DEVOTED TO THE INTERESTS OF WOLFVILLE AND EASTERN KINGS

Vol. XL, No. 47.

WOLFVILLE, NOVA-SCOTIA, FRIDAY, September 9, 1921.

\$2.00, payable in advance

## TOWN COUNCIL MEETING

### Water and Sewer to be Extended up Central Avenue

The regular monthly meeting of the Town Council was held on Wednesday evening with Mayor Fitch in the chair and Councillors Cox, Nowlan, Shaw, Sutherland and Wheaton present.

Reports were read from all the standing committees with the exception of the Poor Committee. Councillor Sutherland reported for the Streets Committee that some patching had been done on Main street and a covering of tarva and sand put on the west end of Main street and Acadia street and Linden avenue. Also a car of ashes have been secured from the D. A. R. and spread on the railway property. The pay-roll for the month was \$218.60.

For the Water Committee Councillor Nowlan reported a leak in the main pipe which had cost for repairs \$19.50. A gasoline engine had been used at the artesian well pending the arrival of the pipe for the electric pump which has now been installed, and the well is adding materially to the water supply of the town. The total expenditure for the month in this department was \$151.80.

In reporting for the Sewers Committee Councillor Cox gave a report for the seven months ending August 31st, in which time \$1059.89 had been spent on capital account and \$620.40 on current account. This latter was \$120 over the amount estimated for the year, but he explained that over \$200 had been spent out of this amount for last year's bills.

Councillor Wheaton reported for the Police Committee that \$47.00 had been collected in fines during the month. He stated that the sign boards had not been placed at the entrances to the town, as ordered at a previous meeting, because of the inability of the committee to get them painted.

For the Finance Committee Councillor Shaw reported as follows:

Receipts for month, \$11,364.96.  
Disbursements, \$11,900.54.  
Bank overdraft at August 31st, \$12,800.36.

The following accounts were read and ordered paid:

Maritime Tel & Tel Co. .... \$ 10.85  
Blauvelt & Withrow ..... 15.00  
E. S. Crawley ..... 22.50

Comm. of Municipal Sinking Funds.....	1.90
Middleton Cement Products Co.....	91.41
A. E. Regan.....	70.00
Workmen's Comp. Board.....	64.35
F. S. Crowell.....	3.60
John Crowell.....	1.60
Selina M. Woodman.....	10.00
McAvity & Sons.....	164.80
Wood & Mahaney.....	4.50
C. A. Bentley & Son.....	6.51
Davidson Bros.....	7.80
Aubrey Dakin.....	8.00

A letter was read from Policeman Crowell asking that he be granted a two weeks' vacation. On motion of Councillor Wheaton this was granted.

The Mayor stated that the people living on the upper end of Central Avenue were asking for water and sewer connection. After discussion a resolution was passed to the effect that the water and sewer be put on Central Avenue as far as Mrs. Warren's..

The Mayor reported that he had had a call from Mr. D. R. Munro and that he wished the balance due him on the purchase price of the electric plant, and 6 per cent. interest instead of 5 per cent. A resolution granting him 6 per cent. interest from Jan. 1, 1921, was passed unanimously.

The advisability of deepening the reservoir, now that the water is low, was discussed and the matter left to the Water Committee.

The Mayor stated that the committee in charge of procuring a Victorian Order nurse, which was appointed at a public meeting some months ago, had asked for a public meeting as a nurse was now procurable. It was decided to call a meeting for Sept. 19th or such date as the committee decided.

Councillor Sutherland brought up the matter of revising the town By-laws and thought the work should be started immediately. He considered that a smaller committee than the one appointed could do the work more advantageously. It was therefore moved that a sub-committee consisting of the Mayor, Councillors Sutherland and Cox do the preliminary

## Fire at Annapolis

### Business Section of Town Wiped Out

The most disastrous fire that has occurred in Nova Scotia in many years took place on Wednesday evening when one third of the town of Annapolis Royal was destroyed. Nearly all of the business section is wiped out and all that remains is smoldering ruins. Scores are homeless, the finest businesses have been destroyed, and the property loss will run into figures that may total half a million dollars.

The fire was discovered about five o'clock in the afternoon in the barn at the rear of the Queen Hotel, and is supposed to have caught from a cigarette thrown carelessly away. The fire when discovered was so small that it could have been extinguished with a pail of water. But there was no water. On account of the unprecedented drought the town's water supply had been exhausted for some days. The barn was soon a roaring furnace and the fire spread both east and west with lightning rapidity. A bucket brigade was instantly organized and water carried from the river, only a hundred yards away. Men, women and children did all in their utmost to stem the tide of destruction but it was not until nine o'clock that the fire was got under control.

Starting at the Queen Hotel, the flames swept everything before them in an area extending from the fireproof Royal Bank building, on Victoria Street, to the north-west, to St. Luke's church to the southward, both these buildings being saved. Everything went on both sides of St. James street to within some 200 feet of Railway street, and on the north side of St. Anthony street to within about the same distance of Railway street. Forty buildings were destroyed. Mayor Hardwick has announced that the town will be immediately rebuilt.

work of revising the by-laws. Councillor Sutherland thought that the citizens should be asked to take all precautions possible to prevent the possibility of fire in the town on account of the dry weather and shortage of water. It was finally decided that doggers be circulated cautioning citizens regarding waste of water and lighting of fires.

## Hymeneal

### BRISTOL-STAIRS

St. Andrew's church was the scene of an interesting social event on Wednesday morning when Alice, daughter of Mr. and Mrs. Robert Stairs, was united in marriage to Mr. Wesley Malcom Bristol, of Halifax. The church was prettily decorated for the occasion. The ceremony, which was witnessed by a number of friends, was conducted by Rev. G. W. Miller, pastor of the church. The bride entered the church on the arm of her father, who gave her away. She was attired in a traveling suit, carried a beautiful bouquet of American Beauty roses and was attended by Miss Jean Wright, who was dressed in white organdie and carried a bouquet of sweet peas. The ushers were Messrs. Austen Chute and Reginald Black. Immediately after the ceremony the happy couple motored to Port Williams station where they they took the train for Digby where they will remain for a few days, and from there will proceed to Quebec, their future home.

### COLDWELL-FREEMAN

An event of much interest to Wolfville people occurred here on Wednesday evening at eight o'clock, when Mrs. Elizabeth Crandall Freeman, formerly of Bridgewater, was united in marriage to Mr. P. A. Coldwell, of Washington, D. C. The ceremony, which took place at the residence of Dr. and Mrs. Leslie Eaton, was performed by Rev. D. W. Crandall, father of the bride, in the presence of the immediate relatives. The bride looked unusually charming in a brown suit of velvet and beaver with feather hat and corsage bouquet of orphelia roses. Mr. and Mrs. Coldwell are well known in this town having spent their youth here and are both graduates of Acadia. They will reside in Washington where Mr. Coldwell holds a responsible position in the Finance office of the War Department.

The congregation of St. Andrew's church last Sunday morning listened to a masterly sermon by Rev. Douglas Hemmison, the subject being, "The Lost Opportunities of Friendship". Mrs. W. D. Withrow sang a solo which was greatly enjoyed.

## Interesting Tennis

### Wolfville Players Have Tournament With Halifax Stars

Some splendid tennis was played on the College courts on Wednesday afternoon when the Wolfville players held a tournament with a party of visiting players consisting of Dr. and Mrs. Garfield McDonald, of New Glasgow, and A. C. Wiswell, Major C. R. Grant, Mr. Wainwright, Miss Winnie McPartridge, Miss Mary Currie and Mrs. F. V. Woodbury, of Halifax. Seven events were played, the visitors winning six and Wolfville one. The games were all keenly contested and all but two events went to three sets. The local players made a fine showing against the visitors who are some of the best players in the province. The results of the different events were as follows:

Mr. Wainwright and Miss McPartridge defeated Dr. deWitt and Miss Keirstead, 2-6, 6-4, 6-4.

A. C. Wiswell and Miss Currie defeated R. W. Tufts and Miss M. DeWitt, 6-4, 6-2.

Dr. McDonald and Mrs. Woodbury defeated A. Chute and Miss Chute, 14-12, 6-2.

A. C. Wiswell and Major Grant defeated Dr. deWitt and R. W. Tufts, 1-6, 6-4, 6-3.

Dr. Leslie Eaton and M. Beardsley defeated Dr. McDonald and Mr. Wainwright, 3-6, 6-4, 6-3.

Major Grant and A. C. Wiswell defeated Dr. Eaton and M. Beardsley, 2-6, 6-1, 6-2.

Mrs. Woodbury and Miss Currie defeated Miss Keirstead and Miss Chute, 6-4, 1-6, 6-2.

### BOY SCOUT NOTES

The regular Friday evening meetings of the Boy Scouts will be resumed this evening at 7 o'clock. Plans will be made and Patrols organized for the season's work. The Annual Entertainment, which must be held in the near future, will also be discussed.

Mrs. W. M. Black has sold her Evangeline Beach property to Mr. F. H. Manning, of Falmouth. We understand the price was in the neighborhood of \$6000.

## Daughters of the Empire

A General Meeting of Sir Robert Borden Chapter, I. O. D. E., was held in the Parish Hall, Tuesday, September 6th.

The business presented by the Executive (meeting August 30th) was ratified.

On motion of Mrs. Crawley, seconded by Mrs. Creighton, a committee was appointed (with power to extend) to assist the Town Committee for Victorian Order Nurse in making arrangements for the nurse expected in October. The Committee consists of the following ladies: Mrs. M. R. Elliott, Mrs. E. S. Crawley, Mrs. C. M. Vaughan, Mrs. A. B. Balcom.

On motion, The War Memorial Scholarship Fund question was held over for the October meeting.

Interesting plans for Future Activities were discussed for which committees will be formed in October.

Members will kindly observe that the next General Meeting of the Chapter will take place Tuesday, October 4th, in the Parish Hall, at 3.30 o'clock.

### ACADIA SEMINARY NOTES

The Seminary opened Wednesday of this week. A large number of girls have presented themselves for registration and both buildings will be filled. Pupils have come already from all parts of the Maritime Provinces, from Quebec, Maine, New York and some are registered from Philadelphia.

