DEPARTATION OFF TO OTTAWA

To Protest Against Ratification of Dominion Parliament of the Roblin Railway Bill.

SCHOOL POPULATION OF WINNIPEG

Shows Steady Increase—True Bill Against Free Press for Labeling Mr. Roblin.

Winnipeg, March 24.—(Special)—Mayor James Bracken, Mayor Brown, Fortage, Prater, J. H. Brock and D. W. Roblin, Winnipeg, left for Ottawa today to protest against Mr. Roblin's railway deal being confirmed by the Dominion Parliament. Winnipeg's largest population is getting to be quite a problem so far as school accommodation is concerned, a report shows that in February, 1909, 3277 pupils were enrolled, increasing in March to 3285, and up to the 20th of the month to 3291 in April, and in November reached the highest figure for the year, 6100. In February of the current year 6356 pupils were enrolled, and in the present month, with ten days yet to run, pupils are enrolled, an increase of 101. The grand jury has returned a true bill in the action of Premier Roblin for libel against the Free Press. The language of the libel complained of is "Premier of a name in St. Paul brought home to Premier Roblin."

TRAGEDY NEAR ST. BONIFACE

Onesime Falcon Was Found Dead Under a Bridge, and There Is a Mystery About It.

Winnipeg, March 24.—(Special)—This morning Onesime Falcon was found dead as the Seine River, under a bridge, about a mile north-west of St. Boniface. The bridge is about 25 or 30 feet above the river, and it is supposed to be about three feet in height. He had come from his home in Starbuck to Winnipeg, to receive some money which a lawyer had collected for him, but found it had been garnished, and he left without a cent. He stayed with different friends till last night, when he was seen in St. Boniface about 11 o'clock, a little the worse for liquor, and looking for a place to stay. Nothing was seen of him after that time, until some one coming in to mass saw the body under the bridge and notified the constable. What he was doing there is inexplicable, his home and right having been left at a stable in Winnipeg. He was a well built man, of a good nature, easy-going disposition, with no enemies, and there is no suspicion of foul play. He leaves a wife and family. A coroner's inquest will be held to-morrow afternoon.

ANNEXATION OF CANADA

Along Postal Lines the Work Will Be Completed by July First This Year.

Washington, D.C., March 24.—Canada is to be annexed to the United States on the first day of July next, so far as it is in the hands of the United States Postoffice Department to annex it. From that day international postal money orders will no longer be used in transactions with the Canadian Postal Department, but the ordinary domestic money orders, which we use in transactions between our home post offices, will be used also in drawing on the Canadian post offices, just as if there were no imaginary line dividing the two closely allied countries. This is the last step that needs to be taken to complete the annexation of Canada postal systems into virtually one system of operation.

THE PRESS GALLERY DINNER

Grubs and Tories Buried the Hatchet and Ate and Drank Together.

Ottawa, Ont., March 24.—(Special)—The Press Gallery dinner was held Saturday evening in the Senate chamber. Marc Savard was master of ceremonies, and presided over the speech-making with an air of ease. Mr. J. H. Ross, speaker of the House of Commons, presided over the dinner. The guests were Messrs. Tarte, McGill, Chancy, Calvert, Gonsong, Bell of Carleton, D. C. Fraser, J. E. Walsh of the Canada Atlantic, Isaacson (car of the Waterloo Daily Mail), Walter P. H. Palmer of Dawson City, and George E. Casey, ex-M.P., were present. "The King" was the only toast.

Is There Platonic Love?

An authority on women's affairs writes that there is no such thing as platonic love. There is a friendship possible between man and woman. It is a mental comradeship, or admiration, which does not call for actual association. The article continues that months may pass without their meeting and yet no sense of loss or longing, or further, that they are, nevertheless, glad to hear of each other's success and generally sorry to hear of any misfortune. In any event a woman always likes to see by gentleman friend well dressed, and the stylish garments made by Anthonianni, the tailor at 125 Yonge-street, look well always, whether such a thing as platonic love exists or not. Order your suit for Easter.

CECIL FAMILY RULE WILL FAIL THRU REVOLT OF THE UNIONISTS

British Cabinet's Defeat at the Next Election Said to Be Practically Certain. Party is Willing to Retire—Balfour's Resignation Opposed.

