LABOR CONGRESS VOTES TO KEEP OUT OF POLITICS

COURT OF JUSTICE FOR ENTIRE WORLD

League Council Offers Outline of Scheme for Permanent Tribunal—Body of Independent Judges, Fifteen in Number, and to Sit for Nine Years—Questions It May Determine.

London, Sept. 14.—The headquarters of the league of nations today made public the text of the project for a permanent court of international justice, as adopted by The Hague committee of jurists, together with a letter from the council of the league to all governments which have entered the league of nations.

The council of the league, in its letter to the government, says: "The council does not propose to express any opinion on the merits of the scheme until it has had a full opportunity of considering it." It states, however, that the project was prepared by a most competent tribunal, representing widely different national points of view. It adds: "The council would regard an irreconcilable difference of opinion on the merits of the scheme as an international misfortune of the gravest kind. It would mean that the league of nations was publicly compelled to admit its incapacity to carry out one of the most important of the tasks which it was invited to perform. The failure would be great and probably irremediable; for, if agreement proves impossible under circumstances apparently so favorable, it is hard to see how and when the task of securing it will be successfully resumed."

The council states it will later submit its recommendations to the assembly of the league of nations. Terms of the Project. Some of the features of the proposed world court have already been summarized from The Hague, but the draft given out today gives the exact terms of the entire project, consisting of 63 articles divided into three chapters on organization, competence of court and procedure. A preamble states the general purpose of the court as follows:

"A permanent court of international justice, to which parties shall have direct access, is hereby established, in accordance with article 14 of the covenant of the league of nations, and shall be in addition to the court of arbitration, organized by The Hague convention of 1899 and 1907, and to the special tribunals constituted to which states are always at liberty to submit their disputes for settlement."

Articles 2 and 3 give the membership of the court as follows: "The permanent court of international justice shall be composed of a body of independent judges, elected regardless of their nationality, from amongst persons of high moral character, who possess the qualifications required in their respective countries." Lithuania Has Accepted Poland's Peace Proposals

Copenhagen, Sept. 14.—Lithuania has accepted Poland's proposal to send peace delegates to Kalvaryja to negotiate with the Poles, and consequently hostilities ceased at noon Monday says the Kovno correspondent of The Berlingske Tidende.

Just before the armistice was put in force, the Lithuanians captured Seiny, about 20 miles east of Suwalki, and about the same distance south of Kalvaryja.

THANKSGIVING, OCT. 18. Ottawa, Sept. 14.—Thanksgiving will this year be celebrated on Monday, Oct. 18. A formal order to this effect will probably be approved tomorrow.

WORK IN U. S. MINES IS STILL UNCERTAIN

End of Vacation Strike Depends on the Reply From Washington.

Hazleton, Pa., Sept. 14.—Early settlement of the "vacation" strike in the anthracite coal fields tonight apparently depended upon the reply of Secretary Labor Wilson to the inquiry of mine workers' officials, as to whether the United States department of labor would consider claims of the miners, provided their representatives, the hard coal diggers, made little headway in its second session here today, and adjourned until tomorrow without taking any action to bring about a reopening of the mines, except to send the telegram to the secretary of labor at Washington.

A. E. HOLT RESIGNING TRUST CO. MANAGEMENT

Montreal, Sept. 14.—It was announced today that A. E. Holt, manager of the Royal Trust Company, is retiring shortly from active management in the company. It is understood that H. B. Mackenzie, formerly manager of the Bank of British North America, and at present one of the assistant directors of the Bank of Montreal, will be appointed general manager of the Royal Trust Company.

WARNING BY C.M.A. ON CHANGING TARIFF FEATURES INQUIRY

Declare Lowering Would Flood Canada With United States' Products.

FARMERS CONTRADICT

Winnipeg, Sept. 14.—(By Canadian Press)—Manufacturers represented by officials of the Canadian Manufacturers' Association and by individuals who set forth the contentions of various classes of manufacturers, met in session in advocating before the first session of the tariff commission here today, intention of the protective tariff policy. Statements that Canadian markets would in the advent of lower customs tariff be swamped with United States products and that Canadian industry would be stifled, featured every statement made before the commission by the representatives of the manufacturers.

Farmers Urge Free Trade. Agricultural representatives by officials of the Canadian Council of Agriculture, in a lengthy statement, took a stand for the abolishment of protective duties, as being harmful to the proper development of agriculture, and asked that the government put into force a system of direct taxation to replace tariff protection. Proper operation of the income tax would result in an increase of \$200,000,000 a year in the revenue, the farmers held.

R. A. Pringle Cautions. Declaring that the commission must be guided in its judgment by experience, R. A. Pringle, K.C., of Ottawa, speaking on behalf of the textile manufacturers of Canada, said that the wealth of the United States had developed under a protective policy and that the agricultural industry had not been handicapped. He asked that those who advocated the abolishment of the tariff in Canada bear in mind that industry had provided opulent markets for the products of agriculture.

MAN IS SHOT DEAD AT EAST KORAH, ONT.

Geo. Elliott is Murdered by Stranger, Who Escapes in Darkness.

Sault Ste. Marie, Ont., Sept. 14.—George Elliott, married, with three children, was murdered last night at his home in East Korah by a man whose name is withheld, Elliott had been missing chickens and on his way to the barn at eight last night grasped a girl in the darkness, believing her to be a thief. He took her into the barn where his brother was milking, to assure himself of her identity. The girl screamed and the stranger upon sight shot Elliott in the abdomen, from the effects of which he died at three this morning. The stranger came, it is said, from Penetang. He escaped, and two girls have also disappeared; it is believed they went with him. They, too, came from Penetang, it is thought.

WHOLESALE DROPPING OF CHARGES AGAINST HON. G. H. FERGUSON

Counsel for G. A. Payne Lets Forty-Five Charges Go By Default. FIFTEEN CHARGES LEFT

Prescott, Ont., Sept. 14.—(By Canadian Press)—A wholesale dropping of charges against Hon. G. H. Ferguson on lack of support in the evidence adduced, and a motion for non-suit by W. N. Tilley, K.C., chief of counsel for Mr. Ferguson, featured today's hearing of the appeal against the election of Hon. G. H. Ferguson, in South Grenville last October. When court met this evening Gordon Waldron, counsel for G. Arthur Payne, defeated U.F.O. candidate, outlined some 45 charges which he was dropping for lack of evidence to support them. This left about 15 charges yet to be disposed of. These, Mr. Tilley claimed, had not been proven. There was no proof of agency on the part of anyone alleged to have attempted or committed corrupt acts. No connection between these men and Mr. Ferguson had been shown, counsel argued.