The Teaching Staff is exceptionally strong. The large number of pupils registering in the Conservatory makes it necessary to add to the staff. Watch for announcement next week.

A Class in Pianoforte taught by Senior Pupils under Mr. Marsh's direction will be organized. For times and terms consult Mr. Marsh Frank, Jr. at the Seminary.

The Presbyterian Synod of the Maritime Provinces meets this year in Fort Massey Church, Halifax, on September 13th. The retiring Moderator is Prof. J. W. Falconer, of Pine Hill College, but in his absence his sermon will be read by the Clerk, Dr. Thomas Stewart. The election of a new Moderator is the first item of business. Among the names freely mentioned are Rev. Dr. Foote, a missionary on furlough from Korea, and Rev. Christopher Munroe, of Hopewell, Pictou Co.

# TIP TOP TAILORS

## Canada's Largest One Price Tailors

Expert Designers will be in Wolfville

# Monday, Tuesday and Wednesday, September 12-13-14

to give special attention to Customers and Take Orders.

**SUITS and OVERCOATS**  
MADE TO MEASURE  
MADE TO FIT  
MADE TO SATISFY  
OR MONEY REFUNDED

# \$24

All our Suits are strictly custom made to your measure not ready-made or semi-ready. We give you a hand tailored garment at our one standard price of \$24.

There is a reason why we can sell so cheap and others can't. Everybody knows all raw materials in the past seven months have dropped almost one hundred per cent. TIP TOP TAILORS buying experts predicted this large slump many months before it came, and cleared out all their high priced materials. What has been the result? We are now buying on downward markets from the best British Woollen houses who are loaded with stock and are looking for large quantity buyers.

Our large buying power in connection with our chain of one price stores from coast to coast and our factory which employs almost 1000 men eliminates all middle man's profits which leaves only two profits yours and ours. So why pay high prices for clothes to the merchant that still has the high priced goods on his shelves and has to get 20 to 25 dollars more on a suit than present prices.

Be on hand early. Doors open 8.30 a. m.

Do not forget the dates, September 12--13--14.

REPRESENTED BY **A. E. REGAN,** CUSTOM TAILOR

WIPED OUT IN SHORT TIME

WASHINGTON, Aug. 16.—(United Press.)—Federal Prohibition Commissioner Haynes today predicted that bootlegging will be wiped out throughout the United States within a "very short period." "The bootleggers will be in jails," he said to the United Press.

Haynes isn't worried, he emphasized, at the activity of smugglers bringing liquor across the border from Canada. Neither does he believe the smugglers trying to land liquor at night along the Atlantic Coast, are successful in great measure.

"Picturesque stories can and are being written by the activities of what the reporters call 'run runners,' he said. "But the truth is that prohibition now is pretty tight throughout the United States, considering that enforcing the Volstead Law involves helping the American people put across the most gigantic moral reform ever attempted.

"Prohibition thus far has been wonderfully successful. No one can deny this statement, and in making it I am perfectly aware that it is sometimes not difficult to buy what passes for liquor in violation of the law. Nevertheless those who believe in and are helping to enforce the prohibition laws are justified in feeling the glow of satisfaction that comes to be more and more inspiring as time passes.

"The enforcement of prohibition depends upon educating some sections of the United States up to American ideals. The great central west is a unit behind prohibition. In some cities, however, that element of the population which is of foreign blood is not squarely behind the law. This was to be expected. These elements are trying to foreignize America. This must be stopped if we are to have vigorous law enforcement. We must Americanize these foreign elements."—Ex.

What One of the Best Known Travelers in Canada Says.

"Now I am going to give you an unsolicited testimonial as they say in the patent medicine advertising. Heretofore I have had a profound contempt for patent medicines, particularly so-called liniments. Perhaps this is due to the reason that I have been blessed with a sturdy constitution, and have never been ill a day in my life. One day last fall after a hard day's tramp in the slush of Montreal, I developed a severe pain in my legs and of course like a man who has never had anything wrong with him physically, I complained rather boisterously. The good little wife says: "I will rub them with some liniment I have." "Go ahead," I said, just to humor her. "Well, in she comes with a bottle of Minard's Liniment and gets busy. Believe me the pain disappeared a few minutes after, and you can tell the world I said so."  
(Signed) FRANK E. JOHNS, Montreal.

BIRDS SHOULD BE PROTECTED

Their Worth Becoming More Recognized By Farmers.

It may appear startling, but it is a fact that if all the insect pests ravaging our crops could be suppressed, and all the plant and tree diseases eradicated, and the increased revenue derived by the country thereby could be turned into the Dominion Treasury, there would need be no question of taxation. This idea is largely substantiated by the fact set forth by the Entomologist of the Dominion Department of Agriculture that a conservative estimate of the annual loss in Canada to field, orchard and garden crops due to destructive insects is upwards of \$200,000,000. As our authority says: "To this huge devastation must be added the enormous annual destruction caused by forest insects, etc." Upon this statement the entomologist founds a well-sustained argument in favor of the protection of the insectivorous birds, such as the prairie horned-lark, the robin, the somewhat despised crow, the red-breasted Nuthatch, the western tanager, the myrtle warbler, the chickadee, grouse, gulls, and many other kinds.

In the state of Iowa it has been estimated that tree sparrows annually devour something like 895 tons of weed seeds! Speaking of the robin, an investigator in Toronto found that a single bird kept in confinement ate 165 cutworms in one day. Another authority states that a brood of prairie horned-larks consumed 400 cutworms in one day. This same authority, namely Mr. Norman Cridder, Dominion Entomologist in Manitoba, declares that six crows are capable of consuming three bushels of grasshoppers in one season.

It is recorded that in certain places in Manitoba areas of growing grain have been saved from destruction by the pestilent grasshoppers owing to the presence of large flocks of gulls. In light of these facts it is gratifying to be informed by the Dominion Entomologist, Mr. Arthur Gibson, to wit, that the importance of protecting our useful birds is becoming more and more recognized by farmers and fruit growers.

FOREST FIRES BURN THE FUTURE

Every good citizen should know what forests mean to Canada, to his province, and to his very home; and that every fire that burns in the forests is a detriment to the progress of civilization. Every boy and girl should have instilled into their minds the untold damage that may result from carelessness with fire in the woods. In destroying the forests we are not only damaging the present, but are literally burning up the future.

Blood and Nerves

To Purify the Blood, To Strengthen the Nerve Redmac is Guaranteed

If your blood is thick and impure you will soon know it. Your face becomes covered with pimples and blotches, your back covered with spots. If your nerves are shattered you are nervous, irritable, easily annoyed, and will eventually become run down and the whole nervous system a wreck. Redmac, the most wonderful of all Tonics made from Herbs, Roots and Barks, will fix you up in a short time. It is the latest and most wonderful Tonic ever offered to the Public. The nerves are made strong and healthy. The Blood purified and made pure. Sold by one druggist in every Town. For sale in Wolfville by Rands Drug Store.

A NECESSITY OF BUSINESS.

The absolute necessity for large department stores to use big space in the papers is one of the important factors in the newsprint market.

For a time some of the larger stores had thought they could reduce expenses by cutting down their regular daily space. When they did they found that sales also had a knack of falling off and without exception they were forced back to the big space policy. These days the house wife is looking for bargains and is doing her shopping where she finds sales well advertised.—Financial Times.

EYE OPENERS

A man who was fairly old got married and one of his friends who was surprised at the fact, said to him, "Why how does it happen that you are taking a wife at this late date?" "Oh," he replied, "I thought it would be a nice thing for me to have someone standing by me to close my eyes when I pass out, so I took to myself a wife." "My dear man," replied his friend, "you have made a great mistake. I married two women and they both opened my eyes."

The breakfast food barons have been at it quite a while, but to our way of thinking they haven't produced anything to take the place of ham and eggs.

Minard's Liniment used by Physicians

RUSSIA IN CANADA

That the Soviet has been re-organized in Canada and the United States and is actually stronger and more aggressive, though less heard of it in the public press is the statement of a Toronto contemporary, which says further:

This is explained by Article IV., Section I. of the Constitution of the Communist Party of Canada, which proves that "it is an underground, illegal organization. It is highly centralized, with a convention as its supreme body and a central executive committee acting as such between conventions."

It has been re-organized in Canada on instructions of the Third Internationale, Moscow, working under instructions from Berlin through New York. It has laid down a program of "mass action in Canada as a vital form of proletarian activity leading to armed insurrection, and civil war, as the decisive, final form of mass action for the destruction of the capitalists; proletarian dictatorship in the form of Soviet power as a lever of the Communist Reconstruction of society." It is to-day strongest in the districts between Toronto and London. The aim at present is to promote as much unemployment as possible. It is creating the impression in the Unions that there will be great distress this winter, that workers will be hungry and that therefore they will riot. Magnetic speakers are being brought out. Agents have been visiting various labor unions and listening to the speakers.

Lists of men and women most successful in inflaming the crowd are being made up, and they are being tested, and those who can be trusted are employed to prevent wage agreements, to suggest seizure of industries, to urge strikes. The Niagara Falls district is seething with them. The real leaders do not appear. They pull the wires. Certain newspapers and Trade Unionists are doing their bidding. Reputable newspapers sometimes unconsciously help to spread their propaganda.

**SOAKING POOR OLD DAD**

**Nova Scotia School Books Make Big Advance in Price This Year**

(Sydney Record)  
The cost of school books in Nova Scotia has jumped from 50 to 100 per cent this year. In the case of some individual books the increase amounts to 500 percent!  
Consider the common school series of readers, for instance. With the exception of the old No. 4 reader—which serves for grades seven and eight—the entire series of readers used last year has been superseded, so that new books must be purchased this year. The primer for grade one, which cost six cents last year, has been supplanted by Atlantic Reader number one, which costs 30 cents. No. 1 reader old series, which cost eight cents, is replaced by No. 2 new series at 40 cents. No. 2 reader old series, which cost 11 cents and served for two grades (three and four) is replaced by two books, Nos. 3 and 4 of the new series, which cost together \$1.00. There is considerable difference between 11 cents and \$1.10. The same thing is true of the old No. 3 reader which served for grades four and five and is replaced by a separate reader for each grade. The old No. 3 reader cost 16 cents, the new books cost \$1.20.

