of the Police Court, Moncton. The same explanation as given in the above two cases is also applicable to this one. With regard to the different amounts Mr. Denis writes me as follows:—

"The return of Criminal Statistics made by Mr. McDougall, was received on the 20th November, 1897, and certified to as correct on the 24th of the same month. But on compiling said return we found that some changes had to be made in it and we sent it back for correction. In the meantime the account, through an oversight on the part of one of the clerks, was sent in, with a lot of others, to be paid, and when the corrected return came back, the second account, made out in accordance with the corrections, was sent in and paid."

The amount of the overpayment to Mr. McDougall will be deducted from his account for this year.

I return vouchers herewith.

I am, sir, your obedient servant,

The Auditor General.

North-west Territorial Exhibition Accounts: Overpayments.

AUDIT OFFICE, OTTAWA, November 4, 1898.

SIR,—I have to call your attention to Cheques Nos. 13191 and 13192, payments made to L. C. Rodgers, for Jos. Jackson, on the latter's power of attorney. Part of the accounts which are paid by these cheques are the accounts of G. A. Jackson, and not of Jos. Jackson, viz., \$63.50, \$61.43, \$70 and \$9.79, amounting to \$204.72. The balance of the accounts amounts to \$284.72. The first of these latter accounts amounts to \$37.50, and this item is entered in a subsequent account of \$165.22. This fact was pointed out to you in my letter of July 19th, 1897. Both accounts, however, have been paid in full by your department. Please explain and state why the whole amount of the accounts have been paid to Jos. Jackson, or rather his attorney.

I am, sir, your obedient servant,

The Deputy Minister of Agriculture.

J. L. McDOUGALL, A.G.

DEPT. OF AGRICULTURE, OTTAWA, NOV. 14, 1898.

I have been making full inquiries into this matter so as to be able to give you a complete explanation, but before I can do this I find it will be necessary to prosecute my inquiry further.

I am, sir, your obedient servant,

The Auditor General.

W. B. SCARTH, D.M.A.

AUDIT OFFICE, OTTAWA, December 2, 1898.

SIR,—Referring to your letter of November 14th *re* Jackson accounts, Territorial Exhibition expenditure, please let me know as soon as possible what further action has been taken by your department in the matter, and what information has been obtained.

It would appear that of the \$489.44 paid Jos. Jackson, through his attorney, L. C. Rodgers, \$324.20 of the amount is an overpayment, as follows:—

Accounts of G. A. Jackson.....	\$204 72
Item entered twice.....	37 50
Item entered twice.....	80 00
Account of S. S. Dickson.....	2 00
	<hr/>

and that there was only \$165.22 due Jos. Jackson.

Please explain how the mistakes occurred.

Auditor General's Report—Part B

DEPT. OF AGRICULTURE, OTTAWA, Oct. 29, 1898.

SIR,—Referring to your letter of the 27th ultimo, I asked the secretary to interview you on the questions of quarantine expenditure contained therein, and he has informed me of what took place at that interview. I understand from him that you do not consider that even an Order in Council would be sufficient authority to confirm these payments, and that you think a parliamentary vote is the only authority which will make them valid. He further informed me that you held that even if the Orders in Council were obtained, it would be necessary to have the matter referred to the Treasury Board.

I find that similar payments were previously made by Order in Council to which no objection was taken by you. Under these circumstances, I think it better to apply for the Orders in Council confirming the payments, which were made by direction of the Minister.

I am, sir, your obedient servant,

The Auditor General.

W. B. SCARTH, D.M.A.

AUDIT OFFICE, OTTAWA, November 2, 1898.

SIR,—I am in receipt of your letter of the 29th inst., in reference to certain payments made as gratuities to late employees at Grosse Isle Quarantine Station. I note you state that similar payments were previously made by Order in Council to which no objection was taken by this office. Please let me have a statement of such payments, with copies of the Orders in Council under which they were made. I would remind you that my passing an irregular payment, no matter whether from ignorance or inattention, does not justify my doing a similar thing when my attention is drawn to the point, or my eyes are opened, as the case may be.

As to the suggestion in your letter that it would be better to apply for Orders in Council confirming these payments, I have to state that I am of the opinion that a parliamentary vote is the only authority for such payments, and that the general practice has been to obtain votes for payments of this kind, although this is generally done before the payment is made.

I am, sir, your obedient servant.

The Deputy Minister of Agriculture.

J. L. McDOUGALL, A.G.

DEPT. OF AGRICULTURE, OTTAWA, Nov. 10, 1898.

SIR,—In reference to your letter of the 2nd instant, on the question of the payment of gratuities, asking for a statement of previous payments of this nature made under Orders in Council, and stating that your passing irregular payments once does not justify your doing so again, in which, of course, I quite agree with you.

I inclose you copy of an extract from the Minutes of a meeting of the Treasury Board, held on the 10th January, 1879, approved on the 15th January, 1879, authorizing the payment of gratuities to the following persons :—

B. de Roy, constable.....	\$76 00
E. Roy, carpenter.....	70 00
Jane Collins, nurse.....	50 00
Helen Gorman, nurse.....	50 00
Margt. Zelins, nurse.....	50 00

I quite understood what you expressed in your letter, viz., that a parliamentary vote is the only authority for such payments, and my object in applying for the Order in Council for the recent payments is to have the matter decided by an appeal to the Treasury Board.

I am, sir, your obedient servant,

The Auditor General.

W. B. SCARTH, D.M.A.

EXTRACT from the Minutes of a meeting of the Treasury Board, held on the 10th January, 1879, approved by His Excellency the Governor General in Council, on the 15th January, 1879.

Read report of the Hon. the Minister of Agriculture, representing that the quarantine service at Grosse Isle can be equally well performed by a smaller staff than at present employed; and recommending that the services of the following persons be

dispensed with from the first of April next, and that they be allowed the sums opposite their respective names, as compensation for loss of employment :—

B. de Roy, constable.....	\$76 00
E. Roy, carpenter.....	70 00
Jane Collins, nurse.....	50 00
Helen Gorman, nurse.....	50 00
Margt. Zelins, nurse.....	50 00

The Board concur in the report, and respectfully recommend its adoption by Council.

Certified,

The Honourable the Minister of Agriculture.

Cattle Quarantine: Overpayment.

AUDIT OFFICE, OTTAWA, October 26, 1898.

SIR.—Cheque No. 10665 is a payment of \$114.25 to A. E. Moore, for services and expenses as cattle quarantine inspector to August 12, 1897. The account includes six days' services in August at the rate of \$5 per day. As Mr. Moore was paid his salary of \$83.33, Cheque No. 10780, as travelling inspector for August, this charge of \$30 would appear to be an overpayment. If so, please obtain from him a refund of the amount.

I am, sir, your obedient servant,

The Deputy Minister of Agriculture.

J. L. McDOUGALL, A.G.

AUDIT OFFICE, OTTAWA, November 29, 1898.

SIR,—Referring to my letter of October 26, 1898, *re* apparent overpayment of \$30 to A. E. Moore, travelling inspector, cattle quarantine. Please let me know what action has been taken in this matter.

I am, sir, your obedient servant,

The Deputy Minister of Agriculture.

J. L. McDOUGALL, A.G.

DEPT. OF AGRICULTURE, OTTAWA, Dec. 1, 1898.

SIR,—I am in receipt of your letter of the 29th ult., *re* overpayment of \$30 to A. E. Moore, V.S., and in reply beg to inform you that this amount has been refunded by Dr. Moore to the department, and has been placed to the credit of Casual Revenue account.

I am, sir, your obedient servant,

The Auditor General.

Cattle Quarantine: Irregular Payments.

AUDIT OFFICE, OTTAWA, October 28, 1898.

SIR,—I have to call your attention to the accounts of Jos. Kime, for services in June, 1897, paid by Cheques No. 10105 and 10111. In one account he is paid for his services for the full day on June 1, 3, 7, 17, 28, 29, 30, at the rate of \$5 per day. The second account contains charges amounting to \$9 for inspecting hogs, 9 cars at \$1, on the days for which he is paid for his services in full in the former account. Please explain the apparent overpayment.

I am, sir, your obedient servant,

The Deputy Minister of Agriculture.

J. L. McDOUGALL, A.G.

DEPT. OF AGRICULTURE, OTTAWA, Nov. 18, 1898.

SIR,—I beg to acknowledge receipt of your letter of the 28th ultimo, calling attention to the fact that Mr. Kime was paid \$1 per car for inspecting certain hogs, while for the same days on which the inspections had taken place he had been paid for his services for the full day.

I had omitted to notice this in his June accounts, but I find that in the following month, July, I had myself taken the same objection and had declined to pay him. I have now written Mr. Kime that we will deduct \$9 from his next month's salary.

I am, sir, your obedient servant,

The Auditor General.

Auditor General's Report—Part B

DEPT. OF AGRICULTURE, OTTAWA, Nov. 28, 1898.

SIR,—Referring to your letter of the 28th ultimo, and my reply of the 18th November, re Mr. Kime's charge of \$9 for inspecting cars of hogs on the days for which he was paid for his services at the rate of \$5 per day, I now beg to inclose you copy of a letter received from him, in explanation of this charge. Under the circumstances, my impression is that the item should be allowed, but we should have a voucher from his father. I shall be glad to know what your opinion is.

I am, sir, your obedient servant,

The Auditor General.

W. B. SCARTH, D.M.A.

CHATHAM, November 22, 1898.

DEAR SIR,—In reference to your letter of the 18th inst., as to overcharges in June, 1897,—the work was done for the department. I was in the country on business for the department, and I had to get my partner to inspect hogs, cars, &c., and give certificate to be attached to bill of lading; and in one case, Prof. Smith, of Toronto, was at Chatham, and we were out of town all day, and I had to get my father to visit shipping yards, and inspect, &c. I would like you to consider this matter and report to Prof. McEachern and see what he says. In the last two months I have spent all my time in the interest of the department, working all day until dark and driving home at night 10 and 15 miles, getting home at 9 and 10 o'clock at night. And, also, I have worked several Sundays in the township of Dover to suppress the disease and get it under control. You know by reports what has been done. I will leave it to you, if necessary to deduct the \$9 to make your reports right.

In reference to this matter, anything you wish to know I will explain, or I will report more fully to Prof. McEachern, when he is in this district at his next visit.

Yours obedient,

W. B. Scarth, D.M.A., Ottawa.

JOSEPH KIME, JR., V.S.

AUDIT OFFICE, OTTAWA, November 29, 1898.

SIR,—I am in receipt of your letter of 28th inst., with inclosed copy of communication from Mr. Kime in reference to a charge of \$9, to the payment of which by your department, objection was made by this office. In reply I have to state that if the services were performed as stated and were authorized there can be no objection to payment to the one who performed such services and who, therefore, is entitled to receive the money, on an account certified to that effect by the proper officials of your department. Payment for such to Mr. Kime, under the circumstances stated, is clearly an overpayment, and as such should be refunded by him.

I am, sir, your obedient servant,

The Deputy Minister of Agriculture.

J. L. McDOUGALL, A.G.

DEPT. OF AGRICULTURE, OTTAWA, Dec. 2, 1898.

SIR,—I beg to acknowledge the receipt of your letter of the 29th ult., in reference to an overpayment of \$9 to Mr. Kime, V.S.

As I understand Mr. Kime's letter, the \$9 was paid over by him to his father. I have, therefore, written to him to get proper vouchers from his father. Should these not be received, I will get a refund of the amount and deposit it to the credit of the Receiver General.

I am, sir, your obedient servant,

The Auditor General.

W. R. SCARTH, D.M.A.

AUDIT OFFICE, OTTAWA, November 22, 1898.

SIR,—Cheque No. 10563 is a payment to J. A. Stevenson, of Ridgetown, Ont., for services and expenses in July in connection with cattle quarantine. The former part of his account contains a charge of \$5 for one day's services on July 29th. This charge is repeated in the second part of the account. A deduction of \$1.25, with no details stated, is made from the whole account. Is there not still an overpayment of \$3.75?

He charges, and is allowed, for signing permits and taking declarations, June, \$12; July, \$20; and August, \$20. Details of these amounts should be given. Does not the payment of \$5 per day for his services cover these claims?

I am, sir, your obedient servant,

The Deputy Minister of Agriculture.

DEPT. OF AGRICULTURE, OTTAWA, Oct. 3, 1898.

Whitehead & Co., of Montreal, on \$800 insurance on the Outremont Experimental Station, for 36 months from December 4th, 1897, and asking, in view of the terms of the Order in Council of July 5th, 1881, dealing with the question of insurance of Government property, why this Outremont property was insured.

Dr. McEachern was not aware of the Order in Council above mentioned, and insured the Outremont property without consulting the department. If desired, I will try to have the policy cancelled, and a refund made of the premium covering the period from the present time to the 4th December, 1900.

CENTRAL EXPERIMENTAL FARM, OTTAWA, May 10, 1898.

DEAR MR. SCARTH,—I beg to acknowledge the receipt of your file No. 114344 (which I return herewith), accompanied by a letter from the Auditor General in reference to Cheques No. 7882 and No. 7881, of the Experimental Farm.

With regard to the increase in wages paid to Mr. H. S. Marsh, as assistant chemist: The original understanding with Mr. Marsh when he entered the employ of the farms was that he was to receive \$600 the first year, \$700 the second year, and \$800 for the third year of his services. The increase which is included in Cheque No. 7881 was given him in accordance with that understanding.

With regard to Cheque No. 7882, a payment to Mr. W. S. Blair, of Nappan, of \$26.66, as increase of salary from \$720 to \$800, I may say that this increase was given under instruction of the Minister.

I would say that neither of the officers to whom these payments were made are employed by Order in Council. They rank as temporary employees, and their salaries are paid by instruction of the Minister, and they are employed during his pleasure.

With regard to section 6, chap. 57, of the Revised Statutes: This has always been held to apply only to those officers and employees of the farms who are appointed by Order in Council. Were it otherwise, it would have been made to include all the labouring men on the Central and branch farms, and it would be quite impracticable to carry on the farm work at all under such restrictions, as many of the men are employed but for very short periods, and paid off as soon as their services are no longer necessary. I do not see how it would be possible to have such employment as this regulated by the Governor General in Council. This matter was discussed with the Auditor General some two or three years ago, and I understood that he was satisfied with the explanations given at that time.

Yours very truly,

The Deputy Minister of Agriculture.

WILLIAM SAUNDERS, *Director*.

AUDIT OFFICE, OTTAWA, May 16, 1898.

SIR,—Let me acknowledge the receipt of your letter of 12th instant, inclosing communication from Dr. Saunders, Director of Experimental Farms, *re* payment of increased salaries and arrears.

Referring to Dr. Saunders' statement that it would be quite impracticable to carry on the farm work were the labouring men to be included in the employees appointed by Order in Council, and to his discussion of this question with me some years ago, my recollection of the conversation is that the present Experimental Farms Act was to have been amended to conform with the part of the practice which it seemed necessary to continue. If I remember rightly, Dr. Saunders saw no objection to the employment of all other officials, that is, those who are in receipt of a fixed salary per annum, including such employees as those to whom the increases were made, being regulated by Order in Council. This is required by the Experimental Farms Act, as it now stands.

I am, sir, your obedient servant,

The Deputy Minister of Agriculture.

J. L. McDOUGALL, *A.G.*

DEPT. OF AGRICULTURE, OTTAWA, June 28, 1898.

SIR,—Adverting to previous correspondence in reference to the payment of increased salaries and arrears to experimental farm employees, I beg now to inclose you copy of a letter, dated 22nd instant, from the director of experimental farms, respecting the question raised in yours of the 16th ultimo, which was referred to him.

I am, sir, your obedient servant,

The Auditor General.

W. B. SCARTH, *D.M.A.*

CENTRAL EXPERIMENTAL FARM, OTTAWA, June 22, 1898.

DEAR MR. SCARTH,—I have your letter of June 16th, with reference to the copy of the Auditor General's letter of May 16th, which you sent to me some time ago, relating to the payment of increased salaries and arrears. I may say that I have explained the matter to the Minister, and he thinks there will be no difficulty in having the Experimental Farms Act amended another session, to conform with the practice which has been followed in connection with the employees of the farms ever since these organizations were established. This will, I think, meet the wishes of the Auditor General.

Yours very truly,

The Deputy Minister of Agriculture.

WM. SAUNDERS, *Director*.

Auditor General's Report—Part B

Payment of Removal Expenses, without Treasury Board's Approval.

AUDIT OFFICE, OTTAWA, October 19, 1898.

SIR,—Cheque No. 8537, Experimental Farms, is a payment of \$46 to R. Robertson, Superintendent of Nappan Farm, for freight on car of household goods from Compton, Quebec, to Nappan, N.S. The Order in Council of September 8, 1871 states that no claim of this kind can be granted except on report of the Treasury Board. There is no record of any report in this case. Please explain. The account is incomplete without the original freight bill.

I am, sir, your obedient servant,

The Deputy Minister of Agriculture.

J. L. McDUGALL, A.G.

DEPT. OF AGRICULTURE, OTTAWA, Nov. 14, 1898.

SIR,—Referring to your letter of the 19th October, *re* Cheque No. 8537, Experimental Farms, a payment to R. Robertson, Superintendent of the Nappan Experimental Farm, for freight on car of household goods from Compton, Que., to Nappan, N.S., I beg to inclose you copy of letter from the Director of Experimental Farms, in explanation of this payment of \$46.

The freight bill will be forwarded to you just so soon as it is received.

I am, sir, your obedient servant,

The Auditor General.

W. B. SCARTH, D.M.A.

CENTRAL EXPERIMENTAL FARM, OTTAWA,

DEAR MR. SCARTH,—I regret that I have not been able to answer more promptly your communication No. 117027, forwarded to me on the 22nd of October, covering a letter from the Auditor General in reference to the payment of \$46 to R. Robertson, Superintendent of the Experimental Farm at Nappan, for freight on car of household goods from Compton, Que., to Nappan, N.S.

I may say that the payment of the sum referred to was authorized by the Minister of Agriculture. Before giving his authorization he requested me to examine the accounts of the Experimental Farm to ascertain if there was any precedent for such action. I found that during the fiscal year of 1889-90, the Government paid for travelling expenses of Mrs. T. A. Sharpe and two children, from Ontario to Agassiz, \$136.05; also the freight on their household goods, \$54.81. There was also paid from the Experimental Farm vote, in December, 1889, to Mr. and Mrs. Wm. Taylor, and four children, their travelling expenses from London, Ont., to Ottawa, \$54.20; also the freight charges on their household goods, \$30.70.

The expenditure in connection with Mr. Sharpe, who is the superintendent of the Experimental Farm at Agassiz, was incurred when he moved his family from Ontario to Agassiz, to enter on his duties there.

Mr. Wm. Taylor was engaged as foreman in the horticultural branch, and the sums mentioned were paid in connection with his moving expenses from London, Ont., to Ottawa.

The cheque referred to in the Auditor General's letter, No. 8537, was issued in favour of Mr. R. Robertson, the Superintendent of the Nappan Farm, to cover the cost of moving his household goods from Compton, Que., to Nappan, N.S., when he entered on his duties.

I am not aware that in either of the two cases cited as precedents that there was any report on the matter by the Treasury Board, and I was not aware that this was necessary.

As the Auditor General states that the account is incomplete without the original freight bill, and we have not been able to find this among our papers here, I have written to Mr. R. Robertson, requesting him to procure me a copy, so that it may be forwarded to be attached to the account.

I return the file herewith.

Yours very truly,

The Deputy Minister of Agriculture.

WM. SAUNDERS, Director.

AUDIT OFFICE, OTTAWA, November 21, 1898.

SIR,—I am in receipt of your letter of 14th instant, inclosing copy of communication from Dr. Saunders *re* payment of claim of Mr. Robertson for outlay as freight on household goods from Compton, Que., to Nappan, N.S., and in reply have to state that the fact that in the cases referred to by Dr. Saunders the terms of the Order in Council were not complied with does not dispense with the necessity of the Treasury Board's approval for subsequent claims. The Order in Council referred to states that no claim of this kind can be granted except on report of the Treasury Board, and while this Order is in force its terms should be followed.

I am, sir, your obedient servant,

The Deputy Minister of Agriculture.

Auditor General's Report—Part B

Re Sales of Cattle.

AUDIT OFFICE, OTTAWA, July 4, 1898.

SIR,—Deposits and returns have lately come to hand in connection with the sales of cattle at Nappan, Brandon, Indian Head and Ottawa.

Details are furnished of the sales at Brandon and Indian Head, giving the weights and prices per pound.

The returns from Nappan and Ottawa only state the number of animals and the total proceeds. The same details should be given as at the other farms.

Are these sales made by public auction, or by tender ?

I am, sir, your obedient servant,

The Deputy Minister of Agriculture.

J. L. McDOUGALL, A.G.

CENTRAL EXPERIMENTAL FARM, OTTAWA, July 6, 1898.

DEAR MR. SCARTH,—Your letter of July 5th is received, inclosing copy of a letter from the Auditor General, under date of July 4th, asking for details of the weights and prices at which steers were sold at the Ottawa and Nappan Farms.

When sending in this account, it escaped my notice that these weights were not given for the Central and Nappan Farms. I now submit the following particulars :—
Central Experimental Farm, Ottawa, 22 steers, 22,386 pounds at 4½ cents per pound, \$951.40. Experimental Farm, Nappan, N.S., 6 young steers, 5,286 pounds at 3½ cents, \$185.00 ; 8 steers, 10,200 pounds, at 4 cents, \$408.00.

None of these sales of steers have been made by public auction. The plan adopted has been to get offers from three or four of the principal butchers in the neighbourhood, and dispose of them at the highest price which can be had. We are also careful to consult the market quotations to see that none of our animals are sold at less than the full market price.

Where sales of stock, other than the steers which are used for feeding experiments, and which are afterwards sold for beef, are made at the Experimental Farms, they are usually held by auction. The sale which took place at the Indian Head Farm a short time ago, and for which returns were lately made to the Auditor General, was conducted by auction.

Yours very truly,

The Deputy Minister of Agriculture.

WM. SAUNDERS, *Director.*

AUDIT OFFICE, OTTAWA, November 15, 1898.

SIR,—The following numbers of receipts are entered on the returns as cancelled, but the cancelled forms are not furnished :—

Central Farm, December return, Nos. 252, 253 and 254.

Indian Head, January return, No. 1188.

In March last there was a sale of cattle at the Indian Head Farm. In addition to the auctioneer's commission and the advertising, there is a charge for a booklet, \$11, and for commission on draft, \$3. I have to ask for an explanation of the charge for a booklet ; and why the proceeds of the sale of cattle were not deposited in the Union Bank at Indian Head, as is done with the ordinary sales.

I am, sir, your obedient servant,

The Deputy Minister of Agriculture.

J. L. McDOUGALL, A.G.

CENTRAL EXPERIMENTAL FARM, OTTAWA, Nov. 19, 1898.

DEAR MR. SCARTH,—I beg to acknowledge the receipt of your communication No. 117,559, under date of Nov. 16th, covering a letter from the Auditor General, in which he says cancelled forms Nos. 252, 253 and 254 of the Central Farm, and No. 1188 of Indian Head, are not furnished. I inclose you an explanation with regard to this matter on the accompanying sheet.

Referring to the balance of the Auditor General's letter, in which he asks for an explanation as to the charge in an account in connection with sale of cattle at Indian Head of \$11 for a booklet and \$3 commission on a draft for remitting the proceeds to us : This sale of cattle, which took place in March last, was an important one, and it was thought necessary, in addition to the ordinary advertising, to prepare a small booklet, giving the pedigree and breeding of the different animals. I regret I have not a

copy at hand which I could send you, but it consisted of quite a number of pages, and cost \$11.

When this sale at Indian Head was held, the question of refunding to our vote the proceeds of sales of stock had not been settled by the Treasury Board, and I was instructed by the Minister of Agriculture to hold for a time the moneys accumulating on this account until the matter was finally decided. As Mr. Mackay had then about \$1,200 on hand on this account, it was thought better to have the money sent here rather than leave it with him, as he had no vault in which to deposit it for safe-keeping. For this reason the \$3 expense was incurred to remit the money.

Trusting the explanations I have given will prove satisfactory,
Yours very truly,

The Deputy Minister of Agriculture.

WM. SAUNDERS, *Director*.

The cancelled receipt forms in December, 1897, on the Central Farm, were :—

252, A. E. Morris, 1 sow.....	\$ 8 00
253, Jos. Clothier, 1 boar.....	10 00
254, A. Davidson, 1 boar.....	8 00

These were entered in exchange account by order of director; they were afterwards paid in to credit of Receiver General on June 23, 1898, in this form :—

December 13, 635, A. E. Morris, 1 sow.....	\$ 8 00
do 28, 636, Jos. Clothier, 1 boar.....	10 00
do 29, 637, A. Davidson, 1 boar.....	8 00

The cancelled receipt form in January, 1898, on the Indian Head Farm, No. 1188 was spoiled by Superintendent in making out, and afterwards destroyed.

Re Arrears Due.

DEPT. OF AGRICULTURE, OTTAWA, Oct. 13. 1898.

SIR,—Replying to yours of the 5th instant, I beg to say that the Acting Accountant informs me that there are no arrears due to this Department.

I am, sir, your obedient servant,

The Auditor General.

W. B. SCARTH, *D.M.A.*

AUDIT OFFICE, OTTAWA, November 30, 1898.

SIR,—I have to ask for a statement of arrears due to your branch on June 30 last, which have not yet been paid, including any amounts that may be due by the public, as well as what may be due by any of your own officers.

I am, sir, your obedient servant,

The Dairying Commissioner.

J. L. McDOUGALL, *A.G.*

Auditor General's Report—Part D

Re Inteerst on Investments.

AUDIT OFFICE, OTTAWA, August 18, 1898.

SIR.—One-half the interest on the Montreal Turnpike bonds for the year 1896-97 was paid, but nothing since. There was due on June 30 last, 18 months' interest, amounting to \$10,500.

* * * * *
No interest has been received during the past year on any of the following accounts:—

Albert Railway Company,
Fredericton & St. Mary's Railway Bridge Company.
Quebec Harbour Commissioners.
Three Rivers Harbour Commissioners.

I have to inquire what action you have taken in reference thereto.

I am, sir, your obedient servant,

The Acting Deputy Minister of Finance.

JOHN GORMAN, *for A.G.*

Re Arrears Due.

AUDIT OFFICE, OTTAWA, October 5, 1898.

SIR.—I have to ask for the customary statement, arranged alphabetically, of all arrears due to your department on June 30th last, that have not since been paid; (1) by collecting officers; (2) by disbursing officers; (3) by all other persons, whether Government officers or not; together with a report of the reasons why the arrears reported due last year have not been collected.

As these statements are required for publication in the Audit Report, your early attention will oblige,

I am, sir, your obedient servant,

The Deputy Minister of Finance.

J. L. McDOUGALL, *A.G.*

AUDIT OFFICE, OTTAWA, November 15, 1898.

SIR.—That portion of the Audit Report containing the transactions of your department is now in the hands of the printer, and about ready to sign off.

I have not yet received a statement of the arrears due to your department asked for in my letter of October 5th last.

I understand that the delay in sending this statement arises from your eudeavour to collect some of the amounts due. While I sympathize with your desire to make as good a showing as possible, I regret to have to say that to get the report out in time I am obliged to assist the Queen's Printer by not keeping any of it long standing. You will therefore oblige me greatly by providing the statement.

I am, sir, your obedlent servant,

The Deputy Minister of Finance.

J. L. McDOUGALL, *A.G.*

DEPT. OF FINANCE, OTTAWA, November 15, 1898.

SIR.—I have the honour to acknowledge the receipt of your letter of this date, respecting the arrears due this department. In reply thereto I have to say that the Minister of Finance is now absent from Ottawa, and as soon as he returns I shall endeavour to answer your letter—probably next week.

The Auditor General.

Re Sale of Horses.

AUDIT OFFICE, OTTAWA, March 16, 1898.

SIR,—On January 26th last, \$3 was deposited in the Bank of Montreal here by James McEvoy, as the proceeds of seven horses sold at Kamloops in July, 1897.

The horses were sold for \$85, from which was deducted \$7 for catching them, \$5 for pasturage, and \$70 for wintering during season of 1896-97. A pencil memo. on the voucher indicates that these horses were bought by Dr. Dawson in 1888.

As \$3 is such a small amount to be realized from the sale of seven horses, it might be advisable to give full explanations.

I am, sir, your obedient servant,

The Dy. Head and Director, Geo. Survey.

J. L. McDOUGALL, A.G.

GEOLOGICAL SURVEY, OTTAWA, March 19, 1898.

SIR,—Replying to your letter of March 16th, in which you refer to the very small sum realized by the sale of 7 horses belonging to the Geological Survey at Kamloops, in July, 1897, and suggest that it might be advisable to give full explanations, I beg to state :

The horses in question had been in use each summer from the time of their purchase in the spring of 1888. Most of them were pretty well worn out by the hard work which they had gone through, and several of them were becoming very old. The cost of wintering the horses each year amounted to \$10 per head, and it seemed advisable to retain the animals as long as they were used each summer. In the spring of 1896 I told Mr. McEvoy, who was to use the horses in the early part of that summer, that when his work was finished, as there was no prospect of their being used in 1897, and probably not in 1898, he had better sell them for any reasonable price, but at that time he was unable to get any offer for them at all, horses being a drug in the market. I therefore instructed him to hand them over to George Loney to be wintered by him as in previous years, with a view to selling them for what they would fetch the ensuing spring. This he did, on my instructions, and even if a less net amount had been obtained for the horses, I think it would have been well to dispose of them to avoid further charges for wintering and looking after the animals.

I am, sir, your obedient servant,

The Auditor General.

GEORGE M. DAWSON, D. H. & D.

GEOLOGICAL SURVEY, OTTAWA, Oct. 24, 1898.

SIR,—Referring to your letter of the 5th instant, I herewith send you a statement of all arrears due to this department. A report on the amounts due by Wallace Broad and A. McArthur, was sent to the Deputy Minister of Finance on the 24th April, 1897.

With regard to the other small amounts due by the firms and persons named, they have been asked on several occasions for a settlement, and no doubt some of the amounts will be collected, while others, because of insolvency, change of residence, and the small sums due, are impossible to collect.

I am, sir, your obedient servant,

The Auditor General.

GEORGE M. DAWSON, D. H. & D.

Account charged to Survey Appropriation instead of against Indian Trust Fund.

AUDIT OFFICE, OTTAWA, Dec. 24, 1898.

SIR,—Cheque No. 606, drawn against your appropriation for surveys of Indian reserves, in June last, is for a payment of \$20 to John Ryan, for counting and surveying logs and ties cut on the Tobique Indian Reserve.

This payment, which appears to be connected with sale of the lumber on the Tobique Reserve, seems to me to be chargeable against the moneys in trust for the Tobique band, account No. 68, instead of against the vote for the survey of Indian reserves.

I am, sir, your obedient servant,

The Secretary, Dept. of Indian Affairs.

J. L. McDOUGALL, A.G.

DEPT. OF INDIAN AFFAIRS, OTTAWA, Dec. 20, 1898.

SIR,—In reply to your letter of the 24th instant, regarding Cheque No. 606, drawn against the appropriation for surveys of Indian reserves, I beg to say that the payment (\$20) should, as you suggest, have been made chargeable against the moneys in trust for the Tobique band. This will now be done, and the amount credited to Casual Revenue.

I am, sir, your obedient servant,

The Auditor General.

J. D. McLEAN, *Secretary*.

Payment to H. Harvey for Special Services while holding the position of Registrar at Calgary.

AUDIT OFFICE, OTTAWA, July 10, 1897.

SIR,—Voucher 62, Vote 13, Blackfoot Agency, for the year 1896-97, is for a payment of \$31.40 to Mr. Horace Harvey, of Calgary, for services and expenses to Blackfoot Agency to inquire into complaint against the acting agent, of allowing diseased meat to be supplied to Indians.

I would ask under what authority the payment for services was made, as I find that at the time the services were performed, Mr. Harvey was in receipt of a salary of \$133.33 per month, as registrar for the district of Calgary.

I am, sir, your obedient servant,

The Deputy Supt. General Indian Affairs.

J. L. McDOUGALL, A.G.

DEPT. OF INDIAN AFFAIRS, OTTAWA, July 17, 1897.

SIR,—Referring to your letter of the 10th instant, respecting the payment of \$31.40 to Mr. Horace Harvey, of Calgary, for services and expenses connected with his trip to the Blackfoot Agency, to inquire into the complaint against the acting Indian agent of allowing diseased meat to be supplied to the Indians, I beg to say that this payment was authorized by the Superintendent General without considering the provision of the law which, I believe, will not admit of an official of the Government receiving extra remuneration for services rendered. I may say that the amount paid Mr. Harvey in this connection was very small, when the services rendered by him are taken into consideration, but in view of the provision of the law, the Superintendent General has no desire to contravene it by such a payment, and I will request Mr. Harvey to refund the amount received for his services.

I am, sir, your obedient servant,

The Auditor General.

JAS. A. SMART, *D.S.G.I.A.*

DEPT. OF INDIAN AFFAIRS, OTTAWA, Feb. 22, 1898.

SIR,—With reference to your letter of the 10th July, 1897, and subsequent correspondence regarding the payment of \$31.40, made by this department to Mr. Horace Harvey, registrar at Calgary (\$25 of which he afterwards refunded) in connection with an investigation held at the Blackfoot Agency, I beg to inform you, that a letter of the 12th instant has been received from Mr. Harvey, in which he states that in a recent case of "Bradley vs. the Queen," it was decided that payments such as the one above referred to are not in violation of the Civil Service Act, and he therefore requests that the \$25 which he refunded be returned to him. Will you kindly let me hear from you in this matter at your early convenience.

I am, sir, your obedient servant,

The Auditor General.

J. D. McLEAN, *Secretary*.

Auditor General's Report—Part G

AUDIT OFFICE, OTTAWA, March 25, 1898.

SIR,—I am in receipt of your letter of the 22nd ultimo (No. 142110) with regard to the amount of \$25 refunded by Mr. Horace Harvey, registrar at Calgary, which he now asks to be returned to him, in consequence of the decision of the Supreme Court in the case of "Bradley vs. the Queen."

Before I can decide whether Mr. Harvey is entitled to have this money returned to him, it should, in my opinion, be clearly shown (1) that the duties of the registry office did not in any way suffer in consequence of Mr. Harvey's absence in this case; and (2) that the time spent in this case was outside of the regular time during which he should have been in attendance at the registry office at Calgary.

I am, sir, your obedient servant,

The Deputy Supt. General Indian Affairs.

J. L. McDOUGALL, A.G.

DEPT. OF INDIAN AFFAIRS, OTTAWA, May 10, 1898.

SIR,—With reference to your letter of the 25th of March last and previous correspondence respecting \$25 refunded by Mr. Horace Harvey, registrar at Calgary, I beg to inform you that I communicated to him the purport of that letter, and told him:

1st. That if he could show to your satisfaction that the duties of the registry office had not in any way suffered in consequence of his absence in the case, and

2nd. That the time spent on the case was outside of the regular time during which he should have been in attendance at the registry office at Calgary, there would be no difficulty in returning the money to him, and that a statement from him would be sufficient without going to the trouble of making a statutory declaration.

In reply to this letter I have received a statement, of which the inclosed is a copy, and which, I hope, you will find sufficiently satisfactory to admit of the money now being paid back to him.

I am, sir, your obedient servant.

The Auditor General.

J. D. McLEAN, *Secretary*.

CALGARY, May 3, 1898.

SIR,—In connection with my request for a refund of \$25 paid to me by the Department of Indian Affairs in February, 1897, and by request, on the wrongful supposition that such payment was a violation of the statute, by reason of my being a permanent official of the Dominion of Canada, returned by me to said department, I beg to state that the work done by me, for which such payment was made, which is shown in the bill rendered by me to the department, required my absence from my home for one day and a large part of two nights, that the Land Titles Office at Calgary was duly open on that day, and the work of the office was carried on by the deputy registrar, and the duties of the office did not in any way suffer by reason of my absence; that my absence was necessitated by instructions received from the Superintendent General of Indian Affairs, who was also Minister of the Interior, so that my absence was under leave, and consequently the time spent was outside of the regular time during which I should have been in attendance at the Land Titles Office, while, moreover, the charge of \$25 was made in respect of the work and time additional to that which I would have done and spent in connection with my duties as registrar, had I been in town so as to attend my office.

I am, sir, your obedient servant.

The Auditor General.,

HORACE HARVEY, *Registrar, S.A.L.R.D.*

AUDIT OFFICE, OTTAWA, May 21, 1898.

SIR,—I am in receipt of your letter of the 10th instant (No. 152101), with reference to the matter of \$25 refunded by Mr. Horace Harvey, registrar at Calgary, and in reply, would state that I do not see that this amount can be repaid to Mr. Harvey.

Mr. Harvey, according to his own statement, was absent from his office during the whole of one day, and although he states that his absence did not interfere with the working of the office, still, such leave of absence could only be granted either on account of sickness or for purposes of recreation, as part of his annual leave, and not to enable him to perform other work for the Government and to receive pay therefor. If this principle were allowed, any employee of the Government might spend his annual leave in earning a second salary by working for another department, or by serving his own department in a different capacity.

I am, sir, your obedient servant,

The Secretary, Dept. of Indian Affairs.

Supply of Provisions to Boarding Schools on Blood, Peigan and Blackfoot Reserves.

AUDIT OFFICE, OTTAWA, Dec. 20, 1898.

SIR,—I beg to call your attention to the following supplies issued to the Blood Boarding School during the five months ended May 31st last, and which are chargeable against the grant for maintenance :—

January.....	20	sacks of flour at \$2.24.....	\$44 80
February.....	20	do do 2.24.....	44 80
March.....	10	do do 2.24.....	22 40
April.....	20	do do 2.24.....	44 80
May.....	20	do do 2.24.....	44 80
Freighting from Macleod station to Agency, 90 sacks at 15c.....			13 50

\$215 10

These amounts should have been deducted from the grants for the quarters ended March 31 and June 30, in the same manner as were the supplies issued during the rest of the year.

Please have the amount overpaid the school deducted from the next quarter's grant, and inform me what provisions were issued to this school prior to the last fiscal year which were not deducted from the school grant.

