Guelph Evening Mercury

THURSDAY EV'G, AUG. 27, 1874

Town and County News

Snipe shooting is now allowed, the season having commenced on the 15th of August.

The T. G. and B. Railway will issue return tickets at one fare from all stations to Toronto during the Provincial Exhibition.

A few days ago the Brantford *Expositor* called the *Courier* man of the same place, "an ass." In a later issue he calls him "his brother." Isn't there a discrepancy somewhere?

PERSONAL.—Mr. Alexander McLaughlin, of Erin, whose name is familiar to the public as the writer of a very excellent volume of poems, left on Wednesday to revisit Scotland, his native land.

The Mount Forest *Confederate* says:—We were shown on Friday last, a pea stalk taken from the garden of Mr. I. Coyne, which was certainly the most productive that ever came under our attention. There were over 60 pods on the one vine, and when shelled, yielded more than 300 peas.

A Brantford paper says that one of the Fijians connected with Barnum's circus got into a row while in town. In arresting the "heathen" he gave vent to his feelings by exclaiming: "Be the powers, I'll bog me fight into ye if ye don't leave go of me!" Everyone who heard his musical voice was struck with the strong Irish accent he seems to have imbibed during his residence in America. Such is the wonderful influence of civilization.

EVENING ENTERTAINMENT.—To-morrow (Friday) evening, at the Town Hall, Dr. Bemis gives one of his combined lectures and exhibitions with his luminous "Penopticon" of sacred and oriental scenery, produced by the Calcium light. The illustrations are said to be very fine, and the exhibition well worthy of patronage. The price of admission is 35 cents; reserved seats 50 cents. A liberal deduction will be made to schools.

ENTERPRISE.—We notice that Mr. W. J. Little, baker, of this town, has procured a very handsome new wagon for delivering bread to his numerous customers. It was built by J. B. Armstrong & Co., and reflects great credit upon the manufacturer as well as upon the enterprise of its present proprietor. The cost of the vehicle is in the neighborhood of \$200. We trust that Mr. Little's commendable enterprise in this matter will be amply repaid.

THE TRISTLE ACT.—A case was brought before a Magistrate in Rockwood last week in which a farmer in Eramosa was charged by another with negligence in not complying with the Thistle Act, and cutting thistles in his wheat. The defendant was fined \$2 and costs, and ordered to cut down the thistles within five days, or he would be liable to be fined again. The defendant thinks the law does not warrant his being fined, and has consulted one or two other Magistrates. We may state that we have examined the Act, and find that there is no clause in it which would warrant a fine being imposed for thistles growing in wheat, or which gives a pathmaster or any one power to stand in grain and cut the thistles down.

NEGLECTED ESCAPE.—Thomas Montcrief, Constable at Harrison, was arraigned before Judge McDonald one day last week, charged with allowing the escape of a prisoner named Taylor, alias Vincent, who had been committed to stand his trial for larceny. Montcrief had left his prisoner in charge of the bar tender at the Commercial Hotel in Harrison while he went to prepare for his journey to Guelph, and when he returned Taylor, charged with larceny, had escaped. In the case, the Judge reprimanded the constable for his conduct, but on account of an informality in the form of the information; the case had to be dismissed, the magistrate who drew up the information also receiving the censure of the Judge.

THE WAR OF RACES.—Despatches from Tennessee give particulars of very high-handed proceedings by the contestants in the war which has been going on for some time between the colored and white citizens. The difficulty had its origin in the political rivalries of two prominent citizens of Kentucky, one of them obtaining the sympathy of the whites while the other led the negroes into disgraceful transactions. The defection extended to Tennessee, where a number of negroes, who threatened to fire and sack Nashville, were arrested and put in jail. At midnight on Tuesday about one hundred white men, masked and armed, obtained entrance to the jail and took about sixteen of the negroes, tied them together, and marched them out of town. Six of the number were then cut loose and ordered to escape, and as soon as that command was given a full volley was fired upon them, killing four and wounding the other two, one mortally. The remainder were carried up the river and killed. The perpetration of these outrages has caused a perfect reign of terror. Blacks and whites are arming, and such is the dread of a conflict ensuing that the railroad officials find it difficult to prevent the employees leaving the road.