Apart from the questionable necessity for new readers in this difficult year, is the further fact that the series was printed by Thomas Nelson and Sons at their works in Great Britain. Whether this fact contributed to the price or not is unknown, but it seems that there might have been some Canadian firm capable of handling the contract in Canada.

As a matter of fact, the contract for the old series reader No. 4 which as already stated, is still in use this year for grades seven and eight, was given to a Canadian firm. The No. 4 reader bears the imprint of the T. Eaton Co. and sells for 18 cents.

General advance in prices is not confined to the series of readers used in the common schools however. Practically every book used in the high school grades has advanced in price. The English Composition, formerly 18 cents is now 60 cents; the High School Latin, formerly 60 is now \$1.00; the High School Algebra formerly 50 cents is now \$1.00; the High School History of England has advanced from 65 cents to \$1.20, and every other book in the list partakes to a greater or less degree in the same increase of prices.

Even our friend the grammar, has advanced from 30 to 45 cents, while the Junior has jumped from 75 cents to \$1.00. It is difficult to understand why this extensive increase in price should be necessary, particularly in a great many instances where the texts for which higher prices are being charged this year, are precisely the same texts sold for less, last summer. It also seems unfortunate that the necessity for complete new issue of common school readers at greatly advanced prices, was thought to exist in a year when economy is being impressed upon everyone as the desirable virtue.

A table showing the relative cost of books required for grade six in the common school, and grade ten in the high school this year and last, is given in connection with this article as the most effective method of illustrating exactly what the advance in prices amounts to. Not all the books given in the high school list would be required by any one individual, but they are all prescribed for use in the grade ten curriculum.

In conclusion it might be well to mention that individual booksellers have nothing whatever to do with the price of school books they sell. That price is the same all over the province and is fixed by the Nova Scotia School Book Bureau at Halifax.

Herewith is given a list of the required books in a typical common school grade with the prices of last year and this year contrasted. The complete cost of books for Grade 6 is over 96 per cent higher than last year, and the price of Grade 10 books is over 61 per cent higher than last year. These are fair samples of conditions which apply to all other common and high school grades:

Grade 6		1920	1921
Reader	16	60	
Speller	22	45	
Arithmetic	18	65	
Brief History England	20	25	
Junior Geography	75	1.00	
Health Reader	20	65	
Brief History Canada	35	45	
<b>Totals</b>		<b>2.06</b>	<b>4.05</b>
Grade 10		1920	1921
H. S. Reader	16	60	
Tale of Two Cities	40	40	
Julius Caesar	31		
H. S. Composition	49	60	
Speller	22	45	
H. S. Latin	60	1.00	
1st Greek	1.25	1.80	
French Grammar	60	80	
French Reader	50	90	
German Grammar	1.15	1.80	
Acad. Arithmetic	40	60	
H. S. Algebra	50	1.00	
H. S. Geometry	50	80	
Elem. Physics	75	80	
History England	65	1.20	
<b>Totals</b>		<b>8.05</b>	<b>13.00</b>

Keep Minard's Liniment in the house.

**AUTOMOBILE TIRES**

**Each Auto Tire Is as Strong as Weakest Point—What Motorist May Expect**

What may a motorist expect from his tires? No question seems less understood among car owners. Men are no longer content with the old-time service, but demand a new criterion as standard tire mileage increases.

A tire is no stronger than its weakest part, so the object of every tire manufacturer with an interest in his product is to build a perfectly balanced tire. It is not enough that the raw products be of maximum strength and quality. Balanced construction is of first importance.

Strong treads are useless, with a weaker carcass. There is no object in the side walls enduring after the carcass is gone. The same is true of the tread and of the breaker strip imbedded in cushion gum. An overamount of material going into any one part means not only increased cost without increased efficiency, but the weakening of the whole.

A tire under normal air pressure and load will perform a specific amount of work. The same tire under abnormal conditions of overload or under-inflation will in all probability perform the same work but for a much shorter period. Excessive strain on certain parts wear them out more rapidly. Service rather than mileage is the gauge of tire excellence.

Mileage is only a condition in a tire and is controlled in large part by care or abuses. In it road conditions are important. But service is what is built into the tire. From standard tires a motorist may expect excellent service. From "gyp" tires—so-called bargain tires—he usually gets what he pays for. In a large measure he determines his own mileage by the condition under which he uses his tires.

**THREE REUNITED AFTER PARTING OF FORTY-TWO YEARS**

(From the Long Beach (Cal.) Press.)  
It was forty-two years ago that R. A. Davison, Mrs. Rebecca Redden and H. L. Davison parted in the village of Gaspereau, Nova Scotia, the town made famous by Longfellow, the scene of Evangeline plighting her troth to Basil. Today at the Lane apartments, marked the first gathering of the three since 1879. The story runs about like this:

In the early part of December, 1879, a farewell party was given by the family of R. A. Davison, whose mining inclinations carried him to Leadville, Colorado. From that time until this morning, the three remaining members of the family have been separated. During the intervening years, Mr. Davison has followed the mining industry in many states but for twenty years was associated with the Copper Queen Company in Bisbee, Arizona, from whom he is now receiving a pension.

Mrs. Redden, the next member of the family to leave the old homestead, settled in Manchester, N. H. where she married in 1886. Mr. Redden's interests brought the couple to Manhattan, Kan. where farming was followed until a few months ago when Mr. Redden died. Interest in the farm passed from Mrs. Redden and as soon as arrangements were completed she came to California.

H. L. Davison, the last of the group to learn the fates offered travellers in foreign parts, was the first to reach the Pacific shores after a lengthy stay in Silver Creek, Colorado. He arrived here on his initial visit in April, 1907. At present he is proprietor of the Lane apartments.

After summing up the important happenings since their last meeting, the trio stated their intentions to make Long Beach their permanent home.

Minard's Liniment Lumberman's Friend.

**Mail Contract**

SEPARATE SEALED TENDERS, addressed to the Postmaster General, will be received at Ottawa until noon, on Friday, the 23rd September, 1921 for the conveyance of His Majesty's Mails, six times per week, over the CANNING NO. 2 RURAL MAIL ROUTE under a proposed contract for four years commencing at the Postmaster General's pleasure, and six times per week over the KENTVILLE NO. 3 RURAL MAIL ROUTE under a proposed contract for our years dating from the 1st January, next. Printed notices containing further information as to conditions of proposed Contracts may be seen and blank forms of Tender may be obtained at the Post Offices of Canning and Kentville, and at the office of the undersigned.

G. W. BAINES.  
Main St., East End.  
Wolfville.

**CANADA-U.S. EXCHANGE**

The subject of the seemingly complex question of the discount put upon Canadian money by United States bankers is treated by The Toronto Globe in a way that the layman can readily comprehend, and will read with interest.

The Globe points out that in the year 1920-1921 the balance of trade between Canada and the United States was adverse to Canada by approximately \$265,000,000, with the Canadian dollar at a discount in the United States; while in the year 1912 the like adverse balance of trade was \$297,000,000 with Canadian funds worth par in the United States; and proceeding to explain that "the theory is that the adverse rate of exchange against Canada is caused by the adverse balance of trade," it concludes that these figures prove that "there must be another reason for the slight which our dollar suffers."

It is with becoming humility that we suggest to explain that "the theory is that the adverse rate of exchange against Canada is NOT that it is caused by the adverse balance of trade, but that it is caused by the Canadian suspension of specie payment in the international settlements involved. In 1912, the settlements of the adverse balance of trade were effected, when necessary, by the shipment of gold at the comparatively small cost of freight and insurance; but now, when gold shipments are suspended for ordinary commercial purposes, American exporters must sell their Bills of Exchange of Canada for what they will bring, and the resultant fluctuations in the market price of such, depend, of course, upon the amount of the offerings from time to time. The law of supply and demand—when not artificially restrained—regulates the fluctuations of such price. If gold shipments were resumed tomorrow, the Canadian dollar would immediately rise to par in the United States, subject only to the cost of shipment. And, even without the resumption of gold payments, if equality of current international indebtedness were established tomorrow between Canada and the United States, the Canadian dollar would immediately rise to par in that country.

Speaking of dancing, would it not really have been better for mankind if the man who first started substituting these animal gallops and other modern antics for the graceful and modest dances of the good old days, had been taken out and shot in the cold, gray dawn?

**CANADA'S WATERWAYS**

(From the London Morning Post.)

The average Britisher has little idea of the vastness of Canada, and it would probably astonish him that it is twice as large as was the area of the Roman Empire at its largest—if Gibbons' estimate is correct. When Lord-Emmott returned from a visit to Canada he told the Royal Colonial Institute that what had impressed him the most in the Dominion was the magnificent waterways. "When one stands by the river at Ottawa," he said, "some hundreds of miles from the mouth of the St. Lawrence, and is told that the source of what is merely a branch of that great river is 1,000 miles distant; when one steams for almost two whole days on those vast inland seas between Port McNicoll and Port Arthur, one begins to understand what an outstanding feature the great water system of Canada is."

**PLANTING FRUITS IN FALL**

Of all fruit trees, only apples should be planted in the fall, and even with the apple, spring planting is equally satisfactory, according to the Department of Horticulture at the Ohio Experimental Station. Cherry and peach trees planted in the fall are quite likely to be killed or injured by winter freezing.

Trees set in the fall do not have a chance to become established, and hence are much more liable to winter injury than trees that have passed through one growing season. It is also pointed out that there is not much advantage in fall planting over spring planting, for the trees may be heeled in a nursery row and kept in good shape during winter time.

"Oh, fashion! What shines are permitted in thy name!"

**NOTICE**

All persons having legal demands against the estate of Frederick H. Christie, late of Wolfville, in the County of Kings, painter, deceased, are requested to render same, duly attested, within twelve months from the date hereof; and all persons indebted to said estate are requested to make immediate payment to the undersigned.

CHRISTINA CHRISTIE, Administratrix.

Letters of administration granted by the Court of Probate at Kentville, August 8, 1921.  
Dated at Wolfville, County of Kings, August 8, 1921.

**NEPONSET ROOFS**

**Buy the Roofing the Railroads Use**

The railroads use Neponset Paroid Roofing because it gives them the longest and best service at the lowest possible cost per year. They use it on every kind of building—close to tracks, where sparks fly, because it is fire-safe.

