CHAIRMAN SMITH IS SCORED BY THE TIMES

"Criticism Directed Against His Manner and Amazing Ignorance Displayed"

Relatives of Dead Hold Indignation Meeting in Halifax—Titanic Relief Fund Now \$1,350,000—Captain Moore On Stand in Washington Today Tells of Schooner Nearer Titanic

(Canadian Press) London, April 27.—The Times, commenting on the Titanic inquiry in Washington, says: "We all feel that the circumstances are unprecedented and, although the inquiry by the senate and the compulsory detention of their subjects seem strange, yet the American desire for a prompt and searching investigation is perfectly natural, and the results is within its rights."

The criticism here is directed toward Senator Smith's manner and the amazing ignorance he has displayed. We would have wished for a more judicious mind at the head of the committee, and one more conversant with the matters to be investigated.

Indignation Meeting in Halifax Halifax, April 27.—Citizens of the United States, here representing the families and relatives of the victims of the Titanic disaster, have been successful in hearing the programme to be carried out by the White Star line's officials, when the death ship Mackay-Bennett arrived.

An indignation meeting followed unreservedly. To it were invited Mayor Chalmers of the city, the coroner, the United States consul, and the White Star officials here, and an endorsement of the arrangements made for the receipt of the bodies of the victims was demanded. United States citizens were inclined to be angry, but Mr. Mitchell, assistant manager of the White Star line in Montreal, was able to placate them by a recital of programme to be put in force in the end, whereby he satisfied his reporters who, under Mr. Mitchell's scheme, are to be kept of the dock when the steamer arrives.

Only the relatives of the victims of the Titanic will be allowed on the deck of the Mackay-Bennett when she comes to the wharf against the action of the White Star line and tried to view President Franklin D. Roosevelt, who is in New York, and Hon. Colonel San Hughes, minister of militia, whose department has control of the gun dock, to which the death ship will come, asking him for permission to enter it. The hotels cannot house the mourners here, a committee was appointed to get a list of boarding houses with rooms to let, as by Monday morning it is expected that more than 1000 relatives and friends will have arrived.

Relief Fund \$1,350,000 London, April 27.—Including the fund raised in New York, the total amount subscribed to date for the relief of the survivors of the Titanic disaster is more than \$1,350,000. The London Daily Mail fund alone is \$171,000. The corporation of the town of Godalming has passed a resolution to open a subscription for the erection of a memorial to J. A. Phillips, chief wireless operator on the Titanic.

The White Star line yesterday issued a strict order to detain the members of the Titanic crew on board the Lapland when they arrive at Plymouth dock until they have been seen by the company's officials and lawyers. The Lapland is expected to day. The company also has ordered that no passengers be booked for the Lapland from Plymouth to Cherbourg unless they are able to prove they have a friend aboard. Further, all newspaper men are ordered excluded from the Lapland and the sender bringing the Titanic survivors ashore.

Schooner Between Mount Temple and the Titanic Washington, April 27.—Captain Jas. H. Moore, of the C. P. R. steamship Mount Temple, arrived in Washington today, to testify before the senate committee of the

GOVERNMENT IS TO MEET NEXT WEEK. Sheriffs Will Be Appointed—Eggs and Butter, Twenty Cents

Fredricton, April 27.—(Special)—The government will likely meet here next week to dispose of business which has accrued as a result of the legislation of the session. The appointment of sheriffs will also be made.

Professor C. W. Caron will speak in aid of the founders of the company yesterday in the city. Alex. Booker, a former resident of this city, is in the market for eggs and butter.

At a meeting of the directors of the St. John Valley Electric Company yesterday the following were elected:—C. Fred Chestnut, president; Henry Wilmut, vice-president; J. W. McCready, secretary; treasurer. A committee was appointed to prepare a statement of liabilities and assets.

POLICE COURT. Fifty Dollar Fine for Obstructing Sidewalk—Several Cents Taken up

In the police court this morning Charles Connors and Walter Goddard, charged with obstructing the sidewalk at the corner of Union and St. John streets on the West Side on April 21, between five and six p. m., were fined \$50 or three months in jail. The fine was allowed to stand.

Under the Dominion Act, you could be sent to jail for six months without a fine," said His Honor, "but the fine will be allowed to stand against you this time pending your good behavior."

High McPherson, charged with obstructing the sidewalk at the corner of St. John and St. George streets, was allowed to go on condition that he go aboard the schooner immediately. He was released and was taken away by the captain.

Frederick McDowell, arrested in St. John by Detective Killen on charge of stealing seven pounds of butter from Thomas E. Norton, was brought before the court this morning.

He pleaded not guilty, and consented to a \$1000 bail. He was remanded until Monday morning. The fine is supposed to have been committed to the keeper.

Mary McDonald, who was arrested on Thursday on street walking charge, was brought before the court this morning.

James Stanton, in jail on remand on the charge of stealing from the Farmers' Bank, was fined \$20 or two months in jail. The fine was allowed to stand.

One prisoner was fined \$10 or ten days in jail on the charge of drunkenness. The other three were released.

Sophia Oliver, a West India negro, was brought in. The girl, who is about sixteen years of age, has been employed as a servant in a local insurance man's home, and of late has been acting strangely.

Last night at twelve o'clock she left the house and was found walking the streets. She was taken to the police station for protection. In court this morning she said: "Yo' Honah, I had an awful dream last night. The dream was that I was arrested and locked up. Oh, it was awful. I guess your dream was pretty correct, said His Honor. The girl was sent below and Dr. D. E. Berryman will examine her as to her mental condition."

The case against John Chesbrough, charged with selling liquor illegally, was brought in. The girl, who is about sixteen years of age, has been employed as a servant in a local insurance man's home, and of late has been acting strangely.

YARMOUTH WOMAN GIVES TROWEL AND BIBLE TO CONGREGATIONAL COLLEGE. Montreal, April 27.—A quaint touch was lent to the convocation services in the Congregational College last night, when two missionaries and one city minister, dressed in robes, and Rev. W. T. Gunn, bringing with him from Nova Scotia a silver trowel and huge family Bible, presented these to the college as relics having interesting early associations with Congregational life and which had been bestowed by Mrs. Gorman of Yarmouth, N. S.

The principal also formally handed over the Nelson flag ship, which he had received at the recent distribution in the city hall by Rev. Alfred Hall, agent for Lord Strathcona.

Ross R. Winans Dead. Baltimore, April 27.—Ross Reville Winans, millionaire capitalist and member of the renowned Winans family is dead aged 62. Mr. Winans was born in Russia in 1850, while his father, Thomas Winans, was engaged in extending and rebuilding the Continental Railway System in Russia, built by the first Ross Winans.

TRAFFIC HEAVY. Traffic on the river steamers is heavy. The steamer D. J. Purdy left this morning on her first trip to the Washademoak, her first trip up river, in fact, under her present name. She had a large cargo, and in the warehouse is another load. The May Queen also made her first run this morning to Grand Lake and had a large freight.

WANT TO PURCHASE LAND FROM THE CITY. Several Applications With Which Safety Board Has to Deal

The civic boards and committees will hold their last regular meetings next week. These will be followed on Monday by the last meeting of the present common council and the new members will take the oath of office and meet in council on the following day.

The first meeting next week will be attended by the board of safety in connection with the consideration of applications for city lots. Applications have been received as follows:

R. Max McCarthy, two lots on Morris Farm, Green, Head road, for \$4000; this recommended.

W. W. Williamson, house and lot, Church street, Fairville, \$200.

Lawrence Garey, three lots in Union Point road, Lancaster, \$400; not recommended.

Charles H. Emery, land in Queen street, \$1000.

