## R. L. BORDEN ENTHUSES TWO GREAT MEETINGS DEFENDS HON. GEO. E. FOSTER FROM "GLOBE" CALUMNIES FOR CLEAN GOVERNMENT THRU CLEAN ELECTIONS

Conservative Speakers Are Accorded a Rousing Welcome at Massey and Victoria Halls.—Messrs. Borden, Roblin, Bowser and Hanna Heard in Forceful Criticisms of Laurier Government.

### MANITOBA'S PREMIER WANTS TO INVESTIGATE MR. JAFFRAY

PREMIER ROBLIN.

Queen's Park would not have been too ambitious an arena for the Borden meeting last night, and the Conservative leader can flatter himself upon the biggest crowd ever gathered to hear a speaker in Toronto. Massey Hall was full and the doors closed at 7.30, and the crowds outside were guided to Victoria Hall where a great overflow meeting filled that building also.

R. L. Borden was in better form, it was said, than he has appeared yet in this campaign, and many doubted if he had ever made a better speech. It was a fighting address, with plenty of snap and fire and more aggressive than Mr. Borden is usually credited with giving.

It may be that he felt the great tides of popular feeling that are gradually rising in the country, swelling into the hollow crest of last night's demonstration, and was moved to unusual earnestness of speech.

Both he and Hon. R. P. Roblin spoke in unmeasured terms of The Globe newspaper. A former editor sat on the platform and listened to the denunciation of the Crow's Nest infamy, and the present editor was even more severely assailed.

Mr. Borden took occasion to assure his friends of his sympathy with the movement for electoral purity and in reply to Rev. S. D. Chown's letter declared himself ready to accept its suggestions.

For Electors' Right.

Rev. S. D. Chown's letter was based on the fact that Mr. Borden was "extremely anxious that the approaching elections should be carried on without any taint of bribery, corruption or surreptitious measures of any sort."

"On behalf of the moral and Christian electors of Canada we are at the present time promoting a crusade for political purity. It would greatly assist this good work if you, in common with Sir Wilfrid Laurier, who will be asked to do the same thing, would issue a statement, a joint statement, if possible, asking the adherents of the two great parties in the country to carry on a clean and manly struggle."

The applause lasted two minutes and three-quarters when Mr. Borden appeared. In the tumult little Miss Tomlin and Pearl Milne Fielding appeared on the platform and presented the leader with a bouquet of white flowers. Mr. Borden spoke for an hour and four minutes.

"No wonder Sir Wilfrid is losing his sunny smile," remarked Mr. Roblin as he commented on the change of opinion in the country.

Hon. G. E. Bowser, K.C., had a very hearty and attentive hearing from the workingmen present as he described the effect of Liberal legislation on Japanese immigration and the crushing competition to which white labor was consequently subjected.

The band of the Grenadiers played exclusively for the hour before eight o'clock and closed with "O Canada," which was applauded.

The decorations were confined to four mottoes: "Welcome to Our Leader," "The Awakening Has Come," "Conserve Our Dominion," "The People Will Rule."

Nearly 5000 people were in Massey Hall and many thousands were turned away, besides the crowd in Victoria Hall.

After the demonstration Chairman Owens thanked the audience from the

### PAY ROLLS ARE FALSIFIED JAMES MILNE ARRESTED

Superintendent of the Vancouver Electric Railway Accused—Was One Time a Toronto Resident

VANCOUVER, B.C., Sept. 23.—(Special)—A sensation in the business community was caused to-day by the arrest of James Milne, general superintendent of the B. C. Electric Railway in Vancouver and Victoria.

Milne was formerly a prominent official of the street railway in Toronto and received his training in Cleveland, Ohio. He is held on a charge of false pretense, growing out of alleged falsification of the pay rolls of the company extending over a long period of time.

Two minor officials here were recently arrested on a charge of falsifying pay rolls. One was sent to jail for three months and the other jumped his bail and fled to the United States.

Officials of the street railway stated that the matter has probably extended over several months.

As official in charge of construction Milne handled thousands of dollars annually in British Columbia cities, especially in the erection of power works.

Youth Arrested in City for the Newmarket Police.

Sam Kolak, 22 years of age, was arrested by Patrol Sergeant Beattie upon his arrival in the city from Newmarket, where he was wanted for poisoning cattle.

Chief Constable Duncan of Newmarket, who had phoned ahead of him, arrived on the next car and took him back.

### Points That Got Crowds a-Cheering

#### CHAIRMAN OWENS:

When the people of this province got an opportunity to rule with a free and open ballot we know what they did for Sir James P. Whitney.

#### HON. J. J. FOY:

Sir James Whitney would have been glad to be here to-night, because one of the planks laid down by Mr. Borden at Halifax has been provincial rights.

Anyone can find in the speeches of Sir Wilfrid Laurier and his colleagues sufficient to say that the administration ought not to receive the confidence of the people of this country.

#### R. L. BORDEN:

It is our duty to see that the party system is worked in the most advantageous manner to bring about a higher standard of public life in this country.

Above the ties of party allegiance must be kept in sight the necessity that honest men of all parties shall insist on honest expenditures of the public funds, honest administration of the public domain and decent appointments to office, based on character and public service.

I say to Conservatives that, if their leaders depart from these principles, it will be their duty to turn those leaders out at their earliest opportunity.

I charge that the administration has used the public domain in the west for the benefit of their party friends, systematically and under the forms of law.

Is there any Liberal who will venture to stand up and approve of the plundering of the public domain of Canada?

The day is coming, and it is not far distant, when there will be not only investigation into some of these timber transactions, but restitution. The Conservative party stands pledged to bring back to the people of Canada all these lands which have been alienated by collusion and fraud.

Sir Wilfrid Laurier asks that he be allowed to finish his work. Why didn't he let the civil service commissioners complete their work? The report of this commission would, in Great Britain, put any government out of power within ten days. Sir Wilfrid Laurier and Mr. Fielding say we are muck-rakers. Were these civil service commissioners muck-rakers, and if they were, who made the muck?