I am, sir, your obedient servant,

The Secretary, Dept. of Indian Affairs.

J. L. McDOUGALL, A.G.

AUDIT OFFICE, OTTAWA, December 6, 1898.

SIR,—I beg to call your attention to the following statements in connection with the supply and issue of beef in the Peigan Agency, during the year 1897-98. The total amount originally charged to vote 5 during the year (covering the 13 months ending May 31, 1898) was as follows :—

4,189 lbs. stag beef at 3 $\frac{3}{10}$ cents	\$ 159 18
8,096 " " 4 "	323 84
15,219 " cow beef at 4 $\frac{1}{10}$ "	745 73
17,985 " " 5 $\frac{1}{10}$ "	989 15
25,577 " steer beef at 5 $\frac{1}{10}$ "	1,483 46
156,531 $\frac{1}{2}$ " " 6 "	9,391 89
44,466 " " 5 "	2,223 30

The accompanying statement shows the amount of the above issued to the Church of England and Roman Catholic Boarding Schools, respectively. I understand that the arrangement with boarding schools is that they be paid \$72 per capita for maintenance, and that they are allowed to draw beef, flour, &c., from the Agency stores, for which they are to be charged contract rates, the value thus drawn to be deducted from the quarterly grant. The only amounts which have been deducted so far are the amounts drawn during the seven months between July 1, 1897, and January 31, 1898, amounting to: Church of England school, \$274.50; Roman Catholic school, \$265.23. The amounts which have not been deducted are:

Church of England School—

635 lbs. beef at 5 $\frac{3}{10}$ cents	\$ 36 83
2,237 " " 6 "	134 22
<u>\$ 171 05</u>	

Roman Catholic School—

510 lbs. beef at 5 $\frac{3}{10}$ cents	\$ 24 58
1,915 " " 6 "	114 90
20 sacks flour at \$2.09	41 80
4 " " \$1.83	7 32
<u>\$ 188 60</u>	

exclusive of any other provisions which may have been supplied.

Kindly advise me why these deductions were not made, and also what provisions were drawn by these schools previous to the past fiscal year, which were not deducted from the school grant.

I am, sir, your obedient servant,

The Deputy Supt. General Indian Affairs.

J. L. McDOUGALL, A.G.

Auditor General's Report—Part G

AUDIT OFFICE, OTTAWA, Dec. 13, 1898.

SIR,—I beg to call your attention to the following supplies, issued to the Sarcee Boarding School, during the three months ended Sept. 30, 1897, and which are chargeable against the grant for maintenance :—

July, 1897—4 sacks flour at \$2.06	\$ 8 24
315 lbs. beef at 5 $\frac{3}{8}$ cents	13 58
Aug., 1897—4 sacks flour at \$2.06	8 24
280 lbs. beef at 5 $\frac{3}{8}$ cents	16 52
Sept., 1897—4 sacks flour at \$2.06	8 24
280 lbs. beef at 5 $\frac{3}{8}$ cents	16 52
	\$ 76 34

These amounts should have been deducted from the grant for the quarter ended Sept. 30, 1897, in the same manner as were the supplies issued during the rest of the year.

Please have the amount overpaid the school deducted from the next quarter's grant, and inform me what provisions were issued to this school prior to the last fiscal year, which were not deducted from the school grant.

I am, sir, your obedient servant,

The Secretary, Dept. of Indian Affairs.

J. L. McDOUGALL, A.G.

DEPT. OF INDIAN AFFAIRS, OTTAWA, December 31, 1898.

SIR,—I have the honour to acknowledge the receipt of your letters (three) of the 6th, 17th and 20th instant, the first two of which referred to supplies issued to boarding schools in the Piegan and Sarcee Agencies, and the latter to supplies issued to the Blood Boarding School; and in reply, I beg to say that the cost of the supplies have not been deducted from the *per capita* grants to those schools, but the matter will be set right before the close of the year.

In this connection, I beg to inform you that whatever provisions were issued to boarding schools during previous years were not regarded as assistance to the schools, but as rations to the pupils as destitute Indians attending the schools. When the practice became general, it was thought advisable to deduct the value of the provisions from the *per capita* grant, which, in the meantime, had been increased to \$72. On the 1st July next the practice will be discontinued.

I am, sir, your obedient servant,

The Auditor General.

J. D. McLEAN, *Secretary*.

Increase in Salary of Dr. F. X. Girard, Blood and Piegan Agency.

(See A. G.'s Report, 1896-97, page G—148.)

AUDIT OFFICE, OTTAWA, March 24, 1898.

SIR,—I have received a copy of an Order in Council, dated December 24th, 1897, which provides, "that Dr. F. X. Girard, medical attendant upon the Indians of the Blood and Piegan Reserves, at a salary of \$1,000 per annum, with travelling expenses, be given a fixed allowance of \$1,600 a year to cover his salary, transport and moving, repairs to outfit, and all other travelling or living expenses."

I find from the accounts that Dr. Girard was paid at the rate of \$1,800 per annum from September 1, 1896, to the date of the Order in Council quoted above. During this period, he should only have received the amount granted by the Order in Council of June 7th, 1898, which appointed him, viz., \$1,000 per annum, and actual travelling expenses. The order of December 24th last recognizes this by quoting it as above.

Kindly have Dr. Girard's accounts between the dates mentioned adjusted on this basis, at an early date.

I am, sir, your obedient servant,

The Deputy Supt. General Indian Affairs.

J. L. McDOUGALL, A.G.

Note.—A subsequent Order in Council was passed, allowing Dr. Girard \$1,800 between Sept. 1 and Dec. 24, 1896.—J. L. McD.

Payment of Balance of Account for Supplies for Mill from A. H. Woodman, Carlton Agency.

AUDIT OFFICE, OTTAWA, Nov. 25, 1898.

SIR,—I beg to draw your attention to Voucher 25, Vote 10, Carlton Agency, for the year 1897-98, which is for a payment of \$7.40 to Mr. A. H. Woodman.

The voucher shows that Mr. Woodman's account against the department was \$29.40, from which a deduction is made, as follows :—

May 11th.—By cash on account, per Mr. Chisholm..... \$22 00

I have no trace of any payment of this kind, and I would be obliged if you can give me further explanations of this payment.

I am, sir, your obedient servant,

The Secretary, Dept. of Indian Affairs.

J. L. McDOUGALL, A.G.

DEPT. OF INDIAN AFFAIRS, OTTAWA, Dec. 15, 1898.

SIR,—I beg to acknowledge the receipt of your letter of the 25th ultimo, regarding Mr. A. H. Woodman's account for \$29.40, on which \$22 was paid by Mr. Chisholm, and more particularly in regard to the payment of \$7.40 made to Mr. Woodman; and in reply, I have the honour to inform you that in 1894 a new engine and boiler was bought for the Carlton Indian Agency mill, the engine and boiler formerly used being unserviceable. The Indians, out of their own money, purchased a shingle mill and edger, but required a packing frame to complete the outfit, and, in view of the fact that they had expended so much of their own funds they were allowed to sell the old boiler and engine (for which an offer of \$40 had been received) and purchase a packer at a cost of \$18, and with the balance, they were permitted to purchase from Mr. Woodman the necessary supplies in connection with the running of the mill; but the late agent, Mr. Keith, exceeded the sum by \$7.40, and the inspector, having forwarded an account for that amount, which he recommended for payment, a cheque was issued.

The cash received for the old engine and boiler should have been deposited to the credit of the Receiver General, but the regulation was, for the moment, overlooked. I inclose herewith a receipt for the \$18 paid for the packer, which will make the vouchers for the \$40 received by the agent, complete.

I am, sir, your obedient servant,

The Auditor General.

Deductions on Contract Price of Flour supplied by Prince Albert Rolling Mills.

AUDIT OFFICE, OTTAWA, Dec. 6, 1898.

SIR,—I beg to draw your attention to the supplementary contract of 1897-98 with the Prince Albert Roller Mills for flour, to be delivered as follows :—

May 18.....	153 do	2.50	

Onion Lake Agency—

December 22.....	200 sacks	at \$2.50	
------------------	-----------	-----------	--

In the case of the Carlton Agency, a deduction of 12½ cents per sack was made upon the 100 sacks delivered between Nov. 23 and Dec. 4, and 15 cents per sack upon the 20 sacks delivered on January 5, on account of the flour being inferior to the standard sample. In the case of Duck Lake Agency, a deduction of 20 cents was made upon 200 sacks, which covers all the flour delivered between November 19 and January 13, for the same reason.

The flour for Battleford and Onion Lake was delivered at about the same time, and was probably of the same quality. Kindly inform me why no deductions were made in these cases.

I am, sir, your obedient servant,

The Secretary, Dept. of Indian Affairs.

J. L. McDOUGALL, A.G.

DEPT. OF INDIAN AFFAIRS, OTTAWA, Dec. 10, 1898.

SIR,—With reference to the inquiries contained in your letter of the 6th instant, I have the honour to inform you that samples of each delivery of flour made by the Prince Albert Roller Mills, under the supplementary contract of 1897-98, were submitted to the expert (who examines all flour samples for the department) for comparison with the standard sample, and payment was made at the rate recommended by him. In the case of the Battleford and Onion Lake deliveries no deductions were made as the samples were found by the expert to be equal to the standard.

I am, sir, your obedient servant,

The Auditor General.

Payments for Supplies to ex-pupils from the vote for Schools.

AUDIT OFFICE, OTTAWA, Nov. 29, 1898.

SIR,—I beg to draw your attention to the following payments made from the vote for schools, and charged to Edmonton Agency :—

Voucher 13, Ross Bros., stove and pipe.....	\$10 80
20, Ross Bros., 40 pounds nails.....	2 00
21, D. R. Fraser, lumber, &c.....	27 95

These articles were supplied to S. Callihoo, of Michel's band, who built a house and started a farm, and if properly chargeable against the Indian vote, would appear to be payable out of the vote for destitute Indians.

Kindly give your authority for making payments of this nature out of the vote for Indians, and also state what classes of payments you consider are chargeable against the various sub-votes. It would be advisable, I think, in preparing your estimates for the approaching session to give fuller information in the different sub-heads, so that it would be more clearly indicated what items of expenditure each is expected to cover.

I am, sir, your obedient servant,

The Secretary, Dept. of Indian Affairs.

J. L. McDOUGALL, A.G.

DEPT. OF INDIAN AFFAIRS, OTTAWA, Dec. 5, 1898.

SIR,—With reference to your letter of the 29th ultimo, I beg to inform you that the first payment referred to, viz., that of \$10.80 (Voucher 13), in favour of Messrs. Ross Bros., was for a stove and pipes for Wm. Osickayas, not S. Callihoo. The other two payments mentioned which amounted, respectively, to \$2 and \$27.95 were for articles supplied S. Callihoo. Osickayas and Callihoo are ex-pupils of industrial schools, and the articles charged for in the vouchers were purchased in order to assist them in making a start in life. It is the policy of the department to give such aid to Indians who show a desire to advance themselves, and there is an item in the vote for industrial schools, to which such outlay is charged.

With reference to the concluding portion of your letter, I beg to say that it is thought that any alteration in the arrangement of the estimates of the department would not tend to improvement, as the present divisions under their sub-heads indicate, as clearly as possible, what items of expenditure each is expected to cover. If, at any time, doubt should arise that a particular payment is properly chargeable to any appropriation, this department will be glad to give the reason for the entry.

I am, sir, your obedient servant,

The Auditor General.

J. D. McLEAN, *Secretary*.

AUDIT OFFICE, OTTAWA, January 4, 1899.

SIR,—I am in receipt of your letter of the 5th ultimo with reference to the payments out of the school vote for supplies to ex-pupils to assist them in making a start in life. In this letter I notice that you say that there is an item in the vote for industrial schools to which such outlay is charged. On reference to the Estimates and Supply Bill for 1897-98, I find that the vote reads simply, "Day, Boarding and Industrial Schools, \$205,231." I presume that when you speak of the vote, you refer to the details of the estimates, as submitted to your Minister. These details, however, do not appear to be furnished to Parliament, the only information with which Parliament is supplied being the wording of the vote as quoted above.

My only authority for charging any item of expenditure to a particular vote is the wording of the parliamentary appropriation, and it was for this reason that I asked you to specify more clearly in the estimates submitted to Parliament the nature of the expenditure they are expected to cover. Unless this is done, I shall be obliged to examine more rigorously the items of your expenditure.

I am, sir, your obedient servant,

The Secretary, Dept. of Indian Affairs.

J. L. McDUGALL, *A.G.*

DEPT. OF INDIAN AFFAIRS, OTTAWA, January 12, 1899.

SIR,—With reference to your letter of the 4th instant, relative to the payments made by this department out of the school vote for supplies to ex-pupils to assist them in making a start in life, I beg to inform you that without further information it is difficult to understand the precise ground of objection to the charge referred to. The wording of the item in the estimates, "Day Boarding and Industrial Schools," does not explain the educational policy of the department, it merely provides a certain amount for Indian education. For some years past these small grants to discharged pupils have been considered the final expenditure upon their education, as they are thereby enabled to begin what is hoped will be a life of greater usefulness, by practising upon the reserves the trades learned in the institutions at which they were educated.

The estimates for the approaching year, which are now under preparation will, where possible, be improved in the manner you suggest, but the department has no objection to offer to the most rigorous examination of its expenditure.

I am, sir, your obedient servant,

The Auditor General.

J. D. McLEAN, *Secretary*.

Payment to W. MacDonnell & Co., of Balance of Account for Supplies to Indians, Hobbema Agency.

AUDIT OFFICE, OTTAWA, Dec. 2, 1898.

SIR,—Voucher 51, Vote 11, Hobbema Agency, is for a payment of \$15.39 to Messrs. Wm. MacDonnell & Co., for a balance due them on Dec. 13th, 1897.

The accounts show that this balance is made up from a number of accounts, and payments thereon, which do not appear to be chargeable against the department, and before passing the account I would ask that some further explanation be given. The cheques given during the currency of the account do not seem to have been Government cheques.

I am, sir, your obedient servant,

The Secretary, Dept. of Indian Affairs.

J. L. McDUGALL, *A.G.*

Auditor General's Report—Part G

DEPT. OF INDIAN AFFAIRS, OTTAWA, Dec. 9, 1898.

SIR,—In reply to your letter of the 2nd instant, respecting the payment of \$15.39 made to Messrs. Wm. MacDonnell & Co., I beg to inform you that when Mr. Clink held the position of Indian Agent at Hobbema, he obtained goods from this firm for Indians, which were to be paid for from money due these Indians by the department for beef sold. The balance of this account, \$15.39, remained unsettled when Mr. Clink left the Agency. On the inspection of the Agency in April, 1897, the balance of \$15.39 was shown to be due. The department, after having its inspector go thoroughly into the matter, made payment, for the reason that Messrs. MacDonnell & Co. considered themselves justified in opening an account with Mr. Clink, and undoubtedly gave full value for the amount charged; moreover, early in the spring of 1897, the hay supply at Hobbema Agency was exhausted, and about 1,200 cattle were upon the point of starving to death when Messrs. MacDonnell, who were the only persons in the country who had a surplus of hay, supplied what was required. They did not wish to sell, but as a favour to the department not only sold as much as was required, at the cost price, viz., \$1.75 per ton, when they could, had they chosen, have demanded \$5 per ton, as they were aware that it was impossible for the department to buy elsewhere, and that failure to get the hay would have meant the loss of the cattle. The department having been undoubtedly saved a great loss by the firm's action, decided to pay the small balance due for supplies given to Indians by the Agent's order.

I am, sir, your obedient servant,

The Auditor General.

J. D. McLEAN, *Secretary*.

AUDIT OFFICE, OTTAWA, Dec. 22, 1898.

SIR,—I am in receipt of your letter No. 100797—2 of the 9th instant, with reference to a payment to Messrs. MacDonnell & Co., and in reply, I beg to ask if it is intended to have this amount refunded from moneys which may become due the individual Indians for whom these supplies were purchased. Mr. Clink's leaving the agency, and the appointment of a new agent should make no difference as regards the payment of this account.

I am, sir, your obedient servant,

The Secretary, Dept. of Indian Affairs.

J. L. McDOUGALL, *A.G.*

DEPT. OF INDIAN AFFAIRS, OTTAWA, Dec. 28, 1898.

SIR,—In reply to your letter of the 22nd instant, I have the honour to inform you that it is not intended to have the \$15.39 paid Messrs. MacDonnell & Co., under the circumstances referred to in previous correspondence, refunded from moneys which may become due individual Indians for whom that firm furnished supplies. In any case, it would be impossible to discover what Indians received the goods.

I am, sir, your obedient servant,

The Auditor General.

Payment for Supplies for Ermineskin Boarding School.

AUDIT OFFICE, OTTAWA, Nov. 25, 1898.

SIR,—I beg to draw your attention to Voucher 16, Vote 7, Hobbema Agency, for the year 1897-98, which is for a payment to the Rev. Z. Lizée. The voucher does not indicate what the payment is for, but is a statement of supplies to the Ermineskin Boarding School between July 1st, 1895, and July 1st, 1897.

A further explanation of this payment is required.

I am, sir, your obedient servant,

The Secretary, Dept. of Indian Affairs.

J. L. McDOUGALL, *A.G.*

DEPT. OF INDIAN AFFAIRS, OTTAWA, Dec. 1, 1898.

SIR,—In reply to the inquiry contained in your letter of the 25th ultimo, regarding Voucher No. 16, Vote 7, Hobbema Agency, for a payment of \$187.27, made to the Rev. Z. Lizée, for 1897-98, I beg to inform you that an arrangement was made whereby the department was to furnish the Ermineskin Boarding School with provisions and clothing equivalent to a *per capita* grant of \$60. Owing to a shortage in the supplies, it was

and deducted from the quarterly grant. If these shipments were distributed upon the reserves and not used by the boarding school, a certificate to that effect should be furnished by the person to whom the clothing was addressed, and should also be signed by the agent, where possible.

I am, sir, your obedient servant,

The Secretary, Dept. of Indian Affairs.

J. L. McDUGALL, A.G.

DEPT. OF INDIAN AFFAIRS, OTTAWA, January 12, 1899.

SIR,—Referring to your letter of the 7th ultimo, regarding the payments therein referred to, for freight on mission clothing, charged to the vote for destitute Indians, Sarcee Agency, 1897-98, I beg to inform you that I am advised by the Rev. Stanley J. Stocken, who was written to in the matter, that all the clothing (with the exception of a very few articles which were given to the parents of pupils now resident at the schools), has been used in the Sarcee Boarding School.

In this connection, I beg to refer you to previous correspondence in which you were informed that it is not the intention of the department to charge the freight paid on mission clothing against the *per capita* grants to Indian schools.

I am, sir, your obedient servant,

The Auditor General.

Error in ordering Flour for Assiniboine Agency.

AUDIT OFFICE, OTTAWA, Dec. 13, 1898.

SIR,—Voucher 52, Vote 5, Touchwood Agency, is for a payment of \$615 to Messrs. Joyner and Elkington for 300 sacks of flour at \$2.05 per sack, supplied under the supplementary contract for 1897-98. This contract also provides that any further supply of flour required by the department up to June 30, 1898, is to be furnished by them at the same rate. I find that Voucher 66 of the same vote and agency is for a payment to the Ogilvie Milling Co. for 360 sacks of flour supplied on February 16, and charged at \$2.12 per sack, which price was made up from their contract price for flour to be delivered at Wolseley, viz., \$2.09, and the freight from there to Regina, which amounted to 3 cents per sack.

I would ask why this extra amount was not obtained from the contractors, and also why it was not stated in the contracts that this extra amount would be required by the department.

I am, sir, your obedient servant,

The Deputy Supt. General of Indian Affairs.

J. L. McDUGALL, A.G.

DEPT. OF INDIAN AFFAIRS, OTTAWA, Dec. 16, 1898.

SIR.—I have the honour to acknowledge the receipt of your letter of the 13th instant, making inquiry regarding an order for flour given to the Ogilvie Milling Company; and in reply I beg to inform you that on the 31st January, 1898, Mr. T. W. Aspdin asked for forty sacks of flour for the Assiniboine Agency. The order was given to the contractors, the Ogilvie Milling Company, but through a clerical error they were requested to supply four hundred sacks. As this quantity was not required at the Assiniboine Agency, the department asked the contractors to deliver it, at the Regina warehouse, where it was held until shipped to Touchwood. The greater portion of this flour was used after July 1st, 1898, and went to diminish the quantity required for delivery at that date, only forty sacks being then called for, instead of four hundred.

With reference to the last part of your letter, I would state that the quantity inserted in the contract for the November delivery is supposed to provide each Agency with flour to the 30th June, and only when unforeseen needs arise is an additional demand made upon the contractors.

I am, sir, your obedient servant,

The Auditor General.

Details asked for for Payment to Murdoch McKenzie, for work on
Brandon School.

AUDIT OFFICE, OTTAWA, Dec. 14, 1898.

SIR,—Voucher 36, Brandon Industrial School, is for a payment of \$407.55 to the Merchants Bank of Canada, for money advanced to Murdoch McKenzie, on Oct. 22, 1897, on account of stone and brick work done at the Brandon Industrial School.

I have not received any account in support of this advance. Please have a progress estimate or a detailed account forwarded to me at your earliest possible convenience.

Elkhorn Industrial School Deficit.

AUDIT OFFICE, OTTAWA, July 20, 1898.

SIR,—Cheque 4014, Elkhorn Industrial School for the year 1897-98 is for a payment of \$2,500 to Mr. A. E. Wilson for deficit, 1896-97. Please inform me for what this amount was paid, and under what authority.

I am, sir, your obedient servant,

The Deputy Supt. General of Indian Affairs.

J. L. McDUGALL, A.G.

DEPT. OF INDIAN AFFAIRS, OTTAWA, July 21, 1898.

SIR,—In reply to your letter of the 20th instant, having reference to Cheque 4014, Elkhorn Industrial School, \$2,500, paid to Mr. A. E. Wilson, I beg to say that this cheque was paid to cover a shortage owing by this school over and above the *per capita* grant, and was on account of a deficit, as shown by the books of the school, of some \$3,600. I may say that in authorizing the payment of this amount I simply followed the practice which I understand has been carried out in connection with this school, and one or two other schools for a few years past. I may add that it is very evident from the reports of our inspectors that the *per capita* grant given to this school of \$120 has been found insufficient to meet the requirements of the school.

I may say, further, that this department, in the latter part of 1897, decided definitely that it would not be responsible for any further deficits after the 31st Dec., 1897, and all the schools were notified to this effect. It is the intention, so far as I am aware, to carry out strictly the terms of this notification for the future.

I am, sir, your obedient servant,

The Auditor General.

AUDIT OFFICE, OTTAWA, July 29, 1893.

SIR,—I am in receipt of your letter of the 23rd instant, inclosing a statement showing the *per capita* rate paid to the different industrial schools, and the payments which were made on account of deficits.

The statement of payments on account of deficits is not complete, and I would ask that you furnish this office with a statement showing the amount paid to the various schools for maintenance, as specified in the Order in Council of October 22nd, 1892, including the *per capita* grant, supplies chargeable to the *per capita* grant, but paid by your department in addition to the grant, and the deficits on account of maintenance.

I am, sir, your obedient servant,

The Deputy Supt. General of Indian Affairs.

J. L. McDOUGALL, A.G.

DEPT. OF INDIAN AFFAIRS, OTTAWA, Aug. 10, 1893.

SIR,—Referring to your letter of the 29th ultimo, in which you say that the statement furnished you by this department, showing the *per capita* rate paid to different industrial schools, and the payments which were made on account of deficits is not full enough. I beg to say that you would appear to have all necessary details in your report. This de-

partment has not paid any charges for management at the schools which should have been charged to *per capita* grant.

After the fire at the Elkhorn school, special purchases were authorized to replace articles which were destroyed by the fire. It would be unfair to enumerate these articles and allow their cost to swell the *per capita* cost of the school.

I am, sir, your obedient servant,

The Auditor General.

J. D. McLEAN, *Secretary*.

AUDIT OFFICE, OTTAWA, Dec. 19, 1898.

SIR,—I notice that during the last fiscal year, payments amounting to \$4,500 were made to the principal of the Elkhorn Industrial School, on account of the deficit for maintenance. I understand that Mr. Inspector Wadsworth spent some time at this school, going fully into this matter, and establishing the actual amount of liabilities due by this school. I think that I should be fully informed as to the amount of the deficit, the way in which it occurred, and how it is proposed to deal therewith. I have accordingly to ask for a copy of Mr. Wadsworth's report on the financial matters of this school.

I am, sir, your obedient servant,

The Secretary, Dept. of Indian Affairs

J. L. McDougall, A.G.

DEPT. OF INDIAN AFFAIRS, OTTAWA, January 12, 1899.

SIR,—With reference to your letter of the 19th ultimo, regarding the financial standing of the Elkhorn Industrial School, and the deficit which was assumed by the department, I have the honour to inclose Mr. Inspector Wadsworth's financial statement in connection therewith, dated the 30th June, 1898. The amount of the liabilities of the school on that date was \$10,943.32. This amount has been paid by cheques as follows :—

Cheque No. 4014, 1897-98.....	\$2,500 00
5579, 1897-98.....	2,000 00
1477, 1898-99.....	5,183 76
2697, 1898-99.....	1,259 56
	\$10,943 32

This deficit arose from many causes, chief among which was the situation of the school, which was unfavourable for raising farm or dairy produce, a system of trade shops which was not found to pay, and a disastrous fire which destroyed buildings and property. As stated above, the liabilities of the school have been paid, and it is hoped that no such deficit will occur in the future.

Will you kindly return the inclosed statement to the department after you have examined it, in order that it may be kept on record here.

I am, sir, your obedient servant.

The Auditor General.

Insufficient Certificates on Accounts for New Building at Elkhorn.

AUDIT OFFICE, OTTAWA, Dec. 19, 1898.

SIR,—I find that a large number of the vouchers in support of the payments in connection with the erection of the new industrial school at Elkhorn are only certified as to supply of materials, and as to prices, by Mr. A. E. Wilson, the principal of the school, while the pay-lists are not certified at all.

When Mr. Reid, of this office, was at Elkhorn this summer, he was given to understand by Mr. Wilson that he, Mr. Wilson, knew little or nothing of the supplies furnished for the building, that he had not been specially instructed to supervise the building operations, and that any interference on his part was resented by the foremen and labourers. Under these circumstances, Mr. Wilson's certificates are of little or no value. The vouchers paid towards the end of the year are certified by the foreman in charge, in accordance with a suggestion to that effect made by Mr. Reid, but the earlier vouchers are not so certified. Mr. Wilson, in fact, did not appear to realize that in certifying to accounts about which he knew nothing he was virtually assuming the responsibility of their correctness in every particular.

Kindly point out to your principals and agents that they should not certify to accounts, without being fully cognizant of all the facts connected therewith. Otherwise

Auditor General's Report—Part G

the certificate is practically useless. With reference to the pay-lists, I should like to be furnished with the time-books or the time-sheets kept by the foremen, from which the paylists were made out.

I am, sir, your obedient servant,

The Secretary, Dept. of Indian Affairs

J. L. McDOUGALL, A.G.

DEPT. OF INDIAN AFFAIRS, OTTAWA, Dec. 27, 1898.

SIR,—I have the honour to acknowledge the receipt of your letter of the 19th instant, relative to the nature of the certificate furnished by Mr. A. E. Wilson, principal of the Elkhorn School, on accounts for material supplied and work done in connection with the erection of the new building; and in reply I beg to inform you that the department was not, of course, aware of the manner in which Mr. Wilson viewed the matter, nor of the statements which he made to Mr. Reid, of your office. Mr. Wilson's certificate was taken as being sufficient guarantee of the correctness of the vouchers. He will be asked to explain, and requested to send the time books or sheets kept by the foreman in charge of the work.

The Auditor General.

Purchase of Cement for Elkhorn Industrial School.

AUDIT OFFICE, OTTAWA, Dec. 20, 1898.

SIR.—The cement required in connection with the erection of the Elkhorn Industrial School appears all to have been purchased from Messrs. Brown & Mitchell, of Brandon, as follows:—

June 30, 1897, 25 barrels at \$5.....	\$125 00
Aug. 24, 1897, 10 barrels at \$5.....	50 00
May 26, 1898, 89 barrels at \$4.20.....	373 80

On August 26, 1897, the principal, Mr. Wilson, paid \$3.78 to the C. P. Ry. Co. for freight on 6 barrels cement from Brandon, delivered on that date. This is the only charge paid for freight on cement.

I have to ask why the freight was paid on this shipment of cement, while no freight appears to have been paid on previous or subsequent shipments. I have also to ask for the reason of the difference between the quantity of cement purchased at that time, and the quantity for which freight is charged, the school being billed by Brown & Mitchell with 10 barrels, and only 6 barrels appearing to have been delivered by the railway company.

I am, sir, your obedient servant,

The Secretary, Dept. of Indian Affairs.

Overpayment of \$68.78 to Assiniboine Lumber Co., for lath for Elkhorn School.

AUDIT OFFICE, OTTAWA, Dec. 15, 1898.

SIR.—Voucher 56, for the Elkhorn Industrial School, for the year 1897-98 is for the purchase of 78½ M. lath, at \$3.25, from the Assiniboine Lumber Co., of Brandon. The account is dated January 27, 1898, and is marked as shipped by car 31,944, f.o.b. at Elkhorn.

On January 31, Mr. A. E. Wilson, principal of the Elkhorn school, issued a cheque, No. 445, out of the advances to him for the new building, for the sum of \$68.78, in payment to the Canadian Pacific Railway of the freight on a car of lath shipped from Rat Portage by car 31944, and delivered at Elkhorn on January 29, 1898. It is evident that, though the Assiniboine Lumber Co., of Brandon, contracted for the supply of the lath, they obtained them from Rat Portage. As the lath were to be delivered f.o.b. at Elkhorn, the amount paid for freight, viz., \$68.78, should have been deducted from the account. Kindly obtain a refund of the amount thus overpaid.

I am, sir, your obedient servant,

The Secretary, Dept. of Indian Affairs.

Overpayment at Elkhorn School for Telegrams.

AUDIT OFFICE, OTTAWA, Dec. 15, 1898.

SIR,—I beg to draw your attention to an overpayment of \$1.20 to the Canadian Pacific Railway Co.'s Telegraph, made by Mr. A. E. Wilson, principal of the Elkhorn Industrial School, out of the advances to him for the new school building.

On October 9, 1897, Mr. Wilson issued a cheque, No. 336, for \$1.90, in payment of telegrams received and despatched between Sept. 30 and Oct. 9, and on Oct. 30, 1897, he issued a cheque for \$3.30, in payment of telegrams during the whole of the month of October. The first four items in the latter account, amounting to \$1.20, are identical with four items paid on the former account, making an overpayment as stated above. Kindly have this refunded at your earliest convenience.

The Secretary, Dept. of Indian Affairs.

Accounts accrued subsequent to June 30 cannot be charged to preceding Fiscal Year.

AUDIT OFFICE, OTTAWA, Dec. 17, 1898.

SIR,—On July 25 last, a cheque, No. 6149, was drawn against your appropriation for 1897-98, in favour of J. G. Templeton, of Calgary, for the sum of \$31.48, in payment of medical supplies furnished the High River Industrial School. This amount is made up of two accounts, one for \$14.65, made out on June 29, for articles supplied on June 18th and 29th, and one for \$16.83, for articles supplied on July 7th, 1898. This latter account, which was for supplies furnished during the new fiscal year, should have been charged against the appropriation for 1898-99.

Auditor General's Report—Part G

I notice that the date at the head of the latter account has been changed, evidently by the principal, from July 7 to June 30. Kindly point out to him that alterations should not be made to bring an account into the preceding fiscal year.

Overpayment of \$3.50 to Dr. Lafferty, High River School.

AUDIT OFFICE, OTTAWA, Dec. 17, 1898.

SIR,—Voucher No. 60, of 1897-98, High River Industrial School, is for a payment to Dr. Lafferty, of \$3.50 for expenses of a visit made on June 21, 1898, to the school.

Voucher 61, for the same school, is for a payment of \$11.50 to Dr. Lafferty for one visit to the school on June 21, and one visit on June 25, 1898.

Dr. Lafferty thus appears to have been twice paid for the visit made on June 21, and should be called upon to refund the overpayment of \$3.50.

I am, sir, your obedient servant,

The Secretary, Dept. of Indian Affairs.

J. L. McDOUGALL, A.G.

Note.—This amount has since been refunded, and deposited to the credit of Casual Revenue.—J. L. MCD.

Transfer of Bacon by Surveyor Ponton to Saddle Lake Agent.

AUDIT OFFICE, OTTAWA, Dec. 28, 1898.

SIR,—In Mr. A. W. Ponton's survey accounts for 1897-98, I find the following item :—

Oct. 26.—Bacon transferred to Indian Agent at Saddle Lake—	
75 pounds at 15 cents.....	\$11 25
62 pounds at 12½ cents.....	7 75
	<hr/>
	\$19 00

According to the agent's receipt, this bacon was the quantity left over after Mr. Ponton finished his survey, and instead of freighting it back to Edmonton and disposing of it there, Mr. Ponton turned it into the agency warehouse and charged it to his survey account. I would ask why this amount was not charged to the Saddle Lake Agency, and how the prices paid Mr. Ponton were arrived at, as I find that the contract price paid at this agency at the time was 10½ cents.

I am, sir, your obedient servant,

The Secretary, Dept. of Indian Affairs.

J. L. McDUGALL, A.G.

DEPT. OF INDIAN AFFAIRS, OTTAWA, Dec. 27, 1898.

SIR,—I beg to acknowledge the receipt of your letter of the 22nd instant, regarding the bacon which Mr. Surveyor Ponton handed over to the Indian Agent at Saddle Lake; and in reply, I have the honour to inform you that the prices which you quote are those which Mr. Ponton paid to merchants at Onion Lake and Fort Saskatchewan, respectively, for the bacon. As the quantity of bacon transferred was small, it was not thought necessary to charge the cost to the Saddle Lake Agency.

I am, sir, your obedient servant,

The Auditor General.

Payment of Overweight of Blankets above Contract Specification.

AUDIT OFFICE, OTTAWA, Dec. 20, 1898.

SIR,—Voucher 11, General Vote 5, is for a payment of \$91.44 to Messrs. Horn Bros., for 254 pounds overweight on 1,081 blankets supplied by them under contract of 1897-98.

Upon reference to the vouchers of 1896-97, I find that the Slingsby Manufacturing Co. supplied, under the contracts of that year, 856 large and 344 small blankets, weighing 6,232 pounds, or an overweight of 64 pounds, which amount, although charged on their account, was not allowed by your department.

Please inform me why a different method has been adopted in the case of Messrs. Horn Bros., whose contract is in the same words as that of 1896-97.

I should have supposed that the course adopted in 1897-98 was the proper one to take, as long as the weight of the blankets is but slightly above or below the one named in the contract, but I am not offering an opinion that should have weight, as long as all contractors are treated in the same way. Have you changed your method in this respect, because you thought the method of 1896-97 was incorrect under any circumstances? If not, please give the reasons for the change.

I am, sir, your obedient servant,

The Deputy Supt. General of Indian Affairs.

J. L. McDUGALL, A.G.

DEPT. OF INDIAN AFFAIRS, OTTAWA, Dec. 29, 1898.

SIR,—I am directed to acknowledge the receipt of your letter of the 20th instant, in which you ask the reason why Messrs. Horn Bros. were allowed payment for 254 pounds overweight in blankets supplied under contract, 1897-98, while the Slingsby Manufacturing Co., in 1896-97, were not allowed for an overweight of 64 pounds. In reply, I beg to say that it is found that it is almost impossible to manufacture blankets of an even weight—some run considerably over, and some considerably under the weight required—and as the blankets in question are, on account of their size and marks, unsaleable for general use, it is thought but fair to pay the overweight. There appears to be no reason why the Slingsby Manufacturing Company should not be allowed for the amount of overweight

Auditor General's Report—Part G

under their contract, and if they have not been, it was simply because the matter was overlooked.

In future, however, it is intended to clearly set out in the schedule for tenderers that claims of this description cannot be allowed, and possibly we will have no difficulty in adjusting matters of the kind hereafter.

I am, sir, your obedient servant,

The Auditor General.

J. D. McLEAN, *Secretary*.

AUDIT OFFICE, OTTAWA, January 4, 1899.

SIR,—I am in receipt of your letter of the 29th ultimo, with reference to the purchase of blankets. I observe that in this letter you say: "There appears to be no reason why the Slingsby Manufacturing Company should not be allowed for the amount of overweight under their contract, and if they have not been it was simply because the matter was overlooked."

On reference to the vouchers, it appears to me as if the reduction was made purposely, as the accounts were rendered by the Slingsby Company on the basis of actual weight, but were reduced to the 6-pound basis, either in the department here or in the Indian Commissioner's Office. The following note also appears on the voucher, initialed by Mr. Forget, the then Commissioner:—"It will be observed that the contractors, in their accounts attached, have charged for the actual weight of the blankets, whereas the schedule advises that they are to be paid \$2.25 and \$1.12½ for each large and small blanket, respectively."

I am, sir, your obedient servant.

The Secretary, Dept. of Indian Affairs.

Payments for Freight on Supplies should be distributed between the different votes concerned.

AUDIT OFFICE, OTTAWA, Nov. 25, 1898.

SIR,—With reference to your expenditure on account of Indians of Manitoba and North-west Territories, I beg to draw your attention to the requisitions for freighting which are forwarded this office in support of the charges for freight upon the various supplies sent to the different agencies.

I find that the freight upon all, or nearly all, the supplies for the several agencies, is charged to the vote for destitute Indians, thus burdening that vote with expenditure which should be charged to other votes. Prior to this year, these requisitions were attached to vouchers, showing the subdivision, and the various amounts were charged to their respective votes. Please inform me why this method was changed, and why freight charges, covering several votes are charged to the vote for destitute Indians.

I am, sir, your obedient servant,

The Secretary, Dept. of Indian Affairs.

J. L. McDougall, A.G.

DEPT. OF INDIAN AFFAIRS, OTTAWA, Nov. 29, 1898.

