## ZEPPELIN BREAKS RECORDS

In Endurance Test, Sails From  
Home Over Leipzig and Is  
Returning After 22  
Hours' Steady  
Flight.

BERLIN, May 29.—Count Zeppelin,  
whose remarkable performance in his  
first airship brought unbounded hon-  
ors to the inventor, to-day accomplish-  
ed the most striking feat in his career.  
He guided his Zepplin II. from Fried-  
richshafen to Bitterfeld, a distance of  
more than 400 miles, without landing.  
The journey lasted nearly 22 hours,  
and as far as is known to-night Count  
Zeppelin is still in the air, on the re-  
turn journey to Friedrichshafen. He  
turning already beaten all records for  
driftless balloons, with the opportuni-  
ty of greatly improving the perform-  
ance.  
It was announced and widely dis-  
tributed in special editions of the  
newspapers that the count would come  
to Berlin and land at the Tempelhof  
Parade Grounds. Tens of thousands  
gathered there this afternoon. The  
emperor and empress, several of the  
princes and the leading military  
officials were present.  
Toward evening searchlights were  
set to work in anticipation of the ap-  
proach of the airship. At half-past  
ten o'clock, when a despatch from  
Bitterfeld announced that the airship  
was returning to the starting point at  
Friedrichshafen, which caused the most  
intense disappointment.  
Count Zeppelin, who personally was  
in charge of the expedition, had not  
yet returned to the airship during the  
greater part of the journey, had not  
allowed a word to be made public re-  
lative to his intention to undertake an  
endurance trip.  
The voyage began under rather un-  
favorable conditions. There was a low  
crisp sky, rain clouds and a strong  
side wind when the airship left the  
floating hall shortly after 9 o'clock  
last night. The residents did not pay  
much attention to this, as they were  
accustomed to night flights.  
Early in the morning the people of  
Friedrichshafen, a small town in Central  
Bavaria, were awakened by the noise  
of the propellers of the craft, which  
was passing slowly at a low altitude.  
At this place the airship made a sharp  
diving to the left, and the count, dis-  
covering his intention to proceed fur-  
ther north. This was the first occasion  
he had journeyed over Bavaria, and  
his arrival at the town of Neuemburg  
caused the greatest sur-  
prise to thousands of pleasure-seek-  
ers.  
The ship manoeuvred over the city  
and then a card was thrown out, stat-  
ing that a greater amount of water  
than expected had been used and that  
the surface of Lake Dutzentelch to  
replenish the water supply. This, how-  
ever, was not the end of the matter,  
for the large number of boats on the  
lake caused Zeppelin to continue his  
journey without interruption in a direct  
line for Berlin. At a point between  
two towns at a low altitude, amid the  
cheers of the populace, until he reached  
the frontiers of Saxony, where the  
ship was headed and half the crew  
left. Instead of landing the count put  
his craft thru a series of manoeuvres  
lasting an hour, coming at times com-  
paratively close to the tops of the  
buildings. He then went on, crossing  
Halle to Bitterfeld. No time was wast-  
ed there and to everybody's surprise  
the airship, after describing a great  
circle, turned again and sailed to the  
south.  
With Count Zeppelin in the airship  
were two engineers and a crew of  
seven.

### NO POWER LINE IN EAST

Municipalities Evidently Can't Be Got  
to Pull Together.

BROOKVILLE, May 30.—(Special.)—  
The Hydro-Electric Power Com-  
mission holds out no chance of the gov-  
ernment building a transmission line  
from Inroquois to Brookville, for sup-  
plying power generated at the Inroquois  
Falls.

### A LABORER'S INVENTION

Improves Wireless Telegraphy From  
a Rude Model.

PARIS, May 30.—Jean Naudin, a  
workman earning about a dollar a day  
at the Tonion Arsenal, has invented  
what is said to be a vastly improved  
wireless apparatus, which is now being  
tried in the direction of the minister  
of marine, with a view to its adoption  
in the fleet. The original apparatus  
was constructed ingeniously out of old  
umbrella ribs, discarded bottles  
and various other bits of junk.

FORT WILLIAM, Ont., May 30.—

day in the vicinity of Kakabeka, did an  
immense amount of damage to sur-  
rounding country, destroying many  
beautiful parts of the country.

