PROBS—Moderate to fresh winds; fair and cold.

TAFT'S TOTAL VOTE IS 309

Colorado Added to Bryan Column—Maryland Goes Republican By 149— Aftermath.

NEW YORK, Nov. 4.—Practically complete returns received up to a late hour to-night indicate that Wm. H. Taft of Ohio as president-elect will have a vote of 309 in the electoral college. This is within sixteen votes of the forecast made by National Chairman Hitchcock, and 67 more than a majority out of the total electoral vote of 482.

The most important news of the late returns indicates that Maryland after vacillating during the day and apparently being safe for the Democracy has swung into the Taft column. The figures give Mr. Taft the state by 136 votes.

Maryland was the last of the doubtful states to be heard from. Indiana and West Virginia, as well as Montana, turned out to be safely Republican. Colorado went for Bryan.

Mr. Bryan has a total of 174 votes, two less than he received in 1896. In 1904 Mr. Parker received only 155 votes and in 1896 the Nebraska received 176 votes. Mr. Taft's 309 electoral votes compare with 236 received by Roosevelt in 1904, 292 received by McKinley in 1900 and 271 received by McKinley in 1896.

No changes of material interest have been reported in the congressional returns to-day. The Republicans will have about the same working majority in the first congress as at present and Joseph G. Cannon of Illinois, undoubtedly will succeed himself as Speaker.

Representatives Jesse Overstreet of Ohio, and Hepburn of Iowa, are the most conspicuous of those who have failed of re-election. The senate retains its Republican complexion, although there will be a material change in the personnel of the upper body of the national legislature.

THE VIEW OF PRESIDENT ROOSEVELT

WASHINGTON, Nov. 4.—President Roosevelt to-day gave his interpretation of the victory of the Republican party at the polls when he said to the newspaper men whom he received in his office:

"The administration has made a steady effort, and progress should never be allowed to deviate into an unwise radicalism. The nomination of Mr. Taft was a triumph over reactionary conservatism, and his election was a triumph over unwise and improper radicalism."

HALF MILLION LOSS BY FIRE

Pembroke Suffers Hard Blow, Business Section Being Pretty Well Wiped Out.

PEMBROKE, Nov. 4.—(Special)—Fire swept the heart of the business section here this morning, and when it was subdued, after eight hours' work, it had done between \$450,000 and \$500,000 damage.

On the destroyed property there was \$225,000 insurance, all in British and Canadian companies. The chief losers are: National Manufacturing Co., \$140,000; insurance \$90,000.

Mrs. J. W. Munro, \$75,000; fully insured. J. P. Millar, \$20,000; only partially insured. A. Millar & Son, \$25,000; partly insured. Moffat estate, \$10,000.

Pembroke Milling Co., \$40,000; insurance. Mrs. W. W. Dickson, \$12,000. Branch Bank of Ottawa. Bell Telephone Co.'s office. Two hotels. Public library. Half a dozen private residences.

HALF MILLION LOSS BY FIRE

PEMBROKE, Nov. 4.—(Special)—Fire swept the heart of the business section here this morning, and when it was subdued, after eight hours' work, it had done between \$450,000 and \$500,000 damage.

On the destroyed property there was \$225,000 insurance, all in British and Canadian companies. The chief losers are: National Manufacturing Co., \$140,000; insurance \$90,000.

Mrs. J. W. Munro, \$75,000; fully insured. J. P. Millar, \$20,000; only partially insured. A. Millar & Son, \$25,000; partly insured. Moffat estate, \$10,000.

Pembroke Milling Co., \$40,000; insurance. Mrs. W. W. Dickson, \$12,000. Branch Bank of Ottawa. Bell Telephone Co.'s office. Two hotels. Public library. Half a dozen private residences.

About 250 men will be out of work as a result and business and professional men will have difficulty in securing quarters. The origin of the fire, which was discovered at 4 o'clock, is unknown. It started in the foundry of the National Manufacturing Co. and, fanned by high winds, soon spread.

A heavy snowstorm partly saved some stores, but wind again swept the flames on.

The following buildings are completely destroyed: National Manufacturing Co., Leland Hotel, Wright's tannery, Brass's Hotel, Fraser's boot and shoe store, Briscoe's restaurant, Kemp's grocery, Wallace Co.'s drugs, Winter's dentistry, Harding's photography gallery, Mitchell's stationery, Miller's general store, Shepherd's butcher shop, Pembroke Milling Co., Pembroke Woolen Mills, Pembroke Clothing Co., Standard office, Mackie (dentist), Bolt (jewelry), Dominion Express office, Keyes' express, Bell Telephone office, Taylor's paint shop, public library, Delahaye & Reeves' law office, Beal Stone Works, Hennish (furniture), and a veterinary.

Partly destroyed: Residences, Thos. Delahaye and Harry Irwin, Market block, John P. Miller, wholesale provisions; Harwood's jewelry store, Edwards' hardware, Harrison, photography and paint shops. The stone bridge over the Muskrat River was badly broken and burnt. The Copeland House and Bank of Ottawa had windows blown out, being directly in the path of the flames. The town hall also escaped, though it was in danger.

Townships On G.T.P. to Be Opened

Land in Northern Ontario Clay Belt Will Likely Be Ready For Settlement Soon.

Now that the elections are over it is expected that the government will take into consideration the opening of the townships along the line of the Grand Trunk Pacific Railway in Northern Ontario.

These lie in the clay belt of which so much is heard and are considerably north of any lands yet opened on the T. and N. O. Railway. The last townships opened were Bowman, Hilsop and Benoit.

The government experimental farm at Deerpark City, and a reserve is made of Hanna and Reaume. It is the intention and desire of the government to consolidate the settlement as far as possible, but the opening up of the region naturally necessitates the homesteading of adjoining lands.

BAPTIST UNION OF CANADA

Constitution is Suggested and Discussed.

OTTAWA, Nov. 4.—(Special)—At the Baptist Union session the joint committee presented its report on a suggested constitution of the Baptist Union in Canada.

The report recommended that members of the union be appointed by the churches, two by each association and one from each 5000 membership in the conventions. The time and places of the meetings of the union would be determined by the union board. The Grande Ligne Mission would adhere to its present name and hold its board of trustees in the city of Ottawa.

Foreign missions would have a board of thirty members. Of these twelve would be appointed by Ontario, twelve by the Maritime and six by the western conventions. One-third will retire each year and one-half must be laymen.

WAKE BOATERS RAID MONTREAL BROKERS

B.C. HALIBUT FISHERIES GO OUT OF BUSINESS

130 Vessels Said to Be Illegally Taking Fish for Seattle Market.

VANCOUVER, Nov. 4.—(Special)—The board of trade has addressed a strong resolution to Ottawa regarding the importance of conserving and protecting the halibut fisheries of the Pacific coast.

H. H. Watson declared the halibut was absolutely depleted, that single fish were being caught weighing only from ten to twelve pounds, whereas a few years ago they weighed fifty to sixty pounds.

BORDEN'S VICTORY

Opponent in Cardwell Loses His Deposit.

OTTAWA, Nov. 4.—(Special)—The first sitting of the cabinet council since the election was held in Sir Wilfrid Laurier's house this afternoon. Only routine business was transacted. The ministers present included A. B. Aylen, S. A. Fisher, Sir Richard Cartwright, Sir Frederick Borden, Charles Murphy, William Paterson and L. P. Brodeur.

Hon. Mr. Fisher leaves to-morrow for Rome to attend the international congress on agriculture. R. L. Borden's official majority in Carleton County is 1370. J. E. Caldwell, his Liberal opponent, loses his deposit.

KILLS MOTHER AND SELF OVER A SECRET MARRIAGE

NEW YORK, Nov. 4.—Revelation by a son to his mother of a secret marriage and parental refusal to be reconciled to it is believed to have been the impelling cause of a double tragedy in an uptown hotel to-day.

The victims of the tragedy were Mrs. Rebecca Velt, a wealthy widow and her only son, J. Nelson Velt, a Wall Street broker, the circumstances of the affair pointing to the shooting of the mother by the son, the latter then taking his own life by inhaling illuminating gas.

An aunt of the suicide, Miss Anna Velt, made the discovery when she sought to awaken Mrs. Velt, in whose apartments she had spent the night. The police to-day, in investigating the case, made the discovery that Velt, who was supposed to be single, had been married secretly in October of last year. His mother, who spends several months each year in Europe, had only recently returned from France, and the coroner's theory is that the mother's discovery of her son's marriage precipitated a quarrel between them, culminating in the tragedy.

Late to-day the police found Mrs. J. Nelson Velt, widow of the deceased, in another uptown apartment house, where she said she had been living with Velt. Mrs. Velt said she had never met her husband's mother and did not know whether or not the mother was ever told of the marriage. Her husband, she said, left her apartments early last night.

PAID 5 PER CENT. QUALITY TO AGENT

And it Was Tacked on to Above-Retail Prices for Goods Sold to Marine Dept. at Quebec, Says Murphy.

QUEBEC, Nov. 4.—(Special)—Justice Cassels' enquiry into the administration of the Quebec agency of the department of marine and fisheries has elicited startling evidence at its very opening.

The enquiry opened at 11.30, J. U. Gregory, the suspended local agent of the marine department, being represented by Senator Choquette.

George Watson, K.C., for the commission, gave first a list of the members of the staff of the agency, and their salaries, and a statement of the expenditures of the agency since 1904. According to the public accounts the expenditures were nearly a million dollars in 1904-5; in 1905-6, \$825,077, and in 1906-7, \$874,540. Some of the contractors of the agency, Joseph Archer of Archer & Co., coal and lumber merchants; Blackston, mill maker; F. X. Brolet, machinist, and Gagnon, pork and butter merchant, were called to the witness box and promised to produce their books in the afternoon. The contracts of Archer & Co. with the agency of the marine and fisheries department since 1904 amounted to \$121,967.

J. J. Murphy, the first witness examined, testified that during the last four years he had paid \$330.95 to Gregory. Murphy is a wholesale dealer in lumber, bricks, cement, etc. His books showed that from 1904 to 1908, he supplied goods to the department for which he received \$43,400 delivered at the wharf of the department. He orders for the goods came from Gregory, often over the phone. There were no definite arrangements as to prices, but sometimes Gregory asked what they were. At Gregory's suggestion, witnesses drew on him for payment, and Gregory accepted the drafts. This was only during the last four or five years. Gregory suggested that by this means he would get his money immediately.

Fald Five Per Cent. Commission.
To Mr. Watson, witness admitted that it was not necessary to his business to have spot cash, and that the government trade was so good that he would be glad to have the department or 90 days for payment. On every draft, so cashed by Gregory, witness paid him a commission of five per cent. practically all the time. He paid the commission, and Gregory accepted the drafts. This was only during the last four or five years. Gregory suggested that by this means he would get his money immediately.

REDUCTION FOR REVENGE

LONDON TRADE COUNCIL HAVE AN AX TO GRIND.

LONDON, Nov. 4.—(Special)—At a well attended meeting of the London District Trades and Labor Council tonight that body passed a resolution to apply to the city council to present to the people a license reduction bylaw on Jan. 1.

The trades council give as a reason that with fewer licenses the help, or union labor, will receive better consideration.

The real move, however, is thought to be as a mode of retaliation on the part of the labor men on the local hotelkeepers. When the strike was on at Carling's Brewery a letter from the trades council was sent to all the hotel proprietors asking them to refrain from buying the Carling brew. The hotelmen ignored the request.

BRYAN UP EARLY.
FAIRVIEW, Lincoln, Neb., Nov. 4.—Altho it was after midnight when he actually went to bed, William J. Bryan was up and doing early this morning. So far as appearances went, there was nothing about his manner to indicate the disappointment which he must have felt over the result of the election. He greeted his callers with a smile and scanned the morning papers for news from states from which no definite returns had been received.

"Before making any statement," he said, "I want to get the actual results in Ohio, Indiana and Kansas."

CEREMONY AT KINGSTON.
KINGSTON, Nov. 4.—(Special)—In a flurry of snow this afternoon, Bishop Daubier laid the corner-stone of the Newville and Orphanage of St. Mary's at-the-Lake. Among those present for the ceremony were Rev. Mons. Masher-ton, Prescott; Very Rev. Dr. Teafy, Toronto; Rev. D. Murray, Brockville; Rev. Father Twoomey, Belleville; Fathers Kehoe and Craig, Gananoque; Father Staley, Smith's Falls, and Father Myrand, Ottawa.

The new orphanage will cost \$50,000.
HON. MR. AGNEW IMPROVES.
WINNIPEG, Nov. 4.—(Special)—Hon. J. H. Agnew is believed to have passed the crisis and doctors have good hope, altho his condition is still precarious.

FRISCO'S AWAKENING.
SAN FRANCISCO, Nov. 4.—Judge Frank H. Dunne, who has tried many of the bribery and graft cases in this city, has been re-elected. Judge Cook, against whom the graft prosecutions were laid, made a fight, but was defeated.

POLICE COMMISSIONERS' SLIGHTED REPUTATION

Not on Hand to Keep Appointment Made a Fortnight Ago—Police Officers to Retire.

HAMILTON, Nov. 4.—(Special.)—The police commissioners gave great offence to the most influential citizens of Hamilton, headed by Bishop Dumoulin, Sir Thomas Taylor, the clergymen and prominent business men. Two weeks ago they were given an appointment with the commissioners for 2.30 this afternoon. When the clock pointed to 10 minutes after that time, Magistrate Jeffs announced that Mayor Stewart was out of the city, and that Judge Snider could not be on hand until 3 o'clock. The deputation waited until 3 and then, headed by Sir Thomas Taylor, withdrew, Sir Thomas exclaiming that he would not submit to such treatment. The deputation had hardly left the room before Judge Snider arrived and expressed regret. The object of the deputation was to press upon the commissioners the appointment of a morally officer. The commissioners expressed the opinion that every constable should be a morally officer. Chief Smith reported that the following officers had almost reached the age limit and would retire at the end of the year: Sergeants Knox, Robinson and Moore and constables Halliday. He said if they were kept on for a year longer they would be entitled to a pension, but the commissioners said they did not feel like breaking the rule, though no decision was reached.

Magistrate Jeffs expressed the opinion that in sentencing William Burgess to the limit, Judge Snider had done more in one day than a morally officer could in a year. The judge stated that he would have given Burgess the limit, but the code did not provide for that, and the magistrate said he would have liked to have been able to deal with the offender without reference to the code.

