Extraordinary Sale!

We commence on THURSDAY, January 17th, at 10 o'clock a.m., an extraordinary "Spring Sale" of Seasonable Dry Goods.

This "Spring Sale" is an extraordinary one in the selling price of the goods to be made without special reference to their cost. We have had an excellent season's trade in nice, choice goods, and are not at all loaded with rubbish. As is our custom, we do not carry one season's goods into another, and if in any case the quantity on our shelves seems heavy, we never hesitate to apply the knife and cut out prices. It may seem strange, but it is a fact that we have already received several cases of new goods for the early spring trade, and we do not expect to carry more than a few weeks' stock. We have made the prices so low that the goods can't stay.

Only room for a few particulars. The large bills and posters tell the details.

The ice was in good condition and the sport was thoroughly enjoyed by all who took part. The following is the score:

E. Daniels, John Conlson, Wm. Patterson, James Johnston, Wm. Watson, H. Macdonald, James Ryan, Wm. Russell, A. Bruce, James Smith, R. Mitchell.

Revival Services.—There was a very large attendance at the revival street church yesterday afternoon and evening. The afternoon congregation was composed of ladies of the old church, and filled the entire of the spacious church, except the galleries. The evangelist dwelt chiefly on "Christ in God," and forcibly portrayed the blessings resulting therefrom. The evening congregation was larger than any former one, on any of the previous nights. The church was thronged on the side the evangelist and pastor there were a couple of ministers on the platform. The large choir sang most enthusiastically. Mr. Schreiber is a host in giving inspiration to the singing. One could not help contrasting the soul-stirring singing of last night with the sickly milk and water attempts at classical music 200 often heard in our churches on Sundays. Any church that will furnish on Sunday such music as we heard last night, will do well to advertise it in a prominent place.

THE DAILY HERALD, SATURDAY, JANUARY 25, 1890.

THE GUELPH DAILY HERALD.

H. GUMMER, Proprietor and Publisher. SATURDAY EVENING, JAN. 25

CRIMINAL LIBEL.

Mr. Bunting, managing director of the Mail, has entered a criminal libel suit against Mr. David Creighton, of the Empire. The Mail, commenting on the case, says: Yesterday the Mail Printing Co., through Mr. Bunting, the managing director, instituted criminal proceedings for libel against Mr. David Creighton, publisher and manager of the Empire newspaper, on account of certain matters which appeared in that newspaper on the 22nd, 23rd, and 24th inst.

These steps have been taken in order that the charges which have been made by Mr. Creighton's newspaper against the Mail and against Mr. Farrer may be investigated as speedily as possible by process of law. The charges in question being now sub judice, we are no longer in a position to discuss them.

The Empire, under the heading of "An Attempt to Muzzle," says: Last evening the following document was served on the manager of the Empire:

To the chief constable or other police officers of the said city of Toronto, to wit: CANADA, PROVINCE OF ONTARIO, County of York, CITY OF TORONTO.

To DAVID CREIGHTON. WHEREAS information was laid before me, Hugh Miller, Esq., magistrate in and for the said city, that you, David Creighton, of the said city, on the 22nd, 23rd and 24th days of January, in the year of our Lord one thousand eight hundred and ninety, in the said city of Toronto, contrary to law, did make and publish in the Empire newspaper certain malicious and defamatory libels of and concerning C. W. Bunting;

These are therefore to command you in her Majesty's name, to be and appear before me as Justice of the Peace, or before such other justice or justices of the peace in and for the said city, on Court street, in the said city, on Saturday, the 25th day of January, in the year of our Lord one thousand eight hundred and ninety, at the hour of ten o'clock in the forenoon, to answer to the said information, and to be further dealt with according to law.

Given under my hand and seal this 24th day of January, 1890, at the city of Toronto, aforesaid.

We make no further comment on this than to say that if "one C. W. Bunting" thinks by his means to muzzle the Empire from expressing its opinion of annexationists, and standing up for the interests of Canada at all times, and on every occasion, he has mistaken the stuff of which the Empire is made.