POLICE COURT. (Before the Police Magistrate.) Aug. 27. William Carter, charged with using abusive language towards Mrs. Mudge, of the House of the Moor, was dismissed, the plaintiff not appearing.

The case of Charles Flaherty, charged by Joseph Carter with malicious destruction of property, was dismissed on payment of damages and costs.

Local and Other Items.

ACCIDENT TO A TRAIN.—The passengers on the W. G. & B.R. train leaving Harrisburg at 10:30, were considerably alarmed by the coupling joining the baggage to the passenger cars breaking twice in each instance the engine and baggage car running ahead at least a quarter of a mile. This was caused by the drawbar of the baggage car being bent. A new link rectified the difficulty, and the train reached its destination all right.

FATALITY SHOT.—A sad accident occurred about half a mile north of Simcoe, on Wednesday afternoon, by which a young man named Penny lost his life. Deceased, in company with John Lee, was out shooting, and in passing through a hole in a picket-fence, pulled his gun through after him by the muzzle, when the lock caught, causing the gun to discharge, its contents entering under the chin and killing him instantly.

HONORS TO A HAMILTONIAN.—Mr. R. M. Wanzer, of the Wanzer Sewing Machine Co., Hamilton, has had conferred on him by the Emperor of Austria the Iron Cross, and made a Knight of the Order of Francis Joseph the First, as a mark of the Emperor's appreciation of what he had achieved, as the pioneer and introducer into many and distant lands of one of the most useful inventions of the age.

CROPS.—With the exception of England, where the recent heavy rains have occurred, the wheat crop throughout the world is in a very promising state. Last year England, France, Germany, Italy, Switzerland, Belgium, and Holland, all raised crops of wheat, which were compelled to import largely. This year England alone will have to purchase wheat, and that not in any very large quantities. Meanwhile, our crops are in a better condition than they have been for years, and we shall have surplus of grain. Unless some unforeseen calamity should occur, our wheat will be cheap during the coming year both here and abroad.

SUSPICIOUS DEATH.—On Sunday week John Kellert, a hired man living with Mr. Thomas Dixon, of Laurel, was suddenly taken ill about noon. Dr. Yorke, of Orangeville, was immediately sent for, but notwithstanding the most strenuous exertions on his part, the patient died about 9 p.m., the doctor considering his death to be of natural causes. A sister of his came from Toronto, and from certain things which came to her knowledge, formed the conclusion that he had been the victim of foul play, probably poisoning. The extended search for an assassin to be held, and the body was accordingly exhumed on Thursday evening, and Dr. Yorke made a post mortem examination. The result is not yet known.

MURDER IN ONONDAGA.—Mr. Wm. Allen of Onondaga, was on Saturday night horrified to hear groans issuing from his orchard and upon proceeding to discover the cause found an old man named Wm. Cook lying under an apple tree and apparently in great pain. After being refreshed by a drink of water, he was able to state that he had been beaten by some parties on the road. He died almost immediately afterwards, and upon a post mortem examination being made it was found that some of his ribs were broken and his skull fractured in several places. An inquest was held, when the following verdict was rendered, that "deceased came to his death from receiving foul play from some one unknown."

FIRE IN MILLBANK.—The dwelling-house, store, warehouse, barn and stables of Mr. Wm. Rutherford, Millbank, were burned down on the night of the 25th inst. By a fire which originated in the part of the villagers the greater part of the goods in the store were saved, but goods in the warehouse consisting of sugars, grain, hardware, &c., being much heavier, could not be so readily removed. There was also a large quantity of lumber and about 500 bunches of shingles piled up in the yard, which were also almost completely destroyed. The loss is estimated at \$10,000, on which there is no insurance. Mr. Rutherford was absent in Buffalo at the time of the fire.

