AN EMERGENCY FUEL.

FOR ENGLAND FRIDAY, WEEK

Large Alterations Made in Program for Duke's Reception in St. John's, Newfoundland.

CEREMONY ON VICTORIA BRIDGE

Gold River Inspected and the Duke Replies to Address of General Manager Reeve.

St. John's, Nfld., Oct. 16.—The Duke of Cornwall and York, by a telegram from Canada, makes large alterations in the program for his reception in St. John's next week, virtually compressing the whole into a few hours.

The royal yacht Ophir will arrive on Tuesday afternoon, Oct. 22, but the Duke will not land until 11 o'clock the next morning, when the functions will be hurried through.

The State banquet will be given in the evening and the Ophir will sail for England Friday morning.

AT MONTREAL

Montreal, Oct. 16.—The Duke and Duchess of Cornwall and York are now en route to Halifax, having left this city at 1 o'clock. Before leaving, however, an interesting function took place on the Victoria Jubilee Bridge.

At the suggestion of Sir Charles Rivers-Wilson, the president of the G.T.R., it was decided that the royal train should stop in the centre of the new Victoria Bridge and that there, as near as possible to the spot where the present King of England had driven the last rivet of the then world famous Victoria Tubular Bridge, the future King of England should be presented with a souvenir worthy of the occasion which would mark his visit to the new Victoria Bridge.

Address From G.T.R. When the royal train reached the bridge General Manager George B. Reeve read the following address:

"Your Royal Highness now stands where your illustrious father, the King, stood on the 5th day of August, 1860, when he drove the last rivet in the Victoria Bridge, which was considered at that time one of the wonders of the world. The enormous increase in traffic of the country made it necessary in 1897 to reconstruct the bridge, substituting for the single track, a double track and double roadway, which is known as the Victoria Jubilee Bridge, in honor of Her Most Gracious Majesty, the late Queen. Early in the spring when our president, Sir Charles Rivers-Wilson, paid his annual visit, he suggested to me, on the 21st day of August, 1897, that I should have the advantage of the occasion of the visit of Your Royal Highness to present a souvenir which I have a great deal of pleasure in doing, and trust that you will accept it, and before closing, unless Your Royal Highness commands to the contrary, I would desire, on behalf of my colleagues and myself, to bid you adieu, expressing their wishes and my own, that Her Royal Highness and yourself may have a successful voyage across the Atlantic and a safe landing on the shores of dear old England."

AT CARDINAL

Cardinal, Oct. 16.—About 3000 citizens from Cardinal and the surrounding country assembled at the temporary station erected by the Grand Trunk, and where the royal train passed the night, to show their loyalty to the Duke and Duchess of Cornwall and York.

The Cardinal, who was accompanied by the Duke and Duchess, was met by the Duke and Duchess at the temporary station. The Cardinal, who was accompanied by the Duke and Duchess, was met by the Duke and Duchess at the temporary station.

FINDS AN ANCIENT CANAL.

Mineral Prospector Discovers Bed of Oiling to Ocean Waterway.

St. John's, Nfld., Oct. 16.—The State Department has received from a H. M. Crill, a Columbia, the information that he has discovered the bed of an ancient waterway, from ocean to ocean, lying between the Panama and Nicaragua canal routes.

Mr. Crill, who is from Pontiac, Mich., writes that this alleged line runs through a gap in the mountains, which has a perfectly level bottom, and in which a ship canal could be built with little difficulty.

Mr. Crill thinks that once upon a time there was a great natural waterway. The discovery has not been made before, because the gap in the mountains is in a very inaccessible place.

FARMERS MORE HOPEFUL.

Weather Clear and Indications Favorable for Completion of Harvesting Operations.

DELIVERIES LARGER THAN USUAL

180,000 Bushels Loaded Yesterday—One Farmer Got 50 Bushels of Wheat to the Acre.

Winnipeg, Oct. 16.—All over the province to-day the weather was so favorable and the indications most favorable, the farmers are hopeful of a good week with their reaping.

Deliveries at C.P.R. points yesterday were higher than for several days, 170,000 bushels.