P. E. Dearborn, five lots, Beach and Prospect streets, to lease or purchase.

Applications for removal of lease have been received from Ada Atherton, Prospect street; James Mills, Union Point road; W. B. Mrs. Marsh, Elliott row; Edith Kenny, corner Union and King street; W. E. Mrs. Phoebe H. King, corner Union and King street; and High McGill, Brooks ward, and John P. Cougle, St. James street, W. E.

The board will also deal with the order in council that appraisers be appointed to value the buildings on the lot in Lennox street, known as a street, the recommendation that the city purchase from Mr. O'Neill the building on the McArthur street, and the report of appraisers of Mrs. Bobbe's lot.

BONAR LAW'S COURSE AS LEADER NEARLY RUN

Feeling That he Has Not Measured up to Requirements as Unionist General

Belittling Comparison With Balfour—Main Hope of Home Rule Opponents is Shattered—Titanic Disaster Opens up Question of Organization and Personnel of Mercantile Marine

(Times Special Saturday Cable). London, April 27.—A. Bonar Law's position as Unionist leader, is now more uncertain than ever. The Times, in an illuminating slip last week, referred to Balfour as the leader of the opposition. Law has proved an admirable chief of the staff, but a poor general. He has improved the Unionist organization, heightened discipline, driven parliamentary idlers and invalids into private life, but he has wholly failed as a creator of Unionist policy or to inspire ideals. His petty triumphs have been those of Gobannesco, his sneers and jibes and trivial interruptions of opponents have delighted the younger Unionists, but have utterly failed to justify his selection. There is deep dissatisfaction in the Unionist ranks, which may soon take audible form.

On all sides one hears belittling comparisons of Law against Balfour. The new style is not a success.

IRISH HOME RULE BILL. The unanimous action of the Dublin convention has shattered the main hope of the Unionist opponents of home rule. The bill, which was passed last week, is a masterpiece of compromise and is a step towards the realization of the long-cherished dream of a united Ireland.

The placid acceptance of the home rule proposal by English public opinion has seriously perturbed the Unionists, who are making vain efforts to provoke an Irish sentiment. The government has undoubtedly strengthened its hold on the electorate during the last month.

Liberal, however, are uneasy over the local reception given the speech introducing the Welsh disestablishment bill. An unprincipled and unimpeachable campaign against the establishment finds few active opponents outside of Wales. In Scotland the Presbyterian reunion proposals have killed disestablishment. In England recent statistics prove that the Anglicans are going ahead in membership in Sunday schools while leading non-conformist churches are declining. Meetings in support of the bill throughout the country have attracted few hearers.

English Liberals, while willing to grant the demands of the Welsh, regard a disestablishment campaign as an inconvenient nuisance. This is significant. Twenty years ago English reformers worked for disestablishment and franchise changes. Today their activity is changed and they seek for better wages, better conditions of labor, and more equitable taxation. Our fathers demanded changes in name and in legal status, we demand changes that directly affect the earnings and conditions of the people.

The London season will open this week and promises exceptionally well. Concentration of gaieties in a short period as last year because of the coronation will be avoided and from now until the middle of June the west end will see one round of pleasure seeking. The grand opera season began splendidly. Covent Garden has many old favorites, and several new stars. An effort in rivalry is being made by the Lyric.

THE MARRIED IN WEST. A wedding of much interest to many West End people will take place in Pasadena, California, on Sunday next, when Miss Mary Florence Coyle, daughter of Mr. and Mrs. William Coyle of West St. John, will be united in marriage with John O'Connor, formerly of Sherbrooke, Quebec. Miss Coyle left for Pasadena on the 16th instant. Before leaving for the west she was visited upon by the Assumption Dramatic Club, of which she was an active member, and they presented a silver scallop dish.

CAPTAIN MATSON. It has been definitely learned that the Halifax man whose death in New Haven, Conn., was referred to in a press despatch on Thursday was Captain Joseph Matson, who was well known in St. John. He died in a hospital in New Haven on Wednesday, and his body, it was said, would be taken to Halifax for burial. Captain Matson left a wife and family residing in Charlottetown. His wife was formerly Mrs. Emma Matson, sister of Mrs. Wm. Knodell of this city.

THE PRESIDENT. The rise in the water at Indiantown has not been as great as was expected for the end of the week, but with today's storm rain it is thought that early next week will note a decided rise in the water.

NEW BATTLESHIP ORDERED TODAY. (Harris, Germany, April 27.—The battleship Koenig Albert, named for a former king of Saxony, was launched today. The ship is the largest ever built in Germany, and is armed with ten 12-inch and fourteen 6-inch guns. The cost of construction is estimated at 24,000,000 marks.

MR. HAZEN SAYS NO. A. P. Hazen, manager of the local office of the Bank of British North America, who has been promoted to the management of the bank's office in Montreal, returned today from Montreal where he was in connection with the change.

When asked about a report that he would accept the position of general manager of the Bank of New Brunswick, Mr. Hazen said that the report was incorrect. James Manchester, president of the Bank of New Brunswick, said this morning that no appointment had been made in place of Mr. Hazen, who has offered his resignation.

SUPPORT ONLY THOSE WHO WILL VOTE FOR TEMPERANCE REFORM. Toronto, April 27.—To ally itself with no political party but to support those candidates for the legislature who stand for the most advanced temperance reform is the declared policy of the Ontario branch of the Dominion Alliance, as announced after prolonged deliberation by the executive committee, which adjourned early this morning after a night session.

INSPECTION OF I.C.R. BY HON. MR. COCHRANE. Ottawa, April 27.—The I. C. R. will be thoroughly inspected by the minister of railways and canals, Hon. Frank Cochrane, who will start on his journey next Wednesday. The inspection will last for about a month. He will go to Quebec and inspect the Transcontinental railway east and west of that point. Then he will travel Quebec, New Brunswick, Nova Scotia, and P. E. Island. He will make improvements in the system as he thinks are demanded. On return to Ottawa he will proceed on a trip over the canal.

CANADIAN SUFFRAGE ASSOCIATION FORMED. Toronto, April 27.—Doctor Augusta Stowe Gullen, Doctor Margaret Johnson, Doctor Isabella Smithwood, Mrs. Flora McDonald, Denison and William Munns of Toronto, and inspect the Transcontinental railway east and west of that point. Then he will travel Quebec, New Brunswick, Nova Scotia, and P. E. Island. He will make improvements in the system as he thinks are demanded. On return to Ottawa he will proceed on a trip over the canal.

NEW GLASGOW'S PRIGLSONS

(New Glasgow Chronicle)

Angus McLaughlin, Hugh McDougall, Donald McMillan, John Dan Brown and James Power got home from Pictou on Wednesday where they had been serving sentences of thirty days for vagrancy, in their several or united cases being a disinclination to work and an insatiable desire for rum. Another man is Dan McDonald, in the same class, who was at large on suspended sentence for burglary.

These all got together in an empty railway car near the station early yesterday morning, after having garnered a supply of booze to celebrate the return of the bunch of prigs from the king's boarding house at Pictou. By the way, the boarders at that hotel from New Glasgow, when they get home, complain of the catering and serving of food. They declare that they like oatmeal porridge and molasses, but they do not like to have it served on a plate with a piece of boiled salt herring on the side of the plate in conjunction with the molasses.

They say the herring with potatoes is well enough in a way, though not to compare with rump steak or roast lamb, but the porridge is not made more palatable by the companionship of the herring. They are quite fastidious in their tastes. For as huns they have the run of the land, where no bulldogs are kept.

However, when this bunch arrived home on Wednesday there were no rich fathers worrying over the husks the lads ate in Pictou, indeed it looked as if the thought that bread and water with a good hickory and with each morning as an appetizer would be the proper cup with the wandering prigs, so the latter gathered in some raiment, covered some fatness, and in the form of crackers and booze and betook themselves to the empty car to celebrate their return. Through the night they got noisy, for as usual, when the wine was in the wit was out, so their "elder brother" in the prison cell, of the policemen was annoyed and went over to order them home.