A NOVEL BURIAL SCENE.—Barnum's World's Fair, during the past 11 years has possessed an elephant named Princess and a fine cream colored dog named Ponto. These two animals, together with a smaller elephant and a camel, had become deeply attached to one another during their lengthy companionship. In fact the attachment between Ponto and Princess had formed the subject of many an admiring remark from strangers and others who had witnessed it. So great was the affection existing between these noble brutes that when the dog, being old and feeble, would weary of trudging along, Princess would pick him up tenderly in her trunk and carry him miles, if necessary, till he got rested. Some time recently, however, poor Ponto succumbed to age and infirmity, and departed to the happy land of Canaan, deeply regretted by his sorrowing friends. After the afternoon performance—the show was at Stratford at the time—a grave was dug in the ring, Ponto being laid out in the dressing tent, the faithful elephant standing, the very personation of grief, beside his corpse. The keeper of the elephant, whose name is Cooley, acted as undertaker, and assigned to Princess the melancholy duty of bearer. She picked Ponto up, as she had often done before, and with slow and measured tread—the band performing "Old Dog Tray," and the camel and smaller elephant following, the latter bearing the stars and stripes—marched to the grave and laid the body down at its side. She then turned to the younger elephant, and taking the flag into her own trunk, waived it while the body was being buried. Ponto was a great favorite, and was missed by all, but none felt his loss so much as Princess, who refused all consolation, and would not even look at another dog, (the living image of Ponto), which had been procured for her.

George Eliot, one of the keenest observers of men and things, makes note of one essential difference between workmen who take pride in their trade and those who are indifferent, and expresses his thoughts through one of the characters in *Adam Bede*: "I can't abide to see men throw away their tools 't that way the minute the clock begins to strike, as if they took no pleasure 't their work, and was afraid o' doin' a stroke too much. I hate to see a man's arm drop as if he was shot, before the clock's fairly struck, as if he'd never a bit 't pride and delight in his work. The very grintone 'll go on turning a bit after 'you lose it.'"

BY TELEGRAPH TO THE MERCURY

End of the Strike in Belfast.

President McMahon in Paris.

The Insurrection in Cuba.

The Spanish Troops Routed.

Tilton's Reply to Beecher.

London, Aug. 27.—The *Daily News* announces that the strike in Belfast has ended and that all the operatives, 40,000 in number, have resumed work in the factories, at reduced wages.

Paris, Aug. 27.—President McMahon arrived in Paris at midnight. It is reported that during recent excavations at Amboise, the body of Leonardo de Vinci was discovered in a state of perfect preservation.

New York, Aug. 27.—The following trustworthy account of the Cuban revolt at Sancti Spiritus has been received by mail from Cuba:—On the 12th inst. there was a severe engagement between 200 Spanish troops and part of Jimenez's forces. The former was completely routed with a loss of some 80 men, including all the officers. On the night of the 15th, Jimenez entered and took possession of Sancti Spiritus, the Cubans announcing themselves by firing two volleys of musketry and a flourish of trumpets. The volunteers of the place, nearly 500 strong, did not show themselves. On entering, the Cubans seized and disarmed the different guards, but not a shot was fired on either side nor did the Cubans commit any act of violence. The object of entry was the seizure of 300 Remington rifles and ammunition stored there. They took the arms from the volunteers and colored freemen. They also came near capturing Brigadier Acosta. The Cinco Villas are menaced by an invasion of all the Cuban forces from the east and it is not unlikely that the effect of increased exertions on the part of the Eastern Department and manifest signs of concentration, preparatory to marching westward. Trinidad and other cities are receiving reinforcements.

Tilton's forthcoming statement in answer to Beecher is said to be an argumentative document, dealing especially with that portion of Beecher's statement in which Tilton is represented as returning from a lecturing tour disheartened. Tilton attempts to show that he returned cheerful and full.