CATTLE IN BRITAIN DECLINE IN NUMBER

Ottawa, Sept. 14.—(By Canadian Press)—A serious decline in the number of cattle in Great Britain is noted in a report received by the department of trade and commerce from Harrison Watson, Canadian trade commissioner in London. At the present time British herds number 8,847,000 animals, a decrease of over ten per cent, as compared with the same period in 1919, and the smallest number recorded since 1903.

FARM HELP SCARCE THROUGHOUT PROVINCE

Much Grain is in Consequence Still Lying Out in Fields.

The following is a summary of the weekly reports made by the agricultural representatives to the Ontario department of agriculture:

Many farmers are now supplementing pasture with green corn and other feeds.

While some representatives speak of slowness in the marketing of live stock, Hastings reports the shipment of five carloads last week by U.F.O. clubs. Leeds states that a number of bulls and dry cows have been marketed lately, and also some sheep and lambs.

About 1,500 head of cattle were bought last week in the vicinity of Ashtabula, at prices ranging from \$150 to \$175, for shipment to Toronto and Buffalo markets.

Norfolk reports that 125 cans of milk were shipped daily from Simcoe to the new condensery at Courland at \$1.38 a cwt., f.o.b., to the farmer.

Lanark reports that cheese sold on the Perth board on Friday at 26c a lb.

Fewer Hogs Sold. Hogs are selling in fewer numbers than formerly at from \$19 to \$20 a cwt. Peel, however, remarks that Millers report an abnormal amount of feed grinding, which indicates heavy hog feeding.

The marketing of grain is comparatively slow, although Essex reports a considerable quantity of wheat and oats being brought to the elevators. Oats are threshing out, surprisingly large fields in many parts of the province.

On the other hand, owing to wet weather and shortness of help a good deal of grain is still lying out in stacks, which is not improving its quality.

Hay is selling at from \$25 to \$30 a ton.

Neither red clover nor alfalfa are as promising for seed as was expected.

Essex reports that wet weather has been greatly delaying the maturing and harvesting of tobacco.

Some farmers in eastern Ontario are cutting their corn early to avoid frost.

Some Fruits Scarce. Lincoln reports that St. John peaches are finished and that the Crawford's are coming in. While peaches have found a ready sale, plums, pears and apricots are slow.

Apple pickers are in greater demand in various parts of the province than for many years.

Middlesex remarks that threshing by the bushel has been paying this season, and cites a case where 400 bushels of oats were threshed in an hour.

The late harvest, the dry and hard condition of the soil in many localities, and fear of the Hessian fly, is delaying some of the fall wheat sowing, and there is likely to be a shrinkage in the acreage.

So far a great deal of fall plowing has not been done, and most of it has been shallow. Wentworth reports a considerable discing of stubble ground.

Middlesex states that a number of tractors are being used.

MISSIONARY PARTY PROCEEDING TO JAPAN

On Thursday a party of Anglican missionaries will sail from Vancouver for Japan. They are from Toronto and Ottawa and are going out under the direction of the Canadian board of missions. The party includes Miss Ruth Jenkins, Miss Frances Hawkins, Miss Florence Hamilton and Miss Hilda Robinson.

Accompanying the party are Prof. Bryce and Mrs. Bryce. Prof. Bryce is going back to India, as an educational missionary of the Presbyterian church. Mrs. Bryce is a sister of Miss Hilda Robinson, of the Anglican missionary party.

SALARY INCREASES OVER THREE HUNDRED THOUSAND

It is estimated that the increases in salaries already granted to civil servants will cost the province about \$250,000 a year. To this must be added increases not yet announced to employees of government institutions which will amount to some \$80,000.

Increases have been made among the various departments as follows: Prime minister's office, \$2,600; agriculture, \$50,000; attorney-general, \$13,000; education, \$78,000; game and fisheries, \$4,800; labor, \$21,700; lands and forests, \$17,000; mines, \$10,500; provincial secretary, \$22,000; highways, \$13,500; public works, \$14,000; provincial treasurer, \$16,000.

BANKRUPTCY ACT BROAD IN SCOPE

C. T. Clarkson, F.C.A., Explains Its Provisions at Accountants' Convention.

G. T. Clarkson, F.C.A., was the principal speaker yesterday afternoon, at the annual convention of the Dominion Association of Chartered Accountants, which opened a three days' session yesterday morning at the Forsters' Hall, 22 College street. There were about 125 delegates in attendance, representing all provinces in the Dominion.

"The Bankruptcy Act" was the subject of the address delivered by Mr. Clarkson, who was one of the members of a committee representing the trustees and liquidators in practice here, who conferred with the Dominion government and presented their views with regard to certain points and sections in the act that they thought might be improved. Some sixty recommendations were made by the committee, and there were not more than two or three that were not accepted.

Bankruptcy Act's Scope. "The bankruptcy act," stated Mr. Clarkson, "governs all matters affecting the insolvency of individual partnerships, or corporations in all parts of Canada, with the exception of building societies, banks, savings banks, insurance companies, trust companies, loan companies or railway companies, which will continue to be wound up, when insolvent, under the provisions of the winding-up act. In the drafting of the bankruptcy act, the benefits provided by the procedure employed under the assignment acts have been recognized, and the liquidation of estates is, as under the assignment acts, left almost entirely in the hands of creditors, with the right of reference to the court at times and under such circumstances only as are deemed necessary. In this way, economy in the liquidations of estates is hoped for, and many of the disadvantages met with and the expenses of the Dominion winding-up act are expected to be done away with."

Curb on Dishonesty. After comprehensively dealing with the act by sections, the speaker stated that under this act an honest or unfortunate debtor could obtain a discharge from his liabilities, while a fraudulent or dishonest debtor could not obtain the discharge from his creditors without the approval of a court. Thus the incentive to commit fraud and thereafter compound with the creditors for the best rate possible is withdrawn.

"It will be seen then that the bankruptcy act will be of benefit, in that the basis for the winding up of estates in Canada are standardized by it, and the different assignment acts, with their varying provisions superseded. It will be of benefit also, in that the unfair preferences which have been obtained in several provinces will be done away with and the properties of debtors left to the creditors for the benefit of whom they belong."

The delegates adjourned to the King Edward Hotel, where the annual banquet was held.

PREPARE PLANS FOR LIVE STOCK ARENA

Last Smallpox Patient Discharged — Probe Lake Shore Fire.

The city architect's department is working on the plans for the live stock arena, and it will be three weeks before they will be ready for the board of control to deal with.

