TEN PAGES—ONE CENT

Emden a Battered, Burning Hulk; Another German Cruiser, Koenigsberg, Bottled Up

Sea Rover, Menace to Shipping, Boldest of War Craft, Is Put Out of Way By Australian Cruiser

The Sydney, Overseas Fighter, Pursues and Beats Kaiser's Vessel Which Has Destroyed so Much British Shipping--The Other One, Too, Was Troublesome But Had Not Done so Much Damage

London Nov. 10—[12.51 p.m.]—It was officially announced in London today that the German cruiser Emden has been driven ashore and burned.

The Emden was destroyed by the Australian cruiser Sydney. She was driven ashore on an island of the Cocos group in the Indian ocean, southwest of Java.

The Sydney sighted the Emden yesterday morning. With superior speed, she at once closed in and gave battle. The German boat could not escape.

There was a running fight, at the end of which the Emden, burning from the shells of the Australian warship, was beached. The casualties on the Sydney are said to have been slight.

A TOKIO REPORT

Tokio, Nov. 10—The German cruiser Emden, pursued by the Australian cruiser Sydney, has been beached on one of the Cocos Islands. According to reports reaching Tokio, the captain and most of the crew of the Emden were saved.

Previous to the engagement with the Sydney, the Emden cut the British cable connecting the Cocos Islands with the outside world.

KOENIGSBERG, TOO, IS NO LONGER TO BE CONSIDERED

London, Nov. 10—The German cruiser Koenigsberg, which disabled the British cruiser Pegasus, some weeks ago, has been bottled up at Mafia Island, on the coast of German East Africa, by the blocking of the channel to the harbor.

The Koenigsberg also has preyed upon British shipping since the beginning of the war, but her successes have in no way approached those of the Emden. She disabled the British cruiser Pegasus in Zanzibar Harbor on September 20. The Pegasus was caught at a disadvantage as she was undergoing repairs. Twenty-five of her crew were killed and eighty wounded.

The Koenigsberg is a protected cruiser, and was laid down in 1905. She was of 3,348 tons, 354 feet long and had a speed of 23 1/2 knots. Her main battery consisted of ten 4.1 inch guns.

Mafia Island, on the East Coast of Africa, belongs to Zanzibar but was assigned to German influence some years ago.

The losses among the officers and crew of the Emden are reported to have been heavy.

The Emden has contributed to the history of the war, as thus far recorded, one of its most remarkable chapters. For sheer audacity and success of accomplishment, it has few parallels.

Twenty-two ships, mostly British, have been sunk, and one has been captured by the German cruiser.

Since early in August the Emden has been at work. Most of the time she was preying on British shipping in the Indian ocean, but last month she suddenly appeared at Penang. It was here that the Emden performed her most daring feat.

A fourth smokestack was rigged on her deck, and a Japanese flag run up. Thus disguised, she steamed boldly into the harbor, passing unchallenged under the British guns of the fort, and fired torpedoes which sank the Russian cruiser Jaqueton, and a French destroyer. Then she took to her heels, and escaped unscathed, through the Straits.

The vessels destroyed by the Emden had a total value of about \$4,000,000 exclusive of their cargoes. The Emden's largest guns were only 4.1 inch.

Of these she had ten. Her speed of 24 1/2 knots was her greatest asset, as she has been able to run down merchant ships with ease and then escape from larger but slower vessels that have pursued her.

It has been more or less of a mystery to naval men how the Emden has been able to keep at sea month after month without running short of coal and supplies. It is assumed, however, that she has obtained sufficient food and fuel from captured ships to meet her needs. In at least one instance, this is known to have been done.

The captain of the British steamer Exford, captured by the Emden in the Indian Ocean, reported to his owners, that the commander of the Emden said that before he sank the Exford, he intended to take on board his cruiser, the 7,000 tons of steam coal with which the Exford was laden.

The Emden had a complement of 361 men. Her armament consisted of ten 4.1 inch guns, eight 5 pounders, and four machine guns. She also was equipped with two submerged 17-inch torpedo tubes. The cruiser displaced 3,300 tons. She was laid down at Danzig in the year 1906, and completed in May 1908.

The Keeling or Cocos Islands are a group in the Indian Ocean belonging to Great Britain. They are about 500 miles southwest of the western end of the island of Java, and have cable connections.

The Australian cruiser Sydney carries a main battery of eight 6-inch guns against the Emden's 4.1, this giving her a heavy advantage over the German ship. While the speed of the two warships was theoretically equal, that of the Emden being 24 1/2 knots as against the Sydney's 24 1/2, the former probably was fool and her engines badly racked after three months of almost constant cruising in southern waters, chafing and being chased and with no port for refitting or repairs.

AGAIN, THE DEADLY MINE

Massachusetts, Holland, Nov. 10—The Norwegian steamer Pluton, bound from London for Christiania, was sunk by a mine on Sunday off Yarmouth. Nineteen men of her crew, and three passengers were rescued by a Dutch lugger.

TWO HUNDRED NOW ON LIST Local Recruiting Goes on Well--The Armory Arrangements--Some Transfers to Overseas Service

The men of New Brunswick are standing to arms! Eagerly, willingly, and with a fine sense of stern determination to aid the Motherland, are they responding to the call of the flag. One thousand men are needed and one thousand men will answer. Already with recruiting under way only a few days more than 200 have been secured. A fine lot of men they are. Col. Rutherford, of Halifax, officer commanding the 9th division, is expected in the city tonight and will probably inspect the men and their equipment, quarters, etc.

Making Ready Carpenters in the armory have already made considerable change. Long rows of bunks have been placed in the rooms of the main floor for the sleeping quarters, neatly and tidily arranged with comfortable straw while in the basement a mess room has been established for the men so that a comfortable barracks will result from the work being done. The suggestion has been made that a portion of the exhibition building be used as a recreation room, where the men may assemble after the day's drill, enjoy a soothing pipe and read books, magazines and papers which it is hoped the citizens will contribute. The 28th Dragoons this morning shifted their quarters from the armory to the part of the exhibition buildings assigned to their use.

Transfer of Men A change was yesterday made in the command and composition of the permanent company on home defence from the 28th Dragoons to that of three officers who have been in charge here since the outbreak of the war—Capt. C. I. Dunfield, Capt. T. Malcolm McAvity, and Lieut. P. D. McAvity, were transferred to the overseas battalion. Their places are to be taken by Captain L. W. Peters, Lieut. S. Simms and W. P. Thomson. In addition to the change in officers forty or more of the fifty-nine men who have been on duty also are transferred to the overseas establishment.

TSING TAU, GERMAN STRONGHOLD, FORMALLY HANDED OVER TO JAPS

London, Nov. 10—The German stronghold of Tsing-Tau, according to a despatch from the Congo, French troops commanded by General Aymerich succeeded in driving the Germans from the larger part of the territory lost in the 1911 convention. The military post of Naimou was retaken after two days heavy fighting on October 20.

French Capture German Territory in The Congo

Bordeaux, Nov. 10—It is officially announced that the region of the Sanga River, in the Congo, French troops commanded by General Aymerich succeeded in driving the Germans from the larger part of the territory lost in the 1911 convention. The military post of Naimou was retaken after two days heavy fighting on October 20.

FORMERLY POLICEMAN KING COUNTY COURT

Neil McQuarrie, Once on Local Force, Dead at Plaster Rock Judge Jonah Speaks of War—One Criminal Case

Hampton, N. B., Nov. 10—At an adjourned sitting of the Kings County court this morning, Justice Jonah presiding, His Honor in his charge to the grand jury congratulated the building committee and the municipal council on the great improvement in the heating arrangements. He also congratulated the people that, although the empire was in the throes of a great contest, yet so far we lived in peace and quiet, our homes intact and our commercial enterprises unshaken, no desolation of homes such as experienced by the Belgians. He called attention, however, to the great need of organizing for home defence.

He then submitted the only criminal case to come before him, that of an indictment against Clyde Williams for alleged assault on John McKel at Greenwich on Sept. 8. The jury found "true bill."

POPE URGES KINDNESS TO ALL WOUNDED PRISONERS

Rome, Nov. 10—Pope Benedict has written to several of the archbishops and bishops in the belligerent countries, exhorting them to urge upon their people the best charity upon wounded prisoners, irrespective of their nationality or religious views, "helping them all and thus making once more shine the light of Christendom."

In his letter to Cardinal Lucon, Archbishop of Rheims, the Pope expressed deep sorrow for the disastrous consequences of the war both from a religious and artistic standpoint.

PLAIN TALK TO P. E. ISLANDERS ABOUT RECRUITING

Chief Justice Critical and Clergyman Has a Word to the Young Women

Charlottetown, P. E. I., Nov. 10—At a meeting here for the patriotic fund about \$4,000 was raised and some contributors promised a weekly donation. Chief Justice Sir William W. Sullivan expressed his disappointment that more than seventy Islanders had gone directly to the front, although about 150 more were on active service in Canada. There were 1,000 men in training at the annual camp this year at a cost of \$30,000, and the purpose of training these men was to use them in defence of the country, and the country was practically being defended now on the fields of France and Belgium. He declared that the rifle clubs, in place of using ammunition firing at marks should be firing on the Germans.

Rev. Dr. Simpson appealed to the young women in the audience to have nothing to do with young men unless they were ready and willing to fit themselves to defend their country. Colonel Inps, commander of the P. E. Light Horse, has come to the defence of the militia through the press. He declares that efforts are being made to recruit three separate units for foreign service—one squadron of Light Horse, 140 of all ranks, one battalion of artillery, 189 strong, and a body to form part of the New Brunswick Battalion for the second contingent. He says that practically all the officers of the Light Horse and the artillery have volunteered, also that more officers have volunteered than there are positions. He states that although the call for recruits has not been so prompt as could be desired, some progress has been made.

The Patriotic Fund is the fifth appeal made to island people, and to all there has been a generous response. The Army Field Service Fund is unique from the fact that the people, not the government, have set out to donate 100,000 bushels of oats to be delivered freight free at some port in France for the allied armies. Already about 75,000 bushels of oats have been collected and about \$18,000 in cash to pay for the freight. Premier Matheson intimated that it might be necessary in order to secure the quantity of oats required, to pay for the balance out of the general revenue, but it is hoped that with further effort the farmers may be so stirred up as to contribute the balance and render government expenditure unnecessary.

DOMINION POLICE PLACE 120 TURKS UNDER ARREST

Branford, Ont., Nov. 10—Acting upon instructions from Colonel Sherwood of the Dominion Police Department, the authorities have landed 120 Turks, residents of the foreign colony of the city, in the county jail. No explanation accompanied the order from Ottawa. None of the men had given any trouble.

Captain the Hon. A. E. B. O'Neill, of the Second Life Guards, and Unionist member for New-Astrin has been killed in action in France.

LAND FIGHTING TERRIFIC; ALLIES ARE STILL GAINING

Germans' Furious Attacks Are Checked--French and British Now Believed Definitely to Have Begun Advance

Paris, Nov. 10—(2.40 p. m.)—The French official bulletin given out in Paris this afternoon, says: "The action continued all day yesterday with the same intensity that has characterized the previous fighting between the sea and the region of Arras. The encounters already are of particular violence, for the reason that the opposing forces are alternately taking the offensive."