FROM MANITOBA. Fort Garry, Aug. 25.—Harvesting goes briskly on. The prospects are that there will be at least a good half crop. Lieut.-Gov. Morris, Hon. Mr. Laird, and Col. Smith leave for the Qu'Appelle Indian District to-day. They will be from two to three weeks absent. Winnipeg has two daily papers and five weeklies, making the demand for printers greater than the supply.

Alderman Waddell, of Hamilton, has been appointed Solicitor to the County of Wentworth, and enters upon his duties on the 1st inst.

A new mineral has been discovered at Erin, near the Lake of Laach, in the Eifel. It is a hydrous sulphate of alumina and lime, and is to be called ettringite.

A Buffalo paper announces that by the recent burning of an ice house there, twenty thousand tons of ice were "reduced to ashes."

An eminent philologist, who has just returned from China, met, just before he left that country, an old native gentleman 106 years of age, who was just about to go in for his last university examination.

A camp meeting of Indians is shortly to be held at Garden River. A party of thirty-two, with their band, have arrived at Owen Sound recently from Southampton by the steamer *France Smith*, which vessel was then on her last excursion trip of the season.

Mr. J. J. Mason, of Hamilton, has been appointed Secretary pro tem. of the Grand Lodge of Free Masons of Canada.

The money lost or won in the pools sold in Stratford on the races during the two meetings just closed will not fall much short of \$1,000,000.

A large sized lithographic portrait of T. B. Harris, the late Grand Worthy Secretary of the Masonic Order in Canada, will be in the hands of the booksellers in a few days.

The *Clinton New Era* reports a case where a hotel-keeper was charged with selling liquor contrary to law. He proved that it was sold by his bar-keeper and contrary to his instructions. The magistrate held that the master was responsible for the acts of his servant, and fined him \$20 and costs.

An action of damages for \$25,000, has been entered on the books of the Superior Court by Clermont, Daniels & Co., against Messrs. Hugh Graham & Wayne, Griewold, proprietors of the *Montreal Evening Star*. The plaintiffs allege that they have been slandered and libelled by defendants.

A young man named Thomas Parkinson fell over the precipice near the Clifton House, Clifton, on Monday afternoon. He broke no bones by the fall, but was injured internally, and is not expected to live.

FIRE IN THE ONTARIO GOVERNMENT OFFICE.—On Saturday night, 8th inst., about 3:30 o'clock, a fire broke out in upper floor of 120 Salisbury Square, Fleet Street, London, Eng., the first floor of which was occupied by Mr. Robjohns, the Agent of the Ontario Government in that city. The fire spread rapidly, and before its progress could be checked the whole of the upper flat and roof were burned, while the ceiling of the first floor was considerably damaged. The doors throughout the building were burst in and all valuable stuff removed, including the books and papers of the Ontario Emigration Department, the furniture being in the hands of the Salvage Agent. The fire fortunately occurred at a season when but little is doing in emigration matters, and in a few weeks the building will be fit again for occupation.

The Governor-General's Movements.

Aug. 26. This morning the vice-regal party drove from Brantford to Paris, accompanied by Hon. David Christie, Mr. Col. Paterson, M. P., Sheriff Smith and Villiers. Upon reaching Paris they were driven through the principal streets, and down to the railway station. The decorations of the town were very pretty, and included two fine arches. The station had also, by the united exertions of ladies of the town and of the Great Western authorities, been decorated in beautiful style. Arriving here, the party were conducted to a platform, and the band of Grand Trunk Rifles from Brantford played "God Save the Queen."

The Mayor of the town then read an address from the citizens, which was responded to, and after several presentations, the party left by special train for Woodstock.

At that station was a guard of honour from the 22nd Batt. V. M., accompanied by their band. The fire brigade of the town, about 200 in number, were also present in uniform, with the town band. His Excellency and party were conducted to a platform in rear of the station where an address was presented and responded to. A procession was then formed, and the party were driven to the grove of the Hon. G. Alexander, where an address was presented from the County. After the reply, the vice-regal party members of the Town and County Councils, and a large number of others sat down to a luncheon, the Mayor presiding. Among those present were notified the Hon. Oliver Mowat, and Mrs. Mowat, the Hon. G. Alexander, Mr. Thos. Oliver, M. P., and Col. Skinner, M. P.