The last smallpox patient was discharged yesterday and the city is now free of the disease. There have been 2,976 cases reported since November 1, 1919, with 12 deaths, mostly as a result of complications.

Matters of only minor importance are slated for the attention of the board of control this morning. The first meeting of council following the summer holidays will be held on the 27th inst.

Investigating Lake Shore Fire. Provincial Fire Marshal Heaton yesterday investigated the fire which, in the early hours of July 27 last, destroyed the cottage and contents owned by John G. Arnold at stop 6 1/2, Lake Shore road.

The evidence indicated that the fire had started from an electric coffee percolator which had not been disconnected. The Employers' Liability Insurance Corporation, which issued the policies on cottage and contents, totaling \$2,000, had not objected to paying the claim, but the provincial authorities ordered the investigation to discover whether there had been criminal negligence. The four occupants of the cottage escaped thru a window only partly dressed. The hearing will be continued today.

IF A HAT BECOMES YOU

THEN IT'S UP-TO-THE-MINUTE IN STYLE

At \$7.50 IS A Very Smart Canadian Hat of rich-looking material, known as velours. The shape is the crease crown fedora, though, if preferred, it may be worn negligence style. Has a rolling brim and a leather sweatband, and is obtainable in green, brown and black. Sizes 6 3/4 to 7 1/2. Price, \$7.50.

FOR another type of face it is not just the thing. But for you it has the right tilt and the right balance. It becomes you, and that is right style.

No other rule would be consistent, when you consider how little hats change in style from one year to another.

This year, for instance, the changes are very slight. The foreign type of hat of rough materials, such as tweeds, will be popular.

English Derbies, with slightly rolled brims, and slightly lower and smaller crowns, will be popular.

The serviceable Fedoras is shown with smaller crown and brim than last year.

The tweed Hats are in browns, greys and greens, in rough finishes.

Of course, the Derbies are black, and the felt Fedoras offer the usual selection of shades, such as grey, green and black.

A man with a fall hat to buy will, no doubt, appreciate these few facts on what is what in hats for fall, 1920.

He will be glad, no doubt, to know that the EATON Hat Salesmen work with a little slogan ever in mind, and that is, "Make sure that the hat is becoming, then go ahead."

The EATON'S Hat Section is located on the Main Floor, James Street, Main Store.

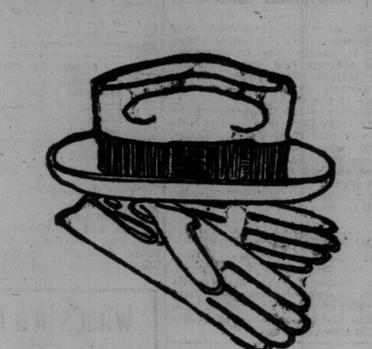

At \$6.50 ARE Men's Fur Felt Derbies of English make. The one, as illustrated, is of medium dimensions, with almost flat brims, having slightly rolled edges. It is unlined. A Lined Derby is offered at the same price, and it has a narrower crown. Both have leather sweatbands. Sizes 6 3/4 to 7 3/8. Price, \$6.50.

At \$4.00 IS A CANADIAN-MADE CAP of wool and cotton Lovat cloth in green with blue and red overlaid. Sizes 6 3/4 to 7 3/8. Price, \$4.00.

At \$4.50 IS A CANADIAN-MADE CAP of all wool, and wool and silk, mixed material, in one and eight-piece crown style. Sizes 6 3/4 to 7 3/8. Shades consist of light grey, brown and green.

At \$5.50 IS A Smart Fur Felt Fedora of Canadian make, on an English block. It is suitable for the young or middle-aged man, and is obtainable in grey, green and black. Sizes 6 3/4 to 7 1/2.

At \$5.00 IS AN English Tweed Hat of wool and cotton quality, in rough tweed effects, in grey, brown, green and heather mixtures. This is the hat that has made a hit with many. Ask to see it. Sizes 6 3/4 to 7 1/2.

CHARLIE CHAPLIN IS NOT A "RED"

He is Particularly Anxious to Refute This Charge of His Wife.

New York, Sept. 14.—(Special).—Not to be outdone by Mrs. Mildred Harris Chaplin, his wife, Charlie Chaplin has also changed his mind. The comedian was scheduled to meet his actress wife, with her attorney in the office of his counsel yesterday afternoon in an effort to smooth over their marital difficulties. Mrs. Chaplin's threats to tie up her husband's property, and her observations on his alleged radicalism, however, were resented by Mr. Chaplin, and the conference was called off.

Wife Demands Settlement.

Mrs. Chaplin insists that her husband come to some sort of settlement. Thru her attorney, J. Goldsmith, she said yesterday, "Why should I give him his freedom after his desertion and mistreatment of me?"

"He must come across or shoulder arms," added Mr. Goldsmith, intimating that unless some adjustment was reached he would go to court to protect the rights of his client. The comedian gets twenty-four hours to consider the matter, at the end of which time, Mr. Goldsmith said, he would apply for an equity receivership for Charlie's real and personal property, which he valued at \$3,000,000. Mrs. Chaplin will claim 50 per cent. interest in this property.

MOTHER WAS REFUSED CUSTODY OF DAUGHTER

Newark, N.J., Sept. 14.—(By Canadian Press).—By a court decision, handed down this afternoon, Mrs. Annie O'Brien, Moncton, N.B., was denied possession of her 13-year-old daughter, Kathleen. The girl was awarded to Mrs. Lillian Delaney, this city, her foster mother. Vice Chancellor Fielder, in announcing the decision, said he would insert in it a clause restraining the child's parents ever from attempting to gain possession of her.

Kathleen was placed in the home of Mr. and Mrs. Delaney when she was a year old because the parents were unable to provide for her. She did not know that the Delaneys were her real parents until a few weeks ago when the action for her recovery was started by Mrs. O'Brien, who is a sister of Harmon Delaney, the foster father. This step was taken by Mrs. O'Brien after the Delaneys had separated, and Delaney assisted her in her attempt to get Kathleen back, according to statements made in court.

ECZEMA IN RASH CUTICURA HEALS

Very Itchy and Burned. Troubled Six Weeks.

"Our daughter's face came out in a rash that we were told was eczema. Her cheeks got sore and she rubbed causing loss of sleep. The breaking out was very itchy and burned so that I had to tie gloves on her hands to keep her from scratching. This trouble lasted about six weeks before I used Cuticura. I used one large box of Cuticura Ointment with two cakes of Cuticura Soap when she was healed." (Signed) Mrs. E. Barrow, Elmwood Rd., Galt, Ont.

