RUSSIANS ACHIEVE SWEEPING VICTORY OVER TURKS IN CAUCASUS Situation in Balkans is Closely Watched by All Europe GERMAN INVASION OF BALTIC PROVINCES MEETS A SEVERE CHECK

SERIOUS FIGHTS STILL RAGING IN ARGONNE WOOD

French, Continuing Combat, Recapture Lost Trenches From Germans.

GUN DUELS KEEP ON

Extremely Active Artillery Actions North of Arras and in Vosges.

Special Cable to The Toronto World.

PARIS, Aug. 12.—About the only serious fighting with infantry on the French front is in the Argonne, where the Germans are nervous about the security of their communications, and have been making attacks with a view to relieving pressure there. The French army of the Argonne, however, has pretty well held its own. It drove the Germans out of a section of the first line trenches which had been occupied yesterday. During the past night the Germans were extremely irritable and delivered two attacks on the French positions in the region of Marie Therese and near Fontaine-aux-Charmes. These were speedily repulsed.

The portions of trenches recaptured by the French lie east of the road between Vienne-le-Chateau and Binarville.

Artillery combats go on. Artillery actions of great violence were carried on in the northern Woivre, at Priest's wood, and at Barrenkopf in the Vosges.

Heavy guns continue to bombard the German positions north of Arras.

Raon l'Étape, ten miles northwest of St. Die, was shelled by the Germans today with the result that four civilians were killed and seven women and children wounded.

Fighting with bombs and hand grenades took place in Priest's wood last night.

A German attack against Laigne in the Vosges, undertaken under cover of night, was repulsed by the French.

CRUISER INDIA'S LOSS OFFICIALLY CONFIRMED

Nearly One Hundred and Fifty of Those Aboard Were Saved.

LONDON, Aug. 12.—An official communication, issued this evening, announces that the British auxiliary cruiser India, while engaged in patrol duty in the North Sea, Aug. 8, was torpedoed and sunk by a German submarine.

The announcement adds that 22 officers and 119 men of the India were saved.

A despatch from Berlin last Tuesday, concerning the wireless to Stavins, N.Y., announced that the India had been torpedoed off the Norwegian coast and that 80 members of her crew were saved by the Swedish steamer Goetland. It was added that the attack on the vessel occurred north of Borge, while the India was entering Rosjøfjord.

Ontario Fall Wheat May Open at \$1.15

The World made further enquiries yesterday about Ontario wheat and discovered a rather peculiar situation. The Ontario wheat crop a few weeks ago had all the appearance of a record yield, and R. Baiden of the Canadian Grain Co. said that the trade estimated it at 25,000,000 bushels against 14,000,000 gathered last year.

War Profits Limited in Many Establishments

Two Hundred and Forty-five British Factories Come Under New Rules—Labor Restrictions and Customs Also Suspended.

LONDON, Aug. 12.—David Lloyd George, minister of munitions, announces that 245 establishments have been declared "controlled establishments" under the Munitions of War Act. As a result of this control, the profits of employers are limited. Any excess over such a limit becomes payable to the national exchequer.

ANOTHER BIG GERMAN WAR LOAN

LONDON, Aug. 12.—A Reuter despatch from Amsterdam says: "A Berlin telegram received here says, in a bill voted today by the federal council for a supplementary imperial budget for 1915, a new credit of 10,000,000,000 marks (\$2,500,000,000) was asked for."

RUSSIAN VICTORY WON IN CAUCASUS

Turkish Offensive on Olti and in Passine Valley Everywhere Repulsed.

GET NEAR EUPHRATES

Czar's Men Sweep All Before Them, Taking Prisoners and Booty.

PARIS, Aug. 12.—An official communication from the headquarters of the Russian army in the Caucasus, dated Aug. 9, made public today, says: "The attempt of the Turks to advance in the direction of Olti and the Passine Valley was everywhere repulsed. In the capture of the Mergh Mir Pass we took three machine guns and some prisoners, including the commanders of two regiments.

"In the direction of the Euphrates the pursuit of the Turks continues. During the last few days one of our columns made prisoners of nineteen officers and 1172 men. We also took 200 wagons loaded with pyroxylin (an explosive compound) and trenching implements. We also seized a quantity of arms and ammunition and tents. In the villages the enemy has abandoned his wounded. On the roads our troops are finding heaps of ammunition and artillery."

Another communication said: "On August 10 in the Passine Valley our troops after an engagement, captured the important heights and drove back the Turks toward the west, taking a battalion commander and three other officers and three hundred men prisoners.

"In the direction of the Euphrates the pursuit of the Turks continues. Twenty-one hundred men have been taken prisoner."

HUGE TOTAL OF WESTERN CROPS

Six Hundred Million Bushels is Grand Aggregate Now Estimated.

BETTER TIMES NEAR

Big Expansion in General Business Looked for at Early Date.

D. B. Hanna, general manager of the Canadian Northern, sizes up the western grain crop in the following cable to their London office: Toronto, Aug. 11.—Have just received exhaustive report on crop situation on our entire western system; also letters from President flour mills. Now harvesting and will be general Manitoba next week. Alberta and Saskatchewan week following. If present conditions continue three provinces will harvest 240 million bushels wheat and not less than 500 million bushels wheat, oats, barley, flax. Cattle and hog shipments good and prices satisfactory. General business outlook excepting war munitions plants, which are working at capacity, does not show much expansion, but there is general feeling fall and winter business will be much ahead last year.—Hanna.

Another estimate on data received still later makes the total crop exceed 600 million bushels. This crop will keep all the railways busy for months this winter.

ALBERTA'S CROP YIELD

CALGARY, Aug. 12.—A wheat yield of 25,350,000 bushels, and a total yield of 112,617,920 bushels of grain of all kinds is the estimate of U. S. Consul Reat for Alberta, just forwarded to the department of agriculture at Washington.

ITALIAN CONSULS LEAVE TERRITORY OF TURKEY

Austrian Newspaper Announces Italy's Interests Confided to American Officials.

PARIS, Aug. 12.—A despatch to The Temps from Geneva says that the Neues Wiener Journal (a newspaper published in the Austrian capital), announces that Italian consuls have left Turkish territory and that Italian interests have been confided to United States officials.

CLEAN-UP SALE

Friday, always a big hat selling day at Dineen's, 140 Yonge street, will be extra brisk this week, for the greatest clean-up of the hat season is listed, and orders from "the head of the house" are to sell at what the goods will bring. When the almost endless variety of summer hats—straws, pinnas, bangkoks, etc.—is considered, you should readily manage to pick up a genuine Dineen quality hat well below cost of making. Besides hats you'll find an immensely underpriced showing of raincoats, motor dusters, outing caps, etc., in fact everything on Dineen's ground floor and basement, selling at deeply cut prices to clear.

RUSSIANS SLAY MANY GERMANS IN BUG SECTOR

Dead Lie in Enormous Heaps Before Muscovite Positions at Ostrow.

WIN IN RIGA SECTOR

Teutons' Attempts to Overwhelm Czar's Advance Guards Fail.

PETROGRAD, Aug. 12.—Via London.—The Russian advance guards in the Riga district also have been repulsed, as have attacks at several other points on the battle line.

The communication follows: "In the region of Riga Wednesday we repulsed German attempts to overwhelm our advance guard. In the direction of Jacobstadt and Dvinsk our troops on Tuesday and Wednesday continued their progress, successfully pressing the enemy. In the region north of Vilkomir we occupied Kovarak and Tovyin after a fight and took some prisoners. Near Kovno we continued to repulse German attacks on the front west of the Niemen as far as Jessia. The enemy was not successful everywhere except near the Village of Gory where a desperate artillery duel is progressing.

"On the front between the Narva and the Bug the Germans continue persistent attacks, especially on the roads to Lomza, Sniadovo and Kossevo. Further south on two sides of the Kiev-Malkin Railway our troops on Wednesday afternoon were able to assume a counter-offensive.

"On the roads of the middle Vistula there has been no change of importance. Repulse on Vleprz-Bug Front. "On the front between the Vleprz and the Bug Wednesday the enemy delivered a series of desperate attacks in the direction of Parzew and on both roads between Cholm and Viadova. All were repulsed with heavy losses to the enemy. These were especially severe at Ostrow, where the Germans dead lay in enormous heaps in front of our positions. On the Bug, the Vistula and the Zlota Lipa, there has been no essential change.

BIG RUSSIAN SUCCESSSES.

LONDON, Aug. 12.—Wide circulation was given this afternoon to a rumor that the government had received news of military successes closely affecting Russia. This rumor was based on the activity at rising prices of Russian securities and on the stock exchange.

C. N. R. SUCCESSFUL IN FLOATING LARGE LOAN

Issue of Nine and One-Half Millions Placed in New York.

OTTAWA, Aug. 12.—The Canadian Northern Railway has successfully floated a \$9,500,000 loan in New York. The loan is for two years and at 5 per cent, secured by a general mortgage on the Canadian Northern and the bonds of that company unsold and guaranteed by the Dominion Government. The proceeds of the loan will be used to take up loans due and to complete certain construction work on the system.