## PHONE PROBE

WILL OPEN  
TUESDAY

If You Are Victim of Bell Co.'s  
Policy, Go To City Hall and  
Tell Your Troubles  
To Sympathetic  
Alderman.

The special committee of the  
city council appointed to deal  
with the question of telephone  
charges, especially with regard  
to complaints of discrimination  
and unfair charges in the new-  
ly annexed portions of the city,  
will meet on Tuesday at four in  
the afternoon at the city hall  
for organizational purposes.  
Since The World took the ques-  
tion up a couple of weeks ago  
evidence has been produced to  
prove the contention that the  
Bell Telephone Company com-  
pels citizens in the outlying sec-  
tions to pay excessive rates.  
There has been no help for it  
because the Bell enjoys a mono-  
poly. But now that the coun-  
cil has joined in the demand for  
fairplay, will it be in a position  
Surely, with the evidence in  
sight the company will be com-  
pelled to render at least a mea-  
sure of, if not full justice, to  
every citizen of Toronto.  
Those who are paying more  
than they should be compelled  
to pay have more to do than  
merely complain. They should  
see that the special committee  
has full information. Go down  
to the city hall and tell your  
troubles to a sympathetic alder-  
man.

## A BAILIFF'S BRUTALITY

GETS HIM BEHIND BARS

Shoots and Arrests Old Man, Who  
Cut Rope Releasing Seized Cow,  
and Also Arrests Two Sons.

PORT FRANCES, Ont., May 30.—  
(Special.)—Magistrate Beth of Rainy  
River, Saturday, began the hearing of  
a shooting affray. It appears George  
Simpson, bailiff and provincial com-  
missioner, attempted to make a seizure  
under a warrant from the Massey-  
Harris Co., on the farm of David Liv-  
ingstone, in the Township of Blue, on  
May 19. Simpson secured a cow after  
having been refused possession. Old  
man Livingstone said he would cut  
the rope, whereupon the bailiff threat-  
ened to shoot. The old man shouted,  
"Shoot, shoot," and cut the rope.  
Simpson shot Livingstone, sr., in the  
thigh, and at the revolver's point  
David, went for a gun to take a hand  
in the affray, but the father induced  
him to desist.  
The constable having lodged George  
Livingstone in the Rainy River Jail,  
wrote out a warrant for threatening  
murder, and returning, despite the pro-  
testations of the old man, he moved  
owing to the bullet in the thigh,  
took David Livingstone at 1 a.m. to  
Sleeman's station in a wagon, and  
leaving him on the baggage room  
train for two hours, took him on the  
train to Rainy River, where he was  
jailed.  
Magistrate Beth honorably acquit-  
ted the three Livingstones and Simp-  
son was arrested and admitted to bail  
in \$2000.  
D. George, Fort Frances, acted for  
Livingstone, and T. P. Morton,  
Rainy River, represented Simpson.

## FIVE SUFFOCATED.

LONDON, May 30.—A special de-  
spatch from Hong Kong says that two  
officers Larkin and Esop, and three of  
the United States Collier Nanahan  
were suffocated by noxious gases caused by  
that rushing in of water during a ty-  
phoon on the voyage from Manila to  
Hong Kong. Capt. Carter was serious-  
ly injured.

## TORONTO'S UNDO

FELT THREE  
STATES

Many Deaths and Extensive  
Damage Reported From  
Texas, Oklahoma  
and North  
Dakota.