**NEPONSET Paroid ROOFING**

defies time and wear because of its weatherproof surface. Colors, red, green, grey. It keeps out rain and moisture because it is impregnated with waterproof asphalt. Make that new roof for your factory or farm building Neponset Paroid and get the best satisfaction that a roof can give.

**THE ACADIAN**

(Established 1883)

Published at Wolfville, N. S., every Friday by  
**DAVIDSON BROS., Printers and Publishers**  
Members of the Canadian Weekly Newspaper Association.

**Subscription Rates**—In British Empire, in advance, \$2.00 per year. To U. S. A. and other countries \$2.50 per year.

**Advertising Rate Cards** and information respecting territory and samples of paper mailed upon request, or may be seen at the office of any advertising agency recognized by the Canadian Weekly Newspaper Association.

**Advertisers** must have copy in by Tuesday noon in order to insure changes for standing advertisements. New display advertising copy can be accepted one day later.

**Correspondence**—Letters addressed to the Editor and intended for publication must be short and legibly written on one side of the paper only. The longer an article, the shorter its chance of insertion. All communications must bear the name of the writer, not necessarily for publication. The publication or rejection of articles is a matter entirely in the discretion of the Editor. No responsibility is assumed by the paper for the opinions expressed by correspondents.

**Editorial Notes**

During this unprecedented period of drought the citizens of Wolfville should be most careful with regard to fires. No out door fires should be lighted as a stray spark might do untold damage when everything is so dry. In some parts of the Valley people will not leave their houses for fear of a fire breaking out. The fire in Annapolis Royal is thought to have started from a cigarette butt thrown carelessly away and think of what a terrible conflagration followed. We cannot be too careful. While we are more fortunate than some places as regards our water supply, the water in the reservoir is **gradually lowering** and, in case of a large fire, would not last long. We must therefore use the water sparingly and see that it is not wasted needlessly. We therefore caution everyone—do not waste water and be careful of fires. Remember Annapolis!

THE ACADIAN desires to be distinctly understood as in no case wishing to embarrass or unduly find fault with the Town Council in the suggestions made from time to time in these columns. Our motive is to the utmost of our ability to render to the council such assistance as will tend to make their work of greater efficiency and more easily accomplished. We realize that the members of the Council are busy men whose private occupations require a very large share of their time and energy. They have, however, undertaken the conduct of civic activities and the public naturally looks to them for the careful direction of public affairs so far as this town is concerned. THE ACADIAN seeks first of all to make the duties of the Council as easy and effective as possible. We have no desire to knock but rather to boost the Council in any project tending toward an economical administration of town affairs. From time to time matters suggest themselves to us which we consider to be of public interest. These we gladly pass on to the consideration of the Council and public generally. We trust that

they may be accepted in the same spirit in which they are offered. If they are deemed of sufficient value to merit adoption we shall be pleased. If in any manner we are able to promote the town's interest and make Wolfville a happier or more prosperous community we shall be well pleased.

While spending a few days recently in Windsor the writer noticed their method of notifying the public when it is required to shut off the domestic water supply on account of necessary repairs to the system or for any other purpose. Several shrill blasts of a steam whistle warned the citizens of the fact and enabled them to provide against the coming drought. Everybody appeared to understand the situation and the minimum of inconvenience was thus experienced. This is a matter which has never been properly provided for in Wolfville. When on a recent occasion it was necessary to shut off the water in Wolfville on account of the breakage of the pipe on Main street—no notice was given to citizens with the result that in many cases households were unable to secure the regular daily supply. This was not the fault of the superintendent—but of the system which apparently provides for no such emergency. At such a time the superintendent is fully occupied with the work in hand and should not be required to look after work which would be merely a matter of routine. It is up to the Council or Water Committee to devise a system that will guard against future confusion in such matters.

**THE DANGEROUS CIGARETTE**

(From the Ottawa Journal.)  
The man who drops a lighted cigarette or cigar end without stopping to extinguish its fire any place where there is a possibility of its doing damage is guilty of deliberate carelessness. It is believed that the dropping of a cigarette butt on a rug caused the fire which has done damage to the extent of several thousand dollars to the great steamship Mauretania. If such was the cause, the person who dropped the cigarette was not ignorant of the fact that he dropped it. He either threw it away or it fell from his grip. In either case he knew where it went. It would have been work of a second to have extinguished its fire.

**MAE EDWARDS PLAYERS COMING TO OPERA HOUSE**

The Mae Edwards Players, with Mae Edwards herself in the leading role, will open a two nights' engagement at the Opera House on Thursday next. This company will present high class plays and vaudeville and for the opening play they have selected the big three act comedy drama "The Call of the Heart". They will change their play and vaudeville nightly. As a special feature the management of the Mae Edwards Players has gone to great expense this season in securing a super-vaudeville attraction. The act of the "Great Heverly," Phytic Seer and Crystal Gazer, in his wonderful exhibition of mentalism, is alone worth the price of admission. The Great Heverly came direct from a long run at the Lyric Theatre, Buffalo, N. Y.

So secure your seats early as they will be in big demand. Seats now on sale.

**A BEGINNER'S CLASS IN VIOLIN**

The advantage of starting this instrument at an early age cannot be over emphasized as technique is only acquired with great difficulty later (in proof of this the Brussels Conservatoire will not accept a violin beginner over 7 years of age).

A daily class for musical children of 6, 7 and 8 years will be started shortly at the Seminary, which while helping each child in general musical knowledge will enable parents to decide whether their children's talent is enough to warrant their continuing the violin later as a solo subject. For particulars, consult Mr. Frank Marsh, Jr. at the Seminary.

The heavy shower of rain Wednesday morning was greatly welcomed after the long drought we have had. The country needs many such showers however.

Some girls are pretty and some are pretty artificial.

The first shipment of Ladies' FALL COATS received. Made in New Styles and New Shades, at very reasonable prices.

### Items of Local Interest

Labor Day passed off quietly in Wolfville.

We beg to suggest to the town authorities that it would be wise to remove the burdocks from the sides of the streets before they go to seed.

At the regular meeting of the School Board on Tuesday evening it was decided to engage another teacher to take charge of the overflow from grades 3, 4, 5 and 6, these departments being very much over crowded.

**PLOWING DEEPER FOR BUSINESS** with the Edison Rotary Mimeograph. Intensive cultivation with a modern business implement. The ONLY method for duplicate circularizing. A. Milne-Fraser, 157 Hollis St., Halifax, N.S.

The corner stone of the first church erected by the union of Presbyterian and Methodist congregations in the Annapolis Valley was laid at Woodville yesterday afternoon by Lieut.-Governor Grant. Among the speakers were Rev. Principal McKinnon, of Halifax, and Rev. Douglas Hemmeon, of Wolfville.

Dr. W. A. Coit was badly injured in the chest Monday at Berwick when his auto came in collision with another car and his two children who were with him received severe bruises. Owing to the thick smoke of fires that are burning in the neighborhood he was unable to see the approaching car, and the accident was unavoidable. Both cars suffered considerable damage.

A party of young people, numbering twenty-two, enjoyed a straw ride to Evangeline Beach on Monday evening. Upon arrival at the beach a fire was kindled and a liberal quantity of corn boiled and soon consumed. A few of the party had musical instruments and songs were sung around the camp-fire, followed by dancing and games. About eleven o'clock cheers were given for Miss Helen and Mr. Burt Schurman who had so successfully made all arrangements, and the party started for home, the return journey being enjoyed in spite of the springless wagons and dusty state of the roads.

A very enjoyable organ recital was given in the Canard Baptist church on Sunday evening last by Ralph Arthur Harris, organist and choir leader of the Church of the Redeemer, New York. He was assisted by Miss Florence Price, teacher of Expression at Bethel Institute, St. Paul, Minn.; Miss Evelyn Smallman and Miss Leah Whidden, teachers of Expression at Acadia Seminary; and Mrs. Bowser, soprano, of Sheffield Mills. Mr. Harris, who has won high honors in the musical world, being a gold medalist graduate of Guilford Organ School, United States, has been spending his vacation with his parents, Mr. and Mrs. W. W. Harris, Sheffield Mills. He is a graduate of Acadia University and has many friends in Wolfville.

A disastrous motor accident occurred yesterday morning at Willow Hollow, at the western end of the town. Mr. G. W. Munro, accompanied by Mrs. Munro, Mrs. D. R. Munro and Miss Gladys Vaughan, was proceeding through the Hollow when a car which was ahead of him stopped suddenly, the driver wishing to speak to a man in a passing carriage. The two vehicles so filled the road that Mr. Munro had to turn out to pass. There was not room enough, however, and the car turned partly over bringing up against a telephone post which was broken off. Mr. Munro had a rib broken but the others of the party escaped without even a scratch. If the auto had not struck the post, however, it would probably have turned over and all would have been severely injured.

### Coming Events

Notices under this heading are inserted at 10 cents a line. Each repeat, 5 cent a line; minimum charge, 30 cents. Contract rates on application.

Hon. W. L. McKenzie King will speak at Windsor on Sept. 29th and Kentville on Oct. 4th.

The regular Monthly Meeting of the G. W. V. A. will be held in the Club Room on Tuesday evening next. All members are urged to be present. At this meeting a list will be on exhibition of those who have contributed to the Memorial Fund, also those who have been canvassed by the committee but have been unwilling to contribute. This latter list has five names only.

### LADIES BRIDGE CLUB PICNIC

THE ACADIAN last week neglected to make mention of the very pleasant picnic and outing held on August 26th by the members of the Ladies Bridge Club. This, which proved to be one of the most delightful functions of the season, was held on the grounds of Mr. H. D. Johnson, at Greenwich, and was attended by most of the ladies who have participated during the past year in the social activities of the club. The spot selected is one of the most beautiful in this section overlooking the miniature lake with the spacious home and farm building and gardens in the background. Mr. and Mrs. Johnson did their utmost to assist in the success of the outing and add to the comfort and pleasure of the picnicers.

The beautiful viands which Wolfville ladies know so well how to prepare presented a most inviting spread and were done ample justice to by the party which included a few favored members of the male sex.

