J. & D. A. HARQUAIL COMPANY, (LIMITED)

CONTRACTORS, PLANING MILL, BUILDERS.
DRY KILN, DOOR AND SASH FACTORY

CAMPBELLTON, N.B.

MANUFACTURERS OF STORE FRONTS, STORE OFFICES, CHURCH FIXTURES.
Wholesale and Retail Dealers in PUTTY, SHELLS, RED and YELLOW OCHRES, METAL ROOFING and SIDINGS, SPOONSET, PAVERS and SCOTCHES, SHEET LEAD, and ZINC, PLAIN, FANCY, ART and PLATE GLASS, MIRRORS, LOCKS, KNOBS, GENERAL BUILDING HARDWARE.

BEAVER BRAND.
If you are building or going to complete some unfinished room, let us show you some colored samples, illustrating the beautiful color effects obtained by using this material and durable board for walls and ceilings in all classes of buildings.
We carry a large stock in assorted sizes.

MAIL ORDERS.
We solicit out of town orders which receive our personal attention. The length of time taken to fill orders is governed very largely by how busy we are in the department of our factory in which the particular goods are made. While we have exceptional facilities for promptly turning out goods, it is important to place orders as far ahead as possible. Orders are filled by us in the rotation in which they are received, and customers can always depend on our doing everything in reason to give prompt dispatch.

Our Office is connected with the N.B. Telephone by two separate lines insuring prompt attention.
Office Hours—7 A. M. to 6 P. M.

RESTIGOUCHE COUNTY AGAIN ON TOP

Red Triangle Fund Nearly Double Amount Asked For—Other Counties.

Restigouche county has nobly upheld its reputation and has exceeded its allotment for the Red Triangle Fund by over three thousand dollars, or nearly doubling it.
His Honor H. F. McLatchy under whose direction the campaign was carried on has received the following letter:—
St. John, N. B., May 10th, 1918.
Hon. H. F. McLatchy
Accept my congratulations for wonderful results from Restigouche Co. Your good work again lands your county on top. New Brunswick will secure more than its objective.
G. E. BARBOUR, Chairman Red Triangle Fund.
So far as the figures at hand show Restigouche county's contribution will amount to \$7500.00. Our allotment was \$4000.00.
Citizens throughout the whole County should feel proud of the very generous response. Our county is the smallest as regards population in the province, yet we rank sixth. The figures for the province so far as they have been made up are as follows:—
St. John \$40,000
Restigouche 7,500
Gloucester 5,500
Northumberland 5,750
Kent 1,500
Westmorland 12,500
Albert 5,000
Kings 7,500
Queens 2,900
York-Sunbury 15,550
Charlotte 7,500
Carleton 8,625
Victoria 3,895
Madawaska 618
New Brunswick \$118,105
Northumberland will send over a thousand more, and other sections will more than make up the deficit of the province \$120,000 or \$20,000 more than asked for.
The complete figures with a list of contributors will be published shortly.

HON. DR. BOLAND ON WAY HOME

Nearly Four Years a Prisoner in Germany and Has Been Released.

Ottawa, May 13.—Scenes of great enthusiasm marked the announcement by Hon. Rodolphe Lemieux, at the evening sitting of the House of Commons, that Hon. Dr. H. S. Boland, who for almost four years has been a prisoner in Germany, had been released and is now on his way home.
Mr. Lemieux made this announcement during the discussion in committee of the Civil War Bill, and it was a signal for sustained cheering by the members, which was followed by the singing of "For he's a jolly good fellow."
Mr. Lemieux stated that a dispatch had just been received with the news of Dr. Boland's release. This announcement was followed, a few minutes later, by a confirmation contained in a cablegram received by Sir Robert Borden from Sir George Perly. The Prime Minister had not been in the House when Mr. Lemieux gave out the news, but entered shortly after. He expressed his own great satisfaction at the good news, saying that all who knew Dr. Boland, had a very high appreciation of him, and that much depression had been caused by his long confinement. The news was most welcome.

SCHOOL GARDENS NOW ADVOCATED

R. P. Steeves, Director of Agriculture Addresses Pupils and Others at School.

Mr. R. P. Steeves of Sussex, Director of Agriculture for the province, spent Tuesday in town in an endeavor to have school gardens established in connection with the town schools.
In the afternoon he addressed a meeting of the school pupils, together with members of the School Board and Women's Institute. He spoke strongly in favor of school garden plots, and an organization was formed to endeavor to have this carried out.
The following officers were elected: President—Mayor Alexander. Vice President—Judge Matheson. Sec. Treasurer—Miss May Gilpin. The pupils generally expressed a wish to take part in the school garden work and an appeal is especially sent out to the parents to interest their children in this much needed work. The citizens are also asked to help as assistance will be gratefully received. This is a very important work, not only from an educational standpoint, but as a means of increasing production. Last year at Chatham a large amount of produce was grown in these plots, and they are going in for them more extensively this year.

FRENCH MAKE LOCAL GAIN

Regain Slopes of Hill 41 and Are Holding Firm. Russians on Western Front.

(Special to The Graphic.)
London, May 16.—Reports from the front say that there was local fighting yesterday in which French troops advanced their line further in sector north of Kemmel Hill and captured prisoners. Artillery is very active on both sides along the British front.
British Headquarters reports hard fighting in neighborhood of Hill 44 north of Kemmel, who at a late hour yesterday were holding off desperate attempts of Germans to retake height. The French War Office reports regiment of loyal Russians stationed on Western front yesterday delivered heavy attack against Germans and recaptured village which had been lost to enemy.
Heavy artillery fighting is in progress in region north of the Avre.

EVERY MAN, BOY AND HORSE ON WESTERN FRONT DRAFTS RECALLING

Every Man, Boy and Horse on Western Front. Drafts Recalling.

France, May 15.—There is little doubt that Germany has embarked on her last great adventure, in which every man, boy, horse and machine will be used in a desperate endeavor to gain a favorable decision during the present fighting.
The German drafts are nothing but divisions which are about half composed of returned wounded and recruits. The latter include some boys of 18 years. For, if any, of youths of this age were in the line at the beginning of offensive, when Hindenburg depended largely on the class of 18, which fought with great impetuosity but lacked the stamina to win a victory.
A captured non-commissioned officer of the Sixty-second Infantry declared that regiment lost 50 per cent of its personnel around Metz (on the Planders front). Its casualties included nine company commanders. Another prisoner says his battalion lost between 60 and 70 per cent of its effectives. A prisoner belonging to the 112th regiment says certain battalions lost 40 to 60 per cent.
It is clearly established that the German losses were high in both the Somme and Lys fights, delaying the start of the third push.
There is every probability that the class of 1919, which is being drafted in large numbers, will, with the veterans, be driven to death—fulfilling the Kaiser's boast that he will continue to rule the world, or will see every man, boy, and dog die.

WAR ON SUBS GOING QUITE SATISFACTORILY

Report that Destruction of Submarines Since January Was Satisfactory.

London, May 15.—Asked in the House of Commons today by Robert P. Houston, a Liverpool ship owner, for information "as to our successful operations in capturing enemy submarines around the coast during the past three weeks," Thomas P. Macnamara, Financial Secretary of the Admiralty, made this reply:—
"On the whole, the general trend of the war against submarines has progressed quite satisfactorily since the first of January."
SUPPOSED TRAGEDY OF MOTOR BOAT.
Two Cousins Believed to Have Perished.
Two cousins, named Maher, living at Seal Cove, Gaspe, are supposed to be drowned. They left on the 6th of May in a motorboat and no trace of them has since been found. Wreckage supposed to come from their boat was picked up on the shore and fishermen have combed the shores for traces of the men without avail. It is thought the motorboat took fire and they were either burned to death or drowned.
SATURDAY, JUNE 22nd.
REGISTRATION DAY.
If Details of Organization can be Arranged in Time.
Ottawa, May 13.—Provided the many difficult details of organization can be completed in time, Saturday, June 22nd, will be the day upon which general registration will take place. The registration board is putting forth every possible effort to make the machinery simple and effective, and it is said that voluntary assistance will be rendered on a very large scale.
BIG CANADIAN FLOUR CONCERN AIDS FOOD BOARD BY PULLING TRAVELERS FROM ROAD.
With drawal of all road salesmen for a period of several months is the order that has gone forth from the Western Canada Flour Mills Company, Limited, of Toronto.
That this action will be of incalculable aid to the Food Board in the conversation of the food supply will be recognized by every person in that it removes entirely the temptation of the average consumer to purchase an unnecessary supply of flour.
DRAFTS MUST REPORT AT ONCE.
Ottawa, May 13.—A statement issued today by the militia department says it should be understood that every man who is ordered by the registrar to report must do so on the date specified, whether he proposes to claim leave of absence or not. Should he be between the ages of 20 and 22, both inclusive leave of absence will be granted on one ground only, namely that he is the sole remaining son of military age in the family, the others being already serving or have suffered death or disablement.
MUST HAVE TICKETS BEFORE BOARDING L.C.R. TRAINS AFTER 10-DAY.
Moncton, N. B. May 14.—An order has been received by C. G. R. authorities from the Canadian Railway Board stating that all passengers on and after May 15th must procure tickets before boarding trains.

RUSSIAN VILLAGES FIRED BY GERMANS

German Frigidity Now Being Tried on Poor Russians.

London, May 15.—According to Reuters Limited a Russian government wireless received here today reveals the full horror of German atrocities in the occupied regions of White Russia. It says that trustworthy witnesses who produced documentary evidence, told of the violence of the pogroms and of the tortures, executions and savage methods of dealing with the working classes as well as the plundering and burning of Russian villages by German detachments.
"In the Bonnek district," the dispatch says, "entire villages have been set afire and plundered. In the village of Buda and Ulan patrol escorted a contribution of several thousand rubles, and when the peasants had paid part of it, and were unable to pay more the Uhlans surrounded the village and bombarded it."
"In other villages peasants, women and children, who endeavored to escape from fires were pursued by Uhlans and cut to pieces with swords or flogged with whips. In one village an old Jew was first flogged and then hanged in the presence of all the villagers."
Many savage acts were perpetrated in Jewish villages.
"All persons suspected of belonging to Bolsheviks and those in military uniforms were immediately shot. Even twelve year old children have been shot. At Viborg one witness saw two hundred corpses, mainly Russian officers and mere school-boys. According to other witnesses more than six hundred persons were executed in two days."

ALBERTA FARMERS ACCEPT DICTUM OF GOVERNMENT

Calgary, May 14.—Endorsement of the action of the Dominion government in cancelling the exemptions of the 20, 21 and 22-year-old men was the action taken by the executive of the United Farmers of Alberta, which held a meeting here yesterday to discuss the matter of decreased production as a result of the recent call.