BROWNWOOD, Texas, May 30.—A  
tornado wrecked Zephyr, a village in  
Brown County, early to-day, killing  
more than thirty persons, seriously  
wounding fifty and hurting the rest of  
others. Extreme darkness made the  
catastrophe awful.  
The known dead: C. A. Cabler and  
wife; County Clerk Thad Cabler, wife  
and two children; C. M. Charter, wife  
and child; Gertrude Houston, Oscar  
Ware, wife and three children; M. G.  
Simmons, wife and three children; Mrs.  
W. A. Ramsey and child; B. F. Brown  
and wife; Mrs. Tom Hart and child;  
Gibson Child.  
Among the seriously injured are:  
Robert Campbell and wife and four  
children; Dr. Wren and wife; Prof.  
Cloyes and family, and Capt. Collier  
and wife.  
The storm formed half a mile south-  
west of Zephyr and swept down on the  
village, cutting a wide swath directly  
thru the residence and business quar-  
ters.  
Nearly fifty houses were demolished.  
Lightning struck a lumber yard and  
started a fire which destroyed an entire  
business block. No effort was made to  
fight the flames as the care of the dead  
and wounded demanded all attention.  
A section hand pumped a handcar  
to Brownwood and spread the alarm.  
In two hours the Santa Fe brought  
speeding a special train to Zephyr with  
nine surgeons and a score of Brown-  
wood citizens.  
Hundreds of persons in the country  
around Zephyr saved themselves by  
taking refuge in storm cellars.  
Bodies Blown Two Miles.  
The big stone school building and  
two churches at Zephyr were razed.  
Daylight found sixteen surgeons work-  
ing on the wounded. Brownwood hur-  
ried her second ambulance to meet  
the train, fitted with provisions, cloth-  
ing and necessities and forty nurses.  
Two children were found dead to-day  
two miles from Zephyr, having been  
blown that distance.  
When the first relief party reached  
Zephyr, a desolate scene awaited. The  
buildings were reduced to a mass of  
kinds intermingled with bodies of ani-  
mals and human beings. The ruins  
were dimly lighted by burning build-  
ings and the wounded, rising above  
the wailing and the screaming of the  
dying storm, directed the rescuers in  
their work.  
Human bodies were found twisted  
about trees and distorted in incon-  
ceivable shapes. Survivors, mad with  
grief and terror, begged for help.  
Most naked, crying for relatives.

## QUEBEC PREMIER RATHY

OVER OTTAWA'S NEGLECT

Sir Lomer Gouin is Aroused at  
Federal Government's Refusal  
to Apport Judge's

MONTREAL, May 30.—(Special.)—It  
is understood that a portion of Sir  
Lomer Gouin's speech at the Reform  
Club banquet on Tuesday evening next  
will be devoted to a re-statement of  
strong position he saw fit to take Sat-  
urday morning on the floor of the Que-  
bec Legislature, as good as declaring  
war upon the ranks of the city  
The pronouncement was concerning  
the repeated requests of the Quebec  
Government that the federal authori-  
ties should appoint additional judges  
for Montreal. In emphatic tones the  
premier asked why the appointments  
which were the right of the province  
had not been accorded. He himself, if  
a member at Ottawa, could have found  
means of doing justice to the province.  
"Why are we told to wait?" he said.  
"Despite my sympathy with the fed-  
eral government I cannot accept such a  
reply. They tell us that Quebec costs  
too much, but Ontario has more judges  
than Quebec and the administration of  
justice costs more in all the other prov-  
inces than in Quebec. Why are we told  
to wait? Quebec has 35,000 population,  
while Ontario has one judge per  
25,000.  
The Sir Lomer Gouin is determined  
that this measure is to become an ac-  
complished fact. It is the daily boast of  
Quebec politicians that Laurier will  
give way, just as he did a few months  
ago when this province received \$600,000  
as an additional subsidy to the provin-  
ce. The Quebec Government has more  
than 100,000 population, while Ontario  
has one judge per 25,000.

## RUSSIAN LEADER'S DEATH

Had Just Been Threatened With  
Legal Prosecution.

ST. PETERSBURG, May 30.—Osip  
Y. Pergament of Odessa, a member of  
the duma, against whom the minister  
of justice yesterday announced pro-  
ceedings charging complicity in the  
escape from Russia in 1907 of Olga  
Selin, died to-day from heart failure.  
He was one of the most noted leaders  
of the Jews, a leader of the constitu-  
tional democratic party and one of  
the most prominent members of the  
Russian bar.  
M. Pergament was the attorney for  
Mrs. Selin at her first trial charged  
with having committed a series of  
embezzlements and forgeries and it is  
said that when he became convinced  
of the hopelessness of the defence he  
virtually insisted upon his client jump-  
ing her bail and going abroad. She  
was extradited from the U. S. and  
sentenced to 16 months.

## THE EATON MANSION.

The plans for Mr. J. C. Eaton's new  
residence on the Westport Hill are  
under way and will be a structure  
that will cost at least two  
hundred thousand dollars. Mr. Eaton  
is building on the site that was bought  
from Mr. Austin. He is negotiating  
for a further block of several other  
acres of the Austin property.