The work of the opposition in one case, that of the North Atlantic Trading Company, saved \$600,000 to the people of this country.

As to immigration, we believe that in the past ten years the government has been too urgent as to the quantity

of it not a fact that Alexander Mac-

### STORM IN THE BAHAMAS WAS THE CAUSE OF GREAT DAMAGE

LONDON, Sept. 23.—The colonial office to-day received a cablegram from Sir William Grey-Wilson, governor of the Bahamas Islands, regarding the devastation wrought by the hurricane of Sept. 12-13.

Sir William says the islands of the Great and Little Inagua, Acklins Island, Crooked Island, Fortune Island, Long Island, Rum Cay and Watlings Islands were swept away by the storm.

At Clarence Town, on Long Island, the residence, the jail, the court house, all the churches and 97 per cent. of the dwellings were completely destroyed.

No detailed information yet has been received from many of the islands, and the distress is believed to be great.

### POLICE GET EXCITED CITIZENS ARE ABUSED

In Trying to Hold the Door, Constables Throw People Here and There at Own Will.

A scene of tumult and violence, which even caused R. L. Borden to make a passing reference in his speech, was witnessed shortly before 8 o'clock at the Victoria-street entrance. Members of parliament, prominent Toronto citizens and newspaper men became jamboree in the throng which was clamoring for admission to the police station.

The police constables manifested absolute inability to meet the task. Explanations to the constables were merely met with violence.

One well-known Toronto man who was half way into the hall was caught by the coat collar by a constable and dragged choking, back into the street.

"It is easier to get elected to parliament than it was to get in here," said Mr. Borden.

#### BIG TIMBER DEAL

Michigan Lumber Interests Invest Heavily in British Columbia.

VANCOUVER, B.C., Sept. 23.—(Special).—W. A. White, Boyne City, Mich., here, says that the White Bros. Lumber Company, incorporated with a capital of \$2,000,000, under the laws of the State of Michigan, to do business in British Columbia, has acquired timber lands on the Kootenay River, Vancouver Island, at a cost of over two million dollars.

If Congress places lumber on the free list, and business conditions improve, the company will erect mills near Alert Bay, the largest sawmill in the world. It will have a capacity of \$1,000,000 feet per day.

The latest purchase was made a few days ago of \$50,000,000 feet.

### JOHN D. ANSWERS LIBELS ON THE OCTOPUS

Never Such a Thing as Watering the Stock, Because His Own Joke—Oil and Water Won't Mix,

NEW YORK, Sept. 23.—John D. Rockefeller appears for the first time in the role of an author, in a series of articles on "Some random reminiscences of men and events," the first of which will appear on Friday in the October issue of "The World's Work." Mr. Rockefeller among other things says:

"It has been said I forced the men who became my partners in the oil business to join with me. I would not have been so short-sighted. If it were true that I followed such tactics, I ask would it have been possible to make such men life-long companions? For certainly no one has ever gone out of business and in eight or ten years has only once gone to the company's office."

Further on he says: "Another thing to be remembered about the so-called 'Octopus' is that there has been no 'water' introduced into the capital (perhaps we feel that oil in water would not have mixed); nor in all these years has any one had to wait for money which the Standard owed. It is a common thing to hear people say that the Standard has crushed out its competitors. Only the uninformed could make such an assertion. It has always had and always will have hundreds of active competitors."

Mr. Rockefeller recalls what he said at an official hearing, that: "If I were to suggest any legislation regarding industry, it would be that the Standard be first, federal legislation under which corporations may be created and regulated, if that be possible; second, in lieu thereof, state legislation as nearly uniform as possible, encouraging combinations of persons and capital for the purpose of carrying on industries, but sufficient to prevent frauds upon the public."

Mr. Rockefeller also says: "I am an investor in many American enterprises but a controller of none with the exception and that a company which has been making a dividend payer, and I like all the rest, am dependent upon the honest and capable administration of the industries."

### At Murray's

Who makes the fashions? This question is a perennial one, most popular, and it is of considerable interest to us all. We have the opportunity to get hold of a clue to the great mystery. The present season's range of styles are a good example of how the fashions affect our course, and the thoughts of the men behind them. The great artistic workers who seize on the dominant fancy of the hour and build upon it, or mould it into it.

The idea has been delightfully and skilfully adapted by Murray & Co. in the decoration of their windows for the fall military opening. After the Olympic games and the Marathon races, popular attention has been widely directed to Greece, and the master robbers of Paris have selected the same style of decoration, with flowing lines and free movement, and with wonderful ingenuity have given our conventional modern garments a new air of grace and simplicity.

No handsomer window than Murray's can be seen in London or New York, and no paneling more skillful than the reproductions of the triumphal march from the Parthenon at Athens, covering 50 feet of paneling, and done by one of the leading artists of Toronto, is at once striking and beautiful.

The skirt of the window is a garland of the store with great festoons of autumn foliage, and the decorations of palm plants furnish an appropriate setting for the new fashions.

The combination of the costumes is the Greek note so skilfully combined with the directorio mode. The coats are long and there is nothing of bust or waist. There is nothing in the free extended lines that run from the shoulder to the ground. The skirts are wide, and the trimmings are in appearing absolutely indifferent to coat will care to drag the costly materials behind them. The graceful curves and happily-draped effects are a delight to the artistic eye, and in the absence of a waistline the abolition of the corset may be healthfully regarded. The color tones of these exquisite coats and gowns are subdued, the dull pastel shades in blues and greens prevailing.

A beeched brown jacket with directorio braiding is a pretty example of the new style.

In evening wraps for ball or opera, bright colors are abandoned for soft, shimmering satin effects in black. All the pretty fashionable cloaks are black, but the lining of white delicates have white lining, lace and delicate lace used for dancing pumps or other impediments. These cloaks are ample in proportions and follow the free lines of the dresses.