At Christ Church Cathedral this afternoon, Miss Annie R., daughter of W. Lindsay and O. Clayton Anselby, Worcester, Mass., were married. Miss Lella Bennett, New York, was maid of honor; Miss Jean Waugh, London, the bridesmaid; and C. Stevenson, Bridgport, Conn., was the best man. The court of revision to-day made reductions in law seven that amounted to less than \$1,000.

John Smith, an Englishman, was sent down by the magistrate this morning for nine months for theft and was told that he would be deported when he finished his term.

Because his wife and mother-in-law gave him such a tongue-lashing, the magistrate remarking that he was a subject for the prayers of the church, Isaac Robinson was committed for trial on the charge of obtaining goods by false pretences from H. Levitt.

Fire escapes have been installed upon the Queen Victoria School.

Mrs. G. T. Turner this morning identified Morley Schock as the man who represented himself as an electric wire inspector and who stole \$200 worth of jewelry from G. M. Gray, a brother of John Gray, G. T. R. agent here, has been elected to the state legislature from Lansing, Mich.

Jacob T. Drescher, 46 Ontario-avenue, a traveler for the W. E. Sanford Company, died of pneumonia from an overdose of laudanum.

BANK TELLER IN TROUBLE

HAS DEFICIT OF \$12,000

And It May Be More—Police Have Not Yet Been Asked to Take Hand in It.

D. Cameron McCallum, teller of the Farmers' Bank, has confessed to misappropriating from \$2,000 to \$17,000 of the funds of the bank. He has been in the custody of bank officials since the shortage was discovered on Monday, and his accounts are being examined.

The money was taken for stock speculation and McCallum has turned over securities in the shape of stock certificates.

The method employed was novel and the shortages are with other banks, which the bank officials cover discrepancies between the actual clearances of the bank and the true certificates issued.

General Manager Travers, who was absent in New York when the shortage was discovered, arrived home yesterday.

McCallum, who was one of the bank's most trusted employees, had been with the institution since its inception. He was bonded for \$15,000. He was formerly with the Montreal Bank. He is an unmarried man and lived at 25 Berryman-street. He telephoned his parents at Collingwood yesterday.

Mr. McCallum devised a new system of fraud. In sending out his clearances he forwarded the proper slips to the clearing house, but the sealed envelopes which carried the package to the various other banks were short. Upon receipt of these the other banks would telephone McCallum, when he would promise to rectify the supposed blunder of the clearing house. This he did by forwarding a clearing house slip, which was made out in accordance with the amount sent.

Just how McCallum came into possession of these slips is not known. A junior clerk and a broker may be implicated.

WORK OF INSTITUTE AS AID TO CHURCH

Prof. Kilpatrick Speaks at St. Andrew's Institute on Problem of Social Work.

St. Andrew's Institute, Nelson-st., was last night the scene of a bright exemplification of the excellent work which has been carried on there for a score of years. The assemblage, headed by the Men's Association of New St. Andrew's Church, of which E. A. MacLaurin is president and R. Wyle Hart, secretary.

Present MacLaurin said that the work now done at St. Andrew's Institute began in a very small way in a tenement house in the St. Andrew's Church vicinity, known as the Dorset House. This was the first of a series of outlets for the members of St. Andrew's Church worthy of the time and effort of all earnest Christians.

When he came to consider the material it is not as "raw" as many people believe. The conditions in Toronto are different from the occupants of the congested districts of the old country. He met in St. Andrew's Institute some of the finest characters he ever met or ever expected to meet. Some of them were earning very good wages, and it is not money help that is needed so much as it is sympathy.

One of them recently had a beautiful building erected for the use of the elderly and the aged. This calls for a tactful Christian sympathy.

As to the results: they are not all humanly speaking, known. Still there is not a worker in connection with the institute who could not give very many instances for cause for encouragement.

Penny Bank System. Angus MacMurchy described the working of the penny bank. In 1837 the penny bank was established in the Dorset House Mission. In 1893 it was re-organized and in 1905 it had reached \$17,446, all collected in an hour or two on Sunday nights. This is now incorporated in the work of the Penny Bank of Toronto. Homes have been built as an outcome of the penny bank. The first was a house for coal, and last winter \$20,000 worth of coal and drawn out by the wage-earners of Toronto when trade so suddenly became a sufficient evidence of the usefulness of the penny bank.

R. J. McLennan reported on the ladies of the institute. The ladies of the institute are doing a great deal of good work. They are doing a great deal of good work. They are doing a great deal of good work.

Rev. Prof. Kilpatrick said that constitutional work is not an absolute novelty. Social work has been from the very beginning the very essential part of the Christian life. It is the duty of the church to do social work. It is the duty of the church to do social work.

1908 QUEEN WEST. J. P. McAVAY

MONTREAL CONQUERED.
The Sheffield Choir produces a Tremendous Impression—Almost Too Perfect.

The Sheffield Choir has absolutely conquered Montreal on its first appearance there in the vast Montreal Arena where, according to The Montreal Star, there was the largest audience and most representative of all classes of the community ever assembled in Montreal.

The Star says: "Never has so perfectly a trained body of singers been heard in this city. The 200 individuals ceased to exist as units when Dr. Coward raised his baton; they became integral parts of one magnificent musical instrument, on which he played seemingly without limitation as to precision of attack, accuracy of intonation or delicacy of nuance."

The Herald says: "It is something so far removed from choral singing, as this continent knows it, as to constitute a new departure. It signifies the application of high intellectual comprehension to the specifications and training which, the sufficiently remarkable in themselves, are yet secondary to the intellectual element. Of Dr. Coward, nothing can be said that would do deeply to impress upon the mind the lofty inspiration of his art, its breadth, its subtlety, its compelling power. His method of conducting is magnificent; he is a dominating figure

INTEREST TO WOMEN

VANITY.
 The sun comes up and the sun goes down,
 And day and night are the same as one;
 The year grows green, and the year grows brown,
 And what is it all, when all is done?
 Grains of sabbath or shining sand,
 Gilding into or out of the hand.
 And men go down in ships to the sea,
 And a hundred ships are the same as one;
 And backward and forward blows the breeze,
 And what is it all, when all is done?
 A tide with never a shore in sight,
 And never a dawn to end the night.
 The fisher dropped his net in the stream,
 And a hundred streams are the same as one.
 And the maiden dreameth her love-lit dream,
 And what is it all, when all is done?
 The nets of the fisher the burden break,
 And always the dreaming the dreamer awakes.
 —Author Unknown.

W. C. T. U. AT BARRIE.

BARRIE, Ont., Nov. 4.—(Special.)—The Ontario W. C. T. U. convention is now well in progress. The sessions are well attended.
 Following the consecration service by Mrs. A. S. Gordon, Dominion superintendent and evangelist, the report on mothers' meetings was given by Mrs. C. A. Bigelow, Corn wall. She outlined the proper methods for the encouragement of purity in schools, and spoke of the good work being done in this department by the different unions in distributing tracts. She exhorted mothers not to allow any false sense of modesty to interfere with the important duty incumbent upon them of instructing their daughters as to personal purity. It was shown by the report on Yvonne work of Mrs. Kennedy of Toronto that the department was in a healthy condition. A cleverly interpreted Bible reading by Mrs. Gordon Wright of London concluded the morning session.
 Women Voters in All Lands, was the subject of a report by Mrs. Stephens of Toronto. The progress of women's suffrage throughout the world was forcefully illustrated in a novel manner by a number of "Miss Pankhursts" who came upon the platform and summarized the situation in the country they represented, and briefly the progress of women's suffrage in the country they represented.
 Mrs. Hattie Stone said that men were recognizing the ability of women. Where women's franchise is in force better laws are made. They are countries enjoying equal suffrage, and four of that number are English-speaking countries. It speaks well for Anglo-Saxon progressiveness. In the United States, our states enjoy full women franchise and 24 states partial. She showed that the first use made of the franchise was to secure good laws for the protection of their homes.
 In Canada practically nothing has been accomplished. Nova Scotia and Manitoba are the greater advanced, having given votes to all women having qualifications.
 Finland was the first foreign country represented, and the lady displayed great versatility. She spoke in broken English, much to the amusement of the audience. It was said that Finland in the world to allow women a seat in parliament. Nineteen women now sit in their parliament, and at the first session of the year was introduced in Finland. In Norway women's suffrage was granted June 14, 1907. It has 300,000 white ribbons, and all women are allowed to sit in council, and even judges. The countries where only partial enfranchisement was in force came next. Women in the United States, in England, when it was stopped, the great middle class getting the power. Suffragists in Sweden, Iceland and Denmark, have secured partial enfranchisement.
 Russia, however, is the most down-trodden of the countries. There has been nothing done, but they are working strenuously.
 Rev. Ben Spence, secretary of the Dominion Alliance, Toronto, who was asked to deliver an address on local option, failed to make connections, and it was postponed until Friday.

In Society.

The annual fall dance of the Harbord Alumnae Association will be held in the Metropolitan Assembly Rooms, 249 College-street, on Wednesday evening, Dec. 2.
 Miss Pearl Estella Leslie, eldest daughter of Mr. and Mrs. A. C. Leslie of 142 Simpson-avenue, was united in marriage yesterday morning at 8:15 o'clock, in Simpson-avenue, Methodist Church, to Mr. John J. Vaughan, eldest son of A. and Mrs. R. C. Vaughan, and secretary of the Eaton Co. Limited. The marriage, which was a very quiet one, was witnessed by very few outside of the relatives of the contracting parties. The ceremony was performed by the Rev. W. E. Baker, pastor of the church, the bride being given away by her father. The bride looked charming in a bronzed green broadcloth and hat of panne velvet to match, and carried white chrysanthemums. She was attended by her sister, Miss Tillie Leslie, who was attired in a costume of cream lousine silk with pale blue moire hat, carrying a bouquet of pink chrysanthemums. The best man was Mr. J. W. Vaughan, brother of the groom. The groom's favors were a hoop of pearls and diamonds to the bride, and a brooch of pearls to the bridesmaid. Immediately after the ceremony the happy young couple left on their honeymoon for New York, Washington and other eastern points.
 The bride was the recipient of a large number of presents, among them being a parlor china cabinet from Mrs. Timothy Eaton and Mrs. Burnside, a marble pedestal and figure from the Toronto office, a silver tea set from Mr. and Mrs. W. P. Eaton, an Irish lace centrepiece from Mrs. J. C. Eaton, a French inlaid gold clock from the directors of the T. Eaton Co., a cabinet of silver from the business managers and associates of the firm in Toronto, London and Paris, a grandfather's clock from the groom's parents, a pair of silver vases from Mr. and Mrs. W. P. Eaton, a gold watch from Mrs. Vaughan and the Turbina Steamship Co. Mr. and Mrs. Vaughan on their return will take up their residence at 13 Dunvegan-avenue.
 Mrs. E. F. McGarvey (nee Westlake) will receive on the first Friday of each month during the season, beginning this week, at 15 Lyall-avenue, East Toronto.
 Mrs. Edward Morton will go to Ottawa for a few weeks to stay with her father, Gen. Morton, and will not be receiving on Saturday.
 Mrs. Sweatman will not receive this Friday.
 Mrs. H. O. Walker, 548 College-street, will receive on Friday and afterwards on the third Friday of each month.
 Mrs. Stiff, 313 Bunswick-avenue, will not receive this Friday, but will be at home on the following Friday.
 Miss Ruth Curry will receive to-day with her mother, for the last time before leaving for the south.
 Mrs. Bertrand R. Nisbet, 100 Wood-lawn-avenue, has returned from Belleville, and will receive on the first and third Thursdays during the season.
 Mrs. S. G. Tiffin, 211 Cottingham-street, will receive on Friday, and on the second Friday of each of the following months.
 Mrs. A. D. Morrow (nee Blong) will receive to-day for the first time since her marriage, at her home, 91 Wood-lawn-avenue.
 Mrs. Thomas W. Gibson will receive for the first time in her new home in De Lisle-street, Deer Park, this afternoon, and afterwards on the first and second Thursdays of each month during the season.
 Mrs. Albert Ralston has taken an apartment in the Spadina Gardens and will be at home on Friday.
 Mrs. M. Sweetnam of Madison-avenue will receive on the first and second Fridays in December and the following months.
 A series of six subscription song recitals are to be given at the Royal Alexandra Theatre, for the benefit of the Hospital for Sick Children and the To-

Toronto World's Beauty Patterns

A Graceful House Gown

A comfortably-fitting wrapper or house gown is an indispensable garment, and all women know the value of just such a one as is here pictured. It is a favored design owing to its extreme simplicity. A choice of full length or elbow sleeves is given, and the neck may be in square cut outline or finished by a high standing collar. Several materials are adaptable, such as cashmere, flannel, dimity, lawn and China silk. The medium size will require 63 1/2 yards of 36-inch material.

Be Sure and State Size Required when Ordering this Pattern.

Ladies' House Gown—No. 5828—Sizes for 32, 34, 36, 38, 40 and 42 inches bust measure.

CHAPPED HANDS AND COLD SORES

Zam-Buk Gives Speedy Relief.

Few women entirely escape the pain and annoyance of chapped hands during the winter season, and most outdoor workers suffer more or less. If your hands are chapped, wash them at night in warm water, cleanse them thoroughly—using Zam-Buk soap if possible—and then anoint them well with Zam-Buk balm. By next morning the chapping will be gone. Whenever your hands are chapped, use Zam-Buk soap and balm. Zam-Buk gives almost instant relief, and speedsily closes the cracks. Mrs. Walker of 14 Manufacturers-Freet, Montreal, says: "My son Henry works with his shirt sleeves rolled up above his elbow, and passing from a warm room to the biting cold, as he was obliged to do, he got the worst case of chapped hands and arms I have ever seen. From his fingers to his elbows was one mass of raw flesh, with bad cracks here and there. Whenever he washed it brought tears to his eyes, the pain was so acute. He tried several kinds of salve, but nothing relieved him until he used Zam-Buk. This took away the burning and smarting almost at once. The cracks began to heal, and a few applications of the balm cured him. His hands and arms are now smooth and soft."

"We have also used Zam-Buk for other emergencies, a sustained burn on one of my fingers. Zam-Buk took the fire out and healed up the sore. It really is a wonderful household preparation."

Everybody says so who has tried Zam-Buk. Purely herbal, it is nature's own remedy. It heals and closes chronic sores, it heals and closes. Same with cuts, burns and lacerated wounds. For children's injuries it is without equal. It soothes and cures it ends the achings and tightness due to cold. All druggists and stores sell at 50¢ a box or post free from Zam-Buk Co., Toronto, for price.

ronto Free Hospital for Consumptives. This series of recitals is to be given under the personal supervision of Mr. Harry Girard, baritone of the Imperial Opera Co., assisted by the Imperial Quartet; Miss Agnes Cairne Brown, soprano; Miss Louise LeBaron, contralto; Mr. Carl Heydn, tenor, and Mr. Tom George, basso. The first of the series of song recitals will be given Thursday afternoon, Nov. 12, at 4 o'clock, at the Royal Alexandra Theatre, and a recital will be given on each succeeding second Thursday during December, January, February, March and April.