New York, March 24.—The Sun's London correspondent writes: The decision of the "Hotel Cecil" which means not the well-known hostelry, but the British Government, as administered by Lord Salisbury, has become a topic of everyday discussion, chiefly in the ranks of its supporters. The reaction, which has long been foreseen by every astute observer, has been even in advance of expected cases in the shape of the onerous burden of taxation which will soon be imposed. The fresh lease of power, which was granted at a lucky moment in the autumn, would not be renewed if a general election were announced for these months hence.

Speaker's View.
Even such a staunch and careful supporter of the Conservative cause as the Speaker admits today that the Government is "crumbling," and declares it is a political assumption beyond argument that the Government cannot win another electoral victory. Curiously enough, the Speaker uses this admission as a basis for urging Lord Salisbury to adopt an independent policy, defying, if need be, public opinion, and at all events ignoring the electoral effects of its measures.

Three Measures.
It consists of three measures to carry out three particular measures despite the popular effect. These are for the reduction of over-representation from Ireland, the imposition of heavy rates for liquor licenses and the establishment of a Roman Catholic university in Ireland.

PREFERRED DEATH TO DISGRACE MRS. ALICE SUMMERS SUICIDED

The name of Alice Summers will be called by Magistrate Denison in the Police Court this morning, but there will be no response from the dock for the unfortunate woman has gone to be judged before a higher tribunal. Dependent over her position and with disgrace staring her in the face she ended her life yesterday afternoon by strangling herself with a bed cover in her room at the jail, where she was detained while on remand. Her suicide was evidently planned in a most deliberate manner and came as a great shock to her friends, who stood by her in her hour of need, and who believed her innocent.

When Miss Paul arrived in Buffalo she felt too ill to continue her journey to Cleveland, and went to the General Hospital, where she remained until Friday. Meanwhile Mrs. Lyons had gone to Toronto and was surprised to learn that her sister had left there with the intention of visiting her in Cleveland. Mr. Paul turned the matter over to the police.

DEMENTED WOMAN'S FRENZY

With a Pair of Ordinary Scissors Mrs. Brunnschneider Slashed Herself Frantically.

CUT OFF TOES AND EARS FIRST, Then Took the Skin Off Her Left Arm and Otherwise Lacerated Herself.

Toledo, March 24.—Mrs. G. Brunnschneider, residing near the city limits, occupies a ward at St. Vincent's Hospital, and in a serious condition as a result of horrible injuries inflicted. About 5 o'clock last evening, armed with an ordinary pair of scissors, she cut off all the toes of her left foot, both her ears close to the head and another stroke on the head. She then cut out a portion of her right cheek and inflicted five gashes in the left arm. Beginning at her left forearm, she removed every vestige of skin, making bare the muscles. She also lacerated the right arm in a horrible manner. Nothing was known of the affair until her husband, who was absent during the night, returned this morning and found her in bed in a semi-conscious condition. A surgeon was called, and she was taken to St. Vincent's Hospital. Her recovery is doubtful. The woman is about 60 years of age. It is thought that she was temporarily insane on account of domestic troubles.

A MONARCHIST PLOT.

Brazilian Baron Commits Suicide, Which Leads to Important Arrests in Rio de Janeiro.

Rio Janeiro, Brazil, March 24.—Baron de Burgal committed suicide yesterday. It was believed that the cause was domestic trouble, but now there is evidence that the suicide was due to the conspiracy just discovered by the police. Baron de Burgal was one of the chiefs of the conspiracy, but, desiring to avoid personal enemies, he told of the plot and accused various persons. Among them was the Mayor of Rio Janeiro, Leite Ribeiro. Baron de Burgal later repented of his act and now has committed suicide. The authorities are still investigating the conspiracy, but have arrested Admiral Custodio Melo, a banker; Senhor Boelido and many others. Admiral Melo was chief of the navy in the revolution of 1888. Commissioners are now conferring with the Chief of Police of the city to determine the extent of the conspiracy.

BOERS AIDING RUSSIA.

British, Kept Busy in South Africa, Cannot Aid Japan Against Czar.

London, March 23.—(N. Y. Sun Special)—The trouble between the Russians and British over the railway siding at Tien Tsin has been greatly exaggerated. The only version that gave it a serious aspect has been that printed by a pro-Russian newspaper published in Paris and New York. The French Minister regarded the matter as so trifling that he did not mention it to his Government from first to last.

MR. ARTHUR W. ROSS IS DEAD WAS A VICTIM OF PARALYSIS

Passed Away Peacefully Saturday Night Surrounded by His Family—Sketch of a Useful Career.

