Commissioner Thornton Joins Colleagues On The Hydro Commission Recommendations

ASKING LEAGUE TO TAKE INITIATIVE

Move for Settlement of the Reparations Question World Alliance for Promoting Friendship Through Churches—British Labor Report Against French Programme.

Geneva, April 19.—A resolution asking the League of Nations to take the initiative in bringing about a settlement of the reparations question on a sound economic basis was officially presented to Sir Etienne Drummond, secretary of the league, yesterday by the World Alliance for Promoting International Friendship through the Churches.

The resolution was adopted at a recent special meeting in which it authorized the constitution of a body to which all the parties could submit their case, organization of financial resources for carrying the decision into effect and a system of mutual guarantees of protection in the interests of general peace.

London, April 19.—France is spending millions on the occupation and getting next to nothing out of it, she is using a whole to catch a sprat. This is the conclusion of the report of the Labor party's delegation which went to the Ruhr in March to investigate the situation there and in other parts of Germany.

"In our judgment," says the report, "the situation cannot be adequately met with any machinery under the Treaty of Versailles, but requires a new instrument, intrinsically of character in the framing of which the German people should participate."

The report suggests that, as delay may be fatal, an appeal should be made to the French and German Governments to submit their proposals to an international tribunal, and since British proposals are more directly involved than those of any other state except France, Germany and Belgium, that the initiative should be taken by the British Government in the form of a frank and definite statement of policy, and that no effort should be spared to keep in touch with both sides in order to take advantage of every development calculated to narrow the gap between their conflicting claims and terminate the present deadlock.

The delegation is convinced that if nothing is done and the French, Belgian and German are left to themselves "sooner or later they will fight it out, with terrible and incalculable consequences to Europe and the world."

ON THE WAY TO LAUSANNE ON PEACE MISSION

Turks and British Leave Constantinople—Ismet Says He Looks for Peace.

Constantinople, April 19.—The Turkish peace delegation left at noon yesterday for Lausanne for resumption of the Near East conference. Ismet Pasha said that while he was going to the conference with the intention of refusing certain of the points advanced by the Allies, he still felt that peace would result.

Concerning the French protest against the recent award of concessions to a U. S. syndicate, he said the matter was non-political and should in no way affect the peace negotiations.

Sir Horace Humboldt, British high commissioner, and Gen. Pellé, French representative, left on the same train as the Turks.

Ramadan, the ninth month of the Mohammedan calendar, during which fasting is observed from dawn to sunset, began last night, and the grand national assembly at Ankara has taken a recess until May 21.

BIG LABOR TROUBLE LOOMS AT TYNESIDE

London, April 19.—(Canadian Press)—A storm is brewing in the Tyne-side Shipyards. The employers are offering up 120,000 notices of lockout of the boilermakers, plumbers and joiners at the end of this month because of the men's refusal to accept the terms of a recent agreement which was signed by the shipbuilding federation on behalf of all the unions in the shipbuilding industry.

Convinced Now That Satisfactory Agreement With Power Company Impossible—Other Members of Council Commend His Action—All Contracts to Date Except One Approved and Civic Commission Authorized to Proceed With Work

Following Commissioner Thornton's statement that he was satisfied now that no satisfactory arrangement could be made with the New Brunswick Power Co. in connection with the distribution of hydro current from the Musquash development, the Common Council in session this morning presented a solid front for civic distribution. It was a very satisfactory day for the exponents of hydro at cost.

Besides clearing the atmosphere in connection with the proposition to hand the current over to the Power Company for distribution, the Council proceeded to carry out the recommendations of the Electric Commission of the City of St. John and authorized the signing of all contracts recommended to date with the exception of that for the excavation of pole holes, which was sent back for revision.

The council chamber was filled to capacity by interested citizens, and applause frequently punctuated the proceedings, in spite of the Mayor's request that it be restrained as much as possible. The voice of a particularly interested hydro fan greeted this request with the apology, "We can't help it, Your Worship."

Besides the Mayor and four city commissioners, other present included R. A. McAvity, chairman; Barry Wilson, engineer; Roy A. Willett, secretary; and John N. Flood, members of the Council. Present also were: J. B. Bates, municipal hydro manager of St. Catharines, Ont.; R. J. Armstrong, P. E. Williams, John Flood, Sr., W. L. Walsh, R. J. Tobias, George M. Flood, James Carleton, O. W. Wood, William Noneman, J. S. Frost, Harry Flood, E. J. Fleetwood, P. A. Butler, Herbert Rodgers, Alex. Corbett, A. M. Bell, Thomas Stephen, Rev. Wm. M. McE., J. S. Jones, E. Clinton Brown, and others.

On suggestion of the Mayor, the council adjourned to the hydro matters, left over from Tuesday's meeting.

The first matter was the recommendation of the Civic Power Company for acceptance of the tender of the Canadian General Electric Company for outside switching equipment at the sub-station, total cost \$119,072.50, plus a charge of \$200 per pole over by the N. B. Electric Power Commission, the balance to be paid by the city bond issue.

Commissioner Thornton said he had been accused of delaying matters but he thought that the members of the Council should attempt to do what they could to prevent duplication of distribution systems. "I feel that every effort has been exhausted to get together with the N. B. Power Company."

He said that while Mr. Sanderson told him today that he had no objection to the hydro plant, the Power Company distribution system was not for sale. Mr. Sanderson had told him today that he had no objection to the hydro plant, the Power Company distribution system was not for sale.

"LONE STAR" HANS, SCOUT AND INDIAN FIGHTER, CRUSHED TO DEATH IN ELEVATOR

Plainsman at 16, Searching for Brother Captured by Sioux

Exploits With Gun Said to Have Cost Lives of Eight "Bad Men" and Twenty Indians—Eleven Redmen With Twelve Shots in One Encounter.

(Canadian Press) Omaha, Neb., April 19.—Fighting, snoring, gray-haired old "Lone Star" Fred M. Hans, Indian fighter, frontier scout and possibly the last of the real true gun "cross-arm draw" experts, met death here last night with his "boots on."