Cuticura Soap, Ointment and Tablets are ideal for daily toilet uses.

LOEW'S NEW THEATRE

Final Preparations for Opening Uptown House Next Monday Night.

Convincing evidence that Loew's uptown theatre, Yonge at Bloor street, is nearing completion and will open on schedule time, Monday evening, September 20, is given in the announcement that the sale of reserved seats for the opening night only, starts Thursday at the theatre. The opening night will be the first and last time for reserved seats at the new playhouse, as it will adopt its continuous policy from 1 to 11 p.m. the following day. Phone reservations for the opening night will not be taken. The sale will start at 11 o'clock. Irrespective of the fact that the seats will be reserved the opening night, the regulation Loew scale of prices will prevail. The entire orchestra and balcony for the opening night will be disposed of at 40 cents, including tax. Box and loge seats can be had for 50 cents, also including the tax.

Plans are under way to open the new theatre at an early hour Monday evening, to afford visitors the opportunity of roaming over the auditorium and seeing all the furnishings and extremely artistic decorations. Within several days the augmented orchestra, under the direction of Fredrick Arundel, will go into rehearsal preparing a special score for the stellar attraction of the initial program, D. W. Griffith's "The Love Boy".

BUSINESS WOMEN'S CLUB MAKES PROGRESS

The annual meeting of the Business Women's Club took place last night at the quarters of the organization, 99 Yonge street. The rooms, which have been renovated, looking most inviting, the large lounge with fireplace and comfortable chairs, the dining-room and neat office, all being in for renovation, looking like a holiday and similar reasons the attendance was not as large as it is expected to be later. Progress was shown by the fact that a permanent secretary is now established and luncheon for members is provided every day. The business of the meeting consisted in the reading of reports and the election of officers as follows: President, Miss Mary McMahon, re-elected; hon. president, Miss Margaret Davidson, re-elected; second vice-president, Miss Taylor; vice-president, Miss Roether; recording secretary, Miss Marjorie Johnson; directors, Miss C. Richardson, Miss Pattillo, Miss Mary Smith; corresponding secretary, Miss Mabel Pierce; treasurer, Miss Addison.

A hearty vote of thanks was accorded Miss Mary McMahon for her good work during the year.

ARENA GARDENS WILL OPEN FOR DANCING

Under entirely new management, the Arena Gardens will open for dancing on Saturday night and dance goers are promised a rare treat by the new management. The new management, under the direction of Mr. Roof Garden, Hanlan's Point, who has engaged at much expense Charles Stone's celebrated colored jazz entertainers and their orchestra, will have never played outside of Detroit, where they have been the leaders in this line for twenty years, having amused thousands at such well known places as the Arcadia, the Pier, the Palladium and other famous dancing academies in Detroit. The Arena is being improved and the indications are that it will be the most commodious and handsomely equipped dancing casino in the city when the alterations are completed.

SEEK OPPORTUNITY SCHOOL SOLUTION

Education Experts Give Benefit of Views to the Board of Education.

Toronto men and women, boys and girls, will be given any education they want to ask for if the opportunity school ideas discussed by the board of education last night fully materialize. The board had before it Mrs. Groves' report of the recent educational conference at Salt Lake City, and a report of the minutes of an inquiry by Thomas Bengough of what is being done in the way of handwork for pupils in the schools.

Dr. John Noble, chairman of the board, expressed gratification that such local leaders in educational evolution as Dr. J. L. Hughes and Thomas Bengough were present.

Dr. J. L. Hughes considered the conference demonstrated that the board of education was recognizing the need of an outlook for education that merely the teaching of boys and girls how to make a living.

Trustee Bell said it was impossible to discuss a lengthy printed report off-hand, and he had only had a copy a few hours.

Dissipation of Effort. Toronto branch of the Canadian Manufacturers' Association, gave a frank and vigorous warning against dissipation of effort. He said: "If you dissipate yourself all over the map you will never get anywhere."

The Toronto central technical high school, he thought, was the best equipped institution of the kind in the Dominion. Principal McKay, too, was the best man who could be a guiding thought in educational extension.

Mrs. Courtice moved that steps be taken towards the organization of an opportunity school.

Trustee Luxton said the idea could be tried out in the rooms vacated by the soldiers' classes at the central technical school.

Dr. Noble said that Dr. Hunter was of his policy, as the counts would be regulated to meet the requirements of each case.

Thomas Bengough said that the Toronto Central Industrial High School was the equal of any in the world, while its principal, Mr. McKay, appeared to have no equal anywhere.

Chief Inspector R. H. Cowley and several other school officials were called on and made brief remarks.

The problem of how to establish an opportunity school was referred to the management, industrial and commercial advisory committees.

CAMPAIGN IS PLANNED BY PARKDALE G.W.V.A.

Call Given for Organization to Promote Demand for Gratuity.

Intensive organization by subdivision of all the ex-service men in the Dominion, and especially of those belonging to the G. W. V. A., was the keynote of inspiration in last night's meeting of Parkdale G. W. V. A., Col. E. Hunter and Sergt. W. E. Turley along with Sergt. Jacobs being the inspirations.

The district command is requested to endeavor to arrange a convention of representatives of ex-service men (including, if possible, those who are not at present within any of the organizations) to decide on a general policy, financial responsibility, organization and proposed action in connection with municipal, provincial and Dominion politics.

Thoro organization was the slogan adopted by Sergt. Jacobs, and taken up as an inspiring theme by Col. Hunter, who moved the adoption of the recommendation of the executive.

The provincial secretary pointed to many instances in which both the G. W. V. A. and the same, virile and practical elements of labor had united, and controlled municipalities to their improvement. He expressed himself as in complete accord with the suggestion of the Central G. W. V. A. to reopen the gratuity question on the basis suggested.

SEES NEW EPOCH IN LIFE OF CHURCH

Bishop Sweeney Returns to Toronto, After Attending Lambeth Conference.

The Right Rev. Dr. Sweeney, Bishop of Toronto, who returned home yesterday, after attending the Lambeth conference, said he was much impressed with the large gathering of 252 bishops which assembled from all parts of the world, and the notable spirit of harmony and unity which prevailed throughout the conference, both at its general sessions and those of the special committees appointed to discuss the problems which confront the church.