Mrs. Murchey and Mrs. Lottrel, 503 Davenport-road, will receive on Friday, and afterwards on the first Friday of each month.

Mrs. S. F. MacKinnon will receive to-day and Friday, at her home 432 Avenue-road.

Mrs. Reinhold E. Gunther, 21 Benlamb-avenue, East Toronto, will not receive again until the first Thursday in December.

Mrs. Rosswell J. Craig will receive to-day for the first time since her new home, 923 College-street, and afterwards on the first Thursday of each month.

Mrs. G. Gordon Mills, 89 Glen-road, will not receive until the second Monday in December, but will receive on the second Monday in each month after that.

Mrs. Fred Moscop, 184 Jameon-avenue, will not receive until the first Thursday in December.

Mrs. S. Herbert Wood, 246 Macpherson-avenue, will receive on Friday, and on the first Friday of each month during the season.

Mrs. C. Franklin King, 90 Albany-avenue (formerly 42 Westmore-avenue), will receive as usual on the first and second Friday of the month during the season.

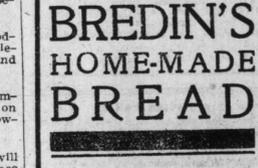

Those taking part in the musicale at the Strolling Players next Saturday afternoon, are Miss Martin, Miss Margaret Sheppard and Mr. Barney Nelson.

Mrs. Charles F. Sharpe (nee Miss Reba Landerkin) of Winnipeg, Man., receives Wednesday, Nov. 11, afternoon and evening, at 323 St. George-street.

The vacancy on the directorate of the Toronto Conservatory of Music caused by the death of the late W. B. McCurrich, has been filled by the election of W. K. George as vice-president and of G. T. Somers as a member of the board of directors.

The engagement is announced of Anna M. Finnelly, second daughter of Mr. and Mrs. S. P. Finnelly, Palgrave, to Frank S. Armitage of Detroit, Mich.; the wedding to take place in November.

The reception held by Mr. and Mrs. J. W. Bengough, at the rooms of the Woman's Art Association, Jarvis-street, 1903.

TO MAKE MERIT COUNT.

Management Committee of Education Board Recommendations.

If the recommendations of yesterday's special meeting of the management committee pass the board of education, the salary attainments of teachers in the same classification will be somewhat varied. Merit will govern the distinction, and whether certain individuals like it or not they will have to submit to receiving smaller salaries than some of their brethren, whose experience may not date back so far as theirs.

Trustee Dr. Hunter was inclined to balk at the proposal, questioning the capability of any body of experts to accurately judge the efficiency and capabilities of every teacher.

Dr. Hunter then wanted to base decisions upon the reports of the government inspector, but Dr. Embree answered that government inspection was not worth anything, an issue of the kind. Government officials were apt to grade teachers or departments "one" and "two," but enquire some times into the merits of the individual teacher, but the poor equipment of his department that caused him to be "marked down."

It was decided to place a lower, or time, maximum of \$200, which all assistant teachers may reach through length of service and an efficiency maximum of \$250. Other points were discussed as previously reported in Dr. Embree's report.

By the new system the total salary budget for 1904 over last year will be \$11,750.

The committee decided for a third inspector.

PRESIDENT ELIOT RESIGNS.

Harvard University Head Will Retire in May Next.

BOSTON, Nov. 4.—President C. W. Eliot of Harvard University, for more than 30 years the head of the Cambridge institution, has tendered his resignation, to take effect May 19, 1909. The resignation has been accepted. It has been known among those in close touch with the university that he has been President Eliot's desire for some time to relinquish the duties of his office. In fact, some of the more prominent alumni had already discussed the question of successor. Among the alumni mention has been made of Prof. A. Lawrence Lowell, who occupies the chair of science of government, and the astronomer, Percival Lowell, and the astrologer.

Six Stores Burglarized.

BROCKVILLE, Nov. 4.—Six places of business were burglarized last night, but not much loot was secured. The stores were the hardware store of Smart's hardware store, 42 at Davies street, \$3 at McDermott's cigar store, six pairs of mitts at Davis & Sons, and \$1 at Johnston's grocery store.

Cement Works May Close.

BELLEVILLE, Nov. 4.—A large number of Hungarians employed at the Belleville Cement Works, near this city, have been laid off and left the city. It is expected that the works will soon close down for the winter.

DOES YOUR HEART FLUTTER?

Short Breath. Easily Fatigued. Rush of Blood.

It's in this condition that sudden and unexpected death comes.

The heart is an unfailing index of strength. Bold vigor and a strong heart go hand in hand, and a strong heart is a sign of falling strength, arising from weakened digestive power, or from weakness of the nervous system.

The organic and dangerous affections of the heart manifest themselves into the climax is reached, when death usually supervenes.

Even a small variation in strength renders the heart susceptible to the emotional side, and a little fright, anxiety or haste will set it going at a frightful rate.

You ought to know that when your heart flutters easily, when your breath comes in gasps, when you tire quickly upon exertion, and rest does not recuperate, you have allowed yourself to run down.

It is under these conditions that Ferrone acts like magic in its strength-giving power. Tens of thousands of Canadians can testify to the marvelous curative power of Ferrone. Who it is remembered that Ferrone has the power of making rich red blood, or giving tone to the system, of vitalizing all the functional powers of the body. It will be easily seen in cases such as yours, in which these fluttering sensations are present, Ferrone's action is restorative and health-giving. Ferrone makes you strong because it enables you to digest your food, because it makes rich, red blood—because it tones, strengthens, and reinforces the whole system.

"I was so overcome with heart fluttering and acute indigestion I could scarcely walk, restoratives without paring and catching for my breath," writes E. K. Young, a well-known merchant in Augusta. "After using one box of Ferrone, it improved, and after two months I was cured and am sound and healthy as ever to-day."

The best proof of Ferrone's merit is the enormous good it will do you, in your own case; try it, 50c per box or six boxes for \$2.50, at all dealers.

CONVENTIONAL PRESS PLEASED AT RESULT

Insures Continuance of Policy Which Has Been Greatly Approved in England.

LONDON, Nov. 4.—The press of London regards the election of William H. Taft as a matter for general and world-wide congratulation, as it insures the continuance of a policy which has been greatly approved in England.

"The policy which Mr. Taft has inherited," points out The Evening Standard, "is in a large measure accountable for the leap to the front made by America in recent years, and her present position as a power among the nations is due to an unusual extent to Mr. Taft's labors in close alliance with President Roosevelt."

After expressing the belief that Mr. Taft already has proved himself a very strong man, the paper says it confidently anticipates a fruitful presidential term for him and then declares: "Englishmen must rejoice in the thought that the friendship between Great Britain and America, which President Taft has endeavored to strengthen, gives promises of being increased and further assured under his administration."

The Westminster Gazette regards the accession of William H. Taft as a victory for the man rather than of a policy.

Mr. Taft in his admirable record of administrative efficiency has shown himself safe, shrewd and resourceful, while Mr. Bryan never recovered in the popular imagination, and his wit was out on the silver question."

Italians Will Return.

ROME, Nov. 4.—The election of Wm. H. Taft to the presidency of the United States has produced general satisfaction here. The dispatches announcing his success were at once communicated to King Victor Emmanuel, the Pope and the Duke of Abruzzi. The general opinion is that Mr. Taft's election will result in the matter of compensation to the religious congregations of Porto Rico.

Means Prosperity.

PARIS, Nov. 4.—News of the election of William H. Taft, in spite of the fact that for weeks past it has been regarded as almost a foregone conclusion, has been received with great satisfaction in the business world of Paris. The cabinet of ministers will usher in a new era of prosperity in America. French financiers already are showing more interest in American securities than they have shown for some time.

Admiral's New President.

ST. PETERSBURG, Nov. 4.—The election of Wm. H. Taft is popular in Russia, for the people were favorably impressed by the ability, gentleness and straightforwardness of the future president as evidenced during his stay in this city. The afternoon newspapers published appreciative articles on Mr. Taft, and present their sincere congratulations to America on his election.

Joy in Philippines.

MANILLA, Nov. 4.—The news of the election of Wm. H. Taft has been received with the greatest enthusiasm by all classes throughout the Philippines, where he served as governor for several years.

Interest in Japan.

TOKIO, Nov. 4.—The Japanese newspapers of the city issued extra editions announcing the result of the election in the United States as soon as the news was received. The bulletins giving the general returns as rapidly as they were received.

HEROISM IN VAIN.

Deckhand Gets Aged Man From Water, But Too Late.

WINDSOR, Nov. 4.—(Special.)—An unknown man plunged into the Detroit River 40-day and drowned. A deckhand on ferry, who jumped into a boat and succeeded in effecting his rescue, but his heroic deed counted for naught, as the man died on the way to the hospital. The committant was about 70 years of age.

Many Millions Involved.

OTTAWA, Nov. 4.—Five or fifteen million dollars are involved in judgment, handed out by the exchequer court in a series of suits, in connection with the late Mr. J. W. Bennett. The judgments will probably be appealed to the privy council.

In his present judgments, Justice Campbell has ordered that Mr. Audette, who acted in the matter as a referee.

The delicious flavor and aroma of "Salada" Tea is preserved by the use of sealed lead packets. It is never exposed to the sun, dust, air, the surrounding odors and contaminating influences of other goods as bulk or loose teas are. A teapot test will show the difference.

La Salle Commencement.

Commencement exercises of La Salle Ins. that will be held next Tuesday at 3:30 p.m. Archbishop McEvoy will preside.

PEOPLE WILL NOT VOTE ON MONEY FOR PARK LAND

Aldermen Will Give Mill on Dollar Plan Rest Until Next Year.

The ratepayers will not be asked to vote on Jan. 1 on the question as to whether the city should spend a mill on the dollar during the next five years in the purchase of new park land.

The civic parks and recreation committee decided yesterday against the referendum idea, and also agreed to let the proposition alone for the present, with the understanding that at some time in 1909 they will consider making direct appeal to the legislature for the necessary power to spend the money without consulting the taxpayers. In the meantime the park commission will report on what park land has been purchased in the past five years.

The latest plan for the proposed park house in Allan Gardens, was approved by the council and will cost \$20,000, and will be without boiler house and lavatories. Insurance money on the old pavilion will cover the amount.

The board of control once again bumped the recommendation of the fire and light committee for increases in firemen's salaries, and will require a two-thirds vote to carry them at Monday's council meeting. Secretary McGowan of the fire department submitted a statement showing that five firemen received \$123 per day, 14 \$150, 15 \$180 and 16 \$205, but Controller Spence alone showed indignation to consider the proposal.

The report of the grand jury showing Toronto Jail to be a very undesirable place of abode was considered. It stated that the jail is antiquated, unsanitary and that sixteen more guards should be secured. The city solicitor will report as to what obligations rest upon the city to erect a new jail.

The city engineer wanted \$3000 more for roadways and sidewalks, but as the council has already appropriated an amount for the same purpose, the board decided he must carry along somehow.

Controller Hocken's motion to have the board of control to return the ward system of electing school trustees was passed by the board, although the mayor and Controller Harrison expressed disapproval.

New Registry Office.
 The civic property committee decided yesterday to have the city architect, property commissioner and assessment commissioner report on the location and cost of a new registry building.

The city engineer has been asked by the board of control to bring in his report on the reorganization of the works department. Mr. Rust insists that a preliminary step in the reorganization is to put smoke-consuming devices on locomotives. Judgment was reserved.

The city engineer says that 75 per cent. of the sewage to be discharged into the harbor will be treated, will be purified and that as the water is to be filtered there will be no danger of contaminating the harbor.

The city will sell the dredge Daniel Lamb, which has given 17 years' service, and expend \$75,000 on a new one. Owing to the opposition of Wychwood residents to annexation, the city engineer is against allowing the district any more water connections.

More Water Connections.
 T. R. Whiteside, M.L.A., says he has finished his work as tax collector in ward two, and will be out as soon as the city treasurer gives the word.

The city treasurer will again recommend that Henry Lumbers get the position of controller of the city.

Mr. Rust will deal with Deer Park's request that a sewage system be installed at once. Deer Park becomes part of the city Dec. 15.

In consideration of complaints of residents, the city will ask Manager Fleming when the Roncesvalles-avenue subway line will be ready, also, why the service on Howard Park-avenue has been discontinued save on Saturdays and Sundays.

Another assistant, J. T. Jackson, has been appointed to the city's electrical department, at a salary of \$15 a month. The appointment will complete the staff.

Twenty-eight residents of Lambton Mills and locally are petitioning against the annexation of the district between West Toronto and the Humbly.

AUTHOR SUES FOR REPUTATION.
 William Dawson Le Sueur of Ottawa is suing Messrs. Egan, Raleigh-st., for the use of his name in the title of the manuscript of "The Life of Count Frontena" and for damages for injury to his reputation as an author, following the decision of the defendant to publish the work after it had been delivered and paid for. The author has returned the money.

Turf Good Going At Dufferin

NOTE AND COMMENT

John J. Ward discussed international athletics in New York last week with one James E. Sullivan. He met the man, not by design, but casually, otherwise the controller, who is a governor of the C. A. U., might stand a chance of having his own card canceled, Mr. Ward may have suggested a truce between the governing athletic bodies, and such talk was indulged in. Sure, Jim, the Boss, admitted that improvement was needed, admitting that the Yankee Union was far from perfect, and he coyly, if ambiguously, suggested a return to reciprocal arrangements.

Sullivan charged that the C. A. U. was in error by refusing to recognize his original disqualification of Longboat; for wasn't he still "certainly," replied the owner of Canada's national Marathon, "but how about John Flanagan, Martin Sheridan, George Gray and a host of others?"

However on returning home, someone pinched John J., and he woke up. It is a certainty that the Canadian Amateur Athletic Union would not countenance affiliation with the sporting goods amateurs.

Look here! The C. A. U. are at present in negotiation with associations of the United Kingdom, Australia and South Africa for an all-British athletic cabal. It is true that England cannot stoop to relationship with the American Athletic Union, and Canada, as an ally, would just as truly hold aloof.

The Canadian Federation is the natural benefactor of the athletic organization. So let the Confederates sleep!

It is gratifying to note that the constitution of the C. A. U. is being so revised as to provide for the post of hon. president, and that the advice of Deputy Chief Clerk, who is retiring from the presidency at the annual meeting next Monday, will be available in the new office.

