BIRTHDAY PARTY CEMETERY CO'Y

Ninth Annual Meeting Held in Warren's Hall, Tuesday Evening Was Well Attended

The ninth annual birthday party for the Riverside Cemetery Company was held last Thursday evening, April 19th, in Warren's Hall and well attended. The following is a copy of the secretary's report:

In reviewing the work of Riverside Cemetery, accomplished during the past few years—since its organization, I sometimes wonder how many fully realize what an asset this enterprise has been to Bridgetown. Aside from the influence of a well-kept cemetery on any community, it has been of great financial benefit. About half of the funds raised for the work has gone from abroad, from all parts of the country, and being spent here, has been a distinct financial gain to the town.

A large part of the \$6000.00 of the Perpetual Care Fund came from people no longer residing here, but who have friends or relatives buried in Riverside Cemetery. Quite a proportion of the Annual Tax comes from non residents who are still interested in family lots.

It must be remembered too, that by far the larger part of the receipts at these Birthday Parties has come from abroad—for instance, last year the total Birthday Party receipts were about \$300.00—of this amount less than \$50.00 was contributed locally. In making this statement do not think I am casting any reflections on what has been done locally. Our citizens have worked faithfully and well in this enterprise—concerts, teas, plays, suppers and a variety of entertainments have supplied necessary funds with which to carry on the work, when required, and thus kept us free from debt.

But we must never forget that thousands of dollars have come to us from outside sources which have been spent here, and in this way our Cemetery has made for the upbuilding of Bridgetown.

It is a satisfaction to the Company to know its worth is appreciated by the people of Bridgetown as evidenced by the number of visitors to the cemetery, particularly on Sunday, quietly walking through the grounds. Visitors from other towns—Annapolis, Lawrenceport, Wolfville, and even Halifax, have come seeking ideas for the improvement of their own Cemeteries. Only recently from a town of considerable size came an inquiry as to the view of adopting a similar system—all of which goes to show our labors have been appreciated not only at home but in different parts of the Province.

The president, Dr. M. E. Armstrong, paid a special tribute to the late Mrs. I. B. Freeman, who was always an ardent worker in the interests of the Riverside Cemetery Fund, saying it was at her suggestion the Birthday parties were inaugurated. Before her death, Mrs. Freeman started to collect money for the completion of the Cemetery hedge and this money is included in this year's birthday receipts. An interesting feature of the meeting was the reading by several ladies of letters from absent friends. Later in the evening a social aspect when Mrs. Harry Ruggles sang a solo in her usual charming manner and ice cream and cakes were served to the appreciative guests.

The total receipts from this birthday invitations up to date are something over two hundred and sixty dollars.

TORBRUCK

Mr. A. Spurr spent the week end at Kingstons.

Glad to report Mrs. C. R. Banks in much better health.

C. R. Banks is away for the first fishing trip of the season.

On Tuesday there was a musical concert at the Methodist Church. Mrs. Bertha Woodbury is visiting her daughter, Mrs. J. Sproule, Springfield.

House cleaning seems to be the order of the day, but the one thing mostly neglected, is the sun.

Mrs. C. I. Melly, who has been sick with pneumonia at the home of her daughter, Mrs. A. S. Brown, is convalescent.

Miss Lella Parker, after spending the winter at home, has again taken up her duties at H. D. Woodberry's, Kingston.

The Lend-a-hand Society held a fancy sale and ice cream at the home of J. H. Parker. Over \$50 was taken in for church work.

Pills of adversity are seldom sugar-coated.

MARITIME BOYS' WEEK

Stock Certificates Are Being Purchased by Our Townspeople In Large Quantities.

We would again call attention to the unique scheme for arousing interest in and, incidentally, for obtaining financial support for the splendid work now being done amongst boys.

There has been issued "Stock Certificates" which the boys are asking their friends to buy for the sum of 25 cents up. The certificate speaks for itself reading as follows: "This certifies that A. B. is a holder of one share of preferred stock in Boy's Work By Boys. Dividend payable in a cleaner Canadian Citizenship. Promoted by the Maritime Boy's Work Board composed of Anglican, Baptist, Methodist, Presbyterian Churches and the Y. M. C. A. working together."

Last week was "Maritime Boys' Week" but there seems to have been a misunderstanding in local circles, on account of allowing the Stock Certificate to take the place of an admission ticket to Dr. MacDonald's Lecture in the Baptist Church last Monday evening.

As a matter of fact, Monday evening's lecture was the programme arranged for the monthly Inter-Town Square meeting, and was in no sense a financial venture. The takings at the door simply meeting out-of-pocket expenses.

As stated above, the Maritime Boys' Week with its unique scheme of stock certificates is an effort to arouse interest in, and incidentally, to obtain financial support for the splendid work now being done amongst our boys.

Hitherto the Y. M. C. A. has borne the burden of the financial support of head office work, but now, on account of the sphere widening and the work increasing, thereby necessitating the setting apart of a Secretary and staff to care specifically for this activity, it is felt to be no longer right or fair that only one of the co-operating units should be responsible for the finance. Hence this scheme. Every Tuxis Square has been allotted a proportionate number of certificates to sell and we bespeak the kindly patronage of a public always interested in the welfare of Boys and Boys' Work.

THE LATE MRS. MILNER

A Prominent Resident of Round Hill Has Passed Away

We reprint the following from the Annapolis Spectator concerning the late Mrs. Milner, a notice of whose death appeared in the MONITOR the time it occurred:

One of the most highly respected members of the community of Mochelle in the person of Mrs. Elizabeth H. Milner, passed away at the home of her son Avarad on the 6th inst., after a short illness, borne patiently, uncomplainingly, and with christian fortitude and resignation. She was the relict of Perez Milner, who departed this life 1906, and the daughter of Caleb Hammond, the son of Ezra Hammond, who had come out from England and settled in Gulliver's Cove. On the maternal side she was the great great grand daughter of Michael Spurr, who came to Annapolis Royal in the "Charming Mollie," May 17th, 1760, and to Round Hill. In her younger days she was a vigorous worker in all that appertained to the Christian life, and devoted much time to the work, especially in the Band of Hope in inculcating and developing within them a love for Temperance principals and Christian virtues. During the last few years on account of increasing years and failing health, she was compelled much against her own will and inclination, to relinquish all those duties on which in former years her heart was set. She was a woman of a beautiful spirit, kind and gentle, deeply spiritually minded, and a lover of all good works.

