White Refutes Charge That Trusts Overawed Borden

Neither President nor himself would submit to such methods, says Hon. Mr. Oliver in his masterly speech—Hon. Mr. Oliver speaks of Merciless Financial Oligarchy.

OTTAWA, Nov. 28.—(Special.)—Hon. W. T. White scored a triumph in his maiden speech in the house of commons. He unequivocally denied the allegation that he was the nominee of the trusts, mergers and combines. Mr. Borden was not the man to submit to political duress and he (Mr. White) was not the man to accept office under such circumstances.

Reciprocity was dead and most of the opposition were sorry it had ever been born. Its rejection was the greatest advertisement Canada had ever received in Great Britain.

In regard to the navy, the government were consulting the British admiralty and would mature a thoroughly satisfactory policy. They had not even had time so far to consider the bill of repairs of the Canadian navy, let alone a complete naval policy.

Hon. Frank Oliver declared that if Mr. White was not of the mergers, trusts and combines, they were behind him. The financial oligarchy of Toronto and Montreal was more merciless than that of the United States.

The Nationalists, said Mr. Oliver, were really separatists. To-day, while Britain and Germany were practically exchanging defiance, no effort was being made to assist Britain. No declaration of naval policy could be wrung from the Canadian Government.

Hon. J. D. Hazen informed the house to-night that the reported purchase by Canada of the British cruiser Aboukir was news to the government.

Tired of Sectionalism.
A. E. Frapp (Ottawa) complained of the lowered tone of the debate. Mr. Lemieux, in particular, had taken up three-quarters of his speech with reading extracts from Quebec newspapers, and Mr. Monk's speeches.

It was a vicious principle which opposition speakers were setting up when they endeavored to raise a Chinese wall about the Province of Quebec. The French-Canadian people are as anxious as we are to uphold Canada as a whole. The opposition were also wasting time with campaign speeches about reciprocity, to what use Mr. Frapp failed to see. Reciprocity was a dead issue and would remain so.

The C.P.R.'s New Seaboard Line for Wheat About Ready

A Lot of Passenger Train Improvements to Follow for the Benefit of Toronto and Lake Simcoe Travel—Port McNicoll and Orillia to Come to the Front—C.N.R. Line to Orillia.

The Canadian Pacific's new wheat line to the seaboard from Port McNicoll on the Georgian Bay southeast to Bethany (thirteen miles west of Peterboro, on the Toronto-Montreal line) is now completed and will be opened for freight in December. Later on it will have passenger trains that will supply a greatly improved service in the country it traverses and to travelers from other quarters. In fact it will make a great many changes both in freight and travel. Here is the new line as shown in map.

Bethany Triangles
Toronto to Bethany... 82.5
Bethany to Coldwater (new line)... 74.9
Coldwater to Toronto... 94
Total... 252.4

Here are some of the new trains that will be run as soon as the stations can be built this winter:
Toronto to Coldwater via Burkton, Lindsay, Orillia, in the morning and returning in the evening. These two trains will do the local stops now made between Toronto and Burkton by the two day expresses between Toronto and Montreal, and for small stations as well as Leaside, Don Mills, Wexford, Agincourt, Brown's Corners, Locust Hill, Claremont, Glen Major, Atha, Burkton. This change will let the day expresses save considerable time in their run.

Port McNicoll east to Havelock in the morning, returning in the evening via Coldwater, Orillia, Bethany, doing all the local stops on the main line between Bethany and Havelock, thus further facilitating the time of the day expresses both ways.
One of these new trains will connect with a 16-mile Bobcaygeon-Lindsay stub service as well as available. Orillia for the first time gets a C.P.R. service by this new line and it is longer to Toronto than the other lines it gives choice of routes in many cases, new travel conveniences for the people of that town. By it also the Canadian Northern is enabled to give Orillia a service for it has built a branch from Udney to Atherley of about five miles, and at Atherley there is a joint section on the C.P.R.'s seaboard line to Orillia of about three miles, over which the Canadian Northern enjoy running rights by a judgment of the railway commission. Here are the Toronto-Orillia services that will soon be available, the C.P.R. giving the choice of two. The Canadian Northern will start their Orillia service just as soon as the Canadian Pacific open their seaboard line.

Table with 2 columns: Route, Miles. Includes Grand Trunk-Toronto to Orillia (87.50), Canadian Northern-Toronto to Orillia (77.5), Udney to Atherley (5), Atherley to Orillia (5), Canadian Pacific (east side of Lake Simcoe) - Orillia to Burkton (45.25), Burkton to Toronto (46.5), Canadian Pacific (west side of Lake Simcoe) - Orillia to Coldwater (111.75), Coldwater to Toronto (24), Toronto to Orillia (106.15).

SEA LORDS ARE SHAKEN UP BY CHURCHILL

Important Changes in British Admiralty Are Stated to Be Necessary in Framing Up Naval Policy—Churchill Denies That Friction Exists.

LONDON, Nov. 28.—(Canadian Press).—Important changes in the admiralty are announced to-night. Admiral Sir Francis Bridgeman, commander-in-chief of the home fleet, is appointed first sea lord, replacing Admiral of the Fleet Sir Arthur Knyvet Wilson. Vice-Admiral Prince Louis of Battenburg becomes second sea lord, replacing Vice-Admiral Sir George LeClerc Egerton. Captain Wm. C. Pakenham, commander of the battleship Collingwood, becomes third sea lord, replacing Rear Admiral Charles Edward Madden.

Admiral Wilson has been offered a peerage, but declined, while the command of some important home port will be given to Vice-Admiral Egerton on the first vacancy. Several changes in the fleet commands incident to these promotions are also announced.

Due to Churchill.
The changes in the admiralty came as a surprise to the public and are evidently the outcome of Winston Spencer Churchill's transference to the admiralty. Questioned in the house of commons to-night Mr. Churchill denied that the changes implied any reflection on the outgoing sea lords, who, he pointed out, were due to retire early in 1912. He explained that important decisions must soon be taken regarding the naval policy for the coming two years. The government, therefore, considered it advisable to make the changes now. These, he said, were necessary to unify the admiralty board and would lead to more effective work and administrative efficiency.

Any rumors, continued Mr. Churchill, suggesting that absolute security had not always been maintained, were completely unfounded. The retiring sea lords had acquiesced in the changes in the true spirit of the naval service, not to push their personal pretensions.

No Radical Change.
The changes are not held to imply any radical change in the naval policy, but rather the development, on progressive lines, of the reform policy instituted when Admiral Wilson was appointed to head the disorders caused by the reluctance of the older officers to accept the reforms.