While New York State witnessed probably its final racing scene for some time yesterday at Dufferin Park, there were real stunts at Dufferin Park, with different horses winning heats not by arrangement, but by the exigencies of the game. It was one of the Dufferin Club's sporting matinees, and the members present enjoyed themselves, even if they were in for overcoats.

While no one can deny the pleasurable excitement incidental to racing, the sport as conducted generally heretofore is open fairly to attack. Should New York State horsemen ever emerge from the Hughes gloom they will likely be glad to accept the mutual system of application, which is the correct appendage of the race tracks, even if it does not appeal to the rank and file of gamblers.

Those Tiger-Dundas Officials. Sporting Editor World: In the write-up given the Hamilton Tiger-Dundas game the names of the officials are given, but with the exception that appears, "The work of the officials, Gordon Nelson and C. W. Kinnear, which could be desired and gave entire satisfaction to everybody. They had control of the players at all stages and would stand for the dirty tackling that prevails in many senior games, Nelson's work was excellent and Kinnear would be one of the regular officials next season."

It is very evident that the sporting editor of the Spectator and Mr. Nelson see thru the same spectacles, for, in his desire to boom the latter, he has somewhat overstepped the mark. Any fair-minded spectator of the Hamilton game would be surprised to find Nelson's capacity as referee and umpire conversant with the rules of the game or else he was so interested in the success of the Hamilton team that he allowed his prejudice or pent-up spite to be spent on the Dundas players.

It was apparent that he did not make the slightest effort to prevent the un-called-for rough play, the result of which many means permanent injuries to at least two of the Dundas players. Had they been hurt when playing, accidentally, the fault would not be found with the referee, but when "dirty work" is permitted to go on, and the offenders are not penalized, it speaks volumes in behalf of the assertion that Nelson took this opportunity of getting even with Dundas on account of the management of the Dundas Club laymen who were his opponents last season on account of his incapability. Further, it is stated that Nelson has already assisted in the promotion of two championships, and he certainly on Saturday last, thru his deliberate unfairness, placed the Tigers in a fair way to win another. Whether officials can be fair when they are interested in the success of a team is a question that should bear investigation. Kirkpatrick a Rugby official—umpire, forsooth! Excuse me while I smile.

It is to be hoped that in the best interests of the game the Interprovincial officials will provide for next Saturday's game at Dundas a referee and umpire who will at least try to be fair, and not ask the patrons of the game to witness such an exhibition of incompetency as took place on Saturday last. If true sport is to thrive, more care must be taken by appointing unbiased and capable officials, and then, with no partiality given to either team, let the victors win by their merits, and the supporters of both teams will be satisfied.

Dundas, Nov. 4. Fair Play.

Toronto Golf Club. The Toronto Golf Club's annual match of the Hunter Medal will be played on Saturday next.

Royal Marathon. The Royal Canadians have 120 entries for their Marathon on Monday. There are 25 place and five time prizes. Candidates over 17 years must have C. A. U. cards. The secretary is H. Butcher, Tel. M. 2569.

Cyrene Past Preceptors. The Sir Knights of Cyrene Preceptory, Knights Templars, held a past preceptory night in the Temple Building last night, to mark their first assembly in their new armory in the Masonic quarters. The preceptory officers were: W. M., George M. Halloran; T. M., George M. Clarke; S. W., R. J. Patterson; Clerk, W. A. McCullough.

NEW YORK, Nov. 4.—Late to-night the jury which is considering the evidence presented at the trial of C. W. Morse and A. H. Curtis, on a charge of violating the national banking laws, was locked up for the night.

COLD WEATHER RACING FINE SMALL CROWD AT DUFFERIN

Belmont Wilkes Takes Class B In Front of Twelve Th Only In Front Once—Others Go Straight Heats.

The regular weekly matinee, held by the Dufferin Driving Club yesterday, was a decided success, as far as racing is concerned. The attendance was smaller than usual, owing to the cold weather, but those who were there saw some grand racing, every heat being fought out from wire to wire.

Class A was the first race called, and had seven starters. Honest Billie drew the pole after several scores. Starter Stroud and Joe Allan raced together to the eighth pole, when Fox Pugh and Planet came along, and they raced the balance of the race. Honest Billie was a team, but Fox Pugh had the best of it, and he won by a splendid margin.

Class B had twelve starters and was won by Fox Pugh in 1:09 1/2. The second heat was a splendid race, with Fox Pugh and Planet for first place, but the cheater-stallion seemed to have just a little more speed and won the heat. The third heat was also won by Fox Pugh. Class B has twelve starters and was quite a guessing race; from start to finish every one was trying hard, as the time will show, the first four heats being only a half-second difference. A peculiar thing happened in this race. The class was won by Fox Pugh, who was heavily favored, but he was not in the race until he was nearly half-way through the race.

Class C also had seven starters, Paymaster being the favorite. He won the two heats and the race, which was finished on account of the lateness of the hour.

There was also a 1/4-mile run, in heats, which was won by Cyclops. The summary follows:

Class A. Fox Pugh, ch.; James Noble, 1 1 1; Planet, bk.; James McDowell (owner), 2 2 2; Stroud, bk.; J. J. Kinnear (owner), 3 3 3; Walter S., bk.; C. Wenman (owner), 4 4 4; Joe Allen, bk.; J. J. Kinnear (owner), 5 5 5; Honest Billie, bk.; F. Russell (owner), 6 6 6.

Class B. Fox Pugh, ch.; James Noble, 1 1 1; Planet, bk.; James McDowell (owner), 2 2 2; Stroud, bk.; J. J. Kinnear (owner), 3 3 3; Walter S., bk.; C. Wenman (owner), 4 4 4; Joe Allen, bk.; J. J. Kinnear (owner), 5 5 5; Honest Billie, bk.; F. Russell (owner), 6 6 6.

Class C. Fox Pugh, ch.; James Noble, 1 1 1; Planet, bk.; James McDowell (owner), 2 2 2; Stroud, bk.; J. J. Kinnear (owner), 3 3 3; Walter S., bk.; C. Wenman (owner), 4 4 4; Joe Allen, bk.; J. J. Kinnear (owner), 5 5 5; Honest Billie, bk.; F. Russell (owner), 6 6 6.

Class D. Fox Pugh, ch.; James Noble, 1 1 1; Planet, bk.; James McDowell (owner), 2 2 2; Stroud, bk.; J. J. Kinnear (owner), 3 3 3; Walter S., bk.; C. Wenman (owner), 4 4 4; Joe Allen, bk.; J. J. Kinnear (owner), 5 5 5; Honest Billie, bk.; F. Russell (owner), 6 6 6.

Class E. Fox Pugh, ch.; James Noble, 1 1 1; Planet, bk.; James McDowell (owner), 2 2 2; Stroud, bk.; J. J. Kinnear (owner), 3 3 3; Walter S., bk.; C. Wenman (owner), 4 4 4; Joe Allen, bk.; J. J. Kinnear (owner), 5 5 5; Honest Billie, bk.; F. Russell (owner), 6 6 6.

Class F. Fox Pugh, ch.; James Noble, 1 1 1; Planet, bk.; James McDowell (owner), 2 2 2; Stroud, bk.; J. J. Kinnear (owner), 3 3 3; Walter S., bk.; C. Wenman (owner), 4 4 4; Joe Allen, bk.; J. J. Kinnear (owner), 5 5 5; Honest Billie, bk.; F. Russell (owner), 6 6 6.

Class G. Fox Pugh, ch.; James Noble, 1 1 1; Planet, bk.; James McDowell (owner), 2 2 2; Stroud, bk.; J. J. Kinnear (owner), 3 3 3; Walter S., bk.; C. Wenman (owner), 4 4 4; Joe Allen, bk.; J. J. Kinnear (owner), 5 5 5; Honest Billie, bk.; F. Russell (owner), 6 6 6.

EUREKA HOCKEY CLUB HOLD ANNUAL MEETING

First of the Ontario Hockey Ass'n Amendments Are In—Hockey News and Gossip.

The Eureka Hockey Club held their annual meeting last night at the Mutual Street rink, with a large attendance. The club is looking forward to a successful season in the Ontario Hockey Association, and a first intermediate team is expected to be entered. The following officers were elected: President, W. A. Hewitt; first hon. vice-president, Rev. H. A. McPherson; second hon. vice-president, Dr. A. J. Jordan; third hon. vice-president, Dr. F. M. P. president, W. B. Hunter; secretary, J. G. Gifford; treasurer, second vice-president, Lou E. Marsh; third vice-president, C. W. Matthews; secretary, Ed. B. Lewis; treasurer, H. A. McPherson; assistant treasurer, S. M. C. W. Matthews; manager intermediates, C. W. Matthews; manager juniors, Alex. Hunter; acting intermediates, Alex. Hunter; Junior, Andy Kyles; property manager, H. A. McPherson; Junior, Andy Kyles; property manager, H. A. McPherson.

The executive consists of president, secretary and treasurer. A committee was elected to run a progressive game, party and social, to be held at the Dundas Street rink, on Tuesday night. It was decided to enter a team in the Ontario Hockey Association, and the executive will be in charge of the team.

First O.H.A. Amendments. The first of the proposed amendments to the O. H. A. regulations are in the hands of the Ontario Hockey Association. They are by Mr. J. Ross Robertson, and are as follows: "The clause 'no club shall have more than one representative as an officer of the association' is amended to read: 'no club shall have more than one representative as an officer of the association, provided that the club is not affected by the club he represents.'"

Heckey Gossip. Charlie Parham, the popular junior hockey player, is seeking re-election to the O. H. A. council, and should again be elected. Jack Winchester, who played goal for Winnipeg last year, is slated to play goal for the Kingston team this year. The Kingston team last season, will go on the ice almost intact this year. J. Macdonell, the Ap-Queensport player, is attending Osgoode Hall and may play with the Victorias.

Fred Taylor of Ottawa has secured a front day at the rink play hockey in Pittsburg.

The Wanderer Hockey Club of Montreal will try and run the club on the cooperative plan.

D. A. McLachlan, who managed the Stratford Junior O.H.A. champions the last two seasons, believes in handing a good thing around, and therefore this season will step down and out. Mac was assisted by J. H. W. and J. H. W.

Joe Power of Quebec will be a candidate for the presidency of the E. C. H. L. this year.

Dick Butler of Lindsay is a candidate for the O. H. A. council this season.

Steve Vair, the Barrie hockey player, may play with Edmonton this year.

The Stratford Hockey Club will organize Friday night.

Seventh Race at Pinelake. BALTIMORE, Nov. 4.—Seventh race at Pinelake. SEVENTH RACE—4 1/2 furlongs: 1. Geo. W. Lebo, 1 1/2 (Goldstein), 5 to 1. 2. P. J. King, 1 1/2 (Kenny), 5 to 2. 3. R. Ramble, 1 1/2 (Leach), 15 to 1. 4. Time 1:00 1/2. M. J. Greene, Democrat, Pleasant, B. H. W. After All, Brighton, Jack, Rose Beaumont also ran.

HOPELESS MISSING. GUELPH, Nov. 4.—(Special)—Jos. Coutts, hotel proprietor at Glen Allen, was to have appeared to-morrow at Drayton on charges of illegal sale of liquor in the local district. Word has been received to-night that Coutts has disappeared.

BOXING TOURNAMENT ENTRIES THE CITY AMATEUR LIST

Every Class Has Five or More With Fourteen Feather-weights.

Second only to the spring list in quantity and the best on record for quality is the entry for the fourth semi-annual city amateur boxing tournament that opens next Saturday night in the Mutual-street rink. Mail entries yesterday increased the middleweight division to fair proportions, including a candidate from Buffalo, whose name is not to hand.

Every man who boxes must possess a C. A. U. card, and it has been overlooked by the union representative will endeavor to straighten out matters at the rink on Friday morning. The draw will be made on Friday morning. Those desirous of securing course tickets may do so at H. A. Wilson's, 257-259.

It is expected that the opening on Saturday night will be satisfactory to boxers as well as spectators. It has been considered best to have Sunday come between the preliminaries and semi-finals, thus leaving the good bouts for Tuesday night. The acceptance of the entries from Buffalo is conditional on their bringing the proper credentials. Following are the entries:

Bantam, 10 lbs.—Michael O'Brien, Don Rowing Club; W. Hyde, Carlton A.C.; R. Hodson, Carlton A.C.; W. Burdick, W. C. C. Toronto; S. G. Burdick, W. C. C. Toronto; W. Sullivan, W. C. C. Toronto; E. Cassidy, British United; W. Sanford, British United; W. Williams, British United; W. Klinkenber, British United; Alex. Dixon, Thistles' Football Club; Albert Edwards, Hamilton; Fred Murphy, Don Rowing Club; W. L. Light, W. C. C. Toronto; Michael Davey, Caledonia; H. Abley, Woodbine Beach; Fred Taylor, W. C. C. Toronto; R. Foster, West End A.C.; E. Cassidy, British United; W. Sanford, British United; W. Taylor, British United; W. Williams, British United; W. Wesley Griffin, Kato's School; James Lane, Hamilton; Fred Taylor, Don Rowing Club; Walter Hare, Caledonia; Fred Taylor, British United; P. Jackson, West End A.C.; G. Westerbe, West End A.C.; G. Burdick, W. C. C. Toronto.

Special, 12 lbs.—John M. Donnelly, St. Catharines; N. H. Fraser, Caledonia; Fred Taylor, W. C. C. Toronto; Norman, W. C. C. Toronto; J. Travling, Shamrock; W. Bennett, West End A.C.; R. Barrett, British United; Andrew Lee, Prof. Kyles' School; W. Taylor, British United; H. Peters, Thistles' Football Club; J. Kelly, Woodbine Beach; W. Williams, British United; William Marshall, McDonald's School; Alex. Williams, East End A.C.; H. Field, British United; H. Simons, unattached; George Macdonald, W. C. C. Toronto; John Cameron, unattached; W. Waterworth, 145 lbs.—George Macdonald, W. C. C. Toronto; A. Palmer, British United; Lou Peters, British United; W. Bennett, British United; Hilliard Lang, Woodbine Beach; John Shaw, Good Luck A.C.; John Shaw, Good Luck A.C.; H. Field, British United; H. Simons, unattached; George Macdonald, W. C. C. Toronto; John Cameron, unattached; W. Waterworth, 158 lbs.—A. Brown, Brampton; H. Lang, Woodbine Beach; W. Bennett, British United; S. Hickman, British United; Robert Day, Thistle Football Club; Ed Gibson, W. C. C. Toronto; Lou Smith, Art's Club, Buffalo; Joseph Thompson, Good Luck A.C.; H. Field, British United; F. Smith, East End A.C.

