MEXICANS SUBBLANT OVER SUDDEN END OF THE WAR

Plot Against Madero Was Unknown to Diaz

DISORDERS IN STREETS

Brother of One of Ex-President's Ministers Shot Because He Would Not Cheer For New Powers and Newspaper Office is Wrecked

(Canadian Press)

Mexico City, Feb. 18.—Francisco I. Madero forced from the presidency by the coup d'Etat of two of his generals yesterday, is a prisoner today in the national palace. General Victoriano Huerta, who had been commanding the Madero forces against the renegade troops under Felix Diaz, has been proclaimed provisional governor-general of the republic.

General Aureliano Blanquet, who sided in the overthrow of Madero, is a provisional military commander. These arrangements have been agreed to by General Felix Diaz, and the ten days' battle which he has been waging with the federal forces, appeared today to be over.

Through of men and women and children seemingly gave popular approval to the sudden change in affairs by crowding the big square in front of the national palace, and deliriously shouting "Viva" for the three principals and for Manuel Mondragon, who had been conducting the Diaz military operations.

President Madero's cabinet members are also in custody, prisoners of the rebel forces. It is said from an authoritative source that the number of killed in the struggle was fully 2,000, while the wounded numbered in numbers from 8,000 to 10,000.

The finest irony attended the arrest of Gustavo Madero, the brother of the president, distinguished as a politician, to whose door most of the evil of the administration have been directed.

He had invited General Huerta to lunch at the Garbanitos, a popular restaurant. This was a custom with Gustavo Madero in winning favor. General Huerta, however, had invited guests unknown to his host. In a room adjoining his had stationed a detachment of Chapultepec park guards.

All were preparing to take their seats when, at a signal from Huerta, the officer in command entered. Pointing a pistol at Madero he announced that he was under arrest. At the same moment, soldiers filled the room, clearing it of all except the principal guests, who were protected against this indignity, but General Huerta replied in a loud voice, condemning the Madero administration.

Ernesto Madero, finance minister, headed the move against the government and escaped. Disorders in Streets. The demonstrations of the night were not without serious disorders. Marco Hernandez, a brother of the minister of the interior, Rafael Hernandez, was killed in the streets by bullets when he refused to cry "Viva Huerta." A demonstrative crowd surrounded him and insisted that he join in the shouting, but he defiantly replied: "Viva Madero." He was answered by the pistols of the rurales, whose bullets killed him instantly.

Another instance of disorder was the firing of the building occupied by the Madero administration. Vice President Jose Pino Suarez also was arrested in the coup d'etat and was held prisoner during the night in another part of the palace from that where Madero was confined. Zach man was under guard of two soldiers.

The ministers of the cabinet were given parole over night. Senator Juan Sanchez Azcona, private secretary to Madero, fled to the country during the night in an automobile. It is declared that the deposed president will be treated with all consideration by those who have him within their power. General Huerta promptly despatched a message to Mrs. Madero, assuring her of the personal safety of her husband, and declaring that he would be well treated.

It was the determination that the battle in which heavy artillery had been used in the streets since the outbreak of the Diaz mutiny must come to an end, that led a group of senators last night to urge General Huerta to the stroke that would not only terminate the terrible conflict, but at the same time restore the Madero administration to public affairs of Mexico.

Diaz Did Not Know About It. By two o'clock yesterday afternoon, Francisco Madero and the members of his cabinet with the exception of Ernesto Madero, were in the national palace.

HUNDREDS OF FINE AUTOS ST. JOHN AT LAST COUNT

Here are the Names of Owners, Numbers of Machines and Makes and Horse Power—Seven in the County

(Special to Times)

Fredericton, N. B., Feb. 18.—The names of those who own automobiles in the province, with the numbers of the machines and their make and horse power are to be found in the report of the Public Works Department, just brought down in the House of Assembly.

The numbers of the name plates and the names of those who registered the cars in the city of St. John, as well as the county of St. John, will be found herewith, and if anyone is desirous of knowing the names of the owners, it is only necessary to refer to the list by number, which is published in the newspapers and have it handy for reference, the number of an automobile as it flashes by them, during the summer months to come, will really be of some information to them.

These numbers, it is known, are placed there for identification, particularly when an automobile owner disregards the law when it is speeding beyond the limit, or when, as sometimes unfortunately happens, he injures somebody by careless driving or crowds a family wagon into the ditch. If those who are so treated complain by referring to the list below, identifying the owner by the number, they would no doubt, speedily find redress.

The list below includes only those automobiles registered up to November 1, 1912, and although there may be some who have purchased since that date, and registered the same, still, the list of owners will not do it to be found quite complete.

St. John City. First is given the number of the machine, then the name of the owner, then the make and finally the horse power.

MILLER MATTER IN HOUSE AGAIN

Speaker Says Procedure Yesterday Incorrect MUCH FUN OVER IT ALL

Has Serious Side as Well—He May Yet be Sent to Kingston—Dominion Police Official on Guard Over Him Last Night

(Canadian Press)

Ottawa, Ont., Feb. 18.—The first state prisoner of the Canadian parliament, R. C. Miller, president of the Diamond Hat & Light Company, who refused to tell the house what he did with the \$41,000 worth of business, is still incarcerated in the buildings.

His room added the reading room, where he has access to every paper published in Canada, and he is allowed to use the parliamentary library with its 40,000 volumes. It is British precedent that Miller should have been brought before the house, but he was not. However, the tower room is not well heated, while there are no sleeping facilities.

The speaker of the house and the clerk have been hunting up the history of such cases in the British house, and have come to the conclusion that this procedure yesterday was not correct. They think that Miller should have been brought before the bar; then, when he stated his reasons for refusing to answer, he should have withdrawn until his case was considered. He would then be brought back and the business of his crime explained to the house.

The speaker thinks that the house was too precipitate in its action, and he will bring it up again. He is determined to answer the questions, the house is entitled to know what he did with the money, and he will do it. It is very possible that Miller may be sent to Kingston to think over the errors of his way. Last night he was given comfort food, and he is now in the building with a guard on his trail. He asked to be allowed to hear the rail gun, and with his guard set through W. F. German's speech. One parliamentary visitor describes this as a part of third class.

No incident for years has created as much fun or amusement at Ottawa, as the case of Miller. It is also, it is said, means that if Miller was any witness in future who did not want to give evidence, he would be treated as a public accounts committee may simply laugh at the members and parliament in helpless.

OUR SIGNALLERS LEAD ALL CANADA AGAIN. Cheery News Received by The St. John Corps. Once again the members of No. 8 Signalling Section of this city have demonstrated their superiority over all other corps in the dominion in their branch of service, by capturing for the fifth consecutive year initial honors in this field, leading all other signalling bodies in Canada by a substantial margin in points in general efficiency. The annual report of the militia department at Ottawa, covering all branches of the service, gives the local signallers, commanded by Captain Powers and Lieutenant Allan Leavis a most complimentary, praising them for their efficiency.

The local corps is composed of a handful of energetic young men who have been working in signalling circles so much so that the members have coped with excitement in other places. In the militia department at Ottawa, covering all branches of the service, gives the local signallers, commanded by Captain Powers and Lieutenant Allan Leavis a most complimentary, praising them for their efficiency.