"Summing up, it may be said that the day was marked by the checking of a German attack in considerable force to the south of Ypres, and by perceptible progress on the part of French forces in the vicinity of Btschoote and between Ypres and Amantiers."

"Equally on the front of the British troops, all the German attacks were repulsed with energy."

"Along the major part of the front, from the canal of Labassee as far as the Woerve, our troops made secure the results attained in the course of the last few days. There should be reported also our progress in the region of Loivre, between Rheims and Berry-Au-Bac."

ALLIES' ADVANCE REALLY BEGUN

Paris, Nov. 10—Fighting from sand dune to sand dune, hampered by thick fog banks, and at times crawling on hands and knees through high grass, the advance of the allies along the Belgian sea coast continues, according to reports received here today. The advance on Monday was somewhat slower as the Germans, after two days of retreat and rest, again resumed the offensive. The allies, however, presented a stonewall defence and the Germans were again forced to retreat.

The region around Ypres is the scene of the greatest activity as the Germans apparently wish to take possession of the territory between Labassee and Nieuport, which is considered of great strategic importance. Although the advance yesterday was only slight, this should not be depreciated in the opinion of prominent military critics, but acclaimed at its full value, as it appears now, after many retreats, counter marches and interminable delays that the allies are beginning to advance.

TOO MUCH WHEAT LET GO BY. Rome, Nov. 10—The large increase in the price of foodstuffs is causing some anxiety. Many remedies have been suggested, especially in regard to wheat. The surplus of this cereal in the United States and in the next crop in Argentina, it is said, has already been taken, despite the fact that prices in both countries were considerably higher.

Italy, thus far, has allowed wheat destined for neutral countries to pass through with the result that the importation of wheat into Italy itself, as compared with that passing through nominally destined for Switzerland, but in reality, it is said, going to Austria and Germany, stands at two bushels to ten.

It is suggested that the government prohibit wheat passing through Italy for all destinations until Italy has imported the quantity necessary for her own consumption. Then either allow wheat sold in Italy should be at a moderate price or have no purchases.

AUSTRIAN REPORT

London, Nov. 10—An official Austrian communication indicates that the Austrians are now fighting in Serbia well over their border. It says: "Our operations in the southern war theatre are progressing favorably. A three days battle on the line from Lesniza to Krapana, ended in success for us. The Serbians consisted of six divisions. Their troops, after a heroic defence, are now retreating toward Valjevo."

"Our troops on Saturday arrived at Lonitza, east of the heights of Sokoliska and Planina, southwest of Krapana. Numerous prisoners and war material were captured."

GERMAN OFFICERS LEADING TURKS.

Petrograd, Nov. 10—An official communication from the Caucasian army staff at Tiflis dated November 8 says: "At daybreak near Kopynkei, the combat was resumed with renewed force, when the enemy launched against us troops concentrated in the region of Ezerum, which in their turn, were reinforced from the garrison of that stronghold."

"To judge from the character of the action, and such information as could be gathered, German officers commanded the Turks."

"In the afternoon the fighting assumed a particularly tenacious character when the Turks supported their advance guards by fresh divisions. However, the attempted envelopment of one of our flanks failed."

"Thanks to the valor of our troops, we were able towards evening when the battle moderated, to hold all we had previously conquered. One of our columns took possession of positions at Karakille (Karakilisse), and Alaschkerktsa."

It is announced here that the Emperor, while enroute from Kholm to Siedlitz, received a report from General Avonoff, commander-in-chief of the army of the southwest. General Avonoff, with his staff, was invited to the imperial breakfast. At the station at Siedlitz the Emperor received General commander-in-chief of the army of the southwest.

The Ir Rank Reduced Flushing, Holland, Nov. 10—Two German officers killed at Thiel, when British aviators dropped six bombs upon the building, which Emperor William had left but a few minutes before, were

members of the Kaiser's personal staff, according to reports received here. It is said that the Emperor bitterly reproached the commander of the German aerial corps, because his men had failed to intercept the British aeroplanes, and as a result, three officers of the corps were reduced in rank and arrested.

FORMER SOLDIER GETS INTO TROUBLE

Knocks Down Policeman and Companion Are Arrested

Roy Clark, a former soldier, was arrested last evening by Policeman McLean, charged with assaulting him on the north side of King square, and also resisting after he was placed under arrest. George Stackhouse was also arrested, charged with interfering with McLean while he was arresting Clark.

McLean said that Clark came up to him and asked him to come to a barroom, as he complained that the bartender had refused to serve him. McLean said he took no notice of the man until, without any warning, the man struck him in the face, knocking him down. He placed him under arrest, and on the way to the station Clark violently resisted, while Stackhouse followed and made insulting remarks to the policeman.

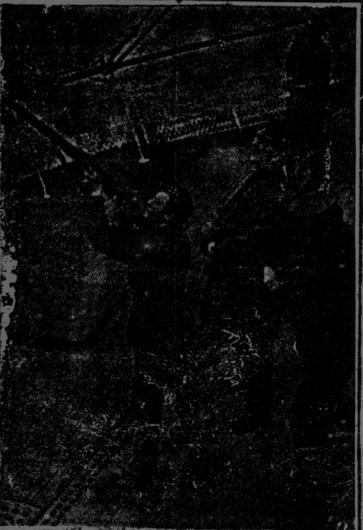

At the police station, he said Stackhouse tried to prevent McLean from putting Clark in jail. Both men were finally lodged in the station.

Constable Crawford corroborated the policeman's story.

The magistrate told the prisoners they would be liable to a very heavy penalty and remanded them to jail.

Cok Gordon Chesney Wilson of the Royal Horse Guards, brother-in-law of the Duke of Marlborough, has been killed in action in France.

WAR IN THE AIR

RUSSIA'S GREAT WORK IN WAR

London, Nov. 10.—The fog which during the last few days has hampered military operations along the Aisne, seems to have blotted also, so far as the receipt of news is concerned, the entire zone of continental fighting.

FOR THE FUNDS

The following contributions to the Patriotic Fund were received this morning: R. D. McA. Law, \$1; H. B. Burns, \$5; Union Club, Clifton, \$16.

THE NAVY

In his speech at the Lord Mayor's banquet in London last night Rt. Hon. Winston Churchill said there was a natural impatience on the part of the navy to strike a blow, but the people must be patient; the conditions of naval warfare were curious and novel.

NEW BRUNSWICK MAY SEND A CYCLE CORPS

There is a possibility of a cycle corps being formed in New Brunswick to accompany the second Canadian contingent to the front. A wire was received today by a local officer, but gave no instructions to recruit.

WAR HAS REDUCED IMMIGRATION GREATLY

Washington, Nov. 10.—The continued effect of war on American immigration shows a decrease of more than seventy per cent at Atlantic ports and seventy-five per cent for the entire country in the last three months.

PERSONALS

Mrs. Robert Barbour, accompanied by her daughter, Miss Barbour, returned home today after a visit to Boston.

GRAMAPHONE CASE

A case against Samuel Gandres, a Greek, charged with stealing a gramophone from James Knox, a fellow countryman, took nearly all morning in the police court.

SENT UP FOR TRIAL

James Williams, charged with stealing \$20 from Thomas Lacey, on Saturday evening, was committed for trial by Magistrate Ritchie this morning.

COUNCIL TOMORROW

The weekly meeting of the common council, postponed from yesterday because of the lack of a quorum has been called for Wednesday morning.

BROWN—At Butte, Mo., on Oct. 30, Hugh Brown, formerly of Public Landing, N. B., leaving one son, one brother, and two sisters to mourn.

CARDS OF THANKS

Mr. and Mrs. William J. Seely of 37 Metcalf street, desire to thank their many friends and relatives for sympathy expressed during their recent bereavement for the flowers sent.

"KILLED 20" WRITES ST. JOHN SOLDIER HOME

Mr. Whitworth Gets Further News From Her Wounded Husband

"I killed twenty of the enemy and wounded many more, so I guess I will have to put up with what I got from them." Is the way in which Private A. E. Whitworth, of this city, who was wounded in action in France, sends a message to his wife, who resides in Brussels street.

Yesterday's English mail brought a great deal of good cheer to her home, as in it were two letters and two post cards for the soldier's wife. Although the cards were in the nurse's handwriting, Private Whitworth was able to pencil the letters himself.

LIFE SENTENCE FOR BANDITS

Montreal, Nov. 10.—Ismael Bourret and Joseph Beauchamp, two of the bandits who shot Constable Bourdon last March, were sentenced to life imprisonment by Mr. Justice Lavergne this morning.

SIX GIANT DESTROYERS FOR AMERICAN NAVY

Washington, Nov. 10.—Bids for the construction of six giant destroyers—the largest ever designed for the American navy—were submitted for opening today at the navy department. This will make sixty-eight in the navy.

FEAR FLYING EARL KILLED

London, Nov. 10.—Earl Annesley, who left England last Friday by aeroplane, has not since been heard from, and it is feared he has been killed. He was a member of the Royal Flying Corps and had performed valuable services for the allies in the west, notably during the siege of Antwerp.

DEATH OF WELL KNOWN MAN OF TAMMANY

New York, Nov. 10.—Julius Harburger, former sheriff and for two decades a prominent figure in Tammany Hall politics, died last night of congestion of the lungs. He was born on the East Side sixty-three years ago and had been in public life for thirty-one years.

WIND CAUSED TROUBLE

The pipe line leading from the suction dredge at work in the Courtenay Bay basin, through the breakwater, separated during the light wind of Saturday and two of the pontoons broke loose from their moorings, putting the dredge out of commission all day yesterday. The break has been repaired and the pontoons placed in position again.

BURIED TODAY

Many friends attended the funeral of Mrs. John Stewart, held this afternoon from her late residence, 12 Cannon street. Interment was in Greenwood cemetery.

RAISED ABOUT \$50

There was a good attendance and a pleasant time was spent last evening at a pie and basket social at the Clairmont House in Torryburn. The proceeds, amounting to about \$50, will be turned over to the Canadian Patriotic Fund.

Wanamaker's turkey supper Wednesday from 5 to 7.

To the Hub for your overcoats, save \$5—32 Charlotte street.

Come and do all your shopping at the People's Dry Goods Store, 14 Charlotte street.

LOCAL NEWS

Wanamaker's turkey supper Wednesday from 5 to 7.

To the Hub for your overcoats, save \$5—32 Charlotte street.

Come and do all your shopping at the People's Dry Goods Store, 14 Charlotte street.

GOOD SHOE BARGAINS

Women's patent leather boots in button and lace, cloth and kid tops, worth \$2 for \$1.89 boys' boots on sale for \$1.18, \$1.28, \$1.48, worth \$1.50, \$1.75, and \$2. Levine's Shoe Store, 8 1-2 Brussels street, near corner Union, 11-14.

IF YOU KNEW

How much money—money—we can save you by having your silvers repaired and plated or selling you new tableware, for would be glad to know. Won't you call in and see the bargains in knives and forks we are offering this week at Grandon's, the plate, Waterlool street.

PLAYGROUNDS ASSOCIATION

The annual meeting of the Playgrounds Association will be held this evening in the Boys' Club Hall, 201 Waterlool street, at eight o'clock. All citizens interested are invited to attend.

FOR RED CROSS

Mayor Frink has received a subscription for the Red Cross Society from Miss A. Wiesel.