GYMNASTICS IN SCHOOLS. An old gymnast, no doubt enthused by the recent visit of Capt. Clarke's classes to Montreal, writes as follows to the Star of that city:

We have at the present time some very fine and ably managed schools still. I think there is room for one most important improvement, namely: The starting of a class, say for one half hour each day, of a mild form of gymnastics, which would form a part of their daily routine. Most of the schools have a large hall, which I think is not constantly in use, what is to hinder the setting up of some apparatus or have it made portable so that the children can stretch their young muscles, thereby giving them increased strength and elasticity of movement, always noticeable in those who practice gymnastics. It would be a pleasure to them and give them fresh strength and health for their studies. If each scholar gives, say five or ten cents extra per month it would amply repay any of our local gymnasts to undertake the classes. Then the apparatus need not cost very much. Being an old gymnast myself I think all that is needed for these children would be: A set of wooden dumb bells, bar bell and Indian clubs, this ought to be sufficient.

We can heartily recommend the suggestion to the people of Montreal. Our boys and girls have derived much benefit from their instruction in gymnastics.

NOTES. The Ontario Legislature meets on Thursday, when the address in reply to the Speech from the Throne will be moved by Mr. Charles Mackenzie, of St. Catharines, the newly-elected member for West Lambton, and seconded by Dr. Gilmour, member for West York.

The Welland Telegraph says: Dr. W. H. Montague was jubilant when he learned that Mr. Colter had been unseated. He says that he expected it from the first. The doctor will again try conclusions with his old opponent and like the latter thinks he is sure of winning. Dr. Montague's friends, anticipating Wednesday's decision by the Supreme Court, has been at work for a number of weeks perfecting organization.

A NARROW ESCAPE.

The Queen of Greece Entangled in an Electric Light Wire.

LONDON, Jan. 24.—While the Queen of Greece was walking in the grounds of the palace yesterday afternoon an electric light wire became detached from its fastenings and fell upon her in such a manner as to encircle her body. She struggled to free herself but her efforts only resulted in hindering her more securely. The wire was carrying no current at the time, but the hour when it should be turned on for the evening was near, and when Her Majesty fully realized. Attendants rushed to her assistance and she was extricated, but not a moment too soon, for shortly had been tread upon and brilliant lights flashed in every direction.

CONVENTION OF DEMOCRATIC FARMERS.

COLUMBIA, S. C., Jan. 24.—The Executive Committee of the Farmers' Association of South Carolina, a political organization which has developed great strength within the past two years, has issued an address to the Democracy of the State, charging the element of the party now governing the State with gross mismanagement, extravagance and inefficiency, and declaring that the State never had a Republican form of Government, but has been dominated and ruled by an aristocratic oligarchy, and calling for a convention of Democratic Farmers, to meet in convention here May 27th to nominate a State ticket.

A Spring Bed Trust.

CLEVELAND, O., Jan. 24.—The spring bed and mattress manufacturers of America met here yesterday to organize a national association. There are 300 such manufacturers in the United States, and the competition has been so severe that a desire is felt for combination in a scale of prices. A committee on constitution was appointed and the meeting adjourned to meet in Chicago in four weeks.

To Boycott English Clothing.

CHICAGO, Jan. 24.—The Merchant Tailors' National Exchange yesterday adopted a rule pledging every member of the exchange to refuse to alter or make over clothing made by tailors outside of the United States. This is intended as a blow at English made goods.

Five Men Killed and a Dozen Hurt.

CHARLOTTE, N. C., Jan. 24.—Samuel Cullis, Thomas Emery, J. R. Falls, George Hendley and Eugene Moore were killed and a dozen were injured by the premature explosion of a blast on Saturday on the Wilkesboro extension of the Cape Fear and Yadkin Valley Railway.

A Cashier Disappears.

EL PASO, TEX., Jan. 24.—F. W. Burkes, ex-cashier of the Atchison, Topeka & Santa Fe, has disappeared. His accounts show a shortage of several thousand dollars. His wife is heartbroken. Burke has been living a very fast life.

Ostriches That Run Races.

Some time ago a gentleman visited a pen of tame ostriches in Africa. At his call two beautiful birds came up to him. Being desirous of testing their speed, he arranged with the keeper that they should run a race. So, he cased the birds and showed them a handful of figs, of which they are very fond. The ostriches were held while the visitor walked to a certain distance. At a signal they were set free, and began to run for the figs. They came bounding along at a terrible rate, taking twelve or fourteen feet at a stride. In a neck-and-neck for more than half the distance, their wings working like arms and making a great sound. Presently one drew ahead and looking behind, as you may have noticed a boy in a foot race do, he beaten his rival and, finding to see where his rival was, and finding him beaten, the winner slackened his pace, and gently trotted up for his prize of figs.