All of them, except the redoubtable John Dan, resented that discretion was the better part of valour, and so they were not so inclined to argue. John Dan was inclined to argue, and the policeman collared him, shook him vigorously, and walked him to jail. On the way down the others of the gang attacked the policeman with rocks, but for fear they would wound their beloved playmate and late associate in the King's boarding house, John Dan, they had to fire wide, or overhead, the latter in the hope that as the policeman was tall the rocks might hit him on the head and not go low enough to reach John Dan, but no damage was done.

When the cortege reached the jail John Dan in the expectation that his friends would rush in, put up a scrap, but an open handed slap on the side of the head settled him and he was put in a cell. The policeman then gave chase to the others, caught two of them and put them in jail with John Dan. Next morning the rest of the gang was rounded up.

These men are incorrigible and they must either learn to behave or something else will happen them. It is hard to know what to do with them. Sentences in jail have no terrors for them, the only inconvenience being that the board in Pictou is a little too hasty to suit their fastidious tastes. It is hoped that the law applied for to the legislature will be granted so that they may be put to work on the streets or in a girted cage breaking stones in the minds. If working on the street, and they run away, it will be a penitentiary job for them. They are a strong and able bodied lot, and this year, when there is no money on the streets, those lads, if the law passes, can keep the mud scraped off in some raiment, covered some fatness, and in the form of crackers and booze and

WILL BE BIG POWER BOAT FLEET HERE

New Ones That Are Being Added to Lists of Two Clubs

PREPARE FOR SUMMER

Members of St. John Power Boat Club and R. K. Y. C. at Work - Names of Owners of New Speed and Pleasure Craft

Encouraged by the fine weather of the last few days many of the owners of launches among the members of the St. John Power Boat Club have begun the repairing, cleaning, scraping and painting, necessary before their craft can be placed in commission for the balmy days of summer on the river. Already some of the boats have been repaired and are in the snug little harbor in Marble Cove, the club's headquarters. The harbor has been divided so that there is much more space for boats and berths than was the case last year, and the accommodations provided for the mooring of the craft have been vastly increased and improved, and other changes of interest have been made so that the members have new up-to-date arrangements for launching, mooring or buying their craft, caring for them and supplying gasoline from a large tank placed in position near the water's edge.

The members of the club are looking forward to a very successful season, and there is every indication that their expectations will be verified. There has been much talk of new boats being added to the already large fleet and one closely in touch with the matter said yesterday that he thought there would be at least 100 or 170 motor launches flying the pennant of the club, which would mean an addition of about forty or fifty. This for a young organization, is certainly prosperous.

Those who are adding their names to the list of boats are: Fred Cousens, who has just completed their craft and many will be launched next week and in a few days the "Saguenay" will have another boat. Other members who will be numbered in the fleet for this year will include W. C. Wright, Douglas Woodley, W. F. White, R. S. Willett, H. J. Smith, J. H. Taylor, T. E. Ryder, Northrup, Reid Dunham, T. E. Ryder, W. B. Jones, George Hartshorn, J. W. Griffiths, F. H. Haslam, and H. W. Dalton.

THE R. K. Y. C.

With the members of the Royal New Brunswick Yacht Club, Millidgeville is now the chief centre of attraction and will be from the present until the passing of the season of "Happy Days," and the coming of the fall. The club has a fine fleet of boats, and the placing of their craft in winter quarters again. Just now, however, that time seems a long way off, and the boys are not thinking about it, but are busily engaged with hammer, chisel and brush in renovating their craft for the summer months. The season promises to be an active one and every preparation is being made to have the boats in the water as early as possible. They are for the most part still in the yard near the clubhouse, and the annual spring treatments, but most of them will be in the harbor in a week or two. The "Rose" and "Plover" are the only boats in the water already being placed in the water.

The grounds about the clubhouse are being improved and up-to-date equipment is being installed for the benefit of the members. A large modern gasoline tank has been sunk near the water's edge, and pipes laid to connect with the power craft at the boats and this will be a distinct time-saver and convenience to all those sailing the peninsula with the "chug-chug" species. It is expected that many new motor boats will be added to the fleet of power craft registered with the R. K. Y. C. this year, but at present it is difficult to secure the names of the new owners, though there will certainly be some.

Many of the sail craft are installing auxiliary engines this year in addition to the other work of repairs. The "Winnipeg" had an auxiliary motor last year, while this year among the others to install the "gas" will be Frank Lively's "Louisiana" and Fred Heals' "Canada". The new yawl rigged "Jennie" which Arthur Lively purchased in New York is expected to arrive in St. John in a few days, and will be taken to Millidgeville to join the fleet of the R. K. Y. C. The new yacht is described as a fine sailer and a tidy craft. She is fifty feet overall, twelve feet beam, and is equipped with an auxiliary engine.

It is hardly exaggerating to say that aquatic sport and recreation will boom about St. John this year as never before, and the owners of the boats with the members of the crews are but awaiting the refreshing days of summer to make a beginning in the 1912 season of "Happy Days."

SPRING REMINDERS OF RHEUMATISM

Raw, Damp Weather Starts the Pain, but the Trouble Lies in the Blood

Spring weather is bad for rheumatic sufferers. The changes from mild to cold, the raw, damp winds start the aches and twinges, or in the more extreme cases, the tortures of the trouble going. But it must be borne in mind that it is not the weather that causes rheumatism. The trouble is rooted in the blood—the changeable weather merely starts the pains. The only way to reach the trouble and to cure it is through the blood. The poisonous rheumatic acids must be driven out. Liniments and rubbing may give temporary relief, but cannot possibly cure the trouble. The sufferer is only wasting time and money with this kind of treatment and all the time the trouble is becoming more deeply rooted—harder to cure. There is just one speedy cure for rheumatism—Dr. Williams' Pink Pills. They are directly on the impure, acid-tainted blood. They purify and strengthen it and thus root out the cause of the rheumatism. Here is strong proof of the above statements. Mrs. Robert Luffman, Midland, Ont., says: "About three years ago my grandson, Robert Luffman, was attacked with inflammatory rheumatism. He became so bad he could only walk when someone helped him about. One arm he had to carry in a sling, and we felt sure he would be a cripple for life. The trouble also affected his heart. The doctor said his blood was turning to water and we had little hope for his recovery. The medicine the doctor gave him did not do more than soothe the pain a little, then he would be as bad as ever. On a former occasion Dr. Williams' Pink Pills had cured my daughter of rheumatism, and we finally decided to try them in Robert's case. After the use of three or four boxes there was a slight improvement and he continued taking the Pills until he had used 12 boxes when the trouble had completely disappeared, and he has not been afflicted with it since."

Sold by all medicine dealers or by mail at 50 cents a box or six boxes for \$2.50. From The Dr. Williams' Medicine Co., Brockville, Ont.

LOGIC

A professor of logic, who was not particularly lucid in his deductions, was on one occasion endeavoring to substantiate that "an article remains the same notwithstanding the substitution of some of its parts."

A young student held up his knife and enquired: "Suppose I should lose the blade of this knife, and should get another one made and inserted in its place, would it be the same knife as it was before?"

"To be sure," replied the professor. "Well, then," the student went on "suppose I should lose the handle and get another would it be the same knife still?"

"Of course," the professor again replied. "But if somebody should find the old blade and the old handle and should put them together, what knife would that be?"

"The professor's answer is not recorded."

Kellogg's is the flaked sweet hearts of the finest corn that grows.
Such corn, of course, costs us more to use. Its product, however, costs you no more than ordinary cereals do. But think how much it adds to your enjoyment of the flavor.

Kellogg's TOASTED CORN FLAKES

is reassuring. Last year all Canadian steel producers felt keenly the cut rates they had to meet from the United States, where the trade was at low ebb. The next annual statements in this company ought to reflect in no measure way the turning of the tide. Prices in the United States are slowly but steadily advancing and the clearing up of the clouded political situation will no doubt see further improvement.