But death did not come on the field of battle, where he had so often faced it, nor on the wings of a bullet. He was crushed to death in an elevator shaft at the Omaha World Herald building, where he was night watchman. He was caught by the elevator shaft when he attempted to move the car down from the outside and the lift suddenly shot upward.

Lone Star began his career as plainsman at age of 16, when he left home to search for a brother, kidnapped by Sioux Indians. He broke into the "hole-in-the-wall" country, Powder River, Wyoming, when single handed he shot and killed "Shuckstack," Jim and his two fellow bandits. It was Lone Star's hammer fanning that won the unequal struggle for six years.

Other high spots of his life were: Shot and killed two stage coach bandits, April 12, 1877, near Vanston, Neb.; Shot five Indians in battle of Little Missouri, near Black Hills, August 21, 1877, saving the lives of a party of twenty prospectors.

Killed eleven Indians with twelve shots, using both guns, hammer fanning, in the battle of Wounded Knee, S. D., in 1892.

Killed a bandit at Alnsworth, Nebraska, in 1878. Shot and killed a bandit at Fremont, Neb., in 1897.

Was official war department investigator of all moral shames, and followed Sitting Bull 600 miles on horseback, including his and his band's retreat from the reservation.

Injunction Proceedings to Shut Off Trading in Futures—Huge Profits in "Orgy of Speculation"—Futures Tumble Many Points on New Market, But Cuban Raw Sells at Record High.

(Canadian Press) Washington, April 19.—Injunction proceedings completely to shut off trading in sugar futures were instituted in New York today by the Federal Government.

The Government's bill, prepared under the personal direction of Attorney-General Daugherty after consultation with President Harding, asks the court permanently to prevent the New York coffee and sugar clearing house association, against which the injunction would be directed, jointly with the exchange, are asked to appear in court and answer the government's allegations.

Heavy general selling developed as soon as news of the injunction suit reached the floor. Drops ranged from 80 to 74 points, but were followed by a rally which carried prices back 35 points.

Cuban raw sugar, however, sold at a new high record since 1920. A sale of 55,000 bags was made to one operator at 64 cent cost and freight, equal to 8.16 for centrifugal.

Philadelphia Millionaire Ran Them Down With Auto

H. G. Brock Admits Heavy Drinking—Tells "Gentleman's Lie" to Bedridden Mother—Term is Six to Ten Years.

Philadelphia, April 19.—Henry G. Brock, millionaire society leader, occupies a cell in the Eastern Penitentiary as a felon, the confessed slayer of an elderly woman, her son and a girl. Brock is a member of the brokerage firm of Sinker & Brock.

Brock will continue as an inmate of the institution for not less than six years and not more than ten years, if the sentence of Judge Audenreid is carried out.

Pale but composed, Brock pleaded guilty to a general charge of murder. On the stand he said that he had no recollection of the crash that cost three lives at the corner of Forty-fifth Street and Broadway Avenue early in the morning of March 2.

Following his sentence, he was allowed to go to his home and bid farewell to his bed-ridden mother, telling a "gentleman's lie" to her in saying that the "trouble" he was in had drawn only a sentence of twelve months. Until early in the day his mother did not know the serious predicament in which her son was placed.

The persons whose death Brock admitted causing were Mrs. Ellen O'Donnell, her son, Leo, and Miss Mary Murphy. The three were alighting from a street car about 1 a. m., when Brock's new car, driven at tremendous speed, dashed against them, threw the three bodies more than 100 feet and speared at even a higher rate of speed than it was traveling when the fatal impact came.

Brook through the day in court carried himself with composure. Nearly a score of the tamen asked to be excused and Judge Audenreid's manner of disposing of their pleas seemed to affect Brock. The judge severely rebuked the jurors who wished to be excused.

Accompanied by his attorney, Owen J. Roberts, Brock walked to the bar stool grasping the railing with tense fingers as the court clerk rapidly read through the first of the four indictments against Brock. That was the murder charge. He was also accused of reckless driving, operating an automobile while intoxicated and refusing to render aid to an injured person. The three last charges were not pressed.

Finishing his reading with the word "murder" the clerk asked: "How do you plead?"

Mr. Roberts turned and said in a low voice to Brock, "Guilty in the second degree."

"Guilty in the second degree," repeated Brock.

Judge Audenreid immediately said that it was within the jurisdiction of the court only to fix the degree. Mr. Roberts apologized and said that he had believed that a voluntary plea of guilty allowed the pleader to fix the degree. Convinced of his error he whispered to Brock again and when the question was repeated Brock, in a louder tone than before, answered "Guilty."

After the commonwealth's witnesses had given uncontradicted testimony Brock was put on the stand, but said he was unable to recall anything that happened on the night of the killings. He admitted drinking heavily and said he did not know the route he had traveled from St. David's into the city and to the corner of a few blocks from the death scene, where he was arrested.

BORDEN GETS BACK INTO POLITICS

Eulogizes Meighen at Dinner Given in Ottawa.

Has Praise for Opposition Leader, Offers Advice and Hears an Attack Made Upon the Liberal Government.

(Canadian Press) Ottawa, April 19.—The Liberal party came into power by a systematic, calculated process of wholesale deception and the first duty of the opposition is to expose to the whole country not only the character of the campaign, but the character of the men who thus have obtained power in this Dominion. So declared Rt. Hon. Arthur Meighen, leader of the opposition, at a dinner given last night in recognition of his leadership by Conservative members of the Senate and House of Commons. Mr. Meighen was replying to the toast of "Our Leader" proposed by Sir Robert Borden.

It never can be moved from the discharge of that duty," continued Mr. Meighen, "but the importances of those who think of the Liberal government as a section of the press nor by any other device however successful. I am confident that the foundation of distrust in this administration must be laid by convincing the public that the Liberal government is a dishonest one from the beginning."

Once we get that conviction generally they will have the foundation on which, later constructive policies may be successfully based. That is our first and foremost duty. We have concentrated our efforts."

Liberalism in Canada, he said, was a man of moral strength. How could it survive when it went into power on the basis of a man of moral weakness? Principles in which not one of the Liberal party believed were being sacrificed to the expediency of a course of conduct from which the Government could emerge.

