

# THE NEWCASTLE UNION ADVOCATE

VOL. 42.—NO. 27.

NEWCASTLE, NEW BRUNSWICK, TUESDAY, JANUARY 18, 1910.

PRICE TWO CENTS.

## RESULTS OF FIRST DAY'S ELECTIONS GIVE NO SINGLE PARTY A CLEAR MAJORITY

Of the 91 Seats Conservatives Win 43; Liberals, 37; Socialists, 6; and Irish, 5; Smaller Parties Hold Balance of Power.

London, Jan. 15.—At the close of the elections to-day the standing of the various parties, including uncontested seats was as follows:—Unionists, 43; Liberals, 37; Laborites, 6; Nationalists, 5; Unionist gains, 18; Liberal gains, 2; Labor gains over Liberals, 1. No change, 60.

Of the 13 seats contested in London the Liberal hold seven, the Unionists five, three of the latter being gains in North Lambeth, Brixton, and Fulham. In the provinces the Unionists gain six south-west Manchester, Stalybridge, Salisbury, Rochester, Burnley, two seats in Devonport, Cambridge, Yarwood, Gloucester, Wolverhampton West and South, Wednesbury, and two seats in Bath.

The Liberals won Manchester (North-west), Darlington, and Grimsby. The Labor gain was in East Manchester.

The first engagement in the fight for tariff reform, a great navy, and the supremacy of the Lords as against free trade, reform of the House of Lords, and Home Rule, ended to-night with neither party in a commanding position. The results of the polling to-day tend to confirm the forecast that the Liberals will retain control of the government with a greatly reduced majority. The Unionists have gained an encouraging number of seats, although less than the 29 which they expected to take away from the Liberals out of the 74 balloted for.

As forecasted, the tremendous absorption of the country in the election struggle brought an unprecedented number of electors to the polls. An average of 81 per cent of the registered electors recorded their votes. This increase in the voting strength seems to have been largely cast on the Unionist side. In London, the twelve seats contested, gave an aggregate increase of 12,845 to the Unionist vote, and a slight decrease to the Liberals, while provinces increased the Unionist vote 45,912 and the Liberal vote only 4,513. This increase is a source of the greatest satisfaction to the Unionist press, as showing the rapid growth in favor of tariff reform. The editorials in the morning newspapers take up

an attitude of tempered enthusiasm on both sides, regarding Saturday's result as "a good beginning."

The Rev. C. Silvester Horne's election to parliament for Ipswich, establishes a record. Under the constitution, clergymen are incapacitated from sitting in parliament, but a nonconformist minister is not recognized as a clergyman. There have been several ex-clergymen and retired dissenting divines in the House of Commons, but the Rev. Horne is the first acting pastor to be elected to that body.

Mrs. Hicks, who is well known in connection with the woman suffrage movement, applied yesterday to Battersea election returning officers for a nomination paper. Mrs. Hicks told the returning officer that there were several women who were fully qualified as candidates for parliament, except for the sex disability. She wished to nominate Mrs. Despard, a sister of Sir John French, a well known suffragette who spent some time in jail for the cause.

The returning officer told Mrs. Hicks that he could not legally comply with her request and if the nomination of Mrs. Despard were made he could not accept it.

## FIRST CARNIVAL A GRAND SUCCESS

Over 600 People Attended, 200 of Them in Fancy Costume

The first carnival held in the new rink here took place Friday night, and was a grand success. The building was crowded, some 600 people being present. About 200 were in fancy costume. The prizes were distributed as follows:

- Most handsome ladies—Miss Olive Anderson, \$5.00.
- Most handsome Men's—Weldon Robinson—"Teddy Bear"—\$5.00.
- Most original—Miss Edith Adams—"Broken Heart"—\$5.00.
- Best Combination—Wm. Condron, Wm. Gallah and Henry Thibideau—"Jeanie Bear"—\$5.00.
- Best Girls—Miss Kathleen Armstrong—"Sunflower"—\$2.50.
- Best Boys—Herbert Morrissy—Gentleman of Erin—\$2.50.
- Special mention—Misses Florence Ferguson, Jennie Gremlay and May Williston—"Japanese Girls"; Misses Burke and McLearn, Chatham—"Two Dutch Girls"; and Miss Marguerite McGrath—"Sunflower".