Wanamaker's turkey supper Wednesday from 5 to 7.

Stock adjustment sale of imported white bedspreads this week at Daniel's. A great opportunity for housekeepers or hotels to save on their outlay.

FALL SUITS

Our boys department is full of handsome fall suits, overcoats, shoes and other outfitting that will be of great interest to mothers these days—Wiesel's Cash Stores, 248-247 Union street.

YOUR FRIENDS APPRECIATE

Your personal Christmas card more than expensive presents. Order from Taylor Bros., 81 King Square.

Wanamaker's turkey supper Wednesday from 5 to 7.

Stock adjustment sale of imported white bedspreads this week at Daniel's. A great opportunity for housekeepers or hotels to save on their outlay.

COAL! COAL!

Scotch and American Hard Coal. We will be landing Broad Cove Coal soon, and expect a rush. For prompt delivery, get your order in at once. LOGAN & SNODGRASS, 90-96 City Road, Tel. Main 2125-41. Res. Main 952-41.

BOY WANTED—For office, one with knowledge of typewriting preferred. Apply C. P., care Times. 1835-11-13.

LOST—Two side pieces for an automobile top on Manawagonish Road, just outside of Fairville. Finder please bring to 154 Prince Wm. street. 1834-11-18.

WANTED—Two ladies to teach the one step, hesitation and three step, also three ladies to teach the waltz and two step. Apply at the Hippodrome, Queens Rink. 1830-11-11.

GOOD HUNTSMEN

Theodore Roosevelt may have hunted in South American wilds and discovered an unnamed river, Paul Hainney may have explored the jungles of Africa in search of game, Mr. Whitney may have won fame in his hunting exploits in the "silent places," but three local sportsmen who returned home from the Miramichi last night feel that in the vernacular of the day the three distinguished gamblers referred to "have nothing on them. Many a sportsman goes to the woods in search of the big game to be had and returns with a few birds in his game-bag, but to D. J. Corr, Dr. D. J. Logan, and P. E. Whelan, who came home yesterday after a ten days' hunt along the northwestern branch of the Miramichi, was given the honor of each one filling the allowance of his license, in moose and deer. Big game they reported to be particularly plentiful and each brought two fine deer and a moose. The only possibility on their certificate which was not attained was a caribou. They were accompanied by P. E. Whelan of Renous as guide and speak most highly of his ability and territory.

REMOUNT SHIP IN

Donaldson Liner Lakonia, arrived in port early this morning and docked at the McLeod warehouse, where she is now discharging general cargo and coal. The Lakonia will take away a shipment of remounts and will be ready to receive her cargo soon, as she is already fitted with horse stalls. The steamer was one of the transports that accompanied the Canadian first contingent across the Atlantic.

THE CIVIL SERVICE

The examinations for entrance to the civil service were commenced this morning in Centennial school. About fourteen candidates are taking the papers. Ven. Archdeacon Raymond is the examiner.

WE have for sale Ladies' seal skin coat; practically new long pony coat and set of sable fur.

R. F. POTTS, Auctioneer.

Our business is to supply you with all that is necessary to make that home comfortable and beautiful and at prices to suit all purses. Call and see our large and beautiful assortment of Furniture and Home Furnishings. Our usual courteous treatment whether you purchase or not. J. Marcus, 30 Dock Street

FRANCE AT WAR WITH GOVERNMENT OF TURKEY NOT WITH THE PEOPLE

Paris, Nov. 10.—A despatch from Bordeaux says that a formal declaration of war signed by the five allies, was issued on Monday against Turkey. The French declaration is remarkable. After mentioning the Black Sea episode, as the direct cause of war, it says that the German submarines, which were used by German officers, without due cause had bombarded Russian ports, a state of war existed between Turkey and the five allies. It then continues: "It is not the French republic's intention ever to forget the cordial friendship which for many centuries has linked France with the Ottoman Empire. In view of this fact, it will not consider the great many Turkish subjects at present residing within the French borders as hostile enemies, but in the light of true friends."

WAR NOTES

A Reuter's agency despatch from Cape Town to London says that on November 8 the rebels under General Beyers were defeated with heavy loss by General Lamer's forces and that 864 prisoners were taken with many rifles and horses. Maj. Gen. Sam Hughes, who returned to Ottawa last night confirms the report that five German submarines were waiting for the Canadian transports of the first contingent on their approaching English coast near the port of destination was changed. A recruiting meeting has been arranged for the 14th to be held on Monday evening when George W. Fowler, M. P., Judge White and Rev. E. B. Hooper will be the speakers. Plans will be made this afternoon for other meetings of a similar nature in the interest of recruiting. Major Frink, who is from St. George E. Foster that he will be unable to come here to address any public meetings.

WHEAT MARKET

Chicago, Nov. 10.—Wheat took a downward slide today. The opening which ranged from 1-4 to 3-8 off, to 1-8 to 1-4 up, was followed by a decline all around.

BOYS ARRESTED

Four boys, each fourteen years old, were arrested last evening charged with "beating" their way into the Imperial Theatre. The boys were taken to the magistrate in the juvenile court this afternoon. W. H. Golding, manager of the Imperial, said this morning that a gang of boys had been making a practice, even in the old Nickel Theatre of getting into the picture shows through exits and that this was an offense not only against the management of the theatre but also against the regulations of the fire underwriters, as these doors were meant to be used only as exits and should not be obstructed by anyone coming in. The management decided to put a stop to this practice and laid a trap for the boys last evening with the result that four of them were arrested.

NIGHT SCHOOL OPENED

The night school for girls, under the auspices of the King's Daughters' Guild, which was opened last evening for the season was well attended and promises to become very successful. The classes, which are held on Monday and Thursday evenings between 7:30 and 9:30, are being handled by Miss Susie Gledhill, a member of the city teaching staff, who has offered her services. The classes will last for six months, and are divided into two terms, twenty lessons in each term. Miss Pratt, the secretary of the guild, is superintending the work.

NEW ATTORNEYS

The following were sworn in attorneys before the Supreme Court today in Fredericton:—On motion of J. D. Phinney, K. C., Joseph L. Ryan, Three Brooks; William A. Ross, St. John; John A. Craghan, M. Alonzo Kelly, Campbellton and Ralph P. Hartley, Woodstock. In the cases of Trites and Blue, Miller, leave to enter and time to file factums was extended on motion of Mr. Phinney and W. A. Ewing.

HAVE BOUGHT LOTS

G. W. Badgley reports that the following were some of the recent sales of lots made in Courtenay Bay Heights, St. John:—Guy P. Maloney, Jacob M. Prosser, James A. Moore, O. I. Clark, Frederick, Thomas James E. Niles, Charles Heritage, Mrs. S. A. Handran, Hiram H. Allaby, Frank Tennant.

SOMEWHAT BETTER

Miss Ruth Nason is showing some signs of improvement in the General Hospital and this morning began to regain consciousness and could talk a little. The hopes of her friends for her recovery are increasing.

Scott Act Fine

Moncton, N. B., Nov. 10.—Plied R. Richard, in the police court this morning in an adjourned Scott Act case pleaded guilty and was fined \$50 and costs or three months in jail. He paid weather look real homelike.

THE WAR

(Continued from page 1.) German Officialness. London, Nov. 10.—An Amsterdam despatch to Reuter says:—"A telegram from Flushing states that the Dutch steamer Administrateur De Bats, which left Antwerp with forty-five passengers, was stopped by German officials of Fort Marck, near the Dutch frontier. The ship was searched and all men between eighteen and thirty were arrested, although they had authentic passports."

IMPERIAL VAUDEVILLE VERY SUMPTUOUS

Krelles a Fine Act—Splendid Pictures—"East Lynne" Tomorrow. The Krelles vaudeville act, which appears at the Imperial this afternoon, is a most elaborate musical programme on the violin, cello, piano and vocal. Their stage setting is of a very sumptuous character and quite eclipses similar settings seen in the big house since its opening. The programme of pictures for tonight includes a two-part Viennese drama, a two-part Lubin comedy-drama, a Slim Jim comedy and the Heart-Slig Weekly which contains the war news.

Canada in the War

In Kingston, Ont., a cycling corps is to be organized of thirty non-commissioned officers and one lieutenant. They will use motor cycles. Frederickton, N. B., Nov. 10.—Mayor Mitchell was elected president of St. Andrew's Society last evening. A committee was appointed to arrange for a celebration of St. Andrew's day. Colonel Rutherford, D.O.C., arrived from Halifax today and with Mayor Mitchell made an inspection of the exhibition building and grounds, which have been accepted by the government for mobilization of a battery of field artillery. Hamilton Kitchen has offered the free use of the trotting park and stables. John P. Burchill, John M. Stevens and George J. Colter, who will arbitrate in a dispute over land damages between the St. John and Quebec railway company, and Fraser, Limited, will meet here this afternoon. J. R. Douglas, of Amherst, and Peter Lynch, of St. John, are here to give evidence. Hence J. Logan, ex-M.P., of Amherst, is on a business trip here.

REFUSES TO ACCEPT CABINET RESIGNATION

Lima Peru, Nov. 10.—President Benavides has refused to accept the resignation of the Sousa cabinet, which was tendered on November 6.

SUGGESTS WINTER

Last night made a supreme effort to break October's temperature record of twentyfour above zero and did so, but only by a fraction of a degree. This morning was more like the genuine winter article than we have seen so far. A little after nightfall last evening, the mercury began to drop and went to a little below the 24 mark. A few flakes of dry frost snow all morning made the weather look real homelike.

Wanamaker's turkey supper Wednesday from 5 to 7.

To the Hub for your overcoats, save \$5—32 Charlotte street.

Come and do all your shopping at the People's Dry Goods Store, 14 Charlotte street.

GOOD HUNTSMEN

Theodore Roosevelt may have hunted in South American wilds and discovered an unnamed river, Paul Hainney may have explored the jungles of Africa in search of game, Mr. Whitney may have won fame in his hunting exploits in the "silent places," but three local sportsmen who returned home from the Miramichi last night feel that in the vernacular of the day the three distinguished gamblers referred to "have nothing on them. Many a sportsman goes to the woods in search of the big game to be had and returns with a few birds in his game-bag, but to D. J. Corr, Dr. D. J. Logan, and P. E. Whelan, who came home yesterday after a ten days' hunt along the northwestern branch of the Miramichi, was given the honor of each one filling the allowance of his license, in moose and deer. Big game they reported to be particularly plentiful and each brought two fine deer and a moose. The only possibility on their certificate which was not attained was a caribou. They were accompanied by P. E. Whelan of Renous as guide and speak most highly of his ability and territory.

REMOUNT SHIP IN

Donaldson Liner Lakonia, arrived in port early this morning and docked at the McLeod warehouse, where she is now discharging general cargo and coal. The Lakonia will take away a shipment of remounts and will be ready to receive her cargo soon, as she is already fitted with horse stalls. The steamer was one of the transports that accompanied the Canadian first contingent across the Atlantic.

The Evening Times and Star

ST. JOHN, N. B., NOV. 10, 1914.

The St. John Evening Times is printed at 27 and 29 Cornhill Street every evening (Sunday excepted) by the St. John Times Printing and Publishing Co., Ltd., a company incorporated under the Joint Stock Companies Act.

AT GUILD HALL.