Plan for Montreal-Argonaut Game Here Saturday Opens Today. Chautauq Elliott's Montreals are coming up Saturday, determined to trim Argonauts at Rosedale, but from here it looks as if the scullers would repeat their performance in Montreal and incidentally let the easterners close the season with an unbroken record of no wins to their credit.

The plan for the Argonaut-Montreal game at Rosedale on Saturday opens this morning at Rosedale. Ottawa and Ottawa College will play an exhibition game on the holiday.

No officials have been agreed upon for the Argonaut-Montreal game on Saturday, although it is likely that Harry Griffiths and Dr. W. B. Hendry will officiate.

President Molson of the Inter-provincial is touring the country for officials to handle the Ottawa-Tiger game Saturday.

Over 2000 seats have been sold for the Ottawa-Tiger game at Ottawa Saturday.

Hamilton are running a special train to Ottawa Saturday, a rate of \$8.85 having been secured.

Australians Beat Combinations. LONDON, Nov. 4.—(C.A.P. Cable).—Games to-day resulted: Australians 15, Northumberland and Cumberland 5; Surrey 7, Kent 5.

Obituary. There died at 296 Sherbourne-street last Monday a young married woman, Mrs. A. J. Walker, who, with her husband, attended the people's Sunday services since their inauguration last winter. She was in her usual health last Monday morning and sank to the floor without a moment's warning. Her husband insists that Mr. Wilkinson, the director of these services, conduct the funeral. Services will be held this afternoon at 2 o'clock from the family residence. Mr. Wilkinson was pastor of Agnes-street Church when she was a little girl in the Sunday school. Scores of such people who were formerly connected with the old church attend these services, and Mr. Wilkinson has been repeatedly urged to organize a society.

ROYAL COLTS RECORD

Roll 2800 in Class C, City League—The Scores.

Two games were played in the Class C City League last night, the feature being the great rolling by the Royal Colts, who totaled 2800, thus setting a new mark for the league. Morgan with 244 the second game and a total of 496 was high, with Murray next with 553.

Royal Colts won three from Frontenac, while Royal Giants took three from Royal Logans. Clothes Individuality

Semi-ready Tailoring individualizes clothes.

Its individuality lifts it out of competition with ready-made clothing.

Its exclusive style and expert tailor-made effects place it far beyond the competition of the Custom Tailor.

No man who buys the standard-priced Semi-ready Clothes will be content with anything inferior. "Semi-ready" has no superior.

Semi-ready Tailoring

RACING OVER IN NEW YORK AND MAYBE FOR EVER

Little Loyal Band of Five Hundred Attend Melancholy Obsequies Yesterday at Jamaica.

NEW YORK, Nov. 4.—With a frigid wind-howling thru the great grand stand where thousands were wont to gather when the interest in the sport was at its height, a little band of 500 regulars saw come to a melancholy close to-day, the Metropolitan racing season of 1908. The public interest in racing has been on the wane since early summer, when the law which had permitted the making of wagers in the race tracks was replaced by another positively prohibiting betting and providing a severe penalty for violation. Largely as a result of the greatly reduced attendance, one of the big tracks, which has enjoyed popularity for many years, has been dismantled and the field cut up into house lots, and during the past few weeks there have been races only three or four days a week. Whether this has shortened meetings will be followed next year or the same, as it is called, practically abandoned, is yet to be determined. In fact, the many wealthy owners have transferred the best horses in their stables to sections where the laws governing betting are not so stringent as here. A large number of horses have been sent to Europe. The feature of the card to-day was the handicap at six furlongs and resulted in a good finish, Royal Onyx winning in a drive by a nose over Crescino.

The California circuit, which opens at Oakland Saturday, and Santa Anita, which has enjoyed popularity for many years, has been dismantled and the field cut up into house lots, and during the past few weeks there have been races only three or four days a week. Whether this has shortened meetings will be followed next year or the same, as it is called, practically abandoned, is yet to be determined. In fact, the many wealthy owners have transferred the best horses in their stables to sections where the laws governing betting are not so stringent as here. A large number of horses have been sent to Europe. The feature of the card to-day was the handicap at six furlongs and resulted in a good finish, Royal Onyx winning in a drive by a nose over Crescino.

There was lacking among the handful of regulars at Jamaica to-day any enthusiasm that presaged hopefulness for next season. In fact, the belief seemed general that for the "sport of kings" the only ones in the desert of the uncertainty lay in the near eastern, southern and western tracks and there was prevalent a fear lest what seemed an oasis in the south might in reality, owing to the reform movement there, turn out to be a mirage. There also was some renewed comment concerning the shipment of a number of the best horses in the United States to Europe.

FIRST RACE—3-year-olds, selling, 6 furlongs: 1. Black Mary, 107 (Herbert). 2. Queen Lead, 97 (Stratton). 3. Ardi, 102 (Creedy). Time 1:46. Coincident, Biska and He-Knows also ran.

SECOND RACE, mares and geldings, 3-year-olds and upward, selling, 1-1/2 miles: 1. Bad News, 106 (Herbert). 2. Initiator, 94 (Creedy). 3. Colocasia, 92 (Ural). Time 1:40.5. Cary, St. Joseph, Burgher and Raquet also ran.

THIRD RACE, maidens, 3-year-olds and up, selling, 1-1/2 miles: 1. Florence II, 97 (Creedy). 2. Queen Lead, 97 (Stratton). 3. Bigot, 97 (Ural). Time 1:40.5. Cary, St. Joseph, Burgher and Raquet also ran.

FOURTH RACE, handicap, all ages, 6 furlongs: 1. Royal Onyx, 116 (Liebert). 2. Crescino, 110 (Holmes). 3. Notanulca, 92 (Ural). Time 1:13.5.5. Cary, St. Joseph, Burgher and Raquet also ran.

FIFTH RACE, maidens, 3-year-olds and up, selling, 1-1/2 miles: 1. Florence II, 97 (Creedy). 2. Queen Lead, 97 (Stratton). 3. Bigot, 97 (Ural). Time 1:40.5. Cary, St. Joseph, Burgher and Raquet also ran.

SIXTH RACE, fillies and geldings, 2-year-olds, 4 furlongs: 1. Sentient, 105 (Ural). 2. Merit, 104 (Lynch). 3. Mansfield Bay, 105 (Herbert). Time 1:15.2.5. Eustacian, Rose Belle, Miss C. Divola and Gene F. also ran.

The World's Selections

Forward all complaints to The World office, 85 Yonge Street, Toronto.

THE PEOPLE AND THE MAN.

How many people appreciate the tragedy of the defeat of Mr. Bryan? We have read and heard of incidents in the lives and careers of many men, but we do not think there is a greater tragedy in the lives of any of them than in the defeat of Mr. Bryan.

But to give his life to the public, even though he had found a way to make his living out of it (and that is more to his credit), and then to have the public turn him down, as he has been turned down now on three occasions, is the severest strain that could be put on any man.

The public is never quite fair in its attitude towards its big men, and one has only to go back to the case of Abraham Lincoln to find a man whose very soul was tried by his devotion to public duty, and by an apparent lack of appreciation on the part of many people.

What makes the situation all the more galling is that Mr. Bryan had much to do with the making of Roosevelt; that notwithstanding that, he helped to make Roosevelt, and was the logical heir of Roosevelt in the presidential chair, the people selected Mr. Taft over Mr. Bryan, the man who was to our mind the inspiration of Roosevelt, and who set the rule of conduct for Mr. Taft.

Bryan may never get the office, but he has played his part. He has influenced his kind almost more than any other man in his own country, and in some way a proper appreciation of his name, if not of himself, will arrive.

UNIFORM MUNICIPAL ACCOUNTING.

Now that the report of the special audit has been published it suggests the advisability of providing a uniform statutory system of municipal accounting. This matter came before the eighth annual convention of the Union of Canadian Municipalities held in July last at Montreal and during the discussion an address was delivered by Mr. S. Morley Wickett strongly advocating municipal publicity thru uniformity in the method of presenting the municipal accounts.

Dr. J. A. Amyot, provincial analyst of the milk commission of the Academy of Medicine, said he would regard as ideal milk that did not contain more than 10,000 bacteria per cubic centimetre, being about one-quarter of a teaspoonful. There were more tuberculous cattle than he cared to mention. The city should inspect them and regulate their health.

Hotelman Fined. DESERONTO, Nov. 4.—John Freeman, hotelkeeper here, was charged with selling liquor to John McGregor, who, it is said, was in a drunken condition and who afterwards died from the effects of exposure. The magistrate imposed a fine of ten dollars and costs.

Liquor Fines in Temiskaming. It is stated that the fines collected in the license district of Temiskaming for violation of the Liquor License Act from May 1 to Oct. 31, 1903, inclusive, amount to \$9683.

municipalities. This is in accordance with the resolution unanimously adopted by the Union of Canadian Municipalities, and a sub-committee of the executive has since had in hand the preparation of a suggested system. Our city council should give the proposal favorable consideration, as it is one certainly making for the efficiency of municipal government and is further calculated to stimulate the interest of the citizens in the management of their communal affairs.

ASK CITY TO GIVE AID IN CAUSE OF PURE MILK

Medical Men Wait on Board of Health and Tell What is Being Done.

Further evidence of the seriousness of the campaign for pure milk being prepared in Toronto was afforded in the large deputation of medical men and others who waited on the local board of health yesterday afternoon.

The most serious obstacle, as pointed out afterwards by Dr. Sheard, is the difference of opinion among doctors as to the value of pasteurization. Several of the speakers referred to this certification where the latter could not be had, but Dr. Sheard draws attention to the attitude of the milk expert, Dr. G. R. Goler, medical health officer of Rochester, in absolute opposition to pasteurization. Dr. Sheard contends that to compel pasteurization is to lay all the burden upon the vendor.

James Acton, president of the Pure Milk League, told of that organization's experience in supplying milk certified to be pure to the children of poor families during the summer, when 15,000 half-pint bottles were distributed. There were two district stations in charge of deaconesses, and the milk was supplied at 8 cents a quart, the same price as unsterilized milk. The league's fund of \$200 was subscribed to by about thirty people, and receipts were \$242. Dr. Helen MacMurchy was medical supervisor.

Mr. Acton said that in Toronto there were 500 deaths last year of children under five years, and that 25 per cent. were due to impure milk. He suggested that the city help to enlarge the scope of the work. He hoped there would be four stations next year. There should be a central station for sterilizing milk, as the certified milk was sometimes found too strong. The sterilizing should be under the jurisdiction of the board of health.

Dr. C. J. O. Hastings of the milk commission of the Canadian Medical Association said only a limited supply of certified milk could be hoped for, and that of 80,000 quarts of milk consumed daily in Toronto about 5000 quarts might be obtained absolutely pure. He advocated pasteurization, especially when milk was unrefined.

Dr. J. A. Amyot, provincial analyst of the milk commission of the Academy of Medicine, said he would regard as ideal milk that did not contain more than 10,000 bacteria per cubic centimetre, being about one-quarter of a teaspoonful. There were more tuberculous cattle than he cared to mention. The city should inspect them and regulate their health.

Dr. Sheard replied that the city council had decided the city had no such power. Dr. William Oldright favored pasteurization in cases where certified milk couldn't be had, but didn't wish it understood that pasteurization was satisfactory.

The opinion that pasteurization was only a half-way measure was given by W. K. McNaught, M.L.A., who was convinced that the milk supplied in Toronto was very prejudicial to children's health and created scarlet fever. The city should either take charge of the league's work or make a special grant. He intended to devote much time to securing proper legislation, although he expected great opposition from producers and middlemen.

Dr. J. T. Fotheringham and Dr. J. N. E. Brown also spoke, favoring certified milk as against pasteurization.

Hotelman Fined. DESERONTO, Nov. 4.—John Freeman, hotelkeeper here, was charged with selling liquor to John McGregor, who, it is said, was in a drunken condition and who afterwards died from the effects of exposure. The magistrate imposed a fine of ten dollars and costs.

Liquor Fines in Temiskaming. It is stated that the fines collected in the license district of Temiskaming for violation of the Liquor License Act from May 1 to Oct. 31, 1903, inclusive, amount to \$9683.

IN THE LAW COURTS

IN THE HIGH COURT.

Osgoode Hall, Nov. 4. Announcements.

Motions set down for single court for Thursday, 5th inst.: 1, Crawford v. Miller; 2, Pitt v. Warran; 3, re Bickel; 4, Garsau v. Garsau; 5, re Bickel; 6, Wedrick; 7, Seely v. Caldwell; 8, Whylock v. Whylock.

Peremptory list for divisional court for Thursday, 5th inst.: 1, Allan v. Willard; 2, Higgins v. C. F. R.; 3, re McGrath and Durham; 4, Bess v. Clarke Standard; 5, re Milne and Gamble; 6, re Burke Estate.

Master's Chambers. Before Cartwright, Master. Metropolitan Bank v. Bishop.—R. H. Parmenter, the plaintiff, moved to discharge attaching order of discharge for garnishee. Order discharged without costs.

Curran v. Curran.—J. T. White, for defendant, moved for extension of time for delivery of defence. H. C. Macdonald, for plaintiff, contra. Order as asked on defendant undertaking to attend to an order allowing case to go to trial list as soon as set down. Costs in cause.

Sudbury Brewing Co. v. Auerbach and Auerbach v. Sudbury Brewing Co.—McClarty (Heyd & Heyd), moved for consent for an order consolidating these actions, plaintiff's motion allowed to be plaintiff in the consolidated action and to fix the times for pleadings. Order made. Costs of both actions to be paid by the defendant. Plaintiff's date, and of this application, to be paid in the cause in the consolidated action.

Brown v. British America Assurance Co.—W. E. Middleton, K.C., for defendant, moved for judgment for defendant. Plaintiff's motion allowed. Costs in cause.

Le Seuer v. Manning.—Judgment (H.). Motion to set aside certain parts of statement of claim as embarrassing and improperly pleaded. If so desired by the defendant, plaintiff to amend and the statement of defence should be delivered in eight days. Costs in the cause. Thereafter, plaintiff to amend and to file the amended statement of claim in the cause. Plaintiff to file this must be disposed of as provided by C. R. 261. J. H. Moss, K.C., for the motion; W. E. Middleton, K.C., contra.

Pringle v. The Financial Post.—Judgment (H.). Motion for judgment for defendant. Plaintiff's motion allowed. Costs in cause.

