Turf Gossip.

We have been informed that Sheriff Powell has purchased Mutchmor Park, Ottawa, and that it is his intention to put the track in first class condition, an improvement that has been needed for some time.

The Canadian horses, Amber and Johnny Gordon, had it pretty hot at Batavia, N. Y., in the 2:30 class. Amber won the first, second and fifth heats; Gordon taking the third and fourth. 2:29½, 2:28½, 2:27, 2:25½, 2:24½.

Low Scott, the well known trotting campaigner, won a \$600 purse at Bradford, Pa., on the 18th, and dropped dead on the track a few minutes afterwards. He was valued at \$6,000.

The thoroughbred stallion Milesian, owned by Mr. Quetton St. George, of Oak Ridges, met with an accident, spraining one of his fore legs. He is about right again.

Little Ethan, Mr. Lee's, recently trotted an exhibition mile at Winnipeg, in 2:40½. The grey stallion, Tricotron, formerly owned in Chatham, showed a half-mile in 1:18.

Moose won the free for-all at Batavia, N. Y., with Clara J. third. 2:27½, 2:27½, 2:26.

It is stated there will be no races at Ogdensburg, N. Y., in the approaching anniversary of Independence Day, July 5.

Mr. John Forbes, of Woodstock, Ont., who was suspended by order of the East Saginaw, Mich., Association has been reinstated by order of the member.

John White, Esq., of Milton, has nominated his bay filly Fanny Wiser, 3 years, by Terror, out of Nettie, in the Michigan Derby, for 3-year olds, \$50 each, h f, \$500 added, dash of a mile and a half, and in the Hotel Stakes, for 3-year olds, \$50 entrance, \$500 added, mile heats; to be run at the Detroit meeting, July 6-9. His is the only Canadian nomination.

Mr. Tallman, of New York, recently purchased from Mr. Cope Stinson, of Brantford, the chestnut trotting mare Tempest, for \$500.

Mr. Mitchell the owner of the pacing gelding Dan, by Clear Grit, the winner at Woodstock and Brantford, last week refused \$500 for him, the proposition being made by ex-Alderman Nowlan of Hamilton, the owner of St. Patrick.

Over \$8,000 in pools were sold at the late Brantford meeting.

Mr. Hodgins, of Burford, the owner of Little Billy, refused \$4,500 for him at Brantford, but agreed to hold him open at \$2,000 for one week. A Canadian gentleman, at present resident in Cleveland, Ohio, has the option.

Mr. Hawthorn, of Oshawa, recently sold a driving mare for \$225; and a pair of bay colts to a gentleman from Rochester, N. Y., for \$500.

A good bargain was made by Mr. Robinson, the English turfman, who purchased Recruit II, for \$3,240. The day afterwards he won the Grand Steeplechase at Auteuil, the value of the stakes being \$8,080.

A gentleman from New York, representing Mr. Bonner, (not the Ledger man) of that city, was in Hamilton last week for the purpose of purchasing the Lynch colt by Winfield Scott, owned by Mr. Simon James. At last advices the sale was not made.

Bye-and-Bye won the Illinois Oaks at Chicago in 2:37½, the fastest time ever made by a three-year-old filly at this distance—one mile and a half.

By order of the Batavia, N. Y., Driving Park Association, Mr. Hiram Shain, of London, and the bay horse Fearnought; and D. Gillis of St. Catharines, and the ch h Fulton, were suspended for non payment of entrance money, under date of June 14.

The Detroit Post is responsible for the statement that Messrs. Palmer & Wells' blk m Lucy was timed a mile in better than :38 just before leaving Canada.

The reported death of Prospero the noted trotter, was premature. He was operated upon by an equine dentist, who removed a couple of his grinders, allowing the diseased matter in his head to escape. The horse is now said to be doing well.

Elmira, Ont., will give a two days' meeting in Aug st.

Crown Prince, the white gelding, now campaigning Ontario in the open to all class, was foaled in 1862, bred in New Brunswick, and sold in 1869 to Mr. T. B. Baker, of St. John, N. B. He is by Dr. Logan's Messenger, a son of State of Maine, dam Lady Messenger by Warrior. His record is 2:35, Fleetwood Park, Spt. 18, 1878.

The American trotters now being imported into England are attracting much attention among stud masters on the other side. This new revelation in the science of horse breeding will, it is anticipated, be likely to create some change in the attributes of English sport.

Mr. St. ner's b c Mycenæ, 4 yrs, by Restitution, won the Northumberland Plate of 500 sovereigns at Newcastle-on-Tyne, June 23, carrying 101 lbs, two miles. The American gelding Parole, with 124 lbs., led the party to within a quarter of a mile from home when he tired, finishing sixth. The time was 3:35.

The receipts of the grand stand on Derby Day at Epsom, England, were \$31,500, the largest amount ever taken on one day.

The racing delegation at Hamilton will make their headquarters at Dunn's St. Nicholas Hotel, James street.

Mr. Wilson, of Picton, Ont., won a hurdle race at Brighton Beach, N. Y., on the 17th with the ch h Gallagher, beating among others Billy McBride's Raven. The purse was \$350; distance one and a half miles; time 2:53. French Mutuals paid \$35.35 for \$5. Auction pools \$174 for \$20.

Lucy cracked in a fast first heat at Saginaw, Mich., on the 17th, 2:20½; the three following ones and the race being captured by Monroe Chief.

A telegram to the morning papers stated that Sheriff Powell, of Ottawa, had imported two running horses from Kentucky last week. The Ottawa papers are silent on the matter, and the list of entries at the capital does not convey any idea of the venture.

Dan Mace had a narrow escape from death while driving Etta Jones at Ionia, Mich., on the 23rd. The sulkiies of the mare and Doty came in collision, when Dan was dislodged from his seat, his foot being fast in the stirrup, and his head being pounded on the ground. A fortunate kick from the mare broke the stirrup and released his foot. His injuries were not serious.

R. Hyslop, known as the infant jockey, who only weighs 58 pounds, and is 15 years of age, won much applause at the recent Jerome Park meeting by the way he steered Mr. P. Lorillard's b f Gossip, two years, by Leamington, out of Henrietta Welsh, to victory. He is an English lad.

At Saginaw, Mich., on the 18th, the 5 year old brown gelding Little Brown Jug won the 2:35 pacing race, putting in the last heat in 2:19½.

Our correspondent informs us that the Canadian stable at Chicago, was sadly out of condition, and it was quite possible it would leave for home.

CHICAGO SUMMER MEETING.

From our own Correspondent.

SECOND DAY—MONDAY, JUNE 21.

The second day's racing proved that the track is a very fast one, and spectators were rewarded by witnessing the very fine performance of Hindoo in the first race, in which he equalled the hitherto best on record, at the distance, of 1:15, made by First Chance, 5 yrs, 110 lbs, in Philadelphia in 1876.

Hindoo is a bright bay, 2 yrs old, owned by D. Swigert, of Kentucky, who now holds him at \$25,000.

The Criterion Stakes, for 2-year-old colts; \$50 entrance, half-forfeit, with \$600 added. \$100 to second, 50 to third. Weight, 100 lbs. Three-quarters of a mile.

D Swigert's b c Hindoo, by Virgil, dam Florence Lewis 1
 J W Hunt Reynold's ch g Ripple G Smith 2
 J Grayer's b c Greenland Wolf 3

Lord Lyon, Enniskillen and Voltague also started.

Betting—5 to 2 on Hindoo, 2 to 1 agst Ripple, 4 to 1 Greenland.

The flag fell to a capital start, Voltague getting a trifle the best of it, the others all together, and Hindoo last. At the half mile Ripple was in front, but as soon as Hindoo was called on he came away and won easily by a length, Greenland a good third. Time, 1:15.

Club Purse, \$400; for all ages; \$100 to second. Mile heat.

D Swigert's b f Peru, 4 yrs, by Glengary, dam Optima, 107 lbs Lewis 2 1 1

Geo Hakes' b f Monopoly, 4 yrs, 107 lbs Vance 1 6 2
 Ursilla, Bettie F, Audax, Charlemagne, Sallie Polk and Mollie also started.

Betting—3 to 2 agst Peru, 5 to 1 agst Ursilla and Monopoly, 6 to 1 agst Audax and Charlemagne, 8 to 1 agst any others.

First heat—All got well away together except Ursilla. Monopoly showing a very fine burst of speed soon showed in front, and was never headed, winning by a length from Peru, Ursilla being a good third. Time, 1:42½.

Second heat—Betting, 5 to 4 on Monopoly, 2 to 1 agst Peru, 10 to 1 agst Ursilla. In this heat all the jockeys except McGrath were fined \$10 each, and after half an hour they all got away to a fair start.

Monopoly and Peru made the running for the first half mile, when Monopoly quit. Coming into the straight Ursilla came with a rush, and a fine race ensued, Peru winning by a short head, Ursilla second, Bettie F close up, third. Time, 1:43½.

Third heat—Betting, 10 to 1 on Peru, Monopoly being the only other starter. Peru had it all her own way, winning easily. Time, 1:49½.

The Downer & Bemis Brewing Co's Stakes, for all ages; \$50 entrance, \$25 forfeit, with \$700 added; \$100 to second, \$50 to third. One mile and a half.

Milton Young's b f Beatitude, 4 yrs, by Bonnie Scotland, dam Mariposa, 107 lbs Douglas 1
 C H Morris' b g Victim, 4 yrs, 107 lbs Lewis 2
 J W Conley's b m Fortuna, 5 yrs, 118 lbs Murphy 3

Verdiot, Florence B, Ada Glenn, Miss Hardaway and Athelstane also started.

Betting—3 to 2 on Fortuna, 4 to 1 agst Victim, 8 to 1 Beatitude, 10 to 1 Ada Glenn, 10 to 1 Miss Hardaway.

They all got away on the first attempt, Miss Hardaway showing in front, with Ada Glenn second. At the half-mile Fortuna held the lead, but coming into the straight run in was challenged by Beatitude and Victim, when a rattling race ensued, Beatitude winning by a length from Victim, who was a length in front of Fortuna. Time, 2:08½.

THIRD DAY—TUESDAY, JUNE 22.

The day brought forth some good racing, but there was nothing to note specially except the total collapse of the favorites.

The Illinois Oaks, for 3-year old fillies, \$50 entrance, \$25 forfeit, with \$800 added; \$200 to second, 100 to third. Weight 97½ lbs. One mile and a half.

O W Field & Co's ch f Bye and Bye, by Bonnie Scotland, dam Ivy Leaf Smith 1

G B Morris' ch f Gold Bug Wolf 2
 G W Bowen & Co's b f Lavacca Stoval 3
 Blue Lodge and Mary Anderson also started.
 Betting—Even on Gold Bug, 2 to 1 agst Blue Lodge,
 4 to 1 Mary Anderson, 8 to 1 agst Bye and Bye.
 They went off at the first attempt, and for half a
 mile Mary Anderson led by a length, when she quit,
 Blue Lodge going to the front, but trying to bolt at
 the three-quarter pole, now let up Bye and Bye and
 Gold Bug, the former winning by a length, Lavacca
 third. Time, 8:37½.