The feeling of the executive was explained in a strong resolution which declared the government would not have taken the steps unless the need for men were urgent and imperative, recognized the facts of the order embracing all classes and occupations submitted there will be undoubtedly some decrease in production as a result, but called on all farmers to rally, and asked those remaining at home to do their best to minimize as much as possible the loss of young men from the farms.
Ed.
KINLEY-McCARTHY.
The home of Mr. and Mrs. Isaac Stevens, Campbellton, Restigouche Co. was the scene of a quiet wedding, Wednesday May 15th, when their sister, Mrs. Maude McCarthy of Bathurst was united in marriage with Rev. George A. Kinley, B. A., pastor elect of Newcastle Baptist church.
The bride was attired in grey silk crepe de chene and her going away gown was a grey tailored suit with hat to match.
Rev. Wellington Camp, B. A., performed the ceremony.
After partaking of a dainty luncheon Mr. and Mrs. Kinley left on the Ocean Limited for a trip through the southern part of N. B., the Annapolis Valley, and other Nova Scotia points. On their return they will reside for a few weeks at Bathurst and later on at Newcastle. Their many friends will unite in wishing them a happy and prosperous voyage through life.

RETURNING TO CANADA

Word received from across seas today says that Lieut. Col. G. W. Mesereau has been in poor health for some time and was about to be returned to Canada. He has been in command of the 2nd Canadian Infantry Division Base in France, since the 132nd New Brunswick Battalion which he took over to England was broken up. Lt. Col. Mesereau's many friends will regret to learn of his impaired health.

KING'S CERTIFICATE FOR ALL VETERANS.

London, May 14.—Via Reuters' Ottawa Agency—The War Office announces the award of a special certificate of honor called "King's Certificate of Discharge" to all ranks except the officers of the navy, army and air force discharged through wounds or disabilities incurred on active service or through other enemy action. A second discharge certificate is awarded where the recipients of the first voluntarily re-enlist and are re-discharged.
The respective Dominion authorities will issue the certificates to ex-members of the Canadian, Australian and New Zealand naval forces, and the Accountant-General of the navy to the members of the Malta and Newfoundland Royal Naval Reserves.
A book has just been published under the title, "9 Thousand Ways to Please a Husband." We haven't read it, but we are firm in our adherence to the good old recipe—feed the brute.

Gin Pills
FOR THE KIDNEYS
Succeeded Where
Operation Failed!

"During August last I went to Montreal to consult a specialist as I had been suffering terribly with Stone in the bladder. He had decided on an operation and was assisted by another doctor. They said the stone was larger than a hen's egg and too hard to crush and they would take it out. I was very nervous and I was told to try Gin Pills. I took a box and found relief. I did not expect that but to my great joy I passed the stone on October 1st and am now a well man and very happy."
J. A. LEBLANC, M.D.

Gin Pills are the greatest solvent for uric acid ever offered. Proven by Mr. Leduc's example. If you have Stone or Gravel, Rheumatism or other Kidney or Bladder disorder.

Sold at all dealers at 50c a box or 6 boxes for \$2.50.

SUBMARINES SINK GERMAN WARSHIPS

Forty Fighting Crafts Account-
ed For in Daring Raids.
Baltic Fleet Suffers.

The veil of mystery which has surrounded the coming and going of British submarines was lifted for a moment to-day. The brief revelation, through the British Admiralty and the British war missions in Washington, shows a whole epic of heroism and daring.

The British submarine have sought out the enemy's warships at the very doorstep of Kiel. They have penetrated the Baltic. They have played hide and seek with the U-boats until the U-boats tired and ran for home.

Despite the fact that the German keeps his overwater craft at home, the British have already accounted for more than forty enemy vessels of war.

The report reveals that the submarines of the Allies have played a large part in keeping the German ships at home.

Victims Obliterated.

While patrolling between the eastern Elbe and the Weser rivers a submarine sighted two lots of destroyers' smoke to the southeastward. Two anxious hours were spent manoeuvring for position to attack and then, at a range of 500 yards, two torpedoes were fired, one at the bow and one at the stern of one of the destroyers.

Having fired the torpedoes, the submarine dived to avoid detection, but a loud explosion told without doubt that one of the torpedoes had reached its mark.

Eight minutes later, the destroyer was seen sinking by the stern, fifteen feet of her bow still standing vertically out of the water.

The other destroyer was seen steaming at various speeds and distances around the wreck. Blasted at her success, the submarine thrust to put her down, too, but as two more destroyers had arrived on the scene and were systematically searching, it was not considered feasible to continue the attack.

On another occasion one of two armed submarines, the "Herring", in the light of Heligoland and observed to sink. But other reports tell of destruction so completely wrought by the British torpedoes that a victim of the victim remains.

Perhaps the most thrilling of all the exploits recorded in the Baltic was the sinking of a "bluff" her way through the Sound into the Baltic.

It was known that the German had three submarines were detailed to make the passage of the Sound and into the Baltic. The German had three vessels should make the passage the same night, but, unfortunately, one developed certain defects and was unable to keep up with the other two.

The result was that she reached the entrance to the Sound the night after the "Herring" and "Herring" had successfully made the passage. Their presence was discovered in the Baltic, and the enemy took all possible steps to prevent either their getting out or others getting in.

Sunk Battleships.

"Y" found four merchant ships in line abreast proceeding through the narrow entrance to the Sound, and from the accurate distances kept, it was evident that they were awaiting. Beyond them were destroyers. All were showing navigation lights, so "Y" decided to let the same in an effort to pass without attracting attention.

She had not proceeded far when she was attacked by a destroyer which tried to ram her. As she dove, she heard the thrashing of the enemy's propellers above her. She abandoned her effort to go through with lights burning, but, silently creeping to the surface, she attempted to follow the wake of a vessel ahead proceeding through the Sound. The attempt was about to succeed when the vessel ahead suddenly stopped. She was a destroyer. She promptly tried to ram, but the submarine succeeded in submerging.

A third and fourth attempt brought no better success, with the enemy now genuinely on the alert and the submarine returned to her base, as her gallant commander expressed it in his report, "prior to making another attempt."

One, possibly two, battleships of the "Kaiser" class were sunk by another daring submarine close into the Danish coast. Four battleships were observed in a group, with other craft probably nearby. The lone submarine nevertheless manoeuvred into position for attack.

But just as she reached a satisfactory angle, a heavy swell threw her on to the surface and she was obliged to make a quick dive. Yet so keen were her pointers that the lights were gone on one of the ships just before the periscope went under and four torpedoes were let go at a range estimated at between two and three miles.

The commander, nevertheless, heard two loud explosions, and is certain that the third and fourth ships of the enemy's line were hit.

PUFF PASTRY ILLEGAL.
The following productions, in which sugar is the principal constituent, are now prohibited of manufacture: French or puff pastry; doughnuts or crullers; Scotch shortbread; cakes; macaroons or like products, with more than 50% cane sugar; marshmallows with more than 33 1/3% sugar; cakes or biscuits iced or filled with sugar products.

A fine of from \$100 to \$1000 or imprisonment up to three months, or both, are the penalties for the infringement of these sugar regulations, fines to be paid to the Municipality or Provincial Authorities, which may institute the proceedings. Excess holdings are liable to seizure after May 15th.

EAT MORE FISH.
Efforts have been made throughout Canada to produce and market more fish. This country has fish resources, which have been exploited commercially for the export trade, but only in the big cities have fresh fish been available regularly to private consumers. On the Pacific Coast and the Atlantic Coast, on the lakes of the West, on the lakes of Northern Ontario and the Great Lakes, fishermen will procure fish if the demand for it becomes regular and constant. Eat more fish and save meat for the men at the front.

WHEAT IMPORTATION INSUFFICIENT.
The British Ministry of Food has cabled to the Canada Food Board: "Wheat importations are not arriving in quantities sufficient to meet our weekly requirements. Every effort that can be exerted in Canada to increase shipments of wheat and meat will be laudable."

The British Ministry has prepared to provide ships to move all the wheat that Canada will spare. Only 34,000,000 bushels remain on the Continent that can be possibly available for export, unless consumption in this country and the United States is very substantially reduced.

SPARE BRITISH WHEAT.
We have shipped much of our precious wheat to the French and Italians and we must face the fact that this has changed conditions so that this country may become acute in the United Kingdom. Unless the people of Canada and the United States speed their production of food supplies, the allied people may find it very difficult to carry this war on to that conclusion which will mean a permanent peace.

BE CAREFUL
In your choice of an ointment. An inferior ointment is worse than none at all, because it irritates and sometimes even poisons the skin. It is intended to soothe and heal. In using Zambuk, healing proper, as its soothing effect is due to the fact that it is composed of thousands of users, and is put in vouch for by the famous English Chemist, Dr. W. L. Scott, who says:

"I have made an exhaustive analytical examination of Zambuk, and find it to be a most valuable and effective remedy for all skin diseases and eruptions."

Zambuk is best for eczema, ulcers, running sores, old wounds, abrasions, blood-poisoning, boils, pimples, piles, cuts, burns, scalds and all skin injuries. 50c. box, 3 for \$1.50. All druggists or Zambuk Co., Toronto. Send 1c. stamp for sample on free trial basis.

DANGER LURKS IN EVERY ONE OF US

We Are As Full of Deadly
Poisons As A Germ
Laboratory.

**AUTO-INTOXICATION
OR SELF-POISONING**
"FRUIT-A-LIVES" Absolutely Prevents This Dangerous Condition.

The chief cause of poor health is our neglect of the bowels. Waste matter, instead of passing from the lower intestine regularly every day, is allowed to remain there, generating poisons which are absorbed by the blood.

In other words, a person who is habitually constipated, is poisoning himself. We know now that auto-intoxication, due to stagnation of the bowels, is directly responsible for serious kidney and bladder troubles; that it upsets the stomach, causes indigestion, loss of appetite and sleeplessness; that chronic rheumatism, gout, pain in the back, are relieved as soon as the bowels become regular; that pimples, rashes, eczema and other skin affections disappear when "Fruit-a-lives" are taken to correct constipation.

"Fruit-a-lives" will protect you against auto-intoxication because this wonderful fruit medicine acts directly on all the eliminating organs. 50c. a box, 6 for \$2.50, trial size 25c. At all dealers or sent on receipt of price by Fruit-a-lives Limited, Ottawa.

MILK IN THE HOG RATION.
In order to raise and finish all the extra pigs that will be farrowed in Canada this year as a result of the campaign for increased production, it will be necessary to exercise the utmost economy in the use of concentrate foods. Pig raisers who have access to dairy by-products have a great advantage over others. Experiments have proven that when meat is worth \$40 a ton, milk is worth more than \$8 for an equal weight, that is, it is a much more economical food.

