The Halifax papers have made reference to the advertisement of the Kentville Exhibition as being the "greatest of the century". We feel sure that Manager Rockwell was not joking when he added that phrase, to the advertisements for he felt the public pulse was vibrating strongly for a great fair at Kentville. As fully two thousand five hundred entries have been made in the few classes in which this exhibition is conducted it will be seen that a great exhibit will be given and in the limited sphere in which our exhibition will work we feel sure that it will be excelled by none. With fine weather the attendance will be very large as hundreds of people who never go to Halifax or St. John to attend a fair are coming to Kentville.

A FAMILY NECESSITY

Owing to artificial modern life, almost everybody suffers more or less from constipation, torpid liver and sluggish kidneys, and as Dr. Chase's Kidney-Liver Pills are the most prompt and thorough cure for this derangement, they have come to be considered a family necessity. Hosts of families would not think of being without them. One pill a dose, 25 cents a box.

Friend (from the city) — Why don't you move away from this dead little town and get among people? Village Magnate — Because I amount to something here. It is better to be a live man in a dead town than a dead man in a live town.

HELP FOR MOTHERS.

Baby's Own Tablets Are What You Need When Little Ones Are Cross, Fretful and Sleepless.

If a child is cross, fretful and sleeps badly, the mother may feel absolutely certain that some derangement of the stomach or bowels is the cause. And she can be just as certain that Baby's Own Tablets will put her little one right. These Tablets care all the minor ailments of little ones, such as indigestion, constipation, simple fevers, diarrhoea, worms, and teething troubles. They are guaranteed to contain no opiate and can be given with absolute safety to the youngest and most feeble child. Every mother who has used them speaks of these Tablets in the warmest terms. Mrs. E. Bangcroft, Deerwood, Man., says: "I have used Baby's Own Tablets for stomach and bowel troubles for simple fevers and teething, and I think them the best medicine in the world. They always strengthen children instead of weakening them as most other medicines do."

You can get Baby's Own Tablets at any drug store, or by mail post paid at 25 cents a box by writing direct to The Dr. Williams' Medicine Co., Brockville, Ont., or Schenectady, N. Y.

What made you seem so set upon the day we were engaged? You knew I was going to propose, didn't you? Oh, dear me, yes! — But I had no idea I was going to accept you.

Among other good orchards, on a bicycling tour last Saturday, we noted that of S. P. Schurman, Mount Denson, which shows the trees thrifty and a good promise of fruit. Mr. Wm. The apples in Hantsport so far as we have observed, seem to be ahead of things this season, as regards quality of fruit. Hants will soon be pushing Kings for fruit bonors.

Fortune Telling

does not take into consideration the one essential to woman's happiness—womanly health. There is many a woman whose future seems absolutely unclouded who is marked by her own condition for future disappointment and distress.

The woman who neglects her health is neglecting the very foundation of all good fortune. For without health love loses its lustre and gold is but dross.

Womanly health may be retained or regained by the use of Dr. Pierce's Favorite Prescription. It establishes regularity, dries the drains which weaken women, heals inflammation and ulceration and cures female weakness. It makes weak women strong, sick women well.

Sick women are invited to consult Dr. Pierce by letter free. All correspondence held as strictly private and sacredly confidential. Address Dr. R. V. Pierce, Buffalo, N. Y.

"I have taken six bottles of Dr. Pierce's Favorite Prescription," writes Miss M. Fyfe, of Oatila, Simcoe Co., Ontario, "and two bottles of the Pleasant Pellets" as you advised for congestion of uterus, ovaries, and weakness, and can safely say that your medicine has been the means of restoring me to good health again, which I had lost for over three years, until taking your medicine. I thank you very much for your kind and prompt attention to my letter asking advice."

"Favorite Prescription" has the testimony of thousands of women to its complete cure of womanly diseases. Do not accept an unknown and unproved substitute in its place.

Dr. Pierce's Pleasant Pellets clear the complexion and sweeten the breath.

Prof. and Mrs. Wm Elder and Miss Marjorie, who have been spending the summer at their cottage on Avon street, returned by Monday express to Maine.

Aunt Hannah—I saw that young man kiss you, Jane. How did it come about?

You can make your harness as soft as a glove and as durable as iron by using EUREKA HARNESS OIL. It lasts as long as it is used.

Three hundred million feet of logs were cut on the Penobscot river, Maine, last season. This is the biggest harvest ever known, and nearly half of it is for the manufacture of paper.

