### MISSING AVIATORS RESCUED BY STEAMER IN MID-ATLANTIC AND ARE WELL

### HAWKER AND GRIEVE ARE PICKED UP AT SEA BY DANISH STEAMER

#### Were Forced to Alight in Mid-Atlantic When Engine Failed--Will Be Landed in Scotland Today.

London, May 25.—Missing for six days and virtually given up for lost, Harry G. Hawker and his navigator, Lieut.-Commander McKenzie Grieve, the British aviators who essayed a flight across the Atlantic ocean without protection against disaster save what their frail airplane afforded, are safe tonight aboard a British warship off the Orkneys. Tomorrow they will reach the mainland and will proceed to London, where they will be acclaimed as men returned to life.

Some 1,100 miles out from Newfoundland and 800 from the Irish coast, on Monday, May 19, the lone aviators, making the test of an engine which was failing to function properly, were forced to alight on the water. The little Danish steamer "Mary," bound from New Orleans and Norfolk for Aarhus, Denmark, picked the way-farers up and continued on her northward voyage.

Lacking a wireless outfit, the captain of the steamer was obliged to withhold the good tidings of the rescue until he was opposite the Butt of Lewis, where the information was signaled by means of flags that Hawker and Grieve were aboard his ship.

"Saved hands of Sopwith airplane," was the signal.

"Is it Hawker?" was the question sent out by the flags from the Butt, which is the most westerly point of the Hebrides group off Scotland.

"Yes," laconically replied the Mary. Immediately word was flashed to the British admiralty, which sent out destroyers to overtake the Danish vessel and obtain absolute confirmation.

This was done, and one of the destroyers took the aviators off, and later transferred them to the flagship "Verge."

From this safe haven Hawker sent a message tonight that his machine had stopped owing to the blocking of the water circulation system.

In Water Four and a Half Miles from the Island of Mull.

When the airplane sped away from her starting point, pilot Hawker let loose his wheels and undergear, thereby lightening the weight of the machine by a considerable amount, but making a possible landing on the soft of Ireland a more hazardous venture. This, however, probably proved of much advantage when it became necessary to alight on the surface of

the water. The airplane remained aloft without difficulty during the hour and a half it took the Danish steamer to come up and effect a rescue.

All England is stirred by the news of the safety of these two stout-hearted aviators, but owing to the difficulty of communication some time must pass before the full details of one of the most remarkable voyages ever undertaken are known.

The one person in England who has always held hope was Mrs. Hawker. She always maintained that providence would protect her man, and, tho she received condolences from all classes of people, including the King, she said today that she had never ceased to believe that some time and in some way her husband would come back.

Hawker has sent the following message from the Revenge to The Daily Mail:

"My machine stopped owing to the water filter in the feed pipe from the radiator to the water pump being blocked with refuse, such as solder and the like, which shook loose in the radiator."

"It was no fault of the Rolls-Royce motor, which ran absolutely perfectly from start to finish, even when all the water had boiled away."

"We had no trouble in landing on the sea, where we were picked up by the tramp ship Mary, after being in the water for fifty minutes. We leave Thurso at 2 p.m. Monday, arriving in London Tuesday evening."

Hawker and Grieve will cross the mainland tomorrow and proceed to London by train.

Mrs. Hawker, wife of the aviator, received the news from the Mary early this morning at her home near Surbiton and posted a notice outside her home, reading:

"Mr. Hawker has been found. He is on the boat Mary bound for Denmark. A crowd of villagers soon gathered and showered Mrs. Hawker with congratulations."

### SIR ROBERT BORDEN RETURNS TO CANADA

#### Confident That Germans Will Sign the Allies' Peace Terms.

#### HURRIES TO OTTAWA

#### Declines Public Reception in Halifax Owing to Work Awaiting at the Capital.

Halifax, N. S., May 25.—Sir Robert Borden, returning to Ottawa from the peace conference at Paris, gave out a statement after landing from the Aquitania this morning in which he expressed his belief that the Germans would eventually sign the peace terms, his confidence that the returning soldiers would exert a steady influence in the trend of events in the Dominion and his appreciation for the work of the conducting staffs responsible for the comfort of Canada's returning army while at sea, the work of Canadian nurses in England, and in the field, the overseas record of General Morrison, as head of the artillery arm, and of Hon. L. A. Sifton, as chief British representative on the inter-allied commission on the international regime of ports, rivers and waterways, both of whom returned with him, and his regret at having to decline the public reception arranged for him by the citizens at Halifax, owing to the necessity of proceeding to Ottawa with the least possible delay.

Sir Robert Borden declined to discuss the Winnipeg situation, as he had not yet had an opportunity of discussing the matter with his colleagues, and as to the possibility of the appointment of Mr. H. H. Asquith to the post of British ambassador at Washington, even if he knew anything about the matter he would not be in a position to talk about it. He intimated he would have something further to give out shortly after his arrival in Ottawa.

Met by Lady Borden.

The Aquitania arrived in port during the night and at 5.45 o'clock a lighter, containing Hon. J. D. Reid, minister of railways, and Col. W. E. Thompson, acting G. O. C. of military district No. 6, went out to bring the premier ashore. At the landing stage the prime minister was welcomed by Lady Borden, and together they proceeded to the waiting ship at the ocean terminals where breakfast was served the party, including Hon. J. A. Calder, minister of immigration, and P. B. McCurdy, M. P. The jinx which had crept aboard the Aquitania at Southampton, making it necessary for the big liner to back out to sea without the aid of tugs, was on deck again this morning, and members of the premier's secretarial staff had a narrow escape from injury while trying to get ashore.

The text of Sir Robert's statement follows: "My first word is that we are very glad to be at home again."

The Late W. D. Matthews.

### W. D. MATTHEWS DIES OF PNEUMONIA

#### Was President of Many Companies and Leading Grain Dealer.

General regret will be occasioned throughout Canada by news of the death of W. D. Matthews of W. D. Matthews & Co., grain dealers, 31 Yonge street, Toronto, which occurred at his residence, 39 St. George street, Toronto, on Saturday at midnight. The end had been expected for several days. He deceased, married in 1872 Annie Jane Love, daughter of the late N. C. Love of Toronto, and had been a widower for about two years.

Wilnot Delour Matthews was the son of the late Wheeler Douglas Matthews, who came to Canada from the United States and founded the commission business with which the name of Matthews has since been connected. The elder W. D. Matthews, who married Maria Colton, was known as the "barley king," all three were Ontario. The younger W. D. Matthews was born in Burford, Brant County, June 22, 1850, and was educated at the Normal

### THE VIEW OF TORONTO ON THE STAR'S "PLOT."

It was said in Toronto Sunday night that the whole article and insinuations in the "Montreal Star" were primarily an attack on the public ownership of railways policy of the Borden government, which the Montreal Star had been denouncing in strong editorials for some days back. Nor did The World's informant have any doubt that the main attack was on Sir Thomas White, and that the Canadian Pacific and its powerful financial allies in Montreal were determined to prevent the government taking over the Grand Trunk. These same forces were more than sore at the settlement that was made by Sir Thomas White, acting on behalf of the government, for the purchase of the Canadian Northern, Montreal, is doubly sore that the headquarters of the consolidated national railways (Intercolonial, Transcontinental, Canadian Northern, Grand Trunk, Grand Pacific) should come to Toronto.

