## BELFAST GAVE ROYAL GUESTS BIG WELCOME

### King and Queen Complete Their Programme in Safety and Leave for Home.

### HUGE CROWDS BUT NO DISTURBANCE

### Queen Was Pale and Nervous All Through the Ceremonies of the Day.

Belfast, June 22.—The opening of the Northern Parliament today by the King, who was accompanied by Queen Mary, was carried out with all the pageantry and ceremony with which formal actions of British Sovereigns are surrounded. The King himself wore the uniform of an admiral, with the blue sash of the Order of the Garter across his breast, while the Queen, who looked extremely pale and nervous, was in white satin, without any insignia of her rank, but a string of pearls was about her neck and large clusters of diamonds and emeralds shone from her collar and brooch.

There were transparent uniforms of gold, who bore banners as the royal couple arrived and various officers of state in naval, military and medieval uniforms. The Members of Parliament were in sombre morning dress, even the peers leaving aside their robes for the occasion. The women, who were in a majority in the Senate chamber, where the ceremony occurred, seemed to take an even keener interest in the proceedings than the men.

#### Real Modern Note

A real modern note was struck by the King's speech, which he read in a strong, clear voice, emphasizing the points which he wished to impress on the audience. His plea for peace and conciliation between the two branches of the Irish race fell on welcome ears, for in no part of Ireland is peace more desired than in Ulster, where business has suffered greatly by the strife throughout the country and by the Sinn Fein boycott of Ulster goods.

#### Toast in Silence

The luncheon which followed was held in a larger hall, and several hundred persons sat down. Contrary to expectations, Sir James Craig, the Ulster Premier, made no pronouncement in proposing the health of the King, and the King did not reply, the toast being received with military honors.

In his message to Premier Craig, the British Prime Minister, Mr. Lloyd George said:

"The Government of Ireland has put Ireland's future in the hands of its own people, provided only that Southern Ireland renounces its claim to secession from the Empire. The King and Queen re-embarked on the royal yacht shortly after four o'clock.

"I speak from a heart," said King George in his speech formally opening the Ulster parliament, "when I pray that my coming to Ireland today may prove to be the first step toward an end of strife among her people, whatever their race or creed."

Their Majesties, King George and Queen Mary, journeyed from England for the occasion on the tenth anniversary of their coronation, presided at the state opening of the Ulster parliament here today. It was the first time in nearly twenty years that Ulster had had an opportunity of receiving the Sovereigns of the British Empire, and its welcome helped to make the occasion a memorable one.

#### JAILED FOR LIFE.

Berlin, June 22.—Max Hoelz, the Saxon communist, was today sentenced to penal servitude for life, with loss of civil rights.

#### MERCURY UP TO 91 IN MONTREAL.

Montreal, June 22.—The highest temperature of the season, 91 degrees, was recorded today at the McGill Observatory. While this is a higher temperature than any recorded for last June, it is lower than the highest in June, 1919, when a temperature of 92.4 degrees was recorded on the fourth of that month.

## RAGS AND TATTERS LOT OF MONTREAL

### Social Worker Declares Conditions Indicate City in Throes of a Food and Clothes Famine

Montreal, June 22.—The fact that Montreal is presenting the aspect of rags and tatters such as is generally associated with old country slums in London, Manchester and Glasgow, was commented on today by Miss Lillian R. F. Barry, director of the Catholic Social Service Guild, in discussing the present unemployment situation and especially in relation to the disabled soldier. "From our observation," she said, "it looks as though Montreal were in the throes of a food and clothes famine." She cites a number of cases of great hardship incurred by families of disabled soldiers.

## SOVIET PLOT REVEALED TO SEIZE SHIPS

### Documents Captured Eighteen Months Ago Showed Russians' Plans.

### POLICE INFORMED U. S. GOVERNMENT

### Statement May Explain Mysterious Disappearance of Vessels on Atlantic Coast.

New York, June 22.—Plans for the seizure of United States vessels at sea and their diversion to Russian Soviet ports were revealed, New York police officials announced today, in documents seized a year and one half ago in a raid made by them on the headquarters of the United Russian Workers of the United States and Canada.

These documents, which are still in their possession, police officials say, explain the disappearance at sea of several United States vessels in the last few months.

Detective Sergeant James J. Regan, chief of the bomb squad, who made the raid, declared federal officials were notified of the seizure at the time, but that he did not know whether or not any action had been taken by them.