She leaves behind her to mourn their loss two sons and two daughters. Avarad with whom she resided in her declining days, Frank, one of the leading lawyers of Amherst; Mrs. Atkinson of Spokane, U. S., an enthusiastic worker in the Cathedral there and Miss Lillias of Boston, who is engaged in literary work. The funeral service was held on Saturday, the 9th inst., in St. John's Church, Mochelle, and conducted by the Rector of Rosette, the Rev. John Reeks. In spite of the heavy downpour of rain a good number congregated to join in the last sad rites, and to witness the reverent placing of all that was earthly of their friend in the last resting place of the dead. The interment was in the Harris Burial Ground, Mochelle. The residents of this hamlet extend their sympathy to those who have been bereft of so kind and loving a mother.

PRIMROSE THEATRE

Big Underworld Scenes For New Elsie Janis Play

When Elsie Janis' new Selznick picture, "The Imp," opens at the Primrose Theatre Monday for a two days' engagement, one of its many scoring features will be the unusual underworld scenes. The plot of the story carries Miss Janis and her leading man, Joe King, to almost every type and variety of underworld dive. Director Robert Ellis has won much praise for the skillful manner in which he directed these particular scenes.

"The Imp" is a picture of surprises, and not the least of them are the scenes in the opium joint. It was built at an enormous expense, especially for this production, and it is one of the largest sets ever put together in any studio. Altogether the set covers two floors. It was built at an enormous expense, and the very odor of the underworld clings to it.

President Myron Selznick, who is dominated by the idea that when realism is at stake, no expense, energy, or effort shall be given consideration, gave orders for the erection of the big set. It lends itself to picturesque treatment and lighting, and many hair-raising and thrilling scenes were taken in it.

"The Imp" originally was written by Miss Anis and Edmund Coultling and adapted to the screen by Mr. Coultling. It is a "crook" story, replete with humor and dramatic situations.

BRIDGETOWN CRICKET CLUB

An Enthusiastic Meeting held at the St. James Hotel Monday Evening

A meeting of the Bridgetown Cricket Club was held at the St. James Hotel Monday evening, April 18th, and it was unanimously decided to continue the club again this season.

The following officers were elected: Chas. Bothamley, Captain. Chas. Ollerhead, Vice Captain. Ronald Whiteaway, Secretary. A. F. Little, Treasurer.

Correspondence was read from Rev. Dixon, Wolfville, inviting the club to send two delegates to Wolfville to attend a meeting with the object of forming an Annapolis Co. Cricket Club. The following were appointed delegates: Ronald Whiteaway, Chas. Ollerhead.

Committees were appointed as follows: Selection: C. Bothamley, R. Whiteaway, H. MacKenzie. Ground: H. Young, H. MacKenzie, R. Whiteaway.

It was agreed that a nominal annual subscription of five dollars would be collected from all regular playing members to cover the cost of supplies for the coming season and the secretary was instructed to make the necessary purchases.

Various other matters were informally discussed. The prospects for a successful season are very bright as with the exception of Sgt. Major Gill, all last year's players will be available.

A report of the meeting held at Wolfville will appear in our next issue.

THE MAJESTIC PLAYERS

The Majestic Players, which appear in the Primrose Theatre next Wednesday evening, May 4th, in "A Night Off," should be greeted with a full house. The Kentville Advertiser says:

"The Majestic Players of Halifax gave the Strand patrons a real evening of enjoyment Tuesday evening. The entertainment was a combination of melody and mirth. The audience was large and very appreciative. There were many song hits—duets, trios and quartets. Miss Edna Preston, with her most engaging manner and sweet voice, scores in every act and song. She was ably seconded by Anthony Stafford, who has a splendid voice and makes a great hit in comedy. In fact, every member of the cast was just right and it was a great performance. They will receive a real welcome on their return engagement in May."

THEIR MESSAGE

The evening callers were chatting with their hosts when there came a patter of little feet along the hall.

"Hush," whispered the hostess, raising her hand; "the children are coming with their good night message. It always gives me a feeling of reverence to hear them. They are so much nearer to Heaven than we, and they speak from the fullness of their little hearts never so freely as when the dark has come. Listen!"

There was a moment's pause, and then the message came in a shrill whisper. "Mamma," it ran, "Willie found a cock-roach in the tub."

BUILDING OPERATIONS IN ANNAPOLIS

A correspondent writes:—Spring is bringing a revival of business. Some new stores are being opened and new buildings erected. Condon and Denton have commenced work on the new Bank of Nova Scotia on the site of the old building which was destroyed by fire, March, 1919. It will be a handsome structure, two storeys high, of brick and sandstone. The same company has been awarded the contract to rebuild the dam at Grand Lake, destroyed by the flood of March, 1919. Work will be commenced there as soon as the water subsides sufficiently. This dam is being built by the town to provide reserved water for the electric plant. The electric light system is being extended into the outlying districts. It is expected that as soon as the Annapolis-Granville bridge is completed Granville Ferry will be supplied with electric power by Annapolis Royal.

Work is being resumed on the bridges. The approaches and piers of the Annapolis-Granville bridge are practically completed and ready for the steel except one pier that will have to be stopped. In a few weeks the pier of the Allen Creek Bridge will be also ready for the steel. This latter bridge will be completed first. Some slight entertainments of the larger bridge have been commenced there as soon as the water subsides sufficiently. A SUCCESSFUL ENTERTAINMENT

Rev. Dr. McDonald's Lecture and Presentation To The Tuxis Boys Monday Evening

One of the most interesting lectures in Bridgetown for some time was given in the Baptist Church Monday evening by Rev. Dr. McDonald, of Wolfville. His subject was "Lloyd George, the Embodiment of the British Spirit." The speaker reviewed the life of the great Britisher from his boyhood to the present—his school days, his early life as a barrister, his first appearance in parliament and his rise, step by step, until today he is the outstanding figure, not only of the British Empire, but of the world.

Two features of the evening's entertainment were presentations to the three successful Tuxis boys debaters, James Fay, Maurice Armstrong and Charles Longmire.

They were presented with the Davidson trophy, or in other words the society which they represent was the recipient and finally won. Rev. E. Underwood, chairman of the boys' work, made a very appropriate reply to Mayor Warren's address.

The next pleasant event was a talk to the boys by Mrs. Ralph J. Messinger, President of the Women's Institute, followed by an address from the Secretary, Mrs. Fred E. Bath, who, on behalf of the Institute, presented each of the debaters with a signed ring. The boys made splendid replies in their usual style. The whole affair was one of the pleasantest evenings, and there have been many since the inauguration of the Tuxis movement in this town.