During the day there were 180 cars loaded for shipment, which is equal to about 180,000 bushels of wheat.

W. L. Parrish has returned from a trip over the Gladstone district. "I met one of the farmers there," said Mr. Parrish, "speaking of the wheat prospects, 'who had threshed five acres of his wheat that yielded 50 bushels to the acre. The quality was good, too. There are other cases of big yields throughout the province.'"

BROKE ALL RECORDS.

De La Vaux Kept His Balloon in the Air All Day.

Paris, Oct. 16.—Comte De La Vaux, in an interview published to-day, says that while he failed to cross the Mediterranean, he succeeded in breaking all ballooning records, as he remained in the air more than 41 hours, during which time he succeeded in keeping the balloon from two to four metres above the level of the sea, thus solving the problem of maintaining stability.

He says he could have remained up 48 hours, but would have been on the shore. He threw out ballast only once a day, and this was at sunset, to prevent the loss of the balloon from two to four metres above the level of the sea, thus solving the problem of maintaining stability.

FOURTEEN PEASANTS KILLED.

Bread Riots in Eastern Russia Accompanied by Grievous Outrages.

LONDON, Oct. 17.—The Lemberg papers report bread riots at Tarasova, Eastern Russia, which the Vienna correspondent of the Daily Mail, "in summary the start of the riots, which were accompanied by the destruction of the municipal buildings, and the residences of wealthy persons, setting some on fire. Troops were sent, and 14 peasants were killed.

"Similar riots, in which several persons were killed, occurred at Andruskwa, where two landowners had been murdered, and also at Pestrawka and elsewhere in the same district."

PREPARING FOR THE WINTER.

Ottawa, Oct. 16.—The Public Works Department is making its arrangements for the erection in Ottawa of the branch of the Royal Mint, which was provided for in the estimates of last season. "I have gone over the ground today," said Mr. T. J. O'Rourke, "in summary the start of the riots, which were accompanied by the destruction of the municipal buildings, and the residences of wealthy persons, setting some on fire. Troops were sent, and 14 peasants were killed.

The Duke was in company with the Duke of York and three English newspapers were there. The Duke was in company with the Duke of York and three English newspapers were there.

ST. JOHN WAITS.

St. John, Oct. 16.—The city is gay with bunting, and to-night the special illuminations were tested for to-morrow night's display. There are thousands of visitors here, and the masses have begun to congregate. The city is picked to-night, an unusual and interesting condition.

SMALLPOX NEAR THE DUKE

Passenger on the Steamer Victoria From Gananogue to Brockville Was Infected.

HERSELF AND FRIENDS ISOLATED

Boat in Quarantine, and Passengers Who Could Be Located Vaccinated.

Brockville, Oct. 16.—The steamer Victoria, from Gananogue, and other ports, brought a load of excursionists here yesterday afternoon to see the royal party.

Among those on board was Miss Tilden, her mother and Miss Kirker, who boarded the steamer at Rockport. Miss Tilden was not feeling well and the party called a physician, who, to their horror, pronounced her illness smallpox.

The three ladies were at once placed in the Isolation Hospital. The steamer was placed in quarantine, and the passengers who could be located were vaccinated, and every precaution taken to prevent the spread of the disease.

Miss Tilden recently came from the United States, where she had been working for some time, and it is believed, was infected before she reached her home. Hers is a mild type of the disease, and no serious results are anticipated in her case.

TEN MORE SEATS PROPOSED.

Montreal Stock Exchange Will Vote on Question of Raising Limit.

Montreal, Oct. 16.—In a few days the members of the Stock Exchange will vote on a proposition to create ten new seats, thus raising the limit from 40, as at present, to 50 seats.

It is not so very long ago that a similar proposition, made by Rodolphe Forget, was voted down, the majority of the members at that time not looking upon the matter with approval. Since then, however, the views of the members who were opposed at that time have changed their views, and are now understood to be willing to support the amendment to the bylaws.

There is still some opposition, and only a vote will tell whether the new seats will be created or not.