Never has the historic Guild Hall in London been the scene of a more striking assembly, gathered together under more significant circumstances, than that which attended the Lord Mayor's banquet yesterday. The tense feeling was expressed by Lord Kitchener in the course of his speech when he said: "The British Empire is now fighting for its existence."

There is no doubt that the Lieutenant-Governor would consult Mr. Hazen or any other man at Ottawa in a matter which concerns only himself and the honor of the province of New Brunswick. A Royal Commission has investigated certain charges made against members of the provincial government. The report of that commission has been placed in the hands of the Lieutenant-Governor. It had been announced prior to the last two meetings of the provincial government that His Honor would present the report, but each time the government was apparently so busy with other matters of infinitely less importance that it could not receive the report. Delay has followed delay, and now we are told that the report will be placed in the hands of the government by His Honor at its meeting on the 17th of this month.

There is no excuse whatever for delay in regard to the report of either the Royal Commission on the Dugal charges or the Royal Commission on St. John police matters. In the case of the first named report the government should have taken the very earliest opportunity to get it, place it before the people, and have the whole matter dealt with, since it is the most serious matter that has been brought to the attention of a New Brunswick government in the lifetime of this generation. The public are not at all concerned in any quarrel between Mr. Fleming and his colleagues, or between the "die-hards" and the "letter element" in the government ranks. The people of the province have a right to the report of the Royal Commission on the Dugal charges, and the people of this city have a right to the report on police matters.

The delay is inexcusable, and public attention cannot be diverted from the facts of the case by newspaper attacks on Mr. Carvell, who in the whole matter of the Dugal charges has rendered the province a great service, that is fully recognized by all except those who have special reasons for trying to keep the lid on.

The St. John Home Guard should be organized with as little delay as possible. The presence of the older men in the ranks of such an organization would be a splendid example.

Today's war news shows that the Germans have not yet abandoned the hope of being able to break through the French and British lines to Calais. The allies, however, appear to be confident of their ability to defeat the attempt.

Neither Hon. Mr. Hazen, nor Sir George Foster, nor Sir Wilfrid Laurier is able at the present time to address patriotic meetings in New Brunswick. Such meetings should, nevertheless, be held, and it is pleasing to note that one will be held at Sussex on Thursday evening of this week.

General DeWet, the rebel leader, is reported to have dispersed a small government commando near Doornberg in South Africa, but his son was killed in the fighting. One of the most bitter reflections of General DeWet after his little rebellion has been utterly crushed, will be that he sacrificed the life of his son to gratify a mad ambition. The rebels led by General Beyers have been completely dispersed.

Six boys under the age of fifteen years pleaded guilty yesterday to the charge of theft. Four other boys under fifteen were arrested last night, charged with stealing their way into a moving picture theatre. At the annual meeting of the Free Kindergarten Association last night it was noted that one of the kindergartens in the North End had been closed because boys had been continually breaking windows and otherwise doing damage to the property. St. John should do more than is at present being done to turn the activity of its boy gangs into more useful channels.

The Port Arthur board of trade has issued a pamphlet entitled "Back to the Land—A National and Imperial Policy." It is pointed out in this valuable publication that ninety per cent of the available lands in Canada have not been brought under cultivation, and that with the low rate of wages and the high price of all farm products for some years to come very handsome profits are assured for the industrious farmer. The Port Arthur board contends that the Dominion government should lend \$50,000,000 per year for five years to the various municipalities throughout Canada, to be used by them for the clearing of land and increasing the area under cultivation. The money to be advanced by the municipalities on easy terms to the owners of land. Illustrations are given of what is being done in other countries to provide capital for agricultural development and a strong case is made out in favor of a policy of government assistance for the development of this great basic industry.

One of the ancient city guilds of London, the Glass Sellers' Company, in 1654 obtained the right to smash glass of foreign manufacture wherever it was found. The charter has never been revoked.

KIDNEY TROUBLE AFFECTED HIS SPINE

Suffered For Forty Years Until He Used "Fruit-a-tives"

Bronte, Ont., Oct. 31st, 1913. "For about forty years, I was troubled with Lame Back brought on by Kidney and Bladder Trouble. I was never confined to my bed with the trouble, but it affected my spine and I had to rest for a time. I took advertised remedies which never did me any good. Then I saw "Fruit-a-tives" advertised and decided to try them. They did me more good than any other remedy. My son suffered from the same trouble and frequently had to leave off working, but "Fruit-a-tives" remedied it for him. I would strongly advise anyone suffering from Kidney and Bladder Trouble to use "Fruit-a-tives."

H. DORLAND, 50c. a box, 6 for \$2.50, trial size 25c. At all dealers or sent on receipt of price by Fruit-a-tives Limited, Ottawa.

LIGHTER VEIN.

Her Teaching. A teachers' meeting was in progress and it was decided that the more difficult subjects should come in the morning and those that required less application later in the day. History was last on the list, and Miss Wheeler, the young teacher, protested.

"But it certainly is easier than science or mathematics," the principal insisted. "As I teach it," replied the young teacher, "no subject could be more difficult and confusing."

Nothing Flirtatious. "See the sixth floor of that office building?" "Yes." "That girl is waving her handkerchief at me."

Common Juvenile Complaint. "I hear that your boy is laid up. Anything serious?" "We were afraid so at first, but the doctor diagnosed the trouble as merely a bad attack of don't-want-to-go-to-school-itis."

Not the Word Expected. "Bobby, which will you have, pie or pudding?" "Pie, what?" said his father, sharply. "Pie first," answered Bobby, without turning a hair.

A Case of Sex. Theodora, do you know, between a foot and a fortress? Mr. Henpeck—I should imagine a fortress, my love, would be harder to silence.

The Outlook. "Yes, I am going to run for office." "Your friends seem pleased." "So do my enemies. And that looks kind of ominous, don't you think?"

While conversing with a friend of not long standing, few days ago, Charles M. Schwab was seen to smile in his characteristic way.

"I understand you began life as a newsboy," observed the friend admiringly. "No," replied the millionaire. "Some one has been fooling you. I began life as an infant."—Lippincott's.

Teacher (in Puck)—Now, if I paid one man \$2 a day for seven days, another \$3.50 for ten days, and another \$4.75 for six days, would you be able to do it for six days?

Reddy Backrow (whose father belongs to the union)—You'd have the dumbest strike on your hands you ever saw, teacher.

SULLIVAN GIRL'S BODY IS FOUND; SEVERAL ARRESTS.

Presque Isle, Me., Nov. 9.—The body of Mildred Sullivan, who has been missing from her home here for several weeks, has been found and sensational developments are expected in the case following the arrest today of Alice and Perley Pelletier charged with being accessories to the murder. The arrest of a nurse, Kate O. Michael, is expected, while Dr. L. E. Dudley already out on bail on a charge of performing an illegal operation on the dead girl, has been re-arrested in Houlton. The body was found in a strip of woods near Presque Isle, near where Miss Michael indicated in her confession, and had evidently been thrown in the grave hurriedly. It was covered only with a night robe and was identified by the girl's father by a ring which she wore.

Dr. Morse's Indian Root Pills.

exactly meet the need which so often arises in every family for a medicine to open up and regulate the bowels. Not only are they effective in all cases of Constipation, but they help greatly in breaking up a Cold or La Grippe by cleaning out the system and purifying the blood. In the same way they relieve or cure Eczema, Indigestion, Sick Headaches, Rheumatism and other common ailments. In the fullest sense of the words Dr. Morse's Indian Root Pills are A Household Remedy.

Easy & Practical Home Dress Making Lessons

Prepared Especially for This Newspaper by Pictorial Review

AN ACCEPTABLE FROCK.

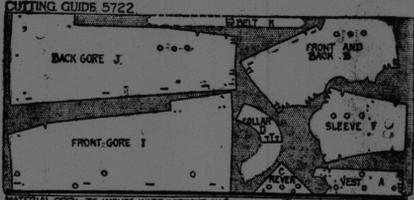

vest arrangement of silk and lace, surmounted by shaped bands of the dress material.

Certainly this dress has everything that can be desired in the way of simplicity, yet it is exceedingly smart. There are pleats at either side to give the skirt the necessary flare and the sleeves have the drooping effect that is essential. Crepe, ruffles or volles would make it effectively after this model. The novel arrangement of the vest calls for the use of the dress material, plings of silk and bands of lace edging. To make the dress requires 5/8 yards of 36-inch material, with 1/4 yard of 4-inch ribbon for piping and 1/4 yard of lace for the vest.

The goods is laid open; then the various parts of the pattern are placed upon it. For Y-shaped neck cut out neck edge of vest 3/4 of an inch above small "o" perforation.

The skirt is exceedingly simple to make, since there are no aggravating folds or complicated drapings. For the waist, first turn the hem in the vest, leaving an extended edge for the piping to be stitched over. Adjust revers or vest, notches and single large "o" perforations even. Turn under front edge of front on not perforations, lap on vest to small "o" perforations, notch center-back seam. Close out seam as notched, sew to short sleeve, double "o" perforations and seams even. Gather lower edge of waist between double "T" perforations; sew stay to lower edge, centers even, small "o" perforation at under-arm seam. Sew round collar to neck edge, center-backs even and underneath folded edge front. Sew standing collar to neck edge as notched.

Toutful wearers may give an extra bit of dash to this frock by wearing one of the very fashionable deep grille wound about the figure in oriental crepe, tulle or volles, showing a unique effect.

CUTTING GUIDE 5722

Pictorial Review pattern, No. 5722. Sizes 32, 34, 36, 38, 40, 42, 44 and 46 inches waist. Price, 15 cents. Embroidery design, No. 11393. Transfer pattern, 10 cents.

Save the Crumbs

Fried Bread Crumbs

When using bread crumbs for croquettes or any food to be fried in deep fat; first roll food in dry fine crumbs, then in well beaten egg and water (one teaspoon of water to each egg) then again in fine crumbs. And set in a cool place at least an hour before frying.

Bread Crumb Recipes for Dinner Dishes

Bread crumbs are delicious when added to sauce for meat, and the finer the crumbs the nicer the sauce will be. Turn one cup of boiling milk over three tablespoons of very fine bread crumbs, cover and allow to cool. When

GERMAN TRICK TO GET THEIR GOODS SOLD

Change Mark to "Made in Switzerland" in Effort to Retain Market

A clever scheme to retain Germany's foreign markets during the war is being worked in Switzerland by German manufacturers and exporters according to Swiss newspapers received here. The plan is to establish branches in Switzerland under Swiss names, and send out German goods with Swiss trade marks. The Swiss papers state that German goods are thus exported even to France and England. Goods sent to England are marked in English, "Made in Switzerland." Le Démocrate, of St. Imier, Switzerland, gives the following description of the stratagem:

"The press of Switzerland has already described the ruse by which German manufacturers and business men are trying to keep on supplying their customers and hold their markets. In Switzerland these tactics have justly aroused the public, and the authorities as well are not blind to them. Here is what Le Temps says in this regard, and, we may add, it is right:

"We have already mentioned Germany's efforts to maintain her foreign commerce with all countries still open to her. German manufacturers and exporters have even found an ingenious combination to try to supply their products to France and England, which

Special Sale of Ladies' Black Cashmere Hosiery

WHITEWEAR DEPARTMENT—SECOND FLOOR

HOW CANADIANS LOSE ORDERS

London, Nov. 10.—Queries which are constantly reaching the Canadian Trade Commissioner, Harrison Watson, indicate that Canadian manufacturers frequently lose opportunities owing to their neglecting to appoint agents on this side of the ocean. The London Scottish Regiment required more caps, and the authorities being unable to get the order for the caps accepted here, made enquiries as to whether it could be filled in Canada.

