

WESTERN ONTARIO HAS AMBITIOUS RADIAL PLANS

Asking the Government For Subsidy For Building New Railways.

New Lines Would Be of Immense Advantage to All Classes

[By Special Wire to The Courier] OTTAWA, Ont., March 26— Perhaps the largest delegation that ever visited Ottawa to petition the Dominion government...

It was almost impossible to move in the big rotunda of the Chateau Laurier where the delegates assembled to prepare the memorials.

The most optimistic portion of the great delegation, however, the farmers who styled the proposed hydro-electric railway throughout Ontario...

Whereas the construction of the network of electric radials in the province makes possible the extension of the benefits of cheap electric power to the farmers...

Whereas the introduction of electric power and of radials will make farm life more attractive and comfortable and will increase the rural population...

Whereas electric roads mean the furtherance of commercial enterprise in cities, towns and villages owing to the cheap transportation afforded...

Whereas the Dominion Government has in the past granted bonuses to private corporations in connection with the construction of steam and electric roads...

Whereas it is resolved that the Dominion Government be requested to grant a subsidy of \$5,000 per mile to all electric radials which will be constructed by any municipal corporation or corporations...

Whereas, improved transportation for the people and by the people is the most important economic question before the Canadian public today...

Whereas an ocean waterway via the Great Lakes to Port Arthur and Fort William would make ocean ports of all the cities and towns en route and would at once solve the difficult question of the ocean rate...

Whereas the Dominion Government is building an improved Welland canal and are about to let the contract for an adequate canal at Sault Ste Marie, and

Whereas it is believed that the United States Government are favorable to the development of the waterway in their own territory.

And, whereas, the principal remaining link to be completed is the improvement of the St. Lawrence, and whereas the improvement of the St. Lawrence will produce millions of horsepower of electric energy...

Only one-tenth of the population of the United States is of unmixed descent.

Brantford Interested In Western Ontario Radial R'y Plans

Brantford is vitally interested in the proposal being laid before the Dominion Government today by a monster deputation to have radial railways subsidized to the extent of \$6,400 per mile.

The Smoke Nuisance And Some Remedies-- Three Offenders To-day

The Y. M. C. A. authorities are asking why they were picked upon, an preference to others whom they claim, perhaps justly, are every whit as bad as they are, in regard to the smoke nuisance.

Early this morning and yesterday morning, however, there might have been noticed three chimneys in the centre of the city in active eruption. They were Paterson's, Y. M. C. A. and the new post office.

There are several remedies for the smoke nuisance, the best of which is the use of a harder and better coal.

of such good quality as the British product. Harder coal would recompense its use as a better steam coal, and a ton of it is equal to a ton and a half of the soft variety.

ASQUITH'S WORRIES ARE FAR FROM BEING OVER YET, MORE TROUBLE

Quite a New Phase Is Added to Grand Valley Situation Re Land Title

"I cannot imagine," said City Solicitor Henderson to-day, "a number of farmers allowing the Grand Valley Railway to occupy and run over their land for ten or twelve years without getting paid for the same."

Mr. Henderson was not in a position to say how the difficulty, if difficulty there was, could be overcome until he investigated the matter.

Prominent Officers of the Army Are Considering Resignations.

May be Disruption of the Entire Military Force of the British Isles.

(Special to the Courier) LONDON, March 26.—Premier Asquith was generally conceded today to have regained the support not only of the Liberals but of the Irish and Labor members of parliament by the stand he took in the House of Commons yesterday in repudiating the guarantee given to the mutinous army officers in Ireland that they might decide whether or not they would serve against the Ulster Unionists.

The government, however, is not considered as being altogether out of trouble yet. It has still to deal with the army officers under the new conditions established by the premier's speech.

There is also to be settled what the army general will do. Brigadier-General Gough, commander of the Third cavalry brigade, in the course of an interview said: "If Premier Asquith withdraws his guarantees, we will have to throw over the army as well, and the government will be faced practically with the disruption of the army."

Many Liberals too think Premier Asquith should have accepted the resignation of Col. Seely, for he always has been suspected of being really more Unionist than Liberal in his sympathies.

The Liverpool Post, a Liberal newspaper, says that the month of June is given as the latest date for a general election. It intimates that as a result of the intervention of King George, an agreement has been reached by the Unionists and the Liberals under the terms of which the home rule for Ireland and the Welsh disestablishment bill shall be passed with the understanding that a general election shall follow.

Officers to Resign. LONDON, March 26.—The opinion prevailed in military circles today that the resignations were imminent of Field Marshal Sir John French, Chief of imperial general staff and Lieutenant-General Sir John Speiser Ewart, adjutant-general to the forces. This was regarded as likely to be the consequence of the repudiation by the government of the memorandum to General Hubert Gough, commander of the third cavalry brigade in Ireland, which the two generals had been led to believe was approved by the cabinet.

Field Marshal French and General Ewart were joint signatories with Col. Seely, secretary for war, of the two repudiated paragraphs that brought about the resignation yesterday of Col. Seely, which was declared by Premier Asquith.

Much comment was aroused to-day by the conference at the war office of all the principle commanding generals of the British army including Field Marshal French, Lieutenant-General Ewart, General Sir Horace Lockwood Smith-Dorrien, aide de camp general to the King, and Lieutenant-General Sir James M. Grierson, general in command of the eastern district of England with headquarters in London.

Col. Seely and Winston Spencer Churchill, first lord of the admiralty, also had a long conference with Premier Asquith.

Non-Conformists Will Drive Asquith Ministry Out Of Power, Says Perks

[By Special Wire to The Courier] NEW YORK, March 26.—Sir Robert Perks, well-known English engineer, is at St. Regis here. As a member of parliament, where he served for more than twenty years Sir Robert voted for Mr. Gladstone's original Home Rule bill in 1892.

"There is only one solution of the trouble in my opinion," said Sir Robert, "and that is to allow Ulster to remain an independent province, associated with Great Britain as she is to-day and represented in the British parliament."

SIR JOHN FRENCH HAS RESIGNED HIS OFFICE

Field Marshal of British Army Added Another Thrill to the Ulster Situation Today—The Reasons Therefor.

LONDON, March 26.—Premier Asquith was brought face to face to-day with a new crisis by the resignation of Field Marshal Sir John French, chief of the imperial general staff and virtual head of the British army.

The result of a meeting at the War Office of the principal commanding generals of the British army was awaited with anxiety by the general public, and in political circles to-day it was thought they might take some step which would virtually disrupt the army administration.

In the north of Ireland itself, where the controversy between Nationalists and Unionists has been the cause of so much difficulty to the British Government, there was no disturbance of the peace. The two parties were seemingly content to await events in London.

MR. W. S. BREWSTER MADE EXCELLENT IMPRESSION

His Speech Verbatim—Brantford Member Had Honor of Leading Off Most Important Debate for the Government.

It fell to the lot of Mr. W. S. Brewster, M.P.P., for South Brant to have the honor, as representing one of the strongest industrial and labor centres in the province to open the debate on the new Workmen's Compensation Bill on Tuesday in the Ontario Legislature.

Courts Justice has been nearly a year upon the task, and he has not reported yet. What the workmen of Ontario want is not reports by any Chief Justice. They have had enough to do with judges and law courts.

I desire to say a few words in regard to the Bill, the second reading of which has just been moved. I desire in the first place to congratulate the Government upon bringing in a measure which in all essential features is the same as the Meredith Bill of 1911.

The Leader of the Opposition can find nothing but praise now for the same Chief Justice at whom he could only swear in 1911. The Leader of the Opposition is now behind the Government Bill, but he had a different policy in 1911. In the same "Hand Book" I find these words: "The Liberal Policy pledges the adoption of the British plan in Ontario, with an absolute assurance of compensation in every case in which injury is sustained in industrial employment."

I desire also to congratulate the Government upon having introduced a Bill which meets with such general approval throughout the Province. My own city, containing some 7,000 working-men, I have received from them nothing but praise for the Bill, and among the employers I have not found one who has objected to it.

In my election in 1911 the city was placarded with a Bill introduced by the Member for West Huron, but that Bill was nothing more than a copy of the English Act. As late as December of last year the Leader of the Opposition when visiting my Riding is reported to have said that "The Government did not want to rush it through, though the Opposition was ready, but Sir James did not want any hurry. He wanted to give it a fair trial. In fact he said that Jacob had to wait for several years for Rachel, but he did not tell that even then he did not get her. Sir James had to go back to patriarchal days and to the slow East to find a parallel for his unprogressive Government."