Several letters were caught yesterday in signalling circles so recognized by the headquarters department at Ottawa was shown in recent inspections and at schools conducted here when from amongst their ranks were picked the instructors to take charge. This in itself was quite a distinction for it was formerly the rule that one of the permanent force from Halifax or Quebec came to the city to attend to the service.

Another school of instruction in signalling probably will be held here early in May, and though no definite arrangements have yet been made it is thought that the instructor will be Arthur J. Lindsay, Q. M. S. I., who has already been very successful in this line.

STORM ON NORTHERN DIVISION OF I. C. R. Motion For Re-Count of Moncton Ballots is Withdrawn. Moncton, N. B., Feb. 18.—A storm on the northern division of the I. C. R. is playing havoc with traffic today. The Maritime Express, eastbound, due to arrive in Moncton at quarter past seven this morning is not expected here until six o'clock this evening.

Trains to attend a meeting of the M. P. H. A. Investigation into the city election in Ward One was resumed today. Counsel for Mr. Humphrey who was defeated by Mr. Bondreau by one vote, withdrew his motion to have the ballots counted.

WHALEERS MAKE HIGH FID. Christchurch, N. Z., Feb. 18.—The whaler Norwaga, which arrived here yesterday, made a good strike. From the whale which she captured the crew obtained nearly half a ton of ambergris, which is believed to break all records.

It is said that the ambergris is worth \$300,000.

LUMBERMEN HARD HIT BY FLEMING GOVERNMENT

Stumpage Rates To Be Boosted Is Report MUST HAVE MORE REVENUE

This Despite Fact That Last Year's Receipts Were Greatest in History—Will Mean Some \$200,000 More a Year into Coffers

(Special to Times)

Fredericton, N. B., Feb. 18.—The revenues of the province must be increased and how the tax can be done with the least friction is the subject that has been mainly discussed by the government supporters in caucus here.

The stumpage rate is to be increased. There is no other way of raising additional revenue for any considerable amount. The stumpage on spruce is now \$125 a thousand and the proposal is to increase this to about \$2 with a corresponding increase in the rates for other kinds of lumber.

There will naturally be much opposition to such a proposal for, after all, lumber is king in many sections and the opposition of the lumber magnates will be increased by those who seek re-election. There may be a sale to the lumbermen of the renewal of their leases and the fear of this not being done may make the opposition of some to increased stumpage weak.

"Why should the lumbermen pay more," said one member this morning to the Times. "They are getting more for their lumber, far more, and if their expenses are higher their receipts are much greater in proportion."

"The operators who cut upon the 1,500,000 acres of New Brunswick railway lands pay as high as \$350 a thousand stumpage and upon the lands of the province adjoining the rate is not half that. The price of lumber promises to increase every year and the province should get the benefit. We need more money for roads, for schools and all the public services and the revenue must be increased accordingly."

It may be that some use will be made now of the public domain which has been upon the statute book since the days of the old government, but never taken advantage of. It is provided for accurate survey of the crown land assets of the province with information in detail of the value of different tracts. It was intended to charge stumpage according to the value of the lumber and its accessibility to streams.

It is said that other sources of revenue will be investigated but the principal reliance is upon the forest. If the stumpage is increased to \$2 on spruce the lumbermen will pay sixty per cent more, or about \$200,000 additional into the revenues of the province.

Last year the provincial revenue was the greatest New Brunswick has known.

CUTTERS TO DINE IN VICTORIA TONIGHT. Outside Men Elected Officers Today—To Launch Maritime Association. In Keith's Assembly rooms this morning the second day's session of the Maritime Association was held. The local members of the association, who met this morning, will meet this afternoon, when there will be further demonstrations in practical work.

The members from outside the city this morning held a business session in Keith's matters of routine were dealt with and the election of officers carried out as follows: President, J. F. Hiltz of Halifax; vice president, C. Donald of Moncton; 2nd vice, A. B. Cox of Truro; 3rd vice, C. McJellan of Halifax; chairman of practical work, J. H. Dwyer of Halifax; assistant chairman, James Milne of New Glasgow; secretary, W. C. McEachern of Halifax; treasurer, James Haldiday of Halifax; trustee, F. M. Ross of Moncton; A. B. Phillips of New Glasgow, and A. C. Cameron of Amherst. The convention will be brought to a close tomorrow.

DIED IN THE WEST. Mrs. Anderson of Woodstock Was on Visit in Victoria. Woodstock, Feb. 18.—A telegram received from Mrs. Chas. Garden, Vancouver, last evening, states that Mrs. George R. Anderson, widow of George R. Anderson, of Halifax, died in Victoria yesterday of rheumatism of the heart. Mrs. Anderson was the eldest daughter of the late Hon. Chas. Connell and was born in Woodstock. She leaves two sisters, Mrs. J. Dibble, wife of Colonel F. H. J. Dibble, Mrs. Chas. Garden, of Vancouver, and one brother, W. M. Connell, who went to Vancouver in November to visit his sister, Mrs. Garden. A few days ago she went to Victoria to visit a friend, and while there died. The body probably will be taken to Halifax for interment.

FEARFUL MURDER CASE IN ONTARIO. Hamilton, Ont., Feb. 18.—The body of Catherine Linkewitz, a Polish, thirty-four years old, was found this morning at the door of a woodshed. A bloody axe lying nearby gave mute testimony to the manner in which she had met her death. Boarder followed a trail of blood which led to the room of Wm. Dujko, the boarding house keeper, who, when the police arrived, was peacefully sleeping in bed with his wife and babe, his wife with a fractured skull. He was arrested.

Coroner Hous said: "A fight between the two men evidently took place in the bedroom or the kitchen. From what I learned, Dujko, who is the keeper of the house, evidently made a discovery concerning the wife of Linkewitz. "I found Mrs. Dujko suffering from a wound in the centre of the forehead. Her forehead was fractured, and her brain exposed. There was a terrible injury, she was lying unconscious in bed, cuddling her baby, born last September, while in the same bed close to the wall, was lying her husband, under the influence of liquor." The police rounded up all the boarders in the house, and took them to headquarters for an examination.

WIFE DESIGNER OF MEMORIAL TO HERO HUSBAND

MRS. SCOTT IS SCULPTOR

Believe Militant Suffragettes Are Responsible

(Canadian Press)

London, Feb. 18.—An explosion believed to have been caused by militant suffragettes, partially wrecked, early this morning, the design and execution of the work itself might not be entrusted to Mrs. Scott.

Mrs. Scott is a sculptor of distinction. As Miss Kathleen Bruce, daughter of Canon Lloyd Bruce, she was known as an artist before her marriage. She studied under Rodin and exhibited at the Royal Academy, and the Paris salon. Last year, she had an exhibition of her work at the Grafton gallery. She designed the memorial statue of C. S. Rolls, the aviator, which stands on the sea front at Dover, also the commemorative medal presented to Admiral Peary by the Royal Geographical Society, after he recovered the North Pole.

The board of the Imperial Tobacco Company of Great Britain and Ireland, has contributed 1000 guineas for assisting those dependant on Scott and his companions.