In the evening the ladies with their husbands were invited to the hospitable home of Mr. and Mrs. E. H. Johnson, where card playing and other amusements were indulged in until a late hour, when dainty refreshments were served by the hostess and a most enjoyable occasion came to an end.

### GASPEREAU NOTES

Rev. W. C. Machum supplied the pulpit on Sunday evening last. Mr. Machum gave an interesting address to the young people.

We are glad to hear that Miss Dorothy Schofield and Mr. Bruce Coldwell were successful in obtaining their "D" certificate.

Mr. Carl Swigger and Miss Norma Swigger, of Halifax, who have been visiting Mr. and Mrs. A. H. Coldwell, have returned home.

Mrs. Phebe Coldwell, of Hantsport, has been visiting friends and relatives at Newtonville and Gasperau.

Mrs. Charles Van Buskirk and her two sons, of U. S. A., are visiting Mrs. P. J. Gertridg.

Mr. and Mrs. Renford Martin motored from Halifax on Saturday last and spent the week end here.

It is reported that Hon. C. C. Ballantyne, Minister of Marine, has resigned from the Canadian Cabinet.

It is predicted that building costs are likely soon to take a drop. When the costs reach a reasonable level, as they are bound to do eventually, there is every probability that a building boom such as Canada has never before experienced will follow. The scarcity of dwelling houses in cities, towns and villages is becoming more and more marked.

RAND-KIDSTON

A marriage of unusual interest, was solemnized on Wednesday afternoon, August 31, at St. John's Church, Church Street, when Helen Eudora, daughter of Mr. and Mrs. Stephen Kidston, of Church Street, became the bride of Mr. Walter Rand, son of Mr. and Mrs. Perry Rand, of Upper Canada.

MAY SHUT OUT SPORTSMEN.

Authorities Consider Amending Regulations Affecting Forest Reserves

Serious consideration is being given by the administrators of the forest resources in the various provinces to a scheme for excluding the sportsmen from the forest reserves.

Modesty is certainly in the ascendancy. Last year young things wearing smiles. Now they report 'em as wearing smiles and dimples.

THE AVERAGE MAN'S LIFE

The average man at 20 is full of pep and vim, of good looks he has plenty and nothing worries him.

At 25 he's learning that all girls aren't the same; he starts in earnest yearning for some nice gentle dame.

Round 30 he gets wedded, then comes the honeymoon, I hate to think I've said it, but that's the time to "spoon."

At 40 he's the father of three fine kids or more; he hasn't time to bother, his spooning days are over.

At 60 he is failing, he's on the slacks for sure, his rheumatic wailing is awful to endure.

At 70 he's planted in the cemetery square, down his last hike he's slanted, with music soft and rare.

For 50 years and over, he's jostled over this earth, and what's he got to show for more than he had at birth?

A man asked a friend what he considered was the solution of the present industrial chaos.

That the constant drip of water will wear away a stone is true, but it's a slow process. Muscle and a hammer will do it quicker.

KEEP A STIFF UPPER LIP

The Montreal "Star" of August 31, 1921, says:—"Great Britain as well as Canada must face the new American tariff with a stiff upper lip, and take such courses as they think will best protect their own trade and industry against its effects."

Sackville's (N.B.) population is 6,625, an increase of 225 percent over 1911, the largest increase of any of the Canadian towns and cities given in the new list.

**U. S. MOTION PICTURE TAX WILL BE A BLOW**

**At Industry in Canada—Production Costs Lower Here**

(Ottawa Citizen)

The United States proposes placing a 30 per cent. ad valorem duty on all Canadian and other foreign-made motion pictures. This proposal is arousing the keenest controversy, as it means a blow to the Canadian picture industry. The 30 per cent. ad valorem duty is to be based on the value of a picture according to the appraisal of officials of the United States Government.

Such legislation will work a hardship on the industry in this country, because in many instances pictures can be made more economically in Canada than in the United States, especially when the co-operative institutions in Canada assist in the reduction of picture cost. For example, Ralph Connors' story, "The Man From Glenarry," will be made this winter and spring in the logging camps of the Ottawa Valley, and the Canadian Lumbermen's Association has volunteered every assistance in order to produce the most telling effect. Thus the picture when completed, will probably cost less than \$80,000 to produce, whereas in the United States, with every expense to pay, it would exceed \$100,000.

The American government will not accept authentic costs of other countries, but will charge a duty based on what it would cost were the production made in the United States. Thus "The Man From Glenarry" when completed will, in all probability, be taxed between \$30,000 and \$45,000 for the privilege of exhibition in the States. Within the last two years there have been a number of successful Canadian pictures, notably, "Back To God's Country," "The Sky Pilot," "The Foreigner" (to be released under the title "God's Crucible"), "Corporal Cameron" (to be released under the title "Cameron of the Mounted").

To combat this move on the part of the American government, proposals are already being made. There is no reason why Canada cannot occupy a position second to the United States only in the production of pictures. There is greater variety of scenery than can be found in any country. It has long been the aim of certain Canadian business men to establish the industry in Canada. Attempts have been made, but it was not until Ernest Shipman made "Back to God's Country" that success was attained in a Canadian-made production.

If the proposed tariff bill is passed, other countries will probably reply in the same terms and impose taxes on United States products. At the same time, a free trade arrangement with all other countries except the United States would establish a wide-open door to foreign markets, and thus other countries would be only too glad to deal with Canada. A number of exhibitors have expressed themselves favorable to this plan, and to establish among the producing units one or more to be known as Exhibitors' Producing Company. Canadian authors would have an opportunity to develop their abilities, too. Along the lines of this development it is also suggested that a college of instruction be established in Canada, where all branches of the motion picture business could be taught. Mr. Shipman is behind this movement wholeheartedly.

**THEY SAY**

That the great Caruso's master told him at his first singing lesson that his voice sounded "like the wind whistling through the windows."

That rouge and lipsticks, sleeves above the elbow and transparent stockings are now forbidden in the Chicago High School for Girls. Also that 23 other high school principals have drafted rules for the behaviour of their scholars, chewing gum in public, singing ragtime and talking in movies being no longer allowed, neither must they "toddle, rouge or wiggle."

That whatever you do cultivate a spirit of manly independence in doing it. Let your work express yourself. Do your own thinking as far as possible, even when working for another.

That the Japanese dislike being referred to as "Japs." They contend that the British are not referred to as "Brits", nor the Germans as "Gems."

That the real work of any kind includes drudgery in so large a proportion that considerable moral courage is required to carry it to a successful issue.

ROD AND GUN IN CANADA, the popular Canadian sportsman's monthly magazine appears in a new and improved size with its September issue. The many improvements include a larger size of page together with a coated paper that adds considerably to the appearance of the stories and illustrations. This number is rich with stories, articles and anecdotes dealing with wild life in the various parts of the Dominion. The Great Mackenzie Basin is the title of the leading article, which is written by F. H. Kitzo and tells of his 12,000 mile trip from Edmonton north along the Mackenzie through to the Pacific coast and then east to Edmonton. In addition to this article, this number includes thirteen stories and articles together with the usual departments makes an interesting issue of Canada's outdoor monthly. ROD AND GUN IN CANADA is published monthly by W. J. Taylor, Limited, Publishers, Woodstock, Ontario.

**DECREASE OF CANADIAN CATCH**

**Fish Taken on the Atlantic Coast in July 1921 Much Less Than in Same Month in 1920.—Ten Fishermen Drowned.**

OTTAWA, Sept. 2.—A large decrease in the total catch of sea fish on both coasts during the month of July, as compared with the catch in July, 1920, is reported by the Department of Marine and Fisheries. The figures are 654,448 cwts. compared with 904,461 hundredweights with a value of \$2,282,078 as compared with \$4,374,659.

The aggregate catch in cod, haddock, hake and pollock on the Atlantic coast during July was 85,758 cwts. less than for the same month in 1920. Herring also shows a large drop.

In the case of mackerel the catch for July was 5,111 cwts. better than for July of 1920.

The lobster catch since the season opened on November 15, last was 304,149 cwts. while the catch for the similar period last year was 345,454 cwts.

Ten fishermen were drowned while engaged in their work during July, eight on the Atlantic and two on the Pacific.

**SELL MILK IN CUBES.**

In Holland milk is now put up and sold in solid form, being made into little cubes which are readily dissolved in tea, coffee or other fluids, says the Columbus Dispatch.

The milk after removal of the cream, is reduced by heat to dryness, then powdered and mixed with the cream, the materials being pressed into blocks. These milk cubes have the advantage of preserving their freshness for a long time.

They are recommended for use in regions where milk is not easily to be had, and travellers may find it convenient to carry a supply of them.

Once in a while we find intelligent people who think that an editor puts the things he knows into the paper. His main business often is to keep the things he knows out of the paper.

**A LEADER OF BOYS**

(From the Youth's Companion.)  
To be a successful leader of boys a man must live the life that he wants them to live. A boy is critical, suspicious creature, with high ideals and a sense of loyalty; but he has a perception of hypocrisy and insincerity that is uncanny. Most boys have a sense of humor; they like play-acting and jokes, and have a wonderful capacity for getting into scrapes; yet their sense of justice is accurate, and they really like discipline, for it relieves them of responsibility. But it is useless to preach to a boy unless you are ready to back up your courage by your example.

**IN THE LAND OF THRIFT**

(From the Ottawa Citizen.)  
An Ottawa journalistic friend of ours, now visiting his native land, sends us the following from Shieldhill, Strone, Argyleshire:

"There is a pleasing inscription here to the memory of shipwrecked sailors which reads: 'Erected by the humane and generous people of this parish out of part of the money gathered from the pockets of the deceased!'"

Anyone, it seems, can be assured of decent burial over there, if he takes the precaution to go west with sufficient hawbees in his kilts.

The Pastor: "So God has sent you two little brothers, Dolly." Dolly (brightly): "Yes, and he's the only one who knows where the moneys coming from. I heard daddy say so."

**WOMEN AND THE BALLOT**

**It is Estimated That More Than 1,250,000 Will Be Entitled to Vote At Next Election.**

OTTAWA, Sept. 2.—Women of Canada will be out in full voting strength on Dominion election day, when according to an unofficial estimate, more than 1,250,000 will be entitled to cast their ballots.