I desire also to congratulate the Government upon having converted the Bill into the English Act. As late as December of last year the Leader of the Opposition when visiting my Riding is reported to have said that "The Government did not want to rush it through, though the Opposition was ready, but Sir James did not want any hurry. He wanted to give it a fair trial. In fact he said that Jacob had to wait for several years for Rachel, but he did not tell that even then he did not get her. Sir James had to go back to patriarchal days and to the slow East to find a parallel for his unprogressive Government."

WILL DEPORT HINDU WHO IS PROFESSOR

Believed That He is Wanted by the British Government For Sedition.

[By Special Wire to The Courier] SAN FRANCISCO, March 26.—Har Dyal, former lecturer on Hindu philosophy, at Leland Stanford University was arrested here last night by the immigration authorities charged with being illegally a resident of the United States. He is held for deportation.

It was said on high authority that Dyal's deportation is desired by the British Government. While in this country, it is alleged, he has advocated sedition in India and reports received that an Indian malecontent was arrested with paper from Dyal urging summary action.

The arrest was made after an address by Dyal at a small hall in Fillmore. Because of his culture, standing and independent means, it is expected to bring the whole situation regarding Hindus to a focus.

He is clouded by many other issues. He is a high caste Brahmin, descended according to the scientists, from the Aryan conquerors of India. He has an independent income, is highly educated, and has circled the world in his travels.

The arrest astounded a considerable circle of university men and writers, among whom Dyal is known as an apostle of abstinence. He lectured at Stanford without salary, and resigned over a year ago. There was some dissatisfaction among individual members of the teaching force there over doctrines which were said to emanate unofficially from him regarding the present economic system. Since then he has lived at Berkeley, Cal., the seat of the University of California.

The position of the local immigration authorities, regarding Hindus in general as outlined by Samuel Backus, commissioner of immigration, is that they are to be deported because, in the opinion of the authorities, they are not assimilable and because they are likely to become public charges, even if they have money when they land. Labor circles on the coast oppose their entrance on the ground that they will work for what is not a living wage to an American.

NEW CASES OF PLAGUE. HAVANA, March 26.—Three new cases of bubonic plague was reported here to-day. Those attacked are Spaniards, employed as clerks by a sugar company. One of the cases is critical. Strict sanitary measures have been taken by the department and the cases have been isolated.

Only one-tenth of the population of the United States is of unmixed descent.

GRAVEST CRISIS OF A LIFETIME, HE DECLARES

Sir Charles Tupper Speaks on the Situation in Ulster.

LONDON, March 26.—(Montreal Gazette Cable)—Never within my long lifetime has there been anything like so critical a position as to-day," declared Sir Charles Tupper, yesterday. "I am satisfied that the Government will be compelled to go to the country, but I doubt exceedingly if they will be able then to carry a majority."

"One of the greatest objections to the Home Rule Bill, apart from the Ulster situation," continued Sir Charles, "is that Britain as such as Canada, requires a federal government. It should be a representation of Scotland, Ireland, Wales and England by legislatures dealing with their local affairs, while the department at Westminster would deal only with national business. The present Irish bill destroys that possibility because it gives Ireland what nobody would dream of giving to Scotland or Wales, control of the post office and customs. The passage of the bill would prove a fatal obstacle to any bill providing a general federal scheme for the rest of the kingdom."

SLANDER CASES IN THE SPRING ASSIZES AT WOODSTOCK

Suit for \$1,000 Damages Occupies the Attention of the Court.

WOODSTOCK, March 26.—An action for \$1,000 damages for slander occupied the attention of the court at yesterday's sitting of the Spring assizes.

Robert Abbey of Currie Crossing, a farmer, was the plaintiff in the action, while the defendant was Fred. Foster, also a farmer. Abbey's claim was that Foster had accused his children, aged nine and six years, of stealing mail from his rural mail box, this accusation being absolutely without foundation.

Foster claimed in defence that he had simply told the postmaster at Abbey children were tampering with his box, that official having asked him first if he had any suspicions. He claimed privilege.

HE WON'T HANG. MORDEN, Man., March 26.—"I am absolutely certain that Kruchenko will not be hanged for murder and that a verdict of murder will never be returned against him," is a statement made by J. D. Suffield, Kruchenko's counsel.

## PUGSLEY IN LINE FOR LEADERSHIP

St. John Member Not to be Despoised by Hon. Mr. Graham.

OTTAWA, March 26.—A significant incident occurred in the House yesterday afternoon, as illustrating the determination of Hon. William Pugsley to hold his own in the race for the Opposition leadership. The St. John member took the first opportunity to assert his claims following his enforced absence from Parliament. The House was divided by C. A. Wilson, of Laval on an appeal from the ruling of the Speaker. In the absence of Sir Wilfrid Laurier, who is still confined to his house with a cold, the Opposition had been led by Mr. Graham, whose attempt to defend the Transcontinental construction had been calculated to help him with his party. When the yeas and nays were being taken on the Wilson appeal, and the clerk turned to the Opposition, the man who rose first to vote in room of Sir Wilfrid Laurier was not Mr. Graham. It was Mr. Pugsley, and his action was cheered by the Opposition.

**Mission at St. Basil's.**  
A splendid address on General Judgment was delivered at the mission services at St. Basil's Church last evening by Rev. Father McCandlish. There was a very large attendance and the address was most inspiring. All words spoken, all thoughts held, will be revealed on the last day, and the book of life will be opened. Sins not punished, virtue not rewarded on earth, will be placed in the balance and the scales will be even. To the good will come eternal happiness and to the evil eternal ruin.

**Will Obiect.**  
Ald. Charlton, chairman of the railway committee, had a conference yesterday with City Solicitor Henderson in regard to the objections which the city will raise to the proposed widening of the Albion street subway by the Grand Trunk. It is hoped to have some day a subway built at St. Paul's avenue, and if the railway lays another track, it will mean a considerable increase in cost. It is reported as likely that the city will have to bear a proportion of this cost.

## BETTER TO ENACT LAW REGULATING WOMEN'S DRESSES

Senator Dennis Discusses Bill Regarding Criminals' Pictures.

OTTAWA, March 26.—The enactment of a law to prevent immodest spectacles on the stage, the display of posters advertising them and also dealing with women's costumes, especially the slit skirt and the absence of underwear as suggested by Senator Dennis last week in his speech against Senator Choquette's bill, which would make it a crime for a newspaper to publish pictures of criminals, was heartily agreed with by the bill's sponsor, who said that he would be the first to support such a measure. He was however dubious about an attempt to regulate women's dress and thought that it would be a bold man who would hink it.

Senator Choquette quoted a number of letters he had received in support of his bill and stated that it had been favorably by a number of newspapers including the Acadian Record, of Halifax, La Patrie and La Presse, of Montreal, The Ottawa Citizen and L'Action Sociale, of Quebec.

### H. COMPANY AT CONVIVIAL

Their Annual Smoker Was Held at the Armories Last Evening.

A convivial evening was spent by members of H company last night at the armories when they held their annual smoker. Euchre was played during the earlier part of the evening, then a little business was transacted and committees elected, after which refreshments were served and a song or two indulged in.

Finlay Fraser presided over the proceedings. Sergeant Cook was appointed secretary-treasurer; Private Martin, representative to the Regimental Rifle committee; Corp. Fyle, representative on the Regimental sports committee. The rifle committee is now as follows: Color-Sergt Pilley, Sergt. Porter, Corp. Keighley, Privates Dean, Martin, T. Podd, McLean and Gardner. Sports committee, Corp. Fokke, Ptes Martin, McLean, Gooch and Keithley. Company committee, Color Sergeant, Sergt. Blanchard, Sergeant Lofty, Privates Frost, Fern, Davis and W. Podd.

It was decided to give three prizes to the members bringing in most recruits. A theatre party will be held on Wednesday, April 8th at the Brant Shepard was introduced to the company and received a hearty reception. Captain Cutcliffe made his first appearance last night before the company after his recent accident, which incapacitated him, and his reception was as cordial as it is possible to imagine.

Private McLaren of H company and Jack Murphy of the Doglers sang and kept the throng in a merry mood, whilst selections on the graphophone were greatly enjoyed, and wound up a successful evening.

Captain Patrick Sullivan, who brought the first cargo of Manitoba wheat from Port Arthur on the steamer Erin, died at St. Catharines, aged sixty-eight.

### Laid at Rest

The Late Mrs. Pearson.

The funeral of the late Mrs. Sarah Pearson took place yesterday morning from her late residence, 101 Pearl street to St. Basil's church, where Rev. Dr. Brady during the offertory Miss Nolan sang Domine Jesu Christi, Rex Gloria Numerous spiritual offerings testified to the loving esteem in which the deceased was held by her many dear friends. Messrs. E. H. Webling, C. Pearson and John Henderson, brothers-in-law; Jesse and George Sage, nephews, and Jesse Sage, cousin acted as pallbearers. Rev. Father Cloherty officiated at the grave at St. Joseph's cemetery, where interment took place.