DR. WHITE'S LECTURE

A large audience greeted Rev. W. C. Machum and Dr. White on Thursday evening to hear them speak on "Young People's Work in the churches." Delegations were present from other B.Y.P.U. societies, and from various young people's organizations of the town.

Dr. White spoke of the need of trained Christian leadership among our youth, which youth is the hope of the nation and church. Unselfish service is the lesson that they should learn early in youth. The call is loud today for such service in the ministry, missionary work and all human relationships. Life means more than making money. It is an opportunity for serving God and humanity. We are stewards and an account must be given to God of our time, talents and money. He regretted the fact that so much time was wasted in various games that simply help to pass the time or kill time. Life was too short to waste.

Space is too limited to speak of many other truths emphasized by the speaker.

Mr. Machum also spoke briefly, placing emphasis upon the necessity of the young dedicating their time to the interests of the kingdom of God.

After Dr. White had spoken, all those connected with some organization where work and training for young people was carried on were asked to stand. The large number responded showed to the different churches of the town and vicinity that they were not lax in giving attention to the religious developments of our youth. However, there is much yet to be done and carried on, and it is hoped that many more of the older members of the churches will lend their influence in this greatest of all work.

Mr. W. Chesley, President of the B.Y.P.U., of Bridgetown, presided, and the Boys' Choir of the Baptist Church furnished the music.

After the lecture a brief conference for B. Y. P. U. workers was held. This ended, the delegates retired to the vestry where the Boys' Choir furnished refreshments and where all spent a social hot hour.

Dr. White was highly pleased with Bridgetown and the convention declaring that it was the best yet held in his itinerary of the Maritime Provinces.

Road construction, under supervision of the Provincial Highways Board, commenced last week on the Aylesford-Middleton division in the vicinity of Auburn.

SEEKS CAPTAIN'S RELATIVES

A Former Nova Scotian Master Mariner Dies In Barbados

The Halifax Herald is in receipt of a communication from the old established shipping firm of Hanschell and Company, of Barbados, which says:—

Herewith is a cutting from our local newspaper, "The Barbados Advocate," referring to the obituary notice of the death of Captain Edward Moore, late master of the American schooner John R. Penrose. Our object in forwarding this cutting is with the request that you kindly insert same in the columns of your valued paper, with a view to making the friends and relatives of Captain Moore's friends and relatives know of his death.

Referring to the funeral of Captain Moore, the Advocate says:—"There was laid to rest on Wednesday afternoon, the 16th March, at the Westbury cemetery, the remains of Captain Edward Moore, late master of the American schooner, John R. Penrose, now lying at anchor in Charlisle Bay."

Captain Moore, who had already well passed his three score years, was born in Nova Scotia, but sailed for a great many years in American vessels, the flag of the land of his adoption.

The funeral was well attended, there being present amongst others, several captains of vessels now in port, American, Nova Scotian, Newfoundland, Norwegian and Danish.

Captain Moore was an old comer to this port, a man ripe in experience in his profession, and had many friends here. His body was borne to its last resting place by J. J. C. Watson, American Consul; W. T. Hunte, American Vice-Consul; Captain Leland of the schooner Eleanor F. Bartram; Captain Lewis of the schooner Ella Pierce Thurlow; Captain Richards of the schooner A. F. Davison, and Mr. A. J. Hanschell, of the firm of Hanschell & Co., who were his vessel's consignees. The burial service was performed by Rev. P. L. Phillips, M.A., Chaplain of the Westbury cemetery.

The funeral was undertaken by Mr. Goodridge, and the handsome casket was covered with a number of wreaths sent by Messrs. Hanschell & Co., and other friends.

We tender our sympathy to the family."

SUCCESSFUL SHORT COURSES

The four Short Courses in Agriculture, given during the last two weeks of March, at Lawrenceport, Yarmouth, Musquodoboit and Steviacke, proved a marked success. The staff of the College at Truro was supplemented by members of the Federal Department staff. The attendance averaged fully a hundred at all classes, and a total of thousands of persons took in the lectures and demonstrations at these four points.

The College staff and Department officers were much pleased with the fine interest manifested. They hope to work out plans whereby every farming community in the Province may have opportunity to attend such courses in their own neighborhood in future years.

BIRTHDAY PARTY

A pleasant event took place at the home of Mr. Arch Gillis, Paradise, Tuesday evening, April 19th, when her family, immediate relatives and friends called to celebrate the 82nd birthday of his mother, Mrs. Fredove Gillis. She received many remembrances. Refreshments were served. The evening was spent in games and music, vocal and instrumental. All wished her many happy returns of the day.

Mrs. Perry, wife of the murdered man, and Mansfield Ross, who were arrested in Yarmouth last week in connection with the crime, have had their preliminary examination.

BEAR RIVER

The many friends of Miss Eva S. Annis, Bear River, will be glad to know that she has completed her three years of study and successfully passed her examination at the Boston Lyng In Hospital.

Miss Annis passed the eighteen months of her study at the New England Baptist Hospital, but through the influence of the hospital doctors she was transferred to the B. L. I. Hospital where she took up special studies in that branch of the work and from which hospital she has now graduated. Miss Annis has already been offered a position as Assistant Superintendent in this same Institution; also a position as Superintendent of the Obstetrical Department at the Grand Union Hospital at Fall River. We bespeak for her every success in her work in the future. Her bright sunny disposition and strict attention to study and duties have won for her many friends both in the hospital and outside, so we feel that her future can but bring her success.

"What proportion?" he was asked.

"Oh, fifty-fifty," was the reply "one horse, one rabbit."

It is understood that the two big spans being built at the Clark yard at Bear River for floating the steel spans into place will be completed in a week or two when it is expected the steel for the superstructure will begin to arrive and be assembled at the old shipyard on this side to be floated into position, beginning from the Grauville end.

Regina, Sask.—"I was going through Change of Life and suffered for two years with headache, nervousness, sleepless nights and general weakness. Some days I felt tired and unfit to do my work. G. P. UNITED CHURCH NOTES

The members of "Sunshine" Adult Bible Class enjoyed the hospitality of Mr. and Mrs. J. M. Palmer on a recent evening, when there was presented another of those captivating menus for which the church, in the opinion of the society, etc., is celebrated. The young people of this class, under the inspiring leadership of Mr. Fulmer, are proving themselves to be busy bees—"The Fulmer Hive"—being engaged at the present time in a number of worthwhile enterprises.

The hour devoted to mid-week service on Wednesday evening was, as usual, interesting, instructive, and worshipful, followed by the customary brief social period, participated in by all.