This over, the party left for Innesburg, which was reached at four o'clock. The town was literally alive with people, who cheered the Governor as he alighted, while a guard of honor presented arms, and a band played the Anthem. The party took a drive through the town, which was gallily decorated with flags, bunting and arches. Among the arches erected by private individuals was one consisting chiefly of cheese boxes, but ornamented with cut cheese, cut hams, flowers, etc., and displaying such mottoes as "Cheese the making of Ingersoll."

Another was ornamented with various articles of furniture; and a third had high up on each side of it, by way of adornment, a rasping machine of Ingersoll manufacture. At the Central School grounds the children sang "God save the Queen," and the Mayor of the town presented an address to His Excellency. A drive to the Ingersoll Cheese Factory came next, and here a fine cheese was cut of which the visitors ate. Another cheese which was opened was found to contain several bottles of champagne, to which the party were treated. On the return to the station, Lord Dufferin laid the corner stone of the new school house.

London was reached about seven o'clock, and in the presence of an immense crowd, with a guard of honor from the 7th Batt., and the band of the 13th Batt., Lord Dufferin was accorded addresses by the City and County. The party were then driven to the residence of Major Walker, M. P., accompanied by a troop of cavalry and bands of music. In the evening a promenade concert was given in honor of the visitors, and which the firemen were present in uniform.

A County Down German. During the visit of the Governor-General to Stratford an incident occurred which excited the risibilities of a few who noticed it, as well as causing a hearty laugh from His Excellency. After the German delegation had read their address, and been introduced to Earl Dufferin, they were favoured with an introduction to Her Ladyship. The Governor, noticing some parties standing back anxious to greet him, and yet not wishing to be rude, thought they were Germans, and he kindly remarked that if there were any more of the German delegates present they would please step forward. A venerable gentleman, whose white and scanty locks showed that he had nearly reached the allotted span, mistook the invitation, and stepped up to His Excellency and was favoured with a "shake." He grasped the vice-regal hand in a hearty manner and received a salutation in the language of "Der Faderland." Our venerable friend looked for a moment, and then he whispered quite confidentially to His Excellency:—"God bless and preserve you, sir. I am a County Down man—from the good old County Down, in Ireland!" His Excellency grasped the "Down-Teuton's" hand in a hearty manner, and appeared highly amused at the incident. Lord Dufferin is himself from the same county.—*Stratford Herald.*

Remarkable Occurrence in Galt. Last Thursday afternoon, about ten o'clock, our inhabitants were startled by a sudden and quite unexpected flash of lightning, followed immediately by a sharp thunder-clap which sounded apparently just overhead. The surprise was scarcely at its height when the fire alarm warned us that the electric fluid had been on a mission of destruction. Proceeding as directed to ward No. 1, it was there discovered that the back part of Mr. David Gibb's dwelling had been struck and was in flames. Quite a large number had collected within the space of a very few minutes, and although the rear portion of the building was too far gone to be saved, yet by dint of skilful manœuvring they managed to save the dwelling house proper. A party in the back part at the time of the thunder-clap felt conscious of something happening to his face, and when he could collect his scattered senses he found that a strip along the nose and one of his cheeks had been skinned. Otherwise he was uninjured, but his escape was indeed miraculous. The atmosphere at the time of the lightning was somewhat heavy. We had a few slight showers of rain during the morning, but beyond these there was nothing to indicate the approach of a thunderstorm. Indeed it could not have been termed a storm at all, for the one flash and thunder-clap began and completed it. For the remainder of the day the weather continued murky but calm.—*Reformer.*

During the three hundred and fifty years that the Palace of the Tuileries has been a royal dwelling, no French sovereign has died within its walls, and ever since 1588 every French sovereign who has made the Tuileries his abode has been compelled, at some time or other, to quit the shelter of its roof.

The Essex Election--Mr. McGregor Unseated.