There is a decided innovation in military fashions, and we find in the colors which are prominent. Green and black are characteristic empire colors, very vivid green and very glossy black, and a directorio hat in these hues, the plumes showing both dyes, is very handsome. An empire trunk in this case with soutache braiding bears a double encircled green and black ostrich mount.

The directorio hats, with their high crowns of velvet, faced with satin, present bewilderment variety, and are very distinguishing.

One of the new and most affected colors is taupe (pronounced tope). It is the French word for mole, and is the exact silvery grey black of the little rodent's fur. It harmonizes beautifully with any costume, being of velvety material quality. A hat in directorio style of metallic taupe in this shade faced with Ottoman silk, is an exquisite ex-

### The Sensible Woman.

The woman who makes good must be blessed with strength and health and an ambition to learn and take advantage of every opportunity that comes her way.

She must work with all her heart; above all things avoiding indifference and the enemy to all progress—apathy.

She must select the pleasure that will bring her the greatest joy, choose the best.

Ordinary hard luck never rains people. It puts them in a mood to learn a thing or two. Everybody makes mistakes. With some it is a regular occupation; but to make a mistake and wall about it is to make a fool.

Women who are really good are not easily appreciated. A talent is next to worthless unless one has the ability to get down to hard, plain, everyday grind, says The Delinquent.

Then, too, the woman who must learn to talk and act, and yet get by with the world not look as though she were an amateur—indeed, a novice in appearing absolutely indifferent to coat will care to drag the costly materials behind them. The graceful curves and happily-draped effects are a delight to the artistic eye, and in the absence of a waistline the abolition of the corset may be healthfully regarded. The color tones of these exquisite coats and gowns are subdued, the dull pastel shades in blues and greens prevailing.

### Fall Gown Material.

Noticeable in the fall materials are the gloss which most of them share softly with satins. Satins are in the lead for elaborate occasions and satin-faced gowns for daytime wear will undoubtedly prevail.

A great many checks, plaids and stripes are to be employed it is certain, but in just what combination of color, there is still doubt among the ladies. Among some who need a coat to hold up their heads, the most popular is taupe.

Mr. and Mrs. A. H. Franks of Beatrice-street and Master Bordon Franks have returned from Sparrow Lake, where they have been spending a month.

Mrs. King, wife of the late Rev. Walter T. King, Wellington, is the guest of Mrs. W. Harcourt Hewlett, John-street.

The engagement is announced of Miss Popple M. Offord, daughter of Mr. Thomas Offord, West Toronto, late of Kensington, London, Eng., to Mr. Robert D. Miller, also of London, Eng. Miss Offord is leaving for England.

Mrs. C. Leslie Muholand, nee Thompson, will receive on Friday for the first time since her marriage, at her home, 118 Beech-avenue, Balmoral Beach, and afterwards on the fourth Friday each month.

Edward M. Taylor, who has been in the city for three weeks, leaves for St. Louis to-day.

Mrs. McMartin of Manning-avenue announces the engagement of her daughter Lyle to Mr. Cameron McNaughton of Maple.

Mrs. Agar Adamson and her two children sailed on the 18th inst. on the Empress of Britain for Canada and will occupy 21 Elgin-avenue this winter.

At Greenlands on Tuesday, Sept. 22, J. George Miller, assistant pastor of Knox Church, Toronto, was married to Miss Margaret McNaughton of the Toronto Technical School staff.

The ceremony was performed by Rev. J. C. Miller of Riverdale Presbyterian Church, Toronto, assisted by Rev. A. B. Winchester of Knox Church, Hamilton, a former Greenbank pastor. After a short honeymoon trip in Ottawa Mr. and Mrs. Miller will reside at 506 Manning-avenue, Toronto.

The wedding took place yesterday in St. Basil's Church of Miss Katherine Mackenzie, fifth daughter of Mr. and Mrs. William Mackenzie of Bentwood and Mr. Walter Beardmore of College-street.

The post-nuptial mass was celebrated by the Rev. Father McBrady, and the altar was profusely decorated with pink asters and white carnations.

Reserves for the guests were bunched with large bows of white ribbon.

Dr. Vogt presided at the organ and played the Lohengrin and Mendelssohn wedding marches,

and during the signing of the register Dr. Nicoll gave a solo solo.

The usher was Burton Oster, Chas. Edward, Wm. Grawski, Clement

Beardmore, J. Mackenzie and Stanley Kerr, who preceded the bridal party up the aisle. Then came the bridesmaids, Miss Nadine Kerr and Miss Ethel Mitchell, Kirkfield, in picturesque

empire gowns of pale pink marquisette with satin bands, and pink satin Roman hats with pink roses and trim.

They were carrying bunches of pink

bridemaids roses and wearing the groom's gift, gold bangle bracelets.

They were followed by the maid of honor, the bride's youngest sister, Miss Grace Mackenzie, in pale blue satin, with an overdress of marquisette, with satin bands, and large blue satin hat with pink roses, and carrying pink roses.

Lastly, with her father, came the bride, in an exquisite Romney gown of rich white satin chameuse, made on simple lines with classical draperies of English point lace, extending from the shoulders to the hem, and the long train of the gift of the bride's mother.

With this was worn a lace veil of old

English point caught with a chaplet of orange blossoms. Her only ornaments were long pearl and diamond earrings, the gifts of the groom, and a pearl necklace, the gift of her father. She carried a bouquet of pink carnations.

Clement Peplar attended as best man.

Dejeuner was served in the dining-room, when the bride's health was drunk with the usual honors.

After cutting the cake, Mrs. Beardmore slipped away and changed her dress for a dinner for the members of the firm made in directorio style and long grey corded silk cloaks with hats to match, and drove away with her husband in a motor for a wedding trip to be spent in England. On their return Mr. and Mrs. Beardmore will return in action.

