COMMITTEE NAMED
ON HARBOR PROBLEMS

Trade Board Council Discusses Establishment of Industries Here

The council of the Board of Trade this morning appointed a committee to study harbor problems with view to arriving at some solution of these which would mean more progress for the industries here and securing of the better freight rates for the Maritime manufacturers doing business with middle and western Canada.

The report of the Maritime conference at Montreal was submitted by the commissioner, F. MacLure Schlanders. He also reported that this morning word was received that the Nova Scotia government would pay their share of the cost on the services of a freight rate expert, up to \$4,000, and would leave the matter of getting the man in the hands of the Board of Trade.

C. A. HAYES MENTIONED.

The committee appointed to deal with this matter were A. P. Paterson, Saint John; W. L. Higgins, Charlottetown; and Mr. Turnbull, president of the Halifax Board of Trade. The man to prepare the case for the Maritime has not yet been secured but the committee are hopeful of getting C. A. Hayes, formerly of the C. M. E., who is endorsed by the three provincial governments.

With regard to the three other subjects discussed at the Maritime conference, immigration, industrial development and readjustment of the economic base, the Board is sending letters to all the New Brunswick Boards of Trade asking them for their co-operation and suggestions as to the names of those qualified to serve on the various committees.

MARINE INSURANCE.

H. C. Schofield reported on the removal of the discrimination in marine insurance rates, which meant more to the port of Saint John than was realized by the majority of people. He pointed out that the removal of this penalty meant from \$1,000 to \$3,000 on the tramp steamer, according to the rate, on each trip. He called attention to the fact that in the report of the Imperial Shipping Commission on this matter much reference was made to the brief prepared by the Saint John Board of Trade and that much of the credit for the victory achieved was due to this brief.

A special committee, composed of H. C. Schofield, A. P. Paterson, D. W. Ledingham and A. W. Wetmore, was named to consider harbor problems. A. E. Mavis reported on the annual meeting of the Tourist Association and outlined what it was hoped to accomplish in the way of increasing the number of tourists to this city and province.

THREE—NOVA SCOTIA

A. F. Blake, chairman of the West Indies Committee, reported that his committee was studying very carefully the text of the proposed agreement between Canada and the West Indies, with particular reference to the steamship service between Saint John and the islands of the West Indies.

NEW INDUSTRIES.

It was reported that efforts along the lines of inducing industries to locate here were being kept up and it was hoped that something definite might be announced soon. Among the plants which it is hoped to have located here are a cement factory, a furniture factory and a flour mill. The board are at present corresponding with firms in the United States and Great Britain in this connection.

A resolution from the Winterset Board of Trade urging the government to repeal the legislation requiring a two cent stamp on credit notes was endorsed by the council.

The Senate report on the railways was discussed but no action taken. This report points out that while the country is losing about \$2,000,000 a week on its railways there can be little hope of any reduction in the income taxes.

Freight Revision Is Alberta Object

EDMONTON, Alta., July 29—Decision was reached at a freight rates conference held here yesterday, to present an all-Alberta rates case before the Railway Board, and complete unanimity among Alberta interests will be sought, so that a united front may be presented.

BANK CLEARINGS

The bank clearings for the week in Saint John were \$2,723,508 compared with \$2,505,642 for the same period last year and \$2,507,819 in 1923. The bank clearings for Halifax were \$2,846,294 this week.

BANKER PROMOTED

R. Fraser, of the main branch of the Bank of Montreal, has been transferred to Riverport, N. S. His transfer is in the form of a promotion and his new duties will be that of teller. He was employed at the local head office since March 1924.

MARRIED AT KINGSTON.

A pretty wedding was solemnized at Trinity church, Kingston, Kings county, Wednesday morning, when Miss Roberta Whelpley, daughter of Mr. and Mrs. John Whelpley of Carter's Point, became the bride of Clarence Edwards, son of Mr. and Mrs. Walter Edwards of Chapel Grove. The bride was given away by her father. She wore a handsome ensemble suit of navy charmeuse with henna trimmings, and carried a bouquet of Ophelia roses.

Numerous gifts of cut glass and silver were received, including substantial checks from the groom's family. In the evening a reception was given at the Bay View Hotel, Chapel Grove, by Mr. and Mrs. Edwards, who are leaving today for a short honeymoon trip through the province.

BUFFALOES ELECT.

The election of officers for the New Brunswick Lodge, No. 4623, of the Buffaloes, held last evening in their hall, Market building, resulted as follows: Worthy Patriarch, W. J. Blackwell, Jr.; constable, C. Duery, C. G. Dupuis; Tyler, J. Northrup; chamberlain, W. Blandin; register, Roy Sanderson; waiter, G. Finley; minstrel, B. Alchem; secretary, W. J. Blackwell, Sr.; A. of Benevolence, M. G. Quinn; auditors, R. Lockhart, A. Strachan; trustees, C. Tinley, H. Pitt; treasurer, D. Evans. Refreshments were served and songs were sung by Brothers Quinn, Strachan, William Davis, Blandin, Evans, V. Sanderson and W. J. Blackwell, Jr. The National Anthem closed the meeting.

VISITORS FETED AT C. G. I. T. CAMP

Mrs. Robert G. Fulton, mother for the C. G. I. T. camp at Chipman, was hostess yesterday afternoon, when more than 60 visitors were received by her and given the privileges of the camp. Mrs. Marjorie Trotter, B. A., camp leader, and Miss Laura Baxter, business manager, and Miss Hazel McCready, physical instructor, with Mrs. Marjorie Johnson, dramatic leader, assisted in making visitors' day one of the best in the history of the camp.

Programme Given.

An extensive programme was carried out with a star song by the girls, given in the pine grove, followed by a well-planned dramatic programme of two short plays, under the direction of Miss Johnston. Land sports and water sports occupied the remainder of the afternoon. Many of the visitors enjoyed a picnic supper before returning home.

Mrs. Trotter gave a brief sketch of the life of the camp, its purpose and ideals and outlined also something of the work.

Bring Good Report.

The report of the success of the camp, which opened last Tuesday, was brought in by Miss Kate Abrams, Miss Alma Price, office secretary of the Maritime Religious Education Council, who were motor guests of the camp. Mrs. Reid is treasurer of the Council.

Among those who enjoyed the hospitality of the camp under Mrs. Fulton's happy direction were Rev. Mr. Fulton, Miss Mary Fulton, Mr. and Mrs. Fred C. Elkin, Mrs. George R. Ewing, Mrs. Hugman, of Montreal, mother of Mrs. Ewing and Mrs. Elkin; Mrs. Leigh Langstroth, Miss Muriel Langstroth of Saint John; Colonel C. J. Merrasau, of Fredericton, and many others.

Come to the Opera House tonight and hear Hon. J. B. M. Baxter report on the charges of Hon. Ivan H. Hand, Attorney-General in the Veniot government. The meeting will open at 7.30 with moving picture and orchestra.

Boys Returning Today After Enjoyable Outing at Oak Point.

The Y. M. C. A. boys who have been camping at Oak Point are breaking camp today and will arrive in the city this afternoon on the D. J. Purdy. They have been absent for two weeks and nothing untoward occurred to any of the 82 boys who left for the outing. They were under the charge of Messrs. C. M. McCully, boy work secretary, and his assistant, Harold T. Williams and H. T. C. Hutton, physical director of the Y. M. C. A.

GERMAN MINES CLOSED.

BERLIN, July 29.—The newspaper report of the gold discount bank has granted to the Ruhr mining industry a three month credit of fifteen million marks because of the present crisis, in which enormous stocks of coal are on hand without a market.

The mine owners declare that the situation is leading to ruin. They have resorted to wholesale dismissals of workmen in effort to economize and many pits are closed down.

Victimized by a clever ruse of thugs in Chicago years ago, George Melford, producer of "The Dawn of a Tomorrow" for Paramount, reveals the facts of the strategy in his current feature, "The Dawn of a Tomorrow" in which Jacques Logan, David Torrence and Raymond Griffith are featured, has to do with a "Tomorrow" in which many large buildings or in alleys. When a pedestrian passes he is attracted by moans and cries of pain, which the thugs at once lure into the dark and away from the street, the sympathetic inquirer is alleged to be robbed.

NEW PLAYERS

The Alberta professional baseball team will hold a practice on the East End diamond this evening. Manager Mullet has announced that several new players have been secured and the team is considerably strengthened. Arrangements are being made to bring in some outside teams for series of games.

Funerals

Edgar J. O'Hara.

The funeral of Edgar J. O'Hara was held this morning from his late residence, 45 Douglas avenue, at 8.45 o'clock to St. Peter's church for high mass of requiem, celebrated by Rev. Joseph O'Hara, C.S.S.R., with Rev. Arthur Stanton, C. J. M., of Halifax; St. S. deacon, and Rev. Arthur Conlon, C. S.S.R., sub-deacon. In the sanctuary there were Rev. Francis Hill, C. S.S.R.; Rev. William McCallough, C. S.S.R.; Rev. Francis Mullins, C. S.S.R., and Rev. Archibald McDonald, C. S.S.R. Rev. Father O'Hara gave the final absolution, assisted by Rev. Father Hill. Interment took place in the new Catholic cemetery. Many spiritual offerings and floral tributes were made. The funeral was largely attended.

John Carroll

The funeral of John Carroll was held from his late residence, 28 Garden street, this morning at 8.45 o'clock to the Cathedral of the Immaculate Conception for high mass by Rev. Charles Boyd. Interment took place in the new Catholic cemetery. Many spiritual offerings and floral tributes were made.

Laurence Allan Smith

The funeral of Laurence Allan Smith, four year old son of Mr. and Mrs. William J. Smith, was held this afternoon from his parents' residence, 10 Wall street, with interment in Cedar Hill, with the services of the United Church, conducted by the Rev. Mr. D. J. Purdy. The deceased was a very popular fellow who was very popular. Much sympathy was also expressed in the floral gifts.

A LOVE FEAST.

