MONDAY EVNG. OCT. 5, 1874

Town and County News.

THE CONCERT TO-NIGHT.—Don't forget
the concert to-night by Jeanie Watson
and Mr. Hardy. We are sure of a splen-
did concert, and we trust there will be a
full house.

MR. G. B. FRASER has gone to Montreal
to attend the great trade sale of dry
goods, which comes off there on Tuesday,
which belong to Messrs. McIntyre, French
& Co., and which have been slightly dam-
aged by snags.

BASE BALL.—The return match be-
tween the Etina of Toronto, and the
Silver Creeks of Guelph, was played on
the Toronto cricket ground on Saturday
afternoon. The Silver Creeks were de-
feated by a score of 20 to 4. The Globe
denounced the game one of the best
played in Toronto this season.

STOCK SOLD.—Messrs. J. & B. Hunter,
Pikington, have sold their short-horn
bull which took the first prize at the
Guelph Central, to Mr. John Cook, Shake-
speare, and the two year old grade cow
which took the first prizes at the Central
and Provincial Exhibitions, to Mr. Theo.
Clark, Ottawa.

NEW STORE.—Mr. James Hodgson has
just opened a general grocery and fruit
store in the premises lately occupied by
R. Evans, in the Great Western Block,
Wyndham Street. We doubt not he will
receive a fair share of public patronage,
as he intends to keep nothing but the
best goods and is determined to sell
at the lowest prices.

FAREWELL PRESENTATION.—On Friday
last the pupils of Miss Theodor's depart-
ment of the Senior Girls' School improv-
ed the last opportunity for expressing
their esteem for her personally and their
regret at her retirement from amongst
them. They made their teacher the re-
cipient of a very handsome work-box,
accompanied with an address. The pre-
sentation called forth a suitable reply
from Miss Theodor.

HUGE CATERPILLAR.—Mr. Wm. Gray,
Guelph Township, has brought us a cou-
ple of huge insects, of the caterpillar
tribe, which he found among his pota-
toes. They are of brown colour, one part
of the body formed somewhat like a
common caterpillar, but with a peculiar
horn turned-up tail. Not being versed in
entomology, we don't know to what
species they belong, but those interested
in this science can examine them at this
office.

FIRE ON SUNDAY NIGHT.—An alarm of
fire was sounded about 11 o'clock on
Sunday night, and in a minute or two
after the firemen were at their post and
had the engine and hose under way for
the scene of the fire, which was at the
Refinery of the Wellington Oil Company,
near the Great Western station. Their
services were not required, however, as
the fire, through the exertions of those
who were early on the spot, was fortun-
ately extinguished before much damage
was done. It seems that the still had
got overheated and the gas escaping the
cross-head, ignited the erude oil. The
fire was soon smothered, after about 100
barrels of erude oil had been burned. The
damage will not exceed \$200.

PILKINGTON COUNCIL.—At the last
meeting of this Council the Memorial of
the Directors of the General Hospital,
Guelph, applying for a grant from this
Township, was laid over until next meet-
ing of this Council. A By-law was passed
to assess the Township 7 mills in the
\$ for County and Township purposes. A
By-law was passed to assess all real and
personal property in that part of the
Township liable for the County Bonus to
the C. V. Railway, the sum of \$1275.90
clear of all costs of Collector. The next
meeting of the Council will be at Mr.
Wm. Ewing's house on the 2nd Nov.

POLICE COURT.
(Before the Police Magistrate.)
Oct. 5.
John McKenzie, charged by J. T. Brill
with assault and battery on Saturday
last, was dismissed, complainant paying
costs.
Hugh McConachie, charged by P. C.
Turner with being drunk, was fined \$1
and costs.
Robert Lee for the same offence, was
fined \$1 and costs.

OLD COUNTRY ITEMS.
Madame Lind Goldschmidt, who has
been on a visit to the Earl of Leven and
Melville at Glenferness, has arrived in
Aberdeen.
Mr. Reid, senior town clerk of Perth,
died at an early hour on the 11th ult.,
and by his death Perth has lost one of
its worthiest citizens.
Thomas Carlyle has paid a visit to
Dundee in company with Provost Swan.
The Earl of Dudley has presented the
Empress of Austria with a handsome
thoroughbred horse, worth upwards of
600 guineas.
The details from nearly all the dis-
tricts show that the grouse shooting
season of 1874 has been one of the
worst on record in Scotland.
Emigration from the Mersey continues
to decline. The year ending August 31st
shows a total decrease of 54,086 as com-
pared with the previous twelve months.
The widening of the North Bridge at
Edinburgh is now in an advanced state.
The "Black Watch" is again to be sent
on foreign service. Early in November
the regiment will leave in the Himalaya
for Malta.
The cases of typhus and typhoid fever
are still on the increase in Leith, and at
the present the whole of the wards in the
hospital are occupied.
The danger of lead poisoning from the
lead which is found in soda and other
acidulated waters is at present causing con-
siderable discussion in the Scottish press.