Mr. Arthur Wellington Ross, ex-M.P., the father of the Canadian Northwest, died on Saturday night in Grace Hospital. Mr. Ross was taken suddenly ill at his home in Columbia, British Columbia, in January last, but his condition gave no alarm. A week later he was seized with a stroke, which completely paralyzed his left side. With careful attention he improved a little and it was thought that he would soon recover. Shortly afterwards he suffered another stroke and his condition became critical. On Feb. 10 he was brought to Toronto in the hope that the change of climate might do him some good. He showed no signs of improvement, however, and in the latter part of February he was removed to Grace Hospital. There he gradually failed until last Wednesday, when he became unconscious.

On Friday he partially regained his senses, but it was only for a few minutes. On Saturday night he passed away shortly after 8 o'clock. When the end came he was surrounded by his wife and two sons. Prior to the illness which terminated in his death, Mr. Ross had always enjoyed the best of health.

The late Mr. A. W. Ross was the eldest son of Donald Ross, Esq., and was born in Nain, Ont., March 25, 1846. He was bred to-day Mr. Ross would, therefore, have been 55 years of age. He received his early education at the Wardville High School, and at the Toronto Normal School, obtaining at the latter institution his B.A. certificate. He became headmaster of the Cornwall High School in 1869 and three years later was appointed Inspector of Schools in the County of Lennox and Addington. He was a law student when he went to Manitoba in 1871 and in the following year was called to the bar there. In 1880 he was elected a member and for several years practised his profession in Winnipeg.

At an early age Mr. Ross became interested in real estate in Manitoba and invested extensively there. He was a member of the Ontario and North-western Railway Company and in 1881 he was elected its president. He was also a member of the Canadian Pacific Railway. He was a resident of British Columbia for several years and was instrumental in interesting others in the development of the country. He was vice-president of the Manitoba and North-western Railway Company and in 1881 he was elected its president. He was also a member of the Canadian Pacific Railway. He was a resident of British Columbia for several years and was instrumental in interesting others in the development of the country.

TIENTSIN TROUBLE ON AGAIN OWING TO RUSSIAN DUPLICITY

Troops Were Withdrawn as Agreed, But Russians Suddenly Returned and Planted Flags All Over the Disputed Ground—Von Waldersee's Authority Ignored.

London, March 24.—The Sunday Special's Tien Tsin correspondent says: "A new and unfortunate hitch has occurred in the Anglo-Russian siding dispute. After both parties had withdrawn according to agreement, the Russians suddenly returned to the disputed spot and planted flags over all the territory. They afterwards again retired, leaving the flag flying." The Berlin correspondent of the Sunday Special says: "The settlement of the siding dispute was the work of Count Von Waldersee, who interfered at the special request of Emperor William, the latter countering the Russian duplicity of friendly relations between all the members of the international forces was clearly within the scope of Von Waldersee's duties as commander-in-chief."

KILLED WHILE AT HIS WORK

John F. Roadhouse Met a Tragic Death While Cleaning a Large Press.

STRUCK BY A REVOLVING BAR. Accident Occurred on Saturday at the Establishment of Warwick Bros. & Rutter.

John F. Roadhouse, a porter in the employ of Warwick Bros. & Rutter, whose stable and publishers, 48-70 West Front-street, met a terrible death on Saturday afternoon while discharging his duties. His skull was fractured at the base, and death was instantaneous. His body was found under one of the large presses shortly after 5 o'clock by the pressman in charge.

Mr. Roadhouse's duties partially consisted of cleaning the presses after they had stopped running. When one of the presses stopped Mr. Roadhouse crawled underneath it and was preparing to clean its parts, when the machine was set in motion. It was struck on the head by one of the large revolving bars. The press made only one revolution and was then stopped. The body was extricated with some difficulty and removed in the ambulance to the Emergency Hospital. On examination it was found that there was only one impression on the head, where the poor fellow was struck with the bar.

Coroner Cotton was notified and issued a warrant for an inquest to be held to-day at 12:30 at the Emergency Hospital.

Deceased was 32 years of age and lived at 31 Palmerston-avenue. He is survived by a widow, Mr. Roadhouse had not been in the employ of Warwick Bros. & Rutter for five weeks.

It is claimed by the other employes that Mr. Roadhouse was to clean the presses before his usual time, and, in so doing, was in the way of the machinery.

HITCH IN TRIPLE ALLIANCE.

Kaiser Displeased Over the Abandonment of Italian Army Maneuvres.