One hundred pounds of what was proved equal to 19.2 lbs. of milk, that is, provided it is fed in not too large quantities and before it has soured.

A study of experiments with skim milk shows that for young pigs 1 lb. of milk fed with 2 1/2 or 3 lbs. of meal gives best results. For larger hogs over 400 lbs. of skim milk and 100 lbs. of meal not more than 5 lbs. of skim milk daily should be fed in order to get the greatest value from the milk.

At the Nova Scotia Agricultural College it was shown that the best gains were made by feeding a lot of pig ration composed of 148 lbs. of grain, 900 lbs. of skim milk, and 110 lbs. of meal. At the Ontario Agricultural College the best results were obtained here the proportion of milk to meal was 2.5 to 1. In one trial in which the proportion was 1 to 1, 365 lbs. of skim milk were equal to 100 lbs. of meal. This agrees fairly closely with the results obtained at the Ottawa and Branch Farms.

In a series of articles that appear in the May number of The Agricultural Gazette, both the Ottawa and Guelph authorities agree that it does not do to change the diet from sweet to sour milk. For young pigs the sweet milk is much to be preferred. For larger pigs it seems to make little difference whether or not it is fed sweet or moderately sour, provided whatever condition favoured is uniformly kept up, that is to say, if the milk cannot be obtained always sweet, then it should be fed sour as a rule.

GRAPHIC STORY OF OSTEND ATTACK

Told by Commander Lynes Who
Was in Charge of
Operations.

London, May 11.—(Via Reuter's Ottawa Agency).—The vindictive noble end is acclaimed by the newspapers as securing her a place in history for association with two of the most heroic deeds in naval annals. It is declared that Nelson never did anything finer and braver than the attack on the city of Ostend, the Victory, is the cathedral of the navy, the vindictive is the twentieth century's cathedral of the fighting spirit.

Occasion is taken to pay tribute to the skill and devotion with which the navy secured a triumph of seawar in a manner unprecedented in the history of warfare. Deeds as intrepid and skillful as those now applauded are done daily and nightly, but the veil concealing the navy's work is rarely lifted.

Opening of the Attack.

Commander Lynes, who conducted the blockading operation at Zeebrugge, and was in command at Ostend tells the following story:

"Weather conditions at the start were in every way suitable. There was a light north-east wind. The sea

The Practical Economy of Good Paint

Good paint is never an expense, but a saving. By its use you save your buildings from a steady deterioration in value. Economy in painting demands the use of Quality Paint—Martin-Senour "100% Pure" Paint—the paint that protects and preserves. The use of cheap materials is a waste of money—a waste of time.

MARTIN-SENOUR "100% PURE" PAINT

wears longest, covers the greatest surface (900 sq. feet per gallon) and because of its even texture, takes least time and is easiest to apply. It is absolutely guaranteed—"100% Pure" White Lead, Zinc Oxide and highest quality Linseed Oil. It is admittedly the most economical paint on the market.

Take no chances. Make your investments secure by applying on your buildings, inside and out, protecting coats of Martin-Senour "100% Pure" Paint.

Ask for "Farmer's Color Set" and "Town and Country Homes". Just what you'll need in planning your painting.

A. E. ALEXANDER & SON,
CAMPBELLTON.

WHAT IT COSTS JUST TO LIVE

Labor Department Shows That \$20 a Week is Needed For Average Family.

The Labor Department at Ottawa has for years been keeping tab on the prices which Canadian consumers are paying for various commodities. It has, for instance, a family budget for food, fuel, rent, light and laundry starch which in March of 1914, before the war clouds had broken, averaged \$14.39 per week. This was the average figure for sixty cities of Canada. Today the figure is \$20 flat. And that figure includes no clothing, no gifts to charity, patriotic objects, or the church, no upkeep on the home, no boxes for overseas, no railway journey, no carfare, no doctors bills. It is the amount which the Labor Department calculates will keep a family alive and warm; that is, if there is a further amount expended for clothing. Here is the official record covering retail prices in sixty cities of Canada for a weekly family budget of food, fuel, rent, light, and laundry starch:

	Fuel	Food	Rent, etc.	Total
1914	\$7.88	\$6.71	\$1.12	\$15.71
1915	7.98	6.13	1.41	15.52
1916	8.36	5.85	1.42	15.63
1917	10.70	6.46	1.74	18.90
1918	12.45	7.35	2.00	21.80

They Simply Cannot Do It.

It is obvious that if there is only one earner in a family and he is reaping only \$20 per week less than that, the family in question cannot pay the \$20 a week for the things included in the above budget, for they must be fed as well as clothed, and there are inevitable other home expenses, to say nothing of those precious overseas boxes which mean so much to the loved ones at the battle-front. It therefore becomes interesting to go into further detail with regard to the family budget which is used as an official basis at Ottawa, especially as regards the foods. Those which make up the list are, as to quantity and price, as follows:

Beef, sirloin, steak, 2 lbs., 66c.; beef, shoulder, roast, 2 lbs., 47c.; veal, roast, forequarter, 1 lb., 28c.; mutton, roast, hindquarter, 1 lb., 32c.; pork, fresh, roast, ham, 1 lb., 34c.; pork, salt, mess, 2 lbs., 65c.; bacon, breakfast, 1 lb., 46c.; lard, pure leaf, 2 lbs., 68c.; eggs, fresh, 1 dozen, 58c.; 1 doz., 50c.; milk, 6 quarts, 72c.; butter, dairy solid, 2 lbs., 97c.; creamery, prints, 1 lb., 54c.; cheese, old, 1 lb., 38c.; cheese, fresh, 1 lb., 30c.; bread, plain, 15 lbs., \$1.14 1/2; flour, family, 10 lbs., 67c.; rolled oats, 37c.; rice, good medium, 20c.; beans, hand picked, 2 lbs., 30c.; apples, evaporated, 21c.; prunes, medium size, 17c.; sugar, granulated, 4 lbs., 41c.; sugar, yellow, 2 lbs., 20c.; tea, black, medium, 1 lb., 12c.; tea, green, medium, quarter lb., 12c.; coffee, medium, quarter lb., 10c.; potatoes, 2 pecks, 72c.; vinegar, white wine, half pint, 9c.; total, \$19.80.

Following the sun with WRIGLEY'S

Vision, for a moment, those far off ports beyond the trackless seas—

From Arctic ice, to the torrid lands beneath the Southern Cross—

From towns tucked in the mountains, to the busy river's mouth—

WRIGLEY'S is there!

There, because men find comfort and refreshment in its continued use.

Because of its benefits and because

The Flavour Lasts!

"After Every Meal"

These Beverages Comply With the Law.

Ready's Beer

These beverages surely satisfy the craving thirst. Drink them for their appetizing, palatable, refreshing flavor. Drink them for their ability as a thirst quencher. Drink them because of their power to refresh, revive and invigorate.

You will be delighted with their unusual qualities. Buy them from your local dealer or direct from St. John.

WOMAN'S NERVES MADE STRONG

By Lydia E. Pinkham's Vegetable Compound.

Winona, Minn.—"I suffered for more than a year from nervousness, and was so bad I could not rest at night—would be awake and get so nervous I would have to get up and walk around and in the morning would be all tired out. I read about Lydia E. Pinkham's Vegetable Compound and thought I would try it. My nervousness soon left me. I sleep well and feel fine in the morning and able to do my work. I gladly recommend Lydia E. Pinkham's Vegetable Compound to make weak nerves strong. Mrs. ALBERT SUTZ, 403 Olmstead St., Winona, Minn.

How often do we hear the expression among women, "I am so nervous, I can't sleep," or "it seems as though I should fly." Such women should profit by Mrs. Sutz's experience and give this famous root and herb remedy, Lydia E. Pinkham's Vegetable Compound, a trial.

For forty years it has been overcoming such serious conditions as displacements, inflammation, ulceration, irregularities, periodic pains, backache, dizziness, and nervous prostration of women, and is now considered the standard remedy for such ailments.

WANTED TO COME BACK TO CANADA.

Lord Beaverbrook Tells How He Came to Join Government.

The Globe has already made reference to a banquet given Lord Beaverbrook in London last month and to the speech he made on that occasion. Many New Brunswickers will no doubt be interested in the following fuller report of the speech made by his Lordship:

Col. Reed has said that I never explain. If I were to make explanations regarding the change of my position, I should have to say that I have an interest in the good of my own people. It is not a strange thing that a man should look for the good opinion of his fellow countrymen, and never have I heard as much praise as I have listened to this evening. In the years of my political life, I have never been so much upon too favorably, and perhaps I may hope that the tide has turned and that in the future I may get from my country good and as much as a chance in English public life as every Englishman receives. I have been touched by the remarks of Sir George Perceval, the Canadian, and I am sure he could not have done what it has done but for his support and encouragement, and when he praises that organization, I am sure he is right. To Sir Edward Kemp, also, and to you all, I give cordial thanks for coming here to-night to give me your encouragement.

Sir John Gibson's words have been sweet music to me. It is indeed a satisfaction to know that, having weighed me in the scale, the balance is not to be turned against me. I am afraid he and to you all take too favorable a view of what I have been able to do. I remember when I left Canada and came to England I was most anxious to engage in public life, as is the ambition of most young Canadians. They do not often get the opportunity as I had of doing so.

When the chance of taking office in England came to me, for the moment I put it aside because I wanted to go back to Canada and seek responsibility there rather than take up new duties here. I wanted endorsement of my own people. (Renewed cheers.) The time came when the Department of Information, now turned into a Ministry, was formed. The Prime Minister asked me to undertake the duties. "I was loath to do so," My heart still went back to Canada, and for days I came to no decision. I tried my best to avoid the responsibility, but I was pressed in an uncertain way, and so I took the post here.

Thus the Canadian book is closed. ("No, no.") And now I wonder what the outcome will be. It is my anxious desire to achieve results and to be useful. Something, perhaps much, depends upon the support of Canada. I have been playing a game of Bridge in which there has been a double rough against me. Those Canadians who have not looked with favor upon me have criticized my public conduct, and sometimes my private affairs. Those Englishmen and their journals who also do not view me favorably have turned these Canadian criticisms to full use against me here as the opinion of Canada, and passing to Canada these English echoes have been used as the opinion of England. So the double rough has gone on. The speech of Sir John Gibson and others this evening may have done something to end this unfair deal. There may be a reshuffle and a new deal. (Cheers.)