With an abatement of rate cutting, leaving out of account altogether possible tariff treatment, steel companies ought to do much better this year. It may be a little early yet to discount this, but it will come in due course.

To those who fear that R. & O. will miss its customary pre-emption opening rise, it may be pointed out that there is yet time, if precedents count for anything. In 1901 the rise did not materialize until June, and in 1908 it came in May. In 1907 and 1910 on the other hand, there was no rise at all. If history is to repeat itself it will be interesting to watch which of three expedients will be followed.

Montreal, April 27.—The buying of iron in London in the last few days is going to strengthen the likelihood of a rise in the stock. It will greatly reduce floating supply of stock here, and think it is a purchase on all reactions. Statement showed 9.37 earned last year.

RECENT DEATHS

Word in Halifax tells of the sudden death of Mrs. John Farquharson, in Edmonton on Wednesday. She has been on a visit to her son for the last six months. She is survived by one son, Dr. W. G. Farquharson, at present in Edmonton, and Mrs. R. A. Stewart, of Rockingham. Mrs. Farquharson was very well known by her interest in the work of the Young Women's Association and also the Young Girls' Home.

Mrs. Blise Patterson of Midgie is dead. She was a daughter of Mr. and Mrs. John N. Hicks, of Midgie, and besides her husband leaves three sisters and three brothers, all of Midgie. She was about 27 years old.

Mrs. Jane Robinson, mother of Albert and Burwash Robinson of Middle Sackville, died there on Wednesday morning.

The death of Mrs. Matthias Street occurred at her home in Piquette, late on April 24. Mrs. Street (Hartley) Street was forty-nine years of age. She is survived by two sons, Gabriel of Bath, N. B., and Alexander of Bangor; three daughters, Mrs. Parks of Woodstock, N. B., Mrs. Hartley of Bangor, Mrs. Farley of Bridgewater, and one brother, Estey Hartley of Bridgewater.

The death of Mrs. Hannah, wife of Octavious McIsaac of Bangor, occurred on Thursday at the age of sixty years. She is survived by two sons, Gabriel of Bath, N. B., and Alexander of Bangor; three daughters, Mrs. Michael Crane, Bath, N. B.; Mrs. Daniel J. Connors, and Miss Mary McIsaac of Bangor, and her husband.

Mr. and Mrs. H. C. Schofield have gone to Hartford (Conn.), where they will spend a couple of weeks.

REAL ESTATE NEWS

A very attractive residential sub-division is being laid out, under the name of Carleton Place, on Lansester Heights overlooking the river. The property has a good frontage on Prince street extension and runs back towards the river with sufficient slope to give good drainage. The location, with a splendid view of the river, the bridge, the harbor and the city, makes the location attractive and the improvements which are to be made to the property will add materially to its attractions.

Allison & Thomas, the owners of the property, announces that they are planning to do everything that is necessary to make the lots ready for the best type of residences with all modern conveniences. Through the middle of the property from the street to the river runs a broad avenue which will be bordered in a manner similar to Germain street with gravel road, concrete sidewalk and curb and ornamental grass plots and trees. This avenue leads to the river front where a stretch of land has been reserved for use in connection with the residences. The approach to the property will be through a dignified entrance with artistic gate posts and access is given to all lots from the rear by means of twelve foot lanes. Electric lights will be installed at the entrance and water and sewerage facilities will be laid throughout the property.

The lots are thirty five and forty feet in width and of good depth. They will be sold under restrictions which will guarantee purchasers that their property will not be depreciated in value through the erection of undesirable buildings in the vicinity. The property now has double street car tracks passing it and when the bridge is built it will be on the main line within a few minutes run of the city. The lots will be placed on the market next week.

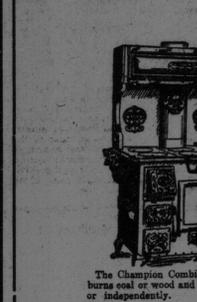

DALHOUSIE FORWARD MOVEMENT
Halifax Chronicle.—The encouraging outlook for a greater and more dignified home for Dalhousie was outlined yesterday at the annual Convocation of Dalhousie University held in the Academy of Music. "Halifax has not disappointed us," said Mr. Campbell. "In ten days we received promises of support amounting to \$1,000. There is every reason to believe that with an organized campaign in operation the \$400,000 needed to build up the future home of Dalhousie would be acquired."

JOHN MCCONNELL
The death of John McConnell took place at the residence of his son, John McConnell, Jr., 112 British street yesterday. He leaves one son, John and one daughter, Mrs. Edward Ross, both of this city.

LOCAL TREATMENT FOR WOMEN'S DISORDERS

The health we enjoy depends very largely upon the blood circulating in our bodies. In other words, if we have perfect circulation we will have perfect health.

There is a constant wearing out of the tissues in every part of the body. The blood flowing through the veins carries off this waste or dead matter, while the blood coming from the heart, through the arteries, brings the fresh new living tissue, the essence of the food we have digested, to replace what has been carried off.

This constant wearing out and expelling of the dead matter and the replacing of it with new matter, atom by atom, goes on day and night, until at about 7 years a complete change has been effected. Thus every man and woman has an entirely different body in every particle of it from what he or she had 7 years before.

It sometimes happens, however, from a variety of causes, that the blood becomes congested in certain portions of the body. This means that the blood vessels in these parts become weakened, and the circulation in that portion of the body becomes stopped and stagnant. The consequence is that the dead matter in that part of the body is not properly carried away and that but little of the new, vital matter is introduced there to build up and strengthen the tissues and nerves.

This condition invariably exists in all cases of female disorders. The dead matter retained in the circulation, which should have been expelled, causes irritation and inflammation of the delicate membrane and oppresses the nerve centres. This condition is the cause of the nervous physical and mental suffering which accompanies female troubles.

To obtain relief it is evident that the first thing to be done is to get rid of the dead matter which is being held in the circulation. If this dead matter is allowed to remain there a special kind of blood purifying will result and nature will endeavor to get rid of it by forming ulcers, tumors, etc.

The above explanation will also show why ORANGE LILY is so successful in curing this condition. It is a local treatment, and is applied direct to the affected organs. Its curative elements are absorbed into the congested tissues, and from the very start the dead matter begins to be discharged. A feeling of immense relief, both mental and physical, accompanies it, and the improvements are constant and positive. This feature of the expelling of the dead matter is always present to a greater or less extent, and in some cases it is so marked as to be alarming.

The case described in the following letter is a not exceptional one, and represents the case described in the following letter. I have suffered for 12 years, for my health restored by your wonderful remedy. I have suffered for 12 years, but not so had until a year ago. Then I was a doctor, who told me I had a tumor, and could live no more than a year. If I had a doctor, who told me I had a tumor, and could live no more than a year. If I had a doctor, who told me I had a tumor, and could live no more than a year.

ORANGE LILY is a positive, scientific remedy for all disorders of the female functions. As explained above, these troubles are of local origin, and require local treatment. It is just as simple to take medicine internally for female troubles as it would be to take medicine internally for a headache, or to use a toothbrush on both an ulcerated tooth. In all these cases some form of local treatment is retained, and the cure is effected by employing local methods.

ORANGE LILY has antiseptic, astringent, healing properties, and also tones up and invigorates blood generally. It is a simple, safe, and reliable remedy, and is the only one that I hereby make the following:

FREE TRIAL OFFER. I will send, without charge, to every woman who suffers in any way from any of the troubles peculiar to women, if she will send me her address, enough of ORANGE LILY to try for ten days. In most cases this local treatment is all that is necessary to effect a complete cure, and in every instance it will give very noticeable relief. If you desire to take advantage of this offer and get cured in the privacy of your own home, send me your name and address to my care, Address Mrs. FRANCIS E. CURRAN, Windsor, Ont.