The same estimate gives the total voting strength of both sexes at approximately 3,000,000. At the last Dominion election approximately two million votes were cast, and of these some 232,000 were soldier votes.

The deficiency between the voting strengths of 1917 and 1921, is accounted for by the fact that in 1917 some thirty constituencies were carried by acclamation and also by the fact that more women will be voting this year.

**Personal Paragraphs**

Miss Maurine Elderkin spent the week end at Port Greville.

Mrs. J. H. MacDonald and Miss Ruth MacDonald are visiting friends in Windsor.

Mr. William Taylor, Jr. left on Saturday for St. John, N. B., to attend the exhibition.

Mr. A. J. Mason left on Tuesday for New York where he will join a musical comedy company.

Mr. Douglas Borden left on Tuesday for Providence, R. I., where he will spend about two months.

Mrs. W. G. Parsons, of Middleton, spent the week end at the home of Mr. and Mrs. F. C. Churchill.

Mr. Fred Mills, of the staff of THE ACADIAN, left Tuesday for Woodstock, N. B. for a week's vacation.

Mr. and Mrs. J. E. Hales and family motored to Milford, Annapolis county, on Sunday for a few days vacation.

Mr. and Mrs. W. L. Archibald and family, who have been spending the summer at Deep Brook, returned home last week.

Mr. and Mrs. Raleigh Bishop have returned from Scott's Bay and are visiting at the home of Dr. and Mrs. H. T. DeWolfe.

Miss Fern Woodman was home from Halifax for the week end and holiday. She was accompanied by her friend, Miss Hunter.

Rev. and Mrs. H. F. Laflamme, who have been spending the summer in Wolfville, left for their home in New York on Monday.

Mr. Fenwick K. Kenney, of Boston, Mass. is spending a ten day vacation with his mother, Mrs. J. K. Kenney, Prospect street.

Miss Anne Grant and her friend Miss Marie Smart spent the week end with friends at Parisboro. Miss Smart left for her home in Newfoundland on Wednesday.

Miss Beatrice Langley arrived from England on Saturday to take up her duties as instructor in violin at Acadia Seminary, and was warmly welcomed by her old friends in Wolfville.

Miss R. Vaughn, who is visiting at the home of her sister, Mrs. W. E. Fielding, of this town, enjoyed a visit from a friend from Quincy, Mass., Mrs. (Rev.) S. Wigglund, on Tuesday, of this week. Mrs. Wigglund is enjoying her first visit to this part of Nova Scotia. She is a guest at the home of her uncle, Mr. Fraser, in Greenwich.

Dr. J. A. Payzant, of Halifax, spent the week end in town.

Miss M. M. Watson is spending a short vacation at Berwick.

Mrs. H. D. Johnson left last Friday to attend the St. John exhibition.

Mrs. E. H. Johnson recently spent a week with friends in Middleton.

Miss Constance Wilson, of Windsor, is the guest of Mr. and Mrs. N. H. Parsons.

Mrs. Sidney Patillo, of Bridgewater, is visiting with Mrs. A. G. Guest, Westwood avenue.

Mr. and Mrs. Robie Tufts motored to Bridgetown on Thursday and will visit Mr. and Mrs. Fay.

Miss Edith Stairs arrived home from Halifax on Saturday to attend her sister's wedding on Tuesday.

Mr. Taylor, of the Bank of Montreal, had as his guest over the week end, his friend Mr. Cooper, of Halifax.

Mr. and Mrs. A. M. Young and Miss Helen had an enjoyable auto trip last week to Truro and New Glasgow.

Miss Dorothy Freeman left this week for Boston, where she will take a course of study during the coming winter.

Misses Mildred and Helen Kolb, who have been visiting at the home of Rev. and Mrs. Howard Bars, left on Saturday for their home in Battle Creek, Mich.

Mrs. R. deW. Archibald and Miss Rosamond Archibald returned home Tuesday from Deep Brook where they have been spending two weeks at the Colonial Arms.

Bridgetown Monitor.—The Misses Hatie and Agie Pierce, of Wolfville, spent a few days very pleasantly at the home of Mr. and Mrs. S. C. Turner, Granville street.

Hants Journal.—Miss Sadie MacGregor, who spent her holidays with her aunt, Mrs. J. F. Harris, left Tuesday for Wolfville to resume her work as teacher in the Collegiate and Business Academy.

Mr. Wadsworth Provandie and Miss Lina Tufts, who have been spending the summer in Wolfville, left on Tuesday, the latter for her home in Boston where she will resume her work as musical instructor, and the former for Louisville, Kentucky, where he is engaged as a vocal teacher.

Bridgetown Monitor.—Mr. Hugh Fowler, of Truro, who has a summer cottage in Hantsport, spent a few days in Bridgetown last week, the guest of his mother and brother. Mr. Fowler has been in the fertilizer business for more than a quarter of a century and has recently returned from Boston, where he was visiting the head office of one of the firms he represents.

**FORMER WOLFVILLE BOY OPENS NEW LAW OFFICE**

This issue of THE ACADIAN contains the card of Mr. H. P. Newcombe, L.L.B., B.C.L., Barrister-at-Law. Mr. Newcombe resides at Canning where he has his office and he has recently taken up new quarters in Kentville for his Kentville office.

Mr. Newcombe is remembered by his many friends in Wolfville for he resided here several years on Acadia Street, obtaining his High School education here. From Wolfville High School he entered Dalhousie Law School where he established a very high record, showing conspicuous ability in constitutional Law and International Law. Beginning his legal training in the office of Sir R. L. Borden, he afterwards associated himself with Mr. W. P. Shaffner, of Kentville, in the firm of Shaffner & Newcombe. For a few years past he has been for a portion of the time in Western Canada for reasons of health. About a year ago he renovated his Canning home and resumed permanent residence in Kings county.

Mr. Newcombe is welcomed in this county by a wide circle of friends.

**SPORT BRIEFS**

The Springhill baseball team defeated Middleton yesterday at Springhill in the first game of the championship series. The score was 18 to 4. It looks like Springhill for the championship.

Hants County won the inter-county cricket championship yesterday at Windsor when they defeated Annapolis county by the score of 84 to 51.

The Windsor cricket team defeated Kentville eleven at Windsor on Monday, the score being 53 to 16 in the first innings. In the second innings Kentville scored 25 and Windsor scored 95 for six wickets. This game makes the Windsor eleven the champions of the Valley Cricket League, with Bridgetown a close second, and Kentville, Wolfville and Annapolis coming in the order named. Wolfville has one more game to play with Kentville. Annapolis forfeited the match which was to have been played here this week.

**CANNING NOTES**

Mr. and Mrs. Hicks (nee Miss Grace Woodworth) are spending several days at S. H. Woodworths.

Wiley Brewster, so many years connected with Eaton & Co here, is spending his vacation with V. B. Eaton. For the past seven years Mr. Brewster has been holding a responsible position in Somerville, Mass.

Mrs. E. C. Wall, widow of the late Rev. E. C. Wall, whose death in New Brunswick saddened many hearts in this part of Kings, is visiting with Mrs. Coalfeet and Mrs. J. E. Bigelow.

**Marking Boxes**

We make stencils for apple growers, fish packers, and all who make shipments that should be marked clearly and at small cost. We've been first in the field since 1881. State whether wanted for box or barrel, size and wording and we'll ship at once.

CLARINE SEYMOUR IN D.W. GRIFFITH'S 'THE IDOL DANCER'

There's many a smile and hearty laugh in it

**"The Idol Dancer"**

Is a wondrous play of love and adventure such as only

**GRIFFITH, the Master**

may reveal in all its beauty, strength and excitement

COME to the far-away tropics, to the glistening isles of the South Seas, to lands of exotic beauty where dwell a people apart, fugitive from all the lands of the earth.

Here is the port of the missing---where hide the rebellious, the out-cast, the heathen. Here lenient nature harbors her slackers, feeds them the poison of idleness that their passions and sloth may destroy them and rid the world of their kind.

Radiant among the strange rabble of beachcombers, rogues and deserters, of blackbirders, cannibals, missionaries, is Mary, "The Idol Dancer"---beauteous child of the sun, plaything of the sea. Strange gods she worships---forbidden the homes of the righteous because of the lack of her raiment, whisp of tropic grass, beads, and a leaf of the fig.

A beauteous hoyden is Mary, tender, caressful, loving or hating like the dove or the hawk. Despising the mission girls, capering, dancing, wildly dancing---flashing eyes flauntinfi the men who would woo her, until out of the sea HE comes, sot, laggard, insensate, with sin's grip on his virulent manhood.

Strange is the tale of their wooing. Swift, primal clashes of wills-hatred, jealousy, unconscious desire flaming into love of the purest when death would reach for her beauty.

Wild, fierce, relentless, the raiders shed blood in rivers that one of them may possess her. Bitter war rolls o'er the land, tears the sea into ribbons, but out of the conflict comes true love, understanding, redemption.

#### PORT WILLIAMS HAPPENINGS

Miss Nellie Runciman, who has been visiting her cousin Mrs. N. H. Newcombe for some weeks, returned to her home in Annapolis Royal last week.

Robert F. Newcombe spent Monday in Bridgetown taking in the sports.

Mrs. A. F. Newcombe, who was taken ill with typhoid fever while visiting her sister in New Hampshire, and had to spend several weeks in hospital, has so far recovered as to be again with her sister, and hopes to be able to motor home by October 1st, when Mrs. Pottel and family make their annual trip to N. S.

Miss Gladys Newcombe spent Labor Day at her home here.

Dr. Edwin Morse and family, of Boston, are the guests of his aunt, Mrs. G. H. Illsley.

Miss Griffin has returned to her home in N. Carolina after spending the summer with her friend Miss Gwen Fullerton. Dr. Fullerton's orchard is showing a wonderful display of gravensteins, wealth and wagnors. One of the prominent buyers says it is not equalled in Kings county.

Miss Edmonds, teacher of the advanced department of the school, spent Labor Day with friends in Hantsport. Miss Coleman (Primary) went to her home at Aylesford.

H. R. Holding, Manager of the Royal Bank, is spending his vacation at St. Andrews, N. B. A. R. Smith, of the Supervisors Dept., Halifax, is now the relieving Manager.

