MONDAY MORNING OCTOBER 25 1920 40TH YEAR—ISSUE NO. 14,593 TWO CENTS

MINERS TO CONSIDER LLOYD GEORGE'S NEW PLAN GOVERNMENT AND THE MINERS HAVE RESUMED NEGOTIATIONS AND SETTLEMENT IS IN SIGHT

REFINERS HOPEFUL OF OBTAINING SOME SLIGHT AID

Chance That the Govt. Will Allow Customs Rebate on Raw Sugar.

PLAN MOST FAVORED

Ottawa, Oct. 24.—(By Canadian Press)—With the prime minister touring in the west to members of the government leaving for Geneva a week tomorrow and the Tariff Commission shortly to resume its travels, it is unlikely that important political developments will mark the next few weeks. Practically the only question of importance before the government at present is that of the sugar refiners. Since the board of commerce order was permanently suspended, after a hearing before the cabinet, the matter of assistance to the refiners, has been in the hands of Sir Henry Drayton, minister of finance.

Submit Suggestions.
The refiners have submitted a number of suggested methods whereby they might be rendered assistance. But, while a final conclusion has not been reached, it is doubtful if the suggestions can be accepted. The proposals, both of a large loan and of a rebate of customs duties on raw sugar, are regarded as raising new difficulties, also some form of assistance along the latter line has met with a certain amount of favor. In the meantime the hope is expressed that an awkward financial situation will be met by means other than those of pecuniary assistance by the government.

Tariff Inquiry in East.
The Tariff Commission, headed by Sir Henry Drayton, will probably leave Ottawa in about ten days for its hearing in the east. In all probability the commission will proceed directly to the Maritime Provinces and will take evidence in the provinces of Quebec and Ontario on the return journey.

Another four weeks or so of hearings will be necessary before the evidence is complete, and it is probable that they will begin the actual work of tariff revision, subsequently submitting its report to the cabinet council.

BRITISH COLUMBIA'S ELECTION ON DEC. 1

Premier Oliver Shortly to Issue Manifesto Outlining Government's Appeal—Set of General Principles for New Liquor Act Will Be Voted Upon.

Victoria, B.C., Oct. 24.—The British Columbia legislature was dissolved shortly after 2 p.m. on Saturday. Nomination day had been set for Wednesday, Nov. 10, with the elections on Wednesday, Dec. 1.

The present house has until Sept 21, 1921, to run, but it is seldom that any house runs for its full term. As constituted today, the house consists of 31 Liberals, 9 Conservatives, 4 Soldiers, 1 socialist, and Mrs. Ralph Smith, the only woman member, who is an independent. There is one vacancy in the house, the seat for Athol.

Premier Oliver stated that he would issue a manifesto early next week, outlining the appeal of the government to the people.

New Vote on Liquor.
Government control of the sale of liquor is such a wide question that the government has decided to submit a set of general principles for the proposed new act, and secure the benefit of public opinion at the hustings before final drafting of the measure.

The chief principles of the measure remain undisclosed, but it is freely predicted in official circles that among them will be the principle of a revocable permit to purchasers, administration by an independent commission and a refusal to allow sale by private parties.

Labor and Conservative forces are preparing for an energetic campaign.

SOLDIER-ABORN CONSIDER ATTITUDE FOR COMING SESSION

Better Understanding Likely Following Caucus at Labor Temple.

DENIAL OF FRICTION

Adjourned to Saturday, November 20, the special caucus session of the combined forces of the Soldier-Labor elected members to the Ontario provincial legislature and the executive of the Independent Labor Party held Saturday afternoon and night, discussed many amendments to provincial acts now in force and conducted the meeting with the utmost harmony. This was the statement given to The World last night by J. W. Buckley, president of the Ontario I.L.P.

No definite plans were formulated, and the adjournment was made to ensure that all the elected members to the provincial house could be present and remain during the entire session, which many of those present Saturday afternoon were unable to do. All the elected members were present on Saturday, with the exception of Carl Homuth, M.L.A., Kitchener, who was unavoidably detained in Kitchener.

Both J. W. Buckley and Roland (Continued on Page 5, Column 2).

GOVERNMENT AND THE MINERS HAVE RESUMED NEGOTIATIONS AND SETTLEMENT IS IN SIGHT

Will Urge on Premier Meighen Re-establishment of Wheat Board

Wynyard, Sask., Oct. 24.—Four hundred farmers and business men, representing grain growers and commercial bodies of a large area in east central Saskatchewan, last night decided to send a delegation to meet Premier Meighen and Hon. J. A. Calder in Winnipeg tomorrow to urge the re-establishment of the wheat board.

The meeting was emphatically of the opinion that good results from the wheat board could only be expected if James Stewart was again chairman, and Riddell, vice-chairman. They did not favor the re-establishment of the board as a permanent body.

Lloyd George Offers New Formula, by Which, in Return for Higher Wages, the Output Will Be Increased

—Full Miners' Executive to Meet Cabinet in a Few Days—Emergency Bill May Not Be Pressed—Railway Strike Postponed.

London, Oct. 24.—Lloyd George, cabinet members and representatives of the striking coal miners conferred for three hours in the premier's official residence in Downing street today, and after the miners' delegates had departed the cabinet members continued in session with Lloyd George.

After the meeting with the government leaders the miners' executive body went into conference, which lasted until 4.30 p.m., and then adjourned until tomorrow afternoon. The conversations with Lloyd George and the other members of the government will be resumed in Downing street tomorrow morning. It was announced.

Hope seemed to prevail that there would be a settlement of the coal strike as a result of the renewal of the direct negotiations between the miners and the government. Meanwhile, neither side has disclosed the nature of these negotiations, but according to unofficial reports, Mr. Lloyd George suggested some new formula which would satisfy the government, that if a two shillings advance in wages was conceded it must be accompanied by an increase of output. Nothing is known of the nature of this formula, but there seems to be a strong belief that the full executive committee of the miners' federation will meet the government within a few days of a basis which can be submitted to the miners for acceptance or rejection.

The miners always have contended, and in this contention have been supported by J. H. Thomas, secretary of the Union of Railwaymen, that it is impossible that they guarantee the output of coal because they do not control the machinery. Further, they have accused the coal owners of restricting output.

At the conference this morning in Downing street, in addition to Mr. Lloyd George, the government representatives present included Andrew Bonar Law, the government leader. (Continued on Page 5, Column 5).

ITALY ON VERGE OF MILITARY COUP?

Nationalist Press Hails D'Annunzio as a Suitable Dictator.

London, Oct. 24.—The London Times correspondent at Milan sends a despatch in which he says that Italy, which two months ago seemed on the eve of a Bolshevik upheaval, now gives the impression of being on the brink of a military "coup d'etat."

"The Nationalist press," he asserts, "is calling for a military dictatorship as a remedy against rampant Bolshevism, and hails d'Annunzio as a suitable dictator. Avanti, the socialist organ, however, alleges that d'Annunzio recently appealed to Moscow for military and moral aid, and was approved by Lenin as an instrument of the soviet government. All the republican papers are in accord in deprecating violence from any source."

As Premier Giolitti is regarded in some quarters as either incapable or unwilling to give a strong government, his position is shaken, and it is regarded doubtful if he will remain long in power.

STRUCK BY CAR, CYCLIST KILLED

Harry Waters Victim of Fatal Accident on St. Clair Avenue.

Harry Waters, aged 45, died last night in the general hospital from injuries received at 4.15 p.m. when he was knocked from his bicycle by a civic street car at the corner of St. Clair avenue and Warren road. The body was taken to the morgue and the head coroner notified. J. Wilson, 5 Helena avenue, motorman on the car, was not held by the police.

According to the story told by Wilson to the police the man was riding his bicycle east on St. Clair when at Warren road he suddenly turned north, getting right into the way of the approaching street car. Also he is said to have applied the brakes, Wilson was unable to avert the accident as the man's appearance in front of the street car was so sudden.

The injured man was taken to the office of Dr. Gaelle, 73 Warren road, who had him removed to the general hospital.

IRISH FINANCIER ARRESTED IN HOME; MORE IN JAIL IN RADS

Shop Attendant Is Killed by Two Men Said to Have Worn Uniform.

Belfast, Oct. 24.—The police and military Saturday night arrested Bernard O'Rourke, a prominent Irish financier, at his home in Inglewood, County Monaghan, and conveyed him to the barracks at Dundalk. No announcement of the charges against him was made.

O'Rourke is director of the famous Belleek, Fermanagh, pottery works, and large owner of land in County Monaghan. His home was recently raided and searched by the authorities.

Shop Attendant Shot.
Dublin, Oct. 24.—James McCormack, a shop attendant, was shot by two men, said to have been in uniform, when he entered the shop on North Brunswick street Saturday night. The victim died later in the hospital.