This item, which appeared in the evening papers of yesterday, is apparently true. Sir William Mackenzie was in New York last week and was in London yesterday negotiating the loan, and in all probability it has been completed.

FOUR ATTACKS FAILED IS CLAIM OF TURKS

CONSTANTINOPLE, Aug. 12, via London.—Four hostile attacks against the Gallipoli Peninsula were repulsed on Aug. 10, according to an official statement issued today at the war office.

ENEMY WILL ATTEMPT BIG OFFENSIVE IN WEST

Order Issued to Teutonic Armies in Flanders, Says Amsterdam Paper, Indicates Early Shift From East.

LONDON, Aug. 12.—A significant order of the day, predicting a resumption by the Germans of a vigorous offensive in the west, has been issued to the Teutonic armies in Flanders, according to The Amsterdam Telegraph. An extract from this order, telegraphed by the Amsterdam correspondent of the Exchange Telegraph Company, follows: "Our work now is practically finished in the east, and we are about to begin in the west. Peace is certain in October."

PETROGRAD, Aug. 12, via London.—The Russian advance guards in the Caucasus have repulsed a wholesale exodus of Armenians from their country into Transcaucasia as found in an account of military operations on the Caucasus front since July 22.

The Banks and Recruiting

Said a banker yesterday: Mayor Church blames the banks for not helping recruiting. We all voted the shareholders' money for the patriotic fund; we subscribed to the Red Cross; our managers are on all the big committees; we let our clerks and officials enlist, and are paying their salaries when away; we are holding their places open for them, and we did other things. Some of our banks let over a hundred men go to the front; and if in the next busy two months in handling the grain crop we may have to hold back some of our most competent men who may be ready to go forward it will only be because it is almost as essential to get the food supplies looked after as to send men. We are also to finance the enormous crop yield of this year, and we have assisted financially many of the local concerns who have taken munition contracts in order to keep factories going.

TURK GUNBOAT AND TRANSPORT SUNK BY BRITISH

Submarines Do Effective Work at Dardanelles, Destroying Battleship.

TOWN BOMBARDED

Warship and Aeroplanes Damage Zangagik, Near Smyrna.

LONDON, Aug. 12.—The Turkish gunboat Derk-I-Savet and an empty transport have been torpedoed in the Dardanelles by a British submarine, it was officially announced tonight.

ZAGAGIK BOMBARDED.

PARIS, Aug. 12.—A despatch to the Havas News Agency from Athens says that it has been learned from Mitylene that British aeroplanes, yesterday, destroyed the barracks, the telephone offices and eight houses. A destroyer which followed the aeroplanes, also bombarded the city, in which there were said to be large numbers of victims. The governor of Smyrna, fearing an attack, sent 8000 men to reinforce the coast defence troops, the despatch adds.

CAUGHT RUNNING OFF WITH A BANK

You talk about raiders and cattle lifters, but running off with a bank is the latest form of modern adventuring. From all accounts, one of the leading banks in Ontario was about grabbed by a Montreal bank this week; indeed, the buccaneer thinks he still has it, and the big policeman at Ottawa has been asked to interfere and compel dropping of the goods. The story is that a prominent bank of this province, whose assets are about forty-six millions, all of Ontario people's money, was induced by the Montreal bank—one of assets of nearly two hundred millions—to put a resolution through the meeting of the directors early this week sanctioning a consolidation with the Montreal concern. The terms are said to have been fine, a bonus in stock, and therefore, one that would commend itself to the shareholders. It would be like cutting a melon, just as in a former consolidation of this kind. Everything seemed lovely for the shareholders of both concerns and also advantageous to the directors and the others who were to help consummate the deal. The special press megaphone service that officials in such cases was engaged to prepare the treatise for the press announcements. But something happened in the case that we are now speaking about. A gentleman who is more or less interested, and who had what he thought the public interest at heart, decided to make a move and protest against the consolidation on several grounds, but especially on the ground that if a Montreal bank grabbed control of an Ontario bank the fifty millions of assets would be transferred from Ontario to Montreal control, and instead of these assets being used, as they now are, to help business in the cities and towns of Ontario, they would be used for exploiting concerns in Montreal. This bank gets a good deal of its business from Ontario people, and much of it from farmers, and has been a source of great help to farmers and fruit growers, whose business it has cultivated. Just what further steps the gentleman took we are not at this moment prepared to say. But it has also been stated that a Toronto bank of large resources, when it heard of the deal, was willing to consolidate with the bank that had been grabbed, but that the offer came too late. It was even said that the gentleman had so much objection to consolidation with the Toronto bank, as it would keep the money of the people in the province to help the business of the province. Something else also happened, because the World was told last night that the big policeman at Ottawa had been asked to forbid the marriage as not being in the public interest. Today will show.

BALKAN LEAGUE STILL FAR FROM BEING FORMED

Bulgaria's Attitude Remains Key to Situation in Near East.

TURKEY YET STUBBORN

Balks at Offering Concessions Proposed by Germans for Neutrality.

LONDON, Aug. 12.—The situation in Poland and the Baltic provinces is changing but little from day to day, and public interest is being turned to the near east, where the diplomats of the quadruple entente powers are endeavoring to revive the Balkan League and bring all the Balkan states over to their side, and to the armies of the allies which are battling against the Turks on the Gallipoli Peninsula and in the Caucasus.

The diplomats of all the belligerents for the moment are concentrating their attention on Sofia, for Bulgaria holds the key to the situation. It is said she is being smiled upon and offered territorial concessions as an inducement for her to adhere to one side or the other, or to remain neutral. Both the German and entente ministers are declared to be finding their endeavors hindered by their friends. Greece and Serbia are unwilling to concede to Bulgaria the parts of Macedonia which are her price for joining the allies, while Turkey is opposing concessions which Austria and Germany desire her to make to ensure the continued neutrality of the Sofia Government.

Victories Over Turks Help.

Bulgaria's key, it is asserted, is weighing the victory that the Austro-Germans have gained in Poland against the renewed efforts of the allies in the Dardanelles and the reported signal victory which the Russians are said to have won over the Turks in the Caucasus and which the military experts here believe will keep the Turks quiet on that frontier for some time. The Russians continue their retirement in Poland, but all the while they are retarding the German advance, which is now regaining momentum, by repeated counter-attacks and stubborn resistance wherever the conditions are favorable. There is still considerable distance between the German armies to the southeast and northeast of Warsaw, so that seemingly the Russians will be able to make good their retreat, only, however, to be called upon to oppose a German attempt to outflank them at Kovno and further north.

May Aim at Petrograd.

The strength of the German offensive in the latter region has led to the assumption by some of the military observers here that Germans are now aiming at Petrograd. It is pointed out, however, that there is a great stretch of marshy country between the present battlefields and the capital, which is asserted, would make the adventure a dangerous one. Besides, the Germans would first have to capture Vilna, Dvinsk and Riga, all of which the Russians are defending with strong forces, which at times are able to take the offensive.

ACTING CHIEF RESIGNS

William Smith, veteran member of the Toronto Fire Department, tendered his resignation yesterday. Last night he said he would reconsider the matter if requested to do so.

NIEMEN PROVES HUGE OBSTACLE

Germans Left Many Thousand Corpses Behind at Kovno.

MADE BIG BLUNDER

Russians May Not Make Decisive Stand on New Lines.

By Frederick Rennet.

Special Cable to The Toronto World. PETROGRAD, Aug. 12.—The banks of the Niemen River, the first stumbling block which the Germans have had to encounter. Many thousand corpses have been left behind and the enemy is still on the south bank of the river. Their efforts against the Kovno fortress have cost them dearer than any previous attempt at storming made during the eastern front campaign. They brought up by rail and motor traction their heaviest artillery. They used the experience gained at Antwerp and elsewhere in the west and tried hastily and boldly to take by main force what would have required a long operation.

Used Entire Army. They spared neither man nor shells, in order that they might take Kovno quickly, and they lost a colossal number in trying to prevent the garrison of the fortress from repairing the damage done. This haste of the Germans at Kovno is due to their failure at the Riga and Poneviesk-Wilkomir front. In the latter area the enemy will probably be compelled to regroup and obtain reinforcements. Kovno is the chief obstacle to the Germans holding both banks of the Niemen, hence their continued desperate efforts to reduce the Russian fortress, which will be the base of the Russian defensive line when the grouping in the south is finished.

Experts regard the Russian front as favorable. The Zlota Lipa-Dmitry line is very secure. The narrow-burg line varies according to the stubbornness of offensive conducted by the enemy. The Niemen front is secure, while the Dvina-Niemen front is gradually moving westward.

Sturdy Russian Defense. From Riga to Wlaimir, Wolynsk, the hosts of Germans continue the advance. The Russians are everywhere making a sturdy defense, inflicting upon the invaders the maximum of possible losses as they steadily fight in retreat. The Germans are said to have brought five more army corps from the west, and are strengthening on the Russian front where their losses continue to be colossal.