The new seats would be worth \$12,000, the last transaction having taken place at that figure, about a few days ago a well-known broker announced his willingness to purchase six seats for \$30,000, or at the rate of \$5,000 each, but that is generally regarded in the nature of a sporting offer, with large odds in favor of its not being taken.

SOLDIERS FIGHT WITH BAYONETS

Old Feud Between Troops Culminates in a Serious Affair.

LONDON, Oct. 16.—The long-standing feud between the Durham and Worcester regiments of infantry culminated last night in a serious affair at Aldershot, when the Westchesters, with fixed bayonets and ball cartridges, attacked the quarters of the Durhams. Severe fighting ensued, during which many of the men were injured. A number of the Durhams are suffering from dangerous wounds.

"You mustn't say anything against the students, Major," said J. "or they won't buy your ain't \$3.50 shoes for men."

"Say anything 'gain' 'em? I ain't sayin' anything 'gain' 'em. I'm sayin' they're dem fellows, and they're athletes. But say (earnestly) what do they do for a livin' up there?"

"They're just training, Major," I explained. "They haven't entered yet."

"They ought to be able to go a few when they get started," said the Major, starting the fanned hand across my high, aristocratic forehead.

"So they do, Major, so they do," said I. "But in the meanwhile you can't expect a University to be a mere institution of learning."

"That's a fact," said Major Victor Domo, thoughtfully.

CLEVERLY MALINGER DROPPED

Chicago, Oct. 16.—The Rock River Methodist Conference to-day voted that the Rev. A. B. Smart, was unfit for pastoral work. He was accused of making stirring remarks about President McKinley, following the assassination. He was also accused of malingering, "yellow journalism" and intemperance were adopted.

GREAT GOLD FIND.

One Taken Out at Fort Frances Assays \$5000 a Ton.

Winnipeg, Oct. 16.—The gold rumor of startling proportions is going the rounds of the streets to-day, and creating considerable excitement. The story is to the effect that a strike of gold ore of exceeding richness has been made in a rock cut near Fort Frances on the Canadian Northern line. It is said to have been assayed and to have yielded at \$5000 per ton and ore by a local expert.

One of the gentlemen who is prepared to vouch for the truth of the story is R. A. Lang, Grain Exchange, who states that the rumor is perfectly correct. One of those said to be interested is J. McCarthy of the Imperial Life Insurance Co.

SO AS TO SAVE CHINA'S FACE

New Manchurian Convention is on the Same Lines as the One of April 5.

BUT IT IS MORE CLEVERLY WORDED

Russia Entreats to Li Hung Chang the Negotiations by Which She Seeks Manchuria.

London, Oct. 17.—The new Manchurian convention, which has been the subject of negotiation between M. Lesar (Russian Minister to China) and Li Hung Chang, is on the same lines as the convention which Russia withdrew April 5, says the Pekin correspondent of "The Times," "but it is more cleverly worded so as to save China's face."

"In consequence of previous disclosures a session of secretaries has been held, but the important negotiations which Russia seeks to legalize her occupation of Manchuria have been entrusted to Li Hung Chang, who can be better trusted to serve Russian interests than any other Chinese statesman."

"Hence China is indignant, because he has been kept in ignorance, and the Yangtze victors have twice protested against the negotiations. The same powerful opposition that was employed before is again endeavoring to prevent the signature of the convention, but Russia's promise to restore the railway from Shan Kwan to the coast is a powerful lever in the hands of M. Lesar."

HIS CUP OF SORROW FULL.

Two Bright Sons of Thomas Gordon of Thorold Die Within Two Days.

Thorold, Oct. 16.—On Monday morning the death occurred here of Louis Gordon, aged 17 years, the youngest son of Thomas Gordon of Thorold, and Little Current, Ont. The deceased was a general favorite with a large circle of young and aged friends, being of a very kind and gentle disposition. He was a student at the High School here, and the school bag is at half-mast. He had been ill for some months past, and his death is a great loss to the family.

Baroness Burdett-Goutts Dying. Growing Progressively Weaker at Her Summer Country Home.