The judges were—Mayor Miller, Edward Morrissy, J. R. Lawlor, Robert Armstrong, Mrs. John Morrissy, Mrs. Osborne Nicholson, Miss Irene Robinson, Millerton.

Among other costumes that were original and good were:

- B. F. Maltly—"How would you like to spoon with me?"
- Miss Alice Morris—"Telegraphy".
- George McCosh—"Mother Hasn't Spoke to Father Since."
- Roy Dickinson—"Little Prince."

Lack of space forbids the publication of all the gay and striking costumes.

The rink is well patronized this winter and deservedly so.

The Medical Health Officer of Montreal tells the people through the news papers that there is no epidemic in that city. Yet the very next column of the Gazette containing that statement has a resolution passed by the City Council which states, "whereas a serious epidemic of typhoid fever exists in Montreal at the present time" Can it be that the oft despised older men know better than the expert health officer?

## Newcastle Happy in Past Year's Growth

Many Improvements in Building Industrial Lines—What The Town Has To Offer The Home Seeker.

(By Mayor Miller in St. John Standard.)

The Town of Newcastle is situated on the north shore of the Miramichi River, and has from four to five thousand inhabitants. It has an excellent water service, the supply of which is got from artesian wells which are in the vicinity of 235 feet deep, the water of which is pumped from our power house where the wells are bored to our reservoir, which gives us on the town level a pressure of 85 to 90 pounds of water of superior quality. We also have good sewerage system and electric light plant, which supplies the whole town with light as well as Douglastown.

The principal industries in which its inhabitants are engaged, are lumber and fish, and to some extent in the manufacturing of other articles. We had a first-class factory, known as the "Anderson Furniture Factory," which was engaged in the making of all kinds of chairs, but which we are sorry to say was burned in August, 1908. It employed some fifty persons or more, which on account of its destruction has been a material loss to the town; but I have every reason to think that in the near future this industry will be re-established, possibly on a very much larger scale. The past year or so has not been up to the mark, owing to the fact of the condition of the lumber market, which made short seasons and short cuts for those engaged in the lumber business. In fact one of the lumber industries known as the "E. Sinclair Lumber Co.," which was purchased about three years ago by John McKane, has been practically doing no business for about a year or more; but we are pleased to learn that this business has been re-sold to its former owners, Sinclair Bros., who intend conducting the business under the same name and style, the "E. Sinclair Lumber Co.," and have started in on extensive operations which will mean the employment of a larger number of hands than ever. The mills of D. & J. Ritchie and W. A. Hickson & Co., carry on as usual very large operations, which are practically the chief industries we have in the town of Newcastle. The last year, for those who run their mills, has undoubtedly been an improvement on the past, as they run their mills very much longer than they have formerly.

**A NEW INDUSTRY**

We also have a new industry started here this year, known as the New Brunswick Docks and Terminals, whose chief promoters are the "Drummond Mines Co." They have built a branch railway line from the main line of the I. C. R. to French Fort Cove, where docks and wharves will be erected for the handling of their ore from the mines they have lately purchased in the County of Gloucester. Their railway is about completed, and it is their intention to build their docks as soon as the river freezes over; and with the opening of navigation next spring, will be loading iron ore here for Great Britain and the United States. The company is somewhat handicapped owing to the fact of the

river not being able to accommodate as large vessels as they wish to engage in the trade, but can be very easily made do so with a very ordinary expenditure on the part of the Dominion Government in the way of dredging.

This industry undoubtedly promises to be a great and permanent addition to the wealth and prosperity of Newcastle, and we look confidently forward to the early building of smelters here.