The Garden City Cup, for all ages; \$50 entrance, half-
 forfeit, with \$1,500 added; \$300 to second, 100 to third,
 Two and a quarter miles.

J W Hunt Reynold's ch h Blue Eyes, 5 yrs, by En-
 quirer, dam Buchu, 110 lbs Murphy 1
 G B Morris' b h Long Taw, 5 yrs, 115 lbs Wolf 2
 H Colston's br c Irish King, 4 yrs, 110 lbs Walker 3
 Fortuna, Renown, Cammie F, Headlight and Fair
 Count also started.

Betting—3 to 2 agst Long Taw, 3 to 1 Blue Eyes, 4
 to 1 Fortuna, 8 to 1 Irish King and Renown, 10 to 1
 Cammie F, Headlight and Fair Count.

At the fall of the flag they all went off to a good
 start, Long Taw immediately taking the lead, and
 there was no change till the run in, when Irish King
 and Blue Eyes challenged the leader. A rattling race
 ensued, and Blue Eyes getting in front won by a
 length. Long Taw second, and Irish King, beaten a
 neck, third. Time, 8:58½.

Hurdle—Purse of \$400, \$75 to second, 25 to third;
 welter weights. Mile heats, over four hurdles.

John Graye's ch g Cannon, aged, by Canwell,
 dam Fanny Bugg, 155 lbs Coleman 1 1
 M Welch's ch g Capt Franklin 2 2

Frank Short and Long Sick also started and were
 distanced.

Betting—2 to 1 on Frank Short, 2 to 1 agst Cannon,
 4 to 1 Capt Franklin, 6 to 1 Long Sick.

First heat—The favorite fell at the third hurdle
 and Cannon won easily from Capt Franklin, Frank
 Short being distanced.

Second heat—Betting, 3 to 1 on Cannon, who won
 as he pleased.

FOURTH DAY—WEDNESDAY, JUNE 23.

There were not so many people at the track to-day,
 but still the sport was very fair.

Club Purse \$300, for all ages; \$50 of which to second;
 maiden allowances. One and one-eighth miles.

C H Norris' b g Victim, 4 yrs, by Victory, dam Lucy

 Rye Bread, Leon and Macedonious also ran.

Betting—3 to 2 agst Victim, 2 to 1 Lily R, 3 to 1
 Leon, 6 to 1 Liatunah, 10 to 1 any others.

A very poor start, Lily R and Rosella getting the
 best. At the distance Victim came away and won
 easily from Rosella by a length, half a length between
 second and third. Time, 1:55½.

The Grand Pacific Hotel Stakes, for 3-year old colts;
 \$50 entrance, \$25 forfeit, with \$300 added; \$200 to
 second, 100 to third. One and a half miles.

BRANTFORD RACES.

BRANTFORD, June 24th.

From our own Correspondent.

A visit to this city after an absence of some years,
 drew attention to the great progress that had been
 made during that time. Beautiful at all times,
 Brantford wears its holiday apparel at this period of
 the year, and to-day the city was well filled with
 visitors attracted here by the first race
 gathering which has taken place for a number of
 years. As is known, it was the connecting link in
 the Western Circuit, between Woodstock and
 Hamilton. A half mile track has been constructed,
 or rather reconstructed, on the Agricultural Society's
 Exhibition ground, it is well graded, turns well
 thrown up, but devoid of railing inside or out, and
 unfortunately a couple of exhibition buildings in the
 interior spoil to a large extent the view of the con-
 tests. A new grand stand, and a judges' and
 reporters' stand have been erected, and the grounds
 nicely fixed. Commodious stabling is to be had
 within the enclosure, and taken altogether the
 Brantford track possesses facilities which few
 Associations in Canada can boast of. The Club is
 composed of some of the leading people of the city,

and they were untiring in their efforts to make every-
 thing pleasant. The races were called for 2 o'clock, but
 it was fully an hour later before the contestants for the
 first event put in an appearance, there being three of
 them, and the race was the 4 year old colt purse of
 \$150. It will be noticed that the performers in the
 first race had all a good share of Royal George blood
 in their veins. The summary is as follows:—

Bantford, Ont., June 24, 1880—\$150. Trotting. For
 4 year olds and under. \$75, 35, 25, 15.

James & Wilson's, Hamilton, g f White Rose,
 4 yrs, by Winfield Scott, dam a Royal George
 mare 1 1 1

J Booth, Caledonia, b g Tommy B, 4 yrs, by
 Caledonia Chief, dam by Toronto Chief 2 2 2

Jno Cair, Ryckman's Corners, ch f Hit or Miss,
 4 yrs, by Toronto Chief, dam by Mazappa 3 3 3

Betting—Before the first heat, White Rose \$10, field
 \$7; nothing afterwards. Time, 2:47, 2:43½, 2:49½.

The Race—Tommy B had the pole with White
 Rose and Hit or Miss to the outside. On getting
 away the Caledonia colt made a break, and the
 Hamilton filly got a lead of four lengths at the quar-
 ter, Hit or Miss being the same distance behind Tom-
 my. At the three-quarters White Rose still led her
 companions, and finished the heat two lengths ahead
 of Tommy B, Hit or Miss nowhere. Time, 2:47.

This stopped all pool selling on the race. The sec-
 ond heat was likewise credited to White Rose, who
 led all through, but coming down the stretch
 Tommy B made a desperate effort to wrest the lead
 from her; the whip was not spared on either of them
 but Rose was the faster and tallied a record of 2:43½.
 In the third heat Tommy trotted around the floral
 beauty and led her at the quarter, but the mare beat
 him out, Tommy going to the bad before the third
 quarter was reached. Hit or Miss making a bad miss
 as usual. Time, 2:49½.

The 2:36 horses were rung up, and their race result-
 ed as follows:

Same Day—Purse \$175; 2:36 class; Mile heats, 3 in
 5, in harness; \$90, 40, 30, 15.

Anderson and Moore, Brampton, b g
 Honest Dutchman 2 1 2 1 4 1

I Harris, Orangeville, b g Garafraxa 1 3 1 3 3 3

F Wanamaker, Picton, b m Flora F 3 4 3 4 1 2

H M Anderson, Guelph, br g Tom Sullivan 4 2 4 2 2 ro
 Time—2:48, 2:47½, 2:52, 2:50, 2:49½, 2:49.

Betting—Before the first heat, Garafraxa \$10, field
 \$6; second heat, nothing; third heat, Garafraxa \$10,
 field \$16; fourth heat, Garafraxa \$10, field \$10; fifth
 heat, Dutchman \$10, field \$6.

It is not necessary to go into details of the race.
 Although interesting it was at no time exciting. Gar-
 afraxa won the first and third heats, Honest Dutch-
 man the second, fourth and sixth heats, while Flora
 F captured the fifth, and Tom Sullivan was sent to
 the stable under the rule. The judges put young
 Clarkup behind Dutchman in the fourth heat, and
 he succeeded in placing a win to his credit. The
 effect of this race has been to throw three pretty fair-
 horses out of the \$300 class, thus giving a chance to
 the rising ones. Following this trot came the mile
 heat running race, which, as will be seen by the sum-
 mary, fell to Sam Weller.

Same Day—Purse \$125, running, open to all, mile
 heats; \$100, 25.

John Bowen, Aylmer, b g, Sam Weller, aged, by
 the Teater, dam unknown, 113 lbs Owner 1 1

J Ellison, Sarnia, b g Bly Murrin, aged, by
 Pheton, dam Mira, 125 lbs Williams 3 2

J Millar, London, b m Queen Bess, aged, by
 King Tom, dam by Peter Pinder, 113 lbs Model 4 3

W Pawley, Glenallen, b g Paladin, aged, by imp
 Leamington, dam Garland, 125 lbs Cook 2 d's

Betting—Weller \$10, field \$10 Time, 1:56, 1:50.

The first heat of this race was very queer looking,
 and the Judges fearing a "job" declared it "no
 heat." The decision giving general satisfaction.
 The race admits of no description, Weller going to
 the front handily in both heats. A local race, half mile
 heats, catch weights for a \$10 note, contributed by
 some local patent medicine man, concluded the day's
 proceedings. Rover was a sprinter alongside of his
 competitors and never had to extend himself to
 keep at the front. The summary tells the story.

Same day—Purse \$10, local running race, half
 mile heats.

F. Delture's, rn g, Rover 1 1
 J. Brown, b m, Young Terror 2 2

A. Ayre's, b g Bay Dan 3 3
 H. T. Westbrook, b m Mollie Macarthy dr

Time—1:02, 1:01.

The judges of the day were Messrs. Cope Stinson,
 Brantford; W. H. Williams, Toronto and — Scott,
 Tilsonburg; Mr. P. Collins, Town and Country,
 timer.

SECOND DAY

The morning did not look auspicious for racing. Rain commenced to fall freely, and it was thought it would have the effect of making the track too soft and soapy for the horses to start. Before noon, however, the sky broke and the sun coming out the managers decided to have the horses called at 2 o'clock. The city was well filled with visitors, many from the immediate vicinity being in attendance to witness the performance of the local pet Little Billy in the open-to-all trotting race. There were three events on the programme, and they were got off in short order. The number of spectators was quite large, and embraced some of the best families in Brantford, who turned out in their stylish rigs which, with their fair occupants, added materially to the appearance of the course, and an aboriginal brass band from the neighboring Indian reservation contributed a fair programme of music during the afternoon. At 2 o'clock the bell was rung calling up the pacers; three responded. After one heat, which was won handily by Dan, a very heavy shower came on which necessitated an adjournment for about an hour. The track was very muddy, which will account for the slow time in the several races. The record of the pacing race is here given.

June 25.—Purse \$150; pacing; open to all; mile heats, 3 in 5, in harness. \$75, 35, 25, 15.

James Simpson, Brantford, b g Dan, by Clear Grit 1 1 1
Dr Richardson, Ancaster, blk m Sunnyside 3 2 2
Thomas Beamish, Brampton, b m Lady Price 2 3 3
Time—2:44, 2:56½, 3:02.

Betting—Before the first heat, Dan \$10, field \$5; nothing afterwards.

The race was devoid of interest so far as the winner was concerned, it being looked upon as a sure thing for Dan after the first heat. Quite a struggle took place for the second position, but the Ancaster mare held the lead in the second and third heats, Lady Price being guilty of considerable running.

Following this came the three minute trot with five starters. The record is as follows:—

Same Day—Purse \$175; trotting; 3:00 class, bar Garafrax and May Morning; mile heats, 3 in 5, in harness. \$80, 40, 30, 15.
W Smith, Burford, g g Carleton 1 1 1
B Sullivan, Toronto, blk g Byron Cole 2 2 2
F Wanamaker, Picton, b m Flora F 3 3 3
Anderson & Moore, Brampton, b g Honest Dutchman 4 dist
H M Anderson, Guelph, br g Tom Sullivan 5 dr
Time—2:55, 2:58½, 3:00.

Betting—Before the first heat, Byron Cole \$12, field \$10; second heat, Carleton \$10, field \$7.