Mr. Watson, however, failed to find any firm willing or able to supply the goods, although he made enquiries for agents of prominent Canadian manufacturers.

Our new 1915 Catalogue is now ready, and your copy will be mailed upon request. HENRY BIRKS & SONS, LTD. Montreal Ottawa Winnipeg Vancouver

WESTERN CANADA NEWS

Settlement of Belgian Refugees—Co-operative Marketing of Live Stock—Regina's Gift to Patriotic Fund

Regina, Nov. 10.—Proposals having in view the settlement in Saskatchewan, of Belgian refugees who have been engaged in agricultural pursuits in their native land, have been submitted by the Belgian Consul-General at Ottawa to the Canadian government. The consul-general states that the spring of 1915 will be the most favorable time to execute plans for settlement, and that there will be ample time during the next few months to work out details.

Co-operative marketing of live stock is suggested by the Saskatchewan department of agriculture as a means of reducing the spread between the price paid by the producer of live stock on one hand and by the consumer on the other hand. This much at least has been amply demonstrated, says A. F. Mantle, deputy minister of agriculture, "that a small local group of farmers can largely increase their profits from live stock production by banding together and forming for themselves in an economical and organized way an essential service which is ordinarily performed for them in a wasteful and unorganized way by a local buyer, driver or butcher."

Mr. Mantle said that every group of farmers in the province who were dissatisfied with prices could form and operate a local shipping and selling organization on co-operative lines. If the war lasts one year, it is estimated that Regina's contribution to the patriotic fund will amount to \$120,000. The citizens have pledged themselves to give \$426.66 monthly.

The Dominion Council of Agriculture have now called a joint meeting with representatives of the Canadian Manufacturers' Association to discuss the possibility of so altering the conditions of settlement on the vacant lands in the west, that the capable farmers, unemployed, may be induced to take up homesteads, with assistance from the Dominion government which would ensure success. The Closer Settlement Movement aims to organize communities, each member of which would have 160 acres of farm land to work. It is thought that the financial standing of the community being better than that of an individual would materially assist in financing such a project.

EAT LESS AND TAKE SALTS FOR KIDNEYS

Take a Glass of Salts if Your Back Hurts or Bladder Bothers

The American men and women must guard constantly against kidney trouble, because we eat too much and all our food is rich. Our blood is filled with uric acid which the kidneys strive to filter out, they weaken from age, they become sluggish, the eliminative tissues clog and the result is kidney trouble, bladder weakness and a general decline in health.

When your kidneys feel like lumps inside, your back hurts or the urine is cloudy, full of sediment or you are obliged to seek relief two or three times during the night, if you suffer with sick headache or dizziness, nervous spells, acid stomach, or you have rheumatism when the weather is bad, get from your pharmacist about four ounces of Jad Salts; take a tablespoonful in a glass of water before breakfast for a few days and your kidneys will then act fine. This famous salt is made from the acid of grapes and lemon juice, combined with lithia, and has been used for generations to flush and stimulate clogged kidneys; to neutralize the acids in the urine so it no longer is a source of irritation, thus ending bladder disorders.

Jad Salts is inexpensive; cannot injure, makes a delightful effervescent lithia-water beverage, and belongs in every home, because nobody can make a mistake by having a good kidney flushing, any time.

BUSINESS IN CANADA

(Montreal Financial Times.)

The consensus of opinion in trade circles is that manufacturing plants in Canada are operating between 65 and 70 per cent. capacity, on the average. The Wall Street Journal states that about this ratio also applies to industries throughout the United States. The low average is due largely to the extraordinary depression of the steel, copper, petroleum and equipment companies.

War orders have brought an impetus to some concerns. There are further prospects of war orders being placed in Canada by Mr. Stobart, representing the British government. Canada will get these orders if it can be demonstrated that our manufacturers can take care of contracts within the required time.

British war orders would call for 1,000,000 shirts, 1,000,000 pairs of shoes, 1,000,000 sweaters, 1,000,000 pairs of socks, and underwear. A fairly wide industrial range would be affected for the better with the letting of these contracts here. In addition there will be the Canadian government contracts for the second contingent.

Helped by War Orders.

Also affected by the war demands is the Ross rifle plant at Quebec which is working night and day to rush out orders. The Nova Scotia Steel and Coal

Company has undertaken an initial order for steel shells and the Dominion Steel Corporation is manufacturing barbed wire for warlike use.

The steel companies, the locomotive companies and the car manufacturing concerns are almost at a standstill. J. H. Plummer, president of the Dominion Steel Corporation, who was in Montreal this week stated in the week stated that Canadian steel orders continued disappointing but a fair amount of new business was being secured from England.

While the feeling in manufacturing circles is not optimistic, still it is noticeable that the future is being regarded with more calmness and reserve than was the case at the outbreak of hostilities. Many producers who were some what panic stricken at the beginning of the war have fared a great deal better than they expected and have strengthened their fortifications accordingly.

CHARLES M. LAWSON OF THE HIGH SCHOOL STAFF GOING TO THE FRONT

Charles M. Lawson, one of the teachers on the High School staff, last evening secured a leave of absence from the school board and will go to the front with the second Canadian contingent. Miss Henrietta Thompson, a West Side teacher, tendered her resignation after thirty-six years service. She will retire at the end of the term. The attendance report showed that the average daily attendance was 90.2 per cent of those enrolled and 91.6 per cent of those belonging. A letter received from W. S. Carter, chief superintendent of education, stated that, as a meeting of the board of education would not be held for some time, he himself could not authorize the collection of money in the schools for Red Cross work.

PREVENT CRIME AND CLOSE PRISONS IS HER MISSION

Clinton, Ill., Nov. 10.—To see a "for rent" sign hung on every jail and penitentiary in the United States is the hope and the expectation of Mrs. Alverda Hensley of Clinton, grand chief of the Pythian Sisters.

To teach the people that prevention is more important than punishment Mrs. Hensley organized the Prevention Instead of Punishment Society and the P. I. O. P. now has hundreds of members in all parts of the United States. There are no fees, but every member is expected to work for the prevention of inhuman punishment and the abolition of crime.

MEN AND STILL MORE MEN IS KITCHENER'S DEMAND

Thrilling Speech of Army Leader at Lord Mayor's Banquet—Pays Fine Tribute to Canadian Contingent

London, Nov. 9.—Confidence in the ultimate success of the allied arms was expressed by Earl Kitchener at the Lord Mayor's banquet tonight, when he pointed out the great issue at stake, the advantages possessed by the Allies in men and material, and in "that wonderful spirit which has never understood the meaning of defeat."

Lord Kitchener praised the Territorials, particularly the London Scottish, and the East Indians; spoke of the admiration of British troops for "the glorious French army," and said:

"Under the direction of General Joffre, who is not only a great military leader, but a great man, we may confidently rely on the ultimate success of the allied forces in the western theatre of the war."

He praised the brilliant leadership of Grand Duke Nicholas, and also "the splendid deeds of the gallant Belgian army," and the gallantry of the Japanese forces. Continuing, Lord Kitchener said:

"THE BRITISH EMPIRE IS NOW FIGHTING FOR ITS EXISTENCE. I want every citizen to understand this cardinal fact, for only from a clear comprehension of the vast importance of the issue at stake can come the great national moral impulse without which the government's war ministers, or even their navies, can do but little. We have enormous advantages in our resources of men and material, and IN THAT WONDERFUL SPIRIT OF OURS WHICH HAS NEVER UNDERSTOOD THE MEANING OF DEFEAT."

"I have no complaint to make whatever about the response to my appeals for men. The progress in the military training of those who already have enlisted is most remarkable, and the country may well be proud of them; but I shall want more men, and still more, until the enemy is crushed.

"Armies cannot be called together as with the magician's wand, and in the process of formation there may be discomforts and inconveniences in some cases, even downright suffering. I cannot promise that these conditions will wholly cease, but I can give you every assurance that they have already greatly diminished, and everything that administrative energy can do to bring them to an end assuredly will be done.

GERMANY FIXED DATE FOR WAR.

"The men who have come forward must remember that they are enlisting for their country's sake, just as their comrades are in the shell-torn trenches. The introduction of elaborate destructive machinery with which our enemies had so amply and carefully supplied themselves has been the subject of much eulogy on the part of military critics, but it must be remembered that in the matter of preparation those who fix beforehand the date of a war have a considerable advantage over the neighbors.

"So far we are concerned we are clearly open to no similar suspicion. This development of armaments has modified the application of old principles of strategy and reduced the present warfare to something approaching siege operations.

"Our losses in the trenches have been severe, but such casualties are far from deterring the British nation from seeing the matter through. THEY WILL NOT RATHER AS AN INGENUITY TO BRITISH MANHOOD TO PREPARE THEMSELVES TO TAKE THE PLACES OF THOSE WHO HAVE FALLEN."

In paying a tribute to the leadership of Sir John French, commander of the British expeditionary force, and his general staff, and to the high efficiency and courage of the army, the war minister said:

"I think that it has now been conceded that the British army has proved itself to be not only a contemptible engine of war as some were disposed to consider it."

He concluded:

"Although our thoughts are constantly directed towards the troops at the front, and the great tasks they have in hand, IT IS WELL TO REMEMBER THAT THE ENEMY WILL HAVE TO BEAT WITH THE FORCE OF THE GREAT DOMINIONS, THE VANQUARD OF WHICH WE ALREADY HAVE WELCOMED IN THIS COUNTRY IN THE VERY FINE BODY OF MEN FORMING THE CONTINGENTS FROM CANADA AND NEWFOUNDLAND, while from Australia, New Zealand and other parts are coming in quick succession, soldiers to fight for the Imperial cause. And, besides all these, there are training in this country over 1,250,000 men, eagerly awaiting the call to bear their part in the great struggle."

"As each soldier takes his place in the field he will stand forward to do his duty and, in doing that duty, will maintain the credit of the British army, which, I submit, has never stood higher than it does today."

Lord Kitchener, whose massive figure, clad in service khaki,

towered over the audience of a thousand men and women in the historic building, while expressing satisfaction at the response to his call for men, and the progress of their military training, impressed upon the nation that the war would be a long one, and he would need "MORE MEN, AND STILL MORE, UNTIL THE ENEMY IS CRUSHED."

Winston Churchill, First Lord of the Admiralty, told of the work of the navy and how seldom the full influence of the naval pressure in the early stages of the war, but it will spell the doom of Germany as surely as winter strikes the leaves from the trees.

As to the losses suffered, he said, "the punishment we receive is clear and definite; the punishment we inflict is very often not seen, and when seen very often cannot be measured. But time will tell."

The First Lord also pointed out that despite the losses, the navy was stronger in every way than at the beginning of the war.

Premier Asquith, who devoted much of his address to the war with Turkey, said it meant "the death knell to Ottoman domination, not only in Europe, but in Asia."