During the past season the railway between Indiantown and Blackville, well known as the "missing link," has been completed and trains now run daily between here and Blackville. This gives the residents along the line an opportunity of trading in Newcastle, a chance they are promptly utilizing to the advantage of all parties concerned.

### MANY IMPROVEMENTS

A great many improvements have been made this year from a building standpoint. Numerous improvements have been made to buildings, and some new and elegant ones built. For example, a large addition has been built to St. James' Presbyterian church, and the main building has been extensively remodelled, making the edifice a credit to any religious body. This work was done by Henry Ingram. Harkins' Academy, which is our public high school has been more than doubled in size and greatly improved in appearance at a cost of over forty thousand dollars. It is now one of the finest public school buildings in the Maritime Provinces, and is undoubtedly the best on the North Shore. We also have a magnificent institution here, known as St. Mary's Convent under the control and management of the Sisters of Notre Dame, which institution has proved to be an up-to-date first class school for the education of girls. They teach all branches of education, including music, painting, etc., and it is well patronized, not only by local people, but by those from the Province of Quebec and elsewhere. Numerous private residences have been built, but still the supply of houses does not equal the demand. A new industry has also been started for the making of concrete blocks by Mr. Jas. Forest. In his first building he has built a fine residence for Dr. Sproul, which is now about complete and which materially adds to the appearance in that part of the town where it is situated, and we expect that when this industry becomes better known there will be many more houses of this kind built.

We have two newspapers, the UNION ADVOCATE and the North Shore Leader. The Advocate is published semi-weekly and the Leader weekly, and both strive to be up to date in trying to keep the people in touch with what is going on.

The Intercolonial Railway has greatly improved its facilities here by building a large and up-to-date Round House, which undoubtedly was very much needed, as ever since the management has acquired the large and modern engine they have been hand-

## CANADA IS GOING TO BUILD NAVY OF HER OWN

Will Begin With Eleven Vessels, Four Cruisers of the Bristol Type, One of the Boadicea Type, and Six Destroyers—The Total Cost Will Be About \$15,000,000.

Ottawa, Jan. 13.—In the House of Commons yesterday there was laid the legislative keel of Canadian navy.

It is proposed that the force shall consist of eleven vessels, four cruisers of the Bristol type, one of the Boadicea type, and six destroyers of the improved river class.

The total cost will be a little over \$11,000,000 if the vessels are built in Britain, and about thirty-three per cent more if constructed in Canada.

A Bristol is a protected cruiser, which means that it has a steel deck which protects all the vital parts of the ship. It has a tonnage of 4,800 tons with a speed of 25 knots. The number of guns has not yet been determined, but the largest carries eight guns.

A Boadicea carries six guns, so that it is probable that the number of guns will be eight. It has a total crew of 391 men, of which twenty are officers. The Boadicea is an unarmoured cruiser, with a tonnage of 3,300 tons and carries six four-inch guns. It has a crew of 278 men, of whom seventeen are officers.

Sir Wilfrid Laurier drew attention to the fact that the naval bill followed

the military bill in many respects, but noted that no man would be liable to compulsory military service on the sea.

Commissions in a naval militia will issue in the name of his majesty. The act provides also that at any time when the governor-in-council deems it advisable in the case of invasion, war, or insurrection, the force may be called into active service. Another important provision is for a naval college. In the navy there are to be three classes in the militia—the permanent force, the reserve, and the volunteer force.

The naval service may be placed at the disposal of his majesty in case of war.

Mr. Foster asked for the clause that defined emergency, which was given, and Dr. Sproule asked if the 'war' referred to any part of the empire or in Canada only?

Sir Wilfrid Laurier—War everywhere; when Britain is at war, Canada is at war. There is no distinction. If Great Britain, to which we are subject, is at war with any nation, Canada becomes liable to invasion and so Canada is at war.

capped here on account of our round house not being large enough to accommodate engines of that kind, and not even having a turn-table large enough to turn them. They have also greatly improved their water service by enlarging their reservoir.