Le Seuer v. Manning.—Judgment (H.). Motion to set aside certain parts of statement of claim as embarrassing and improperly pleaded. If so desired by the defendant, plaintiff to amend and the statement of defence should be delivered in eight days. Costs in the cause. Thereafter, plaintiff to amend and to file the amended statement of claim in the cause. Plaintiff to file this must be disposed of as provided by C. R. 261. J. H. Moss, K.C., for the motion; W. E. Middleton, K.C., contra.

Pringle v. The Financial Post.—Judgment (H.). Motion for judgment for defendant. Plaintiff's motion allowed. Costs in cause.

Le Seuer v. Manning.—Judgment (H.). Motion to set aside certain parts of statement of claim as embarrassing and improperly pleaded. If so desired by the defendant, plaintiff to amend and the statement of defence should be delivered in eight days. Costs in the cause. Thereafter, plaintiff to amend and to file the amended statement of claim in the cause. Plaintiff to file this must be disposed of as provided by C. R. 261. J. H. Moss, K.C., for the motion; W. E. Middleton, K.C., contra.

Pringle v. The Financial Post.—Judgment (H.). Motion for judgment for defendant. Plaintiff's motion allowed. Costs in cause.

debited to the plaintiff in the sum of \$486.60. The plaintiff seeks to have this sum increased by \$750, allowed by the master to the defendants as damages sustained by them owing to the breach by the plaintiff of a contract in writing made between the plaintiff and the defendants on Aug. 25, 1900.

Plaintiff was on the date of the agreement entitled to a renewal of license to cut timber on certain territory of the crown in the district of Muskoka, but owed about \$1000 ground rent, which he was unable to pay. Defendants are tanners and needed bark in their tanneries.

The agreement provided for payment by defendants of \$1000, plaintiff to pay the balance and all dues, ground rent and other charges connected with the limit, and to have the license duly assigned to the defendants. He was also to peel, pile and deliver to defendants, free from any lien, not less than 500 cords of hemlock bark in each year, beginning in 1901, and defendants were to pay the current tannery price for the bark, deducting and retaining \$1 per cord on tannery cord so delivered, to repay the \$1000.

Plaintiff did not peel and deliver any bark, as agreed; the defendants entered on the lands and peeled, and the master found that the bark was not such for such failure on the part of the plaintiff. The defendants also proceeded to take off logs, which, as against the plaintiff, they had no right to do.

Defendants cross-appealed because the master refused to allow them \$18.90 paid by them for crown dues. Their appeal dismissed. Report confirmed with variation as to the amount found by the plaintiff. The amount found due by defendants increased by \$750. The plaintiff is entitled to \$1206.60, with interest from date of report, and costs for action and reference, and this motion. N. Somerville for plaintiff; W. E. Middleton, K.C., and A. A. Mahaffy, K.C., for defendants.

Before the Chancellor, Magee, J., Latchford, J. Berklinshaw v. Henderson.—Judgment (H.). The evidence falls upon establishing an agreement binding upon the defendants. The matters discussed and the understanding arrived at were embodied and were intended to be embodied in a by-law of the company, and apart from these by-laws there is no such evidence of a valid and distinct agreement, as would be required to support the claim of the plaintiff. The defendant is directed to pay the plaintiff the amount found due by defendants increased by \$750. The plaintiff is entitled to \$1206.60, with interest from date of report, and costs for action and reference, and this motion. N. Somerville for plaintiff; W. E. Middleton, K.C., and A. A. Mahaffy, K.C., for defendants.

Before the Chancellor, Magee, J., Latchford, J. Berklinshaw v. Henderson.—Judgment (H.). The evidence falls upon establishing an agreement binding upon the defendants. REET

ESTABLISHED 1854
JOHN CATTO & SON
Ladies' Special
Suit \$25
 Just secured a splendid line of Ladies' Suits—PLAIN AND FANCY MATERIALS—LATEST NEW YORK DESIGNS—lined with good quality silk and satin—neatly trimmed—these are strictly tailor-made and WONDERFUL VALUE at \$25.

Ladies' Coats
 Magnificent stock of Ladies' Coats in plain cloths and fancy tweeds—all colors—popular 7-8 and full lengths—semi-fitting and box backs, ranging in price from \$10 to \$100.

Dresswear Coats
 We are showing the most attractive collection of MODEL COATS AND WRAPS for BEST WEAR. Gorgeous creations these of silk, satin or richest velvet, handsomely trimmed and lined, and in every way pre-eminently stylish and tasteful.

FOR SOMETHING NICE SEE OURS
Opera Cloaks
 Splendid lot of handsome Opera Cloaks in best evening shades—Wraps in all the latest styles—some plain—in fact, for every taste and every purse, ranging \$18 to \$100 each.

Flannelette Blankets
Flannelette Blankets
 FOR SALE ON THURSDAY at the following special cut prices—finest white body—pink or blue border—excellent quality.
 200 pairs, assorted sizes, 10-4 at 95 cents; 11-4 at \$1.10; 12-4 at \$1.25 per pair.

Handkerchiefs
For Xmas
 Already there is a demand in the Handkerchief department for goods for Xmas. Many were caught by waiting too long last year, and found the assortments broken. They are more careful now and are already making purchases for Christmas gifts—What can be more suitable or acceptable—We have all kinds, qualities, sizes, etc., for ladies or gentlemen—tastefully boxed.

Wraps, Shawls
and Rug
 There is a noteworthy showing in this department at the present time. The stock comprises the answer to every possible need in Shawlland from the filmy gossamer, Shetland luxury to the heavy knitted, warm wool baby wrap. We show them all.

Travelling Rug
 In great profusion, including our famous showing of Scottish Clan, Furry and Regimental patterns, in these useful and comfortable traveling adjuncts.
 From \$4 each up.

Taft's Vote is 909

Continued From Page 1.
 lina; all of whom will be succeeded by Democrats.
 still in doubt.
 The only senatorships remaining in doubt are those of Ohio, Indiana and Oregon, which are now represented by Senators Foraker, Hemenway and Patton, Republicans, and Colorado, Missouri and Nevada, represented by Senators Heller, Stone and Newlands, Democrats.
 Governor Cummins of Iowa is about to realize his ambition of becoming a senator for that state. He has many admirers in Washington, and his endorsement upon the scene of national politics will be observed with keen interest. If Indiana should send a Democrat in place of Hemenway, it is supposed here that John W. Kern, the defeated vice-presidential candidate, would be chosen and he would be the first Democrat to occupy a senatorial seat from Indiana since 1858.
 The result in the house probably will show little change in numbers on the respective sides, but there will be considerable shifting in the personnel of that body. A number of surprises already have been recorded and probably the most pronounced was the defeat of Representative Hiram B. Howell of the eighth Iowa District. Mr. Hepburn has been in congress so long, and as chairman of the interstate commerce committee had been so prominent that he had come to be regarded as almost a fixture in Washington. He was a strong supporter of the president's policies.

Two Surprises.
 Washington was quite unprepared for the retirement of C. B. Landis and Jesse Overstreet of Indiana. Both hold important committee assignments and have been so long in the service that they are well known to the Washington public. That General Sherwood, the Independent Democrat from the Ninth Ohio District, who sprang into notice during his one term thru his sharp differences with his soldier colleague, General Keifer, should be retained is not so surprising, as he was elected in 1906 by the small majority of 40 votes in a district which had hitherto been overwhelmingly Republican. The second defeat of J. T. McClary by Mr. Hammond in the Second Minnesota District brings to mind the fact that he resigned his position as second assistant postmaster-general to make the recent race.
 Republicans generally are delighted with their gain of two new members in the State of Oklahoma. The change will give the Republicans three of the

THE WEATHER

METEOROLOGICAL OFFICE, Toronto, Nov. 4.—(8 p.m.)—The storm which moved northwards to the Gulf of St. Lawrence, accompanied by light to moderate rain in the Maritime Provinces and a moderate snowfall in Eastern Quebec. Much colder weather has set in over Ontario, whilst milder conditions prevail in the western provinces.
 Minimum and maximum temperatures: Victoria, 54; Vancouver, 54; Kamloops, 54-58; Calgary, 34-68; Edmonton, 26-62; Battleford, 26-68; Princes Albert, 20-40; Qu'Appelle, 24-50; Winnipeg, 16-34; Port Arthur, 24-38; Farry Sound, 23; London, 24-34; Toronto, 22-34; Montreal, 26-34; Ottawa, 26-28; Quebec, 24-34; St. John, 36-34; Halifax, 32-56.
Probabilities.
 Lower Lakes and Georgian Bay—Moderate to fresh fair and cold. Ottawa Valley and Upper St. Lawrence—Moderate to fresh northwesterly wind, fair and cold.
 Lower St. Lawrence—Fresh to strong northwesterly winds; fair and cold.
 Gulf—Northwesterly gales; clearing and cold.
 Maritime—Strong winds or northwesterly gales; a few local showers or snowflurries, but mostly fair and becoming colder.
 Lake Superior—Moderate variable winds; fair, with slowly rising temperature.
 Manitoba—Fine and milder.
 Saskatchewan—Fair and mild.
 Alberta—Fair and quite mild.

MARRIAGES.
HOUSER-GRAHAM—On Wednesday, Nov. 4th, 1908, at the Metropolitan Methodist Church, Toronto, by Rev. Dr. Cleve, Miss Lucille Elliot, youngest daughter of the late Dr. J. E. Graham of Toronto, to Harry B. Houser of Toronto, son of J. H. Houser of Toronto.

IN MEMORIAM.
DARLING—In loving memory of Isabella Eccles (Bella) Darling, died Nov. 5th, 1897.
 One year has gone,
 But still we miss her;
 Never shall her memory fade.
 Loving thoughts fill always linger
 Around the grave where Bella's laid.
 —Family.

DEATHS.
HORSLEY—At the residence of H. Wood, 4th St. West, Toronto, on Nov. 4th, 1908, Isaac Horsley, in his 43rd year. Funeral from above address Saturday, 7th, at 1 p.m., at the funeral home of Order Railway Conductors, Div. 346.

CANDIDATE FOR SPEAKER.
 NEW YORK, Nov. 4.—Hon. Charles N. Fowler, chairman of the committee on banking and currency of the house of representatives and representative from the fifth district of New Jersey, from the fifth district of New Jersey, who has just been elected for the eighth time, announces himself as a candidate for Speaker in the first congress in the following platform:
 "The house of representatives shall elect a board of managers, consisting of seven members, which shall be charged with that direction of legislation which is now assumed by the Speaker of the house."

NEW YORK FINAL.
 NEW YORK, Nov. 4.—Revised tabulations of the vote for president and governor in New York State, with five districts missing for president and 14 districts missing for governor, shows a plurality for Taft (Republican) of 205,281 and for Hughes (Republican) of 197,812.
 The tabulations are based on returns received up to 8.30 o'clock to-night. The missing districts, all of which are outside Greater New York, can but slightly affect the total vote.

INDIANAPOLIS.
 INDIANAPOLIS, Nov. 4.—For the first time since Thomas A. Hendricks was elected governor on the Democratic state ticket and U. Grant received the electoral vote of the state for the Republican National ticket, Indiana has given a plurality to the Republican candidate for president and at the same time elected a Democratic candidate for governor. Whether Thos. K. Marshall, the governor-elect, will carry the rest of the state ticket is a matter of conjecture.
 According to the latest estimate Mr. Taft received a plurality of about 15,000 and Mr. Marshall was victorious over James E. Watson, Republican candidate, by 8000. The congressional representation from this state will be eight Democrats and five Republicans. The latest returns credit the Democrats with six and the Republicans five members, with two districts in doubt. The fifth with the chances favoring the Democratic candidates.
 The legislature is in doubt, but is claimed by the Democrats.

JOHNSON SAFE.
 ST. PAUL, Nov. 4.—The Despatch's last edition says Governor Johnson's majority will be between 10,000 and 15,000, and may exceed 20,000.
 With sixty counties heard from and only a fraction of them complete, Governor Johnson had a plurality of 15,455. That he was safely elected was practically assured.
 Gibbons' Toothache Gum acts as a temporary filling and stuns toothache instantly. Price 10c. 246

PRINCIPAL OF S. P. C. IS HIGHLY HONORED

Presentation of Portrait of Prof. Galbraith a Pleasant Function in Convocation Hall.

Occasionally a man comes into the fruition of his life work while there is yet time to make it complete in the stimulating joy of appreciative recognition.

Prof. John Galbraith was such a man last night when amid the plaudits and encomiums of engineers and scholars his portrait by J. W. L. Forster was presented to the governors of the university. The presentation occurred at a meeting of the Engineering Society in Convocation Hall, President Robert J. Marshall taking the chair.
 Among the members of the faculty on the platform were representatives of the board of governors were President Falconer, Sir Chas. Moss, Dean Reeve, Principal Hutton and J. M. Clark, K.C. In the audience among others were J. W. L. Forster, Chancellor Burwash, Col. Delany, Dr. Kennedy, Chas. H. Rust, city engineer, Dr. Falkenham, Mr. J. J. Cannon, Cecil B. Smith. The S.P.C. students were present in large numbers.
 The portrait, unveiled by E. W. Stern of New York, one of Mr. Forster's best efforts and most faithful likenesses, Prof. Galbraith is shown seated in a characteristic pose wearing his gown and hood and with placid smile that is famous among engineers.

The proceedings, aside from the complimentary references to Dr. Galbraith consisted largely of interesting and amusing reminiscences of the school and its faculty and students during thirty years past. The great development from the days when representatives of the former president, suggested its foundation until the present was dwelt upon with pride and satisfaction. Dr. Galbraith was given sole credit for all this.

A Successful Graduate.
 E. W. Stern, a graduate of 1880, and a consulting engineer in New York, known as the designer of the steel-work in the Singer Building, made the presentation address. He recalled the days when he attended the first year and three third year men, contrasting it with the 70 of the present day. Mr. Stern humorously recalled many technical formulae, floating and aroused much laughter. He had known no failures among Dr. Galbraith's students and many who were eminently successful.

Had Dr. Galbraith chosen to follow his profession instead of teach, he would have stood at the head of his profession in Canada. Mr. Stern referred to the engineer of the leading United States engineering paper on the report of the commission on the Quebec bridge disaster, which it described as the ablest report ever written on such a subject in any language. Dr. Galbraith was a member of this commission.

No school on the continent got such enthusiastic advertising from its students as the universal favor with which Dr. Galbraith was regarded rested on his many character and thoroughness.
 Dr. Hoskin accepted the portrait on behalf of the governors. Dr. Galbraith, he said, had made very great sacrifices for the school and he congratulated him on the well-deserved honor.