The new head is a particularly strong one, with three officers fresh from active service.
Mr. Churchill has ignored the seniority rule and placed the navy in the hands of comparatively youthful officers.

Prince Louis of Battenburg has a great reputation as a scientific and practical officer. Captain Pakenham had a unique experience as naval attaché on Admiral Togo's flagship through the Russo-Japanese war.

Mr. Churchill has shown the same preference for youth in the new fleet commands as for instance the appointment of Sir George Astley Callaghan to be commander in chief of the home fleet, he being only a vice-admiral.

CITY'S SMART SET PAYS COURT TO ROYALTY

Governor-General Makes Formal Acquaintance With Toronto's "Five Thousand"—Reception in Council Chamber a Replica of St. James.

And the city paid its homage to the noblest of them all. And swore eternal readiness for the nation's slightest call.
"Twas a scene of brilliance, gay uniforms and delightful dresses, toned down by the black cloths and white bosoms of the men, an abundance of palms and flowers, to all of which the last touch was added by the music.

The occasion was the reception of 5000 of the men and women of Toronto by the Duke and Duchess of Connaught in the city hall last night.
To those who saw it it was a delightful pageant to be long remembered. Indeed, it was a gala night in the history of the City of Toronto.

It was a truly royal affair, the Court of St. James on a slightly smaller scale, but nevertheless a complete reproduction of the reception of a king.
Quite at Their Ease.
That Toronto can comport itself properly in the presence of royalty was convincingly shown. Last night Toronto bowed itself into a place of honor among the cities of the world.

To a most astonishing degree the city rose to the occasion and bowed with the grace and nonchalance of a polished city of kings.
It took one hour and forty-five minutes for the five thousand people to be presented to the royal couple. The ceremony started soon after 9 o'clock and was concluded by 10:45.

The same spirit which has since their arrival characterized the actions of their royal highnesses was evidenced last night even more fully than before. Throughout it all their interest did not waver. Everyone was accorded the same gentle bow and smiling look.
Democratic Governors.
By their bearing they brought home to everyone the fullest truth of a proud boast that the British Empire is the greatest democracy of them all. Their royal highnesses were democratic.

CAFE-LIBRARY CARS.
Editor World: I notice your article on library-cafe cars, and beg to add something in their favor. Many times each year I have to take the 10.20 Montreal train when I am going only to Peterboro, Tweed or Smith's Falls. It is not worth while going to bed for these runs and as a consequence the best thing one can do is to take the first-class coaches.
Now there is scant comfort for a tired person even in a first-class coach and there are few travelers who would not pay extra for a chair with room to extend their limbs.
I have been looking for the advent of these cars for some time and appreciate your interest in securing them.

PLOT TO BRIBE M'NAMARA JUROR

Three Men Arrested Following Sensational Revelations—Bombshell Thrown Into Defence Camp.

LOS ANGELES, Nov. 28.—The ugly smirch of suspected bribery was trailed to-day across the trial of James E. McNamara for the alleged murder of Chas. Hagerly, one of the 21 victims of the Los Angeles Times disaster.
To-night a pleased prosecution and a dumfounded defence took stock of the day's work of Samuel L. Brown, chief investigator of the state, who arrested three men and stacked District Attorney Frederick's desk high with bank notes taken from the arrested men's pockets in Frederick's presence. Bert H. Franklin, a former deputy United States marshal, now employed by the McNamara defence as an investigator, released late to-day on \$10,000 cash bail, is to appear in court to-morrow to answer charges of bribery and attempted bribery, sworn to by Brown.

George H. N. Lockwood, an unnamed ventriloquist, and C. E. White, an alleged stockholder, both arrested with Franklin, are at liberty, and, according to District Attorney Frederick, they will appear as witnesses against Franklin.

Alleged Bribe of \$4000.
Five hundred dollars, taken from Lockwood's pockets, is declared by the prosecution to have been the first payment of a sum which he would receive if he should prevent an adverse verdict in the McNamara case, and \$2500 found on White was declared to be the balance to be paid when the jury was discharged.
Rumors of a grand jury investigation to determine where the money came from, flew thick and fast to-night. No grand jury is in session, but one may

THE R.C.Y.C. BALL.
Something better than any other social event ever held in Toronto—that is the R.C.Y.C. Ball. It will, no doubt, take its place in our civic history, side by side with the few but memorable functions tendered to royalty in the past. Because Toronto is much larger and much richer and much more British than heretofore we know that the R.C.Y.C. Ball is going to outstrip anything ever held before in Canada. This notice is in part an advertisement. It is designed to call attention to the fact that an opera or crush hat is the proper thing for men to wear beyond what they get at their tailor's or haberdasher's and that in fur for ladies as a wrap, an ermine throw scarf and muff or something in Hudson Bay sash should be worn. The Dineen Company is showing a fine assortment in furs and an exclusive line in English opera and crush hats.

HAMILTON HAPPENINGS

STUDHOLME SHOULD WIN WITH BIGGER MAJORITY

Supporters Are Rallying Strongly, and Efforts of Opponents Are Far From Effective.

HAMILTON, Nov. 28.—(Special.)—Members of the labor party in Hamilton are highly pleased with the progress of the provincial campaign in East Hamilton, and appear confident that Sir Allan Studholme will be returned with a largely increased majority. They point out that a large number of working men, who previously refrained from voting for Studholme, feeling it was futile to have a representative in the legislature, have been won over to the labor cause by the useful work accomplished by the present labor member, and that this element will greatly increase the old advocate's strength in the riding.

It has also been discovered that a surprising majority of the young men, who are voting for the Conservative and enthusiastic for the labor man.

Mr. Studholme will make the first rural speech of his campaign to-morrow night in Labor Hall, on John Street South. He is particularly anxious to have present those electors who differ from the views which he has been reported as holding on the issues of the campaign.

It was announced by the executive of the labor party that arrangements had been concluded for the appearance here of G. H. Roberts, one of the whips of the Conservative House of Commons. Mr. Roberts will address the electors of the city in Association Hall next Tuesday night, December 5.

A Losing Game. The labor men are greatly amused at the diodes being performed by the Spectator in his efforts to bolster up the candidacy of the Conservative nominee in East Hamilton. While they say that the paper in question is going far beyond the bounds of truth in some stories, they realize the desperate straits to which it has been reduced and are more amused than offended.

The paper's latest product is a story today to the effect that Allan Studholme was instrumental in bringing out John Peebles and Hiram Dickhout, who ran as labor candidates in the last Dominion elections, that after getting these men in the field, he threw both of them down.

Mr. Studholme states that there is not an election in the riding in which he had not brought either of the candidates out. In Dickhout's case, he even advised that gentleman not to run.