We have other woodworking establishments, namely: The Stohart Mercantile Co., R. G. Anderson & Son, H. Vein, and H. H. Lamont. We have also a large concern here which is engaged in the manufacturing of spool wood, conducted by R. C. Clark. Carriage making enterprise is carried on by A. C. Allen, J. M. Falconer and F. H. Gough. Numerous other concerns have been running for nine months; there has been very few if any that need be unemployed.

Newcastle is admirably situated as a trade and industrial centre. It is on the main line of the I.C.R., and at the head of the deepwater navigation of the magnificent Miramichi River. During open season steamers leave daily for all down river points, also for Red Bank and all intermediate points on the north-west Miramichi. This boat also runs to Millerton on the south-west, a rapidly growing industrial community. We have steamship service making the round trip every two hours between here, Douglastown, Chatham and Nelson. Also a good ferry service between here and Nelson, which is on the opposite side of the river.

Newcastle has become the centre of a great tourist traffic of the Miramichi. Hunters and other tourists come here every year to take big game, fish in the river and view the beautiful scenery of the Miramichi River, leaving thousands of dollars with our merchants, hotels, liveries, guides and other helpers.

Hotel Miramichi is the leading hostelry on the north shore, and is fitted up in first class style in every respect, which tends to make a hotel modern and up-to-date. I also understand there is to be a new hotel built here in the coming season on premises lately acquired by the present proprietor of the Miramichi Hotel.

The fisheries of this vicinity are very productive, smelt fishing alone net those who are engaged in the business thousands of dollars annually. Mr. T. W. Crocker is the largest shipper of fish in this district to foreign markets. We enjoy a large share of the country trade, being surrounded on all sides by large and prosperous communities.

We have one of the largest and best equipped Opera Houses in the province, besides several smaller halls; two brass bands, which are able to supply music at all times when required. The new skating rink, which has been built this year, is just about completed with accommodations for two curling rinks, one on either side, separate and distinct from the curling rink. A large and very enthusiastic curling club has been started. This new amusement, which the town has long felt the need of will

undoubtedly prove very interesting to the citizens in general. The rink has been built so that a bonspiel could be held here at any time and would accommodate five separate and distinct rinks by utilizing that which is used for skating. This large and magnificent structure was built by John Fitzgerald.

In conclusion let me say that our Town Council and Board of Trade are active, and at all times desirous of communicating with any party or parties who are interested in the location of a place to build an industry. In addition to the natural facilities which our location affords, the citizens in general will at all times offer all inducements within reason to any who may be interested in the promotion of industries, and therefore we look forward with unflinching faith to what the future has in store for us.

## ANOTHER WOMAN CURED

By Lydia E. Pinkham's Vegetable Compound

Gardiner, Maine.—"I have been a great sufferer from organic troubles and a severe female weakness. The doctor said I would have to go to the hospital for an operation, but I could not bear to think of it. I decided to try Lydia E. Pinkham's Vegetable Compound and Sanative Wash—and was entirely cured after three months' use of them."—Mrs. S. A. WILLIAMS, B. F. D. No. 14, Box 39, Gardiner, Me.

No woman should submit to a surgical operation, which may mean death, until she has given Lydia E. Pinkham's Vegetable Compound, made exclusively from roots and herbs, a fair trial.

This famous medicine for women has for thirty years proved to be the most valuable tonic and renewer of the female organism. Women residing in almost every city and town in the United States bear willing testimony to the wonderful virtue of Lydia E. Pinkham's Vegetable Compound. It cures female ills, and creates radiant, buoyant female health. If you are ill, for your own sake as well as those you love, give it a trial.

Mrs. Pinkham, at Lynn, Mass., invites all sick women to write her for advice. Her advice is free and always helpful.

## Recommended As An Ideal Remedy

W. S. BOND, Esq.

Lloydtown, Ont., March 19th, 1909. "For some years I have been greatly troubled with headaches and indigestion, brought on by stomach disorders, constipation and biliousness. I had tried many remedies with only indifferent success, until 'Fruit-a-tives' came to my notice. Being a general storekeeper, I was selling a good many 'Fruit-a-tives' to my customers and, remembering how pleased they were with the results obtained from using 'Fruit-a-tives,' I decided to try them and, I might say, the effects were almost magical. Headaches and biliousness disappeared and to-day I recommend 'Fruit-a-tives' to my customers as 'An ideal remedy.'