The Dominion was losing population east and west. It was paying tribute to the U. S. in every village and every side line in this country and would not cease to pay tribute until the Government was ousted which the Government declared itself.

Sir Robert Borden urged on Conservative members both of the House and Senate the necessity of earnestness in work, organization and publicity. "It is no use," he said, "for any of you in public life, whether in the Senate or House of Commons, to take public duties otherwise than in earnestness if you wish to get anywhere." He repeated what had been done by organization in the past. Under the head of publicity, he emphasized that it did not matter what policies were adopted unless they were made known to the public.

Sir Robert spoke highly of Mr. Meighen's capabilities and leadership of his "inability for work and responsibility." Mr. Meighen, he assumed, office at a time of extreme difficulty but his courage had never wavered. Mr. Meighen, he said, was a man of splendid vision, of unsurpassed knowledge of conditions in Canada and with a remarkable capacity for the handling of public affairs. "He has given the best in him," concluded Sir Robert. "He is worthy and more than worthy of the best."

HOME FROM SOUTH AMERICA

Dr. George A. B. Adly of St. John and Dr. Robert Miller of Amherst, returned home today after a trip to South America with the members of the American College of Surgeons. At Buenos Ayres they attended a big surgical conference, which was considered highly instructive. Both Dr. Adly and Dr. Miller said that the trip was a delightful one and was marked success both from a social and scientific standpoint. Dr. Chipman, who also attended, arrived home earlier in the week.

Commissioner Mr. Cunningham's pay was fixed at the rate of \$6 a day, the cost to be charged to the civic commission.

The Magistrate.

Commissioner Frink asked if the Mayor had any news regarding Magistrate Ritchie's resignation.

Commissioner Thornton reported that the magistrate had advised him that he was going to send in his resignation, but the Mayor said that so far he had no notification from the Province Government that this had been done.

INVESTIGATE INDUSTRIES OF NOVA SCOTIA

Conservative Member in the Legislature Moves for a Probe of Conditions Leading to Industrial Unrest.

Halifax, N. S., April 19.—(Canadian Press)—A resolution aiming toward determined and rigid investigation into the conditions which contribute to labor unrest in the industrial centres of Nova Scotia was moved in the House of Assembly yesterday afternoon by H. W. Corning (Conservative), Yarmouth. He launched an attack against the Government and charged alliance with the British Empire Steel Corporation and other matters tending to prolong the unsettled state of affairs of the present day.

The resolution was as follows: "That in the opinion of this House every incorporated company owning, holding or operating any coal lease in this province should lodge with the Department of Mines not later than the first day of April, each year, an audited statement of assets and liabilities, together with a statement of profit and loss for the preceding calendar year; also a detailed statement showing coal raised and marketed during said calendar year; average selling price of said coal per ton; rate of dividends paid, if any; list of shareholders; names of directors, secretary-treasurer and manager."

Dr. B. A. Leblanc (Conservative), Richmond, seconded the motion. Debate on the resolution was adjourned by the Premier.

Hope for his recovery was abandoned
two weeks later, and his vitality shown
in his remaining alive since then has
been ascribed as astounding by attend-
ing physicians.
Office Passes With Death.
With the aged prelate's death, says
an Associated Press despatch, passed
the system of awarding by seniority
the office of presiding bishop in the
United States, which Bishop Tuttle
held by seniority since 1903. Under an
arrangement voted at the Episcopal
general convention in 1919, however,
direction of the church's affairs has
been placed in the hands of a national
council, with an elected bishop as
head. Bishop T. G. Geller of Memphis
heads this council at present.
During his illness, the venerable
churchman was, at times, unconscious
for long periods, while at other times
he took nourishment and read
from his prayer book.
His Favorite Prayer.
"Now I Lay Me Down to Sleep,"
was the prayer he would mumble. It
was his favorite prayer.
"I have never given up the habit of
repeating this prayer," he would say.
Last August Bishop Tuttle presided
at the opening of the general conven-
tion in Portland, Ore., and received
congratulations from all parts of the
country.
The bishop's statue stands in the
recesses of Christ Church cathedral. It
was placed there in 1912, as members
of the congregation wished to confer
the distinction on the prelate of having
his statue placed there while he was
still alive.
The bishop was opposed to woman
suffrage, and favored local option as
against statewide prohibition.
Coadjutor Bishop Frederick Foote
Johnson becomes, by automatic pro-
cess, the bishop of Missouri, succeed-
ing Bishop Tuttle. He is related to the
family of the late Mrs. Tuttle.
Bishop Tuttle was the patriarch of
the United States, because in length of
service as a bishop he outdistanced
every other bishop in his church and
it is believed, in every other church.
He was consecrated in 1867, and hence
had served as bishop for more than
half a century.
He was born in Windham, N. Y.,
eighty-six years ago, and his education
was received at Columbia and the Gen-
eral Theological Seminary in New
York city. He served five years as as-
sistant rector of Zion Church, Morris,
N. Y., during which time he married
Miss Harriet M. Foote, the rector's
daughter.
In 1867, at the age of thirty, he was
appointed missionary bishop of Mont-
ana, having jurisdiction also in Utah
and Idaho. Leaving his wife and son
behind, he made the trip by stage
coach through a territory infested by
hostile Indians.
In 1880, after many years of request,
Montana was given a bishop by her-

service as a bishop he outdistanced
every other bishop in his church and
it is believed, in every other church.

The Good Influence of Real Comfort
Sometimes a mere man will argue that so long as he is comfortable, it doesn't matter what
style of furniture it is. BUT IT DOES MATTER. Restfulness is not only a matter of resting
tired bodies, aching muscles and weary bones. Comfort means more than that. It means
relaxation for tired brains and nerves; it includes rest for the mind.
The well furnished, beautiful home is the restful home. It is the home that brings a man
back at nightfall, eager and happy in anticipation. It is the home where friends like to come
and in which you always feel ready to receive them. It is the home to which your boys
and girls will cling rather than one from which they are always eager to get away.