J. M. Barrie's Appeal. J. M. Barrie, who was the godfather of Scott's son, Peter, sent the following letter to a newspaper appealing to the public to help the young boy: "I say in my mind and the minds of many others, that despite the fine help of the press, things are not going on too well with the various schemes started to do honor to the men who have done so much for us. Almost every household alive has been prouder these last few days because the message from a tent has shown him how the great lives are. But it seems almost time to remind him of that most practical Englishman who said of a friend in need: 'I am sorry for him five pounds, how much are you sorry?'"

The definite objective of the expedition is the recovery of the Scott expedition. It is estimated that the cost of the expedition is \$12,000. What the people are waiting for, he adds, is the government's definite statement, and every day there is delay in making this, other funds will suffer.

GIANT BLAST ON G. T. P. Fifty Two Tons of Powder and Five Tons of Dynamite. Prince Rupert, B. C., Feb. 18.—On the shores of Burns Lake, for nearly a week cogged holes for the largest blast ever used on the Grand Trunk Pacific are being charged with powder. Today it is expected the blast will be set off. More than five tons of black powder and five tons of dynamite are being used.

GROWS BEAUTIFUL, HEAVY HAIR

WE PROVE IT--25 CENT "DANDERINE"

Destroys Dandruff—Stops Falling Hair—Cleans and Invigorates Your Scalp—Delightful Dressing

To be possessed of a head of heavy, beautiful hair; soft, lustrous, fluffy, wavy and free from dandruff is merely a matter of using a little Danderine.

It is easy and inexpensive to have nice, soft hair and know it. Just get a 25-cent bottle of Danderine. Danderine now—all drug stores recommend it—apply a little as directed and within ten minutes there will be an appearance of abundance; freshness, fluffiness and an incomparable gloss and lustre, and try as you will you cannot find a trace of dandruff or falling hair; but your real surprise will be after about two weeks use, when you will see new hair—fine and downy at first—yet truly new hair—sprouting out all over your scalp—Danderine, we believe, the only sure hair grower; destroyer of dandruff and cure for itchy scalp, and it never fails to stop falling hair at once.

If you want to prove how pretty and soft your hair really is, moisten a cloth with a little Danderine and carefully draw it through your hair—taking one small strand at a time. Your hair will be soft, glossy and beautiful in just a few moments—a delightful surprise awaits everyone who tries this.

LAXATIVE BROMO QUININE removes the cause. There is only one "BROMO QUININE." Look for signature of E. W. GROVE, 25c.

High milk as a nourishing and valuable drink in cold weather, especially in the case of colds, has no rival. For those who are unable to drink hot milk tea made with boiling milk in place of water will be found most nourishing and palatable. The tea should not be allowed to stand in the pot above five minutes before using.

Little Beauty Chats

By BLANCH BEACON

Stooped Shoulders Should Be Blacklisted

There is one beauty ill that I know of, unnecessary, as any girl endowed with an average amount of intelligence can certainly keep her shoulders from stooping. This habit is purely a result of physical and mental laziness.

Why not brace up, Miss Round Shoulders, and for the next few months keep a vigilant eye on yourself? It will be well worth your while, as straight shoulders are a boon not to be despised by the lover of beauty.

When instituting this warfare against shoulders that refuse to carry themselves correctly, bear always in mind that the chest must be thrown up and out. When the chest is properly held, the shoulders will have to straighten, whether they will or no.

Do not make the common mistake of holding the shoulders in such an upright position that you look as if you were preparing to tumble over backwards. This position is most ungraceful and causes the chest to be thrust up and out. When the chest is properly held, the shoulders will have to straighten, whether they will or no.

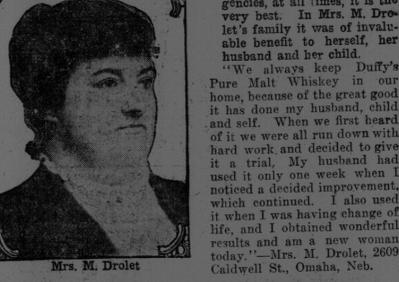

Hold the arms and shoulders pressed back, walk slowly around the room for ten or fifteen minutes, taking long breaths.

Do as I suggest, Miss of the drooping shoulders, and you will attain to a graceful carriage. And this is not all that the extreme exercise will do for you, as it will be a pleasant way of strengthening the ankles and back.

Let me say here and now that you are a stranger to shoulders that sag.

Best Family Medicine

THE REMEDY YOUR GRANDFATHER USED

Duffy's Pure Malt Whiskey

When tired and run down, when sick, for old people, in emergencies, at all times, it is the very best. In Mrs. M. Drolet's family it was of invaluable benefit to herself, her husband and her child.

"We always keep Duffy's Pure Malt Whiskey in our home, because of the great good it has done my husband, child and self. When we first heard of it we were all run down with hard work and decided to give it a trial. My husband had used it only one week when I noticed a decided improvement, which continued. I also used it when I was having change of life, and I obtained wonderful results, and am a new woman today."—Mrs. M. Drolet, 2609 Caldwell St., Omaha, Neb.

KEEP THE CHILDREN'S BOWELS CLEAN NOW

If Tongue is Coated, Stomach Sour! Breathe Fervid, Bowels Clogged Give "Syrup of Figs"

Children dearly love to take delicious "Syrup of Figs" and nothing else cleans and regulates their tender little stomachs, liver and bowels so promptly and thoroughly.

Children get bilious and constipated just like grown-ups. Then they get sick, the tongue is coated, stomach sour, breath foul; they don't eat or sleep well; they become feverish, cross, irritable and don't want to play. Listen, Mother—for your child's sake, give them the little one, it will come, feverish, cross, irritable and don't want to play. Listen, Mother—for your child's sake, give them the little one, it will come, feverish, cross, irritable and don't want to play.

With "Syrup of Figs" you are not drug giving to your children. Being composed entirely of licorice, figs, senna and other natural ingredients, it is safe and wholesome for children of all ages and grows-up plainly printed on the package.

Give them the little one, it will come, feverish, cross, irritable and don't want to play. Listen, Mother—for your child's sake, give them the little one, it will come, feverish, cross, irritable and don't want to play.

ANOTHER WOMAN JOINS THE ARMY

Of Western Women Who Have Found Relief in Dodd's Kidney Pills

After Three Years of Suffering Madame Dufrault of St. Boniface is Telling her Neighbors of the Wonderful Cure

St. Boniface, Man., Feb. 7.—(Special)—Cared of a complication of diseases, each a direct result of disordered kidneys, Madame Dufrault, of 84 Victoria street, this city, has joined the grand army of the women of the west who are telling their neighbors that Dodd's Kidney Pills are suffering women's best friend.

"I suffered for three years," Madame Dufrault states, "and I may say I had pains all over my body. I had sciatica, neuralgia and diabetes. My back ached, and I had pains in my head. I was nervous and tired all the time; there were dark circles around my eyes, and they were puffed and swollen. Heart fluttering added to my fears.

"But when I started to use Dodd's Kidney Pills I soon began to get better. Dodd's Kidney Pills cure women's ailments, because nine-tenths of these ailments come from sick kidneys. Dodd's Kidney Pills always cure sick kidneys."