SIR,—In reply to your letter of the 25th instant, making inquiries regarding the reason for charging the freight on certain supplies sent to Indian Agencies in the North-west Territories to the vote for the destitute, I have the honour to inform you that this was done to obviate the necessity of subdividing the cost, which would have entailed a great deal of work. The freight on biscuits has been properly charged to the school vote, and the destitute vote has only been burdened with the freight on tea, soap and rice, intended for employees, the amount of which was trifling.

I am, sir, your obedient servant,

The Auditor General.

J. D. McLEAN, *Secretary*.

AUDIT OFFICE, OTTAWA, Dec. 5, 1898.

SIR,—I am in receipt of your letter of the 29th ultimo, with reference to freight being charged to the vote for destitute Indians, and in reply, I beg to say that I cannot see why the payments for freight should not be divided and charged to their respective votes, as well now as formerly. The fact of the individual items being small does not alter the case, for in the aggregate the amount is considerable.

I am, sir, your obedient servant,

The Secretary, Dept. of Indian Affairs.

Attendance Returns at Boarding Schools asked for.

AUDIT OFFICE, OTTAWA, Nov. 25, 1898.

SIR,—I beg to draw your attention to the vouchers forwarded this office in support of the grants to boarding and industrial schools. It is impossible for me to satisfactorily audit the grants from these vouchers which appear to be made out from the returns by a clerk in your department, and which bear only her certificate as to correctness. This voucher is quite insufficient for the purposes of audit. The original return of attendance received from the school should be attached to give me the means of checking fully the grant to be paid.

I am, sir, your obedient servant,

The Secretary, Dept. of Indian Affairs.

J. L. McDOUGALL, A.G.

DEPT. OF INDIAN AFFAIRS, OTTAWA, Dec. 5, 1898.

SIR,—In reply to your letter of the 25th November, I beg to inform you that the department receives only original returns from the boarding and industrial schools in support of the grants made to them. The returns and vouchers for the amount due are carefully checked over and prepared by a thoroughly competent clerk, whose work has been accepted by you without question for some years past, and as the original returns are constantly required in this department, it is hoped that you will see your way to consent to the continuance of the present method of checking.

I am, sir, your obedient servant,

The Auditor General.

J. D. McLEAN, *Secretary*.

AUDIT OFFICE, OTTAWA, Dec. 9, 1898.

SIR,—I am in receipt of your letter No. 150000, of the 5th instant, with reference to returns of boarding and industrial schools, and in reply, I beg to ask if it is not possible for the schools to furnish returns in duplicate in order that one copy may be retained by your department, and one forwarded to this office in support of the payment for the grant.

I may also say that the vouchers supplied this office prior to the last fiscal year were not prepared by a clerk in your department, but were made out by the principal of the school, and certified by the Indian agent, and, after being checked by a clerk in your department, were forwarded to this office, in which form this office accepted them, but as the methods of audit are continually advancing, and a new system being adopted by your department, I cannot satisfactorily audit the grant without the original return, and I would therefore ask that the originals be forwarded me in support of these payments.

I am, sir, your obedient servant,

The Secretary, Dept. of Indian Affairs.

J. L. McDOUGALL, A.G.

DEPT. OF INDIAN AFFAIRS, OTTAWA, Dec. 16, 1898.

SIR,—In reply to your letter of the 9th instant, I beg to inform you that the department will send you the originals of the returns which it receives from the boarding and industrial schools when you require them for audit; and I have to request that you will kindly have them returned separately, as soon as the audit is completed.

I am, sir, your obedient servant,

The Auditor General.

Payment for Call Bell supplied Victoria Office in 1891.

AUDIT OFFICE, OTTAWA, March 29, 1898.

SIR,—Cheque 381, Indians of British Columbia, for the year 1897-98, is for a payment of \$5 to Mr. A. W. Vowell, for one electric call supplied by R. B. McMicking on July 15th, 1891. Please inform me when your department was first asked to pay this account, and the reason for it not having been paid during the year in which the service was rendered.

I am, sir, your obedient servant,

The Deputy Supt. General of Indian Affairs.

J. L. McDOUGALL, A.G.

Auditor General's Report—Part G

DEPT. OF INDIAN AFFAIRS, OTTAWA, April 20, 1898.

SIR,—Referring to your letter of the 29th ultimo, and the inquiries made therein respecting the payment of \$5 to Mr. A. W. Vowell, for one electric call bell, supplied by R. B. McMicking, on July 15th, 1891, I beg to inform you that the bell was ordered and paid for by Mr. Superintendent Vowell in 1891, for use in his office. The appliance at that time being somewhat tentative, Mr. Vowell did not then apply for authority to make the expenditure, but as it has since been in constant use, and is really a necessary adjunct to the carrying on of the daily service of his office, he submitted an account for the bell, which was paid by Cheque No. 381.

I am, sir, your obedient servant,

The Auditor General.

J. D. McLEAN, *Secretary*.

AUDIT OFFICE, OTTAWA, January 4, 1899.

SIR,—With further reference to our correspondence on the subject of the payment to Mr. A. W. Vowell, of \$5 for an electric call bell, supplied in July, 1891, I beg to say that I have always held that the greatest precautions should be taken in paying accounts of so long standing. In fact, I am of opinion that no such payment as this one should be made, unless specifically voted by Parliament.

The parliamentary vote is supposed to cover, approximately, the services of the year, and this rule should be adhered to as closely as possible. It is impossible, I admit, to separate exactly the expenditure of two consecutive years, but when several years have elapsed without bringing up an account which, if payable at all, could be disposed of at once, great care should be taken before making the payment.

I am, sir, your obedient servant,

The Secretary, Dept. of Indian Affairs.

Survey of Port Simpson Indian Village site by J. E. Ross.

AUDIT OFFICE, OTTAWA, Nov. 19, 1898.

SIR,—Cheque 823 of Indians of British Columbia is for a payment of \$300 to Chas. Todd, Indian Agent, to be paid over to the Port Simpson Indian Council for expenses of surveying the Indian village site in 1898. In support of this payment I have received a voucher for \$200, made in the name of Alfred Dudoward, chief councillor, for amount paid Jos. E. Ross, for surveying town site, to which is attached a letter from Agent Todd, stating that he has retained \$100 of the department cheque until he can obtain sub-receipts from the surveyor's assistants.

I would ask what were the arrangements made with Mr. Ross in regard to this survey. As his receipt does not give any details, I would also ask that a detailed statement of the work done by him be furnished.

I am, sir, your obedient servant,

The Deputy Supt. General of Indian Affairs.

J. L. McDOUGALL, *A.G.*

DEPT. OF INDIAN AFFAIRS, OTTAWA, Nov. 28, 1898.

SIR,—In reply to your letter of the 19th instant, respecting Cheque No. 823 B. C., to recoup the Port Simpson Indians for expenses of surveying their village site, I beg to inform you that Mr. Surveyor Ross was engaged by the Indians with the approval of Mr. Agent Todd, the circumstances being that the department had promised the Indians to have this work done, and had actually given instructions to the Reserve Commission Surveyors to take it up, with other surveys to be made in the district. Before these instructions could be carried into effect, Mr. Ross visited Port Simpson, and the Indians, being in readiness to proceed with the erection of some 30 new houses (which were urgently needed, owing to the congested state of their village) took advantage of his presence to have the necessary subdivision made. Mr. Agent Todd, acting on their behalf,

made an agreement with Mr. Ross to have the necessary work performed for \$300, which sum was paid him by the Indians, and on the matter being submitted to the department, it was considered that they were justly entitled to reimbursement. Mr. Agent Todd, in a report of the 10th November, 1896, in the matter, states as follows:—"I assisted the surveyor for three days, and we laid out several new streets and about thirty lots lying back from the present houses. The Indian Councillors then proposed that if Mr. Ross would continue work and finish the survey according to the plan adopted and to the extent shown by the plan, and supply a complete map of the same to the Council they would pay him three hundred dollars." Mr. Todd adds that "Mr. Ross agreed to the proposition, and I drew up an agreement between them, which was signed in my presence."

Mr. Superintendent Vowell has been asked to obtain a copy of the agreement referred to, and also asked to furnish a detailed statement of the expenditure, and reminded that he should furnish the additional receipts required.

I am, sir, your obedient servant,

The Auditor General.

J. D. McLEAN, *Secretary.*

Auditor General's Report—Part H

Insufficient Certificate on Immigration Vouchers.

AUDIT OFFICE, OTTAWA, March 2, 1898.

SIR,—I beg to call your attention to the vouchers received by this office in support of the expenditure on account of immigration for the year 1897-98, many of which bear no certificate of correctness in any form, but only the inscription, "Acc't please pay, Frank Pedley, Supt. of Immigration."

I would refer you to my letter of the 13th of April, 1897, in which I pointed out similar deficiencies in the vouchers for that year. In your reply thereto I was informed that in future all vouchers would be certified so as to comply with section 33 of the Audit Act, which requires that the officer, under whose special charge such part of the public service is, shall certify that the work has been performed or the materials supplied, as the case may be, and that the price charged is according to contract, or, if not covered by contract, is fair and just. Please draw the attention of the officer in charge of these accounts to this section of the Audit Act, and inform him that the inscription, "Acc't please pay," does not constitute a sufficient certificate for the purposes of this office.

I do not return any of the vouchers, but I would suggest that the officer in charge call at this office and make the change in the certificate, which he could no doubt, in many cases, do without reference to his books and accounts.

I am, sir, your obedient servant,

The Deputy Minister of the Interior.

J. L. McDOUGALL, A.G.

AUDIT OFFICE, OTTAWA, June 29, 1898.

SIR,—I beg to draw your attention to my letter of March 2nd last, with reference to insufficient certificates upon certain vouchers in support of expenditure on account of immigration for the year 1897-98, and I would be glad if you would inform me as to what has been done by you in regard to this matter.

I am, sir, your obedient servant,

The Deputy Minister of the Interior.

J. L. McDOUGALL, A.G.

INTERIOR DEPARTMENT, OTTAWA, July 6, 1898.

SIR,—In reply to your letter of the 29th ultimo, drawing my attention to your letter of the 2nd March last, with reference to insufficient certificates upon certain vouchers in support of expenditures on account of immigration for the fiscal year 1897-98, I beg to say that Mr. Frank Pedley, Superintendent of Immigration, has discussed this matter with one of your officers, and an arrangement has been made whereby the difficulty in question will be satisfactorily disposed of at an early date.

I am, sir, your obedient servant,

The Auditor General.

JAS. A. SMART, D.M.I.

Unsatisfactory Accounts rendered by United States Agents.

AUDIT OFFICE, OTTAWA, March 25, 1898.

SIR,—In Mr. C. J. Broughton's statements of disbursements on account of immigration for the year 1897-98, I find the following items:—

October.—S. Car and living expenses in and around Chicago.....	\$25 50
January.—Expenses during month in and around Chicago and Cook Co. with intending settlers, and S. cars and suburban fares.....	25 00

As no details have been given, I do not understand how any of these were paid. The first two items were allowed by your department, and the third one was disallowed. None of the items were supported by vouchers showing to whom the money was paid. Please inform me why different methods were followed in dealing with these accounts.

I might also draw your attention to the lack of sufficient evidence of payment in the accounts supplied this office by the agents in the United States. In very few cases do I receive any vouchers for hotel expenses, livery hire, &c., and I am unable to make a proper audit of these accounts without the original vouchers furnished by the parties to whom the money is paid.

I am, sir, your obedient servant,

The Deputy Minister of the Interior.

J. L. McDOUGALL, A.G.

INTERIOR DEPARTMENT, OTTAWA, May 16, 1898.

SIR,—Referring to your letter of the 25th of March last asking for details of certain expenditure made by Mr. C. J. Broughton, for immigration purposes, I beg to inclose herewith two statements received from Mr. Broughton giving the details of the items \$80.69 and \$25.50, mentioned in your communication. Although several letters were written to Mr. Broughton in this matter, it was only during the current month that we received the statements asked for by you.

As to the concluding paragraph of your communication, I may state that several times I have refused to approve expenditure made by our United States agents for lack of the evidence of payment mentioned by you, and have caused their statements to be returned, with the view of obtaining proper details and vouchers if it is possible to obtain them. Our agents are required to ask for vouchers wherever they can be obtained.

I may add that a circular letter is in course of preparation for the guidance of our United States agents, many of whom are not accustomed to keeping accounts, and I trust that in future their accounts will be more satisfactory to yourself as well as to this department.

I am, sir, your obedient servant,

The Auditor General.

JAS. A. SMART, D.M.I.

AUDIT OFFICE, OTTAWA, March 30, 1898.

SIR,—I beg to call your attention to the statements of expenditure furnished by Mr. J. S. Crawford, immigration agent in Kansas, and to point out that :

1. No dates of any expenditure are given upon the statement.
2. The names of the parties who receive the money are not furnished.
3. No details of hotel or other expenses are given, but simply the total amount expended in the city or town.
4. So many items are put upon each line that the writing is almost illegible.
5. Except in a few cases, no vouchers are furnished from the parties who receive the money.

You will readily see that with statements of this kind it is impossible for me to audit the expenditure satisfactorily. I accordingly return the statements that Mr. Crawford may be asked to furnish them in a proper form. I do not understand how Mr. Pinard passes these accounts. He knows that they are irregular.

I am, sir, your obedient servant,

The Deputy Minister of the Interior.

J. L. McDOUGALL, A.G.

INTERIOR DEPARTMENT, OTTAWA, May 16, 1898.

SIR,—Referring to your letter of the 30th of March last concerning the statements of expenditure furnished by Mr. J. S. Crawford, I beg to say that I quite agree with you that these accounts in their present shape are not at all satisfactory, and I have from time to time drawn attention to them. However, steps are now being taken to have Mr. Crawford's accounts made out properly in future. As I stated to you in my communication of to-day's date in relation to Mr. Broughton's accounts, arrangements are being made to have all the accounts of our United States agents made out in a more satisfactory way, and I trust that all future accounts will be in better shape. As to paragraph No. 4 of your communication referred to, I may say that a new form is being printed for the use of our agents in the States, which will be ready shortly, and that they will be instructed to put only one item on each line.

I am, sir, your obedient servant,

The Auditor General.

Auditor General's Report—Part H

DEPARTMENT OF INTERIOR, OTTAWA, October 20, 1898.

SIR,—In reply to your letter of the 14th instant, with reference to the advance made to Mr. Willson, of \$200 on account of expenses, I beg to say that an arrangement was made with Mr. Willson, who is editor of the *Elgin Dairy Report*, published at Elgin, Ill., whereby he agreed to visit the North-west and while there to deliver a series of lectures on dairying to farmers and others interested, and also to publish a series of letters in his paper regarding the resources of this country, the department agreeing to advance him \$200 towards his expenses, which was to be borne equally by the Department of Agriculture, the Manitoba Government, and this department. A cheque for the full amount was issued by this department, and the Department of Agriculture and the Manitoba Government have since remitted their share. In a letter received from Mr. Willson on the 12th August last, a copy of which is herewith inclosed, he gives the reason why he has not sent in his account in detail, but incloses a certificate to the effect that the amount advanced to him was all expended on Government business, the original of which certificate is also inclosed.

I am, sir, your obedient servant,

The Auditor General.

JAS. A. SMART, D.M.I.

ELGIN, ILL., August 12, 1898.

DEAR SIR,—Inclosed please find three duplicate sets of vouchers for the department. Having lost a note book on the train with a list of my expenditures, I cannot give you the details, only to state that the whole amount was used, in addition to a goodly sum of my own funds in connection with my trip from home and return. As you will notice, I have made a duplicate set of three, presuming that would be necessary to satisfy the requirements of the Audit Department.

I shall take occasion shortly to write a good long letter to the department regarding my trip. Extra copies of the paper were directed to be sent regularly to the department, so that you have, as far as it has been published, a record of the work accomplished. I will take occasion now to express my most hearty thanks for the kind and courteous reception extended to me by all of the officials with whom I had the pleasure of coming in contact, and to say further that the Dominion Government is fortunate in having representatives of the character I met with during all of my trip.

Yours truly,

Asst. Secretary, Interior Dept.

D. W. WILLSON.

This is to certify that \$200 has been expended by the undersigned on Government business in Manitoba and the North-west Territories, under the arrangement made with the Department of the Interior; one-third of which is to be charged to the Department of Agriculture, one-third to the Department of Immigration, and one-third to the province of Manitoba.

ELGIN, ILL., Aug. 12, 1898.

D. W. WILLSON.

AUDIT OFFICE, OTTAWA, October 24, 1898.

SIR,—I am in receipt of your letter of the 20th inst., inclosing a copy of the letter received from Mr. Willson on the 12th of August, giving his reasons for not sending in a detailed statement for the advance of \$200 received by him, and inclosing a certificate from him that the whole amount of the advance was expended upon Government business.

In reply I beg to inform you that the statements made by Mr. Willson are not sufficient for the purposes of audit. If Mr. Willson lost his memo. book and was unable to make up his accounts, he should make statutory declaration to that effect, and he should also state the time spent upon the trip in question, and the places visited by him, as well as any dates which he may recall.

I am, sir, your obedient servant,

The Deputy Minister of the Interior.

Account for Travelling Expenses not supported by Sub-Vouchers.

AUDIT OFFICE, OTTAWA, October 31, 1898.

SIR,—I beg to call your attention to the accounts furnished this office in support of advances made to Mr. Frank Pedley, for travel on account of immigration, during the year 1897-98. On August 31, 1897, Mr. Pedley charges \$14 for a travelling bag. Please inform me upon what authority this article was purchased, and why it was allowed by your department.

I would also point out that there are no sub-vouchers furnished for any of the items of the account. Sub-vouchers are required for all items where it is possible to obtain them.

I am, sir, your obedient servant,

The Deputy Minister of the Interior.

J. L. McDOUGALL, A.G.

INTERIOR DEPARTMENT, OTTAWA, Nov. 22, 1898.

SIR.—In reply to your letter of the 31st ultimo, regarding the bag purchased by Mr. Pedley, Superintendent of Immigration, in August, 1897, I beg to say that as Mr. Pedley is engaged a considerable portion of the year in travelling from one end of the Dominion to the other, and also in the United States, in connection with immigration work, it was found necessary for him to procure a suitable bag in which to carry the official documents, pamphlets, &c., required in the discharge of his duties. I inclose herewith a voucher covering the expenditure in question.

I am, sir, your obedient servant,

The Auditor General.

Apparent Double Payment to H. P. Hall Advertising Co.

AUDIT OFFICE, OTTAWA, November 10, 1898.

SIR.—Immigration Cheque 6567, of June 16th, 1898, covers an account dated April 22nd, 1898, rendered by H. P. Hall Advertising Co., of St. Paul, Minn., for the sum of \$384.24. One of the items of this account is for advertising in the Aberdeen, South Dakota, *Farmer*, six times, \$38.56.

Immigration Cheque 6552, of June 16th, 1898, is for a payment of \$38.56 to the Aberdeen, South Dakota, *Farmer* for an advertisement six times between February 1st and April 15th, 1898. This account is made out against H. P. Hall, Advertising Agent.

Is not this second payment identical with that of the same amount paid to the H. P. Hall Advertising Co., mentioned in the first paragraph of this letter? If so, kindly have the overpayment refunded at your earliest convenience.

I am, sir, your obedient servant,

The Deputy Minister of the Interior.

E. D. SUTHERLAND, for A.G.

INTERIOR DEPARTMENT, OTTAWA, Nov. 17, 1898.

SIR.—Referring to your letter of the 10th instant in regard to an overpayment of \$38.56 to the *Dakota Farmer*, of Aberdeen, S.D., I am directed to say that steps are being taken to obtain a refund of the overpayment.

Expenditure cannot be Transferred from One Year to the Succeeding Year, merely to avoid an Overdraft.

AUDIT OFFICE, OTTAWA, August 31, 1898.

SIR.—I have received an application from your department asking for a transfer of \$2,210 (£454 2s. 7d.) from the accounts of 1897-98, to the accounts of 1898-99. This amount was paid to the Hamburg-American S.S. Co. for continental bonuses, the cheque having been issued on June 30th. The only reason assigned, that it will cause an over-draft in the appropriation is not, in my judgment, sufficient, and the application cannot be passed. Were this transfer allowed, there would be no reason to object to treating all over-expenditure of a vote similarly.

I am, sir, your obedient servant,

The Deputy Minister of the Interior.

INTERIOR DEPARTMENT, OTTAWA, Nov. 22, 1898.

Provisions and other Supplies furnished to Immigrants, to be repaid by them.

AUDIT OFFICE, OTTAWA, March 25, 1898.

SIR,—I notice in the accounts furnished this office by Mr. W. F. McCreary, that provisions, cattle, implements, &c., have been furnished to the Galician and other immigrants settled in Manitoba and North-west Territories. I would ask if these supplies are furnished gratis, or are they simply loans, and if the latter, kindly inform me what security if any is taken, and what provision is made for the repayment of the amounts advanced.

I am, sir, your obedient servant,
The Deputy Minister of the Interior. J. L. McDOUGALL, A.G.

INTERIOR DEPARTMENT, OTTAWA, March 28, 1898.

SIR,—The Superintendent of Immigration desires me to say that he is sending a copy of your letter to Mr. W. F. McCreary, with a view to obtaining from him a statement which will answer your inquiries concerning the advances of provisions, cattle, implements, &c., which have been made to Galicians and other immigrants settled in Manitoba and the North-west Territories. Mr. McCreary will be reminded that all liens taken in security for such advances are required to be forwarded here for registration, and he will be requested to show in the statement which we are now asking him for what advances have been secured by liens, giving the names, amounts and description of lands, and what advances are unsecured.

I am, sir, your obedient servant,
The Auditor General. LYNWODE PEREIRA, A.S.

AUDIT OFFICE, OTTAWA, June 29, 1898.

SIR,—I beg to call your attention to your letter No. 3888 Immigration, of March 28th last, with reference to advances made to Galicians and other immigrants in Manitoba and the North-west Territories. This office has not as yet been furnished with any statement of these advances, and as the expenditure cannot be properly audited without such, I would ask that Mr. McCreary be asked to furnish it without further delay.

I am, sir, your obedient servant,
The Deputy Minister of the Interior. J. L. McDOUGALL, A.G.

OFFICE OF THE COMMISSIONER OF IMMIGRATION, WINNIPEG, July 8, 1898.

SIR,—With reference to your letter of date 25th March to the Deputy Minister of the Interior, I have to inform you that a report is now being prepared of the liens taken from parties who have received relief advances, which will be forwarded within the next few days. Press of work has kept this matter from being attended to ere this, and I regret that there should have been any seeming delay in the matter.

I am, sir, your obedient servant,
The Auditor General. W. F. McCREARY, Comm.

Auditor General's Report—Part H

AUDIT OFFICE, OTTAWA, August 3, 1898.

SIR,—I am in receipt of a letter from the Commissioner of Immigration, dated July 8th, stating that the statements of liens taken for supplies furnished to Galicians and other immigrants in Manitoba and the North-west Territories, and other information with regard to advances to certain immigrants, asked for in my letter of March 24th last, would be forwarded within the next few days. No statements have yet been received by this office, and as almost all the accounts for the year are now to hand, it is very necessary that this office should be in possession of some statement showing the amounts advanced to these immigrants, and what amounts have been repaid by them.

I am, sir, your obedient servant,

The Deputy Minister of the Interior.

E. D. SUTHERLAND, *for A.G.*

INTERIOR DEPARTMENT, OTTAWA, August 8, 1898.

SIR,—The Acting Superintendent of Immigration desires me to acknowledge the receipt of your letter of the 3rd instant, again reminding him of the non-receipt of the statements of liens taken for supplies furnished to Galicians and other immigrants in Manitoba and the North-west Territories, and other information with regard to advances to certain immigrants, asked for in a letter from your office, dated the 24th of March last. Mr. McCreary, Commissioner of Immigration at Winnipeg, is being again reminded of this matter, and it is hoped that it will be attended to without further delay.

I am, sir, your obedient servant,

The Auditor General.

LYNDWODE PEREIRA, *A.S.*

AUDIT OFFICE, OTTAWA, October 4, 1898.

SIR,—I beg to remind you that the information asked for in my letter of March 25th last, regarding the advances to Galicians and other immigrants, and the liens taken therefor, has not been received at this office. Kindly send me the statement asked for at your earliest convenience in order that I may complete the audit of the accounts of the Commissioner of Immigration.

I am, sir, your obedient servant,

The Deputy Minister of the Interior.

J. L. McDOUGALL, *A.G.*

INTERIOR DEPARTMENT, OTTAWA, Oct. 5, 1898.

SIR,—I beg to acknowledge the receipt of your letter of the 4th instant regarding the advances made to Galicians and other immigrants, and the liens taken therefor, and to say in reply that Mr. McCreary, the Commissioner of Immigration at Winnipeg, is being asked to forward the statement in question without delay.

INTERIOR DEPARTMENT, OTTAWA, Oct. 15, 1898.

SIR,—Referring further to your letter of the 4th instant, asking to be furnished with a statement showing the advances made to Galicians and other immigrants, and the liens taken therefor, I beg to inclose herewith, for your information, a copy of a letter which has just been received on the subject from Mr. W. OFFICE OF THE COMMISSIONER OF IMMIGRATION, WINNIPEG, Oct. 11, 1898.

SIR,—I beg to acknowledge the receipt of your letter of the 5th instant, inclosing copy of one from the Auditor General in regard to statement of liens. I regret that there should have been so much delay in sending this statement, but the delay has arisen on account of the large amount of work in connection with accounts during the last three months, and also press of work generally in connection with this office. The

preparation of lien statement has necessitated considerable labour getting liens into as good a shape as possible, and identifying lien payments with vouchers. Mr. Moffat has the matter now in hand, and he assures me that just as soon as possible the statements will be forwarded to you.

I am, sir, your obedient servant,

Supt. of Imm., Interior Dept.

I regret that I have not yet received the statement for which I asked, and have had to audit the expenditure and publish my report for the last fiscal year without it, but as the statement referred to does not apply solely for the last fiscal year, I would be glad if you would have it forwarded at your earliest convenience, so that I may use it in the audit of the expenditure and revenue for the current year.

and in addition to the above I have not received any pay-lists for the year.

It appears to me that these accounts must all be complete before they are paid, and accordingly I see no reason why full vouchers for each month should not accompany the monthly statement to repay the bank.

Please forward the above vouchers as soon as possible, and inform the accountant to the Lieutenant-Governor that all vouchers will be required by this office before passing the monthly statements of expenditure.

I am, sir, your obedient servant,

The Deputy Minister of the Interior.

INTERIOR DEPARTMENT, OTTAWA, Nov. 9, 1898.

SIR,—Referring to your letter of the 25th ultimo, concerning certain payments made by the Lieutenant-Governor of the North-west Territories during the year ended on the 30th of June last, I am directed to say that a copy of your communication has been transmitted to His Honour, with a view to the required action being taken as soon as possible.

Yukon Provisional District—Overcharge of Payments to A. Cyrette.

AUDIT OFFICE, OTTAWA, October 7, 1898.

SIR,—I beg to ask your attention to the payments, from the vote for the Yukon Provisional District, to Ambrose Cyrette, for wages as guide, &c. Cyrette was employed from September 25th, 1897, to January 31st, 1898, at \$1 per day, the amount thus earned by him being \$129.00. Of this, \$60 was paid at Ottawa, under a power of attorney, and \$10.50 was advanced in October, 1897, leaving the sum of \$58.50 due him on January 31st, 1898. The amount, however, entered in Commissioner Walsh's January statement is \$69, the \$10.50 which was entered in the October statement being again entered here. The amount actually paid in January appears, from the receipt, to have been \$58.50, the sum actually due, while the entering of \$69 appears to be an error of book-keeping. Kindly have this adjusted at your earliest convenience.

I am, sir, your obedient servant,

The Deputy Minister of the Interior.

J. I. McDOUGALL, A.G.

INTERIOR DEPARTMENT, OTTAWA, Oct. 18, 1898.

SIR,—Referring to your letter of the 7th instant, with respect to a discrepancy of \$10.50 in the payments made to Ambrose Cyrette, from the Yukon vote, I am directed to say that the proper officer at Dawson will be requested to explain the discrepancy, and to have it adjusted.

I am, sir, your obedient servant,

The Auditor General.

Yukon Provisional District—Payment for Clothing Lost.

AUDIT OFFICE, OTTAWA, October 6, 1898.

SIR,—Cheque No. 109, drawn on January 26th, 1898, against the appropriation for the Yukon Provisional District is for the payment of \$241 to Dr. H. A. Bonnar for clothing lost overboard during a storm on Lake Bennett. As I do not meet with Dr. Bonnar's name in any connection elsewhere in the accounts of amounts paid out of your appropriation for the administration of the Yukon district, I have to ask with what party, and in what capacity, he was travelling at the time this clothing was lost. Kindly also give me the particulars of the loss of this clothing, together with any corroboratory evidence you may have of the loss and of the value of the clothing.

I am, sir, your obedient servant,

The Deputy Minister of the Interior.

J. I. McDOUGALL, A.G.

Auditor General's Report—Part H

INTERIOR DEPARTMENT, OTTAWA, Nov. 8, 1898.

SIR,—I have the honour to inform you, in reply to your letter of the 6th ultimo, that at the time Dr. H. A. Bonnar suffered the loss referred to in your letter, for which the payment of \$241 was made to him by the cheque for that amount, No. 109, which was drawn on the 26th January last, he was attached to the North-west Mounted Police as surgeon, but was travelling with a party which was sent into the Yukon Territory under the direction of this department. In view of the position held by Dr. Bonnar, the payment was made to him upon the strength of his own certificate and no evidence to corroborate the truth of his statement was considered necessary. I inclose a copy of the account and certificate for easy reference.

I am, sir, your obedient servant,

The Auditor General.

T. G. ROTHWELL, *Acting D.M.I.*

AUDIT OFFICE, OTTAWA, November 17, 1898.

SIR,—With reference to your letter of the 8th inst., respecting the payment to Dr. H. A. Bonnar, of \$241, for clothing lost, I beg to say that in all cases of this nature the fullest possible information and corroboration as to the facts should be obtained, irrespective of the position of the office held by the claimant. The creating of a precedent for recouping government officials for any private loss they may sustain when travelling on government business is a dangerous thing, on account of its far-reaching effects. I am of opinion that no claim of this nature should be entertained, unless it has been specifically voted by Parliament.

I am, sir, your obedient servant,

The Deputy Minister of the Interior.

Yukon Provisional District—Notes on Expenditure by T. Fawcett.

AUDIT OFFICE, OTTAWA, Oct. 28, 1898.

SIR,—I beg to ask your attention to the following remarks on the accounts forwarded by Mr. Fawcett in support of his expenditure in the Yukon Provisional District during the last fiscal year:—

1. E. E. Bolton, expense account, \$30.30; there is an error of 50 cents in the addition, the correct total being \$30.80. Mr. Bolton should give the regular certificate required on all accounts for travelling expenses.
2. J. A. Cadenhead, extra expenses on trip to Fort Yukon and return; no sub-voucher or details are given of the following payments:—S. Lichtenstaller, \$4.50; North American Transportation and Trading Co., \$34.
3. R. W. Cantley, on account of transport account for survey party from Fort Yukon to Dawson City, \$487. No detailed account is given of Mr. Cantley's expenditure under this advance.
4. Driard Hotel, Victoria, room and board for self and assistants, \$25.90. This account should show in full detail how this amount is made up.
5. C. M. Farrer, hauling wood, \$75; Farrel and McDowell, teaming supplies and hauling wood, \$110.50. The accounts should show in full how the amounts charged were arrived at.
6. Thos. Fawcett, personal expenses, \$61.80. Mr. Fawcett should give the ordinary certificate required on all accounts for travelling expenses.
7. Jas. Gibbon, travelling expenses, \$42.45. The regular certificate should be given in this account also.
8. S. O. Morford, lumber, \$326.17; the detailed account referred to in the receipt should be given.
9. McDowell, Atkins, Watson Co., \$11.75. The items for tooth brushes, sponges, mirror and combs for Mr. Fawcett seem to hardly form part of the extra outfit that might be allowed the Yukon officials.
10. North American Transportation and Trading Co. Detailed accounts are required in support of the following items in these accounts:—

Oct. 29, 1897. Mdse. as per bill rendered.....	\$938 80
Feb. 14, 1898 do do do	62 75

11. North American Transportation and Trading Co. The item of Dec. 2, of \$41.25 for freight should specify the points between which the supplies were freighted, and should also specify what supplies these were.

12. The pay-list does not show clearly what amounts have been actually paid, and what remained to be paid at the close of the year. The amounts paid, as shown in the

column for that purpose, amount to \$6,762.25, from which is deducted \$1,888.75 for payments made on account of wages at different times, and entered in Mr. Fawcett's statements, and \$1,250.50 appears as being still due on the pay-list. The amounts actually paid at different times amount to \$2,138.75, a payment of \$250 to Mr. Craig having apparently been overlooked. This would leave the amount still due as \$1,000.50, which is what I am showing in the accounts.

13. Mr. R. Barron received from the Interior Department, \$40 for his expenses, in addition to a ticket to Victoria, costing \$67.20; Mr. Cadenhead and Mr. Fortune each received \$92 from the Immigration Commissioner at Winnipeg, being \$50 for ticket to Victoria, \$12 for pullman, and \$30 for expenses. No accounts have been received for the expenditure under these advances.

14. The following payments were made to the railway companies for transport requisitions issued in favour of Mr. Fawcett:—

June 5, 1897, Cheque 1978, Grand Trunk Railway.....	\$ 63 45
July 28, 1897, Cheque 2058, Canadian Pacific Railway.....	124 70
July 28, 1897, Cheque 1240, Canadian Pacific Railway.....	341 00

The particulars of the fares covered by these payments should be given.

15. The different vouchers bear no certificate, as required by the Audit Act. Every sub-voucher in this, as well as in any other similar account, should bear the certificate that the goods have been supplied or that the labour has been performed, as the case may be, and that the prices are according to contract, or, if not under contract, are fair and just.

I am, sir, your obedient servant,

The Deputy Minister of the Interior.

J. L. McDOUGALL, A.G.

Expenses of Gold Commissioner's Office should be Charged to Vote for Yukon Provisional District.

AUDIT OFFICE, OTTAWA, October 29, 1898.

SIR,—I find that the whole of the expenditure incurred by Mr. Thos. Fawcett, in the Yukon Provisional District during the past fiscal year, has been charged to Dominion Lands Capital Account. As Mr. Fawcett, in addition to being in charge of surveys in the Yukon, was also appointed Gold Commissioner for the district, a considerable part of his expenditure necessarily was incurred on behalf of the latter office, and should have been charged to the vote for salaries and expenses connected with the administration of the district. The main difficulty in so charging it would be to make an accurate division of the expenditure between surveys and expenses of the Gold Commissioner's office.

Kindly, during the current year, have all the expenditure incurred on account of the expenses of administration charged to the vote for the Yukon Provisional District.

I am, sir, your obedient servant,

The Deputy Minister of the Interior.

Yukon Provisional District—Advances unaccounted for.

AUDIT OFFICE, OTTAWA, October 29, 1898.

SIR,—Yukon Cheque No. 8 was issued on September 17, 1897, in favour of T. D. Pattullo, for the amount of \$150, as an advance on account of expenses. As I have as yet received no account from Mr. Pattullo of his expenditure under this advance, kindly let me know if such account has been received by your department, and if so, please forward it to me.

I am, sir, your obedient servant,

AUDIT OFFICE, OTTAWA, October 29, 1898.

SIR,—On September 13th, 1897, Cheque No. 2 was issued against the appropriation for the Yukon Provisional District, for the sum of \$200, in favour of Mr. J. D. McGregor, inspector of mines. In support of the expenditure under this advance, two accounts have been received from Mr. McGregor, namely, one for \$132 for his expenses from Brandon to Ottawa, and return, in September, 1897, and one for \$19 for his expenses

from Brandon to Vancouver, in October, 1897. This leaves a balance of \$49 for which I have received no account from Mr. McGregor. Kindly advise me whether any further accounts have been received from him.

AUDIT OFFICE, OTTAWA, October 6, 1898.

SIR,—On November 11th, 1897, a cheque, No. 54, was issued against the appropriation for the Yukon Provisional District, for the sum of \$150, in favour of John A. Grose, for travelling expenses. I find no other payment from this appropriation to Mr. Grose, nor have I received any account of the expenditure of the above advance.

Kindly advise me as to the capacity in which Mr. Grose was employed, and also as to whether you have received any account of his expenditure.

I am, sir, your obedient servant,

The Deputy Minister of the Interior.

INTERIOR DEPARTMENT, OTTAWA, October 19, 1898.

SIR,—Referring to your letter of the 6th instant, in regard to an advance made to Mr. John A. Grose for travelling expenses, I am directed to say that the matter is at present engaging the attention of this department.

JOHN R. HALL, Sec.

Yukon Provisional District—Expenditure by T. D. Macfarlane, Assistant Crown Timber Agent.

AUDIT OFFICE, OTTAWA, October 31, 1898.

SIR,—Mr. T. D. Macfarlane, Assistant Crown Timber Agent for the Yukon District, received in February last, from the department, two cheques, Nos. 112 and 114, of \$200 each, for advances on account of expenditure. The only account so far received by me for Mr. Macfarlane's expenditure under these advances is one for the month of February, which has been allowed at \$180.40. A statement for the month of June has been received, showing expenditure during that month, amounting to \$1,042, which was paid out of the revenue collected by him during the month, which amounted to \$1,478.20. This amount of \$1,042 has since been repaid to the revenue. Kindly inform me whether any statements have been received from Mr. Macfarlane for the intervening months of March, April and May.

In the February statement I notice that two items for railway tickets from Brandon to St. Louis, and return have been disallowed, while the charges for board while on the trip, viz., \$18, between February 10 and 17 have been allowed. Please explain why the board expenses were allowable if the railway fares should have been struck out. I also notice an error of 50 cents in the account, the correct total being \$178.90 instead of \$180.40.

I am, sir, your obedient servant.

The Deputy Minister of the Interior.

J. L. McDOUGALL, A.G.

Yukon Provisional District—Discrepancy in Voucher for Packing at White Horse Rapids.

AUDIT OFFICE, OTTAWA, Nov. 2, 1898.