The plans, outlined in the documents, was to ship enough men on the vessels to be seized to overpower the rest of the crew at sea. The Russians were then to take charge of the vessels and to direct them to Soviet ports.

Several arrests were made at the time of the raid. Some of the persons taken into custody were deported as undesirable aliens, and the remainder were released.

## QUEBEC SEEKING CHEAPER LIQUOR

### Special Care Being Taken, Too, to Prevent Adulteration of Liquors.

Montreal, June 22.—The Quebec liquor commission intends doing all possible to reduce the price of liquor in the province. Hon. G. A. Simard, chairman of the commission, stated today. With this end in view a complete tabulation was now being made. The commission has also been experimenting with a burglar alarm system, with a view to protecting the establishments of licensed vendors against burglary.

Special care was being taken to protect the public against adulteration, Mr. Simard added, especially in regard to sacramental wines, where it was found that a good deal of fraud had been going on. Where there were indications that the liquors sold by the commission were being adulterated, the chairman said it would be necessary better if the commission were given discreet warning than it should be charged with being neglectful.

## COAL CONFERENCE SATURDAY

London, June 22.—The only development in the coal dispute today was the fixing of a joint conference for Saturday between the Miners' executive and various trade unions threatened with wage cuts. It is declared that this conference is for the purpose not of inducing other industries to join in a general strike, but rather with the hope of arranging financial assistance from the other trade unions to aid the threatened traders in continuing the political struggle.

## MAYOR CHURCH OUT TO GET LOWER RATE

### Claims the C. P. R. has a Surplus of \$500,000,000 and Rates are Hurting Trade

Toronto, June 22.—Claiming that the C. P. R. had a surplus of \$500,000,000 and that the high freight rates were paralyzing business, Mayor Church moved at the board of control meeting today that an application be made to the Dominion Railway Commission to restore the rates in existence prior to the forty per cent. increase. The motion was passed, also another by the mayor to restore the former express rates and also for a reduction of passenger fares in addition to the reduction to come into force on July 1.

## LOWER RAILWAY PAY WILL MEAN CHEAPER RATES

### No Indication Yet as to the Extent of the Freight Slash.

## WAGES AND RATES ARE INSEPARABLE

### Decrease Cannot be Determined Until Wage Reduction is Determined.

Ottawa, June 22.—Negotiations now in progress between the railway companies and their men, looking to a 12 per cent. cut in wages, will, if effective, be reflected in a reduction in freight rates; but just when and to what extent are uncertain. Last August, the different roads secured a very substantial increase in freight, passenger and Pullman rates. The passenger rates go back to the old schedule on July 1st in the east; the Pullman and parlor car rates are to remain as they are, though the beneficial effects of the latter, even to the companies, are not conspicuous.

## Rates and Wages

The whole case for rate increases were predicted upon the greatly increased cost of operation, due to the heavy wages paid. The application was granted and an appeal to the government did not reverse it.

## CURZON TELLS PREMIERS OF EMPIRE PLANS

### Foreign Secretary, in Secret Conference, Reveals British Policy for Entire World.

### CLOSELY QUESTIONED BY THE DOMINIONS.

### Little Emphasis Laid Upon the Anglo-Japanese Treaty One Way or the Other.

London, June 22.—(By Gratian O'Leary, Canadian Press Staff Correspondent)—A comprehensive but highly confidential review of the policies which have guided British foreign policy since the end of the war, with a detailed outline of the results of their application, were today given the conference of Prime Ministers by Lord Curzon, Secretary for Foreign Affairs.

Owing to the fact that a number of questions of delicate international significance had to be touched upon, the conference agreed that the address should not be published. All that can be said, therefore, is that the foreign secretary took the conference completely into his confidence, laying all the cards upon the table, and at the same time inviting the delegates to interrogate him respecting each and every point upon which they might desire fuller information.

This information it is understood was freely acted upon, Premier Meighen and the other premiers subjecting Lord Curzon to what practically amounted to cross-examination. The foreign secretary, it is known, did not touch upon the Japanese alliance except in a general way and neither advocated that it be denounced or renewed. He dealt at great length, however, with the diplomatic conversations which have taken place with France, with the basis of the British Government's attitude with respect to Russia, and with the general lines of British policy both in Europe and in the Pacific.