### Military Notes

G Company, under Capt. Miller, is booming well and it is expected to be one of the coming companies during the next year.

New equipment of the regiment has been received by Colonel Howard. The 38th is the third regiment to receive it in Canada and in the future cumbersome leather straps will be done away with. The new equipment consists of Headgear, Water-bottles and other minor accessories, and will install the new web in the place of leather. This is one of the best features of the newly acquired goods.

Color Sergeant Harp will represent the 38th on Friday, March 27th, at the Color Sergeants Mess in Toronto.

SCOTT AND PETERS TO MEET.

Mr. Speaker, I would now like to refer for a few minutes to some of the leading features of the Act. I would like to say in the first place that this is a Workmen's Compensation Act, and not an Employers' Liability Act.

In conclusion I may say that the bill is not perfect, but is an honest attempt to do justice to our toiling workers. It is the best bill that has ever been introduced into any legislature, and will in the future be a model for the world.

A THOUGHTFUL SPEECH.

Elsewhere in this issue the Courier gives the speech made by Mr. W. S. Brewster, M.P.P., in the Ontario House, with reference to the compensation Act. The member for South Brant was called upon by the government to make the main address in connection with the second reading of the measure named, and that he acquitted himself most admirably, a reading of the same will abundantly demonstrate.

A POSER FOR ASQUITH.

The hunch which the Asquith Government has made, and is making, in handling the Home Rule question constitutes a very dark page indeed in connection with modern British history. As usual, during yesterday's session, A. J. Balfour again proved himself to be easily master of the House when it comes to debate. He declared that if he were asked whether the American colonies or Ulster had had greater justification for resisting the civil power, he would not hesitate to say that the provocation the Government was giving to Ulster was incomparably greater than was given to the American colonies.

letter which he sent: "Sir,—My recent trips over portions of districts B and F, in connection with the arbitration on points in dispute regarding the classification and overbreak between the chief engineer of the Grand Trunk Pacific Railway and myself, which arbitration might have been proceeded with more than eight months ago but for delay on the part of the Grand Trunk Pacific, have led me to the conclusion that neither the general specifications nor my instructions regarding classification have been adhered to, but that, on the contrary, large amounts of material have been returned as solid rock, which should only have been caved, and material has been returned as loose rock which should have been handled by plowing or scraping, and should have been returned as common excavation.

"On several sections there seems to have been no attempt by the engineers to carry out my instructions and measure rock returned either by showing the same in cross sections, or by measurement of individual pieces, but they simply appear to have guessed at the amount by taking percentages of the total cutting.

"In some cases where cross sections were prepared showing ledge rock, they proved to be erroneous, resulting in a very much larger amount of the solid rock being returned than actually existed. What is known as overbreak has also been returned in excessive places where it was caused by excessive use of explosives and where the material was wasted. This should not have been done.

"Such being the case, I must decline to certify to any further progress estimates in districts B and F, and in view of the general disregard of my instructions, and having lost confidence in the engineering staff, I have concluded to resign my position as chief engineer, and have written to the Hon. Minister of Railways to that effect, enclosing him a copy of this (Signed) "HUGH D. LUMSDEN."

There is certainly no partisanship about a man resigning a ten-thousand-dollar-a-year position as a protest against reckless extravagance and worse. It should be remembered that he took this step away back in 1909. What happened after that the report of the commissioners tells in detail only too well. Hon. Geo. Graham for seven hours or seven years to the contrary notwithstanding.

KING GEORGE AND THE CRISIS.

To those who realize with what scrupulous care the reigning sovereigns in the Old Land since Victoria ascended the throne, have discharged their constitutional duties, it was hardly necessary to await the declaration of Premier Asquith that King George during the present crisis has acted with his usual circumspection. Meanwhile some heated references in the Commons to the Monarchy have formed the text for several U. S. papers to descend upon the allegation that the people of the British Isles are just about ripe for a republic. Why so? When it comes to the voice of the people, our neighbors with regard to their ministers, do not begin to have so much power as the residents of the British Isles under a king. Take one illustration. The President, who, by the bye, gets his position through an electoral college, selects his cabinet colleagues personally, and they do not have a seat either in the House of Representatives or the Senate. John Bull would regard that as an autocratic custom not to be tolerated. Another thing, no man residing in Washington has a vote. The Britisher who would stand for that anywhere, hasn't been born yet. A republic suits the residents across the border all right, and it is equally certain that a monarchy fits in with the British idea. A few interjections by some over-excited individuals does not alter the basic truth in the last named regard.

NOTES AND COMMENTS.

It is not safe yet to issue invitations for verandah parties—not by some weeks. King George has an arduous job at the best of times, but just now his lot is the most strenuous of any modern British monarch. In Baltimore a physician has grafted the corona of a pig's eye upon the sightless orbs of a youngster. Figurative to say the least of it.

The death of "Bertha M. Clay" reveals the fact that this sentimental novelist, who turned out four books per annum, was in reality a man. The shock is one which will jar the sensibilities of a whole host of sweet young things.

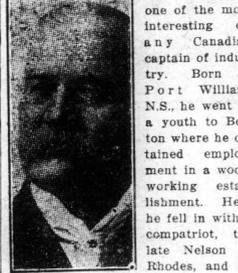

A silver salt cellar was sold in England for \$28,000. Height with cover 12-1/4 inches, weight thirty ounces. It is supposed to be the earliest standing salt cellar in existence. The individual who purchased it must himself have salted a lot in his time or else his ancestors did for him.

George Edwards, boarding with the family of G. S. Graham, in Stratroy, on demand of payment of his bill in arrears, stabbed Graham several times also wounding himself.

Birthdays of Note

THURSDAY, MARCH TWENTY-SIXTH

The career of the Hon. Nathaniel Curry, Dominion Senator, whose sixty-third birthday falls to-day, is one of the most interesting of any Canadian captain of industry.

Born at Port William, N.S., he went as a youth to Boston where he obtained employment in a wood-working establishment. Here he fell in with a compatriot, the late Nelson A. Rhodes, and after some time the pair decided to return to Canada and start a small business of their own. This they did in Amherst. For a long time they had to struggle hard to make ends meet but eventually they won out. They bought out a defunct car works in St. John and started to make rolling stock for railways, the business out of which has grown the Canadian car and Foundry Co. Mr. Curry is now a millionaire, an ex-president of the Canadian Manufacturers' Association and a big figure in Canadian industry.

THE CLUCKING HEN

The old gray hen has thirteen chicks, and round the yard she clucks and pecks, and toils the whole day long. I lean upon the garden fence, and watch that hen of little sense, whose intellect is wrong. She is the most important hen that even in the haunts of men a waste of effort made; she thinks if she should cease her toil the whole blamed universe would spout its institutions fade. Yet vain and trifling is her task; she might as profitably be an incubator from the score would bring forth better chicks, and more than fifty hens could rear. She ought to rest her scratching legs, get down to tacks and lay some eggs, which bring the valued backs; but in her vain perverted way, she says, "I'm durned if I will lay," and hands out foolish clucks. And many men are just the same; they play some little, trifling game, and think they're saving words; they hate the work that's in demand, the jobs that their they cannot stand, and all their talk is no good. GLEBE LAND DISPUTE STILL UNSETTLED

Found Impossible to Arrive at a Decision Before Canadian Parliamentary Committee

OTTAWA, March 26.—The dispute over the Glebe land at Brantford which has been a subject of contention here for two weeks past, is now to shift to Brantford.

It has been found impossible to reach any agreement and the conference is now to be held with the six Nation Indians at Brantford in an effort to see if the Indians will make an offer to the New England Company to waive all its claims.

Mr. Andrew Chisholm, of London, who has been working on the case here, on behalf of the Indians, sent word yesterday asking that a council be called as early as possible and he will leave for home to-night.

W. S. Brewster, M.P.P., is the legal representative of the New England Company in the dispute.

A Welshman by Extraction. London Chronicle: Long before Lord Halsbury made himself a name by his defence of the Tichborne claimant he had practised himself in Welsh. On the South Wales circuit he was arguing in favor of the claims of a local authority as if he were a patriotic native. "Come, come," said the judge, "you know you cannot make yourself out to be Welsh." "Perhaps not, m'lord," said Giffard, "but I have made a great deal of money out of Welshmen in my time." "Well then," said the judge—"suppose we call you a Welshman by extraction."