Four persons are reported to have been wounded in police raids in Sackville and O'Connell streets last night. While congregations were leaving the Catholic churches this morning, soldiers posted on street corners searched suspected persons carefully for arms.

MAN AND WOMAN STRUCK BY MOTOR

Later Has Both Legs Broken—Occurs on Yonge St.—Driver Is Arrested.

Struck by a motor car, alleged by the police to have been recklessly driven, and at a fast rate of speed, by Marshall Blakeney, 48 Carlton street, on Yonge street, north of Farnham avenue, last night, two persons were seriously hurt. Blakeney was arrested by P.C. McCartney, of Belmont street, on a charge of criminal negligence.

The two persons injured were: Josephine Short, 3 St. Clair avenue east, who had both legs broken and was taken to the General Hospital; and Richard Kidney, 285 Waverley road, who had his left leg broken and was also taken to the General Hospital.

One Autoist Fled.
Another man, whose name is unknown to the police, but who was also a passenger in the car with Blakeney, fled from the scene after the second accident, and it is quite likely that Blakeney would have also made good his escape, temporarily at least, had it not been for a youth named Allan Lampert, 132 Alexander boulevard.

Blakeney, according to the police, was driving a "baby grand" Chevrolet car north on Yonge street, when, just above Farnham avenue, he knocked to the street and ran over Miss Short. Richard Kidney, who witnessed the accident, noticed that Blakeney had no intentions of stopping his car, and so rushed out into the street in front of the auto, gesticulating the driver to stop. Not heeding Blakeney's alleged attempt to have put on more speed, and knocked Kidney to the street in passing. It was then that Allan Lampert made his appearance. Running from the sidewalk, he jumped onto the running board of the car, and snatching the levers from the driver's hands, stopped the engine.

Both Motorists Ran.
Both Blakeney and his friend jumped from the car and commenced running south on Yonge street, with Lampert at their heels. They soon separated, however, both taking different courses, and Lampert continued after Blakeney. Finally Lampert spied P.C. McCartney, and quickly making him familiar with what had happened, the constable also took up the chase and soon ran to earth Blakeney, who was wounded at Belmont street station, where the above charge was preferred against him.

Blakeney was said by the police to have been under the influence of liquor.

QUEBEC VILLAGE SWEEPED BY FIRE

Practically Whole Business Section of Stanislas Is Destroyed.

Montreal, Oct. 24.—Five homes, one hotel, two stores, a blacksmith's shop and a hayshed were destroyed by fire at Stanislas, Que. near Valleyfield, on Friday morning, the damage being estimated at between \$150,000 and \$200,000.

The flames started in a defective chimney and, aided by a strong wind and the lack of adequate fire-fighting apparatus, spread through the village. Nine families have been driven from their homes, and practically the whole business section of the village is wiped out.

Requests for aid were sent to Valleyfield, which was unable to afford help, and later the fire brigade of Malone came, but only when the fire was practically out. No serious injuries are reported.

MAN AND WOMAN STRUCK BY MOTOR

Later Has Both Legs Broken—Occurs on Yonge St.—Driver Is Arrested.

Struck by a motor car, alleged by the police to have been recklessly driven, and at a fast rate of speed, by Marshall Blakeney, 48 Carlton street, on Yonge street, north of Farnham avenue, last night, two persons were seriously hurt. Blakeney was arrested by P.C. McCartney, of Belmont street, on a charge of criminal negligence.

The two persons injured were: Josephine Short, 3 St. Clair avenue east, who had both legs broken and was taken to the General Hospital; and Richard Kidney, 285 Waverley road, who had his left leg broken and was also taken to the General Hospital.

One Autoist Fled.
Another man, whose name is unknown to the police, but who was also a passenger in the car with Blakeney, fled from the scene after the second accident, and it is quite likely that Blakeney would have also made good his escape, temporarily at least, had it not been for a youth named Allan Lampert, 132 Alexander boulevard.

Blakeney, according to the police, was driving a "baby grand" Chevrolet car north on Yonge street, when, just above Farnham avenue, he knocked to the street and ran over Miss Short. Richard Kidney, who witnessed the accident, noticed that Blakeney had no intentions of stopping his car, and so rushed out into the street in front of the auto, gesticulating the driver to stop. Not heeding Blakeney's alleged attempt to have put on more speed, and knocked Kidney to the street in passing. It was then that Allan Lampert made his appearance. Running from the sidewalk, he jumped onto the running board of the car, and snatching the levers from the driver's hands, stopped the engine.

Both Motorists Ran.
Both Blakeney and his friend jumped from the car and commenced running south on Yonge street, with Lampert at their heels. They soon separated, however, both taking different courses, and Lampert continued after Blakeney. Finally Lampert spied P.C. McCartney, and quickly making him familiar with what had happened, the constable also took up the chase and soon ran to earth Blakeney, who was wounded at Belmont street station, where the above charge was preferred against him.

Blakeney was said by the police to have been under the influence of liquor.

PROTEST SEVERING OF MARRIAGE TIES

Anglican Synod Executive Scores Action of Quebec Clergy and Courts.

Winnipeg, Man., Oct. 24.—The following resolution was adopted by the executive council of the General Synod of the Church of England in Canada at its meeting here Saturday:

"Resolved: That this executive council of the General Synod of the Church of England in Canada hereby puts on record its firm protest against the action taken by the ecclesiastical authority of the province of Quebec and the civil courts of the province of Quebec in annulling marriages solemnized according to the civil law of the province, and promises its full sympathy and aid to the authorities of the church in the two dioceses of the provinces in such constitutional action as they may take to remove all doubt as to the validity of marriages so solemnized according to civil law."

SPANIARDS AND MOORS IN TWELVE-HOUR BATTLE

London, Oct. 25.—An undated despatch reports that the London Times received a 12-hour battle between the Spaniards and the Moors in Morocco, in which the Spaniards lost 22 men killed and 105 wounded, the majority of these being native troops. The Moors are said to have suffered severe losses.

The Spaniards were advancing southward from Sthesuan and encountered a strong force of the Moors.

MOTOR CAR TRAGEDY IN OTTAWA SUNDAY

Young Woman Is Instantly Killed, Man Seriously Hurt—Hit by Street Car.

Ottawa, Oct. 24.—Miss Edith Manchester, 24 years of age, of Ottawa, was killed almost instantly and D. A. Hart, a young farmer from North Grey, was seriously injured in a Rideau street this afternoon when an automobile in which they were driving collided with a street car. The rear wheels of the street car passed over Miss Manchester, inflicting fatal injuries.

Mr. Hart was dragged by the fender about 75 feet. He was rushed to Rideau street Hospital and within an hour tonight had not regained consciousness. He has serious injuries on his head and face. Witnesses of the accident say that Hart, who was proceeding north along Nelson street, slowed up to let a westbound car pass, and then, in attempting to cross behind it, was hit by a trolley car going east. Miss Manchester was the first of Mr. and Mrs. W. F. Manchester of this city.

MEIGHEN TO SPEAK IN WINNIPEG TONIGHT

Winnipeg, Man., Oct. 24.—Hon. Arthur Meighen, prime minister of Canada, passes thru Winnipeg this evening on his way to Portage la Prairie, where he will spend the night. The premier returns to Winnipeg at noon tomorrow and in the evening will deliver here the first speech in his western tour. On Tuesday night Mr. Meighen will speak in Detroit and then will proceed to British Columbia for a series of meetings.

FAMOUS SNIPER PASSES.

Late Sergt. Maurice Cecil Carradus, who will be buried with military honors in Mount Pleasant Cemetery this afternoon. He went overseas with the first contingent, and was wounded and sent back to Canada in 1915, re-enlisting in the 74th Battalion. He was again wounded and invalided home in 1917. While in England he was awarded first prize in a snipers' competition in which there were hundreds of contestants.

BODY OF WOMAN IS FOUND IN BAY

Police Have No Clue to Identity—No Inquiries Are Made.

Two residents of Island Park made the discovery on Sunday morning of the body of a middle-aged woman floating in the bay off Centre Island. The body was removed to the morgue, but it was announced there at a late hour last night that no inquiry had been made, and the identity of the woman is unknown.

The description of the woman as given at the morgue last night was as follows: aged about 50 years, height, 5 ft. 4 inches; brown hair, blue eyes. She was wearing a gray sweater coat, a dark serge suit, a black straw hat with bead trimmings, a sleeveless underwaist lined with red flannel, grey gloves, black boots and stockings. Her fingers were unadorned with jewelry, and there was nothing found on her person to identify her.

Not in Water Long.
That the body had not been in the water for any lengthy period was evident by the state of preservation it was in. Several residents of Centre Island, according to the police, believe that the body was that of a woman they had seen in the vicinity on Saturday afternoon.