Sir Edward Kemp has spoken of the achievements of Canadians at the front, and reference has also been made to the Canadian military organization in this country and at the front. Let me say that, standing as she does between the United States and Great Britain, Canada occupies a peculiarly powerful position. It is Canada's part to act the mediator and bring about that understanding between the Anglo-Saxon nations which will make for freedom. (Cheers.) In the last few days there has been a wonderful incident. A new Chesapeake and a new Shannon have conveyed across the Atlantic American

troops hurrying to France to serve under British generals. The descendants of the men who fought British generals in 1779, and fought for liberty as they conceived it, are now fighting under the descendants of these same British generals in the same cause of liberty. (Cheers.) It is a wonderful reunion, and there is to be no end to it. (Renewed cheers.)

Canada understands the United States and appreciates the good points of the British nation and shares some of the difficulties of the people and their traditions. Holding this position it is Canada's duty and privilege to play the greatest part in welding together the Anglo-Saxon people in a common unity. (Cheers.)

And now that Canada is to play this great part she must assume new responsibilities. The Canadian people were not consulted when the determination was taken to enter this conflict. Canada came to an immediate decision to support the British government before the experiment must never be made again. (Cheers.)

It is not certain that Canada would conform to the decision of Great Britain alone, and the risk is too great. How can we overcome the difficulty? In my opinion the course is quite plain. It is the duty of the British government before the war is over to take ministers of Canada into their regular councils. (Cheers.)

Lord Beaverbrook went on to speak of the beginning which he hoped had been made by the Ministry of Information in a new era of intimacy between the nations of the Empire. With the approval of the Prime Minister he had placed a number of Canadians in positions of responsibility in the Ministry, and they would there become acquainted with the machinery of Empire administration. He hoped something of the same kind might be done in the Foreign Office. Finally, he spoke, not without emotion, of his deep appreciation of the kindness done to him that evening.

Let Nature Clear Your Blood

With pure, rich blood—a healthy stomach—and an active liver—you may laugh at disease, and you may have all three by taking

Dr. Wilson's HERBINE BITTERS

This splendid blood purifier—made of old fashioned herbs—gives the system a regular "spring house-cleaning"—regulates liver and bowels—cleanses the blood of all poisonous matter—tones up the nerves—and gives strength, vigor and a feeling of good cheer to the whole system.

A. Mc. McDonald, Druggist, Campbellton, N. B.

MAKE EVERY CHICKEN COUNT.

The aim this year should be to make every chicken count. Make every hen lay her best, make every chick mature early enough and thereby make every pound of feed give the maximum return.

HATCH EARLY. Make every effort to get your chicks out this spring before the first of June. As a rule, the heavier breeds hatched later than that date are not satisfactory. At least 90% of the pullets in Canada were not laying during November and December of the past winter, because they were hatched too late.

A LITTLE SAND OR GRIT FIRST. When the chicks are removed to their brooding quarters, there should be some coarse sand or fine chick grit scattered where they can have free access to it. They should be left until they show positive signs of hunger, which would be between the second and third days after hatching. They must then be given some bread crumbs that have been very slightly moistened with milk, this may be scattered on clean sand or chick grit. If being brooded by a hen she will see that no food is allowed to lie around, but if in a brooder, that part of the feed that chicks do not pick up in a few minutes should be removed as nothing in feeding causes so much trouble as leaving food of that nature around until it is sour.

FEED FOR THE FIRST TEN OR TWELVE DAYS. The following daily ration of five feeds given about two hours and a half apart and continued from the time the chicks are two or three days out of the shell until ten or twelve days of age may be altered or adapted to suit conditions:

First—Dry bread slightly moistened with milk.

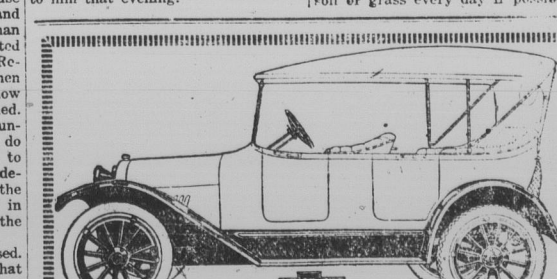

Second feed—Finely cracked mixed grains or commercial chick feed.

Third feed—Rolled oats.

Fourth feed—Dry bread crumbs moistened with milk.

Fifth feed—Finely cracked mixed grains.

In addition to the above, give the chicks a little green food, such as grass, lettuce, sprouted oats, etc. Do not have the moistened bread steeped in a crumbly state, and during this period let the chicks on to free soil or grass every day if possible.

Crowd More Into the Busy Day

THE CHEVROLET 490 is an investment, not an expense or luxury. Doctors, business men, farmers, salesmen and ladies—all should use the Chevrolet Four-Ninety and crowd more energy, activity and business into the busy day.

The Four-Ninety stands unchallenged in its price class. The electric starting and lighting equipment is most efficient. The car is powerful, roomy, comfortable and economical. The time gained by operating a Chevrolet more than pays for the cost.

TOWN ORGANIZATION.
A good deal of favorable comment has been heard from all classes of citizens upon the report of the special committee appointed to look into the matter of reorganizing the various departments of the town. The report of the committee with their recommendations was published in last week's Graphic and should be read and studied by every ratepayer who is interested in the welfare of the town, and if their are any improvements which can be effected, submit them to any member of the Committee or councillor.

The report of the committee, while making certain recommendations, is not that the Committee has reported to the Council and that report will be taken up at a meeting which will probably meet Monday evening. They are the citizens generally think the matter worthy of a trial they should encourage the Councilors to proceed with the work.

While it is claimed that some of the recommendations conflict with the By-Laws, there can be no doubt that it is a way of overcoming these difficulties. If the work is necessary for greater efficiency it should be undertaken.

The Graphic is in favor of some move in this direction, and the report of the above committee is a beginning. No doubt when the whole matter is being a subject for more discussion and improvements will be made so that the whole will be as near perfect as possible. We feel sure that the men of business and the various wards will be able to work out something which will be a vast improvement over the system now in vogue.

NO POLITICS.

Why endeavor to bring politics into town council affairs? It is a mistake and should be shunned.

Yet because Coun. Currie was appointed Ex-Officio County Councillor the Tribune must stir up politics. The appointment was made in open council and there was not a dissenting voice. No other name was submitted. Coun. Currie was no doubt appointed because as a Councillor he has been chairman of the only committee which, so far as the young councillor must prove his worth. As the representative of the town council at the Municipal Council he will be supplied with all necessary information to safeguard the town's interests and we feel sure that any Councillor could do this. Mayor Alexander has served at the County Council a number of years and is no doubt relieved to be clear of the somewhat monotonous duties entrusted to such representatives.

CLEAN UP DAY.

Many towns throughout New Brunswick have an annual "Clean Up Day" and they have been found to be very beneficial not only from a standpoint of general appearance but from a sanitary one as well.

Campbellton needs such a day and some steps should be taken to organize for one. We would suggest that the ladies of the Soldier Comforts and Women's Institute get together, and show the men who have refused to put years to rest, just what they can do. We can promise that if these two organizations, which have done such grand work in assisting our troops, take up the idea we will have a town which will be a credit to the province.

THE SUGAR SHORTAGE.

Some surprise has been expressed by the general public at the new sugar regulations put in force the 1st day of May by the Canada Food Board. People wondered why the sudden scarcity of sugar, having understood since the first of the year that the new Canadian crop was sufficient to supply the wants of this country and the United States, whatever might have been the situation in Europe, where Java sugar was cut off owing to war conditions.

The situation in the country, however, has been materially changed since the first of the year. At that time the International Sugar Commission of New York, which handled the raw sugar of this continent, allocating and distributing the amount in Canada and the United States, as well as other countries, considered that there was sufficient sugar in Cuba to allow Canada 320,000 tons as against 400,000 imported last year. As Canada last year exported 55,000 tons of refined sugar, her consumption was then 265,000 tons and this year at 320,000 tons her supply would be reduced merely by 25,000 tons or 8% which would not have been a severe hardship upon anybody or made much disturbance in the trade. In addition to this outlook the Commission expected to have a surplus of 700,000 tons to work on later, of which Canada's share would be 70,000 tons or 10%, so that before the year was out this country would have been supplied, under former arrangements, with 45,000 tons more sugar than this year last. Consequently there was no necessity for the Food Board placing any restrictions upon the consumption of sugar in this country, in

view of the fact that Trans-Atlantic shipping was so taken up with other more vital cargoes that sugar could not be spared for sugar. Wheat, meat, munitions and men for the army are more imperatively needed in Europe than even sugar, and there are not ships enough to carry everything. It was expected, however, that there would be shipping enough in the coastwise trade of the United States to bring raw sugar from Cuba and the West Indies to New York and other American ports. Owing, however, to the congestion at the wharves of the Atlantic Coast, the break down in railway transportation and the general and totally unexpected demand upon the American transportation system generally, it has become a different matter to move the freight necessary for this country and the difficulty has not been overcome as yet. It was hoped that some arrangement, for bringing sugar direct from Cuba to Canadian ports, could have been effected but this attempt has had to be dropped. Shipping is not available, consequently the new sugar regulations.

QUEBEC IS LOYAL.

On Sunday last the parish priest, in Terrebonne, Quebec, said to his people: "My brethren, we are at war, England and France fighting side by side, and duty commands us to come to their support. At the last election a conspiracy was established as a result of the verdict at the polls. The law is hard, but being the law of the land, it must be obeyed. Today we have in our midst agents of the Federal Police. They will go to your houses, and you must receive them well." These moderation. They are not doing their duty, and there must be no wrath in your dealings with them, all of which will be to the honor of our parish.

The Toronto Globe observes that "if this wise counsel is repeated throughout the parishes by priests and public men it will be a most beneficial revolution in the attitude of the French-Canadians towards the law of compulsory service. The military policy of the country may not be more to their liking, but they are recognizing more clearly that it represents the will of the majority, which is a democratic principle." The enthusiasm records of being heard by a widening circle of young French-Canadians. So far as this is due to a better understanding of the issues of the war, it has been promoted, no doubt, by the statement of the Nationalist propaganda, which has criminalized misrepresentation of aims and purposes of the Allies. The silence of Mr. Bourassa and his underlings during the crisis of the past few weeks has made it easier for the voice of reason and truth to get a hearing. The ingrained respect for law and authority among French-Canadians is a saving grace. Many of their natural leaders have come forward to impress upon them the obligation of obedience to the state as we are.

Quebec would not be an insuperable obstacle to the enforcement of conscription, based upon an appreciation of the solid qualities of the French-Canadian race and its deeper currents of feeling, is being justified.

Failure to change the rule of the road to meet the demands of modern traffic, like failure to grant the franchise to women, merely postpones the time of action. Both will come and come very shortly. Women's suffrage is already promised and one or two such accidents as marked last year's automobile season will settle the question of the road law.—Globe.