"The fact," added his lordship, "that bishops of strong convictions of every school of thought could reach such unanimous conclusions as those which have been put forth in the eighty resolutions of the conference was surely a marvelous indication of the presence and guidance of the Holy Spirit of God, daily sought in the devout and devotional services of intercession in the ancient chapel of Lambeth. It now remains for the church throughout the world, by means of its own local synodical organizations, to give practical effect, as far as it is advisable to do so under local circumstances and conditions, to the findings of a conference that will rank amongst the foremost of any age in the church's history, and shall mark a new epoch in the church's future policy and life."

The bishop will preach in St. Alban's Cathedral both morning and evening on Sunday next. He will deal with the conference in a special sermon in the morning.

Of the sixty patients who recently were in St. Michael's Hospital for treatment for cancer, only six remain. The others have either returned to their home or were well enough to take up residence outside the hospital, where they can still be in touch with Dr. Glover for further treatment. All patients report weekly, thus enabling the doctor to watch the development and results of his clinics.

They're Back at School Again

HEALTHY --- rosy-cheeked --- row after row of clear-eyed youngsters, tanned by the summer sun and bubbling over with holiday healthfulness.

Help them to retain this summer vigor. Give them the nourishment their little bodies demand. Let them have plenty of Farmers' Dairy Milk---nature's perfect food.

Give them plenty of milk at every meal--- as a beverage and in soups, sauces, puddings and other dishes. A quart of milk a day, doctors tell us, is little enough for each man, woman and child.

And remember that Farmers' Dairy Milk comes from Ontario's finest farms, where healthy, well-tended herds graze on the richest of country pasture. That this rich, country milk is scientifically pasteurized and bottled by machinery in the wonder dairy of America.

Double your regular milk order for the children's sake.

The Toronto World

FOUNDED 1826. A morning newspaper published every day in the year by the Toronto News Paper Company, Toronto, Limited. H. J. MACLEAN, Managing Director, World Building, Toronto.

WEDNESDAY MORNING, SEPT. 15.

No Double Dealing Here.

Premier Meighen may have his fall-ins, but until very lately he has never been accused of duplicity. On the contrary he has been usually condemned by his opponents as a zealot. He is a man who makes up his mind quickly and it stays made up. He is so frank and fearless in expressing his views that some timid people fear that he lacks precaution sometimes needed for leadership.

On the tariff question he has spoken with no uncertain sound. He has proclaimed himself a protectionist and has named the National Policy to his motto. Liberal newspapers, however, are inconsistent between these views and the appointment of a commission to inquire into the workings of the present customs act and recommend whatever revision of it may be necessary in the public interest.

The commission will not hear the complaints and representations of the people with an open mind, but will be in duty bound to report no revision except one that will distinctly recognize protection as the predominant feature of our fiscal policy.

In the past it has been objected that manufacturers had too much to say in the framing of tariff schedules. They had a powerful organization that could easily make representations to the government and present the best possible case for themselves.

The commission was not appointed to frame a new fiscal policy for Canada. Canada's fiscal policy was framed in 1878 and has been carried out by Conservative and Liberal administrations alike ever since.

Now that the imperial press delegates have got safely started home, it is the turn of the Imperial Chamber of Commerce people to tell us what a fine country Canada is. If this did not happen every now and then, some of us might forget it.

Another rumor is about to the effect that Canadian sugar prices will shortly follow those of the United States in a downward direction. Well, no one can say we haven't had plenty of warning.

A counter revolution against the Bolsheviks is reported from Petrograd. Good enough—the Poles and General Wrangel have shown the decent people of Russia that all is not yet lost.

During the French revolution there were many times when it seemed as if the lower element of French society would hold power forever. But the sane, thinking people, representing the nation's average of morals and intellect finally won, as they always do, and everywhere, and Russia will prove no exception to the rule.

of the world in prohibition. It is significant that the Republican vote showed a large increase over 1916, while the Democratic increase during the four-year period was almost negligible. It may be that the newly-enfranchised Republican women came out to vote because they were interested in prohibition, and that the Democratic women stayed at home because they distrusted the Democratic candidate.

Undismayed by this setback, if it be one, Governor Cox is making a spectacular campaign in the northwest, which has so alarmed the Republicans that Senator Harding may leave the front porch and swing around the circle himself. Meanwhile notice has been given that on Friday next 25,000 spellbinders will be unleashed by the Republican national committee.

It Should Not Be Dropped.

The movement for prison reform by the Dominion government should not falter or lose headway altogether. We are not hearing much about the promised investigation into the Kingston penitentiary, and we take it for granted that none of the other penitentiaries are to be investigated. The department of justice seems to treat the complaints about the Portsmouth prison as a departmental affair, and not to recognize the wider issue involved.

The fact is that the Dominion government lags far behind the Ontario provincial government in its treatment of men condemned to imprisonment for criminal offences. It may be said that they have long terms and a tougher lot of convicts to handle. But that does not altogether solve the Dominion government. The whole subject of prison reform should be taken up in an earnest way, and some investigation might well be made by an independent commission.

The trouble with the Kingston penitentiary has been that persons of political and religious antagonisms have so entered into the various charges and counter charges going on for years that parliament and the country have largely lost sight of the conditions, unsanitary, unscientific and almost inhuman, which are said to obtain at the Portsmouth prison.

Remarkable in Passing.

The Farmers' Sun says the word of commerce probe into milk prices is one-sided. The evidence given must have been displeasing to the farmers.

The Petrograd proletariat are drawing Bolshevik commissioners in the Neva. There is evidently some dissatisfaction with Bolshevism in its own home town.

The Bolshevik envoy to Russia left London the other day in the bridal suite of an ocean greyhound. Another was escorted from Montana astride a triangular cedar rail. We never cease to continue to hear screams from the reds about the tyranny of British rule.

Now that the imperial press delegates have got safely started home, it is the turn of the Imperial Chamber of Commerce people to tell us what a fine country Canada is. If this did not happen every now and then, some of us might forget it.

Another rumor is about to the effect that Canadian sugar prices will shortly follow those of the United States in a downward direction. Well, no one can say we haven't had plenty of warning.

A counter revolution against the Bolsheviks is reported from Petrograd. Good enough—the Poles and General Wrangel have shown the decent people of Russia that all is not yet lost.

During the French revolution there were many times when it seemed as if the lower element of French society would hold power forever. But the sane, thinking people, representing the nation's average of morals and intellect finally won, as they always do, and everywhere, and Russia will prove no exception to the rule.