TUMOR IN THE STOMACH

Completely Removed When She Took "Fruit-a-tives"

NEWBURY, ONT., April 4th, 1913. "Some years ago, I was sick in bed, and thought I was going to die. I had a growth in my stomach, which the doctors said was a tumor and they said the only thing to do was to go to the hospital and have the tumor cut out. I dreaded an operation although both doctors said it was the only cure. I said I would die before being operated on. At this time, my mother in Alvinston sent me some "Fruit-a-tives" and induced me to try them as she had heard of another woman who had been cured of a similar growth in the stomach by taking "Fruit-a-tives". To please my mother, I began to take "Fruit-a-tives" with the happy result that they cured me. I have not been to see a doctor since and my health is first class. I recommend "Fruit-a-tives" every time I get a chance and I will be glad to have you publish this letter as some other woman may now be suffering from the same trouble and "Fruit-a-tives" will cure her." MRS. A. McDONALD. See a box, 6 for \$2.50, trial size, 25c. At all dealers or sent on receipt of price by Fruit-a-tives Limited, Ottawa.

Tarzan of The Apes

By EDGAR RICE BURROUGHS

Copyright, 1912, by the Frank A. Munsey Company.

When Clayton heard the report of the firearm he fell into an agony of fear and apprehension. What were the thoughts of his strange captor or guide Clayton could only vaguely conjecture, but that he had heard the shot and was in some manner affected by it was quite evident, for he quickened his pace so appreciably that Clayton, stumbling blindly in his wake, went down.

For a moment Tarzan looked at the young man closely, as though undecided as to just what was best to do; then, stooping before Clayton, he motioned him to grasp him about the neck, and with the white man upon his back Tarzan took to the trees.

The next few minutes were such as the young Englishman never forgot. High into bending and swaying branches he was borne with what seemed to him incredible swiftness, while Tarzan chafed at the slowness of his progress.

From the first sensation of chilling fear Clayton passed to one of admiration and envy of those giant muscles, and that wondrous instinct or knowledge which guided this forest god through the inky blackness of the night.

Presently they came to the clearing before the beach. Tarzan's quick ears had heard the strange sounds of Sabor's efforts to force his way through the lattice, and it seemed to Clayton that they dropped a straight hundred feet to earth so quickly did Tarzan descend. Yet when they struck the ground it was with scarce a jar, and as Clayton released his hold on the ape man he saw him dart like a squirrel for the opposite side of the cabin.

The Englishman sprang quickly after him just in time to see the hind quarters of some huge animal about to disappear within the cabin.

As Jane Porter opened her eyes to a realization of the again imminent peril which threatened her her brave heart gave up its final vestige of hope, and she turned to grope for the fallen

Jane Porter Raised the Weapon Against Her Own Temple.

The tiger was almost through the window before she found the weapon, and she raised it quickly to her temple to shoot out forever the hideous jaws gnawing for their prey. An instant she hesitated to breathe a short and silent prayer to her Maker, and as she did so her eyes fell upon

the poor Esmeralda lying inert, but alive, beside the cupboard. How could she leave the poor, faithless? No, she must use one cartridge the senseless woman ere she turned the cold muzzle toward herself again. She shrank from the ordeal. But it would have been cruelty a thousand times less justifiable to have left the loving black woman who had reared her from infancy to regain consciousness beneath the rending claws of the tiger.

Quickly the girl sprang to her feet and ran to the side of the negroes. She pressed the muzzle of the revolver tight against that devoted heart, closed her eyes, and— The tiger emitted a frightful shriek. Jane Porter, startled, pulled the trigger and turned to face the beast, and with the same movement raised the weapon against her own temple.

She did not fire a second time. Astonished, she saw the huge beast being slowly drawn back through the window and in the moonlight beyond she saw the heads and shoulders of two men.

As Clayton rounded the corner of the cabin to behold the animal disappearing within it was also to see the ape man seize the long black and yellow tail in both hands, and, bracing himself with his feet against the side of the cabin, throw all his mighty strength into the effort to draw the beast out of the interior.

Clayton was quick to lend a hand, but the ape man jabbered to him in a commanding and peremptory tone—order. Clayton knew, though he could not understand them.

At last, under their combined efforts, the great body commenced to appear farther and farther without the window, and then there came to Clayton's mind a dawning conception of the rash bravery of his companion's act.

For a naked man to drag a shrieking, clawing man eater forth from a window by the tail to save a strange white girl was indeed the last word in heroism.

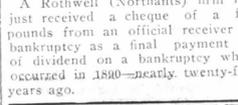

In so far as Clayton was concerned it was a very different matter, since the girl was not only of his own kind, but was the woman whom he loved.

Tarzan was still issuing orders which Clayton could not understand.

He was trying to tell the stupid white man to plunge his poisoned arrows into Sabor's back and sides, and to reach the savage heart with the long, thin hunting knife that hung at Tarzan's hip, but the man would not understand, and Tarzan did not dare release his hold to do the things himself. He knew that the puny white man never could hold mighty Sabor alone for an instant.

Bless The Day They First Used GIN PILLS For The Kidneys.

"My husband used GIN PILLS for Backache and Kidney Disease. The pain in the back was dreadful and the kidneys failed to do their work properly. As he became worse, we found it necessary to begin treatment, and unfortunately wasted time and money on remedies that were little or no good. After taking one dose of GIN PILLS, he found them to be exactly what he needed, and after taking two boxes of GIN PILLS, was completely cured. We heartily recommend GIN PILLS at every opportunity to our friends and relatives." Mrs. JAMES B. MILFORD.

THEFT CASE FOR A HEA

George and Nelson on Trial at Wood Yesterday.

WOODSTOCK, March 26.—The first of the South Norwich case came up for trial at the St. yesterday afternoon when Nelson Poutnier were placed on a charge of stealing John Daiken. At 11 o'clock the court adjourned and heard witnesses for both sides and evidence, but in some rebuttal evidence was given by the prosecution. The case was left open until to-day. John Brown, who has already been guilty to perjury and the chief witnesses called by John told an interesting story, the prisoner and four others had visited Daiken's night of Sunday, Sept. 27, took therefrom 15 bushels. This they deposited at place.

# FIRST OF NORWICH THEFT CASES UP FOR A HEARING

### George and Nelson Fournier on Trial at Woodstock Yesterday.

WOODSTOCK, March 26.—The first of the South Norwich theft cases came up for trial at the Spring assizes yesterday afternoon when George and Nelson Fournier were placed on trial on a charge of stealing wheat from John Daiken. At 11 o'clock last evening the court adjourned, having heard witnesses for both the prosecution and defence, but in order that some rebuttal evidence might be called by prosecutor Gwynn, the case was left open until to-day. John and Walter Brown, who have already pleaded guilty to perjury and theft were the chief witnesses called by the crown. John told an interesting story of how he, the prisoner and four or five others had visited Daiken's farm on the night of Sunday, September 7, and took therefrom 15 bushels of wheat. This they deposited at Fournier's place.

Only One of Many.  
The stealing of the wheat, they claimed, was only one of many thefts carried on in South Norwich during the fall. The defence claimed that the story of Brown was a falsehood, and they called witnesses in an attempt to prove that the prisoner was in bed at 7.30 o'clock in the evening in question, whereas Brown claimed that the theft occurred at about 9.30. A rather peculiar story was told by Mrs. John Wellsby, a daughter of the prisoner, who claimed that she was at Brown's residence on the night that the wheat was supposed to have been stolen. She claimed that some time during the night she was awakened by the sound of a wagon in the yard and upon looking out she saw the two Brown boys unloading several bags from the vehicle.

Arresting Claim.  
In the morning she looked into the bags and found the stolen wheat. John Wellsby was called, and before giving his evidence stated to the court that he was a grandson of Lord Roberts, the celebrated Britisher. Crown Prosecutor Gwynn said that he would call evidence in the morning in an attempt to disprove that Mrs. Wellsby was at the Brown residence on the night that the wheat was stolen.

WAS BRAMPTON MAN  
TORONTO, March 26.—The first body recovered from the ruins of the Woodbine Hotel fire has been positively identified as last as Charles Thurston of Brampton. A Buffalo dentist gave a description of the work done by him on Thurston, and it compares with the teeth of the corpse. The filled teeth and the false teeth have been located. This is the body first thought to be Cohen's and shipped to New York only to be shipped back here again. The work of clearing the debris went on this morning, but there is no trace of a sixth victim, and it is thought all are accounted for.

# More Funds Needed at Once For Civic Relief

The funds for the work of the Associated Charities in this city are getting near the vanishing point, from a report submitted by the treasurer, Mr. H. T. Watt, to-day. It is some time since the committee has received any contributions to carry on its work. Yesterday, after paying several accounts, the meagre balance of \$50 was left, and this amount is totally inadequate to meet the steady demands from the poor. The depot at the Y.W.C.A. is visited daily by many, and more contributions are needed urgently at once. The committee desires to again make a strong appeal to the liberality of citizens in this connection. Many do not know or realize the pressing nature of the work.