A determined effort has been made for some months to plant prejudice in the minds of Sir Robert Borden and his colleagues against the public ownership policy of Sir Adam Beck in connection with Hydro-Electric.

The Montreal antagonism against public ownership is even stronger against Hydro-Electric than it is against railways.

The Sunday World had a special from Ottawa dealing with the political situation. It hinted at a possible retirement of Sir Thomas White. And it said that Sir Thomas had nothing to do with any talk of Sir Robert Borden's alleged resignation. But it is a fact that Sir Thomas White, while he has been leading the house and acting as prime minister, most of all as taking charge in the caucuses of the Unionist party, has made quite an impression on the new men of the house, especially those from the west.

### ULTIMATUMS ISSUED TO STRIKING WINNIEPEGERS

#### Government Hopeful For a Settlement

Ottawa, May 25.—Messages received by the government tonight from Hon. Gideon Robertson, minister of labor, and Hon. Arthur Meighan, minister of interior, the two ministers of the crown who are in Winnipeg, were to the effect that the situation is improving, it is understood that a message received from the minister to be laid before the cabinet council tomorrow morning, contains a full statement of the latest developments at the Manitoba capital, but more particularly deals with the efforts of the ministers to re-establish the postal service which Winnipeg has been deprived of by the sympathetic strike of the postal employees.

Advices received by the government from other Canadian cities are also said to indicate that there is less prospect of a general strike and that the labor situation is becoming more hopeful.

The advices are naturally of a confidential character, and there may be no further official announcements before the house meets on Monday afternoon.

### RUMORS AT OTTAWA REGARDING CHANGES IN AIR HINT AT RETIREMENT OF PREMIER AND SIR THOMAS WHITE.

Ottawa, May 25.—Sir Robert Borden is expected to arrive in Ottawa at 10.30 o'clock tomorrow morning. He will no doubt be in his seat tomorrow afternoon, but he is not likely to address the house on the subject of his trip to Europe and the peace conference before Thursday.

Meanwhile rumors of every kind are flying about, some of them to the effect that a speedy reorganization of the government and possibly the resignation of the prime minister is imminent. The charge by The Montreal Star that certain members of the cabinet have conspired during Sir Robert's absence to bring this about, has naturally caused much gossip and speculation.

The Star's attack is evidently directed against Sir Thomas White, and is designed to create a situation which might lead to his resignation. Sir Thomas, when shown The Star article tonight, declined to make any comment.

Many here say the purpose of the attack is to discredit the finance minister, and thereby injure the cause of public ownership.

### Is Premier Borden Facing Treachery at Ottawa?

"Does Sir Robert Borden deserve well of his country? This is a question of outstanding importance in the present crisis. Current reports coming from well-informed sources hint that treachery has developed among some of his parliamentary followers, and even amongst some members of his cabinet, some of whom have aspirations for things for which they are wholly unqualified. Their unavailability will not restrain their ambition nor prevent them from attempting political assassination when the opportunity presents itself. The question for the people of Canada is this: Does Sir Robert Borden deserve well of his country? Is he worthy of protection against political assassins?"

### GENERAL STRIKE CALLED IN CALGARY

#### Will Affect All Unions Affiliated With Trades Council.

Calgary, May 25.—A general strike has been called in Calgary to take effect at 11 o'clock tomorrow morning. Practically all unions affiliated with the Trades Council will be affected, the vote being four to one in favor. Essential activities such as police and fire protection, delivery of milk, bread and other necessities will be carried on. Hotel and restaurant employees have also been requested to stay at work. It is also expected that the local dailies will be allowed to continue to publish.

Edmonton, May 25.—Edmonton unions voted 3 to 1 for sympathetic strike to go into effect Monday.

Commenting on the result of the committee's conference of Saturday afternoon with Senator Robertson, The Tribune says: "The attitude of members of the strike committee, as well as the minister, indicated that they believed a basis of agreement had been reached, and that what seemed clear for an early ending of the tie-up. The fact that the strikers went to Premier T. C. Norris to discuss the industrial control and municipal (a provincial law), indicated that the proposed settlement is to be effected under this act, which the labor in fact refused to have anything to do with."

Will Distribute Mail.

Mail will be distributed by the Winnipeg Postoffice tomorrow morning for the first time since the strikers and letter carriers went on strike. The members of the Winnipeg central committee, backed by formal declarations of federal, provincial and municipal officials who declared that certain acts of the Winnipeg central strike committee have been a direct challenge to established government.

Sir George Foster, president of the Winnipeg Trades and Labor Council that as the Winnipeg drama is receiving national attention, settlement of the deadlock cannot be accomplished until "public assurance is received that this thing cannot take place again."

"We will neither accept responsibility for conditions arising from labor's action, nor will we admit that the forces of industry (meaning union labor) have adopted improper methods to win their struggle," said Winnipeg.

City Workers Go Back.

Mayor Charles F. Gray this afternoon issued a formal statement, announcing that the city council will meet tomorrow night to decide the city's attitude toward unionized municipal employees which joined the sympathetic strike at the order of the central strike committee. Mayor Gray said that a number of the city workers are ready to return to their positions no matter what the attitude of the central strike committee may be. He also criticized the attitude of the federal government during the first days of the strike. The mayor's statement follows in part: "I deem it essential in the interest of all citizens that action be taken to insure for all time the satisfactory working of our public utilities or services, so ably maintained in this time of stress by citizen volunteers. I shall ask the city council on Monday night to pass resolutions supporting the above view and placing the city in a position to take back only such employees as will be loyal to their signed contracts in the future. The sympathetic strike in the public utilities and in the police and fire department and all public services must be abandoned for all time in the city administration. I am not in favor of taking away from

### LINER HITS ICEBERG BUT SAFE AT ST. JOHN'S

St. John's, Nfld., May 25.—The Donaldson liner Casandra struck an iceberg 100 miles off Cape Race today and, after sending out wireless calls for help, managed to effect repairs and was able to continue under her own steam, arriving here tonight. Her forefoot was stove in by the berg. The 400 passengers aboard are well.

### Col. Barker, V.C., D.S.O., M.C., Arrives in Canada From France

Halifax, May 25.—Notable among the returning soldiers today was Lt.-Col. Barker, who has a wonderful record in the destruction of Hun aeroplanes, and who has the V.C., D.S.O., with bar, and the M.C. with bar.

### RUMOR RAMPANT THAT RAILWAYMEN WILL STRIKE

The labor situation in Toronto is very obscure, and so far as has been gleaned both the Metal Trades Council and the Metal Trades Employers' Association stand pat each for its respective ideal, the council emphatically for an eight-hour day on a nine or ten hour pay basis with a 44-hour week, and the employers with equal spirit espousing the cause of a "fair day's pay for a fair day's work."

