on October 21st

We, the HALIFAX CITIZENS' COMMITTEE TO END THE WAR IN VIETNAM, believe that the Canadian people and their government have the responsibility to understand the nature of the potentially global conflict now raging in Southeast Asia. With such understanding comes the right and duty to propose realistic steps toward its solution.

We support the Hon. Paul Martin's call for the cessation of bombing in North Vietnam. We urge the Canadian government to take further diplomatic measures by calling for the recognition of the national liberation front of South Vietnam and negotiations with it for the withdrawal of U.S. troops. Further, we ask that the Canadian government strengthen this diplomatic position by halting contributions in arms and research to U.S. military

We take this position after evaluation of the facts of this war. It is historically accepted that the war fought by the Vietnamese people against the French colonialists was a genuine war of national liberation, supported as such by progressive peoples around the world. The Vietnamese people won this war and were promised the right of self-determination by the Geneva Agreements. In half of their country, however, they were denied the fruits of their victory. The present war is but a continuation of the war against the French. The war was resumed because the U.S. backed defiance of the Geneva Accords. That eleven of the twelve generals in the military junta ruling South Vietnam until the recent "elections" were officers in the French colonial army, is ample testimony to this fact.

The denial of the right of self-determination for the Viet-namese people by the armed forces of the U.S. is immoral and illegal. Not only the right to self government, but the lives and property of a nation are at stake. The tremendous wealth and technology of the U.S., rather than serving peace and prosperity around the world, is used to inflict senseless destruction on a small nation, at the current rate of 25 billion dollars per year, or \$2,000 per Vietnamese man, woman, and child.

Despite the recent and promising Canadian call for the cessation of bombing in North Vietnam, there has been no public retraction of previous statements indicating basic agreement with U.S. aims in Vietnam. Canadian peace proposals based on the contention that the U.S. presence in Vietnam is legitimate, and that it therefore has the right to play a role in decisions affecting the future government of Vietnam, are not realistic. Further, the flow of Canadian military products and research results to the U.S. constitute complicity in the aggression against Vietnamese people. Rather than prohibiting the shipment to Vietnam of medical supplies gathered by U.S. Quakers, Canada should institute its own program of aid to this war-torn nation.

The Canadian government could regain the world's respect for its traditional diplomacy for peace in international affairs by taking an honest and public stand aginst U.S. actions in Vietnam and announcing that Canada will no longer contribute to these actions in any way, but will instead make every effort to bring about a rapid end to the war.

To this end, we urge the Canadian government to:

1. Continue calling for unconditional cessation of bombing in

2. Call for recognition of the National Liberation Front of South Vietnam by the U.S., so that negotiations to arrange withdrawal of U.S. troops may be held

3. Recognize the National Liberation Front as the De Facto Administration of major portions of South Vietnam and urge that U.S. withdrawal be followed by genuinely free elections as proposed by the Geneva Agreements

4. Place an embargo on all arms and material directly or indirectly contributing to the prosecution of the war in Vietnam 5. Prohibit all military research and development projects which contribute to U.S. military power

6. Draw up plans for material contribution to the reconstruction of the brutally ravaged country of Vietnam.

Americans will be marching on Washington as thousands of them marched on New York & Frisco on April 15. Canadians in all the major cities, people across the globe, will be responding to their appeal for an

HALIFAX, NOVA SCOTIA

NUMBER 4

Trade in your old Make Love Button; the "in" thing to do now is to Make Collage. Now is your chance for total

involvement. Gazette Editor Kim Cameron took time out from his current Maoist purge to explain the im-

portance of his new project. 'What I want to do is to destroy apathy forever. I will stop at

"Besides," he added, George is right behind me.

George Munroe, inan unprecedented move, threw his entire weight on council behind the scheme. George is no longer on council. He has been however 'at large'' and was one of the two Biggies who have had the lighting changed from white to pink in the new SUB building. Here's a man to watch in the current wave of collage making.