So far as could be ascertained tonight the statement is regarded as satisfactory by the representatives of the Dominions. It is pointed out, however, that a more explicit British foreign policy to the Dominions is far from meaning that they have a voice or influence in the direction of execution of that policy itself.

## New York Is Hot

New York, June 22.—The hottest June 2 in the history of the local weather bureau was recorded today when the mercury soared to 93 this afternoon from a low of 69 a few hours earlier. The sudden jump of 24 degrees brought discomforts to sweating millions. Several heat prostrations were reported.

## British Farmers Favor Embargo

### Declare Dairy Industry Might be Threatened if Cheaper Cattle Are Imported.

London, June 22.—Lord Astor told the cattle embargo commission today that the British milk supply was inadequate, but if large numbers of cheap cattle of unknown origin were imported to buy with the result that the average yields of dairy stock would be diminished.

## ADmiral Sims Back

New York, June 22.—Admiral Sims was the first person to step ashore from the Olympic when it docked today. Flanked by police, he strove away.

BELFAST GAVE ROYAL GUESTS BIG WELCOME King and Queen Complete Their Programme in Safety and Leave for Home. HUGE CROWDS BUT NO DISTURBANCE Queen Was Pale and Nervous All Through the Ceremonies of the Day.

(Continued from Page 1) The ceremony of the opening was similar to that attending the inauguration of the British Parliament at Westminster and was a brilliant spectacle. There was but little room in the city hall, where the function took place, for those having cards of admission, but it was a distinguished assembly that watched an event regarded as the high point of the Belfast Irish history.

The visit of the King and Queen to Belfast was looked upon as a fitting observance of their coronation anniversary. The King had not been in Belfast since he came here in 1902, as the Duke of York, and he and his consort were given a right royal welcome today.

From the moment their yacht, Victoria and Albert, dropped the anchor at the entrance to Belfast Lough, to make her way up the straight channel to the dock, the King and Queen were the object of enthusiastic demonstrations by the loyalists of Ulster. The people of County Down, on the south side of Lough, and County Antrim on the northern shore, vied with each other in extending greetings.

An even noisier welcome awaited their Majesties as their yacht steamed past the wharves, where the cheers of thousands of workmen mingled with the shrieks of sirens and whistles. King George and his consort stood on the deck, waving to the steamer and acknowledging the greetings.

Short Ceremony at Dock. As soon as the King and Queen set foot on the dock, the royal salute boomed out, announcing that they were on Irish soil, and the crowds that lined the long street leading to the City Hall strained at the walls of soldiers and police to catch a glimpse of the approaching procession. The wait was short, for with the exception of the formal reception by Viscount Fitzalan, Lord Lieutenant of Ireland, and Lord Pirrie, who appeared in behalf of the city, there were no ceremonies at the dock.

A squadron of police headed the procession, and the carriage of the royal pair were followed by those of officers and dignitaries. The escort of honor was chosen from the Tenth Hussars. On each side of the street was stationed a force of nearly 5,000 regular troops, standing shoulder to shoulder and separated from the crowds by a heavy railing. In other parts of the city police kept vigilant guard against unauthorized demonstrators.

Welcomed by Lord Mayor. Arriving at the City Hall the King and Queen were met by the Lord Mayor and members of the city council and the Sovereigns proceeded at once to the council room, where the ceremonies immediately began. When they were completed the King and Queen were entertained at luncheon by Sir James Craig, the Premier of Ulster, after which they were driven once more through the city to the City Hall, where they received addresses of loyalty from various organizations.

Text of Speech. The text of the King's speech to the parliament follows: "For all who love Ireland, as I do with all my heart, this is a profound joy moving occasion in Irish history. I could not have allowed myself to give Ireland, by deputy alone, my earnest prayers and good wishes in the new era which opens with this ceremony, and I therefore come in person, as head of the empire, to inaugurate the parliament on Irish soil. I inaugurate it with the deepest hope, and I feel assured you will do your utmost to make it an instrument of happiness and good government for all parts of the community which you represent. This is a great and critical occasion in the history of the island."

THE TORTURES OF RHEUMATISM Happily Stopped When He Began to Take "Fruit-a-tives" Ottawa St., Hull, P. Q. "For a year, I suffered with Rheumatism, being unable to walk for five months. I tried all kinds of medicine without relief and thought I would never be able to walk again. One day while lying in bed, I read about "Fruit-a-tives" the great fruit medicine, and it seemed just what I needed, so I decided to try it. The first bottle helped me, and I took the tablets regularly until every trace of the Rheumatism left me."