WONDERFUL CURE FOR SILVER MARK WITHOUT RUBBING

WANT THE ROSS RIFLE AT THE BISLEY MEET

Exclusion Would Mean Dissatisfaction of British Marksmen—They Want to Use It

(Times' Special Correspondence)

London, April 16.—If the feelings of British marksmen who competed at Bisley were to be consulted there is no doubt that the offer of Ross rifles made by Colonel Sam Hughes would be instantly accepted. There is undoubtedly a growing feeling that the N. R. A. would do well not to feign the acceptance of the Canadian offer with too many conditions.

A well-known shot pointed out the other day, numbers of marksmen are desirous of presenting a petition to the National Rifle Association urging it to allow the advantages afforded by the dominion's offer to be enjoyed.

"We really anticipate a decrease in the number of Bisley competitors if the offer is not taken up," he said. "On the other hand, we are free to raise a number of new men would find it possible to compete at the national meeting, and that on even terms."

"For half a century, the unrestricted use of rifles has been allowed by the National Rifle Association, and just at the moment when there is a general acknowledgement of the superiority of the Ross rifle over the Lee-Enfield, it seems deplorable that home marksmen should have no chance of availing themselves of so general an offer."

"The war office and the National Rifle Association do not seem to be moving in the matter, so I think that the association might write independently to Canada stating their requirements. This a good deal of time would be saved in the event of the National Rifle Association making changes in the regulations, which are the conditions of the offer."

DRUNKENNESS CAN BE CURED

Old Fallacy That Drunkenness Cannot Be Cured—Explored

Many men drink who desire to stop the habit. While, however, the medical profession has condemned and created a craving that is not to be denied, and the man must have a remedy or something that will remove the craving and build up the system and restore the nerves.

Samaria Pharmacy, along the craving, steadies the nerves, builds up the general health and makes drink actually distasteful and nauseous. It is tasteless, and odorless, and can be given with or without the patient's knowledge, in tea, coffee or food. It is used especially by physicians and hospitals. It has cured thousands in Canada, and restored happiness to hundreds of homes.

Read what Mrs. G. of Hall says of it and what it did for her: "It is the best remedy I have used since I started to use your remedy. I followed the directions and had the best of results. One week after I started using your remedy the patient stopped drinking and has not drunk a glass of liquor since. I hope you will accept my hearty thanks. Hoping God will bless your remedy wherever tried. I remain, yours, MRS. G. of Hall, Que."

(Name withheld by request.) Now, if there is anyone in your town who needs this remedy take them of it. Practical philanthropy can take no better form. If you have a husband, father, brother or friend who drinks, help them help themselves.

A FREE TRIAL PACKAGE of Samaria with booklet giving full particulars, directions, testimonials, price, etc., will be sent in a plain sealed package to anyone mentioning this paper. Correspondence sacredly confidential. The trial package alone has often cured. Write today. The Samaria Remedy Company, Dept. 59, 49 Colborne street, Toronto, Canada. Wagon 10-10 King street.

INSURANCE CONGRESS IN LONDON

London, April 27.—An international congress of insurance brokers' agents will be held here from June 3 to 8th when it is expected Canada, in common with the other dominions, will be represented.

France, Germany, the United States, will send representatives. Among the subjects to be discussed are the advantages of international co-operation; state monopoly of insurance; fire insurance at home and abroad; life insurance; accident and casualty insurance; and the training of insurance brokers.

The social arrangements include a visit to Windsor Castle, and a reception by the lord mayor at Lloyd's.

Coming to Opera House

The thousands of patrons of Kinemacolor who saw the wonderful series of the coronation in the Opera House in the early part of this season no doubt will welcome the opportunity to see the new wonders of this remarkable invention in the coming engagement of the Durbars in Kinemacolor, at the Opera House all next week, beginning Monday evening, April 29, with daily matinees starting Tuesday.

This has created wonder throughout the civilized world. The Durbars is now playing to regular Broadway theatre prices at the Garden Theatre, New York, and doing the most remarkable business ever known in New York theatres. Notwithstanding the fact that elsewhere these pictures are playing to \$150 prices the local managers have secured this attraction for St. John at nominal prices, 15 and 25 cents for matinees with 12, 25, 50 and 60 cents for the evening performances.

At the urgent request of F. G. Spencer the Kinemacolor management will bring Sidney Hollingsworth, the noted English traveler and lecturer, here for this evening's concert from the Garden Theatre, New York.

CANADIANS IN POLITICS IN OLD LAND

Some Irritation Said to Be Caused by Their Increasing Number—A Winnipeg Protest

(Times' Special Correspondence)

London, April 16.—The cordial reception given to Canadians at the political headquarters of the Unionist party here is a source of irritation to some Englishmen in Canada who deplore the ready acceptance in London of Canadians who have domiciled themselves in England after doing little to make themselves beloved in their native land.

Several of these men are understood to have offered themselves at the headquarters of the Unionist party as parliamentary candidates.

Steel Maitland, the chief Unionist whip, is said to have recently received a protest from Englishmen in Winnipeg against Canadians of this type being recommended as candidates, and to have been told that, if these suggestions are adopted, manifestos of protest, signed by representative Britishers in the country west of the Great Lakes, with some biographical details will be scattered broadcast in the constituencies for which these Canadians are anxious to be elected.

This may be true of a few, but it is without doubt that several Canadians have been requested to contest seats here and have either declined, or delayed their decision.

"Westminster offers many attractions to a Canadian, but there are disadvantages stated in the newspapers which are not so generally understood. There is not, I think, any anxiety on the part of men from the dominion to contest seats here. On the other hand it is true that they are welcomed for their political qualities. They are born fighters and they sometimes introduce a much needed flip to electioneering. No man gives such instant recognition to fighting qualities as the Britisher."

A GOOD REMEDY FOR LITTLE ONES

Baby's Own Tablets are the best medicine a mother can give her little ones. They are absolutely safe, being guaranteed by a constitution analyst to contain no opiates or other harmful drugs. They cure constipation and indigestion, expel worms, make teething easy, in fact cure all the minor ills of little ones. Concerning them Mrs. Murray Marshall, Zephyr, Ont., says: "I have used Baby's Own Tablets for my children and always with the best of results. I can recommend them as a good remedy for little ones to every mother." The Tablets are sold by medicine dealers or by mail at 25 cents a box from The Dr. Williams' Medicine Co., Brockville, Ont.

MEN, REGAIN THE VIGOR OF YOUTH WEAR MY BELT UNTIL YOU ARE CURED—THEN PAY ME MY PRICE

You can talk with men and women who have been cured by my treatment, and whose words considering I might preach for years in my efforts to gather converts to my way of curing disease and nobody would pay any attention to my arguments; but I tell you I have cured your neighbor, Mr. Walker, or your old friend, Mr. Williams, and you can go and ask them about me, and they will tell you I have cured them, then I have given you proof and you know that I can do all I claim. Credit Forks, Ont., Jan. 11, 1912.

M. F. McLaughlin: Dear Sir—I feel it is my duty to write you as to the benefits received by the use of your Belt. I had been a sufferer of Rheumatism for the past fifteen years, and in that time I have lost an average of two months every year, and not only time lost, but what I had to suffer. I had tried many doctors, but their medicine had no effect on me at all. After two weeks' use of your Belt, I have felt no more signs of Rheumatism, and that is about three months ago. I am still using the Belt, as I think it is a good thing for other ailments, as well as Rheumatism, and I don't think it can be beaten. I will gladly recommend your Belt to any sufferer as I was. You can use this letter if you wish, as I am sure your Belt will do all you claim for it, and more. With very best wishes for your success, I remain, respectfully yours, H. Downie.