Whether the woman ended her own life or met death accidentally the police are not in a position to say. With the woman identified, however, a motive for suicide may be revealed.

D. A. Stephens and H. Kitzman, residing at 6 Angola avenue, Island Park, made the discovery.

FATAL RIOTING IN CAPE COLONY

14 Killed and 30 Wounded in Fight Between Military and Natives.

Port Elizabeth, Cape Colony, Oct. 24.—Fourteen persons were killed and about 30 wounded in a clash between natives and troops and police Saturday following the arrest of Masal Ababa, president of the Native Workers' Union. The fighting began when a crowd tried to rescue Masal Ababa from the police station. After two or three vain attacks the mob succeeded in entering the station, whereupon the police called for the soldiers, who fired upon and dispersed the mob.

Among the dead were two Europeans, while several Europeans were wounded.

SPRACKLIN DARES MOUSSEAU TO QUIT

Widening Cleavage Between Various Officials Now at Crisis Point—Rev. Mr. Spracklin Says It Is Up to Chief Inspector Mousseau to Carry Out His Threat of Resigning.

Windsor, Ont., Oct. 24.—(By Canadian Press)—Dissension is gradually effecting a wide cleavage between the various official agencies aiming towards the enforcement of the Ontario temperance act, along the Michigan-Ontario border. Over the week-end matters were brought to a crisis by the threat of Chief License Inspector Mousseau that he would resign from office unless Rev. J. O. L. Spracklin and his band of special agents were dismissed forthwith, or placed under his jurisdiction, evidently with the view to permitting him to dismiss them himself.

Spracklin is Unperturbed.
Tonight, Rev. J. O. L. Spracklin, in commenting upon Mr. Mousseau's threat, merely remarked: "Well, I guess it's up to him to carry out his threat."

"Not if I know it. I intend going after things harder than ever. I have lost some of my men, but I will soon have more to replace them. The whole trouble is that we are being persecuted, from all angles, either by the bootleggers themselves, or by those who have some interest in the bootlegger's welfare. Those gentlemen are trying to put us out of the business, but we're not doing them much good. We're here to stay and to get them all. Perhaps that is the reason; they know we'll get them yet."

Intense Hostility.
One worthy feature of the clash which has developed between the prohibition forces and which extends to local police forces in the various border cities, is the intense personal hostility which is manifested towards Mr. Spracklin personally. Mr. Spracklin attributes this to the fact that many of his arrests, with following convictions, have been tantamount to treading upon official toes.

Try to Burn Launch.
Late Saturday afternoon an attempt was made to burn Rev. Mr. Spracklin's new launch, then in dry-dock at Detroit undergoing repairs. The damage was slight.

Gasoline had been poured into the bottom of the boat, and an electric wire connected with the pump, which blazed immediately the engine was turned over.

WIDENING CLEAVAGE BETWEEN VARIOUS OFFICIALS NOW AT CRISIS POINT—REV. MR. SPRACKLIN SAYS IT IS UP TO CHIEF INSPECTOR MOUSSEAU TO CARRY OUT HIS THREAT OF RESIGNING.

Windsor, Ont., Oct. 24.—(By Canadian Press)—Dissension is gradually effecting a wide cleavage between the various official agencies aiming towards the enforcement of the Ontario temperance act, along the Michigan-Ontario border. Over the week-end matters were brought to a crisis by the threat of Chief License Inspector Mousseau that he would resign from office unless Rev. J. O. L. Spracklin and his band of special agents were dismissed forthwith, or placed under his jurisdiction, evidently with the view to permitting him to dismiss them himself.

Spracklin is Unperturbed.
Tonight, Rev. J. O. L. Spracklin, in commenting upon Mr. Mousseau's threat, merely remarked: "Well, I guess it's up to him to carry out his threat."

"Not if I know it. I intend going after things harder than ever. I have lost some of my men, but I will soon have more to replace them. The whole trouble is that we are being persecuted, from all angles, either by the bootleggers themselves, or by those who have some interest in the bootlegger's welfare. Those gentlemen are trying to put us out of the business, but we're not doing them much good. We're here to stay and to get them all. Perhaps that is the reason; they know we'll get them yet."

Intense Hostility.
One worthy feature of the clash which has developed between the prohibition forces and which extends to local police forces in the various border cities, is the intense personal hostility which is manifested towards Mr. Spracklin personally. Mr. Spracklin attributes this to the fact that many of his arrests, with following convictions, have been tantamount to treading upon official toes.

Gasoline had been poured into the bottom of the boat, and an electric wire connected with the pump, which blazed immediately the engine was turned over.

PORT HURON PEOPLE ARRESTED; WHISKEY SMUGGLING IS CHARGED

Cleveland, Ohio, Oct. 24.—Mr. and Mrs. Clarence Kurz and Quinton Barrett of Port Huron, Ont., were arrested here today, when they docked in their launch, the Faith, charged with violating the Volstead law. Ten cases of whiskey, which they are alleged to have smuggled, were confiscated.

DAYLIGHT SAVING HAS ENDED IN BRITAIN

London, Oct. 25.—The annual summer daylight saving, spell in Great Britain ended at 3 o'clock this morning, when all clocks were set back to 2 o'clock.

THE CUT IN PRICES.

This week promises to see further cuts in prices. Perhaps also reductions in wages by letting out some of the employees. Rents must come down, and houses cannot be sold at the high prices of four months ago. Building material must come down. But men in the building trades say that their wages cannot be lowered until rents, shoes and boots, sugar, barbers' charges, restaurant charges drop first. The government at Ottawa, the one at Toronto, and many municipal councils of the cities are saying the peg must be put in against further increases in pay, and that all unnecessary employees, clerks, etc., must be let out and jobs doubled up. There is to be a big doubling up in many public offices.

MEN'S SUITS

150 Men's, Young Men's and Youths' Suits—Broken lines and odd sizes from our stock and a number of suits from the Eaton Workrooms, that are called "Seconds"; suits that will not pass the examiner on account of small defects, such as slightly shaded cloths, others with drop stitches in the materials, defects which will not allow them to enter the regular stock, but which in no way should hurt their wearing qualities.

Suits are all grouped and offer a choice of regular two and three-button models for men of regular build and of average or medium height. For young men and the youth are semi and fitted single or double-breasted styles in plain, all-around or half-belted fashion.

Materials are all-wool, union wool and cotton and wool in tweed, chevot, homespun and cotton worsted finishes. Medium and dark greys, fawn brown, olive and navy blue, in plain or fancy weaves.

Not every size in every line, but in the lot for the early shoppers, sizes 33 to 44. Special price Tuesday 13.75

MISSSES' WEAR

Misses' All-Wool Serge Skirts, back and sides are gathered beneath, all-round belt. Colors navy or black, 23 to 26 inch waist, 31 to 36-inch length. Special. 2.95

Misses' Skirts of All-Wool Jersey Cloth, patch pockets, tucked inset centred by a button-trimmed strap. Colors, rookle, brown, taupe and Pekin blue; 23 to 26-inch waist, 31 to 37-inch length. Special 4.95

Misses' Silk-faced Poplin Dresses, embroidered. The collar is in the attractive tuxedo shape, white stitched down cuffs finish the sleeves. Colors navy, copan, taupe, or black; sizes 14 to 20 years. Special 13.75

Misses' Dresses of Satin—Embroidery is introduced in the front of the round neck, which is bound in contrasting color. Satin-covered buttons hold back the cuff frills, which reveal the lining that matches the neck binding. The waist is lined with white silk, lace edged at neck. The soft crushed girde closes at side. Colors navy and rose, taupe and blue, brown and sand, or all black. Sizes 14 to 20 years. Special 23.75

Cotton and Wool Gabardine in navy and black. Width 46 inches. Special price, per yard 1.29

MONDAY MORNING, OCTOBER 25.

Have the Sugar Refiners a Case?

The Financial Times of Montreal writes to remark:

Are the people of Canada essentially honest?

Is the government of Canada an honest government? These seem to be the issues that are apparently overlooked by the newspapers, who, with practically one accord, are condemning the efforts of the sugar refiners of Canada to get the government of Canada to live up to the agreement made with them on the government's behalf by the board of commerce.

We need scarcely discuss the honesty of the Canadian people. There is no pretence that any bargain was made between the sugar refiners and the consuming public. Was there a bargain made between the sugar refiners and the Dominion government?