The election of Mr. McGregor, who contested Essex with Mr. O'Connor, a member of Sir John Macdonald's Government, and was returned, was petitioned against, and the case was heard this week before Chief Justice Hagarty.

The later clause of the decision is in accordance with the old Act, but the new Act, under which all future elections will be held, declares that treating, as well as the hiring of teams and all other payments not specified as legitimate expenses, are illegal and corrupt.

Objection was taken to Mr. O'Connor's claim to the seat on the ground that he had been guilty of bribery, that he had not a sufficient property qualification, and that he was an alien.

The Great Western Railway. A special meeting of the shareholders of the Great Western Railway was held in London yesterday, to consider the report of the Committee of Investigation.

The Heron Signal--A notice in this week's Signal, published at Goderich, informs us that Mr. Bell has retired from its management on account of ill health, and that the new proprietors are Messrs. Allen & Dickson.

NEW GOODS. Mr. Walter Dack, who has for some years had the management of the Markham Economist, and who this year became one of its proprietors.

The mill owners in Ottawa, owing to the over-production and dullness in the lumber trade, have determined to shut down their saw mills for a time, but they will do this gradually in order to avoid distress among their employees.

The destruction of property by bush fires during the past week has been immense, all along the line of the Toronto, Grey and Bruce from Orangeville, north and west.

On Saturday evening Mr. Vaughan L. Jenkins, of London, accompanied by his sister-in-law, Mrs. Elizabeth A. Tate, of Collingwood, and his nephew, Warren H. Nesbitt, were attempting to ford the river Thames at a point in London Township, they drove into a deep hole in the river and were drowned.

On Thursday of last week Hon. George Brown sent a cheque for \$50 to Harrison, Oiler & Moss, as a retainer of the services of that firm in the threatened proceedings against his slanderers.

A militia order has been issued requiring that officers commanding corps of Active Militia will, immediately after the annual drills for the current year, see that all arms, accoutrements, uniforms, great coats, and other articles of equipment are returned into their respective Company or Battalion Armories.

AN ELECTION BET.--A suit at the next sitting of the Division Court in this town is likely to be one result of the late election contest. A bet B a certain amount that Mr. Macdougall would be elected by 200 majority.

A base ball match between America and Ireland, took place at Dublin on Wednesday. It was played by nine selected from the Boston and Philadelphia clubs on one side and six members of the Dublin cricket club, together with G. Wright as pitcher, H. Wright as catcher, Kent as first base, on the other.

The oldest church in England is that of St. Martin, at Canterbury. It was first erected in the Roman period of English Christianity, and afterwards used by the Anglo-Saxon as early as A.D. 597.

 Furnished with plain tables, half, or Cabinet Cases, as required.

CHARLES RAYMOND,

GUELPH, ONTARIO.

The Aldine Company is the only word which fitly characterizes the illustrations for the September issue of this journal. The pictures are charming in design and faultless in execution. A copy of Bertrand's "Little Rose," drawn by John S. Davis, and engraved by O. Maurand, opens the current number with a flash of beauty almost dazzling. "A Storm in Utah," by Thomas Moran, is a faithful transcript of nature showing the war of the elements in that strange land. The two full-page pictures in this number are "Coming from the Forge," by John S. Davis, and "Kingston, New York," by Kruseman van Elton. Mr. J. D. Woodward furnishes a general view of the Palisades, as seen from the Hudson river—a striking picture. The other illustrations in this number are "A Bad Job," showing the interior of an armorer's shop; "The Women of Schorndorf," a historical picture; three views of Lincoln Cathedral, and a pretty picture for fall—"Gems of the Changing Autumn." The Aldine Company has determined to establish an Art Union, similar to the well-known Art Union in England, and distribute its works of art, both sculpture and paintings, which are constantly collecting among its subscribers. Art premiums, valued at \$2,500, will be distributed among each series of 5,000 subscribers. Subscription tickets, at \$6.00 each, entitle the holder to the Aldine for a year, to the new chromo, and to a ticket in the distribution of art premiums. The literary contents of the September Aldine are varied and interesting. The editorial articles upon music, art, literature, are filled with fresh and valuable matter. The Aldine Company, publishers, 58 Maiden Lane, New York.