MORNING LOCALS

In the police court yesterday afternoon, Alice Thompson, a Swedish girl, who was arrested some time ago, charged with luring aboard the schooner Anne Louise Lockwood, was sentenced to a term of six months in jail or a fine of \$50. James McAllister, charged with assaulting his brother, was allowed to go.

Rev. R. A. Armstrong described his visit to the valley of the Rhine in a lecture before the Y. M. C. A. of Trinity church last evening. The lecture was illustrated with retrospective views. Solos were sung by Mr. Taylor.

At a reunion and social of the Ladies' Progressive Bible class of Victoria street church on Monday evening at the home of the president, Mrs. Jane Scott, Adelaide street, M. J. Doney, teacher of the class, presented a cut glass vase set to Mrs. Scott.

Rev. J. H. A. Anderson lectured before the Young Men's Guild of St. John's Presbyterian church last evening on Women and Children in Toll. There are 2,000,000 children between 10 and 16 years of age employed in the United States and Canada.

The annual sleigh drive of the Exmouth street church Y. M. C. A. was held last night. A banquet was held at the Y. M. C. A. Wanamaker's. A programme of toasts and musical numbers followed. Among those taking part were: Miss Minnie Myles, T. G. Marquis, Rev. W. W. Brewer, Rev. R. S. Smart, W. E. Lawton, W. A. Stepien.

ELY'S CREAM BALM OPENS CLOGGED NOSTRILS AND HEAD--CATARRH GOES

Instantly Clears Air Passages; You Breathe Freely, Nasal Discharge Stops, Head Colds and Dull Headache Vanish

Get a small bottle anyway, just to try it—Apply a little in the nostrils and instantly your clogged nose and stopped-up air passages of the head will open; you will breathe freely; dullness and headache disappear. By morning the catarrh, cold, or head or earache sore throat will be gone.

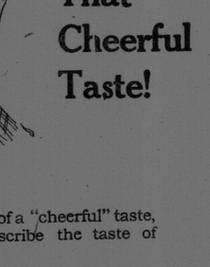

End such misery now! Get the small bottle of "Ely's Cream Balm" at any drug store. This sweet, fragrant balm dissolves by the heat of the nostrils; penetrates and loosens the inflamed, swollen membrane which lines the nose; head and throat; clears the air passages; stops nasal discharges and a feeling of choking, soothing relief comes immediately.

Don't be awake tonight struggling for breath, with head stuffed; nostrils closed, hawking and blowing. Catarrh or a cold, with its running nose, foul mucus dripping into the throat, and raw dryness, is distressing but truly needless.

Put your faith—just once—in "Ely's Cream Balm" and your cold or catarrh will surely disappear.

To Get Rid of Wrinkles and Bad Complexions

(From Beauty's Mirror.)

It is more important now than during the period of profuse perspiration, to keep the pores clean. All cosmetics clog the pores. In winter this interference greatly with elimination of waste material, injures instead of aiding the complexion. Ordinary mercurized wax serves all the purpose of cream, powder and rouge, giving off a better result. It actually peels off an offensive skin, at the same time unclogging the pores. Minute particles of scarf skin come off day by day, causing not the least pain or discomfort. Gradually the healthy, younger skin beneath peeps out, and in less than a fortnight you have a lovelier complexion than you ever dreamed of acquiring.

Minute particles of mercurized wax, spread on nightly like cold cream and washed off mornings. One ounce usually suffices. For removing particles, without stopping the pores with pasty stuff, here's a revealing formula: 1 oz. perfume, 1 oz. alcohol, dissolved in 1 1/2 pint which hazel. Bathe the face in this daily for awhile; every line will vanish completely. Use the first application gives surprising results.

CONVINCING I GUSTAVES AGAIN STIRS CALGARY

Calgary, Alta., Feb. 18—The question of whether or not Calgary will become independent is again becoming a live issue. Some time ago the city government set itself resolutely against the policy, but with the incoming of a new administration the situation has been changed and the city council the other day decided to offer power at \$25 and exemption from taxation for five years to two industries which were threatening to leave the city.

One of the most interesting features of the cattle business in recent years is the falling off of the export trade to Great Britain. Whereas in 1904 the number exported to Europe was 74,000, last year it dropped to 32,000. Of the balance, 7,000 were shipped to Winnipeg and sold on the cattle there, while 3,000 went to the United States and a thousand to Toronto. The total value of Alberta's cattle sales during 1912 is estimated at about \$3,500,000.

Uncle Sam Pleased, But Watchful Washington, Feb. 19—Although it plans remained set for action in case of emergency, the United States today was distinctly relaxed at the overnight news from Mexico telling of the abdication of President Huerta and the apparent settlement of the civil war that has swept the capital itself. Preparations for eventuality, however, were not relaxed.

It was recognized that readjustment in the government was filled with danger, and no orders were issued that would halt the movement already begun.

Gathered under the avowed declaration that they were being mobilized for practice with the Atlantic fleet at Guantanamo, Cuba, 2,000 marines will be dispatched to that port as originally ordered unless there is a good reason for their recall. Such orders were not apparent today. The navy department also denied that it had issued orders in any way setting aside the original plan of action.

Officials feel that the United States government has been at least temporarily relaxed from a difficult diplomatic situation.

THE NEW CHIEF RABBI OF EMPIRE

Doctor Hertz Has Had a Notable Career

EXILED FROM SOUTH AFRICA

Sympathized With English in Boer War — Lord Rothschild Very Strong for Him at Election in London Last Week

Dr. Joseph H. Hertz, of New York, who was elected chief rabbi of the British Empire, at a meeting at the Electoral College in London last week, received 206 votes to 39 cast for Dr. Hyamson, head of the Jewish ecclesiastical court in London.

The New York candidate was the choice of the election committee, and Lord Rothschild threatened to resign the presidency of the United Synagogue unless Doctor Hertz was elected.

Doctor Hertz has had a remarkable career. Born in Hungary, he entered the United States at an early age. He attended the public schools, proceeded to his degree of B.A. in Columbia University, and then entered the Hebrew Theological College, where he was prepared for the ministry. In due course, he went to South Africa, where his unusual ability was instantly recognized by his own people and the general community.

He was elected chief rabbi for the whole of South Africa—a position in which he gave great satisfaction. In the troubles which broke out between the English and Kruger, he sided with the former. For this he was exiled. He returned to the United States, but after the English won, he went back to South Africa.

Some time ago he returned to the United States, where he enjoyed the respect and admiration of American Judaism. He is learned—ecumenical in his experience, yet true to the ancient faith.

Doctor Hertz is an able man, fully competent for his high position. As to the position itself, it is something like the position of the Archbishop of Canterbury, as head of the English church. Dr. Hertz is the head of the Hebrew church in Great Britain. The Anglican church in Canada does not recognize the authority of the Archbishop of Canterbury, though it respects his office. Similarly, the Hebrew church in Canada will not recognize the authority of Dr. Hertz, but it will respect and look up to him. In England itself the authority of Dr. Hertz is supreme.

RECENT DEATHS

Mrs. Lucy Ann Phillips, aged eighty-five years, died yesterday at the home of Mrs. George E. Phillips in Woodstock. Mrs. Phillips was a native of England, and came to New Brunswick in 1844. She was a woman of unusually fine character and took an active interest in many public and philanthropic movements.