The Financial Times says there was such an agreement made and entered into by the board of commerce in the name and on behalf of the government. If this agreement was reduced to writing, a copy should be available for publication, but we gather from the brief of the sugar refiners, and the article in The Financial Times, from which we have quoted, that the only evidence of any agreement is to be found in some remark made at some time or another by the board of commerce or some member thereof. It is claimed that when the board of commerce fixed the price of sugar some time ago, the refiners were assured that the price-fixing power of the board, which had been exercised to protect the consumer against a rising market, would be exercised later on if necessary to protect the refiners against a falling market. Indeed, it is claimed that the whole thing was a bargain freely entered into on the one hand by the refiners, and on the other hand by the government, and The Financial Times inquires:

Is the government so powerless as to be unable to carry out a contract, made in its name and in its behalf, after it, or the people it represents, have enjoyed all the advantages of the undertaking, merely because to do so involves some financial sacrifice? Now let us say to The Financial Times and the sugar refiners, that no bargain of any kind was made. The sugar refiners did not voluntarily agree to sell at a certain price, but they were commanded by the government to sell at that price. Price control was not only exercised over sugar, but over wheat, flour and many other commodities. The western farmer a year ago had to part with his wheat to the government for a hand payment of \$2.15 per bushel, although he could sell it for \$2.65. He made no bargain one way or the other; he either had to take the government price or have his wheat remain unsold. The price fixed for sugar by the government was a price which realized a profit to the refiners, as the spectacular rise in the price of sugar stocks abundantly proves. The refiners say now they might have made more money had they been allowed to export, but that is a matter of guess work. At any rate, an embargo upon the export of nearly all food commodities prevailed in Canada for years.

Not only was no bargain made by which the sugar refiners were to sell cheaply at one time, in consideration of being allowed to sell at a higher price some other time, but the board of commerce had no legal power to enter into any such arrangement on behalf of the government. Its attempt the other day to place an embargo upon the importation of sugar was declared to be illegal, first by the minister of justice, then by the governor-in-council, and finally by the refiners themselves, speaking thru Huntley Drummond on Wednesday last. Even The Financial Times virtually yields this point when it says:

Granting that the board of commerce is without legal power to apply to the situation the remedy of its making, what about the equity of the case? Well, what about the equity of the case? The refiners are unable to produce any agreement with the government, and the so-called "agreement" with the board of commerce is admitted by them to be illegal. Even if such an agreement had been within the powers of the board, it would still be illegal for want of any consideration. When a man talks about the "equity" of his case, he must mean, if he means anything, that he appeals from the law of the land to the conscience of the people. What on earth have the people of Canada on their conscience? They paid for every pound of sugar they bought, and they paid the refiners a handsome profit. The refiners made so much money that

they lost their heads and started to speculate in raw sugar. They bought supplies far beyond their needs, at extravagant prices, hoping to reap from the consumer an extravagant profit. For reasons beyond their control, the market suddenly went down. Instead of going up, and they got badly stung. Profiteers, speculators, and even prudent business men got badly stung buying hides, wool, cotton, and other commodities which went down the toboggan with such velocity that some of them are below pre-war prices. These men are not asking for any bounty out of the public treasury, or any license to unduly tax the consumer. They put their money on the wrong horse, and that is the end of the matter. Export embargoes and price control were exercised over many commodities, including sugar, but only the sugar men are foolish enough to pretend that the price control represented a bargain of some kind.

This country has burdens enough without coming to the relief of speculators, gamblers and profiteers. The sugar refiners are merely pleading the baby act, and have no more ground for demanding government help than any other class of business men suffering from the fall in prices. Their case, they admit, has no legal support, and they have no more equity on their side than have the men who lost money at the races. The government permits race-side betting, regulates it, requires the betting to be done thru a certain machine, and takes a rake-off on the winnings, but that does not make it liable in law or in equity to the men who plunge on the races and lose money they cannot afford to lose. The government at one time exercised price control over sugar, but the government did not guarantee the sugar refiners against a falling market, or against the disaster that always follows reckless speculation.

Paper and Sugar.
The campaign of The World to get a reduction in the price of sugar is bearing fruit and reductions are now in order and are likely to continue almost daily. The candy manufacturers that threatened to import American sugar now say they are giving the Canadian refiners a chance if they quote American prices plus the Canadian duty. A lot of the sugar held in Canada for speculators' profits will be steadily forced upon the market from now on—at the loss of the speculator and probably because of the pressure of the banks that made advances on it. Stored sugar doesn't improve with time or dampness.
And a drop in the price of newsprint is coming from the way the shares in paper mills are being cut by the brokers who are buying to sell to investors. There are big stores of paper in many places and the number of new mills and enlarged mills will triple the output of Canada from now on. The paper mills will soon be looking for purchasers of paper as well as for purchasers for their watered stock.

Remark in Passing.
Probably the next thing we will hear of in British Columbia is a demand from the bootleggers for compensation.
It is too bad to take advantage of MacSwiney's condition, and by administering nourishment, spoil his record as a fighter.
As it was the votes of mere lads that caused the British coal crisis, the tie-up might fittingly be termed the minors' strike.
Many parched persons, when they hear the strains of "Land of Hope and Glory," will just naturally be unable to avoid thinking about British Columbia.
Burblesque show press agents often allude to the leading comedians as mirth manufacturers. Perhaps it is because some of them use such a lot of raw material.
In the matter of prices, it can be said that the retreat of the Toronto restaurateurs is an orderly, not to say dignified, one, and gives no signs of developing into a rout.
After all, the girl who feels that she is not cut out for stardom in the movies is no more a rarity than the man who doesn't believe he could show 'em all how to write a scenario.
With railway passenger rates so high, it is possible that thirsty easterners will organize an old-time caravan trek across the great Canadian desert to the new oasis on the Pacific Coast.
A young lady was heard to remark at the Verity-McGill contest on Saturday that she had always thought rugby was a species of water polo, as the accounts of the games mentioned "punts" so much.

CANNOT CARRY ARMS WITHOUT A PERMIT
Dublin, Oct. 24.—It is a criminal offence in Ireland to have arms without a permit. The Sinn Feiners have plenty of weapons and pay no attention to permits. When caught they are sentenced to terms of imprisonment from six months to a year. They have obtained their arms by taking them in raids from the people who have permits.
Permits have been more numerous in Dublin than anywhere else in the south and west. But, by a special military order, all permits in the Dublin district have now been withdrawn and the holders have been required to hand up all arms in their possession. Hereafter, any person having arms, ammunition or explosives, will be prosecuted.

KILLED UNDER AUTO
Ogdensburg, N.Y., Oct. 24.—Morenois S. Norton, 31 years old, of Alexandria Bay, N.Y., was killed near here today, when an auto driven by his father, Stephen Norton, ran into a ditch. The younger man was pinned under the machine and his neck broken. He died while being taken to the Ogdensburg Hospital.

LOOK FOR CUTS IN STEEL
The tender conditions of the iron and steel industry has changed decisively this month, and the markets are developing some of the characteristics in other grades of pig iron and pronounced degree. While it was recently asserted that early price declines were not to be expected, each week of late has brought yielding in some department, and there is now general expectation now that further reductions are in prospect. Current quotations disclose downward revisions on several grades of pig iron following the previous easing, and the anticipated break in coke prices has finally materialized, with recessions of

SUGAR AT SIXTEEN CENTS

DEFLATION IN BUSINESS MAKES GREAT HEADWAY

Public Resistance to High Prices Continues and Commodity Quotations in Most Lines Drop Steadily—Acceptance of Cuts in Wages Significant of Changed Labor Conditions.

New York, Oct. 24.—Dun's Weekly Review says: Withering of the scope of the economic readjustment which began some time ago is unmistakably reflected in reports from practically every industry and trade of importance, and in the different statistical barometers that indicate the trend of conditions. After a period of unsettlement and embarrassment, due to unnatural stimulus, business is now experiencing the inevitable reaction, with varying degrees of unsettlement and embarrassment, accompanying the transition. From the abnormally low levels of last year, failures have risen abruptly in both number and magnitude, showing that many of the weak spots are coming to the surface, and liquidation is being forced in not a few instances by the sharply curtailed consumption and restrictions on bank accommodation.

Cuts in Wages.
Public resistance to high prices, which has become an increasingly familiar phrase in many quarters, has made for accumulations of goods in distributing channels, while the spread of idleness at manufacturing establishments has tended to automatically lower the general purchasing power, and to cause a reversal of the attitude of labor organizations. The acceptance of wage reductions by some workers, as an alternative to unemployment, places further emphasis upon the changed conditions prevailing, and it is all the more significant that such developments as these are appearing at a time of the year when business should normally be gaining in activity. As elements in the existing depression, the unseasonably mild weather in parts of the country and the uncertainties occasioned by the impending national elections are not to be disregarded, but these are merely secondary factors in the business readjustment.