Not That Time.

"Did you—did you ever—?" he began, as he leaned across the aisle of the street car.

"Did you ever—?"

"Did you ever have the quincy?"

"Ah? I thought you were going to speak of the weather," sighed the gunner, as he returned his weapon in its place.

SCRATCHED 20 YEARS.

Body covered with scales, itching Terrible. Burning, excruciating. No relief. Doctors and medicines fail. Speedily cured by Cuticura at cost of 65.

CURED BY CUTICURA.

If I had known of the CUTICURA REMEDY twenty years ago it would have saved me \$200 (two hundred dollars) and an immense amount of suffering. My disease (eczema) commenced on my head in a spot not larger than a cent. It spread rapidly over my body and got under my nails. The scales would drop off of me all the time, and my suffering was endless and without relief. One thousand dollars would not tempt me to cure this disease again. I am a poor man, but I feel to be relieved of what some doctors said was leprosy, some rheumatism, psoriasis, etc. I took the CUTICURA, and three bottles of CUTICURA REMEDY, and two cakes of CUTICURA SOAP. All I used of them were some boxes of CUTICURA, and three bottles of CUTICURA REMEDY, and two cakes of CUTICURA SOAP. I cured me for \$200, you would have had the money if I had here and said you have cured your book of psoriasis (picture number two). How to Cure Skin Diseases, but now I am as clear as any person ever was through force of habit I rub my hands over my arms and legs to scratch once in a while, but not for any purpose. I am all well. I scratched twenty years ago, and it got to be a kind of second nature to me. I thank you thousand times.

"Like Magic,"

THE effect produced by Ayer's Cherry Pectoral, Coughs, Croup, and Sore Throat, are, in most cases, immediately relieved by the use of this wonderful remedy. It strengthens the vocal organs, always irritates, and prevents the formation of Consumption; in every stage of that dread disease, Ayer's Cherry Pectoral relieves coughing and induces refreshing rest.

"I have used Ayer's Cherry Pectoral in my family for thirty years and have always found it the best remedy for every form of coughing, colds, croup, and whooping cough."—Capt. C. Carley, Brooklyn, N. Y.

"From an experience of over thirty years in the sale of proprietary remedies, I feel justified in recommending Ayer's Cherry Pectoral. One of the best remedies for the cure of all the ailments of the respiratory system, it is being more valuable now than it was twenty years ago, which is the greatest praise that can be bestowed upon a medicine."—B. S. Drake, M. D., Beloit, Kans.

"My little sister, four years of age, was so ill from bronchitis that we had almost given up hope of her recovery. Our family physician, a skillful man and a man of large experience, pronounced it useless to give her any more medicine; saying that she had done all that was possible to do, and we must prepare for the worst. As I had heard of Ayer's Cherry Pectoral, I can truly say, with the most happy result, that she was cured by its use. After taking a couple of bottles, and within a week, was out of danger. We continued giving the Pectoral until she had gained her usual health. This has given me unbounded faith in the preparation, and I recommend it confidently to all my customers."—Lester, Druggist, Fort Wayne, Ind.

Remarkable Restoration to Health of Well Known Canadian whose Cases were given up as incurable.

From the few of the hundreds of letters we have received from those who have been restored to health, and many of the use of our Compound, we make a few extracts. We hope that the thousands of Canadian men and women who are suffering from nervous and wasting diseases, will profit by these true and plain statements of fact.

D. S. Davidson, of Montreal, suffered for years with nervous dyspepsia, pain in his back, and sleeplessness. He tried doctors without relief, was losing flesh rapidly, and had about given up when he discovered the use of Paine's Celery Compound. "I say," he says, "I am a new man. I sleep well and my food does not hurt me."

Mr. Jas. Johnson, 302 St. Charles Boulevard, Montreal, was weak and nervous, had no appetite, and could not rest at night. His nerves were soothed and strengthened by Paine's Celery Compound, and he soon became well and strong.

Annie Gourley, of River Beaudette, P. Q., found the Compound a certain cure for weakness, and now feels as well as she ever did.

A customer of Harrison Bros., druggist, Hamilton, Ontario, writes that he was entirely cured of his weakness by the use of two bottles of Paine's Celery Compound, after everything else has failed.

The little child of Mrs. G. E. Meredith, 76 D'Arcy St., Toronto, was discovered by the dance by Paine's Celery Compound.