Sickness Comes When You Are Underweight. Simple Method for Determining Proper Weight. See How Quickly Ironized Yeast Builds Proper Weight.

Watch your weight. Do not lose four or five pounds and then wonder why you are tired out and run down. If you do not weigh as much as you should, you cannot expect to be strong and vigorous. Build yourself up and see how your appetite grows and how quickly you will feel like a new person.

Here is an easy method for determining your proper weight. Figure that a person five feet high should weigh 110 pounds. For every inch you are over five feet, add 5 1/2 pounds. Thus if you are 5 feet 6 inches your normal weight would be 110 pounds plus 6 times 5 1/2, which is 143 pounds.

Guard Your Eyesight by having your eyes examined at the first sign of weakness. Some persons incur the grave risk of losing their sight by neglecting Nature's warnings simply because they are afraid of the expense. By coming to the expense is reduced to the minimum consistent with the best work. Come today. K. W. EPSTEIN & CO., Optometrists, 4 King Square, Dufferin Hotel Block.

THE BIGGEST CUSTOM TAILORING TRADE

Semi-ready Suits Are Made to Measure in Four Days

"In the Semi-Ready tailoring shops in Montreal one can see custom tailoring reduced to a science on a swift schedule. From any cloth selected, in any style, and to exact measurements, all special-order suits are cut and tailored to special order in four days. So that the Semi-ready store in Vancouver or in Halifax, or in Kenora, can figure to the minute when to promise delivery of a suit ordered to special order. Hundreds of orders for individual suits come to the Semi-ready shops in a single day, and on the evening of the fourth day the garments are packed in individual boxes and shipped by mail or express."

"The Toggery" specialise in all the finer makes of men's wear, and they have all the adjuncts of the wonderful Semi-ready service.

Black-And-White Riot In Pittsburgh Suburb

It Rages for Three Hours With Many Casualties — 28 Participants Arrested. Braddock, Pa., April 19. — Two youths are suffering from stab wounds, another was severely cut by flying glass and twenty-eight men—twenty-three negroes and five whites—were placed under arrest in Braddock and North Braddock as the result of race rioting, which continued for more than three hours over an area of four blocks between Ninth and Thirteenth streets on Braddock and Washington avenues, Braddock.

The rioting started when a crowd of white men and boys, incensed by a report that two young white girls had been insulted in the negro section, in River avenue, started out to wreak vengeance and encountered two negroes at Ninth street and Washington avenue. In the excitement which followed the police failed to learn the identity of the girls alleged to have been the innocent cause of the rioting.

The most seriously injured are: James McDonald, aged twenty, stabbed seven times in the body; Edward Green, aged nineteen, a negro, severely cut by glass.

Former Mississippi Governor Is Sent to Jail for Contempt. Oxford, Miss., April 19.—Theodore G. Bilbo, former Governor of Mississippi, has been sent to the Lafayette County jail to serve a sentence of thirty days for contempt of Federal Court. When Mr. Bilbo appeared in Federal Court here to answer to a charge of contempt because of his failure to appear as a witness in the suit of Miss Frances Birchard against Governor Lee M. Russell last fall, he pleaded guilty. Judge Holmes fixed the sentence at a fine of \$100 and thirty days in jail.

The Evening Times and Star

The St. John Evening Times is printed at 27 and 29 Canterbury street, every evening (Sunday excepted) by The St. John Times Printing and Publishing Co. Ltd., a company incorporated under the Joint Stock Companies Act.

MR. SANDERSON.

The New Brunswick Power Company would find it hard to secure a more skilful advocate than Mr. Sanderson. He is at once polished, persuasive and imperturbable. His suavity is never lost for a moment. His long experience as an adjuster of light and traction companies has taught him all the arts of the game, and his brain works with definiteness and precision. He is a formidable antagonist. So far as his efforts in St. John are concerned, however, the City Council cannot see sight of that capitalization of \$5,100,000, and Mr. Sanderson's very natural desire to get interest and dividends on it, although it does not all represent money invested. A survey of the electric light and power and gas plants and street railway does not reveal a value of \$5,100,000. Mr. Sanderson does not propose to squeeze out of any of the water. He is willing to waive certain legal dividend rights for two years, but that is not a long period, and on its expiration the \$5,100,000 would still be there awaiting its tribute from the people of St. John.

THE KINDERGARTEN.

The thirtieth annual convention of the International Kindergarten Union, in session this week in Pittsburgh, reminds us that this branch of education is not only international but long established. More than forty years ago the students of the Provincial Normal School in Fredericton were made familiar with the principles of the kindergarten and the labors of Froebel, its founder. The history of Education, published in 1886, said: "The object of the kindergarten, as expressed by Froebel, is 'to shall give the (little children) employment suited to their nature, strengthen their bodies, exercise their senses, employ the waking mind, make them acquainted gradually with Nature and society, cultivate especially the heart and temper, and lead them to the foundation of all living—to unity with themselves.'"

A Sydney report says that William Z. Foster, the American syndicalist who led the steel strike in 1919, and who admits that his aim is to overthrow existing forms of government, will speak there on May Day. Canada does not need the advice of such persons as his ultra radical, and too many of his kind have already operated in Cape Breton.

Hoston Herald: "The pulp and paper shortage half a century hence will be fortunate for the few far-sighted families with a little money to invest in wild land and seedlings."

The Marriage Game

The Snappiest of Pastimes As Played to a Decision Every Day By Mr. and Mrs. Arnold Hutton

ARE WOMEN HARD?

His Play—Tender, bending, yielding woman! That's the mental picture you all have of the so-called weaker sex. Yet, if you women could but get a psychoanalytic picture of yourselves you'd fairly shudder to realize just how hard you are. Yes, I said hard! For it is the female of the species who is hard. When men are merciful, women are only kind. When men are compassionate, women are merely humane. Don't tell me! Women are the sternest. That's why they have women nurses in the surgical wards and on the battle-fronts. Male nurses always need over in faint at the sight of first blood. Women are hard!

PROVIDENCE.