London, Oct. 16.—Baroness Burdett-Goutts is growing progressively weaker every day at her superb country home, West Hill. Her rapid decline in health has been noted by the friends of the house, and the great philanthropist is growing weaker and very dear.

On news of the Queen's death the baroness lost her customary high spirits and denied herself to her friends. The depression in which she is now is believed to be the end of her active and beneficent life so far off.

The dying peeress was born on April 26, 1818. She is the daughter of the banker, Thomas Goutts, and inherited from him an immense fortune, which, under her careful management, she has increased to a large sum. She has been given royal licenses to use the surname of Burdett-Goutts, and she has been given royal honors upon attending to the direction of her banking house in London.

CALLS IT BRITISH DISDAIN.

Treatment of Newfoundland Calls for a Local Paper's Protest.

London, Oct. 16.—In an editorial to-day taking the government severely to task for its disdain for Newfoundland, "The Daily Mail" says:

"Assuredly this is not the way in which to treat a loyal colony. It is not business to treat a loyal colony in this way. It is not business to treat a loyal colony in this way. It is not business to treat a loyal colony in this way."

ON A SECRET MISSION.

London, Oct. 16.—A Minister of one of the minor European powers vouches for the following story as to Ambassador Choate's real object in going to America at this time:

The United States Ambassador, according to the Minister, takes with him a message of inquiry from the British government, which is too delicate to be entrusted to the Ambassador. It is a case of European complications. At Ambassador Choate's departure the Minister, the matter was fully discussed.

KEY TO INDIA'S FRONT DOOR

England, by Taking the Little City of El Koweyt, Cries "Check" to Germany.

AND HER UNCOMPLETED RAILWAY

From Constantinople to the Persian Gulf—Importance of the Situation Explained.

New York, Oct. 16.—The Journal says: El Koweyt, the little city at the head of the Persian Gulf, is destined to play an important part in world politics, especially so if the report be true that was published yesterday that Great Britain has declared a protectorate over the place.

For, as Herat is the key to India's back door, so El Koweyt is the key to her front door. It is the terminus of the projected railway from Constantinople to the Persian Gulf that Germany is now building, and the only possible terminus. It is four days' sail from Bombay. The line, when completed, as it must be by 1907, according to contract, will be by the shortest route from Europe to Southern Asia, vastly important strategically, but to England and Germany vastly more important commercially.

An article appeared in The National Review, a leading English magazine, recently, that sheds a flood of light upon the importance of this railway and its terminus, according to report. The article is accompanied by a map, which vividly illustrates the importance of the railway and its terminus, according to report. The article is accompanied by a map, which vividly illustrates the importance of the railway and its terminus, according to report.

"Unsearchable is the heart of kings," says the writer, "and kaleidoscopic the mind of the Kaiser. The feeling that his empire is enclosed has made him turn restlessly from side to side in search of the line of least resistance to his power. 'Until he is irrevocably committed, it will be unsafe for this country to say too confidently by which line of least resistance he will hold. When the Kaiser cried, 'Our future lies upon the water,' he expressed the intuition which at that time possessed his mind."

"The present terminus upon the Asiatic side of the Bosphorus is Haider-Pasha. The final stretch of the line will run north to strike the Persian Gulf at El Koweyt, the head of the harbor that would float all the fleets of Great Britain. The exact terminus is fixed to be at Kozimand, the head of the harbor, and it is suggested that there should be here a coaling station for the German navy. Nine new members were received. A smoking concert followed the business meeting, those taking part being W. A. Spratt, E. G. Payne, A. D. Brathwaite, F. W. Gates, Jr., F. L. Briggs, L. J. Meakin, George Allan, L. H. Parker, E. Finch and R. Weaver. The members spent a jovial hour.