On Friday evening Dr. Armstrong read a paper before the E. L. of C. E. entitled, "Our ancestors—the early settlers of Annapolis County—their hardships and heroism, the coming of the first missionaries and organization of pioneer congregations."

The paper was replete throughout with facts that shed much light upon the events of the eighteenth century. The congregations on Sunday, despite unfavorable external conditions, were good. Mr. A. Owen Price preached most acceptably in the morning, and the past of night. The church is to be congratulated on having a band of splendid men whose natural and acquired gifts enable them to render acceptable and efficient service as public speakers.

The S. S. hour found an attendance somewhat below the average, but interest maintained at the usual high level. The Young Worshipers' League continues its flourishing career, fifty stars being added Sunday morning. On Sunday evening a number of friends gathered at the home of Dr. and Mrs. Dechman to bid farewell to Mrs. E. H. Rawding, a valued member of the congregation, and who was the recipient of a number of tangible expressions of appreciation and esteem. Among them a well filled purse of gold, from the different activities with which she has been identified during the period of her residence in town. The best wishes of church and community accompany Mr. and Mrs. Rawding to their new home in the West.

A BUSY FIRM

Messrs. J. H. Hicks & Sons, have sold to Mr. Archibald Letich of Kentville, a modern residence which they have recently built in that town and are erecting another house on their lot adjoining. At Woodville they have just completed a handsome bungalow for Mr. Hugh Porter, who expresses himself as being much pleased with the stock and workmanship supplied. Messrs. Hicks & Sons have recently contracted with The Grand Pre Fruit Co. to erect a large warehouse for them at Grand Pre.

New Brunswick Farmer And Lumberman Has Health Completely Restored By Tanlac

"I don't believe there is another medicine that could have done what Tanlac did for me," said Harry L. Babkirk, farmer and lumberman of Elgin, Alberta County, N. B. "After I had the 'flu' winter before last I didn't seem able to get my strength back. My appetite was so poor I ate no breakfast at all, and didn't eat much at any meal. I lost weight and strength steadily, and while I tried to work, I would play out in a few hours and have to go home. This kept up so long I grew despondent, and it was certainly welcome news to me when I heard how Tanlac was helping so many people who were troubled like I was. "I found everything good said about this medicine was true. I had been taking it only a short time when I could see a big change. I was soon eating a hearty breakfast and had a big appetite all the time. By the time I had finished four bottles I had gained seventeen pounds in weight. I even got rid of a nagging cough that had bothered me for a long time. "I feel fine now, and can do a big day's work every day in the week and still feel fresh and strong. I don't intend to get run-down this winter, so I am buying another bottle of Tanlac as a safe-guard. I think this grand medicine should be in every home."

I. O. O. F. (Middleton Outlook) Myrtle Rebekah Lodge No. 46 was in gala attire on Thursday night, April 7, the occasion being an official visit of the Vice President of the Rebekah Assembly of the Maritime Provinces, Sister Lilla Kirkpatrick, of Windsor. The degree staff exemplified the Rebekah efficiency in a very able and efficient manner and the address by the Vice President was both interesting and instructing, proving her efficiency of the high office to which she has been elected. At the close a social hour was enjoyed and refreshments served and all report a right royal time.

A SPLENDID MEDICINE FOR THE CHILDREN Baby's Own Tablets are the best medicine a mother can give her little ones. They are a mild laxative which quickly regulate the bowels and stomach and are guaranteed to be entirely free from any injurious drugs. Concerning them Mrs. A. D. West, Loreburn, Sask., writes:—"Baby's Own Tablets have given me more satisfaction than anything else I have ever given my children. They are easily taken; always work well and though I have given quite a few to my baby they seem to work as well now as at first, which is something other laxatives seldom do." The Tablets are sold by medicine dealers, or by mail, at 25 cents a box, from The Dr. Williams' Medicine Co., Brockville, Ont.

A REVIVAL IN THE BAPTIST CHURCH, BEAR RIVER

A correspondent writes:—"During the past three weeks Rev. M. S. Richardson, of Bridgetown, has been assisting the pastor of the Baptist Church, Rev. R. S. Uregg, in holding special services. His stimulating and powerful gospel messages have stirred the people deeply. Many old christians state that they never had such a religious experience before. The whole of Bear River and surrounding districts are feeling the effects of the meetings. Over eighty young men and women, boys and girls have come out boldly for Christ. These young converts are our doing, personal work, holding meetings in the outlying districts and never missing an opportunity of serving their master. Mr. Richardson intended going back to Bridgetown last Monday but was waited on by a delegation of young men who prevailed on him to stay another week. The closing service on Friday night was a very impressive one. At the beginning of the service the young converts moved a vote of thanks and appreciation to Rev. and Mrs. Richardson for their good work in Bear River. Mr. Richardson responded by saying that he had been greatly blessed while here, and that he owed the good people of Bear River more than they owed him. He also said that he did not take the credit to himself, but attributed it to the Holy Spirit working thru him. After delivering an inspiring message to the young converts reminding them forcibly of their calling and exhorting them to service, he asked Pastor and Mrs. Gregg, the deacons and all the new converts to join hands in a circle which the vestry was hardly large enough to contain. Prayers were offered for Pastor Gregg and the new converts and hymns were sung. This part of the service closed with "Blest Be The Tie That Binds."

Mr. and Mrs. Richardson have endeared themselves to the people of Bear River, and especially the boys and girls who will always have a warm spot in their hearts for them. They have won the truest kind of friends in Bear River, who will follow them with interest and prayers no matter where God calls them. VISITS ANNAPOLIS SCHOOLS The Annapolis Spectator says:—"The local schools were treated to a visit last Thursday by Miss Pearl Chute, the new County nurse, who examined 92 of the pupils and officially inspected the school premises with which she was much delighted and suggested only one or two improvements in equipment such as a sanitary drinking fountain, dust bags, etc. The lighting in our schools she found to be first-class and the general arrangements admirable the only cases of the 92 requiring treatment being 6 for vision, 24 for tonsils, 14 for teeth and one mentally defective. As Miss Chute has to visit 100 schools in Annapolis County besides about 50 in Digby in addition to her other work, she is naturally kept busy, but it is easy to realize from the interest and ability she displays, that her exertions cannot fail to be productive of much good.

There have been fifty one assignments of individuals and corporations in Nova Scotia since the bankruptcy act came into effect in July last. These include thirty-one in Halifax, six in Pictou county, two in Kings county four in Lunenburg, two in Annapolis county, two in Queens county and one each in Cumberland, Inverness, Richmond and Victoria counties.