However, so far as Toronto is concerned there is still another conference to be held between the two parties at issue. But another, and rather serious move on the part of labor generally, is said to be the alleged secession of all the Canadian locals of the international brotherhoods of railway men, numbering perhaps 60,000 employees, and their decision to go out on strike Tuesday morning. The Toronto local of the international brotherhoods, however, so far as is known, have held no meetings, special or ordinary, and while the report is credited in some quarters it is denied in others. In this connection it is interesting to note that there are two labor camps, one for and one against the general strike movement. The information was received, however, from one of the men in the know. It is understood that the postmen and other government employees in Winnipeg intend to hold a mass demonstration before the Winnipeg postoffice to prevent news from getting into the building. This report also lacks confirmation.

Mayor Will Umpire.

### Alleged Secession of All Canadian Locals, Numbering 60,000 Employees, Will Take Place Tuesday--Metal Trades Council and Employers Still Stand Pat.

ing at the Labor Temple tonight. Herbert Wright, business manager for the men out on strike at Polson's yards, categorically denied the statement appearing from Montreal to the effect that the strikers had returned to work, alleged to have been made by Harry Kirwin, president of the Marine Trades Federation. "Absolutely incorrect from start to finish," was the observation made by Mr. Wright with respect to the announced return of the men to work. "In the first place," said Mr. Wright, "the Marine Trades Federation has no authority to do business with these men, and had absolutely nothing to do with the agreement presented to the Dominion Shipyards, signed by both Mr. Dahlgren and myself a month ago."

No Authority.

"As a matter of fact, Frank Wall has himself no authority to sign any agreements for the company, E. R. C. Clarkson, the receiver, being the only man in a position to do so. Again, our agreement calls for double time, and not time and a quarter for overtime. Our minimum is 85c to 90c an hour, and not 80c—little things which go to make differences between agreements."

As the Toronto local of the international Brotherhood of Freight Handlers, Clerks and Stationmen only recently passed a resolution against action for a sympathetic strike, it is believed that this local at least will not be numbered among any railwaymen which may go out on strike. On the other hand, reports are to the effect that the strike, if carried out, will tie up all traffic, and that in this event the freight handlers would have nothing to do anyway.

The conference today will be held this afternoon at the board of trade buildings, but will be preceded by conferences between the mayor and the two parties at dispute. There will be a very stormy meet-

labor the ultimate right to strike, but I am opposed to the sympathetic strike on public services.

Ultimatums All Round.

Rapid fire action, dealing with broad and vital phases of the general strike of Winnipeg labor tomorrow they promised for tomorrow. With union leaders, employers' representatives and conciliatory forces tentatively unable to agree upon important details, the two big issues affecting settling, announcements came from three prominent sources that the next 24 hours may make history for Winnipeg and possibly for the entire Dominion.

Senator Gideon Robertson, federal minister of labor, and Arthur Meighen, minister of the interior, and acting minister of justice, have formally announced that unless the members of the Winnipeg Postal Workers' Union return to work by noon tomorrow they will be dismissed from the federal service. Volunteer workers have been sorting great masses of mail which have been piled up in Winnipeg since the general strike began on May 15. The volunteers went to work last night. Telephone operators on strike are considering an exactly similar ultimatum served upon them by Premier T. C. Norris of Manitoba. Winnipeg postal clerks and railway mail clerks will meet at 4:30 tomorrow morning to decide upon their attitude.

Complaints for Ministers.

"I am rather surprised in view of the fact that the burden of maintaining law and order in Winnipeg since the government was thrown upon me, solely because of the uneasiness of the federal authorities to co-operate in combating any challenge to centrally issued authority that the ministers for whose presence I wired Ottawa, did not see fit until two days after their arrival to advise me officially or unofficially that they were here."

The only visible development in the strike situation as it affects the railway brotherhoods or other branches of the Winnipeg railway service, has been the walkout of a number of sleeping car and dining car porters. Their places have been filled, railroad executives announced. A high official of the Canadian Pacific Railway announced today that the company has not been informed by any official of the brotherhoods of the possibility of a dislocation of Winnipeg service. Brotherhood representatives who have been here for several days did not issue a statement today. It was stated by brotherhood leaders on the committee of eight attempting to settle the strike that "the running trades members are undoubtedly excited," but that they were far more anxious to bring about an amicable settlement of the Winnipeg trouble than they were to add fuel to the flames of disagreement. Settlement of the strike still seemingly rests upon the details of a collective bargaining agreement and the willingness of the union forces to call off the sympathetic strike prior to final action by the employers on the collective bargaining issue. Union leaders have declared that they will not take any action toward settlement which will include a formal or an implied admission that they violated any law in the prosecution of their strike aims.

Phonics Must Work

Winnipeg, May 24.—A notice issued by George A. Watson, commissioner of the Manitoba Government Telephone, ordered all telephone employees on strike to resume work by noon on Monday next. Failure to do so means dismissal from the service. The order states the central strike committee last night called out the long distance operators at various telephone exchanges in country districts.

Settlement of the general strike in Winnipeg today rested equally upon the employers' willingness to accept the sympathetic walk-out would have on union councils in other Dominion cities, all issues seem to have been tentatively agreed upon. The strike demand that the strike leaders must assume full responsibility for the general strike and restore local conditions to normal before an agreement with the employers can be concluded. Various actions of the central strike committee have been censured by the federal, provincial and municipal governments. The Winnipeg press, the Winnipeg citizens' committee and Mayor Charles F. Gray.

Collective Bargaining.

Union men have been told by members of the general conciliation conference committee that industrial employers will recognize collective bargaining, also perhaps not along the exact lines laid down by the executive leaders of the union forces. Both sides "laid their cards on the table" at the committee conference which began last night and continued until early today, and which was attended by a representative of the Canadian Press—the collective bargaining demand of the unions was unanimously approved in principle by the committee members who represent every phase of civic and industrial life in Winnipeg.

Collective Bargaining Involves Winnipeg's Three Large Industrial Plants

The Dominion Bridge Company, the Vulcan Iron Works, and the Manitoba Bridge and Iron Works. Employees of these companies are members of seven labor crafts which form the Metal Workers' Council. As outlined last night, committee members representing the employers of Winnipeg generally indicated that the iron masters were ready to agree upon a plan of collective bargaining in which issues at dispute would be considered at conference by employers' representatives and a delegation representing the craft of several crafts involved. In the controversy that a direct agreement reached by such a conference would be binding.

The union committees countered with their demands that any grievance of any of the seven crafts must be ironed out by a committee from the Metal Workers' Council and that the council itself must finally approve any agreement. Union officials admitted that the men on the committee might not be employees of the plants where controversy developed but took the position that the general committee from the council could simultaneously consider several grievances and it made seven separate committees unnecessary, committee members opposing this viewpoint indicated rather pointedly that they regarded the plan in the light of giving a few union leaders complete power in directing the affairs of the various locals.

TORONTO ISLAND DELIVERY.

Delivery of The Morning World at Hanlan's Island, Centre Island and Ward's Island will resume on May 27. An early and efficient service is assured. Orders telephoned to Main 5306 will receive prompt attention.

OVER FIVE HUNDRED LOTS SOLD BY AUCTION

Lawrence Park Sale Realizes \$310,000 Between Thursday and Saturday.