The monotony of this trot was not relieved by a single incident worthy of mention, save the defeat of the favorite. At none of the points was Carlton headed throughout the race, while the black played second fiddle all through the three heats. Tom Sullivan was drawn after the first heat, having cut his quarter, and Honest Dutchman was distanced in the second. The judges were lenient on Flora F's running qualities, and good naturedly allowed her the third rank.

The open to all trot was then called on. It was thought this would be the great event of the meeting, but the owner of Little Billy positively refused to let him start in the muddy condition of the track. Out of a field of six only three came to take the word. The little stallion not appearing was a great disappointment, and destroyed all interest in the race, as it was then looked upon as a certainty for Hazor. The injustice of allowing Billy to be drawn is shown in the betting. Before the declaration was made Hazor was selling in the pools for \$8, the field, (supposed to include Billy) \$10. After it was known he would not start, Hazor \$10, field \$2 or \$3, with nothing doing. The pools, however, in which Billy was in the field held good, and men had to stand and see their money thrown away. The judges could not control the action of the owner of Billy, and our want of turf organization would not allow them to retain the horse for the race, or punish his owner for such a summary withdrawal of the horse. Under any circumstances we would deem it right that all the horses should be sold out separately, at all events, before the first heat. At all times it is liable to provoke a fraud selling one horse against the field, and every effort should be made to do away with everything that will in any manner act as an inducement to owners or drivers to act in an improper manner. Track managers should insist upon their pool-sellers conducting their sales in this way. Though the amount of money in the box might not be so large, the satisfaction and protection it would give would more than equalize any monetary deficiency. The following is the summary:—

Same Day—Purse \$250; trotting; open to all. Mile heats, 3 in 5, in harness. \$125, 60, 40, 25.

John Gentles, Kincardine, g g Hazor 1 1 1
T J McIntosh, Chatham, wh g Crown Prince 2 2 2
F Wanamaker, Picton, ch g Happy Abbott 3 3 3
I Hodgins, Burford, b h Little Billy 1 1 1
J C Bushel, Dunnville, rn g Johnny Gordon 1 1 1
I Harris, Orangeville, b g Garafrax 1 1 1
Time—2:43, 2:44½, 2:41½.

Betting—Before the first heat, Hazor \$8, field \$10; after Billy being drawn, Hazor \$10, field \$2.

Old Abbott, when the word was given started, on a run, which lasted the whole mile. For the third heat young Clark was substituted for Forhan behind the old white gelding, but he could not alter the result but succeeded in driving the grey out a little faster. Johnny Gillespie was up behind Hazor and handled him like an artist.

The Judges were the same as yesterday. Both days they gave the most unqualified satisfaction, their intentions never being doubted for a moment, and their decisions universally recognized. The success of the present venture will probably, as has already been spoken of, induce Brantford to give a meeting in the Fall of a size consistent with the enterprise of the Club and the city. As it is, the Club have a right to congratulate themselves on the success of their inaugural meeting.

OUR MONTREAL LETTER.

This, Saturday, afternoon, a very fair assembly of spectators was on the Montreal Lacrosse Grounds to witness the match between the Montreal and Caughnawaga. It was excessively warm, and very trying to the players. The Indians had an excellent team, with two exceptions, probably, the best that could be picked in their village. Keraronwe, the d'Aillebouts, Lazarre, Joe Rice, Ross, and the other well known players. Moreover, they were in fine trim, and made no secret of their intention to win the match.

The match was played under the new rules of the Association as to umpires. Messrs. Hodson and J. B. Flynn (captain Young Shamrocks) were the umpires; with Mr. Bowie, referee.

At about 3.40 the match commenced, the Indians playing down the field, and for 30 minutes a very hard struggle ensued. During the game, Cross the River fired a high ball and a shout of "game" went up, but the umpire shook his head; and, although, the former grumbled, the game proceeded without any stopping, and was finally taken by Paton.

After a short rest, the second game was begun, and developed some very hard and rather rough play—the Indians seeming to have brought to perfection the art of holding the home men's sticks when the ball was sent in. Notwithstanding its severity, both teams being in fine fettle, the science and brilliancy of the game was more admirably brought out. In a scramble around the goals W. Kay knocked the ball between his own flags. Time, 26 minutes. The third game was as hotly contested, and it is too bad there was such an unsatisfactory ending to what promised to be one of the finest games of lacrosse witnessed for some time. For about 15 minutes the ball was from end to end. Indian like, the Caughnawagas were massed at the two goals, the field being empty, and making a desperate charge on the Montreal flags. The ball was knocked from behind, but Kay sent it back. "Game," shouted the Indian, but Mr. Flynn said "No," and he was immediately subjected to a lecture from one or two Indians. As before, the play did not stop. The referee was at that end standing alongside of the Indian captain who, as before, said nothing, and Hubbell, who had got out of the *melee* with the ball, having no one in mid-field to oppose him, continued on up—the Indians on the defence noticing some talk going on at the other end (in reality a slight misunderstanding which the Indian captain and referee were endeavoring to quell) stopped playing, and Hubbell put the ball through and the umpire gave game. The referee was not appealed to, and stated in conversation that he did not consider it then his duty to interfere, as he had his back turned and imagined the play was going on, and as neither captains requested his decision he had nothing to say. The Montreal captain refused to face, and he insisted on claiming the game. There was some dissatisfaction expressed, and the Indians were going off the field, but some potent incentive was brought to bear, and took up their places, but allowed, on the word play, the Montreal man to run the ball through. There will doubtless be a great deal of adverse criticism on the result, and it is to be deplored; but however, exacting the position taken by the Montreal captain may be considered, I think he was strictly within the letter of the law, inasmuch as it was a side issue that was engaging the referee's attention, and there seemed at that moment, no desire to have the ball faced, as the Indian captain shouted to his men to go on, but it was evidently misunderstood. Moreover, there had been a similar case in the first game without a stoppage. Another thing in favor of the Montreal Club was, Mr. Flynn had been named by the Indians. During the match "Cross the River" got hurt, and was replaced by a fresh man, and again after twenty minutes rest, came on.

This evening the European team are celebrating the anniversary of their visit to Windsor Castle by the usual dinner. Ten out of the fifteen were to sit down. Messrs. Beers, Grant, Bowie, Becket, Hubbell, Joseph, Massey, Struthers, Greene, and MacIndoe. Absentees, Messrs. Ross, Toronto; Macdonald, Boston; Ralston, St. Johns; Summerhayes, Boston; and Hodgson now in Europe.

D'EN BAS.

Montreal, June 26, 1890.

It is rumored about town that Sir John A. McDonald, in conversation with Harry Piper, told him that he had heard that Alex. Mackenzie declared Alderman Baxter had stated to Sir L. Tilley as a fact that the Marquis of Lorne told Major de Winton, that Lady Dufferin had told H.B.H. the Princess Louise that Lord Dufferin had informed Prince Leopold that the only place in Canada he could get a first-class shirt was at A. White's, King St. West Toronto.

CRICKET NOTES.

The Wanderers of Toronto, visited Newmarket on Monday, and played their cup match with the local club. Only one innings was played on account of rain, and Newmarket won by 101 to 91.

Guelph and Brantford play their cup match on Dominion Day.

A match was played at Chambly on Saturday, June 19th, between the Longueuil and Chambly Cricket Clubs, on the grounds of the latter, resulting in a victory for the Chambly Club by one innings and two runs.

Guelph beat Brampton by 120 to 21 on the first innings, but Brampton were looking up in the second innings, with 91 for three wickets.

Aurora beat Victoria Square at Aurora, by five wickets on June 19.

Cricket has reached Manitoba and one of the old fashioned Married vs. Single matches took place at St. Andrews recently; the single eleven winning by an innings and 40 runs. The Benedicts only made 8 off the bat in the second innings.

The St. John (N.B.) C. C. play Fredericton on July 1, and are in treaty with Charlottetown for a match.

The Young Americans play Toronto on July 7 and 8, and then visit Whitby and Hamilton.

Dunnville beat Cayuga by nine wickets.

Owen Sound beat Leith by 80 runs.

The Simcoe Club defeated a team from the 89th Battalion.

Belleville disposed of Cobourg on the 18th inst. by three wickets. Cobourg went to pieces in the second innings, only scoring 20.

Uxbridge beat Whitby by five wickets on June 18.

Married vs. Single at Luoknow, resulted in favor of the bachelors.

Hamilton Juniors fell an easy prey to Upper Canada College, on the latter's grounds on June 18. Score, College 46 and 44; Juniors 22 and 26.

Fergus defeated Elora by 12 runs at Elora.

Cornwall visited Prescott on June 19, and were beaten by an innings and 71 runs.

The Staten Island Club play Toronto here on July 20 and 21.

Toronto will visit Whitby on July 1 and 2.

All North vs. Toronto will be played here on July 6.

Dundas cricketers want spurring up, they could not muster more than three of their own members when Ancaster visited them. This is not right.

The Grimsby Club officers are:—President, Mr. Geo. C. Pettit; Vice-President, Mr. Wm. Bingle; Secretary and Treasurer, Mr. Fitch; Managing Committee, Messrs. B. R. Nelles, A. Vandyke, Wm. Fitch, H. W. Read and Geo. Udell.

Paris beat Brantford by 84 runs at Paris. Score: 96 to 62.

The London *Sportsman* of the 21st inst. says:—"Last week a court-martial was held at the Knightsbridge barracks, London, the headquarters of the Horse Guards, on Thomas Dale, alias Jordan, the captain of the Canadian team of cricketers, who was sentenced for desertion from the army to 86 days' imprisonment, but managed to escape from the guard-room. Being captured subsequently by a civilian, another court-martial was immediately constituted, and the sentence increased to 866 days' imprisonment."

The Canadian team at Stockport, Eng., and were badly beaten. Canadians, 90 and 101; Stockport, 196—the latter thus winning in one innings with 5 runs to spare.

Galt Collegiate Institute defeated Berlin High School on June 18th by four wickets.

The Staten Island Club tour includes games at Hamilton, Toronto, St. Marys, Toledo and Detroit.

Durham defeated Mount Forest at Durham on June 22, by eight wickets.

Brussels and Fergus played a draw at Elora on June 23.

Upper Canada College visited Port Hope on Saturday to play Trinity College school, and won by an innings and 5 runs. Score: U. C. C., 56; T. C. S. 29 and 22.

A game of cricket was played at Watford on Thursday, 24th inst, between the Strathroy and Watford clubs, resulting in an easy victory for the latter with 6 wickets to spare. This is the first game played by the Watford Club, and their unexpected success was a surprise to all and will, doubtless, be encouraging, and gain for them the interest and support of the citizens. The game was thoroughly enjoyed by all, and the Strathroy gentlemen are to be congratulated for the good humoured manner in which they bore their defeat. The umpires were Messrs. Wood and Robinson and the scorers Messrs. Willy Jay and Robt. Fowler. Score, Strathroy, 42 and 10; Watford, 89 and 16 for four wickets.

In a one-day match game between the Canadian cricketers and 15 players of Walsden, Eng, played on June 26, the Canadians scored 120 and the Walsden team 62.

Toronto played Carlton on the University ground last Saturday. It was an Association Cup match and resulted in a dispute. Only one innings was played, the score being 63 to 58 in favor of Carlton. These disputes will break up the Association and injure cricket materially.