THE EDINBURGH REVIEW.—The July number of this sterling old Quarterly has been received from the Leonard Scott Publishing Company, New York. The articles are all replete with interest, information, and valuable criticism. The first article "Ocean Warfare," is a deeply interesting essay, giving an explanation and description free from technicalities of the new conditions under which naval warfare will be waged, and of the various weapons with which modern fleets are armed. Article II. "The Speaker's Bible," now in course of publication in England, will be of much interest to the Hebrew scholar and student. Article III. "Nasmyth's Physical History of the Moon," will be read by all students of astronomy with avidity. Articles IV., V., and VI. are respectively Motley's "Life and Death of Barneveldt," Hall's "Modern English," and "Canon of Beauty in Greek Art." These are all calculated to interest readers of various tastes, and the other articles are hardly less attractive to the student of history. The "Review" may be obtained at any of the bookstores.

Guelph, August 1st, 1874.

**To the Public.**

I take this opportunity to let my old friends and customers know that early this Fall I intend opening up one of the most extensive and varied stocks of Staple and Fancy Dry Goods to be seen in Ontario. I have had erected for my own special retail business a most complete arranged store, and from my long experience in the mercantile business, I feel and know that I will present for the inspection of my old patrons and others not only the most choice selection of Fancy Goods, but goods that will in reality be of such a character as to give to the purchaser the most entire satisfaction. The value will form one of the most important features of my establishment; the fact of going direct to the fountain head for my whole stock, and buying all for the ready money, and in addition having no old stock to palm off, is of itself a positive guarantee that my establishment will present inducements to the purchaser that none other in Guelph can approach. I earnestly request my old friends and customers to pay a visit to my establishment, when the old motto that I used for so many years to their advantage will again be adopted, viz: the best goods in the trade at the smallest possible profit. Good goods and Cheap goods. One price and no abatement. No misrepresentations, and the interests of the public doing business with me strenuously watched.

Yours truly,  
**JOHN HOGG.**

On Friday, the 14th inst., an old man 77 years of age, named Peter McMillan, residing on lot 26, in the 4th concession of North Easthope, fell from a mow in his barn, and falling on the floor, broke his neck and was instantly killed.

MANUFACTURE OF COCOA.—We will now give an account of the process adopted by Messrs. James Epps & Co., manufacturers of dietetic articles, at their works in the Euston Road, London.—See article in Cassell's Household Guide.

A man in North Easthope the other day killed a snake six feet long and as thick as a man's wrist.

PAIN-KILLER is a purely vegetable preparation, safe to keep and to use in every family. The simplicity attending its use, together with the great variety of diseases that may be entirely eradicated by it, and the great amount of pain and suffering that can be alleviated through its use, make it imperative upon every person to supply themselves with this valuable remedy, and to keep it always near at hand.

Special Notices.

"I WAS FOR SEVERAL YEARS SUFFERING FROM COUGH, EXPECTORATION and Night Sweats, attended with extreme nervous and physical prostration. My body was greatly emaciated, and the general impression was that I had not long to live. I began taking Dr. WIEBELER'S COMPOUND ELIXIR OF PHOSPHATES AND CALISAYA, and improvement took place immediately. I gained in weight and strength. My Cough and Night Sweats disappeared, and I am now in the enjoyment of excellent health. Many of my friends to whom I have recommended the Elixir have experienced equally remarkable results."

PAIN-KILLER THE GREAT Internal and External Remedy

Taken internally it relieves instantly the most acute pain. Used externally it is the best Liniment in the world. Its effect is almost instantaneous, affording relief from the most intense pain. It soothes the irritated or inflamed part, and gives rest and quiet to the sufferer. It is eminently the people's friend, and everyone should have it with them, where they can put their hands on it in the dark of need.