# Rather Mean Gossip This

# Local Blind Man Has a Complaint to Make To-day.

It is rather mean to injure the business of a blind man and a legitimate business too. Those who have seen George McIlmoyl out in all kinds of weather on Market street, with his wares, will sympathize with his complaint, which he made to-day to The Courier as follows:  
"I, blind George McIlmoyl, wish the people of Brantford to know that the only means I have of making a living, is by selling laces and pencils on Market Street.  
I have heard rumors that I have money, and don't need to work. This I wish to deny and I hereby challenge any person to prove that I have.  
It is hard enough for me to make a living, without having some mean, contemptible person or persons telling falsehoods about me.  
Thanking you for your kindness in publishing this, I am  
Yours very truly,

# COST OF LIVING STILL SOARING

Prices for Staple Goods Generally Higher Than They Were a Year Ago.

Despite the measures that are being taken to combat the high cost of living the prices of staple articles of consumption are, on the whole, higher than last year's prices, while very few articles are lower. The scarcity of eggs, which brought the prices up to such exorbitant figure during the last few months, has fortunately passed, and a plentiful supply at reasonable prices is now on the market. Nevertheless eggs on the Hamilton and Toronto markets are for the most part being brought from Edmonton and Alberta, the scarcity throughout the province continuing. This extensive importation from far provinces also applies to lambs, which are being brought in large quantities from Alberta. The supply of apples is at present much less than that of last year, and the prices have advanced. Both beef and veal show an advance over last year's early spring prices, beef being two cents and veal one cent dearer. In dairy products, besides eggs, butter shows an advance of one cent. The most important of all staple products, however, flour, is one cent in advance of the price of last March, and shows signs of a still further advance. Altogether, the prices show an unsatisfactory increase during the past twelve months, much to the distress of all householders.

# BUDGET SPEECH MAY BE DELAYED

### Discussion on the Railway Scandal Will Continue Several Days.

OTTAWA, March 26.—It took Hon. George Graham seven hours to make his defence, a long seven-hours series of denials, strung together with abuse of the members of the commission by whom the squandering of the forty millions had been disclosed. At the close of this record-breaking oration the millions were still missing.  
The House is now in the second day of a debate which promises to extend into the middle of next week and because of which the Minister of Finance will likely postpone his budget speech. The former Minister of Railways at six o'clock moved his amendment to the supply motion, ensuring the Government for appointing the Stauton-Gutelius Commission and for accepting their report. He devoted much of his time in part two of his defence to the presentation of traffic estimates in support of his contention that the Grand Trunk Pacific Railway could operate on the Transcontinental at a profit notwithstanding the heavy rental charges. He denied that the road would be a burden upon the people, and was ready with reassuring predictions for the benefit of the British investor. Toward the close he sought to influence the Prime Minister, the Minister of Marine and the Postmaster-General with references to the importance of the benefits to be conferred by the Transcontinental upon the ports of Halifax St. John and Quebec.  
Mr. Graham was rewarded at the end of the seven hours by the applause of the Opposition under the leadership of Hon. William Pugsley, followed by three cheers and a tiger.

# MEMBER FOR EAST OTTAWA Breaks Forth in Protest Against Restrictions on French Language.

(By Special Wire to The Courier)  
TORONTO, March 26.—Napoleon Champagne, M. P. P., for East Ottawa, promises to break forth in a protest against the government's action in restricting the teaching of French in the schools of Ontario. Mr. Champagne protests that the inherent rights of the French are being taken away and that in no other place in the British Empire have they been robbed of their rights as they have been by the Ontario Government. He points to the fact that in Wales for 60 years, they have had a language that is not the English tongue. That in India every tribe had its own tongue. In South Africa, he says, "the flag was shot to pieces and it ain't put together again yet."  
In South Africa the Boers have their own language. Mr. Champagne hints that if this matter is handled to the satisfaction of the French-Canadian will forever be Tory, and that if it is not, there is a possibility that the French-speaking people may make another move to cut away from British connection.

## Sporting Comment

After being put out of the boat and then taken back again, Jeff Taylor, of the Oxford crew, has again lost his seat to Ward of Australia. Funny how honor jumps from one man to another.

To-night the Duffs indoor ball team will do battle with C. Co., of the 13th regiment of Hamilton. All the players are in splendid condition and a good game is assured. Here's wishing them luck!

The bowling team, which represents Cocksbutt's office are out after their defeat by the Colborne St. clerks and to-night a return game will be played in the Brant Bowling alleys. A lot of interest is being manifested in this contest as Cocksbutt's are confident of reversing the score on the clerks.

On Friday night of this week the Holmedale Tigers will start training at their headquarters, Holme Street, for the coming season. At a special

meeting held recently W. Hoyle was elected captain for the third successive year, while J. Scanlon was elected vice-captain. Both these men have rendered the Tigers their best services in the past and will undoubtedly get all the football that is in a team out of them. Sergeant Blues of the Dufferin Rifles will train the team this year and a successful season is looked for.

It is about time the soft ball artists started something. Spring is here and the lots will be dried up sufficiently in a short time to allow them to go to work. Already three or four different leagues have been spoken of as playing a series this year. Besides last year's league, a church league is proposed, also a factory league. The Colborne Street clerks propose putting a team in one of these leagues but not until they know which is the fastest will they definitely decide the matter.

The lovers of soft ball in this city ought to see some fast games this year as there is all kinds of material with which to pick good fast teams.

from the last municipal census and this means the Canadian head is endeavoring to ascertain the total population of the league in order to make another application to the National Association of minor leagues for Class B rating.

Brantford is one of the homes of Canada's National game and it would be a shame to see them drop the game. Get together, boys, and start something. There's nothing like early organization and then the work of training etc., can be conducted in lots of time before the season opens.

Next Monday three teams of Woodstock Y. M. C. A. basketballers will come to this city for games with local teams of the Y. M. C. A. Good games are promised as both Y's are going fast.

Joe Brant's head will adorn the invitations for the opening game of the season again this year. The invitations are now in the hands of the printer, and will be issued in a few days.

Chubby Coose will disport himself in a Saginaw uniform this year, as London has traded him to the Michigan City. Local fans will watch his record with interest.

We will win the pennant, if Deneau and Ivers can steal a few bases this year, said a fan the other day; all of which shows how hard it is to win the flag.

In getting the proper paper for an invitation card this year, President Nelson was urged to buy blackboarded "In Memorium's", dated 1913, and send them out, but the Red Sox boss did not appreciate the joke. We gamble the fans would, and "friends and acquaintances" would never overlook the intimation.

We will have a good team here this year anyway, for one day, Connie Mack with his \$100,000 infield will be here.

If Rube Deneau maintains his silence much longer, we will accuse him of getting together a winner. However, if he comes here and gets a studio picture taken we will have mighty good reason to suspect that he is four-flushing, as some of our ball friends in the days gone but not forgotten.

Ulster still holds out but James J. McCaffery capitulated before the wives of the Canadian League, rather than to have any Federal invasion in Toronto.

Tim Jordan is hitting two home runs a day down South. This is to make Toronto fans hit the ferry boat early this spring for the Stadium. When Tim will get his name in the papers for failing to get a hit. It was ever thus.

Who is bold and brave enough to say a half holiday for May 7?

On account of Home Rule worries Premier Asquith wired us to-day that he will be unable to attend the opening game here this year. A little game at Ulster is attracting his attention.

We respectfully suggest that President Nelson get Sir Bill Mackenzie here for the opening day, as he is the best money-getter on this continent—barring none.

Sylvia Pankhurst says she cannot come here May 7, although she was recommended as having a great batting average. Well, Sylvia would draw the police, that is sure.

Having practiced throwing curves at the cheese-box street cars for some time back, if Mayor Spence throws the first ball at the opening game, he should be able to put one over a right.

President Fitzgerald is confident that the league will be granted the higher rating if the figures reach the necessary 400,000 mark. The National Association has practically agreed to accept the municipal figures and it is up to the Canadian League owners to see that they are made out and sent in as soon as possible.

Temperance workers in convention at Newmarket planned local county campaigns in eleven Pork county municipalities.