SIR,—In Major Walsh's statement of payments during the month of June last, I find a payment to P. Walsh on June 24, of \$9.50 for packing. The only thing of the nature of a voucher, in support of this payment, is a receipt signed by Phil. Walsh, for \$49.50, paid to N. Macauley for packing supplies around the White Horse Rapids. I would like to get some explanation of the difference between the amount entered on the receipt and that entered on the statement of expenditure.

I am, sir, your obedient servant,

The Deputy Minister of the Interior.

INTERIOR DEPARTMENT, OTTAWA, June 10, 1898.

DEAR SIR.—In reply to your letter of the 6th inst., inclosing a letter from the Auditor General with reference to the travelling and living expenses of Miss B. Barber and Mr. T. G. Rothwell, of this department, while in British Columbia last year on official business, I beg to say that the items quoted in the Auditor General's letter represent the actual living expenses of Miss B. Barber and Mr. Rothwell, respectively, and were so certified to by them. With reference to the matter of hotel accounts, I may say that it has not been customary to require officials of the department to furnish these, and therefore Mr. Rothwell understood it was not necessary to do so.

I am, sir, your obedient servant,

The Accountant of Contingencies.

JAS. A. SMART, *D.M.I.*

AUDIT OFFICE, OTTAWA, October 19, 1898.

SIR.—Referring to the correspondence on the subject of the travelling expenses of Miss B. Barber and Mr. T. G. Rothwell, of the Interior Department, while in British Columbia in 1897, I find that Mr. Smart, in his letter of June 10 last, states that it has not been customary to require officials of his department to furnish hotel accounts. In my opinion, vouchers for payments to hotels, &c., should be obtained, whenever the stay occupies more than a single day or two. Kindly advise Mr. Smart to this effect.

I am, sir, your obedient servant,

The Accountant of Contingencies.

J. L. McDOUGALL *A.G.*

Amounts specifically voted should be paid by Receiver General's Cheques.

AUDIT OFFICE, OTTAWA, July 12, 1898.

SIR.—I notice from the cheque list forwarded this office that on June 30th last, cheques 2249 and 2250 of Dominion Lands Capital were issued in payment of two months' gratuity to the widow of the late J. I. Dufresne, which sum was specially provided for in the supplementary estimates of 1897-98. In connection with this I beg to inform you that letters-of-credit are intended to cover only payments from general votes. Amounts specifically voted should be paid by Receiver General's cheque, after the authority of the Governor in Council has been obtained.

I am, sir, your obedient servant,

The Deputy Minister of the Interior.

J. L. McDOUGALL, *A.G.*

INTERIOR DEPARTMENT, OTTAWA, July 19, 1898.

DEAR SIR.—I duly received your letter of the 12th instant, in which you state that the payment of two months' gratuity to the widow of the late Mr. J. I. Dufresne should have been made by Receiver General's cheque, after the authority of the Governor in Council had been obtained. In reply I beg to state that I would have been very glad, indeed, to meet your wishes in this matter, but my impression was that as the amount was being paid out of an appropriation under the control of this department, it was proper to have the sum covered by an ordinary departmental cheque.

I may point out further that it was found necessary to make a deduction of some \$13 which had been paid in error to Mrs. Dufresne for the last month of Mr. Dufresne's salary, and which had to be returned to the department, much against the wishes of Mr. Dufresne's widow. I presume that nothing can be done now with regard to the suggestion made by you, but in future cases of this kind care will be taken that you are consulted before the cheques are issued.

I am, sir, your obedient servant,

The Auditor General.

JAS. A. SMART, *D.M.I.*

Delay in Closing Survey Accounts of Mr. A. St. Cyr, D.L.S.

AUDIT OFFICE, OTTAWA, October 22, 1898.

SIR,—I find that I have not yet received the accounts of Mr. A. St. Cyr, D.L.S., for his survey in the Columbia River Valley, for which he drew \$1,968.45 in 1896-98; nor for his survey in the Stikine River district, on account of which \$2,595 was paid in 1896-97, and \$2,141.75 in 1897-98. As according to Mr. St. Cyr's printed report, he returned to Ottawa, after the latter survey, on December 23 last, I have to ask the reason of the delay in having the accounts forwarded to me.

I am, sir, your obedient servant,

The Deputy Minister of the Interior.

J. L. McDougall, A.G.

INTERIOR DEPARTMENT, OTTAWA, October 29, 1898.

SIR,—I am directed to acknowledge the receipt of your letter of the 22nd instant to the Deputy Minister of the Interior, asking why Mr. A. St. Cyr's accounts for his survey in the Columbia Valley and for his exploration in the Stikine River district have not been forwarded to you.

In reply, I am to explain that Mr. St. Cyr returned from his exploration at the end of December last, and was immediately engaged in preparing information for Parliament on the Stikine-Teslin route to the Yukon, preparing his reports for insertion in the annual report of the department and compiling his surveys for the publication of the Yukon map. He then made the plans of his surveys in the Columbia River Valley, and just as these were finished, on the 9th May last, received orders to proceed to Telegraph Creek to guide to Teslin Lake the military contingent sent to the Yukon. The work upon which Mr. St. Cyr was employed was most urgent; it is within my personal knowledge that while in Ottawa he was at work every day from early morn-

ing till ten o'clock at night, and he could not have closed his accounts without leaving unfinished some important returns. I am to add that Mr. St. Cyr will be asked to adjust all accounts on his return.

The Auditor General.

I am, sir, your obedient servant,

E. DEVILLE, S.G.

AUDIT OFFICE, OTTAWA, November 5, 1898.

SIR,—I am in receipt of your letter of the 29th ultimo, with reference to the delay in the closing of Mr. A. St. Cyr's accounts for his survey in the Columbia Valley and for his exploration in the Stikine River district. In reply, I beg to say that one of my official duties is to see that all moneys advanced for travelling expenses, for surveys, or for other works, are accounted for without any undue delay. Every surveyor should understand clearly that the accounting for moneys advanced him is not the least important of his duties, and should be one of the first things attended to by him on his return. The longer an account of any kind is left unsettled, the less clear will be the facts connected therewith. Kindly, in the future, see that no surveyor receives advances for a second survey before the accounts for his first survey have been made out, or that he is given any other duty in the meantime.

I am, sir, your obedient servant,

The Deputy Minister of the Interior.

J. L. McDOUGALL, A.G.

INTERIOR DEPARTMENT, OTTAWA, Nov. 15, 1898.

SIR,—I am directed to acknowledge the receipt of your letter of the 5th instant, asking that in future no surveyor receives advances for a second survey before the accounts for his first survey have been made out, or that he is given any other duty in the meantime. In reply, I am to state that what you ask has been the rule of this office, but, like every other rule, is subject to exceptions. It is hoped that you will be satisfied with the assurance that your request will be complied with whenever it is possible to do so. To promise that more will be done would be an idle pledge, as circumstances may arise which would prevent it.

I am, sir, your obedient servant,

The Auditor General.

E. DEVILLE, S.G.

AUDIT OFFICE, OTTAWA, November 17, 1898.

SIR,—I beg to acknowledge the receipt of your letter of the 15th inst., with reference to the survey accounts of Mr. A. St. Cyr.

I suppose that I was not sufficiently clear in my former letter, as to the accounting to this office for advances to surveyors and others. I desired to impress upon you that there is an implied contract with the department to whose employee advances are made, that a statement of the expenditure, accompanied by all necessary vouchers, will be made to this office without delay after the expenditure is made, and that, therefore, such employee is not eligible for any subsequent service which would interfere with the speedy supplying of the statement, &c.

With any other understanding between the department and this office I could not have the accounts audited and a printed report prepared in the time available.

I am, sir, your obedient servant,

E. Deville, Esq., Surveyor General.

J. L. McDOUGALL, A.G.

Further Information asked for in connection with Mr. Young's Survey of Old Trails.

AUDIT OFFICE, OTTAWA, October 27, 1898.

SIR,—I have the accounts in support of a payment to the provincial Government of Manitoba of \$4,935.71 for expenditure by Mr. R. E. Young, D.L.S., on surveys of old trails. Among these payments I find several totalling \$140.17, for which no detailed accounts are given, viz., H. O. Ayearts, \$10.95; J. Cowan, \$10.50, \$33.14, \$15.50, \$9, \$32.90; W. G. Douglas, \$2.30, \$16; Hudson's Bay Co., \$1.48; E. F. Hutchings, \$2.40; C. Vokes, \$6. Kindly obtain detailed accounts in support of these payments. I would ask if this survey is to be carried on this year under the direct auspices of the Dominion Government, or if it is still to be carried on this year as a Manitoba Government survey? In either case, what disposal is to be made of the horses, wagon, buckboard, and other rather extensive outfit, purchased by Mr. Young?

I am, sir, your obedient servant,

The Deputy Minister of the Interior.

Advances for Survey to H. Lawe, who is in arrears for a Survey of 1882.

AUDIT OFFICE, OTTAWA, October 8, 1898.

SIR,—I notice that during the last fiscal year advances amounting to \$2,246.25 were made to Mr. Henry Lawe from Dominion Lands Capital for re-surveys in Manitoba during the season of 1898. Kindly advise me if this is the person of the same name who is indebted to your department on account of survey 12 of 1882.

I am, sir, your obedient servant,

The Deputy Minister of the Interior.

J. L. McDOUGALL, A.G.

INTERIOR DEPARTMENT, OTTAWA, October 15, 1898.

SIR,—I am directed to acknowledge the receipt of your letter of the 8th instant, asking if Mr. Henry Lawe, to whom advances were made from Dominion Lands Capital for re-surveys in Manitoba during the season of 1898 is the person of the same name who is indebted to this department on account of survey 12 of 1882. In reply, I am to inform you that Mr. Henry Lawe, who is now employed on re-surveys in Manitoba is the person who had subdivision survey contract No. 12 of 1882.

I am, sir, your obedient servant,

The Auditor General.

E. DEVILLE, S.G.

AUDIT OFFICE, OTTAWA, October 19, 1898.

SIR,—I am in receipt of a letter from the Surveyor-General, dated the 15th instant, informing me that Mr. Henry Lawe, who is now employed on re-surveys in Manitoba is the person of the same name who had sub-division contract No. 12 of 1882. Kindly inform me what steps, if any, are being taken towards the settlement of the account of this last-named survey, which has for years shown a balance of \$1,512.00 unaccounted for by Mr. Lawe. In a letter from your department, dated October 27, 1893, I was informed that this gentleman was dead, as were also Messrs. McNab, Davis and Jones, three other surveyors whose accounts also are in arrears. Please explain how the mistake was made in Mr. Lawe's case. Is there any prospect of getting the amounts due by the estates of the other three ?

I am, sir, your obedient servant,

The Deputy Minister of the Interior

J. L. McDOUGALL, A.G.

INTERIOR DEPARTMENT, OTTAWA, Oct. 28, 1898.

SIR,—I have the honour to acknowledge the receipt of your letter of the 19th instant, with regard to the employment of Mr. Henry Lawe, D.L.S., and in which you ask what steps, if any, are being taken towards the settlement of Mr. Lawe's outstanding account in connection with his subdivision contract of 1882. In reply, I beg to state that I understand that there are no steps being taken for the settlement of this account. In the first place, it has been stated that Mr. Lawe is not in a financial position to make good the amount of this shortage to the department, and, moreover, that it would be a great hardship to compel him to do so, in view of the fact that the money for which he is indebted to the department was used in providing an outfit and supplies for his survey party and that these were immediately destroyed by fire, leaving him practically destitute of means with which to conduct his work. I am not aware as to the facts in connection with the letter which was sent to you from this department on the 27th October, 1893, informing you that Mr. Lawe was dead, and I cannot therefore offer any explanation for the mistake. The Surveyor-General advises me that he is not aware that there is any likelihood of the department getting the amounts due by the estates of McNab, Davis and Jones.

I am, sir, your obedient servant,

The Auditor General.

T. G. ROTHWELL, Acting D.M.I.

AUDIT OFFICE, OTTAWA, Nov. 7, 1898.

SIR,—I am in receipt of your letter of the 28th ultimo, with reference to Mr. Henry Lawe, D.L.S., who is in arrears to the Government in connection with his subdivision contract of 1882. From your letter, I understand that it is not the intention to endeavour to collect from Mr. Lawe the amount of his shortage to the Government. If this be the case, Parliament should be asked at the ensuing session for authority to write off this indebtedness, as this is the only way in which moneys due the Crown can be surrendered. At the same time, I would ask whether Mr. Lawe put in any accounts, or other evidence, to show that the whole of the moneys advanced him had been expended in the purchase of supplies and outfit.

I am, sir, your obedient servant,

The Deputy Minister of the Interior.

J. L. McDOUGALL, A.G.

INTERIOR DEPARTMENT, OTTAWA, Nov. 15, 1898.

SIR,—I am directed to acknowledge the receipt of your letter of the 7th instant, stating that Parliament should be asked, at the ensuing session, for authority to write off Mr. Henry Lawe's indebtedness and asking whether he has put in any accounts, or other evidence, to show that the whole of the moneys advanced him had been expended in the purchase of supplies and outfit. In reply, I am to inform you that your suggestion to go to Parliament for authority to write off Mr. Lawe's old indebtedness will be considered when the next estimates are being prepared. In former communications, you were informed that the papers connected with Mr. Lawe's survey of 1882 had been lost, therefore it is not possible to say whether or not they contained any accounts, or other evidence, to show that the whole of the moneys advanced him had been expended in the purchase of supplies and outfit. I have some recollection that Mr. Lawe furnished a statement showing that the whole of the money had been expended for the survey, but I can give no positive assurance on the subject.

I am, sir, your obedient servant,

The Auditor General.

Re Dominion Lands Revenue.

AUDIT OFFICE, OTTAWA, June 17, 1898.

SIR,—The agent at Red Deer received \$35 from N. Durham, Innisfail, Alta., for improvements (Gen. Receipt No. 7482). Out of this amount he paid \$21.69 to the Secretary-Treasurer, Aberdeen School District, quoting the authority of an Order in Council, dated December 24th, 1897.

Neither a copy of the Order in Council nor the voucher has been furnished to this office.

I have to point out that the proper course to be followed in such a case, is for the agent to deposit all his receipts (R. S. Chap. 29, Sec. 27) and the refund to the school section to be made by a departmental cheque, chargeable against revenue.

I am, sir, your obedient servant.

The Deputy Minister of the Interior

J. L. McDOUGALL, A.G.

INTERIOR DEPARTMENT, OTTAWA, July 19, 1898.

SIR,—With reference to your letter of the 17th ultimo, in which you take exception to the payment by the agent of Dominion Lands at Red Deer of the sum of \$21.69 to the Secretary-Treasurer of the Aberdeen School District, I beg to say that a circular letter has been sent to the several agents of Dominion lands in the matter of such payments, by which you will observe that they have been instructed in all future cases in which applications are made by, or on behalf of, municipalities for the payment of such taxes, to deposit all receipts, when payment will be made by departmental cheque from Ottawa, chargeable against revenue, as you suggest.

I inclose herewith a copy of the circular.

I am, sir, your obedient servant,

The Auditor General.

LYNDWODE PEREIRA, A.S.

(Circular.)

DEPARTMENT OF THE INTERIOR, OTTAWA, 15th July, 1898.

SIR,—On the 2nd March, 1896, a circular letter was sent to you from the office of the Commissioner of Dominion Lands, at Winnipeg, giving instructions as to the manner in which you were to deal with moneys received for the value of improvements upon lands which are indebted to the municipalities for taxes. In this circular letter you were given permission to pay over to the proper officer of the municipality the amount claimed for these taxes.

Objection has been taken to the manner in which payment for these taxes has been made under the authority of this circular, and I am, therefore, to instruct you that in all future cases where applications are made by or on behalf of municipalities for the payment of such taxes, the proper course to follow is for you to deposit all your receipts to the credit of the Receiver General (Revised Statutes, Chap. 29, Sec. 27), and the payment to the municipality, when found entitled thereto, to be made by departmental cheque from Ottawa, chargeable against revenue.

I am, sir, your obedient servant.

To all Agents of Dominion Lands.

LYNDWODE PEREIRA, Asst. Sec.

Re Receipt Forms.

AUDIT OFFICE, OTTAWA, July 6, 1898.

SIR,—The Crown Timber Agent at Edmonton issued permits during the month of April last numbered and dated as follows :—

April 1 to 4.....	No. 26238 to 26250
4 to 20.....	2252 to 41291
23 to 29.....	31501 to 31507

The forms used from the 4th to the 20th were of an old kind and evidently used because the ordinary stock had become exhausted. This action takes away the value of the audit arising from using receipt forms with printed consecutive numbers. There is no means of determining how many of the old forms were used.

Any forms that have become obsolete should not be left in the hands of the agent. Care should be taken not to run out of forms.

Are there any other agents holding old forms not in use ?

I am, sir, your obedient servant.

The Deputy Minister of the Interior.

J. L. McDOUGALL, A.G.

Auditor General's Report—Part H

Re Casual Revenue.

AUDIT OFFICE, OTTAWA, August 18, 1898.

SIR,—The sum of \$260.92 was credited during the fiscal year 1897-98 to Casual Revenue, of which \$129.47 was from the sale of sundries, and \$131.45 refunds of expenditure charged to previous years' accounts.

I have to ask for the vouchers in relation thereto. A voucher for a sale should give the date and place of sale, the name of the purchaser, a detailed statement of the materials sold, the price: and should be certified by the officer in charge, stating why the articles were sold, that the sale was authorized and by whom, and that the prices obtained were fair and reasonable, and the best available. A voucher for a refund of previous year's expenditure should state the name of the person to whom the advance or payment was made, the date, the amount advanced and the amount expended, the date of the refund, and an explanation why it was not made in time to be applied to the account of the year in which the advance was made.

I am, sir, your obedient servant,

The Deputy Minister of the Interior.

JOHN GORMAN, *for A.G.*

INTERIOR DEPARTMENT, OTTAWA, Oct. 7, 1898.

SIR,—Referring to your letter of the 18th of August last, with respect to Casual Revenue received by this department during the last fiscal year, I am directed to inclose herewith copies of certain communications concerning some of the items in question, and which contain all the information in the matter in the possession of the department at the present time.

I am to add that a circular letter, based on your communication referred to is being forwarded to our agents, in order that in future, when sales of office furniture, horses, &c., take place, the information required by the Audit Office may be furnished the department. Your wishes in regard to "refunds of expenditure," will in the future be attended to by this department, as far as possible.

I am, sir, your obedient servant,

The Auditor General.

JOHN R. HALL, *Sec.*

Re Postage Stamps received from Post Office Department.

AUDIT OFFICE, OTTAWA, October 18, 1898.

SIR.—The Post Office Department, in accounting for the postage stamps issued during 1897-98, takes credit for \$1,823.56, being for stamps furnished the Immigration branch of your department.

I have to inquire what use was made of these stamps, and why, if needed for immigration purposes, they were not purchased in the ordinary way and made a charge against the appropriation, as is done by the other departments.

I am, sir, your obedient servant,

The Deputy Minister of the Interior.

J. L. McDOUGALL, *A.G.*

INTERIOR DEPARTMENT, OTTAWA, October 20, 1898.

SIR.—In reply to your letter of the 18th instant, having reference to the item of \$1,823.56, being the amount of a credit taken by the Post Office Department for stamps furnished the Immigration branch of this department, I beg to say that these stamps have been used for immigration literature, which was posted at head office, and the arrangement as to this department not being compelled to pay for these out of the appropriation in the usual way was concluded between the Postmaster General and the Minister of the Interior over a year ago. I presume that the particulars are in the hands of the Post Office Department.

I am, sir, your obedient servant,

The Auditor General.

DEPT. OF THE INTERIOR, OTTAWA, Dec. 31, 1898.

SIR,— Referring to the departmental communication to you of the 14th ultimo, replying to yours of the 5th of October and the 2nd ultimo, asking to be furnished with the arrears due to this department on the 30th of June last, which have not yet been paid, I have the honour to report as follows :—

Statements showing amounts in arrear on account of ordnance lands ; time sales in Manitoba and the North-west Territories ; school lands ; timber, grazing, hay and mining lands, and Rocky Mountains Park of Canada, have already been forwarded to you.

A report has been received from the Surveyor General showing eight small items outstanding in his books on the 30th June last, amounting to \$18.40.

The advances unaccounted for in connection with immigration, are as follows :—

Head Office—

J. C. Markham.....	\$ 74 92
Gerhard Ens.....	461 51

Statements covering the advances to Messrs. Markham and Ens were received, but as they were not in proper shape to meet the requirements of the Audit Office, they were returned for correction, and have not yet been received back by the department.

David Munroe \$75 00

This advance was made by the Commissioner of Immigration at Winnipeg, who has requested Mr. Munroe to forward a detailed statement covering his expenditure, as soon as possible.

 Postage Stamps for Judges of Supreme and Exchequer Courts.

AUDIT OFFICE, OTTAWA, Oct. 13, 1897.

SIR,—Some time ago I had occasion to write the registrars of the Supreme and Exchequer Courts at Ottawa calling their attention to the omission from the monthly accounts rendered for postage stamps of a certificate that the total amount paid had been used on official correspondence only, and asking that the necessary certificate in that respect be sent me in support of the expenditure of the fiscal year 1896-97.

Both Mr. Masters, the Acting Registrar of the Supreme Court, and Mr. Audette, Registrar of the Exchequer Court, have informed me that they are unable to give the desired certificate, claiming that after the new regulations respecting the franking privileges had been sanctioned by the Governor in Council in February, 1892, they were informed by the Department of Justice that they might pursue the same course in respect of correspondence as before the Order in Council was passed. I bring this matter to your notice because it seems to me the registrars have interpreted your communications as a direction to them to ignore the restrictions of the Order in Council of February 25, 1892, respecting the franking privileges at Ottawa, and to continue to pay from the appropriations at their disposal the postage on all matter sent by a judge of either court or by any member of the staffs. As it is my opinion that neither judge, registrar, nor civil servant of any grade is now justified under the law in applying public funds to the payment of postage on his personal correspondence, I shall be glad to hear from you in connection with the communication referred to by the registrars, at your early convenience.

I am, sir, your obedient servant,

The Deputy Minister of Justice.

J. L. McDOUGALL, A.G.

 DEPT. OF JUSTICE, OTTAWA, Oct. 26, 1897.

SIR,—I have the honour to acknowledge receipt of your letter of 13th instant, having reference to the postage accounts of the Supreme and Exchequer Courts.

I am to state that the judges have heretofore, under the authority of the Minister of Justice, received free postage; that the Order in Council of the 25th February, 1892, referring to the departments does not affect the judges, and that the Minister considers it proper and expedient that the practice should continue, so far as they are concerned. As to the officers of the court, however, and others employed in the service, there seems to be no authority for free postage, and the Minister does not consider, in view of the Order in Council, that they are entitled to it. I have informed the registrars accordingly.

I have, &c.,

The Auditor General.

E. L. NEWCOMBE, D.M.J.

 AUDIT OFFICE, OTTAWA, Dec. 9, 1897.

SIR,—I have your letter of the 26th October, with reference to free postage on the private correspondence of the Judges of the Supreme and Exchequer Courts. You say that under the authority of the Minister of Justice, the judges received free postage, that the Order in Council of the 25th February, 1892, referring to the departments, does not affect the judges, and that the late Minister of Justice considered it proper and expedient that the practice should continue so far as they are concerned. It appears to me that the wording of the Post Office Act does not give any Minister, or the Government as a whole, the right to allow free postage to the judges, or to any one else. If there is such a section in the Post Office Act, or any other Act, be good enough to point it out. If there is not, if you consider that for any other reason the power exists, kindly inform me as to the grounds for your opinion.

I am, sir, your obedient servant,

The Deputy Minister of Justice.

Payments for Legal Services to Messrs. Harding and Riddell.

AUDIT OFFICE, OTTAWA, March 17, 1898.

SIR,—I have just received a copy of an Order in Council of the 14th inst., sanctioning the payment to Mr. Harding of \$750, and to Mr. Riddell of \$350, in connection with the prosecution of charges against Judge Wood. I have not had time to very carefully consider this matter, but as it appears to me that there is doubt about the legality of paying these amounts, I think it well to say that I shall be glad if you will not make the payments until I have had time to fully consider them. I suggest that to remove doubt these amounts be authorized by special items in the Supplementary Estimates.

I am, sir, your obedient servant,

The Deputy Minister of Justice.

J. L. McDOUGALL, A.G.

DEPT. OF JUSTICE, OTTAWA, March 21, 1898.

SIR,—Referring to the Order in Council of the 14th inst., authorizing the payment of \$750 to Mr. Harding, and \$350 to Mr. Riddell, for services performed in connection with the investigation of the charges preferred against James P. Wood, late Judge of the County Court of the county of Perth, in which it is stated that the Government is under no legal obligation to pay either of these sums, I have the honour to inform you that, upon further consideration of the matter, and upon reference to the correspondence between these gentlemen and Sir Oliver Mowat, who was at that time Minister of Justice, which correspondence had not been called to my attention when I drafted the report upon which the Order in Council was founded, I am of opinion that the accounts are legally chargeable against the Government, and I will, therefore, issue the cheques as directed by the Order in Council.

I am, sir, your obedient servant.

The Auditor General.

Travelling Expenses, Superior Court Judges, Quebec.

AUDIT OFFICE, OTTAWA, May 23, 1898.

SIR,—I beg to bring to your notice the payments made during the current fiscal year to several of the Superior Court Judges of the province of Quebec to cover their expenses while attending a meeting of the judges in the city of Quebec for the purpose, as stated on the accounts, of considering the rules of practice. I call your attention to these payments because the amount paid in each case is based on the statutory allowance for holding court, and is charged accordingly. It does not seem clear to me that the meeting in question was a court within the meaning of the statute, chap. 138, section 13, R.S.C., and I shall, therefore, be glad to have your explanation of the matter.

I am, sir, your obedient servant,

The Deputy Minister of Justice.

J. L. McDOUGALL, A.G.

DEPT. OF JUSTICE, OTTAWA, May 26, 1898.

SIR,—I have the honour to acknowledge the receipt of your letter of the 23rd inst., with respect to the payments made to the Superior Court Judges of the province of Quebec for travelling expenses to Quebec for the purpose of making rules of practice. I may say that I have had correspondence with the Chief Justice of the Superior Court at Quebec upon the subject, and have ascertained that he considers that the sittings of the judges in Quebec for the purpose of making these rules constitute a court. The department, upon consideration of the matter, acquiesced in that view, and the accounts have for that reason been paid.

I have, &c.,

The Auditor General.

Travelling and Living Expenses to Warden of St. Vincent de Paul Penitentiary.

ST. VINCENT DE PAUL PENITENTIARY, June 30, 1898.

SIR,—I beg to transmit you the inclosed statement having reference to my expenses for the months of May and June, which you will submit to the consideration of the Auditor General.

In the month of May my travelling expenses were incurred when going to and from Terrebonne with the buggy of the penitentiary, I had to pay for each trip twenty-five cents for toll on the Masson Bridge; when going or coming from Terrebonne by railway the same rate had to be paid, that is, twenty cents a day for cab from my house to the station, and thirty cents for railway fare, making a total of fifty cents per day, besides the charge of fifty cents per day for meal. For the month of June travelling expenses were exactly the same, but for lunch, expenses were somewhat less, as appears by vouchers inclosed herein. From the first of June to the 15th of the same month, inclusive, my lunch was had at fifty cents per day from the hotel, and for the remainder of the month the steward supplied me with milk and cakes to the amount of eighty-seven cents, as per inclosed vouchers.

Yours truly,

The Inspector of Penitentiaries.

J. A. DUCHESNEAU, Warden.

AUDIT OFFICE, OTTAWA, August 27, 1898.

SIR,—I beg to acknowledge the receipt of your letter of the 29th ult., inclosing a communication from Dr. J. A. Duchesneau, warden of St. Vincent de Paul Penitentiary, in explanation of the charges made by him for travelling expenses and luncheons rendered necessary by the fact that he was not residing at the penitentiary.

In my opinion the statute is imperative on this point. Section 27 of the Penitentiary Act explicitly directs that the warden shall reside at the penitentiary, and it seems to me, in view of this positive enactment, that any payment to Dr. Duchesneau for living or travelling expenses incurred because he lived elsewhere, in violation of the statute, would not be legal.

I am, sir, your obedient servant,

The Deputy Minister of Justice.

Allowances to Judges in Addition to their Statutory Salaries.

AUDIT OFFICE, OTTAWA, Sept. 9, 1898.

SIR,—With reference to the allowance of \$20 per diem paid to the Hon. J. A. Boyd, Chancellor of Ontario, as commissioner inquiring into certain charges preferred against Judge Wood, of the County Court of Perth, I beg to call your attention to your letter of June 15th, 1897, written to the Department of Marine and Fisheries in connection with an allowance of a similar nature claimed by Judge Johnstone.

In this letter you write as follows:—"I am directed by the Minister of Justice to state that in his opinion judges receiving salaries should not be allowed fees as commissioners beyond a generous allowance for expenses."

In view of this opinion of Sir Oliver Mowat, I shall be glad to have your explanation of the payment made to Chancellor Boyd, who received, in addition to his actual expenses, an allowance of \$20 per diem for his services.

I am, sir, your obedient servant,

The Deputy Minister of Justice.

J. L. McDUGALL, A.G.

DEPT. OF JUSTICE, OTTAWA, Sept. 19, 1898.

SIR,—Referring to your letter of the 9th instant, with regard to the payment to the Honourable Mr. Chancellor Boyd of \$20 per day for his services as commissioner on the inquiry into the charges against Judge Wood, I have the honour to state that at the time when the Chancellor was appointed, the Minister intended that he would be paid a per diem allowance, and by direction of the Minister I wrote the Chancellor on 16th

Auditor General's Report—Part I

July, stating (as the fact was) that it had been the practice of the department previously to pay judges when acting as commissioners in similar cases, fees at the rate of \$20 for each day actually engaged upon the commission, with the necessary disbursements in addition. I presume that in this case Sir Oliver Mowat, the then Minister, considered that the previous practice of the department should govern rather than his view as stated in the letter to which you refer. The Order in Council of 7th January last merely gives effect to the arrangement made in July, 1897.

I have, &c.,

The Auditor General.

Accounts not Certified by the Proper Officers.

AUDIT OFFICE, OTTAWA, July 26, 1898.

SIR,—I inclose herewith an extract from a report by Mr. Kearns of this office regarding the certificates given on two accounts for Eco Magneto clocks purchased for the St. Vincent de Paul and Dorchester penitentiaries. I shall be glad to receive your explanation regarding the statements by the penitentiary officials that the certificates on these accounts were given under direction.

I am, sir, your obedient servant,

The Deputy Minister of Justice.

J. L. McDOUGALL, *A.G.*

Extract from Report.

I called the attention of the storekeeper at St. Vincent de Paul and of the warden at Dorchester to the following letters published at pages 102 and 103 of the Report of the Commissioners on St. Vincent de Paul Penitentiary, concerning an Eco Magneto clock purchased at each of those institutions, and asked, in view of these letters why the accounts were certified—prices fair and just.

ST. VINCENT DE PAUL PENITENTIARY, NOV. 2, 1894.

JAS. G. MOYLAN, *Esq.*,
Inspector of Penitentiaries, Ottawa.

SIR,—On September 19th, I received an account for \$381.44 from C. D. Bernsee, of New York, for one Eco Magneto clock for watchman, which account was included in our September schedule, but struck out by Mr. Lane. On the 23rd of October, I received from the same firm another account amounting to \$715, for the same clock. Seeing the large difference between the accounts we wrote for explanation, and received answer under date October 25th, a copy of which I inclose. I now desire to know from you which account I am to include in my next schedule. An early reply will oblige

Your obedient servant,

TEL. OUIMET, *Warden.*

DORCHESTER, N. B., Oct. 24, 1894.

J. G. MOYLAN, *Esq.*, Inspector.

Inclosed please find two bills for electric watchman's clock. One for \$272.35, the other for \$625; which one is right? I thought the first one was an extravagant price, but when I got one for \$625, I thought there must be some mistake. It struck me as something outrageous.

JOHN B. FORSTER, *Warden.*

In both cases I was informed that the certificates were given under direction. I do not think this explanation is satisfactory. The certificate as to the price charged and the receipt of the materials to be paid for, has always been understood in the Audit Office as an expression of the personal knowledge of the officer who signs it; and consequently if signed by an officer who merely acts under direction and who does not exercise his own judgment as to the value of the materials under consideration, the certificate would not be in accordance with the accepted interpretation of section 33 of the Consolidated Revenue and Audit Act.

W. K.

DEPT. OF JUSTICE, OTTAWA, Sept. 20, 1898.

SIR,—Referring to your letter of the 26th July, in which you call attention to the fact that the wardens of St. Vincent de Paul and Dorchester penitentiaries certified certain accounts for tell-tale clocks several years ago, and that from correspondence which has been since brought to light it appears that the certificates were not in accordance with the opinions expressed in that correspondence, I beg to say that the papers in this connection were forwarded to the commissioners at St. Vincent de Paul on the 12th of May, 1897, and have not since been returned to file, and I am therefore not in a position to state under what circumstances the instructions which are alleged to have been given were issued. So far as I can learn from the officers of the department, however, I understand that the purchase of the clocks was definitely arranged by the late inspector, and the purchase was therefore virtually under contract, and did not require the form of certificate which you state was attached to the voucher.

I have, &c.,

The Auditor General.

E. L. NEWCOMBE, D.M.J.

AUDIT OFFICE, OTTAWA, Sept. 24, 1898.

SIR,—I beg to acknowledge the receipt of your letter of the 20th instant, in which you state that the purchase of the Eco Magneto clocks to which I called your attention in my letter of July 26th last, was virtually under contract and did not require the certificate, "prices fair and just."

In my opinion the certificate, "price according to contract," should not be given except in cases in which the contract price has been determined by public tender.

But it does not materially affect the point which I have raised in regard to the certificates given on the occasion in question whether the purchase was made under contract or in the open market. It is clear from the letter of Mr. Ouimet to the Inspector of Penitentiaries, quoted in the Report of the St. Vincent de Paul Penitentiary Commission that, at the time he appended his signature to the certificate on the account rendered for the Eco Magneto clock, he was not in a position to certify, of his own knowledge, whether or not the price charged was fair and just; and it is equally evident that Mr. Forster, of Dorchester, certified as fair and just a price which he believed at the time to be highly exorbitant. In thus certifying, both wardens gave misleading information—one did not know that the article was worth the price charged, while he said he did; the other did know the price charged was an outrageous one. The explanation given by the storekeeper at St. Vincent de Paul—the warden having been dismissed—and by Mr. Forster, at Dorchester, is that the certificate was given under direction. It is to this point I desire to call your attention, because, in my view, the certificate called for by section 33 of the Audit Act, in order to be of any value at all, must be the expression of the personal knowledge of the officer whose name is appended thereto, and not merely the opinion of some one else given under cover of an inferior officer.

I am, sir, your obedient servant,

The Deputy Minister of Justice.

Advances for Travelling Expenses not Accounted for.

AUDIT OFFICE, OTTAWA, Oct. 12, 1898.

SIR,—With reference to the accounts rendered by you for travelling expenses during the fiscal year 1897-98, I beg to call your attention to two items, one of \$5 and one of \$4 under the head of gratuities to servants, in the account against St. Vincent de Paul Penitentiary. These amounts are unusually large, and I shall be glad to have an explanation.

Auditor General's Report—Part I

There are two advances amounting to \$250 made you during the year which have not yet been accounted for. One of these was paid by the Manitoba Penitentiary in December last, and the other of \$100 was paid by Receiver General's cheque in September, 1897, and charged against St. Vincent de Paul Penitentiary. Please let me have the necessary accounts at your earliest convenience.

The report of this office on the penitentiary expenditure of last year is now ready for the printer, so you can understand that any further delay will be of great inconvenience to this office.

I am, sir, your obedient servant,

The Inspector of Penitentiaries.

J. L. McDOUGALL, A.G.

AUDIT OFFICE, OTTAWA, Oct. 17, 1898.

SIR,—I beg to call your attention to an advance of \$603 made to the warden of British Columbia Penitentiary during the past fiscal year for travelling expenses, which has not yet been accounted for. The greater portion of this advance was made in December, 1897, and should have been accounted for, as directed by the Governor in Council, within one month after the completion of the travel for which it was advanced. Please let me have the account at your early convenience, and the warden's explanation of the delay that has occurred.

I am, sir, your obedient servant,

The Deputy Minister of Justice.

R. Einder Twine—Balance due by the Hobbs Hardware Co.

AUDIT OFFICE, OTTAWA, February 1, 1898.

SIR,—According to their contract made in February, 1897, the Hobbs Hardware Co. purchased all the twine then on hand at the Kingston Penitentiary, and all that would be manufactured up to, and inclusive of, the first day of August, 1897, at which date the warehouse was to be cleared of all twine.

The return received with your letter of the 18th inst. states that there is yet held at the penitentiary, subject to the order of the contractors, 8,152 pounds of Beaver twine, and 203,616 pounds of Sisal twine. This is the balance of the stock on hand on August 1st last, which should have been taken and paid for at that date, and amounts, at the contract prices, to \$0,346.32.

I have to inquire if this amount has been paid, and if so, when?

What arrangements have been made for the coming season?

I am, sir, your obedient servant,

The Deputy Minister of Justice.

J. L. McDOUGALL, A.G.

AUDIT OFFICE, OTTAWA, April 5, 1898.

SIR,—According to the statement of the Clerk of Industries at the Kingston Penitentiary, the Hobbs Hardware Co. were indebted to the Government in October last to the amount of \$17,974.56, made up as follows:—

Balance due on twine shipped.....	\$8,606 24
Twine held subject to their order, which they had contracted to take.....	9,368 32
	<u>\$17,974 56</u>

I do not find that any part of this amount has since been paid, and I have to inquire what action has been taken to secure payment.

I am, sir, your obedient servant,

The Deputy Minister of Justice.

J. L. McDOUGALL, A.G.

Auditor General's Report—Part I

DEPT. OF JUSTICE, OTTAWA, April 6, 1898.