London, March 24.—There now seems no doubt of a hitch in negotiations in the Triple Alliance, but it is impossible to say exactly what has gone awry. The current report in diplomatic quarters places the point of rupture at Rome, and there are indications of the early retirement of Foreign Minister, the Italian Minister of Foreign Affairs. The fact that the Italian War Department, yielding to pressure and much worried by the Minister of Finance, has again decided that there shall be no great army manoeuvres this year, may have something to do with the diplomatic disturbances. This will be the third year in succession that the manoeuvres have been abandoned. Emperor William is greatly annoyed over this on the ground that the military efficiency of an ally is impeded.

RUNNING RIGHTS ON ELECTRIC RAILWAYS

The application of the Metropolitan Railway to obtain from the Legislature the right to connect with the Toronto Railway Company's system appears to be a trick to secure a perpetual franchise to run its cars on the streets of Toronto. There is nothing in the world to prevent the Metropolitan Railway making a deal with the Toronto Railway Company for running its cars on the streets of Toronto. The Metropolitan Railway's franchise is limited to the period during which the Toronto Railway enjoys its franchise. The Toronto Railway cannot give the Metropolitan Railway what it itself does not possess. If, however, the Legislature confers upon the Metropolitan Railway the right to use the tracks of the Toronto Railway, and if the city of Toronto is a party to such an arrangement, either voluntarily or by direction of the Legislature, it would be a fair inference that the right so granted would be perpetual. The Metropolitan Railway claims to have a perpetual franchise on Yonge-street. What it now seeks to obtain is a perpetual franchise to run its cars over the tracks of the Toronto Railway system. Whether that system is operated by the Toronto Railway Company or, as may eventually be the case, by the city of Toronto itself. The application of the Metropolitan Railway Company for running rights over the Toronto Railway should be refused. The two companies should be told to make their own agreement. If this agreement infringes on no right enjoyed by the city there should be no objection on the part of the city to its execution. When the two companies are agreed, as they confess they are, as to what they want there is no need to invoke the Legislature at all. If the Toronto Railway opposed the application the case would be decided in the courts. In that event the Legislature would be justified in interfering. Indeed, the present is the opportune time for the Legislature to lay down a general law governing running rights on common-carrier railways. The Toronto Railway's application for running rights over its system. Every suburban railway should have the privilege which the Toronto Railway is to-day willing to concede to the Metropolitan Railway. The Legislature should create the machinery for forcing one company to enter into an agreement with any other company whose tracks are common-carrier. One thing which prevents the construction of independent suburban systems is the uncertainty about obtaining running rights through the streets of Toronto. The Toronto Railway willingly consents to allow such rights to a suburban line which it practically owns, but there would be quite a different story if the Metropolitan Railway were to make such an application as the Metropolitan now has before the Legislature. There are several highways leading from Toronto not traversed by electric railway franchises. Several independent companies would be organized within a few weeks to construct lines on these highways if they were certain of securing an entrance to the market. The question that the Legislature should settle is whether the running rights for independent railways over the Toronto or any other system. When any two interested railways are in accord there is no need of legislative interference. There is no need of legislative interference between the Metropolitan and the Toronto Railway Company. The World therefore suggests that the Railway Committee refuse the application now before it, and frame a general bill defining the conditions under which any independent electric railway may obtain running rights over the Toronto Railway's tracks. Toronto is five years at least behind United States cities in its suburban railways. The Toronto Railway has played the part of the dog-in-the-manger, doing nothing itself, and yet preventing any independent company that would make a move towards constructing trolley lines. The Legislature can do a great deal to encourage the building of electric railways that the Company in Toronto, in its selfish interest, is of York, but it must be done by the Legislature, and not by tightening the grip the Toronto Railway Company already has on our suburban lines. What Toronto wants is the construction of independent lines on all highways leading from the city, but we cannot secure such lines until the Legislature guarantees them a right of way to St. Lawrence Market.

THE MUTUAL LIFE OF CANADA.