"I might also add that about three years ago I was laid up with LUMBAGO AND SCIATICA—couldn't get out of bed or lift one foot over the other. A good treatment of 'Fruit-a-tives' cured me of these pains and banished the Sciatica and Lumbago so that to-day I am as well as ever and can lift anything necessary." (Signed) W. S. BOND.

OUR SCHOOLS.

In the letter of our Bridgetown correspondent, published in last issue, vigorous opposition is manifested to our proposal to provide better educational facilities to the children of the Buie and Bayle schools by having them conveyed to the central school.

Settlers accompanied by families have been arriving in Wainwright, Alberta, steadily for the past few weeks. Their early appearance is only a hint of the numbers to follow later on.

CONVALESCENTS from fevers and injuries that have kept them bed ridden for some time and all people run-down and below par generally will find a course of treatment with FERROVIM, the invigorating tonic just the thing to put them on their feet again in good shape.

It is sometimes dangerous to be too artistic. The recent French postage stamp counterfeiters were discovered because their work was so much finer than the genuine.

STATE OF OHIO, CITY OF TOLEDO, Lucas County, ss. Frank J. Cheney makes oath that he is senior partner of the firm of F. J. Cheney & Co., doing business in the City of Toledo, County and State aforesaid, and that said firm will pay the sum of ONE HUNDRED DOLLARS for each and every case of Catarrh that cannot be cured by the use of Hall's Catarrh Cure.

FRANK J. CHENEY Sworn to before me and subscribed in my presence, this 6th day of December, A. D. 1886.

A. W. GLEASON, Notary Public.

Hall's Catarrh Cure is taken internally, and acts directly on the blood and mucous surfaces of the system.

Send for testimonials free.

F. J. CHENEY, & CO., Toledo, O. Sold by all Druggists, 75c.

Take Hall's Family Pills for constipation.

The Canadian naval service bids fair to be popular. More than a hundred applications have been received at the Department of Marine.

NEGLECTED COLDS. Pain in the Chest, and all diseases of the Lungs, are cured by using Allen's Lung Balsam.

Florida experienced the coldest winter that has visited this section in several years. The thermometer in Jacksonville registered 29 degrees and freezing temperatures extended into the orange belt.

If your hair is thin, brittle or poorly nourished, apply BEARINE made from Canadian Bear Grease. It saves hair. 50c. a jar.

In New York the rats have become so numerous that the city officials say they must either exterminate the rats or vacate the public buildings.

HEALTH, WEALTH, AND WORK.

So long as Nature's laws require that mankind shall work, the necessity of keeping one's self in health and strength is of first importance.

Mr. Arvez Berton, of Robertville, Gloucester Co., N.B., is a sturdy man of 65, who works in the lumbering districts in winter, and who, therefore, must have good health.

Because it creates an appetite. It builds up the faded, run-down system in a natural way.

Be sure you get the genuine. Davis & Lawrence Co., Montreal.

THE UNION ADVOCATE, BODY COVERED WITH ECZEMA.

Yet Zam-Buk Cured Him.

Mr. A. M. Brooks, of Wellington St., Steelton, says:

"Ten months ago I contracted eczema, which at first appeared on my neck, later spreading to my chest and body. The doctor thought this was caused by the irritation of my shirt collar and the poison and steam from the pulp, as I was then employed at the Pulp Mill. I began doctoring, but instead of the disease being checked, it showed signs of becoming worse."

"I suffered cruelly from the terrible itching and soreness, and was completely confined to the house. Not seeing or feeling any improvement, I next resorted to the ordinary salves and ointments recommended for skin diseases, but although I gave each preparation a fair trial, none seemed powerful enough to bring about a cure until I began using Zam-Buk."