To sell 531 lots, 26,800 feet of vacant frontage for \$310,000, between Thursday noon and Saturday at 2 o'clock is surely some real estate stunt. That was the net result of the Lawrence Park estate auction. The average price per foot frontage was \$13. Lawrence Park, is three and a half miles up Yonge street from Bloor street, and runs back a mile and a quarter.

The east city limit cuts the property along the centre. Outside the city the prices obtained ran from \$350 to \$25, and the average was about \$8. Inside the city the average price was about half the assessed value.

With this fact the residents of North Toronto will go after the court of revision as with a club. Until the district gets something like decent transportation facilities the property owners are going to fight against the present high assessment. The Lawrence Park auction, therefore, is likely to cost the city a considerable sum in taxes.

The highest prices obtained at the auction were for two lots, Nos. 82 and 84 St. Edmund's Drive. Each has a curved frontage with a rear width of 100 feet, and they sold for \$3,650 and \$3,850 respectively.

Quite a number of buyers were builders and it is expected by the Sterling Trust officials that there will be a great deal of building this summer, as the low cost of the land will help to offset the high cost of building material.

Already there has been quite a lot of reselling at a profit over auction prices. A lot on Yonge street at the corner of Glen Grove which brought \$75 has been turned over at \$100 a foot. Another Yonge street lot bought for \$45 a foot was later sold at \$55 and still again at \$65.

TEN THOUSAND BAIL FOR N. S. GOTSHALL

Alleged Theft of \$13,000, Leads to Two Arrests.

Two employees of the Grace Motors, Limited, 255 East Queen street, have been arrested by Detectives Mitchell and Wickert, in connection with the alleged disappearance of money belonging to the firm, was reported Saturday afternoon, charged with theft of \$13,000. Harry S. T. Wooster, 48 Abbott avenue, bookkeeper, was taken into custody Sunday afternoon on a charge of conspiracy by the same detectives.

SIR ROBERT BORDEN RETURNS TO CANADA

(Continued From Page 1).

Besides a considerable passenger list the Aquitania brought to Halifax five thousand Canadian troops all in the best of health and delighted at the prospect of seeing Canada once more. "I had the privilege of addressing the on Friday and I never spoke to a more intent and inspiring audience. "Under the great mistletoe, the steady spirit, the splendid intelligence, and the high sense of duty, which have placed our troops in the forefront of the armies of the world will make them a steady and determining influence in shaping the future destiny of our country."

"With great regret, I found myself unable to accept the very kind offer of a public reception tendered to me by the mayor on behalf of the citizens of the city and by the president of the board of trade on behalf of the citizens' committee."

"During our four months in Paris, Mr. Sifton and I have been constantly and actively engaged in the work of the peace conference, in which Mr. Sifton has taken a very important part. "There was a very strong impression, both in Paris and in London, that notwithstanding a possible refusal in the first instance the present or another German government will eventually accept the terms of peace practically as they have been presented."

THE SITUATION IN EUROPE

The Associated Press issues the following: Thursday of the present week is the time limit set for the Germans to make known to the representatives of the allied and associated powers at Versailles what Germany purposes to do with regard to accepting or rejecting the terms of peace formulated by the conference.

Berlin reports still persist that the German cabinet and the peace delegates at Versailles are one in their intention to request modifications on various clauses of the treaty, the provisions of which it is declared Germany will be unable to meet without enslaving herself for a lifetime. Tuesday is spoken of in a Berlin despatch as the day on which Germany's answer will be ready. The latest note of the Germans—their thirteenth—digs up again the question

SONS OF ENGLAND MARCH TO CHURCH

Members Parade With Swing Reminiscent of Days in France.

More than 3000 members of the Sons of England Benevolent Society turned out at Queen's Park yesterday for the annual church parade of the society to St. Paul's Church. The parade was headed by the band of the Canadian Garrison Regiment, and many returned members of the society swung along in martial array, reminiscent of the marching pace of the Canadian infantry regiments.

The church service took the form of a memorial for the 845 members of the society who had been killed or died of wounds while on active service in the army or navy. It was announced that 1883 members of the society had taken service with the King's forces since the outbreak of the war, while the association itself had paid over \$1,000,000 in claims for the protection of the dependents of those who had paid the supreme sacrifice.

At the church were present many representatives of the other old country benevolent organizations which are at present flourishing in the city. Among those represented were the St. George's Society, Sir Frederick Strickland, John W. Gamble-Boyd, the Daughters and Males of England, and Irish Protestant Benevolent Society.

The City Council represented by Controller W. D. Robbins and Mayor Church. The supreme lodge officers who were in the parade were: Wm. D. Robbins, Proctor of Toronto, Sup. Vice-Pres. J. H. Carter of St. John, N.B., Supreme Treasurer C. Mesch of Toronto, Secretary John W. Carter, who is over eighty years old and marched with the parade. The sermon was preached by the Hon. Dr. H. J. Cody, who spoke of the glorious part taken in the war by Englishmen, whether at home or in the colonies of the motherland. Dr. Cody also paid a tribute to the work of the British army and navy for their splendid war service and self-denial.

"Dead March in Sull" and "Last Post" were sounded in honor of those who had fallen, and the appropriate hymns and prayers were rendered. Holsteins were in greatest number of the breed of cattle shown, the only dairy made entries. Prizes were equally divided by R. W. E. Burnaby and R. S. Hicks.

Swine were in better numbers than formerly, the sheep were somewhat lacking. The quality of the latter was, however, above the usual standard. The women of the fair provided very acceptable meals for all who wished to take advantage of good cooking. Had it not been for the bad weather, the fair would have been an outstanding success.

EAST TORONTO OPENED NEW DIAMOND.

East End Y.M.C.A. held a double-header game of baseball on their new diamond on Saturday, when the Toronto Y.M.C.A. Junior league teams Athletic played Eureka, and East Toronto played Hope.

Eureka won 5 to 7, and Hope won 15 to 6. There was a large attendance. The first of a series of concerts under the auspices of the East End Y. M. C. A. Junior baseball team was held in the building, last evening. The following artists contributed to an excellent program: Mrs. O'Donnell, J. Duffley, Mrs. Dean, J. Browning, W. Snell, J. Moore and J. Taylor. The proceeds will be used to furnish equipment. It is intended to hold regular concerts and socials during the season.

FURNITURE VAN DITCHED

Owing to the snapping of the front axle on a Ward and Company, Hamilton, van loaded with furniture, the contents were thrown into the street near stop 24, New York, on Saturday for about three hours.

BEACHES

The parks, beaches and amusement centres in the east end were well patronized during the holidays, and crowds who attended Scarborough Beach constituted a record. Special preparations had been made for the 4th Highlanders gave an afternoon and evening concert on Saturday and Sunday. Large crowds visited the beach and the 4th Highlanders gave an afternoon and evening concert on Saturday and Sunday.

MIMICO CIVIC METHODS STRANGE

The methods of the civic authorities and the works department in particular are very peculiar, said a Mimico business man to The World yesterday who pointed out that they started to fix up the roadway between stop number 5 and the Humbert bridge on the highway exactly three days before Empire Day, May 24. First the traffic is enormous, and in consequence a narrow strip of roadway was left for wheeled traffic which was compelled to pass in single file, regulated by two traffic policemen.

TODMORDEN TRUSTEE'S OPINION.