Messrs. C. C. RICHARDS & Co., Gentlemen.—In June '98 I had my hand and wrist badly mangled by a vicious horse. I suffered greatly for several days and the tooth cuts refused to heal, until your agent gave me a bottle of MINARD'S LINIMENT, which I began using, and the effect was magical. In five hours the pain had ceased, and in two weeks the wounds had completely healed and my hand and arm were as well as ever.

Yours truly,

All records for cattle shipments from this country to England have gone down before the shipment from Portland, Me. last week. The Dominion liner Norseman, sailing from that port, took out 1179 head of cattle and 1398 sheep. During the ten days passage of this vessel it will take eighteen carloads of hay and grain to feed the cattle. No wonder beef is high.

Andrew H Dill, who is a native of Hants county and lived here for 20 years, has been promoted in the employ of the Boston Elevated Railway Company, which he entered less than five years ago, to be a train starter on the elevated system. He started as a conductor on the Charlestown division surface lines and was transferred to the elevated as guard a little over a year ago. He was assigned to work as a train starter almost at once and received his official appointment to that position after about four years of service.

Twitching of The Nerves

Mrs. Drinkwater, 5 Water Street, Galt, Ont., states:—"My great trouble has been with my nerves. I was very nervous, had twitching of the nerves and could not get to sleep at night. I seemed quite worn out and believing that I needed some medicine began to use Dr. Chase's Nerve Food. I can truthfully say that this preparation has proven surprisingly beneficial to me. It has strengthened and steadied my nerves, made me rest and sleep well, and in fact built up the system generally."

In Dr. Chase's Nerve Food is found the ideal tonic for blood and nerves, and through these two mediums every organ in the human system is benefited. The languid, depressing feelings disappear when this great restorative is used, and with renewed energy and vigor disease is overcome, the organs of the body perform their various duties and new flesh and tissue are added, 50 cents a box, at all dealers, or Edmanson, Bates & Co., Toronto.

Over one hundred delegates attended the annual meeting of this body at Port Williams, N. S. last week. The reports were read and tallied as follows: In N. S., 19 churches and 10 in N. B.; 2,325 members, 148 additions, 35 lost by death and removal; 1,187 in the Sunday schools. Value of Church property \$47,800; raised for home missions \$1,200; for foreign, \$700. Three new houses are under construction and one church was organized this year. These reports indicate a very good state of affairs.

THE EXHIBITION.

Work on the arrangement of stalls and sheds for the display of fruit, vegetables and poultry for the exhibition to be held here in Kentville on Wednesday and Thursday of next week, is being rapidly pushed towards completion. By Monday the building will be ready to receive its large burden of displays.

Every thing, at present gives great promise for the best fair ever held here. The exhibition means much to the county and also to the town. Prizes will about all go to the country sections. It will bring a great deal of trade during the two days, to the town, in which most all branches of business will profit.

It is only an exhibition of the character of Kentville that is of great benefit to the farmer. While St. John and Halifax exhibitions are of great benefit to large cattle breeders and fruit growers, the local fair is of more benefit to the small exhibitors as more attention is given to them. It is in such exhibitions that the beneficial effects are really felt. As such is the case it is only the duty of the farmers and townspeople to give it their hearty support.

We hope all will see their way clear to attend. It has been very extensively advertised. Fine weather and a large attendance is all that is necessary to make the exhibition a success.

SEPTEMBER WEDDINGS.

ROOF MANNING

The marriage of Miss Vila S. Manning, eldest daughter of W. Manning of Richmond, to Major L. Roop, fireman of the D. A. R., was solemnized at the home of the bride in the presence of the family and a few of the immediate friends of the bride at three o'clock Sept. 17th, by the Rev. N. Lemoine, Rector of St. Mark's. The bride who was attended by Miss Winnifred Andrews, of Kentville, was becomingly attired in a brown cloth suit with a white silk blouse and a hat to match. After the ceremony, a dainty luncheon was served, after which the happy couple were driven to North Street depot, where they boarded the I. C. R. train for a trip to St. John, Moncton and Annapolis Valley. The bride was the recipient of many gifts which testified to the esteem in which she is held. Mr. and Mrs. Roop carry with them the best wishes of their many friends for a happy married life.

FULLERTON HOLDSWORTH

A quiet wedding took place in the Digby Baptist church at 1.15 Wednesday afternoon when Mr. A. W. Fullerton, at one time editor of the Courier and later a member of the editorial staff of The Ladies' Magazine published at Toronto, was united in marriage to Miss Jennie Holdsworth, of Digby. The ceremony was performed by Rev. F. H. Beals, -Countr.

GRAND PRE.