"From the first application of Zam-Buk I had some relief, and as I persevered with its use daily the soreness was by degrees drawn out and the intense itching and aching completely vanished. Scabs or scales formed over the raw flesh, but Zam-Buk soon cleared away all these, and although the cure was naturally gradual, it was complete."

"If you suffer from any skin disease don't make the above mistake, ann try all sorts of things before Zam-Buk. Get Zam-Buk first! Eczema, ulcers, abscesses, poisoned wounds, cuts, cold sores, scalp sores, face eruptions, chaps, red, rough patches—all are healed and cured by Zam-Buk. Best balm for babies' rashes. All druggists and stores at 50c. box, or post free from Zam-Buk Co., Toronto, for price."

Settlers accompanied by families have been arriving in Wainwright, Alberta, steadily for the past few weeks. Their early appearance is only a hint of the numbers to follow later on.

CONVALESCENTS from fevers and injuries that have kept them bed ridden for some time and all people run-down and below par generally will find a course of treatment with FERROVIM, the invigorating tonic just the thing to put them on their feet again in good shape.

SCHOOL EXAMINATION AND ENTERTAINMENT.

The semi-annual examination of the school in Dist. No. 5, Blackville, which is in charge of Miss Lottie E. Underhill, was held on Wednesday afternoon, Dec. 15th.

The various grades were examined in several of the subjects taken up during the term. The pupils showed a marked improvement since last term, and much credit is due to their painstaking teacher for the excellent way in which the pupils acquitted themselves.

At the close of the term Friday, Dec. 17th, Miss Underhill was presented with a handsome pair of vases, by Miss Leontine Underhill, on behalf of the pupils of the lower section of the district, and with a beautiful cabinet and pen rack, by Master Fred Underhill, on behalf of the pupils of the upper section.

Miss Underhill received several smaller presents from different members of the school.

The children received a very generous treat, consisting of candies, fruit, etc., from the parents of the district and from the teacher.

On Saturday evening, Dec. 18th, a free entertainment was given by the pupils of the school.

Dialogues, duets, songs, recitations and music were the principal features.

All the people were delighted with the performance. The pupils showed admirable training and to much praise cannot be given to both the pupils and teacher.

It is rumored that the water wagon lost several passengers during the past twenty-four hours.

YOU NEED A GOOD SALVE in the house. Davis' Menthol Salve is the best. It cures sunburn, mosquito and insect bites and stings, piles, old sores, skin diseases, etc. 25c. per tin.

Would You Provide for the Care of Canada's Needy Consumptives?

THEN SEND YOUR CONTRIBUTIONS TO THE MUSKOKA FREE HOSPITAL FOR CONSUMPTIVES.

A national institution that accepts patients from all parts of Canada. Here is one of hundreds of letters being received daily:

John D. McNaughton, New Liskeard, Ont.: A young man not belonging here, and suffering from, it is believed, consumption, is being kept by one of the hotels here. He has no means and has been refused admission to our hospital. The conditions where he is offer him no chance. Could he be admitted to your Free Hospital for Consumptives? If not, could you inform me where he can be sent, and what steps are necessary to secure prompt admittance?

NOT A SINGLE PATIENT HAS EVER BEEN REFUSED ADMISSION TO THE MUSKOKA FREE HOSPITAL BECAUSE OF HIS OR HER INABILITY TO PAY.

Since the hospital was opened in April, 1902, one thousand five hundred and twenty-four patients have been treated in this one institution, representing people from every province in the Dominion.

For the week ending November 20th, 1909, one hundred and twenty-five patients were in residence. Ninety-six of these are not paying a copper for their maintenance—absolutely free. The other twenty-nine paid from \$2.00 to \$4.90 a week. No one pays more than \$4.50.

Suitable cases are admitted promptly on completion of application papers.