Board of Control Elective. Acting on the suggestion of Controller McLaren, the board of control should always be elected by a vote of the electors at large, the board this morning decided to take the matter up with the legislative committee of the Ontario Municipal Association.

Technical School Sites. The advisory industrial committee of the board of education met yesterday afternoon.

Dr. A. C. McKay, principal of the technical school, advised that a list of cash rewards had been prepared, stimulating students to further effort. He also advised a course in industrial hygiene, to be given during the winter months.

The subject of the new technical branch schools was discussed, and it was thought advisable to appoint a committee at once to pick suitable sites, both in the east and west ends for this purpose.

It was decided that W. S. Kirkland, assistant principal, be designated to look after the matter, and that J. M. Warren, director of mathematics, be appointed assistant principal for day technical classes.

Russian Minister Leave Peking. LONDON, Nov. 28.—The Pekin correspondent of The Daily Telegraph says that M. Korotobetz, the Russian minister to China, has been suddenly recalled.

Another G.T.P. Loan? MONTREAL, Nov. 28.—(Special.)—There is a report here to-day in financial circles that the Grand Trunk Pacific is going to ask the government for a loan of ten to fifteen million dollars. It will be remembered that the G.T.P. borrowed ten million dollars from the government a couple of years since, the vote going through without very much opposition.

Steamship Lines United. The Niagara Navigation Company, Richelieu and Ontario Navigation Company, and the Hamilton Steamship Company have amalgamated. It has been rumored for the past three or four years that such a change, and it is reported that it will be settled within a few days. The directors of the companies are mum at present, but it is certain that the transaction is almost through. The object is to lessen the cost of management and the capital of the new company, it is believed will be about half a million.

which the latter proposed to sell the new hospital site on mountain to the municipality, were satisfactorily settled this morning, by the board of control agreeing to spend \$50,000 for the erection of a hospital on the property within a year. Mr. Webb had insisted that the city undertake to use the property for no purpose other than a hospital site.

Presbytery Approves Budget. The Hamilton Presbytery this morning approved the million-dollar budget of the Presbyterian Church for missionary and church extension work in Canada, and assumed its \$50,000 share in the work. A special meeting of the presbytery was held to consider the matter. Dr. A. S. Grant, secretary of the Home Missions, and Principal Gardner of Knox College explained the purposes for which the huge appropriation was to be used. The presbytery endorsed the call from Dr. Grant, and Rev. D. M. Robertson of Strabane.

Hustling Decorations. The alacrity with which citizens have responded to the suggestion that the business places and residences be decorated in honor of the visit of the Duke and Duchess of Connaught indicates that the city next Friday will present such a brilliant appearance as has never before been seen here. Work will be begun on the city hall decorations to-morrow morning. At the same time stores and residences will begin to put on their holiday garb, and by Thursday night it is expected that the buildings along the route which the royal party will follow from the railway station to the armories will be bedecked in a mass of gay colors.

Until Cuticura Remedies Cured Him. Those who have suffered long and hopelessly from torturing skin eruptions will read interest the letter from Mr. T. Williams, 113 Pacific Ave., Winnipeg (dated Jan. 14, 1911): "The Cuticura Remedies certainly did work for me, and I am thankful that there is such a remedy, and that I tried it. About three months ago a terrible itching commenced on my body. I could not understand it. It gradually grew worse and covered a large portion of my body. There was also a slight eruption of the skin, sort of a rash. I had tried just about everything, and I tried Cuticura Soap, Ointment and Resolvent. In about ten days I was completely cured."

For more than a generation the Cuticura Remedies have afforded the speediest and most economical treatment for itching, burning, scaly and bleeding skin and scalp humors of young and old. Sold by druggists and dealers everywhere. For a liberal sample of Cuticura Soap, Ointment and Resolvent, book on the care of the skin and treatment of its affections, send a postal to the Potter Drug & Chem. Corp., Sole Mfrs., 51 Columbus Ave., Boston, U. S. A.

Board of Education Wants \$600,000—Bylaw in Spring. "It looks as if you are trying to disturb the public mind in regard to other projects," declared Controller Hocken, when the board of education asked that the city council pass a bylaw to raise \$600,000 to provide additional school accommodation.

"We have 200 children," declared Chairman Brown, "housed in sheds, stables and barns. We must be prepared to commence building in the next few months." "Time enough," was the answer, and the board promised to have a bylaw placed on the order of business for the next year. In the meantime the board could prepare plans.

Fire in Dry Goods. Fire at 13 Cameron street about nine o'clock last night caused damage to the house store and contents valued at \$200. Solomon Breslin, who lives at 13 Cameron street, is engaged in the dry goods business and is conducting a household in the building. Both father and son were at a wedding when the fire broke out, and hurried to the scene to find the business almost entirely gutted. The cause is unknown.

PLOT TO BRIBE McNAMARA JUDGE. Continued From Page 1.

be called. This is not necessary, so far as Franklin is concerned, because his case can be taken care of thru an informant caught by the district attorney. Investigator Brown said that no more arrests would be made to-night.

Arrested on Street. There was nothing commonplace about the arrest of Franklin. A former deputy United States marshal, acquainted with criminal methods and the methods devised to catch criminals, he was caught by the district attorney's men on a street corner in the heart of the Los Angeles wholesale quarter in broad daylight, while a detective, disguised as a laborer, recorded, where the McNamara trial is staged on the fourth floor. District Attorney Fredericks waited for them on the eleventh floor. Hands in pockets, they entered the office. When the hands came out, Brown declares, the yellow bills clung to their fingers. Twenty minutes later, Lockwood arose as soon as the report of the arrest gained circulation. He had not been reached by any venire subpoena. Unless some one other than the court clerk told him he was on the venire list, he did not know if he did not know he was a venire man, he could not have been bribed. "Provide" is a term, a jury or do anything else to it, the state concedes. District Attorney Fredericks, however, asserted that Lockwood was legally connected with the jury from the moment his name was drawn.

Wear Full Dress. To avoid any misunderstanding the military are requested to appear at the R.C.Y.C. ball this evening in full, not mess, dress.

There are two kinds of clandestine marriages, the one where one of the contracting parties is Catholic and the other Protestant, and where the two contracting parties are Catholics. "According to the constitution 'Provide' does not prevent in any manner the second of these two clandestine marriages, viz., between two Catholics. It's true that in Germany marriage with a Protestant without the form of the Council of Trent."

All's Well With Missionaries. A cablegram received last week from High Mackenzie of Chertoke, China, states that there is no cause for anxiety at present. The population of the district seem very friendly and everything is quiet in the district.

LA PRESSE REPLIES TO BISHOP FARTHING. Speaking for Archbishop Bruchesi It Argues on Meaning of No Temore.