**Wins Cup****NOTE AND COMMENT**

There was a brilliant scene on the lawn at Woodbine Park yesterday immediately after the fourth race, when the members and handicapped winners, ladies grouped in a circle in front of the stand and witnessed Sir Mortimer Clark present the Earl of Durham's gold cup to Joseph E. Seagrave whose horse, Inferno had just secured a game victory. The president's response was brief but ample. Three hearty cheers and a tiger for Sir Mortimer and Lady Clark were given with gusto, and the distinguished guests seemed to thoroughly appreciate the compliment. Whatever puny objections may be raised to racing in Toronto by a narrow-minded coterie, the crown representatives, both of Toronto and Ottawa, have always lent their dignified patronage to the sport, and the O. J. C. can well afford to ignore the opposition.

The new man-horse disease is now under observation in St. Michael's Hospital. Chas. Whisenant, a trainer at Woodbine Park, has a badly injured hand and arm as a result of coming in contact with the horses in his stable suffering from the new girth disease. Curves have been made from the wound, and the medical men hope to be able to find out something of this malady.

Again in the excitement the baserunner must not touch the base. If Chicago's contention be upheld by the referee, President Fullam must call the game a tie.

Two Canadian players are figuring prominently in the big league races that are nearing a close. Mooney Gibson of London Ontario and the Toronto Pintos who are running neck-and-neck with New York and Chicago, while Napoleon Lajoie, the French Canadian, has his Cleveland Indians up to the top of the American. And here's hoping that they figure against each other in the world's series.

It seems rather unfortunate that Columbus, that has made rapid strides towards the front in recent years, is about to give up the pastime. Recommendations have just been made, according to a report from New York, by the graduate director of the school that racing be discontinued at the university until the deficit which was caused by the expenditures made in connection with the racing was paid. The first fall meeting of the club was held on Monday night, and at that time resolutions were passed recommending the discontinuance of the sport for the present, or until the debt of \$500 is paid.

Of Owens, the Toronto lad just drafted by the Chicago Americans from Memphis, a writer in a Memphis paper said:

Buddy good luck to you, Frankie.

That's what all the fans hope for the popular Memphis catcher in his 1909 berth at Chicago with the White Sox. For he's been drafted by Comiskey's team.

No player has ever earned a warmer place in the hearts of the Memphis fans than this young fellow, who came down here in the spring of 1906, a youngster, hardly out of his teens, if that, green at the business, but with every natural qualification, and willing and anxious to learn.

That year Owens sat on the bench for the greater part of the season, working only when Hurhurt needed a rest. Even then he showed a marvellous pegging arm that killed the ball with such some of the finer points. The next year, 1907, Frankie divided the work with Hurhurt, and this season was made first catcher. Each season he has shown improvement, until to-day there has not been a writer in this league who has not given Owens the preference over any other receiver. There has probably not been an All-Southern team selected that has not had Owens down for first backstop.

No harder worker or more willing worker ever wore the Memphis M. on his breast, and this city has as warm a place in Owens' heart as he has in the hearts of the fans.

Ain't it is:

"Buddy good luck to you, Frankie Owens."

# Musgrave Rides Three Winners Four Favorites Again in Front

Inferno Beats Valley Farm Pair for  
Durham Cup—W. H. Carey Upsets Sure-Thing Players—Debar is the Long Shot to Win.

Favorites again fared fairly well on the fourth day at Woodbine Park, four of them finishing in front, second and third choices and the long shot, Debar, landing the other three. The day was warm to a midsummer degree and the attendance large. The Durham Cup, with \$150 added money, was the feature, and went to Inferno on account of his game run thru the stretch. The seven accepted the challenge got up to 7 1/2 miles, and the race against the Seven Stars pair, Half-a-Crown coupled with the big horse, the latter's correct weight being only 12 lbs. The lightweight runner, however, was unable to make the long journey, followed by her stable companion, Kelpie. Musgrave ratifying Inferno third, The Globe fourth twice round. Inferno, the Hendrie horses with little effort and won with a lot to spare. The public support was divided between the two stars.

The magnificently-clad and massive trophy to Mr. Seagramm, the president making a suitable speech.

The Tenako Plate was next in importance from a money standpoint, and the best finish of the day. Cell Turney led throughout, with Ardenne, the colt Turney beside him and Col. Jack last. Up the stretch Col. Jack cut loose, and at the betting ring poked his nose in front. Burns making the fatal mistake of going in with Burns came alongside and won by a short head. Gilbert third and Lally nowhere. The three in the money were all backed.

The seven races had also a head finish. Debar, at 10 to 1, coming from nowhere to win from Aimee C. on the post. Musgrave third. Had a dozen odds on the eastern district of the O.R.F.U., Kingston, Gananoque and Brockville.

Pud Kent is expected to arrive either to-day or to-morrow from Winnipeg.

After the practice last night the Argonauts elected Leslie Ferguson captain of the senior team for the coming season.

Percy Hay finds that his leg will not bother him, and therefore he will still be able to play. He will manage Argo II.

Nicol, who rode Ethon, protested Carey, but the corral, of course, was allowed. The wise man was right.

Jockey Musgrave rode three winners.

A. Weber was the winning owner, with two firsts.

**THE MAN TO CHEER FOR.**  
Toronto has proved itself the friend of Conservatism by its rousing reception to R. L. Borden, leader of the federal party. Never before was there a better attended or more enthusiastic meeting than that held in Massey Hall last night in honor of the clean-handed, clear-headed, brilliant and respected leader of the Conservative forces in the present strenuous campaign.

And Mr. Borden is a man well worth the highest tribute the citizens of Toronto could give. As a public man his career is without the shadow of a stain. As a parliamentarian he has grown in strength in recent years, and is now the peer of anyone on the other side of the house, and a fit successor to Sir John A. Macdonald and Sir John Thompson. In private life he is a model Canadian, typifying the ideal Christian gentleman. In knowledge of public affairs, in insight into statecraft, in love of country and loyalty to the best traditions of the grand old Conservative party, he is easily among the first half dozen whose names will be handed down to history.