The Australians have just given the American fleet a wonderful reception, and at a great dinner given in Melbourne, at which the Prime Minister of the Australian Commonwealth presided, warm pledges of Anglo-American friendship were exchanged.

A BRYAN EXPERIENCE.

The death of William Jennings Bryan serves to recall that his last visit to Canada was marked by one stormy incident. It occurred in Toronto the Good, where at that time, in the winter of 1918, public opinion was somewhat disturbed over prohibition.

Dr. Roberts Offers Reward For Proof That He Received Profit From Milk Plants

"CERTAIN whisperings and murmurings that are current, to the effect that I have received monies through business connections with milk pasteurization plants and that I and my family do not use pasteurized milk, only the raw milk, are totally untrue and there is a \$5000 cheque in my office waiting for the man or woman that can prove either of the above insinuations that have been made against me lately," thundered Hon. Dr. W. F. Roberts, Liberal candidate, at the meeting of Victoria Ward electors held in the Victoria Rink, last evening.

HOPE FOR PROSPERITY.

Mr. Hayes classified the pulp and paper industry to be the province's greatest hope for prosperity in the future and claimed that if Grand Falls were developed it would serve to attract industries of this nature to the province, the result being, he said, greater happiness and prosperity to the people of the province.

HERDS SEGREGATED

Dr. Roberts went on to say "that Opposite candidates who quoted the British Medical Annual at one of their late meetings and informed their audience that the first three grades of milk, as tabulated in the Annual, were varieties of raw milk and the fourth grade, pasteurized milk, did not make an altogether clear assertion as to the first three varieties of milk came from a herd of 5000 cows that were kept in a continual state of subjecting with regard to segregation from other herds and most stringent sanitation in every detail.

PREMIER ASTONISHED AT LUMBERMEN'S ATTITUDE

Premier Asserts Bathurst Company Head Said It Would be Right to Go Ahead With Development—Power Cost Probably \$27

FREDERICTON, July 29.—Frederick turned tonight to hear Hon. Dr. P. J. Veniot, Premier of New Brunswick, in his first address at a public meeting in this city during the campaign. J. J. F. Winslow, K. C., Government candidate in the urban riding of Fredericton-Devon and Marysville, spoke also. The meeting was held in the City Opera House, which was filled, and the reception given both the Premier and the candidate was enthusiastic.

Mr. Winslow was the first speaker, dealing to quite an extent with the issues of the campaign which concerned his constituency particularly, and also dealing with hydro development.

PREMIER VENIOT. Premier Veniot followed him and dealt with issues which had been dealt with at preceding meetings, and also discussed the recent rejection of Opposition by the lumbering interests. He spoke particularly of Angus McLean, of Bathurst, stating that his attitude so displayed recently was a surprise to him, but was indicative of the light which the big interests were putting up against the Government.

PROMISES INVESTIGATION. Mr. McLean's statement that \$30 per horsepower at Bathurst would be excessive cost was denied by the Premier, who said the actual cost would be less than that, probably \$27, which compared very favorably with costs in Ontario and Quebec. He quoted telegrams to support his contention.

With regard to the action of the lumbermen in opposing the Government, the Premier said that not all the operators were against it. The big ones were. He quoted a poster of the New Brunswick Lumbermen's Safety Association touching on compensation which, he said, proved that wages had been reduced to provide for compensation fees, despite the provision of the act forbidding it. He promised investigation by law officers of the Crown.

SAYS ALLIED WITH INTERESTS. Mr. Baxter, said the Premier, had made the statement: "It needs business men to look after the business of the people." Yet while Mr. Baxter and his associates were in power, the public business was conducted in a most unbusinesslike way. The existence of numerous scandals was evidence of that.

He (Veniot) never had insinuated that the Opposition was allied with the big interests. He had plainly stated so, and if things were not proved that he had only to refer to the decision of the lumber lords, who had decided to oppose the Government because the latter had refused to grant their demands. He would sooner see the Government go down in defeat than sacrifice principle.

GIVES ALLEGED INSTANCES. Was this a repetition of the lumber deal of 1914 when they paid Flemming \$15 a square mile to give them the classification of timber leases they wanted, as well as a fixed rate of stumpage at \$1.50 per thousand feet, for ten years?

The Opposition were allied with the big interests working against the development of Grand Falls under Government control. They fought before the Quebec Legislature, before the International Waterways Commission, in private and in public. They were beaten, and Mr. Baxter was carrying on the fight before the people. He dare not pronounce in favor of Government development for fear of losing the financial support of the "interests" in this election.

DECLARES STATEMENT FALSE. Mr. Baxter, referring to the settlement of the claim of the International Paper Company had said that he (Veniot) had sat in private conference with Mr. Graustein without having an engineer or other expert present, had with a wave of a hand agreed to pay the company \$1,200,000 damages.

QUOTES TELEGRAMS. In support of that he could quote the following telegram which he had sent to Mr. Lewin on the 27th instant: Newcastle, N. B., July 27, 1925. J. D. P. Lewin, Saint John, N. B.: Here you are present at Montreal when Graustein discussed with members of the commission, Mr. Acres, our consulting engineer, Hon. I. C. Rand and myself the settlement of claim of International Paper Company re Grand Falls? Did you not take active part in such discussion with parties named above? Did I not refuse to entertain claim as originally made by Graustein and make counter offer of \$800,000 less than original? Were we not present at those discussions at Fredericton, my expense.

GIVES REPLY. To that he had received the following reply: Here your wire offer of one million two hundred thousand, or three hundred thousand less than International price made by you and accepted subject to other important considerations as contained in contract. I refer to meeting at Montreal May 14, at which I was present as solicitor for commission, also yourself, Attorney-General, Messrs. Smith, Michaud, Acres, Graustein and Hollins.

COMPENSATION ACT. The lumbermen, he said, were reported to have said they did not ask for a direct refund. They did ask for a considerable reduction in stumpage \$200,000 on last years cut, and had application to last years cut, declared the Premier. It would need to be between \$225,000 and \$250,000.

\$226,911.82. Your wages had to be reduced to pay it." The same statute applied to doctors and hospitals fees.

INTENDS LAW ACTION.

Under the act a provision existed for making any employer who regulated wages on the basis of compensation fees paid by him. The lumbermen always had denied that such was done, but here was their own admission that the workman was being made to pay for his own protection. He intended to have the law officers of the province to look into this.

Referring again to Grand Falls, the Premier indicated a prospect of the Grand Falls Power Co. Ltd., issued when that company was preparing to go ahead with development. The prospectus declared that in the first year the undertaking could earn \$217,970 above interest charges. That was a handsome profit for company and there was no wonder the big interests were after Grand Falls.

Weddings

James Woodworth. FREDERICTON, July 29.—Miss Violet Woodworth, daughter of Mr. and Mrs. Fred Woodworth of Burtis Corner, and Raymond Jones, son of Mr. and Mrs. James Jones of the same place, were united in marriage at 8 o'clock Wednesday afternoon, Rev. I. A. Corbett officiating.

Kirk-Jones. CHARLOTTETOWN, July 29.—A very pretty wedding was solemnized this morning at the Baptist church when Gladys Pearl Jones, youngest daughter of Mr. Mabel A. Jones, Charlottetown, was united in marriage to Allan Kirk, of Toronto, former of Charlottetown, son of Mr. and Mrs. R. C. Eaton, pastor of the church.

Deaths. John A. McDonald. SALISBURY, July 29.—John A. McDonald, of Little River, Albert county, prominent farmer, was found dead in his bed Monday morning by Mrs. McDonald, who had called him and getting no response, was deeply shocked to find he had passed away. Coroner B. J. Dash, of Hillsboro, was summoned and found that death was due to natural causes and no inquest was necessary.

Wellington Webb. The death at Wellington Webb occurred at his residence, Hampton, Queens county, on Monday, July 27, after a short illness. He was a prominent member of the United Baptist church of Jerusalem, and is survived by three sons and three daughters. The sons are Maurice S. of Hillsboro, and Elbridge G. and Edward A. of Jerusalem. The daughters are Mrs. John Short, of Jerusalem, and Mrs. Robert Williams and Miss Mary Webb, of Orchester, Mass. He leaves also one brother and four sisters. The brother is Albert T. Webb, of Saint John, an deaf sisters are Mrs. N. F. Hatch, of Hillsboro; Mrs. Frank Dixon, of Grand Bay; Mrs. Hattie York, of Woodstock, and Mrs. W. L. Purvis, of Saint John.

LETTERS TO THE EDITOR. NEGLECTING THE MARITIMES. To the Editor of The Times-Star: Sir,—The announcement that Earl Haig is returning to England, after having visited the Maritimes will be read with disappointment by the re-servicemen of the province, by the sea who had the honor of serving under such a distinguished soldier, and bring up again that much discussed subject, "Maritime Rights." The Field Marshal has expressed his regret that owing to lack of time he was prevented from visiting us, and the fact that he is unable to do so is undoubtedly due to no fault of his, but can only be charged against those who had the drawing up of the itinerary covering his tour of this country.

When the Prince of Wales paid his first official visit to Canada it was at a Maritime port, and rightly so, that he first set foot on Canadian soil, and after visiting his people by the sea, proceeded to Upper Canada and the West. Such an arrangement for the tour of Earl Haig should have been considered by those responsible for the visit of the Field Marshal would seem only just and fair to those men of the Maritimes who formed such an important part of the Canadian Corps.

When we have done our utmost of late to bring the cause of the Maritimes before the rest of the people of this Dominion, we have sent special delegations to Ottawa, a representative from coast to coast speaking on our behalf before the leading clubs and Board of Trade, but alas, it seems only too true that for the vast majority of the people of our country Canada begins at Quebec and ends at Vancouver.

Yours truly, GUNNER. Saint John, July 30.

MANY ENJOY SHOW AT THE IMPERIAL

"The Dark Swan" is Classic Story—Mrs. Blake Ferris Well Received.