MONTREAL, Nov. 28.—(Special.)—The Montreal La Presse, in an editorial this evening, appears to reflect the opinions of the Archbishop of Montreal, who has not deemed it expedient to reply to Bishop Farthing to the Ne Temere decree.

To the statement of the Anglican bishop, that the Ne Temere had not been promulgated in Germany, La Presse states that the Pope gave the country the constitution "Provide," which it is declared that mixed marriages are valid without the form of the Council of Trent. "When therefore, the Pope brought the church back to the discipline of the Council of Trent in 1907, as had only recently granted the constitution so-called 'Provide,' but it must be noted that by virtue of the Council of Trent, the Ne Temere does not escape except on one point, that is, that it is not mixed marriages which the Ne Temere renders invalid, but includes clandestine marriages, viz., those not celebrated before the parish priest or the bishop or by a priest delegated by one of them and before two witnesses.

Clandestine Marriages. SHOT HER HUSBAND BUT JURY FINDS 'NOT GUILTY'

Mrs. Frances O'Shaughnessy, Who Murdered Mate to 'Save His Soul,' Believed to Be Insane.

NEW YORK, Nov. 28.—Mrs. Frances O'Shaughnessy, who shot her husband "to save his soul," was acquitted on a charge of murder by the jury this afternoon. After deliberating two hours the jury returned a verdict of not guilty.

Thought of Suicide

George had cast her from his affections, substituted another woman there, and had sinned. She was soon to become a mother or she would have killed herself. But to save his soul from eternal damnation, she risked her own by killing him.

Woman is Insane

Dr. Gregory of Bellevue Hospital, who qualified as an expert alienist by saying that he had examined more than forty thousand cases of insanity, testified that Mrs. O'Shaughnessy was undoubtedly insane when she came to the hospital for treatment after she had slain her husband.

Trotters Canadians Buy at N.Y. Hockey Pro. Clubs Getting Ready Bowling League Scores

Note and Comment

The Canadian game of Rugby is respectfully recommended for consideration by the rules committee of the U. S. Football Association. The season is just over across the line, and there is the usual agitation for a change of rules that will make it easier for a team to score, make the game more interesting to the spectators and result in a more satisfactory decision of contests than has been the case in many games this year.

Dr. Carl S. Williams, the Pennsylvania advisory coach, agrees with Coach Percy Haughton of Harvard, and Foster Sanford of Yale that the new rules have not eliminated any of the dangers of the game, and that the great college game has been robbed of most of its interest.

Still yet another new local chartered boxing club has taken the field, viz., the Personal A. A. Geo. P. Hickey is manager. John J. Moran, president, and E. S. Wm. Stormont and James Florence are the directors.

They say that young Nitchie, who boxed Hilliard Lane last Thursday night in the Agnes-street Theatre, was a light weight performer, but according to the Philadelphia papers he must have made a speedy trip from Toronto to the Quaker City. The following is from last Saturday's Philadelphia Record: Young Nitchie, the Philadelphia lightweight, showed at the Nonpareil Club last Friday night that he had not lost any of his cleverness since his recent trip to New York. Nitchie was in fine form and from the very first round showed that he was Miller's superior as a boxer.

The Grand Rapids Curling Club have selected two links to be skipped by Dr. P. D. Robertson and George F. McKenna to compete for the Ontario medal. Their preliminaries will be played at Chatham.

S. C. Hildreth, who has returned from England with the Jockey Shilling, is preparing to ship the horses he sold to Charles Kibber to the Ontario track on Monday, January 1. Hildreth expects to have no trouble securing a trainer's license from the English Jockey Club, but the British turf will be watched with unusual interest, as Hildreth is a past master in training racehorses, and he will have a strong stable in his care.

Race track followers are on the way to Juarez, where the usual winter meet begins to-morrow. As indications point to a greater number of horses at the Mexican track than in any other, it is said that nearly two dozen book-makers have decided to cut in. The California racing contingent with their gates closed will visit Juarez, while many of the operators of the Kentucky tracks will be on the ground. The first winter that Juarez has not been against serious opposition, and it looks as if there would be good sized tag-along on the right side of the ledger when the long session comes to an end in March.

LACROSSE GOSSIP. The new lacrosse union may prove a success, or it may not. It all depends on which side you interview.

Ottawa Journal: "We've got them where we want them," said George Kennedy in regard to the new lacrosse union. "The N. L. U. won't be able to do anything until April 1. The other clubs will merely disregard the meetings, and they will have to let things sit to that date."

That Big Four lacrosse franchise was the greatest thing I ever had handed to me, continued the Canadian manager. "I was prepared to pay \$2500 for the franchise last year, and would have given that figure until the new league came along and handed out the franchise nothing." Kennedy also gave out the information that the new team which is backing will be the Canadianians, but may call them the Irish-Canadianians. "Some will immediately proceed to the annual meeting of the club presidents."

Annual Meeting National League. NEW YORK, Nov. 28.—In a notice addressed to all club presidents of the National Baseball League, and sent out by President T. J. Lynch to-night, the annual meeting of the league is called for Tuesday, Dec. 12, at 2 p.m. in its city. The meeting of the board of directors will immediately precede the annual meeting of the club presidents.

Tomorrow Night's Bout. George Spero, the rugged New Yorker, took off the gloves after his work yesterday and announced that he would not put them on again until to-morrow night, when he climbs into the ring at the Agnes street theatre with the famous Batting Nelson. Aside from the famous Batting Nelson, ambitious opponent, local interest has been aroused by the Edmunds-Westerbeek bout to get any of the purse. Harry has smiled at his last four opponents and McGreggor's Edmunds proposition that they will open the entertainment at 8.45.

OLD GLORY TROTTERS COMING TO CANADA

A. C. Hatson and Percy Gilmour Purchase Pilot Arthur and Lady Kate.

NEW YORK, Nov. 28.—Prices were well sustained at the opening of the annual Old Glory sale of light harness horses yesterday in Madison-square Garden. In the morning thirty head brought \$4000, an average of \$133.33, that was surpassed in the afternoon and evening sessions. There were no startling offerings and no starting prices. The few pieces offered went begging until Star Patch and Alwanda, both stars of the New York Speedway, came under the hammer. The former brought \$1275, the best price of the afternoon, and Alwanda realized \$800. The second best of that session was \$1025, paid by William Bradley of Ardmore Farm, Raritan, N. J., for the four-year-old trotting mare Lady Postyn, tried this season by Moko, and so a potentially either for the track or stud. The following were purchased by Canadian buyers:

Pilot Arthur, trotter, b. h., 53, by Red Arthur, A. C. Hatson, Toronto, \$1275. Rose M. Trotter, b. f., 3, 33, by Marston, G. E. Dore, Quebec, \$1025. Jack Tresidder Sets New Record At Central Y

The weekly athletic handicaps at Central Y.M.C.A. last night furnished excellent sport. The first event was the standing hop, step and jump, which brought out a lot of new men. Ernie Manifold set first place with a jump of 25.5.