Doubters Convinced.
After twenty-four consecutive weeks, during which a representative list of wholesale quotations has disclosed a preponderance of recessions, it can no longer be logically asserted that the present price deflation is merely a passing development, the downward movement in some quarters, in point of fact, has been much more rapid and severe than is commonly appreciated, and the recent contention that prices would not soon return to a pre-war level does not now hold good in the case of certain commodities. That reaction from the previously inflated basis was inevitable, close observers of economic conditions had clearly recognized, but the change has apparently come as a surprise to those interests who had seemingly imagined that unnatural prices could continue indefinitely. Such an expectation has led to embarrassment and loss in not a few instances, and liquidation of merchandise at concessions, which has been mainly forced by consumers' disinclination or inability to absorb goods in the former extravagant manner, demonstrates the weakened position of many sellers. Predictions that some prices have not reached bottom may prove to be well founded, but there is no indication that the readjustment, as a whole, has yet been completed.

KILLED UNDER AUTO
Ogdensburg, N.Y., Oct. 24.—Morenois S. Norton, 31 years old, of Alexandria Bay, N.Y., was killed near here today, when an auto driven by his father, Stephen Norton, ran into a ditch. The younger man was pinned under the machine and his neck broken. He died while being taken to the Ogdensburg Hospital.

LOOK FOR CUTS IN STEEL
The tender conditions of the iron and steel industry has changed decisively this month, and the markets are developing some of the characteristics in other grades of pig iron and pronounced degree. While it was recently asserted that early price declines were not to be expected, each week of late has brought yielding in some department, and there is now general expectation now that further reductions are in prospect. Motion for particulars dismissed without costs; petition dismissed with costs to include motion to change venue.
Magee v. Hodgins.
East Simcoe; Hart v. Johnston. Same counsel and same result as in the Centre Simcoe case.

STEAMER WASHBURN TO BE A TOTAL LOSS
Vancouver, B.C., Oct. 24.—Private advices received today by Edward Farr, general agent here for the White Pass and Yukon route, stated that the steamer Washburn, sunk in six feet of water near the Little Salmon River, 160 miles down the Yukon River from White Horse, will be a total loss. According to Mr. Farr, the past month has been the heaviest in the annals of Alaskan and Yukon interior navigation.

The Boys Behind the Gun.
From The Sunday World.
The boys behind the gun of the high price of sugar is the Wholesale Grocers' Guild and the pull they have on the retail trade. Of course, there's some kind of a deal between the sugar refiners and the wholesale grocers. The retail grocer is afraid of his life if he doesn't do what the wholesale grocer orders him to do. If he doesn't he'd have to go out of business.
The attorney-general of Ontario has a suit against the wholesale grocers' association to dissolve it, and it is now current rumor that they will not defend themselves, let judgment go against them, and an order issue for the breaking up of their combine. But Mr. Raney is not going to stand citizens get ready for a big break in the price of sugar early next week to be off. If possible, the importation of a lot of American refined sugar by the U.F.O. and other big dealers. There's a lot of things going to break over the sugar situation. They say that O'Connor understands it all.

The Gas Company.
The seventy-second annual report of the Consumers' Gas Company was issued on Saturday. The quantity of gas sold during the year was 10.23 per cent greater than the previous year, and the customers increased 2,760. The profits realized for the year were \$1,240,274.47, against \$955,417.77 the previous year, when \$127,064.41 had to be borrowed from the reserve fund. The surplus of \$123,708.93 on profit and loss account this year has been returned to the reserve account. The report announces the retirement of Sir Edmund Osler from the directorate after service in this connection since 1901.

THE HOUSE 'ROUND THE CORNER

By GORDON HOLMES

CHAPTER XII.—Continued.

Seen in a clear and penetrating light, and closely examined at an hour when each line stood out boldly, the face of the figure revealed certain peculiarities. Artists in stained glass seldom attempt to convey subtleties in flesh tints. At least, their craft is mainly decorative, and effects are obtained by judicious grouping of colors, each of a distinct tone value, rather than by the skilful merging of light into shadow, which is the painter's chief aim. But, in this instance, a deliberate attempt had been made to depict features of a truly malevolent cast. The oval formed by the open visor of the helmet gave scope for the use of an almost invisible casing of lead, which also provided the largest outline of the helmet itself, and of an enormous raven, with outstretched wings, perched on the crest.

Yet, instead of the youthful and noble features which tradition would surely ascribe to a gallant prince, the face which peered from the casque was that of an evil-minded ascetic. Indeed, the longer Armathwaite looked, the more he was convinced that the artist had tried to suggest a mere skull covered with dead skin. The nose was pinched, and the nostrils were unpleasantly prominent. The lips were mere seams of dried parchment, and the cavernous eyes were ready to gape and stare. This sinister and ghoul-like visage was totally at variance with the remainder of the work. The armor was correct from helm to solerets, with hauberk and corselet, greaves and jambards, while the gauntleted hands were crossed, in true warrior fashion, on the bill of a long, straight sword. The vignette border of tendrils and vine-leaves was charming in design and rich in well-blended color, and an observer of critical taste could not fail to be struck by the gross offense of the portrait with the quiet beauty of its setting. To some minds, there is an element in art which distorts imagination, and the notion was suddenly borne in on Armathwaite that the same hand had never limited that demonic face, and the remainder of the window. The one might have been the product of some debauched stevedore in the worst excesses of a hideous society, while the other breathed the calm serenity of the Renaissance. Armathwaite had in full measure the hunter's instinct which inches mankind to seek out

and destroy ferocious beasts. If he had a weapon in his hands at the moment he would have smashed that diabolical mask out of existence. The unaccountable spasm passed, and he entered Whittaker's room, to find that disconsolate youth lying on his back, wide awake, and staring blankly at the ceiling.

"Hullo!" he said cheerily. "Had a good night's rest?"
"Pretty fair," muttered the invader, turning his eyes dully on the other. "That doctor chap doped me, I expect. Anyhow, I slept till I heard you splash in the bath."
"How's the ankle?"
"Rotten. Look here, Mr. Armathwaite, you seem to understand this sort of thing. Bar jokes. How long must I remain here?"
"In bed, do you mean?"
"Yes."
"A week, at least. After that, you may be able to hop about on one."

"If you were in my place, would you stop in bed a week?"
"What else could I do? Even walking with a crutch is impossible because of the strain on the ligaments."
Whittaker moved involuntarily, and was given a sharp reminder that his informant was not exaggerating his disability.
"All right," he said sullenly. "What time is it?"
"About six o'clock. Betty will bring you some tea and an egg before seven."
"Miss Ogilvey isn't up yet?"
"No."

Half unconsciously, Armathwaite resented the studied formality of that "Miss Ogilvey." He fully appreciated its intent. He was a stranger and must be kept at arm's length. Moreover, the crippled Percy held him at a disadvantage. The younger man might be as insolent as he chose—Armathwaite was unused.

"Can I do anything for you?" he said.
"In what way?"
"Well, if the pain is very bad, an extra bandage, soaked in cold water, will relieve the burning sensation."
"No, thanks. I'll wait till the doctor comes."
"He is bringing a nurse, by the way. You'll need proper attention for the next few days."
"Right. Don't let me keep you. I think I can sleep another hour or so."
(Continued tomorrow morning.)

Egyptian God Invented Beer

BEER is a beverage of the most remote antiquity. The Egyptian God Osiris is said to have taught mankind to make a drink from barley.

But if Osiris of Mythological times could taste O'Keefe's beers of the 20th century, the old pagan would acknowledge that someone has beaten him at his own game.

O'Keefe's brews may not be known as "Nectar for the gods" but they are just right for thirsty humans, and our Imperial Ale, Lager and Stout take the palm for snappy, invigorating beverages which are relished at all seasons.

You can't buy Nectar, but you can get O'Keefe's at any cafe, hotel or restaurant.

Sold at all hotels, restaurants and cafes, and in case lots by your grocer.

THE GUMPS—GIVING IT THE ONCE OVER

RUGBY RESULTS RECORDS ARGONAUTS WILL CRUSH ONE MORE GAME

Oarsmen Awakened Sleepy Senators at Ottawa with Rude Jolt, Winning Their Fourth Straight Victory in the Interprovincial Union.

Ottawa, Oct. 24.—Toronto Argonauts have a full Nelson on the championship of the Inter-provincial Amateur Football Union. The oarsmen won their fourth straight game here Saturday afternoon when they defeated Ottawa at Lansdowne Park in the second local match on the schedule by a score of 9-3. Ottawa still has a fighting chance, but unless the Hamilton Tigers trim Argonauts next Saturday, and the Senators duplicate one week later at the Varsity Stadium, the Big Four honor will again go to the Queen City. Argonauts registered a clean-cut victory over Ottawa and demonstrated, they were without three or four of their regulars, that they are the strongest team that the Ottawa have yet seen up against.

Tigers Beat Montreal in Very Poor Exhibition

Hamilton, Oct. 24.—Tigers defeated Montreal here yesterday, and as a result they were set on a par with the Argonauts and the Senators. The Tigers were the only team to have been on even terms with the oarsmen, and would have had a splendid opportunity to bring the title here, if Silver Quill's Senators trotted out on the field two to one favorites over Argonauts, but they were set on a par with the Argonauts and the Senators.