Previous similar cases of withdrawal on the western front of seasoned troops, their places are taken by newly formed corps who are considered by the Germans as being less experienced in the art of maintaining the defence behind their splendid entrenchments whereas fighting on the Russian side makes more onerous demands upon the soldiers employed.

When the Russian army stand they will stand, but it is advisable for the purposes of this war that the Germans should penetrate as deeply as possible into Russia. The Russian allies should know why. Russia's sacrifices should prove a death blow to German ambition. The sacrifices have been very great, for Russia yielded up to the German advance nearly as much space as would make another whole German Empire.

I regard it not impossible that Russia will not hold more than temporarily the line on which she is now supposed to be withdrawing. Her main object is to maintain her armies intact. No lesser aim could the ardor of the Russian soldier and no sacrifice of space can break the resolution of the Russian people to destroy the German hydra.

IMMIGRATION GOT SETBACK BY WAR

Number of Canadian Settlers Lowest in Last Eleven Years.

HERE BEFORE WAR

Total Reaches Little Over One Hundred and Forty-Four Thousand.

By a Staff Reporter. OTTAWA, Aug. 12.—Immigration to Canada during the fiscal year which ended on March 31 last has fallen off tremendously, according to the official figures which were made today. Most of the immigrants, other than those from the United States, came before the war began, and the same remark applies also to the American settlers.

The total immigration for the year was 144,789, as compared with 384,878 in 1913-14, and 402,432 in 1912-13, the biggest immigration year in Canada's history. Not since 1903-4 has immigration been so low.

Last year 43,276 Britishers came to Canada, compared with 142,822 the year before, 59,778 Americans, as compared with 107,530, and 41,734 from other countries, as compared with 134,726.

British Immigration. The total British immigration since 1900 is 1,159,825, composed of 833,882 English, 12,959 Welsh, 246,106 Scotch and 12,144 Irish.

The total immigration of all nationalities since the century began is 3,031,111. Last year 2472 Germans came to Canada, as compared with 5337 the year before. In all 28,771 have come to Canada since 1900, and 200,000 Austro-Hungarians.

MGR. McCANN VERY LOW. At an early hour this morning there was no change in the condition of Monsignor McCann, life bulletin given out at the residence of the vicar-general being that he was very low.

BOY SHOT HIMSELF WITH REVOLVER

Earl Mertens, Fourteen, Found Dead With Weapon in His Hand.

NO MOTIVE IS KNOWN

Had Been Playing With Companions and Borrowed Gun From Chum.

By Frederick Rennet.

Fourteen-year-old Earl Mertens, 15 Matland street, shot himself in the front bedroom of his home at 5 o'clock last evening and shot himself thru the heart with a .38-calibre revolver. According to Dr. Smirle, Lawson, who was called, death was instantaneous. The body was removed to the morgue and Dr. George Graham will open an inquest today.

Altho the police have the occurrence entered on their records as that of a suicide, last night's investigations showed no motive for the lad taking his own life. The boy had been playing around his home all afternoon with companions and secured the loan of the weapon from a chum who lived across the street from his home.

Had Been Playing. When he came from play shortly before 5 o'clock he went directly to his room, and a few minutes later his sister, with whom he lived, was startled by the revolver shot. When she entered the room she found him lying across the bed with the revolver still grasped in his right hand.

Dr. Lawson said that the weapon must have been discharged right against the boy's coat, for specks of powder had penetrated the flesh. The bullet passed directly thru the boy's body and lodged in the wall behind him.

TWO CONCERNS DISPOSED OF BY WINDING-UP ORDER

People's Restaurant Co. and Bowles' Syndicate Pass Into Liquidation.

At Osgoode Hall yesterday, an order winding up the People's Restaurant Company of Ontario was granted on the petition of Hodgins and Roberts, creditors for \$218.

G. T. Clarkson is named as liquidator with a reference to the master in-ordinary.

The premises of the company were at 99 and 101 Yonge street. The company was incorporated in June, 1914, with a nominal capital of \$50,000, of which \$35,000 is said to have been subscribed, and all but \$5,250 of that paid up.

Nineteen shareholders, all of whom reside in the United States, hold the stock.

An assignment has been made by the Bowles Syndicate Stores Limited operating a chain of 5-10-15-cent stores, to N. L. Martin. A petition by John Macdonald and Co., creditors for \$1,050, is to be held in abeyance and the company will be wound up under the assignment.

The liabilities are about \$40,000 and the assets the same. The company was incorporated in March, 1910, with a nominal capital of \$100,000, in 20,000 shares. The Toronto premises are on East Queen street, near Broadview avenue.

Dean of Durham Believes Swiss System Will Be Imitated After War.

LONDON, Aug. 12.—(By Mail)—The Dean of Durham does not believe that the war will result in general disarmament and universal peace.

and the battle flags are furled. In an address at West Hartlepool he predicted that in England the certain consequences of the war would be "the universal obligation to military service," on the Swiss model.

"Never again," he said, "can we run the risk of having the whole fortunes of our land and empire left to voluntary effort, however widely distributed and magnificently rendered."

THREE YEAR OLD WARRANT IS USED

Sydney Beaumont, Alias Hope, Under Arrest Charged With Theft.

SOLDIER FACES CHARGE

Pte. J. T. Murphy Alleged to Have Refused to Obey an Order.

Sydney Beaumont, alias Hope, was arrested by Officer 480 last evening on a three-year-old warrant charging him with the theft of an overcoat from John Nanson. The theft is alleged to have occurred at 149 Parliament street, where the two men roomed together. The arrest was effected when the former landlord at the Parliament street house recognized his former boarder on the street.

Soldier Arrested. Private James T. Murphy, 64 Jarvis street, was arrested by the military authorities last evening charged with refusing to obey an order from a non-commissioned officer. Lieut. B. M. Loudon of the 48th Highlanders ordered the arrest, and Murphy spent the night in the cells of Agnes street station because Stanley Barracks was overcrowded with alien enemies.

Vagrancy Charge. Charles Allement, alias Ottawa Red, was arrested by Detective Archibald Stewart on a nominal charge of vagrancy while selling shoe laces on West Queen street. Two years ago Allement was taken into custody on the same charge and allowed out on his own bail on the understanding that he would get out of Toronto for good.

The police have no specific charge against him, but ten years ago he was arrested in company with a gang of safe blowers, and is said to have gained a reputation as an accomplished safe-cracker in his younger days.

Harry Taylor, aged 15, surrendered himself at the detective office last evening on a charge of stealing a motor-car from Wallace Felzer, 305 Augusta avenue. The charge was laid three weeks ago.

Young Boy Hurt. Fifteen-year-old Frank Sullivan, 61 Nassau street, was run down by a motor car driven by Alexander Mitchell, 21 McKenzie crescent, on University avenue last evening, and sustained minor internal injuries. He was removed to the Hospital for Sick Children, and then to his home.

Private Edward Elmer, 9 Prust avenue, was arrested on Yonge street by Detective Mitchell last evening, charged with having deserted from his regiment at Niagara camp.

Sold Smokes on Sunday. For selling cigars on Sunday a fine of \$5 each was imposed on William Power, Louis Marowitz, Basil Ewanoff and Louis Weisman in the afternoon police court yesterday.

Harry Taylor, wanted by the police in connection with the theft of an auto from Morris Falser, 305 Augusta avenue, gave himself up at the detective office yesterday.

Advocates Conscription. "There ought to be conscription in this country," said Col. Denison in the police court, when Newton Snowden came before him charged with non-support of his wife and two children. Snowden was remanded for a week so that he may have a chance to enlist.

For using short measures Frank Achison and Robert Lawson, pedlars, were fined \$15 and costs of 30 days.

YORK COUNTY AND SUBURBS

MORE RAIN ADDS TO FARMERS' LOSS

Yesterday's Shower Disheartens Reapers Who Have Already Suffered.

POSITION BECOMES BAD

Sheaves Were Soaked Thru and Thru and Great Damage is Caused.

Yesterday was the most disheartening day since the storm of a week ago, the downpour which began in the early hours of Thursday morning and continued the greater part of the forenoon, thoroughly soaking everything and undoing all the bright sunshine and drying winds of Tuesday and Wednesday had accomplished.

Hundreds of farmers in the county and out of it, who had at the expense of a lot of time and energy, scattered their wheat stacks yesterday morning in a worse position than ever. Lying on the wet ground, the sheaves were wet thru and thru.

When they will dry is a problem. They must first be re-stocked, an endless work, and then await more sun and wind.

Condition is Serious. A reporter of The World yesterday met a score of practical farmers, men who will take advantage of every chance to save their grain and are not easily daunted, and they without exception look upon the situation in the central counties of Ontario at least, as extremely serious. The long-continued rains have so completely soaked the land that it is with difficulty the binder could on Wednesday be made to run. What will it be now that another heavy rain is falling?

On the farm of A. Coulson, and occupied by J. Taylor, on concession 6 of Markham, north of the Village of Unionville, 30 acres of heavy fall wheat had been cut and stacked, and the grain in order to keep the less seriously damaged and the inferior grades in drawing into the barn. Care was taken to make a division of the grain in order to keep the less seriously damaged and the inferior grades in drawing into the barn.