The second event was the sixty-yard potato race, an event equivalent to the 100-yard race, which had 17 entries. The best time was made by Nelson Ward—15 seconds flat.

The feature event of the night was the 40 yards, in which both Jack Tresidder and Harry Smith broke the record for the Central Y.M.C.A. The old record was 42.5, held by Harry Smith, but Tresidder ran in 39.5, running a beautifully judged race from start to finish. Harry Smith was only one-fifth of a second behind.

The first six men in each event are as follows: Standing hop, step and jump: 1. Manifold (6 feet) 25.5, 2. C. Kelley (6 feet) 25.0, 3. L. Block (6 feet) 24.5, 4. A. Johnston (1 foot) 24.0, 5. A. Sage (6 feet) 23.5, 6. P. Crawford (6 feet) 23.0.

Sixty-yard potato race: 1. Ward (scratch) 15.0, 2. A. C. Johnston (scratch) 15.1-5, 3. W. Harrington (1 yard) 15.1-5, 4. L. Block (6 feet) 15.1-5, 5. E. Manifold (4 yards) 15.1-5, 6. Lou Slevert (scratch) 15.1-5.

Kennedy Signs More Stars For His Hockey Team

MONTREAL, Nov. 28.—George Kennedy announces to-day that he has signed Payan, the former Victoria player, who figured as an amateur on the Canadian team last year. This season Payan has taken the plunge and will become an out-and-out professional. Payan is still quite a youngster and should have a big season ahead of him this year. Kennedy has also signed Patsy Seguin, the City League star, who played on the champion team of the Garnet lake winter. Seguin is small, but like most small men, is very agile and quick. He is a natural scorer and has caused him to be overlooked by the juries of professional scouts, but Kennedy figures that, while being overlooked, he has changed to a new six-men rule, and the change-at-any-time rule also in force. Seguin should be able to make good.

Lalonde Off for Coast.

CORNWALL, Nov. 28.—(Special).—Edward Lalonde (News) left here to-night for Montreal for Vancouver, B.C., where he will play hockey this winter. Lalonde says that, while he may come likely that he will play this season, and the change-at-any-time rule also in force. Seguin should be able to make good.

It is likely that T.A.A.C. will play at the West Toronto rink.

MONTREAL, Nov. 28.—Harry Hyland and Jimmy Gardner, the two star wing guards who played on the champion team last season, left for the coast to-night to play in the Pacific big-four western competition. The Wanderers hockey team, headed by a hundred enthusiasts, had Glass announced that he will follow them at the coast.

Argonaut Rowing Club will hold their annual dinner on Dec. 21.

The final game of the Intermediate City Rugby League will be played at the Agnes street theatre to-morrow night. The contesting team being the Capitals and Jewsans. These teams have each scored a victory over the other, so that this play-off looks decidedly interesting. The game will likely be played at Scarborough Beach. The referee will probably be L. Smith, the vice-president of the league.

And, altho the Argos," says Captain Rose, "the Argos were defeated, they were far from being disgraced. I have admitted that the Argos play better than we. I would certainly like to play them another game and give the receipts to Rev. J. D. Morrow for his church. Of course, I realize that this is practically impossible on account of the lateness of the season, and, furthermore, variety would have nothing to gain and everything to lose, but the Argos die hard, and most of us believe that we would be returned winners if we had another chance."

WINTER DAYS IN MEXICO.

A winter visit to the south presents a fascinating succession of delightful days, each one revealing its own beauties and unfolding new wonders. The glorious scenery of old Mexico and picturesque Cuba, with the novelty of night and day, where encounters, alike appeal to the tourist in search of "pastures new" and the business man in search of rest—the rest that is only to be found in complete change of surroundings. A visit to C.P.R. City Office, 16 East King, will convince you of the inexpensiveness and desirability of such a trip; descriptive literature and complete information may be had, or write M. G. Murphy, District Passenger Agent, Toronto.

THE ATHLETICS OUT IN LEAD IN CITY BOWLING LEAGUE

Rowing Club Lose a Game and Drop Out of Leadership—Bowling Scores.

The Atheneum were well in form in their City League fixture last night, splitting the pins for a 736 total and winning all three games from College in handy fashion. The best that the Rowing Club could do was to take the odd game from the Dominions, and the Shuter-street shooters now lead the heap by a one-game margin. Brunswicks dropped two games to the Royals, and Paynes were headed the short count in two out of three encounters by the Gladstones. The scores:

How the Hockey Clubs and Players Are Preparing

President H. E. Wettlaufer of the O.H.A. announced yesterday the appointment of Dwight J. Turner of Toronto, formerly of Midland, and Sheriff J. F. Paxton of Whitby as members of the executive committee of the association, under the power of appointment vested in him by the constitution.

The appointment of Messrs. Turner and Paxton means that every section of the country, north, east, south and west, is well represented on the committee, which is now complete, as follows: Past president: Louis Blake Duff, Welland.

President: H. E. Wettlaufer, Berlin. Life-member: J. Ross Robertson, Toronto.

A.A.U. of C. Governor: Francis Nelson, Toronto. First vice-president: Chas. Farquharson, Stratford. Second vice-president: Kenneth Casselman, London. Treasurer: W. G. Wood, Toronto. Secretary: W. A. Hewitt, Toronto. Executive committee: A. E. Copeland, Midland. E. H. Glover, Peterboro. Jas. T. Sutherland, Kingston. J. R. Beaton, Ingersoll. (Appointed) Dwight J. Turner, Toronto. Sheriff J. F. Paxton, Whitby.

Kingston will have two teams in the O.H.A. This was decided upon at an enthusiastic meeting of Frontenac Club, senior O.H.A. champions, senior and junior teams will be entered. These officers were elected: President, George O'Brien, vice-presidents, Eddie Hiscock and Jack Connor, secretary, Stanley Trotter, treasurer, William J. Mills.

The Quebec Hockey Club is leaving nothing undone to have the players in the shape for the opening of the season and the club has arranged to have a road training and any evening they may be seen travelling over the country roads adjoining the city at a rapid pace. There was a meeting of the Quebec Hockey Club on Saturday evening, when arrangements for the annual meeting, which is to be held on Monday evening next, is to be held. The incorporation of the club and other matters were discussed and decided upon.