EDITOR'S MAIL.

All letters addressed to the Editor must be accompanied by the name and address of the sender, not necessarily for publication, but for notice of anonymous communications. The Graphic does not hold itself responsible for opinions expressed in this column.

Campbellton, N. B., May 15th, 1918.

To the Editor of the Graphic.

Dear Sir: I notice that the Editor of the other town's paper, last evening is finding considerable fault with our newly elected Town Council and blames them for appointing Mr. Henry Currie to represent us at the County Council. He also contents the Councillor Currie's resolution now before our Council is unwise and contrary to our Town laws. Let that be as it may we should give this councillor credit for at least making an effort to improve or cut down our expenses. I am informed that all other places are curtailing expenses in every way and it is said that the city of Fredericton are not employing an engineer during war time. Our heavy interest charges have got to be provided for. Then our Town Hall and up-keep cost us eight hundred dollars last year, add to that the salary of only three of our town officials, Town Treasurer, Town Clerk and Town Engineer, and you will find this business is costing us close to twenty one dollars a day. As only one ratepayer, and I have heard many others, give Mr. Currie credit for at least making an effort to make some change and advancement, I do not think that by electing him to serve at the council, and by the pluck he has shown so far, I would not be surprised if something is not done in the way of reform, he would resign from both of these.

Yours,

"OBSERVER."

NINE MILLION WITHOUT BREAD.

Food shipments from the United States to the civilian populations of the Allies, were suspended for ten days to move three million bushels of grain for the Belgians. It is reported that more than nine million people in Belgium and Northern France are practically without bread.

TO YOU, O BRITISH.

(By Dr. Frank Crane.)

To you, O British, our hats are off. You have fought a good fight; you have kept the faith.

Night and day, in storm and fog, in wind and hail and angry seas, your fleet has kept faithful watch for the tiger ships of the enemy. You have kept his ironing in their hole. They have not dared to come forth. Undaunted you have met the menace of his snaking submarines. You have borne uncomplainingly the wounds of his piracy. He has shelled your peaceful cities. He has gloried in dishonor and inhumanity that he might cause you fear and break your spirit. But you have gone grimly on.

Your sons, highborn and commons, have leaped to the breach to keep their pledged word with Belgium. You have met with unbroken line the overwhelming masses of the foe. You have built the ramparts of civilization with your British deed.

You have poured out your treasure like water. You have not spared your young lives. You have not spared your blood. You have not spared your hands with them in a grip of brotherhood that only death can dissolve. You have maintained the traditions of chivalry and honor against an enemy that practices the last villainy of barbarism.

We fought you twice. We were enemies. But after a hundred years of peace, the hate has gone from our hearts and in the great crisis of the world we came together, brothers in arms, side by side to do our utmost against the common enemy of mankind.

You have your manliness, as we have ours, our accents differ; but we see, and salute, your unflinching courage, of unselfish tenderness.

America is with you to the last dollar, to the last man, to the last drop of inventive resourcefulness. What are our little differences, our drawing-room divergences, our common foundations of our civilization are threatened?

So where you and France and Italy and the United States, when the common battleships line up with yours. Our boys from Kansas and Connecticut take their place in the trenches with yours from Australia. We are not fighting for Great Britain, nor for France, nor for Italy, nor for America; neither are we fighting for a British dominion, nor for a French empire, nor for a German league that shall forever be unbroken, for Humanity, for all free people everywhere.

Our cause is one. We go on with this war, not to further any national ambition, nor to wreck an ignoble vengeance, but upon which we can pray for the blessing of the Saviour of the world, because we fight to save the world.

Stand fast, O British. We are coming. We will see this thing through, whatever happens.

Here's our heart, and here's our hand!

AN IRON CROSS WAS BURNED ON HIS ARM.

Zulu Fireman on a British Steamer, Tells Story of Torture.

Bearing the outline of an Iron Cross which was burned on his arm with an electric needle by a German officer in Africa, John Mitchell, a Zulu, formerly a fireman on a British steamer, captured by a German raider, told immigration officials here today a story of torture. He escaped from the German ship, and he said that he and Mr. Edward Farrer were on a prison stockade giving him an opportunity to make a dash for freedom.

Mitchell said that when he was branded his captors laughed at his suffering and rubbed chemicals on his wounds, giving them a bluish color. Badly treated as he was, Mitchell asserted that other prisoners fared even worse. All were starved, he said, and many were beaten and flogged upon the slightest provocation.

After his escape from the camp Mitchell made his way to General Smuts line and shipped on a British steamer bound for this country.

SOBER TO A DEGREE.

Many stories cluster about the name and fame of Mr. E. B. Wood, says Sir John Willison in his Reminiscences. He lived in a less arid time and was not always neglectful of his opportunities. It is said that he and Mr. Edward Farrer were on a prison stockade giving him an opportunity to make a dash for freedom. Mitchell said that when he was branded his captors laughed at his suffering and rubbed chemicals on his wounds, giving them a bluish color. Badly treated as he was, Mitchell asserted that other prisoners fared even worse. All were starved, he said, and many were beaten and flogged upon the slightest provocation.

A naval officer, wishing to bathe in a Ceylon river, asked a native to show him a place where there were no alligators.

The native took him to a pool close to the estuary. The officer enjoyed the dip. While drying himself he asked his guide why there were never any alligators in that pool.

"Because," the Cingalese replied, "they're afraid of sharks."

THE PREACHER IN WAR TIME.

When the Reverend Doctor J. H. Jowett took leave of his congregation at the Fifth Avenue Presbyterian Church on April 14, after a pastorate of seven years, to accept work in England, he used these words in his discourse:

"I am too old to fight with material weapons in our sacred cause, and I can make no contribution to our material strength. But there are besides these which are supplied by munitions. The moral and spiritual forces of the nation are, after all, its main equipment."

"If the moral of a people suffer, its ideals grow dim. If its enthusiasm loses its fire, if its spiritual vision becomes faint, if any deadly disease creeps into its temper, the munitions in the world will not secure triumph."

"I do not for one moment believe that we can lose in this struggle, and feel that our triumph is as sure as the morning."

This rings sound and sane. It shows a clear vision of the preacher's duty in war time. Most of the preachers have shared in the moral struggle of well-schooled people in the effort to reconcile the plain trend of Bible teaching towards peace with the no less plain, but new and startling, duty of peace-loving people to resist with force and arms the brutal efforts of a militaristic nation to destroy all moral law and cast the world into anarchy.

While they do not preach hate and vengeance, they do preach the necessity for a free people to resist to the last ditch the violence of organized wickedness.

The preacher has a shining opportunity. He can with a clean heart pray God to strengthen the arm of law and justice and to defeat the foe whose aim is tyranny, whose method is the most frightful inhumanity, and whose motive is sheer madness.

We can set before the young men of draft age those lofty ideals of courage and honor which shall make their service a high privilege.

He can sustain the tried spirits of the mother and the wife by reminding them of the nobility that shall come to them through sacrifice.

He can urge the rich to give freely of their possessions, and they can find their labor in rendering the nation efficient.

He can emphasize Jesus's words of peace by calling to mind that one and only way to bring peace is to defeat and render impotent the organized devilry of that nation that distorts peace.

He can tell his people of perfect truth that it is as holy a business to repress outlaws when they come as it is to take the law into their own hands when they operate as a small band of thugs.

He can lay before them the horrors of Armenia, of Lithuania, of Belgium, France, and Poland, and call upon them to do what they can to end the nefarious power that commits such crimes.

He can show each man, woman, and child in his care the need that every one do something to help, and that by buying War Stamps and Liberty Bonds, conserving food, and assisting in the various relief societies are as needed as carrying a rifle.

He can urge unity, suppress discord, preach courage, cheer, and hope, and thus be of inestimable value in sustaining the heart of the people in this supreme trial.

This is most profoundly a religious war, a great war against inhumanity, treachery, cruelty, tyrannical power, and ideals the most vicious and rotten.

Surely this issue is enough to tip the preacher's tongue with eloquence and to fire his heart with divinely passion, for never was a nation roused to action with cleaner hands nor holier purpose.

This year every citizen should take a deep interest in the welfare of the people. If you sincerely believe the conditions are prevalent that need changing, don't be afraid to start something. This year the very best effort that is in every citizen should assert itself to the end that this town's advancement is sure and safe.

The fellow who kicks is often the man who does his community the real service. There is a difference between grouching and a good healthy kicker.

LICENSING CHAUFFEURS

Any person operating a motor vehicle as a chauffeur is required under an amendment passed at the last session of the Legislature to the Motor Vehicle Act to undergo an examination in order to obtain a certificate of competency.

The undersigned has been authorized by the Hon. P. J. Veniot, Minister of Public Works, to examine all applicants for a chauffeur's license and to issue certificates of competency which must be forwarded to the Department of Public Works. All parties desiring such examination must send in their applications to the undersigned immediately, addressed to Provincial Garage, Chipman Hill, St. John, N. B., so that they may be notified of the date and place of examination.

All chauffeurs now holding licenses obtained since January 1st, 1918, as well as all new applicants are required to undergo an examination.

ROBERT W. MAWHINNEY,

Mechanical Superintendent,

Department of Public Works,

St. John, N. B., May 10th, 1918 1-wk.

Taking Chances.
Young Surgeon—Do you carry accident insurance?
Accident Victim—No, but go ahead and operate. I'll take a chance.

The poor woman who thinks her husband knows how to cook is entitled to a lot of sympathy.

Even when a girl doesn't want a young man to kiss her it may make her mad if he doesn't want to.

WEDDING ANNOUNCEMENTS

CORRECT style, artistic letter design and extreme daintiness, with the dignity associated with nuptial events, characterize Wedding Announcements and Bridal Stationery prepared and printed by The Graphic.

The "GRAPHIC", Campbellton.

BE IN THE SWIM.
You are a back number and not in the swim nowadays unless you can display a row of blisters on your hands from the use of a spade and hoe in house garden work.

A Puzzling Problem.
Willis—What are you doing with all those charts and time-tables?
Gillis—Those charts are lists of the various mental, wheelless and butterless days in the various states. I'm trying to figure out a trip whereby I can get a ham sandwich a night.

"The people of your town applaud me with fine enthusiasm."
"That isn't altogether enthusiasm," said a member of the reception committee. "Some of it's hospitality."

Adversity is given to some to test their poverty.

A promising young man is good but a paying one is better.

HARD TO GET CLEAR.
Last October an Athol resident was accused of disposing of liquor illegally. An information was laid against him, but he managed to get out of the country before the Inspector could bring him to trial. He came back a week ago and was promptly arrested and upon appearing before His Honor was fined \$25.00 and costs.