The farmer is working. Labor is apparently scarce, but if it were ever so plentiful it would be of little use. Late oats will represent a loss of at least 50 per cent, and some farmers say more.

On the farm of Mr. John T. Watson, at Fairbank in York Township, where Mr. Watson had sown 10 acres of white oats, the probable yield as estimated by some of the neighbors before Tuesday's storm, was placed at 100 bushels to the acre, assuming that they remained standing. So heavy Tuesday's storm, and rain had driven them into the ground, with the result that the yield may not run 25 bushels to the acre, practically a total loss.

Factors Against Farmer. Inability to get the grain cut in time to get it into the barn, and in getting men when and where needed are some of the factors that will militate against the Ontario harvest. In view of the exceptional circumstances surrounding the present harvest and the shortness of time in which to garner it, the suggestion is made by some of the neighbors that as much of the crop as possible that work of the harvest may be prosecuted in the morning of the day that the farmers may in case of emergency, harvest their crops on Sunday, appears to be provided for in the Ontario Grain Act, Section 3, which provides that any person may on the Lord's Day do any work of necessity or mercy. In this work is included by subsection W, of that section: "Any unavoidable work on the Lord's Day to save property in cases of emergency, or where much property is in imminent danger of destruction or serious injury."

Reference to the debate in the house of commons will make it clear that this section was intended to cover the case of crop saving under emergency.

PRIZES WERE AWARDED. At a crowded meeting of the members and friends of the British Impairment Association, held in Little's Hall last evening, the prizes won at the sports held on Civic Holiday were presented. President Henry Partrey presided, and after the presentation a social evening was spent.

FIRST AID EXAMINATIONS. The examinations in connection with the McEwan Red Cross League First Aid Class will be held this evening at Dundrum Heights, 850 West St. Clair avenue, when all members are particularly requested to be present.

CALL OF A HERO BRINGS RECRUITS

The Wounded, Pte. Porter, Sounds Appeal Men Could Not Keiruse.

IMMEDIATE RESPONSE

Earlscourt Audience Gave Soldiers at Enthusiastic Meeting Last Night.

An enthusiastic recruiting meeting, the first to be held in Earlscourt, was conducted last evening under the auspices of the 12th York Rangers, at the corner of St. Clair and Lansdowne avenues, about 2000 people being present.

The proceedings opened with patriotic selections by the band of the regiment. Dr. Alex. Fraser, the president, said: "We pride ourselves as citizens of Canada, but we have forgotten our lessons in economy, and that a great conflict is being waged against us. We should conserve our pennies for Red Cross, medicine, and all other purposes needed for our wounded. 'Britain today needs supplies,' said the speaker, 'outside of armament and men, and appeal to the men and women present to put by as much as possible at the means of their disposal.'"

Great excitement was caused when Pte. Porter of the Princess Pats, a returned wounded hero from the trenches, who is partly blinded from shrapnel wounds, and paralyzed from the hips downwards, was helped on the platform, the band playing "Tipperary" and the audience joining in the refrain. Pte. Porter said: "The strains of the tune brings to my mind the memories of my life in the trenches. When war broke out, I had a wife and two children. I am proud to say I was one of the first to enlist, and have not regretted it, and would go back again if they would have me."

If you only knew the need of men at the front, he said, "you would not hesitate to come forward at once, and if you could realize and see as I have seen the horrors of Belgium and the treatment meted out to the men and women by the Germans, you would not hesitate one moment."

The rise in the trenches is no more than walking down King or Yonge street," said the speaker, "and we think no more of the eating of our meals. In fact," said Pte. Porter, "we have played a game of football on the field with the shells dropping about us. There are 12 of our men of the Princess Pats returned to Canada with me, and I want 12 of your young men to come on the platform and make their places," said the speaker.

There was a prompt response and 12 of your men came upon the platform at once. All is Voluntary. The speaker, appealing to the men in the audience, particularly the young men, to come forward and hand in their names. He told his hearers that there was no death so grand and noble as dying on the field of glory. "There would be no appeal to you to enlist in the 12th York Rangers, but you belong to the state in that land and you are compelled to go. We must have conscription in this country, if you will not go, and that is what you deserve. I appeal to you to enlist."

In conclusion he said: "The one thing that we must take care of is the British fleet, but for which we should have no Canada today, and I appeal to you to come forward and help us to win the war." Albert Chamberlain said: "It is well known that the married men in Earlscourt have responded nobly, but where are the young single men with their responsibilities? My own son is gone to the front. I would enlist myself," said the speaker, "but they won't have me. You young Canadians—where are you, anyhow?" asked the speaker.

"You are British. You are not Indians," he said, "and that is what you should do. You are not only fighting for our home and empire." The speaker said that he had met the front, who has an only son at the front, and Capt. Wynke, 12th York Rangers, who has worked energetically for the regiment.

The exhibit was a most interesting one. Many soldiers had been added to the illumination of the own account. The picture of the picture was arranged on a solid socle, many others of the same kind, and that is what you will see in the picture. The picture will show you the picture of the picture. ASK COL. LOGIE FOR A BRIGADE

Plan to Aid Recruiting on Labor Day Discussed by Citizens' League.

AT MID-DAY MEETINGS

Duke of Connaught Invited to Speak From City Hall Steps.

At a most enthusiastic meeting of the Citizens' Recruiting League in the city hall yesterday, a number of important events were decided upon. Col. Mewburn, stationed at Niagara Camp, was present and spoke in high terms of the work undertaken by the league, and the aggressive campaign outlined. He brought a letter from Col. Logie, O.C., in which the latter stated his appreciation of the efforts being made.

Today a deputation will meet him and discuss the idea of securing a brigade from Niagara Camp, to take part in the Labor Day parade, for the purpose of stimulating recruiting. The deputation will include Mayor Church, Senator Mason, P. Bear, J. D. Allan, Dr. Norman Allen, Dr. Alex. Fraser and three representatives of the Trades and Labor Council, including Walter Brown.

Duke of Connaught May Speak. Activity on the part of the league will soon become much more marked when present arrangements are carried out. Tomorrow a marquee will be erected on the grounds in front of the city hall and officers will be stationed there to receive recruits or give any information required.

A meeting of the recruiting committee will be held in the city hall between 12 and 1 o'clock. Each day one prominent speaker will address the crowds on recruiting. There will be a band, which will render patriotic music.

An invitation is to be sent to the Duke of Connaught, asking him to speak at one of these meetings. A meeting of the recruiting committee will be held in the city hall to-morrow at 10 o'clock.

Hotel Teck. Businessmen appreciate the excellent fifty cent luncheon served daily from 11.30 to 2.30. Romanel's Orchestra in attendance from 6 to 8 p.m.

JURY DECIDES THAT WOMAN WAS INSANE

Mrs. Helen Worr Died From Injuries Sustained Thru Either Falling or Jumping From Bridge.

Coroner Dr. J. W. Wigham's jury last night brought in a verdict to the effect that Mrs. Helen Worr of 12 Huntley street bridge in Rosedale on Friday last while temporarily insane, jumped or fell from the bridge.

Martha Worr, mother-in-law of the deceased, gave evidence to show that she was in this condition was corroborated by Rita Platt, a domestic in the home of Mrs. Worr, senior.

At a crowded meeting of the members and friends of the British Impairment Association, held in Little's Hall last evening, the prizes won at the sports held on Civic Holiday were presented. President Henry Partrey presided, and after the presentation a social evening was spent.

EXHIBITION WORK WELL UNDER WAY

Grounds Commence to Take on Appearance of Great Activity.

MANY IMPROVEMENTS

Illuminative Scheme and Decoration Throat is On a Bigger Scale.

Under the careful supervision of Percy Mackie, grounds engineer of the Canadian National Exhibition, everything is being made ready for Toronto's great annual event, which is only a little more than two weeks away. The lawns are in splendid condition, having been mowed con- siderably by the heavy showers, and the array of flowers is simply magnif- icent. Since the soldiers were camped on the grounds, traces of their presence have been removed; the buildings have been most carefully cleaned and in some cases redecorated, and also the cost of repairing the damage done was in the neighborhood of \$20,000. All the work is of a permanent nature, despite the fact that the grounds will be used by the militia after the fair is over.

An interesting new feature is the artificial moon, which will illuminate the outdoor agricultural section. It consists of a huge wooden ball some eight feet in diameter, studded with 1800 electric bulbs, and is mounted on a structural steel column some 30 feet high. When lighted up will have the appearance of hanging in space, as the supporting column will be invisible. The damage done by target practice under the east end of the grand stand has been completely obliterated and fifty-five new booths have been added. The stables for show cattle are being scrubbed and made scrupulously clean. Forty men are at work disinfecting the stables through. The sheep, dog and poultry buildings are being treated in the same way.

30,000 Electric Lights. At night a blaze of illumination will burst forth. The like of which has never been seen on the grounds. Altogether there will be about 30,000 lights. Running from the north gate around the plaza to the live stock section there will be a line of 6000 many colored lights. This is entirely a new feature. On the manufacturers' building the flags of the allies will be shown in electric lights in their colors, and flag poles throughout the grounds will be topped by high candle-power nitro- gen lamps.