Sensation in Assize Court. There was a mild sensation in the Assize Court this morning in connection with the suit of Morris v. Barnes. George W. Barnes was called into the witness box and questioned by the chief justice. Barnes admitted that the defendant spoke to him yesterday in the street. He said he was coming up to-day. Nothing more was said. Justice Falconbridge asked Mr. Carcellian what he had to say in answer. The defendant's counsel replied that he had nothing to say. His Lordship then said there was quite sufficient ground for not having the case tried by the juryman about the case. Mr. Carcellian renewed his objections to the juryman being struck out. It was a case in which there was no evidence of fact of testimony, and he submitted that it should be tried by a jury. The chief justice did not think so. As to the action of the defendant in going to the juryman and talking with him about the case, His Lordship said there was only one inference to be drawn from it, and that was that he meant to influence the jury. "Fancy the man going yesterday and talking with the juryman about the case," said the judge indignantly. "What proper object could he have in doing such a thing?" Mr. Carcellian suggested that, as the two men were neighbors, there might not have been any harm in the act. He said that no harm had been offered.

MALT BREAKFAST FOOD THE ONLY PERFECT HEALTH FOOD FOR YOUNG AND OLD. YOUR ADVANTAGE Our Crown and Bridge worker has no tooth fillings to insert. Our tooth filling operators need know nothing about Crown and Bridge work. It is the particular business of each of our operators to study—and practice—and make perfect his one branch of the business. Our work is so divided as to put every operation into the skilled hands of dentists trained by experience in that class of work. That's the advantage of our methods. Mostly your advantage.

CANADIAN KILLED IN ARIZONA. Brockville, Oct. 16.—Word has been received in Brockville of the death of Patrick Hisey, a former resident of Brockville, in Arizona, under tragic circumstances. He was an old-time engineer on the G.W. between Brockville and Belleville, and worked several years ago, he settled in Arizona and was appointed a traveling engineer. This he resigned quite recently to assume his position on a passenger train, and while making his first trip he was killed in an accident. Mrs. William O'Neill of Dundas-street is a sister of Mr. Hisey.

NO COMBINATION LIKELY.

J. J. Hill Denies Reports of Amalgamation of Northwestern Roads.
New York, Oct. 16.—James J. Hill, president of the Great Northern, who is in his mission here in the east, took pains to deny the report of a combination of the Northwestern railroads. Asked concerning the statement that a proprietary company would take over a majority of the Great Northern shares in order to simplify control and place the management in a more permanent shape, Mr. Hill said he would rather discuss Great Northern at present. He emphatically denied that he had sold out most of his interest in the Great Northern, and said there was no truth in the statement that President F. D. Underwood was to leave the Erie and go with the Great Northern.

Police Court Record.
Dr. Stephen B. Pollard was committed for trial in the Police Court yesterday on the charge of abortion. Jennie Clegg was fined \$10 for carrying a dangerous weapon. Richard Gilkinson pleaded guilty to stealing \$108 from R. G. Cammack, and was remanded for 30 days for breaking the sists in the door of Annie O'Connell's home. For stealing a vest from J. Harris, George Smith got 30 days. James Henderson, the York Ranger, charged with stealing a rifle, was remanded for sentence. The case of Col. Mason, charged with killing a dog valued at \$5, belonging to Edward Ferguson, 44 York street, was withdrawn. The complainant did not appear.

The Lash for Brutes.
Various recommendations are contained in the presentment of the Sessions grand jury for the month of October. Of the 54 cases considered 40 true bills were returned. The presentment renews the suggestion of former grand juries that public parks be more carefully guarded and that the lash be used upon convicted offenders. The grand jury also commended the charitable institutions and the House of Providence was mentioned in praise as an "exemplary" institution. In accepting the report His Honor remarked that he had read the report with interest and would forward the recommendations to the proper authorities.

Suit Still in Progress.
The suit of the Durham Rubber Company to recover \$440 from the Canadian Motor Company was continued yesterday in the non-jury court, and will go on today. The preliminary list for today is: Durham Rubber Co. v. Canadian Motor Co. (continued), Stanley Piano Co. v. Thompson, Lee v. Canadian Mutual Life Insurance Co., Miller v. Garland.

All Want Field P.O. Stamp.
So great has been the demand for the recent review camp held at Toronto, that Assistant Postmaster Rowley kept stamp collectors, military men and others from all parts of the country, desiring important souvenirs.