The third son, twelve years old, of James Anderson, Avonport, and an older brother, were out back of the arm with a gun, Thursday evening of last week. The gun in the hands of the older boy, was prematurely discharged and the charge of shot was received by the little fellow, at close quarters in the right arm, literally tearing the hand and wrist to pieces. The terrified boy carried his wounded brother to the house and rushed for a doctor. As soon as possible Drs Chipman and Margeson arrived and amputated the arm below the elbow, the operation was done by lamp light. As much as possible of the arm was saved. The boy is doing well and was a brave little fellow through it all.

Trooper Chaplain, Rev. A. J. Brace 2nd. C. M. R. gave his experiences in South Africa to a good audience in the Methodist church last Friday evening. Trooper Brace was in the Hart's River fight. He and five others stood off 60 Boers until two were shot, their ammunition gone and they were surrounded. Corporal Kinsley, a V. C. man, and Trooper Day, Nos. 1 and 2, were shot through the head, and Brace, who was No. 3, with the bullets pelting around him, shot the Boer who had just killed his comrades. The four were captured, stripped, threatened with death, but ultimately let go, and tramped 35 miles to camp, without clothes or shoes, and afterwards in hospital for weeks. The "Block House" System and the great "drives" were most graphically described. The lecture throughout was intensely interesting and the speaker was given an enthusiastic vote of thanks at the close. Several curiosities gathered on the battle-fields and elsewhere were shown, and among them the pants and hat given him by the Boer who stripped him of his clothes.

HER HUSBAND WAS A DRUNKARD

A Lady who cures her husband of his Drinking Habits writes of her Struggle to save her home

A PATHETIC LETTER

"I had for a long time been thinking of trying the Tasteless Samaria Prescription treatment on my husband for his drinking habits, but I was afraid he would discover that I was giving him medicine, and as he thought I was a drunkard, he would have been very much mortified and the work of my hands would have been in vain..."

HER FATHER WAS A DRUNKARD

A Pinky Young Lady takes on Herself to Cure her Father of the Liquor Habit.

STORY OF HER SUCCESS.

"My father had often promised mother to stop drinking, and would do so for a time but then returned to it stronger than ever. One day after a terrible spree, he said to us: 'It's no use, I can't stop drinking.' Our hearts seemed to turn to stone, and we decided to try the Tasteless Samaria Prescription, which we had read about in the papers. We gave him the remedy, entirely without his knowledge, in his tea, coffee, or food regularly, according to directions, and he never knew he was taking it. One package removed all his desire for liquor, and he says it is now distasteful to him. His health and appetite are also wonderfully improved, and so one would know him for the same man. It is now fifteen months since we gave it to him and we feel sure that the change is for good. Please send me one of your little booklets, as I want to give it to a friend."

BRINGS SUMMER BOARDERS

A Large Metropolitan Newspaper Which is Helping the Summer Resorts

The Brooklyn Eagle several years ago established a Bureau of Information in Brooklyn, where the public could, free of charge, secure details of hotels and boarding houses for the summer. The idea at once became popular and branch bureaus were opened in Manhattan and other cities. Country hotel and boarding houses by sending to this Bureau can secure a listing blank, fill it out and return it and then be represented free of cost, and send their circulars and cards for three distributions.

The Brooklyn Eagle has also been considered for two years the best medium for summer boarders in New York City.

The Rocky Point Inn, in the Adirondacks, said: "We are giving the Eagle a larger share of advertising than most other papers, as experience has demonstrated its value to us in past seasons." Chauncey B. Newkirk of Wurtsboro, Sullivan County, said: "Last season one small adv. brought me five guests." La Rue Bros., proprietors of the American Hotel of Sharon Springs, N. Y., wrote: "Our house is full and mostly by Brooklyn people. Daily we receive applications for rooms, and all on account of our standing ad. in the Eagle." For Listing Blanks, Adv. Rate Cards and other information, address EAGLE INFORMATION BUREAU, July 5 Brooklyn, N. Y.

HOBBLED SIX YEARS

Cured in Six Weeks of Chronic Rheumatism By Ferruzone.

Hundreds, say thousands of cures have been put on the market for Rheumatism during the past few years, but a remedy with power to cure Chronic Rheumatism, Ferruzone excepted, in the estimation of Mr. Cullen, of Sturgeon Bay, does not exist.

Mr. Cullen says, As everyone knows I have been simply tortured for years with Muscular Rheumatism, not the ordinary kind that bothers most people but the kind that ties one up so that they can't move.

For six years I hobbled about like a cripple, unable to move without crutches and canes. I used quantities of medicines, special baths and so forth, but they didn't help me very much. On the advice of a Presbyterian minister I used Ferruzone, gave it a good trial at first and when I saw it was helping, I bought six boxes and took one tablet at the close of each meal. I am perfectly cured and am today as spry as a youngster of ten. I am convinced that my recovery is entirely due to the marvellous action of Ferruzone.