October Lumber Shipments From Saint John To United Kingdom Also Show Gain Over Last Year

Again in October the lumber shipments from St. John to the United Kingdom were larger than in the corresponding month last year, while for the ten months the total of spruce shipments is only about 5,700,000 sup. feet less than in the like period in 1913, while there was a gain of 2,000,000 sup. feet in the shipments of birch plank. Following is the statement for October and for the ten months ending October 31:

Ports	OCTOBER 1913.		1914.

What are Peps?

Peps is the name bestowed upon a new scientific preparation put up in tablet or capsule form, which provides an entirely new and effective treatment for coughs, colds and lung and throat troubles generally.

Did it never occur to you as peculiar that when you have a cough or cold, or any chest trouble, you should apply medicine—not to your lungs, but to your stomach?

Look at it the other way round. Suppose you suffered from some stomach complaint—indigestion or ulceration. How strange you would think it if you were asked to take a medicine which had to be breathed in, and which went—not to your stomach, but to your lungs and breathing passages?

There is no connection between the stomach and the lungs (see diagram below), and when for a cold or a cough or your chest complaint you take some medicine, such as liquid cough mixture, syrup, lozenges, which go—not to your lungs, but to your stomach, you are wasting time.

Peps—the newest remedy for coughs, colds, and throat troubles—goes directly to the lungs and breathing-tubes, direct. Peps are really pine fumes which are being forced into the war as being a united nation, and as being in a better position financially than either into the "army" of France, Germany, or Italy.

It is like making a breathable gas solid!

You put a "Pep" on your tongue and let it dissolve. It does so the healing essence it contains turn into vapor, and you BREATHE them into your lungs and air passages.

These healing essences do not enter your breathing-tubes, but they enter the inflamed surfaces of the lungs and throat, and they reach, in health-giving pine fumes, and carrying health and healing wherever they penetrate.

These tissue-strengthening, pleasant fumes, so liberated from the dissolving Peps, are not only healing in their operation, they are also pleasant to take. Peps will retain their goodness indefinitely if kept dry. Each Little Peps capsule is packed in an air-tight wrapping, which is easily removed, and they are packed in neat tin pocket boxes. They are not sticky (the minister in public speaker can carry a few loose in the vest pocket); they do not spoil the appetite and ruin the digestion, like cough syrups and mixtures do; and they DO cure coughs, colds and lung troubles!

Just as the out-door treatment for consumption—the "breathing" treatment—is now admitted to be the only rational treatment, so the "Peps" treatment for colds and lung troubles is the only rational home treatment.

Peps cure catarrh, coughs, bronchitis, sore throat, tightness or soreness across the chest, difficulty in breathing, night cough, hoarseness, asthma, laryngitis, smoker's throat, etc. Best for children because free from opium, morphine, or any poison.

All druggists and stores sell Peps at 25c a box or 5 for \$1.25. Should your dealer be out of stock, order direct (post paid) from Peps Co., Dupont St., Toronto, or 52 Princess St., Winnipeg.

FREE TRIAL.—The proprietors wish this great discovery to be widely appreciated, and have decided to offer a free trial packet to all persons who would like to test this unique remedy. Cut out this article, write across it the name of this paper, and mail it to Peps Co., Toronto, or 52 Princess Street, Winnipeg, enclosing 1 cent stamp to pay for return postage. A free trial packet of Peps will be mailed you by return. If you have a friend suffering from a cough, cold, or any throat or lung trouble, hand this

TRYING TO INFLUENCE OPINION IN CANADA

Really Wonderful Information This in Printed Circular Sent to Montreal

The German publicity organization is endeavoring to reach and influence public opinion in Canada. An example of its work has reached the government in the form of a printed circular posted in Italy to an address in Montreal.

This circular comes from the Bureau des Deutschen Handeltages, Berlin. The contents begin with what purports to be quotations from correspondence between Russia and Germany on the eve of the war, the German military attaché at St. Petersburg reporting on July 29 that the chief of the Russian general staff had given his word of honor that reserves were not being called to the colors, "an attempt to wilfully deceive the German government." On the same day the Czar is represented as sending a message to the Kaiser saying: "I beseech you to help me," following this two days later by saying "during the negotiations with Austria my troops shall not undertake any provoking action, for which I plight my faith."

Another paragraph headed "How the Franco-German War Would Have Been Prevented" contains the statement that the German chancellor was eager to secure Great Britain's neutrality, and that Germany would not demand an inch of French European territory. On August 1 the Kaiser, in a despatch to King George, promised not to attack France in the event of France's neutrality being warranted by Great Britain. The circular represents Germany as being forced into the war as being a united nation, and as being in a better position financially than either into the "army" of France, Germany, or Italy.

BRITISH SHIPPING IN 1913

78,620 Vessels of 82,148,569 Tons Entered U. K. Ports

The annual statement of the "Navigation and Shipping of the United Kingdom for 1913" has just been issued as a blue book, and shows that during the year 78,620 vessels of the total tonnage of 82,148,569, entered, and 76,648 vessels, of a tonnage of 82,061,012, cleared at ports in the United Kingdom from and to foreign countries and British possessions.

Of these vessels 40,172, with a tonnage of 40,064,323, entered, and 64,540 with a tonnage of 67,819,701, left with cargo, the remainder being in ballast. British vessels, both entering and clearing, exceeded those of all other countries, the figures being:

Entered—British.		Foreign.	
Vessels.	Tons.	Vessels.	Tons.
Steaming vessels	1,477	1,477	376,539
Sailing vessels	38,215	38,215	46,226,861
Total	39,692	39,692	46,603,400

Cleared—British.		Foreign.	
Vessels.	Tons.	Vessels.	Tons.
Steaming vessels	1,817	1,817	388,200
Steam vessels	86,884	86,884	46,808,447
Total	88,701	88,701	47,196,647

In the preceding year 74,057 vessels of a total tonnage of 76,190,616, entered, and 72,077 vessels (tonnage, 76,266,829) cleared—British being in the following numbers: Entered, 38,100 (tonnage, 44,291,842); cleared, 36,102 (tonnage, 44,874,946).

London leads Liverpool in the number of vessels arriving. During 1913 a total of 10,758 vessels docked at the Thames ports, while at Liverpool 4,421 vessels arrived. Newcastle (including North and South Shields), is ahead of Liverpool, 6,440 vessels being reported last year, while 5,129 vessels arrived at Cardiff.

PAY \$1,000,000 FOR ALLEGED CRUELTY TO ONE SOLDIER

The Hague, via London, Nov. 10.—There has been received here a copy of a German military decree, issued in Brussels on October 28 and ratified on November 1 by Field Marshal von der Goltz, military governor of the occupied part of Belgium, condemning two Belgian policemen to two and five years imprisonment, respectively, on the charge of mistreating a German soldier.

The same decree fines the city of Brussels 5,000,000 francs (\$1,000,000) because, it was alleged, citizens participated in this affair.

THE HOME GUARD

(Montreal Financial Times.)

The organizers of the Montreal Home Guards have the practical support of the bankers, who realize that prevention

The "High-brows" in the science of advertising say an advertisement should not go after a man with a club, but should simply be a suggestion—that suggestion is stronger than command.

How's this—November suggests cold weather—Cold weather suggests overcoats. Overcoats suggest our store where all the new styles await your selection. Prices \$12 to \$40.

Small Pill, Small Dose, Small Price. Genuine in every Signature.

AMUSEMENTS
IMPERIAL'S VAUDEVILLE
TO BE HEARD TODAY

Excellent Bill This Afternoon and Evening—"East Lynne" Tomorrow

The Krelles, International Musicians, arrived in the city late last night and will be heard at the Imperial this afternoon and evening and throughout the week. They have a sumptuous act, laboriously staged and of a rich character musically. They play violin, cello and piano, and Madame Krelle sings very acceptably. The six-act miscellaneous programme to be concluded today embraces the Heart-Selig Weekly, a two-act Vitagraph drama, Heartbeats, another two-act comedy drama, A Daughter of Eve; Lubin picture, and a Slim Jim comedy, Sophie is Left a Fortune. Every reader of fiction knows East Lynne. This dear old emotional English story by Mrs. Henry Wood, will be the Imperial's star feature for Wednesday and Thursday. It is in six acts. The picture was made in England by the Baker Company, and is altogether different. Its chief players are Miss Blanche Forsythe and Fred Paul, noted British leading people. The action of the story on the screen consumes nearly two hours and there are 117 most imposing scenes, aside from the usual settings. East Lynne will be the biggest hit of the season. The matinee starts at 2 and 8:45 sharp; the evening shows at 7 and 8:45. Reserved seats by phone.

STARTLING ADVENTURES
IN GEM THEATRE'S FEATURE
"THE MAN IN BLACK"

Since the opening picture of the series at the Gem Theatre, the story of "The Man in Black" has been a centre of interest, and has fascinated those who have been following its presentation. Yesterday's installment was even more exciting and mystifying than any yet given. It was entitled "The Mysterious Finger Prints" and showed how the detective endeavored to use them to the downfall of the "crook" element in the story. Startling adventures followed, and these were portrayed most vividly yesterday in the presentation of the third chapter at the Gem, which will be given again today.

In addition there were two Biograph comedies one of which "Bluebeard, the Second," provided abundance of laughter while the other caused great merriment as well. They were given in the usual clever manner of the Biograph comedians. The Gem orchestra had an entertaining programme. A two-act feature "The President's Special" is billed for the mid-week show, with the Selig-Heast news pictorial.

AT THE LYRIC
Comedy Vaudeville That Pleases—Two Good Acts and Feature Pictures.

The Lyric management have fortunately been able to secure two good comedy acts this week, the kind that keeps the audience in good humor every moment they are on the stage. Moore and Ford, in comedy singing, talking, dancing, and piano playing, proved a real riot. Mr. Moore is not only a real comedian but he can tickle the nerves in a manner which left the audience feeling that they did not get quite enough of this particularly enjoyable feature of the act. Miss Moore sings sweetly, dances neatly, and by no means less important, looks pretty. As a team they are a pair of real performers.

Jack Ours proved to be a juggler that compares with any that has been seen in the city. He is equally at home in the manipulation of whatever he may happen to get his hands on. For the remaining two days of the engagement these clever vaudevillians should play to capacity audiences, particularly in view of the excellent picture bill, which includes a two-part K. B. western drama, The Heart of the Crook, and a Mutual Weekly with a budget of war news that is the very latest. The Lyric is again offering two acts on the week-end.

MILLION DOLLAR MYSTERY AT THE UNIQUE.

The sixteenth chapter of the Million Dollar Mystery compares with any of the others in thrilling interest. It particularly refers to the narrow escape of Florence from being drawn into the treacherous quicksands, and depicts most interestingly her deliverance from the sands through the medium of her

An Unfailing Way
To Banish Hair

(Beauty Notice.)
Ugly hairy growths can be removed in the privacy of your own home if you get a small original package of delatone and mix into a paste enough of the powder and water to cover the hairy surface. This should be left on the skin washed and every trace of hair will have vanished. No harm or inconvenience can result from this treatment, but be sure you buy real delatone.