A match was played at Hastings on Wednesday between Campbellford and Hastings, the latter winning by 15 runs.

Trinity College easily defeated the Toronto Club on Thursday last by an innings and 19 runs. Score: Trinity, 112; Toronto 45 and 48.

The Toronto Wanderer and Barrie club showed some fine cricket in their drawn match on Thursday last. Score, Wanderers 127 and 59; Barrie 79 and 59 for one wicket.

A new club has been organized at Utica, N. Y.

A good piece of bowling was done by Spofforth, of the Australian Team, June 4th, in the first innings of the eighteen of Burnleigh. He bowled fourteen overs and three balls, eleven maidens, ten runs and twelve wickets.

Rain caused the Association Cup match between Cobourg and Barrie, played at Toronto on Friday last, to be abandoned.

The Canadian Team played an eleven of Surrey at Kennington, Oval, on June 25. The calibre of the eleven is best gauged by the score. Canadians, 212; Surrey, 102.

Base Ball.

DIAMOND SPARKS.

Richmond, the celebrated pitcher, graduated from Brown University on the 16th inst.

The Alliance club, of Stratford, defeated the Mutuals, of St. Marys, by a score of 17 to 8.

The Standards, of Hamilton, will play the Harriston Browns at Harriston on Dominion Day.

Mr. Gilleen, League Umpire, will umpire the championship game between the Maple Leafs and Clippers at Guelph on Dominion Day.

Galloway, formerly short stop of the Clippers, was in town this week.

The base ball season has now fairly opened in St. Johns, N. B. The St. Johns met the Loyalists for the second time this month, the score of this game showed a considerable difference from the first, resulting in a walk over for the St. John nine, with a score of 89 to 16.

A game was played last week between the North Stars of Monticello, and the Shamrocks of Proton, the Stars defeating the Shamrocks by a score of 16 to 7.

The Clippers of Toronto, after playing the Maple Leafs of Guelph, will leave Guelph and play Galt the next afternoon in Galt.

On Wednesday of last week a game of ball was played on the Agricultural Grounds, at Newmarket, between the Young Mechanics of that village and the Clippers of Aurora, resulting in a victory for the home team.

Providence now occupies second position in the race for the League Championship.

Newmarket and Bradford played a game at Bradford for the Junior Championship, Bradford defeating Newmarket. Score, 15 to 8.

Jim Devlin left Philadelphia for San Francisco, he having signed a contract with the proprietors of the Recreation Ground in the latter city.

The Clippers, of Toronto, will leave to-morrow on the morning train for Guelph to play the Maple Leafs of that city for the Championship of Canada with the following nine:—Jeffers facing the hitters, Gettings behind the plate, Smith, Parkes and Macklin on the bases, Mead at short, and Gibb, Crofoot, and Bell in the field.

The Boston-Cincinnati game has been a fixture of Bunker Hill Day in Boston during the past three years, and the home nine lost for the first time this season.

Ward and Richmond have now each accomplished the wonderful feat of retiring a professional team in nine consecutive innings without a man reaching first base in safety.

The Albany and Nationals play two exhibition games on July 5, one at Troy at 10:30 a. m., and the other at Albany at 4 p. m.

Fulmer has asked for his release from the Albany, but no action has yet been taken by the Board of Directors.

Providence has engaged Houck, late of the Boston, to play as tenth man.

McGunnigle has not signed with the Rochester as was expected, he preferring to attend to his business in Buffalo.

In a recent base ball match in New Orleans a batted ball found a berth in one of the top branches of a tall oak tree, and a little negro, as nimble as a monkey, climbed from limb to limb and recovered it.

In a match in San Francisco but three balls were pitched in one inning.

McSorley has been engaged by the Buckeyes of Cincinnati to cover third base.

At St. Johns, N. B., the Thistle B. B. C. defeated the Neptunes by a score of 18 to 9. Umpire, W. Onslow, of the Active B. B. C.

It seems to be a recognized fact that next year the interest in base ball will centre around two Associations composed of eastern and western clubs.

Jones, of the Boston, has the best batting average in the League Championship games, with Will White, of the Cincinnati, at the foot of the list. Jones and Dunlap have each made four home runs. Connors, the Troy third base-man, has the second best batting average, and about the poorest fielding average.

Boston plays Chicago in Chicago on July 1, 2, 3, and Providence will play Chicago three games on the 5th, 6th and 8th of July. Chicago is now in a safe position for the Championship. Cleveland has assumed second place, Providence third, Worcester fourth, Boston fifth, Troy sixth, Buffalo seventh, and Cincinnati eighth.

Captain Ansen has been handsomely complimented by the Worcester club.

Fred Moore, son of the late Col. DeWitt C. Moore, one of the organizers of the Athletics, of Philadelphia, met with a painful accident while catching in a game at Riverton, N. J., being struck in the face by a pitched ball. He was carried off the field severely injured.

The Brown University nine are the second to finish their quota of College Championship games. From a record of no games won and three lost they have advanced to that of five won and three lost, a remarkable showing.

Doug Allison, who was shelved last season, wants Ferguson to give him a trial as catcher for the Troys.

Williamson, of the Chicago, leads the van in the number of runs made thus far in the League Championship contests, his total being 81.

Troy did not take Dickenson with them on their western tour.

A Boston contemporary thinks that the western papers will begin soon to circulate the story that the reason why the Boston were so badly defeated by the Cincinnati on the day of the Anniversary of the Battle of Bunker Hill was because Harry Wright was born in England.

One remarkable feature in the League is that neither the Worcester nor Chicago have been blanked this season.

TORONTO DOG SHOW.

This show will be held in connection with the Industrial Exhibition on Sept. 8, 9 and 10, when \$400 and medals will be offered for competition. Dog breeders and intending exhibitors will please send us their names and we will see that prize lists are sent them as soon as ready.

MR. DALZIEL'S REPLY.

In the *Live Stock Journal* of June 11, Mr. Dalziel replies on the Protest questions at the New York Dog Show as follows:

The Disappointed Exhibitor is, I find, ubiquitous. I have seen him gesticulate in France in the most vivacious and, on the whole, most amusing manner. I have noted the slow movements of the facial muscles of the German, as, bringing a whole park of logical artillery to bear on the point, he proved to his friend Fritz, and entirely to his own satisfaction, that Lietau was better than Bergmann, and the judges' opinion naught. At home I have studied the Disappointed in every variety, and these are numerous, and some of them far from agreeable; but, on the whole, they represent knowledge, even when biased by prejudice or self-interest.

The American disappointed exhibitors have, of course, a distinct character, varying from each in minor points. They are generically alike in being pronounced noisy and illogical, reckless of rules, and anxious only that at least their individual voices shall be heard, no matter at what cost of right—that they shall for once at least pose before the little world that is interested, and will listen to the voice of their lamentation.

These disappointed of course subdivide into numerous varieties. At New York we had the irate, rather loud, and decidedly prattling one of the female persuasion, who saw the judge receive a fifty dollar bill in the ring as payment for doing her an injustice. How she knew the exact value of the bill was not made clear. Then we had the stupid man whose stolid ignorance is at all times, and on all subjects, impervious to reason. The one I have in my mind had a powerful voice of decidedly Hibernian flavour, who, holding aloft a Pug with a black head, a long nose, and a saddle back like an Airedale Terrier, persisted it must be the best, for he had twice refused 500 dollars for it. What could I say to such a man but repeating the words of the Welsh jury to the culprit they found not guilty, advise him "not to do it again?"

Still more objectionable is the vulgar rich fellow who, with plethoric pocket-book in hand, and what would be scorn in his eye were his heavy doltish mind capable of supplying the fire, offers to bet the judge £1,000 in greenbacks his is the best dog, and that the judge should be "writ down an ass," and who having done this considers he has settled the question by the most irrefragable argument. Young America too had its say to say, and said it with all the rashness and presumption characteristic of adolescence—youths who had probably owned for a month a dog somebody had told them was a splendid specimen of the breed they supposed it to be, although in some cases its claims to classification were doubtful; rose far superior to any of the judges, and if I may quote a somewhat vulgar proverb, displayed a most zealous desire to "teach their grandmother, &c." There was at New York, however, a totally different class of disappointed exhibitors, and these I desire to treat with the courtesy due to sportsmen and true gentlemen.

This is in the present instance the more incumbent on me, and all the more easier to do, because I shall have no difficulty, I think, in proving to them that they are entirely wrong.

The gentleman I now refer to made their grievances known in what they called "A Solid Protest," addressed to the Westminster Kennel Club, under whose auspices the show was held, and by publishing the same in *Turf, Field, and Farm*, *Forest and Stream*, and other American journals devoted

who is the owner of a large and valuable kennel, in addition to leading the body of protestants, publishes sundry protests of his own.

I desire to make this question plain to English readers, and crave to do so through the *Live Stock Journal*, which I find has a large American circulation, and is therefore the best of mediums through which to reach the protesters and all concerned.

(Here followed copies of the protests.)

Before proceeding further, I would say that the paragraph headed "That Protest" is editorial, and to be credited to *Turf, Field, and Farm*, and on it I do not hesitate to comment that the only thing "lamentable" about it is that the editor of *Turf, Field and Farm* who presumes to teach, should exhibit such profound ignorance on the subject.

The case he refers to stands alone, and I will deal with it alone by briefly stating facts. In judging this class I had the honour of being associated with the Hon. John H. Wise of Richmond, and Mr. S. T. Hammond of Springfield, and two more fair dealing, painstaking, and, I believe, competent men, I have never judged with.

When the Irish Red Setter class came into the ring I pointed out that the dog Byron was, I considered, an Irish Red-and-white Setter. Mr. Wise read from, as I then thought, the schedule that a white, it was provided, was admissible. This was really read from the description of "Stonehenge," in condensed form. The mistake being afterwards discovered, the Red dogs were judged alone; and the judges, impressed with the grand form of Byron, unanimously recommended that he should have an extra first prize, and to this the Committee cordially agreed.

No English reader will be surprised at this, it is here of everyday occurrence; and the Westminster Kennel Club Committee would have been justified in giving 100 extra prizes had the judges recommended them to do so. Well, this prize to Mr. Davidson's magnificent dog *Turf, Field, and Farm* calls "a sop to Cerberus;" although what could have suggested the lower regions to the editorial mind, I don't know, unless it were the temperature in Madison Square Garden; but I do know that, had the editor made himself acquainted with the rules of the show he criticises, he would not have described a very proper and ordinary course of procedure as lamentable or laughable; but having fallen into the too common error of sacrificing accuracy to imaginary smartness, and presuming that a reference to the classics may excuse or convey a want of knowledge of his subject in the critic, he has made a laughing stock of himself to all those who really understand these matters.

I leave the Irish setters with one word to the Westminster Kennel Club:—These dogs are not "Red Irish," as their catalogue reads, but Irish Setters, Red or Red-and-white.

Now I will deal with the protests in general. As is usual, the Westminster Kennel Club sent out a premium list, with copy of rules and regulations governing the show; and those who made entry of their dogs knew that they did so under the conditions therein clearly stated.

