GENERAL STATEMENT.

The Brantford Young Ladies' College, established in 1874, in connection with the Presbyterian Church in Canada, has met with a gratifying measure of success. Its graduates, drawn from all parts of the Dominion of Canada and the United States, indicate the high standing it has attained and the thorough character of the education imparted. The General Assembly, for a series of years past, has warmly commended the institution to the confidence and support of the church at large.

The location of the College is all that can be desired as a home for Young Ladies. While offering the most complete retirement for study, it is at the same time within easy walking distance of the principal business streets of the city, and commands a view of the surrounding country that cannot be surpassed for extent and beauty. The house has been finished with a degree of elegance but seldom seen in first-class private residences, much less in public institutions. The grounds extending to three and a half acres, are beautifully laid out, and every thing provided that can conduce to the health and comfort of the pupils.

The building which is throughout heated with steam, lighted with gas, and provided with bath-rooms, has been suitably furnished, and no expense spared to render the College at once attractive and comfortable.

Brantford is very pleasantly situated on the Grand River, and in the midst of one of the most fertile and attractive districts in the Province of Ontario. It is a very healthy place, and for beautiful drives and picturesque surroundings, is acknowledged to be one of the most inviting cities in Canada. Of late years it has become a leading resort for summer travel from all parts of the continent, on account of its attractions, and for the sake of its mineral springs and baths.

The city has a population of over 10,000, and is situated on the line of the Great Western and Grand Trunk Railways. It is thus easily reached from all parts of the Dominion and the United States.

COURSE OF INSTRUCTION.

There are two Departments in the Institution :

I.—THE PREPARATORY DEPARTMENT.

The Preparatory course embraces the following subjects: Elementary Grammar, Arithmetic, Geography, Derivation and Meaning of Words, Reading, Dictation, Spelling, History, Writing, Elementary Lessons in Science and the Elements of Latin, French or German.

The time required in this department will depend on the maturity and application of the student. In passing to the Collegiate Department the candidate will be required to pass a satisfactory examination in English Grammar, Parsing and Analysis of easy sentences, Geography of North America and Europe, Arithmetic to Decimal Fractions and accurate writing from Dictation.

II.—COLLEGIATE DEPARTMENT.

Candidates for admission to this Department must be at least twelve years of age, and must pass the examination prescribed in the Preparatory Course, or must show such standing as will entitle them to the Junior Class or to any other class more advanced. The High School Entrance Examination or the Intermediate Examination will be accepted in the course for the subjects they embrace, and will admit to the Junior and Senior Classes respectively.

In arranging the course of study, pains will be taken to meet the diversified wants of students without sacrificing the regularity and system so essential to progress. It is mere waste of time to set young persons at advanced work without the proper intellectual preparation. This has hitherto been the bane of female education, compelling superficiality, and hazarding both mental and physical health. Parents who intrust the training of their daughters to this Institution are expected to allow sufficient time for the healthy unfolding and discipline of their minds before entering on the severer parts of the Collegiate course.

In the middle and senior years the subjects are arranged to meet the requirements of young ladies who may desire to prepare for the High School Intermediate Examination, with a view to teaching. Also in the Departments of Modern Languages, Literature and History there will be found a conformity to the University subjects, in order to prepare for the local examinations for women held in accordance with the University Regulations.

HONOR COURSE.

An Honor Course will be prescribed in the studies of the senior year and any student may take one or more Departments at her option in addition to the ordinary pass work.

EXAMINATIONS, &C.

At the close of each term written examinations are held, for all students, in the subjects read during the term, and the results form a part of the Terminal Reports sent to parents and guardians.

On subjects which extend over the year, the final examination is held at the close of the College year, but on all other subjects the final examination is held at the close of the term during which the subject has been read.

The examinations as far as practicable are conducted by outside examiners.

Students who have completed the entire course of study, and passed satisfactory examinations will be awarded diplomas.

Every candidate who passes the University Examination in one or more groups, and who has also passed successfully in the honor subjects of the group, will be entitled to a University certificate of her exact standing.

MUSIC DEPARTMENT.

The Directors would call special attention to the musical department of the College. The fact that it is under the direction of Professor Whish, Mus. Bac., formerly of Lincoln Cathedral, Eng., is a guarantee of its high order. Professor Whish has the advantage of a large experience, and the reputation (extending over seven years in Canada), of a most successful teacher in every branch of musical art. His abilities as a pianist, vocalist, and organist are widely recognised and

have been frequently commented upon in the highest terms by the press of the country.