Special illumination has been ar- ranged for the Gooderham fountain. Submerged reflectors will alternate in throwing the most beautiful colors up from the water's depths. Elaborate Exhibit. The exhibit of the Dominion Govern- ment will be more elaborate than ever. Many beautiful decorations are being added to the interior of the transpor- tation building and exhibition, show- ing a tendency to go in for more illumination and decoration on their own account.

Some of the most interesting moving pictures ever shown in Toronto have been arranged for. They will be shown on the solid state in the exhibition. Many beautiful decorations are being added to the interior of the transpor- tation building and exhibition, show- ing a tendency to go in for more illumination and decoration on their own account.

Today there are forty-three factories in Canada making shells for the war. Between them they have arranged for a huge exhibit of the shell industry as it affects Canada's war industry. The big German gun, which was captured from the enemy, and secured by Percy Rogers for the Exhibition, is being shown in the government building. It weighs over two tons and came in an immense crate without being dis- manded despite the new transcon- tinental now running to Winnipeg.

Yesterday's visit to the grounds gave the impression that the exhibi- tion is in a way directed by the authorities, and that the Canadian National will have many pleasant and profitable surprises for its patrons.

THOUSAND ISLANDS SATURDAY \$9.48. Three-day outing—a week-end trip to Canada's Beauty Spot. Tickets good going on R. & O. steamer Satur- day, Aug. 14, are being issued at the rate of \$9.48. TERCENTENARY CELEBRATED. First Catholic Mass in Ontario commemorated at Lafontaine. PENETANGUISHENE, Aug. 12.—Three hundred years ago, in the time of Father Le Caron, a friar Minorite, in company with Champlain, celebrated mass at a place which is now called Lafontaine, in the vicinity of this town. Today His Grace Archbishop McNeil, Toronto, assisted by secular priests from Toronto and two friars of the Minorite Order from Montreal, commemorated the historic event by celebrating the sacrifice of the mass at the same place in the open air. A large concourse of people gathered, and notwithstanding a heavy down- pour of rain the ceremony was carried out successfully. The choir, which was shortened. The Minorite friars gave eloquent addresses in French and English. The latter, Father Bellet, a member of an English family of ancient Saxon lineage. The music was finely rendered, the choir being directed by Father Brunelle.

UNIVERSITY MEN FAIL IN MILITARY EXAMS

Only One-Quarter of the Seven Hundred Successful in Tests.

Seven hundred university men wrote on the examinations of the Canadian Officers' Training Corps, but results, that are just out, show that not one-quarter of the number passed. A rumor went around that a great number of the men were plucked as there had been some differences be- tween the C. O. T. C. and the military authorities, but a prominent Varsity governor stated that this was untrue. He said that these examinations had been placed on a different basis en- tirely from the others. All students who attended a reasonable number of military drills had been given their academic standing without regard to this written test. Those who wished to secure a commission, however, had been required to write a three-hour examination, and from the results of this examination the men were chosen for commission.

The reason that so many did not pass the examinations was a result of the men not taking the matter seriously enough, but merely looking to get the physical drill and the military training incidental to the course. The Varsity governors seem to be well satisfied with the work done so far, and the corps will begin active operation next October.

MANY THOUSAND MEN REQUIRED FOR THE HARVEST OF WESTERN CANADA.

Thousands of men will be required from Ontario to help in the great work of harvesting the western crop, and practically the entire task of trans- porting this great army of harvesters to the west will fall to the lot of the Canadian Pacific Railway. Excursions from points in Ontario to Manitoba, Saskatchewan and Alber- ta will be run, and special trains operated, making the trip in about 35 hours and avoiding any change of cars or transfers.

grate. A few days' use will prove whether or not this is true of you. Isn't it worth trying?

If you want a beautiful and well- rounded figure of symmetrical pro- portions, if you want to gain some solid pounds of healthy stay-there flesh, if you want to increase your weight to normal, weigh what you should weigh, go straight to your druggist to-day and get a package of Sargol and try it as directed. Sargol will either increase your weight or it won't and the only way to know is to try it. A single package of Sargol easily enables you to make this test. Sixty days' use of Sargol, according to directions, is absolutely guaranteed to increase your weight to a satisfactory degree or your druggist will refund all the money you have paid him for it. Sargol is sold by leading druggists everywhere.

Hadn't you better look into it just as thousands of others have done? Many thin folks say: "I'd give just anything to put on a little extra weight," but when someone suggests a way they exclaim: "Not a chance. Nothing will make me plump. I'm built to stay thin." Until you have tried Sargol, you do not and cannot know that this is true.

Sargol has put pounds of healthy "stay there" flesh on hundreds who doubted, and in spite of their doubts, you don't have to believe in Sargol to grow plump from its use. You just try it and see if your weight does not pile up, holiness vanish, and your figure round out to pleasing normal proportions. You weigh yourself when you begin and again when you finish and you let the scales tell the story.

Sargol is just a tiny concentrated tablet. You take one with every meal. It mixes with the food you eat for the purpose of separating all of its flesh producing ingredients. It prepares these fat-making ele- ments in an easily assimilated form, which the blood can readily absorb and carry all over your body. Plump, well-developed persons don't need Sargol to produce this result. Their assimilative machinery performs its functions without aid. But thin folks' assimilative organs do not. This fatty portion of their food now goes to waste through their bodies like unburned coal through an open

BULGARS WANT TOO MUCH.

ROME, Aug. 12.—The key to the Balkan situation is not at Nish or Athens, but at Sofia," said M. Ris- titch, Serbian minister to Italy, in an interview published in The Tribuna. "Bulgaria does not wish to move un- til she makes impossible proposals to the quadruple entente and thus gains time without declaring herself. "If Serbia gave Bulgaria not only the quadruple entente, but Belgrade itself, Bulgaria would still and some excuse for not moving. The only way to clear the Balkan skies is for Ger- many to make a serious attack on Sofia. As it would be necessary to make this attack on the Danube, near Orsova, Roumania would be obliged to come forward to prevent herself from being cut off from the rest of Europe. If Roumania moves Bulgaria will be obliged to decide one way or the other."

BATTALIONS FOR FRONT FILLING UP RAPIDLY

Short Men Can Find a Place in the Bantam Battalion Now Be- ing Recruited.

A full complement for the 53rd Bat- talion has nearly been recruited. Both the 12th York Rangers and the 10th Royal Grenadiers have their compa- nies ready, and the Q.O.R. have a ready company, with another almost com- pleted.

For the new Highland Battalion, the 92nd, the 48th Highlanders had 357 men in line yesterday morning. One thousand men in all is the mark they are trying to reach. Two bands are being organized for this battalion, a brass band which is now being trained by Lieut. Handmaster John Slater, and a pipers' band for which the band- master has not been selected.

Table of Statistics Similar to Those Used By Leading Life Insurance Companies. Life insurance companies are be- coming more and more strict in their physical requirements of those who would take out policies. Any ma- terial falling in weight from their table or normal weight, standing as in itself sufficient to cause them, in most cases, to regard the applicant as an "undrinkable risk." The fol- lowing table of normal weights en- ables both men and women to know exactly what they should weigh to conform to the average for various heights:

SIMCOE COUNTY HARD HIT BY RECENT RAINS

Loss to Wheat Crops Estimated at Fully Thirty Per Cent. Special to The Toronto World. "BARRE, Aug. 12.—County Engineer Campbell estimates the loss to the wheat crop in Simcoe County will be fully 30 per cent. The wheat is sprout- ing badly, not only in the shock, but also standing in the fields. Only a small portion had been housed before the heavy rains set in. Potatoes are also suffering from excessive rains. Weather conditions are most discour- aging to farmers, who anticipated har- vesting the biggest crop for many years.

Notes of Women's World

The women's auxiliary to the Army Medical Corps meets at the Academy of Medicine at 2 o'clock this afternoon.

This morning the bandage meeting of the Dreadnought Chapter, I.O.D.E. will be held at St. Simon's parish house at 4:30.

The Daughters of the Empire, York Chapter, of the Beaches, will hold their postponed garden party on Saturday afternoon and evening at the home of Mrs. George Ritchie, 33 Leuty avenue.

All members are requested to attend the special meeting for first aid class examinations to be held this afternoon at Dundrum Heights under the auspices of the McNab Red Cross Association.

The proceeds of a small patriotic bazaar which was held by the staff of the Pembroke House Y.W.C.A. and which amounted to \$52 will be sent to Lieut. C. J. Pyne in aid of the Ontario Government base hospital.

On Saturday afternoon, Aug. 14, a sale of home-made cooking will be held at 208 Lakeshore, Centre Island. A miniature midway will be one of the attractions and with fine weather it is hoped to realize a goodly sum for the patriotic cause of the Red Cross.

Four little girls—the Misses Margaret Empringham, Marjorie Scoba, Helen Grant and Gertrude Foghall—gave a garden party by which they raised \$23.35, which will go towards the East Toronto Red Cross Society.