Bridgetown requires at once more than twenty-five new dwelling houses. Will the Town Council go into the Housing Act or what steps can be taken to induce investors to build in our town?

In an interview with would-be investors the MONITOR learns that the general objection to building in Bridgetown is the high price wanted for suitable building sites. It is said that people are asking as high as a thousand dollars for a building lot not assessed more than a hundred dollars, and from two to five hundred dollars for building lots that are not assessed for more than fifty dollars.

The members and friends of the Women's Institute will meet Thursday afternoon in the Board of Trade rooms to sew. All those who can possibly attend, please do so, as the work is urgent.

We have given our subscribers every chance possible to cash up. We expect a settlement at once or will have to leave their accounts for collection. Why not pay now and save additional costs.

The Third Degree will be conferred on two candidates in Crescent Lodge, I.O.O.F., next Thursday evening, after which refreshments will be served. No doubt a large attendance will be present.

The members of Sunbeam Lodge, I.O.O.F., attend divine service in Middleton next Sunday afternoon, May 1st. If the weather is favorable quite a number of Oddfellows will probably be present from Bridgetown.

Large quantities of wood pulp have been going forward this week from Weymouth by the Siasboon Pulp & Paper Co. to Halifax for shipment by one of the C.M.M. liners now loading at that port for England.

Several long trains of about seventeen cars each were used for the shipments and were run to Annapolis Royal, where they were made into one train, double headed by two of the D.A.U.'s largest locomotives and taken direct to the loading terminals at Halifax.

As announced in our last issue, the Annapolis Royal branch of "The Home of Good Shoes" opens its doors to the public today, under the proprietorship of Mr. C. E. Longmire, of Bridgetown, and under the management of Mr. Kenneth Covert, of Boston, formerly of Granville. A MONITOR representative called at the store last week, the interior of which was rapidly nearing completion, under the skilful care of carpenters and painters. It promises to be one of the neatest and most progressive business establishments in our sister town and we wish the new branch every success.

The Evangelistic Services of the Baptist Church will be continued on Wednesday, Friday and Sunday evenings of this week. The subject for Sunday evening will be "Daniel the Darling." This is a sermon for Taxis Boys and Trail Runners. A Boys' and Men's Choir of twenty-five voices will furnish the music. After-service at close of preaching.

CLEVER NOVA SCOTIAN GIRL

(New York World)

"Don't call me a prodigy, or people will think I'm a freak", exclaimed twenty-year-old Esther Lee Gould at Columbia yesterday. Miss Lee is the youngest candidate for the degree of Doctor of Philosophy. She has established a new record for brilliance at the University.

Miss Gould will receive the degree with its full rights of putting Ph. D. after her name and being known henceforth as Dr. Gould, after one year of work instead of the usual three or four. She is specializing in languages and is proficient in Latin, French, Italian, German and Spanish.

"A prodigy" she said. "The idea I'm not a prodigy—infant or otherwise. Any one who is willing to work consistently and efficiently can go to college and be graduated at an early age."

Miss Gould was born near Grand Pre, the scene of Longfellow's poem Evangeline, and graduated when seventeen from Acadia College. At the time of her graduation she received the Governor General's gold medal for leading her class. One year later she received the degree of Master of Arts.

HOTEL IMPROVEMENTS

(Annapolis Spectator)

It has been interesting this week to inspect the renovations and improvements made in the good old Queen Hotel by Proprietor MacPherson. Painting and decorating with new and tasty wall paper, varnish, etc., has been quite thorough and one of the nicest jobs in linoleum laying has been done by Dargie in the first floor hall, fitting every notch to a dot. New rubbers are being cemented on the stair treads, furniture overhauled and renewed, etc.

This hotel has now 26 beds, not including cots for extras, and guests are sure of a comfortable night's sleep besides other hotel conveniences.

IN THE LEGISLATURE

The Bill of the Veterinary Association of Nova Scotia, asking for permission for veterinary surgeons to issue prescriptions the same as medical practitioners, was given the three months' test.

Attorney-General Daniels introduced a Bill amending the Game Act with the object of appointing a Commissioner of Forest and Game. The Amendments to the Act also include a number of changes in fees and licences.

For the right of a resident to carry a gun in the country frequented by game there will be charged the fee of \$1.

NOTHING AVAILABLE IN ANNAPOLIS

The Spectator says: Rev. W. H. Laugie of Yarmouth North who was the predecessor of Rev. C. A. Munro in the pastorate of St. Georges Church, this town, and who retires from the active ministry during the coming summer, has purchased the property of Mrs. Alley on Granville St., Bridgetown, having failed to secure such a property as he desired for a home in Annapolis Royal.

RECOVERING FROM SLEEPING SICKNESS

An interesting case of sleeping disease is reported from Middleton. Mr. Jack L. Hudgins, a member of the Royal Bank of Canada staff, being the sufferer. He was taken ill on March 5th and complete comatose condition was reported the fourth day, gradually getting worse until Friday, April 14th. Chiropractic treatment was resorted to and on the 17th he was able to walk around.

"Uncle, why do all the old maids sit up in the front of the church?" "So they will be near at hand when the hymns are given out, my dear."

WHAT A PACK OF CARDS TELLS

A private soldier was taken before the magistrate of Glasgow, Scotland, charged with playing cards during church service. In reply to the charge the defendant pleaded his purity of intention as follows: "I have been about six weeks on the march, I have not a penny in my pocket and I hope to satisfy your worship of the purity of my intention." He then informed the court that the ace remained him of one God; the deuce of the Father and the Son; the trey the Father, Son and Holy Ghost; the four, of the four evangelists, Matthew, Mark, Luke, and John; the five, of the five wise virgins who trimmed their lamps; the six, of the six days in making heaven and earth; the seven, of the seventh day of rest; the eight, of the eight righteous persons saved in the ark; the nine, of the lepers cleansed by the Saviour; the ten of the Ten Commandments; the king, of the King of Heaven; the queen, of the Queen of Sheba, a wise woman; the jack, of the constable who incarcerated him. The soldier also informed the magistrate that a deck of cards could serve the purpose of an almanac. The total number of spots amounts to 365, as many days as there are in a year, and the total number of cards is 52, one for each week of the year.

HOME FROM ENGLAND

Captain J. C. L. Owen, a son of Judge Owen of Annapolis Royal, and a brother of Captain Daniel Owen, who will be remembered as the leader of the aerial expedition over the forests of Labrador, which was made last year, arrived in Halifax on Monday on the steamer Saxonia after an extended tour of the empire including India. He was in London a week ago last Wednesday, a day which, he said, was now being recognized as one of the most serious days which England has passed through for many centuries. He found great depression of business in all the countries he visited.