## Comment on English Soccer

The semi-final of the English Cup is again a much discussed question in British Football circles. Of the four teams now left for the championship, Aston Villa, Liverpool, Burnley and Sheffield United, the team with the big odds is Aston Villa. As cup fighters they are famous and many teams have never been able to defeat them, no matter what their strength or condition in the cup tourney. Burnley have recently sprang into prominence as cup disputees and in connection with the last two seasons they have had a curious experience. Last year they played strongly and came up against Sunderland at Roker Park; the Sunderland team's stronghold; they drew the game and lost the replay on their own ground by the score 3-2, after leading by 2-1 most of the game. This year the teams again clashed, both going well in the cup and they again made a tie by the score 0-0, as they had the previous year. Upon taking the venue to Burnley enclosure, the football

grounds, Sunderland were held by the same score as in the previous game, but on this occasion they did not lose two extra goals and win, but lost, and Burnley will now meet Sheffield United, who have played wonderfully well this season considering the fact that last year they were a bunch of crocks and were knocked out in the first round. Both Burnley and Manchester were last year given their Waterloo by Sunderland. Liverpool, another of this year's semi-finalists were last year early dismissed. Liverpool is, as its general manager, Tom Watson, says, a team which is either at the top or the bottom. On March 28th, these 4 valiant conquerors will take the field to decide which two shall wrangle for the cup and it is safe to say that no team will win through the semi with Liverpool. Liverpool will take their quietest from Aston Villa and Burnley will suffice to bid Sheffield United good-bye. Chances are, Aston Villa against the field.

## Canadian League News Notes

### Success With Players

During its sojourn in the Canadian League the London club has had a varied experience with managers and local fans will watch with interest the work of Dr F. C. Reising this season. The Caldwell, Ohio, dentist should prove the best of the five men who have from time to time held the position. His experience as manager of the Toledo American Association team, from which he was drafted by Washington, should serve him in good stead.

The doctor uses a great deal of common sense in his dealings with baseball. His opinions are mostly based on sound logic and his ideas are wrought from his own experiences. In discussing the local situation with the writer, he declared that he was not coming to London to show the fans how baseball should be played or how a team should be run. "I dare say," he said, "there are many fans in London who know the game just as well and perhaps a lot better than I do. I have a great respect for the average fan's knowledge of the game. I am going to handle the London team to the best of my ability and I am going to make a fight for the pennant. But I cannot do any more than the players do. The success of the club is up to them. I have only two hands, two feet and one head the same as they, and if they do not use them to the best of their ability I cannot make them. I can only try and show them to the best of my ability what must be done, but the real results must come from them. They are the ones who win or lose the games. I make no predictions whatever about the London team this coming season. I have gathered together what I consider a pretty good bunch of ball players, but the season alone will prove what they amount to."

Manager Reising prizes harmony on a ball club a great deal, and he will make every effort this season to keep harmony on the London team. "Nothing breaks up a team's playing as quickly and as effectively as discord and friction among the players of one team," he declared. He is strongly opposed to poker playing among the players, and the members of the London team will not indulge in this indoor sport this season. Ball players as a rule are great little poker players, the pastime coming in handy to pass away the time during rainy days, or on long trips aboard trains. However, the London players will have to earn Od Maid or indulge in some other innocent pastime during their spare time while Dr Reising is handling the team. He claims that poker tends to create more trouble on a team than any other element or influence combined in a great little trouble maker and in a ball club whose members are continually indulging in card games among themselves can have perfect harmony. Ill-feeling is bound to

arise as a result of these games, and often what appears to be a perfectly harmless little game of draw poker will stir up more enmity and bitterness than is good for any team.—London Advertiser.

Hamilton, Brantford and Erie will be the only teams to train at home this year. The local club has always found it possible to make an early start here, and at the same time has found it less expensive to train at home while the results are always as good. Ottawa and Peterborough have practically got to seek warmer climes; in fact none of the clubs are as well situated as the local outfit, for Hamilton generally is a couple of weeks ahead of the majority of Canadian centres.—Hamilton Spectator.

### No Sunday Ball

BALTIMORE, Md., March 26.—When the directors of the Federal League met this morning to go over the playing dates arranged by the schedule committee it was expected that the spirit of co-operation that prevailed at yesterday's sessions would result in speedy action upon the schedule and early adjournment. President R. B. Ward of the Brooklyn club, came out emphatically against his team playing Sunday baseball, and the schedule makers arranged the dates in the west accordingly.

"The ball players must work the same as the banker to maintain the standard and to improve in efficiency," said Mr Ward. "If they fall behind they are dropped. That's why they should have their rest as well as anyone else. I'm not straight-laced, but I do believe in proper observance of Sunday, and because of my belief my players will have the same relief from duty."—London Advertiser.

### Won't Enter W.O.B.L.

WOODSTOCK, March 25.—An effort is being made to form a manufacturers' baseball league to Woodstock during the coming summer. Pains, Canada Furniture, Kears and Hays are sure to place 125 in the league. Stewart's and Thomas Organ Company are also possibilities. It is hardly likely that Woodstock will be represented in Western Ontario Semi-Pro. League this year. A meeting will be called in a short time and the matter will be gone into thoroughly.

### Will Share Profits

BALTIMORE, Md., March 26.—President R. B. Ward of the Brooklyn Federal League Club, before leaving for home yesterday disclosed a profit sharing plan for the players of his club. Each player will have an ownership in the club proportionate to the salary he receives. Shares of common stock will be set aside for the men as a bonus, and when dividends are declared they will profit the same as the original holders of the stock. "I know that the scheme will be

successful," Mr. Ward said. "I am not chancing a thing. I've experimented with it in my business and it works out with wonderful results. They know their share will be greater if a higher degree of efficiency and economy is attained. They all work toward that one standard with the result that much more is accomplished than could otherwise be done."—London Advertiser.

## DARKEN GRAY HAIR, LOOK YOUNG, PRETTY

Grandma's Recipe of Sage Tea and Sulphur, Darkens so Naturally That Nobody Can Tell.

Almost everyone knows that Sage Tea and Sulphur, properly compounded, brings back the natural color and lustre to the hair when faded, streaked or gray; also ends dandruff, itching scalp and stops falling hair. Years ago the only way to get this mixture was to make it at home, which is messy and troublesome. Now, by asking at any drug store for "Wyeth's Sage and Sulphur Hair Remedy," you will get a large bottle of this famous old recipe for about 50 cents. Don't stay gray! Try it! No one can possibly tell that you darkened your hair, as it does it so naturally and evenly. You dampen a sponge or soft brush with it and draw this through your hair taking out a small strand at a time; by morning the gray will disappear, and after another application or two, your hair becomes beautifully dark, thick and glossy. ## SEVERAL CASES THE HIGH COURT ON TUESDAY

### Holmedale Action by Meredith is Slate Hearing.

Commencing on March 27th the Spring sittings of the Division of the Supreme Court will be held in Toronto. Several cases are to be heard by Justice Meredith on Tuesday. The principal case is the case of Gladys Meredith vs. Dr. E. C. Ashton for assault during the trouble of 1912. Another important case is that in which an Indian, Geo. W. Miller, who was against the principal hawk institute, A. Nelson, claims the inheritance of two daughters who were to plaintiff, fed upon food, and water in an impure and confined to a room of a case, which is the death of Frank Marlette killed whilst working on the erection of the new buildings, is brought by the plaintiff, who claims \$15,000 of her husband.

Geo. Watt & Sons and James Lake is simply an creditor against a debtor. The cases are as follows: Miller and Ashton, James Lake and Ashton, and Porter for the plaintiff and Hays for defendant. It is brought by George against Principal A. N. A.

### SEVERAL CASES FOR THE HIGH COURT ON TUESDAY NEXT

#### Holmedale Action by Gladys Meredith is Slated for Hearing.

Commencing on March 31st the Spring sittings of the High Court of Ontario will be held in the Court House when several cases of importance will be heard by Justice Kelly. The principal case is the new trial of the case of Gladys Meredith who sues Dr. E. C. Ashton for \$5,000 for assault during the troublous times of 1912. Another important case is that in which an Indian of the name, Geo. W. Miller, who asks damages against the principal of the Mohawk Institute, A. Nelles Ashton, for, he claims, the ill-treatment of his two daughters who were, according to plaintiff, fed upon food unfit to eat, and water in an impure condition and confined to a room of the Institute.

A case, which is the sequel to the death of Frank Marlette who was killed whilst working during the erection of the new Post Office buildings, is brought by Mrs. Marlette who claims \$15,000 for the loss of her husband.