According to the statement of S. D. Durham, school trustee, Philip Pedlar of Todmorden has established a fine reputation for himself as school attendance officer for the township of York. His efficient, tactful and business-like attendance to his duties already makes a marked difference in the register of pupils in the schools. This movement to have Mr. Pedlar removed because he, in pursuit of his duties, fears neither friend nor foe, should, says Mr. Durham, be closely watched by all right-thinking citizens.

YORK COUNTY AND SUBURBS

RICHMOND HILL RICHMOND SOCIETY SEVENTEENTH FAIR

In Spite of Rain Out-turn and Classes Made Signal Success.

The seventeenth annual fair of the Richmond Hill Agricultural Society was held on Saturday at the fair grounds. In spite of the inclement weather about 5000 people attended. A football game was started in the morning, but had to be postponed, and all other sports were cancelled owing to the rain.

A large number of exhibits of live stock, dairy products, art work, etc., were on hand, and judging was completed in all classes. Mrs. A. Hurst, Hamilton; Miss McCutcheon and Miss Edna McNair were the most successful exhibitors in the fine arts department, while prizes for dairy products were evenly divided among a large number of contestants.

Live stock was good in all departments, but the horses proved the main attraction. The light class was particularly well filled. One of the most important specials in this class, namely, that for ladies driving, single, for which the Eckardt silverware was donated, was won by Miss Muriel Seaton of Toronto. Mrs. D. J. Wilson, Unionville a many-time winner at that event, took first prize in single pony in harness division. In the heavy horse class the principal winner was Theo. Leggett of Toronto, who was awarded the sweepstakes on his aged stallion, which was first in a class of three.

There was a creditable showing of show-bred cattle by Mr. E. J. Boynton and Geo. Vandenberg, Richmond Hill, as principal exhibitors. Holsteins were in greatest number of the breed of cattle shown, the only dairy made entries. Prizes were equally divided by R. W. E. Burnaby and R. S. Hicks.

Swine were in better numbers than formerly, the sheep were somewhat lacking. The quality of the latter was, however, above the usual standard. The women of the fair provided very acceptable meals for all who wished to take advantage of good cooking. Had it not been for the bad weather, the fair would have been an outstanding success.

EAST TORONTO OPENED NEW DIAMOND.

East End Y.M.C.A. held a double-header game of baseball on their new diamond on Saturday, when the Toronto Y.M.C.A. Junior league teams Athletic played Eureka, and East Toronto played Hope.

Eureka won 5 to 7, and Hope won 15 to 6. There was a large attendance. The first of a series of concerts under the auspices of the East End Y. M. C. A. Junior baseball team was held in the building, last evening. The following artists contributed to an excellent program: Mrs. O'Donnell, J. Duffley, Mrs. Dean, J. Browning, W. Snell, J. Moore and J. Taylor. The proceeds will be used to furnish equipment. It is intended to hold regular concerts and socials during the season.

FURNITURE VAN DITCHED

Owing to the snapping of the front axle on a Ward and Company, Hamilton, van loaded with furniture, the contents were thrown into the street near stop 24, New York, on Saturday for about three hours.

BEACHES

The parks, beaches and amusement centres in the east end were well patronized during the holidays, and crowds who attended Scarborough Beach constituted a record. Special preparations had been made for the 4th Highlanders gave an afternoon and evening concert on Saturday and Sunday. Large crowds visited the beach and the 4th Highlanders gave an afternoon and evening concert on Saturday and Sunday.

MIMICO CIVIC METHODS STRANGE

The methods of the civic authorities and the works department in particular are very peculiar, said a Mimico business man to The World yesterday who pointed out that they started to fix up the roadway between stop number 5 and the Humbert bridge on the highway exactly three days before Empire Day, May 24. First the traffic is enormous, and in consequence a narrow strip of roadway was left for wheeled traffic which was compelled to pass in single file, regulated by two traffic policemen.

TODMORDEN TRUSTEE'S OPINION.

According to the statement of S. D. Durham, school trustee, Philip Pedlar of Todmorden has established a fine reputation for himself as school attendance officer for the township of York. His efficient, tactful and business-like attendance to his duties already makes a marked difference in the register of pupils in the schools. This movement to have Mr. Pedlar removed because he, in pursuit of his duties, fears neither friend nor foe, should, says Mr. Durham, be closely watched by all right-thinking citizens.

RIVERDALE TO SPEAK ON UTILITIES.

L. W. Mullen, first vice-president of the Central Council of Ratepayers' Association, is in receipt of communication from the president of the association of holders of public utility securities suggesting that a meeting of that body address the organization outlining its aims and objects. Mr. Mullen in conversation with The World said the matter would be discussed at their next meeting and that probably an opportunity would be given the speaker to outline their program and a like privilege be given a speaker in municipal ownership in the near future.

THREE SOLDIERS RETURN.

Three returned soldiers, Pte. Wallace Walker, Pte. Frank Payne and Pte. Cecil Broadhead, were welcomed by the congregation of First Avenue Baptist Church at the evening service yesterday. Pte. Broadhead, who lost both legs, was wheeled into church by his brother.

The congregation received the heroes standing, and Rev. Dr. Graham extended a hearty welcome. There was a large attendance.

YOUNG PEOPLE'S SOCIAL.

First Avenue Baptist Church Young People's Society will hold an entertainment and social in the schoolroom under the auspices of the Theosophical Society of Toronto. Refreshments will be served by the committee in charge, and Rev. J. E. Lougbridge, president, will preside.

Nominations for the quarterly official board took place at the close of the morning service in Simpson Methodist Church yesterday. Rev. J. R. Patterson, pastor, presided.

WORK IN "DEVIL'S DIP"

The work of filling in the Devil's Dip on East End street has not yet been commenced by the works department altho an early start this year was expected by the residents of this section on this important undertaking.

Much dissatisfaction is expressed by the business men and ratepayers generally and the matter will be brought to the attention of the local ratepayers' association.

EARLSCOURT

The death is announced of Pte. Horace A. Wood, of the 204th Battalion, C. E. F., who died on Saturday afternoon at the Guelph Military Hospital of Tuberculosis. Pte. Wood enlisted when the war broke out and was on active service in France. He was wounded and gassed during the campaign in Flanders in 1918. He was a member of the Earlscourt branch of the G. W. V. A. and is survived by his widow and five children who live at 265 Bloor avenue. The funeral will take place today at Prospect Cemetery.

Earlscourt spent Victoria Day in gardens and trips to the surrounding country visiting friends and relatives. Dufferin street from St. Clair avenue north beyond Eglinton was a long procession of automobiles and rigas churches arranged by some of the Toronto Heights Social Club a field day was held for the benefit of the Prospect Cemetery.

In this vicinity also a number of citizens were interested in the land of the Bell Line. Enchire and dances were held at Belmont Hall and dances by the Hall in the evening and dancing was kept up until midnight.

Earlscourt returned men, South African veterans and veterans of wars during the past 40 years, attended a service and ceremony of decorating the monuments on Victoria Day. The plot in Queen's Park on Victoria Day. The plot containing crosses on the graves of those who were killed on Flanders' field, known as the Ridgeway monument, was crowded with relatives and returned soldiers from Earlscourt, Oakwood, Fairbank, Silverthorn and Wychwood.

