'Except ye be as these Little Ones.' BY A. D. YOCUM.

Like unto those once gathered to His breast, And by the Saviour's gentle touch caressed-" Farbid me not !" I, too, sould sweetly rest Within his arms, and be forever, blest : I want to be a child.

The cares of life, its little pomp and pride, Its idle dreams, and joys which never bide-May none of these e'er take me from Thy side ! I doubt them all, but would in God confide : I want to be a child.

And when I walk with darkness all about, Ill trust to thee to put my fears to rout ; And, like a child, my hand reach out, That thou mayest lead me in my hours of doubt, E'en like a timid child.

And what I cannot understand shall be, In confidence, my Father, left to thee : Perchance 'tis better that I should not see All that thy loving care provides for me : I'll trust thee as a child.

I'm weary of man's vain philosophy ; It cannot solve for me life's mystery ; Give me, my God, a child's simplicity, I trust, dear Father, all of life to thee : O let me be a child.

#### Mount Allison College and Academies.

The Annual Circular and Catalogue of these Educational Institutions, in a pamphlet of forty pages, got up in charming style, has been issued, giving Lists of Officers and Faculty, Courses of Study, Names of Students, and as full information as could be desired by persons wishing to avail themselves of the advantages which Mount Allison affords. We glean from this pamphlet a few particulars.

The number of students attending the Institutions during 1866 are given as follows :---

the sick require the best aid that science can devise; and under his personal supervision. Dr. Larookah's Syrup is kept at that high standard of excellence which has won for it at the bedside of the suffering such a reputation as no other medicine has ever merited or attained. For Colds and Coughs.-Take the Syrup morning, noon and evening, according to direc-tions on the bottle. Take the largest dose at n ght, at retiring to bed. For Croup or Hives.--Give the Syrup in IXED PICKLES, from E Lazenl vy & Sou-

doses large enough to produce vomiting, and it will effect an immediate cure.

Whooping Congh, however severe, may be alleviated and eured by the Larookah's Syrup given from three t) five times a day. Asthma and Catarrah.—Asthma, or Phthisis

is caused by an accumulation of mucus or mat ter in the bronchial tubes which run through and supply every portion of the lungs with air ; besides the phlegm which clogs up the wind tubes, they are often lessened to one-third of their usual diameter by spasmodic contraction, so that it is with the utmost difficult that respi ration can be performed.

The Syrup immediately overcomes the contraction of the bronchial tubes, and enable them to expand to their original size; while at the same time it loosen the mucus which clogs them up, and which is by free and easy expectoration,

jected from the lungs. It should be taken in larger doses than for a mere cough, and in such quantities as will give relief, even if it produces vomiting. The same treatment should be adopted in

Catarrah. Bronchitis .- Difficulty of breathing, harsh

cough, a slimy expectoration, with all other symptoms caused by a disease of the air tubes leading from the throat to the lungs, are directly and specifically relieved by the use of this admi-rable remedy. This is a very painful, wearing and injurious complaint and always has a power ful tendency to inflame and soften the lungs, and thereby induce the worst forms of pulmonary disease. Be warned in time, ye afflicted, and employ this valuable remedy.

Spitting of blood, Pleurisy, Inflammation o the Lungs, Pain in the Side, Night Sweats Hoarseness, Influenza, &c.-take the Syrup frequently, in moderate doses. Avoid exposure, and everything likely to aggravate the complaint.

Consumption of the Lungs is so distressing and so fatal in its results that those afflicted with its premonitory symptons should have the earliest and best assistance for the recovery of their health which it is possible to secure. We have well founded ground for belief that Larookah's Syrup is a pricless remedy to the unfortunate, We have put up and sold this article for over 30 who are, haunted by the preliminary symptoms of

Never did we know an instance of dissatisfaction by any one who used it. On the contrary, all are delight-ed with its operations, and speak in therms of high-est commendation of its magical effects and medi-cal virtues.