James Flood, of the Royal Bank Staff, Hunter's River, P.E.I., spent last week the guest of his aunt, Mrs. O. G. Cogswell.

Mrs. Manuel and family, who have been spending a few weeks with her mother, Mrs. Harriet Bezanson, has returned home to Halifax.

Mrs. Kempton Bezanson met with a painful accident last week by having her wrist broken.

Mr. Jas. Hanson spent the week-end with his mother Mrs. Hanson.

Mrs. R. F. Nichols and family who have been the guests of her sister, Mrs. S. L. Gates, returned to their home in Somerville, Mass.

Miss Jean Murphy and Mrs. Robie Murphy have been spending their summer vacation with their parents Mr. and Mrs. Cameron Murphy.

Roy Faulkner, Harold Chipman and Jack Zwicker have entered Horton Academy. Curtiss Newcombe and Cassie Faulkner are at High School. Edith Zwicker is at Acadia Seminary.

Mrs. Florence Eaton, of Brockton, Mass., is the guest of her niece Mrs. G. H. Gates.

The W. M. A. S. of the Baptist church,

held their last meeting of the year in the Vestry. The meeting was interesting but not largely attended. Over \$50.00 was taken from the mite boxes—with many more to be handed in later.

Mrs. Osgood left Tuesday for Cambridge, where she will join her son and family, returning with them to Florida to spend the winter.

#### WHY DO WE SAY "DOLLAR"?

People as a rule are too busy trying to lay their hands on it to bother about the origin of the dollar. Yet an interesting bit of history is attached to the word. Dollar is derived from the German word "thal" which means valley. It came into its present use about 300 years ago. In northern Bohemia there is a little silver mining district called Joachimsthal, or Joachim's Valley. Duke Joachim, who reigned over it in the sixteenth century, authorized the city to coin a silver piece which was called a "Joachimsthaler". The prefix "Joachim" was soon dropped and only the name "thaler" remained. The coin went into general use in Germany and Denmark. In the latter country, the word "thaler" was changed to "daler". When the coin became Americanized, phonetic spelling, in the Anglicized manner, led to the ultimate change to the American "dollar".

We asked a man the other day why he took the local paper. He gave a most intelligent reply, stating that he took it first for the purpose of seeing what the stores had to offer, to see what the neighbors had to sell, or wanted, and to learn what was going on in the community, and lastly to help support the printer. Did you notice what the man mentioned first? The advertisements—the main thing in a newspaper, for in them from time to time you see what the merchants have to offer, and, if you study them carefully and compare the prices with those of outside firms, you will find that in the long run you are going to save money. Get the habit of reading carefully every advertisement week by week, and you will also receive the benefit that other people receive by so doing.

Every time we breathe we draw thirty cubic inches of air into our lungs; supposing that we take fifteen breaths a minute for the twenty-four hours of the day, we use no less than 648,000 cubic inches of air, which would weigh over thirty pounds. One day's supply of air would be sufficient to fill 1,125 two-gallon cans; a year's supply would weigh more than five tons. From these figures it may be seen how necessary it is to keep windows open so that there may be a continuous supply of fresh air.

#### AVONPORT NEWS

Mr. F. F. Forsythe and daughter, Miss Minnie, who have been spending a short vacation with the former's mother, Mrs. Fred Borden, returned to their home in Roxbury, Mass., on Tuesday of last week.

Miss Olive Parker and friend, Miss Ethel Eisen, of Halifax, spent the week end and Labor Day the guests of Miss Parker's parents, Mr. and Mrs. W. O. Parker.

Miss Caroline Fuller, of Yarmouth, was the guest for a few days last week of her brother, A. S. Fuller.

Mr. and Mrs. J. A. MacPherson motored to Halifax on Wednesday last, returning on Friday.

Mrs. H. Copland and daughter Winnifred, who have been guests of Mrs. Copland's brother, Mr. L. E. Shaw, left on Tuesday last for Middleton where they will visit Mrs. F. E. Cox before returning to their home in Cambridge, Mass.

Mr. and Mrs. G. F. Huntley motored to Halifax on Saturday to spend a few days the guest of Mr. and Mrs. Roy Calkin, returning on Wednesday morning.

Miss Elaine Abbott, of Wolfville, spent the Holiday in Avonport with her grandparents, Mr. and Mrs. Geo. Brooks.

Mrs. L. F. Fuller and little son Royce spent last week in Falmouth the guests of her mother Mrs. Burpee Shaw.

Dr. and Mrs. B. C. Borden have returned from Bermuda and are occupying their summer home "Crancroft" once more.

Mrs. Susie B. Hughes returned on Thursday of last week from Port Greville where she spent a week, the guest of her grandmother, Mrs. Susan Smith.

Mrs. Courtney and son Victor, of Schubencadie, who have been spending the past three weeks with Mrs. Courtney's daughter, Mrs. C. A. Holmes, returned home on Wednesday morning.

Those attending the Wolfville High School from Avonport are the Misses Mildred and Dorothy Cox, Bernice Neiforth and Kimba Lockhart.

Great anxiety was caused here on Monday, August 22nd, when it was learned that the S. S. Canadian Importer had sprung a leak 600 miles out from Vancouver, and was sinking. The second officer on this ship is Mr. James W. Watt, who with Mrs. Watt (nee Miss Roxie G. Holmes) has many friends and relatives here. But on Sunday morning last a telegram from Mrs. Watt stating that the life boat had been picked up 500 miles from the ship and all were well caused great rejoicing.

A brief but pointed conversation: Jones—"I don't believe in advertising." Smith—"Your store shows it."

# TIP TOP TAILORS

## Canada's Largest One Price Tailors

Expert Designers will be in Wolfville

### Monday, Tuesday and Wednesday, September 12-13-14

to give special attention to Customers and Take Orders.

#### SUITS and OVERCOATS

MADE TO MEASURE  
MADE TO FIT  
MADE TO SATISFY  
OR MONEY REFUNDED

# \$24

Choice of the store at one price of \$24. We have no two prices. You do not have to be a judge of materials. They are all pure wool.

Come if it is only to inspect our values.

### See our All Wool Guaranteed Dye Blue Serge Suitings

Blue Stripes, Dark Grey Serges, Black Vicunas, Black Serges, Brown Stripes, also hundreds of other materials to pick from.

Be on hand early. Doors open 8.30 a.m.

Do not forget the dates, September 12--13--14.

## A. E. REGAN,

CUSTOM TAILOR  
MAIN ST., - WOLFVILLE

Every line in a newspaper costs the proprietor something. If it is for the benefit of the individual it should be paid for. If the grocer were asked to contribute groceries to one abundantly able to pay for them he would refuse. The proprietor of a newspaper must pay for the free advertising if the beneficiary does not, and yet it is one of the hardest things to be learned by many, that a newspaper has space in its columns to rent, and must rent them to live. To give away rent for anything less than living rates is as fatal to a newspaper as for a landlord to furnish rent free.

**KEEP FORESTS ALIVE**

Living forests provide us with wood material of all kinds for our homes and industries, but burned forests provide no lumber for the saw-mill, no work for the workingman, no business for the merchant, and no freight for the railway or steamship. The moral is that everyone should be careful with fire in the woods.

You hear a lot about a prophet being without honor in his own town. We are inclined to think that is because he does not know how to utilize his home paper for advertising purposes.

**Port Williams**

A band of gypsies visited this village last Thursday, regular desperadoes, making general nuisances of themselves for a few hours, several of our women and children being frightened. They finally left, going across the dyke and on toward Wolfville. Such people should be driven from the Province.

Mr. and Mrs. A. B. Rand with two children, accompanied by Miss Ellen Rand, enjoyed a few days motor trip recently in Mr. Rand's new Gray-Dort, through to Yarmouth, calling at several places enroute, thence around the South Shore. Mr. and Mrs. Silas Gates with their car, accompanied by Mr. and Mrs. C. A. Campbell, took the same trip at the same time. The South Shore trip is becoming very popular all over the county.

Mr. George Gates has a large number busy at work picking plums and apples and packing the latter, many women and girls of the place being employed. Mr. Gates recently purchased a fine new Oldsmobile motor truck, which is very convenient in his business as a truck, also to be used for picnics, or carrying a large number of people on trips.

Mr. and Mrs. Flood, of St. John, N. B., recently visited friends one day in this place, being guests of Mr. and Mrs. John Meisner, of Hortonville. Mrs. Flood was well known and remembered in this Village as Miss Violet Meisner, becoming a bride a few weeks ago.

Mrs. Morse, widow of the late Rev. L. D. Morse, at one time pastor of Wolfville Baptist church, visited not long ago at the Parsonage, with Mr. and Mrs. Chipman.

Many of our residents motored over to Upper Canada last Sunday evening to enjoy the Recital held there at the Baptist church.

A number in this place enjoyed the holiday, on Monday in various ways.

some going on Motor trips, etc., Our two school teachers, Miss Edmonds and Miss Coleman, are now well started in our school work. There is a good sized school.

Our Village has had many visitors from a distance this season but one family of visitors gave good pleasure to the public on two Sunday evenings at the Baptist church. We refer to Prof. and Mrs. Nicholls and three sons, of Somerville, Mass., who motored all the way in their large auto, coming through Maine, New Brunswick, etc., to Port Williams, where they were guests for a time of Mr. and Mrs. Silas Gates, Mrs. Nicholls being a sister of the latter. About three weeks ago on a Sunday evening, Prof. Nicholls and sons assisted the choir with instrumental music, 1st and 2nd violins by Mr. Nicholls and one of the sons, another the cornet and the third son at the organ, the latter being a skilled pianist. A large audience that evening enjoyed a great treat and wished for more. A week ago on Sunday evening again—the visitors motored to other places in the meantime—the three sons of the family assisted our choir again, but vocally they assisted in parts of two lengthy anthems, very beautifully they and Mr. Ibsen formed a quartette, two or three selections well enjoyed by a crowded house and a sermon by the Pastor that was worth listening to that evening. Such visitors give lasting pleasure and help to a community. They started on their return trip to their home in Mass. one day last week, after enjoying good old Nova Scotia's air and a good bit of its scenery for about a month.