Capt. (Rev.) Sydney Lambert, chaplain of Whitby Hospital, was the preacher at the Sunday evening service at the Earlscourt Central Methodist Church. Mr. Lambert, enlisted immediately on the outbreak of the war while he was minister of a church at Calgary, was wounded at the Somme and lost a leg. The church was crowded. Rev. Peter Bryce introduced the preacher.

### BRAVE BATTALIONS WARMLY WELCOMED BY GRATEFUL CITY

#### 19th and 20th Battalions Were Broken, But Not By Huns.

#### DRAGOONS POWERLESS Love Triumphed Over Discipline When Troops Entered Stadium.

Glorious and impressive was the reception given to the 19th and 20th Battalions when they arrived in the city Saturday on four special trains provided by the C. P. R. Even most unpleasant weather conditions did not prevent the citizens of Toronto from paying an earnest, well ordered and soul-stirring tribute to the pride and flower of Toronto's fighting men. Showers of rain fell early in the afternoon but the skies cleared up about 6.30 p.m. when the first train bearing the 19th Battalion arrived at North Toronto station. It would take far more than a little drawback like rain to deter the citizens of Toronto from showing their esteem, and as early as 4.45, when the first train was scheduled to arrive, hundreds had gathered around the station. Thousands along the route of parade also waited and the question on all lips was the reason for the delay.

Neither veterans nor citizens appeared to be in the least discouraged by these obstacles for there were thousands of admirers lined along the route of parade from the station to the university stadium. Bands of the Salvation Army band struck up Home Sweet Home as the first train rolled in and farther along the platform the welcoming shriek of the 81st Highlanders' bagpipes floated out a greeting. From every window a smiling, cheering, rugged face, and sometimes two, shouting joy to be home, was poked out and from the crowd below came back answering cheers as the group on the platform waved and shouted a welcome home.

Few Privileged. There were but few persons privileged to greet the men as the trains rolled in but down below former comrades and a huge crowd of spectators had gathered. The men quickly dismounted and soon the platform was alive with khaki clad warriors. Men from the Garrison Regiment looked after the kits and the men rushed to the rallying to hungrily seek familiar faces of loved ones below.

Soon the troops were lined up along the platform and, headed by the Highlanders' band, moved off down the long line of steps to the station yard. The second train carried the remainder of the 19th Battalion. It arrived at the station at 6.45 p.m. and the other two trains bearing the 20th Battalion pulled in at 7 o'clock and 7.15 p.m. respectively. Bands played each of the four trains into the station but the notes of the music were drowned by thunders of cheers from the crowd.

When all the trains had arrived and the men assembled in the old station yard ready to commence the parade, it was truly a wonderful sight to behold. The long khaki lines with rifles at the shoulders and bayonets gleam-

ing, stretched over almost the entire space.

It was a wonderful parade that swung off at 8 o'clock p.m. First came a detachment of Dragoons to clear a way, then the originals of the 19th Battalion, who had arrived before their battalions. These were followed by the 19th Battalion, originals of the 20th, and the returning 20th. A detachment of Dragoons brought up the rear.

Continuous Cheering. The enthusiasm was at its height when the troops came along. Both units marched with fixed bayonets, which swayed and glistened in the evening light. There was continuous cheering, shouts of recognition, hand shakes, stolen kisses and embraces as the parade passed along. Wonderful steadiness was maintained in the lines, altho here and there relatives, friends and sweethearts fell into line shouldering the soldier's rifle and swinging into step. Fathers marched proudly with sons, and mothers with tears of joy in their eyes marched alongside their soldier laddies.

The saluting base was situated at the parliament buildings, where the sharp command of "eyes left" rang out as the stand was reached. Standing at attention on the appropriately decorated platform were Brigadier-General Rennie, who received the salute of the men.

There was a threat of rain in the air, but joy in the hearts of those gathered at the saluting base to watch the march past, and the spectators caught their breath as the grizzled survivors of the two battalions swept in order past the base.

Every company of men which marched past was greeted with applause. The buildings themselves were splendidly decorated, and a fine big "welcome" sign hung over the entrance.

After passing the platform the troops marched on the west drive northward toward the stadium. At Stadium Gates. At 8.40 p.m. the sounds of marching music and the regular rhythm of the parade into the stadium gates. Here all semblance of marching order, which had been maintained through the parade, was swept aside as the crowd surged forth from the sidewalks. The mounted dragoons attempted to push them back, but the long pent-up emotions of those who had not seen loved ones for years were not to be stopped. The dragoons were swept aside and the redoubtable ranks of the 19th and 20th were broken and overwhelmed for the first time.

It took but a few moments for everybody to find their soldier boys, and after half an hour of precious welcomes and joyful embraces the soldier lads departed homeward in happy groups.

### BOY SCOUT CHIEF TALKS TO "WORLD"

#### Sir Robert Baden-Powell Tells How British Scouts Served.

#### TOMORROW'S PARADE Will Include Fifteen Hundred From All Parts of the Province.

"Be prepared!" That is the watchword of the Boy Scouts, and by all accounts they are fully prepared to welcome that young-old Boy Scout, Lieut.-Gen. Sir Robert Baden-Powell, the commander-in-chief of the Boy Scout movement.

Sir Robert arrived privately in Toronto from Montreal yesterday morning shortly after 7 o'clock. He was met at the station by H. Hammond, assistant Scout commissioner for Ontario; Col. A. E. Gooderham and Col. George. The reception was purely a private one, and after breakfast Sir Robert and Lady Baden-Powell were escorted to the Niagara boat and left for the Falls at 8 o'clock. After spending a quiet day they returned by the 6 o'clock boat, reaching Toronto at 10 p.m. last night. At the wharf they were met by Sir Henry and Lady Pellatt and taken in their car to "Casa Loma," where they will be guests during their Toronto visit.

Sir Robert, seen by The World on his landing last night, was not prepared to make a statement on any pre-conceived ideas as to the work done by the Ontario Boy Scouts. "I have come to see them for myself," he said, "and I will tell you afterwards what I think of them."

The general was suffering from a slightly swollen right wrist, the result of an old wound contracted in South Africa, and which occasionally worries him.

No Word Too Good. Speaking of the work done by the Boy Scouts in England during the war Sir Robert has no word too good for them. Their earlier training and the work done by scout masters was put to a very severe and sudden test, but in no case was it found wanting. Some 1,800 boys have been regularly employed by the admiralty to take the place of coastguards called away for service afloat. Over 20,000 scouts enlisted (not conscripted) in H. M. services. The majority of them obtained early promotion, and this coupled with the gratifying report of their officers points to the fact that the Boy Scout training goes toward the making of good citizens and has proved in practice that it can equally turn them into good soldiers and sailors.

This morning Sir Robert will inspect at Casa Loma a guard of honor of 50 picked Boy Scouts who have been drilling incessantly so as to make a good show before the "big chief." At 11 o'clock the chief scout leaves for Hamilton to address the Canadian Club there. In the evening he will be given a dinner by the president of the provincial council for Ontario, Col. A. E. Gooderham, at the King Edward. In the evening he will be given a reception by the Ontario Boy Scout Council, at the home of Sir Henry Pellatt at Casa Loma.