An essentially Canadian institution is the "Mutual Life" of Canada, formerly known as the Ontario Mutual Life. The report presented to the shareholders at the annual meeting held at the head office in Waterloo recently, which appears in the issue of the Mutual Life published in the issue of the Mutual Life of Canada, shows that the growth has been steady from year to year, until, from a modest beginning, it has attained a leading position among insurance companies as regards volume of business and financial stability, and the report, as well as the remarks of the president and other officials, indicate that the business is the safest and most profitable. The surplus distributed to the policyholders, and the distribution of profits to policyholders, is about half the amount went to living policyholders. Another gratifying feature of the report is that the interest paid, more than sufficient to pay all expenses, is very liberal. This shows that the company is very fortunate in that it is unusually careful in the risks accepted. A claim to-day in the Province of Ontario, from a patriotic standpoint, is that which states that the large business done in Canada. The fact that the annual meeting was naturally of a jubilant kind and the remark of Mr. Rogers, president of the Mutual Life of Canada, that "the directors' report was in all respects most satisfactory, and reflected the greatest credit on the board," was fully justified.

ANOTHER LIBERAL WON.

Editor World: My father was a Grit. I was born one and voted as one, but reading Mr. Maclean's speech has made me think I will never vote Grit any more. I will vote Tory, or any other name they like to call it, but I am a workman, and I can see plainly that that is the only way to vote if we want to stay and do our work under the old flag, if I had the money I would print and send it broadcast through the country. If any other workman, after reading the speech, is not satisfied with the result, let him write to me, and I will be glad to help him. FORMERLY THE ONTARIO MUTUAL LIFE.

New Name But Same Old Principles—A Company of Policyholders, by Policyholders, for Policyholders—Leads in Canadian Business—A Most Successful Year.

Directors' Report Presented at the 31st Annual Meeting of Policyholders at the Company's Head Office, Waterloo, Ont., on Thursday, March 7th, 1901.

Your Directors have pleasure in submitting their report, together with the annual statement duly audited, for the year ended December 31st, 1900.

We are glad to inform you that the business of the year has been eminently satisfactory, and that it exceeds any former year, except in respect of new business, which is somewhat less than in 1899.

The surplus remains were sufficient to enable a continuance of the liberal distribution to policyholders as heretofore. The interest earnings were again, as for some years past, largely in excess of all the death claims that arose within the year.

The lapses and surrenders were moderate in proportion to the business in force, showing continued confidence of policyholders in the stability of the Company and in its management.

Applications to the amount of \$4,321,345 were received, and policies for \$4,804,188 were issued, all of which except \$28,700 were secured within the Dominion. The amount of business actually paid for in 1900 was \$4,671,712, being the largest amount of insurance placed in Canada by a Canadian company.

Your Directors believe that it is advisable to confine the Company's operations to Canada, where proper supervision can be exercised and business secured at a lower expense rate than elsewhere.

The number of policies in force was 20,336, assuring \$20,821,076.58, on which the reserve is \$4,837,733.68, based on our own standard, actuaries 4 per cent. for all business to January 1st, 1901, and 5 per cent. thereafter.

The Premium Income was \$27,846,316, Interest Income \$22,100,000, Annuity Premiums \$21,969.82, total \$1,171,944.95, or an increase of \$120,542.28 over the income in 1900.

The amount paid to policyholders was \$4,101,065.50, and of this amount the large sum of \$214,122.23 was paid to living policyholders. The Death Claims paid were \$217,453.37, Mature Endowments \$78,300, Purchased Policies \$40,643.17, Surplus or Dividends paid to policyholders \$78,714.86 and Annuities \$7,554.20.

The surplus over all liabilities on the Company's standard is \$310,346.30 and on the Government standard \$316,000.80.

The active demand for money has kept the Company's funds well employed during the year, and interest payments have been more promptly met than in the past. The total amount of overdue interest at December 31st was \$5,574.68.

The Manager, Officers and Staff continue to discharge their duties to the satisfaction of the Board and in the best interests of the Company.

You will be called upon to elect four Directors in the place of B. M. Britton, K.C., M.P., Francis C. Bruce, M.P., J. Kerr Platen and George A. Somerville, whose term of office has expired, but all of whom are eligible for re-election.

R. MELVIN, President.

A. E. AMES & CO., Toronto.

12 Warren St., New York, Feb. 26th, 1901.

MESSRS. A. E. AMES & CO., Toronto: Dear Sirs,—The business now carried on by me was commenced in 1890, but in 1895 I began the sale of high grade silver-plated ware, and since that time have devoted myself almost exclusively to the sale of that quality of goods, with the result that my business has grown to large proportions.