Rule 8 says:—

The scales of points given in the third edition of the "Dogs of the British Islands," by J. H. Walsh ("Stonehenge") will be used by the judges, when necessary, in judging the dogs.

The meaning of this clearly is that if the judges failed to agree, point-judging according to "Stonehenge" should be resorted to.

At the New York Show no such necessity arose, in the opinion of the judges, whatever disappointed exhibitors may have thought.

Rule 10 says:—

The decision of the judges will be final in all cases, except where mistake, fraud, misrepresentation, or collusion can be shown; in any such case the Committee of Appeal must decide all questions, except those of merit, and the dog may be re-judged.

rt. Mr. Godeffroy,

Can anything be clearer, and where, I ask, do the protestors find their *locus standi*?

I enclose a full copy of the rules, Mr. Editor, and shall be glad if you will give your opinion as to whether there exists one justifying these protestors or the Westminster Kennel Club Committee in entertaining them; for I hold it was their duty to protect their judges from the insulting charges of unfairness or incompetence, especially when made by persons of whose competency to form an opinion there was no proof. On the contrary, in the only instance I had an opportunity I proved the utter incompetency of a protestor against the awards in Spaniels Toy, before the Court of Appeal, putting a most elementary question on the breed, which he admitted his inability to answer.

And now, one word with Mr. Godeffroy—I will deal only with his objection to my awards in St. Bernards. Mr. Godeffroy objects that I gave first prize to a dog that had no dew-claws. My having done so would surprise no one in England who have read my frequent protests against the high value put on them. It is pretty well known I consider these appendages as useless as they are ugly. Mr. Godeffroy refers to "Stonehenge" and Vero Shaw; but great authorities as these gentlemen may be, Mr. Godeffroy must learn to know that it is not every judge who will bind himself by their opinions and their crochets.

I believe Mr. Godeffroy has in his kennels the blood of old Champion Tell; and I should suppose from his protest that he is ignorant of the fact that Tell, like Prince Solms' Courage and many other grand specimens, was as innocent of dew-claws as the dog I placed first at New York. And would Mr. Godeffroy be surprised to hear that I have in my possession a letter on the subject from our great naturalist Darwin, in which he describes dew-claws as "accidental monstrosities."

As the rules provided only for protests in cases of "mistake, fraud, misrepresentation, or collusion," I think an apology is due to my co-judges and myself, from the gentleman who entered and published these protests; who were, one and all, voluntary exhibitors, having bound themselves by the rules governing the Show, and that with all the advantage of knowing beforehand to whose judgment their animals would be submitted.

DOG SHOWS.

To the Editor of Town and Country:

SIR,—I have noticed several articles in your paper, to which I am a subscriber, with reference to Dog Shows. Several of us here intend having a dog show in connection with the annual Poultry Exhibition which will be held in December next. We made this arrangement previous to the annual Poultry Exhibition held in Guelph last December.

I think it would be better if the Dog Shows were carried on every year in this way with the Poultry Exhibitions where they are held, namely:—London, Hamilton, Toronto, Guelph, St. Catharines, and this place. If Toronto has one this Fall, and then Hamilton has one soon after, it will completely kill the Dog Exhibitions, whereas, if we make an annual exhibition of it, held in different places every year, it can be kept up and supported, and more interest taken in it from year to year.

—W. E. WALSH.

Brantford, June 24, 1890.

[It would be rather hard to confine dog exhibitors to one show per year. The more shows there are the greater number of dogs will be kept, and better entries received at shows. The show to be held at Toronto will take place on September 8, 9 and 10, and cannot possibly interfere with Brantford; indeed, if it were known that three or four shows would be held within as many months there would be plenty of hunting about for dogs fit to show, and all would benefit by it.—Ed. T. & C.]

SLOSSON BEATS SCHAEFER.

HE RELIEVES SCHAEFER OF THE CHAMPIONSHIP AT THE COLLENDER GAME—A RUN OF 286.

The third regular billiard match, 600 points up, for the Collender Medal and a stake of \$1,000 was played on Saturday evening, in Tammany Hall, between Jacob Schaefer, the champion, and George F. Slosson, who lately returned from Paris. Slosson, who was ill, did not arrive until 8:30 and looked faint and pale. Early in the game he seemed hardly able to drag himself around the table. Neil Bryant was chosen as referee, Mr. Morris, the ex-champion pool-player, judge for Schaefer and Slosson judged for himself. At about 8:35 the players banked for the lead. Slosson won, chose the white ball and missed on the spot. The game was not interesting until the tenth inning, when Schaefer got the balls well on the side rail and soon rolled up 101 points. Slosson followed with a run of 77, made by brilliant round the table play. Schaefer followed this up in the next inning with another run of 114, made chiefly by rail-nursing. From this on he seemed to have the game his own way. The score stood at the end of the fifteenth inning, Schaefer 805, Slosson 165, and the betting was three to one on Schaefer. In the sixteenth inning Slosson, by some very pretty rail-nursing, made 198 points, a larger run than had ever been made in the new game, he having once made 164. The run put him ahead, and Schaefer grew nervous. Nevertheless he made runs of 88, 66, and 61. Slosson in the twentieth inning got the balls nicely on the rail, and taking them all around the table made 286 points, beating his own best record by 88. This decided the game and Schaefer stepped up and shook hands with the new champion, who was carried out on the shoulders of his admirers. The average of the winner, which is 80, is also the largest ever made. The following is the score:

Slosson—0, 9, 8, 1, 1, 2, 9, 0, 2, 77, 18, 26, 3, 14, 1, 198, 1, 0, 0, 286—600.

Schaefer—19, 2, 0, 5, 1, 19, 21, 8, 4, 101, 114, 3, 0, 4, 4, 88, 66, 0, 61—470.

Winner's average, 80.

Time of game—1 hour and 35 minutes.

BREVITIES.

The Western New York and Northern Pennsylvania Chess Association commenced their annual tourney on the 21st inst.

The proposed match between Capt. Mackenzie and Mr. Max Judd has been postponed until next fall.

A correspondence tourney has been arranged by Mr. L. E. Hendrick, of Charleston, S. C. Entries closed June 20th. The entire amount received to be divided into prizes.

In Vienna, Mr. Winawer, winner of second place at Paris in 1878, has lost a match to Adolph Schwarz.

Fancy what a game at chess would be if all the chessmen had passions and intellects, more or less small and cunning; if you were not only uncertain about your adversary's men, but a little uncertain also about your own; if your knight could shuffle himself on to a new square by the sly; if your bishop, in disgust at your casting, could wheedle your pawns out of their places; and if your pawns, hating you because they are pawns, could make away from their appointed posts that you might get checkmate on a sudden. You might be the longest-headed of deductive reasoners, and yet you might be beaten by your own pawns. You would be especially likely to be beaten, if you depended arrogantly on your mathematical imagination, and regarded your passionate pieces with contempt.

Yet this imaginary chess is easy compared with the game a man has to play against his fellowmen with other fellowmen for his instruments. He thinks himself sagacious, perhaps, because he trusts no bond except that of self-interest; but the only self-interest he can safely rely on is what seems to be such to the mind he would use or govern. Can he ever be sure of knowing this?—George Eliot in "Felix Holt the Radical."

THE TIME RECORD.

Anything which tends to bring into disrepute any of the leading principles of the turf serves to sink the institution itself. Years ago, when trotting was first introduced as a branch of turf sport the number of horses was few and the rules required for the regulation of trotting were necessarily not numerous nor complex. But as the numbers increased, and this class of racing became more attractive to the multitude, more stringent regulations were required. For a time local Associations assumed control of the matter, but their management was deficient in many particulars. The ruling of one Association would be found at variance with another, and things kept going on in this manner from bad to worse in consequence of the increased number of tracks and the multiplicity of horses, until those who had the control of the leading courses came to the conclusion that something must be done by which an affiliation of interests and a consistency in ruling could be maintained and observed. As an outgrowth of this the National Association for the government and regulation of trotting in the United States and Canada was formed. One of the most important of the measures to which they gave their adherence was the handicapping of horses by the "time test" in previous performances for which the race had been for a purse or stake and over any track. Years of experience up to that time prompted the necessity

of this law. It became impossible to give purses for races on a general principle open to all who had a mind to come for them, as with race horses. The difference in the rate of speed between the horses had become so marked that a distinctive classification was absolutely necessary. A few seconds difference in the time of running horses makes one valuable and the other worthless for that purpose. But in the trotting class it is different. Between St. Julien's performance and that of a 2:40 horse there is a wide margin of time when spoken of in seconds. It was through such a difference, as much at that time as it is now, though the speed was not nearly so great, that a time classification was demanded. It would have been ludicrous to have seen Jim Smith's Tom Wonder, who could beat all the horses in his part of the country, and whose mile could be gauged at 8:10 by the town clock, trot against Lady Suffolk. It was such an anomalous and unsatisfactory state of things that was the reason for bringing about the change which was so palpably required in the interest of this department of the turf. For some years after the formation of the National Association it was the practice, all over the country, to attach "time" to the different heats. But, gradually, unscrupulous and crafty men commenced trotting their entries under a suppression or misrepresentation of the record. The immorality of this proceeding has never had a defender, and the rules were, therefore, made more stringent, and expulsion was deemed the least punishment that could be inflicted on the transgressors. Taking the chances of the offence being overlooked, many, especially in Canada, continued on the broad way which has nearly destroyed this particular branch of sport in the Dominion. Punishments have been administered by the National Association, and many more may follow, showing conclusively that the highest ruling body on the continent will take notice of infractions of the law in Canada, as well as within the United States. A change indicating a better spirit is shown in this Spring's campaign in Ontario. In the Western Circuit the rule was applied without fear or favor, and it is hoped this example will be followed by all the Turf Associations throughout the length and breadth of the land. The injustice that has been done to promising young horses, their owners and the trotting interests in Canada by the vicious "no time" principle, can not well be over estimated. For several years past a few well-known horses "farmed" the "no time" purses until owners of horses of fair merit, and of the class which deserves encouragement, became thoroughly disgusted and disheartened, finally withdrawing from further competitions, the result being the present low condition of trotting in the Dominion. Let it at once be understood that trotting will be conducted strictly according to rule, and it is no question that better fields of horses and larger attendance of spectators will be assured, making it to the interest of all Associations to conduct their business under the golden rule of right. There is another feature in this question that must not be overlooked. There are plenty of gentlemen who would be willing to trot their horses for \$100 and take, with pleasure, any record or bar they might obtain. Now it is notoriously unjust that some who may have horses that they are saving from a record should be permitted to compete with the former class. True, it is hardly expected that a gentleman who owns a green horse that can show :80 or better, would like to have him driven out at the top of his speed for his share of a purse of \$100 or so. But it will be remembered that the remedy is in the owner's hand. It is not necessary for, nor is it an obligation on him, to start his horse until such time as a purse of sufficient amount is hung up to tempt him. This would be a much more honorable way than to deliberately take advantage of a laxity in the application of the rules to prejudice the worth of another and inferior horse whose owner seeks for no such chances of immunity. Look

at the question as you may, and if the best interests of the turf and the breeding of trotting horses is considered there can be no doubt that the moral side—the upholding of the law—has, by all means, the greater claim to favor, both as a matter of principle and right.