AT THE IMPERIAL.
On Friday and Saturday, May 17th and 18th a masterfully presented argument on the most discussed topic of the day. A photoplay sermon for parents featuring Marie E. Bishop and an all star cast in "The Girl Who Knew." Ignorance of self has led more sorrow than all the wars of history. Don't miss this picture. Prices 15c. and 10c.

FREIGHT WRECK.
The fast freight made a bad spill near Hodgins last Thursday night when thirteen cars went over the dump. Two cars of sugar and a car of flour, several cars of steel rails, and general freight were badly broken up. The road bed was torn up for a considerable distance. Wrecking trains worked from both ends of the wreck and had it cleared up in about twelve hours. The Maritime Express was delayed about ten hours.

WHAT THEY ALL SAY.
Graphic Limited, Campbellton, N. B.
Endorsed is check for amount of invoice for printing just received. The work is perfect. You have my thanks for promptness.
Name on Request.
The Graphic's satisfied customers are its best advertisers. We turn out only first class work. Let us have your next order.

GRAPHIC OFFICE.

SHIPMENT TO BE MADE.
ON FRIDAY.

The ladies of the Soldiers Comforts Association are making a shipment of socks and maple sugar on Friday, May 17th, and would like to have any Campbellton soldier's new addresses left at Mr. Gallagher's store before that date.

ASSAULT CASES.
On May 9th a young lad was up accused of assaulting another boy. He was allowed his freedom after a reprimand from His Honor.
Saturday evening two young men at the lower end of the town got into an argument which resulted in blows. They appeared before His Honor on Monday and the aggressor was fined \$10.00 and costs.

DALHOUSIE, N. B., STUDENT TO DELIVER SALUTATORY.
The conferring of degrees at St. Francis Xavier, Antigonish, N. S., will take place to-day. The address to the graduates will be delivered by Finlay McDonald, K. C., of Sydney. Other addresses will be delivered by Harry Somerville, journalist, an authority on social questions, and by Rev. James McKee, T. H. McEwen, of Dalhousie, N. B., will deliver the salutatory and Isaac McDougall of Strathmore, N. S., the valedictory.

THAT GASOLINE BILL.
The untoward calamity howler has another "bait" story. It accuses Coun. Currie who is the local manager for the Imperial Oil Ltd., of already endeavoring to have a disputed bill for gasoline passed by the council.

In conversation with Mr. Currie he has given the Graphic the following facts.
A year ago last January the Electric Light Department ordered ten gallons of high test gasoline. As this is not carried in stock the order was sent in to the head office and it was shipped by freight consigned to the Town of Campbellton. As this was high test gasoline the railways accept it at consignee's risk only. There were two five gallon cans. Upon arrival here one can was found to be partly full, a gallon or so having leaked or evaporated. The Electric Light Department took delivery of the goods, but although the account has been outstanding since Jan. 1917 no bill had ever been referred to the chairman of the committee as the manager of the department has been endeavoring to have the matter adjusted direct. Mr. Currie spoke to Coun. Harquail before the town elections and Coun. Harquail promised to look into the matter and he is now doing this. As far as Coun. Currie is concerned he has nothing to do with this matter as it is up between the head office and the town for settlement and we have not a doubt but that it will be dealt with fairly and intelligently by the present Council.

Eliminating Guess work.
"Waiter, how can I tell if this is a ham sandwich?"
"There's a label pasted on the rice-paper, sir."
"Boys," said the Sunday school teacher, "can any of you tell me about Good Friday?"
"Yes, I can," replied an urchin at the foot of the class. "It was the guy that did the housework for Robinson Crusoe."

It Works! Try It

Tells how to loosen a sore,
tender corn so you can get it
out without pain.

Good news spreads rapidly and drug-
gists here are kept busy dispensing
freemore, the other discovery of a Chi-
nese man, which is said to loosen
any corn so it lifts out with the finger.
Ask at any pharmacy for a quarter
ounce of freemore, which will cost very
little, but is said to be sufficient to rid
each foot of every hard or soft corn or
callus.
You apply just a few drops on the
tender, sore corn and instantly the
soreness is relieved, and soon the corn
is so loosened that it lifts out with-
out pain. It is a sticky substance
which dries when applied and never
inflames or even irritates the skin.
This discovery will prevent the
suffering of thousands annually from lock-
ing and infection heretofore resulting from
the untold habit of cutting corns.

JACQUET RIVER.

The first thunder storm of the sea-
son was enjoyed on Wednesday after-
noon last, and a very severe one it
was. During the course of the storm
the lightning struck the store of the
McMillan Company Limited and did
some damage. It entered in the
third story, passed through the
second where it started a fire and went
down through the ground floor where
the salespeople and customers were
busy. The lightning appeared in the
form of small balls of fire. Every-
one was more or less shocked, so that
they were not aware of the fire until
it was reported from outside. The
second story was closely packed with
furniture of which a great deal was
damaged. The fire extinguisher was
quickly applied and the fire got under
control.

The lightning also fell about a
mile from the first place being in a
field of Mr. Anthony Dempsey where
a large hole was left in the ground.
Mr. Dempsey had just passed by the
place less than half an hour before.
A very quiet wedding was solemnized
in Chatham April 29th, by the
Rev. F. O'Keefe when Miss Verna
Dunlop of Moncton became the bride
of Mr. Raymond Ullman of Chatham,
formerly of Jacquet River. Mr. and
Mrs. J. H. Williams were witnesses.

Mr. and Mrs. Ullman will reside in
Chatham. Mr. Ullman's many friends
here will offer their sincere con-
gratulations.

The regular monthly meeting of the
Women's Institute was held at the
home of Mrs. Davis on Friday evening
last with a very good attendance.
It was Tennyson evening, the roll call
was answered with a favorite Tenny-
son quotation. A paper on Tenny-
son read by Miss Marie Shannon and
much enjoyed. A very able paper on
gardening was read by Mrs. McAlister
which contained many practical hints
and was thoroughly discussed. Little
Mary Daley added a recitation to the
evening's enjoyment. Another
paper on Housekeeping was heard
from Mrs. Salter which was greatly
enjoyed, and received much favorable
comment. Miss Alice Richard ex-
tended an invitation to the ladies to
attend an entertainment held in
Quinn's Point School on Empire Day.
Miss Annie Ullman extended an in-
vitation to the ladies to hold the next
meeting at her home, which was
heartily accepted. In the absence of
the Secretary, the position was very
acceptably filled by Miss Alice Rich-
ard. The roll call of the next meet-
ing will be answered by a flower quo-
tation. Refreshments were served
and a very enjoyable evening spent.
An Agricultural meeting was held
on Saturday evening, May 4th, in the
C. M. B. A. Hall. The chairman was
Mr. W. J. Davis who introduced the
principal speaker of the evening, Mr.
J. H. King of Moncton, who spoke at
some length on Food Conservation and
Greater Production. The subject
was very admirably handled. Mr.
King being an able speaker. He is
a graduate of two Colleges and has
wide experience in Agricultural work.
He urged upon the farmers the great
need of joining an Agricultural Soc-
iety. The audience were very atten-
tentive and thoroughly enjoyed the
lecture. The programme was as fol-
lows:—
Recitation—Freddie Barton.
Monologue—Miss Frances Devereaux.
Recitation—Leslie Doyle.
Duet—"The Old Oak Tree", Miss
Audrey Doyle and Edna Culligan.
Solo—"Mother Macchree", Miss Audrey
Doyle.

The numbers all meet with hearty
applause. Most of the performers
were heard before, and rendered their
parts in their usual admirable style.
The members of the Pig Club were
guests of honor on the platform. The
agricultural meetings are greatly en-
joyed and looked forward to with
great interest.
A number of young men are being
called and are enlisting daily to mil-
itary service. Messrs. Sherman and
Mike Flottie have enlisted in the En-
gineers and have gone to St. John's
Quebec for training.
Mr. Irvine Ullman spent a few days
at his home here last week before re-
porting for military service at St.
John.
Miss Audrey Doyle was the guest
of her friend Miss Evelyn Frenette
at Petit Rocher for a few days last
week.
Miss Georgina Lemieux of Camp-
bellton spent Sunday the guest of
Miss Marie Shannon.
Mr. James Hayes of Campbellton
spent Sunday at his home in Nash's
Creek.
Miss Marie Shannon paid a flying
visit to Campbellton on Saturday.
Mr. William Savage of Nash's
Creek has accepted a position at Eel
River mill as sawyer and entered into
his position.
Mr. James Daley of Campbellton
spent Saturday in town.
Mr. John Kerr of Nash's Creek
spent a few days in Campbellton last
week.
A runoff on the C. G. R. happened
last week between here and Belle-
dune, train No. 875 leaving the rails
and a number of cars piled up holding
up traffic for a time. Two cranes
were at work several days
clearing the debris. Luckily no one
was hurt.
Mr. D. A. Stewart of Campbellton
spent Monday in town.
Dr. Richard of Petit Rocher was in
town on Saturday.
Mr. Garnet Ellis of Edmundston
spent a few days here the guest of
friends.
Miss Marie Shannon has returned
from an extended visit to Halifax.
Mr. C. J. Callahan of St. John was
in town this week.
Mrs. William Gray of St. John is

the guest of her mother Mrs. Mc-
Aulay.
Mr. G. G. Watters of St. John was
in town on Tuesday.
The many friends of Mrs. James
Frenette who has undergone an opera-
tion at the Hotel Dieu, Campbellton
will be pleased to hear she is pro-
gressing very favorably.

Interest,	.38
Total,	\$154.55

Express,	.50
Wool,	25.75
Overseas Parcels (Easter),	58.01
Handkerchiefs,	.75
Total,	\$85.43
In Bank,	\$69.12
The donations are made up as fol- lows:— Mrs. A. J. Arnold, \$1.00 A Friend, 1.00 Miss Marcotte, 1.00 Miss L. Smollett, .75 G. Kerr, .50 Gladys Kempfer, .75 Cadet Eric Metcalfe, 1.00 Florence Sherar, 1.00 Lee Hall, .50 B. Astels, .50 Lillian Imhoff, 1.00 Mrs. R. Caldwell, 1.00 Mrs. C. LeGallais, 1.00 N. C. Girls Hockey Team, 1917 and 1918, 4.90 J. Hall, 1.00	

The Club had hoped to be able to
send parcels in time for Easter, but
same could not be done. However,
at the close of this report 43 boxes
have been made ready, and sent over
to the following boys:—
Clark Frank LeGresley, Lionel Cald-
well, B. B. Caldwell, Evelyn Cook,
Claude Hall, Tom Hall, Evelyn Cook,
Harold Billingsley, James LeQuenne,
Charlie LeMartin, Gordon Fraser, El-
mer Scott, Dewey Smollett, Charlie
and Johnny Gilker, Peter Hanson, Ernest
Faulker, Noah Menard, James Bissan,
Gordon Sherar, James Ross, Willie,
Edmund and Wilson Astles, Willie
Ward, Harold LeGallais, O. C. 2nd
Battalion, Harry Main, Bert Allison,
Pelix Doiron, Henry Avenoux, Beaulieu,
Hamilton, Willie and James Buttle,
Percy Chisholm, Israel Poirier, Bert
Blais, Henry Harrison.