### SOUGHT METER BUT DISCOVERED LIQUOR BOTTLE

St. John Visitors Have New Trouble Added to the First Minor One.

### CONFUSION LEADS TO COURT CASE

Americans Have to Deposit at Fredericton Amount Equal to Fine for Bail.

Special to The Standard  
Fredericton, N. B., June 22.—An automobile returning to the State of Maine from a trip to St. John was held up here by the police at noon today. Chief Finkley having received word that the car had taken away a motorometer or part thereof valued at \$35 from a St. John garage.

But the sad part of it all was that when looking over the car the police bumped into several bottles of liquor in the car and in addition to the parts of the motor meter and the said bottles the Maine visitors had to leave a deposit equal to the usual fine in prohibition cases for their appearance in court here when wanted.

### LEWIS BOOM TOOK SLUMP AT DENVER

Over Two Thousand Votes Switched Over to the Veteran Leader.

### CLAIM 30,000 SURE FOR SAM GOMPERTS

Labor Leaders Watching Carefully the Manoeuvring for a Majority of Votes.

Denver, Colo., June 22.—The John I. Lewis boom for the presidency of the A. F. of L. today has received a slight setback as the delegates of the executive boards, the delegates of the ladies' garment workers switched their 241 votes from the main workers present to Samuel Gomperts.

Three delegates of the United Mine Workers' commanding 1,595 votes were also reported to have deserted their leader for Gomperts.

While the Lewis supporters admitted that their own delegates would be split, they claimed sufficient votes had been pledged by the metal trades, the road organizations, the machinist union, and the carpenters and joiners to elect their candidate.

The Amalgamated Association of Iron, Steel and Tin Workers and the mine, mill and smelter workers have definitely been placed in the Lewis column.

Claim 30,000 Votes.  
The Gomperts boomers declared they were sure of at least thirty thousand votes—nearly ten thousand more than needed to win.

Labor leaders who were watching closely the vote manoeuvring, declared that the contest may be so close that the 214 vote of the state central bodies, trade and federal labor unions and fraternal organizations may decide the winner.

While campaigners of both candidates were at work the Irish question was before the convention and a bitter fight was being waged by a group of Sinn Fein sympathizers to have a resolution providing for a boycott by American organized labor of British made products and British concerns. They were opposed by another group whose resolution expressing sympathy for the Sinn Fein cause was reported favorably by the resolutions committee.

Howlett, Baptist minister, and the singing and recitals of the children was listened to with interest by a large congregation. Great credit is due to the Sunday school teachers for the excellent manner in which the children executed the different marches, drills and choruses. The different classes were trained by Mrs. Sloat, Mrs. F. Giberson, Mrs. Rivers, Miss DeLoig, Mrs. Crandlemire and Mrs. Manzer. The duet by the Misses May Kerrigan and Ruby Hatheway was good. Little Geneva Hatheway, aged 5, marching while they sang. All the little tots wore yellow scarves, and looked and marched very prettily. The last item, "Good Bye," being given with great confidence by Ruth Crandlemire, aged 6.

### DIED VERY SUDDENLY.

Moncton, June 22.—Moncton friends of John E. Goldrup, of Stoney Creek, were shocked to learn of his sudden death at his home Tuesday evening. Mr. Goldrup had been ill for the past few weeks and seemed to be improving, and his friends were looking for a complete recovery, when he took a turn for the worse and passed away in a few moments. He was the son of the late Rev. James Goldrup, and leaves to mourn a wife, formerly Miss Margaret Costin, of Prince Edward Island, two brothers, James and William, and seven sons and daughters by his two former wives. ### PREDICTS GOOD FUTURE TRADE FOR ALL CUBA

Island Was Hard Hit by Slump in Sugar But Business Reviving Now.

### PARCEL POST TO BE ESTABLISHED

Former St. John Consul Now on a Visit to Province After Eight Years' Absence.

Special to The Standard  
Fredericton, June 22.—C. H. Banarco, Cuban Consul General Attorney, who arrived here yesterday by car from Portland said today that general business conditions in Cuba were much better at the present time than they have been for some time past. He attributed this to the economical policy of the new president of the republic, Dr. Alfredo Xayas, who succeeded to office May 20th.