Robert Evans, postmaster at Lorneville, dropped dead yesterday afternoon while talking to friends at the home of his health, and his sudden death came without warning. Mr. Evans was a native of Black River, and went to Lorneville early in life to teach school. He afterwards opened a grocery store and later was appointed postmaster. He was one of the heirs of the late Robert D. Evans, Boston millionaire, one-half of whose fortune he is believed to have inherited.

Among those who survive are his wife, Elizabeth, four sons—Theodore of Vancouver; Stanley; Alfred; Sidney and Wesley, living at Lorneville; and four daughters—Mrs. James Reid, of Lorneville; Mrs. Cunningham, of Vancouver; and Frances and Margaret at home. He also leaves one brother, Walter, who resides at Lorneville.

News has been received at Weldon, Albert County, telling of the death of Calvin F. Steeves, son of Mr. and Mrs. W. Harding Steeves, which took place on December 28 in the hospital in Grand Forks, B. C. He was twenty-eight years old.

James Bean, a well known merchant of Blackville, died on Sunday evening. He was sixty years old and besides his wife is survived by four daughters, Mrs. Walls and Mrs. Deane, all of Blackville, and Lydia and Hilda at home, and one son, Simon, of Blackville.

The death of Mitchell Allen occurred on last Wednesday morning at his home in Great Storage. He was twenty-two years of age.

Artificially fed children should have their bottles boiled every day, and the tubes and other rubber parts soaked one hour in water which contains 2 per cent of pure glycerine.

DYSPEPSIA CREATES QUEER SENSATIONS

To Get Rid of that Bloating, Inflated Stomach Pressure Use Stuart's Dyspepsia Tablets After Eating.

Ever meet that sad-eyed man who tells you the earth is tottering on its axis? He's a dyspeptic. If he is not too far removed from advice and argument, induce him to use Stuart's Dyspepsia Tablets for a few days. Watch the change. He will now appreciate a funny story; he will go so far as to admit that some cooks are better than others; he will even accept an invitation to a banquet.

Stuart's Dyspepsia Tablets contain nothing but natural elements necessary to digestion, and when placed at work in the weak stomach and small intestine, supply what these organs need. They stimulate the gastric glands and gradually bring the digestive organs back to their normal condition.

There is no secret in the preparation of Stuart's Dyspepsia Tablets. They are the most popular of all remedies for indigestion, dyspepsia, water brash, insomnia, loss of appetite, melancholia, constipation, dysentery and other kindred diseases, originating from improper dissolution and assimilation of foods, because they are thoroughly reliable, and harmless to man or child.

Stuart's Dyspepsia Tablets are at once a safe and a powerful remedy, they will digest your food for you when your stomach can't.

Ask your druggist for a fifty cent box.

THE STEEL TRUST AND CANADA

(Canadian Collier's Editorial).

Everyone joins with the people of Sandwich, Ont., in being glad that the United States Steel Trust is about to erect a twenty-million-dollar plant in that vicinity, but some differ from those who claim that it was Canada's protective tariff that brought the company here.

We are far more inclined to believe that it came here partly to escape from the possible effects of the anti-trust feeling in the United States, and partly because it realized, along with certain other American manufacturers, that Canada's tariff relations abroad offer considerable advantage to the exporter from this country, advantage which cannot be had in the United States.

Had it been the Canadian market that was attracting the Steel Trust, it would have come earlier when the big demand for rails and structural pieces was beginning, and not after our Canadian plants had succeeded in getting their feet fixed beneath them.

The plant at Sandwich will have the advantage of being convenient for the downcoming ore freighters from Duluth; will be able to import its coke most of the way by water, and to ship its products either by water to the head of the lakes for western points or by water all the way, via Montreal, to the foreign ports of the world.

Also, when at some future date the iron masters are compelled to use lower-grade ores, the steel company will be in a position to obtain a supply from some of the Canadian fields which are known to exist in northern Ontario, and especially along the north shore of Lake Superior.

No doubt the presence of this plant on the Canadian side of the Detroit river will have its effect on shipbuilding. The great yards which have dominated the industry on the Great Lakes in the past will either have to move to Canada or face growing competition from the Canadian yards.

which will no doubt be brought into existence through the steel company. Canadian shipping on the Great Lakes will be augmented by the addition of at least a part, if not all, of the ore-carrying fleet now plying from Duluth to Ashtabula. The coming of the trust means much to Canada.

WEST SIDE WEDDING. Rev. G. Scott, of St. Basil's church, last evening, officiated at the wedding of Thomas Joseph Brady and Miss Ethel Maud Reid, both of Montreal.

The groom is employed with the C. P. R., and the bride came here to join her future husband, several intimate friends were present at the ceremony and offered hearty congratulations. Mr. and Mrs. Brady will make their home here.

I WILL MAKE YOU STRONG

This is a bold statement, but I mean every word of it and can prove it to you if you will give me the opportunity of sending you indubitable proof from your own neighborhood. I speak particularly to those who have spent their earnings for years on dope (the drug that makes them feel like a young colt one day and like an old broken-down hack the day after), to those who have tried so many things that they are tired of feeling and want a cure.

These are the people to whom we want to prove our claims before they agree to try our method of cure. I claim that I can cure weak people; that I can pump new life into worn-out bodies, that I can cure your pains and aches, timber up your joints and make you feel so frisky and vigorous as you ever were in your life. That's claiming a great deal, but I have got a good remedy, and there are thousands who say and write that I make good every claim; that they are now big, husky and frisky, and that they haven't an ache or pain in their bodies since using

DR. McLAUGHLIN'S ELECTRIC BELT

This Belt with special Electrical Attachments, will restore your vigor. It will check all loss of strength, and affects every organ of the body. It cures Nervous Debility, Varicose, Rheumatism, Lame Back, Lumbago, Sciatica, any case of Kidney Disease that has not gone as far as Bright's Kidney Disease, Stomach Trouble, Constipation.

Your Belt cured me of Rheumatism four years ago. T. J. WHITE, Copper Cliff, Ont.

I feel grateful, indeed, for what your Belt has done for me. It cured my backache. A. RUSSELL, Niagara Falls, Ont.

I must confess that the use of your Electric Belt has made me feel like a new man. ALEX. McDONALD, Dunmore, N. S.

"Your Belt cannot be beaten for curing weakness and varicose." D. JANNISON, Stockton, Ont.

Put your name on this coupon and send it to M. L. McLAUGHLIN, 237 Yonge St., Toronto, Can. Dear Sir, Please forward me one of your books as advertised.

WEST SIDE WEDDING. Rev. G. Scott, of St. Basil's church, last evening, officiated at the wedding of Thomas Joseph Brady and Miss Ethel Maud Reid, both of Montreal.

The groom is employed with the C. P. R., and the bride came here to join her future husband, several intimate friends were present at the ceremony and offered hearty congratulations. Mr. and Mrs. Brady will make their home here.

I WILL MAKE YOU STRONG

This is a bold statement, but I mean every word of it and can prove it to you if you will give me the opportunity of sending you indubitable proof from your own neighborhood. I speak particularly to those who have spent their earnings for years on dope (the drug that makes them feel like a young colt one day and like an old broken-down hack the day after), to those who have tried so many things that they are tired of feeling and want a cure.