THE GRAND CENTRAL CIRCUIT.

We beg to direct the attention of all Canadian turfmen to the advertisement of the Grand Central Circuit of trotting meetings which begins at Cleveland, Ohio, and extends to Hartford, Conn. Englishmen point to the Derby week, Newmarket, Ascot, Goodwood and Doncaster as being wonderful features in the domain of sport, but to our mind we know of nothing which can compare with this succession of trotting meetings, and we speak from actual knowledge of all of the meetings referred to. \$82,500 is the amount of the purses given during the five weeks' trotting which commences at Cleveland on July 27, and continues at Buffalo, Aug. 3, Rochester, Aug. 10, Springfield, Aug. 17, closing with Hartford, Aug. 24; each meeting extending over four days. As the full particulars of the meetings, which are identical throughout the circuit, will be found in the advertisement we will not repeat them here, but simply call attention to the new features of two-mile heats and the saddle race. To those who are looking out for a place to spend a week's holiday we can recommend a visit to one of the circuit meetings where they will see trotting conducted to perfection, and have a good time generally.

THE AMATEUR ASSOCIATION REGATTA.

A month will still elapse before the first regatta of the Amateur Rowing Association of Canada takes place, but during that time there is much to be done to ensure success. A regatta cannot be run without money, as prizes have to be provided for or crews will not enter, and the cost of advertising, hiring boats, etc., assumes pretty large proportions ere the last bill has been liquidated. That the citizens of such an aquatic head centre, as Toronto has become, will fail to respond to the appeals of the canvassing committee liberally, and so relieve the Association of the most troublesome portion of the work, is beyond belief, and we hope to hear shortly that the full amount required has been secured. The action of the railroad companies is most commendable, as in addition to free passages for crews and boats, a good percentage of the traffic receipts has been promised, and now it remains for hotel proprietors and others who will reap the benefit of the influx of visitors to do their part with alacrity. The various committees of the Association are, we are pleased to state, making good progress, and there is not the slightest doubt but that the entries will be the largest ever received for any amateur regatta held in the Dominion, and of a very superior class. Word has just reached us respecting the kindred association in the States, which holds its annual regatta at Philadelphia next week, and for which over eighty entries have been made. We can well remember the hard struggle that Association had for existence after its establishment in 1873, and it is with no little pride we look upon its present grand proportions which eclipse that of any other regatta in the wide world, for to Mr. W. B. Curtis, then of Chicago, and to the writer is due whatever credit is attached to the work of organizing the Association. The Canadian Association will have a much easier road to travel than the U. S. Association had, for the amateur element is now strong and fully developed throughout the whole continent, and, once on its legs, with a good supply of challenge cups for annual competition, its future is safe. In **TOWN AND COUNTRY** the objects of the Associa-

tion will have a warm supporter, and if the managers only act on a broad liberal spirit sinking club jealousies, and recognizing only as their duty the best means for the encouragement of amateur rowing they will find that with every year the Association will gain strength, and receive additional support from all sections of the country.

THE QUEEN'S PLATE.

Owing to the early hour at which we are obliged to go to press on account of Dominion Day, we are only enabled to give the result of the race for the Queen's Plate at Ottawa on Tuesday. Mr. John Forbes, Woodstock, b f Bonnie Bird, by Judge Curtis, dam Bonnie Braes, won easily; John White, Esq., Milton, being second and third with Fanny Wisser and King Tom. Lord Dufferin, Boderick and Footstep were unplaced. Bonnie Bird was the favorite. The race was a dash of one and a half miles, time 2:47.

Willie Wegg, who broke fifteen balls straight, is a very young lad, and shot with a muzzle-loading gun. The Club will hold a glass ball tournament on the same grounds on Dominion Day.

Mr. Noble, of Richibucto, has won a silver medal at the Berlin Fishery Exhibition, for his Canadian exhibit.

THE CHAMPION SHOT.

Mr. A. Bonneville, of Montreal, has issued the following challenge under date of June 21st.

I hereby challenge any man in the Province of Quebec, to shoot a match of 20 points and 20 glass balls at 21 yards and 18 yards rise respectively, for the title of champion wing and glass ball shot of this Province. The match to be governed by the St. Hubert rules revised. And for such consideration as we may mutually agree upon, it being, however, understood that it shall not be for less than \$25.

Mr. A. N. Shewan of the Montreal Fish and Game Protection Club, who recently resigned the secretaryship of the Club, has been presented with a handsome gun in recognition of his six years faithful services.

The latest reports from the Restigouche and Metapedia are to the effect that not a fish has been taken by the rod in either river.

Game inspectors must be appointed in each municipality prior to the 1st of August.

Two hundred Italian quail have been turned down at Chatham, Ont. At least there was 199 of them, for one died in transit.

Mr. Hogben, of the Shades, Court street, had a magnificent specimen of the Saguenay salmon, which weighed 87 lbs, at his establishment last week.

On Thursday last several shooting sweepstakes were decided at Dundurn Park, Hamilton. In the first at 5 birds each, 21 yards rise, five shot, and Messrs. W. Stroud and J. Griffith killed four each, and divided the money. In the second Burns, Stroud and Griffith tied, making four each. Burns and Stroud shot Griffith out, and divided the money. Then the third was won by Stroud, who killed all, and he also took the fourth from Burns and Griffith. During the afternoon A. Traunweiser and J. Crooks shot a tie match for \$10, and it will be decided next week.

The Princess Louis and Prince Leopold reached Causapescal station, on the Metapedia river (forty-three miles north of Metapedia station) on Monday evening last at 5 o'clock. The distinguished party awaited at Causapescal the arrival of His Excellency the Governor-General, who left Quebec on Friday morning for the fishing grounds, after taking part in the French Canadian fête of St. John the Baptist.—His Excellency and the party went on to Campbellton, and there took steamer for the Grand Casapedia, where a residence has been erected for their accommodation.

ASSURANCE ASSOCIATION REGATTA.

On Saturday last a pleasant afternoon's sport was afforded by the newly formed Fire & Marine Rowing Association, which held its first annual regatta on Toronto Bay. The afternoon was all that could be desired for an enjoyable outing on the lake, there being just sufficient air stirring to keep the spectators cool without disturbing the surface of the water. Two tugs, the Arlington and Ada Alice, had been chartered to carry officials and invited guests, and those on board freely expressed their thanks for the manner in which the craft were handled by their respective captains, so as to let all have a good view of the races. Three races formed the programme; two of which, for single scullers, were of a mile; while the double scull race was of two miles; all being straightway. The honors of the day fell to the Western Assurance Co., two out of the three events being credited to its employees: viz., the sliding seat skiffs won by Mr. Maddison, and the double sculls by Messrs. Maddison and Stinson. This result was of course particularly satisfactory to Mr. Leatch, the manager of the company, who had been indefatigable in his endeavours to make the regatta a success. Mr. J. J. Kenny, also of that company, was starter, while Mr. John Maughan, Jr., now Manager of the Royal, was referee; the duties of Judge being undertaken by Messrs. P. & J. Noverre, in the absence of the appointed official.

Single sculls, sliding-seat, O. E. Maddison, 1; H. E. Stinson, 2; W. H. Banks, 3; S. A. Hayes, 4; E. A. Winstanley, 0; J. H. Hudson, 0; R. A. Donaldson, 0; W. L. Paul, 0.

Maddison on the side shore soon began to leave the others, and was a good bit in front ere a quarter of a mile had been traversed. After this he had no difficulty in keeping his advantage and winning by half a dozen lengths. A fine race all through for second place resulted in Stinson beating Banks by a length, with Hayes close up fourth. A number of boats being rowed in front and alongside the competitors made it difficult to place the men, but the decision rendered was the correct one.

Single sculls, stationary seat; P. Hewgill, 1; R. M. Sims, 2; Geo. Schofield, 0.

Schofield soon drew clear of Sims, and Hewgill was also left behind, but the latter ere long began to pick up, and opposite Warin's boat house had drawn level. Schofield tried his best to hold Hewgill, but it was no good, and he soon dropped away being eventually caught by Sims who, heavily handicapped by his boat and outfit, rowed a most plucky race and earned his second prize.

Double sculls, two miles; H. E. Stinson and

O. E. Maddison, 1; W. H. Banks and T. H. Hudson, 2; T. L. Matland and A. B. Coen, 3; G. Banks and R. A. Donaldson, 0.

Stinson and Maddison remained content with keeping even with Matland and Coen till the latter began to fall away, and let Banks and Hudson into second place. The leaders had no difficulty in keeping their place and winning by three lengths. Matland and Coen paddled in third, and Banks and partner, who fouled a buoy soon after starting, did not finish.

The start in each race was from the end of Gooderham's Breakwater. Seven prizes in all were awarded, and Messrs. Zimmerman, McNaught & Co., who supplied them made an excellent selection.

FOREST CITY ROWING CLUB.

The annual regatta of the Forest City Rowing Club took place at Springbank, London, on Saturday afternoon and comprised three races. The double sculls had three starters; Park and Nichol defeating Latimer and Gray by four lengths, Moore and Lamson a good third. Lamson had no trouble in winning the single scullers prize from Welch. The four oared race, on the other hand, produced a fine race, the crews being:—Moore, Ions, Ferguson and Lamson, against Park, Latimer, Nichols and Lee. After a close contest throughout, Parks' crew won by a length.

Rowing Notes.

The Toronto Rowing Club regatta, after two postponements, will be decided on Saturday afternoon.

The Argonaut four start for Philadelphia on Saturday. Good luck to them.

The Ingersoll Rowing Club have already got a large boat house built, and the members are beginning to fill it up with their boats in addition to the club boats.

On Thursday the Peterborough Boating Club held their regular fortnightly trial races on Little Lake, when five events were decided. Shaw and Leach beat Cameron and Orr in double sculls, and also won the double sculls challenge race from R. Hilton and Orr. Another double sculls race was won by J. Hilton and Fairbairn defeating Haultain and R. Hilton. Junior double sculls, was one by G. Dumble and Morrow from Dunford and Kincaid, and the four oared race fell to Beck, O. Shaw, A. Leach and Orr who beat McDougall, Budden, Smith and Birney.

The Laehine Boating Club are to give a musical and dramatic entertainment with a view to raising funds for the purchase of medals and prizes for the annual regatta on the seventh of August.

Last Thursday morning the Telegraphers decided their postponed single scullers race on the bay, from York Street wharf to Gooderham's breakwater, and G. Hogarth of the M. T. Co., who had only Hetherington of the G. T. R., as an opponent, won easily.

On Saturday afternoon a boat race was rowed on the Thames at London, between J. Cosens and F. Campbell, the course being from the foot of Dundas street to Springbank. Cosens was the winner.

Bremner has been disqualified for the race he recently rowed against J. Gillean at London. The judges received information that Bremner's coxswain assisted with the paddle, and rightly reversed their former decision.

Laing, of Montreal, is having a new boat from England. He must have ordered it before the superiority of American over English boats was demonstrated at Providence, by Boyd the English representative.

Wallace Hutton and Frank Best defeated C. Vary and Herbert Blake at Niagara, for \$20 last week.

Merrian, of Chatham, will supply the Forest City R. C. with a racing shell.