Amongst my regular customers are the following: R. H. Macy & Co., Bloomingdale Bros., J. A. Hearn & Sons, New York; Abraham & Strauss, Fred Losier & Co., J. H. Bissell & Co., Brooklyn; Otto Young & Co., Marshall Field & Co., Montgomery Ward & Co., Benjamin A. C. Co., Chicago; R. H. White & Co., Jordan, Marsh & Co., Houghton & Dutton, Boston; H. O. Meldrum & Co., J. N. Adam & Co., Adam, Meldrum & Anderson Co., Irish & English, Buffalo; Fletcher Hardware Co., Hunter & Hunter, Detroit; Daniels & Fisher, Denver, Col.; Mabley & Carey, Adams & Dooles Co., Cincinnati, O.; Bernheimer Bros., Baltimore, Md.; Supplies Hardware Co., Biddle Hardware Co., C. W. Young & Son, Ltd. Bros., Marks Bros., Gimbel Bros., Philadelphia, Pa.

With increased facilities I could have added largely to the volume and net profits of my business during the last three years.

The increased facilities which the \$150,000 of new working capital will furnish will, it is expected, enable the Company within two years to increase its gross business more than 50 per cent. The increase in net profits should, at least, correspond with this. The net profits of last year having been \$73,352.20, the increased business thus provided for should rapidly bring the net earnings of the Company up to three times the amount necessary to pay dividends on the Preference shares.

Yours truly, WM. A. ROGERS. Toronto, February 28, 1901.

MESSRS. A. E. AMES & CO., Toronto: We have examined the books and accounts of Wm. A. Rogers of New York and the Niagara Silver Co. of Niagara Falls, N.Y., for a period of three years from Jan. 1st, 1898, to Jan. 1st, 1901, and hereby certify that, after charging against the profits all operating expenses, etc., we find the annual profits have been as follows:

Year 1898.....\$36,113.03 Year 1899.....68,928.97 Year 1900.....79,852.20

Yours truly, CLARKSON & CROSS. Niagara Falls, N.Y., March 1st, 1901.

MESSRS. A. E. AMES & CO., Toronto: Dear Sirs,—Regarding the issue of Preference shares of Wm. A. Rogers, Limited, I beg to say: Wm. A. Rogers, Limited, has been formed for the purpose of acquiring and carrying on the business of manufacturing and selling silver-plated ware heretofore carried on by the Niagara Silver Company of Niagara Falls, N.Y., and Wm. A. Rogers of New York City, and for the extension of those businesses.

The silverware business of Wm. A. Rogers was commenced in 1890, and in 1895 he began to deal in the highest grade of silver-plated ware. This branch of his business has grown to such proportions that the Niagara Silver Company, who manufactured a large portion of the goods sold by Wm. A. Rogers, found it necessary for the last three years to furnish him with more than 75 per cent. of their total output.

The continued growth of the business makes it necessary still further to increase manufacturing facilities, and it is proposed to add one or two other lines to those already manufactured and increase the buildings and plant for this purpose. These lines have heretofore been purchased by Wm. A. Rogers from other manufacturers. The contemplated arrangement will secure to the new Company the manufacturing profit from these extra lines. It also ensures throughout the whole output the high standard of quality established by the Niagara Silver Company. The relations of the two concerns during the last three years have been of a most intimate character, so much so that their amalgamation is a natural development.

The Niagara Silver Company was started at Niagara Falls, N.Y., in 1893, and has grown steadily since its commencement. In 1900 a branch factory was established in New Bedford, Mass., in order to meet the increasing demand for the Company's goods.

Wm. A. Rogers agrees to become General Manager of the Company, while, having been General Manager of the Niagara Silver Company since commencement, it has been thought by my fellow Directors that I should become President of the Wm. A. Rogers, Limited.

The goods manufactured by the Niagara Silver Company have a recognized standard of excellence, and their sale has grown steadily and rapidly from commencement of the business.

Of the \$600,000 of Preference Stock, \$310,000 have been issued for the purpose of acquiring the property of the silverware department of the Niagara Silver Company, including factory, premises, leases, fixtures, plant and machinery, together with good will, trade marks and patents, and also the manufacturing assets of every description; also the stock in trade, furniture, fixtures, lease of premises, good will, trade marks, trade names and other assets, but not including book debts or bills or account receivable of Wm. A. Rogers, as of March 1st, 1901. A sum approximating \$100,000 in cash from proceeds of this issue, together with Common Stock in Wm. A. Rogers, Limited, is necessary to complete this transaction.

The Company will have in manufactured goods, goods in process of manufacture and raw materials on hand upwards of \$200,000. It will, also, have upwards of \$150,000 of cash available for the further extension of the business.