With so much excitement and chatter these days over political matters it is really refreshing, one says, to sit in a comfortable seat in a modern theatre and enjoy as well the delightful orchestra and singing. That's what is in the new Warner classic, "The Dark Swan," re-created on the screen from the novel by Ernest Pascal, which opened last night at the Imperial Theatre for a two days' run.

In addition to the superb interpretations of Miss Prevost and Monte Blue, Helene Chadwick completes the trio of leading players, who form the triangle of beauty, brains and love, each striving for supremacy over the other.

The story concerns itself with two sisters, Eve and Corrella Quinn, opposites in temperament, disposition and physical appearance, and the audience is held fascinated by the silent struggle that Corrella, the reserved, unattractive girl, makes for romance and happiness. Eve on the other hand has love, loquacity and admiration thrust at her from all sides, and with the empty-headed selfishness of a peacock, demands the attentions of more than one man to keep her interested.

Realizing the bitterness of defeat, Corrella decides to live her own life, apart from those who have hurt her so deeply, but Dike returns to her, when he finds his wife lacking the finer qualities of her sister.

Mrs. E. Blake Ferris, who is singing at the Imperial this week, was very cordially received again last night and it would seem as if her popularity is ever on the increase. This young matron owns one of the most pleasing voices in Maritime musical circles and whenever she appears her hearers are sure of a treat.

The same programme will be presented at the Imperial tonight, but tomorrow and on Saturday the rollicking yet delicate comedy, "Mary Mc," will be the bill, featuring those two extraordinary favorites, Florence Vidor and Edward Horton.

BALKAM IS NAMED AS CANDIDATE

Will Run For Government in Charlotte Towns—Other Speakers.

ST. STEPHEN, July 29.—At a large convention held this evening at Milltown at which a full quota of delegates from the new constituency of Milltown and St. Stephen were present, E. McLellan Balkam was unanimously selected as the Government candidate in the forthcoming election.

Mr. Balkam made a good impression and defended the Government for its road policy, stating that no government was receiving such good value for its money expended on the roads as was the present administration. He was an engineer and was well acquainted with such work, he said.

The candidate is a native of Milltown, being a son of Hugh M. Balkam of that town. He is a graduate of the University of New Brunswick and a civil engineer by profession.

The Government followers are confident of success in the contest against J. M. Fiewelling, the Opposition choice.

IT WASN'T A CAT, EMPHATICALLY NOT

A MHERST, N. B., July 29.—Although motoring is supposed to be a pleasant pastime, one resident of Amherst has forsaken the pneumatic tired vehicles for the present. A few evenings ago, while proceeding along the highway to a nearby summer resort, a small animal presenting all the appearance of a happy and contented housecat sauntered across the road ahead of his car. With tall erect, the "pussy" took its time, and before the car could be stopped a collision occurred. Immediately the nasal organs of the occupants reported that the car had not collided with a cat. Needless to add, the vehicle was not welcomed at the summer resort, and the friends of the car driver are fighting shy of his invitations for a little spin.

131 TO ENLIST IN SPAIN. HAVANA, July 29.—Answering the call made by the Spanish consul-general in Havana, 131 volunteers sailed for Spain yesterday to enlist in the foreign legion being recruited for service against the Rifians in Morocco. The men are mostly South Americans, who are seeking adventure.

TIES AGED WOMAN AND GETS DIAMONDS

Thief in Springfield, Mass., Robs House—Frightened Away.

SPRINGFIELD, Mass., July 29.—A burglar early today entered the home of Mrs. Frank L. Worthy, an aged and prominent West Springfield resident, tied her and robbed the house of diamonds valued at \$2,000. Later a robber, believed to be the same one who took Mrs. Worthy's jewelry, attempted to crack the safe of the Wico Electric Company, in West Springfield, after tying up Henry Thomas, the watchman, and John Marhatkey, another employe. When Thomas failed to ring in at the American District Telegraph office employes called the Wico office by telephone. The ringing bells frightened the burglar away.

LIBERAL WOMEN IN FAIRVILLE ORGANIZE

Dr. Curren and Mr. Ross Head in Addresses—Officers Elected.

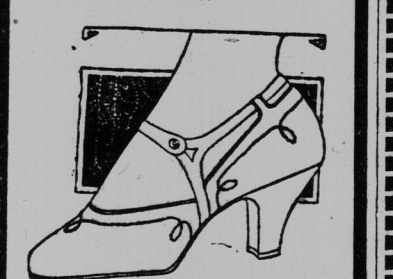

More than fifty women attended the meeting in the Gaiety Theatre yesterday afternoon at Fairville, when Dr. L. M. Curren, M.L.A., Saint John county representative for the Liberal party, organized those present for the campaign work among the women in the coming election.

After Dr. Curren addressed the meeting, the following were elected to act in an official capacity for the campaign: Chairman, Mrs. Amos Armstrong; vice-chairman, Mrs. James Lowell, who presided in the absence of Mrs. Anderson; secretary, Miss Vera Keenan.

GIVES PLEASURE. Dr. Curren said that he had come into this campaign because he could not play out, feeling as he did that he would like to assist in making conditions better for the people by giving opportunities for work and prosperity. He was very much attached to the people of Fairville, he said. He felt sure that he would poll a large vote there and was sure of a larger vote in Lunenburg and in East Saint John and Glen Falls, than on his former election. He said that the misrepresentations of

the present campaign by the opposing party were the worst ever heard in a campaign. He promised to clear away some of the false impressions at the evening meeting.

Mr. Ross, he said, was a genuine young man, who would keep his promise made before election, if he received the support of the people.

ROSS SPEAKS. In responding to the applause which was elicited by his introduction, Mr. Ross said that he wished the women present could have heard Dr. Curren in executive and on the floor of the House. If they had, they would realize that he is a man of excellent qualities and ability. He thanked them for their reception and hoped that they would realize more of the accomplishments of the party he represented after the evening meeting, when the matter would be gone into more thoroughly.

DIES TO CLEAR PATH FOR WIFE. Man Hangs Himself and Leaves Note Explaining His Act.

EGG HARBOR CITY, N. J., July 20.—Returning last night from a grocery where she had gone to make some purchases for supper Mrs. Dorothy Vandorsky found her husband, John T. Vandorsky, a bricklayer, hanging dead by a rope from a balcony of the second floor stairway.

In his pocket were found two notes. One was addressed to a man living here, whose name the police would not disclose. It explained that Vandorsky's act was prompted by his desire to "make a clear path for his wife's affections." The second note, addressed to the police, assured them that he had died by his own hand and that no one else was responsible.

Neighbors of the Vandorskys said that they knew of no other man for whom it would have been necessary for Candorsky to "make a clear path." They expressed the opinion that Vandorsky was mentally unbalanced.

TO PHYSICIAN. About a week ago, they said, Vandorsky went to a physician in Hammoncton to be treated for acid burns of the mouth and throat. At the time he explained that he had swallowed some acid "by mistake," but it is now believed that he was experimenting upon means of committing suicide at that time.

Mrs. Vandorsky collapsed when she found her husband's body and was put under the care of a physician. Later she said that when she left home to go to the store her husband appeared in the heat of a fever. They had been married about eight years and have two small children.

Vandorsky committed suicide by fastening one end of a window-sash cord about his throat and the other to the balcony. Then he leaped over the railing through an air shaft. A doctor who examined him said his neck was not broken, but that he had died of strangulation.

CASE ADJUDGED. In the Police Court yesterday afternoon Patrick Kane, 141 Union street, West Saint John, was charged with having over strength beer on his premises. After some evidence was heard the case was adjourned until 10:30 o'clock Friday morning.

Doctor Gives Permission To Show Quadruplets At Fair

All Four Mahaney Babies Happy, Healthy and Husky—Only Boy is First to Walk—Girl is Initial Talker

THE MAHANEY quadruplets, which have brought much fame to Saint John, are pronounced by their physician, Dr. E. S. Bridges, to be as healthy and vigorous specimens of the human species as can be met with and the doctor has given his permission for the babies to be shown at three of the provincial fairs.

The babies are now 19 months old and, as one of the city's special claims to interest, are at home to guests each afternoon and evening at their residence, 115 Queen street. They have had a small number of callers each day and the visitors have been greatly surprised to find the babies are every whit as well and as lively as babies that have arrived in this world in single consignments.

John, the only boy, is walking about on his own two feet, a brisk and lively youngster. Christine, the largest baby of them all, is a trifle slower and more deliberate in her actions, but can cover a great distance when travelling on foot is her ambition.

GIRL TALKS FIRST. Edna is the greatest talker of the quartette, but her utterances are so

nounced a few days ago and which occurred in London. Mrs. Bosworth is the daughter of Mr. and Mrs. Edward Sears, of this city.

POOR DOCUMENT MC 2035

THE EVENING TIMES-STAR, SAINT JOHN, N. B., THURSDAY, JULY 30, 1925

DENIES SCANDAL IN BRIDGE WORK

**Dr. Curren Says South Bay
Operation to Help Un-
employment**

**Declares Mayor "Bluffing" or
He Would Demand Health
Board Quit.**

The South Bay bridge expenditure had been no scandal at all, but had been made to give employment in Fairville, Milford and the vicinity when the unemployment situation there was very serious, so it was stated last night by Dr. L. M. Curren, M. L. A., when addressing the meeting in the Gayety Theatre, Fairville.

Both Government candidates for Saint John county, Dr. Curren and William A. Ross, were speakers and Hon. Dr. W. E. Foster also addressed the gathering, which taxed the capacity of the building.

Councillor J. O'Brien was chairman. The charges made by the Opposition candidates at the meeting held on the previous evening were dealt with and hearty applause was given all three speakers.

COUNCILLOR O'BRIEN

Mr. O'Brien from the local viewpoint said the election was of the utmost importance in the parish of Lancaster, where the unemployment situation would have been deplorable today were it not for the present Government.

Mr. Ross dwelt upon the benefits of the Workmen's Compensation Act, road systems, free school books and the patrol system. He said wages paid for road work were 30 cents an hour for a man and 80 a day for teams, which he considered by no means high.