A Gillybird, now flying in exile in Lower Ecum Secum, is dropping a barrage of rankies in an all out effort to win ten dollars worth of cabs.

Dennis Ashworth is having his little railroad with pink policy cars refit for a fight to the college finish.

One collage, already submitted had to be rejected. Dave Osherow sent in his mouth but Cameron pointed out that the college has to be relevant and pertaining to a

# Council passes **Declaration** of **Canadian Student**

Student. Ashworth began the discussion by stating that the aim of this document is to define the role of the student, as well as their rights and duties. It is an attempt to articulate what students should

Bill Stanish, (member at large) said "how could anyone attempt to define the scope of education, It is ridiculous, The idea to form a Declaration for the sake of a Declaration is useless."

Bill MacDonald (Law) then spoke on what he considered to be the main points behind the Declaration. "When Iwas attending High School, and even since I have been in University, I have been always told that I was preparing myself to take my position in society." By passing this Declaration, Students will reject this viewpoint, and instead they say that we have a right and a duty to become involved in trying to have an effect on our environment.

The Declaration of the Canadian Student calls for the acceptance of the principle of Student Syndicalism. This means, according to discussion on Tuesday night, that Students must be able to ally them selves with any group in the country which has a similar viewpoint.

The debate showed that this was a powerful document, and one which will effect every student, no matter whether his is in Post Secondary education or not.

The major spokesmen against the passing of the Declaration

Osherow said, "I do not like the idea of trying to tell people what to believe, or forcing my ideas on others." Stanish mentioned "I could never vote on a set of rules which is to be forced on some one else, and to vote for them as their representative in this mat-

It was mentioned at this time that Council members can reject the need for a mandate from those they represent, for they are student leaders, and if they believe in a particular issue or principle then they can commit themselves to bringing their ideas to the student body. If the majority of the students disagree with their representative's stand, they may have him removed from office.3

Taking this into consideration, Council members as individuals eemed to be in favour of the Declaration of the Canadian Student, When the vote was called, however, seven members were not abl to bring themselves to accept their responsibility of their teader.

The Declaration was passed nine votes to seven. Those oppos ed wanted their negative votes recorded, and they are Osherow an Robar (Science), Parr (Ed.), Stanish (Member at Large), Malcolm

# No "Dump Johnson" Movement

WASHINGTON (CUP-CPS) -There is no national student dump Johnson' movement.

Although hundreds of college student body presidents and editors signed anti-Johnson petitions this summer, an informal CPS survey of groups most likely to promote such a campaign reveals that there are individual state efforts but nothing on a national level.

The group most likely to form such a movement is the Alternative Candidate Taskforce, known as ACT '68, which got its start at last month's National Student Association Congress when 500 delegates, many of then student body presidents. signed an anti-LBJ petition. It was hoped that the effort would become a national anti-Johnson

But Sam Brown, a Harvard Di-vinity School student who took over ACT '68 after he was narrowly defeated for the presidency of NSA, says his group is almost defunct as a national move-

. We have decided that the shape action will take has to be determined in the individual states", says Brown. "What we want to do is energize groups to start working in the states".

Brown says student groups

# 1 like to help people and I like to get involved.'

Rusty Goepel, a London Life group insurance specialist in Toronto

Ever since I can remember

I've wanted the sort of job where I could meet people and help them with their problems. As a London Life group insurance salesman, I can do this. I help Toronto businessmen provide comprehensive protection for their employees. When I sell a plan to a corporate executive or to a small factory owner, I follow up by explaining the benefits to the employees. My Company's service is something they need and it is ecognized as the best of its type in Canada, In addition, my work daily exposes me o every facet of the business world. The opportunity to learn is tremendous. Rusty Goepel graduated in commerce from the University of British Columbia in 1965. Now with London Life in Toronto, he advises clients on a range of group insurance benefits including life insurance, health coverage, income replacement, and pension plans. To learn more about a career as a group insurance specialist, see your placement Personnel Department, London Life Insurance Co., London, Ontario.