Each parcel contained the follow-
ing:—1 pr. socks, 1 cake of maple
sugar, 1 towel, 1 pr. laces, 1 cake
soap, 2 boxes of cigarettes, 2 bars
chocolate, 2 boxes oat, 2 handkerchiefs,
and 2 packages of gum.

There are yet a few boys to re-
ceive parcels, and if any man is or-
dering the Club would be pleased to
have it sent in with address.

We are grateful to everyone for
their assistance, without which we
could not continue in our work. Should
anyone feel inclined to knit a pair of
socks occasionally we would be pleased
to send them the wool.

Secretary Treasurer.

NEW RICHMOND BOYS ORGANIZE.

The boys of New Richmond have
been organized for this week into Y.
M. C. A. workers and will canvass the
district for this great branch of the
army work. They are most interest-
ed, because nearly all of them have
relatives at the front who have share
in the privileges of the Y. M. C. A.

KEEP YOUR SHOES NEAT

LIQUIDS AND PASTES FOR BLACK, WHITE, TAN, DARK

BROWN OR OIL-SHOD SHOES. PRESERVE THE LEATHER.

THE W. F. HALL & COMPANY, LIMITED, HAMBURG

Why you should look for this Trade-mark on your Shoes

A TRADE-MARK is a manufacturers' signature. If a firm makes
an article they are prepared to stand behind—they stamp it with
their trade-mark. It is put on their goods so you may identify them.
It stands to reason, therefore, that it is safer for the public to always buy
"known" and "trade-marked" shoes rather than "anonymous" shoes.

Each working day of the year, the A. H. M.
trade-mark is stamped on the soles of thousands
of pairs of shoes for men, women and children,
because we want you to know our shoes when you
see them—because we are making a sincere effort
to produce good values in footwear—because we
believe you will find our shoes satisfactory—and
buy them again and again.

Ames Holden McCready are Canada's largest
makers of shoes. A.H.M. footwear is sold by thou-
sands of dealers in every part of Canada—and by
the leading merchants in almost every town.

We make such a large proportion of the boots
and shoes that the Canadian people wear that
you are probably wearing A.H.M. shoes now.
However, the next time you buy shoes, to make
sure, look for this trade-mark on the sole.

We make many grades and styles of foot-
wear, but no matter what price you pay for
them you will find them excellent value for the
money. You will find it profitable and satis-
factory in future to always make this trade-
mark your guide in buying footwear for your-
self and your family.

AMAZING WORK OF RAILWAY TROOPS

Connected British and French System During Recent Retirement.

Ottawa, May 11.—The following article by Roland Hill has been received here:

One company of Canadian Railway Troops, of a York county, Ontario Battalion, had amazing adventures during the British retirement. They were building lines at the extreme eastern limit of the British section, and for days and nights they worked feverishly to connect up with a French system, so that the valuable French stock could be hauled away. At one place they made a record of over nine miles constructed in one day, under heavy shelling from the enemy. By making the connection, 27 locomotives and 235 trucks were run out of the danger zone.

Saved Valuable Material.

Their wanderings from Chancery took them to Noyon and thence to Apple Court, where a large was obtained from the French, and their equipment loaded on that and sent down the canal to safety. At Longueuil they came across a huge French engineering dump where the Allies were trying to save. They offered their services and set to work in real fashion. There is a great shortage of horses, but plenty of huge timbers. The railwaymen boomed the canal and dumped the lumber, making long slim rafts that would just fit the locks.

Twenty thousand feet of lumber was saved in this way, but that was not enough. They loaded steel rails and other engineering material on the improvised rafts and, under the guidance of some French-Canadian lumbermen, who belonged to the battalion, started their adventurous, but completely successful journey down the canal. Lower down another huge timber dump of fifty thousand feet and several thousand poles and wooden ties were saved the same way. Arrived safely at Compiegne with their miscellaneous freight, they built a huge skidway and safely received all the lumber and other things, then started north and joined their battalion.

THIRD ANNIVERSARY OF SINKING OF LUSITANIA

Baron Rhonda, Food Controller, Issues Stirring Message Recalling Crime.

In connection with the national war bond campaign Baron Rhonda, the food controller, who was Lady Mack-I put it there on purpose to test you. New Man—That's what I thought, sir.

AFTER SICKNESS THEY GAVE HER VINOL

And She Soon Got Back Her Strength

New Castle, Ind.—"The measles left me run down, no appetite, could not rest at night, and I took a severe cold which settled on my lungs, so I was unable to keep about my household. My doctor advised me to take Vinol, and six bottles restored my health so I do all my housework, including washing. Vinol is the best medicine I ever used."—Alice Record, 47 So. 11th St., New Castle, Ind.

We guarantee this wonderful cod liver and iron tonic, Vinol, for all weak, run-down, nervous conditions.

A. McI. McDonald, Druggist, Campbellton, also at the best druggists in all New Brunswick towns.

Lusitania when she was torpedoed three years ago today, has sent the following message to the national war saving committee:

"To-day is the third anniversary of the sinking of the Lusitania. Many events and emotions have come upon us since then. One's memory is laden with incidents that have stirred the surprise and anger of the civilized world.

"I still keep in memory the tragedy of the Lusitania, a tragedy enacted by an Emperor and a people who flung to the winds all restraint of honor and chivalry. The Kaiser will be known in time to be the Herod of the twentieth century, who caused Rachel to weep for her children.

"Worse even than the sinking of the vessel was the sinister way in which it was planned and the shouts of exultation that afterwards went through Germany. A medal was struck—a medal in commemoration of a crime! To rejoice in doing evil is surely the depth of degradation.

"The sinking of the Lusitania made the world see plainly the inherent criminality of its foe. On the brow of Prussia was the mark of the beast.

"You will recall your first emotions with the news of the sinking of the Lusitania. Germany has not changed since. Let us not relax our efforts until we have destroyed the evil spirits who planned and rejoice in such a crime."

New Man—I found this five-dollar bill upon your desk, sir.

Employee—I'm glad you are honest. I put it there on purpose to test you.

New Man—That's what I thought, sir.

TAKING OVER

BRANCH RAILWAYS.

St. John, N. B., May 12.—Orders-in-Council have been signed at Ottawa to provide for taking over the York Central, the Havlock and Albert, and the Salisbury and Albert Railways as a part of the C. G. R.

Dunlop "Gibraltar" RedSpecial" Belting

Abnormal Friction Pull vs. Elasticity of Friction

BETWEEN every ply of specially-selected, heavy Cotton Duck in Dunlop "Gibraltar RedSpecial" Belting is a layer of pure Rubber which, through a Dunlop calendering process, so permeates the fabric that it binds the several plies into one integral piece.

Some belt manufacturers offer to sell their product on the basis of "Heavy-Poundage in a Friction-Pull" Test. To obtain the latter result it is not necessary to secure such an expensive Rubber Friction as is used in "Gibraltar Red Special." This fact alone ought to be a pretty good gauge of the value of the "friction-pull" test.

In buying "Gibraltar RedSpecial" you get the advantage of years of careful laboratory work on our part with this result: The friction is of that "just-right" elastic quality which allows for the give and take necessary in rounding the pulleys; hence the reason "Gibraltar RedSpecial" is known for maximum Power, Speed and Service.

UNLIMITED capacity for service is an intrinsic quality with Dunlop "Gibraltar RedSpecial" Belting. The success of nearly a quarter of a century in the manufacture of Rubber Products is built into Gibraltar. The original Dunlop-Cordless Red Rubber, Frictioned Surface Belting, "Gibraltar RedSpecial" has stood the labelling test of time in turning the wheels of industry in a multitude of Canadian plants from the Atlantic to the Pacific.

DUNLOP TIRE & RUBBER GOODS COMPANY LIMITED

HEAD OFFICE AND FACTORIES: TORONTO

MAKERS OF

High-grade Tires for Automobiles, Motor Trucks, Buses, Motorcycles, Carriages; High-grade Rubber Belting, Packing, Fire Hose, and General Rubber Goods; Military Equipment, Mats, Tents, Hoists and Ladders, Motor Boat Pumps, Chains and General Rubber Supplies.

PERSONALS

Mr. M. J. Currie was in St. John last week on business.

Mrs. Fredrick Dobson visited friends in Dalhousie on Tuesday.

Mrs. F. J. McRae and little son are visiting relatives in St. John.

Miss Violet Lawlor of Matapedia spent last week with friends in town.

Miss Bishop of Moncton is visiting in town the guest of Mrs. C. H. Nelson.

Sergt. Bob. Duncan of the 65th Battery, Woodstock, was in town Thursday.

Mr. Earl Mowat left this morning for St. John where he will join the 9th Siege Battery.

A. F. LeBlanc, M. P. P., and Mrs. LeBlanc were in Moncton for a few days last week.

Miss Marie Shannon of Jacquet River was the guest of Miss George Lemieux on Saturday last.

Mrs. W. F. Gray and Mrs. C. Lewis of Campbellton were registered at the Brunswick, Moncton last week.

Miss Nita McDonald has returned from Keston where she was the guest of her sister Mrs. M. Snow.

Mrs. H. B. Anslow and daughter Miss Ruth have returned from Boston where they were the guests of relatives.

Mr. Geo. R. Parker, St. John, provincial manager of the Confederation Life Insurance Company, is in town today.

Mr. and Mrs. Andrew Smith and children of Anderson Shilling, L. N. R., were visitors to town for a few days last week.

Rev. John Squires of Wellesley (Mass.), is visiting his son Rev. Dr. C. W. Squires, at the Methodist parsonage Newcastle.

Miss Lena G. Downes of St. John is in town the guest of her mother.

Enroute here Miss Downes was the guest of friends in Newcastle and Chatham.

Many friends will deeply regret to learn that U. S. Consul Judge Botkin who has been ill for some time is not improving and his condition is considered very serious.

Mr. Wallace Kierstead left Monday morning for Woodstock where he joined the 65th Battery, but owing to his being medically unfit for military service he returned home Tuesday evening.

Mrs. C. W. Squires and two children, Cedric and Arlene, of Newcastle left Thursday morning for East Thompson (Conn.), where they will spend a vacation with the former's parents.