ELECTRICITY FOR COUNTY

Dr. Curren said he had announced his belief that the people of the county should have the full benefit of the Musquash power when the city's bill was before the House, but he had addressed the committee of the House to give him time to see whether the county could secure power through the New Brunswick Electric Power Commission more cheaply. When he found that it would cost more coming directly through the power commission, he had supported the city's bill and had used all the influence he could to secure its passage.

TAKES RESPONSIBILITY

The Opposition was pointing to a scandal in connection with the South Bay bridge expenditures, but Dr. Curren said that he had pleaded with the Government when the erection of the bridge was under consideration and because of the conditions of unemployment in the vicinity had secured the

FIRST AID PRIZES GIVEN AT MONCTON

**C. N. R. Teams Receive Awards
—Lutz Mountain Barn is
Destroyed.**

MONCTON, July 29.—The presentation of the cups and individual prizes to the members of the championship teams in the First Aid competition on the Canadian National Railway, Atlantic Region, took place here this afternoon. W. U. Appleton, general manager of the region, congratulated the members. A Halifax team won first place in the Dominion championships, Moncton being a close second.

The captains of the two teams, Miss Iva Fitzpatrick and Victor St. C. Blackett, were presented the cups won in the regional competition. The women members were each presented beautiful gold brooches and the men received gold and pearl stickpins. The presentations were made by A. T. Weldon, general traffic manager.

SPEAKS OF SHOWING.

A. T. Wooley, First Aid instructor, in presenting the certificates, spoke of the fine showing made by the Atlantic Region teams in the Dominion championships.

Third year medallions were presented to Police Officers Jack Leamon and Silas Perry.

BARN DESTROYED

Fire destroyed a large barn on the property of Lutz Mountain owned by J. H. Harris, postmaster of this city, today. It was only with difficulty that any of the contents was saved.

The horses were taken out and some of the farm machinery. About 12 tons of hay and a large quantity of feed were burned. The origin of the fire is unknown. The loss will be heavy, as the building was only lightly insured.

HINDU VOTES URGED

**Canada's Laborites Pledged to
Aid Indians Residing in
B. C.**

LONDON, July 29.—The question of the control of Indian labor in the British Dominions came up today at the conference of the Labor Party representatives of Great Britain and the Dominions which is being held here.

James Simpson, Toronto, said that the Canadian Labor Party would be glad to do their utmost when they returned to Canada to see that full civil and political rights were extended to the Indians now in British Columbia.

RUBBER PLEA HEHEED

LONDON, July 29.—Right Hon. Austen Chamberlain has assured the United States Ambassador Houghton, that "immediate and serious consideration" will be given by the British Government to the views of foreign countries regarding the restriction of raw rubber production in British Columbia.

CHICAGO, July 29.—Four masked robbers who attempted to hold up the Drake Hotel, exclusive Lake Shore Drive hostelry, today precipitated a battle between the robbers, hotel detectives and policemen that resulted in the death of two of the robbers and the hotel cashier.

Another of the robbers was captured after a terrific battle in the hotel kitchen and a fourth escaped in an automobile with \$10,000 of the hotel's money snatched from the safe while bullets whizzed about his head.

RICHARD O'LEARY DIRECTS CAMPAIGN

**Named to Manage Kent Opposi-
tion—Veniot-Doucet Debate
Undivided.**

SHEDIAC, July 29.—The political contests in Westmorland and Kent counties have reached a state of considerable activity. All the candidates are holding rallies practically every night and are personally calling at homes and interviewing voters.

It was announced today that Richard O'Leary, of Richibucto, had been named Opposition campaign manager for Kent county.

A large crowd is expected to hear the nomination day speechmaking at Richibucto on Monday, but in Dorchester the proceedings are likely to be more or less of a formal nature.

DEBATE EFFORTS CONTINUE

Efforts are still being made to arrange a joint debate between Hon. Dr. P. J. Veniot and A. J. Doucet, M. P. for Kent, with Moncton as the possible scene of the fireworks. Hon. Dr. Veniot is to address a meeting in Shediac Thursday night of this week and may make an announcement as to the Doucet challenge at that time.

SYDNEY STEAMER IS STILL FAST ASHORE

SYDNEY, N. S., July 29.—A message from Lunenburg at noon states the Sydney steamer Restless is still on the rocks at Pouch, where she struck in the fog on Monday, with the tug Sadie Mac standing by. The Restless is full of water which, however, came in over the rail, and not through the bottom, which is intact. President prospects favor salvage, but if a heavy sea should come up the ship will probably be a total loss.

Research shows that the green color of French oysters is due to a pigment present in their food materials.

QUEENS CANDIDATES FLAY GOVERNMENT

**Moore and Evans Speak at
Gagetown—Tell of Pro-
hibition.**

GAGETOWN, N. B., July 29.—The Provincial Government was described as the biggest bootlegger in Canada by W. B. Evans, Queens county Opposition candidate, at a meeting of women here this afternoon, when the two Opposition candidates, Mr. Evans, of Gagetown, and Mrs. R. B. Hanson, of Fredericton, were the speakers. About 30 or 35 women were present, and Mrs. J. Arthur Moore, wife of the candidate, presided. This afternoon's meeting was the third gathering of the Opposition women which the two candidates had addressed, the others having been held at Cambridge and Minto.

MR. EVANS SPEAKS

Mr. Evans, the first speaker, said the women were not so tied up to party as the men and were ready to listen to the merits of the issues at stake. He felt that prohibition was an issue which was of particular interest to the women. He was glad to be a candidate in order to support the enforcement of the prohibitory law, which he believed to be better than the Scott Act. To support his statement that the New Brunswick Government was the greatest bootlegger in Canada, he said Government sales of liquor last year totalled \$2,000,000, and he gave comparison of the per capita expenditures for liquor in the various provinces. Quebec with licensed sales had a \$6.70 per head expenditure, and New Brunswick, with prohibition, had nearly as much, \$5. while in Ontario, where prohibition was really enforced, the per capita amount was only \$1.90.

SALES ALONG BORDER

The sales of liquor along the New Brunswick border, Mr. Evans said, had been particularly high. At St. Leonards they amounted to \$155 a head, at St. Stephen \$42 and at Grand Falls \$38. It was evident, he thought, that the Government was trying to break the laws, and he criticized the sale of beer also.

There was much beer being sold that was 6 to 7 per cent alcohol instead of 2 per cent. At Minto 10 to 15 barrels a week of this beer were being sold by a man whose place was well known to the authorities but had never once been closed down. Mr. Evans asserted that men who had favored prohibition too strongly had formerly been dropped from the government ticket.

MR. MOORE SPEAKS

Hon. Dr. J. B. M. Baxter, leader of the Opposition, Mr. Evans said, objected to the Government's decision being final in a liquor conviction, and he felt that Dr. Baxter's proposed change would not injure the enforcement of the law.

Mr. Moore directed his remarks first of all against the Government's expenditures which he declared had been most extravagant. The provincial debt of \$21,000,000, he stated,

SYDNEY STEAMER IS STILL FAST ASHORE

SYDNEY, N. S., July 29.—A message from Lunenburg at noon states the Sydney steamer Restless is still on the rocks at Pouch, where she struck in the fog on Monday, with the tug Sadie Mac standing by. The Restless is full of water which, however, came in over the rail, and not through the bottom, which is intact. President prospects favor salvage, but if a heavy sea should come up the ship will probably be a total loss.

Research shows that the green color of French oysters is due to a pigment present in their food materials.

QUEENS CANDIDATES FLAY GOVERNMENT

**Moore and Evans Speak at
Gagetown—Tell of Pro-
hibition.**

GAGETOWN, N. B., July 29.—The Provincial Government was described as the biggest bootlegger in Canada by W. B. Evans, Queens county Opposition candidate, at a meeting of women here this afternoon, when the two Opposition candidates, Mr. Evans, of Gagetown, and Mrs. R. B. Hanson, of Fredericton, were the speakers. About 30 or 35 women were present, and Mrs. J. Arthur Moore, wife of the candidate, presided. This afternoon's meeting was the third gathering of the Opposition women which the two candidates had addressed, the others having been held at Cambridge and Minto.

MR. EVANS SPEAKS

Mr. Evans, the first speaker, said the women were not so tied up to party as the men and were ready to listen to the merits of the issues at stake. He felt that prohibition was an issue which was of particular interest to the women. He was glad to be a candidate in order to support the enforcement of the prohibitory law, which he believed to be better than the Scott Act. To support his statement that the New Brunswick Government was the greatest bootlegger in Canada, he said Government sales of liquor last year totalled \$2,000,000, and he gave comparison of the per capita expenditures for liquor in the various provinces. Quebec with licensed sales had a \$6.70 per head expenditure, and New Brunswick, with prohibition, had nearly as much, \$5. while in Ontario, where prohibition was really enforced, the per capita amount was only \$1.90.

SALES ALONG BORDER

The sales of liquor along the New Brunswick border, Mr. Evans said, had been particularly high. At St. Leonards they amounted to \$155 a head, at St. Stephen \$42 and at Grand Falls \$38. It was evident, he thought, that the Government was trying to break the laws, and he criticized the sale of beer also.

There was much beer being sold that was 6 to 7 per cent alcohol instead of 2 per cent. At Minto 10 to 15 barrels a week of this beer were being sold by a man whose place was well known to the authorities but had never once been closed down. Mr. Evans asserted that men who had favored prohibition too strongly had formerly been dropped from the government ticket.

MR. MOORE SPEAKS

Hon. Dr. J. B. M. Baxter, leader of the Opposition, Mr. Evans said, objected to the Government's decision being final in a liquor conviction, and he felt that Dr. Baxter's proposed change would not injure the enforcement of the law.

Mr. Moore directed his remarks first of all against the Government's expenditures which he declared had been most extravagant. The provincial debt of \$21,000,000, he stated,

CHICAGO, July 29.—Four masked robbers who attempted to hold up the Drake Hotel, exclusive Lake Shore Drive hostelry, today precipitated a battle between the robbers, hotel detectives and policemen that resulted in the death of two of the robbers and the hotel cashier.