Tuesday, however, will be the great day for the boys as a big rally will be held in the stadium at 3 o'clock. In addition to the local scouts, eight hundred boys from provincial towns will attend, making a parade total of 1,500 scouts. After the "line" inspection the massed boys will sing, "Be Prepared," then give an exhibition of first aid display. Scout games: Parade fire lighting and musical signalling. This will be followed by a march past, the troops carrying the flags of the province. As a tribute to the numerous scouts who have been killed in the war, all flags will be lowered except the district flag, which will have a laurel wreath placed upon it by Lady Baden-Powell while the band plays the Dead March.

The Bronze Cross. Before the proceedings terminate, Sir Robert will present to the parents of Scout Frank Ford of Napanee the bronze cross, the highest decoration with can be worn by a scout. Ford, who was only 13 years of age lost his life in trying to rescue two boys who had fallen thru the ice. There is only one other bronze cross in Canada. That was given to George Jackson of Dunnville.

Two old scouts, Sergt. W. E. Morgan and Pte. J. G. Rowser, who have just returned from four years' war service, will also be presented by Sir Robert with the medals they won in the war. Rowser has the military medal, and Morgan the meritorious service medal.

The council of the Boy Scouts hope to see the stadium packed to capacity. The seats are free and there is no excuse why father should not take mother, the son take his friend's sister the younger boys and girls take themselves, not only to honor the Boy Scout movement but to pay a homage to its distinguished founder.

## If somebody offered to give you a \$5 bill for \$4 would you hesitate?

Well—  
That is what the Government of Canada is offering you to-day. **WAR SAVINGS STAMPS** can be bought now for \$4.00 apiece. Every month you keep them they are worth more, and in 1924—not so very far away—Canada will pay you \$5.00 for every stamp you hold.

But, you say, I find it hard to hold on to my money till I have \$4.00. There are so many things to spend my money on. It's a quarter here and a quarter there—till before I know it all my spare cash is gone.

Well—when you have a spare quarter or two buy a Thrift Stamp! Sixteen Thrift Stamps equal one War Savings Stamp. Or, better still, tell your employer to buy so many Thrift Stamps for you each week and put them in your envelope. Then there will be no bother about it.

You could easily spare five per cent. of your wages each week to build up a profitable investment and will never miss nor regret it.

**REMEMBER—This is the first opportunity you have had to invest in a high-interest-bearing Government security IN SMALL INSTALMENTS.**

War Savings Stamps can be bought wherever this sign is displayed.

Shrewd Business Man. One of the old school Torontonians said to The World last night: "The late Mr. Matthews was one of the shrewdest business men in Canada. I have sat on many boards with him, and he showed on all occasions the readiest grasp of business affairs."

He was one of the wealthiest men in Toronto. It has been known for several days that Mr. Matthews was fatally ill. He had a slight stroke at the York Club last Thursday week, and was immediately removed to his home, where it was found that he had double pneumonia.

Deceased is survived by two sons—Wilmot L. Matthews and Capt. Arnold Matthews, who has been four years overseas with the 3rd Canadian Trencher Company, and who arrived on the Aquitania yesterday—and two daughters—Mrs. J. K. L. Ross of Montreal, and Miss Ina Matthews of Toronto. The funeral takes place at 3 o'clock on Tuesday afternoon from the residence on St. George street to Mount Pleasant Cemetery.

Following are some of the financial connections of the late Mr. Matthews: President of Consolidated Mining & Smelting Co., president Kingston & Pembroke Railway, president of Canadian Foundry Company, vice-president of Dominion Bank, vice-president of

The beginning of all this, the Report asserts, is a great extension of local self-government so as to train the electorates in the matters which they will best understand.

The home rule bill for India, so soon to be introduced, will not depart far, if at all, from the principles laid down in the Report, and will furnish a sufficient answer to criticisms in connection with the peace treaty.

FITTING TRIBUTE TO GLORIOUS DEAD

Service in Queen's Park Honoring Those Fallen in War.

No more fitting tribute to the memory of the glorious dead could have been paid to those who fell in the great war, than the service that took place Saturday morning in Queen's Park.

Extensive arrangements for the annual memorial services had been previously made by the grand council of the Canadian Militia Veterans' Associations and the ceremonies were on a more extensive and impressive scale than any yet attempted by the Canadian Militia Veterans owing to the participation of all the local organizations and units.

The veterans from all the associations assembled at the armories at 9 o'clock in the morning, where the parade was formed up and were formally inspected by Major General Sir William D. Otter, K.C.B.

At exactly 9.30 the column moved off from the armories and proceeded south to the South African War Memorial on University avenue.

Monument Decorated. This monument the veterans decorated with flowers and four large wreaths as a tribute to those Canadian soldiers who had fallen in action during that campaign.

The parade then proceeded to Queen's Park, where the Lieutenant-governor took the salute in front of the parliament buildings.

It was a thrilling sight for those gathered on the roadside to witness Veterans of many wars, including the last war, marching with firm step to the martial music of the band. Most of the marching men had pinned on their chests the various decorations they had won in notable engagements.

Keeping step with the younger veterans of the great war, and not one whit less smart in appearance or soldierly bearing, marched the grizzled veterans of 1866, 1885 and of the South African war.

Wreaths for Brave. Upon giving the salute, the various monuments in Queen's Park were then adorned with memorial wreaths and garlands by the different associations.

In the plot adjoining the Ridgeway monument, on the west side of the parliament buildings, provision had been made for the reception of floral tributes to the memory of the Canadian soldiers who died in the great war. Here crowds of relatives, parents and friends presented floral emblems to be placed in the sacred shrines, in the form of crosses, which had been provided for the occasion.

All the tributes were ticketed, denoting by whom sent and the name of the man whose memory was thus honored. Militia battalions, churches, schools, colleges and private citizens helped in this regard and testified their respect by sending floral offerings for the purpose.

After the decoration ceremonies had been completed, the veterans, interspersed by throngs of citizens, gathered at the band stand, where an appropriate program of music and addresses was presented.

The ceremony then took the form of a church service, and various hymns were sung, accompanied by the Salvation Army Band, and Mayor Church, Rev. A. L. Goggin and Dr. James L. Hughes made addresses.

STEP ON MEAT CANS TO SAFEGUARD CATS. The manager of the Toronto Humane Society makes an appeal to the housewives and cooks everywhere, asking that when they open a tin of fish or meat, they bend back the cover into place, or bend the tin with a blow, or by stepping on it, so that cats and small dogs cannot get at the remnants of the contents.

DEATH OF MRS. A. BROWN. The death occurred Friday of Mrs. Archibald Brown, wife of the well-known artist, living at 68 Dearbourn avenue. The late Mrs. Brown was born in Manchester, Eng., the daughter of John P. Eglen, Jr., who was also a sister of John P. Eglen, Jr., of Liverpool and Birkenhead.

RESTING ON THE WAY

THE PROMOTER'S WIFE

By JANE PHELPS.

An Unexpected Visitor.

CHAPTER XCIV.