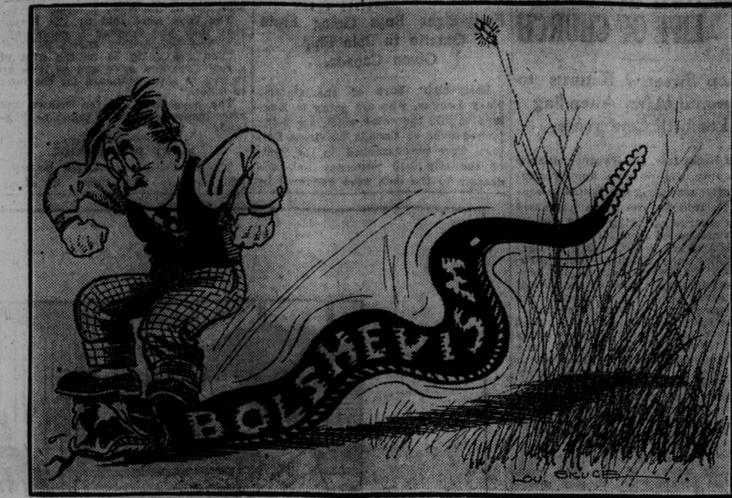

The overthrow of Bolshevism by reasonable democracy will eventually come.

For several weeks, rumors of disension in the government have been in circulation. Dr. Smith, it has been stated, disagreed with his colleagues about the amount of stampage dues to be collected.

The Gleazer today says: "In spite of the reiterated official denials that have been given to reports, preparations have been going on quite actively towards a provincial general election, and some time ago Saturday, Oct. 9, was tentatively set as the date for polling."

Ottawa, Sept. 14.—J. C. Saunders, assistant deputy minister of finance for several years, has been promoted to the position of deputy minister, in succession to T. C. Boville, C.M.G., who retired last spring on superannuation.

THERE IS ONLY ONE WAY TO DEAL WITH THE THING—JUMP ON IT!

TARIFF NEEDS TOLD BY MANUFACTURERS

In Special Statement Point to Progress of Canada Under National Policy.

Winnipeg, Sept. 14.—(Canadian Press)—In a statement presented by the Canadian Manufacturers' Association to the tariff commission, which opened its sittings here today, an effort has been made to show that manufacturing in Canada is inseparably connected with other industries; that two million wage-earners and dependents secure their living through manufacturing, and that the most of the remainder of the population derive indirect benefits; that this country as a whole has made remarkable progress under the national policy of protection; that, with the entire world swinging towards protection, Canada cannot relinquish it; that the revision of the tariff should be scientific and take into consideration the requirements of all classes; that a stable fiscal policy of protection with some assurance of permanence is a vital need; and finally, that the aim of the fiscal policy, determined as a result of this inquiry, should be to advance Canada towards her destiny as a fully developed nation within the British Empire.

Want National Policy. "In presenting this statement, the Canadian Manufacturers' Association respectfully begs to reaffirm its advocacy and support of the policy of adequate protection for Canadian industry; the policy which has been maintained since 1878 in Canada by all political parties that have held power."

Moreover, the association pledges its support to any measures which will hasten the adoption through the British Empire of substantial customs preferences for empire products, corresponding to the preferences now provided in the customs tariff of Canada.

Reply to Free Traders. In reply to the free trade argument that the home market is of little use to farmers on the ground that they sell in an open market where prices are fixed by international competition, and are forced to buy in a closed market, statistics are given to show that over 80 per cent of farm produce is consumed in Canada.

W. ONTARIO PUBLISHERS MEETING IN BRANTFORD

Brantford, Ont., Sept. 14.—(Special.)—The second meeting of the western Ontario publishers was held here today at the Kerby House with a large attendance of publishers from the western Ontario field. The program included an automobile tour of the city and luncheon at 12.15, after which the visitors took part in a discussion of subjects of mutual interest.

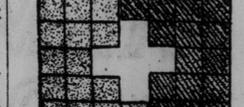

Little Laura Newcombe, the daughter of Mr. and Mrs. Reuben Newcombe, 127 Peel street, had her leg broken while playing in the school yard.

CHARGE TEN-CENT FARES

Saskatoon, Sask., Sept. 14.—The city council last night decided to adopt 10c cash fare on the Municipal Street Railway system. The new rates will come into effect with the winter car schedule, Oct. 1.

BICHLORIDE OF MERCURY KILLED OLIVE THOMAS

Paris, Sept. 14.—It is probable the body of the late Olive Thomas, the moving picture actress, who died here last week, will be shipped to New York on Saturday, on board the liner Mauretania. Jack Pickford, husband of the dead woman, and a few friends will accompany the remains to the United States.

PROVES HARD TO EXECUTE MAD CIRCUS ELEPHANT

Salina, Kan., Sept. 14.—It quired three rounds from five army rifles yesterday to kill "Snider," a trained elephant belonging to a circus showing here. The animal had gone mad, and started to wreck the menagerie. He threw one cage, containing four lions, a distance of 30 feet, and upset a score of others.

QUEENSLAND NEGOTIATES LOAN FOR A MILLION

London, Sept. 14.—The government of Queensland, Australia, has negotiated a temporary loan with the Bank of England of one million pounds sterling. Premier Theodore states, according to a message today to The Morning Post, that it will probably be used to pay interest in London on current issues.

FRENCH PRESIDENT MAY RESIGN

Paris, Sept. 14.—President Deschanel will probably be forced to resign because of ill-health, says the newspaper 'Eclair,' which says the French parliament will open its session early in November after electing a new president.

KINGSTON GAS SUPPLY WILL SOON BE NORMAL

Kingston, Sept. 14.—(Special.)—Kingston has been suffering from a gas shortage, but it was announced today that improvements to the gas plant will be completed in another month, when the supply will be plentiful.

Unable to Pay Thousand, Bootlegger Goes to Jail

Bellefleur, Ont., Sept. 14.—(Special.)—Geva Glich, a foreigner who is alleged, has been guilty of bootlegging whiskey, was before Magistrate Masson, arraigned on two charges of selling liquor. The accused was found guilty and a fine of \$1,000 and costs in each case was imposed, or six months in jail. Glich, unable to pay the fine, went to jail.

D'Annunzio's Forces Occupy Two Islands Near Fiume

Rome, Sept. 13.—Troops belonging to the forces of Capt. Gabriel D'Annunzio have occupied the islands of Arbe, Cherso and Veglia, in the gulf of Quarnero, southwest of Fiume, according to reports received here. Italian soldiers, making up the garrison on the island, are said to have joined the D'Annunzio volunteers.

This Display of Fireworks More Costly Than Expected

Ferrol, Spain, Sept. 14.—A fireworks display held here yesterday proved more spectacular than had been intended. Fire rockets set fire to a training ship and a number of smaller boats in the harbor, and heavy damage resulted.