A GRATEFUL PATIENT

Norah P. Canham: Enclosed you will find receipt for my ticket from Grayhurst, hoping that you will be able to oblige me with the fare. I was at your Sanatorium two months, and I was sent away from there as an apparent cure. I am now working in the city, and I am feeling fine. I was most thankful for the care I got from the doctors and staff, and I must say that I spent the time of my life while I was there.

The Muskoka Free Hospital for Consumptives is dependent on the good-will and gifts of the Canadian public. Money is urgently needed at the present time to make it possible to care for the large and increasing number of patients that are entering the institution.

Will you help?

Whose greater urgency? Truly, Canada's greatest charity.

# SUNLIGHT SOAP

meets you half-way—does all your work in half the time if you follow directions.

Sunlight Soap—absolutely pure—saves clothes from injury—hands from roughness—life from drudgery.

**GUARANTEED DANDRUFF CURE**

Beware of the druggist who tells you that any other hair tonic is just as good as Parisian Sage—he knows better.

T. J. Durick is the agent for Parisian Sage, and he won't try to give you something just as good, because he knows that Parisian Sage is guaranteed to cure dandruff, stop falling hair, and cure all diseases of the scalp in two weeks, or money back.

He knows that Parisian Sage is highly recommended as the most pleasant and rejuvenating hair dressing known. It makes the hair fluffy and beautiful. 50 cents a large bottle at T. J. Duricks. He will guarantee it. Made in America, only by Giroux Mfg. Co., Buffalo, N. Y. & Fort Erie, Ont.

**Cross, Sleepless Babies Are Sickly Babies**

When little ones are sleepless and cross it is a sure sign that they are not well. Probably the little stomach or the bowels is out of order, or the child may be suffering from teething troubles. Give Baby's Own Tablets and see how quickly the child grows well and happy and sleeps soundly—not the drugged sleep of "soothing" medicines, but the natural sleep of health.

Mrs. Edward Sicord, Maskinonge, Que., says: "I have used Baby's Own Tablets for indigestion and other troubles of childhood, and they always work like a charm. They always keep my little one well." Sold by medicine dealers or by mail at 25 cents a box from The Dr. Williams' Medicine Co., Brockville, Ont.

Think of the irony of fate. A New York parson consigns Dr. Cook to the hot place because he claimed 'to have discovered the cold place.

## TURN TO THE PHONE

When you are in doubt as to selling possibilities.  
(Ring the market station. INSTANTLY you are brought in direct contact with the people who can most aid you.)

When you think it is going to rain and the reaper has been very busy all day.  
(Ring the weather man.—INSTANTLY you know whether you must take to the fields with all hands, or sit down and smoke the pipe of peace.)

When your Barn is on fire.  
(Ring your nearest neighbors.—INSTANTLY you know that as fast as animals can travel, fellow tillers of the soil will come to your aid.)

# Personal

Miss Sadie Urquhart has returned from a visit to Loggieville.

Miss Jennie Urquhart spent the last two weeks with friends in Chatham.

Walter C. Day returned on Saturday from a week's trip to Bathurst.

Miss Mamie Kethro of Chatham, spent Sunday with her parents, Mr. and Mrs. John Kethro.

Miss Bessie Jeffrey, who was run over and hurt by a skater at the rink Friday night is convalescent.

Rev. W. J. Dean returned on Saturday from a two weeks visit to Port Elgin. Mrs. Dean remained at the latter place.

Mr. D. H. Egan of Chatham, but formerly of New Hampshire, spent a day last week in Redbank, visiting friends of that vicinity.

## THREE MEN HURT AT ROSSING MILL

**Collapse of Stage Hurls Five to the Ground and all but Two are Badly Shaken up**

A serious accident happened at the Rossing mill at Morrison Cove yesterday afternoon when a new roof was being put on the fire house. Five men of Douglastown were on the staging raising ringbeams when suddenly the platform collapsed, hurling all five to the ground.

Robert Simpson was struck on the breast by the falling iron and was badly hurt, John Taylor had his collar bone broken and his arm hurt. James Simpson was hurt in the back and side McCosh and Joseph Young escaped without injury.