There is mercy in the Providence That holds before our eyes A certain, shutting out from sight What fate before us lies. There is kindness in the blinding Of our eyes to coming pain; The future, with its heartache, Does not show—our hearts to strain. Could we know what lies before us, We might fear to tread the road, And cease to care for those who follow, So merciful the Providence, That gives us just the share, From day to day, in its mercies, That we have strength to bear.

IN LIGHTER VEIN.

Office Anxieties. Of our eyes to coming pain; The future, with its heartache, Does not show—our hearts to strain. Could we know what lies before us, We might fear to tread the road, And cease to care for those who follow, So merciful the Providence, That gives us just the share, From day to day, in its mercies, That we have strength to bear.

WOMEN AS MIXERS.

Thirty minutes on a platform in the midst of 4,000 men made Charles M. Eaton a very different thing than a worker at Seattle soon after the United States entered the world war. Eaton, a prominent labor leader, was one of the speakers at a meeting of the workers at Seattle soon after the United States entered the world war. Eaton, a prominent labor leader, was one of the speakers at a meeting of the workers at Seattle soon after the United States entered the world war.

TRADE WITHIN THE EMPIRE.

The development of trade within the Empire is a question of the utmost importance. It is a question of the utmost importance. It is a question of the utmost importance. It is a question of the utmost importance. It is a question of the utmost importance.

WEST MUST PAY.

Farming and ranching must be made profitable in the West. That is the keynote of our future prosperity. Not only the prosperity of the whole Dominion, but its continued existence as an economic and political unit, are bound up with making a success of the West. We have transported our whole future down here to supply the West with trade and transport equipment, and it would be a suicidal folly to let the mortgagee foreclosed because we had not employed every means to make the equipment pay.

REMOVING TO ONTARIO.

Fredericton Gleaser—Mr. and Mrs. Wm. Shaver, who have made their home in Fredericton for the past thirteen years, are leaving about May 1st for Woodstock, Ont., where they will reside. Before coming to Fredericton they lived for some time at St. Stephen and Woodstock. Mr. Shaver, who has been engaged as a trainer of trotting horses, will continue that business at Woodstock, Ont.

PAREWELL PARTY.

Miss Margaret McWherry was pleasantly entertained at the home of Miss Mary Dunlop, 24 Adelaide street, on Tuesday evening. About twenty-five of her friends met in honor of her farewell and presented her with a handsome silk umbrella. Maurice Maxwell made the presentation. Miss McWherry will leave this week for Boston where she intends to make her home.

ABOUT SWELL FUNERALS.

(Vancouver Sun.) Old-timers can recall when one's social standing in the community never definitely ended until death. Then the deceased was classified according to the number of hacks in his funeral. Back in the good old days one man recalls old Socrates Skagway. He never cut much of a figure socially, but when he died he had a family grave in a "so-hack funeral"—thereby assuring his social standing, also the family's, for years to come.

GROUP GOVERNMENT.

(Toronto Globe.) It is said that group government has been tried in Ottawa or Toronto, and that the present system is an attempt to combine two conflicting ideas. This brings us to the question of what real group government means. It means a ministry in which each party or group in the Legislature is represented according to its strength. It means a majority containing, say, five Farmers and Labor men, five Progressives and five Conservatives.

"WOMEN SMOKING LESS."

(Kingston Standard.) That is a curious heading—Women Smoking Less—and we wonder what women, and men too, would have thought of it only a few very years ago. It is a curious heading, and we wonder what women, and men too, would have thought of it only a few very years ago. EMPLOYERS AS MIXERS.

Thirty minutes on a platform in the midst of 4,000 men made Charles M. Eaton a very different thing than a worker at Seattle soon after the United States entered the world war. Eaton, a prominent labor leader, was one of the speakers at a meeting of the workers at Seattle soon after the United States entered the world war.

ORIGIN OF ROSES.

It would be hard to think of a world without roses, and the rose is a world flower, says J. Horace McFarland, editor of the American Rose Society's Annual. The rose probably had its start in the Garden of Eden and was the favorite of Eve. Undoubtedly she wore a beautiful rose over each ear when, in the Garden, she charmed the serpent and ate of the forbidden fruit.

HAS WRITTEN BOOK.

Fredericton Gleaser—Miss Evelyn Eaton, daughter of the late Lieutenant Vernon Eaton, Royal Canadian Horse, and Mrs. Vernon Eaton, now of London, Eng., formerly of this city, has written a book of verse called "Soleil Hours," which is commended as charming by the critics. Miss Eaton spent a year or so here, the guest of her uncle and aunt, Mr. and Mrs. Robert Fitzandolph, following their return from a trip to Europe.

AS OTHERS SEE US.

(New York Sun.) One of the deductions that Canadian analysts have made from their 1921 census returns is that New Brunswick may eventually become a French-Canadian province. In 1881 the French-Canadians formed about 10 per cent of the population; but they increased by 1921 to thirty-two per cent. The census returns show that the influx kept up steadily. One of the first indications of the changing character of the province was the appointment of a French-Canadian as Premier, the first in the history of New Brunswick.

Why an Electric Cleaner

BROOM-SWEEPING would be a thing of the past if every housekeeper had a chance just to try an electric cleaner.

Every electric sweeper, of whatever kind, is a relief from the tiresome wielding of the broom. It cleans more thoroughly than a broom. It is more sanitary, for instead of sweeping the germ-laden dust into the air, the suction gathers it into a dust-proof bag.

Three functions are necessary, however, to take all the dirt out of carpets. Only The Hoover performs all three. Raising the rug from the floor, it loosens and vibrates to the surface, all the embedded dirt, so that the gale of air can carry it to the dust-proof bag. Only The Hoover beats as it sweeps, as it cleans.

The Hoover lasts a life-time, so it pays to investigate what The Hoover does before buying an electric cleaner. Any Authorized Hoover Dealer will make a demonstration in your home. You will be under no obligation whatever. Easy divided payments on Hoovers are arranged by nearly all Hoover Dealers.

