The Toronto World

From being little known prior to May, Radnor has suddenly jumped to the front rank and become the mineral water called for at all the downtown hotels and clubs, and has quite taken the place of the formerly popular English and German waters. It is found to blend perfectly with delicate wines and spirits. Visitors should ask for it before leaving the city.

Three boys playing on the bank of Yellow Pond, between 3 and 4 o'clock on Monday afternoon, found floating on the surface of the shallow water two bulky packages, containing the head and lower limbs of a woman.

Manner of Death Seems Clear. Enough of the organs had been left in the body to indicate to the majority of physicians who viewed them--there were some dissenters--that the woman had undergone a criminal operation and had died of blood poisoning.

JUDGE MCGUIRE DOWN FROM DAWSON.

He Wrote News Letters to The Globe With No Politics in Them.

Water Front at Dawson Was Leased and Money Spent for Charity and Improvements-Good Order on the British Side, But Quite the Reverse Across the Border.

Vancouver, B.C., Sept. 16.-[Special.] Judge McGuire said to a World correspondent to-day that there had been no charges made against the administration of justice, so he was only indirectly concerned. He accepted the position for one year and was leaving because his year was up. He had been accused of acting as correspondent of The Toronto Globe. He pleaded guilty to writing three news letters to that paper, but would give anybody \$100 for every line of politics he found in them. A man named Patullo was The Globe correspondent at Dawson.

Peace reigns supreme at Dawson, which is speaking wonders for British law. There has been no case of hold-up and only one serious theft in the year. There is gambling, but the police are instructed not to interfere, unless it is crooked. At Bennett every man is safe and the town is as peaceful as Vancouver. There is no more law and order than there would be in the nethermost depths of the infernal regions.

PROBIS IS KIND STILL. Rev. F. W. Mueller, pastor of the German Lutheran Church, is the author of a learned article in this week's Sunday World on the much-discussed question of the biblical authority for wine-drinking. The article is especially interesting in view of the forthcoming prohibition plebiscite.

For apples, peaches were firmer. Potatoes sold at 80c to \$1.20 per basket for Crawfords, and 40c to 75c for common varieties.

Apples, \$1 to \$1.50 per bushel, and 15c to 25c per basket; peaches, 50c to 75c per basket; grapes, 10c to 20c per basket.

LOCAL LIVE STOCK.

The run of live stock was again exceedingly large to-day—38 carloads, which makes a total of 185 loads for Thursday and Friday.

The stock of to-day was made up of 110 calves, 400 sheep and lambs, 125 calves and 3000 hogs.

The quality of the cattle offered was very fair, and considering the heavy deliveries, was reasonably good in a market where the different classes of stock.

In exporters there was an easier feeling, buyers not being as eager as they were in the past few days.

Stocks were plentiful and in good demand, with prices a little firmer, selling at \$2.20 to \$2.90, in some instances 2c more was paid.

Stock bulls sold all the way from \$2.25 to \$2.90, for red, medium, and \$3.20 for animals well bred.

Mr. Maybee says he is prepared to take all the future of these quotations.

Prices for milk cows were not quite as firm, 30c selling at \$25 to \$45 each, with extra good veals at \$7 to \$8 each, or \$5 per cwt. live weight.

Sheep—Trade good and prices firm at \$3.50 to \$3.60 per cwt. for ewes; bucks, \$2.75 per cwt. These are the prices for the bulk of the sheep sold on the market to-day, but a few choice lots of wethers and wethers were brought as high as \$3.75 per cwt.

Lambs were cheaper and prices have advanced, selling at \$2.75 to \$2.85, \$3.50 each, or in other words, \$4.12 to \$4.20 per cwt. live weight.

Hogs—Deliveries 3000 and market steady. Best selections of choice hogs, weighing from 160 to 220 lbs., and fat and unwatered, off cars, sold at \$4.75; light and heavy fat, \$4.25 to \$4.40 per cwt.

Mr. Harris will call all hogs weighing under 160 lbs., and dealers know what that means, many of them to their sorrow, as their pockets are much lighter in consequence.

William Leavack bought 100 cattle, mixed grade, and exporters, at \$3.45 to \$4.40 per cwt.; several bulls at \$3.50 to \$4.140 per cwt. at \$4.50 to \$4.65 per cwt. at \$4.75 to \$5 per cwt. live weight.

D. O'Leary sold 20 exporters, 1200 lbs. each, at \$4.25; and 14 light exporters, 1100 lbs. at \$4.25, and three fancy butchers' cattle, 925 lbs. each, at \$4.25 per cwt.

Thomas Crawford, M.L.A., sold one load of exporters, 1250 lbs. each, at \$4.30. He also bought three carloads of stockers at \$3.20 to \$3.60 per cwt.

John Dunn bought one load exporters, 1200 lbs. each, at \$4.25; and one load, at \$4.40 per cwt. Mr. Dunn is also engaged in exporting sheep, and is preparing to ship a large quantity of first-class shipping sheep: Ewes and wethers, \$3.65 to \$3.75, and bucks, \$3 per cwt.