MAY SELL LINERS BACK TO GERMANS

Britain Considering Sale Till Existing Law is Modified.

Washington, Sept. 14.—Great Britain has under consideration the sale of forty German liners and a number of cargo vessels to their former owners, according to advices received by the United States government from London.

The sale of the ships, which were awarded to Great Britain by the reparations commission, practically has been decided upon these advices say, but definite action has been held up until existing laws can be modified so as to permit of the sale of craft to the Germans.

Some officials of the United States government profess to see in this plan an attempt to hinder the development of the United States merchant marine, but Chairman Benson, of the shipping board, declared that immediate acquisition of a considerable tonnage by the Germans would in no way defeat the purpose of the agreement between the American Ship and Commerce Corporation and the Hamburg-American line for the opening of former German trade routes to German shipping.

Sinn Feiners Get Mails By an Ingenious Ruse

Bantry, Ireland, Sept. 14.—Sinn Feiners captured government mails being carried by airplane here yesterday, adopting a ruse to carry out their raid. A number of men dressed in British army uniforms made a large white circle in a field and deceived the airmen operating the plane so completely that they dropped mail bags, which were quickly picked up, taken to a motor car, and carried off toward Kerry.

THE HOUSE 'ROUND THE CORNER

By GORDON HOLMES

CHAPTER III.—Continued. "Oh, this is too stupid for words!" was the petulant reply, and the speaker swung into sight. The ladder was tilted steeply, and the steps were narrow. Apparently, the young gentleman in a gray flannel suit who materialized in this manner preferred to gaze at his rescuer rather than adopt the safer method of descent which involved a momentary turning of his back. Possibly, too, he was more nervous than his remarks betokened, for he was yet some distance from the floor when the lowermost foot slipped, and he fell. The toe of the other foot caught in a rung, and he was thrown violently into Armathwaite's arms, who, to save him from pitching headlong downstairs, had to clutch him with some force, whereupon the young man, who had two were entangled by a pall of darkness that seemed to have an actual quality of tangibility.

"Oh!" shrieked the youth, now thoroughly frightened, "please don't hurt me! I haven't done anything wrong. I haven't really!" Armathwaite's senses were steeped in the very essence of wonderment; he knew now that he was clasping a woman to his breast, hugging her most energetically, too, and his knowledge was at once disconcerting and irritating. But he had acquired the faculty long ago of remaining impassive in circumstances calling for rigid self-control, so he merely said, with curt reassurance: "If you'll not make such a row, and stand still, I'll find that confounded torch and shed a light on the situation."

He stopped and groped on the floor, being aware that the girl was panting with ill-repressed alarm the while. Luckily, his fingers soon closed on the nickel cylinder and he almost overwhelmingly gloom was banished. "Do you think you can manage to walk downstairs without stumbling, or shall I hold your arm?" he inquired, and the somewhat taunting question no less than his obvious disregard of his companion's terror, supplied a needed tonic.

"The ladder was steep and slippery," she called out, "and I can't possibly offer no difficulty, so I can dispense with your assistance, thank you." "Certainly this young person's way of expressing herself differed in every essential from her distinctly agitated state. She was not yet aware of the innate chivalry of the man in retaining from thrusting the torch close to her face and staring at her, but already her panic was subsiding, and she turned and hurried away so quickly that Armathwaite thought she meant to escape.

"Just one moment!" he said, then making the least effort to detain her otherwise. "Are there any more of you up here?" His sheer unconcern could not fail to lessen her agitation still further, and she halted on the next landing. "What do you mean?" she cried. Despite her qualms, she still maintained a curious attitude of defiance, as if she, and not the house's lawful tenant, had most cause to feel aggrieved in that attic!

"Of course I was. What a question!" "A natural one, from my point of view. I was found asleep, when you ally, Betty Jackson, kicked up a din in the hall, and you began pounding on the trap-door." "Poor Betty! Is she here? Betty! Betty!"

Leaning over the banisters, she peered into the blackness beneath. There was a glimmer of spectral light here, for a late-rising moon was adding to the silvery brightness of a perfect night, and some of its radiance was piercing, ignoring both questions, Armathwaite noted her action with increasing bewilderment.

"Betty fled as she were pursued by seven devils," he said, when no other answer came to her cry. "I guessed at some mischief being afoot, so planned a surprise for anyone crossing the hall without my knowledge. No matter what her earlier opinions, Betty believes in that ghost now."

"Ghost? What ghost? There is no ghost here. Do you think to scare me with a bogey, like a naughty child?" They were descending the broad stairs of the lower flight together, and Armathwaite had stolen one glance at the less-than-young figure. He was minded to smile at a cunningly-hidden safety pin which kept a broad-brimmed fisherman's hat of heather mixture cloth in position so that the girl's hair was concealed. The coat hung rather loosely on slender shoulders, but the disguise was fairly effective in other respects, and the masquerade moved with an easy grace that betokened a good walker.

"I have not occupied the house many hours, but I have come to the conclusion that it harbors certain strange fantasies," he said, taking the lead, and stopping to break a thread of wool, and ed across the foot of the stairs. "We'll find a lamp and matches in the dining-room," he added. "Suppose we go there and discuss matters?" "Isn't it rather late? Whatever time is it?" "Nearly midnight." "And aren't you rather hungry?" he replied, ignoring both questions. "I'm simply ravenous. I haven't eaten a morsel since 6 o'clock this morning."

"I can offer you bread and butter and milk. Shall I boil you some eggs?" "If you mention food again, I shall drop. Please, what time is it?" "Oh, I must be going! I must, really. The Jacksons will find me something to eat."

"You're going into that room, and unless I have your promise to remain there, you'll accompany me to the kitchen. Which is it to be—a comfortable chair, with a lamp, or a compulsory prowl thru kitchen and larder?" "I'll sit down, please," came the lad's admission. "I'm very tired, and rather done up. I walked miles and miles this morning, and the long hours up there in the dark were horrid."

Without another word, Armathwaite threw open the dining-room door and lighted the lamp which he had left on the table. The girl sank wearily into an arm chair; her action was a tacit acceptance of his terms. Somehow, he was convinced that she would not take advantage of his absence and slip thru the front door, which Betty Jackson had assuredly not wanted to lock. Among the kitchen utensils he had found a small oil stove in working order. In a surprisingly short time, therefore, he was back in the dining-room with a laden tray.

"Do you like your eggs soft-boiled, medium, or hard?" he inquired, treating an extraordinary episode with a nonchalance which betokened either temperament wholly devoid of emotion or a career crowded with uncommon experiences.