The Canadian Kodak Hockey Club held their annual meeting at the Falconer House and elected the following officers for the season, 1917-18: Hon. president, J. G. Palmer, hon. vice-president, V. J. Corbett, president, H. S. Beckwith, secretary, J. H. Hoffman, manager, L. Culhane, assistant manager, S. G. Bishop, trainer, J. H. Hoffman, secretary, committee, F. Leach, W. L. Lucey, A. Brant, E. Smith.

"Ray" Rankin, the Stratford hockey player, lost a toe to a bad fall on the O.H.A. medals at the Rugby game Saturday. His name is on each medal, with the name of the player who was with him, Frank Rankin, 33 Jarvis-street.

The Victoria Hockey Club of Winnipeg had its first workout Tuesday night. There were not many senior players, but the juniors were on the ice and a good practice was had.

Captain Leslie Moffatt was out in harness and sides were chosen for a game. For an hour the players were at it hammer and tongs.

Among those out were Basil Baker, in harness, and the following: Caldwell, Barker, E. Ball, Riley, Gammell, Gidner, Denison and Powell.

There has been good shape, as most of the players are fully taken up to the lighting, about the only portion of the rink was open.

Con Dion, the star forward of the Ottawa team, did not get over to the workout from Transcona.

It is not at all improbable that amateur hockey teams of Calgary will be seen on the coast this winter if the plans outlined by Mr. H. H. H. of the Calgary A. C. are brought to fruition.

Pending the permanent organization of the Vancouver Amateur Hockey League, which will be accomplished inside a few days, the negotiations for the games are being carried on with the Victoria League and which is about fully taken up to the winter. There is scarcely a doubt but that the amateur and pro leagues are ready.

Mr. Gravelle has been in correspondence for some time with the Victoria Amateur Hockey League, and has almost completed arrangements for a series of games between the two teams which they request.

The western management has suggested that the games be played some time in December, but in all probability the games will not be played until the close of the Calgary season.

Art Bernier, the Kingston boy, who played with Canadians last year, has been signed up by Wanderers. Hyland, Glass and Johnston finally refused Lichtenheins' terms and will leave to-night for the coast.

EATON'S Two Great Values for Horsemen

Extraordinary Horse Blanket Value. "A kind man is good to his beast." As the cold days approach horse owners should think of the comfort of their horses. Not often can we offer such good values in horse blankets as this one. Made of strong jute, lined and quilted throughout with best Dutch Kersey, snap and deep plate riveted to breast. Bound front and back. Neck shaped to horse. One size, 6 ft. square. One of our greatest values, only 75 for speedy sale. Thursday special, each 1.25. Phone orders promptly filled.

Remarkable Saddle Value. To some it may seem out of season to buy saddles now, but with muddy roads and uncertain weather the saddle is almost an absolute necessity with any one who owns a horse. Seldom, if ever, have we offered better saddle value than this one. This saddle alone has sold for more than we are pricing the outfit for, it is a well-made English imported saddle with pig skin seat and knee rolls. Well lined with Fernought serge. Padded and quilted on flannel full size. Very comfortable seat. Leather sweat flaps. Double web wool girth. Best oak tan stirrup straps, 1 1/4 inches wide. Heavy nickel plated stirrups. BRIDLE single rein, best stock leather, good bit. Martingale to match. An outfit that will be a credit to any stable. Exceptional value. Outfit complete 10.00.

A Challenge Accepted. The Standard Silver Company have accepted the challenge of the E. W. Bell, bowling team for a game to be played in December, but in all probability the games will not be played until the close of the Calgary season.

To Make Sure It Is Kuntz's ORIGINAL LAGER. The Ottawa intend to sign up all last year's players, excepting Bruce Piddell and Bruce Stuart, who intend to retire, and in addition they will have "Sken" Ronan and Eddie Gerard. Manager Day has a big staff of men making ice at the Ottawa arena and is hoped to hold the first practice of the champions about the latter part of next week. No efforts have yet been made to land Fred Taylor, and there now seems strong probability of the Wanderers retaining him. It is also reported that Jack Darragh last week tried to buy Brunswicks, but the O.H.A. was refused to consider any proposition for their brilliant link rover.

TWELVE DEATHS IN YEAR U. S. COLLEGE RUGBY

Fatalities Lower Than in Previous Years, But List of Injuries Lengthened.

NEW YORK, Nov. 28.—With the football season of 1911 ill but over, twelve fatalities have occurred. During the season of 1910 more than a score of deaths were reported. However, many of the players injured this year are still in hospitals and not yet regarded as out of danger.

It has been known ever since the season got fairly under way that the football leaders and the members of the football rules committee have been disappointed with the showing. They had anticipated that the changes in the rules, the evolution of the mass play to the open, would gradually eliminate injuries, as far as possible, in an essentially strenuous pastime.

Player Doescher in Good Standing.

CINCINNATI, Nov. 28.—In a finding promulgated to-day the National Baseball Commission directed that the name of player John H. Doescher be stricken from the ineligible list.

BLAMES LLOYD-GEORGE FOR PRODDING GERMANY

Lord Courtney Aims Views in House of Lords—Feeling Supports

LONDON, Nov. 28.—The house of lords to-night discussed Anglo-German affairs, without arriving at any fresh revelations. Lord Courtney, Liberal, attacked the government and Lord Morley of Blackburn and Lord Lansdowne defended it.

Viscount Morley said that the entente of 1894 was an agreement that Great Britain should have a free hand in Egypt, and France a free hand in Morocco.

He declared that Sir Edward Grey had said everything possible to encourage better feeling. No cabinet ever had less intention of drifting into a single unnecessary antagonism.

According to the Lokal Anzeiger, the speeches of the British cabinet ministers show that "English policy continues to follow the same old course. Sir Edward Grey does not make any further attack on Germany, but he has not diminished the unfriendly effect of the actions which occurred in summer."

HYDRO-ELECTRIC POWER.

Mr. W. K. McNaught was justified in calling attention to the importance of hydro-electric power to Ontario, and his belief that every railroad in Western Ontario—might be electrified will be realized much sooner than most people imagine.

The greatest economical factor in the electrification of the railroads is the peak load. Taking care of the peak load is the big problem in all electric development. The peak load in cities is usually greatest in the afternoons from three till seven, especially in winter.

Another point that will appeal to the traveling public would be the better ventilation and temperature conditions maintainable more easily with electric heating than with steam.

The future for electric power in Ontario is practically limitless and the conservation of the water powers of the province for public distribution is a necessity for the welfare of the community.

PORT NELSON.

It is not improbable that a settlement of the boundary between Manitoba and Ontario in the new Keewatin territory may be arrived at that will achieve the purposes of both provinces without embarrassing either.