Local and Other Items.

LARGE SHIPMENT.—Mr. Peter Todd,
grain merchant, Walkerton, has recently
shipped from that neighborhood on a
through bill of lading, from Liverpool,
seven car loads of butter, worth about
\$35,000.

A NEW PROCESS.—The Ogilvensburg
Gas Company are now manufacturing
gas by a new process from Petroleum.
They have put in new patented machin-
ery for this purpose and expect to save
considerable in the cost of making gas.

ANOTHER SALT WELL.—On Friday
night salt was struck at Mr. Kidd's well,
near Searforth, at a depth of 1,045 feet.
This is equal to any yet reached. The
brine will be conveyed in tubes to Car-
rumbrook, a distance of four miles, where
the works for the manufacture of the salt
will be erected.

THE HERD LADDER.—Mr. Wylie, the
celebrated draughtsman, has been in
Paisley for a few days. Many of the best
checker players have been playing with
him, and have made three draw games.
Mr. Hornell, Mr. Dick, and Mr. J. S.
McDonald were the most successful play-
ers. The game with Mr. McDonald was
continued for about two hours.

**RAILROAD STATION OPENED AT WROX-
ETER.**—The first train on the Toronto,
Grey and Bruce Railway arrived at the
Wroxeter station on Saturday last, 3rd
inst. About three hundred people were
present and partook of refreshments
provided by the people of the village.
A general feeling of satisfaction was man-
ifested by the crowd assembled.

A GOOD SIGN.—Fourteen years ago
Kincairdine supported but one butcher.
Now we have no less than seven, all of
whom appear to be doing well. The
people generally have come to learn that
health is better preserved by the substitu-
tion of fresh meats for salt pork, as an
article of diet. If to this they would add
the use of brown bread, we should have
fewer dyspeptics.—Reporter.

FATAL RAILWAY ACCIDENT.—Wm.
Hickey, a brakeman, was fatally injured
at Harrisburg station on Saturday. He
was applying the brake to one of the cars
on his train, the handle of which break-
ing, threw him across the track between
the cars, two of which passed over his
legs about the knee. He died three
hours afterwards. Deceased was a resi-
dent of Hamilton.

DEATH OF A BRAMPTON LAWYER.—
We regret very much to chronicle the
death of our townsman J. P. Cummins,
Esq., who died on Thursday evening.
The deceased was one of the first mem-
bers of the legal profession who settled
in this town, and up to the time of his
death had followed the practice of his
profession in Brampton. His death has
caused a gloom over the whole neigh-
borhood. He leaves a wife and three
children to mourn his loss.—Times.

PEEL ASSIZES.—At the sitting of this
court in Brampton last week, an action
brought by Mabel Silverthorn, of Ching-
wacouay, against W. B. McClure, of Ching-
wacouay, for damages for the se-
duction of his daughter, resulted in a
verdict for the plaintiff of \$500. Samuel
Reed Melvin, who lives near Norval,
brought an action against Levi Jones,
bell manufacturer of Markham for having
run away with plaintiff's wife. A verdict
was awarded plaintiff, with \$2,000 dam-
ages.

STRANGE ACCIDENT.—A strange accident
happened to a son of Mr. Parker, Ellen-
gowan, a few days ago. A boy named
Watson was sitting on the doorstep cut-
ting a stick with a sharp knife. The boy
Parker running in jumped on Watson's
knee, and in doing so fell upon the point
of the knife, which entered his chin and
passed upwards through the flesh of the
cheek, almost to the eye. At one time it
was feared that the boy would lose his
life, but hopes are now entertained of his
recovery.

VALUE OF SHORT HORNS.—No farmer
can afford to buy what are known as the
fashionable strains of "Bates" blood at
the present prices. Doubtless the
wealthy breeders who deal in the best of
stock make money out of some. These
prices must come down to hard pan. As
farm a bull for the use upon common
farm stock for raising grade beef cattle
as any of the Dukes, may be bought for
\$250. The long pedigree goes for no-
thing in the butcher's market, but size
and quality will overbalance the heaviest
pedigree.