## PHILA. STREET CAR MEN

ARE NOW OUT ON STRIKE

Policeman's Skull Fractured and  
Attempt Is Made to Dynamite  
a Car.

PHILADELPHIA, May 30.—A strike  
is in progress of about one-third  
of the conductors and motormen  
in the employ of the Philadelphia  
Rapid Transit Co. The company  
claimed yesterday that only 2000 out  
of 6000 employed are out, but to-night  
admitted that 1000 cars were out of  
service. The strikers predict that to-  
morrow will bring a complete tie-up.  
Every effort is being made by the  
labor leaders to get the workers in the  
power house to join the strike.  
Last night there were some attempts  
at stoning cars. About 20 arrests were  
made, and Henry Clay, director of  
public safety, claimed to have the situa-  
tion well under control, with the sa-  
loon closed and 500 extra policemen  
patrolling the streets.  
But late to-night at Wayne Junc-  
tion a car was dynamited by an ex-  
ploding shell, and a number of passen-  
gers in the car when the explosion  
occurred, and neither was in-  
jured nor the conductor was in-  
jured.  
In Brewery Town, a policeman who  
tried to disperse a crowd that had at-  
tacked the crew of a trolley car, was  
badly beaten and his skull fractured  
by a brick. Several arrests were made.  
The city was practically tied up at  
that hour announced that no effort  
was made to maintain a night sched-  
ule, but that as many if not more will  
be operated.  
The extent of the strike is a great  
surprise to the officials of the com-  
pany, who have steadily maintained  
that the efforts of the officers of the  
Amalgamated Association of St. Ry.  
Employees to organize the trolley men  
of this city in any considerable num-  
ber would fail, and that a strike order  
would not meet success. W. D. Ma-  
honey, international president of the  
union, was wired last night.

## FINN WRECK OF 'CONDOR'

British War Vessel That Was Mys-  
teriously Lost in 1901.

VICTORIA, B.C., May 30.—The wreck  
of the ill-fated Condor, the British  
sloop-of-war lost in December, 1901,  
has, it is believed, been found off Long  
Island, on the west coast of Vancou-  
ver. A heavy spar, evidently  
attached to other wreckage, was ob-  
served for several days and on Friday  
was recognized as a navy spar. Near  
it were previously a jibboom, and  
stamped with the name Condor, and  
several other cases marked similarly  
came ashore.  
The Condor left Esquimalt for Hon-  
olulu on Dec. 3, 1901, with 140 men, and  
since that time nothing has been  
heard of her. Complaints of previous  
unworthiness, made by the officers,  
had been ignored by the admiralty.  
Officially rated as a sloop of war she  
really was a steam vessel of 800 tons,  
180 feet long, 23 feet beam, and draw-  
ing eleven feet 5 inches. She was built  
at Sheerness in 1880.

## SIR FRED. BORDEN

STRATHCONA IN  
LONDON

Credence Again Given Report  
That He Is To Succeed  
Strathcona As Can-  
adian High Com-  
missioner.

Now that the season of parlia-  
ment is over, reconstruction of the  
federal cabinet becomes once more  
a fruitful course of speculation, and  
despatches give below indicate:  
ST. JOHN, N.B., May 30.—(Special.)—  
The Evening Star (London) says:  
"The Star is informed by men closely  
in touch with public affairs that New  
Brunswick will in a very short time  
have two representatives in the cabin-  
et, and that Nova Scotia will have  
only one.  
"Everybody knows that in a few  
weeks Sir Frederick Borden, major  
general, will leave for London to  
attend the defence conference. It is  
believed that he will not come back, but  
will carry with him his appointment  
to the office of Canadian High Com-  
missioner. Lord Strathcona has for  
several years been desirous of retiring,  
and it is intimated that he will do so  
this summer.  
"Sir Frederick's promotion makes  
vacant the portfolio of militia, and it  
is to this office that reports say Mr.  
Caird, M.P., is to be called. Mr. Car-  
vell's ability has long been recognized,  
and his elevation to a more respon-  
sible position than he now occupies has  
several times been predicted."  
Is the Deputy P.M.G. to Succeed His  
Present Chief?  
OTTAWA, May 30.—(Special.)—It is  
currently reported on Parliament Hill  
to-day that Hon. Rodolphe Lemieux,  
the postmaster-general, will be ap-  
pointed minister of justice before the  
next session of parliament, and that  
Dr. R. M. Coulier, the deputy postmas-  
ter-general, who is now on his way  
home from Australia, where he has  
been conducting negotiations regarding  
the all-red route, will be appointed  
postmaster-general.  
This would indicate what has been  
taken for granted for some time, the  
early retirement of Hon. A. B. Ayles-  
worth, whose unfortunate attention  
has militated against his usefulness in  
parliament.  
Dr. Coulier has always had political  
leanings, and might be happier in that  
field than shut up in a department.