Essentially he is a man to cheer for—for the real man he is, for what he stands for, for what he would be and do if the Canadian people chose him as their next prime minister. Canada would be safe with Mr. Borden at the helm, and Toronto by its spontaneous and sounding ovation indicates that it is prepared to do its duty by putting him there.

### PREVENTION OF RAILROAD ACCIDENTS.

North America enjoys the reputation of being the most progressive of all the civilized sections of the globe. It also suffers from the reproach of being the most indifferent to human life. On Tuesday last The World published a despatch from Ottawa, in which it was stated that on Canadian railways alone 215 persons were killed and 16,855 injured in five years because of accidents. During ten years the United States railroads killed 10,367 persons and injured 63,417. To use a pertinent illustration, within the last decade there were killed and injured on the Canadian and United States railroads an approximately equal number to that totalizing the killed, died of disease and injured during the South African war.

Simply because these are the result of railroad accidents and devoid of the spectacular interest attaching to engagements on the field of battle, they pass with little comment without reaching the heart. But they really ought to carry an even greater appeal to public attention, because railroad accidents are in great measure preventable and might be largely eliminated were advantage taken of the latest developments of mechanical invention. It is startling to be told that practically all Canadian roads are devoid of modern safety devices for the prevention of accidents over their 26,000 miles of track. In the interests of the traveling public, is it not time that the government should address itself to this question and insist upon the adoption of proper measures for the protection of passengers? Expansion is all very well, but it ought not to be made at the cost of life and limb when that can be saved by the introduction of a reformed system and the adoption of proper appurtenances.

### PUBLIC SERVICE PROFITS.

Advocates of governmental regulation of public service corporations are always contending that franchises ought not to be given away without compensation. Thus President Roosevelt has announced that he would veto bills that conferred water power monopolies on private persons without regulation or compensation. The giving away of the public heritage, he declared, should stop and water power has as much value as coal or oil. Henceforth, he urges, such privileges ought to be limited, and there should be opportunity for revision of the grants for proper control and for the exactation of reasonable compensation after the manner of municipal franchises to traction, gas, electric companies.

But does this not involve an erroneous idea regarding the true nature of public services? Is not that the true conception of a public service, which insists that it shall stand on its own independent basis and shall run at the lowest possible cost consistent with its efficient working and provision for its ultimate redemption?

To compel a public service to earn a profit for any other purpose than the improvement and cheapening of the service is simply to impose a tax upon the users for the relief of the general body of taxpayers. This is an aspect of the matter that is apt to be overlooked and even in Canada is only beginning to be recognized. Rural free mail delivery is simply an acknowledgement that the surplus on the postal revenues ought to be used for the extension of the postal service. The principle involved should be applied to all public services.

### PRESIDENTIAL SIDE-ISSUES.

In the early days of the Taft-Bryan presidential contest, The World suggested that it was possible the Democratic candidate might not prove wholly unacceptable to the corporation and financial interests, against whom the present chief executive has been waging persistent warfare. This, not because Mr. Bryan is a less strenuous champion of public rights, but because a Democratic president, unless assisted by a Democratic congress, would be practically powerless to secure the passage of such legislation as he deemed it proper to recommend. In this connection it is interesting to note that no very serious alarm has been created by the success attending Mr. Bryan's campaign appeals and the closing up of the Democratic ranks, including the conservative section that formerly either stood aloof or were directly hostile to his candidature. Stock exchange movements bear all the marks of manipulation rather than of a genuine and general distrust such as attended the promulgation and advocacy of his earlier platforms.

Some Republican journals, notably The Chicago Tribune, have been attempting to make party capital out of the present complexion of congress. Even if the Democrats succeeded in obtaining a majority in the house of representatives, the senate will remain Republican till 1914, that is during the whole of the next presidential period. And Mr. Bryan is invited to explain why he can promise or intimate the passing of legislation which he is engaged in arguing is contrary to Republican policy. These enquirers ask: "What legislation, what remedies, what tariff reforms, what anything legislative, during the next four years, could Mr. Bryan have as a federal legislator to sit in judgment—particularly when that corporation calls upon him to defeat legislation and prevent nominations. He may think that he is hired for his legal skill; every one else will believe that the stake was his political influence." A public sentiment of this kind is needed in Canada. If it were universal, strong and consistent, there would be an end to the constant conflict between private and public interest.

### PEEL FAIR A SUCCESS.

7000 Attend the Event, Including 400 From Toronto.

BRAMPTON, Sept. 22.—(Special)—Peel fall fair of 1908 is over. The excellent character of the weather was responsible to a certain extent for the 7000 persons who passed the gates between 10:30 and 4 o'clock, a crowd representative of the agricultural interests of the three counties augmented by a very large representation from Orangeville, Woodbridge and other neighboring towns.

Four hundred came up by special train from Toronto in connection with the Peel County Agricultural Association excursion, accompanied by the band of the 48th Highlanders.

"They were met at the train by His Worship Mayor Golding, John D. Orr, president of the agricultural society, and a number of representative gentlemen of the town and county.

The great feature of the fair is the exhibit of horses. Between four and five hundred entries were made and a fine show of horses in all classes is rare, with many of them being exhibited in points, 300 and ladies' work.

It was a great day also for the politicians. It was reported during the afternoon that Richard Blair had shaken the hand of every man who had a sufficient number of promises of support to win elections in four counties. His opponent was also on the stock on commission first at \$6 and later at \$8 per share.

The case is that of an application for an injunction to investigate the company's affairs. The assets are stated to be less than the liabilities by \$14, but the applicants, who are three shareholders, Alpheus Wilson, William Wilson and George Burgard, holding respectively \$199, \$99 and \$10 worth of stock, claim that that statement is arrived at by putting a false valuation on the mill property. The value is reported to be \$10,000, and they say it is really worth \$3000.