I had played but a short time before the bell rang, and Mr. Frederick's card was brought to me. I was calmer than I had been, and I asked my aunt to receive him, telling her I would be down in a moment.

"I loved to hear him talk, to watch the play of expression on his strong face. But just then I was more interested in knowing what brought him than in hearing him discuss theories with aunt. So I interrupted: 'Have you seen Mr. Scott lately?'"

"I had hoped to find him at home," I sensed an undertone of disappointment in his voice, and felt anxious at once. "What is he doing now, Nell? I so wished he would tell me. Perhaps he would if I tactfully led up to it."

"I had been trying to impress Nell with his duty to himself. That he really does wrong to attend to business in the evening. She hasn't yet been successful, however, as his absence shows."

"It is too bad that we men have that habit," he turned to aunt. "But, sometimes it seems necessary. There is so much competition nowadays, and so often men come from a distance and have to make the most of their time. That is especially so in New York where large firms, or with men of large interests, I guess it does make it sort of impossible for the women folks. I added in his kindly way, 'but most of them are willing to put up with it, if it means more money.'"

"All women are not mercenary, Mr. Frederick," aunt returned in her most severe manner. "No, indeed; many of them not so much so. But it costs a lot of money to live in New York. I live well. It keeps me bustling pretty lively. I often think how lucky I am not to have to live here. It's a great town all right—the greatest in the world. Fine to come and let off steam. But after a few days of it I am ready for a little western town, where a man can wear a soft shirt, and let his manners correspond with his shirt. Here everybody seems to be starched up, all glossy and shiny on the outside, and a bit uncomfortable for some of us who are used to being well—just a feeling of natural human beings without the frills."

"But society calls for form and for manners. I should think those western mining towns would be, well, rather demoralizing," aunt replied. "I could see she did not understand at all Mr. Frederick's point of view. She was most conventional in all her ideas and actions. 'Not at all, madame! Sometimes I think they bring out the very best there is in a man—a real man. The one who becomes demoralized in a mining town would become equally so in New York or any other place. Water seeks its level, you know. I am a great believer in the theory that often hard knocks in the beginning of a career bring out the best there is in a man. That some vast loving Power has sensed easy places of the world make men soft.'"

A Line of Cheer Each Day of the Year

By John Kendrick Bangs. (Copyright, 1919, by the McClure Newspaper Syndicate.)

There's lots of things I do not know about—'twas, for instance, man sprang up from dust. What brought the first of flowers smiling out. What makes the buds and blossoms freshly sprout. Why some of us are thin, and others stout—

And so I take a lot of things on trust. I do not seek by facts to prove my creed. But take it just on simple Faith as true That some vast loving Power has sensed my need.

And given me the tools to work the dead By which when rightly used in fullest I'll win the goals that I am destined to.

THINK OF IT! Miss Nauty: You are old before your time. Mr. Nauty: Yes, but think of the time I had before I was old!

HYDRO EMPLOYEES WILL MEET BOARD

Conference With Municipalities Before Conciliation Committee is Considered. When questioned over the long distance telephone to London, Saturday, regarding a despatch in a morning paper that the Hydro-Electric power employees had accepted a conciliation board, Sir Adam Beck said to a World reporter: "That cannot be correct. The matter was entirely postponed until next Thursday at 4 p.m. (Sir Adam's request to enable the commission to hold a conference with the men."

EFFIE McFAUL RECEIVES INJURIES ON STREET CAR

Effie McFaul, age 18 years, living at 104 Carlton street, sustained injuries to her ribs and thigh Saturday afternoon when she was thrown against the stove of a King street car. The car on which Miss McFaul was riding collided with the rear of a preceding east-bound car. The injured girl was standing in the car when the street railway system upon its taking over by the municipality.

MEMORIAL SERVICE TO FALLEN THIRD

Living Pay Tribute to Glorious Dead at St. James.

Never was church so solemn nor service so impressive as yesterday afternoon. It was the occasion when man paid his last tribute to the fallen of the 3rd Canadian Infantry Battalion. The place was worthy of the dead—the historic old St. James' Cathedral. The shadowy nave took on an added solemnity as a constant stream of women in mourning and men in uniform entered. The khaki was conspicuous and officers of the battalion did duty as ushers.

Captain W. R. R. Armitage, chaplain, took the service. General Renzie, former commanding officer of the 3rd; Colonel Rogers, D. S. O. with bar, M. C. present commander, and Major H. C. O. with bar, second in command, were present. Canon Plumptre, rector of St. James' welcomed the members of the battalion and other visitors present. "May they be as glorious in the light at home as they have been abroad," he said in reference to the gallant 3rd, which returned home.

Stolen Motor Car Has Been Found. The stolen motor car which ran down and killed Morris Shrimman, Friday night, at Richmond street and Augusta avenue, was found standing against the curb Saturday morning on Dalton road. The police have been unable to find any trace of the driver of the car, which has been turned over to the owner, E. R. Cogswell, of 3 Grosvenor street.

HERBERT WADDINGTON IS CALLED BY DEATH

Well-Known Financier Succumbs to Attack of Acute Gastritis.

Herbert Waddington, the well-known financier and real estate man, died suddenly at his home 87 Glen Grove avenue, on Saturday morning. He had been a resident of North Toronto for about 30 years, and at one time was a member of the town council.

Mr. Waddington had been unwell for some time, but his death was unexpected. He was 52 years of age, and came to Toronto from Manchester, England, when a young man. He is survived by a widow, Mrs. Edna Dell Waddington, three sons, J. L. Melville W. of R. A. F., who recently returned home, Norval, Roland, and three daughters, Mollie, Dell, and Olive Waddington, all of whom are at home.

THREE GET DUCKING AT HANLAN'S POINT. When a portion of the platform in the "pen" of the Hanlan's Point wharf gave in at 12.45 Saturday noon, three men fell thru into the cold water below. The pen was packed to capacity with baseball fans eager to return to the city. The crowd lent a helping hand and within a few minutes the three men were pulled out of the water below to safety. The men were slightly injured about the arms and legs, when the platform caved in. They were able to return to their homes on the next boat.

Oh, I Cannot Eat. There is Not a Thing that I Want

"Oh, I cannot eat. There is not a thing that I want." "But you will never gain strength if you do not eat." "No, I suppose not." "What did the doctor say?" "He blames it all on my nerves; says my nervous system is exhausted and that I have nervous indigestion."

"Does he think you will soon be better?" "No; he says I will have to be patient and let my digestive system rest and my nerves gradually regain vigor." "Well, I know what I would do." "What is that?" "I would start in right now with Dr. Chase's Nerve Food. I have been nursing on so many cases just like yours and have seen so many cured by using Dr. Chase's Nerve Food that I am sure it is just what you need to restore your nerves and make you well."

"I have heard lots of my friends tell about using Dr. Chase's Nerve Food when they get run down, but it never occurred to me to try it myself." "Well, I certainly would try it if I were you. I have never seen such results as a treatment for the nerves from any medicine that the doctors give."

"If you will go round to the drug store and get me a box I will start in right now. Goodness, knows, I need something to build up the nervous system so that I can eat and sleep and get some strength." "All right, I will do that, and I know you will thank me for suggesting it."