How to Destroy The
Dandruff Germ

BY A SPECIALIST

That the dandruff germ is responsible for nearly all the diseases to which the scalp is heir, as well as for baldness and premature gray hair, is a well known fact, but when we realize that it is also indirectly responsible for many of the worst cases of catarrh and consumption, we appreciate the importance of any agent that will destroy its power. We are, therefore, particularly pleased to give herewith the prescription which an eminent scientist states he has found, after repeated tests, to completely destroy the dandruff germ from one to three applications. It will also almost immediately stop falling hair and it has in numerous cases produced a new hair-growth after years of baldness. This prescription can be made up at home, or any druggist will put it up for you; it consists of Bay Rum, 2 ounces; Lavina de Composee, one-half drachm; Menthol Crystals, Mix thoroughly, and after standing half an hour it is ready for use. Apply night and morning, rubbing into the scalp with the finger-tips. If you wish it perfumed, add 1 drachm of your favorite perfume. While this preparation is not a dye it is unequalled for restoring gray hair to its original color.

lover Norton, the rescue of Florence via a fire escape and a fight between her and an ambulance driver. The Million Dollar Mystery, however, is by no means the only interesting feature, as the Thanhauser Co. is represented a second time by The Substitute, which is possibly one of the most interesting dramas that this remarkable company has released in a long time. It grips the attention throughout the entire telling, which requires two chapters, in a manner which would make it stand out in any programme, no matter how excellent. The Keystone is well represented by Caught in the Flux, which kept the audience in a roar just as nearly all Keystone comedies succeed in doing more satisfactorily probably than any other.

Dickens Edition \$376.

New York, Nov. 10.—The first half of a collection of books on Napoleon and the French Revolution collected by the late Albert Stickney was sold in the Anderson Galleries. The highest price of the season was \$76, paid by Gabriel Weiss for a large paper edition of the works of Dickens, printed by the Riverside Press, 1868-62.

GOVERNMENT AID
FOR AGRICULTURE

(Montreal Financial Times.)
The Federal government is at present completing a comprehensive plan whereby the farmers will receive financial assistance in an effort to increase the agricultural production. The extent of the government assistance and the scheme of operation have not been disclosed, but it is distinctly satisfactory that the matter has received the earnest consideration of the government. The government has already been of great assistance to the western farmers in the gift of large quantities of seed.

Do not suffer another day with itching, bleeding or protruding piles, hemorrhoids and all such troubles in the privacy of your own home. Pyramid Pile Remedy is for sale at all druggists, 50c a box.

Free Treatment for Piles

Mail this Coupon

to the PYRAMID DRUG COMPANY, 614 Pyramid Bldg., Marshall, Mich. I wish you full name and sample treatment of the great Pyramid Pile Remedy, will be sent you at once by mail. FREE, in plain wrapper.

no doubt Sir George E. Foster will be able to convince his conferees in the cabinet that the time is opportune for

a big supporting movement on behalf of a greater output from the soil. By the autumn of next year the increased price of foodstuffs will amply repay any extra expenditure on the cultivation of grain, and at the same time afford a substantial capitalization for a permanently increased annual yield. The bread thus thrown upon the waters will come back multiplied many fold. If any form of bounty payments was ever justified the contemplated expenditure (which is not a grant, but simply secured by the best kind of collateral) on behalf of farm products, requires no defence of any kind.

BELGIAN RELIEF FUND.
Mayor Frink yesterday acknowledged the following contributions to the Belgian fund: W. J. Miller, River de Chute (N. B.), \$100; residents of East Florenceville, \$67.85 (per H. T. Beggs); Calais and St. Leonards (per Mrs. David Martin), \$180; F. A. B., \$1; Miss Emma C. Truman, \$5; United Churches of Sussex (additional), per H. A. A Product of Canadian Industry

How RED CROSS GIN
Canada's Popular Drink
is made in the Thriving Town of
Berthierville by Canadian Workers.

A Bird's Eye View of the Famous RED CROSS GIN Distillery at Berthierville, Quebec.

WHEN we speak about Canadian manufactures we usually think of Canadian flour, Canadian cotton goods, Canadian hardware and agricultural implements and even, in the making of beverages, about Canadian beer and Canadian whiskey. Seldom do we investigate far enough to know that there are other Canadian products on the making of which large sums of money are spent in materials and wages and which have a popular sale to a very considerable amount in money annually. Gin is a Canadian product that has a place as high in the world of Commerce as any other article of Canadian consumption. It is used in Canada to the extent of hundreds of thousands of cases per annum and supports a very prosperous and modern factory at the Quebec town of Berthierville.

Berthierville is the home of RED CROSS GIN, the only gin made in Canada—a product that has for the last twenty years steadily climbed in public favor until now hardly a home of consequence in the Dominion is without it. On this page are depicted some of the activities of Berthierville, incidents in the distillation and supply of RED CROSS GIN. They are interesting for more reasons than the mere showing of how Canada is able to produce a gin of the best quality, made entirely from Canadian products. They also prove that it is possible for our homeland of Canada to make all the gin needed in the Dominion without the aid of foreign countries, for, in spite of the popularity of RED CROSS, our only Canadian Gin, there is still some gin imported from Continental Europe every year. The RED CROSS GIN distillery at Berthierville is able to supply every drop of gin desired by Canadians. No import of gin from foreign countries is necessary. Canada can manufacture all the Canadian people require—gin that is better, made in bond under the supervision of the Canadian Government and matured for several years before it is offered for consumption—popular RED CROSS GIN. Buy "Made in Canada" goods—keep the money you spend on Gin in the Dominion—support your own country, its towns and industries—ask for RED CROSS GIN and get no other.

The story of the maker of a pure appetizing gin—RED CROSS GIN—is just as interesting, even fascinating, as the tale of the flour miller or the narrative of the farmer who grows Canadian grain. They are all employers of Canadian workers, all users of Canada's products, each is doing his part in adding to her commercial history—each is helping our homeland onwards day by day to her great destiny.

Harvesting the grain in Canada's golden West to make RED CROSS malt.

In the making of RED CROSS GIN the farmer is the first one who contributes. Experienced agents select the grain grown on our great western farms, harvested by Canadian workers. This is concentrated at central points and forwarded to the malt houses in the east. Here it is put through a scientific process of malting in huge rotary hoppers in spotlessly clean malt houses. This rich, fragrant mass of malted grain forms the basis of RED CROSS GIN. In the subsequent process of distilling, the liquor is given an aromatic and appetizing flavor as well as great medicinal value, by means of juniper berries. These natural berries are recommended by the most famous physicians for their health-giving properties. They gathered direct from the fields and carefully stored till used.

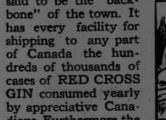

Gathering the aromatic Juniper berries for RED CROSS GIN.

Making the RED CROSS malt in huge pans.

healthy, satisfied look on their faces to know that theirs is a happy life—as healthy and happy as the lot of any other class of Canadian workers. But the same is true of all RED CROSS employees—they are treated well, paid a wage and are proud of their product. They work in the most sanitary surroundings with every advantage accorded them by appreciative employers. Berthierville itself is a thriving town in Quebec with several growing industries, but RED CROSS GIN may be

Some of the healthy, happy girls who bottle and label RED CROSS GIN.

said to be the "backbone" of the town. It has every facility for shipping to any part of Canada the hundreds of thousands of cases of RED CROSS GIN consumed yearly by appreciative Canadians. Furthermore, the RED CROSS GIN distillery of Berthierville can turn out every drop of gin required by the Canadian people. Every good Canadian should not only make a resolution now to drink a Canadian made gin, as RED CROSS is. Before using gin look for the Canadian Government label on the bottle. This label is a guarantee that the Gin—RED CROSS GIN has been matured for years under the supervision of the Government before it is offered for your consumption. Imported gin has no such guarantee. A gin made in Continental Europe bears no Canadian Government label—you have no guarantee by your own Government of its maturity. RED CROSS GIN is your own Canadian gin, made in your own town of Berthierville by your own fellow Canadians. Be sure you look next time for the Canadian Government label—the sign of absolute maturity—the symbol of "Made in Canada" gin. Ask always for Canadian Gin—RED CROSS GIN and insist on getting it.

"GOOD REALIZE"

IMPORTANT!
On the first of January next the name "RED CROSS" GIN will be changed to "GOLD CROSS" GIN. Under the new name GOLD CROSS, the present purity, food, medicinal and beverage value of this splendid gin will be maintained. It will simply be the old favorite RED CROSS under the new name GOLD CROSS.

Shipping cases of RED CROSS GIN—hundreds of thousands every year.

Amazing Career of Tod Sloan, Premier Jockey, Once a Parachute Jumper!

Editor's Note—Few sporting celebrities have had the sensational career of Tod Sloan, once known as the best jockey in the world. In five interesting chapters Hugh S. Fullerton will recount the rider's experiences from the Times (see).

By Hugh S. Fullerton
Probably no man in the world has led a varied and exciting life, has been in the center or near the center of so stirring events, than has James Hunter Sloan, who, a few years ago, was known as Tod, premier jockey of the day. Today Sloan is driving a motor bus in the French fleet Cross vice, and recently was mentioned in a despatch from Belgium for great courage in taking his ambulance onto a battle field and bringing away wounded under fire. The story of his life is like romance.

CHAPTER I.
Cash and Tod were two little boys who lived down in Kokomo, Ind. They were small but bright and quick with

ids and feet and wits, and their father, who was a barber, was proud of them.

They attended school, but mostly on the farm grounds, for the love of horses had to have been born in them.

Tod rode in the running races when he was nine. It is said that the father tipped Tod for riding and raking his horse and the next day cheered as his son rode another horse to victory.

There was a man down in that part of Indiana called Professor A. Tolbert, who was a pioneer in furnishing attractions for county fairs. Tolbert was one of the most fearless dare devils the world has ever seen. He arranged with associations to furnish certain attractions. He made a balloon ascension, a chariot race, a spider wagon race when there was a running race he had a horse or two in his stables to enter and he carried a couple of trotters to pacers whenever there was a race.

Tolbert was an entire country boy, but he needed assistants, and he had up the Sloan boys. Cash was fifteen and Tod just past ten when they went out for a summer with Tolbert, and he permitted the two boys to ride the horses.

Cash rode against his small brother in running races and against Prof. Tolbert in the standing Roman race.

Mathewson predicts a huge cut in ball players' salaries, but not in Matty's.

The proposal of the National and American leagues that all minor league clubs suspend business for one year to break the Peis and the Players Fraternity, is exactly in line with everything

George Cohan's threatened baseball comedy ought to get over. No need of burlesque either, to make 'em laugh at our B. B. magnates.

These boys traveled the "pumpkin circuit" of Indiana and Ohio with their dare-devil employer. Horsemen noticed that both were natural riders, and that Tod especially possessed a cool head, a strong, firm pair of hands, and that he had a knack of getting the most out of a horse.

Professor Tolbert recognized this fact. He trained the boys, and when they were ready he brought them out of the half-mile low path circuit and found for them a job riding on the big race tracks.

(Watch for Hugh Fullerton's next chapter of Tod Sloan's life.)

When you see a fellow wearing gum shoes and yelling at the top of his voice you may know he is a Federal league official.

HERE'S A POSER

If you found a roll of bills in a shabby purse, showing that it probably represented the hard-earned wages of a working man, what would you do with it? Keep it, and so enrich yourself at the expense of some poor family's food and shelter? No, certainly not! Try to find the owner, and return it to him? Yes, every time!

There aren't many workmen losing money on the street nowadays, but there are more than you would suppose who are losing jobs, and jobs mean money, so it amounts to the same thing.