The Preference Stock is entitled to preferential cumulative dividends of 7 per cent. per annum, accruing from dates of payment on shares, and is preferential as to assets as well as dividend. The Charter of the Company provides that, after payment of 7 per cent. in dividends on the Preference Capital and before payment of any dividend upon the Common Stock, the sum of \$15,000 shall be annually transferred to reserve account on the books of the Company (to be used in the business of the Company), and such annual transfers shall continue until the amount reaches \$150,000, at which sum it is to be maintained, and if it is at any time drawn upon, it is in like manner to be restored and maintained.

23561 Yours truly, S. J. MOORE, President.

STOCK MARKETS FOR THE WEEK

Some Important Issues on Wall Street

—Items of Saturday's New York Bank Statement—Notes and Gossip.

World Office.

Saturday's market in Canadian stock exchanges during the past week was a very busy one. The market was generally strong, and the closing prices were generally higher than at the beginning of the week. The most important feature of the week was the advance in the C.P.R. and Twin City Rapid Transit. The C.P.R. advanced 1/2 point, and Twin City Rapid Transit advanced 1/4 point. The advance in the C.P.R. was due to the fact that the company had reported a profit of \$1,000,000 for the year ending December 31, 1900. This was a record for the company, and it was expected that the profit would be repeated in 1901. The advance in Twin City Rapid Transit was due to the fact that the company had reported a profit of \$500,000 for the year ending December 31, 1900. This was also a record for the company, and it was expected that the profit would be repeated in 1901.

The market was also strong in the afternoon. The C.P.R. advanced 1/4 point, and Twin City Rapid Transit advanced 1/4 point. This was a record for the company, and it was expected that the profit would be repeated in 1901. The advance in Twin City Rapid Transit was due to the fact that the company had reported a profit of \$500,000 for the year ending December 31, 1900. This was also a record for the company, and it was expected that the profit would be repeated in 1901.

YORK COUNTY AND SUBURBS

Trouble at North Toronto Waterworks is More Serious Than at First Thought.

DEATH OF MRS. WM. CRAWFORD.

Epilston Baptist Church Has Widened Its Horizons and the Congregation Are Happy.

Toronto Junction, March 24.—Mr. A. G. Christ will lecture on "Trees and Tree Planting" at the Horticultural Society meeting this week.

At the morning service in St. John's Church today, Rev. F. H. Dyermet was deeply into the troubles giving rise to the Chinese and the slaughter of foreign missionaries and native Christians. The legislative power and authority of the Manchus, which they felt, would be weakened by the introduction of European ideas, largely gave rise to the edict to kill foreigners. The Chinese people, he said, were powerless. They were treated as slaves by the Manchus, who, from the Empress Dowager down to the ill-fated Mandarins, were appointed because of their Manchuian birth. Much of the hatred towards foreigners, he alleged, was due to their ignoring Chinese customs and treating with contempt their superstitions and national feelings. To encourage and support was the hatred largely due, not to the missionaries, who dress like the natives and become like them in habit and manners.

Rev. Dr. Hunter preached anniversary sermons in the Annet-street Methodist Church today, and this evening gave a forceful argument on the law of re-acton, the depression which invariably follows success and the joys which follow sorrow. A word upon the excitement at revival meetings and the apparent lethargy which follows was also included. Sermons were from the lives of Abraham, Elijah and other prophets served to illustrate his ideas, the trend of his remarks going to show that human nature cannot stand a high state of enjoyment or excitement continuously.

Rose of Montreal, Misses McEwan, Miss and Master Young, Miss Humphrey, A. Muir and wife, C. Robb and sister and many others.

North Toronto. The trouble at the waterworks was more serious than at first anticipated, and the refusal of the sand pump secured to act properly will prevent a proper supply in the pipes for some days yet.

The special committee appointed to deal with the Metropolitan Railway bill will report to the Railway Committee on Thursday morning next. From present appearances, it looks as if the railway will get connection with both the C.P.R. and the other limited railways.

The mortgage on the Epilston Baptist Church of \$250 has been paid out, and the congregation is hopeful for the future now that this incubus has been raised.

HOOLEY STILL TRIUMPHANT.

Bankrupt Promoter Lives at the Rate of \$15,000 a Year—Creditors Complain.

London, March 24.—An interview published last week with the chairman of Promoter Hooley's Committee of Creditors reveals an astonishing condition of affairs. The creditors allege to have received two shillings in the pound with the prospect of a further dividend of one shilling.