Another of the robbers was captured after a terrific battle in the hotel kitchen and a fourth escaped in an automobile with \$10,000 of the hotel's money snatched from the safe while bullets whizzed about his head.

RICHARD O'LEARY DIRECTS CAMPAIGN

**Named to Manage Kent Opposi-
tion—Veniot-Doucet Debate
Undivided.**

SHEDIAC, July 29.—The political contests in Westmorland and Kent counties have reached a state of considerable activity. All the candidates are holding rallies practically every night and are personally calling at homes and interviewing voters.

It was announced today that Richard O'Leary, of Richibucto, had been named Opposition campaign manager for Kent county.

A large crowd is expected to hear the nomination day speechmaking at Richibucto on Monday, but in Dorchester the proceedings are likely to be more or less of a formal nature.

DEBATE EFFORTS CONTINUE

Efforts are still being made to arrange a joint debate between Hon. Dr. P. J. Veniot and A. J. Doucet, M. P. for Kent, with Moncton as the possible scene of the fireworks. Hon. Dr. Veniot is to address a meeting in Shediac Thursday night of this week and may make an announcement as to the Doucet challenge at that time.

RIFLEAS PREPARED FOR SUPREME EFFORT

GREAT DRIVE DEVELOPING ON OUEZZAN

Plan of Tribesmen's Chief Would Separate French and Spanish

LINES WITHDRAWN FOR STRENGTH

Petain Returns Home After Visit to Seat of War in Morocco.

British United Press.

FEZ, French Morocco, July 30.—Abd-el-Krim's offensive against Ouzean, whereby he hopes by a supreme effort to gain the victory denied the Rifians at Fez and Taza, now is but a question of a few hours, according to reports from the front.

If the attack occurs it probably will involve all the worst phases of colonial warfare, including extreme cruelty. Krim is exciting the Djeballas, a powerful tribe of warriors, with a promise to attack Ouzean. He is reported to have decided that the time has come to regain his prestige on the field of battle, as the tendency of the tribes heretofore in rebellion against the French has been to desert him and become faithful to the tricolor. The tribes north of the Ouzerga recently were subjected to a massacre for their unwillingness to fight, according to the French.

HOPES TO WIN TRIBES.

By a bold play at Ouzean, Krim hopes to win over the Cherifian tribes, which extend to the Atlantic Coast. Thus he would cut communication between the French and Spanish zones. In the Ouzerga region Krim already has sent some warriors against the small French post at Abou Alasa and he has attempted to attack Tafraout.

The French command is pushing the work of assigning reinforcements as they arrive at Taza and Casablanca. Most of these are being despatched immediately to the Ouzean sector. In this sector has the two major menaces to the French remained.

FRENCH TACTICS.

Before Fez and Taza, vigorous tactics by the French have improved the situation, but the French have been forced to withdraw their line of defence to 15 kilometers north of Ouzean and 50 kilometers east. If Krim strikes he will find the French prepared to strike back.

"The enemy troops continue to assemble on the right bank of the Loukkou, north of the Ouzerga," the French communique announced Wednesday. "Apparently the enemy is engaged in fortifying the position, although without signs of attack. The same attitude has been adopted north-east of Fez, El Bell."

PETAINE RETURNS.

Canadian Press Despatch. TETUAN, July 30.—Marshal Petain left for France last evening. His return here is interpreted here as an indication that affairs in Morocco have reached a conclusive stage—that an agreement has been arrived at between Spain and France concerning the tactics to be adopted to inflict defeat or force peace upon the Moors.

The fighting on both the French and Spanish front has been of a desultory character, but the concentration of tribesmen continues on the western part of the front in the Ouzean sector.

ICE CREAM CAUSES SCARLET FEVER

Infected by Employee Who Was Suffering From Disease—Outbreak Suppressed.

LONDON, July 29.—That ice-cream caused an outbreak of scarlet fever in Portsmouth is stated in a report by Dr. Fraser, the Medical Officer of Health for the borough.

Eighty-three people suffering from the disease were found to have eaten ice-cream, all of which was purchased from one firm.

On inquiry it was discovered that among those employed in making the cream was a boy who was suffering from the early stages of scarlet fever. There can be no reasonable doubt, says the medical officer, but that this boy infected the cream, which subsequently spread the disease in the town.

From steps were taken and the outbreak suppressed.

BUREAU DENIES HE GOT SEAT IN SENATE

OTTAWA, July 29.—Hon. Jacques Bureau, Minister of Customs, today denied the rumor that he had been appointed to the Senate.

"It is absolutely false," said Mr. Bureau. "It is in line with interested despatches invented in Three Rivers." The rumor that Mr. Beluga had been elevated to a judgeship was also denied.

4-Year Course For Pharmacy Pupils Urged

HALIFAX, July 29.—A four-year college course for students in pharmacy, instead of a two-year course, as at present, was urged by a large number of speakers at this afternoon's session of the 50th annual convention of the Nova Scotia Pharmaceutical Society, which opened here this morning in the Medical Science Building of Dalhousie University.

TWO SAVED BY N. Y. POLICEMAN

Patrolman Hates to Admit His Act of Heroism at Fire.

NEW YORK, July 29.—Before firemen finished placing a ladder against a window in which Mrs. Martha Jastrow stood screaming for help in a burning building at 128 Washington street, Hoboken, Patrolman John Keely had climbed to the topmost rung and was ready for the rescue. The ladder swung into place, Keely snatched Mrs. Jastrow from the smoking window and carried her safely to the street.

AGAIN INTO THE FLAMES.

"Oh! I forgot!" exclaimed Mrs. Jastrow. "What?" asked the patrolman. "My pocketbook. There's \$97 in it, all the money I have. It's in the right hand bureau drawer in my room."

Back to the fire, up the ladder again. Through the window once more and the blinding smoke and flames. He got the pocketbook, and gave it to Mrs. Jastrow.

"Bravo!" cried the crowd in Washington street. "Hero!" He should think so. And just as he had done in a hundred other cases of his kind, when the fire was over, he walked to the police station and made out his report.

"I think it is a disgrace," interposed the baroness, alluding to the small but neat and picturesque little villa in which she lives, "that we should have to live in a workman's cottage, with only three bedrooms, for which we have to pay \$120 a year."

Meanwhile another claimant to the historic heritage in the field—Alexander Grant, a retired tutor of Coombs road, London. This fact was disclosed in Edinburgh Court of Session when mention was made of an action intended to be brought by Mr. Grant against the Countess of Seafield, Lord Strathgairn and others. Mr. Grant explained that Mr. Grant claimed to be the rightful Earl of Seafield, having been born in 1846, before the marriage of the seventh Earl. There had been three sons, tenth, and eleventh Earl of Seafield, and the present Countess in succession since that date.

The case had been before the Sheriff of Chancery for more than twelve months, and the investigations of the claim had been going on for about 20 years. As his lordship would see, a claim that dated back to 1846 had very few witnesses still alive who could speak to it, and every day's continuance of the case was prejudicial to defendants. The action was not brought during the lifetime of the late countess, who had been dead for 18 years, and there were certain witnesses who were very old and might die at any time.

James Walker, for Mr. Grant, replied that according to the allegations of Mr. Grant there was some concealment of his parentage. For many years he was not able to discover who his parents were, and only succeeded quite recently. There were certain letters in the case regarding which they would require the recovery of certain specimens of handwriting.

His lordship adjourned the case until the winter session in October.

HERE FOR HOLIDAY.

C. H. L. Sharnon, of Ottawa, arrived in the city last night on a holiday trip. He expected to leave today for Montreal and to return to Ottawa via Montreal. He was at the Admiral Beatty Hotel.

Mr. Grant there was some concealment of his parentage. For many years he was not able to discover who his parents were, and only succeeded quite recently. There were certain letters in the case regarding which they would require the recovery of certain specimens of handwriting.

N. S. ELECTION VOTE

443,962; LARGE GAIN

HALIFAX, July 29.—The total number of votes cast in the Nova Scotia general elections held on June 28 last, was 443,962, or about 100,000 more than in 1920, according to figures from the Deputy Provincial Secretary, published today. Of the votes cast, the Conservatives received 270,544, and the Liberals 161,188, and others 12,230.

HOLDS VENIOT QUIT ON NEW LIQUOR LAW

Pots Declares Present Premier's Action on B. C. System Forced Out.

Between 800 and 400 people attended the Opposition meeting at Loch Lomond last evening. Addresses were delivered by Mayor Frank L. Potts, county candidate, Ralph G. McInerney and Hon. R. W. Wignome.

The Mayor referred to the speech at the Imperial Theatre by Hon. Mr. Veniot, R. C. Rand, Attorney-General, on Tuesday evening. The Mayor said Mr. Rand first tried to find a seat in his own county Westmorland, but failing in that he was elected in Gloucester, at an alleged cost of \$60,000. "Now he is running in Albert county," the Mayor said, "and doubtless will meet with the same success as he did while running in Westmorland county."

REFERENCE TO VENIOT.

In speaking of Premier Veniot, the Mayor said: "The Foster Government sent E. S. Carter to British Columbia to study the Government liquor control system that province and presented him \$600 expense money, as their blue book report shows. The Government decided to adopt the western province's system, but Premier Veniot backed out at the last minute and Premier Foster was forced to resign."

"A handful of five or six men," the speaker continued, "then placed the premiership in Veniot's hands. He did not receive it at the hands of the people, but at the hands of a few representatives of the people. When the people have an opportunity to say who will be Premier they will oust Hon. J. B. M. Baxter the man, on August 10."

WIGNOME ON HYDRO.

Hon. Mr. Wignome said that it was not the Government but rather the City Council of Saint John who desired the Hydro. He said that the City Council had driven a bargain with the Government for the low cost of electricity in the city. HON. MR. RAND

VS. N. B. Cabinet, Hon. W. E. Foster and R. T. Hayes

From today's Telegraph-Journal.