Mr. Cullen's case is a fair example of the kind of cures that Ferruzone is effecting every day. In severe cases of Neuralgia, Sciatica, Rheumatism, and Lumbago, it acts with surprising alacrity, and no case is recorded where it failed.

Ferruzone cures these diseases because it is a solvent for uric acid in the blood. It removes all traces of it and other poisons from the blood in from two to ten days. Then it builds up and invigorates the system, and makes weak, sickly people strong and well enough to resist and ward off disease.

The best Rheumatism remedy that one can buy is Ferruzone. It relieves quickly and cures so perfectly that the disease never again returns. After all other remedies fail, it cures, and that is the sort of medicine you want. Ferruzone price 50c. per box, or three boxes for \$1.25. Send to your address by mail if price is forwarded to N. C. Polson & Co., Kingston, Ont.

A very inquisitive little boy was watching a negro woman trying to get her baby to sleep, and a very black baby it was.

Auntie, he said, do you give that baby the bottle!

Yes, replied the negress, my Sambo has the bottle. Don't ver Sambo!

He thought deeply for some minutes then he said; You must have given him the ink bottle by mistake.

THE BOERS AT BERMUDA As one enters Hamilton harbour from the Atlantic, some of the islands which stud the Great Sound, are seen covered with circular canvass tents, such as the British soldiers use.

The majority of the prisoners have been very obedient and trustworthy, but a few have displayed treachery and obstinacy—especially the Europeans.

There are a few life-prisoners at Bermuda. These committed such offences as murder and train-wrecking. They wear canvas clothes with the King's broad arrow stamped frequently thereon.

Before peace was declared very strict discipline was observed, but most of the rigid rules are now withdrawn.

It is very seldom a Boer is able to tell what British general was his captor. He will generally name two or three and say it was one of them.

Among the prisoners are to be found lawyers, doctors and men with advanced education. I asked one "if he did not really believe when the war commenced that the British would vanquish them?" "Yes," he replied "but we were led on by Kruger who said that He was our Helper."

The prisoners amuse themselves by making walking sticks and pen-holders from the native red-cedar and various curiosities from bone, which they sell at remarkably low prices, since their time is of no value to them. These curiosities are very readily bought, in order to give the Boers a little cash also as mementos of the South African prisoners.

Rev J B Hemmeon, Wolfville, a Supernumerary minister of the Methodist Conference of Nova Scotia, who has been spending the summer with old parishioners in Cape Britain, is in town for a few days, visiting his son, Mr. M. D. Hemmeon, Park St. He has many old friends in Truro, who are giving him a hearty welcome on every hand. Mr. Hemmeon, after finishing his visit in Truro, goes to Amherst for a short time, and then on home to Wolfville.—Truro News.

Mr. D. H. Keeley, of the Government Telegraph Service, and that the Government was using the Marconi system between Chateau Bay and Belle Isle with the most satisfactory results. In fact, he said he preferred the Marconi system to the Cable, which is also in operation there.

There is just one cure and that is plenty of food for the blood and nerves, which is best supplied in Ferrozone, than which no blood builder, nerve tonic or strength producer is better. Ferrozone promotes healthy digestion, which results in improved nutrition. The blood grows rich and red, furnishes stability to the entire system, and the store of nerve force and energy increases daily.

THE BOERS AT BERMUDA

As one enters Hamilton harbour from the Atlantic, some of the islands which stud the Great Sound, are seen covered with circular canvass tents, such as the British soldiers use.

They obtain permission from the officer commanding the prison to visit the city or any part of the island. This pass expires at 5 P. M., when they are to be back to their respective camps, transport being provided for their accommodation. Occasionally the Governor or some officer or councillor will invite a number to a garden party and on such occasion their leave is extended and special transports are placed at their disposal.

While the Boers enjoy such privileges, the good—Tommy Atkins—is unable to obtain leave except on special occasions, which are few and far between. The British permit them to choose their own commandants for the various camps and judges to try those who committed any crime, which does not come under the notice of the military authorities.

Schools are provided on the islands where all the young were imprisoned, and their own clergymen are there to officiate at the divine services. Every day just before sunset they assemble in companies and sing psalms. Their voices are very strong and melodious.

The B. C. Legislature has given the franchise to boys over 18 years of age. This is a new departure in enfranchisement in Canada.

A rope manufacturing company of Brooklyn recently made a rope 17,700 feet in length, or over three miles, without a break, and weighing 23,030 pounds. It is for use in a bituminous coal mine. It was made of 42 strands of crucible cast steel.