Ottawa Dominion Day Regatta, like a good many prospective aquatic events, has fallen through.

The defeat of Ranlan and Boyd at Providence, was a sad blow to speculative regattas.

The Farm.

PURE-BRED CATTLE FOR CANADA.

We understand that Mr. John Grant, of Boggs of Advie, Strathapey, has just selected for Mr. Geo. Whitfield, The Model Stock and Dairy Farm, Rougemont, Province of Quebec, Canada, forty eight pure-bred cattle of the following breeds, viz.:—Polled or Angus, Galloway, Highland, Ayrshire, and Shetland. Mr. Whitfield is a partner of the firm of Geo. Whitfield & Co., London, and has also a large establishment in Barbadoes. He owns a vast tract of land in the Province of Quebec, where these cattle are intended to be sent. Three years ago several Short-horns from Ireland were introduced into his farm, and have done remarkably well. This has induced him to add the present selection of British cattle, in the hope of similar success. The animals are intended for breeding as well as for exhibition in Canada. This season they are to be shown at the great Dominion Show, the Montreal show, and St. John's Show. The animals have been selected with great care and judgment, and doubtless they will maintain the high reputation which many of them have already gained in British showyards.

At the head of the Polled breed stands Judge, 1,150, the hero of the Paris Exhibition of 1878, which has been purchased from Sir Geo. Macpherson Grant, Bart., M. P., of Ballindalloch, for the handsome sum of 100 gs. Nosegay 8th, 8,870, a three-year old cow, has also been taken from the same herd. She is of the oldest race of Polled cattle in the Ballindalloch herd, and is altogether a very handsome animal. The other animal from Ballindalloch is a very highly-bred bull calf, out of the Sybil cow Siren, 1,916, and after Young Viscount, one of the best Polled bulls of the present day, which was bought by Sir Geo. Macpherson Grant at the Gavenwood sale for 225 gs. The young bull is named Rougemont, after the place of his destination, and being of such good blood should, in the company of Judge, speak well for the future of the Polled breed at Rougemont. Two cows were purchased at the Burnside sale at good prices. The one is Mabel of Biallid, 8,942, bred by Mr. Geo. Gordon, Tullochallum, and out of Rosa of Westerton, which was the highest-priced yearling at the dispersion of the Westerton cattle. The other is Fanny 8rd, 8,922, dam Fanny 2nd, 8,921, by Baronet of Ballindalloch, 406, out of Bertha, 980, the first prize cow at the Highland Society's Show at Stirling in 1878. She is accompanied by a very nice cow calf, bred by Mr. J. Macdonald, Tormore, Advie, out of Myrrh, 1,725, and after Petrarch, 1,258, which gained the second prize at the Paris Exhibition in 1878. A selection of two very promising young animals have been purchased from the famous Polled herd at Mains of Advie, Strathapey. The one is Mr. Grant's stock bull Highland Chief, 1,590, an animal of good style and great substance, after Judge, 1,150, and out of Miss Fanny, 8,111, by Juryman, a famed bull that never lost a laurel. Highland Chief's genealogy traces as far back as Grannie, 181, who was dam of the cow Young Mary, 597, which was exhibited at Paris in 1856. He possesses many striking features of the Jilt family, and has already begun an honored career. The other animal from Advie is Mary Ann, a splendid three-year old heifer, with nice bull-calf at foot, named Britannia, both of which were intended for exhibition this season in this country. She is very level over the top, and was shown successfully last year.

Of Galloway cattle, two excellent cows, with calves at foot, and a bull have been purchased from Mr. Cunningham, Tarbrooch, Dalbeattie. The sire of the two calves at foot gained the first prize at the Highland Society's Show at Perth last year. Three Ayrshire cows with calves of good pedigree were purchased by Mr. Grant at the Castlehill sale. They are of a famous stock that has been line-bred for more than half a century. A pure bull has been bought from Mr. Bromwell, Blackaddie, Sanquhar.

The shaggy Highlanders are more numerously represented. Two cows with their calves were bought by Mr. Grant at the Corrychrone sale, at Callander, Perthshire—a herd celebrated for fifty years. The cows are of fine form, with plenty of horn and hair—the true characteristics of the Highland breed. A young bull bred by the Duke of Argyle has also been obtained; he is a capital animal, though small, with grand horns. Two other Highland cows have been purchased at the Killiehuntly sale in Badenoch, and three have been bought from Mr. M'Intosh, Kinrara, a veteran in the breeding of Highland cattle.

Three Shetland cows, with calves, and a bull have been got from Messrs. Reith and Anderson, Aberdeen, who have the best connection with the breeders of the island. They are to be accompanied by

several Shetland ponies. Thirty-two head of black-faced sheep, and three or four Hereford cattle from Mr. Duckham, M. P., are also to be exported. The animals will be shipped at Glasgow about the beginning of July, and will be under the care of Mr. Grant. Such good stock should do much to improve the herds in the Dominion.—*London Live Stock Journal.*

Reviews.

LACROSSE, AND HOW TO PLAY IT, by W. K. McNaught. Rose-Belford Publishing Co., Toronto.

This book, lately issued by the Rose Belford Publishing Company, is a second, though vastly improved, edition of a work from the pen of this same author, published in 1878. As an old Field Captain and Point, Mr. McNaught writes with perfect knowledge of the game in all its branches and intricacies, and as in his present position of Secretary of the National Amateur Lacrosse Association he is enabled to give, with authority, all latest alterations and amendments to the rules, we can confidently recommend his book to the public, and especially to new clubs in Canada and the United States as a safe and accurate guide. A perusal of the work will convince any one that the author writes from the heart and from sheer love of the game. He does not claim literary excellence, but writes in an easy, conversational style, as if to players. This style is not to be censured, but it would be quite as well, however, if the well known lines of Isabella, in Shakespeare's "Measure for Measure,"

"Oh, it is excellent to have a giant's strength,
But it is tyrannous to use it like a giant,"

were not attributed to "Mrs. Beecher Stowe," but properly accredited to the immortal William. This mistake has occurred in both books, hence our reason for pointing it out. The minute details of the game have been entered into with surprising fidelity, and while we cannot agree with the author in one or two important points such as, for instance, the advice, "Try always to oneek with one hand," (page 68) or on page 89, where the goal-keeper is advised to remain in his flag while a fielder is rushing down towards him with the ball. Yet, taken altogether, the book is a highly useful addition to Lacrosse literature, and one that every Lacrosse player should make a point to possess. The portraits of leading players in different positions add very much to the usefulness of the work, as illustrating to beginners is the prominent features of the game.

WALLACE'S MONTHLY.—John H. Wallace, 212 Broadway, New York.

No better indication of the strength of this magazine need be wanted than a glance at the information furnished the editor by the breeders of horses. This is no scissers and paste affair, though Mr. Wallace does not disdain from giving good articles from his contemporaries when their merit is sufficient for their being accorded a reprint. The articles from the pen of the editor show that he is as determined as of old to maintain the right as he conceives it to be, regardless of consequences; and though to the notion of some folks Mr. Wallace has just a touch of "Messenger on the Brain," he has facts and figures at command to show that there is method in his madness.

BRENTANO'S MONTHLY.—Brentano's Literary Emporium, 89 Union Square, New York.

Like wine, Mr. Peverilly's handsome monthly improves with age, and now it includes every recognized sport and pastime, a vast improvement on the old days when yachting and rowing formed the extent of its subjects. It is the best sporting monthly published anywhere, is replete with readable articles on many subjects interesting to sportsmen of all classes, and in the matter of typography and appearance is the closest approach we know of to that model journal Scribner's Monthly.

THE ARCHIVES OF COMPARATIVE MEDICINE AND SURGERY.—W. L. Hyde & Co., 22 Union Square, New York.

The title of this new quarterly magazine, the second number of which was published in April, would indicate that its contents are too deep for the general reader who desires information to be presented in a popular form; but such is not the case. The articles, which all relate to the anatomy and pathology of the lower animals, are written in a clear style, perfectly plain to any person of ordinary intelligence, bold technical terms being avoided as much as possible. In the number under notice Dr. T. E. Satterthwaite leads off with an article on "The Blood," with illustrations. John A. McLaughlin, Jr., D. V. S., continues his article on "Some

new or imperfectly understood points in the Anatomy of the Horse's Hoof," and this is followed by James Hamill's, D. V. S., contribution "On the affection commonly termed 'Oorn' in the Equine foot." The concluding original article is on "the Castration of Dogs." In addition to these features we have the editorial department and then "Abstract and Summary" which consists of cases treated and anatomical notes of the greatest value to all who own or take any interest in the lower animals. The price is \$2 per annum, or 50 cents a number.

THE MAINE HORSE BREEDERS' MONTHLY.—J. W. Thompson, Canton, Me.

We have received from Mr. Thompson the first and second numbers of Vol. II—April and May—of the Maine Horse Breeders' Monthly, a journal the contents of which are sufficiently well indicated by its name. Eastern horses and their pedigrees receive the most attention as may naturally be supposed, but for all that, it is decidedly cosmopolitan in the matter of the horse literature of the day. The subscription price is \$1.00 per annum, and one article alone, the "Laws of Heredity" is worth a dozen times that amount to every breeder, no matter in what part of the world he lives.

OUR RECEPTION.

Evening Telegram, Brantford.

"Town and Country" is the title of a paper which is being published in Toronto and will supply a want long felt in Canada for a paper devoted to agriculture and field sports. It is under the management of Mr. James Watson, who is an authority on all sporting matters. He was for several years on the staff of the *New York Spirit of the Times*. Lately he has been connected with the *English Field*, the *Referee*, and *Sporting Chronicle* (Manchester). The various subjects which the T. and C. treats of, Sports, Kennel, Agriculture, Stock and Poultry are all under the direction of able men.

Wallace's Monthly.

"Town and Country"—A weekly record devoted to sports, recreations and live stock matters, published in Toronto, Ont., is a new candidate for public favor. Its several departments are ably edited, containing much interesting matter. The "Town and Country" is calculated to meet a want long felt in its section, and if every number is up to the standard of the two which have reached our office, its success is assured. We wish it prosperity. The subscription price is \$2.50 per annum.

Live Stock Journal, Eng.

We gladly welcome the appearance of a new Canadian sporting paper, which seems likely to supply a want that has long been felt in that part of the world. Under the experienced guidance of Mr. James Watson, *Town and Country*—for such our young contemporary is called—will, we trust, do well and prosper, as it undoubtedly should do in such good hands.

Maine Horse Breeders Monthly.

Town and Country.—We have received a copy of this new exchange and like its appearance very much. It is published at Toronto, Ont., and is devoted to sports, recreations and live-stock matters. Terms \$2.50 per annum.

Lockport, N.Y., Daily Union.

"Town and Country" is the name of a new 16 page quarto, published at 18 Adelaide Street East, Toronto, James Watson editor. It is issued weekly at \$2.50 per annum, and is devoted to sports, recreation, live stock matters, etc. It is edited with ability and should succeed.

An old angler says a fish does not suffer much pain from being hooked. Of course not. It's the thought of how his weight will be lied about that gives him anguish.

Lacrosse.