HON. IVAN C. RAND'S somewhat super-heated attack on the Maritime Journal and on the effort made by this paper to sell the Maritime Province idea to the rest of Canada is hardly justified by the views expressed by several of his colleagues, including Premier Veniot and Hon. W. E. Foster, and Mr. R. T. Hayes, Liberal candidate for the city of Saint John. The two latter gentlemen were on the platform with the Attorney-General when, in his excitement, he berated this inoffensive journal for attempting, with its own money, to advance the interests of the Maritime Provinces, or at least to ascertain in what way some practical assistance might be secured from the rest of Canada. The vigorous language used by Mr. Rand would suggest that he has no use for the Maritime Journal or for any person who endorses the action of this newspaper in sending Mr. Belding west.

At the same time Mr. Rand is reported to have expressed his high appreciation of what was accomplished at the recent Maritime conference held at Moncton. It is only fair to say that the man chiefly responsible for the holding of that conference was Mr. A. M. Belding, editor of The Telegraph-Journal, and the commissioner of this newspaper to the west. It is noticeable that Mr. Rand was not present at that gathering to give the benefit of his broad experience to his less fortunate and less well informed fellow citizens of the Maritime Provinces. But Mr. Rand has expressed himself very fully as to what in his opinion are the duties of the Maritime Provinces in relation to the other provinces of the Dominion, and in a review in the Legislative Assembly on Wednesday, April 15, 1925, and is reported on page 173 of the synoptic report of the proceedings of the Legislative Assembly of New Brunswick, to have said this:

"With regard to the so-called Maritime rights, he thought there had been a lot of superficial thinking in connection with it. If the Maritimes had any legal or moral rights against the rest of Canada they were entitled to have them revised. What about Maritime rights? Referring to Mr. Rand's personal reference to himself, the prominent Bathurst lumberman declared that since he had established in New Brunswick, Ontario and elsewhere, he had never been found to go elsewhere to remain in business.

REDUCTION SIMPLY ASKED

Mr. Fraser, in his reply, said the lumbermen did not make any attempt to reduce men's wages in the lumber industry through taxation and excessive stampage and declaring that New Brunswick would be ruined unless the Grand Falls hydro development is placed on a safe and sound business basis, Angus McLean, of the Bathurst Company, Ltd., made a spirited reply last night to allegations contained in a speech in the Imperial Theatre, Tuesday, by Hon. I. C. Rand, Moncton, Attorney-General. Coupled with Mr. McLean's statement is a reply also to Hon. Mr. Rand by Donald Fraser, of Fraser's Ltd., the largest employers of labor in the province.

"I charge this government," said to hold up the Government for \$250,000, at Mr. Rand declared. The lumbermen simply asked for a reduction to tide them over a critical stage and there never was any threat of any demand made. Referring to the Grand Falls, Mr. Fraser declared he had consistently worked for the development and would continue to work for it, but that he could not endorse the present Government's action in jumping into contracts on the eve of an election. "Mr. Rand is stating that our company would take power if it were dashed Tory," said Mr. Fraser, "shows his political ignorance, otherwise he would know that I have been a Liberal in politics all my life, long before Mr. Rand was ever heard of."

The statements of both Mr. McLean and Mr. Fraser follow:

Mr. Fraser's Reply

"As Mr. Rand in his political speech at the Imperial Theatre saw fit to make personal reference to the writer, I feel obliged to reply to him. I am not a Tory, nor do I intend to DENIES HOLD-UP ATTEMPT.

"First, the lumbermen did not make any attempt to hold up the Government of this province for \$250,000, as he states.

"The fact that the lumbering industry of the province has been passing through a very serious crisis is not apparent to every business man in the province, so apparent in fact that the Board of Trade New Brunswick joined with the lumbermen in their appeal to the Government for a reduction in stampage charges—so he referred to some small extent from the heavy charges that are to be paid to the Government on this fall. There was absolutely no demand, no threat, simply an appeal for assistance to bide the industry over a critical period.

\$250,000 IS MYSTERY.

"How or where Mr. Rand gets his figures of \$250,000 is difficult to learn because there was positively no amount of money asked for from the Government. All we asked was for relief from Government charges that are so far in excess of those imposed upon our Quebec laboring man are the first to suffer from industrial depression and many former employees of the lumbermen are idle today owing to present conditions in the lumber industry.

CHILDREN IN RAGS.

"Second, Mr. Rand's reference to children in rags in this province is no doubt correct. Unfortunately the families of the laboring man are the first to suffer from industrial depression and many former employees of the lumbermen are idle today owing to present conditions in the lumber industry.

QUERIES ABOUT COST.

"Third, as to Grand Falls development, Mr. Rand knows or should know that I have consistently worked for the development of Grand Falls and will continue to work for its development, but I cannot endorse the present Government's action in jumping into contracts on the eve of an election without knowing what it is going to cost the people of the province. It has been stated that the Fraser Company has contracted to take Grand Falls power. This is not true. The Fraser Company will not contract for power until we know what it is going to cost us.

POLITICAL IGNORANCE.

"Mr. Rand in stating that our company would take power if it was dashed Tory" shows his political ignorance, otherwise he would know that I have been a Liberal in politics all my life and long before Mr. Rand was ever heard of. It is evident from Mr. Rand's slighting reference to my attitude towards the temperance question that he is against prohibition and it is just as well that the temperance people of the province know where he stands on the question before the election.

Mr. McLean's Reply

"Referring to Mr. Rand's speech as published yesterday morning in The Telegraph-Journal where he makes certain charges against lumbermen, and

MORE PEOPLE SEEN OUSTED BY TAXES

Lumbermen Didn't Attempt \$250,000 Hold-up of Administration, But Simply Asked Reduction in Tiding Them Over Crisis Says Donald Fraser; Rand Speech Answered

"CHARGING the Veniot Government with responsibility for the reduction in men's wages in the lumber industry through taxation and excessive stampage and declaring that New Brunswick would be ruined unless the Grand Falls hydro development is placed on a safe and sound business basis, Angus McLean, of the Bathurst Company, Ltd., made a spirited reply last night to allegations contained in a speech in the Imperial Theatre, Tuesday, by Hon. I. C. Rand, Moncton, Attorney-General. Coupled with Mr. McLean's statement is a reply also to Hon. Mr. Rand by Donald Fraser, of Fraser's Ltd., the largest employers of labor in the province.

"I charge this government," said to hold up the Government for \$250,000, at Mr. Rand declared. The lumbermen simply asked for a reduction to tide them over a critical stage and there never was any threat of any demand made. Referring to the Grand Falls, Mr. Fraser declared he had consistently worked for the development and would continue to work for it, but that he could not endorse the present Government's action in jumping into contracts on the eve of an election. "Mr. Rand is stating that our company would take power if it were dashed Tory," said Mr. Fraser, "shows his political ignorance, otherwise he would know that I have been a Liberal in politics all my life, long before Mr. Rand was ever heard of."

The statements of both Mr. McLean and Mr. Fraser follow:

Mr. Fraser's Reply

"As Mr. Rand in his political speech at the Imperial Theatre saw fit to make personal reference to the writer, I feel obliged to reply to him. I am not a Tory, nor do I intend to DENIES HOLD-UP ATTEMPT.

"First, the lumbermen did not make any attempt to hold up the Government of this province for \$250,000, as he states.

"The fact that the lumbering industry of the province has been passing through a very serious crisis is not apparent to every business man in the province, so apparent in fact that the Board of Trade New Brunswick joined with the lumbermen in their appeal to the Government for a reduction in stampage charges—so he referred to some small extent from the heavy charges that are to be paid to the Government on this fall. There was absolutely no demand, no threat, simply an appeal for assistance to bide the industry over a critical period.

\$250,000 IS MYSTERY.

"How or where Mr. Rand gets his figures of \$250,000 is difficult to learn because there was positively no amount of money asked for from the Government. All we asked was for relief from Government charges that are so far in excess of those imposed upon our Quebec laboring man are the first to suffer from industrial depression and many former employees of the lumbermen are idle today owing to present conditions in the lumber industry.

CHILDREN IN RAGS.

"Second, Mr. Rand's reference to children in rags in this province is no doubt correct. Unfortunately the families of the laboring man are the first to suffer from industrial depression and many former employees of the lumbermen are idle today owing to present conditions in the lumber industry.

QUERIES ABOUT COST.

"Third, as to Grand Falls development, Mr. Rand knows or should know that I have consistently worked for the development of Grand Falls and will continue to work for its development, but I cannot endorse the present Government's action in jumping into contracts on the eve of an election without knowing what it is going to cost the people of the province. It has been stated that the Fraser Company has contracted to take Grand Falls power. This is not true. The Fraser Company will not contract for power until we know what it is going to cost us.

POLITICAL IGNORANCE.

"Mr. Rand in stating that our company would take power if it was dashed Tory" shows his political ignorance, otherwise he would know that I have been a Liberal in politics all my life and long before Mr. Rand was ever heard of. It is evident from Mr. Rand's slighting reference to my attitude towards the temperance question that he is against prohibition and it is just as well that the temperance people of the province know where he stands on the question before the election.

Mr. McLean's Reply

"Referring to Mr. Rand's speech as published yesterday morning in The Telegraph-Journal where he makes certain charges against lumbermen, and

LOCH LOMOND ASSN. CHOOSES OFFICERS

A. Fred deForest Re-elected President at Annual Dinner and Meeting.

The annual meeting of the Loch Lomond Protective Association was held last night at Johnstone's Hotel, Loch Lomond, with A. F. deForest the president in the chair, and there was a good attendance of members present.

James Catt, Dominion Government Inspector, was present at the meeting, and delivered an interesting address on the different species of fish that abound in Loch Lomond.

The election of officers for the ensuing term follows: President, A. F. deForest; vice-president, K. J. MacTavish; secretary, Bert Gilmour; executive committee, A. F. Johnston, D. J. Carr, Thomas Nagle, George Stephenson, William Swanton, John Vaughan, J. H. Pullin and G. Simbald.