Birds for the Pan.
Twenty birds were taken from Ontario, composed of between 1200 and 1400 birds, have been made in the Pan-American Exposition, and will be taken place from Oct. 21 to 31 at Buffalo. The birds will be shipped next Monday, and U. J. Daniels and W. H. McNeil will look after them on the journey.

Dr. Pitcher's Backache Tablets

Praised by Hundreds of Toronto People—A Modern Medicine That Positively Cures Aching Backs and All Kidney Troubles—There Is No Proof Like Local Proof—Listen to Your Neighbors.

Danger in Delay

Only a little backache. 'Tis the first symptom; Tells you the kidneys are sick, They are crying for help, Neglect—delay— The ache increases, Then 'tis serious, Urinary troubles follow, Retention of the urine— Excessive discharges— Painful Passages, Don't wait until too late, The early symptoms are easily cured. But it's a hard fight When diabetes sets in; When Bright's disease Has taken hold, Take Dr. Pitcher's Tablets With the first sign of kidney ills, Relief will be prompt—cure certain.

King St. West.
Mrs. F. W. Jordan, 333 King-street West, says: "I have taken Dr. Pitcher's Backache Kidney Tablets, with very beneficial results. I had serious kidney trouble in fact, many of the symptoms pertaining to that disease, such as backache, languid feeling and unnatural color of the secretions. "Hearing so much of Dr. Pitcher's Backache Kidney Tablets, I thought I would try them, and the results were beyond my expectations. I never felt so well in my life before as I do at present, and would strongly recommend the Tablets to every man, woman or child suffering from backache or any kidney trouble. "I am glad to say I am all right now, my back has become strong and free from pain, and the kidney secretions normal."

Queen St. East.
C. W. Down, 688 Queen-street East, Toronto, says: "I have taken Dr. Pitcher's Backache Kidney Tablets, with very beneficial results. St. Mary Street.
A recent attack of backache, lumbar, a hard attack it was, too, coupled with a severe cold, giving pain across the back when I coughed, induced me to try Dr. Pitcher's Backache Kidney Tablets. I got a bottle at McLean's drug store, corner Queen and Church-streets, and I had heard from other members of my family that they had taken them, and the results were beyond my expectations. I never felt so well in my life before as I do at present, and would strongly recommend the Tablets to every man, woman or child suffering from backache or any kidney trouble. "I am glad to say I am all right now, my back has become strong and free from pain, and the kidney secretions normal."

Berkeley Street.
"For some years I have been bothered by backache and kidney trouble. I can't lay it to no particular cause, as it came on gradually. Of late years, despite treatment, both by physicians and patent medicines, the attacks have been harder, more frequent and harder to break up. I grew tired of taking medicines, but determined to try Dr. Pitcher's Backache Kidney Tablets. Stewart Street.
Mr. John Owens, living at No. 39 Stewart-street, was asked by Dr. Pitcher's Backache Kidney Tablets had proved beneficial to Mrs. Owens, who had been a sufferer from chronic lame back. Mr. Owens promptly made the following statement: "My wife has received from Dr. Pitcher's Backache Kidney Tablets that she obtained from Jackson Little, the druggist, 72 Spadina-avenue, a release from an acute lameness in her back and a dull aching constantly over the kidneys. And, in addition, that dull headache in the back and top of the head has vanished, since using these tablets. There is no higher but urinary weakness, dizziness and depression, no longer afflicts her, and there remains both vigor and energy. "I can't say too much for Dr. Pitcher's Backache Kidney Tablets. After so positively proving their merits."

TO IMPROVE CAR SERVICE

Conference Held in Mayor's Office From Which Satisfactory Results Are Expected.

CAR SCHEDULE BELOW REQUIREMENT

Engineer Opposes Proposition for City to Take Over Permanent Roadways.

Mayor Howland has optimistic views in regard to a speedy and satisfactory settlement of the city's grievances with the Toronto Railway Company.

Engineer Rust forwarded to the Mayor yesterday a record of the street car service with a statement showing the time table as adopted by the Council many months ago.