### THE TORONTO WORLD.

### WITNESS IN A HURRY INTERRUPTS COURT

But Must Wait Until He's Called  
—More Evidence in Sover-  
ign Fire Suit

A lively incident occurred yesterday morning during the proceedings of the suit by the Sovereign Fire Insurance Company against A. H. Hoover for the return of \$60,000 commissions on stock. J. T. Hornbrook, one of the provisional directors, entered the court and with some fervor asked if he might be allowed to interrupt the court.

When Justice Latchford recovered from his surprise, he very definitely refused to hear Mr. Hornbrook. The latter has an important business engagement in the west and is anxious to get away.

W. D. Dineen, in cross-examination, said that he did not regard Mr. Hoover as the promoter of the Sovereign Fire Insurance Company at the time, but rather as one of several gentlemen who were associating together to establish the company. He did not think that there was anything very wrong in Mr. Hoover employing Mr. Runians to sell stock. He thought Mr. Hoover might make some profit, but not a very large sum.

At the afternoon sitting of the court, the cross-examination of W. D. Dineen was continued by Mr. Hornbrook. Mr. Dineen said he thought that Mr. Wilson was trying to get the upper hand of Mr. Hoover. The directors had some grievances with Mr. Wilson before he wrote to the insurance department at Ottawa. That was one of the grievances. There was another, which caused the director to depose Mr. Wilson from the directors' meetings. At one time the proxies were in Mr. Hoover's hands, so that there had to be a transfer of proxies, which was managed by Mr. Dineen, being sent out.

"Was it your practice to sign cheques in blank?" asked Mr. Tilley.

"They were signed both ways. Sometimes they were signed in advance and sometimes they were signed afterwards."

From the active at the January meeting, it was evidently a packed meeting. The general manager told him that he had 75 per cent. of the proxies, and "that Hoover was out of it."

E. C. Shoppell, one of the provisional directors, testified that the committee decided that it would be in the interests of the committee to make the agreements with Mr. Hoover for the sale of stock on commission first at \$6 and later at \$8 per share.

G.T. BELL IS PRESIDENT

Passenger Agents' Association Concludes Their 3rd Session.

The American Association of General Passenger and Ticket Agents yesterday elected Geo. T. Bell of Montreal president of the association.

Mr. Bell is general passenger agent of the Grand Trunk Railway.

Colonel Boothby, of the Maine Central Railway, nominated Mr. Bell, and spoke in glowing terms of the general's work in the association.

There were two other nominees of Mr. Bell's nomination. One of those who spoke referred to Mr. Bell as a "live wire" in the United States as well as in Canada."

Colonel Hartman of the Illinois Central Railway was elected vice-president, and C. N. Burtt of Boston was re-elected secretary.

Toledo was chosen as the next place of meeting.

Seven papers on various technical subjects were delivered before the association this morning. The proposal to make more uniformity in the age limit for children's tickets was laid over, while it was explained that the general states fixed the limit by law, and different states had different "children" ages.

Yesterday afternoon the visitors were entertained by the R.C.Y.C. at the Island, and last evening they left for Temagami.

STONE RESIDENCE FOR SALE.

A very rare opportunity to acquire a valuable stone residence at an exceedingly reasonable price, has just occurred. Chas. M. Henderson & Co., auctioneers, announce that they will sell the substantial residence at 116 George Street and Prince Arthur Avenue. This house, in the best residential district of Toronto, is of the castle of the late Sheriff Widdifield, and it is necessary that the executors immediately close out the estate. Mr. Henderson will sell this property at their warerooms, 87 and 89 King Street East, on Saturday, October 3d, at 12 o'clock noon. An intending purchaser should call on Chas. M. Henderson & Co., about this magnificent residence in an unexcelled Triplex.

## POLITICAL INTELLIGENCE

A series of meetings throughout Ontario for Hon. W. S. Fielding have been arranged by F. G. Inwood, the Liberal general secretary, as follows:

Monday, Sept. 28th, Sarnia.  
Tuesday, Sept. 29th, Windsor.  
Wednesday, Sept. 30th, London.  
Thursday, Oct. 1st, Toronto.  
Friday, Oct. 2nd, Owen Sound.  
Saturday, Oct. 3rd, Hamilton.  
Monday, Oct. 5th, Cobourg.  
Tuesday, Oct. 6th, Kingston.  
Wednesday, Oct. 7th, Brockville.

These meetings will be held in the evenings. Mr. Fielding is unable to give any more dates and therefore many other applications cannot be considered. At these various meetings addresses will also be given by different speakers.

George Taylor, chief Conservative whip, who is in Ottawa, is confident that R. L. Borden will have a majority of forty in the next house.

He estimates that the opposition will carry 19 seats Quebec, 66 in Ontario, 9 in Nova Scotia, Brunswick, 9 in New Brunswick, 4 in Prince Edward Island, 8 in Manitoba, 8 in Alberta and Saskatchewan combined, 6 in British Columbia and 1 in the Yukon.

Questioned as to the reports that he would not be in the convention at Leeds, who meet in convention on Saturday, Mr. Taylor said that he did not think the opposition to his nomination would be serious.

A general meeting of the newly-formed Liberal Association will be held at the Toronto Re-form Association rooms, 5th floor, Thaddeus' Bank Building to-night. The constitution will be presented by the committee for adoption and officers nominated.

CLAUDE MacDONALD, ex-M.P., South Toronto, is a candidate who is won over by the support of the Conservatives and Liberals. Besides, his career in parliament has shown him to be the true and tried friend of labor. There is no dissension in the ranks in Toronto, and no independent could be more independent than Mr. Macdonald. Mr. Macdonald is a credit to the city and his public life has been a model.

RICHMOND HILL, Sept. 28.—A Toronto paper received here to-night says that Harvey Hall is talked of as railway employee's candidate for parliament.