To give every incentive to excellence in this department rehearsals are held every two weeks, at which all pupils are required to play or sing in the presence of each other and of their teachers. Criticisms are made by the Professor on these exercises, thus securing his supervision over all the work and establishing uniformity in system. The pupils are trained to play their instrumental solos from memory.

During the past year choral and harmony classes have been conducted by the Professor with great success.

The Professor will deliver lectures during the session, embracing all matters relating to Music, its history, growth and development; the instruments, ancient and modern; the composers, the different schools of music, and all matters auxiliary to a thorough musical education. The advanced students in music will take part in the illustrations accompanying each Lecture.

SPECIAL DEPARTMENT FOR TEACHERS.

Special Diplomas are granted to those who take a full course, and pass the necessary examinations qualifying them to become teachers of vocal and instrumental music.

—————)o(—————

ART DEPARTMENT.

(Under the direction of HENRY MARTIN, member of the Canadian Society of Artists.)

Painting, in oil and water colors, crayon and pencil drawing.

Special attention is also called to the Department of Art, under the care of Professor Martin. He has the highest standing as a teacher, and the specimens of painting in oil and water colors, and crayon and pencil drawings, executed from year to year by the students, have called forth the highest encomiums of qualified judges.

Advanced pupils may have the privilege of instruction in the art of painting in pottery and china. To meet the great demand for skilled instruction in this elegant and graceful art, Mr. Martin will spend some time during the summer holidays in visiting the great European potteries, and acquaint himself with their methods.

Students who take a three years course in Drawing, and Oil or Water Color Painting, and have shown proficiency in the Art, will be entitled to a Certificate in Art.

GENERAL INFORMATION.

CULTURE.

The health of the students is considered of first importance and everything in the College has been arranged with this in view. The pleasant and spacious grounds give every opportunity for recreation and exercise. The College has an abundant supply of the purest spring water. Since the establishment of the College the health of the students has been exceptionally good, and during the past year there has been no case of real sickness in the Institution.

The moral and spiritual, equally with the intellectual and physical education of the young ladies is the great object for which the College has been established. The teaching, discipline and management of the entire Institution—from the primary to the highest department—and the example and influence of every teacher and official is made as far as possible subservient to this paramount end.

It is earnestly desired that this Institution may be as distinguished for its religious influence and character as for its thorough scholarship and social culture, so that all the excellencies of a pure, noble, Christian womanhood may be diligently cultivated with all needed safeguards. Parents and guardians, may therefore, with entire confidence, intrust their daughters and wards to the care of the College, during this most important and critical period of life.

Through the prominence given to the English Classics and History, it is the aim to cultivate a taste for the reading of a pure and elevating literature, which will become a source of much pleasure and profit in after years.

ADMISSION OF STUDENTS.

All applications for admission should be addressed to the Principal. Students are admitted at the beginning of any term and also after the Christmas holidays.

It is very desirable that applications for admission should be received and registered at least one month before the opening of the College sessions. Rooms will be assigned according to the date of definite application.

Applications should contain information on the following points: (1st) age; (2nd) branches of study recently pursued; (3rd) special wishes of parents or guardians as to studies.

SOCIAL AND DOMESTIC REGULATIONS.

All students on their admission become amenable to the College Regulations. The social life of the students is under the direction of the Head Governess assisted by the resident teachers. Parents are solicited to make such communications as shall aid her in promoting the welfare of their daughters.

The Principal and the Head Governess, will receive the students on their first arrival at the College. The head Governess will assign them their rooms and change the same whenever circumstances require it, guide the formation of their personal habits and manners, and exercise a general supervision over their moral interests.

No correspondence will be allowed, except with those whose names are furnished by parents and guardians.

Weekly boarders may leave the College on Saturday morning, returning not later than five p. m. on Sabbath. No responsibility will be assumed by the Faculty of the College for the behaviour of such pupils during absence from College.

Young ladies are not allowed to spend the Sabbath out of the Institution except at their own homes. Parents are advised to have their daughters spend their Christmas Holidays at home, or if too far from home, to remain in the Institution.

Respect and prompt obedience to the Teachers and Governesses are expected at all times. Continued misconduct or insubordination subjects to suspension and expulsion.