TRUSTEES LEAVE RATEPAYERS' MEET

Riled by East Saint John's Rejection of School Plan, Later Passed.

The ratepayers of school district No. 8 in East Saint John last night sustained the recommendation of the Board of School Trustees and Building Committee giving authority for the acceptance of a tender for an addition to the school.

The meeting was the largest in the history of the district and was quite stormy. At one time the trustees and building committee left the room, deciding to have nothing more to do with the matter as the meeting had thrown out their recommendation.

Twelve tenders were received from local contractors. It was recommended by the trustees that one of these tenders be accepted if final arrangements were satisfactory.

LORD CHEYLESMORE DIES OF INJURIES

Wrote Book on Army and Navy Medals of Great Britain.

LONDON, July 29.—Major General Lord Cheylesmore died here today, following injuries he sustained in a recent automobile accident.

Lord Cheylesmore was a celebrated horse and sportsman. He was seriously injured July 19, when he was thrown from his motor car by an accident which occurred near Windsor Castle.

Outside of his army career Lord Cheylesmore devoted himself principally to rifle shooting, rowing and other sports. He was the author of a book regarding the naval and military medals of Great Britain. He owned the Manor of Cheylesmore, formerly a possession of Edward the Black Prince.

Indian Heiress Weds Young Business Man

KANSAS CITY, Mo., July 29.—How an Indian heiress's love for a pale-face triumphed over the stubborn race pride and violent opposition of her relatives was revealed in Kansas City, Kan., before Bernadette Anderson, Acting Probate Judge.

Mr. Anderson, by issuing a marriage license to Pease Bigheart, 34 years old, and Claire Smith, 22, both of Fairfax, Okla., brought to a successful culmination a Pookontas romance between the pretty Osage girl and a young business man.

Pease, who is the granddaughter of Peter C. Bigheart, first chief of the Oklahoma League, has a fortune of \$200,000, which yields a quarterly income of \$6,000. Her parents are dead, and until her elopement two days ago she had lived with her aunt, Mrs. Eliza Talchier.

COULD NOT SLEEP NIGHTS

Pains and Headaches Relieved by Taking Lydia E. Pinkham's Vegetable Compound

Dublin, Ontario.—"I was weak and irregular with pains and headaches, and could not sleep nights. I learned about Lydia E. Pinkham's Vegetable Compound by reading the letters in the newspapers and tried it because I wanted to get better. I have got good results from it as I feel a lot stronger, and am not troubled with such bad headaches as I used to be and am more regular. I am gaining in weight all the time and I tell my friends what kind of medicine I am taking. You may use my letter as a help to others."—Mrs. JAMES RACON, Box 12, Dublin, Ontario.

Halifax Nurse Recommends

Halifax, N. S.—"I am a maternity nurse and have recommended Lydia E. Pinkham's Vegetable Compound to many women who were childless, and to women who had a good tonic. I am English and my husband is American, and he told me of Lydia E. Pinkham while in England. I would appreciate a copy or two of your little books on women's ailments. I have one which I keep to hand. I will willingly answer letters from any woman asking about the Vegetable Compound."—Mrs. S. COLMAN, 24 Uniacke St., Halifax, Nova Scotia.

The Harvest. The harvest of health is as important as the harvest of the soil, for without health the fruits of the earth are of little worth. The earth will not yield its best without man's knowledge, care and foresight. So with the body. If the system is kept free from poisonous waste, the utmost benefit is derived from nourishment, a healthy habit of body is established, and will probably last a lifetime. If at any time the habit should fail, it can be gently restored by a glass of pleasant tasting sparkling "Andrews" taken morning or evening for a few days running. TAXATION PLAN FOR C. N. R. IS CONSIDERED

Railway Officials Are Seeking Reduction in Manitoba

AGREEMENT LOOKED FOR

Deputy Minister to Confer With Governments of Provinces

OTTAWA, July 29.—A comprehensive plan of railway taxation in the various provinces of the Dominion is now being worked out by officials of the Canadian National Railways and will likely be submitted at the next session of parliament. Already conferences have been held with officials of the Government in the Maritime Provinces and in Ontario.

Graham A. Bell, Deputy Minister of Railways and vice-president of the Canadian National Railways, who is accompanying Sir Henry on his present tour of the Western lines, will confer with members of the governments west of the Great Lakes on this question.

TAXATION INCREASED.
Railway tax accruals during the year 1924 totalled \$4,988,882.86, which was a considerable increase over the previous year, and most of that increase or \$485,000 was in the province of Manitoba and the chief difficulty lies

Canadian Press Despatch. MONTREAL, July 29.—It has been estimated that annually United States tourists spend approximately \$343,000,000 in Canada. In every minute of each business day in Montreal, during June, July, August and September, about 4,000 United States dollars are passed across the counters to Montreal merchants.

Renforth Sidewalk Is Being Extended

The work of broadening the road and laying a sidewalk at Renforth, on the city side of the railway station, has been going on for about two weeks. The construction of the first hundred yards is pretty well completed by the party of workmen hired by the Provincial Government for that purpose.

The walk is on a foundation of stones and is of earth covered with gravel. It has been built up to the level of the roadway and a series of posts has been set in between it and the highway proper. The sidewalk is expected to extend to the iron railway bridge between Renforth and Torryburn when the present work is completed.

"I'll tell you why"

"YOU ask why the Certo method uses more sugar. I have found that the extra sugar I used with Certo gave me so much more jam or jelly.

"The extra sugar is used simply to make jam and jelly with the juice and flavor that used to be boiled away by the old method. Actually I have the same amount of sugar in each glass whether I make it with Certo or by the old, boiling-down method. But from the Certo way I get half as many more glasses of jam or jelly. And I have not only more with Certo, but I have saved time, fuel and trouble. I know my jams and jellies will set, and also each jar is just full of the fruit flavor that used to be boiled away.

"I am so enthusiastic over the Certo method of jam and jelly making that, although I am not very good at figures, I worked out a very simple table of cost to see actually what I had.

"Just think of it! No hours of fearful uncertainty over a hot stove, and more jam and jelly with all the true fruit flavor retained. It just took one batch of fruit with the Certo method to convince me. I will never return to the old method of jam and jelly making, with all its hard work, worry and extra expense."

You can have the same wonderful results and satisfaction by following the simple Certo recipes accompanying every bottle.

LONDON TO NIGERIA IN EIGHT DAYS

Air Routes Projected to Put up Outlying Portions of Empire.

LONDON, July 30.—A step towards the projected system of air routes

linking more closely together outlying portions of the Empire will be taken shortly when the Royal Air Force undertakes an experimental flight from Cairo to Kano in Nigeria.

The flight will be carried by D. H. 9 (A.) machines, which will fly from Cairo to Khartoum and thence to El Obeid. The machines will fly across Darfur to Lake Chad from El Obeid, and then to Kano.

The total distance from Cairo to Kano by this route is 2,800 miles, but when the service is established as a

properly organized air route it will bring the two places within five days of one another.

Regular communication by air between London and Cairo will thus make Nigeria and England only separated by a gap of eight days.

A journey to Kano at present involves a 15-day sea journey to Lagos, followed by three days in the train. Crown Prince Umberto of Italy has been allowed \$50,000 a year for maintenance.

SAINT JOHN POWER BOAT CLUB RACES WILL BE HELD TONIGHT

KEEN INTEREST IS CENTERED IN THIS ANNUAL CLASSIC

Programme Will Consist of Speed, Semi-Speed, Cabin Cruisers and Open Classes—Are To Start at 7.30 Sharp

The Saint John Power Boat Club have arranged for their annual speed boat races on Indiantown harbor this evening if weather conditions are favorable. The programme will consist of a speed boat class, the semi-speed type and cabin cruisers. As considerable rivalry exists among the owners the events are expected to be well contested. The races are scheduled to begin at 7.30 sharp and will start and finish near the public wharf at the foot of Indiantown hill.

The committee have worked hard to make the event one of the most successful ever conducted under the auspices of the club and have issued circulars to the competitors asking their hearty co-operation by being tuned up and ready to start when scheduled. The course will be from the public wharf to points up the river and back. In event of weather conditions being unfavorable the committee have arranged to hold the series of races tomorrow evening at the same hour.

MONCTON GOLFERS LOSE AT RIVERSIDE

Members of Riverside Club Put Up Hard Fight—Course Was Heavy.

Riverside Club golfers of Moncton met their old rivals of the Riverside Golf and Country Club on the Riverside links yesterday afternoon and went down to defeat, though not at all ingloriously. The course was heavy, due to rains early in the day, and the match could not have been considered satisfactory altogether from the standpoint of speed and low scoring. However, it was well contested, and the usual good spirit marked the contest. The visitors were lunched and dined at the course, and during the dinner hour Walter Neale, of the visitors, favored the gathering with some of the splendid tennis solos.

It may be noted that Mr. Rand, after making his famous Fredericton speech, received a very vigorous protest from his fellow citizens at Moncton. These gentlemen were not at all pleased at the gentle impeachment that they had made themselves ridiculous. They promptly demanded an apology from Mr. Rand, which apparently has not yet been made. In fact the insult has been emphasized and no doubt those who constitute the above list will feel very much complimented by Mr. Rand's attack.

However, they constitute but a small portion of a large company, because Mr. Rand when he did get going on Tuesday night, seems to have attacked pretty nearly everybody and everything in and out of sight. It was a wild political orgy, and no doubt Mr. Rand himself was pleased. The Telegraph-Journal is satisfied to think that Mr. Rand's fellow Cabinet Ministers, who endorsed the attitude of this newspaper and expressed satisfaction at the results achieved, are quite as competent to express an intelligent opinion as Mr. Rand's newspaper, with such striking, unhesitating, and wholehearted endorsement, refuses to either feel hurt or rebuked by Mr. Rand's onslaught.