The falling of the stage is attributed to a defected piece of lumber.

## PRESENTATION AND ADDRESS

**MISS UNDERHILL, ORGANIST OF THE BLACKVILLE BAPTIST CHURCHES, REMEMBERED BY CONGREGATION**

On the evening of Dec. 23rd, a number of the members of the congregation of Holy Trinity (Anglican), and Underhill Baptist churches assembled at the home of Wm. T. Underhill, and presented Miss Lottie E. Underhill, organist of these churches, with the following address:

Blackville, N. B.,  
Dear Miss Underhill,  
The congregations of Holy Trinity and Underhill Baptist churches desire to express to you their sincere appreciation of your services as organist in their churches. They feel that much credit is due you for the success that has attended their efforts as congregations.

Words cannot express the debt due you as an ardent and untiring member, and for this reason they are taking the liberty of presenting you with a more tangible proof of their appreciation and esteem. They therefore, ask you to accept these, not for their intrinsic value, but in the spirit which prompted the offering.

They all join in the wish that your future life may be blessed by at least a portion of the pleasure and happiness which you have so constantly and unsparingly given during the years you have been the organist of these churches. They wish you a very Merry X'mas and a Happy New Year.

Signed on behalf of the congregation of Holy Trinity and Underhill Baptist Churches.  
Blackville, Dec. 22nd, 1909.

After the address had been read by Coun. W. Millet Underhill, he then on behalf of the churches, presented Miss Underhill with a

THIS "ROBIN HOOD" FLOUR IS MADE FROM SELECTED HARD SPRING WHEAT.—  
FULLY GUARANTEED. TRY A BARREL!

**Stothart Mercantile Company, Limited**  
Phone 45, NEWCASTLE.

## Good Wheat Thoroughly Cleaned — The Vital Essential

NO DOUBT, when purchasing flour, you have often wondered at this legend flaunted by all cheap flours—"Made from Selected Wheat." Certainly, the wheat was "selected" else there would be no flour at all. But what sort and condition of wheat it telleth not.

Maybe it doth not wish to carry tales out of school; relying on the average housewife's limited milling knowledge, taking full advantage of her disadvantages.

We are proud to label FIVE ROSES so that all may see—"Manitoba Hard Wheat."

We are jealous of its reputation. We are convinced there is no better grain under the sun, none as good.

After culling the cream of the crop, twenty-one years' practice has taught us how to take care of the good stuff. Coming direct from the farmers' wagons, even before it is admitted to the elevators, the grain is rid of its grosser impurities.

Cockle, for instance, round seeds, sand, mud and earth balls, pieces of string, nails, and goodness knows what. If this ever got into the flour!

These impurities if stored with the wheat for even a short time will contaminate the grain, just as one bad boy can vitiate a school-room.

The cleaning and separation must be done at the elevators. Madam. No amount of subsequent cleaning or "doctoring" will entirely eliminate the influence of its early associates. You understand that, of course.

Thus is the uprightness of FIVE ROSES immediate and irreproachable.

The pure Manitoba berries are clean at the outset and kept clean, and when they reach the Keewatin mills a further process is relied on to polish off any possible bad manners which might smuggle in on the way home.

There is never a speck, nor stain, nor smell to vex the soul of the fastidious housewife.

We will not believe, Madam, that you are wholly indifferent to the welfare of your family folk, to flawless purity in your baking.

We know you will always use FIVE ROSES.

Newcastle, office Quigley Block, Chatham, Benson Block.

handsome writing desk from the Anglican church, and an elegant hall rack from the Baptist church.

The address and presentation came as a complete surprise to Miss Underhill, who in a few words expressed her appreciation of the kindness and generosity which had prompted the address and gift.

Tea, coffee and cake were served and a very enjoyable evening was spent, and all went home happy and well pleased.

## NOTICE OF TRESPASS.

Any person trespassing on the lot known as the Trout Brook Lot, Chapel Island Road, adjoining the land formerly owned by the late Anthony Kane, will be prosecuted to the limit of the law.