To those whose vitality is exhausted and who find themselves, young in years, broken down wrecks of what they ought to be, the Dr. McLaughlin Electric Belt is full of encouragement. It is the success of the age in elevating the condition of those suffering from a loss of vitality.

WHEN YOU ARE CURED, PAY ME That is my offer. You take my latest improved appliance, use it in my way for three months, and if it does not cure you need not pay me. My only condition is that you secure me, so that I will get my money when you are cured. Are you a weak person? Are you nervous, fretful and gloomy? Is your sleep broken? Have you pains and aches in different parts of your body? Is your back weak and painful? Have you lost the vigor of youth? Are you Rheumatic or Gouty? Have you any Varicose? Does your back ache? These are the results of the waste of vital force. The gentle stream of Electricity from

Dr. McLaughlin's Electric Belt

going into the nerves and weak parts for hours every night soon places all energy and makes every organ perfect. It cures permanently in every case. It is worn while you sleep, and pours a steady stream of electricity into the nerve centre, saturating the weakened tissues and organs with its life. This is strength. From it come the vim, the energy, the fire of perfect physical and mental action. It renews health and happiness. My Belt, with special Electrical attachment, will restore your vigor. It will check all loss of vitality and affect every organ of the body. It cures Nervous Debility, Varicose, Rheumatism, Lame Back, Lumbago, Sciatica, any case of Kidney Disease that has not gone as far as Bright's Disease, Stomach Trouble, Constipation.

ODDFELLOWS OBSERVE 93RD ANNIVERSARY

The 93rd anniversary of the founding of the Order of Oddfellows was observed by a banquet held in Bond's restaurant last night in which the five city lodges joined. Hon. J. V. Ellis, the sole surviving charter member of Pioneer Lodge, was the guest of honor.

Speeches were delivered by the chairman, Frank Griffith, Senator Ellis, R. B. Emerson, Dr. James Christie, Dr. A. D. Smith, W. F. Hatheway, M. P. J. E. Wilson, M. P. P., Mayor Frink, Rev. G. A. Ross, H. E. Colner, E. J. Neve and others. Wm. Layton and Joseph Murdoch were heard in vocal solos, H. V. McKinnon acting as accompanist.

ASSOCIATED CHARITIES The office of the Associated Charities has been removed from 118 Charlotte street to the Bishop's Block, corner of Union and Brussels street, upstairs.

AMUSEMENTS FOR OURSELVES AND OTHERS THE GEM

The week-end programme at the Gem Theatre as shown yesterday gave much pleasure to the patrons of the house. A feature that delighted more particularly than the others was a pretty Vitagraph romance with Leo Delaney in the leading role, "Love Finds a Way." An eloquent playlet on a hand-car figure as the basis of the playlet. A winsome maiden declines to be forced into marriage with her father's choice and she and her sweetheart decided to elope. The outcome is one of the most refreshing playlets the Vitagraph people have issued for some time. "The Troubadour," is a Pathé film art of exceptional attractiveness, presenting a strong dramatic narrative capably enacted, while the Essany company contribute the comedy in "The Bitter Bitten," a breezy western story, and "Curiosity," a domestic fun-producer. Miss Burnett sang a new illustrated song very acceptably, and the orchestra was heard in late popular and classic selections.

FAREWELL SERMONS OF REV. MR. GATES TOMORROW

Montreal, April 27.—After a pastorate of six years, Rev. Doctor G. O. Gates of Westmont Baptist church will preach his farewell sermon tomorrow and will leave on Monday to take up residence in Toronto for some months. This severance of his connection with his church is due to physical inability to continue the work, chiefly failure of vocal powers.

Doctor Gates is president of the Grande Ligne Association and was formerly president of the Montreal Protestant Ministers' Association, also of the Quebec Sunday School Union. He is well known in the maritime provinces, where he now resides, having held pastorates there.

The C. P. R. liner Empress of Britain due here today, arrived at Halifax yesterday afternoon. On Wednesday last the big liner had a narrow escape from striking an iceberg.

WESTERN CANADA

Will Concentrate At

COQUITLAM

Pacific Supplementary Operating Terminus of the Canadian Pacific Railway, which has started to build there the largest railway terminals in Pacific America; also objective point for other great railway systems; deep water port and coming industrial and manufacturing centre

YOUR BIG OPPORTUNITY RENEWED

If you had bought lots on the business street of Vancouver years ago, you would now be worth a fortune. Lots which started at \$8 a foot and less are now worth \$4000 to \$5000 a foot. Dozens of people who had grand opportunities to get these lots when they were cheap and when Vancouver was small, now say: "If I had only bought a 25-foot lot I would now be worth \$100,000." The same thing might be said regarding Winnipeg, and in a lesser

degree Calgary, Edmonton, Saskatoon, Regina and half a dozen other places in Western Canada.

Let us tell you right here and now that YOU have these opportunities renewed — not in the innumerable townsites now on the market all over the country, because there can be only a few real metropolises, but in Coquitlam, which some conservative people say will have 50,000 people in five to 10 years.

WHAT WILL MAKE COQUITLAM?

First of all the mighty Canadian Pacific Railway, the greatest transportation system in Canada, will have at Coquitlam its great railway terminals. There is not one city or town in all Western Canada, started by the C. P. R., where initial investors have not made money. The railway will ultimately expend millions here and work has already commenced on a 48-stall round-house and the first terminal unit of 25 miles of yards. Nearly a thousand men are or are about to be employed.

Since the C. P. R., less than a year ago, decided to establish at Coquitlam yards and other facilities which would do for all time, other great transportation systems have had their eyes on Coquitlam. Ask any railway man, any shipper, any business man, what the advent of a competitive railway system means to a place. They will tell you that such incalculable advantages will accrue to that city in the shape of trackage,

car storage, freight rates, etc., all competitive, that manufacturers, wholesalers and all kinds of businesses will flock there bringing with them hundreds of employees. This is exactly what is happening at Coquitlam.

Coquitlam will be the front door to Canada, in its relation to the shipment of grain and a hundred and one other commodities into and out of the country. It has been estimated by railway officials that the three Canadian roads will ship one hundred million bushels of wheat each to the European markets via the Pacific and the Panama canal the first year the canal is ready for business. To a thinking man this one item of grain alone is wonderful, but when all the commodities which depart from and enter Canada are included the effect is staggering.

It is, perhaps, not generally known that the continent of Asia alone contains nearly one-half of the whole world's population. The Oriental races are just now waking up rather suddenly to

Western civilization and all that it implies. That means a large increase in Pacific commerce. Vancouver and Coquitlam are on the short route. That is another reason why the C. P. R., with big, far-sighted men at its head, is building the Coquitlam terminals.

In this age of electricity any city which aspires to be a real metropolis, as Coquitlam does, must have cheap power to drive the wheels of great industries. The power lines of two competitive power and light companies are there now, and both will not only furnish electric power and light at low rates, but will also build tram lines, connecting Coquitlam with Vancouver and the whole Vancouver Metropolitan District and the Fraser Valley. Being a deep-water port easy of access to the coal mines on Vancouver Island and other places, Coquitlam will also get coal at rock-bottom prices. Important new discoveries of coal have been made near Coquitlam.

THE PITT RIVER HARBOR

The Canadian Pacific has acquired extensive waterfrontage on the Pitt River, which at Coquitlam averages 30 feet deep at low tide and is only twenty miles from the Pacific. This acquisition is significant in view of the fact that the Panama canal will be ready for traffic in two years. It is said to be the plan of the railway to build at Coquitlam terminal grain elevators, to handle the millions of bushels of grain which the prairie provinces will ship westward. It is conceded that most of the grain exported from Alberta and Saskatchewan will go to the world's markets via the Pacific when the Panama is completed.

SOME LATE DEVELOPMENTS

Almost every day big things are announced for Coquitlam. Its transformation from a forlorn junction point to an embryonic metropolis inside of a short six months has been so rapid as to surprise even the most sanguine enthusiasts, among them ourselves.