Some Better Horses May Beat Man o' War—Lookout

Sporting Editor World: To one who takes an interest in the thoroughbred horse, the fountainhead of the desirable qualities of the equine race, it is always gratifying to find a public journal sharing in that interest. The World's review of admiration for such an outstanding individual as Man o' War makes pleasurable and readable reading, but not all of us can go so far as to recognize him as undeniably the greatest horse ever seen in America, to say nothing of the rest of the world. So he may be, but he has not yet undertaken the test essential to complete glory. He runs fast and far, and he carries his weight, but his career does not yet furnish solid ground for comparison with the best of other times. You will notice that he has never raced against any but horses of his own age, two-year-olds last year and three-year-olds this season; it would be a bold statement to say that Man o' War has yet beaten a really first-class horse. Neither last year nor this have the horses he has beaten any claim to be considered especially brilliant, or perhaps the extraordinary speed of the son of Fair Play has served to make them look even less useful than they really are. In all probability—and I believe it is the case—Man o' War is the greatest horse that is planned for him—he will wind up this season with practically all the American time records, sprinting and distance, to his credit. He is an absolutely sound horse, and no existing mark seems beyond his capacity. If he continues well, but the turf is a stern critic, and Man o' War must conquer other than three-year-olds before he can be accepted as the equal, or of the Australian Carbine, to mention only one great horse, who has triumphantly thru all the tests of equine greatness. LOOKOUT.

STREET ENCOURAGED BY RESULT OF LARGE ELECTION

New York, Sept. 14.—The stock market took on a political tinge today, traders and the speculative market generally are looking for the greater activity and higher prices to the outcome of the election.

This theory was confirmed at the recent that commission notes with direct connections to important centers of the speculative market.

The feature of the railway division was the feature of the market. The railway division was the feature of the market.

Advices from Mexico quoting officials of that country in terms favorable to foreign-owned concessions gave impetus to the oil, especially Mexican and Canadian.

An interesting sidelight on current industrial conditions in the central west was presented by the suspension of common dividends on Cudahy Packing and National Trading yesterday.

The Toronto stock market had no disposition yesterday to break away from speculative stagnation.

The transactions on the Standard Mining Exchange yesterday were again small, with a total of only thirty-two thousand shares.

The technical position of the market remains unchanged, and brokers have just set themselves to waiting for some change in the public attitude.

Laurentide, Price Brothers, in Advances at Montreal. Montreal, Sept. 14.—Today's market in local securities on the local stock exchange was largely a continuation of that of yesterday with little of interest and with an irregular trend of prices.

BANK'S INTERESTS IN WEST EXPAND

"Commerce" Establishes Additional Superintendency—New Appointments Made. In view of the rapid development which has taken place in the central west, the Canadian Bank of Commerce has decided to establish an additional superintendency.

Mr. C. W. Rowley has been appointed superintendent of branches in Manitoba and Saskatchewan, with headquarters at Winnipeg, and Mr. J. E. Corbet has been appointed superintendent of branches in Alberta.

Mr. C. W. Rowley has been the last nine years manager of the bank's branch in Winnipeg, and is very well known in the west, having been accountant at the Winnipeg branch during the years 1898-1902, after which he served in Vancouver for a short time, and in October 1902, established a branch of the bank in a flourishing business at that point.

Mr. J. B. Corbet entered the bank's service at New Westminster in 1901, gaining his training at the Pacific coast, and in 1903 was brought to Toronto. From that date until July, 1911, he was attached to the head office staff, where he gained valuable experience in administrative work, which fitted him for the appointment of assistant inspector at Winnipeg in 1911.

Mr. C. G. K. Nourse, the present manager at Calgary, will go to Winnipeg as Mr. Rowley's successor. Mr. Nourse has spent many years in the west, having been in the bank's service in the Yukon during the gold rush from 1898 to 1903, the latter part of the time as manager of the Skegway branch. In 1903 he was appointed manager at Prince Albert, and in 1905 manager at Lethbridge, which post he held until 1913, when he was appointed manager at Calgary.

Mr. Nourse will be succeeded in Calgary by Mr. A. Mayhew, the present manager at Moose Jaw. Mr. Mayhew spent ten years in various branches of the bank in Ontario before his appointment as inspector's representative in Winnipeg in February, 1903. In September, 1906, he was appointed manager at Brandon, where he remained until 1917, when he was appointed manager at Moose Jaw.

The particular occasion of these important changes is the retirement of V. C. Brown, who has been superintendent of the bank's business in the central west since May, 1911.

M'INTYRE HAS GOOD EARNINGS

Large Increase in Ore Reserves Also Shown in Annual Report.

The eighth annual report of the McIntyre-Porcupine Mines, Limited, covering the fiscal year ended June 30, shows satisfactory earnings. President J. P. McKinnon says: "An operating profit of \$1,051,043.84, and a non-operating profit of \$228,828.24, making a total of \$1,279,872.08, was earned during the year, as compared with \$839,588.62 for the previous year.

The cost of producing any commodity is mainly determined by the cost of labor, the cost of materials used in its production, and—in the case of mining—the depletion of ore. The latter generally represents a mine's chief asset. It therefore follows that an increase in wages must inevitably be reflected in the thing produced, which, in the case where the burden is passed along to the consumer, does not necessarily reflect adversely in the earnings, but where the value is fixed, as it is with us, must, if continued indefinitely, reflect unfavorably in the ratio of net profits to gross production.

The result of the limited amount of development work we have been able to accomplish, owing to the scarcity of labor, has been very satisfactory. After production of \$2,080,175.44, the ore reserves have been increased approximately one million dollars over last year's estimate.

Recent drilling has indicated the extension of new vein system, which is No. 5 vein, 480 feet to the south, below the thousand-foot level. The intersection shows good width of ore, better than our average grade ore, and being located on the north contact of the quartz porphyry, considerable improvement is expected in this discovery.

The annual meeting of shareholders will be held in the Standard Bank Building on Oct. 7, at 2 p.m.

When Personal Executorship Flourished

BUSINESS in the days of old Upper Canada was not so complex as it is nowadays in the federated Provinces. Their cities were small and isolated. Communications were difficult. Interests were more purely local.

It was possible then for a man to attend to his own business and still to have some time left to give to business for his friends.

Yet even then personal executorship had its disadvantages; and now the disadvantages of personal administration are even greater. Have you considered them? We are glad to mail anywhere our booklets describing how the modern trust company has overcome them.