SIR,—I have your letter of the 5th instant referring to the amount due by the Hobbs Hardware Co. for binder twine purchased under contract last season. Repeated demands have been made on the company for the amount due, and a few weeks ago representations were made to the department by the company that the twine was of inferior quality, and an appeal was made to the Minister to authorize a rebate on the price at which the twine was purchased. The company have been given an opportunity to produce evidence in support of their allegations, but so far the proof has not been forthcoming. The amount due by the company is far in excess of the amount of the rebate claimed, and I have forwarded a copy of your letter to the Hobbs Hardware Co., with a request that, pending a decision regarding the rebate, the amount of excess be deposited to the credit of the Receiver General without further delay.

I am, sir, your obedient servant.

The Auditor General.

E. L. NEWCOMBE, *D.M.J.*

AUDIT OFFICE, OTTAWA, June 1, 1898.

SIR,—According to the return of the Clerk of Industries, the Hobbs Hardware Co. owed a balance of \$17,974.56 on October 28, 1897, for binder twine, made up as follows:—

Balance due on twine delivered.....	\$8,606 24
8,152 pounds Beaver held subject to order at 4½c.....	387 22
204,116 pounds Sisal held subject to order at 4½c.....	8,981 10

\$17,974 56

On April 30th last, \$9,304.62 was paid on account of this balance.

In your letter of April 6th you stated that the company represented that the twine was of inferior quality, and claimed a rebate, and that the company had been given an opportunity to produce evidence in support of their allegations, but so far the proof has not been forthcoming.

I have to inquire what action has since been taken to secure payment of the balance still due.

I am, sir, your obedient servant.

The Deputy Minister of Justice.

J. L. McDOUGALL, *A.G.*

DEPT. OF JUSTICE, OTTAWA, June 2, 1898.

SIR,—Referring to the amount due by the Hobbs Hardware Co., I beg to inform you that the question of the rebate to be granted to this firm is still under consideration by the Minister.

I am, sir, your obedient servant.

The Auditor General.

E. L. NEWCOMBE, *D.M.J.*

AUDIT OFFICE, OTTAWA, Sept. 13, 1898.

SIR,—In your letter of June 2nd last, you stated that the question of the rebate to be granted to the Hobbs Hardware Co. was still under consideration by the Minister.

The balance due on October 28th, 1897, was \$17,974.56. There has since been paid, \$10,228.40, leaving a balance of \$7,746.16.

According to the terms of the contract, the sales in all cases were to be cash on delivery. Please explain why the contractors were not called on to observe these terms.

What steps are being taken in reference to this matter?

I am, sir, your obedient servant.

The Deputy Minister of Justice.

J. L. McDOUGALL, *A.G.*

JUSTICE DEPARTMENT, OTTAWA, Oct. 21, 1898.

SIR,—In reply to your letter of the 13th ultimo, regarding the balance due by the Hobbs Hardware Co. for binder twine, I beg to inform you that I have written the solicitor of the company insisting upon immediate payment, and will take further steps if my demand be not complied with.

I am, sir, your obedient servant.

The Auditor General.

E. L. NEWCOMBE, *D.M.J.*

Re Binder Twine Industry—Arrears due by Mr. John Connor.

AUDIT OFFICE, OTTAWA, Sept. 13, 1898.

SIR,—On October 27th, 1897, you forwarded a statement of Mr. John Connor's account for binder twine, showing a balance at his debit of \$11,800.64. There has since come to account \$1,441.35, leaving a balance of \$10,359.29. In arriving at this balance no interest seems to have been charged.

I have to inquire what steps are being taken to have this indebtedness paid up.

I am, sir, your obedient servant,

The Deputy Minister of Justice.

J. L. McDOUGALL, A.G.

Re Stock Account.

AUDIT OFFICE, OTTAWA, October 20, 1897.

SIR,—I have received your letter of the 12th inst., inclosing returns of the Binder Twine Industry for the year 1896-97, made up on the forms furnished last April.

I have to ask for a similar return for the period of three months that has expired of the present fiscal year; and that it may be continued monthly.

These returns differ somewhat from those previously furnished, but I assume they are the more correct, and I am publishing the figures now furnished instead of the statements compiled from the returns first received, copy of which I sent you with my letter of the 11th instant.

On the Superintendent's return for October last, the Beaver twine on hand is entered as 457,350 pounds. On his return for November, 950 pounds Beaver is entered as "Twine received," and the total on hand entered as 458,300 pounds. On the returns received with your letter of the 12th instant, there is no entry of this 950 pounds.

The total amount of the twine shipped, according to the return is 1,421,472 pounds; the details furnished only add to 1,421,172 pounds, the difference of 300 pounds being in the Beaver twine.

The returns show the proceeds of the shipments of the year amounted to \$62,471.78; there has come to account \$62,481.41; and the details of these amounts differ. I inclose a statement showing the differences.

I shall be glad to have an explanation of these differences.

As the returns last received were in duplicate I am returning one copy.

I am, sir, your obedient servant,

The Deputy Minister of Justice.

J. L. McDOUGALL, A.G.

KINGSTON, October 26, 1897.

SIR,—I have the honour to acknowledge receipt of your letter of the 21st instant, inclosing copy of that of the Auditor General, under date of October 20th, *re* binder twine.

Regarding the 950 pounds of Beaver which was returned by Mr. Cummins in October, 1896, the Superintendent had omitted entering this on the report sent you.

Re the 300 pounds of Beaver, difference in twine shipped, he also omitted to include 300 pounds Beaver shipped to R. Pitts, Cornwall, on July 14th, 1896.

Re Dalton & Strange's account. The value of twine shipped at price charged was \$1,565.30. The agreement was made by Mr. P. Kelly (our supposed agent) at a lower price than we had charged twine to them, they refused to settle at our price, stating that Mr. Kelly came as the authorized agent of the Government, and agreed with them at the reduced rate, they therefore were allowed \$31.18 off their account for this reason.

Their agreement called for the payment of freight at carload rates, and they paid \$16.66 of said freight and \$3.10 cartage. These items we were forced to allow them. You will see that this balances their account.

Re Rathbun Co. They paid cash for the twine sold them, and were allowed the trade discount of 3 per cent.

Re Pitts. The \$68.75, as shown in the Auditor's statement, should be increased by \$21, the value of 300 pounds of Beaver omitted by the Superintendent in his report, making a total of \$89.75, on which he was allowed the trade discount of 3 per cent.

Re Coll Bros. We had forwarded samples to the value of \$9.99 to them, and received \$2.16 cash (value of two shipments), leaving a balance of \$7.83 still due us, this account has been rendered. In the Auditor General's statement the cash paid by Coll Bros. is entered as \$1,102.16. This is an error, as it should be \$1,002.16.* Of this last

amount, \$1,000 was transferred under terms of contract to the Hobbs Hardware Co., and should have been placed by the Auditor General on the credit side of the Hobbs Hardware Co.'s statement.

I am sending you to-day a copy of the Hobbs Hardware Co.'s account, in which is included an explanation of an overpayment of 10 cents on their part, and a credit of \$88 on twine returned. Trusting this explanation will be satisfactory to the Auditor General and yourself,

I am, sir, your obedient servant,

The Inspector of Penitentiaries.

W. S. HUGHES, *for the Warden.*

AUDIT OFFICE, OTTAWA, November 9, 1898.

SIR,—The returns of the Binder Twine Industry for 1896-97 were amended by a return inclosed with your letter of October 12, 1897. The statements published in the Audit Report were based on the amended return.

The returns for 1897-98 were not changed to correspond with the amended statement of October, 1897, and the statements based on these returns, prepared for the report, will not show the same stock on hand June 30, 1897, as was shown in the report for 1896-97.

The stock of fibre and twine on hand June 30th, 1898, according to the return of that month, was as follows:—

Manilla fibre.....	234,391 pounds.
Sisal fibre.....	232,650 do
Sisal twine.....	61,550 do

I have to ask if these figures were verified by actual stocktaking, and if so, I should like to have the inventory signed by the officers who took it.

I am, sir, your obedient servant,

The Deputy Minister of Justice.

JOHN GORMAN, *for A.G.*

Re Penitentiary Revenue.

AUDIT OFFICE, OTTAWA, April 2, 1898.

SIR,—The revenue returns of the penitentiaries for the month of February came to hand yesterday.

No return has been received from the Dorchester Penitentiary for either January or February, nor has any deposit been made for either month.

The revenue at the Regina Jail in February is entered as \$175, but no return has been furnished.

Your attention is requested.

I am, sir, your obedient servant,

The Deputy Minister of Justice.

J. L. McDOUGALL, *A.G.*

AUDIT OFFICE, OTTAWA, April 7, 1898.

SIR,—Referring to my letter of the 2nd inst., calling your attention to the absence of returns from the Dorchester Penitentiary for January and February, I have to acknowledge the receipt to-day of the return for January.

The total receipts during the month were \$328.30, of which \$291.87 was paid on the 18th, and the balance earlier. The deposit in acquittance was not made till the 2nd inst. The attention of the warden of this penitentiary should be called to the regulations of the Treasury Board calling for a deposit whenever \$25 is on hand.

What about the return for February?

I am, sir, your obedient servant,

The Deputy Minister of Justice.

J. L. McDOUGALL, *A.G.*

AUDIT OFFICE, OTTAWA, June 30, 1898.

SIR,—In classifying the revenue the general principle followed has been to place all receipts not coming under some specific heading to the credit of casual revenue. All the revenue of each department is shown by itself in the Audit Report.

In accordance with this regulation, only such revenue as arises from the labour of the penitentiaries should be classed as penitentiary revenue.

Heretofore rents of houses have sometimes been entered as penitentiary revenue instead of casual revenue.

An application should be made to adjust the accounts of the current year (1897-98) accordingly.

I am, sir, your obedient servant,

The Deputy Minister of Justice.

J. L. McDOUGALL, A.G.

Re Regina Jail.

AUDIT OFFICE, OTTAWA, Sept. 17, 1898.

SIR,—The sum of \$221.95 was credited to penitentiary revenue and \$30.50 to casual revenue in 1897-98 from Regina Jail, and no returns of any kind have been furnished.

The revenue at this jail should be treated similarly to the revenue at the several penitentiaries; receipts issued and statements and counterfoils of the receipts furnished.

I am, sir, your obedient servant,

The Deputy Minister of Justice.

J. L. McDOUGALL, A.G.

Re Supreme Court Reports—Law Society of U. C.

AUDIT OFFICE, OTTAWA, Sept. 12, 1898.

SIR,—In his letter of November 7th, 1896, the late registrar stated that the Law Society of U. C. had applied for a new agreement, which was then under consideration of the Honourable the Minister of Justice.

I have to ask for a copy of the agreement then made.

I am, sir, your obedient servant,

The Registrar, Supreme Court.

J. L. McDOUGALL, A.G.

SUPREME COURT, OTTAWA, Sept. 28, 1898.

SIR,—In reply to your communication of the 12th September, asking for particulars of the agreement between the late registrar and the Law Society of Upper Canada with respect to furnishing copies of the Supreme Court Reports, I beg to say that I at once communicated with the secretary of the law society, asking for a copy of the agreement, and if no formal agreement had been entered into, for a copy of the correspondence showing the nature of the contract. I only to-day received his reply, in which he says that no formal agreement was entered into, but that a contract was arrived at after considerable correspondence, by which it was agreed that the Department of Justice should furnish the Supreme Court Reports to the law society, by mailing and distributing from Ottawa, a copy of each number of the Supreme Court Reports as issued, to members of the society. The supply to be regulated by the number of members, whose names and addresses were furnished. The Secretary also refers to letters written by the Deputy Minister of Justice, dated the 14th November, 1896, and the 2nd and 13th of January, 1897, and to letters from Mr. Watson, Chairman of the Finance Committee, of date the 8th December, 1896, and the 11th January, 1897. He says that the contract concludes with the volume which shall be current in the month of November, 1900. He also says that at present the law society is taking 1,700 copies at \$1.25 per volume, the price agreed upon.

Yours truly,

The Auditor General.

E. R. CAMERON, Registrar.

SIR,—I have received your letter of the 3rd inst., inclosing a statement of arrears due your department.

You state that there are no arrears under clauses one and two of my letter. These clauses cover collecting and disbursing officers. You seem to have overlooked the advances made to the Inspector of Penitentiaries and the Warden of the British Columbia Penitentiary that have not been accounted for.

AUDIT OFFICE, OTTAWA, August 31, 1898.

SIR.—Referring to your payment by Cheque No. 2344, of the sum of \$575 to Walter Barwick for professional services *re* Special Committee on Drummond Counties Railway Company, please supplement the account sent to this office with a copy of the Report of the Committee recommending this payment.

I am, sir, your obedient servant,

The Clerk of the Senate.

J. L. McDOUGALL, A.G.

THE SENATE, OTTAWA, Sept. 3, 1898.

SIR.—Acknowledging receipt of your letter of the 31st ult., I may say that the payment to Mr. Barwick was made in obedience to the Order of the Senate, on the recommendation of the Committee on the Drummond County Railway (*vide* 3rd Report, 10th June, adopted 11th June, a copy of which is inclosed herewith).

I have the honour to be, sir, your obedient servant,

The Auditor General.

EDOUARD J. LANGEVIN, *Clerk of the Senate.*

THE SENATE COMMITTEE ROOM, June 10, 1898.

Your Committee having, under the authority of an order of April 1st, retained Walter Barwick, Esq., barrister-at-law, as counsel to advise and assist your Committee in the conduct of the proceedings before them, recommend that his account in full for professional services, amounting to \$575, be paid.

WM. MILLER, *Chairman.*

Statements of Witnesses' Travelling Expenses not in Detail.

AUDIT OFFICE, OTTAWA, September 1, 1898.

SIR.—Referring to your expenditure for 1897-98, let me call your attention to the following:—

Cheque No. 2085, P. C. Pambrun, includes a charge of \$25 for five days' attendance as a witness; Cheque No. 2097, H. K. Wicksteed, a charge of \$5 for one day's attendance; and Cheque No. 2283, W. T. Jennings, C.E., a charge of \$100 for three days' attendance. Please let me have your authority for the payment to witnesses of anything more than their actual expenses. Their expenses for travelling, &c., viz.:

P. C. Pambrun	18.20
H. K. Wicksteed.....	18.20
W. T. Jennings.....	31.00

should be given in detail. The travelling expenses of S. A. Thompson, amounting to \$79.60, paid by Cheque No. 1761 should also be given in detail.

Voucher No. 2285, \$20, a payment to Rt. Reverend Bishop Grouard, for attendance of self and assistant, and giving evidence before Committee should be supplemented with a statement showing how this amount was arrived at.

I am, sir, your obedient servant,

The Clerk of the Senate.

J. L. McDOUGALL, A.G.

THE SENATE, OTTAWA, Sept. 3, 1898.

SIR.—Acknowledging receipt of your letter of the 1st inst., I may say that payment of witnesses is made under Rule 88 of the Senate.

I have the honour to be, sir, your obedient servant,

The Auditor General.

EDOUARD J. LANGEVIN, *Clerk of the Senate.*

Auditor General's Report—Part J

Payment of Witnesses.

88. The Clerk of the Senate is authorized to pay every witness summoned to attend before a Committee, a reasonable sum for his attendance, and also for his travelling expenses, upon the certificate or order of the Chairman of the Committee before which he shall have been summoned; and no witness shall be so summoned and paid, unless a certificate shall first have been filed with the Chairman by a member of the Committee or of the Senate, stating that the evidence of such witness is, in his opinion, material and important; and no witness residing at the seat of government shall be paid for his attendance.

AUDIT OFFICE, OTTAWA, October 19, 1898.

SIR.—Referring to your letter of September 3rd, 1898, inclosing a copy of Rule 88 of the Senate as your authority for the payments referred to, you have overlooked the request in my letter of September 1st, that the expenses for travelling, &c., be given in detail, and that a statement be given in connection with the payment of \$20 to Rt. Rev. Bishop Grouard, showing how this amount was arrived at.

I am, sir, your obedient servant,

The Clerk of the Senate.

J. L. McDOUGALL, A.G.

THE SENATE, OTTAWA, October 25, 1898.

SIR.—Acknowledging receipt of your letter of the 19th inst., I may say that Rule 88 does not exact a statement in detail of the travelling expenses of witnesses. The certificates accompanying the accounts are prima facie evidence that the amounts are, in the words of the rule, "reasonable."

Bishop Grouard being a missionary bishop, I am at a loss to know where to address a letter to him in such an immense territory; I am, however, under the impression that he was induced to remain in Ottawa under expense, expressly for the purpose of giving evidence, and the foregoing remark applies equally to his case.

I have the honour to be, sir, your obedient servant.

The Auditor General.

EDOUARD J. LANGEVIN, *Clerk of the Senate*

AUDIT OFFICE, OTTAWA, Oct. 28, 1898.

SIR.—In reply to your letter of the 28th inst., in reference to the request of this office for detailed statements of the travelling expenses of witnesses, I have to state that such statements are required of witnesses summoned before Committees of the House of Commons, and that all Government officials are required to give statements in detail of their travelling expenses.

I am, sir, your obedient servant.

The Clerk of the Senate.

J. L. McDOUGALL, A.G.

THE SENATE, OTTAWA, October 31, 1898.

SIR.—I have the honour to acknowledge receipt of your letter of the 28th, in reply to mine of the 25th inst. Thanking you for the information contained therein I may say that, since the Senate has made a rule of its own, I am not at liberty to be guided by any other, in the matter under discussion.

I have the honour to be, sir, your obedient servant,

The Auditor General.

EDOUARD J. LANGEVIN, *Clerk of the Senate.*

Senate: Incomplete Vouchers for Payments made.

AUDIT OFFICE, OTTAWA, Sept. 2, 1898.

SIR.—Let me call your attention to payments by Cheque No. 2206 for \$64 to S. Barnett for men for dinners given by the Speaker and by Cheque No. 2404 for \$8 to the

same person for waiters for Speaker's reception. The vouchers do not give the details furnished with accounts of this kind, the names of the men, rates of pay, &c. Please complete the vouchers sent to this office.

I am, sir, your obedient servant,

The Clerk of the Senate.

J. L. McDOUGALL, A.G.

THE SENATE, OTTAWA, Sept. 3, 1898.

SIR,—Acknowledging receipt of your letter of the 2nd inst. *re* payment of \$64 and \$8 to S. Barnett, I may say that the rate of pay is, I understand, \$2 for each attendance. I am not able to give the names of the men, Mr. Barnett not being now in Ottawa. The accounts were certified correct, if my memory serves me, they being now at your office, by the Speaker; and I considered his certificates sufficient authority for their payment.

I have the honour to be, sir, your obedient servant,

The Auditor General.

EDOUARD J. LANGEVIN, *Clerk of the Senate.*

AUDIT OFFICE, OTTAWA, October 19, 1898.

SIR,—Referring to your letter of September 3rd, 1898, in connection with the payments of \$64 and \$8 to S. Barnett for waiters, &c., at dinners given by the Speaker, I have to state that I am still of the opinion that the vouchers are incomplete without the information asked for in my letter of September 2nd.

Although Mr. Barnett may not be in Ottawa at the present time, there is, I presume, no difficulty in communicating with him and obtaining the details asked for.

I am, sir, your obedient servant,

The Clerk of the Senate.

J. L. McDOUGALL, A.G.

Service in Two Positions at Same Time.

AUDIT OFFICE, OTTAWA, May 26, 1898.

SIR,—I notice in your expenditure, payments to Miss E. M. Armstrong as a debates amanuensis since the beginning of the session. As Miss Armstrong has been employed during this time as an extra clerk in the Justice Department, please let me have an explanation how it is possible for her to perform at the same time both duties for which she is paid.

I am, sir, your obedient servant,

The Clerk of the Commons.

J. L. McDOUGALL, A.G.

Payment of Gratuity to Widow of Deceased Sessional Employee.

AUDIT OFFICE, OTTAWA, June 21, 1898.

SIR,—I notice in the House of Commons May expenditure a payment of \$240 to Mrs. Leda McMahon as a gratuity equal to two months' pay of the late A. McMahon, sessional French translator.

Please let me have your authority for this payment, Mr. McMahon having been a temporary employee.

I am, sir, your obedient servant,

The Clerk of the Commons.

J. L. McDOUGALL, A.G.

HOUSE OF COMMONS, OTTAWA, June 23, 1898.

SIR.—In reply to your letter of the 21st inst. *re* gratuity to Mrs. Leda McMahon, I have the honour to inclose an extract from the Minutes of the Internal Economy Commission, authorizing the payment.

I have the honour to be, sir, your obedient servant,

The Auditor General.

JNO. GEO. BOURINOT, *Clerk of the Commons.*

Auditor General's Report—Part J

Extract from the Minutes of a Meeting of the Commissioners of the Board of Internal Economy of the House of Commons.

The Speaker reported the death of Mr. McMahon, a sessional translator, who had served in that capacity for seventeen years, and recommended a gratuity equal to two months' of this clerk's salary, to be paid to his widow.

This recommendation was approved by the Board.

JNO. GEO. BOURINOT, *Clerk of the Commons.*

Extra Payments to Two Sessional Messengers.

AUDIT OFFICE, OTTAWA, October 13, 1898.

SIR,—I have to call your attention to Cheques No. 2589, Geo. N. Turner, \$50, and No. 2590, Wm. Smith, \$50, for extra work in messenger's room.

As these persons were paid for their services as sessional messengers at the rate of \$2.50 per day, please let me have the authority for these extra payments.

I am, sir, your obedient servant,

The Clerk of the Commons.

J. L. McDOUGALL, *A.G.*

Gratuity to Employee.

AUDIT OFFICE, OTTAWA, August 3, 1898.

SIR,—Cheque No. 708, Printing of Parliament, is a payment of \$547.50 to J. Rivet, as a gratuity equal to one year's salary at \$1.50 per diem. Please let me have your authority for this payment.

The Accountant, House of Commons.

J. L. McDOUGALL, *A.G.*

ACCOUNTANT'S OFFICE, OTTAWA, Aug. 4, 1898.

SIR,—Yours of the 3rd inst. just received, and in answer would say that our authority for issuing Cheque No. 708, Printing of Parliament, gratuity of a year's salary to J. Rivet, was a report of the Joint Committee of both Houses on the Printing of Parliament, submitted to both Houses of Parliament on the 29th of April last, and concurred in, and certified by Sir John Bourinot, Clerk of the Commons, and Wm. Gibson, M.P., Chairman of the Printing Committee.

I am, sir, your obedient servant,

Auditor General's Report—Part K

Fog Alarm at Brier Island, Nova Scotia.

AUDIT OFFICE, OTTAWA, March 30, 1898.

SIR,—I beg to bring to your notice the vouchers rendered by Mr. E. C. Bowers, in connection with certain repairs to the Fog Alarm at Brier Island, Nova Scotia. Two of these vouchers are for labour disbursements made by Mr. Bowers, and a third for materials supplied. It is not quite clear, from the accounts, whether Mr. Bowers has been a joint superintendent of the work with Mr. McLellan, or whether he is a merchant at Westport from whom the supplies have been purchased. Please let me know if all the materials detailed in the account rendered by Mr. Bowers—Voucher 4835 for \$1,463.06—were obtained direct from him, or if he was merely an intermediary between the department and the various dealers from whom the supplies were purchased.

I am, sir, your obedient servant,

The Deputy Minister of Marine and Fisheries.

J. L. McDOUGALL, A.G.

DEPT. OF MARINE AND FISHERIES, OTTAWA, May 27, 1898.

SIR,—I have the honour to acknowledge receipt of your letter of 30th March, with reference to the vouchers rendered by E. C. Bowers, in connection with certain repairs to the fog alarm at Brier Island, N.S.; and in reply, I am to inform you that the supplies were purchased from Mr. Bowers for the construction of the new fog alarm building at Brier Island, he supplying most of the goods required, and for lumber, brick and other material he quoted prices delivered on the spot. These prices, on being compared with those quoted by others, were found satisfactory, and his offer was accepted.

Mr. Bowers is a prominent merchant at Westport, and took a personal interest in the erection of the new building, and without his valuable assistance, for which he made no charge, our work would have been much retarded.

I am, sir, your obedient servant,

The Auditor General.

F. GOURDEAU, D. M. of M. & F.

Inspection of Lighthouse at Bathurst Harbour.

AUDIT OFFICE, OTTAWA, March 30, 1898.

SIR,—Mr. James Gammon rendered an account under date December 4, 1897, for inspecting the lighthouse at Bathurst Harbour, amounting to \$14. This sum was increased, apparently at the department, by \$10, "for extra inspection," and a cheque—No. 5741—issued in favour of Mr. Gammon for \$24. Shortly afterwards a further sum of \$10 was remitted him by Cheque 9054, which is described as "extra allowance for inspection," but in support of which I have not received the necessary voucher. Please let me know your reasons for paying Mr. Gammon \$20 more than he asked for his services.

I am, sir, your obedient servant,

The Deputy Minister of Marine and Fisheries.

J. L. McDOUGALL, A.G.

DEPT. OF MARINE AND FISHERIES, OTTAWA, April 5, 1898.

SIR,—Referring to your letter of the 30th ultimo, inquiring as to the reasons for paying Mr. James Gammon \$20 more than he asked for his services as inspector of the lighthouse at Bathurst, I beg to inclose, for your information, copy of memorandum made by the Chief Engineer of the department, which explains the reason why the additional amount was allowed.

I am, sir, your obedient servant,

The Auditor General.

F. GOURDEAU, D. M. of M. & F.

AUDIT OFFICE, OTTAWA, April 13, 1898.

SIR,—I beg to acknowledge the receipt of your letter of the 5th instant, inclosing an explanation from Mr. Anderson, Chief Engineer of your department, of the apparent overpayment of \$20 to Mr. James Gammon for his services as inspector of the lighthouses recently erected at Bathurst, New Brunswick. If Mr. Gammon incurred travelling expenses to the amount of \$16, as stated by the Chief Engineer, the details of this

outlay, properly certified, should be sent me. So far as I am aware, Mr. Gammon rendered an account for \$14, the usual percentage on the contract price of the work which he inspected, and did not ask for any more. The overpayment of \$20 to which I called your attention in my letter of the 30th ultimo was made by the department, so far as the vouchers show, merely as an act of generosity.

I am, sir, your obedient servant,

The Deputy Minister of Marine and Fisheries.

J. L. McDOUGALL, A.G.

Temporary Clerks employed without the authority of the
Governor in Council.

AUDIT OFFICE, OTTAWA, April 15, 1898.

SIR,—With reference to the payments made during the months of January and February of the current fiscal year for clerical assistance at Ottawa, in connection with the preparation of Fishing Bounty cheques, I beg to inform you that I have not received the authority of the Governor in Council for the employment of the persons to whom these payments were made. I think you will agree with me that the authority of Council is called for in this regard by section 47 of the Civil Service Act, as amended by 58-59 Vic., chap. 15, sec. 7.

I am, sir, your obedient servant,

The Deputy Minister of Marine and Fisheries.

J. L. McDOUGALL, A.G.

AUDIT OFFICE, OTTAWA, November 26, 1898.

SIR,—I beg to bring to your notice the several payments made to Mr. Robert Angus during the fiscal year 1897-98, from the vote for Tidal Service.

Mr. Angus, who appears to have been employed in the capacity of a temporary clerk at Ottawa, was paid at the rate of \$2.50 per diem, exclusive of Sundays and holidays, from December 24, 1897, to June 30, 1898, though the Civil Service Act expressly provides that not more than four hundred dollars per annum may be paid a temporary clerk on his appointment. Please let me have your explanation.

I find I have not received the authority of the Governor in Council for the employment of the temporary clerks paid from votes covered by your letter-of-credit, during the fiscal year 1897-98.

Have you ascertained that all of them had passed the Civil Service qualifying examination at the time of their first employment?

Will you be good enough to give this matter your early attention, for the reasons given in my letter of this date, with reference to the payment to Mr. James Fisher.

I am, sir, your obedient servant,

The Deputy Minister of Marine and Fisheries.

J. L. McDOUGALL, A.G.

DEPT. OF MARINE AND FISHERIES, OTTAWA, Nov. 29, 1898.

SIR,—I have the honour to acknowledge receipt of your letter of the 26th instant, inquiring in regard to the employment of Mr. Robert Angus, and in reply I am to inform you that as assistance was required in connection with the tidal service, Mr. Angus possessed the necessary qualifications, and the Minister of Marine and Fisheries directed that he be employed at the rate of \$2.50 a day for his services.

I am, sir, your obedient servant,

The Auditor General.

F. GOURDEAU, D. M. of M. & F.

AUDIT OFFICE, OTTAWA, December 6, 1898.

SIR,—I beg to remind you, in connection with your letter of the 29th ultimo that you have not dealt with the point I raised with regard to the authority of the Governor in Council for the employment of temporary clerks paid from the votes covered by your letter-of-credit of the fiscal year 1897-98.

In the case of these temporary clerks you will understand that only persons who have passed the Civil Service qualifying examination, and are in other respects eligible,

Auditor General's Report—Part K

within the provisions of the Civil Service Act, may be employed in any of the departments at Ottawa as temporary clerks, no matter to what vote their salaries are charged, and that the remuneration at appointment must not exceed \$400 per annum.

I am, sir, your obedient servant,

The Deputy Minister of Marine and Fisheries.

J. L. McDOUGALL, A.G.

British Commission *re* Behring Sea Claims.

AUDIT OFFICE, OTTAWA, November 4, 1898.

SIR,—In connection with the remuneration paid the secretary and clerks employed on the British Commission, Behring Sea Claims, please send me the Order of the Commissioners of September 28, 1897, which is quoted on the accounts as the authority for the rate of remuneration claimed. Mr. Small, one of the clerks, has been allowed a claim for services at Boston of \$80, and the secretary, Mr. Anderson, a claim of \$1,500 compensation for completion of work in connection with the commission, both of which are under orders from the commissioners. Please let me have these orders also.

I am, sir, your obedient servant,

The Deputy Minister of Marine and Fisheries.

J. L. McDOUGALL, A.G.

AUDIT OFFICE, OTTAWA, November 7, 1898.

SIR,—In connection with the expenditure last year from the vote for the British Commission, Behring Sea Claims Convention, I beg to bring to your notice the claims for retainers allowed to Messrs. Beique, Bodwell and Peters, the lawyers employed by the Government.

The Order in Council sent me authorizing the rate of pay for the leading, associate and local counsels makes no mention of a retainer, and I shall be obliged if you will let me know your reasons for having paid the lawyers in question these claims.

I am, sir, your obedient servant,

The Deputy Minister of Marine and Fisheries.

J. L. McDOUGALL, A.G.

DEPT. OF MARINE AND FISHERIES, OTTAWA, Nov. 9, 1898.

SIR,—In answer to your letter of the 7th instant, asking if I will let you know the reasons for paying the retainers to the lawyers employed on the Behring Sea Commission, the Minister has directed me to give you the following answer:—The retainer was paid after consultation with the Premier and the Minister of Justice, and with the full concurrence of Council. "It is the customary practice everywhere for counsel in large cases to receive retainers."

I am, sir, your obedient servant,

The Auditor General.

F. GOURDEAU, D. M. of M. & F.

Overpayment to Judge Johnstone *re* Noble Investigation.

AUDIT OFFICE, OTTAWA, November 17, 1898.

SIR,—With reference to the correspondence that took place some time ago between your department and this office, and which has been published on page K-149 of the Auditor General's Report for 1897, calling attention to an apparent overpayment to Judge Johnstone for his services in connection with the Noble investigation, I beg to inclose herewith a copy of a letter which I have received from the Deputy Minister of Justice.

You will notice that Mr. Newcombe, in this letter, clearly states that the intention of the department in taxing the account rendered by Judge Johnstone was to allow him \$150 and disbursements, and that any payment in excess of the amount so allowed was not in accordance with the taxation certificate.

The account rendered by Judge Johnstone shows disbursements proper to the amount of \$105.15; adding to this amount \$150 for services, as indicated in the letter from the Department of Justice, dated June 15th, 1897, the amount certified by the department would be \$255.15.

The amount paid to Judge Johnstone during the years 1895-96 and 1896-97 was \$405.15; so that there has been an overpayment of \$150. This overpayment should be refunded without further delay.

I am, sir, your obedient servant,

The Deputy Minister of Marine and Fisheries.

J. L. McDOUGALL, A.G.

DEPT. OF JUSTICE, OTTAWA, October 27, 1898.

SIR,—Referring to your letter of the 22nd instant, and previous correspondence, with respect to the payment to Judge Johnstone of Commissioner's fees in the case of the Noble investigation, I have the honour to inform you that I have examined our departmental files, including the correspondence and also the certified account, and it appears that it was not intended by this department that Judge Johnstone should receive any payment in excess of \$150 and his proper disbursements. I infer from the memorandum of Sir Oliver Mowat, who was then Minister of Justice, an extract from which was made in my letter to the Deputy Minister of Marine and Fisheries of 15th June, 1897, that, although the rule ought to be as stated in that letter, yet that in this particular case the Minister did not consider that \$150 for services would be an improper allowance. Unfortunately, having regard to the letter and the certificate the matter does not appear to have been made as clear as it should have been, but there can be no doubt that, so far as the intention of this department was concerned, any payment in excess of \$150 and disbursements was not intended to be allowed. Papers returned.

I am, sir, your obedient servant,

The Auditor General.

E. L. NEWCOMBE, D.M.J.

DEPT. OF MARINE AND FISHERIES, OTTAWA, Nov. 22, 1898.

SIR,—In reply to your letter of the 17th instant, requesting me to call upon Judge Johnstone to refund an overpayment of \$150, which, in your opinion, was made to him for his services in connection with the Noble investigation, I have the honour to inform you that I have nothing to add to my letter of the 6th of December, 1897, which fully explains this matter. The amount paid was in accordance with the certificate given by the Department of Justice, and there is consequently no ground on which to ask Judge Johnstone to make a refund.

I am, sir, your obedient servant,

The Auditor General.

F. GOURDEAU, D. M. of M. & F.

AUDIT OFFICE, OTTAWA, December 5, 1898.

SIR,—I beg to acknowledge the receipt of your letter of the 22nd ultimo, with further reference to the payment made to Judge Johnstone for his services in connection with the Noble investigation. Whether or not the certificate given by the Department of Justice in the first instance was open to the interpretation which you have given it, does not now affect the question of the overpayment to Judge Johnstone.

In view of the explicit declaration of the Deputy Minister of Justice, in his letter of the 27th October last, a copy of which has been sent you, it is clear that the Department of Justice desired to recommend, as full compensation for Judge Johnstone's services, only \$150 and the amount of his actual disbursements.

I am, sir, your obedient servant,

The Deputy Minister of Marine and Fisheries.

Unsatisfactory Voucher furnished by Mr. E. H. McAlpine.

AUDIT OFFICE, OTTAWA, May 12, 1898.

SIR,—With reference to the voucher sent me during the current fiscal year in support of a payment of \$1,707.90, made in equal parts by the Department of Customs and the Department of Marine and Fisheries, to Mr. E. H. McAlpine, in connection with certain investigations held by him in the province of New Brunswick, I beg to point out that the number of investigations, or the dates on which they were held are not given. The affidavit attached in support of the sum claimed for expenses is not a voucher. The various items of expenditure, supported by sub-vouchers, where necessary, should be given.

I shall be obliged if you will give this matter your early attention, as that portion of the account which was paid last year is now under review by the Public Accounts Committee.

I am, sir, your obedient servant,

The Deputy Minister of Marine and Fisheries.

Auditor General's Report—Part K

DEPT. OF MARINE AND FISHERIES, OTTAWA, May 18, 1898.

SIR,—I have to acknowledge receipt of your letter of the 12th instant, in reference to the payment of \$1,707.00, made in equal parts by the Departments of Customs and Marine and Fisheries, to Mr. E. H. McAlpine, in connection with investigations held by him in the province of New Brunswick, and stating that the number of investigations or the dates on which they were held are not given, and also that the expenditure is not supported by sub-vouchers, and in reply, I am to inform you that Mr. McAlpine investigated 32 cases of political partisanship in connection with the Departments of Marine and Fisheries, and Customs. When his account was under consideration he stated that he had neglected to keep a copy of the dates, not thinking that it would be required.

Mr. McAlpine received his appointment on the 27th November, 1896, and held investigations from the beginning of January to the end of July, 1897, a period of seven months.

As the Customs Department was liable for half the expenses incurred, the account was submitted to them for inspection, and as the reports for both departments showed that the investigations might have occupied the time charged, Mr. McAlpine's statement of the number of days was accepted, he insisting it was accurate. By the terms of the Order in Council, Mr. McAlpine was to receive \$10 per diem for his services as commissioner, and by Order in Council of the 24th December last, he was allowed, in addition, \$3.50 per diem for his travelling and living expenses.

I am, sir, your obedient servant,

The Auditor General.

F. GOURDEAU, *D. M. of M. & F.*

AUDIT OFFICE, OTTAWA, May 23, 1898.

SIR,—I beg to acknowledge the receipt of your letter of the 18th inst., in explanation of the payments made to Mr. E. H. McAlpine, for remuneration and expenses in connection with certain investigations held by him in the province of New Brunswick. It seems to me that there was no good reason for relieving Mr. McAlpine of the reasonable obligation imposed upon him by his appointment as commissioner of furnishing a full and categorical statement of his claim for remuneration and expenses before payment was made. The voucher sent me is incomplete in so far that the dates of the various sittings and the different items of expenditure are not given. The Order in Council authorizing a fixed sum of \$3.50 per diem to cover expenses does not, in my opinion, relieve a Government employee of the obligation of furnishing a detailed account of his outlay, and I may add that it was principally in recognition of this view that the Order in Council of February 6, 1893, allowing only actual reasonable expenses in such cases was passed. The account cannot be certified as correct in its present form.

I am, sir, your obedient servant,

The Deputy Minister of Marine and Fisheries.

Printing and Binding not done at Printing Bureau.

AUDIT OFFICE, OTTAWA, November 28, 1898.

SIR,—I beg to bring to your notice, two accounts rendered by Messrs. J. & A. McMillan, St. John, N.B., for binding reports, and stationery supplies, and which were paid from the vote for Agencies, Rents and Contingencies of the fiscal year 1897-98. Why was not this work done at the Government Printing Office at Ottawa, as required by the statute?

I am, sir, your obedient servant,

The Deputy Minister of Marine and Fisheries.