CHORAL SOCIETY CONCERT A TREAT FOR MUSIC LOVERS

Annual Event Welcomed by Large and Enthusiastic Audience—A Fine Programme Splendidly Sung.

The fine programme given by the St. John Choral Society in its annual part-song recital in the Imperial Theatre which was filled to capacity last night was a genuine treat for music lovers, and the performance reflected the highest credit on the members of the chorus and the very capable conductor, James S. Ford.

The programme opened with Brahms' "Song of Destiny," by the Choral Society. It was a piece full of solemn and subdued. It had both piano and organ accompaniment giving the effect of an orchestra. Miss Muriel Ford was the pianist and Miss Beryl Blanch was at the organ.

Handish MacCoun's music for Longfellow's "Whither" was a ladies chorus and it was meditative and soft, a sharp contrast with the preceding number. "Whist Youthful Sports," which was an early English piece with music by Barry.

The Chorus Members.

The active members of the St. John Choral Society are as follows: Sopranos: Mrs. M. McKee, Mrs. Thos. Guy, Mrs. A. E. Logie, Mrs. E. Bissett, Miss E. Reynolds, Miss Downing, Miss F. Wilkins, Miss A. Stevens, Miss Louise M. Knight, Miss M. E. Dougherty, Miss Austin, Miss D. Kee, Miss K. Robinson, Miss H. Henderson.

Alto: Mrs. A. H. Ellis, Mrs. P. N. Woodley, Mrs. Geo. H. Moore, Mrs. James Southouse, Mrs. Turner, Mrs. Louis LeLachar, Mrs. Gordon Likely, Miss M. Rowley, Miss Pauline Belder, Miss Audrey Mullin, Miss Beryl Blanch.

Tenors: Sidney C. Young, Chester Bourne, Harry Shaw, L. Rowley, F. W. Girvan, Deane Gandy, R. L. Lennox.

Bass: A. Chip Ritchie, Thomas Guy, Arnold Ker, A. C. Lawrence (Montreal), Frank Tilley, Clarence Givray, Allan Emery, Harold Vincent, W. H. Holder, J. H. Gillis, L. Harding, George Currie, Mr. Logan.

B. C. MOST LITIGIOUS

Entered 9 of 35 Privy Council Appeals From Canada.

London, April 8.—(By Mail).—Statistics of the work of the judicial

militee of the Privy Council for last year show that 35 appeals were entered from Canada. The Dominion entered ten appeals; one was disposed of without a hearing, three judgments were affirmed and three reversed, one judgment was varied and two appeals remained undisposed of. British Columbia was the most litigious of the provinces, having nine appeals. Four judgments were affirmed, one reversed, and one varied and three appeals remain undisposed of. From the Court of King's Bench, Quebec, there came eight appeals; two judgments were affirmed, two reversed, and the remainder were outstanding at the close of the year. Nova Scotia and Ontario one each.

Of the 18 Canadian appeals which were heard there were nine in which the original judgment was affirmed, seven wherein it was dismissed, and two wherein it was varied.

India remains the most litigious of the Dominions, having entered a total of 228 appeals. From Australia there were seven appeals, from New Zealand four, from South Africa three. The total number of appeals from the Dominion and Colonial Courts was 78. A total of 47 petitions for leave to appeal was presented, and leave was granted in 18 instances.

Speaks of Conditions in Jail Here as Good.

Asks to be Heard at Meeting of Church of England Synod—Matter of Apportionment for Incapacitated Clergy Fund.

A feature of this morning's session of the Diocesan Synod of Fredericton was a reply made by Dr. J. Roy Campbell, K. C., to charges which he alleged had been made yesterday by Rev. J. V. Young...

The minutes of yesterday's sessions read by Archbishop O. S. Newham and continued, were described by the Bishop as "marvelously accurate."

Canon Armstrong thought a suggestion might be made that the procedure of the general synod be changed so that representatives to the provincial synod would be elected by the diocesan synods.

Dr. Campbell spoke with reference to a statement in the report of the council in which it was said that the St. John jail was in a deplorable condition...

Dr. Campbell thought Rev. J. V. Young should apologise to the sheriff, who was responsible. Hon. J. R. Armstrong said he knew something of the matter and knew there was no real ground for complaint.

JUDGMENT IN EXCHANGE CASE

Mr. Justice Chandler Decides Against Maritime Nail Co., Ltd.

Judgment in the amount of \$4,108.49 was given this morning by Mr. Justice Chandler against the Maritime Nail Co., Ltd., in an action against it by Philip Bond Co., Ltd., of Vancouver, B. C. to recover money alleged to have been paid in excess of the contract price upon 5,000 kegs of nails at \$1 a dozen through the defendant company drawing upon the credit account of the Northwest Trading Co. at Seattle, in American funds.

The contract took place some two or more years ago. The plaintiff sought to recover the difference in amounts between what would have come to the defendant in Canadian money and in American currency. His Honor found that they were no contract and gave a verdict in the amount named with costs to be taxed. P. R. Taylor, K.C., and A. N. Carter appeared for the plaintiff and M. G. Todd, C., and J. D. P. Lewis for the defendant.

ABANDONED AND SET ON FIRE

Crew of the Clutha Taken on Board S. S. Orduna, is Report to Halifax.

Halifax, N. S., April 19.—The barkentine Clutha has been abandoned and set on fire in latitude 41 north, 47 west, and her crew is safe aboard the liner Orduna, according to a radio message received this morning by C. H. Harvey, agent for the Marine and Fisheries Department, from the operator at Cape Race, Nfld. The message added that the abandoned barkentine may be a menace to navigation.

At the time he read it no one, apparently, saw the joke. A few minutes later one of the lay delegates rose and said some members of the Synod might disagree with what he had said. By this time Bishop Richardson had seen the joke and called the matter to the attention of Rev. H. A. Cody. The letter was on his feet in an instant, quick to justify his words, and began to read aloud with emphasis. By the time he had got half way through the sentence the absurdity of it dawned on him and he dropped hastily into his seat amid the hearty laughter of his associates.

By nearly every newspaper man in New York the announcement of his death will be received with deep and genuine sorrow, for there were few prominent newspaper men in the city who had more close personal friends."