# Councillors evolve

beginning to operate as a worthwhile legislative body.

This reflects, of course, a really remarkable change in its total outlook. The council has such a reputation for being a bureaucratic-administrative junior city hall, that it is now almost impossible to believe that it has evolved into something which is relevent to the student.

The credit for the change probably goes almost exclusively to Ashworth. Not that he seems to be indoctrinating the council and ramming his various ideas down its members throats, but he is essentially responsible for directing the council and probably has charted its recent course.

The main change in council functioning derives from the fact that it now considers itself to be a political being.

No longer is conversation being limited to questions of whether Fall festival will hire one band or two; to questions of whether the SUB will display white lighting or orange. These things have been left in the capable fingers of the various sub-committees.

Council is trying to establish overall develops.

The Dalhousie Student Council is finally policies; it is trying to develop ways of understanding and attacking such problems as our role as students, our governing body's role, our place in the University community, the determination of our environment, and the democratization of the university and the community so that higher education will in fact be universally accessible.

> This is not to say, it should be stressed, that the calibre of the discussion which takes place is of such a level that criticism and analysis will no longer be necessary. In fact, sometimes the overall quality of the council discussions leaves almost everything to be desired.

> But credit should be given where credit is due.

> The very way in which the council is dealing primarily with political issues (like senate reform and universal accessibility) has separated it from the vast majority of small-university councils. Moreover, the council has the resources and the climate here to be one of the most progressive student governments in Canada.

It will be interesting to see how it

# No free rides

Stanfield into the Commons.

At the outset, both the Liberals and NDP piously said they would not contest the seat. If no one else did, then Mr. Stanfield would be an MP two weeks earlier, having been elected by acclamation on nomination day. But the apple cart has been upset by a Toronto Trotskyite who says he is going to run just to keep things honest.

Good for him. We win My Stanfield every success but there is reason why he

FAIR PLAY and good fellowship in should have a free ride into Parliament. It national politics are welcome, if infrequent, would be a negation of our system of elections. virtues but inter-party amity may be carried Liberal-NDP bonhomie is predicated more on too far in the November 6 by-election designed the certain knowledge that their candidates to propel new Conservative leader Robert would be soundly trounced than any genuine desire to help.

> Trotskyites notwithstanding, Mr. Stanfield should be challenged firmly by representatives of both the other major parties. Even if his electors are pre-conditioned in his favor the new leader should still be forced to go through the motions of an election, fight his opponents with vigor, and justify his political existence.

Anything else would be to sell short the electoral process.

Letter

I had the great good fortune to listen to the Dalhousie University Concert on Sunday the 8th October. Sad to say however, the afternoon was spoiled through no fault of the Northern Sinfonia Orchestra of England, who performed extremely well under the

set me. First there were the children who thought this was just the place to have a game of had tripped over my legs twice that I got really angry and threatened them with murder that they finally shut up. Letter

Mr. Kim Cameron Editor-in-Chief The DALHOUSIE GAZETTE Halifax, Canada

GROWING DOUBT ABOUT THE WAR

Being a novice not only at Dalhousie and the Maritimes, but also in Canada, my right to crit-icize should be restricted. However, after reading the last issue of your paper I could not resist asking you publicly a few questions. This action is not a reflection of sympathy or nationalism to my present milieu, but a reflex, sometimes called pity. The subject-the future of this country, Dalhousie, and especially of the organ of dialogue on this campusthe GAZETTE.

To measure the apathy of a people is one of those tasks to which most of us shrug our shoulders. At first it seems impossible. One way to measure it, is to locate all the group-activity and controversy in a particular geographic division. This can be done by keeping in touch with the local mass-media. Such method is possible because of two reasons. (1) The task of the mass media is to report such activities and (2) The amount of activity reported by the mass media can be treated as a sample of the total activity in the area.