He still runs three motor cars, paying \$150 a week to his servants in wages and keeping horses, carriages, gardeners, gamekeepers, etc., etc. He also has a palatial set of business chambers in London, where an up-and-downing of speculators still visit him to consult the great promoter. Everything, however, is done in his wife's name, and the law is unable to touch him.

The bankrupt continues to live at the rate of at least \$15,000 annually.

WANT TOLSTOI IN ENGLAND.

Friends Urge Him to Leave Russia, But it is Improbable That He Will.

London, March 24.—Count Tolstoi is reported to be making preparations for quitting Russia forever to disquiet and despair, and his English friends are urging him to settle in this country, it is said. The report is scarcely credible, but it comes from a quarter that justifies its mention. The latest direct advice from the great writer indicates that while he is justly indignant at the unchristian actions of orthodox church bigots in procuring his excommunication and not without apprehension that that action forebodes political persecution he believes that all considerations of personal dignity and devotion to duty require that he should remain at his post. He feels that expatriation would seriously diminish his opportunities and power for usefulness to his country.

NEW HEAD FOR JESUIT ORDER.

Pope Said to Be Ready to Remove Father Martin Because of Mismanagement.

Rome, March 24.—The Pope has had special inquiries made respecting the policy and actions of the Jesuits throughout the world. He is much disturbed at the simultaneous and apparently spontaneous popular demonstrations against the order in Spain, Portugal, France and Austria and he expressed the opinion that there must be something radically wrong somewhere. It is now announced that the Pope is satisfied that the trouble is due to mismanagement and has decided to remove Father Martin, the rector-general of the Jesuits. Father Martin, it is understood, will be placed by an important post at the Vatican. The new director-general will be an Italian who will be more directly amenable to church discipline.

Brussels, March 24.—King Leopold II., on receiving the British Embassy sent to announce the death of Queen Victoria and the accession of Edward VII., expressed the hope that the relations between Great Britain and Belgium would become even closer than they are at present.

With the Northwest Indians.

Venerable Archbishop MacKay of Saskatchewan preached in St. Allen's Cathedral Sunday morning, giving some interesting details of his work among the Indians of that territory. He stated that during the past 12 months he had only preached in the English language six times. Of his 32 years' missionary work among the Indians, he had been 10 years without preaching once in English.

KARN

Gourlay, Winter & Leeming, 188 YONGE STREET, TORONTO.

WE have handled a great many Karn pianos during the past ten years and they have given the greatest satisfaction. They have worn well and held their tone most remarkably. We have had no dissatisfied Karn customers, and that is about the most satisfactory endorsement which any piano can receive. The up-to-date Karn piano is a thing of beauty musically and otherwise, for Karn "cases" are models of elegance. There is a depth of tone, a sonority, about a Karn upright which gives the player an impression that he is playing upon a "grand."

We are showing a full line of these splendid instruments at our warerooms, 188 Yonge Street, and cordially invite correspondence and personal inspection.

Our Spring Opening AN INVITATION

Tuesday—all day—you may see our New Spring Clothing—and buy it—you can enjoy the flowers and the brightness.

In the evening—no goods will be for sale—the Glionna-Marsicano Orchestra will delight you with a choice concert on the Third Floor. Edison's Grand Concert phonograph (the largest in Canada) will please the hundreds on the Ground Floor. The Factory will give a demonstration of just how Jamieson's Clothing is made—from the cutting of the cloth to putting on the collar. Come Tuesday evening—or, if impossible, come Wednesday or Thursday evening.

The Spring Overcoat

SHOWN IN ILLUSTRATION (drawn from life) is in reality a Raglan, but for the shoulders. It has the same spring over hips, the same graceful drape—made with a wide shoulder, in the plan of the Raglan, drooping curves, three-quarter length, loose and graceful, made from English Oxford cloth, Italian body linings, black satin sleeve linings, velvet collar, with or without silk facings, a perfect coat, price \$12.50

Our 12.00 Spring Suit

Genuine Scotch tweed—in a neat grey pin check, best Italian linings, cord edge, pockets faced with satin, best selected buttons, lining, solid roll on collar, deep French facings; the trousers are cut in "peg-leg" American style, wide at the hips and narrow at the bottom, well hollowed over instead of fit shoe without an ungraceful break, you couldn't buy more of style or better material for 30.00, price \$12.00