Secretaries of Clubs will please forward short concise reports of their Meetings and Games, as soon as possible after the events happen. Write on one side of the paper only. Address all correspondence or questions on this subject to the Lacrosse Editor, TOWN AND COUNTRY, Toronto, Ont.

THE INDIAN QUESTION.

Before the late meeting of the National Association, lacrosse players, and friends of the game, often asked each other the question, "Has the association backbone enough to declare Indian Clubs professionals?" Whatever the general opinion may have been, the question has been settled in a very satisfactory and practical manner by the Association declaring that all Indian clubs shall hereafter rank as professionals. As we pointed out a few weeks ago, Indians are professionals in every sense of the word, and it is the veriest fiction to call them by any other name. We ventured to prophecy that the Indian clubs themselves would not seriously object to the change of title provided they did not lose any pecuniary advantage by it. The result has more than fulfilled our expectations, for they not only seemed to be satisfied, but are pleased to be placed in a position where they can receive a fair remuneration for their services without the fear of being hauled over the coals for it. In an interview with White Eagle of the Caughnawaga team, last week, he authorized us to say that as far as the Caughnawagas were concerned they much preferred the present arrangement to the old one by which they could only get their expenses. He said that he intended on his return home to get his team into good condition so as to be able to defeat any white team in Canada and would then be open to play all-comers, provided the consideration was sufficient. Capt. Gibson was also interviewed and stated that so far as the Six Nation Indian Clubs were concerned they would as soon be ranked professionals as not. He claimed that the Association did not do justice to the Indian Clubs in its membership, because they got no more chance of playing matches than other Indian clubs who did not belong to the Association. He thought as they paid their subscription to the Association every year they were entitled to be employed in preference to clubs that did not belong to it, and was satisfied that under the new law he would save his three dollars and make equally as much money by matches. From the above it will be seen that, so far as the Indians are concerned, the change is looked at simply from a monetary point of view, they think they can make more money now than formerly, and are better satisfied. The only dissenting voice we have heard so far has come from Joe Bero of St. Regis. In a letter addressed to the "The Lacrosse Captain, Toronto," he says: "I don't give my consent to the laws made by your club." We suppose he refers to the changes made at the late convention, but as Joseph and his brethren do not belong to the Association we do not think that the action of the convention will materially affect their standing. As we said before, we are of opinion that better Indian teams will be seen in the future than the past, because their remuneration will depend entirely on their ability to play. If they can defeat any team in Canada, their services will be worth as much, if not more, than ever they were, for the public have of late years been so thoroughly educated in lacrosse that they can gauge pretty accurately the playing abilities of competing clubs, and will not pay their money for any second class exhibition.

THE INDEPENDENTS OF MONTREAL.

The recent victory of the Independents over the Young Shamrocks not only gained them the hand-

some set of flags presented by the ladies of St. Ann's Parish, but also made them the owners of the Junior Championship flags put up by the Montreal Club for competition amongst the junior clubs of that city, which last they have held two years as required by the donors. Their recent victories over the Montreal second twelve and Young Shamrocks plainly prove that this club, although nominally the Junior Champions of Quebec, cannot be regarded in that light any longer, but as a first-class club in every sense of the word. It seems to us that if they want to be considered anything it is time they should be flying at higher game. The present Intermediate Champions of Canada complain that so great is the terror inspired by their victories that they cannot get any clubs to play them, and the Independents having conquered all local competitors should turn their attention to the Dominions, and endeavor to wrest from them the proud title of "Intermediate Champions of Canada" and the emblems pertaining thereto. We are certain that they will find them foemen worthy of their crosses, and that it will be a match well worth looking at. The reputation of each club is more than local, and we think that a match between them would draw an audience that would more than pay all expenses. We have heard a good deal of talk as to which Province has the best Junior Club, and now we think is a good time to settle the question.

TORONTOS v. DOMINIONS.

We find we were misinformed with regard to this match which we stated was to have been played on Saturday last. The fact was that the Dominions accepted the Torontos' challenge for that day, probably overlooking the fact that the Torontos stated their willingness to play on any day subsequent to the 1st July. It has now been definitely decided that the match will be played on the Cricket Ground on July —. The Torontos intend placing on the field a much stronger team than the one which received such a decisive defeat at the hands of the Dominions a few weeks ago, and will make a strong effort to retrieve their lost laurels. As the Dominion team will be strengthened by the addition of Patton, one of the best and most scientific players in Toronto, they expect to be able to hold the honors they have won. The incentives are strong for each side to do its "level best," and, as a consequence, we shall expect, if the day be fine, not only to see a hard fought but also a scientific game of lacrosse. The interest in the match is gaining ground, and we expect to see a large attendance of spectators.

ATHLETICS OF ST. CATHARINES.

The Athletics of St. Catharines, although they cannot at present rank amongst the "champion" or even "first-class" clubs, are in a fair way to do so. They seem to have discovered what it takes some clubs years to find out—that the only way to attain anything like perfection is to play plenty of matches and have them of the right kind. Practice games are good for a club, but matches are very much better, especially if they be against teams composed of stronger and more scientific players. It is true that in such matches the young club generally comes out "second best," a result that is not always soothing to their feelings, but the lessons thus learned are of incalculable value, and in the long run are bound to make the club that has philosophy enough to comprehend them, come to the front and occupy a prominent position. As a rule, clubs which in matches always look out for a "soft thing" never develop strength, for the simple reason that playing against inferior players they can easily defeat, they seem to imbibe the idea that there is no standard of excellence higher than their own, their incentive for work disappears and with it all hope of improvement. On the contrary, if a club has courage to tackle superior

players, even though sure of defeat, they are just as certain as that daylight follows darkness to succeed in improving in their play and raising themselves nearer to the level of the clubs with whom they enter into competition. As we said before, the Athletics seem to have discovered this, and although they have lately suffered defeat at the hands of the Ontario club of this city, we are satisfied that it will do them more good than a victory over some team they could easily have defeated.

On the 28rd inst. they played two matches, one with the Ontarios, of Toronto, which was won by the latter, they taking the first game in 28 minutes, the third game in 5 minutes, and the fourth game in 1 minute. The second game was taken by the Athletics in 45 minutes. The match was well contested throughout, and the St. Catharines players deserve credit for the stand they made against such a crack team as the Ontarios seem to be able to put forward.

The second game, between their second twelve and the second twelve of the Cliftons, of Clifton, resulted in favor of the Athletics, the Cliftons taking the first game in 22 minutes, and the Athletics the three following in 37, 8, and 16 minutes, respectively.

THE TORONTO CLUB.

On Dominion Day, the Torontos play the Montrealers, and lovers of the game are beginning to speculate upon the probable result of the encounter. We were in hopes from the form exhibited at the opening of the season, that the Torontos were going to make a strong effort this year to redeem their good name, but we are afraid that we have been over sanguine in the matter. Their awakening has been short lived, and they seem again to have relapsed into that state of lethargy which is a sure precursor of defeat. With material good enough for anything, there are no honors in the lacrosse world which they might not aspire to, if they only act the part of men and honestly struggle to attain them, but if they continue in their present half-hearted condition, with their old players scarcely knowing whether they intend to play or not, and as a consequence rarely attending practice, they may as well make up their minds at once that their record this season will be as unfortunate as that of last year.

How any half-trained team can expect to compete successfully against first-class players like the Montrealers we cannot imagine, and we are satisfied that if the Torontos should succeed in winning the match it is more than their most sanguine supporters expect. Their old players should wake up before it is too late, and do all in their power to help the club to regain its lost honors, and when that is accomplished they can then gracefully give way for more youthful aspirants for lacrosse fame. In the meantime if the Torontos are to do anything worthy of themselves, they must look to their old and tried veterans to accomplish it for them.

IMPORTANT DECISION.

We are in receipt of the following in regard to the late Independent-Shamrock match. As it brings up a new point in the game it is well worth perusal.

A very exciting and well contested Lacrosse match was played on the Shamrock Grounds, Montreal, on Saturday, 19th inst., for a set of flags presented by the ladies of St. Ann's Parish, between the Independents (Junior Champions of Montreal), and the Young Shamrock Lacrosse Club. A more evenly contested match has rarely been seen. It was thought, previous to the match, that it would be a soft thing for the Independents. First game, in favor of the Independents; time, 33 minutes. Second game, in favor of the Shamrocks; time, 1 hour and 10 minutes. Third game, won by Independents; time, 11 minutes. Time having expired, the Referee, Mr. W. L. Maltby, called out the men to start, when Flynn, the Shamrock captain, claimed one of his men was disabled

and wanted the Independents to drop a man or allow them to put on a new and fresh man. The Referee ordered the man to be brought forward to judge whether he could allow it, and then decided nothing was the matter with the man except "played out"—nothing to show except a blister on his foot and legs shaky. The man refused to play, and the Independents would not agree to either drop a man or allow a fresh man to be put on. The game started with eleven Shamrocks to twelve Independents. After the game had progressed a few minutes a new man appeared on the field and refused to leave. The Referee stopped the game and ordered the Shamrock captain to take off the man. He refused to do so, and the Referee then adjudged the match to the Independents after warning the Shamrock captain. This is the first decision of the kind in Montreal.

The Dominions, of Toronto, play the Cliftons, of Clifton, on Dominion Day.

The Secretary of the Shamrock Lacrosse Club has received word from the Baltimore Lacrosse Club, announcing their inability to play in Montreal Saturday.

Our Montreal letter will be found on page 5.

READ THIS!

JUST WHAT all horsemen should know and have is a large bottle of **KENNEDY'S Lightning Remedy.**—A book of 22 pages goes with each bottle that teaches the art of cyphering shorthand; this book also instructs any man how to cure heaves in horses; remove a wart from a horse; to cure colic without medicine; to physic a horse; to make condition powders; to cure bone spavin, curb, splint, ringbone, sweeny, or to remove a pipe where a running sore is formed, and to cure founder; all to be done without the use of the burning irons or knife, and not putting the horse out of use, as you can work him every day or turn him out to grass. I will forward it to any address upon receipt of \$1.00.

You will only hear one sentiment, and that is, that a bottle of Kennedy's Lightning Remedy is worth a hundred of any other preparation for curing everything.

I can cure any bog spavin or thoroughpin on a horse in 5 minutes.

**AUBURNDALE [Mass.],
CHRONOGRAPH TIMER.**

IN GERMAN SILVER CASE,
NICKLE PLATED.
Price, plain, - - - \$15
" split second, - - - \$25

Three-quarters size of watch,
1/2 or 1/4 second Fly-back.

ACCURATE AND RELIABLE.

Its size and Form same as ordinary watch. It is the best and most perfect timer made; the only one that marks eighths of seconds. These timers add immensely to the interests of sports of all kinds and are invaluable for scientific and mechanical purposes.
My split second is perfect in its accuracy; it enables the time to be taken of each one-quarter of the mile as well as of the full mile or more. This repeated subdivision of time by the same instrument can only be accomplished by my Timer and by the highest priced of Foreign Chronograph Watches.
My fine tenth of a second timer I make for delicate scientific purposes. to order only, of two sizes, the one the size of the ordinary watch, the other the size of the marine chronometer.