REASONS WHY SOME ARE POOR

John Bradford Has Letter In Amherst Paper

OPINIONS OF EXPERTS

Matter of Drink and Vice as Cause or Effect Debatable - Facts Ascertained in Investigation in the States - Wages and Cost of Living

John Bradford, in a letter to the Amherst News, makes the following interesting statement as to causes of poverty: "Whether drink and vice comes most largely as cause or effect is still a debatable question and the more one studies the less sure one becomes. Messrs. Charles Booth in England and Prof. A. G. Warner in the United States, are probably the two best authorities on the causes of poverty. A few of their facts are more illuminating than idle speculation by those less thoroughly informed. "The causes of poverty are, of course, not only very numerous, but very complex. In scarcely one instance can a case of poverty be attributed to a single cause. It is even difficult in most cases to say what is the principal cause and which are minor causes. Modern experts have come to the conclusion that this is so far true that studying the causes of poverty by investigation of particular cases and tabulating the supposed chief causes as ascertained are not only often of little value, but very often misleading. "Nevertheless the study of cases of destitution by experts and the assigning of what they consider to be the chief cause in each instance remains the only way we have of approaching the question from its statistical side. The New York Association for Improving the Condition of the Poor recently investigated the circumstances of 4,270 dependent families and found that in 40 per cent. the cases of dependence were due to sickness, 37 per cent. to lack of employment and that only 5 per cent. could be properly ascribed to intemperance. Yet this is only a study of the immediate causes. What was the cause of sickness? Undoubtedly wrong personal habits, drinking, bad housing, employment in unhealthy workrooms, unsanitary or dangerous occupations, overcrowding, insanitary nutrition caused by insufficient wages, were among the causes of illness. "Perhaps the most complete approach to scientific tabulation and valuation of the causes of poverty is still the one made in 1894 by Prof. A. G. Warner. His table embodies the results of findings by the charity organization societies of Baltimore, Buffalo, New York, Boston, Cincinnati, Huttah, New York, Houston, Cincinnati, St. Paul and St. Pauline parishes in London and those by Bolmer for seventy-six German cities in 1888. Mr. Warner finds that the chief immediate cause of poverty is sickness or death in families of the poor; lack of work appears as a second immediate cause. "Drink stands third, though only half as great a cause as unemployment. "The average percentages are as follows: Drink, 11 per cent.; other forms of misfortune, 10.3 per cent.; misfortune 74 per cent., of which lack of normal support is 11.0 per cent.; matters of employment 22.9 per cent.; sickness or death in family 23.6 per cent.; old age 9.6 per cent.; accident 3.3 per cent. "In the same letter Mr. Bradford says of wages and cost of living in the United States: "We will consider not wages per day, but actual earnings per week for a year, and only the wages paid to men. In New Jersey, a typical manufacturing state, 67 of one per cent. or more than a quarter, averaged under \$1.50 per day, \$7.40 per week or more than one half, earned less than \$12 a week, or \$2 per day. This is for adult males, at least 10 per cent. of male workers receiving less than \$800 per year. Here are some conservative estimates of the cost of living for one year of one family of five (three children). "United States Bureau of Labor (investigating 25,440 families in 1901) \$890. Professor Small (Chicago University) \$1,000. John Mitchell (ex-president of Mine Workers, 1903) \$900. Dr. E. P. Devine (New York Charities) \$800, 60 per cent. earning less than enough to support a family."

MORNING NEWS OVER THE WIRES

At the annual meeting of the shareholders of the Sackville Record Foundry and Machine Company, Lieutenant Governor Wood, Graham Fraser, Hon. H. R. Bonarson, F. J. Shreve, James Barnes, J. C. Patterson and Hon. C. W. Robinson were elected directors. The directors appointed Hon. C. W. Robinson president, F. J. Shreve vice-president, J. C. Patterson secretary-treasurer. "The longshoremen's strike in Hoboken, Mass., has been settled. The stevedores whom the men wanted discharged, was allowed to go, after which the men returned to work. "A prisoner in the New Glasgow jail, arrested on Monday night, charged with disorderly conduct, was found dead in his cell yesterday morning. His stomach will be sent to Halifax for analysis. "Montreal is now endeavoring to get the better of St. John and Halifax in the matter of the projected scheme of steamship communication with the West Indies. That city will send a delegation to Ottawa, asking that Montreal share in the service.

THE LEGISLATURE

Fredericton, Feb. 18.—Hannar Greenwood, M. P., of England, is to be honored by the New Brunswick legislature on being created a barrister of the supreme court of this province, a special act being passed to permit this. He is a native of Canada. Mr. Tilley presented a bill to vest the appointment of the chief of police of St. John in the city council. Consideration of the bill to consolidate the act respecting rates and taxes was resumed and an amendment to section 122 was adopted. Mr. Stewart (Northumberland), moved for reconsideration of section 29, and moved an amendment that the value of real estate of a joint stock company shall for the purpose of assessment be deducted from value of their paid up capital stock. It was decided, after some discussion, to strike out the section, which it was said was covered by other sections. The bill was agreed to with amendments. Hon. Mr. McLeod introduced a bill to authorize the city of Fredericton to issue debentures for certain purposes. Mr. Stewart (Northumberland) introduced a bill to confirm in Elizabeth Conacher title to certain real estate in the town of Campbellton. Mr. Munro introduced a bill relating to the estate of Lewis P. Palmer, late of the town of Woodville. Mr. Tilley presented the city's petition in favor of a bill to amend the St. John city assessment act. Mr. Stewart (Northumberland) introduced a bill to amend the act respecting the annual meetings of St. Andrew's church, Chatham. Mr. Baxter presented a petition in favor of a bill to amend the Lancaster sewerage act, 1903. Mr. Grimmer presented a petition in favor of a bill to amend an act to authorize the town of Milltown to tax a valuation on the Canadian Cottons, Ltd., for assessment purposes. Hon. Mr. McLeod introduced bills to amend the city of Fredericton to aid the Palmer McLeod Shoe Pack Co., Ltd., to fix the assessment on Fraser, Ltd., and to establish a salvage corps and fire police. Mr. Baxter presented a petition in favor of a bill relating to the by-laws of the city of St. John. Mr. Canon presented a petition in favor of a bill to establish a St. John sanatorium. Mr. Munro gave notice of motion to amend the New Brunswick elections act. The house adjourned at 6 o'clock.

Agriculture in Alberta Schools Edmonton, Alta., Feb. 18.—Hon. John P. Boyle, minister of education for Alberta, announced that the government will establish agricultural departments in rural schools throughout the province this year. Two agents are in the field organizing school districts and assisting the settlers in fixing the boundaries. A summer school for teachers in the elementary course of agriculture will be established this year. The province, with a population of 500,000, had 2,029 school districts at the close of 1912, as compared with 747 in 1906.

Exhausted Nerves Sleepless Nights

Continually Grow Worse Until Dr. Chase's Nerve Food Restores Vigor and Strength.