SOCCER AT HOME AND ABROAD

VARSITY SUPERIOR IN ALL-ROUND WORK

Defeating McGill Champions Before Great Crowd at the Stadium.

Varsity smothered McGill's trick plays on Saturday before a jammed stadium, 13 to 7. It was great subtle and job to last season's champions, and on form Toronto should repeat at Montreal and land the title. Varsity was superior in every department, notably behind the line, Breen and Mackenzie catching, running and side-stepping, and Taylor kicking.

RUGBY RESULTS

Table of rugby results including Ontario Union, Argonauts, and other teams.

HARVARD DEFEATED PRAYING COLONELS

Centres' Captain Burst Into Tears Over First Loss in Four Years.

At Boston—Harvard football fitness, weight and endurance triumphed over Centre College individual gridiron brilliancy on Saturday afternoon in one of the most thrilling and sensational inter-sectional games played in many years. Harvard defeated 31 to 14, the Danville (Ky.) collegians departed for the south with the praises of the football experts ringing in their ears, for they gave a wonderful exhibition of the game considering the handicaps under which a small college of 800 boys labor in meeting the Harvard caliber.

SOCCER NOTES

The East Riverdale juvenile soccer team won the eastern section of the City League grounds Saturday afternoon by defeating Queen Alexandra, 7-0. The Riverdale boys went thru the league with only three goals scored against them, and are aiming to keep this record when they meet the other sections.

ROUGH GAME AT BRANTFORD

Brantford, Ont., Oct. 24.—(Special.)—While in the preliminary junior game Galt Collegiate juniors defeated Brantford Collegiate juniors 10 to 0 in the Western Ontario Intercollegiate League rugby game here Saturday between Galt and Brantford Collegiates, the seniors turned the tables, the locals winning out 13 to 6.

QUEBEC RUGBY

Montreal, Oct. 24.—By defeating Montreal Saturday afternoon on the M.A.A. grounds by a score of 17 to 0, the Mount team qualified for play off with the winners of the Ottawa section of the championship of the Interprovincial series.

RUGBY AT LINDSAY

Lindsay, Ont., Oct. 23.—Orilla Collegiate rugby team were defeated here today by the L.C.L. by the score of 11 to 2. Orilla were good on the pass and run, while L.C.L. excelled in buck and scrum.

RUGBY AT KITCHENER

Kitchener, Oct. 24.—(Special.)—St. Jerome's rugby aggregation defeated the Kitchener here Saturday afternoon by a score of 12 to 0. The Kitchener team made up of local intermediate and senior hockey aspirants, seeking to loosen up for the Interprovincial series.

POCKET BILLIARDS

ChicAGO, Oct. 24.—(Special.)—Nelson of Rochester defeated Blawie Long of Los Angeles in 25 innings in the national pocket billiard championship tournament held Saturday at 12, 13, and 14, 15, 16, 17, 18, 19, 20, 21, 22, 23, 24, 25, 26, 27, 28, 29, 30, 31, 32, 33, 34, 35, 36, 37, 38, 39, 40, 41, 42, 43, 44, 45, 46, 47, 48, 49, 50, 51, 52, 53, 54, 55, 56, 57, 58, 59, 60, 61, 62, 63, 64, 65, 66, 67, 68, 69, 70, 71, 72, 73, 74, 75, 76, 77, 78, 79, 80, 81, 82, 83, 84, 85, 86, 87, 88, 89, 90, 91, 92, 93, 94, 95, 96, 97, 98, 99, 100.

HAMILTON TO TORONTO RELAY BROADVIEW 'Y' TEAM SELECTED

A proof that interest is increasing in middle distance running is demonstrated by the showing of the runners in the five-mile handicap race held on Saturday afternoon at the Exhibition grounds next to the stadium.

CRICKET MATCH ABANDONED

London, Oct. 24.—(By Canadian Associated Press.)—The Marleybone Cricket Club match with Western Australia, the first of the all-Australian tour, has been definitely abandoned, as the team is in quarantine for several days following the discovery of a case of typhus on the steamship Ottery, on which the ship arrived there last Tuesday.

CHAMPION GOLF CHAMPION

Brantford, Ont., Oct. 24.—(Special.)—I. W. Champion won the championship and the Judge Hardy Cup at the final match in the Brantford Golf and Country Club matches here Saturday.

FAVORITES BEATEN IN FEATURES AT LANTONIA, LAUREL AND EMPIRE.

SIR BARTON ONLY THIR AT LAUREL

Starting at Odds-On, Finished Behind Blazes and The Porter.

Laurel, Md., Oct. 23.—Rat Parr's Blazes

today demonstrated that his new-found

power, by winning the first time

week ago when he won the Maryland

handicap, was not a flash in the pan,

by winning the Laurel and Empire

race at a good field at a mile. The light-

footed son of Wrack picked up 120

yards in the Laurel and Empire race

to win by a length from E. B. Mc-

Lean's The Porter, which was an equal

distance in front by J. K. Ross' Sir

Barton at the wire. L. Waterbury's

Blazes Park was beaten a nose by

Ross' Sir Barton, who has traveled

the Laurel was worth \$7500 to the winner.

Blazes negotiated the mile in 1.40,

three was not as fast as he traveled

first mile and a quarter mapped out

for him in the Maryland, but he picked

up four pounds from that race and con-

ceded scale weight to every one of his

opponents today with the exception of

Blazes. The Porter, who has traveled

HIGGINS CONDEMNS PAST GOVERNMENTS

Soldier-Labor Candidate Favors Province Entering the Coal Business.

The Kapuskasing incident, exploited timber limits, rebuffs by previous administrations of their classes, which now claimed political consciousness—all these past issues supplied capital for the Independent Labor party at their open air meeting held on Saturday evening at the corner of Broadview and Danforth avenues in the interests of James Higgins, labor-soldier candidate for the Northeast Toronto seat in the coming by-election.

"The Conservative party is appropriately named. It aimed to conserve the timber limits of the province for a few favored capitalists," declared John Doggett, vice-president of the Independent Labor party, during the course of his address, and adding: "The Liberals are also appropriately named. They were very liberal with patronage during their term of office."

Candidate Higgins, in his address, flayed past governments for imperfect administration and enlarged upon the following planks of his platform as a political panacea: Democratization of the present educational facilities and their extension; increased mothers' allowances; nationalization of mines and resources; a thorough system of public ownership, including legislation for the workingman and returned soldier.

"I have nothing to say against Major Lewis or Major Klippen," he stated at one point in his address, "but I think, however, that had they the interests of the returned man really at heart they would have refrained, from running and supporting the wrong party."

He was strongly in favor of the province entering the coal business upon behalf of the consumer, stating that in his belief such a course would ensure for every citizen his winter's supply.

See Altered Reception. Vice-President Doggett described the altered reception accorded the labor deputations to the provincial house under the present regime, stating that the enlarged scope of the workmen's compensation act and the securing of the mothers' pensions bill were tangible evidence of the attention which was being paid for the first time to the interests of the laboring man.

"People feared class legislation who the present government came into power," he remarked, adding: "I say that it is time that we had some class legislation in favor of the worker. The doctor, lawyer and manufacturer have demonstrated their inability to legislate for the working man."

"The only way for the workingman to drag himself from the mire that he is in in this province is for him to vote for James Higgins," Mr. Doggett told his hearers in conclusion.

J. Harry Flynn, president of the G. A. U. V., presented Mr. Higgins as his association's candidate and stated his absolute confidence in his ability to represent both soldier and labor interests as scope was afforded by the provincial house.

Similar confidence in the candidate was expressed by Comrades J. F. Marsh and J. McLeod of the G. A. U. V. and Andrew Glenn of the Labor party.

CHINAMEN IN TOILS

In a raid on the house at 17 1/2 Elizabeth street last night by P.C.'s Ough and Tait, 16 Chinamen were taken into custody on a charge of gambling on the Lord's Day.

HURT BY MOTOR

John Schultz, 325 High Park avenue, had his ankle injured at 2:15 yesterday afternoon when knocked down by an auto at Dundas and High Park. The auto is declared to have been driven by J. McWaters, 70 Mountview avenue.

MEN YOU HEAR OF

Seen as Their Friends Know Them

Dr. A. B. Wright, who is well-known in athletic circles. He was formerly coach of the University of Toronto rug by team, and was prominent on the side lines on Saturday.

WOMAN DIES AFTER FALL FROM STREET CAR

Mrs. Mary Beech, aged 60, 4 Rose avenue, died in St. Michael's Hospital on Saturday night from injuries received in the morning at Queen street and Logan avenue, when she was dragged a distance of about fifty feet along the street by a King street car.