J. L. McDUGALL, *A.G.*

DEPT. OF MARINE AND FISHERIES, OTTAWA, Nov. 30, 1898.

SIR,—I have to acknowledge receipt of your letter of the 28th instant, in reference to accounts rendered by J. & A. McMillan, St. John, N.B., for stationery supplies, and which are paid from the vote for Agencies, Rents and Contingencies for the fiscal year 1897-98, and in reply, I am to inform you that the attention of the agent at St. John was called to this matter, and he replied that he made it a rule to order all stationery required through the department at Ottawa, but at times some small articles are required immediately, and to facilitate the work of the office he purchased them in St. John. He states that it is impossible to get along without purchasing some small articles in the stationery line similar to those in McMillan's account.

I am, sir, your obedient servant,

The Auditor General.

F. GOURDEAU, *D. M. of M. & F.*

AUDIT OFFICE, OTTAWA, December 5, 1898.

SIR,—I beg to point out with reference to your letter of the 30th ultimo, in explanation of certain payments for articles of stationery and printing made by the Agent of Marine at St. John, that the statute in this respect is imperative, and leaves no choice to either the department or the agent.

I am, sir, your obedient servant,

The Deputy Minister of Marine and Fisheries.

Appropriation Overdrawn.

DEPT. OF MARINE AND FISHERIES, OTTAWA, May 13, 1898.

SIR,—Referring to your letter of the 9th instant, drawing attention to the appropriation for winter mail service being overdrawn, I beg to inform you that provision has been made in the supplementary estimates to meet the overdraft in this service.

I am, sir, your obedient servant,

The Auditor General.

F. GOURDEAU, D. M. of M. & F.

AUDIT OFFICE, OTTAWA, June 3, 1898.

SIR,—With reference to your letter of the 13th ultimo, respecting the appropriation of the current fiscal year for winter mail service, which has been overdrawn through your letter-of-credit, I beg to call your attention to section 31 of the Consolidated Revenue and Audit Act; and to the Order in Council of July 7, 1892, founded thereon, prescribing the course to be followed in a department when an appropriation covered by its letter-of-credit has become exhausted.

Section 31 provides that the Auditor General shall see that no cheque issues for the payment of any public money in excess of the appropriation applicable to such expenditure, and further, that in case a sub-accountant should have expended, through an accountable credit, any sum of money in excess of the amount for which there is legislative authority, he (the Auditor General) shall report the matter to the Treasury Board.

In accordance with this provision in the statute, the Governor General in Council, under date July 7, 1892, caused the following Order to be issued:—

“The Minister, in accordance therewith (meaning a recommendation from the Auditor General) recommends that it be the duty of the accountant of each department to inform the Deputy Minister of the department whenever a cheque which is about to be issued, will overdraw an appropriation or letter-of-credit, so that such cheque may not issue until parliamentary or other authority, as provided by the Audit Act, is obtained in the one case, or an additional credit in the other case.

“The Committee recommend that a copy of this Minute be sent to the several departments for their guidance in future.”

In view, therefore, of the provisions of the statute, and of the explicit directions of the Governor in Council, it seems to me that the department was plainly in error in allowing the overdrafts in question, and that I should be informed, so as to place the matter fully before the Treasury Board, of the whole circumstances of the case and the officer of your department responsible in the matter.

I am, sir, your obedient servant,

The Deputy Minister of Marine and Fisheries.

J. L. McDOUGALL, A.G.

DEPT. OF MARINE AND FISHERIES, OTTAWA, June 8, 1898.

SIR,—I have the honour to acknowledge receipt of your letter of the 3rd instant in further reference to the matter of overdraft in connection with the winter mail service, and in reply, I am to inform you that it was found necessary to make the overdraft referred to, in order to provide for payment of expenses incurred through the large increase of mail matter carried between Cape Tormentine and Cape Traverse, and which increase the department could not estimate for.

The service was one which could not be stopped, owing to want of funds, and as soon as the difficulty was brought to the notice of the Minister he at once directed that the sum of \$2,800 be placed in the supplementary estimates for the current year to meet the deficiency, and as you are aware the amount was at once voted by Parliament on the Minister making the necessary explanations. It is unnecessary to state that every care is taken not to exceed the appropriation made by Parliament for any particular

Auditor General's Report—Part K

service, but in the present case the overdraft could not be avoided without causing great hardship to the men engaged in the winter mail service by withholding wages which are due and should be paid promptly at the end of every month during the winter season while the work is carried on.

I am, sir, your obedient servant,

The Auditor General.

F. GOURDEAU, *D. M. of M. & F.*

AUDIT OFFICE, OTTAWA, June 15, 1898.

SIR,—I beg to acknowledge the receipt of your letter of the 8th instant, in which you state it was found necessary to make the overdraft on the appropriation for winter mail service, 1897-98, in order to provide for the payment of expenses incurred through the large increase of mail matter carried between Cape Tormentine and Cape Traverse, and which increase the department could not estimate for.

Let me again call your attention to the provision of the statute and the explicit instructions of the Governor in Council, quoted in my letter of the 3rd instant, so that you may understand that no necessity, however urgent, can justify a department in making expenditure in connection with any service for which there is a direct parliamentary appropriation, beyond the amount of such appropriation.

In the present instance, I find that it was only in the month of April last the appropriation was overdrawn. Parliament had then been in session for two months and, consequently, there was sufficient time, if the proper course had been followed, to have obtained a supplementary vote before the appropriation had become exhausted.

I am, sir, your obedient servant,

The Deputy Minister of Marine and Fisheries.

J. L. McDOUGALL, *A.G.*

DEPT. OF MARINE AND FISHERIES, OTTAWA, June 17, 1898.

SIR,—I have the honour to acknowledge receipt of your letter of the 15th instant, in further reference to the matter of overdraft on the appropriation for winter mail service, and with reference to the statement made that as Parliament had been two months in session when the appropriation had been overdrawn, there was sufficient time, if the proper course had been followed to have obtained a supplementary vote, I am to inform you that as stated in my letter of the 8th instant, as soon as the difficulty was brought to the notice of the Minister he at once directed that the sum of \$2,800 be placed in the supplementary estimates to meet the deficiency.

I am, sir, your obedient servant,

The Auditor General.

Commissioners to inquire into the Lobster Fisheries.

AUDIT OFFICE, OTTAWA, October 6, 1898.

SIR—I beg to inform you that I have received an Order in Council, dated September 27th, 1898, authorizing the appointment of certain gentlemen as commissioners to inquire into the lobster fisheries of the maritime provinces, and further directing that the Minister may make advances of money to the said commissioners from time to time to enable them to prosecute their inquiry.

As there is no special provision in the Supply Bill of the current fiscal year applicable to the work authorized, I shall be obliged if you will inform me from which appropriation covered by your credit you propose to make the advances in question.

You will notice that the paragraph of the Order in Council which authorizes a daily remuneration of \$7 applies to Professor Prince as well as to the other commissioners. Is it the intention to withhold his salary as a permanent officer during the period of the commission?

I am, sir, your obedient servant,

The Deputy Minister of Marine and Fisheries.

DEPT. OF MARINE AND FISHERIES, OTTAWA, October 10, 1898.

SIR,—I have to acknowledge receipt of your letter of the 6th instant, with reference to the Order in Council dated 27th September, 1898, authorizing the appointment of certain gentlemen as commissioners to inquire into the lobster fisheries of the maritime provinces, and stating that there is no special provision in the Supply Bill of the current

year applicable to the work authorized, and in reply, I am to inform you that it is proposed to charge the cost of the commission to the appropriation for Unforeseen Expenses at the disposal of this department. I am also to inform you that it is not intended that the remuneration of \$7 a day shall apply to Professor Prince, the chairman of the commission.

Authority for Remuneration to Mr. James Fisher.

AUDIT OFFICE, OTTAWA, November 26, 1898.

SIR.—I beg to call your attention to my letter of October 26, 1898, asking for the authority under which the sum of \$2,500 was paid to Mr. James Fisher, as compensation for the time he was engaged on the Hudson Bay expedition, and to point out that I have not yet heard from you on this matter.

As the Marine and Fisheries part of the report of this office for 1897-98 is nearly ready for the printer, it is necessary that this information should be given without further delay. I hope to be favoured with your reply on Monday.

I am, sir, your obedient servant,

The Deputy Minister of Marine and Fisheries.

DEPT. OF MARINE AND FISHERIES, OTTAWA, NOV. 28, 1898.

SIR.—Referring to your letter of the 26th instant, asking for the authority under which the sum of \$2,500 was paid to Mr. James Fisher, as compensation for the time he was engaged on the Hudson Bay expedition, I have the honour to inform you that it was deemed advisable as the result of strong representations made by Manitoba and the North-west Territories to appoint a representative for these provinces, and Mr. Fisher was engaged by the Minister of Marine and Fisheries for this purpose, and the amount paid him was in accordance with the agreement made by the Minister in the matter.

I am, sir, your obedient servant,

The Auditor General.

AUDIT OFFICE, OTTAWA, November 29, 1898.

SIR.—I have the honour to acknowledge the receipt of your letter of the 28th instant, in which you state that the amount paid Mr. James Fisher, \$2,500, as compensation for his time on the Hudson Bay expedition, was paid him "in accordance with the agreement made by the Minister in the matter."

In my opinion, a payment of this nature should not have been made unless authorized by the Governor in Council, and even now it seems to me the department should obtain the sanction of Council for what has been done.

I shall be obliged if you will give this matter your early attention, as the report of this office on your expenditure for last year is now almost ready for the printer.

I am, sir, your obedient servant,

Coal purchased from Mr. A. T. Carter.

AUDIT OFFICE, OTTAWA, July 29, 1898.

SIR,—I beg to call your attention to the account rendered by Mr. A. T. Carter, for coal purchased from him to November 5, 1897, for the Government steamers on the St. Lawrence. A payment on account, of \$1,000, was made Mr. Carter in June, 1897, but no certificate has been sent me that coal in sufficient quantity had been delivered to an agent of the department prior to the issue of the cheque, to warrant this advance. The statement furnished by Mr. Carter shows that 722½ tons of coal were paid for, but of this quantity only 501½ tons have been accounted for, including 38 tons on hand. How has the balance, 221 tons, been disposed of?

In the fiscal year 1896-97 there is a charge for coal obtained from Mr. Carter to the amount of \$800 against the steamer "Aberdeen." I have not received any receipt from the captain or engineer of the steamer for the quantity represented by this amount.

I am, sir, your obedient servant

The Deputy Minister of Marine and Fisheries.

J. L. McDOUGALL, *A. G.*

DEPT. OF MARINE AND FISHERIES, OTTAWA, August 25, 1898.

SIR,—In reply to your letter of the 29th ultimo, stating that a payment of \$1,000 was paid to Mr. Carter, of Gaspé, in June, 1897, but no certificate was sent you showing that a sufficient quantity of coal was on hand to warrant the advance, I have to inform you that the department entered into a contract with Mr. Carter for 500 tons of hard coal at \$6.25 per ton, and 300 tons of soft coal at \$3.50, to be taken on board the steamers as they required it, while in the vicinity of Gaspé.

Three hundred tons of hard coal and 300 tons of soft coal were delivered on Carter's wharf, the place of delivery, before the sum referred to was advanced.

I received a telegram from Mr. Carter advising me that the hard coal arrived at Gaspé on the 21st of May. An officer of this department informed me that he saw the coal on Mr. Carter's wharf. In addition to this, you have the certificate of Captain May, of the "Constance," that he took on board 43 tons of the coal on June the 7th, 1897. Captain May took this coal from the pile of 300 tons on Carter's wharf, belonging to the Government, and no coal was subsequently delivered on the wharf for Government use in the year 1897.

On this evidence, which was sufficient for me, I advanced the sum of \$1,000, which was not more than one-third of the value of the coal deposited on the wharf at the time. All the certificates showing that coal was subsequently taken on board the "Constance," and a certificate from the collector of customs of 259 tons coal on Carter's wharf were sent to you, so that there cannot be the least shadow of doubt about the department having had value on Carter's wharf for more than three times the amount of the advance when it was made.

With regard to your statement that Mr. Carter was paid for 722½ tons of coal, but only 501½ tons have been accounted for, you have evidently made some mistake in your calculations.

The correct figures are 262 tons hard coal delivered on board the "Constance," at Gaspé, and 259 tons on the wharf, to which must be added 201½ tons, delivered at Rimouski, making in all 722½ tons, for which you were sent the certificates of Captain May and the collector of customs at Gaspé.

With regard to the last paragraph of your letter, referring to \$800, charged against the "Aberdeen," I have to inform you that part of the sum of \$1,000 advanced in June, 1897, was charged to the "Constance," viz., \$200, and \$800 to the "Aberdeen."

The "Aberdeen" and "La Canadienne" received on board the 259 tons charged in Mr. Carter's account this season, with 41 tons additional, making 300 tons in all, or the full quantity of Mr. Carter's contract. I herewith inclose the receipts signed by Commander Wakeham and Captain Belanger.

I am, sir, your obedient servant,

The Auditor General.

F. GOURDEAU, *D. M. of M. & F.*

AUDIT OFFICE, OTTAWA, September 1, 1898.

SIR,—I beg to acknowledge the receipt of your letter of the 25th ultimo, with reference to the payments made to Mr. Carter, of Gaspé, for coal purchased from him during the fiscal year 1896-97 for the use of the Government steamers on the St. Lawrence, and regret that the evidence upon which you say you advanced \$1,000 in part payment to Mr. Carter does not appear to be satisfactory.

The telegram from Mr. Carter that the coal had arrived at Gaspé is not a certificate within the meaning of section 33 of the Audit Act; and the oral information of the officer of your department who saw the coal on the wharf is surely not sufficiently definite to warrant an advance of \$1,000.

There is sufficient evidence in the receipts, recently sent me, of the respective officers of the steamers "Constance," "La Canadienne" and "Aberdeen," that of the full quantity of coal paid for by the Government as having been delivered at Gaspé by Mr. Carter, all except 38 tons of hard coal was ultimately taken on board these steamers.

I presume you have by this time a receipt for the 38 tons also. But the fact of the transaction coming all right in the end does not justify a payment in advance for which there was not a certainty of sufficient security at the time. It appears from your letter, that the soft coal delivered at the Gaspé wharf in June, 1897, was allowed to remain there until July, 1898. As Mr. Carter was paid in full in February, 1898, I shall be glad if you will let me know whom you held responsible for the safe keeping of the coal after it had passed out of Mr. Carter's care.

I am, sir, your obedient servant,

The Deputy Minister of Marine and Fisheries.

J. L. McDOUGALL, A.G.

DEPT. OF MARINE AND FISHERIES, OTTAWA, NOV. 12, 1898.

SIR,—In reply to your letter of the 1st September last, stating that the telegram of Mr. Carter and the oral information of an officer of this department who saw the coal on the wharf are not sufficiently definite to warrant an advance of \$1,000, I have to inform you that I feel satisfied that the information did warrant me in making the payment under the circumstances. You seem to lose sight of the fact that this department endeavoured to purchase the coal at the lowest possible price. In order that the department might be able to do this, the sum of \$1,000 was paid when the coal was delivered on the wharf. If this had not been done, Mr. Carter would have, no doubt, demanded 50 cents per ton extra, and thus the sum of \$150 would have been lost to the Government. In fact, he intimated as much in conversation while in Ottawa before the coal was purchased. The fact remains that the transaction was proven to be correct by the certificates of the captain who received the coal on board subsequently. This was not purely accidental, nor the result of a subsequent adjustment, but followed because the whole of the coal was actually delivered on the wharf at the time stated, and previous to the payment of \$1,000 on account.

With regard to the safe keeping of the soft coal delivered in June, 1897, and part of which remained on Mr. Carter's wharf until 1898, I have to inform you that Mr. Carter himself agreed to take care of the coal, with the understanding that he would be paid wharfage for one year, and this wharfage was not paid until after the coal was all delivered. See account paid 26th August.

I am, sir, your obedient servant,

The Auditor General.

F. GOURDEAU, D. M. of M. & F.

AUDIT OFFICE, OTTAWA, December 7, 1898.

SIR, I beg to acknowledge the receipt of your letter of the 12th ultimo, with further reference to the advance made to Mr. A. T. Carter, for coal purchased for the Dominion steamers during the fiscal year 1896-97.

It seems to me that the fact of the department desiring to obtain the coal at the lowest possible price has nothing whatever to do with the feature of the transaction to which I have called your attention, namely, the absence of a proper certificate as to the delivery of the coal at the time the advance was made; but there is no object in continuing the discussion further.

I am, sir, your obedient servant,

The Deputy Minister of Marine and Fisheries.

Compensation to a Judge for services on Pilotage Commission.

AUDIT OFFICE, OTTAWA, March 17, 1898.

SIR,—I beg to acknowledge the receipt of your application of the 14th instant for the issue of a cheque of \$250 in favour of Mr. Justice Lavergne, on account of compensation for his services on an investigation into pilotage matters at Montreal, and to call your attention to the absence of any account from Judge Lavergne in support of this claim.

Please cause the necessary voucher, duly certified, to be sent me.

I am, sir, your obedient servant,

The Deputy Minister of Marine and Fisheries.

J. L. McDOUGALL, A.G.

DEPT. OF MARINE AND FISHERIES, OTTAWA, March 18, 1898.

SIR,—I have the honour to acknowledge receipt of your letter of the 17th instant, in reference to the application made for the issue of the cheque of \$250 in favour of Mr. Justice Lavergne, on account of compensation for his services on the investigation into pilotage matters in Montreal and calling attention to the absence of any account from Judge Lavergne in support of this claim, and in reply, I am to inform you that the investigation referred to has not yet been completed, and the payment asked for is merely on account of services rendered. As you will observe, by reference to the Order in Council in the case, Judge Lavergne is to be allowed at the rate of \$20 per diem, as compensation for his services, together with a per diem allowance of \$7 for expenses, and as he has already served on the commission for a period of fourteen days, a very considerable amount in excess of what has been asked for is already due him.

I will be glad if you will at once direct that the cheque issue for the amount asked for.

I am, sir, your obedient servant,

The Auditor General.

F. GOURDEAU, *D. M. of M. & F.*

AUDIT OFFICE, OTTAWA, March 24, 1898.

SIR,—With further reference to your application of the 14th instant for a cheque of \$250 in favour of Mr. Justice Lavergne, on account of compensation for his services as Commissioner on the pilotage investigation at Montreal, I beg to call your attention to a letter of the 15th June last, written your department by the Deputy Minister of Justice, respecting an account rendered by Judge Johnstone for somewhat similar services. In this letter Mr. Newcombe writes as follows:—"I am directed by the Minister of Justice to state that, in his opinion, Judges receiving salaries should not be allowed fees as commissioners beyond a generous allowance for expenses."

In view of this opinion by the late Minister of Justice, Sir Oliver Mowat, I do not feel that I would be justified in passing your application in favour of Judge Lavergne, until the opinion of the late Minister of Justice has been dealt with, either by the present Minister of Justice or by the Governor in Council. It appears to me that the opinion of the Minister of Justice with reference to the position of a judge and his emoluments deserves even greater consideration than such an opinion on an ordinary legal question.

I am, sir, your obedient servant,

The Deputy Minister of Marine and Fisheries.

: AUDIT OFFICE, OTTAWA, May 21, 1898.

SIR,—I notice on the list of cheques issued under your letter-of-credit during the month of April last, that Cheques 11965, \$450, and 11989, \$300, were issued in favour of Henry Hains and Mr. Justice Lavergne, respectively, and charged to the vote for Unforeseen Expenses. The Unforeseen Appropriation, as you are no doubt aware, is not covered by your letter-of-credit, and I shall be obliged if you will inform me under what authority these cheques were issued. Was the cheque issued in favour of Judge Lavergne an advance on the same lines as that asked for by your application of March 14, 1898, and which, for the reasons then given, was withheld; and if so, will you please explain why you paid through your credit an advance previously applied for to this office, and to which objection was then raised, before that objection had been withdrawn or otherwise disposed of by competent authority?

I am, sir, your obedient servant,

The Deputy Minister of Marine and Fisheries.

Allowances for Living Expenses to Members of Pilotage Commission.

AUDIT OFFICE, OTTAWA, January 21, 1898.

SIR,—I beg to bring to your notice the provision in an Order in Council of the 11th instant authorizing the payment of a daily allowance (\$7) to cover expenses to Mr. Justice Lavergne and Messrs. Gourdeau and Wakeham, who have been appointed commissioners to inquire into certain pilotage matters at Montreal.

In my opinion, it is not within the power of the Governor in Council to authorize payments of this nature from any appropriation for general purposes of expenditure.

Any officer or other employee in the Government service is certainly entitled to claim payment of the actual necessary disbursements made by him in discharge of the duty imposed on him by the terms of his appointment; but it seems to me it is not legal to pay him any larger sum than that shown, by properly detailed and certified vouchers, to have been so expended. The payment of a specific allowance is open to objection for this reason. I may say that the late Administration practically recognized the soundness of this view in the Order in Council dated February 6, 1893, governing expenses and allowances to officers and employees in the public service.

I desire, also, in this connection, to point out that the daily allowance for living expenses authorized in the case of the Canadian counsel engaged on the Behring Sea Claims Commission is open to the objection which I have made in the present instance.

I am, sir, your obedient servant.

The Deputy Minister of Marine and Fisheries.

Pilotage Commission: Payment made under Letter-of-Credit after having been formally objected to by Auditor General.

AUDIT OFFICE, OTTAWA, December 6, 1898.

SIR,—With reference to the payments that were made last year under your letter-of-credit, for services and expenses in connection with the Pilotage Commission at Montreal and Quebec, I beg to call your attention to the several letters I have written on this matter.

As you are aware, application was made to this office in March last for a cheque of \$250 in favour of Mr. Justice Lavergne, on account of compensation as one of the commissioners. On March 24, I wrote you that, in view of the opinion of Sir Oliver Mowat, when Minister of Justice, on a matter of a similar nature, I did not see my way clear to passing your application until this opinion on the question of extra remuneration to a judge had been considered, either by the present Minister of Justice, or by Council.

Seemingly, no attention was paid to this objection by your department, because I find that the following April you paid, through your letter-of-credit, the sum of \$300 to Mr. Justice Lavergne. Your attention was called to this payment by letter dated May 21, 1898, but no explanation has yet been given. Again, on January 21, 1898, I called your attention to an Order in Council of January 11, authorizing a daily allowance of \$7 to cover living expenses in the case of each of the three commissioners, and pointing out that, in my opinion, an allowance of this nature was illegal. Notwithstanding this objection, I find from the statements sent me that you paid, subsequently, through your letter-of-credit, accounts rendered by the commissioners for living expenses, calculated at the rate of \$7 per diem. Now, with regard to payments of this character, I desire it to be clearly understood that I cannot continue to assume responsibility for the issue of a letter-of-credit to any department that will persistently refuse to be governed by the laws and regulations applicable to such credit. In my opinion, no payment to which I have formally objected should be made through a letter-of-credit until the objection thus raised has been withdrawn, after satisfactory explanation from the department, or has been disposed of by competent authority, generally the Treasury Board on appeal. The observance of this limitation, while being in accordance with the law, will not inconvenience the department to any extent. On the whole, it is pretty generally observed throughout the various departments, and the public service does not suffer on that account.

I am, sir, your obedient servant.

The Deputy Minister of Marine and Fisheries.

Auditor General's Report—Part K

DEPT. OF MARINE AND FISHERIES, OTTAWA, Dec. 13, 1898.

SIR,—I have the honour to acknowledge receipt of your letter of the 6th instant, calling attention to the payment of certain expenses in connection with the Pilotage Commission at Montreal and Quebec and, in reply, beg to inform you that I will take an early opportunity of submitting your letter for the consideration of the Honourable the Minister of Marine and Fisheries on his return from Washington.

I am, sir, your obedient servant,

The Auditor General.

Payment for Travel not in accordance with the directions of the Governor in Council.

AUDIT OFFICE, OTTAWA, November 28, 1898.

SIR,—I beg to bring to your notice the accounts for travelling expenses rendered by Mr. James Gaudin, agent of your department at Victoria, during the fiscal year 1897-98. You will notice that in some of these accounts he makes charges for board and lodging at the rate of \$3 per diem. Please let me know why this rate was allowed, in view of the fact that there is an Order in Council directing that only actual expenses may be paid to Government officials, travelling on business. Mr. Gaudin should forward to the department receipted vouchers in support of the various claims for a daily allowance, which he has made in his accounts of the fiscal year 1897-98.

I am, sir, your obedient servant,

The Deputy Minister of Marine and Fisheries.

J. L. McDOUGALL, *A.G.*

DEPT. OF MARINE AND FISHERIES, OTTAWA, Nov. 30, 1898.

SIR,—I have to acknowledge receipt of your letter of the 28th instant, respecting the accounts rendered by Mr. James Gaudin, of Victoria, for travelling expenses, in which he charged at the rate of \$3 per diem for his board and lodging, and in reply, I am to inform you that the expenses connected with Mr. Gaudin's travelling have been considered by the department very reasonable, in view of the cost of living on the Pacific coast. If Mr. Gaudin had gone to a hotel it is likely that the cost would be more than the charge of \$3 a day. You will notice in the accounts that the charge generally is only for one day's board.

I am, sir, your obedient servant,

The Auditor General.

F. GOURDEAU, *D. M. of M. & F.*

AUDIT OFFICE, OTTAWA, December 5, 1898.

SIR,—With reference to your letter of the 30th ultimo, in explanation of the claim in Mr. James Gaudin's account of travel, of \$3 per diem for living expenses, I beg to point out that under the Order in Council of February 6, 1893, you have no discretion in this matter. The Governor in Council clearly directs that only actual reasonable travelling and living expenses shall be paid to officers of the Government travelling on business, after February 6, 1893.

The usual and satisfactory way of establishing the actual expenses is, as you know, to produce vouchers, as far as possible, for the outlay claimed, and to give a statement of details, with dates. Mr. Gaudin has not done this, and he should, therefore, be called upon to support his claim for living expenses by the necessary proofs, as above described.

I am, sir, your obedient servant,

The Deputy Minister of Marine and Fisheries.

Ante-dating an Increase of Salary.

AUDIT OFFICE, OTTAWA, April 21, 1898.

SIR,—I beg to inform you that I have received an Order in Council of the 13th instant, authorizing an increase of \$200 per annum to the salary of Commander Spain of the Fishery Protection Service, such increase to date from July 1, 1897.

In connection with this matter, I desire to call your attention to the correspondence between the Department of Justice and this office, published in the Auditor's Report, 1897, at page 1-50. You will notice that in a letter, dated July 3, 1897, I refused to certify to an increase of remuneration to the secretary of the Penitentiary Commission for any period anterior to the date of the Order in Council, granting such increase, for the reason that, in my opinion, it was not within the power of the Council to antedate promotions or increases of salary unless there was statutory provision to that effect.

Though the Department of Justice did not at first agree with this view, the Deputy Minister afterwards practically acquiesced in it by amending his application in accordance with my contention.

I am, sir, your obedient servant,

The Deputy Minister of Marine and Fisheries.

Fisheries: Dominion and Provincial Governments.

AUDIT OFFICE, OTTAWA, September 16, 1898.

SIR,—Would you be good enough to explain the understanding between the Dominion and the Provincial Governments regarding the fisheries, so far as it affects the financial side of the question. If the agreement has been reduced to writing, a copy of the document would no doubt be helpful in comprehending what the new order of things is to be.

I am, sir, your obedient servant,

The Deputy Minister of Marine and Fisheries.

Award, Behring Sea Claims.

DEPT. OF MARINE AND FISHERIES, OTTAWA, July 18, 1898.

SIR,—I have your letter of the 13th instant, intimating that you and Mr. Courtney had some conversation regarding the Behring Sea Claims Award, and expressing your own view as well as his that the money should be deposited to the credit of the Receiver General, under the provisions of the Audit Act. I note what you say as to the payments to be made from the money when received, and may add that prior to the departure of Sir Louis Davies, it had been arranged that immediately upon receipt of the award, it would be deposited to the credit of the Receiver General on special account, cheques to issue either from this department or in any other manner decided upon by the Minister. I take it from your present letter that it is quite open for the Minister to disburse this money as he may determine, without the necessary formula attending ordinary deposits.

I am, sir, your obedient servant,

The Auditor General.

Services of Mr. Arthur Ross, in connection with insurance of "La Canadienne"

AUDIT OFFICE, OTTAWA, December 19, 1898.

SIR.—I beg to bring to your notice three payments made to Mr. Arthur Ross, Montreal, during the fiscal year 1897-98. One of these payments—\$250—is for services as agent of the department in connection with certain negotiations made necessary by the collision of the steamers "La Canadienne" and "Yantic," and the other two—\$890—are in payment of two premiums of insurance.

Will you please let me have full particulars in regard to these transactions. It is not customary to insure the Dominion steamers.

I am, sir, your obedient servant,

The Deputy Minister of Marine and Fisheries.

J. L. McDOUGALL, A.G.

DEPT. OF MARINE AND FISHERIES, OTTAWA, Dec. 22, 1898.

SIR.—In reply to your letter of the 19th instant, requesting full particulars in regard to the payment of \$250 to Mr. Arthur Ross, of Montreal, and the sum of \$890 in payment of two insurance premiums, I have to inform you that Mr. Ross was employed to look after the interests of the department in connection with the collision of the "La Canadienne" and the "Yantic." An investigation was held by the Harbour Commissioners into the cause of the collision.

Auditor General's Report—Part K

The insurance companies declined to assume the responsibility for the payment of insurance unless the department took steps to hold the "Yantic" responsible for the damage done to the "La Canadienne." Mr. Ross was familiar with the matter of insurance, and he was therefore employed to look after the department's interests in connection with taking all the steps necessary to secure the amount for which the insurance companies would be liable.

With regard to the insurance premiums, I have to inform you that the department chartered the "La Canadienne" to Mr. Lindsay, and as the steamer passed out of the control, for the time being, of the department's officers, it was deemed proper, as a matter of prudence, to insure the steamer. The sum of \$800 was paid as premium to the Western Assurance Company, of Toronto, for \$10,000 assured, and \$90 was paid to the Mannheim Insurance Company, of Mannheim, for the sum of \$1,500. One policy is dated the 3rd of August, 1897, and the other the 7th of the same month, and covered the period from these dates until the close of the season of navigation of 1897.

I am, sir, your obedient servant,

The Auditor General.

Commander Spain's Disbursements.

AUDIT OFFICE, OTTAWA, December 19, 1898.

SIR,—I beg to bring to your notice the accounts rendered by Commander Spain, of the Fishery Protection Service, in support of outlay made by him during the fiscal year 1897-98. The total expenditure made from his cash advances during the year amounted to \$1,676.46, apportioned as follows:—

Provisions, fish, &c.....	\$ 93 70
Boat-hire	91 00
Postage stamps.....	74 70
Railway fares, &c.....	285 72
Living expenses.....	206 95
Ordinary land conveyances.....	224 00
Telegrams.....	254 16
Cartage, freight, and small items.....	135 07
Laundry.....	15 65
Water for ship.....	5 50
Typewriting.....	7 00
Fireworks on 24th May.....	5 00
Advances to officers.....	278 01

No vouchers have been sent me in support of the charges for ordinary land conveyances, for boat-hire, for cartage, freight or express, for provisions, or for laundry.

The charges for telegrams should be supported by vouchers, or by entries in Commander Spain's diary, stating when and where the telegram was sent or from whom received. In addition to the charges for telegrams and postage stamps in Commander Spain's own accounts, there are similar charges amounting to \$47.40 in the accounts rendered by the "Acadia's" steward, in support of expenditure from advances through Commander Spain. I desire particularly, in regard to Commander Spain's expenditure, to call your attention to the large number of charges made in his accounts which are unsupported by vouchers. Charges such as "fresh fish, \$3.50," "telegrams, \$2.60," "boat-hire, \$2.50," "Liverpool to Shelburne, \$10," occur frequently through the details of expenditure given by him.

I am, sir, your obedient servant,

The Deputy Minister of Marine and Fisheries.

J. L. McDOUGALL, *A.G.*

DEPT. OF MARINE AND FISHERIES, OTTAWA, January 3, 1899.

SIR,—In reference to your letter of December 19th, 1898, in regard to the account of Commander Spain, this officer informs me that he has already given you full verbal information in connection with this matter. I now beg to forward to you a written explanation from the commander, which I endorse, and the suggestion made about the telegraphing account is a good one, and will be carried out if the companies will carry it out.

The Auditor General.

F. GOURDEAU, *D. M. of M. & F.*

DEPT. OF MARINE AND FISHERIES, OTTAWA, January 3, 1899.

SIR,—In reference to the letter from the Auditor General of December 19th, 1898, forwarded to me by you, I have the honour to inform you that I have verbally explained the whole matter to Mr. McDougall, and he appeared to be satisfied, and desired me to write you a full explanation to be forwarded to him.

(1.) The charges of telegrams.—

It is quite impossible to attach vouchers for these. The whole of the telegrams in my two services, the Fisheries Intelligence Bureau and the Fisheries Protection Service, are sent to me collect, and my answers are always paid. Any telegram from the Minister or from the department is sent to me collect in the first place, but it is possible that they may have to be forwarded to five or six other places, each additional repeat costing the same amount as the first telegram. If some arrangement could be made with the different telegraph companies by which any instructions could be given to all their agents that telegrams either sent to or sent by myself could be charged and the account delivered at the end of the month, it would save me a great deal of trouble; but as there are in the provinces some six or seven hundred different offices, I presume this could not be done.

(2.) Fresh fish.—

The charges for these fresh fish are occasioned as follows :—

These fish are bought from fishing boats at sea, perhaps five or six miles from land, on lots of occasions the ship is rolling about and it is very difficult to get the fish on board, let alone get a voucher for them, and it is also quite possible that the fishermen in question could not write.

(3.) Stamps.—

The whole of the cheques for the two services mentioned above are sent to me by the department for distribution; each one of these cheques costs eight cents to forward to its owner, three cents for postage and five cents for registration; in addition to this, there is the whole of my correspondence with the different officers under me. It is necessary for the cheques to be forwarded in this way for the following reasons:—I have found on lots of occasions that after receiving the cheques it becomes my duty to expect and receive further information in regard to them from the persons to whom they are made out before I hand them over.

(4.) Boat-hire.—

The charges for boat-hire are occasioned by my visiting lobster factories and other fishery industries in out-of-the-way places, where one of my own boats is not available, and even if it was available I should not use it, as a big ship's boat can be seen from a long distance, and everything would be quiet and shut up before I arrived at all. For the same reason, it would be impossible for me to get vouchers for these things if I desire to do any such work, as my presence in certain places would be telegraphed or telephoned to the interested parties immediately.

The same answer refers to team-hire, &c., from place to place on the coast.

(5.) Laundry.—

I get vouchers for laundry whenever it is possible, but in most places there is only a Chinese laundry, and a voucher from these people, I fancy, would not be understood by myself or anybody else.

I am, sir, your obedient servant.

O. G. V. SPAIN.

Officer Commanding the Fisheries Protection Service.

AUDIT OFFICE, OTTAWA, January 6, 1899.

SIR,—I have the honour to acknowledge the receipt of your letter of the 3rd instant, inclosing an explanation from Commander Spain of the various items of expenditure for which charge was made in his account of disbursements for the fiscal year 1897-98, and which were not supported by vouchers.

I should be glad if you would, without delay, find out whether the telegraph companies will make the arrangement desired. Please inform me of the answer as soon as it is received. With regard to the charges for fish or other provisions which may hereafter be paid by Commander Spain from his contingent advance, I think he should forward in support of such payments a receipt from the ship's steward of the quantity obtained on each occasion. In future, when Commander Spain's disbursements are not supported by vouchers in the usual form, his certificate should indicate that the amount claimed has been expended by him on Government business and precisely as described with reference to date, purpose and all other particulars.

I should like to hear from you on these points within the next day or two.

I am, sir, your obedient servant,

The Deputy Minister of Marine and Fisheries.

J. L. McDUGALL, A.G.

Auditor General's Report—Part K

DEPT. OF MARINE AND FISHERIES, OTTAWA, Jan. 10, 1899.

SIR,—I have the honour to inform you, in answer to your letter of the 6th instant, relating to various items of expenditure incurred by Commander Spain during the season of navigation, that arrangements will be made with the telegraph companies next year so that messages will be paid from headquarters. With regard to the charges for fish and other provisions, I have requested Commander Spain to adopt the system of making all these purchases through his steward, who will then furnish him with a voucher, which he can approve of. It is also understood that in future accounts rendered by Commander Spain, the proper certificate indicating that the expenditure has been made on Government business will always appear on each account. I have delayed a few days in answering your letter, as I wished to secure from the telegraph companies the assurances that the suggestion could be carried out in connection with the telegraphic messages sent by Commander Spain during the season of navigation.

I am, sir, your obedient servant,

The Auditor General.

Advances for Travelling Expenses, not Accounted for.

AUDIT OFFICE, OTTAWA, January 5, 1899.

SIR,—With reference to my letter of the 27th ult., calling attention to advances for travelling expenses made to officers of your department during last year, and which had not been accounted for, I beg to say that there now remain only the sums advanced to Mr. R. N. Venning and Mr. J. M. Macoun, for which accounts have not been sent me.

The amount unaccounted for by Mr. Venning is, as you are aware, \$1,360, the greater portion of which has been carried over from the fiscal year 1896-97.

I shall be obliged if you will have this matter attended to at once, so that I may finally close the account, so far as the amount in question is concerned, in the report of the past fiscal year; otherwise I shall be obliged to withhold my certificate for the payment of Mr. Venning's monthly salary, after this month.

I am, sir, your obedient servant,

The Deputy Minister of Marine and Fisheries.

J. L. McDOUGALL, *A.G.*

DEPT. OF MARINE AND FISHERIES, OTTAWA, Jan. 11, 1899.

SIR,—I beg to acknowledge the receipt of your letter of the 5th instant, asking that the accounts to cover advances to Mr. R. N. Venning, of this department, for travelling expenses, be forwarded to you without delay, so that you may be able to close the account, so far as the amount in question is concerned.