Mrs. Campbell. What misery to be awake nights and think of all sorts of things without being able to get the rest and sleep which is necessary to restore the nervous energy wasted in the tasks of the day. This symptom of sleeplessness is one of the surest indications of an exhausted nervous system. You must have sleep or a breakdown is certain. Dr. Chase's Nerve Food feeds the feeble, wasted nerves back to health and strength. In a few days you obtain the natural, restful sleep which helps so materially in restoring vitality to the nerves and strength to the whole body. Mrs. Sarah Campbell, 108 Alma street, St. Thomas, Ont., writes: "For months I was so bothered with nervousness that I could not sleep nights. There were other symptoms of exhausted nerves, but none caused so much misery, and I found myself continually getting worse. "I began using Dr. Chase's Nerve Food, and it was not long before I noticed great improvement in my health. It built up the nervous system wonderfully, strengthened the nerves and enabled me to rest and sleep well." Dr. Chase's Nerve Food, 55c a box, for \$2.50, all dealers, or Edmanston, Bates & Co., Limited, Toronto.

DOCTORS SAID IT WAS HEART FAILURE

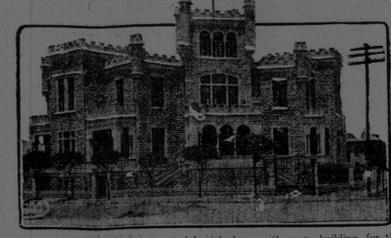

And Gave Me Up—But "Fruit-atives" Cured Me

Moorfield, Ont., March 23d, 1910. I suffered from severe indigestion and dyspepsia for nearly two years. I could not take food without fearful distress. Two doctors thought my disease was heart failure and incurable, and I was expected to die in a short time. My son asked me to try "Fruit-atives." From the outset, I was better and gradually this fruit medicine completely cured me. I took perhaps a dozen boxes—now I am cured and have gained over thirty pounds in weight. HENRY SPYERS (Justice of Peace), "Fruit-atives" are sold by all druggists of the box, 6 for \$2.50, trial size 25c—or from receipt of price by Fruit-atives, Limited, Ottawa.

IN PARLIAMENT

Ottawa, Feb. 18.—Canada for the first time in thirty years is entertaining a state prisoner in the "tower" at Ottawa. R. C. Miller, of Montreal, formerly president of the Diamond Heat & Light Co., was, by order of the speaker, on motion of Hon. Mr. Middleboro, chairman of the public accounts committee, sent to the tower for continued refusal to divulge to the committee the meaning of his statement to the effect that he had spent more than \$40,000 in getting government work from Ottawa. The tower room is a nicely furnished committee room, and there Miller will be kept at the country's expense, having guests as he pleases and dining on his own daily menu. Canada's parliament yesterday honored Captain Scott and his heroic companions. Hon. Mr. Lemieux, eloquent French Canadian, initiated the movement, and was followed by Premier Borden and Sir Wil-

fred Laurier, each of whom spoke feelingly and eloquently in favor of a Canadian contribution to the memorial fund. When the second reading of the naval bill came before the house yesterday afternoon there was a prompt Liberal objection from Mr. Turill, who gave an effective speech in which he advocated the introduction and passage of a redistribution bill. He moved an amendment for this. Mr. German followed along similar lines, and they in turn were followed from the Conservative benches by Mr. Northrup and Mr. Weichel who put forward the compromise proposal that the government would pay Great Britain for the upkeep of three Dreadnoughts, if the Liberals would agree to the contribution of them. The government in a few days will call for tenders for the construction of vessels for the new car ferry service from P. E. Island to the mainland, with terminals at Cape Tormentine and Cape Travers. The estimated cost will be nearly \$2,000,000. As Mr. Carvell was speaking on Monday night, he said there was an arrangement with the whips as to a comparatively early adjournment. Mr. Rogers arose and in a fiery tone objected, saying that Mr. Carvell would have to finish his speech then. Mr. Rogers proceeded to take charge of the matter, when Premier Borden quietly arose and snubbed his first lieutenant by agreeing to the proposal for adjournment.

GREAT WAR DRAWA

In two reels of Lubin film at the Gem today will be presented "The Mexican Spy," a strong story of love and venture in southern warfare. There will also be shown a really funny Vitagraph comedy, "When Mary Grew Up," with Clara Young and Flora Finch in the leading roles. PRESIDENT IS ALFRED CARLOSS

At a meeting of the Woodworkers Local Union of Carpenters and Joiners last night, Alfred Carlross was elected president; H. J. Barton, vice-president; John MacFarland, recording secretary; E. S. Wetmore, financial secretary; William Barker, treasurer; Arthur Knappan, conductor; E. Koney, warden; John Long, James Goline, and Walter Scott, auditors; George Spencer, Foster Daval and G. H. King, trustees; several addresses were delivered. The officers were installed by Chas. Steved, president of the carpenters union, assisted by J. L. Sargue, president of the T. and L. Council, and A. W. Reynolds, business agent. Attention was called to a report that Contractor Boone intended to bring forty men into the city to work on the new marine depot, and it was decided to protest against this, as it was said there were many idle men here at present.

S. L. PETERS PRESIDENT

The annual meeting of the New Brunswick Fruit Growers' Association was held yesterday in Fredericton. The retiring president addressed the gathering and reports showing the excellent condition of the work were submitted. The association decided to have a fruit show about Nov. 1. S. L. Peters was elected president for the coming year. The vice-president is W. B. Gilman, Springfield; treasurer, Henry Wilmore, Drozeston; secretary, A. G. Turvey, Fredericton; county directors, Westmorland and Albert, H. B. Steeves, Shediac; Kings, Major O. W. Wetmore, Clifton; Carleton, T. Adney, Upper Woodstock; Gloucester, M. P. We are appointing Agents for ZIMMER STATIONARY VACUUM CLEANERS

Every agent for the Zimmer represents a live proposition—no experiments, but a tried, tested and approved vacuum cleaning system. The proof is found in the fact that

There are five times as many "Zimmers" installed in homes and buildings as all other makes of Vacuum Machines combined...

From coast to coast architects are specifying the Zimmer Vacuum Cleaner for office buildings, apartment houses, mansions, public buildings, hotels. The Zimmer system is installed in five of the Governments of Canada. The Zimmer stationary machines are entirely superseding the hand power cleaners, which have served their period of usefulness by demonstrating the necessity of suctional removal of dirt. Now the demand is for an efficient power machine installed in the basement with pipe connections to each room. It is only natural that architects and engineers should try all such machines offered and select one for all future installations. This one is the Zimmer—found to work at the highest efficiency at all times and which during the last four years has cost less than 5 cents per machine per year for repairs.

We are prepared to appoint agents in certain districts to take orders from architects and builders.

YOUR TERRITORY IS OPEN

If you are equipped to handle this proposition—remembering that the Zimmer is a machine, not a toy—a necessity and not a novelty—send us full particulars of your sales force, etc., and we will consider your application.

This advertisement will not be repeated. A prompt reply is necessary to secure the most profitable agency offered in recent years.

MARRIED YESTERDAY.
An interesting ceremony was performed yesterday afternoon in the Fairville Baptist parsonage, by Rev. H. R. Boyer, when he united in marriage Edwin Hughes of West St. John and Mrs. Cora C. Allen of Fredericton. They will reside in this city.