Damages to the building, apartments, furniture and grounds are charged to those who commit them.

No lending or borrowing of money, books, clothes or jewellery allowed, unless by permission of the Principal or Head Governess.

It is earnestly requested that boxes containing cakes, sweetmeats, &c., be not sent to the students by parents or guardians. They are the cause of nine-tenths of the sickness which occurs at College.

It is specially desired that the dress of the students should be simple and inexpensive. Simplicity saves time, thought and money, which to a scholar are precious for higher uses. Whatever may be the circumstances of a student, extravagance is here out of place and in bad taste.

Each student should be provided with an umbrella, thick boots, india-rubber overshoes, table-napkins and ring. Every article belonging to a student must be distinctly marked. Washing is limited to

twelve pieces per week, of ordinary attire; all beyond this will be charged at the usual rate.

Parents and guardians are earnestly requested not to sanction under ordinary circumstances the visiting of home or friends during term time. Calls on students must be so arranged as not to interfere with College duties.

Absence permitted only on account of serious illness or some equally urgent cause.

Boarders are not permitted to leave the College grounds unless with one of the Governesses, or their parents or friends, or by special permission of the Principal.

HOURS TO BE OBSERVED.

Class Recitations from 9 to 12 a. m., and 1.30 to 3.30 p. m.

Breakfast served at 7.30 a. m.; dinner 12.30 p. m., and tea 6 p. m.

All lights in the bedrooms to be extinguished at 9.30 p. m., except in special cases where permission has been granted by the Principal.

RELIGIOUS EXERCISES.

While the College is in connection with the Presbyterian Church, the teaching is thoroughly unsectarian. A Bible Class is held by the Principal every Sabbath afternoon, at which all the students are required to attend. Students are expected to attend the Presbyterian Church, unless otherwise directed by their parents or guardians. Arrangements are made for those attending their own churches in the morning, under the escort of a governess. Family worship is conducted morning and evening: all the boarders are required to be present.

RULES AND REGULATIONS FOR DAY PUPILS.

Day pupils must be present five minutes before the assembling of the class. Those coming late, or who may have been absent, must bring a note of explanation from their parents or guardians.

They are not allowed to remain in the College or College grounds out of Class hours, nor are they allowed to go into any part of the premises into which their duties do not call them, unless by special permission.

They must never be the bearers of any notes, messages, or packages to or from the resident students in the College.

SCHOOL OF COOKING.

It has been the intention of the Board of Directors for some time past to establish classes in Cookery and Domestic Economy in the College. This very important part of young ladies' training has until lately been much neglected but is now receiving more general and special attention. In the Mother-land regular training schools are now established throughout the country,—many of them being under the patronage and active supervision of ladies occupying the most exalted stations.

Special arrangements are now being made for the commencement of such classes in this College and in order to stimulate to excellence in this very essential department, the Honorable Mrs. Alexander Mackenzie has very kindly offered a medal to be competed for during the year.

Extract Minute from Proceedings of the Synod of Hamilton, May 6, 1874.

"BRANTFORD YOUNG LADIES' COLLEGE."

"Dr. Cochrane then addressed the Synod on the proposed Young Ladies' College in Brantford. On the motion of Mr. Wardrope, seconded by Mr. R. N. Grant, the Synod unanimously agreed to the following deliverance:

"The Synod having heard with much satisfaction the statement of Dr. Cochrane in regard to measures that have been adopted for the organization of a Presbyterian Young Ladies' College in Brantford, express their high approbation of the project, their sympathy with those engaged in it, and their sincere hope that it may be crowned with the largest success; and commend the Institution to the confidence and support of the heads of families within the bounds."

Extract Minute from Proceedings of the General Assembly in Montreal, July 9th, 1875.

"Dr. Cochrane having addressed the Court on behalf of the Directors requesting the Assembly to nominate twelve of the successful candidates eligible for election as Directors, in accordance with the Letters Patent, the following resolution was unanimously passed:

"It was agreed by the Assembly that the petition of the Directors of the Brantford Ladies' College be granted; that the Assembly express its satisfaction with the intimation that such an institution has been established, and commend it to the cordial support of the members of the Church."

The General Assemblies of 1876, 1877, 1878 and 1879, ratified the above deliverance, and appointed the Moderator *ex Officio* Honorary Director and Visitor of the College.