Cuba was hard hit by the slump in sugar prices and a moratorium was declared, but under the programme of the new president, Cuba will soon enjoy the same prosperity as heretofore. Negotiations have been going on for some time between the Canadian and the Cuban Governments, which it is expected will result in a reciprocity treaty being made between the two countries in the near future giving Canada the same commercial advantages now enjoyed by the United States from the Cuban Republic.

### Parcel Post Too

A parcel post treaty which has also been under consideration will soon be made between Canada and Cuba, which will establish a direct parcel post system between the two countries. At the present time a parcel going to Cuba must be sent to London and from there to Cuba. This is due to the fact that there is a treaty respecting parcel post existing between Great Britain and Cuba, while there is none between Canada and Cuba.

Mr. Banarco was the Cuban Consul at St. John seven or eight years ago and is making a car trip through the province again visiting many of his friends. He left Buffalo for Boston by car accompanied by friends from where they continued to Portland leaving Boston on Sunday.

### HONOR SIR GEORGE FOSTER.

Leiston, Me., June 22.—Bates College conferred the honorary degree of Doctor of Laws upon Sir George Foster this afternoon.

Real Optimism Big Need of Dominion

So Declares D. B. Hanna as He Reviews Crop Conditions for the Season.
Toronto, June 22.—"What we need in Canada at the present time is a little more real optimism and faith in our God-given natural resources," declared D. B. ## Marguerite Goes Shopping

Dear Miss Jane—  
Certainly I am only too glad to go shopping in St. John for you and please never hesitate to ask me. It is great fun to spend some one else's money, and if I have satisfied you with my purchases will count it a pleasure.

Seriously you would be hard to please. You are not delirious with the pretty-pretty I bought for you. Fortunately Messrs. F. A. Dykeman & Company, on Charlotte street, had a window filled with this lovely silk and crepe underwear. Palest blues and pinks with an apricot colored envelope chemise, and one soft silk white striped in blue were there also white petties and blue nightgowns, lac-trimmed with enchanting ribbon bows, knots or touches of French flowers embroidered in silks, pastel shaded. The scene was very beautiful! In sets of Fille lace and two toned ribbons were used. I know you will look charming in the boudoir cap I am sending you and hope you will accept it as an engagement present from me.  
Yours affectionately,  
MARGUERITE.

## SELECT LAXATIVE MEDICINE WITH GREAT CARE

In debility and weakness, medicine should be mild and far-reaching. Many pills and purgatives are too drastic instead of curative. Excessive action is always followed by depression, and knowing this Dr. Hamilton devised his pills of Man-drake and Butternut so as to mildly increase liver and kidney activity, so as to flush out the system by tonic and regulating the bowels. Thus Dr. Hamilton's Pills eliminate poisons from the body, thus do they restore clearness to the skin, thus do they give new health and strength. To keep your system in healthy, good working order, regulate it with Dr. Hamilton's Pills. See, all dealers, or The Catarin-ozone Co., Montreal.

## SOME SIMPLE RULES FOR IRONING DAY

To iron fast and well is an accomplishment which if one puts a little thought into the details, may be acquired by any one, even the newest of new little wives who are trying their best to keep house in just the right way for John's sake.

Place each piece upon the board and arrange so that the iron can cover it to the best advantage by covering the most surface with one pressure. Think of each article and decide which is the best order of going over its different parts. Then you have introduced system into ironing. After a while you'll have one best way of ironing each sort of thing.

## LET'S TALK IT OVER

While scanning a newspaper published in the far West, I read a list of wedding gifts which were supposed to bring luck to the bride. My first thought was that in these times of high prices a bride is lucky to receive almost any gift, but maybe there is, as the article states, extra good fortune accompanying certain presents.

## NEW YORK LIST MADE ANOTHER GOOD ADVANCE

But Closing Hours Cut Deeply Into the Gains of the Morning.

### MEXICAN PETE'S SEVEN-POINT WAVER

United States Steel Most Active Stock Listed - Call Money Unchanged.

New York, June 22.—Stocks make further substantial recoveries in the early and intermediate period of today's active dealings, but gains were largely or wholly dissipated in the fresh liquidation of the final hour. Features of the reaction included Bethlehem Steel, the coppers, junior iron and steels. Some of these issues declined two to five points, a few low records. Among the heaviest specialties were Sears Roebuck, which lost 4 3/4 points and Chicago Mercantile Tool, the latter dropping points on news of a reduced dividend, but rallying slightly later.