Rev. Dr. Squires accompanied them to St. John.—Telegraph.

Regret is universally expressed at the resignation of Rev. Dr. C. W. Squires from the Methodist pastorate Newcastle, which he has held for the past two years and to which he was unanimously re-elected at the last meeting of the quarterly board.

Dr. Squires is not only a brilliant scholar and author, but a very forceful preacher, industrious and sympathetic pastor, and public-spirited citizen, and the whole community will miss him.

Telegraph.

Miss Daisy Ferguson, Miss Irene Murray, Miss Bertha Ferguson and Miss Marguerite Henry who last week ushered for three evenings at the Opera House, at the Klark-Urban plays have handed to the President of the Tipperary Club, the sum of \$6.00 being their fees for the duties they performed.

DALHOUSIE.

Dalhousie, May 15.—The people of the shiretown and environs are looking forward with great interest to the entertainment which is to be given by the members of the Women's Institute of Dalhousie during the early part of June in the Star Theatre. Mr. McKee has kindly given the hall and will furnish for the programme a feature picture and probably a Mut and Jeff comedy. The rest of the programme will consist of patriotic drills, choruses and readings. Proceeds for Red Cross work.

Mrs. H. J. Hubert entertained informally at the tea hour of Thursday in honor of Mrs. Wm. Hughes of Montreal, daughter of Hon. Wm. Currie of Campbellton.

Mrs. A. R. Fraser entertained a few friends recently in honor of Miss Lou Nelson, Campbellton.

Miss Edna Vye, formerly of Dalhousie, who has been living in the capital since a year has returned to her home in Blackville. Before leaving she was the guest of the St. Paul's Guild of the Presbyterian Church presented her with an appropriate address and a sterling silver thimble.

Among the High School Newcastle boys who enrolled in the Soldiers of the Soil movement is Redvers B. Bate, youngest son of Rev. N. J. Bate of Newcastle, who was formerly in charge of St. Mary's Episcopal Church, Dalhousie. Two of Rev. Mr. Bate's sons are in the trenches.

On Tuesday Mrs. C. T. Cool was hostess at a very enjoyable afternoon tea in honor of her niece Mrs. Wm. Hughes of Montreal. Those present were: Mrs. J. H. McLean, Mrs. T. G. Scott, Mrs. A. R. Fraser, Mrs. Andrew Barberie, Mrs. H. A. Trudelle, Mrs. Charles Little, Mrs. Wm. Gallop, Mrs. L. D. Jones, Mrs. H. J. Hubert, Mrs. Ed. Shirley, Miss Haddow, Miss Kate Anderson, Campbellton; Miss La Billois, Miss Wright.

Mrs. Harvey McMillan, Jacquet River, was a visitor to Dalhousie recently the guest of her parents Mayor James E. and Mrs. Stewart.

Private Clarence Robinson, son of Alderman Philippe Robinson of Dalhousie, who was so badly wounded at the front is still in a convalescent hospital in Montreal. He gave credit for his recovery while ill in a British hospital to the untiring care given to him by a nurse who belongs to Ottawa, Sister Arnold.

In writing to a Dalhousie friend last week he stated that he had received some souvenirs from her. A cigarette jar made out of French shells, of the famous 75 gun, a match box holder made out of a piece of shell, a German identity disc and a nurses' Red Cross Band.

Vincent Harquail and wife have arrived from New Glasgow, to remain in Dalhousie for the summer.

J. Clifton Fair, Black Cape, P. Q., spent Sunday in Dalhousie, a guest at the Queen.

Charles A. LeBlanc was here on Friday and went to his home in Carleton, P. Q., via Campbellton to spend Sunday, returned here on Monday to work in the Maritime Provinces in the interior of a large Montreal Boot and Shoe firm.

Mr. R. J. Samover Sly, Campbellton, who addressed the boys here on Friday evening in the interests of the S. O. S. movement was the guest of Rev. R. J. Coleman.

The Daylight saving time is working splendidly in the shiretown. Plans are being made by many to profit of the long evenings to cultivate every piece of vacant land. Those who own vacant lots and do not use them should give an opportunity to the families who are deprived of land to enjoy having a small garden at least.

It is the intention of several of our citizens to form a Quilt Club. Mr. D. G. Stewart has offered the use of a very convenient piece of ground facing William Street at a very reasonable fee and those who have practiced quilt playing in other provinces will be able to enjoy an hours exercise in the evenings at a very healthy and enjoyable past time.

Mrs. A. R. Fraser spent the week end at her old home in Campbellton. Mr. Fraser joined her on Saturday evening by Accommodation.

Miss Alma LaBillois, who had to remain at home for a week on account of a heavy cold, returned to Newcastle on Monday's Limited to resume her work at the Wireless Station.

A former Bay de Chaleur lady writing to a friend here about the past winter in New York states: "The winter conditions here have been about a precedent, you couldn't have had it worse in Dalhousie. I certainly never experienced anything like so far as cold weather is concerned, very little snow, but oh! so cold."

Two grand sons of the late Joseph R. Macdonald of Maria, P. Q., who are now in New York expect to go overseas. One is an Aviator Captain and expects to go France soon.

Mrs. David Champoux, Campbellton was a recent visitor to Dalhousie.

W. F. Sullivan, Bathurst registered at the Queen last week.

Claude Brown, Chatham, spent Sunday in the shiretown. He was the guest of Mr. and Mrs. W. S. Montgomery.

Mrs. Oregon, Ottawa, is spending a few days with Mrs. C. H. LaBillois before returning to the capital.

D. A. Stewart, Ex. M. L. A. was in town Saturday a guest at the Queen. Councillor N. Levesque of Balmora, who was threatened with appendicitis on Sunday, is reported much improved.

Mr. and Mrs. Haddow who went to Ottawa last week have returned home.

W. H. Priest, manager of the Dalhousie Lumber Co., has returned from Portland, Maine.

After a long illness John Innis passed away at his home in Dundee, on Sunday at the age of 35 years. He is survived by his wife formerly Miss Clara J. Wright, daughter of James Wright, Shannon Vale, three sons and four daughters also survive. His funeral took place on Tuesday afternoon. Services at the home and grave were conducted by Rev. J. H. McLean. Interment was made in St. John's Presbyterian Cemetery, Dalhousie.

Miss Emma LeBlanc, Campbellton paid Dalhousie a visit this week. She was the guest of her brother Louis J. LeBlanc.

Private John Cool, St. John, N. B., is spending a few days here visiting his father T. C. Cool.

Three daughters of Mrs. Louis Almain, who went recently to Montreal, have secured good positions.

A few trout have been caught here and great preparations are being made for good fishing on Victoria Day.

The 24th, should be well observed.

AN EXTENSIVE SHOWING OF THE NEW SEASONS' FASHIONS AT F. E. SHEPARD & CO'S

Discretion.
"I presume you never quarrel with your wife?"
"Certainly not," replied little Mr. Henpeck. "I am merely a husband—not a lion-tamer!"

Your Clothes

Should be the best that money can buy

Clothes do not make the man, but they make you presentable, and he is often judged by appearances.

You need never be ashamed of your clothes if we make them.

Call and see our line of Blue and Black Suits, absolutely guaranteed.

BERNIER
THE TAILOR

HOW OFTEN HAVE YOU MISSED A TRAIN, OR BEEN LATE FOR AN IMPORTANT APPOINTMENT JUST BECAUSE YOU HAD A POOR TIME PIECE? COME GET A NEW WATCH SO THAT YOU CAN BE SURE TO BE ON TIME. THE SATISFACTION OF "KNOWING" WHAT TIME IT IS RATHER THAN GUESSING AT IT IS WORTH MORE THAN THE COST OF A GOOD NEW WATCH. WE HAVE RELIABLE, ACCURATE WATCHES AND CLOCKS. THEY ARE BEAUTIFUL TOO AND PRICED RIGHT.

H. R. HUMPHREY

DO NOT NEGLECT YOUR EYES

We hear much of people who sacrifice everything to sartorial splendor. They would go without dinner every day for a new pair of shoes.

Sacrificing health for appearance is not good policy—it does not make for health a real happiness.

Not only do you squint and frown when you neglect your eyes, but you seriously injure your health.

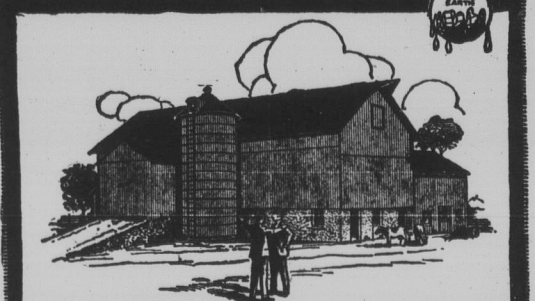

Better have a careful examination made.

"COMMONWEALTH" BARN RED

The Paint for Barns, Roofs, Fences, Etc.

S-W Commonwealth Barn Red is a bright, rich Red, that works easily, covers well and dries with a fine, smooth, durable finish. Put up in convenient sized cans, all full Imperial Measure. Why not try it this year to protect your barn against the weather?

You have a heavy investment in farm machinery, implements, wagons, etc. Increase their life and usefulness by protecting them against rust and decay, by using Sherwin-Williams Wagon and Implement Paint. The longer they last the less they cost.

It is economy to use S-W Buggy Paint on your buggies and carriages, and S-W Auto Enamel on your car. They give entire satisfaction and are easy to apply.

Color schemes and suggestions for any part of your building furnished by expert decorators, free upon application and without any obligation.

We carry a complete line of Sherwin-Williams Paints and Varnishes. Ask us for Color Cards, prices or any other information you may require.

John C. McLean	1.00
Mrs. Scott Hamilton	2.00
Mrs. Donald McLean	2.00
James A. Reid	2.00
Mrs. Sarah McCurdie	1.00
F. E. Deagney	1.00
Chas. R. Purvis	2.00

A New Name for "Em."

The head of the household had no sooner arrived at home the other evening than he was sent forthwith to see "what in the world was the matter with the furnace." His duty hat encountered the top of the door leading into the basement, with the result that the hat received a good-sized "stove" in the front.

As he emerged from the basement, after a tussle with the offending head, he was met with a shout of laughter by the six-year-old heir to the family fortune.

"Gee, mother!" exclaimed the lad. "Look! Dad's got a dimple in his hat."

In the Sausage.

Amateur Poets—Ten dollars for correcting the meter of this little verse!

Professional Poet—Oh, yes; for this sort of work I charge regular plumbing rates.

His Reply.

"There goes a man I might have married," she said.

"Don't worry," he replied. "That I cannot point to—yes, a woman who once turned me down, but you are the only one I ever proposed to."