On nearly all the lines the service is not up to the requirements of the time table adopted by the Council.

The Mayor's suggestion is that the Mayor should have a hearing of the Toronto Railway Company a few days ago referring to the regulations limiting the stopping of street cars at street crossings.

His Worship further suggested that conductors be furnished with some kind of mechanical device which they can set for every passenger who asks to be let off at a certain street.

Engineer Keating, in reply, thanked the Mayor for the suggestions, and said he would discuss them with some of the principal officials of the company.

Permanent Roadways. Last summer a sub-committee of the Works Committee was appointed to consider the question of the city taking over all permanent roadways.

City Hall Notes. Letters to the Mayor from officials of the City Hall are now addressed, O. A. Howland, Esq., C.M.G.

There is nothing like Asthmalene. It brings instant relief, even in the worst cases. It cures when all else fails.

The Rev. O. F. WELLS of Villa Ridge, Ill., says: "Your trial bottle of Asthmalene received in good condition. I cannot tell you how thankful I feel for the good derived from it."

I was a slave, chained with putrid sore throat and Asthma for ten years. I despaired of ever being cured. I saw your advertisement for the cure of this dreadful and tormenting disease, Asthma, and thought you had overlooked yourselves, but resolved to give it a trial.

To my astonishment, the trial acted like a charm. Send me a full-size bottle.

Rev. Dr. Morris Wechsler, Rabbi of the Cong. Bnai Israel, New York, Jan. 3, 1901.

DR. TAFT BROS. MEDICINE CO., Gentlemen,—Your Asthmalene is an excellent remedy for Asthma and Hay Fever, and its composition alleviates all troubles which combine with Asthma.

After having it carefully analyzed, we can state that Asthmalene contains no opium, morphine, chloroform or other. Very truly yours, REV. DR. MORRIS WECHSLER.

DR. TAFT BROS. MEDICINE CO., Gentlemen,—I write this testimonial from a sense of duty, having tested the wonderful effect of your Asthmalene, for the cure of Asthma.

I was afflicted with spasmodic Asthma for the past 12 years. Having exhausted my own skill as well as many others, I chanced to see your sign upon your windows on 180th street, New York.

I at once obtained a bottle of Asthmalene. My wife commenced taking it about the first of November. I very soon noticed a radical improvement, taking it after using one bottle her Asthma had disappeared and she is entirely free from all symptoms.

I feel that I can consistently recommend the medicine to all who are afflicted with this distressing disease.

DR. TAFT BROS. MEDICINE CO., Gentlemen,—I was troubled with Asthma for 22 years. I have tried numerous remedies, but they have all failed.

I ran across your advertisement and purchased your full-size bottle and I am ever grateful. I have family of four children, and for six years was unable to work.

I am now in the best of health and am doing business every day. This testimony you can make such use of as you see fit.

Handsomeness and Axminster Carpets

Real elegance marks a lot of Wilton and Axminster carpets that are new to the store this week.

They have been a little late in reaching us because of delay in completing special designs and colorings executed exclusively by leading English artists for our own business.

We do not know that, at any time, we have shown more handsome goods of the kind—and that is saying a good deal, when shoppers remember how much there is that is really artistic in our carpets and that is special and exclusive in design and colorings.

We are anxious that shoppers should see this line, whether they have serious thoughts of buying or not. They will appreciate the fine quality of the goods.

—Because late in coming to hand, we are making prices lower than would otherwise be the case, and have marked the Wiltons at \$1.75 per yard and the Axminsters at \$1.50—goods suited for halls, dining-rooms or libraries, with 4/4 stair carpets to match.

BAKE IN A QUICK OVEN

Many a Recipe winds up that way.

It's discouraging to do all the preliminary work about the baking and then have doubts about whether the oven is just right.

The oven Thermometer in Moffat's National Ranges tells exactly when to put your cake into the oven, and also lets you know whether the heat is being kept at an even temperature.

This makes baking a pleasure.

All Moffat's National Ranges can be had fitted with a high class reliable Thermometer, if ordered this way.