What about our area? If there is any public activity we definitely do not hear about it. The reason is not far to find. The Dalhousie radio is dead and the GAZETTE if not dead mortally wounded. As a witness to this I shall point at your last issue.

As you ought to know the weekend of October 13th is a big one on our campus. Friday night we have the Forum, followed by a parade Saturday, etc. All this was conveyed to you in an article written for the GAZETTE by Mr. Ken Nedd, who slaves on the project in order to make you and me proud of the school we attend. ~ The reason why the article did not appear in the last issue must have been the importance of such other news as whether Mr. Dave Osherow will be or will be not damned when he goes out in the rain. Incidentally, is Mr. Osherow seeking public support in some kind of

Naturally you are not to be solely responsible for the stale aura of public affairs here. However it is your duty to make people proud of the GAZETTE. I hope that you will try to do something about it. The result of your work can be a great stimulus to the public spirit at Dalhousie.

I should be glad if you publish this letter in the coming issue and a great dialogue will ensue, for dialogue is the basis of social life.

I remain yours Daniel Czamanski

# ADAYANHBIDBATH

It's happened.

I, like thousands before me thought it could never happen. I keep asking myself why - Iwas stupid. I let little things upset me.

Student Council, our responsible spokesmen, had taken forty speakers to decide upon the Jekyls and the Hydes as the band for Fall Festival. I was obviously losing my grip. This was a major policy dicision (second only to the implementation of the Dalhousie pep band); it had taken three hours of intense discussion and excited debate to reach this conclusion - and I didn't even care if we had the Jekyls and the Hydes.

My classes seemed irrelevant. I couldn't get excited about

the 16th century rhyme controversy any more. My behavior patterns began to disintegrate. On three different

occasions I risked the ravages of trench mouth and ate in the

Last weekend the girls field hockey team travelled north to

Fredericton for a tilt with U. N.

B. Red Bloomers on Friday;

At U. N. B. our girls played a

hard game throughout and made

SEVEN YEARS.

# Let's Talk Sports

with Gary Holt

The Tigers played a reasonable game in Wolfville, Although the offense sputtered, when it did begin to move it was the same old story of fumbles and penalties. Dal, fumbling three times, lost the ball all three times in key situations. One on our own 17, another after a pass reception, and the third after an interception. A team cannot expect to win if it gives the ball away like that. You can say that they are mostly rookies and that inexperience hurt but it does not take an experienced veteran to hold on to the ball.

least 5 passes were dropped and again we had over 100 yards in penalties. Dropped passes will happen to the best of receivers but when a team racks up over 100 yards in penalties it cannot be the referees' fault. Games can be won with that many yards in penalties but it is much easier without them.

The next game is against St. Mary's Huskies down at St. Mary's field. The Huskies have been taking their lumps lately from St. F.X. but they are still a tough team, especially on defense. The score last year was 55-0.

Bright lights in the Acadia game for Dal were Rob Daigle who ran well subbing for injured Jack Baker and Rob Taylor who made several fine catches in gaining 64 yards. On defense Jim de la Mothe made many tackles and when called on to quarterback late in the game completed 2 of 4 passes and one of the others

cluding the M.I.A.A. competitions

several good breaks on the opponents goal. However, they were thwarted by a strong U. N. B. de-

It was late in the game on this cold October day when Jane Ritcey scored a dramatic goal from a corner to break up the scoreless deadlock.

This victory for Dal was probably one of the greatest achievements for the field hockey team ever, as it marked the first time the U. N. B. team had been beaten on their home field in seven years! The game was marked by the strong Dal defense and the good back checking of the forwards which is a must against a solid team such as the Red Bloomers.

#### Dal ties Mt 'A'

On the Saturday following the U. N. B. game the Tigerettesarrived at Mount Allison only to find the game was delayed two hours. However, this delay and the cold weather did not lessen the determination of our girls to return home with two victories.