President Falconer also spoke in appreciative terms. Dr. Galbraith had done much to set before the Dominion the particular type of man an engineer should be. This was the thoroughly trustworthy, reliable man, who knew his work and could be depended upon wherever he was.

Dr. Haultain of the chair of metallurgy was the first student-president of the society 20 years ago, and he joined in the appreciative chorus which should be. This was the thoroughly trustworthy, reliable man, who knew his work and could be depended upon wherever he was.

Dr. Ellis was the next speaker and received great applause. None of those whose portraits decorated the walls deserved better of the university, he said, than the man they had met to honor.

Prof. Galbraith was greeted with cheers, the students standing and giving the faculty yell. His speech was very humorous and aroused much laughter, but he said plenty of wise and serious things also. He thought it was an education to have one's portrait painted by Mr. Forster and advised that the students should be personally. He and his fellow-professors knew their peculiarities collectively. (Laughter.)

Mr. Forster was also called upon and briefly thanked the students for the opportunity given him to make a friend of Dr. Galbraith.

FULL DINNER PAIL FOR THEM.
 NEWARK, N.J., Nov. 4.—Upon the announcement of Taft's election to-day 6,000 operatives in the city were notified that full time would be resumed next Monday. Since last April the mills have been running at part time.

Toronto Taxes for 1908.
 School rates, being the last installment of taxes for 1908, are now due and payable, and after Tuesday, Nov. 10th, five per cent will be added to all unpaid items of the same. Payment should be made at the city treasurer's office, or the usual branch offices, on or before the 10th inst. to save the penalty. 4612

\$55,000 ROYALTY.
 The provincial treasurer has received a cheque for \$55,000 as royalty from the O'Brien Mine for the last quarter. For the year \$195,000 was paid of which under the act of last session, 40 per cent will be paid to the Alpha Mining Company.

TERRANO

IS THE IDEAL FLOORING FOR RESTAURANTS, TOBACCO AND GROCERY STORES, BUTCHER SHOPS, ETC.

"Terrano" Flooring is far cheaper than Tile or Mosaic, while just as hard and durable. "Terrano" will last a lifetime. Can be laid in any color.

"Terrano" is not slippery like Tile—does not chip or crack like Tile—and has the greater advantage of being cleaner and more sanitary, because it is free of seams, which all tile floors have or develop with use.

"Terrano" can be laid so that floor and wainscoting will be one continuous sheet—fireproof and waterproof—thus enabling floors to be flushed without any water leaking through to the cellar.

"Terrano" may be applied directly to worn-out wooden floors, laid in a new house and ready for use after standing over night.

SHAREHOLDERS MEET

Continued From Page 11.
 is favorable, actual operations on the property will be continued immediately.
 Following is the report presented by a dozen shareholders in presenting the financial statement of the company for the year ending Sept. 30, 1908, your directors do not wish when any limited company does not report dividends paid upon its share capital. However, your board has the conscientiousness to disclose everything that was possible under the circumstances. The year's development has been extensive, the not productive of results in high silver values that reasonably had been looked for. During the year every economy has been practised and the operations have been conducted along most approved mining lines. During the past sixty days your board has sought the advice of three eminent mining engineers, who have expressed their most approved examinations having been made as a matter of courtesy and compliment to individual members of the board, it is deemed to use their names in connection with their reports. However, they are men of such standing in their profession that your board results to the shareholders the results of their examinations with as assurance that their reports may be relied upon. In brief their conclusions are as follows:
 "The main workings of the property (veins 5-1) have been carried to a depth of 225 feet. While the fissure vein continues strong, indicating possibly the depth of the fissure vein in the district, no high values in silver have been encountered and therefore it has been determined not to sink any shaft at this time. It is strongly recommended by all engineers that our work of drifting out under Glen Lake be continued and prosecuted as rapidly as possible, and that the diabase contact believed to exist under the lake may be full explored. It would only be possible to make this drift if the shaft were extended to the depth of water in the lake and the fact that the top of the main shaft is at a considerable elevation above the lake level."
 "The cross-cutting from vein number 8 in the direction of veins 6 and 2 is also strongly endorsed, and since this cross-cutting has been undertaken one additional vein has been discovered which, while still running only in cobalt values, indicates the wisdom of this method of development. Only the actual results of drifting and cross-cutting can demonstrate the existence or non-existence of high values.
 "Your directors have aimed to make every year a success story, and concerning the property, but are constantly confronted with the difficulty of making statements which might encourage on the one hand, or on the other hand would not do full justice to the possibilities of the property. It is just such a condition that confronts the shareholders, and the great possibilities as a result of the present outlaid development. Equally true this development may not be profitable of any greater results than during the past months, therefore it remains for your board to pursue operations along lines clearly indicated by the best engineering advice available. That it will be done expeditiously and economically is the only warrant that the board can give.
 "You will observe that since the last annual statement there have been no sales of treasury stock.
 "The present stock or ore on hand ready for shipment consists of about thirty tons of one high in cobalt but low in silver. The prospect for early shipment of high grade ore is uncertain, depending entirely upon the results of the development indicated above.
 "The results of some concentration gone on ore from the dumps confirm the belief of the shareholders concerning the value variously estimated at from \$15,000 to \$50,000. During the coming winter months when transportation is at a large quantity of this ore will be sent to the concentrator, where arrangements are in effect under terms distinctly favorable to the company.
 "The shareholders are requested to re-elect the present board of directors, a policy of rigid economy and some further reduction in cost of operation is adopted."
 "The officers were re-elected as follows: John T. Kent, president; E. F. B. Johnston, vice-president; directors, Mayor J. Oliver, Simon Byrment, C. Jackson Booth, W. H. Fisher and Geo. H. Doran.
 Harper, Customs Broker, McKinnon Building, Toronto.

Public Amusements

Clyde Fitch's latest comedy, "Girls," which will be presented here by the original New York company for week of Nov. 9 at the Princess Theatre, deals with the fortunes of the four young women who have gone to New York with the determination to fight their way in the world without the association of the opposite sex. After a struggle, however, they finally succumb to the inevitable and throw down their arms to their sworn enemies. There will be a special matinee performance of "Girls" on Monday in addition to the usual Wednesday and Saturday.

Starting Saturday matinee the Imperial will present a revival of "The Mikado." This famous opera is probably the best of the Gilbert and Sullivan productions, with the exception, may be, of "Pinafore." Its humor, its satire and its splendid, dashing music will live as long as comic opera. The cast of "The Mikado" will consist of Miss Agnes Cain Brown in the role of Yum Yum, Miss Carrie Reynolds as Pitti Sing, Miss Elvira Crox as Katisha, Miss Ruby Leslie as Peep Bo, Clarence Harvey as Ko-Ko, Harry Grant as Poo Bah, George Le Solr as The Mikado, Carl Haydn as Nanki Poo and W. H. Pringle as Fish Tuner.

"Why use the Madonna and the Child in the play?" was asked of Miss Minnie Leno, the leading woman of "The Straight Road" Company, who opens an engagement at the Grand with a special holiday matinee on Thanksgiving Day. "Are you a Roman Catholic?" she asked the actress. "Well, if you were you would know that a girl like Meil, who gets religion," as the saying goes, would be sure to have a picture of the Virgin in her room. Why should I open a sermon be preached from the stage as well as the pulpit?"

A cowboy band of excellent musicians, a trained horse that raises a flare to the signal, an attack on a gang of desperadoes and bad Indians, a real old-time stage coach and its thrilling hold-up, a great prairie fire scene, an Indian's marksmanship with bow and knives, throwing them twenty paces and pinning the heroine to a tree, are among the features of "The Gambler on the West," a frontier melodrama which will be the attraction at the Masque Theatre next week.

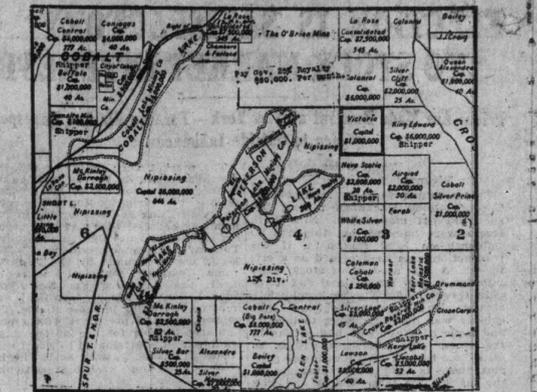

Two special nights are offered as side issues this week at the Star. Billy Watson and his merry corps of funmakers are the real people when it comes to producing laughs. To-night the chorus will enter into a singing contest, and Friday night the amateurs will hold the stage.

Drunkness a Disease.
 That can be effectually treated at Lakeshore Sanitarium Oakville, Ont. edit

Made Money on Meadows.
 QUEBEC, Nov. 4.—In connection with the fraud said to have been perpetrated by F. Meadows of Guolph at a few well-known local people in the Telegraph road race, it is said that the small cohorts of local people who brought Meadows here, or at least who were given inside information by the man or men who brought him here, cleared \$15 each on their betting after all expenses were settled.

The Horticultural Show.
 His Honor Col. J. M. Gibson, lieutenant-governor of Ontario, will make his first public appearance since assuming office on Monday next at the opening of the Ontario Horticultural Exhibition in the market arena.

COBALT--- Healthy Reaction a Welcome Event in the Markets ---COBALT

The Electrical Ore Finding Co., Limited
HAS PURCHASED
THE MINING RIGHTS ON 40 SQUARE MILES OF TERRITORY

PROFIT-TAKING WELCOMED
AS A BENEFIT TO MARKETS

Many Turnovers for Gains Cause Recession in Prices on Local Exchanges.

The reaction in to-day's Cobalt market was not unexpected. It was the logical result of continued advances on the floor. It's nothing new and strange and is exciting no strange fears among followers of the market.

The setback was inevitable in the face of conditions, and is easily explained and readily understood.

The speculating public saw an opportunity for large gains and took it.

And it may be that a further reaction will follow before the advance that is sure to follow appears again.

Similar setbacks have occurred before, but the Cobalt camp is established, and statistics prove that the values in ore that are being produced are above all estimates.

To-day big profit-taking created an active market for the mining issues. There was considerable unloading, but this was rather a boon than otherwise. Stocks have been loosened up, and brokers who have experienced difficulty in securing supplies welcomed the outpouring of securities to-day.

On the Toronto Exchange, Nipissing dropped back, and 3085 shares were dealt in during the morning session. In the afternoon 100 shares were the limit.

In New York Cobalts were strong at figures that showed only a slight drop from prevailing prices. Cobalt Central sold as high as 65, and 30,000 shares were registered. Fifteen thousand Nipissing shares were traded in at this exchange. The total sales in the New York curb amounted to over \$7,000,000.

On the local exchange Amalgamated rose to 31-1/2 and fell to 27, while Beaver went down to 62. Crown Reserve receded from 275 to 268, and La Rose, which closed at 660 yesterday, lost ten points during the day's transactions.

Little Nipissing fell to 81-2 from 65, and Peterson Lake seven points.

Silver Queen dropped to 223, and Temiskaming lost large part of its recent rise.

Ottise was strong at 60 and 59-1/2, and Chambers-Ferland advanced to 113-1/2.

Silver Leaf sold as high as 23.

The reaction in prices was most acceptable to brokers, several of whom had refused to take further orders because of the difficulty of filling them. Brokers hope the turn in the markets will last for a couple of days to enable them to catch up with their business and incidentally provide more free stocks, so that buying orders can be filled.

DIVIDEND ON QUEEN.

Bonus Omitted Because of Fire Damage to Plant.

The regular quarterly dividend of 3 per cent. has been declared on Silver Queen stock. The bonus of an extra 2 per cent., which was paid at the two previous quarters, was omitted on this occasion because of the setback in the earnings of the company from the damage to the plant by fire. A dividend of 12 per cent. per annum is what the directors of the company have aimed at, to be accompanied by such bonuses as are warranted by the output of the mine.

ENQUIRY FROM NEW YORK.

Amalgamated Closes Firm Despite an Easter Market.

Amalgamated came into further prominence on the markets yesterday, with sales as high as 32 on the curb of the Toronto Stock Exchange for several thousand shares. The market kept strong for this stock, despite a weakness in other issues, and at the close the price bid was at yesterday's high figure. A good deal of enquiry for Amalgamated came from New York today, at which point a good opinion of the company's properties is held.

GONE TO INVESTORS.

Chambers-Ferland Holds Firm in a Reactionary Market.

The action of Chambers-Ferland yesterday's market was considered to point conclusively to the fact that this stock has now got into the hands of strong holders. The announcement that a large part of the issue had been subscribed in England has no doubt had a sentimental influence on Canadian holders, who expect materially higher prices for the stock in the near future. Altho Chambers-Ferland has advanced many points within the last few days, it only declined two points from the high, notwithstanding the weakness in the market yesterday. Expectations of a good deal of enquiry for Amalgamated came from New York today, at which point a good opinion of the company's properties is held.

COMPANY'S PROSPECTS.

Cause Heavy Purchases of the Badger Stock.

Subscriptions to the Badger stock are said to surpass any offering recently presented to the public. The location of the company's property, its large area of 80 acres, and the rich ore uncovered are no doubt responsible for

COBALTS

Never in our dealings on the various stock markets have we seen such a widespread demand as now exists for the Cobalt Securities. There is a scarcity of many stocks, which causes rapid advances with new buying orders.

We are prepared to give the best service in buying and selling the Cobalts.

The markets continue to have a wonderful undertone of strength.

COBALT COBALT

Reactions are perfectly natural in a healthy market.

The market for Cobalts reacted yesterday in order to recuperate. This will not take long and our advice is to buy on the dip.

Chambers-Ferland, Nipissing, LaRose are substantial investments in the listed issues.

SELL Temiskaming and Crown Reserve. They are too high in comparison with the rest of the market.

We are prepared to accept orders for Badger, Gifford Extension, Victoria and Moose Horn or any of the listed issues.

Gifford Extension Mines, Limited

(NO PERSONAL LIABILITY)

Recognizing that the public to-day anxiously looks for opportunities to invest in legitimate Mining Enterprises.

Having carefully watched the growth and development of the Cobalt Camp from its beginning and having seen more prospects become great Shipping Mines, sending out to the Smelters of this continent Trainloads of the Richest Ore ever shipped.

More and more clearly has it been demonstrated that never were such opportunities offered to the Canadian Public as to-day.

RIGHT AT HOME, within 12 hours' ride by rail from Toronto WEALTH is exposed both on the SURFACE and AT DEPTH that the ordinary mind can only vaguely comprehend.

Many Toronto Brokers visited Cobalt recently and so enthused did they become that the entire Toronto Mining Exchange goes to Cobalt this week to spend several days inspecting the Camp.