The Parkdale Soldiers' Aid Society have recently shipped thru the Red Cross 23 cases of surgical supplies to two Canadian hospitals in northern France. In addition, a number of pairs of socks, ninety short stories and twenty booklets were part of the shipment.

Owing to the rain of yesterday the proposed garden-party of the West Presbyterian Church Patriotic Association was held in the basement of the church. Many attractions were presented. The Salvation Army Band was in attendance and Controller Spence was the speaker of the evening.

Good work in the cause of patriotism is being done by the ladies at

Kawartha Island, Stony Lake. At a recent meeting thirty-five ladies worked for the boys at the front, and Rev. Dr. Speer of Toronto gave an interesting talk on the war. Mrs. Pearson read letters from her husband, who is with the Canadians at the front.

Fresh interest has been added to the White Rose Day campaign by the late message from government house that Their Royal Highnesses the Duke and Duchess of Connaught have been pleased to extend their patronage to the event, when an appeal will be made to the citizens of Toronto on behalf of the Queen Mary Hospital for consumptive children.

Good work is being done by the Ontario Chapter, Daughters of the Empire. They have decided to devote \$100 to the 59th Regiment fund, now being raised. They also contemplate the endowment of a cot in one of the Red Cross hospitals, besides the raising of a "convalescent fund" for the benefit of returned soldiers. A "self-denial fund" is also part of their program of patriotism.

A fine aggregate of work done was shown at a meeting called to celebrate the formation of the Col. Arthur Williams Chapter, I.O.D.E. Reports were given as follows: 709 knitted articles, 1596 hospital supplies, 255 shirt pyjamas, etc., 36 handkerchiefs, 26 completely fitted kit bags, \$4637.69 was raised by special collections, entertainments, etc.; over \$1700 was raised by the Empire Tea Room, making over \$6200 raised by the women and girls of Port Hope.

In connection with Red Cross Day at Scarborough Beach, Wednesday, Aug. 18, there will be a grand water carnival in the evening. Residents of Kew and Balmy Beaches having canoes, rowboats and dingies are asked to decorate their crafts and take part in the carnival. Special prizes will be given, and it is expected that every owner of a boat will take special interest to make this one of the most successful carnivals ever held.

Parties intending to take part in the carnival will please send their names to Harry Trowell, 81 Balsam avenue, not later than Monday next.

Her Majesty Queen Mary has been graciously pleased to approve of the proposal to have a White Rose Day on Thursday, Sept. 9, for the benefit of the National Sanitarium Association. It is hardly necessary to remind the public of the ravages of the white plague or of the needs of the institutions that are endeavoring to mitigate its evils.

QUEEN MARY BIDS THE AMERICAN FLAG

Paid Over Thousand Dollars for Stars and Stripes at Auction.

A pretty story is just to hand of a patriotic sale of embroideries held at Windsor Castle by Lady French. The sale was in aid of the British Red Cross, and among the articles put up at auction was an American flag, consisting of a square of white silk about a yard across, with the Stars and Stripes richly embroidered upon its surface. Some years ago it had been bought from a Parisian dealer in embroideries by Lady French for \$35. The first bid made at the late auction was \$150. The bids went up until finally they were bought by Mrs. Mary for \$1250, the highest bid of the day. The incident recalls the sentiment that attaches to a flag. How many stories of heroism and how many inspirations for poetry have been found in the flag. Lives have been sacrificed and glorious deeds accomplished in the defence of the "colors," and to offer insult to the flag is to offer insult to the country it represents. On the other hand, to honor the flag is to honor its people.

Doubtless this is what Her Majesty intended when her bid for the Stars and Stripes worked on their silken field of spotless white, went to such a high figure. The object which represented and brought to mind the people of the United States was something that had the infinite value that attaches to things with which we associate our friends, and was something for which a high price might worthily be paid. The cheque, too, was a handsome addition to the funds of the Red Cross, and in this way the flag of the republic was made a merciful medium thru which many comforts would flow to the sick and wounded.

IS GIVING A BIBLE TO EACH CANADIAN SOLDIER

Canada Bible Society Faces Gigantic Task in Supplying Contingents.

Members of the Canada Bible Society expect to see the beginning of a new era in the life of the Canadian soldier when the society has undertaken a task which will test its resources in furnishing a khaki Testament to every Canadian soldier who goes to the front. This has been done so far, and the executive will take steps at its approaching meeting to see that its agreement with the militia department to continue the work is maintained, no matter how vast the overseas Canadian force may ultimately become. The war has put a stop to the extensive evangelistic work conducted for many years by the British and Foreign Bible Society in Belgium, Germany, Austria and Turkey.

Monday, the 16th, will see a revival of the best drama produced, the offering for the first half of the week being "The Bishop's Candlestick," which is taken from an incident in Les Miserables, Victor Hugo's masterpiece, and featuring the part of Jean Val Jean. This character is ably portrayed by Mr. Brown, his support through the cast being excellent. For a laughable comedy will be given in addition to the above bills, a curtain raiser, as well as the usual photoplays.

UNIVERSAL MILITARY TRAINING

The following letter from Lieut.-Col. William Hamilton Merritt, president of the Canadian Defence League, is in reply to a request from Miss Helen M. Merritt, who is prominent in women's patriotic organizations. It is calculated to stimulate interest in national defence and to encourage universal military training.

Not only has Col. Merritt made a special study of the system of defence of Canada and foreign countries, but he has written and published interesting matter along this line, especially relating to the militia laws of Canada, Australia, New Zealand and Switzerland and also several pamphlets under the title of "Patriotic Military Service."

In reply to your request for my views on the system for national defence in vogue in Canada, I would say in the first place that I was very glad to be present at the magnificent rally at Massey Hall, held recently to inaugurate on a large scale a recruiting movement in Toronto.

If I had not been here I might have missed the utterance of a great statesman and ardent imperialist, who reminded us that under our military system we are free men, and if recruits were lacking that point might be endangered. He also pointed out that under our system any young men who preferred to remain at home to be pampered by their mothers or to be helped to make money by their fathers or who were wedded to their selfish pleasures, could continue the enjoyment of these privileges, all at the expense of their country and their selfish chums who chose to offer their services to safeguard them.

Undoubtedly the great statesman meant it to be taken as a warning that liberty run riot, when opposed to national organization, cannot be expected to continue. "Compulsion or freedom" might well be read "system or license," for compulsion means a national system, the same for all, and unbridled freedom a degenerate license. Compulsion or freedom may also read "Patriotism or dollars," for under the go-as-you-please or "free" system we may wonder what the response would be without the weight of the recruiting dollars. Our brave French allies are

The Canadian Defence League has for its purpose the universal military training. So far the public has been absolutely apathetic on the subject. Now, the league, while willing to aid the recruiting movement in every possible way, may at last get a hearing. For the safety of our country and the benefit of the coming generations, we hope so.

William Hamilton Merritt, Toronto, Aug. 11, 1915.

REV. ROBERT F. Y. PIERCE TO CONDUCT SERVICES HERE.

Rev. Robert F. Y. Pierce, known as the Wall Street Evangelist, is a unique personality on the curb in Wall street, New York, where he, during the summer months, conducts what he styles as "wayside meetings." Speaking from an automobile, Mr. Pierce preaches as he talks. Hundreds of men stop to witness his telling illustrations and hear his burning words. To be of greater service to men in giving counsel and encouragement, Dr. Pierce has an office near the Stock Exchange, to which he daily invites men that may wish to confer with him personally on moral and religious matters.

Mr. Pierce is now in our city and will be during the week. Under the direction of prominent business men he will conduct a number of open air illustrated gospel sermons on the street in front of the Stock Exchange on Monday. The first meeting will be held on Melinda street, opposite the Stock Exchange, on Friday, at 12:30. He is probably the best-known Bible illustrator on the continent and his street services here will doubtless attract large numbers of men.

HEARD ARGUMENTS IN SCHOOL ARBITRATION

Board Will Decide as to Division of Section Number Fifteen, York.

The arbitrators appointed by the county council, consisting of Judge Denton, H. D. Ramaden of Mount Albert and A. L. Campbell, inspector of schools for West York, met yesterday to hear argument for and against the division of School Section No. 15, in the Township of York. At present there are two schools in the section, viz. the ten-roomed school on the Vaughan road and a two-room school on the Belt Line. The township refused to take action on a petition that a new section be formed to include the lands north of Lot No. 1 and when an appeal was taken to the county the matter was referred to a board of arbitration.

FARMER'S NARROW ESCAPE
Special to The Toronto World.
NIAGARA FALLS, Ont., Aug. 12.—
A Stamford farmer, who gave his name
as Matthew Norton, had a narrow
escape from serious injuries, if not
death, at 11 o'clock last night, when
a light yard engine in charge of En-
gineer Louis Smith struck his rig at
the Simcoe street crossing. He was
thrown out of the rig, but escaped with
a few bruises.
Members of the engine crew claim
the farmer was asleep, and that the
horse walked upon the tracks and
stopped in the path of the locomotive.