CHANCE TO BUY COAL AT \$8.00

New York coal dealers, it is announced, are offering to sell hard coal at New York at eight dollars per ton. The freight to Halifax amounts to \$3 per ton, making delivery price there at \$11 per ton. The rate of exchange would bring the price to \$12.50.

The Halifax householder is offered hard coal at \$19.50, a spread of seven dollars, over what New York coal would cost. The coal in Halifax at present is coal which was bought some time ago at a much higher price than the New York price.

It is said that the New York merchants are eager to sell their coal at the price quoted.

TIME TO GET UP.

(From London Tit-Bits)

"I've just paid 9s. 11d. for an alarm clock, and I consider it positively disgraceful," grumbled Brown one evening.

"But why buy an alarm clock?" asked Jones. "I have a dog that is as good as any alarm clock. He barks every morning at half-past five."

"What a wonderful dog!" remarked Brown, without much enthusiasm.

"Yes," continued Jones: "all I have to do is to get out of bed and hit the dog. Then he barks and I know it's time to get up."

WHY SUBSCRIPTION RATES WENT UP

The financial statement of the St. Maurice Paper Company Limited, for the year to December 31 last, shows gross profits of \$2,976,636 against \$1,418,904 for the previous year. Net profits amounts to \$1,769,988 against \$563,924 in 1919, or an increase of more than treble. This year's net was equal to 22.68 per cent on the increased capital stock of the company, viz., \$7,899,000, against \$1,270,000 in 1919 on a capital of \$5,000,000.

A TIME TO PAINT

This is the time of year when people usually clean up their properties and take stock of needed repairs.

In this connection it may be pointed out that considerable paint is needed on various houses and buildings in Bridgetown in order that the town may look as well as possible. Get busy and order your paint at once from one of the MONITOR'S advertisers.

50,000 CHEVROLET "Four-Nineties"

Chevrolet Sales Record

THE production schedule of Chevrolet "Four-Ninety" Models for the seven months from January 1st to July 31st, 1921, is fifty thousand cars.

To each retail purchaser of a new Model "Four-Ninety" car at present list prices, we will make the following cash payments:—"Four-Ninety" Touring \$70; "Four-Ninety" Roadster \$70; "Four-Ninety" Light Delivery Wagon \$70; "Four-Ninety" Chassis \$70; "Four-Ninety" Coupe \$100; "Four-Ninety" Sedan \$100; provided the Chevrolet Motor Companies manufacture and sell fifty thousand new Chevrolet "Four-Ninety" cars between January 1st, 1921, and July 31st, 1921. This offer to be subject to the terms as set forth in full in the refund certificate which will be delivered to each purchaser.

This refund represents savings in material prices under present readjusted conditions, which savings can be made provided Chevrolet factories continue to operate on the estimated average quantity production basis.

It is in keeping with the Chevrolet policy to make the price of its product as low as quality manufacture on a large scale will permit. It is in keeping with the Chevrolet purpose of providing quick, convenient, economical transportation at a cost within reach of those who want an automobile.

Fifty thousand cars is the minimum which Chevrolet engineers estimate will secure substantial savings in cost in manufacture. These savings will be passed on to the purchasers of these fifty thousand cars.

Each purchaser of a Model "Four-Ninety" will receive a certificate from his dealer, or from the Chevrolet retail store manager. This certificate will be redeemed as indicated on its face.

The entire plan is a straightforward business proposition presented in a straightforward way. Whether you are in the market for a new car or not, you must not fail to learn the details of this unique and simple plan. It offers to every man of sound business judgment an opportunity to take advantage of the best automobile value obtainable.

Retail purchasers of Model "Four-Ninety" cars since October 1st, 1920, will receive their certificates through their local dealers or retail stores on application to them.

Production results will be announced not later than August 10th, 1921. Certificates will be subject to payment according to their terms, thereafter, up to September 15th, 1921.

Children Cry for Fletcher's CASTORIA

Fletcher's Castoria is strictly a remedy for Infants and Children. Foods are specially prepared for babies. A baby's medicine is even more essential for Baby. Remedies primarily prepared for grown-ups are not interchangeable. It was the need of a remedy for the common ailments of Infants and Children that brought Castoria before the public after years of research, and no claim has been made for it that its use for over 30 years has not proven.

What is CASTORIA?

Castoria is a harmless substitute for Castor Oil, Paregoric, Drops and Soothing Syrups. It is pleasant. It contains neither Opium, Morphine nor other narcotic substance. Its age is its guarantee. For more than thirty years it has been in constant use for the relief of Constipation, Flatulency, Wind Colic and Diarrhoea; allaying Feverishness arising therefrom, and by regulating the Stomach and Bowels, aids the assimilation of Food; giving healthy and natural sleep. What's a Guarantee?

Our idea of a guarantee is that the manufacturer who gives one—which hasn't any tags and loopholes—believes in his product.

So much so that he stands ready to make good any loss suffered by the purchaser through defective material or workmanship.

It's mainly because of the guarantee that goes with them that we are selling and recommending Ames Holden "Auto-Shoes."

Of course, we know they give the cheapest mileage too—that they are dependable tires for any make of car, anywhere. But it's the guarantee that we talk about most. It's the straight and clean-cut, without time or mileage limits. It shifts our responsibility on to the manufacturer and he lives up to every letter of it. WHAT A PACK OF CARDS TELLS

A private soldier was taken before the magistrate of Glasgow, Scotland, charged with playing cards during church service. In reply to the charge the defendant pleaded his purity of intention as follows: "I have been about six weeks on the march, I have nothing but a pack of cards and I hope to satisfy your worship of the purity of my intention..."

Annapolis Valley Speeding Up

(By George E. Sanders, in United Farmers' Guide.)

In all the history of the fruit industry in Nova Scotia, there has never been a period when there was so much optimism regarding the future as there is at the present time. This is based on the full knowledge of the history of the industry in America, the attempts of various sections to enter the field as competitors, and the withdrawal of a large portion of them after an unprofitable attempt.

orbitant prices asked for sulphur dust or "Gold Dust."

In 1919 ten tons of the new copper arsenic dust was used, and the low cost of the material and the excellent results obtained from it gave a new impetus to dusting. In 1919 the total number of dusting machines in Nova Scotia was around fifty. In 1920 approximately one hundred new dusting machines were purchased, while this year between one hundred and seventy-five and two hundred new machines are being placed.