THE STREET RAILWAY.
Official notice of the intention of the St. John Railway Company to lay only a single line for their extension to Kane's Corner was given yesterday by the city commissioners from the company this morning. It was announced in The Times some days ago.

POLICE COURT.
Two prisoners charged with drunkenness were arraigned in the police court this morning. A fine of \$8 or thirty days in jail was imposed on each. Katie Barrigan and Ella Francis, arrested some days ago on the charge of being inmates of a Sheffield street disorderly house, were further remanded.

CONGRATULATIONS.
Friends of Captain and Mrs. J. R. Holmes, invaded their home, at 79 Hazen street, on Monday evening, to wish the Captain many returns of the day, it being the eighteenth anniversary of his birth. Music and amusements were the order of the evening, and at eleven o'clock dainty refreshments were served. It was a happy time.

DIED AT BROWN'S FLATS.
The death of William H. Short in his 85th year occurred on last Saturday at his home, Brown's Flats, where he had resided for the last few years, and where he had a great many friends. He was also well known about St. John having lived here for some years. The funeral was held there on Monday and was attended by many. Besides his wife he is survived by three sons, F. L. Johnson and Mrs. L. S. Kierstead of this city, and M. T. of New Jerusalem, N. B.; and two daughters, Mrs. A. W. Johnson and Mrs. L. S. Kierstead of this city. Mr. Short was a native of New Jerusalem. He had been in failing health for some years.

TRAINS DELAYED.
The incoming trains were late today heavy rains in some sections being the cause for the most part. The Atlantic express due at noon was an hour behind time, the Boston twenty minutes and the Maritime fifteen. It was reported about the depot today that the Ocean Limited had run off the track near Little Metis but beyond this no further word was received. The Maritime did not come from the north this morning with the local arrivals, and possibly this may have been caused by the reported derailment. The C. P. R. due here last evening at 5:30 over the L. C. R. did not arrive until 9:10 being nearly four hours late. As a result the Montreal was held back in departure until 9:45, instead of 5:30 p. m.

GAMMELL, LAIRD MAN WAS HERE LAST WEEK

This Discussed in Conjunction With Municipal Home Negotiations

A representative of Gammell, Laird & Company, British ship builders was in St. John last week looking over the situation here. It was this firm which was completing negotiations with the Liberal government for the establishment of a steel ship-building plant at St. John previous to the last election, and whose deposit was returned by the present administration.

The application for an option on the Municipal Home property coming so promptly after the visit of the company's representative, has aroused comment.

TO BE PLACED IN ASYLUM

Mrs. McGee of P. E. Island, Who Killed Children, Declared Raving Maniac

Mrs. Magee, a P. E. Island woman, who was convicted of murdering her seven children by poisoning them with the linsions of matches, and was sent to the maritime penitentiary in Dorchester, is declared a raving maniac. Since her incarceration in the Dorchester prison she has been giving trouble in consequence of her ravings, and it was finally decided by the justice department to remove her to an asylum. Instructions were given to the P. E. Island authorities to remove her. The week Sheriff Curran and deputy Alexander came over from the Island and took the woman in charge. The matron of the penitentiary, Miss McMahon, accompanied the unfortunate woman.

WINTERPORT NOTES

The Allan liner Grampian, which arrived yesterday had on board Inspector George Hunter, who was reported to have been killed on the last trip of the steamer. Mr. Hunter is enjoying good health, and met with no accident whatever. An effort is being made to find out who set the report in circulation.

The S. S. Ninian, which arrived yesterday from Liverpool had on board 6,000 tons of cargo. This steamer usually runs between Manchester, Liverpool and the West Indies, and is capable of carrying 10,000 tons of cargo. She also has place for fifteen passengers. She is under charter for the C. P. R.

HOW THE THREE BOYS ESCAPED FROM THE HOME IS RECOUNTED

Care in Police Court Today — Superintendent McDonald Gives Evidence

The preliminary hearing in the case of Lawrence McCarthy, George Fawcett and Frederick Reicker, three lads charged with escaping from the Boy Industrial Home at East St. John on the night of February 3, was begun in the police court this morning. The evidence of Superintendent McDonald of the home was taken and adjournment was made until 10:30 o'clock tomorrow morning.

It came out in the evidence submitted that Reicker, after he had been taken back to the home after escaping with the latter part of January in company with two other lads, appeared to be very repentant and keen and asked forgiveness while at the same time he apparently was to one of the lads hidden in the lining of his trousers.

Superintendent McDonald said that McCarthy had been committed to the home by Magistrate Ritchie on October 11, 1912, for an indeterminate period, not to exceed four years, the charge being theft. Reicker had been sent to the home by Magistrate Ritchie on June 27, 1912, for an indeterminate period, and Fawcett had been sentenced to serve three years in the home by Judge Kay of Moncton on the charge of theft.

On Friday, January 31, Fawcett, Reicker and McCarthy had escaped from the home. At that time they took boots, sweaters, caps and a pair of fur gloves owned by McDonald. On the following Monday they were captured at Ben Lomond and brought back. Mr. McDonald said that McCarthy had told him that after escaping they had gone to a camp at Loch Lomond, known as the Big Six camp and hid there. They ransacked the house and found canned goods, clothing, tobacco and other things. Also they had broken into other camps, taking the goods back to a hiding place. On the following Tuesday they were brought to the police station and lodged there for several days. On Friday, February 7 they were taken back to the home, as they had promised to do better. All three said that they were glad to get back and would not escape again. They appeared to be very repentant and promised to be better boys.

On Sunday night they went to bed at nine o'clock and during the night Fawcett, Reicker and McCarthy escaped again. They took with them sweaters, caps, gloves and other things owned by others. The witness said that McCarthy had told him all about the escape since being recaptured. According to McCarthy's story, Reicker had told him that he was going to escape, the very next day after he had been recaptured. Reicker asked him to escape with him. McCarthy answered that he would go, but was afraid of being sent to Dorchester. On the Saturday afternoon in question, while the superintendent was otherwise engaged, Reicker went into the office and took a bunch of keys. He pried one off and told him to go into the sewing room and get some clothes together. Between twelve o'clock on Sunday morning and six o'clock on Monday morning the three escaped by unlocking the door of the dormitory and walking out. McCarthy also told the witness that they went right back to the Big Six camp and stayed there for one night. They then went to a farm house owned by a man named Quinlan and stayed there one night, going in to the woods next day with Quinlan as help. It was here that they were recaptured.

This finished the evidence, and the boys were remanded until tomorrow morning.

Store closes tonight at 6 o'clock.

THINK OF NEW SITE FOR MUNICIPAL HOME

Commissioners Have Talk Over The Cautenay Bay Matter

The proposal to give an option to the Eastern Trust Company for the purchase of the Municipal Home property, which will come before the municipal council at a special meeting on next Tuesday, was the subject of discussion at the meeting of the city commissioners this morning. There was a general discussion regarding the possible sites for the institution if the present property were sold and also regarding the cost of securing the necessary land and erecting suitable buildings. A large area would be required in order to give sufficient room for siting on at least the present scale and the buildings would have to be built with sufficient space or room for expansion to meet any probable increase in the number of persons to be accommodated in future years.