If You Want to Know All About Cobalt and Have Not Been There

ASK YOUR BROKER ABOUT IT

Remember That in the Cobalt Camp (Only 4 Years Old) There Are To-Day More Dividend-Paying Mines Than Are Listed on All Foreign Exchanges.

Do you realize that millions have already been paid in dividends? And that even at present depth many more millions are now blocked out than have yet been shipped. Also that development on the wonderful Temiskaming veins means to every mine owner in that part of Cobalt many millions are yet to be mined at great depth. Is it possible that this great lode exists on the Temiskaming alone?

No! We are already aware that the GANS portion of the Temiskaming acreage shows a 12-inch vein running in a southerly direction, and this alone is worth the entire Temiskaming capitalization.

Does this vein stop on the GANS? No! No! This ore chute extends the whole length of the camp. Richer, of course, where it comes in contact with the diabase, and leaner in values when furthest from them.

Read our geologist's report. Observe the mention of these contacts or intrusions of diabase on the Gifford Extension.

Go there and see for yourself. You do not need to be a geologist nor yet a mining man to make comparisons of surface indications.

You will easily detect the similarity of formations. Only twenty chains south of these great veins and having an acreage with a width of over a quarter of a mile in which to pick them up, with indisputable surface evidences that WE HAVE THESE VEINS in the very centre of our property, we have no hesitation in urging the immediate purchase of this stock.

We have 50 acres. This is no mere prospect with surface indications, but a property with good veins on which genuine development has already been done.

Shafts have already been sunk, which will be continued to greater depth. The main shaft is now down 86 feet, from which point we will immediately start diamond drilling and prove up our ore bodies.

A diamond drill has been purchased, to be delivered within two weeks, and progress will be faithfully reported to our shareholders.

CAPITALIZATION \$350,000.00

Par Value \$1.00. Treasury 200,000 Shares. Stock Will Be Sold at Par.

OFFICERS :

President: Charles Gifford, Cobalt, Ont., Mine Operator. **Vice-President,** Joseph C. Houston, Cobalt, Ont., Superintendent Right-of-Way Mine; **Secretary-Treasurer,** J. C. Ritchie, Toronto.

Directors: Andrew Glendenning, Cobalt, Ont.; Fred E. Calverley, Cobalt, Ont.

This will be as Quick a Seller as the Gifford Cobalt, which has already taken a Rapid Advance.

Act Quickly—Now is Your Opportunity—See Your Broker. Gifford Extension is a Mine in the Right Location, with only a Prospect's Capitalization. Place your order with your broker immediately. Only a limited number of shares will be offered.

MOOSE HORN MINES, Limited

MONTREAL RIVER

THIRD ANNOUNCEMENT

The opportunities and advantages offered the public in the present issue of stock in Moose Horn Mines are being appreciated.

Orders already are coming in rapidly.

Moose Horn Mines will undoubtedly be one of the big shippers of the Second Canadian Cobalt—known as the Montreal River.

Capt. George Harris, who is in charge of the Mine, reports: "The vein in the Main Shaft continues to improve in both richness and width as we go down."

The Moose Horn Management have decided to instal a larger steam plant and compressor immediately, and to meet this expense a limited number of shares are offered at 50c.

The Successful Man is the man who knows a good thing when he sees it. No one can visit the Moose Horn Mines and not be convinced of its immense possibilities.

Capt. John Harris (manager of the La Rose for two years), after thoroughly examining these claims, says: "The Moose Horn Mines compares favorably with the big Cobalt properties in their early stages, and will certainly make a great mine."

Charles Gifford, who had charge of the mine until recently, states: "The Moose Horn is the Nipissing of the Montreal River—and within a short time will make a regular shipper."

As soon as sufficient stock is sold, no more shares will be available at the present low price.

Our advice is: Secure Moose Horn to-day. Wire, write or phone your order to your regular broker, or direct to

M. E. de AGUERO, - - - Room K, King Edward Hotel.

Where Samples of Ore can be seen and any information about the property will be given.

Our Advice Is Yours For the Asking

NEW GIFFORD FLOTATION WILL INTEREST COBALTERS

Gifford Extension Has Had Genuine Development and Will Ship Rich Ore.

COBALT, Nov. 4.—(From the Man on the Spot.)—Cobalt shipments for October are in excess of any previous month in the camp's history.
Nearly three thousand tons of ore went to the smelters. La Rose, Nipissing and the pioneer company, Temiskaming & Hudson Bay, were the three leaders. La Rose shipped five hundred and twenty-five tons; Nipissing three hundred and ninety-two tons, and Temiskaming & Hudson Bay three hundred and forty-three.
O'Brien, two hundred and eighty-four tons, and the Kerr Lake and Crown Reserve made rich shipments of one hundred and sixty-six and one hundred and thirty-six, respectively.
The new Gifford flotation, known as the Gifford Extension, will be of interest to Cobalters, as the genuine development on this property is known to everyone here, and it is predicted on all sides that this mine will become a shipper of rich ore when the development work planned by the engineers is proceeded with.
"The Man on the Spot" knows as an actual fact that a big four-inch vein, solid ore, cobalt, carrying silver values,

can be seen for thirty-five feet down the main shaft, which was sunk on this vein. At this depth it dipped into the hanging wall.
This shaft is down nearly ninety feet. It will be reached by crosscut and drifting done on it. Underground exploration will also be done at this depth by diamond drill.
There are several other good veins, with surface showings of cobalt, carrying silver values.
Splendid buildings have been erected, and there will not be the slightest delay in starting immediately the proposed development work. There are a good shaft house, blacksmith shop, sleep camp with accommodation for forty men, office, etc.
There is every reason to believe it will be an early shipper, and its low capitalization, backed by large treasury fund, commands consideration.
Frank Burr Mosure.

THE MONARCH.

Amongst the mining properties in the heart of the Cobalt camp there is one on which a large amount of development work has been quietly done, and of which no time heretofore has any mention been made in the newspapers. This is the Cobalt Monarch Mining Company, which owns a very valuable mining property across Saginaw Lake, from the cluster of rich mines which have made good on that now famous lake.
The company still has over two-fifths of its authorized capital in the treasury, and for the purpose of further development 100,000 shares of a par value of one dollar each are now offered to the public, as will be seen in our advertising columns to-day.
The company's management is of a high order, and the stock is thought to be a safe investment, with prospects of a great advance in price as the property is developed.

SHAREHOLDERS MEET FOSTER TO BE WORKED

Annual Meeting of Foster Company is Cordial and Well Attended.

At the annual meeting of the Foster Cobalt Mining Company shareholders held yesterday afternoon at McConkey's a general sentiment prevailed that the property owned should be worked. Of course there were one or two dissatisfied shareholders and for their benefit a statement drawn up by Mine-manager Macdonald, setting forth minutely what the prospects of the mine are, will be ready in a short time.
The meeting was entirely cordial and free from any unharmonious feelings one towards the other.
The balance sheet showed that the cash on hand and in the bank amounted to \$17,342.18, while \$24,185.42 is due from smelters and ore sales. This totals \$41,527.60.
The figures on the balance sheet were satisfactory to all present and there was a good attendance, so that in view of the fact that the surplus

Day's Doings in YORK COUNTY

RECORD NUMBER TAKE PART IN E. Y. MATCH Biggest and Best in History of Province—More than \$500 in Prizes—County News.

MILLIKEN'S CORNERS, Nov. 4.—Under weather conditions the very reverse of favorable, the annual match of the East York Ploving Association opened near here on the farm of Alex Donaldson this morning. Nothing seems to daunt the ardor of the young farmers of York County, and in the number of participants to-day's match will stand as a record. The sight of fifty-six well-tanned and well-handled teams, such as appeared on Mr. Donaldson's farm to-day, is one seldom seen elsewhere in the county.

Among scores of others noticed on the field during the afternoon were Capt. Wallace, M.P., of Centre York; W. J. Stark, manager of the market branch of the Metropolitan Bank; A. McCowan, M.L.A.; John Little, Alex Deberry, J. L. Paterson, William Milliken, Simpson Rennie, N. B. Cobble-dick, Capt. Adam, William Stiver, Ralph Horsesy, W. Woods, John Young, R. J. Cunningham, Alex. Frings, W. A. Kennedy, J. B. McLean, Reeve W. D. Annis, Deputy Reeve Paterson and Councillors Law, Ormerod and Green.

WEST TORONTO, Nov. 4.—There is some talk now that the fire hall is completed, of the firemen holding a dinner in the new hall before the equipment is moved in, and it is suggested that a complimentary concert in the hall from the firemen's benefit fund. Chief Robinson is heartily in accord with the dinner part of it, but suggests that the ladies charged with the task of choosing the best looking plowman were Miss Maggie Scott, Miss Mary Armstrong and Mrs. Harry Cowan. Sam McCure J.P., the winner, lives in King Street.

Steers, George Elliott, Gordie Scott, A. Heron, James Hood, Walter Hood, A. Doherty, Will Doherty, W. G. Ren-Striling, R. Martin, C. Mason, W. Scott, W. A. Kennedy and J. B. McLean. Honorary directors—D. Beldam, G. M. Third, George Empringham sr., and E. Abraham. Honorary presidents—W. F. Maclean, M.P.; Dr. McLean, ex-M.P.; Alex McCowan, M.L.A.; Hon. A. Campbell, William Milliken, Simpson Rennie, John Little, A. Doherty, J. L. Paterson, L. Kennedy, William Hood and A. Bell. Names at the table: Capt. Tom Wallace, M.P.-elect, and Gordie Little, two South African veterans, were great favorites with the ladies, and the envy of the sterner sex. The officers must have worked well to secure about \$500 in subscriptions. The winner of the first prize in the plow class, Robbie Cowperthwaite, has well earned his title, "the champion plowman, pro tem, in the Province of Ontario," and is probably the youngest winner to date.

South Ontario was good, but East York was better. Robert Ormerod, president; T. A. Best, secretary; George Elliott, first vice-president; Tom Weir, second vice-president, and Frank Weir, secretary, were a host in themselves. The ladies charged with the task of choosing the best looking plowman were Miss Maggie Scott, Miss Mary Armstrong and Mrs. Harry Cowan. Sam McCure J.P., the winner, lives in King Street.

BUSINESS MEN ORGANIZE TO PROTECT THE MARKET

Says Commissioner Harris' Policy Will Depreciate Value of City Property. Business men in the vicinity of St. Lawrence Market propose to organize an association to fight the policy adopted by Property Commissioner R. W. Harris, which they say, is driving the market away from the city.

A meeting will be held in the near future to discuss protective measures. Thomas Meredith, hardware merchant of 221 King Street, opposite the market, who has been in business in that vicinity for thirty-eight years, twenty-six years on his own account, stated that he had been driven away from the market by the policy of the property commissioner's office, if persisted in, will depreciate the value of the city's own property in the vicinity of the market by hundreds of thousands of dollars. He said the merchants have ground leases from the city, and if the farmers stay away from the market, as they threaten to do, values will slump one-half.

Mr. Meredith said the market was just beginning to recover from the effects of the building operations. When the new market was completed many farmers who had been staying away owing to the inadequacy of accommodations began to come back, and as soon as the old condition of prosperity was renewed the commissioner announced the policy of making the market pay by renting the building for horse shows, horticultural shows and other shows.

WANT AVENUE ROAD TERMS. Then Wychood and Bracendale Will Assess With City. An impression that the opposition petitioners before the Ontario Railway Board on Tuesday in the matter of the Wychood and Bracendale annexation were not acting in good faith has been made known to the city by W. H. Edwards of Bracendale. Mr. Edwards admitted at the hearing that he was strongly anti-annexationist on the condition or want of property imposed by the city. But he stated positively that he would welcome annexation at once on any kind of fair and reasonable terms.

"What would you consider reasonable, Mr. Edwards?" "About the same terms granted the people of the city when property was taken over by the city in 1892. "Would that be satisfactory to the other residents?" "It would be satisfactory to 98 per cent. of the residents would accept that gladly."

The terms granted to the Avenue-road district were a fixed assessment of \$100,000, and the city's share of the cost of the road was changed hands the city assessment was to govern.

"The Avenue-road district was taken over by the city in 1892, and the city's share of the cost of the road was changed hands the city assessment was to govern. Mr. Edwards stated, "Nineteen months later, owing to the turnover of property, the assessment was \$200,000. The city has been the gainer."

"Bracendale is entitled to some terms. The district has absolutely no value for the city. It is not sufficiently populated if annexation was carried out to take advantage of city improvements. There are not enough people to justify the sign petitions for local improvements."

"After the railway board gave its ruling that an order would be granted on the two petitions if terms were arranged we would like to meet the city and show that we meant what we said. It would not be fair to us without any compensation to go into the city and get no terms."

"Then we have a building bylaw and a lot of men have started their own homes and want time to finish them."

Mr. Edwards has a block of about 11 acres, 3-1/2 acres of which are exempt from the city's tax. He has 100 acres, four acres, the Boake Manufacturing Co. two acres, the Macnamaras, 50 or 60 acres, the Shuters, ten acres, and he also the Northmead, the Wakefield, the Pellatt, the Fleming and other estates.

"There is no hidden hand about it," insisted Mr. Edwards. "We think we are entitled to as good terms as the Avenue-road people, and if the city wants us we are willing to meet them."

THE ANALYST'S VERDICT.

Prof. Heys, the analyst, has this to say about "East Kent Ale." "It is absolutely pure and contains only those ingredients necessary to make a first-class article. "East Kent" is bottled and delivered everywhere by T. H. GEORGE, 700 Yonge Street.

Special meetings will be held in the Railway Y.M.C.A. on Saturday and Sunday. Saturday evening the committee on management will meet and A. G. Kanebel, of the international committee of New York will give an illustrated talk on the railwayways in action. Sunday afternoon he will address the meeting for men only.

CAUSE OF THE COLLAPSE. Verdict of Coroner's Jury in the Creas Fatality. "We find that Tomas Creas came to his death on Oct. 19, 1908, at the Harris Abattoir Works, Strachan-avenue, by the erection of a vault in the course of the Western Hospital, where he has been since the accident. Battle said he had used lime mortar when the specifications had called for cement mortar. Assistant City Architect F. G. Price said he considered the plans of the job to be proper and safe enough to pass the department. The paper charged him with being the ring-leader in perjuryism at the Sifton political meeting here.

FITTING Opp. EYE GLASSES. Requires skill and knowledge. Our optician possesses these and carelessness too. We use the best material, have good light for testing and make only moderate charges. Wanless & Co. Established 1840 396 Yonge Street, Toronto