Among the new enterprises are the Brown-McKay lumber mill which employs forty men at the start; two other lumber mills, a large hotel; an industrial trunk line railway (the finest trackage layout in Western Canada) to be built by ourselves at a cost of \$30,000. One hundred buildings have recently been completed or are now in course of erection. There are twenty residences in one small part of the townsite that have been erected within six months.

Coquitlam is so situated in relation to the whole of Western Canada, the province of British Columbia, now on the eve of an era of unprecedented development and prosperity, and the Vancouver Metropolitan District, that it must and will become a big city.

As we said before, you have thrust in front of your face the Winnipeg, Calgary, Vancouver opportunity of a few years ago. Thousands of others are realizing this fact. If YOU realize it don't lay this paper away till you have filled in and torn out the coupon. Mail it to us today, and if you want further information write us an accompanying letter. But sign the coupon anyway before prices advance—it costs you nothing to learn fully about this wonderful opportunity.

Diamond Sparkles

Joe Delahanty has reported to the Clevelanders of the United States League. The National Baseball Commission has decided in favor of G. Zacher, who has been the subject of negotiations between the St. Louis National League Club and the Montreal Club, of the International League, holding that title to his services continue in the St. Louis Club until he is formally released, and that St. Louis must settle for his salary until that time. After losing six straight games, the Highlanders won their first game of the 1912 season by shutting out the world's champion Athletics by a score of 3 to 0. Vaughn, the crack left-hander of the Highlanders, held the Philadelphia team to four hits, three of which were made by McInnis. Morgan was almost as effective as his opponent, but got off to a poor start, the Highlanders filling the bases in the first inning, with none out, on scratch hits by Daniels, Coleman and Chase. Morgan hit Simmons, walking in Daniels, while infield out scored Coleman and Chase. "Bill" Byers, who has played with the Orioles twelve years, has joined the Trenton team. Byers will be the mainstay of the catching department of the Trenton Club this season, just as Doc Kerr was last year. The Chicago Cubs have signed Pitcher Maroney, a left-hander, released by Detroit. Maroney once pitched for the Phillies. He worked in the New York state league last season.

The Turf

The horse races which were to have been held in Fredericton during July have been called off, the classes having failed to fill. Racing at Epson. There was a small attendance at the opening of the Epson spring meeting on Tuesday. The Westminster Plate for two-year-olds at five furlongs was won by J. F. Montague's Palotta by three lengths. F. Buchman's Ballyshen, second; Sir Abe Bailey's Excellence, third. The Great Metropolitan Stakes, of \$5,000 at two and a half miles, was won by Sir Peter Walker's Accentuate by three lengths; A. Stedall's Victory, second, and T. P. Pully's Hisman, third. The Great Surrey Handicap, of \$2,500, at five furlongs, was won by H. Rhoads's Great Surpass, by a length; 'Red' Joe's Poor Boy, second, and W. A. Thornton's Master Hopson, third. McFarland Beat Wells. New York, April 26—Packer McFarland was introduced tonight at Madison Square Garden as Chicago's fighting Irishman, administered a severe drubbing to England's lightweight champion, Matt Wells. The men went ten rounds at the Garden Athletic Club and while McFarland was a ten to seven favorite, nobody thought that his task would be so easy. Wells was a decided disappointment, the Englishman's much heralded cleverness was not in evidence after the opening round. McFarland at all stages of the game was cool and collected, while Wells lost his head early in the game. Packer jabbed, swung and uppercut his man at will from the opening of the second round till the final clang of the bell ending the tenth round, and Wells made frantic efforts to land a telling blow, but Packer invariably made him miss by clever side-stepping and ducking.

HARD ON THE JURY.

The scene was in a municipal court. The attorney for the plaintiff was setting forth the facts in the case in an eloquent manner, while the jury was listening attentively. The defendant, a farmer, was accused of stealing twenty-four pigs from his neighbor. His defence was that the pigs had wandered into his land and therefore he longed to him. But the outlook seemed bad for him, especially because of the impressive manner in which the plaintiff's attorney was painting the case against him. "Think of it, gentlemen," said the attorney, pointing to the poor, trembling farmer. "He stole twenty-four hogs twenty-four—think of it, twice as many as there are in this jury."

MITCHELL IS FIELD LEADER OF HIS TEAM

Buffalo, April 27—Big Fred Mitchell, ex-Hueter, and one of the cleverest backstops that ever donned mask and protector in the International League has been appointed to act as field leader during the campaign of 1912. His experience, covering a period of eleven years as pitcher and catcher in major and minor league circles, indicates that his chief has made another strategic move in naming a player who has an opportunity of studying the weakness and strength of alien defences and offence from the two most important positions on a baseball club. Mitchell is not a dashing, spectacular artist, but a steady, consistent player, who is working just as hard in the face of defeat as when victory is assured. His unerring good judgment at all stages of the conflict, plodding good humor despite "homehead" plays and willingness to bear the brunt of attack gives him a solid reputation.

"I can highly recommend Lydia E. Pinkham's Vegetable Compound to any suffering woman. I have taken it for female weakness and painful menstruation and it cured me."—Mrs. DEWEES, BARBOUR, Harvey Bank, New Brunswick, Canada. Lydia E. Pinkham's Vegetable Compound, made from native roots and herbs, contains no narcotic or harmful drugs, and to-day holds the record of being the most successful remedy for female ills we know of, and thousands of voluntary testimonials on file in the Pinkham laboratory at Lynn, Mass., seem to prove this fact. Every suffering woman owes it to herself to give Lydia E. Pinkham's Vegetable Compound a trial. If you want special advice write to Lydia E. Pinkham Medicine Co. (confidential) Lynn, Mass. Your letter will be opened, read and answered by a woman and held in strict confidence.

HAD A BOOK.

A book agent tells the following story: "I called on a farmer in a poor community and began showing my books. He listened with interest, but when I had finished the first lap of my speech said that he couldn't read. Of course, that put new light on the matter, but I didn't give up, for we meet many customers who can't read. I told him of the great help it would be to his children and his wife, and he still was interested. 'I thought I was making progress, but I wasn't. I had finished my speech with the usual peroration that is designed to make the customer enthusiastic and make him sign for the book—a thing few will do without considerable persuasion. Instead of taking the pencil, he said: 'This is a good book, all right, and all that! But I can't read. My daughter, she can read, but she has a book.'"

MARKET ROBBERY. There have been no arrests made in connection with a robbery reported to have taken place in the country market yesterday afternoon. William Larimore, an old man, said he was held up and robbed of a \$2 bill.

POET SPENCER'S BIRTHDAY. The venerable poet and journalist, H. L. Spencer, will be eighty-three years old tomorrow. Aside from the fondness of advancing years he is in fairly good health and takes a lively interest in general affairs. A short essay from his pen is printed in today's Times.

BACK FROM YARMOUTH. H. M. Davy returned last evening from Yarmouth where he has been superintending the work in preparation for the extensive improvements to the harbor entrance and channel which are to be carried out by the federal department of public works.

SIXTEEN DEATHS. At the board of health offices during the last week sixteen deaths were registered. From the following causes: pneumonia, tuberculosis, senile decay, two each; cancer, gastritis, asthma, meningitis, myocarditis, haematomata, heart disease, cometer staxia, pulmonary congestion, and carcinoma of heart, one each.

THE C. P. R. FARM. Fredrickson Mill—William Hingworth, late of Haswell, who has been appointed superintendent of the C. P. R. Illustration Farm at Fredrickson Junction is now at Macdonald College, Ste. Anne de Bellevue, P. Q. Mrs. Hingworth accompanies him. Before returning he will buy horses in Montreal for the C. P. R. Farm.