#### Ritcey scores again

Once more it was the ever dangerous Jane Ritcey who broke through the Mt Allison defense to put Dal out in front 1-0 at the midway mark of the second half. However, the lead was shortlived, as the Mt. Allison team came back strongly to tie the score minutes

This was the way the game commended for their two great

BUSINESS ADMINISTRATION & COMMERCE

Pan American is a major producer of oil, natural gas and sulphur. The Company's operations now embrace British Columbia, Alberta, Saskatchewan, Yukon, North West Territories, and the Atlantic and Pacific coastal waters.

We can offer excellent salaries, benefits and opportunities for advancement.

For Company and position information, contact your Placement Office.

In my column this year I would like to take a look at as many sports as possible from as many angles as possible. I am starting my first "Sport's Spotlight" column with a brief outlook on two teams that have had little publicity as of recent years, but who have developed into potential championship teams this year. Namely the Soccer and Track and Field teams.

#### SOCCER OUTLOOK

Last year the soccer Tigers compiled a rather dismal record of one win, one tie and four losses in six league games for a second last place finish in the seven team league. During this showing the team managed only four goals whilst the opposition cracked nineteen goals through a porous Dal defence.

So far this year the team is two wins and one loss in league plus two victories over a strong team from Morse's Tea of the Nova Scotia Central Soccer League. The league games include 4-1 whitewashings of Mt. Allison and Acadia, and a close 3-2 loss to a strong U.N.B. squad on their home ground. A note on the refereeing in the U.N.B. game - The Red Shirts scored two goals that were obviously off side, also Dal had two goals disalllowed one of which hit the bottom of the cross bar and bounced down at least three feet over the goal line. The U.N.B. goalie grabbed the ball and the referee ruled play to go on. It is also of interest to note that Saint Mary's Huskies had to come from three goals behind just to tie with the Morse's team, and S.M.U. were the Maritime Intercollegiate Champs last year! So far this year in three league games the team has managed ten goals, already two and a half times the output in six games last year.

Looking at the line-up for the all important game against St. Francis Xavier to be played at Studley Field this Saturday, we have veteran Ken Murray a fourth year man in goal for the

Playing a 4-2-4 line-up this year - the method now being used by the top International teams - we have at the back positions the captain and third year man Vince Ingham, a second year science student the very talented Basil Cole, hard working Bob Steinhoff and Barclay Walker who are ably supported by another third year stalwart Peter Robson. At the link position there is the co-captain Abdul Labi a fourth year man and one of the cogs on the team, and Cliff Baird the leading scorer in the league last year whilst toiling with St. F.X. Spare man in the middle is Law student Peter Grady who played his high school soccer with King's Collegiate of the Valley League in Nova Scotia. The forward line is made up of mostly new faces with speedy Frank Jackson from Jamaica at right wing, the inside right position has Guy Masland a third year Arts student but the newest member of the team with the very promising rookie Dave Kerr at inside

The very dangerous Ishmael Bruce a second year man rounds out the forward line at the left wing spot. Spirited Dave Frith. hard tackling Gord Watson and the resilient Patau Rubuis. can play almost anywhere, round out this surprisingly talented team. Ably managed by Colin Duerden and Ivan Ho, coach Norm Vickery feels that the teams chances are surprisingly good this

I personally feel that with the crushing victory over the Acadia squad last week, the team could easily rebound from that heartbreaking loss to U.N.B. and win their remaining three games and take away the honors in the Maritime Intercollegiate Soccer League, the first time a Dal team has done this in many years if ever! This team, said "To have lacked the spirit to win" in last years Pharos is a star-studded and confident unit this year, so I ask you Sportfans - come out and support your team in this important game against "X" on Saturday - I'm sure you'll see one hell of a game,

#### TRACK AND FIELD OUTLOOK

Dalhousie has been getting stronger in the Maritime Intercollegiate Track meet each year. It looks as though coach Yarr has finally got together a championship team.