In reply, I beg to say that, as Mr. Venning is at present in Washington, it will not be possible for me to comply with your request until his return, and in order to expedite the matter, I am writing to the Minister of Marine and Fisheries on the subject. In connection with this matter, I might mention that the delay is partly owing to Mr. Venning not having received the amount sanctioned by the Treasury Board, but unfortunately omitted from the Supply Bill. I need scarcely assure you that I shall make every effort to have a detailed account sent to you as soon as possible after Mr. Venning returns to Ottawa.

I am, sir, your obedient servant,

The Auditor General.

Irregularity with regard to Payment of Travelling Expenses to Departmental Officers

AUDIT OFFICE, OTTAWA, December 27, 1898.

SIR,—I find that during last year the travelling expenses incurred by several of the clerks of the Inside Service of your department were paid from votes other than that for Civil Government Contingencies, and in connection with the payments so made, I beg to call your attention to the decision of the Treasury Board, under date October 22, 1890, which you will find published in the report of this office for that year at page A-8.

Under this decision, as I understand it, the travelling expenses of all officers of the Inside Service must be paid from the vote for Civil Government Contingencies, except in special cases, and from no other. Please let me have your explanation for having taken a different course in regard to the payments to which I refer.

There is, as you know, with reference to these travelling expenses, also an Order of the Governor in Council, directing that all advances for travelling expenses must be accounted for within one month of the completion of the trip, for which the advance was made. These directions have not been observed in your department during last year, and in some cases refunds of expenditure which should have been credited to appropriations of 1897-98 have had to be placed to the credit of Casual Revenue, 1898-99, owing to the delay in rendering the necessary accounts and making the deposits. I shall be glad to have an explanation of these delays.

I am, sir, your obedient servant,

The Deputy Minister of Marine and Fisheries.

Payments for Services not rendered within the Fiscal Year.

AUDIT OFFICE, OTTAWA, December 27, 1898.

SIR,—I beg to bring to your notice a payment of \$30 to Malcolm McPherson, for fishing salmon from September 1 to October 12, 1892.

Please let me know the reason this account was not paid in the ordinary course.

I am, sir, your obedient servant,

The Deputy Minister of Marine and Fisheries.

J. L. McDOUGALL, A.G.

DEPT. OF MARINE AND FISHERIES, OTTAWA, Dec. 28, 1898.

SIR,—In reply to your letter of yesterday's date, asking why Malcolm McPherson's account for capturing salmon in September and October, 1892, was not paid in the ordinary course, I beg to state that the account, as rendered, amounted to \$60, and the department questioned the authority upon which the work was performed. The matter was not disposed of finally until January last, when the department's offer of \$30 in full payment of claim was accepted by him.

I am, sir, your obedient servant,

The Auditor General.

AUDIT OFFICE, OTTAWA, December 22, 1898.

SIR,—I beg to ask for explanation of a payment of \$150 made during last year by Cheque 13265 to Mr. Charles E. Tanner, attorney for John McDonald, for services as caretaker of the Bay View hatchery, from July 10th, 1892, to May 10th, 1896. Why was not payment made for the services during each year as is done in ordinary cases?

I am, sir, your obedient servant,

The Deputy Minister of Marine and Fisheries.

J. L. McDOUGALL, A.G.

DEPT. OF MARINE AND FISHERIES, OTTAWA, Dec. 28, 1898.

SIR,—In reply to your letter of the 22nd instant, asking for an explanation of a payment of \$150 to Mr. Charles E. Tanner, attorney for John McDonald, for services as caretaker of the Bay View hatchery, from the 10th July, 1892, to the 10th May, 1896, I beg to state that the only reason why payment for his services was not made each year, as is done in ordinary cases, is that Mr. McDonald rendered no account, and when asked to do so, stated that he did not then require the money, and that he preferred leaving it in the department's hands until he needed it.

Re Wharfs and Piers.

AUDIT OFFICE, OTTAWA, March 17, 1898.

DEAR SIR LOUIS,—My attention has just been called to the Bill introduced by you, and which has passed the Commons, to amend the Act respecting Government harbours, piers, &c.

By the new section 5, the balance of the collections, after deducting the remuneration mentioned in section 2, must be deposited to the credit of the Receiver General, and therefore there is no provision made for the payment of other expenses which have hitherto been met from the collections. It is true, an account is to be given of them; but the payment itself is not provided for. It appears to me that it would be well to have an amendment made after the word "Act" in the second line, by adding "and all other expenditure incurred in the collection thereof," and the corresponding verbal changes further down in the section.

I am, sir, your obedient servant,

Hon. Sir LOUIS DAVIES, K.C.M.G.,

Minister of Marine and Fisheries.

J. L. McDOUGALL, A.G.

AUDIT OFFICE, OTTAWA, June 11, 1898.

SIR,—I am sending you herewith a copy of the letter we are sending to the Department of Public Works *re* Wharfs.

If you know of any that have not been transferred to the control of your department on completion, you might inform me and we will follow the matter up.

I am, sir, your obedient servant,

The Deputy Minister of Marine and Fisheries.

JOHN GORMAN, *for* A.G.

DEPT. OF MARINE AND FISHERIES, OTTAWA, June 17, 1898.

SIR,—I have the honour to acknowledge receipt of your letter of the 11th instant, inclosing copy of a communication addressed to the Department of Public Works in regard to the transferring of wharfs and piers, and in reply, I am to inform you that the department is not aware of any Government wharfs which have not been transferred to the control of this department.

I am, sir, your obedient servant,

The Auditor General.

F. GOURDEAU, *D. M. of M. & F.*

DEPT. OF PUBLIC WORKS, OTTAWA, July 8, 1898.

SIR,—Having reference to your letter dated the 10th ultimo, asking for information *re* wharfs and piers, I have the honour to inform you that all wharfs and piers are transferred to Marine Department as rapidly as practicable after construction or purchase, and that the department does not collect fees from persons using the said wharfs or piers.

I am, sir, your obedient servant,

The Auditor General.

R. C. DESROCHERS, *Asst. Sec'y.*

AUDIT OFFICE, OTTAWA, March 23, 1898.

SIR,—I have to call your attention to the falling off in the receipts from wharfs and piers during the present fiscal year. The net receipts last year were \$9,006.23 from wharfs and piers, and \$395.50 from harbours. The net receipts so far brought to account this year are, from wharfs and piers, \$4,116.50, and from harbours, \$285.50. There are 19 wharfs from which the receipts for 1896-97 were \$1,369.25, from which nothing has, so far, been received for the present year. There are also 59 wharfs from which nothing has come to account this year, nor for years past.

Please give explanations.

I am, sir, your obedient servant,

The Deputy Minister of Marine and Fisheries.

J. L. McDOUGALL, A.G.

DEPT. OF MARINE AND FISHERIES, OTTAWA, July 12, 1898.

SIR,—Referring to your letter of the 4th instant, calling attention to the wharfinger at Magog being short in the sum of \$1 in his remittance, I beg to inform you that the attention of Mr. David Pepin has been twice called to the matter. I may observe that Mr. Pepin's services were dispensed with by Order in Council of the 20th ultimo, and Mr. Edward Addy appointed in his place.

I am, sir, your obedient servant,

The Auditor General.

F. GOURDEAU, D. M. of M. & F.

DEPT. OF MARINE AND FISHERIES, OTTAWA, July 12, 1898.

SIR,—Referring to your letter of the 4th instant, inquiring in regard to wharfage collections at Irish Cove, I am to inform you that on the 13th May last, a letter was received from the wharfinger, inclosing the amount of his collections for 1896, and stating that he had not succeeded in collecting the dues for 1897 from the Bras d'Or Steamship Company. On the 10th ult., he was instructed to forward his returns as soon as possible, but no reply has as yet been received.

I have again written him, calling his attention to the matter.

I am, sir, your obedient servant.

The Auditor General.

F. GOURDEAU, D. M. of M. & F.

AUDIT OFFICE, OTTAWA, August 24, 1898.

AUDIT OFFICE, OTTAWA, August 24, 1898.

SIR,—I have to call your attention to the following list of the wharfs from which no revenue has come to account for the fiscal year 1897-98, the amount opposite each being the collections for 1896-97:—

I have written separately about the wharfs at Rivière du Loup and Coteau Landing. I have to ask for explanation of the absence of revenue from these wharfs for 1897-98.

Have the wharfingers and other collecting officers of your department been recently reminded of the serious position they place themselves in when they do not promptly account for their collections?

Are wharfingers required to give security?

I am, sir, your obedient servant,

The Deputy Minister of Marine and Fisheries.

J. L. McDOUGALL, A.G.

Re Coteau Landing Wharf.

AUDIT OFFICE, OTTAWA, March 19, 1898.

SIR,—I have to remind you that I have had no reply to my letter of November 16th last, calling attention to a sum of \$38.98 uncollected by the wharfinger at Coteau Landing, being a part of the dues accrued in June, 1897; and inquiring when this wharf came under the control of your department; and if returns for each month subsequent to June had been furnished.

Up to time of writing nothing has since come to account from that wharf. I shall be glad to hear from you in reference thereto.

I am, sir, your obedient servant,

The Deputy Minister of Marine and Fisheries.

J. L. McDOUGALL, A.G.

Auditor General's Report—Part K

DEPT. OF MARINE AND FISHERIES, OTTAWA, May 9, 1898.

SIR,—Referring to your letter of the 19th March, in regard to collections of wharfage dues at Coteau Landing, I beg to inform you that no further collections have been received from the wharfinger, and he has reported lately that he has a great deal of trouble in endeavouring to collect the dues, and that he shall be obliged to give up collecting.

The Richelieu and Ontario Navigation Co. have neglected to pay dues at the wharf referred to, and the department is at present in communication with them in regard to the matter.

I am, sir, your obedient servant,

The Auditor General.

F. GOURDEAU, *D. M. of M. & F.*

AUDIT OFFICE, OTTAWA, August 23, 1898.

SIR,—You wrote on May 9th last in reply to my letter of March 19th, that no collections had been received from the wharfinger at Coteau Landing after the return for June, 1897, that he reported that he had a great deal of trouble in collecting the dues, and that the Richelieu and Ontario Navigation Co. had neglected to pay dues at the wharf.

I assume that some action has been taken to improve such an unsatisfactory state of affairs, though I do not find that anything has since come to account.

I am, sir, your obedient servant,

The Deputy Minister of Marine and Fisheries.

J. L. McDOUGALL, *A.G.*

DEPT. OF MARINE AND FISHERIES, OTTAWA, August 27, 1898.

SIR,—Referring to your letter of the 23rd instant, inquiring in regard to collections at Coteau Landing, I beg to inform you that a letter has been received from the Department of Public Works from which it appears that the wharf in question was leased in 1875 to the Richelieu and Ontario Navigation Co. The matter is at present under the consideration of the Department of Justice.

I am, sir, your obedient servant,

The Auditor General.

F. GOURDEAU, *D. M. of M. & F.*

AUDIT OFFICE, OTTAWA, October 8, 1898.

SIR,— * * * * * Apart from the charges against the Richelieu and Ontario Navigation Co., fees to the amount of \$25.60 were collected at this wharf in June, 1897. Nothing has since come to account.

I have to inquire why the wharfinger has not made any return since, and what action you have taken to have him do so.

I am, sir, your obedient servant,

The Deputy Minister of Marine and Fisheries.

J. L. McDOUGALL, *A.G.*

Re Wharfs and Piers—Berthier.

AUDIT OFFICE, OTTAWA, April 29, 1898.

SIR,—I have learned from a statement made in the House of Commons by the Honourable Minister of Marine and Fisheries, that he proposes to introduce an amendment to the Act relating to the collection of tolls at Government wharfs, empowering him to commute the tolls for a fixed sum per annum, to be paid by the municipality.

The member for Montmagny, when speaking on the question, stated that, according to a report of your department, the average collections at the wharf at Berthier for the last ten years was \$22, and that the municipality was willing to pay \$35 per annum and have the wharf free to the farmers and people using it.

What I wish to call your attention to is, that for six out of the last ten years no revenue was collected at this wharf, for what reason I have not been able to find out. The collections during the other four years, after deducting the wharfinger's commission, were as follows :—1890-91, \$23.25 ; 1894-95, \$85.34 ; 1895-96, \$56.03 ; 1896-97, \$29.11,—an average of \$48.43.

The collections in May, June and July, 1897, have not come to account. The collections in August, September, October and November, 1897, amounted to \$52.15 net, of which only \$35 has come to account. Why has the balance—\$17.15—not been paid, and what is the explanation for the absence of collections for the first three months of the season ?

I am, sir, your obedient servant,

The Deputy Minister of Marine and Fisheries.

J. L. McDOUGALL, A.G.

DEPT. OF MARINE AND FISHERIES, OTTAWA, May 4, 1898.

SIR,—I have the honour to acknowledge receipt of your letter of the 29th ultimo, in reference to the collection of tolls at Berthier wharf, and in reply, I am to inform you that no tolls were collected until 1890. The total collections for August, September, October and November, 1897, amounted to \$69.54, which left a balance, after deducting the wharfinger's commission, of \$34.77. The wharfinger remitted \$35, making an overpayment of 23 cents.

With reference to the collections for May, June and July, I am to inform you that we are communicating with our agent at Quebec in regard to the matter, as we understood from him that the former wharfinger, Damase Larochelle, had collected the sum of \$18, which he had promised to remit, but apparently has not done so.

I am, sir, your obedient servant,

The Auditor General.

F. GOURDEAU, D. M. of M. & F.

AUDIT OFFICE, OTTAWA, May 9, 1898.

SIR,—I have received your letter of the 4th instant, in reference to the tolls at Berthier wharf.

You state that no tolls were collected until 1890 ; but you do not explain why nothing was collected during the three following years. If the wharf was used during these years, the point should be considered when arranging with the municipality.

You also state that the total collections for August, September, October and November, 1897, were \$69.54, which left a balance, after deducting wharfinger's commission, of \$34.77.

That would mean an allowance of 50 per cent for commission, and in your report, page 72, it is entered as 25 per cent. The summary attached to the returns, and initialed by Mr. Gilbert, figures the commission at 25 per cent, and notes that there is a shortage of \$17.15. These returns are made out in the name of Edouard Goumond, wharfinger, though they are not signed by him. On the returns for 1896-97, only 25 per cent is deducted for commission.

I note your reference to the receipts for April, May and June, 1897.

I shall be glad to hear from you further in reference to the above.

I am, sir, your obedient servant,

The Deputy Minister of Marine and Fisheries.

J. L. McDOUGALL, A.G.

DEPT. OF MARINE AND FISHERIES, OTTAWA, January 4, 1899.

SIR,—Referring to your letter of the 9th of May last, in regard to the wharfage tolls and dues at Berthier, I beg to inform you that no collections were received for the years 1891-92-93 owing to the fact that the wharfinger was unable to collect anything, and the matter was referred to the Department of Justice.

With reference to the charges for commission, I may observe that by Order in Council of the 5th July, 1897, Mr. Edouard Gaumont was appointed wharfinger, his remuneration to be at the rate of 50 per cent of the tolls and dues collected by him as wharfinger, and the crediting of a commission of 25 per cent on his return was an error.

I am, sir, your obedient servant,

The Auditor General.

JOHN HARDIE, for D. M. of M. & F.

Auditor General's Report—Part K

Re Port Hood Wharf.

AUDIT OFFICE, OTTAWA, March 19, 1898.

SIR,—I wrote you June 4th, 1897, pointing out that no revenue had at that date come to account from Port Hood wharf for the year 1896-97, though the receipts of the previous year were \$133.29.

On October 7th last, a deposit of \$64.23 was made by the wharfinger, covering the receipts of April, May, June, July and August, 1896. Nothing has since come to account.

Please explain how it happens that the person in your department whose duty it is to see that the deposits are regularly made has overlooked this case. It is, or ought to be, the duty of some person in the department to watch such cases.

I am, sir, your obedient servant,

The Deputy Minister of Marine and Fisheries.

J. L. McDOUGALL, A.G.

AUDIT OFFICE, OTTAWA, August 24, 1898.

SIR,—I have had no reply to my letter of March 19th last, in reference to the revenue from the Port Hood wharf.

The last revenue from this wharf is for the month of August, 1896.

I have to inquire what steps have been taken to obtain the fees since collected.

I am, sir, your obedient servant,

The Deputy Minister of Marine and Fisheries.

J. L. McDOUGALL, A.G.

DEPT. OF MARINE AND FISHERIES, OTTAWA, December 7, 1898.

SIR,—Referring to your letter of the 24th August last, inquiring in regard to revenue from Port Hood wharf, I beg to inform you that no revenue has been received, as the wharf has been without a wharfinger.

I am, sir, your obedient servant,

The Auditor General.

F. GOURDEAU, *D. M. of M. & F.*

AUDIT OFFICE, OTTAWA, December 12, 1898.

SIR,—I have received your letter of the 7th instant, stating that no revenue has been received from the Port Hood wharf, as the wharf has been without a wharfinger.

No revenue has come from this wharf since August, 1896. Your attention was called to this matter on June 4, 1897, March 19 and August 24, 1898. You do not give any reason why a wharfinger was not appointed, or state that one has been or will be, now appointed. An early reply, with explanations, can yet be inserted with this correspondence in the next Audit Report.

I am, sir, your obedient servant,

The Deputy Minister of Marine and Fisheries.

J. L. McDOUGALL, A.G.

DEPT. OF MARINE AND FISHERIES, OTTAWA, Dec. 14, 1898.

SIR,—I have the honour to acknowledge receipt of your letter of the 12th instant, in reference to Port Hood wharf. and in reply, I am to inform you that the department has been in communication with the member for the county in regard to the appointment of a wharfinger, but has not yet received his nomination.

I am, sir, your obedient servant,

The Auditor General.

F. GOURDEAU, *D. M. of M. & F.*

Re Rivière du Loup Wharf.

AUDIT OFFICE, OTTAWA, March 18, 1898.

SIR,—During the five months ending with November, 1896, the fees collected at the Rivière du Loup wharf amounted to \$247.68. I do not find that anything has come to account for the summer of 1897, and I shall be glad to have an explanation.

This wharfinger, when settling for his collections of May and June, 1896, transmitted to your department an order drawn by L. H. Taché, secretary-treasurer of the Stadacona Water, Light and Power Co., on Gerard Terroux & Co., of Montreal, for \$45. This order was not accepted and was protested by the bank, the costs of protest amounting to \$3.69. On September 23rd, 1896, the Bank of Montreal was paid \$48.69 on your application to cover these items, and the order sent back to the wharfinger, at his request.

I have to inquire if this amount has since been paid to the Government, and if so, when it came to account.

I am, sir, your obedient servant,

The Deputy Minister of Marine and Fisheries.

J. L. McDOUGALL, A.G.

AUDIT OFFICE, OTTAWA, August 24, 1898.

SIR.—I have had no reply to my letter of March 18th last, calling your attention to the fact that no revenue had been received from the Rivière du Loup wharf for the season of 1897, and also to an unpaid draft on account of the previous season's revenue amounting to \$45.

No revenue has since come to account. I have to inquire what action has been taken in reference thereto.

I am, sir, your obedient servant,

The Deputy Minister of Marine and Fisheries.

J. L. McDOUGALL, A.G.

DEPT. OF MARINE AND FISHERIES, OTTAWA, January 4, 1899.

SIR.—Referring to your letter of the 24th of August last, inquiring in regard to the revenue received from the Rivière du Loup wharf, I have to inform you that nothing has been received since 1896.

On the 30th November last, the wharfinger inclosed accounts against the Richelleu & Ontario Navigation Co., amounting to \$51 for 1897, and \$172 for 1898, and he stated that in a few days he would remit. He has been instructed to send in his collections at once, and so far they have not come to hand.

With reference to the unpaid draft mentioned in your letter, I may observe that payment was refused, and we had to refund the bank \$45 and \$3.69 costs. The wharfinger has reported that he sued for the amount and it was paid to the lawyer, whose costs exceeded the amount, so that he received nothing but a bill for the balance of costs.

I am, sir, your obedient servant,

The Auditor General.

JOHN HARDIE, for D. M. of M. & F.

Re Wharf at St. Alphonse de Bagotville.

AUDIT OFFICE, OTTAWA, September 20, 1898.

SIR.—A considerable portion of the fees collected at the wharf at St. Alphonse de Bagotville arises from side-wharfage charged steamers. The receipts in 1895-96 were \$310.73; in 1896-97, \$225.96; and in 1897-98, only \$115.93. The wharfinger's returns for September, October and November, 1897, contain charges against the following steamers, for which the cash is not furnished by him:—

Steamer "Canada"	\$18 00
"Carolina"	16 00
"Saguenay"	26 00
"Contest"	1 00
	\$61 00

No remittance nor return has been received from this wharf covering any part of the present season of navigation.

I have to inquire what action you have taken in reference thereto.

I am, sir, your obedient servant,

The Deputy Minister of Marine and Fisheries.

J. L. McDOUGALL, A.G.

Auditor General's Report—Part K

Re Wharf at Campbellton.

AUDIT OFFICE, OTTAWA, August 22, 1898.

SIR,—The revenue return from the Ballast wharf at Campbellton, N.B., for the month of May last, is made up of but one item, as follows:—

Wharfage, Sept. 1, 1897, to May 30, 1898, on deals, \$347.23.

Instead of stating the quantity and rate, the words, "By order for \$347.23" are used.

I have to ask for a detailed statement and an explanation as to the rate charged.

I am, sir, your obedient servant,

The Deputy Minister of Marine and Fisheries.

J. L. McDOUGALL, A.G.

DEPT. OF MARINE AND FISHERIES, OTTAWA, August 24, 1898.

SIR,—I have the honour to acknowledge receipt of your letter of the 22nd instant, inquiring in regard to the amount received as wharfage from the Ballast wharf at Campbellton, from the 1st September to the 30th May, namely, \$347.23, and in reply I am to inform you that the amount in question was received from Mr. Richards as wharfage dues on deals piled on the wharf referred to, and which remained on the wharf until the opening of navigation, the present season. In view of the length of time the wharf was occupied, and that, too, during the winter months, the department decided to make a large reduction in the usual charges, and to accept the sum of \$347.23 in payment of the claim.

I am, sir, your obedient servant,

The Auditor General.

F. GOURDEAU, *D. M. of M. & F.*

AUDIT OFFICE, OTTAWA, August 27, 1898.

SIR,—You state in your letter of the 24th instant, that the department decided to make a large reduction on the usual charges on a quantity of deals landed at the Ballast wharf at Campbellton, in view of the length of time the wharf was occupied, and that, too, during the winter months.

You overlooked furnishing a detailed statement of the total amount due.

As the tariff of fees at this wharf was, no doubt, fixed by an Order in Council, in accordance with Revised Statutes, chap. 84, sec. 3, no abatement can be made without a similar authority, in accordance with Revised Statutes, chap. 29, sec. 78. Was such an Order in Council obtained? If so, I should be glad to be furnished with a copy of it.

I am, sir, your obedient servant,

The Deputy Minister of Marine and Fisheries.

J. L. McDOUGALL, A.G.

DEPT. OF MARINE AND FISHERIES, OTTAWA, Sept. 1, 1898.

SIR,—I have the honour to acknowledge receipt of your letter of the 27th ultimo, in reference to the deals landed on the Ballast wharf at Campbellton, and in reply, I am to inform you that the department did not consider it necessary to apply for the authority of an Order in Council to make the abatement in the charges for the use of the wharf. Under the 9th section of the regulations established by Order in Council, the wharfinger is at liberty to ask for a rental of not more than \$1 for every succeeding forty-eight hours, for each and every twelve feet square of any breakwater, pier, or wharf so occupied thereby.

The rental thus charged amounted to a very large sum, and as stated in my letter of the 24th ultimo, in view of the length of time the wharf was occupied, and that, too, during the winter months, the Minister decided to make a large reduction in the charge, and to accept the sum of \$347.23 in payment of the claim.

I may observe that the amount referred to was paid by Mr. Richards under protest, and that he considered the amount charged excessive.

I am, sir, your obedient servant,

The Auditor General.

F. GOURDEAU, *D. M. of M. & F.*

AUDIT OFFICE, OTTAWA, September 9, 1898.

SIR,—In your letter of the 1st instant, in further reference to the abatements made in the charges for the use of the wharf at Campbellton, you state that the department did not consider it necessary to apply for the authority of an Order in Council. You then refer to the 9th section of the regulations established by Order in Council, fixing the charges to be made at this wharf. I regret to state, that a large proportion of the Orders in Council in reference to the revenue, passed at the instance of your department, are not furnished to this office. I shall be pleased if you will take steps to have all such orders forwarded in future.

In the meantime, I have to ask for a copy of the Order in Council referred to by you.

You have overlooked my request for a statement of the full amount of the fees that were due.

I am, sir, your obedient servant,

The Deputy Minister of Marine and Fisheries.

J. L. McDOUGALL, A.G.

Re Harbour Dues.

AUDIT OFFICE, OTTAWA, March 21, 1898.

SIR,—I have to remind you that I have had no reply to my letter of June 8th, 1897, in reference to harbour dues.

The only harbour masters who have deposited any dues during the present fiscal year, are those at Dalhousie, Hillsboro' and St. Johns.

I have to ask for a statement of all the returns covering the season of 1897 that have been received at your department, showing the name of the harbour, the name of the harbour master, the amount authorized and the amount collected.

I am, sir, your obedient servant,

The Deputy Minister of Marine and Fisheries.

J. L. McDOUGALL, A.G.

DEPT. OF MARINE AND FISHERIES, OTTAWA, May 3, 1898.

SIR,—Referring to your letter of the 21st March last, requesting to be furnished with a statement of all the returns received by this department from harbour masters for the calendar year ended 31st December, 1897, I have the honour to transmit herewith a statement, giving name of the harbour, name of the harbour master, the amount collected, and the amount received as remuneration by each harbour master.

I am, sir, your obedient servant,

The Auditor General.

F. GOURDEAU, D. M. of M. & F.

AUDIT OFFICE, OTTAWA, August 19, 1898.

SIR, In your revenue statement No. 12, received at this office on 6th instant, there appears a deposit of \$228, made on July 22nd, by Louis Dickson, harbour master at Louisburg, N.S., the same being collections over and above his salary of \$200 for year ending December 31st, 1897.

Mr. Dickson should be asked to explain why the executive regulation governing the deposit of public moneys was not carried out after the amount of his salary had been collected.

I should also like to know whether this is the first year the collections of this harbour have been in excess of the harbour master's salary.

I am, sir, your obedient servant,

The Deputy Minister of Marine and Fisheries.

JOHN GORMAN, for A.G.

DEPT. OF MARINE AND FISHERIES, OTTAWA, August 23, 1898.

SIR,—Referring to your letter of the 19th instant, inquiring in regard to the collections made by the harbour master at Louisburg, I beg to inform you that the harbour master was under the impression until his attention was drawn to the matter by the department that all the fees collected belonged to himself. In addition to the \$228 already deposited by him, there is still due the sum of \$139, being amount collected in excess of his salary for the year ended 31st December, 1896. The Department of Justice has been requested to take steps for the collection of this amount, and the question of dispensing with Mr. Dickson's services is at present under consideration.

I am, sir, your obedient servant,

The Auditor General.

F. GOURDEAU, D. M. of M. & F.

Auditor General's Report—Part K

Re Dominion Steamer's Revenue.

AUDIT OFFICE, OTTAWA, August 27, 1898.

SIR,—The earnings of the steamer "Stanley" for December, January and February last were deposited from time to time by the pursers, but not as frequently as called for by the regulations.

The earnings for March and April amounted to \$3,965.28, of which \$220 was deposited on March 8th, \$1,200 on April 9th, \$1,472.88 on April 16th, and \$40.86, the account of the Department of Militia, on June 25th. The balance, \$1,031.54 was disbursed for cartage, labour, commission to agents, &c.

As this is the first occasion that the earnings of the "Stanley" were used to meet the expenditure, I have to ask on what authority it was done. Chap. 29 of the Revised Statutes, sec. 27, specifically directs that the gross revenue shall be deposited.

I may also call attention to the delay in depositing the balance of the earnings of these two months.

I am, sir, your obedient servant,

The Deputy Minister of Marine and Fisheries.

J. L. McDOUGALL, A.G.

DEPT. OF MARINE AND FISHERIES, OTTAWA, September 1, 1898.

SIR,—I have the honour to acknowledge the receipt of your letter of the 27th instant, inquiring in regard to the earnings of the "Stanley" being used to meet certain expenditure in regard to cartage, &c., and in reply, I am to inform you that the cartage of freight to the shore while the steamer was fastened in the ice was considered by the department as a proper charge against the receipts, and payment was authorized accordingly. I may observe that the circumstances were altogether unusual, and no provision was made in the vote in the appropriation for the payment of this unforeseen expenditure.

With reference to your inquiry as to the delay in depositing the balance of the earnings, I am to inform you that the agent was delayed in the settlement of accounts, and consequently the balance of earnings was not deposited as soon as might be expected.

I am, sir, your obedient servant,

The Auditor General.

F. GOURDEAU, D. M. of M. & F.

AUDIT OFFICE, OTTAWA, September 2, 1898.

SIR,—I have received your letter of the 1st instant. You state that the department considered that the cartage of freight to the shore while the steamer was fastened in the ice was a proper charge against the receipts.

The accounts in question cover cartage, labour, commission, rent of telephone, and other items, but even if confined to cartage, I cannot agree with your conclusion. It is directly contrary to the provisions of the statute.

If a department were allowed to use the revenue whenever it deemed proper, to meet expenditure, it would neutralize the control which Parliament has heretofore claimed and exercised over the disbursement of public funds.

As the expenditure became necessary in March and April last, and you state was unusual, and for which no provision was made in the appropriation, there was ample time to procure a supplementary appropriation.

The accounts charged are as follows, and the vouchers furnished therefor are incomplete and unsatisfactory:—

N. Rattenbury's account.....	\$414 94
M. McDonald's account.....	45 10
James Currie's account.....	571 50
	\$1,031 54

A statement of Mr. N. Rattenbury's account is furnished, dated May 19th, 1898, and made up as follows:—

Paid for labour, from March 5th to April 9th (16 items).....	\$391 30
Cartage.....	223 14
Commission.....	89 47
Telephone.....	5 00
Five small items.....	12 06
	\$720 97

Cr.

By balance freight account due SS. "Stanley".....	\$414 94
---------------------------------------------------	----------

\$306 08

This statement is not certified. No vouchers of any kind are furnished. No details are given of the item of \$223.14 for cartage. It is not stated how the balance of \$306.03 was paid.

The account of M. McDonald consists of two pay-lists for ice cartage at Georgetown, one of which is certified by the captain, and the other by the captain and the purser.

There is no statement of the account of James Currie, but it seems to consist of ten payments to Arch'd Currie for freight and extra labour, extending from March 9th to 19th. The accounts are received by Arch'd Currie, but are not certified. The commission of 5 per cent for the payment of these accounts was paid to James Currie and charged to the vote.

As I still am of opinion that there is no authority to charge this expenditure to revenue, I have to ask you to send an application to have these payments transferred to the debit of the vote for the steamer "Stanley."

I am, sir, your obedient servant,

The Deputy Minister of Marine and Fisheries.

J. L. McDOUGALL, A.G.

*R*e Fisheries Revenue.

AUDIT OFFICE, OTTAWA, January 27, 1898.

SIR,—The last statement of fisheries revenue with bank receipts that has come to account is No. 5, entered December 18th last.

The total revenue contained in the five statements that have come to account amounts to \$43,646.83. None of the returns of the inspectors and overseers who collected this revenue have yet been received at this office.

The lists of the licenses issued during the present fiscal year have likewise not reached this office.

I have to ask your early attention to these matters.

The bank receipts should be forwarded regularly within the first ten days of each month, and the returns should be in by the close of the month.

I am, sir, your obedient servant,

The Deputy Minister of Marine and Fisheries.

J. L. McDOUGALL, A.G.

AUDIT OFFICE, OTTAWA, March 8, 1898.

SIR,—I wrote you on January 27th last in reference to the following:—(1) the delay in forwarding the bank receipts of fisheries revenue; (2) that none of the returns of the inspectors and overseers had, for the present fiscal year, been received; (3) that the lists of licenses issued by the department had not been furnished.

The lists of licenses issued have since come to hand, but none of the returns, and no bank receipts since February 10th.

I have to ask why these returns are not forwarded regularly each month. I would be glad to know when I may expect them, and if they will be forwarded regularly in the future.

I am, sir, your obedient servant,

The Deputy Minister of Marine and Fisheries.

J. L. McDOUGALL, A.G.

AUDIT OFFICE, OTTAWA, May 14, 1898.

SIR,—I wrote you on January 27th, and again on March 8th, that none of the returns of inspectors and overseers for the present fiscal year had been received.

On March 12th, the returns for July, August and September were received, and none since.

On the 5th instant, your revenue statement No. 9, with bank receipts came to account. Of these receipts, none were dated later than March; some are dated in February, one in January, and one in December.

I have again to ask that you will take steps to have these bank receipts and revenue returns forwarded promptly.

You can understand how necessary it is that we should have as much as possible of the auditing done before the time arrives when we commence preparing the manuscript of the report, otherwise we may not be able to have the report ready when Parliament meets.

If the returns necessary for an audit are not furnished regularly, I should report the matter to the Treasury Board. I trust I may not be called upon to do so.

I am, sir, your obedient servant,

The Deputy Minister of Marine and Fisheries.

J. L. McDOUGALL, A.G.

Auditor General's Report—Part K

AUDIT OFFICE, OTTAWA, August 6, 1898.

SIR,—I regret the necessity of again writing you in reference to the delay of your department in forwarding the revenue returns of your fishery inspectors and overseers to this office. Nor are the bank receipts forwarded to the Receiver General as promptly as they should. Those for June only came to hand on the 4th instant.

The returns of the inspectors and overseers have been received for only three months of the fiscal year 1897-98, and even those are not complete. It is true summaries have been received for the five succeeding months, but these are of no use for auditing purposes without the returns.

You can understand how this delay interferes with the work of this office.

I have to ask that all the returns appertaining to the year 1897-98 may be sent forward at once.

I am, sir, your obedient servant,

The Deputy Minister of Marine and Fisheries.

JOHN GORMAN, *for A.G.*

AUDIT OFFICE, OTTAWA, October 6, 1898.

SIR,—I have had no reply to my letters of March 8th, May 14th and August 6th, in reference to the delay in forwarding the fisheries revenue returns and the bank deposit receipts in acquittance.

On August 29th, among the receipts that came to hand were twenty-eight dated in June, besides one in January. Yesterday, even, a receipt reached me dated in June.

The delay in forwarding these receipts must rest either with your collecting officers, or with your department. In either case, immediate steps should be taken to have the matter put right. A great deal of unnecessary work in adjusting the bank accounts and conducting correspondence results from the delay.

In view of the number of letters on the subject which have already been sent to your department, you will see, I trust, that this should receive an early answer.

I am, sir, your obedient servant,

The Deputy Minister of Marine and Fisheries.

J. L. McDOUGALL, *A.G.*

Re Porpoise Fishery.

AUDIT OFFICE, OTTAWA, April 25, 1898.

SIR,—The sum of \$60 came to account in 1896-97 from C. McNab, for six years' rent of porpoise fishery, Portneuf shoals.

Under what circumstances was this rent allowed to go so much in arrears?

Why was this amount not included in the statement of arrears furnished each year by your department?

A. O. Pritchard, overseer, Nova Scotia, was short \$2 in his collections during 1896-97. Has this amount been since paid?

I am, sir, your obedient servant,

The Deputy Minister of Marine and Fisheries.

J. L. McDOUGALL, *A.G.*

Re Wrecked Steamer "Princess of Wales."

AUDIT OFFICE, OTTAWA, April 15, 1898.

SIR,—The harbour master of the Port of Charlottetown was authorized by Order in Council, dated October 20th, 1897, to take steps to have the wrecked steamer "Princess of Wales" removed clear of all navigable waters, the owners of the vessel to pay the expenses.

I find that \$155.85 was paid to David Small by cheque No. 3180, for the cost of the removal of said vessel.

Has this amount been recovered, and if not, what steps have been taken in reference thereto?

I am, sir, your obedient servant,

The Deputy Minister of Marine and Fisheries.

J. L. McDOUGALL, *A.G.*

DEPT. OF MARINE AND FISHERIES, OTTAWA, April 19, 1898.

SIR,—I have the honour to acknowledge receipt of your letter of the 15th instant, inquiring whether the expenses incurred in removing the wrecked steamer "Princess of Wales" had been recovered, and in reply, I have to inform you that the department, at present, is in communication with Mr. James Lantalum, of St. John, with the view of recovering the expenses.

I am, sir, your obedient servant,

The Auditor General.

Re Sale of Ponies.

AUDIT OFFICE, OTTAWA, April 20th, 1898.

SIR,—I am returning herewith the auctioneer's statement of a sale of ponies at Halifax, and I have to call your attention to the following remarks in reference thereto:

(1) The statement and vouchers are not certified nor approved by your agent at Halifax, nor by any officer of your department.

(2) The vouchers for advertising are not certified by the Queen's Printer.

(3) The Account of the *Morning Chronicle*—\$7.50—was seemingly paid twice.

(4) The sale was made on July 31, and the deposit in acquittance was not made till September 29th.

I am, sir, your obedient servant,

The Deputy Minister of Marine and Fisheries.

Revenue Return No. 3—

Do balance of above..... 975 65

\$1,027 00

In connection with the first item, the date of the Order in Council, or regulation, authorizing the sale should be given; also the manner of the sale, whether by public auction, tender or private sale; and any other particulars pertinent thereto.

I am, sir, your obedient servant,

The Deputy Minister of Marine and Fisheries.

J. L. McDOUGALL, *A.G.*

DEPT. OF MARINE AND FISHERIES, OTTAWA, January 7, 1899.

SIR,—Referring to your letter of the 4th of October last, requesting vouchers in reference to the following amounts deposited to the credit of Casual Revenue, viz., E. Lantalum, on account of machinery of steamer "Napoleon III.," \$1,027.

In explanation of this amount, I have to inform you that the boilers and parts of the machinery of the steamship "Napoleon III." were recovered from the wreck and placed on the premises of the department at Halifax. No use could be made of the boilers by the department, and the space which they occupied on the wharf was required for other purposes.