FOOTBALL BODY ELECTS OFFICERS

Craig Campbell New President—After Semi-Pro Soccer—The Officers.

The Dominion Football Association wound up their annual gathering at the Carls-Rite Hotel last night and elected officers for the coming year. Several important matters were dealt with and a new rule was passed, to allow no team to play under the name of a manufacturing or commercial firm unless they play in a manufacturing league. This was done to get away from any connection with professional soccer and for the good of the game at large. It was also decided to suspend A. McMath of the New Ontario Football Association and A. Seed of the C.F.R. Football Club for two years for allowing a player named Green to play in last year's final at Winnipeg, said player being ineligible. Mr. Vernon Jones of Fort William and one of the vice-presidents of the association, was censured for not putting himself in full possession of the facts.

Saskatchewan and Alberta surrendered their membership, owing to the war conditions, but hope to get back into the fold as soon as the great struggle is over. The D.F.A. tendered a banquet to the two teams competing in the Connaught Cup final and P. Fisher presented the Connaught Cup to the champion Winnipeg Scottish eleven. D. McNeil, president, and W. Corrie, captain of the Winnipeg team, accepted the trophy.

The new president, J. Craig Campbell, presented the retiring president with a gold wrist watch. Tom Robertson, on his sitting from the secretaryship, was presented with a cabinet of silver.

The new officers are: Honorary patron, H. H. Duke of Connaught; honorary president, F. A. Barter (Montreal); Tom Watson (Toronto); E. Bailey Fisher (Winnipeg); president, J. Craig Campbell; secretary-treasurer, Ed. Spencer; 1043 Davenport road, Toronto; executive, B. Gillespie (Montreal); F. S. Collins (Toronto); D. McNeil (Winnipeg); T. J. Stenhouse (Fort William); auditor, Kyle (Montreal); A. G. Sutherland (Winnipeg).

Bell Telephone F.C. are at home to Mount Dennis at Bracondale Park, kick-off 3.15 p.m. The club is like to have a good turn out of supporters as a good last game is expected. The following players will be on the field: Line-up: Laird, Logie, Lobben, Pringle, Slater, McParlane, J. Hamilton, Craig, McLaren, R. Linn, Creeley, Ferguson, W. Hamilton, G. Lindsay, Tannielson, Young.

British Imperial F.C. play Swansea their return game on Bracondale Park on Saturday, kick-off at 4 o'clock. The club has suffered heavily from loss of players, no less than eight of the team joining the colors for the King. The committee hope to keep the club together and to see that the Imperial flag flying. The following is the team to meet Swansea: Line-up: Evans, Clements, Compton, Culver, Brown, Stanley, Wardell, Collins, Wilson, Fraser, (capt.), Mack, McKillop, Greenwood. All players are requested to be on ground not later than 3.30.

The soccer fans of East Toronto should turn out in general on Saturday as a very interesting game of football is scheduled to take place at 2.30 p.m. on the old York senior field on Danforth avenue. All people interested in football should endeavor to see this match, as it decides the T. & J. junior championship. The fast going infield team will be York Argyle's opponents, and a hot struggle is expected. The Yorks will depend on the following team to land the championship: M. O'Neil, Markle, Mitchell, Tommy McKillop, Young, Tom, Woolley, Evans, Gallagher and Judd.

Don Valley play Hearts Saturday next at Woodville avenue, Todmorden. Referee Mr. Dob. Kick-off 3.30. The following players are requested to meet at Broadway and Danforth at 2.45 p.m. sharp: Magee, Moir and Buchan, Winterburn, Young (capt.), Lawson, Atwood, White, Pavey, Donaldson, Tye, Ronkin, Spence, Glenning, Marshall.

Uster United play Toronto Street Railway F.C. on Saturday at Varsity Stadium, kick-off at 4 o'clock. The following players are requested to be on hand at 3.30 o'clock: McMurray, Savage, McKelvie, Adley, O'Reilly, G. Forsythe, R. Campbell, A. Smith, H. Elliott, Reid, Browne, Wheeler, Walker, W. Allen, Cardy, W. Forsythe, R. Moore, S. Magill. Team will be chosen on ground.

Old Country and Devonians meet in a first division game in the League on Saturday afternoon on the former's ground at Fraser avenue, and the following players are requested to be on hand not later than 2.30, as the game is called for 3 o'clock: Hurdman, Hutchinson, Colquhoun, Kennedy, Scott, Beatt, Riddy, Long, Craig, Johnston, Wulfer.

Guns are home to Diamond E. Saturday at Sargent road, kick-off 3.30 p.m. The following players are requested to be on hand at 3.30 o'clock: McMurray, Savage, McKelvie, Adley, O'Reilly, G. Forsythe, R. Campbell, A. Smith, H. Elliott, Reid, Browne, Wheeler, Walker, W. Allen, Cardy, W. Forsythe, R. Moore, S. Magill. Team will be chosen on ground.

RAIN MAKES EXTRA GAMES NECESSARY

Leafs and Royals to Stage Doubleheaders Today and Tomorrow.

Yesterday's rain has made it necessary for the Leafs and Royals to stage their four-game series in two days. Two games will be played today and another doubleheader on Saturday. The downpour yesterday left the island grounds in bad shape, but they will be right to start at 2 o'clock this afternoon.

Announcement was made at Chicago that the Chicago Federals had signed Arnold Hauser, who for years played shortstop in the National League. Hauser disappeared from the game three years ago because of an injury. He was then a member of the St. Louis Nationals. He is expected to replace Jimmy Smith.

Manager Herzog of the Cincinnati Club of the National League announced that he had purchased Pletcher Ralph Compton of the Providence (R.I.) Club of the International League, and that Compton joined the club at Pittsburgh yesterday.

Ten-cent baseball will be inaugurated at the Federal League Park at Baltimore today. Admission to the pavilion hereafter will be 50c and to the grand stand 50c.

A Boston despatch says: The release of Herbert Pennock, the Boston American pitcher, formerly of the Athletics, to the Providence Club of the International League was announced by President Lannin of the Red Sox.

A Montreal despatch says: Mr. Lichtenhein, president of the Montreal Baseball Club, takes no stock in the story originating from London, Ont., that an amalgamation of the Canadian and International Leagues was contemplated. He also denies that he ever expressed himself on the subject as the article stated.

Mr. Lichtenhein declared that the present circuit, with Montreal and Richmond as its extreme points, was cumbersome to be handled conveniently and economically. International League ball has not been paid in Richmond despite strenuous efforts, and it seems hardly likely that the Virginia capital will be in the league next year.

RUN OF CATTLE WAS VERY LIGHT

There Was Some Extra Choice Stock Which Sold Well.

SHEEP AND LAMBS HERE

Fair Shipment Came - Calves Still Steady - Hog Prices Unchanged.

The receipts at the Union Stock Yards on Thursday totaled 24 cars, 174 cattle, 35 calves, 282 sheep and 514 hogs.

The run of cattle was very light, but some extra choice ones were on sale in slightly larger quantities. These sold early, quickly and at strong prices. Two loads of heavy fat steers, weighing 1300 to 1400 lbs., topped the market for several weeks at \$9.10.

There was a fair shipment of sheep and lambs, with prices unchanged. Choice steers and heifers at \$7.25 to \$7.50; medium at \$7.00 to \$7.25; common at \$6.50 to \$7.00.

Choice feeders, 900 lbs., at \$7.25 to \$7.40; good feeders, 600 to 800 lbs., at \$6.50 to \$7.00; common stocker steers at \$5.50 to \$6.00.

Choice hogs, 150 lbs., at \$10.15 to \$10.25; medium at \$9.75 to \$10.00; common at \$9.25 to \$9.50.

Light sheep, \$6 to \$6.75; heavy sheep, \$6.75 to \$7.00; yearlings at \$7 to \$8; lambs, \$4 to \$5.

BUYING SLUMPS OFF IN RAILWAY SHARES

Trading in Better Known Transportation Issues Barely Steady.

WAR STOCKS REVIVE

Small Rate Increases Allowed Western U.S. Lines Disappointing.

NEW YORK, Aug. 12.—Disappointment at the small rate increases allowed the western railroads by the interstate commerce commission was specially manifested by the course of today's stock market.

Transportation shares were barely steady, when not reactionary, and trading in these issues was on a very reduced scale.

Canadian Pacific and "Geo." recently among the strongest stocks declined 2 to 4 points, while some of the more potential issues were subject to constant pressure.

London, acting for its own account and presumably continental interests, was again a seller here but in lesser volume than yesterday.

The Pacific and U. S. Steel figured mainly in these offerings, with an admixture of Erie and some of the metal shares.

War specialties resumed their leadership, more than 80 per cent. of the day's extensive operations centring about half a dozen of these issues.

Stocks long dormant, like Allis-Chalmers, common and preferred, National Amalgamating and the Rumelys, occupied places of prominence.

Allis-Chalmers common made a new high price at 48 1/2, with a like distinction for the preferred at 75 5/8.

The rise in these shares was accompanied by reports that Bethlehem Steel interests had gained control of the company.