Geo. Watt & Sons and Sarah and James Lake is simply an action of a creditor against a debtor. The creditors ask that the mortgage given by defendant to his wife in order to prevent payment of debts be nullified. The cases are as follows: Miller and Ashton, Jury. Kelly and Porter for the plaintiff and Brewster and Heyd for defendant. The action is brought by George W. Miller against Principal A. N. Ashton of the

Mohawk Indian Institute for damages for plaintiff's children. They are Ruth and Hazel Miller, and it is alleged that they were fed upon skimmed milk, bad oatmeal and unwholesome food. This treatment lasted three days and during that time the children's hair had been cut. Defendant denies all the charges and says the children were being disciplined for trying to escape from the Institute. He asks for dismissal of the action against him for \$5,000 and costs as the charges had not been brought within six months of the alleged occurrence.

Marlette and Secord, Harley and Sweet for the plaintiff and W. A. Hollirake for defendant. Trial by jury. The action was taken by Mrs. Marlette whose husband was killed on September 30th by a falling beam at the new Brantford Post Office.

Meredith and Ashton. Trial by jury, retrial of the action of Gladys Meredith against Dr. E. C. Ashton of Brantford, for an assault committed on November 5th, 1912 when he examined her contrary to her wishes. The action will be for \$5,000 and costs.

Watt and Lake, non jury. Harley and Sweet for plaintiff and Brewster and Heyd for defendant. Geo. Watt & Sons, creditors sue for the payment of debt amounting to \$700 owing by James Lake, debtor. They ask for a declaration that lands owned by the husband are held in trust for him by his wife, Sarah, and for a sale of this land to provide payment of debt owing to plaintiff. Other creditors ask that the mortgage given by defendant to his wife be declared null and void. The defense is that the wife is the bona-fide owner of the property and does not hold it as his estate.

### Daylight Saving Proposal Made

MONTREAL, March 25.—A London cable to The Gazette says: Sir William Ramsay was the principal spokesman of a deputation representing the Chambers of Commerce which yesterday waited upon the Home Secretary to press the claims of the daylight saving bill. Sir William stated that there was no objection to the scheme on the economic side, while it could also be recommended from the educational aspect as it would enable young people to live more in the open air. The change would also be beneficial to the national eyesight.

The Lord Mayor of London, in introducing the deputation, remarked that some 28 London boroughs had passed resolutions favoring the scheme.

Home Secretary McKenna expressed assent with the views of the speakers, but said that he was not able to promise government legislation, until public opinion was more pronounced for the reform.

### BEST LAXATIVE FOR BOWELS, "CASCARETS"

When constipated, headachy, bilious, breath bad, stomach sour.

Get a 10-cent box. Are you keeping your bowels, liver and stomach clean, pure and fresh with Cascarets, or merely forcing a passageway every few days with Salts, Cathartic Pills, Castor Oil or Purgative Waters?

Stop having a bowel wash-day. Let Cascarets thoroughly cleanse and regulate the stomach, remove the sour and fermenting food and fowl gases, take the excess bile from the liver and carry out of the system all the constipated waste matter and poisons in the bowels. A Cascaret-to-night will make you feel great by morning. They work while you sleep—never grip, sicken or cause any inconvenience, and cost only 10 cents a box from your drugist. Millions of men and women take a Cascaret now and then and never have Headache, Biliousness, Coated Tongue, Indigestion, Sour Stomach or Constipated Bowels. Cascarets belong in every household. Children just love to take them.

### Wants Fair Play For Catholics

[By Special Wire to The Courier] TORONTO, March 25.—Thomas McGillicuddy, a deacon of the College Street Baptist Church and moderator of the Toronto Association of Baptist Churches takes exception to the claim that all members of the Street Church are in favor of the use of the mails in the matter of the publication known as the "Menace."

"I am not speaking as a Baptist Church official," said Mr. McGillicuddy to the Canadian Press this morning, "but as a fair-minded protestant. It is shameful that a couple of men from Missouri should come into this country and week after week abuse in the most vulgar and venomous manner leading citizens of Canada in the persons of our Roman Catholic clergymen. I have read the sheet and have found it reckless in its coarse attacks upon our fellow Christians of the Catholic faith. At a time when followers of the Master of whatever name or creed should be stem the tide of irreligion and the various religions opposed to our common Christianity, the Menace is trying to divide our forces. I do not regard that paper as a religious 'bird of paradise,' but rather as having all the offensive odor of sectarian buzzard."

"Let us be fair-minded to our Roman Catholic citizens. As a force for civic and national righteousness, I consider the little finger of Father Muehlan worth the whole body of either the gentleman from Missouri who so violently revile him and his fellow priests."

Lines are sharply drawn for the battle over Panama Canal tolls, which opens in Washington to-day.

### LOCAL DRUGGIST MAKES MANY FRIENDS.

M. H. Robertson reports they are making many friends through the QUICK benefit which Brantford people receive from the simple mixture of buckhorn bark, glycerine, etc known as Adler-ka. This remedy became famous by curing appendicitis and it is the most thorough bowel cleanser known, acting on BOTH the lower and upper bowel. JUST ONE DOSE of Adler-ka relieves constipation and gas on the stomach almost IMMEDIATELY.

### Pest House Is Discussed

#### Conference Between the Civic and Township Authorities.

A deputation consisting of the Mayor, Dr. Pearson, Councillors Ryerson, Broadbent, Woolams, Sigman and Pitcher representing the Board of Works and the Building and Grounds committee met a deputation of the Township Council consisting of Reeves Jennings and Councillors McCann, Greenwood and Scafe when the question of a new pest house was discussed. After a brief meeting it was decided that a sub-committee, appointed by the township should meet and confer with a sub-committee selected by the City Council and they jointly should submit their report to the council for consideration, in order that the two councils might work in harmony.

The feeling of the township representatives was that they could not have the pest house upon their ground under any consideration whatever and their sentiments were pretty well expressed by the Reeve who said he could not see why they should have the pest house when the city might as well have it. The Mayor then pointed out that it was impossible to have the house erected at the site which they knew something about bugle work. A new base drum was to be got for Drummer Murphy. The company was now in better shape than it had ever been and he looked forward to a banner year. Last year the average attendance was 33,000 this year, with their strength of 46, he wanted an average of 40. They had a good supply of cash and he had a good supply of fine songs, which quite a feature of the night was Murphy's organ. This was handed over to him again last night, to the great amusement of his comrades.

### Gives Credit

#### Commander Evans Lauds Canadian in Speech at Montreal.

MONTREAL, March 26.—"When a war is over the general is made a hero and 'Bill Smith' is forgotten," said Commander Evans, of the fatal Scott polar expedition, before a gathering of the members of the Canadian Club here yesterday.

Continuing the Commander said: "Such has been the case with the Polar expedition, for some of the men have not received the credit that is due them. The man who stands out foremost among them is Charles Wright of Toronto. He at the risk of his life, piloted a party over the glaciers for 600 miles, while his pony was for some time killed and he was forced to pull his sleigh and do a good deal of hard work."

He is a splendid type of manhood and a credit to his country and a credit to his country and a practical Canadian and it is he that scientists have to thank for the second year's observations of the expedition."

### SIX HOTELS CENSURED: MAY LOSE THEIR LICENSE

LONDON, Ont., March 26.—London temperance people are determined to have the licenses taken away from the six hotels censured by the report of the Men's Federation Survey. Professor James H. Brooman stated this morning that a strong deputation would wait on the Board of License Commissioners at its next meeting and ask that in the future no licenses be granted to the Bank Hotel, Hotel Windsor, Columbia, and Clyde Hotels on the south side of King St., the King Edward Hotel on York St., and the Queen's Park Hotel, Dundas street east.

### Indoor Shooting

The last gallery match of the season was fired at the B. C. I. ranges by the Cadets. The scores were not so good as last time but the average for the matches was very high:

- First Team—Cadet Pattan 93; Cadet R. Braund 91; Cadet A. Weir 90; Cadet Burt 90; Cadet Luck 90; Cadet Bennett 89; Cadet Fraser 88; Cadet Cassidy 88; Cadet K. Ruddy 88; Cadet T. Ruddy 88. Total 893.
- Second Team—Cadet Webster 86; Cadet J. Matthews 86; Cadet Dempster 85; Cadet Smith 84; Cadet P. Braund 84; Lt. Lake 82; Capt. Feely 81; Cadet Kew 81; Cadet Beckett 81; Lt. Palmeh 80. Total 830.

### Bugle Band At Theatre

#### Popular Organization Enjoys a Night Out.

A very lively affair, full of good spirit, was the semi-annual theatre party and supper of the bugle band of the Dufferin Rifles. The company, 36 strong, gathered at the armories and proceeded to the popular Brant Theatre, where an excellent program was enjoyed. The supper was served by the genial caterer, Crumback, who served up a splendid spread, which was done full justice to. At the head of the table sat Sergt.-Bugler Mellor, Sergt. Blazey and Corporal Cooke. The toast, "The King," was honored heartily.