At the present time the future seems to hold more promise than ever before and the apple growers are making preparations to grow larger and better crops of apples than in the past.

CONCLUSIONS

Present activities in the Annapolis Valley indicate that growers expect good prices for good stock in the future. They intend to grow larger crops of better fruit than in the past. They have faith enough in the future of Nova Scotian apples to spend advance money on barrels, spray materials and fertilizer in larger quantities than ever before.

INCREASE IN USE OF NITRATE

The best index of the increasing care given the orchard is the increase in the amount of nitrate of soda purchased. In 1919 the United Fruit Companies handled 344 tons of nitrate, in 1920 they handled 544 tons, and this year they are handling 1,325 tons.

INCREASE IN THE USE OF INSECTICIDES

In the matter of materials of liquid spraying there has been but little variation for several years. There are pumps enough in the country to spray around 5,000 acres, and this is about the quantity of area treated with liquid since around 1914. During the same period the number of spray pumps purchased did not on the whole replace those wearing out.

THE BIGGEST TRUST ON EARTH

HIGHWAY ROBBERY

Mrs. Bessmore Places It In The Hands Of The Police. (Digby Courier.) Highway robbery is something new in Digby, but there was a case of it on Tuesday evening. Mrs. C. H. Lessmore had been in town to Haines' grocery buying a few small things, such as oranges, cream of wheat, etc., and started home a few minutes after 8 o'clock by way of Mount Street. She noticed a man following, but did not suspect anything, but when between the residence of T. E. G. Lynch and John VanTrassel he stopped her, took her parcels and purse, which contained about \$10.50 and left. The matter is in the hands of the police.

MAKING IT PLAIN

(From London Opinions)

Mr. Atkins, recently demobbed, wanted to get on to a friend at Ealing by phone, and on being asked to repeat the name of the exchange gave it in the approved army style, thus: "E. for 'Erbert; A. for 'Arse; L. for 'L. we're yer goes to wen ye're dead; I. for 'Ingin, thu things in front of trains; N. for 'Nags; G. for 'Gorblimey, 'Ave yer got it now?"

W. A. Chute, well known as the Old Commodore and building mover, last week raised a large house and barn at Deep Brook for Avard Burrell. He also raised and put in new sills under a barn for Arthur Dunn at Bear River, thus showing that he is still keeping up his old time record on the building moving business for which he is noted all over the Province.

HOTEL IMPROVEMENTS

(Annapolis Spectator)

It has been interesting this week to inspect the renovations and improvements made in the good old Queen Hotel by Proprietor MacPherson. Painting and decorating with new and tasty wall paper, varnish, etc., has been quite thorough and one of the nicest jobs in Annapolis. Laying has been done by Dargie in the first floor hall, fitting every notch to a dot. New rubbers are being cemented on the stair treads, furniture overhauled and renewed, etc.

This hotel has now 26 beds, not including cots for extras, and guests are sure of a comfortable night's sleep besides other hotel conveniences.

MARINE

Tern schooner Stewart T. Salter, Captain Charles Salter, has completed extensive repairs at Port Greville and is loading plaster at Walton.

The Rosalie Belliveau, formerly a Weymouth vessel, arrived at St. John's, Nfld., April 5, with salt from Cadz. She was in harbor at Placentia a month because of ice conditions.

Yermouth Light.—Schr. Eddie James, Capt. Ansel Snow, of the Walker fishing fleet, arrived in port Thursday morning with a broken main boom. The schooner has a fare of 2000 halibut and 8000 cod.

More lobsters were taken and more cash was received during the month of March by the fishermen using the waters of Digby Municipality than during the two months of March and April last year. During March the cash receipts were over \$57,000 and the total receipts for the whole season last year were about \$95,000.

The first mackerel of the season was caught on Monday last week off Chincoteague Virginia, according to news reaching the Boston fish pier. Another was also taken Tuesday. The sealing and netting fleets in the south should be encountering schools of the fish any day now. Last year the first mackerel were taken on March 31. Schr. Stilleto, Capt. Ralph Webster, was the first seiner to take fish a year ago, 2000 pounds being landed at Cape May April 14.

Friday's Halifax Herald.—The schooner Lucy R., Captain O. F. McKenzie, arrived in port yesterday from Kingston, Jamaica, via Shelburne. As before reported in The Herald, the schooner was to load salt at Turk's Island for Halifax, but got blown off her course after leaving Kingston in ballast, and fetched up at Shelburne, Captain Ronald Nauts is to take command of the vessel, which is to go in the trade to St. Pierre and Newfoundland, after receiving the necessary overhaul. J. Foster Robd is the owner of the Lucy R.

After many years, Parrsboro has a newspaper, called the Record. At present it looks as though another—the Leader—will also be started, and then it will be a case of the survival of the fittest.

HOW RHEUMATISM CAN BE OVERCOME

Not by Rubbing, But by Enriching the Blood.

Rheumatism is a disorder of the blood. It attacks people when the blood is overcharged with acid and impurities, thus setting up inflammation in the muscles and joints. Wet weather or cold weather may start the tortures of rheumatism, but it is not the cause. The cause is in the blood. Victims of this malady have every reason to fear the first dull ache in the limbs and joints, followed by sharp pains through the flesh and muscles; these are the symptoms of poison in the blood, which will shortly leave the victim painracked and helpless. Liniments, hot applications and rubbing may give temporary ease, but cannot possibly root the trouble out of the system. That can only be done by enriching the blood. This new blood drives out the poisonous impurities, and the rheumatism disappears. If you are a sufferer from this painful malady, begin the use of Dr. Williams' Pink Pills and see how soon the pains and stiffness of the joints fade away. Among those who have benefited by the use of these pills is Mr. Freeman Irving, Baxter Harbor, N.S., who says:—

"Some time ago my blood was in a terrible condition, leaving me very much run down, and with boils breaking out on my body. To add to my misery rheumatism set in, and I not only suffered greatly from the pain, but could only get around with the greatest difficulty. After trying several medicines without much success, I decided to give Dr. Williams' Pink Pills a trial, as they had been warmly recommended to me. I think I used nine boxes altogether, but the results met my every expectation, as both the boils and the rheumatism disappeared. Naturally I feel that I cannot praise the pills too highly."

You can get Dr. Williams' Pink Pills through any dealer in medicine, or by mail, at 50c a box, or six boxes for \$2.50, from The Dr. Williams' Medicine Co., Brockville, Ont.