"All I know about it," said a member of one of the brotherhoods here to-night, "is that he came up on the Canadian National express, which left the Union Station at 5 o'clock, and Harvey Hall and Billy MacLean were on the tail of the rear car, more than a change of mind, he was smoking a big cigar and the M.P. was discussing the geological formation of the Don Valley. Furthermore, I believe if the railway brotherhoods were to ask Mr. Hall to run it would be rather, in West Toronto."

Quebec West Liberals have renominated William Powell.

HON. WILLIAM TEMPLEMAN, minister of inland revenue, has been re-nominated at Victoria.

North York Liberals yesterday re-nominated Hon. A. B. Aylesworth.

J. C. Duffield may be the Liberal candidate in London. Just now he is recuperating at Mount Clemens, Mich., where Hon. Charles Hyman is with him. Duffield and Major Beattie, the

conservative candidate, are close friends.

Norfolk Liberals yesterday nominated Hal B. Donley, editor of The Simcoe Reformer. A letter from Hon. W. A. Clinton stated that his physician had advised him that it would be suicidal to enter upon another campaign. A resolution of regret and sympathy was passed.

A Berlin special says: "Sir Wilfrid Laurier arrived in Berlin yesterday evening, and with W. L. M. King attended a reception at the home of Geo. C. H. Lang, many prominent citizens being among the guests. The downtown streets are one mass of flags and bunting, and the town will be decked out-morrow at Victoria Park. Mackenzie King was the guest of honor at the annual fair of Elgin Agricultural Society to-day.

An association to carry on a campaign for electoral reform in North Renfrew was organized at a meeting of citizens in the town hall of Penetanguishene the other night. Well known men were chosen to fill the principal offices, and several former provincial presidents from each township in the riding will form the executive committee of the association. Several committees were appointed for the propagation and specialization of the work, including finance, press, entertainment, public platform, organization and vigilance. Sub-organizations in the townships are to be formed by the township vice-presidents assisted by the committees. One of the interesting statements in regard to the movement is that the association has appointed a strong vigilance committee, the members of which will keep their eyes on the party workers in the riding. Every movement of the politicians will be watched; evidence as to corruption will be collected and the culprits will be prosecuted. Information will be laid against every one caught evading the provisions of the Election Act. This committee is, of course, to work in secret. The names of its members will not be made known in publicity, but may be avoided by any means. It is said, too, that if necessary detectives will be employed to spy out any attempt at crooked electioneering, so that every riding in the country were to employ detectives for like purpose there would not be enough detectives to go around.

So much satisfaction was expressed all around with the result of the agreement to call a general election in June to restrict money expenditure to legitimate expenses, that Dr. Parent, president of the Ottawa Conservative Association, will promise to his executive to renew the offer and endeavor to have as this campaign concluded as quickly as that of May and June.

Mr. Borden is first and foremost that kind of a gentleman, says The Ottawa Citizen, which is anxious that every son of the people be high or low placed, one who desires well for every member of the human family, one whose kindness of heart may be attested by a clean white man, who desires his country's welfare first and even the success of R. L. Borden second.

As to equipment, he is the greatest constitutional lawyer we have in or out of parliament, and he is fully equipped as a business man who will get value for the country.

## PERSIAN LAMB JACKETS.

Paris sets the styles in furs as in everything else, and we show the very latest ideas in keeping with Canadian requirements.

We specialize on fur coats, availing ourselves of authoritative styles. We don't attempt "impossible" things, and steer clear of freak fashions. We sell only such garments as you will be satisfied with and appreciate the longer you wear them.

Come and see what we call style:

Persian Lamb Jackets made of selected pelts purchased in Siberia by members of our firm and tailored in our own big workrooms, straight fur..... \$125.00 to \$185.00

FIVE LIQUOR SEIZURES  
MADE BY GOVERNMENT

Claim is Made That Stuff is Intended for Illegitimate Sale in New Ontario.

A new phase of the provincial government's license enforcement crusade in New Ontario has been entered upon thru five seizures of liquor at points along the T. & N. O. Railway.

The government claims that the liquor was addressed to parties who do not exist and was intended to reach ultimately the proprietors of Sunday dives, which still exist in the district.

The shippers of the spirits will make a demand on the government for the return of the goods, claiming that the seizure was illegal. The goods were taken possession of by the government as they left the car and were being returned by the express company's agents. The license officials gave them a receipt in each case and paid the charges, guarded the property in the express office, and waited for John Smith or Bill Jones to claim the stuff.

"Thus," say the officials, "our suspicions were correct. It wasn't meant for Bill Jones, but for someone who intended to call it under this name and dispense it for good money afterwards in places along the Montreal River, or Englehart and other districts, that did not appeal."

The officials' suspicions were correct. It wasn't meant for Bill Jones, but for someone who intended to call it under this name and dispense it for good money afterwards in places along the Montreal River, or Englehart and other districts,

which to all intents and purposes are under local option—thru the government's orders. They evidently received a tip and kept clear of us."

A barrel of whiskey consigned to Cobalt was what finally induced the government men to pounce upon it and ship it to other points. What would one man do with a barrel of whiskey?

The dealers claim that up to the time the liquor was being actually offered to the public it had not been offered to anyone else, and also that themselves are not liable to have the liquid confiscated, even if it can be shown that they knew it was fictitious.

It is understood that if the government could get the legislature to retain the beverages that an amendment may be made in the law laying upon the person in non-license districts the onus of proving that he was not receiving the wine.

In the case of some of the laws allow the government officials to seize any that is killed out of season, no matter where it may be found, on the government or any other railway, or even privately.

It has recently been urged upon the government that the sending of numerous officers into New Ontario to enforce the liquor laws was all very well, but that it would be better for the government to pass its own kind of railway laws making the medium for the transportation of the liquids into the region.

John Clark, alias Hart, went to the Central for nine months from the police court yesterday morning for playing dice with his partner, extorting a five dollar bill from John Shosmith in a Yonge-street music store.