## REVOLUTION IN PERU

Troops Remain Loyal to President  
and Danger Soon Passes.

LIMA, Peru, May 30.—A rising of  
a political character occurred here at  
4.30 Saturday afternoon, the object  
of overthrowing the government  
of President Leguia.  
Adherents of Augusto Durand, who  
was concerned in the revolution at  
Chocoma, near Lima, in May, 1908, and  
of Isias Periera, also a notorious as-  
sassin, made an assault upon the pal-  
ace and seized President Leguia.  
The army, however, remained loyal  
and came to his support. The revolu-  
tionists were obliged to liberate the  
president, who immediately took mea-  
sures to put down the movement.  
Within an hour, Leguia was still  
hearing in the streets, although was mas-  
ter of the situation.  
Leguia was elected president on May  
27, 1908. He has previously been pre-  
mier and minister of finance and com-  
merce. At one time he was minister  
director of the British Sugar Estates,  
Limited, a corporation which has  
many many dollars invested in Peru.  
Durand headed a revolution against  
President Pardo early in May of last  
year but was defeated.

## MOTTO DEEDS, NOT WORDS

Very Few of British Naval Officers  
Can Talk German.

LONDON, May 30.—Replying to a  
question the house of commons, the  
first lord of the admiralty, Reginald  
McKenna, stated that of the 4715 offi-  
cers in the British navy, only 100 were  
qualified to be interpreters of Ger-  
man.  
The Morning Post points out that on  
the occasion of the visit of the Mid-  
iterranean fleet to one of the chief  
Italian seaports, when the city entertained  
the officers, none of the thousand odd,  
from the admiral to the lowest mis-  
sleman, was able to speak Italian.

## PROTECTIVE LABOR LAWS

LOWER THE BIRTH RATE.

LONDON, May 30.—Laws for the  
protection of women and children in  
the factories are responsible for the  
decline in birth rate among the work-  
ing people in the opinion of Prof. Carl  
Pearson, of the University College.  
Formerly the child contributed to the  
family maintenance from the age of  
six years. Prof. Pearson predicts that  
unless conditions change radically they  
will, certainly, lead to a parallel case  
those in France, in the next fifteen  
years.

supposed he was drunk and fell asleep  
on the track. He had wife and a  
grown up family in Buffalo.

Ben Cole struck a couple of his fences and this took a lot of run out of him. Expansionist fell at sixth jump.

Was on inside, where the going was soft all the way. Had enough in reserve to stall off Aronadack's challenge at the end. Aronadack worked her way up on outside and covered more ground than any other horse in the race. Start got off almost as on terms with the winner at the farthing pole, but weakened in final stages. High Private crowded back at turn into home stretch.

Agent, under double wraps first two turns of field, made a bad landing at eleventh jump and fell but lost rider. Kara fenced, cleanly and showed a lot of early speed, but tired in final drive. Ben Cole struck a couple of his fences and this took a lot of run out of him. Expansionist fell at sixth jump.

# Centre Shot

(Best Bet)  
**6-5, Won**

WHAT MY MESSAGE SAID: "Centre Shot is my One Best Bet to-day. This filly is in grand shape—breezed a nice quarter through the stretch this morning in 25 seconds. Get down heavy straight."

# King James,

**4-5, Won**

WHAT MY MESSAGE SAID: "King James is the best horse in America to-day. Barring accident, he is a clinch."