It is said that Manitoba objects to this arrangement, as the terminal would be on the south side of the river and on Ontario ground.

There is also the obvious fact to be considered that for a large extent the possession of a port by any province on Hudson Bay would be largely sentimental, unless the province had intended to build a railway to the port.

preserved by having one party in power at Ottawa and one at Toronto. It was nine years after Sir Wilfrid Laurier's accession to power at Ottawa, however, before Sir James Whitney was seated in Toronto, and it may be nine years more after Mr. Borden's accession before Sir James finds a successor in Toronto.

We do not think the electors of Ontario are likely to be moved by merely whimsical conditions of this character. Beyond Chairman Leitch and the Ontario Railway Board, there is very little in the way of sins of commission to be found in Sir James' record.

With respect to the railway board it is very probable that but for the bad advice of Engineer Wyse, who is an American, and whose reports indicate pro-corporation sympathies, Chairman Leitch might have been guided by the shrewd counsel of his colleagues, and avoided trouble for himself and the most serious situation locally by which the government is confronted.

SAVE SAFELY TORTURED BY BUSINESS

Having decided to spend less than you earn and to save the surplus, the next step is to deposit the surplus in a strong, safe financial institution, where it will be absolutely safe, and earn a fair rate of interest. This should be done regularly and systematically. Whatever you can spare from your weekly or monthly income, if only a dollar, should be immediately deposited to your credit. Open an account now—one dollar will do it—and add it at regular intervals. Saving will thus become a habit, and your surplus will be accumulating and growing. Compound interest at THREE AND ONE-HALF PER CENT will be credited to the account.

PENQUILAN NOW SWINGS TO CHINESE IMPERIALISTS

Latest Reports Show That Rebels Have Had Serious Reverses - A One-Man Government.

PEKIN, Nov. 28.—Hanyang has been occupied by the imperial forces, which crossed the Han River 30 miles above that place. Wuhan has made a provisional capitulation. It is evident the imperialists are getting a strong hand in that part of Hupeh Province, where a few weeks ago the rebels seemed to have supreme control.

There is no news of Li Yuen Heng, the revolutionary commander, and it is not known whether he led the defence of Hanyang or directed it from Wuhan. It is not believed that the rebels will surrender, as they fear slaughter, but will prefer to take chances in flight in the open country.

The rebels yesterday endeavored to obtain the terms offered by Yuan Shi Kai three weeks ago, but it is reliably reported that Lieut.-Gen. Feng-Kwo-Chang, commander of the imperial troops at Hankow, has refused.

Imperialists Better Off. The foreign settlements suffered heavily. A Hankow consular report says it was a foregone conclusion that the imperialists would win if they attacked seriously, because of their superior organization. During the attack the consuls fled, and the rebels assumed heavy losses.

Revolution Not Over. The opinion, however, is held that the revolution is by no means ended. The legations believe that the dynasty is still in the hands of the rebels, and that the latter are still in the hands of the imperialists.

SHANGHAI (by wireless from Nanking), Nov. 28, 4:55 a.m.—Up to midnight the rebels have not taken Nanking. Desultory firing by heavy guns continued throughout the night, but no serious fighting has taken place. Evidently they are preparing for action.

defendants, plaintiff's counsel not objecting, appeals enlarged until 30th inst. Court of Appeal. Before Moses, C.J.O., Garrow, J.A., MacLaren, J.A.; Meredith, J.A.; Magee, J.A.

Fisher v. Doolittle—E. D. Armour, K.C., and T. C. Hainlett, K.C., for defendant; G. Lynch-Staunton, K.C., for plaintiff. An appeal by defendants from so much of the judgment of British J., at the trial as was against them. This action was brought by plaintiff for damages and an injunction restraining the deposit of earth by Doolittle & Wilcox, lessees of the T. R. Co., upon land bordering on the east side of a stream which feeds the paper mill of the plaintiff, whereby it was alleged that the water became discolored and rendered unfit for paper making, and that the deposits of earth were likely to slip into the stream.

The judge at trial found no damage to paper making, that plaintiff had sufficient possession upon which to found an action of trespass, and found no damage to the land, but granted an injunction to restrain defendants from committing further trespass, and referred to the expert to ascertain and state what it would cost to construct a retaining wall upon the land, and determined that plaintiffs were entitled to recover the sum so found from the defendants. Appeal argued partially, but not concluded.

CAR SERVICE ALL RIGHT. Manager Fleming Has It All Figured Out on Paper. R. J. Fleming, manager of the Toronto Railway Co., is quite satisfied with the street car service.

Reading rule after rule of the company governing the conduct of motor-men, he endeavored yesterday to show that the schedules are made on maximum time for a run, and that the motor-man is never expected to make up time, even if late. He is not instructed to run at dangerous speed, and to refuse to stop for passengers.

The motor-men were paid for all overtime work, he declared. They are at perfect liberty to complain if they were not being treated fairly, and were in no danger whatever of losing their jobs.

DIES IN SOLITUDE. Mrs. Mary Murray, 57 years, 60 Albert-street, was found dead in her bed yesterday morning. She had not been seen since Sunday, and neighbors were called to investigate. Policeman Matthias was called and forced the door. Death was due to heart failure. No inquest will be held.

Bay-Street Crossing. The city will take action on a report of City Engineer Rust to the board of control yesterday, on the conditions at the Bay-st. crossing.

The trains crossing the foot of Bay-street keep that thoroughfare obstructed for one-quarter to one-third of the time, declared Mr. Rust. They keep within the law, however, by not blocking the street continuously for five minutes. The question will be more fully considered by the board, and the city will then take action.

Socialist to Run. GALT, Ont., Nov. 28.—James McGuire, a well-known socialist of Cobalt, has accepted the nomination of the socialists in this riding. This morning it is certain that there will be an election in South Waterloo, but the Conservative party does not regard the socialist candidate seriously.

Weak Men, Look! If I Don't Cure You, Pay Me Nothing. Here's an offer no weak man can afford to miss. If you are tired of useless drugging COME NOW.

Wear My Belt Till I Cure You, Then Pay Me. What's the use of dragging your legs about like a wooden person? Feel like a person of spirit. Away with pains and aches; off with this wretched feeling as if you were eighty years old and had one foot in the grave. Come and let me put life into your nerves. Let me give you a new supply of youthful energy. Let me make you feel like a young man again, and your head up and your feet firm. Let me give you a new feeling of youthfulness and vigor. Let me give you a new feeling of youthfulness and vigor. Let me give you a new feeling of youthfulness and vigor.