A NEW PEST.—A correspondent from
Brookport, N. Y., writes:—"The Philistin-
ians are upon us in the shape of the
carpet pest, and have invaded nearly
every house in town; and if they persist
in their ravages, every woollen article
will suffer as much as every corn stalk
did by the voracious grasshopper of the
West. Like some modern politicians,
they understand addition, division, and
silence, for though they add continually
to their numbers, they divide our car-
pets and dresses in strips, doing their
work in profound silence. It is said that
they come from the hide of the buffalo,
whether he be dead or alive, and they
resemble the wool of that animal. Every
specimen that we get of them has failed
thus far. They regard tobacco as a
luxury, and fatten on it. We wish some
scientific man would come to the rescue
with a remedy."

FAREWELL BALL AND SUPPER.—A
farewell ball was given in the St. Nichol-
as Hall, Berlin, on Friday evening, to
Mr. D. C. Chalmers, who has been ac-
countant of the Merchants' Bank in that
town for the past five years. The ball
proved a grand success in point of at-
tendance, and surpassed anything of the
kind held there for some time, bearing
testimony to the esteem in which Mr.
Chalmers is held by a large circle of
friends and acquaintances. A large
number were present from Galt, Guelph,
Fergus, Hamburg, Baden, Elora, Strat-
ford and Waterloo. Dancing was kept
up till four. Altogether a most enjoy-
able time was spent. Mr. Chalmers
leaves for Halifax, where he has accept-
ed a very lucrative position in the Bank
of Nova Scotia. Miss Chalmers, who
was also included in the farewell, leaves
for Virginia shortly.

The Hamilton Central Fair promises
to be a success, if the weather be favour-
able. It is believed that there will not
be fewer than 5,000 entries.

MANUFACTURER OF COCOA.—We will
now give an account of the process adopt-
ed by Messrs. James Epps & Co.,
manufacturers of dietetic articles, at
their works in the Euston Road, Lon-
don.

NEW YORK, Oct. 4.—A number of
Texan steers passing through the lower
part of this city became infuriated at the
noise and lights, broke loose, and rushed
in various directions, and before they
could be shot, injured nearly 50 people,
none, however, seriously.

LONDON, Oct. 4.—The Daily Telegraph
learns from a Catholic dignitary that the
Duke of Northumberland is about to be-
come a convert to the Roman Catholic
faith. The report is considered doubt-
ful.

ROME, Oct. 4.—La Liberte says the
Pope's letter to President MacMahon was
written in reply to an announcement of
the withdrawal of the man-of-war "Oven-
aque," from Civita Vecchia. The Pope
recognized the reason for this measure
and declared he would not have used the
word "Ovenaque" under any circum-
stances. Ultramontane journals repre-
sent that the Pope desired the recall of
the "Ovenaque" in order that France
might be no longer exposed to complaints
and menaces on this account.

NEW YORK, Oct. 4.—The new morning
paper, the Republic of this city, appeared
to-day as a three cent paper, and the
Morning Union of Brooklyn as a two
cent paper.

A Madrid letter of Sept. 13, says it is
well known in official circles in Madrid
that the Washington Government is still

The case of Burdock against Winship

day was decided in favour of the plaintiff.
This was a test case, and some \$100,000
were involved in the decision.

NEW YORK, Oct. 3.—Rev. Henry Ward
Beecher appeared before the grand jury
this morning in regard to the indictment
of Theodore Tilton. The indictment was
prepared and read to Mr. Beecher, and he
said it was correct. The document set
forth that Mr. Theodore Tilton wickedly
and maliciously, with intent to injure
and scandalize Rev. H. W. Beecher in
his good name and character, subjected
him to contempt and disgrace, and pro-
voked him and his friends to commit a
breach of the peace, published on or
about Sept. 18th, or caused to be pub-
lished, a false, scandalous, and malicious
libel concerning him. A portion of the
libellous article referred to was the al-
legation of adultery in 1853 with
Mrs. Elizabeth Tilton, and the assertion
as to the doubtful paternity of the child
born the following year. The Grand
Jury also read to Mr. Beecher the second
indictment against Frank Moulton, which
is worded similarly to that found against
Mr. Tilton.

Theodore Tilton has written a letter to
the press declaring that after so many
opportunities of prosecuting him for libel
he has been carefully avoided by Mr.
Beecher and his friends, the present tar-
dy indictment procured by District At-
torney Winlow can be attributed only
to the fact that the verdict of the Ply-
mouth Church Investigating Committee
fails to command popular credence. He
solemnly re-affirms the literal and ab-
solute truth of his charges against Beecher,
and demands immediate trial.

NEW YORK, Oct. 4.—Beecher's church
was crammed to its utmost capacity this
morning, and there were as many on the
street unable to gain admittance.