WANTED LIGHT

A subscriber in Halifax called "Trouble" a few days ago and wanted to know why her electric lights went out and stayed out the night before.

The operator explained that we don't look after lights (not the kind she meant anyway) but telephones, and that she had better call the Tramsways Co.

"I thought you were the 'Trouble Department,'" she said, and bang!—went her receiver.

DEATH OF MRS. W. H. MAGEE

Friday's Digby Courier says:—Mrs. W. H. Magee, of North Battleford, Sask., died at Palo Alto, California, on March 11, after a very brief illness. Many of the older generation in Digby will remember her as Miss Josephine Gaetz, who came here from Annapolis county and was engaged as a clerk in the store of the late J. F. Saunders, afterwards becoming the bride of W. H. Magee, then principal of the Digby Academy. The funeral services, which were held in North Battleford were conducted by Rev. R. J. Russell of Knox Presbyterian Church who spoke very feelingly and tenderly of the sterling character of the deceased. He referred to her unceasing cheerfulness and unselfish Christian characteristics, although suffering for many years past from ill health. The large attendance was composed of friends and acquaintances to whom the late Mrs. Magee had endeared herself, and many floral offerings were laid on her casket to pay their tribute to a life well lived and a name highly honored by the entire community.

There are left to mourn their loss, a husband and daughter in Nova Scotia.

BOUGHT A FARM IN SMITH'S COVE

Digby Courier. Mrs. Thomas Sanderson, who spent the past week with Rev. and Mrs. W. H. Langille, at Yarmouth, passed through Digby to return to her home at Glace Bay Tuesday. Mr. Sanderson who was here a few days ago has recently purchased a farm property at Smith's Cove, and will shortly leave the Cape Breton mining town to take possession of his new property.

For years I have never considered my stock of household remedies complete unless a bottle of Minard's Liniment was included. For burns, bruises, sprains, frostbites or chilblains, it excels, and I know of no better remedy for a severe cold in the head, or that will give more immediate relief, than to inhale from the bottle through the nasal organ.

And as to my supply of veterinary remedies it is essential, as it has in very many instances proven its value. A recent experience in reclaiming what was supposed to be a lost section of a valuable cow's rider has again demonstrated its great worth and prompts me to recommend it in the highest terms to all who have a herd of cows, large or small. I think I am safe in saying among all the potent medicines there is none that covers as large a field by usefulness as does Minard's Liniment. A real truism good for man or beast.

Children Cry for Fletcher's CASTORIA

Fletcher's Castoria is strictly a remedy for Infants and Children. Foods are specially prepared for babies. A baby's medicine is even more essential for Baby. Remedies primarily prepared for grown-ups are not interchangeable. It was the need of a remedy for the common ailments of Infants and Children that brought Castoria before the public after years of research, and no claim has been made for it that its use for over 30 years has not proven.

What is CASTORIA?

Castoria is a harmless substitute for Castor Oil, Purgative, Drops and Soothing Syrups. It is pleasant. It contains neither Opium, Morphine nor other narcotic substance. Its age is its guarantee. For more than thirty years it has been in constant use for the relief of Constipation, Flatulency, Wind Colic and Diarrhoea; allaying Feverishness arising therefrom, and by regulating the Stomach and Bowels, aids the assimilation of Food; giving healthy and natural sleep. FRED GRANT KENNEDY
On Sunday morning, April 17th, at the residence of his father, George Kennedy, Fred Grant Kennedy passed away to his eternal rest, after a lingering illness of nearly three years; the result of shell wound and gas received while serving his country in France during the great World War. Private Fred Kennedy enlisted at Digby, February 1st, 1916, with the 112th Batt., and later served in France with the Royal Canadian Regiment. He was discharged July 11th, 1918, as medically unfit for further active service overseas, owing to shell and wound on the left foot, on October 20th, 1917. This and the result of a gas attack so undermined his health that he was forced to return home, and has since been tenderly cared for by his mother and family in the little town of his birth and boyhood days.
The fact that this is the second bereavement in one week in Mr. Kennedy's family, has called forth the deepest sympathy of all classes in the community, which was evidenced by the large concourse who attended the funeral on Tuesday afternoon.

J. HAROLD LOVITT
The very sad news has been received of the death in Philadelphia of J. Harold Lovitt, a native and former resident of Yarmouth. The fact of his illness was not known to his friends here, and the word of his death came as a great shock. Mr. Lovitt was 49 years of age, and was the only son of the late Senator John Lovitt. While still quite young he entered business in partnership with his cousin, J. Leslie Lovitt. Later he went to Philadelphia and became President and managing director of the Charles Killiam Co., a large shipping firm. He was prominent in the masonic order and in several recreation clubs. He leaves a wife, formerly Miss Hardwick of Bear River, two sons, John and James, four sisters, Mrs. H. B. Cann, Mrs. A. P. Stone-man, Misses Helen and Mary.

MRS. JOHN BOLAND
MILTON, N. S., April 20—In the death of Mrs. John Boland, Milton loses one of its most talented young people, and the Baptist Church, a valued member. The funeral services were held Tuesday, Rev. A. Avery Gates, officiating.
Mrs. Boland's special ability was in music. Having heard the most difficult selection once, she could reproduce it from memory with accuracy. Once she won a prize for rendering on the piano one hundred selections from memory without a break.
She leaves a sorrowing husband and a little boy, her parents and a

After completing their labors, the delegates retired to the Devonshire Tea Rooms for refreshments and cigars. A most enjoyable social hour was spent, the company having been augmented by Messrs. Elliott Smith, Chas. Koppell, George Ruffee and Gerald Bond, who had carried out the duties of a reception and entertainment committee with great credit to themselves and the Association.
Rev. R. F. Dixon, who presided, proposed the toast of the visitors in his usual breezy style, and was overwhelmed with emotion in tendering his thanks for the honor of being elected the League's first president. He assured them that he enjoyed striving to promote the good old game and was thankful for being spared to witness its revival in the Valley. Elliott Smith also spoke words of welcome to the visitors, for whom the Rev. Mr. Armitage responded and voiced everybody's appreciation of Mr. Dixon's services to cricket; he was to the Valley what Dr. W. G. Grace was to England—the grand old man of cricket. Mr. Armitage was enthusiastically optimistic as to the prospects of the game in the Valley this coming season, and expressed the hope that the Stellarton champions

Rev. R. F. Dixon, who presided, proposed the toast of the visitors in his usual breezy style, and was overwhelmed with emotion in tendering his thanks for the honor of being elected the League's first president.