Mexican Petroleum maintained its reputation as the most volatile of all speculative favorites. The stock fluctuated in a radius of 7 points, its extreme advance of 6 3/4 points ending with a net gain of a mere fraction.

U. S. Steel Most Active  
United States Steel was the most active issue, rising three points above its low record of the previous day, but falling away with the general list at the heavy closing. Other steels, as well as equipments, motors and the various specialties comprising the tobacco, leather and food divisions, manifested similar unstable tendencies.

Reading and the high-grade transcontinentals featured the additional advance of the railway group, together with many minor issues of the western and southwestern territories, but reactions were also general in those stocks. Sales amounted to \$75,000 shares.

The money market and foreign exchange played no part in the day's movements. Call money and time funds were unchanged, and the leading exchanges were only lightly edited.

Bonds followed the continuing course of the stock market. Liberty issues were regular and domestic issues declined to additional firmness. Mixed gains and losses were registered by international issues.

Total sales, par value, aggregated \$12,375,000.

A new shipping company has been organized under the name of the Gaspe Coast Co., Ltd., to operate a passenger and freight service between Montreal, Quebec and a number of small ports on the Gaspe coast below Matane. One vessel, the Brumath, of 1,400 tons, will be employed on the route at present, maintaining a fortnightly service out of Montreal. She was originally intended to load her maiden cargo.

One of five steamers built at Three Rivers in 1919 for the French Government, the Brumath was completed only last fall, and since then has been lying idle at Quebec until her purchase by the new firm. She was originally intended to carry freight only, but has now been fitted with accommodations for 21 first-class passengers and from 50 to 60 second-class. She will load freight for about 32 different ports between Matane and Quebec.

## Challenge Married Women As Clerks

"Flappers" Fighting for Right to Keep Jobs at Washington.

Washington, June 22.—Whether the government clerical work ought to be done by an array of "flappers" who pass much of their time powdering their noses and primping their hair or by an equal assemblage of married women whose husbands also are in federal employ is a problem consuming much congressional consideration these days and not a little space in the Washington newspapers.

That weighty problem has come up in view of the coming reorganization of the government departments, which contemplates the discharge of approximately 20,000 of the 80,000 clerks on the Washington rosters. In talking over who is to be bred—among the women—a heated argument has developed with the prospects that a general rule will have to be laid down on the subject by the congressional joint committee on reorganization, headed by Walter F. Brown, of Toledo.

The clerks themselves have taken up the issue in advance, writing letters in great numbers to the newspapers, which are printing them all. The issue is clear cut between married women and single women. As a result several bills have been introduced in Congress providing for the discharge of women employees from the departments in instances where they are married to other government workers.

## THINKS COURTS SHOULD AVOID PROBE ACTIONS

Federal Gov't Objects to Injunctions Against Royal Commissions.

Winnipeg, June 22.—The Federal Government feels that the courts should not be called upon to interfere with order-in-council appointing Royal Commissions, so it was stated today by O. M. Biggar, K. C., of Ottawa, counsel for the department of justice, in defending before Mr. Curran the legality of the appointment of the Royal Grain Inquiry Commission.

Mr. Justice Curran began the hearing as one case of the two interim injunctions granted the United Grain Growers' Limited and forty other grain firms restraining the Grain Commission from continuing.

The commission was attacked in the argument on the grounds that it was operating under an invalid order-in-council, and that even if the appointment were legal the commissioners had conducted themselves illegally and apparently in this connection the Fort William session came in for discussion.

Mr. Justice Curran suggested that from his point of view all that had to be established was whether the order-in-council was valid and, possibly whether the Canada Grain Act was or was not ultra vires of the Federal Parliament.

J. P. Foley, K. C., counsel for the commissioners, put in a statement on their behalf claiming in general terms that they had never exceeded their jurisdiction.

## No Boycott Upon Saskatchewan Bonds

But Dealers Admit Municipalities Have Borrowed Too Extensively for the Time.