Other new high records included Bethlehem Steel preferred at 130, General Motors, Willys-Overland and 179 and Studebaker at 88 7/8.

Maximum preferred made a maximum gain of 22 and Willys-Overland gained 15 1/4.

Other industrials and equities emerged from months of obscurity with gains of three to seven points.

Setback in Mexican Shares.—Word from Washington to the effect that this government would not consider the withdrawal of troops from Mexico caused a setback in certain shares, notably Mexican Petroleum, which fell four points.

Final prices were continuing standard stock market heavy trend, with mixed changes in the specialties. Total sales amounted to \$10,000,000.

Rates of exchange on London bore to lower quotations, demand for sterling falling to 4 1/2-4 3/4 on heavy offering of contractors and equities.

Uncertainty was reflected in the bond market, gains being offset by losses. Total sales, par value, \$3,820,000.

Panama registered 3's declined 1-3 per cent. on call.

Montreal Lends Assistance to the Movements in Specialties on Local Exchange.

The Toronto stock market showed further activity yesterday, but the movements in prices were irregular.

Montreal is fostering the speculative movement to a much larger extent than Toronto, and considerable business on the local exchange is for New York accounts.

This is especially true of Ames-Holmes and Company, which is a corporation, each of which made advances yesterday and closed strong.

Local operators are still largely interested in New York specialties and claim that Wall Street provides them with a broader market on which to trade.

Steel of Canada and National Car are less active and suffering from the effects of profit-taking. General Electric and Maytag were firm, and some demand for Russell Motor set both the common and preferred shares climbing.

The wider public interest admitted of transactions yesterday in Lake Superior and Sawyer-Massey. The speculative temper is being aroused and welcomed and the market is expected to broaden further.

LONDON BANK STATEMENT. LONDON, Aug. 12.—The weekly statement of the Bank of England shows the following change: Total reserves, increased £4,530,000.

Circulation, decreased £1,023,000. Bullion, increased £3,515,292. Other securities, decreased £7,123,000.

Other deposits, increased £254,000. Public deposits, decreased £1,454,000. Notes reserve, increased £4,991,900.

WHEAT STRONGER ON BRISK DEMAND

Reports of Millers and British Interests Operating Lift Up Market.

CLOSING UNSETTLED

Nervousness Regarding Wheat Supplies Manifested at Chicago.

CHICAGO, Aug. 12.—Wheat developed much strength at times today, influenced largely by reports that millers and foreigners were active buyers at Kansas City.

With September at \$1.11 to \$1.11 1/8, and December \$1.09 1/4, the market closed unsettled, 1-8c off to 1 1/8-c up, compared with last night.

Corn finished 1-8c to 3/8-c net lower, oats 3/4-c off to a shade advance, and provisions varying from 2 1/2-c decline to a rise of 2-5c.

Evident nervousness on the part of millers at Kansas City in regard to wheat supplies appeared to be shared by millers in Great Britain.

It was said here that the mills at Minneapolis were showing activity in the purchase of September options on wheat.

The immediate incentive was unsettled weather, which prevailed today over a large portion of the wheat belt, and which threatened to increase further the serious damage and delay already inflicted on much of the winter crop.

Besides, cable despatches were at hand laying great stress on the fact that the usual degree of importing European countries at present were absolutely dependent on shipments from the United States.

Bearish reactions in wheat took place shortly after the opening and, which, however, prices eased off as a result of increased notices of consignments from hand.

Packers selling helped to pull down the value of provisions. A rally in the pork market, too, took place afterward on account of covering by a leading short.

The demand for the shipment of provisions was only moderate on a domestic account, but fair for export.

ADVANCE IN SILVER STIMULATES MARKET

Mining Issues Firm, But Prices Are Held Down by Floor Traders.

Another decided turn in the price of silver provided a stimulus to the mining market yesterday. Silver was quoted a full cent higher, and a further steady advance is now promised by dealers.

Dealings on the Standard Exchange were not increased yesterday, and traders are endeavoring to hold prices as long as they can.

The market is in splendid shape to advance and would do so except for a few little stocks, and if the shorts attempt to cover in this issue another sharp rally will ensue.

A POOR QUALITY OF SMALL FRUIT

Good Prices on Yesterday's Market Were Difficult to Obtain.

PEACHES VARY MUCH

Value Decided for Each Lot, But Bulk Was Not Good.

The small fruits, with the exception of blueberries, were mostly of very poor quality, and as there was a heavy market, food prices were difficult to obtain.

Raspberries were varied in quality, some of them being exceedingly poor, and sold at from 4c to 10c per box, one lot at 12c to 25c, and the eleven quarts at 20c to 50c, the bulk of the latter going to the market yesterday.

Thimbleberries sold at from 6c to 13c per box, the bulk of the best ones selling around 10c per box.

Plums were again the most abundant fruit on the market, and they are not of good quality, as most of them are hard and sour. They had a great range in price, the six-quart baskets selling at from 12c to 25c, and the eleven quarts at 20c to 50c, the bulk of the latter going to the market yesterday.

Black currants sold at from 50c to 65c per 11-quart basket, one at \$1 to \$1.50 per 11-quart basket.

Blueberries were quite plentiful and of good quality, selling at from \$1 to \$1.50 per 11-quart basket.

Cherries were especially poor and were difficult to dispose of at 40c to 50c per 11-quart basket, some selling as low as 20c.

Red currants were quite wet, with the boxes selling at 3c to 6c, and the 11-quart baskets at 25c to 50c.

Tomatoes remained nearly stationary in price at 20c to 30c per 11-quart basket, the bulk going to the market yesterday.

Cucumbers mostly sold at 25c per 11-quart basket, a few going at 30c.

Beans, after being very plentiful, have become scarce, and are now selling at from 30c to 40c per 11-quart basket.

Wholesale Fruits. Apples—Imported, \$1.25 per hamper; Canadian, 20c to 35c per 11-quart basket.

Bananas—\$1.50 to \$1.75 per bunch. Blueberries—\$1.50 to \$1.75 per 11-quart basket.

FURTHER ACTIVE MOVEMENTS ON TORONTO MARKET

Montreal Lends Assistance to the Movements in Specialties on Local Exchange.

The Toronto stock market showed further activity yesterday, but the movements in prices were irregular.

Montreal is fostering the speculative movement to a much larger extent than Toronto, and considerable business on the local exchange is for New York accounts.

This is especially true of Ames-Holmes and Company, which is a corporation, each of which made advances yesterday and closed strong.

Local operators are still largely interested in New York specialties and claim that Wall Street provides them with a broader market on which to trade.

Steel of Canada and National Car are less active and suffering from the effects of profit-taking. General Electric and Maytag were firm, and some demand for Russell Motor set both the common and preferred shares climbing.

The wider public interest admitted of transactions yesterday in Lake Superior and Sawyer-Massey. The speculative temper is being aroused and welcomed and the market is expected to broaden further.

LONDON BANK STATEMENT. LONDON, Aug. 12.—The weekly statement of the Bank of England shows the following change: Total reserves, increased £4,530,000.

Circulation, decreased £1,023,000. Bullion, increased £3,515,292. Other securities, decreased £7,123,000.

Other deposits, increased £254,000. Public deposits, decreased £1,454,000. Notes reserve, increased £4,991,900.

The proportion of the bank's reserve to liability this week is 22.70 per cent., last week was 22.40 per cent., and the rate of discount is 5 per cent.

DULUTH-SUPERIOR EARNINGS. Duluth-Superior Traction Co. gross earnings for the first week of August were \$21,938.84, a decrease of \$4,551.08, or 17.3 per cent. For the year to date gross earnings are \$665,501.25, a decrease of \$103,305.82, or 13.6 per cent.

NEW YORK COTTON EXCHANGE. Cotton futures were quiet today. Business generally was quiet on the stock exchange. Bonds and Kafirs were steady and oil shares firm, but home rails were stagnant and most of the munition issues declined.

Canadian Pacific and Grand Trunk were favored in the American section, but the rest of the list ruled easier. The closing was steady.

STANDARD SALES. Brazilian, High, Low, Close, Sales. 43 2,000. Bailey, 3 2,000.

STEEL STOCKS STRONG ON MONTREAL MARKET

Car Issues Also Scored Good Advances—Other War Stocks Easier.

MONTREAL, Aug. 12.—Continued strength in steel stocks was the outstanding feature of the trading on the local stock exchange today. Led by Iron, this group closed around the highest prices of the day.

Nearly 7,000 shares of Iron were traded in and the tone thereof was better than exhibited by that stock since the beginning of the present uptick. It finished the day at 45 1/2, a net gain of 3 1/4 points. Scotia soared to 90, closing 1 1/4 better at 89 1/4.

Steel of Canada, which had advanced a point to 32, while the preferred jumped 2 points to 34 on common of 25 shares.

With the exception of Car stocks which registered advances of 1-3 and 2 points for the common and preferred respectively, other war issues were easier.

Other departments of the market were firm. Ogilvie continued the feature that stock advancing 4 1/2 points to a new high for the movement of 125.

Total sales 14,441 shares, 17 1/2 rights and \$2,000 bonds.