If it would give you real pleasure to hand a laborer back his lost money, it ought to be equally pleasing to be able to hand him back his job.

Simplest thing in the world to do! All that's necessary is to remember when you go into a shop to buy anything, that the article you pick out means somebody's job. If it's an imported article, well, that's a job for a fellow in some other country, but if it's "Made in Canada," it's a job for one of your fellow Canadian citizens, who for the time being, is a little down on his luck.

Take your handkerchief out right now, and tie a knot in it, just to remind you about

Canadian Jobs for Canadian Workmen.

DEFICIT ABOUT \$5,000 OR \$6,000

Financial Report to Exhibition Association Regarded as Good Under Circumstances

A deficit of between \$5,000 and \$6,000 on the 1914 fair is shown in the financial statement submitted to the annual meeting of the exhibition association this afternoon. This is a heavy loss, but less than might have been expected under the circumstances, and the management is entitled to credit for the excellent showing made in a year when others found it necessary to cancel their arrangements.

The directors met at 2.30 o'clock this afternoon in their offices, Prince William street, to receive the reports. This was followed by the annual meeting of the stockholders for confirmation of the reports and the election of officers. As it has been the policy of the association to hold an exhibition only every second year, it is not expected that there will be any discussion of a fair for next year, especially in view of the unsettled condition of affairs during the war.

WEDDING ANNIVERSARY

Between thirty and forty friends of Mr. and Mrs. Sylvester Foslay surprised them at their home, 25 Victoria lane, last evening, the occasion being the tenth anniversary of their wedding. During the evening, on behalf of the party, F. S. Farris presented to Mr. and Mrs. Foslay a handsome Limoges tea set. The recipients, although taken completely by surprise, thanked their friends in a few words for their remembrance. The evening was pleasantly spent in music and games and dainty refreshments were served.

Mail Brings More News From Our Soldier Lads
 Lieutenant Inches of St. John Transferred to Heavy Battery Under Major Magee

Miss M. E. Corner, of 147 St. James street, has received a letter from her cousin, Private Cuthbert L. Mofford, who is with the Canadian expeditionary force at Salisbury Plain. He tells of his trip across and what a nice time he had. Drill and roll call were carried out on the trip just the same as when they were in camp. His ship, the Scotian, arrived at Plymouth harbor on Oct. 10, and they were on the boat in harbor for eight days before going to camp. At the camp he is enjoying himself, also the other St. John boys, and is looking forward to the time when they will be called to the firing line, which they all hope will be soon. He says that three days' leave of absence will be given to the boys, so that they can see London before they leave for the war.

St. John Soldier Goes Flying.
 A letter received by Mrs. Lingley of 87 High street, from her son, Otty D., who sailed over to France on the contingent for overseas service, tells of the very pleasant and exciting trip across. They were at one time only several miles from France. He told of a German spy being caught in the act of poisoning the drinking water at Salisbury Plain. The spy was court-martialed and shot. They are getting down to soldier life and expect to leave for the firing line in France about December 1. The ammunition column does not seem exciting enough for him so he is trying for a transfer to the flying corps. He tells of being up in an airship and would like to be flying through the air dropping deadly bombs on the

Germans. He wishes to be remembered to his many friends in St. John.

In a letter from one of the artillery officers from St. John now at Salisbury Plains a glimpse of the active life the men are leading while being licked into shape for foreign service is given. "We are supposed, in theory, to be here for a rest after the trip across the ocean," he says, "but the fact is that the men are standing up well under the hard work and the changed conditions and are in excellent shape."

While the men are being given an opportunity to get away from camp for a few days at a time, a privilege especially appreciated by those whose homes are on the other side, all officers' leave has been cancelled, as they are too busy to get away.

The visit of Lord Roberts, who inspected the camp with Hon. Sam Hughes, is referred to and the writer speaks of the enthusiasm shown by the contingent over the visit of the veteran leader.

He mentions that Lieutenant Inches has been transferred from the ammunition column to the heavy battery under Major Magee.

Mrs. T. Nash has received a letter from her husband, Driver T. Nash, who left St. John for overseas with the artillery. He tells of the trip across and of life in camp at Salisbury Plain and says that he is in the best of health. He has been granted three days' leave of absence and was planning to spend the holiday in London. He sends his regards to all his friends in St. John.

KINDERGARTENS' SPLENDID WORK

German Street Brotherhood Pledged to Aid The Association

CHEERING REPORTS

T. H. Estabrooks Makes Strong Plea For Support of All Local Institutions as Well as Providing War Funds—The Treasurer's Report

The annual meeting of the Free Kindergarten Association was held last evening in the institute of the German street brotherhood, Mr. Hayes presided, and there was a fairly large attendance, especially of ladies, but including the men, the business session who are familiar with the work and its value to the community. Reports were submitted by the president, Mrs. F. E. Holman, the secretary, Miss Gunn, the treasurer, Mrs. C. F. Woodman; and by Mrs. W. C. Matthews and the supervisors of the four kindergartens, Miss Morton, South End; Miss Estey, Brussels street; Miss Hazel Seely, Waterloo street, and Miss Stephens, North End.

The work of the Free Kindergarten Association is being greatly appreciated as shown by the reports of the four supervisors, each of them stating that they have had to turn children away for lack of room. Miss Morton said she had to turn away thirty-five children. Miss Estey reported that twelve were on her waiting list. Miss Seely said that some mothers wanted to have their children admitted, even if they could not get a chair, saying that they were never so happy as when they were in the kindergarten school. Miss Stephens also reported that the school was taxed to its utmost capacity. It was stated that some mothers had even offered to buy a chair where there was no room, but of course this could not be granted.

After the reports had been received, R. G. Haley, on behalf of the German street Brotherhood, expressed their full sympathy with the work of the kindergarten association, and a desire to do anything in their power to make its work more successful. Mr. Haley said that the Brotherhood was a strong organization and meant exactly what was stated in the resolution; and another member of the Brotherhood was a strong organization and meant exactly what was stated in the resolution; and another member of the Brotherhood was a strong organization and meant exactly what was stated in the resolution.

T. H. Estabrooks said he feared that to some extent such worthy movements as the Free Kindergarten and others which appealed for public support, would suffer somewhat because of the many appeals for funds which are being raised as a result of the war. This, however, should not be the case. Every worthy local cause should be heartily supported, and the additional burden imposed by the war should be met by a real sacrifice on the part of the citizens. Mrs. Holman expressed the hope that it might be possible to make such an organized effort that no child in the city should be overlooked by Santa Claus at Christmas time. Brief addresses were made by the chairman and by E. L. Ring and A. M. Belding; and a group of young ladies delighted the audience with choruses, illustrating some of the musical work of the Free Kindergarten. The report of the treasurer, Mrs. Woodman, showed that in September, 1913, there was in the bank \$1,109.24. This, with a city grant of \$800 and a donation amounting to \$579.95, made a total of \$2,489.19. The total expenditure for salaries, supplies, rent, janitors, fuel, insurance, etc., up to the end of last June, amounted to \$2,858.27, leaving a deficit of \$609.08. The treasury was empty in May, however, and it was necessary to ask the teachers to let their salaries stand until June. An appeal was also made for associate members at one dol-

DUGAL REPORT NOW IN OTTAWA?

Fredricton Hears Some Rumors of Interest

Governor and Acting Premier Go To Dominion Capital - Consideration of Situation There Before Meeting of Local Government Next Week

Fredricton, N. B., Nov. 10.—There is a report here that Lieut.-Governor Wood has gone to Ottawa for consultation with Hon. J. D. Hazen on matters of interest to the people of this province.

It is also reported that the finding of the Royal Commission on the Dugal charges which, for the last month, has been reposing in a pigeon-hole in a desk in the departmental building, suddenly took on life on Saturday evening and went to Fredericton Junction, and is now also in Ottawa.

Acting Premier Clarke left the city by the western train last evening and it is said that the dominion capital is his destined destination. Putting this and that together, it rather looks as if there would be some discussion of a political nature in the course of a few days. The local government will meet here on the seventeenth, and it is expected that the Dugal report under consideration. In the meantime, it will be considered at Ottawa, and a plan of action decided upon.

ST. PETER'S HIGH TEA

The annual high tea of the ladies of St. Peter's church was opened last evening in the hall in Elm street with a large attendance. A delicious supper was served with two long tables filled severally with guests, and a capable committee of pretty young ladies attending to their welfare. The decorations of the tables were most attractive. The various games and amusements were generously patronized and much interest was aroused in the several contests of skill.

The Y. M. C. A. orchestra played an entertaining programme in which the national airs of Britain and her allies predominated. The orchestra will be present for each of the three succeeding nights. The arrangements for the tea have been in charge of Miss Sarah Lynch, while Mrs. Martin and Mrs. W. Mullin in charge of the tea tables, Miss M. Tierney in charge of the fancy work table, Mrs. D. Deardon in charge of the Empire Exhibition. Each of these ladies is assisted by an efficient staff. The proceeds of the tea and sale will be devoted towards defraying the expenses of the new school now in building.

For each, and \$117 was secured, with an additional \$214 in contributions of two dollars to \$25 each, making a total of \$381. This kept them going until September last, when a city grant of \$1,000 for this year was received. Out of it the salaries and other expenses for September and October were paid, leaving a balance on hand of \$872.93. The report of Miss Gunn, secretary of the association, showed that letters of endorsement of the Free Kindergarten memorial to the government for a Kindergarten permissive bill, had been received from the following:—Trades and Labor Council, Women's Suffrage Association, Professor Robertson of the Royal Commission, G. Earle Logan for the Orange Lodge, Daughters of the Empire, W. C. T. U., Local Council of Women, Board of School Trustees, Playground Association, Brotherhoods of German street and Centenary churches, Y. M. C. A., Childs Protection Society, Kings Daughters and a large number of citizens. Officers of the association are as follows:—Mrs. F. C. Holman, president; Mrs. J. S. Flayler, first vice; Mrs. P. N. Vincent, second vice; Mrs. M. Minnie Doherty, third vice; Mrs. Louis Green, fourth vice; Mrs. E. L. Field, corresponding secretary; Miss Mary G. Dunn, recording secretary.

We Want to Talk to The Man Who is About to Buy Clothing
 We want to put him on the right track. We want to tell him why he can do better at Oak Hall than at any other store in Saint John. We want to prove this to his entire satisfaction. Now it stands to reason that if you could go to the source of supply and buy some article you need directly from the producer, at the producer's wholesale price, thus eliminating the middleman's profit, you would save the money. Well, this is exactly what you can do when it comes to buying clothing. You can come here and buy directly of the producers, and you can save the middleman's profit. We add only our fair profit to the cost of making, and we sell directly to you at practically the same prices other stores must pay at wholesale. You can buy from us for \$15 the same grade of suits that other stores sell at \$20. In other stores you must pay two profits, the manufacturer's and the retailer's, and this is what makes the excess cost to the consumer.
 The difference between paying one profit and two profits is the difference between our prices and other stores' prices. You can easily satisfy yourself as to the correctness of these facts by simply making an investigation—and let us tell you, sir, it will pay to investigate. Compare the clothing you can buy elsewhere with the clothing you can buy from us at the different prices.
MEN'S SUITS \$6.00 to \$35.00
MEN'S OVERCOATS \$10.00 to \$40.00