In a brief and pleasant speech, the officer in charge said the bugles of the company would be back from Toronto after being repaired on Monday, and he asked the boys to turn out in full force. There were 26 bugles in the company, and 23 were occupied. Eight buglers would be wanted for the camp at Niagara, and the pick of the men would be chosen. He asked the boys to practice well the new marches, as he expected they would get an engagement during the Old Home Week, and he wanted the company to show visiting bands that they knew something about bugle work. A new base drum was to be got for Drummer Murphy. The company was now in better shape than it had ever been and he looked forward to a banner year. Last year the average attendance was 33,000 this year, with their strength of 46, he wanted an average of 40. They had a good supply of cash and he had a good supply of fine songs, which quite a feature of the night was Murphy's organ. This was handed over to him again last night, to the great amusement of his comrades.

### ENGLAND LOSES BARONET: DESCENDANT "MISSING"

LONDON, March 26.—England has lost a Baronet, Sir Henry Burnaby, descendant of one of England's oldest families, is entered as "missing" in the new roll of baronets prepared. Every other man who has the right to the ancient title was known to be alive, but no trace could be found of Sir Henry Burnaby of Broughton Hall, Oxfordshire. The Registrar of the Roll of Baronets appends a note to his entry of Sir Henry, in which he says, "No information can be obtained as to Sir Henry Burnaby. It is not known whether he is alive."

Sir Henry is eighty-five years of age if still alive. He was formerly in the navy, and the last heard of him was in 1853, when he went to Spain and married. He never claimed the Baronetcy, which dates back to 1766.

"Other Baronets are missing," said the Registrar, "but I know they are alive somewhere. Some of them get to remote corners of the world, such as New Zealand and California, and the tracing of them involves much labor."

### "Last Ditch" Ulsterite

OTTAWA, March 26.—Capt. Tom Wallace, M.P., of Centre York last night sent the following cable addressed to Sir Edward Carson at Belfast: "Thousands of loyal Canadians are with you in your magnificent fight to preserve the best traditions of British citizenship by resisting the coercion of Ulster. We are ready if necessary to help you with men and money to the last ditch."

### JOE CHOYNSKI BEFRIENDS CHINK AND GETS \$10,000

Former Prize Fighter Remembered in Will of Celestial Whose Children He sent to School.

[CHICAGO, March 26.—Joe Shoynski, former prize-fighter and now director at the Pittsburgh Athletic Club yesterday, discovered that \$10,000 had been left him in the will of Jim Pon, a Chinese whom the puglist befriended years ago.

Jim Pon died a few years ago and his sons, Ned Ying and Bert Ying, unable to open the safe in their father's restaurant, sent for Shoynski. The boxer brought a man who in a few minutes opened the steel doors, disclosing Pon's will. It named Choynski as executor and guardian of Jim Pon's sons.

Shoynski's kindness to Pon was in sending his boys to school and in otherwise helping them at various times.

### MIDGE CRAVEN SEEKS NEW THIRD BASEMAN

St. Thomas Manager Departs on Trip to Detroit After Player With Fine Record.

ST. THOMAS, March 26.—Manager Craven, of the Saints, left for Detroit at noon yesterday. "Midge" is on a business trip "purely." He desires the services of an infielder living in the City of the Straits, of thereabouts, and would not trust His Majesty's mails to land him. It is understood, however, that the player sought after is not a first-sacker, as was generally imagined, but a third baseman who last season stood at the top of his league in stolen bases, and batted over the covered, 300 mark. If Craven secures this man, Treckall will probably be moved over to the initial sack.

### OUTFIELDER WANTS POSITION

Midge Craven is in receipt of a letter from Heine Burgess, an outfielder with Travers City, Mich., asking for a tryout. Midge does not need outfielders, however, as with Kopp, Kustus and himself in the outer garden, he has as good an outfield as any in the league.

Robert W. McAvoy of an old U. E. L. family of Pickering township, died at the age of sixty-two.

### Dr. Montague Is Enroute to Chicago Somewhat Improved in Health.

[By Special Wire to The Courier] WINNIPEG, March 25.—Several private telegrams were received yesterday in Winnipeg from Hon. W. H. Montague, provincial minister of public works, who has been at Hot Springs, Ark. for the past month for his health. P. J. Montague said last night his father was en route to Chicago, where he would be to-morrow. He thought the climate would suit him better there. His health has improved somewhat since he left Winnipeg, but he has not fully recovered, according to his son, and he expects to remain some time in Chicago.

On the other hand, a despatch from Pasadena, Cal., says Sir Rodmond Roblin gave up an engagement to address the Canadian Club there and hurried to Hot Springs upon receiving word that Dr. Montague was very ill.

### To Save Wild Ducks

TORONTO, March 26.—To protect the wild ducks from the danger of becoming an extinct species Dr. Anderson of Essex, brought in a measure in the Legislature yesterday afternoon to prohibit the sale of "bars" in the market and to limit the season's shooting on any one man to 100.

General Villa suffered a serious reverse in his attack upon Torreon, the Mexican Federal stronghold in the north.

METHODIST UNION MEETS

Splendid Work was Carried on in This City During the Past Year.

The Brantford Methodist Union held a very largely attended and enthusiastic meeting in Colborne St. church last night at which business of the past year was gone over and the election officers for the ensuing year took place.

Encouraging reports were received from the two new churches—Mr. J. L. Barnes for Elm avenue, and Mr. Geo. Markle for Marlborough street—and the prospects for their development was stated as exceptionally bright. Satisfactory statements were made by I. D. Scruton for Sydneyham street and Mr. A. Goodwin for Oxford street churches. Each Methodist church in the city was represented on the musical programme of the evening which was greatly enjoyed.

The treasurer's report which was given by Mr. Fred Mann, owing to the illness of Mr. Shepperson, was found to be in a healthy condition, but owing to the obligations which the union have assumed, greater liberality on the part of the various churches of the city will be required this year. These obligations are in the nature of help to the newer and smaller churches. A distinct forward movement is taking place in Methodism in this city.

A very important and satisfactory report was read by Mr. I. D. Scruton from the Missionary committee of the union, relative to the work among the foreigners of the city. The work last year was satisfactory and the committee made a number of recommendations and suggestions. The work was reported as most promising and worthy of liberal assistance. This report was adopted.

President George Wedlake gave a brief address on the past year's work of the union and briefly outlining their work and making some suggestions for the following year.

The following officers were elected—President, J. B. Detwiler; vice-presidents, Fred Mann and Rev. A. E. Lavell; secretary, A. E. Day; treasurer, Norman Creech; executive committee, the above officers, all the Methodist ministers and two representatives from each church.

The missionary committee was re-elected as follows: Geo. Wedlake, E. A. Hughes, I. D. Scruton, J. B. Detwiler, F. W. Thompson, A. Goodwin.

THE PROBS

TORONTO, March 26.—The disturbance which was centred in Windsor yesterday has passed away to northern Quebec and another is now approaching the great lakes from the southwest. The weather is quite mild from Lake Huron to the Maritime provinces and decidedly cold from Lake Superior westward to the Pacific.

Forecast. Southerly winds, mostly fair and mild to-day. Local rains to-night.

Temperature. For the last 24 hours: Highest 56; lowest 40. Same date last year: Highest 36; lowest 29.

Ice in Three Places All the ice which remains in the Grand River now is located in three places. At the Caledonia locks, Wilkes dam and Galt. The jam at Caledonia is serious, and great damage is feared.

Winner of Prizes Sergeant N. Liddish of the 2nd Dragoons, has been awarded the medal for the best shot in the regiment, and his troop won the prize of \$5 for the best troop in the squadron, which reflects great credit on Sergeant Liddish, who is uniting in his efforts to keep up the high standard of efficiency of the regiment.

Blue Side Entertained. A very enjoyable social evening was given Tuesday night at the home of Mrs. Deagle, Onondaga Road, by the Blue side of the Elm Ave. Methodist Church Ladies Aid. The ladies are endeavoring to get a mile of copper and sides have been chosen. The admission Tuesday night was fifty cents of copper and a neat sum was realized. A good programme was rendered and refreshments served.

Visit from Galt. Galt Business Men's Club will visit the Y. M. C. A. Business Men on Monday next when games of handball, basketball, baseball and bowling will be played between the hosts and visitors. About 25 men will make the trip as the local club have already made a name as genial hosts. They will arrive about 5 o'clock and after the games, will be entertained to a supper.

Pair of White Gloves. Magistrate Livingston was entitled to a pair of white gloves this morning. There was not a case on the list not even a solitary drunk. The Chief was naturally feeling proud of the prevalent goodness; and hopes for a continuance of the virtuousness. It is now over five months since the last day on which there was not a case to present.