Toronto, June 22.—A reply has been issued by the Bond Dealers' Association of Canada to the statement made recently by Hon. George Langley, minister of municipal affairs for Saskatchewan that the dealers and investors were carrying on a boycott of Saskatchewan's securities. The reply comes from W. L. McKinnon, Dominion Chairman of the Municipal Administration and Finance Committee of the Bond Dealers' Association. He says there is no such boycott, but "something a great deal worse than a boycott."

"On the average," says the statement, "the financial position of Saskatchewan municipalities is very sound; the most exacting critic would not ask for more security than which really exists behind the debts of Saskatchewan municipalities on the average."

Mr. McKinnon adds that it is time legal functions and that when their sessions were resumed they did not propose to do so. H. J. Symbington, K. C., counsel for the United Grain Growers' asked if this were an offer of compromise.

## Liquor Stock Gone

Ottawa, June 22.—The \$100,000 liquor stock of the Ontario Export Company which was seized about two weeks ago by agents of the Ontario government and in connection with which an interim injunction was granted by Judge Gann yesterday afternoon was last night removed in a mysterious manner from the company's warehouse at the corner of Dalke and Bridge streets.

The government helped the weak municipalities and organized the municipal machinery, so that the critics in his statement shall no longer apply. The criticisms, in brief, are that the Province of Saskatchewan has not properly limited the borrowing power of the municipalities; that some of the municipalities have been so extravagant that after current expenses are paid they have not enough money to meet debenture interest; that suit against defaulting municipalities for recovery of interest has proved practically fruitless, and that money collected for debenture purposes has been diverted to other uses.

Mr. McKinnon adds that it is time legal functions and that when their sessions were resumed they did not propose to do so. H. J. Symbington, K. C., counsel for the United Grain Growers' asked if this were an offer of compromise.

MORE SHIPS ARE ADDED TO LIST OF DISAPPEARED

Four Lost in South Atlantic Without Leaving the Slightest Trace.

ONE CALLED FOR HELP OFF JERSEY

Rescue Ships Were Unable However to Find Any Trace of Her.

Washington, June 22.—Other vessels which have disappeared off the Atlantic coast of the United States under mysterious circumstances were added by the department of commerce yesterday to the list of those whose failure to appear is attributed by the government to circumstances more or less related to the kidnapping of the crew of the American schooner Carroll A. Deering, off Diamond Shoals, N. C., last January.

There is no claim advanced that all the missing vessels were the victims of pirates or possibly Bolshevik sympathizers intending to dispose of ships and cargoes to the government of Soviet Russia, but the fact that all these vessels disappeared at about the same time and that none of them left a trace is considered significant.

Four in South Atlantic

Four of the missing ships disappeared off the Southern Atlantic coast in February. Three of them sailed from Norfolk at about the same time. Ordinarily, ships that disappear leave some trace, either in the way of wreckage or dead bodies, but it is said that none of the ships added to the list yesterday left any trace whatever.

They were sunk, "sporis versent," as the Germans expressed it, the effort of their submarines to leave no telltale vestige of merchant vessels they sent to the bottom.

Two of the vessels whose disappearance has made the government authorities suspicious since they learned recently of the kidnapping of the Deering's crew off Diamond Shoals in January, are the Spanish steamer Yute and the Russian barque Albyn.

Called For Help

The Yute sailed from Baltimore for Dunkirk on Nov. 14, 1920. On Nov. 17 she was heard calling for help and gave her position as about 240 miles off the New Jersey coast. Government vessels and other ships put out to her assistance, but were never able to get any trace of her.

The Albyn sailed from Norfolk for Copenhagen on October 1. She has never been heard from and not the slightest trace of any wreckage from her has been found.

These were the four ships that disappeared in February. The Italian steamer Monte San Michael from New York Feb. 24, for Gibraltar.

The Brazilian steamer, Cabedelo, from Norfolk, Feb. 3, for Oran. British steamer Esperanza de La Ringe from Norfolk, Feb. 2, for Regio. British tank steamer Ottawa from Port Lohos, for Manchester; stopped at Norfolk and sailed thence Feb. 2; was in wireless communication on Feb. 6 with the steamer Drifflion Court and since then never heard from.

The Urchin approached a man carrying the railway station. "Carry your bag, sir," he asked.

"No," snapped the man. "I'll carry it all the way for a dime," said the boy.

"I tell you I don't want it carried," snarled the man. "Don't you?"

"No! No!" Whereupon the lad broke into a quick trot to keep up with his victim's strides, as he asked: "Then what are you carrying it for?"