A sick man, slightly convalescent, was
asked by a pious friend who his physici-
an was. He replied, "Dr. Jones
brought me through." "No, no, said
his friend; "God brought you out of
your illness, not the doctor." "Well,
may be he did, but you can bet the doc-
tor will charge for it."

Mr. C. W. Pickford, of Bayfield, pro-

tion for the securing of two townships
as a basis of operation.

what was the meaning of the term
"water-logged," the old captain ex-
plained that the ship had a hole knocked
in her bottom. A few days after, the
little fellow came running to his parents
at the same time exhibiting a large hole
in the seat of his pants, and exclaimed,
"Father, I'm water-logged!"

Centre Riding Fall Show.

The Fall Show of the Centre Riding of
Wellington and Townships of Nichol and
Pikington Agricultural Societies was
held at Fergus on Friday. The day,
though rough and cold, was not unfa-
vorable, and the attendance was as large
as we have seen at any previous show.
The stock were exhibited on the fair
ground, and the grain, roots, &c., in the
Drill Shed. In the outside department
the show was about the same as in former
years, but inside the entries were far
more numerous, and the display in all
classes was far ahead of anything yet
seen at a Centre Riding Exhibition.

The Centre Riding is noted for good
horses, and the display on Friday was in
no respect behind that of former years.
In cattle we expected great things, and
that expectation was not disappointed.
Some of our most enterprising breeders
reside in the Riding, and by a glance at
the prize list we will find names which
have held a prominent place in the lists
of our Central and Provincial Exhibi-
tions. It is needless for us to go over
these in detail, but we may add that not
a few fine animals were exhibited by far-
mers who did not show at these Exhibi-
tions, but whose stock have been very
successful even when in competition with
those which competed at the great Shows.

An important sale of short horn cattle from the celebrated Holker herd of the Duke of Devonshire, took place the other day at Holker Hall, near Ulverston, in England. Gentlemen and dealers from all parts of Great Britain, the Continent, America and New Zealand were present. The aggregate sum realized was £15,813. The Grand Duchess of Oxford, eleventh—calved in July, 1867—was sold for 1,000 guineas, and another cow of the same name was sold for ten guineas more. Special Notices.

CALISAYA, THE BEST VARIETY of Cinchona or Peruvian Bark, first came into general use on account of its remarkable cure performed by it on the Countess del Chinchon, at Lima, who, after her recovery, distributed a large quantity of it to the Jesuits, in whose hands it acquired a great reputation, that charitable prelate, Cardinal de Lugo, having purchased it at a great expense for the benefit of the religious poor at Rome. It is combined with aromatics in a delicious cordial in Dr. Wheeler's Compound Elixir of Phosphates and Calisaya, a remedy of extraordinary efficacy in restoring constitutional vigor, and repairing the worn out frame, whether used up by mental worry, over-work, excesses and bad habits, or debilitated by prostrating diseases.

PROTECT YOUR BUILDINGS

Which may be done at one-fourth the usual Expense, by Using

GLINES' PATENT SLATE ROOFING PAINT!

AGENTS WANTED IN EVERY TOWN.

A Roof may be covered with a very cheap shingle, and by application of this slate may be made to last from 20 to 25 years. Old roofs can be patched and coated, looking much better and lasting longer than new shingles without the slate, for ONE THIRD THE COST OF RE-SHINGLING. The expense of slating new shingles is only about the cost of simply laying them.

The Paint is Fire-Proof

against Sparks or Flying Embers, as may be easily tested by anyone, and appears from the fact that Insurance Companies make nearly the Same Tariff as for Slated Roofs. For Tin and Iron it has no equal, as it expands by heat, contracts by cold, and never cracks nor scales. For Fences it is particularly adapted, as it will not corrode in the most exposed places. Roofs covered with Tar Sheathing Felt can be made water-tight at a small expense. The Slate Paint is

EXTREMELY CHEAP!

Two gallons will cover over 100 square feet of shingle roof, or over 400 of tin or iron. No Tar is Used in this Composition, therefore, it does not effect the water from the roof, if turned off from the eaves before the first few rains. On Decayed Shingles it fills up the holes and pores, hardens them, and gives a new, substantial roof that will last for years. Curled or Warped Shingles it brings to their place and keeps them there. It fills up all holes in tin or felt roofs, and STOPS THE LEAKS. The color of the slate when first applied is dark purple, changing in about a month to a light uniform slate color, and is, to all intents and purposes, SLATE. The Paint has a very Heavy Body, but is easily put on, and, although a slow dryer, rain will not affect it in the least one hour after applying.

ROOFS EXAMINED. ESTIMATES GIVEN.

And when required will be Thoroughly Repaired.

Orders Respectfully Solicited.