In the 100 yard dash, Les Dubinsky will be trying to improve on a third place finish last year, the injured Ken Campbell may also be running as well. In the 220, Dave MacKay who performed with the Trenton Track Club during the summer, will be trying to better his time of 22.9 seconds. Randy Barkhouse shaped up to be a leading contender in the middle distance races, he has beaten the Intercollegiate records in the 440 and 880 yard dashes on an 82 yard run by Dave Kates previously. He will be joined by Dartmouth native Sandy Murray or freshman Cris Curtis in the quarter mile and probably New York's John Creber in the half. Barkhouse finished third last year and hopes to improve on that in the upcoming meet.

In the 120 yards low hurdles Ghana's Daniel Wuddah and Halifax's Pete Fowler should provide strong opposition for the other competitors. The mile sees Germany's Hartmut Kaiser Science senior and cross-country runner may run for Dal along with QEH grad. Hugh Fraser who will be trying to better their 22-13 loss to Alberta last his 4:40 mark. With any combination of these runners for the week (Sept. 30) and their coach

Former 'X' star Cliff Baird goes up to head during Dal vs Acadia game last Saturday. Abdul Labi, Frank Jackson and Bob Steinhoff look on. Dal won game 4-1.

relays, Dal is certain to do well in the Track events.

In recent years, Dal's downfall has been in the field, however with the addition of Amherst's Dave Milner and St. F. X.'s Cliff Baird things are finally looking up. Milner, who won the hammer throw last year and came second in the shotput and discus last year, will naturally be in these three events again, and will be joined by Wuddah in the latter. Wuddah will also

Baird, who also had a first in two seconds last year will competing in the broad and high jumps and the pole vault. St. John's Alan Purdy will join Baird in the broad jump in which he has done over 20 feet, and will also take part in the triple jump in which he has done 40 feet plus. A six foot high jumper from Truro, Wayne Talbot will give a strong representation in that event. Another pole vaulter, Guy Masland, will be trying to improve on his fourth place finish last year.

With this strong representation in all field events, and the speedy track stars it looks as though the Dal track team has an excellent chance of taking home the laurels in the Maritime Intercollegiate Track Meet to be held, for the second year in a row, at Studley Field on Wednesday October 18.

# Huskies top western league

Western Canada Intercollegiate first place in the WCIAA. Athletic Association football con-Saturday (Oct. 7), for their third consecutive victory of the season.

Meanwhile, the University of Calgary Dinosaurs failed to get their third win of the season by losing 19-7 to the resurging University of Alberta Golden Bears.

Saskatchewan opened the scoring in the first quarter when they forced the Bison punter to concede a safety touch after a poor snap. On their next offensive series the Huskies scored again with a 33 yard field goal by Gord Garvie. After QB Brian Foley hit Dave Williams in the end zone for a 20 vard touchdown. the Huskies went to half-time

The Bears scored a touchdown on the first play of the game. They scored again in the third quarter as Les Sorenson took advantage of a short kick and a roughing penalty to score on a two-yard plunge, making the score 13-0.

## Track & Field

On Saturday, October 7, the Dalhousie track team was defeated by Acadia in a hardfought contest on the Dalhousie

The first event of the afternoon, the 880 yard relay, was won by the Dalhousie team of Curtis, Sandy Murry, Chris Barkhouse and Dave Randy MacKay.

Barkhouse and MacKay both ran excellent races.

When Barkhouse received the baton, Dalhousie was a good ten yards behind Acadia, Barkhouse didn't worry however, and when he passed the baton to MacKay he had caught up to Acadia.

MacKay ran like few men could. The Mercuric traits of his Haves-like charge were obvious to all as they witnessed his indefatigable surges of power. The glory of old Dalhousie was en-