A girl was putting up some decorations in a church when the minister happened to look in. Seeing some tacks lying about in the pulpit, he said: "You should not leave the tacks there, Katie. Now what would happen if I stepped on one in the middle of the sermon next Sunday?" "Oh, well," said Katie, "there would be one point you wouldn't linger on long, anyway."

**WHO AM I?**

I am more powerful than the combined armies of the world.

I have destroyed more men than all the wars of the world.

I am more deadly than bullets, and I have wrecked more homes than the mightiest of sieges guns.

I steal in the United States alone over \$300,000,000 each year.

I spare no one, and find my victims among the rich and poor alike; the young and the old, the strong and the weak, widows and orphans know me.

I loom up to such proportions that I cast my shadow over every field of labor from the turning of the grindstone to the moving of every train.

I massacre thousands upon thousands of wage earners in a year.

I lurk in unseen places, and do most of my work silently. You are warned against me, but you heed not.

I am relentless, I am every where; in the home, on the street, in the factory, at railroad crossings, and on sea.

I bring sickness, degradation and death and yet few seek to avoid me.

I destroy, crush or maim; I give nothing they can take all.

I am your worst enemy.

I am CARELESSNESS.

**Greenwich**

A number of the visitors in this place have returned to their homes. Miss Hunter, who has been the guest of her aunt, Mrs. A. K. Forsythe for several weeks, returned to her home in N. B. about two weeks ago, to resume her work of school teaching. Miss Bertha Spidle, who has been spending the summer vacation with her grandparents, Mr. and Mrs. J. E. Forsythe, returned to her home in the States one day last week. On Monday morning Mr. and Mrs. John Harvey and family and their niece, Miss Madeline Harvey, who have been guests of Mrs. Emma Harvey for some time, also returned to their homes in the U. S.

Recently a very enjoyable Community Picnic was held at Starr's Point. A good number went over in auto's and teams.

John Andrew, who has been quite ill at the home of his aunt, Mrs. Fenwick, is now much better.

Mr. and Mrs. H. H. Marshall recently returned home from Halifax where Mr. Marshall was a patient in the V. G. Hospital for many weeks, undergoing two successful operations by a Toronto Specialist. He came home much improved in health.

Mrs. Anderson, of Boston, is visiting her parents, Mr. and Mrs. Lewis Forsythe, and relatives in Wolfville.

Miss Millie Fraser, of Boston, is also enjoying a months vacation at the home of her parents here.

Mrs. Byron Cox entertained the young people at her home last Tuesday evening.

Mrs. Ada Forsythe recently motored through to Chester in her new Ford car, for the week-end. She was accompanied by her sister, Miss Bell, and Mr. and Mrs. Reginald Hennessey.

Mr. and Mrs. Burpee Bishop accompanied by friends enjoyed a motor trip around the South Shore last week, being gone about four days. On Monday morning of this week Mr. Bishop and Philip and Robert left for Truro in their auto, to be gone a few days. Mr. Bishop has certainly proved the Ford to be a good car, he having purchased "Lizzie" several years ago, indeed the first car that was owned in this place, and no one has taken as many real long trips as he has and "Lizzie" is still faithful and in first class running order.

Mr. and Mrs. Boggs, Baptist Missionaries of India, recently visited relatives and friends here.

Miss Fisher, our new school teacher, is hard at work, the school being larger, but there are more children that should be in school. We are glad to know several schools in the county have taken up the compulsory school act, for children who should be in school. The Kentville schools have it, also the schools at Pine Woods, that now being a large school. Such a good law should be in force in this section and well looked after.

Mr. and Mrs. Dexter Forsythe recently attended the wedding of the latter's sister, Miss Kathleen Meek, of Upper Pereaux.

Mr. T. A. Pearson and two daughters, Misses Esther and Charlene, left on Tuesday morning for Boston. They were accompanied by Miss Taylor, who has been spending the summer at Mr. Marshall's caring for the children who were at home.

**COW, JOHN BARLEYCORN'S SUCCESSOR.**

The U. S. is becoming a nation of milk-drinkers. Figures from Washington show that the average American today drinks twice as much milk as his father did. In spite of his greater distance from the source of supply. Last year we consumed 44 gallons per capita, not including the milk used in ice-cream, cheese and butter. That is more than twice as much as the American ever consumed of alcoholic liquor in any form. The record consumption of beer was a fraction less than 18 gallons per capita, in 1917, and the record consumption of all intoxicants together in the same year, was under 20 gallons. Tell this to those who insist that there is "more drinking than ever before under prohibition." There is more drinking indeed—of milk. It is the natural and inevitable substitute for beer and wine. A sensible and healthy nation has already made the discovery, and acting on it, is steadily growing more sensible and healthy. Beer played hob with people's kidneys. So did wine. Whiskey frazzled their nerves and stomachs. Milk is good for nerves and digestion. It puts flesh on bones and color in cheeks. People talk about "home brew" more than they do about milk, just as people gossip more about virtue; but it's easy to see in either case, what the real situation is.

One of Caesar's old captains said: "I never knew Caesar to lay down his arms, in the presence of an armed enemy." Fire is always the armed enemy of the forest. Do not lay down your arms and give a fire a chance by leaving your camp fire alight, or by throwing away lighted matches or hot pipe ashes where they may set fire to the forest.

Ranting against the churches is not the best way to help Christianity.

How about a Tip Top Tailors Suit. See pages one and nine.

**Lumbering in British Columbia**

The greatest industry in British Columbia is lumber. Many thousands of men are employed in handling it, from the adventurous prospector who sets out for parts unknown and unexplored to look for fresh and profitable timber-licenses, down to the expert polisher who finishes off the beautifully veined panels of Douglas Fir at the factory.

It is estimated that there are 400 billion feet of merchantable timber in the Province, more than half the forest wealth of Canada, and experts say that over five times the amount at present cut every year could be used without encroaching too much on the timber resources of the Province.

The value of forest products for 1919 was \$70,285,094, but this was largely owing to the high prices prevailing for all lumber, wood-pulp, etc., due to a world shortage and a great demand.

The Douglas Fir is the most famous of all British Columbia's trees, growing to a height of 250 ft. and 6 and 8 ft. in diameter. It is used for house construction, boat-building, mine props, poles, railway ties, bridge and trestle timbers and many other things.

Then there is the Red Cedar, famed all over the world for the shingles it produces, doors, frames and finely dressed panelling for lining living-rooms; the Sitka Spruce for aeroplanes, and Western Hemlock for box-manufacturing and pulpwood.

Vancouver is a city of saw-mills; there is a fringe of them lining the creeks and inlets of the coast around the city and one seldom looks out to sea without watching some little tug towing a huge boom of logs behind it that have come perhaps from some camp hundreds of miles away up the coast.

Who shall say the lumberjack's life is not one of the best there is? Care free and next to nature, he spends his day in the great outdoors with the scent of the sap that oozes out of the fresh-cut cedar, the smell of the wood-smoke of his camp fires, of wet moss and bursting balsam bark.

Instead of the deafening din of restless humanity he hears the roar of a distant waterfall, the call of wild geese or the warning cry of his fellows — "Timber!" — re-echoing thro' the silent forest before thunderous trees tell him that another giant fir has fallen beneath their hands.

His good day's work done, he has nothing else to think about but his next meal, all ready waiting for him at the cook-house — and a pipe

(1) A Donkey Engine used to draw in and load logs on the cars.  
(2) Cutting down a Douglas Fir tree in B. C.  
There are in British Columbia, 212 saw-mills and 70 shingle mills, so it will be no wonder that the lumber world in this Province is a vasty impressive one to all those who have their noses in it, from the lumber-king himself down to the expert Sawyer who can command almost any wage he asks by reason of his rare ability. — H. G. V.

**IMPORTANT WATER NOTICE**

It has come to the knowledge of the Water Committee that water is being wasted by use of HOSE for watering Gardens and Lawns, and for washing Automobiles, contrary to a notice in this regard published in the last few issues of The Acadian.

Further violation of this prohibitory notice will cause the water to be turned off the premises of those who violate it.

By order, R. W. FORD, Town Clerk.

Sept. 1, 1921.

**Acadia Ladies' Seminary**

Principal: Rev. H. T. DeWolfe, D. D.  
Vice Principal: Miss Margaret V. Palmer, B. A.

- Pianoforte:**  
Mr. Frank Marsh, Jr., Director of the Conservatory.  
Miss Marion Gay, Graduate in Normal and Artist's Course of the New England Conservatory.  
Mr. David Manely, Associate of the American Guild of Organists.  
Miss Sylvia Alderson.
- Voice:**  
Miss Louise Berghuis Krak, Soprano, of the Hague, Holland.  
Miss Sylvia Alderson.
- Violin:**  
Miss Beatrice Langley.
- Expression:**  
Miss Evelyn Smallman, M. A.  
Miss Leah Whidden.
- Household Science:**  
Miss Gertrude Freda.  
Miss Lily Ellis.
- Stenography and Typewriting:**  
Miss Hughina McCain.  
Miss Marjorie Purdy.
- The Fall Term will begin September 7 at 9 o'clock. At that time pupils may register in any of the following departments:
- Collegiate:**  
Including Junior and Senior Matriculation and Special.
- Music:**  
Pianoforte, Voice, Violin, Theoretical Branches, etc.
- Expression:**  
Training in Reading as an Interpretative and Fine Art.
- Arts:**  
Oils, Water Colors, Ceramics, Designing, Arts and Crafts.

Normal and Home Maker's Course.
- Business:**  
Commercial Course and Stenography and Typewriting.
- Special Course of any Kind.**  
Catalogues for the current year may be had on application to the Principal. Be prompt to register. Be ready to work.  
For full information apply to  
REV. H. T. DeWOLFE Principal.

**YOUR "ACADIAN"**

We here use the word "your" advisedly, for is not your home-town paper "your" paper, your "ACADIAN"? While the company publishing THE ACADIAN is a private concern, the mission of the paper is essentially a broad public one. This is your paper, and reflects you as seen through the public eye. We aim to keep your paper in the van of paperdom in this great Annapolis Valley. We do give you more reading matter—and reading matter that is of real local interest—but as papers are only after all a reflection of the public support received, and THE ACADIAN being no exception in this respect, we must have the unstinted and loyal support of our business men in our advertising columns.

DAVIDSON BROS., Publishers