# Agent,

**3-1, Won**

While the rank and file of the supposed smart ones were sending it in on Kara, Ben Cole and Expansionist, the DIXON GANG OF SHARP-SHOOTERS was betting on the real live one, AGENT, that topped the Nassau. I've only been wrong on the jumpers twice in eighteen months—one bolted and the other broke his leg and had to be shot.

# Star Wave,

**1-1, Won**

I told you that this was a coming good one, and to go to him heavy. He won with his ears pricking and fighting for his head.

# Saturday Four Good Ones, That's All

I would like to see some of you weak-kneed babies that gave my message the go-by Saturday and went against some of those purveyors of feed-bag Specials. I tell you boys, you'd better wake up. Before it's too late, come to me. If the others have got you in the hole, I will pull you out. What if you do pay me a little more than the others? Haven't I always made good? What other firm or individual has handed out such sterling advice.

# Like the Rock at Gibraltar

I've stood the test of time. You've seen them come and go, but your Uncle Bill Dixon is always there. I am a good deal like Teanyson's Brook. I go on forever handing out winning advice.

# TO-DAY A TREMENDOUS HAUL IS CONTEMPLATED

on a trick that has finished away back in the bushes in his last three starts. This horse—number 114 that Saturday morning as a pipe-opener for this race, which will be an eye-opener. This custom will be out to-day, so you'd better have a slice.

# Wednesday's Grand Occasional

Everything is all ready for my grand Occasional, which goes Wednesday. The price offered against this one will be long enough to satisfy the most exacting player of long shots. The money-riding jockey has been engaged, and "everything is all O.K. for this Gigantic Coup." I guess you haven't forgot my last Occasional, at ANTRIC, 15 TO 1 TO WIN, in a callop at Baltimore. This is another one of the same variety, so you'd better make hay while the sun shines.

Simpson's Housefurnishing Suggestions

FOUR BEDROOMS--First, the Guest Chamber

WE will think of a nice moderate sized city house in a good residential district. The rooms are fairly spacious, and the architecture is of the newest taste without being faddy or at all extreme.

We will undertake to give our idea of what we would like to make of the Guest Chamber of such a house, were we given free use of our discretion within reasonable limit of cost.

The furniture we suggest is dull polished mahogany or Circassian walnut. Twin bedsteads of brushed brass, substantial in weight and appearance, would afford the chief motive of the room.

The carpet would be laid clear to the walls, covering the entire floor. We would use Wilton, in light rose or blue, preferably of a two-tone small wreath design.

The curtains for the windows would be of Brussels net, or a fine Marie Antoinette, coming either down to the floor or to the window sill, according to the style of window.

Side curtains of satin de Gene, mercerized or silk rep, in tones harmonizing with the carpet.

The bedspread should be a feature of the room's color scheme. We suggest for this room a real white or ivory renaissance lace, lined with satin, colored in tone with the carpet and curtains.

The bedroom seats, couch and chairs should be covered with a cheerful chintz, whose predominating colors suggested the color scheme of the entire room.

The cost of this bedroom is almost impossible to give without figuring on specified dimensions. The Wilton Carpet suggested comes at \$2.00 a yard. The Brussels Curtains, \$1.50 per yard. The Side Curtains, \$1.25 per yard. The Battenberg Bed Spreads, \$25.00. The Chintz, \$2.00 per yard.

For Stout Men

Our \$15 Suits Include Sizes Up to 52

"SIXTY-SEVEN inches round the diaphragm"--so runs a foolish song popular a while back. When we consider the amount of goods needed for a waist measurement like that we are appalled. We couldn't do it at the figure. But outside minstrel shows there are mighty few waists measuring 67 inches.

Our \$15.00 line of Suits for stout men includes sizes 40 to 52 inches. We give stout men the fit and proportion that lightweights receive. We have specialized on fifteen-dollar suits this year, and stout men are included in the benefit. Specifications as follows:

Suits, made of fine imported English worsteds, for men of stout or corpulent proportions; material especially selected and adapted to the particular style of suit; will give excellent service and handsome appearance. The colorings are mostly staple greys, with darker subdued stripe effect, also brown and grey tones. Coats are cut to suit the requirements of the stout or corpulent man, giving a perfect fit in every respect; lined with fine mohair (twill linings); tailored and finished in the most careful manner, with best interlining and high-grade trimmings. Very special value \$15.00.