James J. Daley was fined \$50 and costs for selling liquor without a license in police court yesterday morning.

## Day's Doings in YORK COUNTY

NORTH YORK LIBERALS  
NOMINATE AYLESWORTH

Minister of Justice Is Unanimously Chosen—York County and Suburban News.

NEWMARKET, Sept. 23.—(Special.)—"I am not as capable to transact your business as I was three years ago, but if you will take me in my crippled and infirm condition as your candidate to contest the historic old riding of North York I am at your service," said Hon. A. B. Aylesworth, minister of justice, to the handful of North York Liberals gathered in the town hall here this afternoon.

If the gathering was not large, nor enthusiastic, it was unanimous, and as the voice of one man the meeting voiced its desire to re-nominate the minister of justice.

The meeting thought was unusual in its character, and whether this fact was due to the significant expression of opinion in June last, or the regrettable affliction under which Hon. Mr. Aylesworth is suffering, there was not the slightest approach to enthusiasm throughout the afternoon.

John Lawrence, while assisting at a meeting slipped and sprained his ankle severely.

The concert held in the Methodist Church last night was great success. The harvest home services on Sunday were likewise most successful.

Mr. C. Robineau, K.C., occupied more than half an hour in laudation of the government and the cabinet, the latter of which, he declared, had never been charged with wrongdoing in any shape whatsover.

"No sooner had Mr. Aylesworth entered parliament than an era of villainy set in, led by the vitriol-tongued Foster, with that evil-disposed mind of his," said Mr. Robineau in paying his compliments to the ex-minister of finance.

Following the address of Mr. Robineau, the chairman announced that the result of the vote as shown by the teller board was the unanimous choice of Hon. Mr. Aylesworth.

No other name was suggested, and the result was arrived at in open mass meeting, instead of by delegates.

Much of the address of Hon. Mr. Aylesworth was directed to the unfortunate assemblage—the loss of hearing—which necessitated the trip from which he had only returned.

The minister of justice disposed of the report that he would take any part in the political campaign now waging.

"My speaker said he, "but it will not be a political speech, but rather as friend to friend."

"I have been charged with ingratitude," said he, "and no charge that could have made could cut me so deeply as that."

Referring to the Newmarket Canal, he said: "In one breath I am charged by Mr. Lennox with doing too much, and in the next with doing too little for New York."

"I would not have you minimize the tremendous import of the vote cast in June last and the adverse vote of 400 which you must overcome if you elect me," he said.

"I am speaking," said Mr. Aylesworth, "I accept your nomination, but if my malady does not improve I will never again solicit the suffrages of North York."

Ex-Warden Johnson spoke briefly, and the proceedings closed.

## WEST TORONTO.

Arrest of Youth for Annoying Jewish Worshippers.

WEST TORONTO, Sept. 23.—Another meeting was being held to-night in the new synagogue at the corner of Elizabeth and Maria-streets, when the crowd of about 1,000 congregated in front of the building and threatened to overturn the worshippers. The police were notified and effected the arrest of the ring-leader of the crowd, a young man who resides in Ryerson Park. He is to be tried in the police cells and will appear before Magistrate Ellis in the morning.

Chapman, who had lately employed as a switchman on the cars, died this morning at his home on Jane-street. He was 59 years of age.

John Riley, 62, Uxbridge-avenue died to-day aged 54.

Peter Moon, the acting sanitary inspector, has started a crusade against larceny and vagrancy, bringing all offenders to the police court.

Arrangements are being made to commence the gospel temperance meetings in the Wonderland auditorium early in October.

A meeting of the West Toronto Conservative Association will be held on Friday evening at Thompson Hall, corner Danforth-avenue and Dawes-street. The rates of admission will be 25 cents for the Don Mills school-house to-morrow (Thursday) evening at 8 o'clock. Dr. Sleath, H. B. Barker and others will speak. The meeting will be opened by Todmorden and the district will be discussed. All interested are invited to attend.

SOUTH YORK CONVENTION.

Items of Interest Picked Up Around the Town.

EAST TORONTO, Sept. 23.—John Paterson, F.W.A., Thos. Brownlee, Fred Abbott and Stewart, were among the 1,000 people who journeyed up to the Borden meeting in Massey Hall to-night.

Spindrift progress is being made on the new market building on Main-street, and the building will be rooted in before the advent of cold weather.

Local delegations will be sent to the Conservative meeting in Sault Ste. Marie tomorrow (Thursday) night to nominate the South York nominees to the Labor Temple on Saturday afternoon.

Farmers passing thru the town report that the long continued dryness is rousing the scalp crop as well as the fresh sown seeds.

## EARLSCOURT.

Recently Organized Orange Lodge Will Build New Hall.

EARLSCOURT, Sept. 22.—The local Orange Lodge, which was recently organized here, intend erecting a new hall for public and lodge meetings at the corner of Norwood and Elmswood-avenues.

W. A. Robinson, president of the Earlscourt Rock Climbing Association, cut two heads of cauliflower in his garden to-day, one weighing five pounds

and the other six pounds twelve ounces.

A harvest home festival will be held in Prospect Park Methodist church, Market-street, on Saturday, and the services will be at 11 a.m. by Rev. Dr. Crumley of Bathurst-street Methodist Church, soloist, F. Callaway; at 2.30 p.m. Dr. Crouch of Toronto, soloist, Mrs. McLean. The collections are to be used for building funds. This festival will be followed on Monday evening by an entertainment at 7 p.m., after which the fruit and vegetables will be sold.

NORTH TORONTO.

Sidewalk Construction is Well Advanced in Town This Year.

NORTH TORONTO, Sept. 23.—The Royal Arthritic Stone Paving Company of Guelph are hustling along the concrete sidewalks in town. Stewart Avenue, Glendale, and Glencairn-avenue will be finished this week, after which Merton-street will be started. Peter Brown is in charge of the paving contractor's new residence on Glencairn-avenue.