Pay When You Are Cured. Pick out the man who have worn my Belt. See them with head erect and a clasp of the hand that tells you "I am a man." Mr. James J. Gannon, White, Ont., says: "I would have written sooner, but was waiting to see what the Belt would do. I have got good results from it for my general weakness, as I feel stronger and can rest better. I have not been bothered with my back since I secured your Belt. I will recommend your treatment to my friends and other sufferers." Cut out this coupon now and mail it. I'll send the book without delay, absolutely free. Call if you can. Consultation free.

ASBESTOS REORGANIZATION Rumored New Plan for Financing—Common Stock Gets Nothing.

MONTREAL, Nov. 28.—It was stated by a local financier this morning that a new plan of reorganization of the Amalgamated Asbestos Corporation is under consideration. It will be on the following basis: The present bondholders will receive preferred stock for their bonds, share for share, making a total of \$3,000,000 preferred stock, presumably 7 per cent stock. There will then be an issue of \$1,000,000 6 per cent bonds, carrying a bonus of 20 per cent common stock. This latter proposal is deemed necessary in order to provide the very much needed working capital. The new bonds will be first mortgage securities.

STEEL CO. OF CANADA Toronto Brokers Point Out Salient Features of the Consolidation.

A special circular on Steel Company of Canada, the shares of which have been one of the prominent leaders in the Toronto Stock Exchange, has been issued by Messrs. A. E. Ames & Co. The circular goes into detail regarding the constituent concerns of the company, and in respect to the prospective earning power, points out that exclusive of the earnings of the Canadian Bolt and Nut Co., which was organized in January, 1910, the average yearly earnings of the combined companies for the three years prior to amalgamation amounted to \$1,201,912. Ames & Co. say that from information derived from reliable sources it is understood (1) that all the plants are busily employed and working to their full capacities; (2) that the volume of business this year will show an important increase over that of last year; (3) that there are no labor difficulties and none immediately anticipated; (4) that there are good grounds for believing that the steel bounty will be restored, which, in the case of the Canada Steel Co., will mean a considerable addition to the earnings; (5) that to take care of the increasing business offerings and in prospect, it is contemplated to make important additions to the Hamilton plant; (6) that all the plants are modern; (7) that the management of the whole enterprise is in exceedingly efficient hands.

New York Market Closes Strong After an Early Sharp Shake-out

Quick Upward Swing Follows Heavy Round of Professional Selling—Toronto Market Quiet and Irregular.

NEW YORK, Nov. 28.—Irregular and contradictory movements gave the stock market a confused appearance to-day. Quotations gave way under the force of professional selling, after a fairly strong opening. During the remainder of the day, until just before the close, the market was weak although the movement was comparatively narrow. In the last fifteen minutes of trading, there was a complete change. An active buying movement dispelled the weakness of the market and prices bounded upward until at the close a large proportion of the last registered small gains.

The ostensible reason for the late upward movement was a widely circulated rumor in regard to the coming presidential message to be read next week. Reports of this nature are circulated within the week preceding the assembling of congress. The report was regarded as conjecture, although it doubtless influenced the course of prices.

Traders were bearish. For a time in the morning, the presence of the favored appearance of a bear raid. The attack on United States Steel was especially vigorous, perhaps because of reports from Washington that the Stanley investigation was not to be terminated on account of the government's dissolution suit. Reports in regard to the steel trade were conflicting.

Call Rates Stiffer. Money rates made a further advance to-day. Some call loans were made at 3 1/2 per cent, the highest figure since the first of the year, and the time rates were stronger. There was a break of 20 points in foreign exchange rates, probably as a result of this change.

TORONTO STOCK MARKET. World Office, Tuesday Evening, Nov. 28.

The Toronto stock exchange was characterized by a distinctly apathetic undertone to-day, trading being generally at a low volume and nothing beyond the merest fractional price changes being recorded in the usual leaders. The dominant trend to prices was slightly firmer in the main than has been witnessed during the last few days, but it was noticeable that price changes were more irregular than any of the previous days, and advances and declines being shown at the closing call.

A half point advance in Rio, which touched 1 1/2 in the early dealing, was the only feature of the morning session. Even in this instance, however, the improvement failed to hold, and the shares at the close were back to their former level. Sao Paulo dropped nearly a point at 1 1/2.

One of the strong points of the specialties was Sawyer-Slasey, which touched 40 before the buying was taken care of, this representing an advance of well on to 2 points for the day. The market showed a tendency to show any marked reactionary trend. The shares sold off over a point at 6 1/2, on some selling reported to come from disgruntled brokers who took advantage of the temporary lull in activity to raise the stock.

Further indications of investment buying by the banks, but prices beyond holding firm, did nothing at all. Black Lake bonds sold at 3 1/2, a reduction of 2 points from their former level.

Another Extra Dividend. NEW YORK, Nov. 28.—Delaware, Lackawanna & Western declared regular annual extra dividend of 10 per cent, making 20 per cent for the year. A dividend of 35 per cent in the stock of Lackawanna was recently declared. Dividend is payable Dec. 22.

J. J. Hill is Optimistic. WILLISTON, N.D., Nov. 28.—In an address here, J. J. Hill said that he believed that the northwest faced a period of unbounded prosperity. He stated that there was not a cloud on the financial horizon.

Dominion Coal Company Extensions. The Dominion Coal Company is planning big things for the future. In the past ten months it has increased its output 425,000 tons over the same period last year. Its new program is to operate twenty collieries instead of fourteen, the number now in commission. Several millions more money is needed for the purpose, and a group of British capitalists are prepared to put up the cash, in return for a strong interest.

LONDON MARKET EASY. LONDON, Nov. 28.—Money was in good demand and discount rates were easy to-day. Sir Edward Grey's speech did not have much effect on the stock market. The forenoon session ruled generally steady, but continental selling and local realising in the afternoon caused a weak closing.

American securities opened steady and prices advanced during the first hour under the lead of Union Pacific, Southern Pacific and Canadian Pacific. Later the support was withdrawn and the market sagged. Wall-street selling accentuated the decline in the late trading and the closing was easy.

MONEY MARKETS. Bank of England discount rate, 4 per cent. Open market discount rate in London for short bills, 3 1/2 per cent. New York call money, highest 3 1/2 per cent, lowest 2 per cent, ruling rate 3 1/2 per cent. Call money at Toronto, 5 1/2 per cent.

ON WALL-STREET.

Erickson Perkins & Co. (J. G. Beatty) wired: Such selling as occurred in stocks to-day came mostly from the shorts, who undertook to "test" its staying qualities. From the looks of things some of those who got left on the recent rise came in in numbers to-day and bought at what yesterday morning would have looked like attractive prices. The selling had apparently run its course by the delivery hour and in the last half hour prices rallied and bought at what yesterday morning would have looked like attractive prices.