Mrs. Beech, according to the police, missed her footing on a slowly moving street car and fell to the street. She was caught by the iron gate that connects the street car to the trailer, and was dragged the length of the car before it was finally stopped by the motorman.

The funeral will be held at 1:30 p.m. today from the house, and, after service at St. James' Cathedral at 2 p.m., interment will take place in St. John's Cemetery.

MANY ISSUES FOR COUNCIL MEETING

Additional Appropriation for Board of Education Is Recommended.

The program for today's meeting of council includes several matters which are likely to be the subject of protracted debate. Mayor Church's acquiescence in the grants to the board of education for an east-end technical school and an addition to the High School of Commerce removes one question which looked like a disputable issue. The mayor had his way at the meeting of the board of control on Friday, and had the plan for a swimming pool and gym in the School of Commerce addition turned down. Sixty thousand was the estimated cost of these, and, with this sum subtracted from the \$250,000 applied for by the trustees, council will be asked to vote \$190,000 for "an addition."

The east-end technical school, to be located on Greenwood avenue, will cost \$400,000, half of which the city council is asked to vote, and the balance will be contributed by the federal government.

The board of control also recommends a grant of \$15,000 to the Navy League fund, and the committee on works recommends the extension of St. Clair avenue easterly to the east limit of plan 920, and approval of the plan to subdivide the old hospital site on Gerard street into building lots.

The property committee recommends that Messrs. Smith and Smith be allowed to erect a monument on the east end of the street, but the board of control recommends against it.

Ald. Whetter's bill, to permit the erection of stables by Hilton's Bakery, on the east end of the street, will be up for second reading, and it is likely to meet strong opposition.

Approval of council will be asked for a number of petitions, for which petitions, were received.

POINTS TO GLAMOR OF LIFE ON OCEAN

Chaplain at Naval Service Pays Tribute to Sailors of the Empire.

The spiritual message of the sea, which has been heard in all the ages, was interpreted yesterday morning at the naval commemorative service, held in Central Methodist Church, by Rev. Dr. Alfred Hall, senior chaplain of the world Christian welfare work for men of the royal navy and merchant marine.

The preacher took as his text the passage in which Ezekiel refers to the "Princes of the Seas," and pointed out that thus even in decadent Tyro the seamen of the country were recognized as almost its only remaining force of strength and virtue. The reference, he continued, was the more remarkable in coming from the literature of a nation which was never separated from the lips of a people whose interests were never apart from the shore.

Equally remarkable, he went on, was the fact that after more than a hundred years the British peoples still commemorated Trafalgar Day, and he gave the reasons as lying in his opinion in the revelation which the sea had given of himself as a man consciously on the threshold of eternity, declaring the path to victory lies through duty, and in the fact that from the perspective of time the battle of Trafalgar had lost any temporary significance and had come to be regarded as one of the incidents of divine intervention which shape the history of the world.

Dr. Hall referred during the course of his sermon to the glamor surrounding the sea life, declaring that it bred an irresistible lure upon which was founded the greatness of our empire, and upon the continuance of which depended its existence. For all ages, he stated, the sea's depths had held a message of mystery, its huge waves one of majesty, its terrific storms one of might, its very existence one of permanence, and its breakers upon the shore one of music. Thus, he said, in some way certain or all of these features exercised a peculiar influence over many men inspiring them to follow the sea and love it.

The speaker concluded by enlarging upon the cardinal aspects of the sailor's service to the British empire which called forth the gratitude of this age. They had, he stated, laid the foundations of the empire through their work in exploration, commerce, defence and evangelism.

The service was attended by members of the Toronto branches of the Boys' Naval Brigade, and a picture-essque touch was added by their procession to the pulp platform of the flags of the empire and the ensigns of the fleets at sea.

SUGAR IS CHEAPER IN TORONTO TODAY

Retailers Able to Buy at Net Price of Sixteen Cents.

From The Sunday World. Sugar will go on sale to the Toronto retailers on Monday morning at \$16.21 a cwt., with one per cent. off for cash, making the net price 16 cents a pound. The price to the consumer will range from 17 to 18 cents a pound.

This was the quotation announced on Saturday by the Dominion Sugar Refineries, who are acting independently of the other manufacturers. The other Canadian refineries have not yet announced any reduction, but they have notified local agents that lower prices would be announced on Monday. The present quotation on granulated sugar is \$19.21, and dealers look for a cut of perhaps \$2 per cwt. on Monday. The U. F. O. Co-operative Stores were selling Dominion Refiners sugar to consumers on Saturday at \$17.50 for a 10-pound bag. The big users, such as candy manufacturers, are buying from the Dominion Refiners.

When shown an editorial in The World which asked that the U. F. O. Co-operative Company should import sugar from the United States in an effort to break the grip on the retailers of what was alleged to be a price-fixing combine amongst the sugar refiners and wholesalers, Mr. A. A. Powers, president of the co-operative company in question, said that he considered it an early date. Although the company had no long-established business connections in the United States, he felt that its capitalization and good credit would enable it to finance the suggested importation of sugar if such a course was deemed advisable by the board.

Beet Sugar Net Inferior.

The Dominion Refineries are at present marketing both beet and cane sugar, but both kinds go at the same price. Mr. Edwards, of the Dominion Refineries, said yesterday, "Many people believe that beet sugar is inferior to cane sugar, but that is not the case. The average person cannot tell the difference, and often beet sugar tests higher than the other. Our refineries at Chatham and Wallaceburg run on beets only about three months of the year, and the quality of the sugar they make is as good as any. Ninety per cent. of the sugar consumed in Great Britain before the war was beet sugar."

Two carloads of United States sugar were passed by the Canadian customs on Saturday, and this stock was bought in New York at \$15.21. After getting in a carload from New York, William Robertson of Robertson Ltd., manufacturers of confectionery, concludes a way that he had done just as well in the home market at today's quotations.

He said: "Buying in New York at 11-1/2 cents is saving. There is a considerable margin between that first cost and the delivery cost. Our carload cost \$11.50 per ton, but in New York, to this price must be added \$2.00 duty, plus special tribute under the anti-dumping clauses of the tariff, to retail at \$18.50. With sugar at 60 cents per cwt. transportation charges and exchange at 11 per cent, making the cost of 11-1/2 cent United States sugar approximately \$15.40 a cwt., landed in Toronto, as against \$15.40-16.21 currently quoted by the Dominion Sugar Co."

"We shall buy no more sugar on the other side, but shall hereafter patronize the Canadian refiners, even if perhaps we have to pay sometimes a slight freight on sugar, which is not a matter of consequence."

"Our quotation on granulated is still \$19.21, also we look for a new price Monday," says James P. LeGall, president of the Atlantic Sugar Refining Co. "Wholesalers here are meeting all present demands of the retail trade at \$18.50, but with sugar from refiners direct, however, cut to second-hand stocks, chiefly from Quebec. Small quantities of American sugar are also trickling across the line."

Stand In With Refiners.

Several front street dealers admitted the World on Saturday that the World's diagnosis of the sugar situation in the editorial columns on Saturday morning hit the nail on the head. The wholesalers are not jumping in to buy United States sugar because they figure they would make no profit on it, but because they would be antagonizing the Canadian refiners, who might find a means later on of retaliating. The admission is that the refiners have a way of checking up, and any wholesaler who kick over the traces might find themselves un-derstandably in a bad way. An importation becomes unprofitable.

Another wholesale dealer said to The World before the cut was announced: "We could buy in St. James at 10 cents under the Canadian price, but we would not be allowed to keep the difference; the public would want it. Why should we make enemies of the refiners unless something is to be gained by it?"

"Do you think the U. F. O. will import from the States to any extent?" the reporter enquired.

"The U. F. O. is in the same position as the wholesalers," he replied. "They know which side their bread is buttered on, and they take no more chances than anyone else."

A representative of the U. F. O., when seen by The World, said his concern was not imported any American sugar, but that they had picked up some that had been imported by others. It was not the intention at present to bring in American sugar.

SPECIAL VETERAN MEETING.

The General Mercer, G.W.V.A., are holding their election officers' meeting in St. James' Hall.

The meeting will also include Lambton, Mount Dennis, Swansea and other representatives to make arrangements for an annual hearing of R. C. J. Maxwell, Dominion secretary, on November 7.

The meeting tonight is also preliminary to a special meeting of preparation on the 21st, General Mercer having been appointed as the place of meeting, at above branches. The object of the Dominion officials is to deal with main business of the association, and also to take up the matter of pensions.

MANY MONS STARS AWAIT CLAIMANTS

There are now on hand at militia headquarters, Ottawa, a number of 1914-15 Stars, the majority of which have been returned thru the mails "unclaimed," owing to wrong addresses being returned or the soldier having changed his address since being discharged.

Persons who have not yet received their decoration are asked to forward their present address to the secretary, military council (marked for attention, "director of records"), militia headquarters, Ottawa, Ont., Can., quoting regimental number and name in full.