Methodist Committee Meeting in Toronto Concludes Pastoral Changes.

Toronto, April 19.—The transfer committee of the Methodist church yesterday with Rev. Dr. S. D. Chown, general superintendent, presiding. The following transfers were made: Interim transfers—J. H. Philip, Montreal, to New Brunswick, to take effect from July 16, 1923; A. V. Robb, Newfoundland, to take effect from July 6, 1922.

Rev. Harry B. Clarke, pastor of Portland Methodist Church, referred to in this despatch, told a Times reporter this morning that he would automatically become a member of the Nova Scotia conference by this action at the time of his annual meeting next June. His last service will be held on the last Sunday in June and he will leave for his new charge, the Robb street Methodist church, Halifax, early in July.

The pastorate of the Portland Methodist church will be filled by Rev. H. A. Goodwin, of this city, field secretary of the department of evangelism and social service of the Methodist church in Canada. So far Mr. Goodwin's successor has not been named.

GOOD THINGS COMING TO THE THEATRES OF ST. JOHN

DOUBLE BILL AT IMPERIAL TONIGHT

Kate Douglas Wiggin's "Timothy's Quest" and the "John Choral Society."

Hundreds were turned away from Imperial Theatre last evening because of the extraordinary double bill—the superb and the recital. Tonight the same conditions of programme will obtain, a showing of the Kate Douglas Wiggin's "Timothy's Quest" from 7 to 8.45, followed at nine o'clock by the delightful recital of the St. John Choral Society, of the songs of James S. Ford. Last night this concert by fifty of the city's most talented singers was a treat of unusual worth and with the special violin solos and other introductions offered an hour and a half of real joy. Seats should be secured early.

SECOND JEWELRY WINDOW SALE ON THIS SATURDAY

An encore of the remarkable window sales held last Saturday and resumed today. A special resolutions committee, of which Hon. W. E. Commissioner Frink Presents Annual Report to Council

Commissioner Frink presented his annual report for 1922 as Commissioner of Public Works, in part, as follows:—

Also attached were reports of the street engineer, Mr. Hatfield. The reports of these gentlemen contain a great deal of detail information which is of considerable value, and it will be necessary for me to recapitulate the amount of work done and the condition of the different plants, etc., but I will confine myself to matters which have a somewhat general bearing.

APPEAL COURT.

Fredericton, N. B., April 18.—In the Appeal Court this morning argument was continued in Gunn's Ltd. vs. Harry Wark, concerning a fertilizer sale. B. M. Baxter, K.C., for plaintiff, supported appeal. W. P. Jones, K.C., contra.

Plant Additions.

It is hardly worth while for me perhaps to refer to conditions which exist in the Public Works yards. The buildings used there at the present time are of inferior construction, not economical in their use of space, and they contain over one hundred thousand dollars worth of plant. Should a visit come to the City to inquire into conditions concerning the mechanical operations of the department, I am ashamed to take him near this yard. It should not be so but nothing can be done unless the Common Council gives its assent to substantial new structures, and thus far it has been reluctant to consider them.

Decide Fratricide Was Radio Maniac

Newark Authorities Find Man Who Killed Two, Then Himself, Had Passion for 'Listening In.'

New York, April 19.—The authorities at Newark have reached the conclusion that the acts of Edward Bertoldi, who slew his sister and brother-in-law, Mr. and Mrs. William Beyer, wounded his aged parents and then killed himself on Saturday night, were the result of a sudden attack of homicidal mania, an outgrowth of Bertoldi's passion for radio. Neighbors of the Beyer family, and particularly Mr. and Mrs. George E. Hewitt, who lived in the same house with the Beyer family and aided the police in reaching their conclusion.

Bertoldi, the morose Sunday School teacher, was temperamental, though not given to fits of anger, and was described by Mrs. Hewitt as exceptionally religious. Recently, she said, there had been signs that his mind was failing. "He was deeply interested in radio and would sit for hours either listening to or working with his radio set," Mrs. Hewitt said. "Edie and his father and mother lived on the floor above the Beyer and took their meals with them. Often I have heard them knock on the steam pipe in an effort to get Eddie away from his radio long enough to take his meals. Mrs. Beyer came to me once and said: 'I am afraid my brother has gone crazy over radio. At the table he will say, "Do you hear this?" and "Do you hear that?" and when he is at his set he talks of receiving messages that no one else can hear.'"

Mayor of Halifax

John Murphy Re-elected—Popular Official in the Sister City.

Mayor John Murphy, who was re-elected to the chair of the sister city by acclamation this week is a very popular official not only because of the keen interest he takes in every detail of civic routine and progress but also because of an outstanding social personality. His Worship is a bachelor and is as prominent a figure in the married circles of Halifax as among clubmen and outing organizations in which he is particularly interested. He appears to be a gentleman who believes in happily commingling personal sociability with official duties, going to considerable length in arranging functions over which he presides.

An instance of this fact was the official greeting he and his Council accorded the St. John girl, Winifred Blair, when she visited Halifax as Miss Canada some weeks ago. Not only did Mayor Murphy hold a public reception at noon, in City Hall, which was profusely decorated with flowers and palms for the occasion, with the whole City Hall staff in best bib-and-tucker, but at his personal expense he tendered a slight drive lunch and dance at a suburban inn and was continually with the reception committee assisting them in their duties. Mayor Murphy has some very progressive ideas concerning Halifax and St. John as centres of a tourist area, a winter and summer vacation country with seashore hotels, river hotels, fishing, shooting and all that. He believes an alteration of fair-weather sports, summer carnivals etc., as between the sister cities might be developed in regular schedule on the hotel accommodation was provided and the trunk highways finished for easy motor.

LIFE INSURANCE

AMALGAMATION

Announcement is made from the head office of The Ontario Equitable Life & Accident Insurance Company of Waterloo, Ontario, that an agreement has just been completed for the amalgamation of The Policy-Holders' Mutual Life Insurance Company of Toronto with The Ontario Equitable Life & Accident Insurance Company. The negotiations, which have been under way for some weeks, were carried on with the consent and approval of the Ontario Insurance Department. The Policy-Holders' Mutual Life was organized in 1909 by Mr. A. M. Featherston, who is managing director. The company, which has always operated along conservative lines, has made a large profit having at present over seven millions of insurance and assets of \$600,000.