The Minister of Marine and Fisheries instructed me to call for tenders for the old boilers and engine, along with the attachments which were of no value to the department. A post bill was prepared and posted in conspicuous places and also sent to dealers in hardware, founders and machinists, inviting tenders.

Three tenders were received, the highest offer being from E. Lantalum, of St. John, N.B., for \$1,027. The other two tenders were \$610 and \$550, respectively. Mr. Lantalum deposited a cheque for the sum of \$51.35, and after his tender was accepted, the balance of the amount was paid, amounting to \$975.65 before the articles were taken away.

Auditor General's Report—Part K

With regard to the credit of \$409.47, this amount is made up of \$277.40 received from the Imperial Oil Co., of Petrolea, and \$132.07, received from the National Oil Co., for empty cases and oil barrels.

The contract price in connection with the contract with the National Oil Co. is 85 cents per barrel, and with the other company it was \$1 per barrel and 40 cents per case.

The freight charged by the Grand Trunk Railway was deducted in both cases. The department does not appear to have received the accounts from the companies for the freight they have paid, but there is a statement on the account of the National Oil Co. for the amount paid by that company.

I herewith inclose the receipts from the Grand Trunk Company for the barrels sent by rail, but the amount of freight is not stated, as they are merely way-bills.

I am, sir, your obedient servant,

The Auditor General.

Re Steamboat Inspection.

AUDIT OFFICE, OTTAWA, October 27, 1898.

SIR,—I inclose herewith a copy of correspondence with the Customs Department, in reference to the charges on a vessel, which was not inspected in 1897, and when inspected at New Westminster in January, 1898, the inspector decided it was only liable for one year's inspection fee, though for two years' tonnage dues.

Other inspectors charge both fees and dues, under seemingly similar circumstances. It is desirable that the practice should be uniform. You will, no doubt, look into the matter, and instruct your inspector at New Westminster accordingly.

I am, sir, your obedient servant,

The Deputy Minister of Marine and Fisheries.

J. L. McDOUGALL, A.G.

DEPT. OF MARINE AND FISHERIES, OTTAWA, November 17, 1898.

SIR,—Referring to your letter of the 27th ultimo, relative to the steamboat inspection fee in the case of the SS. "Fairy Queen," of British Columbia, I have to state that the steamboat inspection fee and dues for this vessel for 1897 were not paid until the 5th January, 1898. At the time the dues and fees for 1897 were paid, namely, 5th January, 1898, the collector appears to have collected the dues for 1898, but not the inspection fee, as the vessel had not, at that time, been inspected for 1898. He has, I presume, before this, collected the inspection fee.

I have instructed him that his duty is, when he is collecting the tonnage dues of a steamboat to also collect the inspection fee for the current year, whether the vessel has, at that time, been inspected or not. This, I presume, will have the desired effect of avoiding this kind of complication in future.

I am, sir, your obedient servant,

The Auditor General.

Re Arrears Due.

AUDIT OFFICE, OTTAWA, October 5, 1898.

SIR,—I have to ask for the customary statement, arranged alphabetically, of all arrears due to your department on June 30th last, that have not since been paid : (1) by collecting officers, (2) by disbursing officers, (3) by all other persons whether Government officers or not ; together with a report of the reasons why the arrears reported due last year have not been collected.

As these statements are required for publication in the Audit Report, your early attention will oblige.

AUDIT OFFICE, OTTAWA, November 30, 1898.

SIR,—I have not yet received the statements of arrears asked for in my letter of October 5th last.

These returns are needed for publication in the Audit Report, now in course of publication, and I have to request your early attention.

I am, sir, your obedient servant,

The Deputy Minister of Marine and Fisheries.

J. L. McDOUGALL, A.G.

AUDIT OFFICE, OTTAWA, January 3, 1899.

SIR,—I am in receipt of your letter of the 29th instant, inclosing a list of licenses issued to June 30 last, the fees on which have not yet been paid.

As none of the items in arrears last year (Report 1896-97, K-199) are entered on the list now furnished, I have to inquire if all the arrears then due have since been paid, or does this list merely cover licenses issued during 1897-98, and not yet paid ?

My letter of October 5th last asked for a statement, alphabetically arranged, of all arrears due (1) by collecting officers, (2) by disbursing officers, (3) by all other persons, whether Government officers or not.

I have to ask for a return in accordance with my letter, and as soon as possible.

I am, sir, your obedient servant,

The Deputy Minister of Marine and Fisheries.

J. L. McDOUGALL, A.G.

Differential Pay to Col. Lake Illegal.

AUDIT OFFICE, OTTAWA, December 20, 1898.

SIR,—I am in receipt of a copy of an Order in Council, dated Dec. 13th, 1898, granting to Col. Lake the difference between his pay as Quartermaster General and that of Major General Commanding, Col. Lake having performed the duties of the latter office from July 1st to August 10th, 1898.

The Militia Act states that there shall be appointed an officer as Major General whose salary shall be \$4,000 per annum, and in addition thereto, in lieu of allowances, a sum not to exceed \$2,000, determined by the Governor General in Council. It makes no provision for the payment of this salary and allowance to any other than the Major General so appointed in the manner provided by the Militia Act, and the payment of this differential pay to Col. Lake seems to me to be illegal.

I am, sir, your obedient servant,

The Deputy Minister of Militia and Defence.

J. L. McDOUGALL, A.G.

DEPT. OF MILITIA AND DEFENCE, OTTAWA, Jan. 18, 1899.

SIR,—On receipt of your letter of the 20th ultimo respecting the difference of pay granted to Colonel Lake by the Order in Council of the 13th of that month, I referred the matter to the Department of Justice, and I have now the honour to inclose to you herewith copy of the letter received from the Deputy Minister of Justice, under date of the 13th instant, in which he states that, in his opinion, the view expressed by you in the communication above mentioned is correct.

I am, sir, your obedient servant,

The Auditor General.

B. SULTE, *Act. D. M. of M. & D.*

OTTAWA, January 13, 1899.

SIR,—I have the honour to acknowledge the receipt of your letter of the 28th ultimo (17119) in which you ask for advice as to whether the payment to Colonel Lake—as authorized by the Order in Council of the 13th ultimo—of differential pay for the time during which he performed the duties of the Major General Commanding the Militia would be lawful.

In reply, I beg to state that, in my opinion, there is no parliamentary authority for such payment, and the view expressed by the Auditor General in his letter of the 20th ultimo is correct. The Act 61 Victoria, chapter 19, providing for the salary of the Major General does not warrant any payment to a person not appointed to that position who temporarily performs the duties.

Papers returned herewith.

I am, sir, your obedient servant,

The Deputy Minister of Militia and Defence.

Defalcation by Capt. Thériault, 89th Battalion, Quebec.

AUDIT OFFICE, OTTAWA, January 11, 1899.

SIR,—I notice on Paymaster Forrest's statement of expenditure for June and July, 1898, on account of annual drill, an amount of \$327.50 (paymaster's cheque No. 32) paid to Capt. Thériault, No. 4 Company, 89th Battalion. No vouchers have been sent to this office in connection with this charge by the paymaster. I presume this is the sum of money taken by Capt. Thériault when he absconded. Please let me have a statement in full of the circumstances under which this money was advanced to Capt. Thériault, the camp being supplied with a staff paymaster, and how it could remain any length of time in his hands before he was supposed to pay it over to the men. In what position does the matter now stand?

The original pay-list and Capt. Thériault's receipt for the money should be returned to this office.

I am, sir, your obedient servant,

The Deputy Minister of Militia and Defence.

J. L. McDOUGALL, A.G.

Auditor General's Report—Part I

DEPT. OF MILITIA AND DEFENCE, OTTAWA, Jan. 14, 1899.

SIR,—In reply to your letter of the 11th instant, I have the honour to state, for your information, that an amount of \$327.50 was paid to Captain Thériault, No. 4 Company, 89th Battalion, the day before the camp broke up, on the production of a regular pay-sheet of his company, in the same manner as is done by the other captains of companies.

On the day of the breaking up of camp, Captain Thériault could not be found, he had left the same day on a steamer for England.

The pay-sheet was sent to Quebec for his trial to establish the payment made to him by Liuet.-Col. Forest. I inclose you, herewith, the pay-list you ask for in your letter.

A supplementary payment was made to this company by Cheque 4456—\$282.96, services 1897-98. A copy of this supplementary pay-sheet was sent to your office.

Captain Thériault's trial took place at Quebec, and he was found guilty and sentenced to an imprisonment of four months.

I am, sir, your obedient servant,

The Auditor General.

Extra Pay to Lt.-Col. Forrest, Quebec.

AUDIT OFFICE, OTTAWA, February 16, 1899.

SIR,—Referring to cheques Nos. 502 and 1839, for snow cleaning at Quebec, winter of 1897-98, I notice that Lt.-Col. Forrest is paid \$181 for superintending the work—that is, \$1 per day for 181 days from November 1 to April 30. The superintendence of this work does not appear to be outside of the regular duties of Lt.-Col. Forrest at Quebec, and this is the first instance in which he has been paid for such service. The late Deputy Minister in a memo. on the account, states that there is no authority for the payment. Please explain why the department has not obtained a refund of the amount from Lt.-Col. Forrest.

I am, sir, your obedient servant,

The Deputy Minister of Militia and Defence.

J. L. McDOUGALL, *A.G.*

DEPT. OF MILITIA AND DEFENCE, OTTAWA, Feb. 20, 1899.

SIR,—With reference to your letter of the 16th instant, drawing attention to a payment of a dollar a day for six months from 1st November, 1897, to 30th April, 1898, to Lt.-Col. Forrest, for superintending the clearing of snow from off the military properties in Quebec for the above period, I have the honour to state that this service was wholly and entirely separate and distinct from Lt.-Col. Forrest's ordinary duties as superintendent of stores. He was asked to undertake the work from motives of economy, as the cost of this service had hitherto been considered excessive. The work under Col. Forrest was efficiently performed for about half the former outlay. The labour entailed both day and night work, and the duties, owing to the severity of the winter were more than ordinarily arduous, and the result very satisfactory to the department.

I am, sir, your obedient servant,

The Auditor General.

L. J. PINAULT, *Lt.-Col., D. M. of M. & D.*

Payment for Insurance on Government Property Illegal.

AUDIT OFFICE, OTTAWA, February 16, 1899.

SIR,—Let me call your attention to Cheque No. 3616, of May 28th, 1898, a payment of \$24 to the Caledonian Insurance Co., of Montreal, as premium on \$4,000 insurance on timber piled near Rockliffe, Gloucester Township. In view of the terms of the Order in Council of July 5th, 1881, enacting that all policies at that time be allowed to lapse and that no new ones be effected, please explain why this liability was incurred.

I am, sir, your obedient servant,

The Deputy Minister of Militia and Defence.

J. L. McDOUGALL, *A.G.*

AUDIT OFFICE, OTTAWA, February 23, 1899.

SIR.—Referring to my letter of the 16th instant *re* payment of premium on insurance on timber at Rockliffe Rifle Range, please let me have, as soon as possible, the explanation asked for therein.

I am, sir, your obedient servant,

The Deputy Minister of Militia and Defence.

J. L. McDOUGALL, *A.G.*

DEPT. OF MILITIA AND DEFENCE, OTTAWA, Feb. 24, 1899.

SIR,—In reply to your letter of the 16th instant, concerning payment to the Caledonian Insurance Co. on timber belonging to his department at Rockliffe Rifle Range, near this city, I beg to say that this appears to have been done by our chief engineer, who was ignorant of the Order in Council referred to, but the policy having been taken out under these circumstances it was necessary to pay it. It is not the intention of the department to act in contravention to the Order in Council.

I am, sir, your obedient servant,

The Auditor General.

Yukon Expenditure—Cheques drawn for Round Sums—No Statement of Cheques by Officers to whom Credit is issued.

AUDIT OFFICE, OTTAWA, November 21, 1898.

SIR,—Let me acknowledge the receipt of your Requisition No. 20 for a warrant to repay the Bank of Commerce \$10,800, the amounts of Cheques Nos. 11 and 14, drawn by Lt.-Col. Evans and Major Talbot, for expenditure for Yukon contingent. With reference to these cheques and those of former repayments, I notice that they are generally drawn for round sums. Is there any reason why separate cheques should not be drawn by Lieut.-Col. Evans and Major Talbot for each claim against the Yukon contingent? The bank could be repaid as speedily as with the present method, and such a system would give both the department and this office a better supervision of the expenditure.

Then, why is not a statement of cheques drawn furnished by Major Talbot for the purpose of repaying the bank as is the rule with other services?

I note that Cheque No. 14 is not drawn "To the order of Lieut.-Col. Evans," but drawn in favour of "Lieut.-Col. Evans, or bearer." Please explain why this was done.

I am, sir, your obedient servant,

The Deputy Minister of Militia and Defence.

J. L. McDOUGALL, *A.G.*

DEPT. OF MILITIA AND DEFENCE, OTTAWA, Dec. 1, 1898.

SIR,—In reply to your letter of the 21st ultimo, I have the honour to state that the accountant of this department reports in the following terms, on the matter concerning the Yukon contingent, upon which you desire explanations:—

"Referring to attached letter from the Auditor General, I may say: No report has been received yet from the Yukon, but I believe the cheques referred to were drawn to obtain funds to pay the officers and men, and possibly to pay for material used in the construction of the barracks.

"The bank, it will be remembered, is some two hundred miles distant from the point where the detachment is stationed, and as communication is not quick, cash, no doubt, is more desirable than cheques. To obtain funds, the method is, I believe, to send a detachment to the bank and have a large sum brought back under guard, which is kept in the regimental strong box.

"The statement of cheques drawn will be shown on each month's account, which should come in regularly, as soon as the postal arrangements are completed out there, which I understand will be very soon.

"I cannot say why Cheque No. 14 was changed to "Bearer" after being made payable to order of Lieut.-Col. Evans."

"The Bank of Commerce has guaranteed endorsement of this cheque, and the manager assured me he would instruct the manager in the Yukon to refuse such cheques in future."

I hope the above will be found satisfactory.

I am, sir, your obedient servant,

The Auditor General.

B. SULTE, *Act. D. M. of M. & D.*

AUDIT OFFICE, OTTAWA, February 22, 1899.

SIR,—I am in receipt of your Requisition No. 40, of yesterday's date to repay Canadian Bank of Commerce for Cheque No. 9, drawn by Messrs. Evans and Talbot on account of Yukon Military Contingent. This cheque was drawn on August 19th, 1898. In a previous letter I pointed out to you the necessity of Messrs. Evans and Talbot forwarding periodically a statement of the cheques drawn by them against their credit, on

Auditor General's Report—Part L

which statement the Bank would be repaid, as is the case with other officials to whom credits are issued. This would have avoided the delay in repaying the bank for this cheque and brought its existence to the notice of your department and this office much sooner.

I am, sir, your obedient servant,

The Deputy Minister of Militia and Defence.

J. L. McDOUGALL, A.G.

DEPT. OF MILITIA AND DEFENCE, OTTAWA, Feb. 24, 1899.

SIR,—I am in receipt of your letter of the 22nd instant, and note what you say. In reply, I may say it seemed difficult during the first few months for the Officer Commanding the Yukon Contingent to arrange for system or regularity in transmission of his accounts.

I do not think there will be any such difficulty in the future. Monthly statements showing cheques drawn against the credits may be expected hereafter regularly and within six weeks from the close of the month.

I am, sir, your obedient servant,

The Auditor General.

Yukon Expenditure—Cheques Irregular.

AUDIT OFFICE, OTTAWA, December 5, 1898.

SIR,—I am in receipt of your Requisition No. 24 to repay Bank of Commerce \$31,000, amount of Cheques Nos. 17 and 18, attached, expenditure on account of Yukon contingent. These cheques are not signed by Major Talbot, to whom, as well as to Lieut.-Col. Evans, the credit was issued. Under these circumstances, I am unable to pass the application covering these cheques. Lieut.-Col. Evans is, so far as I can see, mistaken in supposing that he has the right to sign alone.

I am, sir, your obedient servant,

The Acting Dy. Minister of Militia and Defence.

J. L. McDOUGALL, A.G.

DEPT. OF MILITIA AND DEFENCE, OTTAWA, Dec. 9, 1898.

SIR,—In reply to your letter of the 5th instant, respecting the repayment of \$31,000 to the Bank of Commerce, on account of Yukon Contingent expenditure, I have the honour to suggest that the two cheques (Nos. 17 and 18) you allude to, and which cover said amount, might be signed by Major Talbot, who is at present in Quebec, under instructions from this department.

I am, sir, your obedient servant,

The Auditor General.

L. J. PINAULT, *Lt.-Col., D. M. of M. & D.*

AUDIT OFFICE, OTTAWA, December 19, 1898.

SIR,—I beg to acknowledge the receipt of your letter of the 9th instant, regarding the two cheques amounting to \$31,000, on the Bank of Commerce, signed by Col. Evans alone. The reply has been delayed by the unsatisfactory way in which the Yukon banking business on the part of the Government is done, and by the novelty of the particular defect of the two cheques under consideration.

You are, of course, in no way responsible, individually, for the manner in which this business has been transacted, as you have occupied the position of Deputy Minister of Militia for only a few days. I had an interview with Col. Lake, your accountant, and Col. Evans, before the contingent left Ottawa, and it seemed to me to have been made perfectly plain that the second signature meant additional control, another safeguard.

This should have suggested, it strikes me, that when Major Talbot was obliged to return from the Yukon, his place should have been supplied without delay.

Then I was afraid I was wearying by the repetition of the remark that, unless where it was necessary to send money a long distance from the bank for disbursement, as occasion might arise, a separate cheque should be issued to each creditor. The cheques now before me indicate that this requirement has been disregarded.

When are you likely to be able to furnish a statement of how the amount of these cheques has been expended?

I am sure that I shall not be held by the Public Accounts Committee free from responsibility for the confusion, if nothing worse, which is sure to arise in the management of accounts which are dealt with by those who have so little information with reference to drawing cheques under a credit, and who do not feel it incumbent on them to furnish promptly statements of disbursements, unless evidence is given to this effect that the mode of conducting financial matters at the Yukon will be immediately changed.

I quite understand that transactions of all kinds there must not only be attended with great expense in many respects, but be done in a different form from what they are here, and in a less methodical manner, but there is only a greater reason that strict regulations should be enforced where they do not retard public affairs.

I shall await your reply before dealing with your suggestion.

I am, sir, your obedient servant,

The Deputy Minister of Militia and Defence.

J. L. McDOUGALL, A.G.

DEPT. OF MILITIA AND DEFENCE, OTTAWA, Dec. 23, 1898.

SIR,—In replying to that part of your letter of the 19th instant relative to the detail of expenditure covered by cheques therein mentioned, I have the honour to inform you that Captain Pearse is expected here in a few days with explanations on that subject.

I am, sir, your obedient servant,

The Auditor General.

Yukon Expenditure—Overdraft on Appropriation.

AUDIT OFFICE, OTTAWA, January 30, 1899.

SIR,—I beg to inform you that the Appropriation Ledger of this office shows that the vote for "Yukon Contingent" is overdrawn \$7,243.15.

Please furnish me with an explanation of the cause of the overdraft.

I am, sir, your obedient servant,

The Deputy Minister of Militia and Defence.

J. L. McDOUGALL, A.G.

AUDIT OFFICE, OTTAWA, February 2, 1899.

SIR,—I am in receipt of your Application No. 35 to repay Bank of Commerce the amount of Cheque No. 19, for \$9,000, drawn by Messrs. Evans and Talbot. As the credit of Messrs. Evans and Talbot was sufficient to meet this expenditure, I am obliged to pass this application, although in doing so I would call your attention to the fact that this make an addition of \$9,000 to the overdraft of \$7,243.15 on "Yukon Contingent" vote, pointed out to you in my letter of January 30, for which explanation was asked.

I am, sir, your obedient servant,

The Deputy Minister of Militia and Defence.

J. L. McDOUGALL, A.G.

DEPT. OF MILITIA AND DEFENCE, OTTAWA, Feb. 2, 1899.

SIR,—In reply to your favour of the 30th ult., asking for an explanation of the cause of the overdraft of the vote for "Yukon Contingent." I beg to say that the requirements of this service are quite exceptional, and the amount voted (\$140,000) has proved to be totally inadequate to meet them. The overdraft has been caused by the payment of claims which could not be avoided in the interests of the service.

I am, sir, your obedient servant,

The Auditor General.

L. J. PINAULT, *Lt.-Col., D. M. of M. & D.*

AUDIT OFFICE, OTTAWA, February 4, 1899.

SIR,—I am in receipt of your letter of the 2nd instant, *re* overdraft on "Yukon Contingent" vote. You will see, on examination, that the explanation therein, that the requirements of the service were quite exceptional, that the vote was inadequate to meet these requirements and that payment of claims could not be avoided in the interests of the service, is insufficient to justify overexpending a vote. If an emergency arises, there is a regular way of proceeding.

I am, sir, your obedient servant,

The Deputy Minister of Militia and Defence.

J. L. McDOUGALL, A.G.

Auditor General's Report—Part L

DEPT. OF MILITIA AND DEFENCE, OTTAWA, Feb. 8, 1899.

SIR,—Referring to your communications of 30th ultimo and 4th instant, let me give you fuller explanations.

Our Yukon vote was \$140,000. Out of this, credits amounting to \$90,000 were issued to Colonel Evans and Major Talbot for pay of the force. The balance, \$50,000, was to be used here at Ottawa in payment of sundry claims for transport, supplies, &c. In November last, when this latter amount had been partly expended, the department was suddenly called upon to meet two drafts amounting to over \$48,000, which Mr. William Ogilvie, Yukon Commissioner, made, and proceeds of which were used to save and to bring into Dawson the supplies which the Boston and Alaska Transportation Co. had undertaken to deliver, but which they were unable to do, the company having become bankrupt and their steamer stranded on the Yukon River, two hundred miles below Dawson. The Commissioner, acting on his own authority, engaged and paid another transportation company to bring these supplies into Dawson.

These drafts will, of course, be deducted from the Boston and Alaska Transportation Company's claims, which the department did not expect to be called upon to meet until a supplementary vote should be available.

The drafts, however, did not overdraw the appropriation at the time, and it was hoped when paying them that the entire vote would not be expended before supplementary funds should be available, but the commandant, by drawing out the full amount of his credits in large sums early in the winter caused the overdraft to appear.

I should be glad to be informed what would have been the regular way of proceeding under the above circumstances.

I am, sir, your obedient servant,

L. J. PINAULT, *Lt.-Col., D. M. of M. & D.*

The Auditor General.

AUDIT OFFICE, OTTAWA, February 10, 1899.

SIR,—I am in receipt of your letter of the 8th instant *re* overdraft on Yukon Military Contingent vote, and in reply, would state that the regular way of proceeding under the circumstances stated in your letter, when the amount is too great to take under Order in Council from the vote for Unforeseen Expenses, is to obtain a Governor General's Warrant to cover the requirements in question.

I am, sir, your obedient servant,

J. L. McDOUGALL, *A.G.*

Yukon Accounts—Unusual Expenditure—Books not Purchased through Stationery Office.

AUDIT OFFICE, OTTAWA, February 9, 1899.

SIR,—Referring to Cheque No. 4327 for \$118.85, a payment to James Hope & Sons, Ottawa, for books for Yukon Militia Contingent, please explain why these books were not procured in the regular way through the Stationery Office, as required by chapter 27, Revised Statutes, Canada.

There is an amount, \$8, entered in the account (last item) for which no details are given. Please send me the particulars of this item.

You probably have not examined the account minutely. It is made up almost entirely of works of fiction which, so far as I can see, should have been purchased by the individuals for whose reading they were intended.

I am, sir, your obedient servant,

J. L. McDOUGALL, *A.G.*

The Deputy Minister of Militia and Defence.

DEPT. OF MILITIA AND DEFENCE, OTTAWA, Feb. 14, 1899.

SIR,—I acknowledge receipt of yours of the 9th instant, asking why a number of books, purchased from Jas. Hope & Sons, Ottawa, for the Yukon Field Force were not obtained through the Stationery Office. In reply, I beg to say that the very limited time given the department to fit out this expedition necessitated purchasing direct.

The last item in the account—\$8—is for a hundred copies of Sacred Songs and Solos.

Referring to the last paragraph of your letter. The department thought it prudent to expend a few dollars towards the comfort of the men with a view to make them contented; otherwise, many desertions might take place. You will agree with me, I

think, that 80 cents per diem is a very small wage to pay men on an expedition of this kind. I would point out to you, also, that the allowances authorized by paragraph 55, Permanent Corps Regulations, have not been paid this unit. These allowances are: Officers' mess, \$200; band, \$100; men's library, \$20,

The latter two are in lieu of supplies of a similar nature to those furnished the Yukon force in this instance.

I am, sir, your obedient servant,

The Auditor General.

L. J. PINAULT, *Lt.-Col., D. M. of M. & D.*

AUDIT OFFICE, OTTAWA, February 10, 1899.

SIR,—Let me call your attention to the account of The Harold A. Wilson Co., Toronto, for supplies for the Yukon Military Contingent. The supplies consist of two sets boxing gloves, six cricket balls, four cricket bats, two sets wicketts, two pairs gauntlets, two pairs bat gloves, eight foot balls, two rugby foot balls, nine extra bladders, six base balls, six baseball bats, six base bags, eight pairs quilts, two sets Staunton chess, six cribbage boards, one dozen lac. balls, two bezique sets, eight vacuum pistols, six checker boards with checkers, eight pairs cane hilts, one dozen Boston play-cards, one dozen Crow play-cards, amounting to \$100.50. In the absence of information on the account, I am unable to see why these articles should be made a public charge.

I am, sir, your obedient servant,

The Deputy Minister of Militia and Defence.

DEPT. OF MILITIA AND DEFENCE, OTTAWA, Feb. 14, 1899.

SIR,—I beg to acknowledge receipt of yours of the 10th instant, relative to supplies to the Yukon Field Force, amounting to \$100.50, and purchased from The H. A. Wilson & Co., Toronto.

In reply, I would refer you to the latter part of mine of to-day's date, in reply to yours of 9th instant, dealing with a similar matter.

Yukon Expenditure—Transport paid for of greater Number than were on Contingent.

AUDIT OFFICE, OTTAWA, February 9, 1899.

SIR,—Referring to the account of the Canadian Pacific Navigation Co., Limited, Cheque No. 4796, for transportation of men and supplies from Vancouver to Glenora, B.C., I notice there are charged 17 first-class fares and 206 second-class fares. The Order in Council of March 21st, 1898, amended by subsequent Order in Council, dated April 9th, 1898, fixes the number of the Yukon militia detachment at 214 in all.

Please send me a statement explaining how the 223 fares paid for to the Canadian Navigation Co., Limited, are made up.

I am, sir, your obedient servant,

The Deputy Minister of Militia and Defence.

Auditor General's Report—Part L

DEPT. OF MILITIA AND DEFENCE, OTTAWA, Feb. 24, 1899.

SIR,—As requested by your letter of the 9th instant, I have the honour to inform you that the 223 fares referred to are made up as follows :—

- 214 Yukon Contingent.
 - 4 Members of the Interior Department.
 - 4 Nurses—Victoria Order.
 - 1 Mr. Stearnes, wife of North-west Mounted Police inspector.
- The nine extra were authorized by the Minister.

I am, sir, your obedient servant,

The Auditor General.

L. J. PINAULT, *Lt.-Col., D. M. of M. & D.*

AUDIT OFFICE, OTTAWA, February 27, 1899.

SIR,—I am in receipt of your letter of the 24th instant *re* account of the Canadian Pacific Navigation Co., Limited, for transport of the Yukon Contingent from Vancouver to Glenora.

As to the four fares for members of the Interior Department, they should have been assumed by that department. Please let me know who the members of the Interior Department were. As to the transport expenses of Mrs. Stearnes and the four Victorian Order nurses, these do not appear to be at all a proper charge to the Government, and payment of such by your department seems to be a diverting of the Yukon vote to purposes for which it was not intended.

Please let me know if the whole transport expenses of these nine persons, not of the Yukon Contingent, were assumed by your department. The accounts have not yet reached this office.

I am, sir, your obedient servant,

The Deputy Minister of Militia and Defence.

J. L. McDOUGALL, A.G.

Yukon Expenditure—H. N. Bate & Sons' Accounts.

AUDIT OFFICE, OTTAWA, February 8, 1899.

SIR,—Referring to the accounts of H. N. Bate & Sons, Ottawa, for supplies for Yukon Contingent, Cheque No. 4798, I notice these items :

200 scribblers, at \$2.15.....	\$ 4 30
6 boxes lead pencils, 3 gross at \$4.....	12 00
10 boxes envelopes at 32 cents.....	3 20
10 boxes note paper at 40 cents.....	4 00

Why were not these supplies procured in the regular way from the Stationery Office, as required by chapter 27, Revised Statutes, Canada ?

I have also to call your attention to these charges in the accounts :

Materials used in strapping, clutch nails, &c.....	\$174 00
Steel strapping, clutch nails, &c., used in strengthening packages.	69 00

These charges should not have been allowed by your department without details as to quantities and prices of materials. Please supplement the accounts with detailed statements of these items.

I am, sir, your obedient servant,

The Deputy Minister of Militia and Defence.

I am, sir, your obedient servant,

L. J. PINAULT, *Lt.-Col., D. M. of M. & D.*

OTTAWA, February 22, 1899.

DEAR SIR,—Referring to yours of the 10th and 21st instant we beg to say, in regard to the scribblers, pencils, &c., that Captain Evans found that he could not get these articles as cheaply from us, and in order to save time had them sent forward from here with other goods. In regard to the steel strapping, nails, &c., as the packages were to be sent a long distance and be subjected to a good deal of handling and knocking about, it was thought absolutely necessary to strengthen all packages with the steel strapping and clutch nails.

We are, truly yours,

Secretary Dept. Militia and Defence.

H. N. BATE & SON.

The Deputy Minister of Militia and Defence.

In the absence of information in connection with these Yukon accounts, I am unable to see why the above supplies should be made a public charge. Were they held on repayment ?

I am, sir, your obedient servant,

The Deputy Minister of Militia and Defence.

J. L. McDOUGALL, A.G.

Auditor General's Report—Part L

DEPT. OF MILITIA AND DEFENCE, OTTAWA, Feb. 17, 1899.

SIR,—I beg to acknowledge the receipt of yours of 14th instant, inquiring if public tenders were called for in connection with certain supplies purchased for the Yukon Field Force from H. N. Bate & Sons, Ottawa. In reply, I have to say: Public tenders were not called for, but a number of firms were invited to tender. That of H. N. Bate & Sons being the most satisfactory, was accepted.

Referring to the articles specified by you, all these are held in reserve stores, and are issued on repayment.

I am, sir, your obedient servant,

The Auditor General.

L. J. PINAULT, *Lt.-Col., D. M. of M. & D.*

Method of Payment for Arms, Ammunition, &c., in England.

AUDIT OFFICE, OTTAWA, October 6, 1898.

SIR,—I am in receipt of your requisitions, No. 47 for a credit of \$15,888.59 to close account, and No. 48 to repay the Bank of Montreal, London, \$150,866.67 for expenditure by High Commissioner on account of 1897-98.

In view of the delay in closing the account for 1897-98, the requisition should be supplemented by a specific statement by yourself and the accountant that the amount of the repayment does not include: (1) any payments for services rendered or goods received after June 30th, 1898; (2) any cheques dated August 31st, but not drawn until some time later.

I am, sir, your obedient servant,

The Deputy Minister of Militia and Defence.

J. L. McDUGALL, *A.G.*

DEPT. OF MILITIA AND DEFENCE, OTTAWA, Oct. 21, 1898.

SIR,—In reply to your communication of the 6th instant, concerning amounts paid by the High Commissioner in London on account of the fiscal year 1897-98, I have the honour to inclose to you herewith copy of a letter dated the 11th instant from Colonel Lake, late Quartermaster General for Canada, giving full explanation concerning the above matter.

It will therefore be seen that payments by the High Commissioner had to be made in advance, otherwise the Government would have been put to large additional costs.

With regard to the specific statement required by second paragraph of your letter, I beg to forward the accompanying declaration, signed by the accountant, and dated the 13th instant, in which I fully concur; also, the accountant's certificate.

I am, sir, your obedient servant,

The Auditor General.

C. EUG. PANET, *Colonel, D. M. of M. & D.*

OTTAWA, October 11, 1898.

MY DEAR COLONEL,—I have your letter of to-day's date, in which you ask me to state the terms of agreement made with the War Office, concerning the price of guns, small arms and ammunition, purchased by me in England in 1896. You will recollect that, early in that year, I was sent by the then Minister of Militia to make a large purchase with authority to agree to such terms with the War Office as might seem most advantageous to the Department of Militia. I was informed that, with regard to articles manufactured in the Government factories in England, the Treasury requirement was that either payment should be made in advance for any order for manufacture which was given in which case actual cost price only would be charged, or, if payment was made only on delivery, "list" prices must be charged, that is in effect considerably higher prices, amounting, in the case of the purchases then made to about £20,000 on small arms and ammunition alone.

In concluding my agreement with the War Office for the purchases which I was authorized to make, I therefore adopted the former arrangement, which I duly reported in my letter of March 4th, 1896, to the Major General Commanding. I understand that my arrangement was approved by the Government, and payment in advance for those stores was made accordingly, although, for convenience sake, as the end of the financial year was approaching, one half of the estimated cost was paid in April, and the other half in July, 1896.

I have always understood that in requesting the War Office to continue to execute similar manufacturing orders for us, the same system has been followed. Adjustment of the difference between actual and estimated cost is made by the War Office yearly about the month of October, as soon as the Ordnance Factory accounts for the financial year, which ends 31st March, have been completely made up.

Trusting that the above will give the information which you require sufficiently clearly.

I remain, yours very truly,

PERCY LAKE, *Colonel.*

Colonel C. E. PANET, Deputy Minister of Militia and Defence.

AUDIT OFFICE, OTTAWA, October 24, 1898.

SIR,—I am in receipt of your letter of October 21st, with inclosure *re* repayment Bank of Montreal, London, for High Commissioner's expenditure.

As this expenditure consists of advances as stated in your letter, and these advances were made after the 30th of June, 1898, I am unable to pass an application charging them to 1897-98. Being advances, they are of necessity a charge against this year's account.

Please amend the applications, which are returned herewith.

I am, sir, your obedient servant,

The Deputy Minister of Militia and Defence.

Re Sale of Condemned Stores—Rifles.

AUDIT OFFICE, OTTAWA, June 28, 1898.

SIR,—On the February return of the Director of Stores, there is entered a sale of rifles to Hartley & Graham, of New York, as follows:—

3,450 Enfield at 25c.	\$862 50
1,572 Peabody at 25c.	393 00

219 Winchester at \$1.50.	328 50

No vouchers in connection with this sale have been furnished. Please forward them. In the meantime, I have to inquire if these rifles were examined and condemned by a board of examiners; and if the sale was advertised and held by auction, or by tender.

I am, sir, your obedient servant,

The Deputy Minister of Militia and Defence.

J. L. McDOUGALL, A.G.

DEPT. OF MILITIA AND DEFENCE, OTTAWA, July 7, 1898.

SIR,—In reply to your letter of the 28th ult., *re* sale of condemned stores, I have the honour to inform you that the rifles referred to were obsolete and condemned as unfit for service by the Annual Boards of Survey from year to year. They were altogether unfit for the present requirements of the militia. The sale was not by auction, but by private tender, by order of the Honourable the Minister of Militia and Defence. There are no vouchers in the case.

I am, sir, your obedient servant,

The Auditor General.

B. SULTE, *Act. D. M. of M. & D.*

Re Insurance on Stores.

AUDIT OFFICE, OTTAWA, June 29, 1898.

SIR,—On your July return, \$555.64 came to account from the N. W. T. Exhibition. In this amount are included two payments of \$24 each for insurance.

Presumably these amounts were paid out and charged to some account. If so, they should be treated as refunds, if the charge and repayment were in the same year; otherwise, they should be credited to Casual Revenue.

I may call your attention to the Order in Council of July 5, 1881, which recommends that the Government should underwrite its own risks, as well on movable as immovable property; and that all existing policies should be suffered to lapse and no new ones effected.

I am, sir, your obedient servant,

The Deputy Minister of Militia and Defence.

J. L. McDOUGALL, *A.G.*

DEPT. OF MILITIA AND DEFENCE, OTTAWA, July 4, 1898.

SIR,—In reply to your letter of the 29th ultimo, relative to \$48 insurance on stores (July return, \$555.64), I have the honour to inform you that this insurance was on property loaned to the North-west Territories Exhibition, and was paid by the Department of the Interior, but included by that department for losses and shortages of camp equipment returned. This amount was afterwards refunded to the Interior Department by this department.

In reply to the last paragraph of your letter, I beg to state that this department has no insurance policies current.

I am, sir, your obedient servant,

The Auditor General.

C. EUG. PANET, *Colonel, D. M. of M. & D.*

Re Miscellaneous Receipts.

AUDIT OFFICE, OTTAWA, December 15, 1898.

SIR,—On your revenue return No. 37, of July 21, 1898, appertaining to the accounts of 1897-98, there appears a deposit receipt for \$25.55.

It seems that this payment was paid by Messrs. Hamburger, Rogers & Co., for an advertisement in the Canadian Army List. Please let me know what advertisement this was and what year of publication of the Canadian Army List. In the publication for 1897-98, there are two advertisements, one from Bessin & Co., covering a full page, and one from the Hamilton Powder Co., covering one-half page. Were these advertisements paid for, and if so, when did the payments come to account?

I am, sir, your obedient servant,

The Deputy Minister of Militia and Defence.

J. L. McDOUGALL, *A.G.*

DEPT. OF MILITIA AND DEFENCE, OTTAWA, Jan. 10, 1899.

SIR,—In reply to your letter of the 15th ultimo, I have the honour to inform you that the payment of \$25.55 made by Messrs. Hamburger, Rogers & Co., is for their advertisement in the Canadian Militia List, one page, during one year expiring 30th June next.

With regard to the other two advertisements mentioned in your letter, there does not appear to have been anything paid by these firms so far, but the department will call their attention thereto and urge an early settlement.

I am, sir, your obedient servant,

The Auditor General.

L. J. PINAULT, *Lt.-Col., D. M. of M. & D.*