In regard to Mr. Rand's statement that this paper is owned or controlled by big interests or the New Brunswick Power Company, it is only necessary to state that the gentleman repeated statements frequently made in the past but which were treated with the contempt they deserved. Mr. Rand, however, occupies an honorable position and should accordingly be careful of his utterances. Consequently the Telegraph-Journal, for the first time, wishes to emphatically say that no big interest or combination of big interests control its destinies nor has the New Brunswick Power Company or any person connected with it, one cent invested directly or indirectly in these newspapers.

VENOT CABINET BLAMED FOR LUMBERMEN'S WAGE CUT

Continued from Page 5.
The investment of our capital has been of some service in developing sections of the province where we have been established. We feel in common with other lumbermen that the lumbermen have been oppressed by the present government and that we should have relief.

Mr. Rand charges me with a sudden turnabout on the question of the Grand Falls development. The Premier and most of the members of his cabinet know that this is not a statement. I have repeatedly pointed out the dangers of this project to them and have warned them that a number of the members of his cabinet that unless this project was put on a safe and sane business basis, would ruin the province. In spite of repeated promises, the Premier has never organized a hydro commission on a business basis.

SEES POWER COST HIGH.
"Further, he has not the required information in his possession to justify proceeding with any carrying charges. His own engineers came to Bathurst last winter and informed us regarding the Grand Falls development under Government ownership. He said they could give us power at Bathurst for from \$80 to \$85 per h.p. New Brunswick that Government enterprises always cost 100 to 400% more than the estimates of the engineers. This would mean that Grand Falls power, under Government development, would have to be sold at between \$80 and \$100 per h.p. to pay carrying charges. I verily believe that the power would cost such a high figure that it would not be possible for New Brunswick industries to use it."

VISIONS MORE TAXATION.
"I now charge the Government with proceeding with this work when they do not know definitely what it is going to cost. They do not know definitely whether they can sell it and, if not, the cost of development would be so great it would absolutely paralyze this province and add to the burden of taxation to such an extent as to drive the balance of our population out of the province.
"I do not think Mr. Rand is an authority on this subject or that his opinions are worth anything or that the Grand Falls project or the lumber business and I now wish to warn the people of the Province of New Brunswick that unless a stop is put to this development until it is placed on a safe and sound business basis, the province may be ruined."

SAFE THING TO DO.
"The Premier of the province on several occasions has made the statement that he has orders to about 70,000 h.p. to be put in four or five big interests in the province. If the Grand Falls is capable of developing this amount, the safe thing to do would be to let these four or five big interests put their own money into the development and thus save the taxpayers a heavy burden. Universal experience has been that public ownership costs, at least, double private ownership in the development of any enterprise. The reason is patent to all who know anything about finance. In private enterprise, the proprietors are spending their own money. In public ownership, the politicians are spending the people's money. It makes all the difference in the world to whom the money belongs."

CHARGES UNCALLED FOR.
"Mr. Rand's charge against the Fraser and the Bathurst Companies are, I think, quite uncalled for. These two companies, I would point out, are two of the largest employers of labor in the province. Both have reputations for fair and honest dealings and they have always paid 100 cents on the dollar. I hold no brief to speak for the Frasers, but I think I am safe in saying they are the largest employers of labor in this province and have always been known as men of honor and integrity. They have invested and induced others to invest millions of money in this province and their investments should not be jeopardized by utterances of irresponsible men who know little or nothing about the lumber business or about hydro development."

LARGE LABOR EMPLOYERS.
"Next to Messrs. Frasers, I think the Bathurst Company is the largest employer of labor in the province. We also have large investments in development work and we employ 1,000 to 2,000 men according to the seasons and pay out in salaries and for supplies approximately \$5,000,000 per year. We

HIGHBROWS MAKE EXCELLENT COOKS

Parisian Professor Says Intellectual Women Appreciate Need of Good Food. PARIS, July 30.—"Highbrows often make excellent cooks," affirms Prof. Puzoski, noted bacteriologist, of the Institute Pasteur, in Paris. This declaration in favor of the "blue stocking" is not to be taken lightly, for this Frenchman is one of the foremost authorities on the art of good eating. "Contrary to all past beliefs, the intellectual woman, intellectual professionally or as an amateur in the arts, very often makes a first-rate cook," says the professor. "She realizes that the growing habit is one of the keys to happy home life." All of the 32 young women in his cooking classes, this year were of the intellectual student type. There were a woman of letters, a musician and an artist. The author was considered the best cook in the class. Prof. Puzoski says he can make a good cook in 15 lessons or even less. The old idea about taking 10 years to make a good French chef is "pure bunk," he claims. Cooking An Art. "Cooking is both an art and a science, based on five simple laws. The trouble with most cook-books is that they presuppose both knowledge and experience in the kitchen. I teach my pupils the chemical principles of the art of cooking, just as a singer first begins by studying harmony, or as a painter studies line color and the composition of drawing. When the principles are learned the cook, the singer and the artist can express his or her own individuality." The five laws the professor speaks of include: cooking in water, in fat, steaming, grilling and broiling, which includes the mixing of sauces and the making of pastries and desserts. ASKS RELIEF OF BUSINESS TAX

J. F. Willis Protests Against \$500 Fee For Doing Business in City

Council Declines to Make Repairs to Bridge Off Ashburn Road.

A protest of J. F. Willis against the imposition of the \$500 business license fee was before the City Council this morning and was ordered filed.

Mayor Potts said he did not see that there was any need for a hearing. The by-law was there and must be carried out.

Commissioner Frink reported that the bridge which Mr. Willis had asked to have repaired off the Ashburn road was 150 feet from the main road and on private property.

A communication from Altek Taylor, asking that he be given permission to install a gasoline tank and pump in his premises, Kant's Corner, was referred to the Commissioner of Safety for a report.

An invitation from C. F. Tilley to the Mayor and commissioners to attend the picnic for children on Saturday, on the Barrack Square, was accepted, and as many of the council as are able will attend.

TAX APPEAL An appeal by the estate of C. N. Skinner from the assessment for 1925 was referred to the Mayor to arrange for a hearing.

Commissioner Harding reported that one room in the market building was filled with furniture, which he would like to have removed.

The balance of the Crown testimony will be given by police officers, who investigated the charges. The case will likely be concluded before court adjourns this evening.

Mrs. Stratton started her evidence yesterday.

TELLS OF DRIVE The witness gave testimony similar to that deposited to at the preliminary hearing, telling of the drive she had in the car with the defendants to Kant's Corner, near where the alleged assault took place.

W. M. Ryan conducted the case for the Crown, and E. L. Gerow appeared with Mr. Belyea for the accused. The courtroom was crowded throughout the hearing.

The following compose the jury selected to try the case: Herbert Keyes, C. D. Hoyt, P. H. Cosman, G. A. Dickson, J. A. Arthur, John Bates, F. F. Bell, T. L. Baxter, Hugh Millie, G. E. Jones, F. W. Dean and W. J. Anderson.

It is expected that the work at the drydock will be completed tomorrow and she will then sail at once for the Texas port in ballast. The steamer is commanded by Captain O. Nielsen.

Pilot J. Bennett was in charge of moving the steamer last evening in the thick fog from the refinery wharf to the drydock at Courtenay Bay and he carried out the work of getting the steamer into the dock under these adverse conditions in a very efficient manner with the aid of one tug.

PREMIER TO SHEDDIAK Premier Vespat passed through the city today en route to Shediac where he is to address a gathering this evening.

CONTRACTING FIRMS ARE REPRESENTED Several Companies Sent Men to City in Connection With Hydro Tenders.

The tenders for the main work at Grand Falls, Hiram, and are to be dealt with by the New Brunswick Power Commission at its meeting tomorrow afternoon. It is expected that a number of bids will be before the Commission at the representatives of several large contracting firms arrived in the city today for the purpose of putting in tenders for the work.

The prices asked for are on a unit basis, covering the entire work tunnel, main dam and power house. Montreal, Toronto, Ottawa and Vancouver firms sent in for specifications and are expected to tender. Some of the local firms also had copies of the specifications and may make a bid for the contract.

As Hiram Sees It 'Hiram,' said the Times reporter to Mr. Hiram Hornbeam, 'as a matter of public opinion you have not yet told the people how to vote.'

'If I did,' said Hiram, 'some other fellow 'ud tell 'em how to vote.'

'But everybody would be guided by you,' said the reporter. 'A lot o' sheep-be they,' said Hiram. 'Well, you know,' said the reporter, 'they can't think for themselves.'

'Can't them?' said Hiram. 'O'course not,' said the reporter. 'Well,' said Hiram, 'I ain't got no call to tell folks that. They mightn't like it. They might say I was lookin' for somethin'. An' if you think other people don't think—you meet me the night of the 'lections and we'll talk it over then. Somebody's chickens is come home to roost that night—yes, sir.'

RECORD VOTE IS ANTICIPATED

Reports From Wards, Received at Headquarters, Indicates Great Interest

Veniot Likely to Speak Here Next Week — Other Meetings.

Confidence that a record vote would be cast on Monday, August 3, in the provincial election, was expressed at headquarters for both Government and Opposition this morning. Press T. Lewis, general chairman for the Opposition, said this morning reports he had received from the ward workers was that considerable interest was being manifested in the campaign by the electors and that he believed a large vote would be made.

At Opposition headquarters today it was announced that in the county, Opposition meetings would be held on Friday at East Saint John, on Saturday, at Chatham Harbor, and at Hardyston on Monday. There was not anything definite on any city meetings next week. At Liberal headquarters, it was reported that Premier Veniot probably would be the chief speaker at a mass meeting on Friday of next week.

BARGAIN COUNTER BECOMES POPULAR

Telegraph-Journal New Department Finds Favor With Many in Sale of Goods.

Last week The Telegraph-Journal established a new department, known as "The Bargain Counter"—a section of the classified advertising page devoted to special offerings by merchants and others.

Although this department has been in existence only a few days, its "shelves" have been crowded with the most tempting bargains that no retailer could resist, and many ladies enjoy the opportunity of choosing their special buys for the day while they sit in the comfort of their homes reading the morning paper.

W. Wallace Brander is in charge of this department.