GETTING NEW INDUSTRIES. Fredrickson Mill—We want new industries but we will never get them until our own people prove their faith in the city by showing a willingness to invest their money in enterprises which give employment to labor and build up the town. We can scarcely expect outsiders to do things for us unless we show them that we are willing to co-operate heartily with them and assume a share of the risk.

LOSS ABOUT \$1,000. The loss in the fire in the York cotton mill a few nights ago has been adjusted at a little more than \$1,000. Few new ideas in the ware-room attached to the Cornwall mill early this morning, but it is thought that it was not of incendiary origin as was supposed to have been the case in the fire in the other mill. The damage was slight.

HIGH PRICES. With beans selling at a record price, the highest ever known on the local market, and with the cost of pork being remarkably advanced, beans being sold probably as appreciated as more of a treat than was formerly the case. Local wholesale dealers report that the market is very high, with a tendency to strengthen, and also that lard is bringing a record price at present. Sugar is weaker but not so much as firm.

ANNIVERSARY SOCIAL. The members of Havelock Lodge, No. 27, L. O. L., in their rooms in Charlotte street last evening, celebrated a very enjoyable social in observance of the 44th anniversary of the lodge. A large number were present with their wives or lady friends. Refreshments were served and a pleasant time spent. Worshipful Master F. Elliott presided. Those taking part in the programme were Fred A. Ramsay, Wesley McKel, F. Whalen, Geo. Nobles, E. Holder, T. J. Edmonds, and G. P. Coupe, who presided at the piano.

DEATH OF MISS NORTHRUP. The death of Matilda J., daughter of the late Daniel D. and Hannah Whitney Northrup, at Kingston, Kings county, was announced today. She is survived by her brothers, H. E., at home, and Isaac H., merchant of this city, and five sisters—Mrs. J. M. F. Whiting of St. John; Miss Ida A., domestic science teacher; Mrs. W. H. Frewelling, Somerville, Mass.; Mrs. John Marvin, Springfield; and Miss Louise of Philadelphia. The funeral will take place on Monday afternoon at two o'clock.

RECENT WEDDINGS. The marriage of Miss Yvonne of Sussex to Harvey Stokes of Middle Sackville was solemnized at the home of the groom on Wednesday evening. At the home of Mr. and Mrs. James Winter, Maryville, their daughter, Miss Edna, was united in marriage to William D. Rickard, of Gibson. Mr. Rickard is a brother of Dr. Rickard, pastor of a Methodist church in New York. Mr. and Mrs. Rickard left on a trip to Boston and other American cities and will reside at Maryville.

HIS LEG AMPUTATED. Yarmouth Times—Friends of Edward F. Parker, of Parker, Eakina Co., Ltd., will regret to learn that Dr. Murdoch Chisholm, of Halifax, who arrived here from Halifax on Saturday afternoon to consult with local physicians, was compelled to advise that in order to save Mr. Parker's life it was absolutely necessary to amputate the left leg, a few inches below the knee. The patient was conveyed to the new hospital on Sunday afternoon and in the presence of Dr. Parkin, the Halifax surgeon, took off the leg. Mr. Parker stood the operation well.

LOGS AND HERRING. A Port Eglis letter says: Not in the history of river driving of logs has it been so good as this spring. It is nearly completed now. Many of the men on the front of the drive have finished their work and gone, and it is expected that the tail of the drive will reach tide water tomorrow or Saturday. This is the shortest time in which the work of such a large drive has been done. Thus far the catch of herring has been literally nothing. The fishermen seem to think it is on account of the cold windy weather and are looking for large catches when the weather warms up a bit.

TROUBLE WHEN LADS WENT INTO LILY LAKE FOR SWIM

Their Boots Taken and Another Case Developed—Twenty Dollars Fine on Youth for Assaulting Meyer Cohen

The police court resembled somewhat a school room this morning during the proceedings of the juvenile court. No less than eight young offenders, ranging in age from seven up to eighteen, were brought before the court. The first two were Ronald Singer and Ronald Graham, two very young lads, who were charged with going to bathing at Lily Lake. They admitted it, but told the court that it was too cold for them to go in and they only "wet their feet." They had cleared. They were given a good lecture by His Honor and were sent below to the guard room.

Three other lads, Samuel Cook, John Cook and Robert Cook, the latter only seven years of age, were charged with throwing stones and using abusive language to Mrs. Perkins, at the pavilion in Rockwood Park. It appeared that these three, in company with the other two lads, went out to the park yesterday afternoon. The Singer and Graham lads went in for a swim and Mrs. Perkins took their boots. The three Cooks went to Mrs. Perkins for the boots and when she refused to hand them over they threw stones and called her names. Samuel Cook, at the chief offender, was fined \$8. His Honor told the other two boys to go, but later asked John why he did not attend school yesterday. "My mother kept me home," answered the youngster, "to gather coal." Mrs. Cook denied this and John was also sent below to the guard room.

Charles Kelley, Charles Smith and Samuel Lavigne, youngest older boys, were charged with assaulting Meyer Cohen in Clarence street on Sunday last. All three had guilty pleas. Cohen said that the boys had called him names and when he went back to talk to them they all three struck him and knocked him down. The boys were all fined \$20 or two months in jail. "This will teach you a lesson not to call anybody out of their name in future, or assault them," remarked His Honor.

BROTHER OF C.M. HAYS PASSES THROUGH ON WAY TO HALIFAX

Grand Trunk Officials Also in Late President's Car to Take His Body to Montreal

To those who have lost relatives or friends in the sinking of the Titanic, Halifax is for the time being a centre of interest and will be until the identification of the bodies to be brought tomorrow on the cable ship Mackay-Bennett has been completed. Meanwhile the suspense is kept up by those who wonder until they have ascertained definitely whether or not the body of father, husband, brother or other relative has been recovered and can be taken home for interment.

During the last few days more than 100 people have passed through the city to Halifax from various points, mostly American cities, and today there were others who came through the city for the same purpose. The private car "Canada," in which the late C. M. Hays, the president of the Grand Trunk, who is among the list of Titanic dead, was accustomed to make his trips of inspection, was brought to the city this morning attached to the Montreal express. In it were R. S. Logan, of Montreal, assistant general manager of the Grand Trunk, A. B. Atwater, of Detroit, and David Hays, brother of the deceased president. Mr. Logan, speaking to a Times reporter Mr. Logan said that the purpose of the trip was to bring back to Montreal the body of Mr. Hays, which, he said, they had had definite word, had been recovered.

Arriving on the Boston train was James Henry Smith of Dawson, Pa., who, accompanied by T. B. Coster of Boston, was also passing through to Halifax. He is, if possible, the body of his brother, Logan, who was among the victims of the wreck. They had had no authoritative information as to the finding of the body, but were in hopes that it had been picked up at sea among the 208 found by the Mackay-Bennett.

DOING GOOD WORK

Immigrants of the best kind is being stimulated by the secretary of the board of trade in a very practical manner. Since the inauguration of the Old Home Week campaign a large number of letters have been received from St. John men in all parts of Canada and from many parts of the United States who are anxious to return. Some seek information, which is readily given, and others, many of them with families to support, want something more definite with regard to the opportunities for employment.

In such cases, where it is at all practicable the secretary of the board has secured the promise of work for the applicants, employers in certain lines being glad of the opportunity to secure skilled men. This activity, although on a small scale, adds emphasis to the suggestion which has been made at various times for the establishment of a regular industrial bureau for this purpose.

SOPA AFIRE. While Mrs. Pys was out for a few minutes this morning about eleven o'clock, the little child of Mr. and Mrs. Fred Pys set fire to a sofa in their home in Somerset street, and when the flames began to devour the filling matter in the lounge much smoke filled the house. The fire was noticed in a few minutes after the youngster had touched the match. The sofa was thrown outdoors and the fire department soon put an end to the blaze.