ALLEGED BURGLAR CAUGHT IN STABLE

Was Given Hard Race by Police Officer, Who Fired Two Shots.

After a chase of about 300 yards and the firing of two shots in the air by the police officer, Detective-Sergt. Mulholland Saturday afternoon, caught Harold Lecroy of Ottawa in a stable on Centre avenue.

Emilien Roux, Transville, Quebec, who, along with Lecroy, is alleged to have burglarized a number of summer residences at Jeannette Creek, Ont., recently, was arrested earlier in the day, by Detective-Sergts. Elliott and McMahon. It was thru information divulged by the latter that the arrest of Lecroy was made possible. Both men are held on a charge of house-breaking and theft.

From Roux the police learned that the two had rented a room on Simcoe street, and Detective-Sergt. Mulholland posted himself in the vicinity during the entire afternoon. His patience was rewarded eventually, when two young lads came to the house and inquired if Mr. Roux was the officer. They took Mulholland to a nearby restaurant, where Lecroy was having a meal, and Mulholland instantly recognized him as the man he wanted from a description previously obtained.

The recognition was mutual and Lecroy eluded the officer by dashing out of the restaurant and east along Queen to University, north on University to Armoury street, along which Centre avenue and north on Centre avenue to a stable. Going up University, Mulholland fired two shots at the retreating Lecroy, but failed to halt him. Mulholland eventually found his quarry hiding under some horses. Lecroy crawled from his hiding place and calmly submitted to being handcuffed and taken to the station.

Some persons who saw the chase up University, avenue saw Mulholland, who had been armed with a revolver, to make the chase. The police that a man had been shot on University avenue, and detectives were hastily dispatched to the scene and to halt him. Mulholland returned with his prisoner.

In a trunk the man had left at the rooming house on Simcoe street the stolen goods, including a watch, a gold watch, a ring, a bracelet and other valuables. It is alleged, from summer residences around Jeannette Creek.

BUREAU SUGGESTED FOR RETURNED MEN

Veterans' Organization Will Have Conference With Minister of Labor.

A conference for the discussion of the feasibility of the proposed employment bureau for returned soldiers has been suggested by Hon. Walter Rollo, provincial minister of labor, to take place on Wednesday next between himself and representatives of the G.W.V.A. and G.A.U.V. The conference is granted by Hon. Rollo to the purpose of allowing the veterans to present their representations regarding the matter made by the two veteran organizations.

J. F. Marsh, secretary of the G.A. U. V., stated that he present the returned soldier had to compete in the open labor market with men whose efficiency had not been impaired by military service. He stated that the association wished, he stated, to provide a specialized market where returned men would be allotted work on the basis of their classifications as regards physical fitness. A labor bureau, he stated, for returned men, he held, would be the means of bringing together the veterans and the jobs for which they were suited.

Careful consideration of their petition that Sergt. George Richardson, Y.C., be kept under D.S.C.R. care until such a time as the projected home for aged veterans shall be erected was promised by Col. Nettleton, local officer of the D.S.R., to J. F. Marsh and J. V. Conroy who Saturday formed a delegation from the veteran associations to him in regard to the matter. Sgt. Richardson is at present a patient at the Davison Hospital suffering from bronchitis and heart trouble, but is reported to be effecting a rapid recovery.

James Higgins, candidate for Northeast Toronto of the G.A.U.V., stands pledged to the veterans, according to the D.S.R., to J. F. Marsh, to investigate in the provincial house the democratization of the universities and colleges of the province. Mr. Marsh stated that the veterans regard these institutions, as indicated by the tuition and living charges exacted as open at present only to the favored classes of the community.

VICTORY FOR CITY IN CLASH WITH T.S.R.

Justice Orde Declines to Rule in Absence of Application From Bondholders.

The refusal of Justice Orde to give a ruling on the application of the Toronto Street Railway for an interpretation of their agreement with the city, is considered at the city hall as a victory for the city.

Mr. Justice Orde says: "There is no present issue between the city and the bondholders, and there is no question as to the railway company's obligations to discharge its liabilities to both the city and the bondholders. Notwithstanding that the question of priority has not been raised either by the city or by the bondholders, the railway company claims to be entitled to submit the question of priority to the court under rule 684. I do not think that rule 684 was intended for any such purpose as that proposed here."

"I am at a loss to see what 'rights' of the Toronto Railway Co. are in any way affected by the question of priority. If there are any such, they can only arise in some remote and incidental way, and the questions which are here submitted to the court involve in the most direct and vital manner the rights of the city and of the bondholders as between themselves, which they express no desire to have determined. I do not think that rule 684 was intended for any such purpose as that proposed here. I decided the motion upon the simple ground that there is no right of the railway company's either in respect of the bondholders or requiring some immediate remedy or relief which justifies any such motion as this. The result would be the same if the motion had been the subject of an action. Motion dismissed with costs."

THEFT IS CHARGED

James Zoppina, no home, was arrested on Saturday night by Plainclothesman Clarkson on a charge of theft. Zoppina is alleged to have stolen an overcoat from Stephen Chick, Aberdeen Hotel, Queen and Chestnut streets, which he later sold for \$4.

BAKERS ARRANGE CONCERT.

At a meeting held in Occident Hall yesterday afternoon by the Bakers' Union, 1st C. F. of L., it was decided to hold a smoker and concert on Saturday next. Good talent has been procured and one or two prominent labor men will speak.

MORRISBURG EPIDEMIC HAS RUN ITS COURSE

Brookville, Ont., Oct. 25.—The smallpox epidemic in Morrisburg has apparently run its course. Following measures instituted by Dr. P. J. Maloney, provincial health officer, to curb the outbreak no new cases have developed, and the public places which were ordered closed will be open on Monday. Compulsory vaccination has been carried out in the schools.

NOBODY HAS POWER TO CURB CAFE MEN

Major L. Duncan Reported to Ottawa About High Profits Earned.

Now that the board of commerce has been temporarily shelved, Major L. Duncan, local representative of the board, finds himself tied up in the middle of his campaign against high restaurant prices. He has forwarded his findings to Ottawa with a suggestion that a sitting be held to go into the question of prices. An Ottawa despatch says:

"Restaurant-keeping in Toronto is profitable, with returns ranging from 75 to 120 per cent, according to Lewis Duncan, representative of the board of commerce, in a report to that late lamented body.

"The principal restaurant proprietors in Toronto claim that 100 per cent advance on their outlays is necessary to their business. Mr. Duncan encloses a copy of the report of the city health department as to profits in restaurants without allowing for overhead.

"Subsequent to the publication of this report he sent out a number of questionnaires to the parties, and writing to the board, says the 'answers show returns on outlay in food cover the whole business, varying from 75 to 120 per cent. These returns give in some cases in certain months, an outlay up to 40 per cent. The managers of the principal restaurants with one conspicuous exception, state that 100 per cent advance on outlay in the figure which they must aim to get, if they are to run the business properly."

"Mr. Duncan suggested a public hearing of the matter by the board, but there is no board to conduct a hearing or make an order so that nothing will be done. The staff of the board of commerce is like Japhet searching for a father."

DEAD MEN TELL NO TALES

WANT \$50,000,000 FOR HOUSING PLAN

G.W.V.A. Suggests Giving Soldiers' Settlement Board Charge of Scheme.

The transferring to the Soldiers' Settlement Board of the administration of the federal housing act in so far as it affects returned men is sought in a housing relief project made public Saturday at the local offices of the G.W.V.A. The housing act prescribes the granting of loans by provincial governments to municipalities which in turn make application, and an altered program for which the veterans are agitating seeks principally setting aside of the sum of \$50,000,000 to be administered for housing purposes to ex-service men in individual loans not exceeding \$5,000, standardization of plans, thereby eliminating architects' fees, co-operative purchasing of materials thru the Soldiers' Settlement Board, the co-operation of a town planning department in order to secure relief for the Toronto housing situation, and the extension of a 30-year period, with interest meanwhile at a rate not exceeding six per cent, for the repayment of the loans.

"The feeling of the local G.W.V.A. is that the city council has failed miserably in its functions in not attempting relief for the Toronto housing situation," stated Provincial Secretary Turley in discussing the matter, and adding: "They have had the opportunity of making application to the provincial government aid, but the matter is a better one to talk about at election time than to act on."

Mr. Turley pointed out that municipalities throughout the country have been reluctant to administer the housing aid which the present federal act secures to them thru the various provinces. "The recent G.W.V.A. convention in Nova Scotia, he stated, had recognized this and forwarded a resolution to the government asking that the administration of the act, so far as returned men are concerned, might be thru the Soldiers' Settlement Board.

"The situation as it affects returned men throughout the country is serious and the association feels that something must be done," Mr. Turley concluded.