The Ontario Equitable Life & Accident Insurance Company has life insurance in force amounting to over fourteen millions and assets of \$600,000. The combined business of the two companies will be twenty-two millions of life insurance and assets of \$1,100,000.

Mr. A. M. Featherston will become vice-president of the Ontario Equitable and a member of the Policy-Holders' Mutual directors will join the Ontario Equitable board.

The Policy-Holders' Mutual is calling a special general meeting of shareholders and policyholders for ratification of the agreement.

AGAIN FIRM ON WALL STREET

Gains in Early Transactions Today—Better This Morning on the Montreal Exchange.

New York, April 19.—Opening prices in today's stock market displayed a firm tone. Rails were again in good demand with Chicago and Northwest leading the early advance with a gain of one point. Two Marquette advanced 5/8 to a new high level. There was a good initial demand for sugar, oil and motor shares. Burns Bros. A was only one standing weak spot, dropping one point.

Sugar Stocks Drop.—New York, April 19.—(Noon).—Free offerings of Stewart Warner, which dropped nearly four points, and profit-taking in oil and investment rails checked the advance after the first hour's dealings. Announcement of the restrictive measures proposed by Government authorities in connection with the transaction in sugar futures resulted also in a liquidation of the sugar stocks, which dropped one to 1/2 points. Canadian Pacific dropped two points, also in a liquidation of the sugar stocks, which dropped one to 1/2 points. Standard Oil of New Jersey and Associated Oil sold one to 1/2 points. Low yesterday's final figures. Consistent strength had been exhibited previously by local traction issues, which rose one to two points to new high records for the year.

Montreal Market.—Montreal, April 19.—(10:30).—A further expansion in volume of business with a continuation of the strong tone that prevailed in yesterday's session marked the opening of trading on the local stock market today. St. Maurice was the most active issue opening at 101, an overnight gain of 1 1/2. Second in volume of trading came Dominion Glass with a net gain of 1/4, point to 105. Illinois was the strong spot of the first half hour's trading, this issue opening at 84 and under a good demand went to 86, a new high for a gain of 5/8 points. Other issues traded in were: Athliti up 1/2 to 69 1/2; Asbestos up 1/2 to 69 1/2; Cement up 1/2 to 84; Power up 1/2 to 118; Peninsular up 1/2 to 188; Spanish River Pfd up 1/2 to 104; Steel of Canada up 1/2 to 76 1/2; Twin City up 1/2 to 67 1/2. The balance of the session the local market remained unchanged.

Exchange Today.—New York, April 19.—Sterling exchange irregular. Great Britain 4 1/2%; France 4 1/2%; Germany 4 1/2%; Canada 4 1/2%; Canadian dollars 8 1/2% per cent. discount.

OPINIONS ON THE STOCK MARKET.—New York, April 19.—Hornblower & Weeks: "After backing and filling, numerous stocks which now appear to be in a strong position of advance in the same manner, and there is nothing to do but maintain position on the stocks held. Some of the factors that sold largely seem to be rebuying. It also seems that copper was a factor in the advance." Houseman & Co.: "Remember that this is a selective market, and one which we think will show an increasing tendency to leave behind those stocks whose position is still affected by some fundamental unfavorable factors."

NEWS NOTES OF STOCK INTEREST.—(McDougall & Cowan.)—New York, April 19.—Annual meetings of U. S. Steel, U. S. Industrial Alcohol, U. S. East Iron Pipe and Iron Products Corporation today. Bank of England rate unchanged. Directors of Waldorf System recommend change in common stock from 78 to 80 no par value and issuance of two shares of new for each old share. U. S. Hartman & Co. will finance Bear Mountain's Hudson River Bridge. Which plans a \$2,000,000 bridge. Directors of N. Y. Federal Reserve Bank today no change in discount rate at Wednesday's meeting.

MORNING STOCK LETTER.—(McDougall & Cowan.)—New York, April 19.—It looks as if quite a substantial rally was underway and one in which the public will again show more interest. As we have frequently pointed out, we do not believe the peak of the bull market has been passed and we expect a number of issues to reach new highs. At the same time we expect rather wide fluctuations from time to time, and consequently we would buy only on weak spots.

Industry Is Dead In Siberia Under Ruthless Red Rule

Crushing Grain Taxes Have Made Peasants Apathetic and Decrease in Planting Brings Famine Menace.

London, March 30.—(By Mail).—A description of present-day conditions in Siberia, based on the report of the representative of a prominent group of bankers, who has just passed through Riga from Siberia, where he had spent about six months collecting information, is given by the Riga correspondent of The London Times.

During the past two years Siberian trade and industry have been almost totally destroyed; the state of agriculture is deplorable and the outlook for the next year gloomy in the extreme. In the western provinces the grain crops were bad. In the central and southern provinces the yield was satisfactory. On the whole the grain crop was good, but only about one-tenth of the Siberian wheat may be expected to reach the market. DOMINION LODGE CHAMPIONS OF I.O.G.T. LEAGUE

Details of Bowling Competition of the Winter on Victoria Alleys—High Single of 158.

The Dominion Lodge bowling team has taken the season's honors the I. O. G. T. League, which has been rolled on Victoria Alleys, by winning the first and second series, defeating last year's champions, Thorne Lodge, whose men gave them a good run, finishing a close second in both series.

The Dominion team will now have for the year the cup that was put up for competition among the I. O. G. T. lodges of the city. This cup has to be won three times to become the property of a lodge.

Statistics of the bowling league have been compiled by the secretary of the league, T. D. Owens, who has been acting in that capacity since it was organized. Some good records were made this year. The highest scores were made in the first series.

The champions will receive their trophy, and other prizes will be given at a banquet to be held in Dominion Hall in the near future. The following are the details: Standing for the Second Series.
