Slight Advance Near Ypres; No Further Gain Near Cambrai

British Report Says no Change on Front There; French Hold Firmly; Enemy Fail in Great Encircling Attack Against Italians

London, Nov. 23—The British have advanced their lines slightly in Flanders, southeast of Ypres, so the war office announces. The situation on the Somme front southwest of Cambrai is unchanged.

OUR CASUALTIES "INCREDIBLY SMALL"

British Headquarters in France, Thursday, via Reuter's Ottawa Agency—We have not yet reached the limit of our victory. The success grows hourly. The total of prisoners is approaching 9,000. Great stretches of new country and fresh villages are being captured, besides increasing in depth the wedge is spreading at the base.

The weather continues most unfavorable, a heavy mist preventing all plane observation. Nevertheless, the air-men continue to fly over the battle-ground, penetrating far into the enemy territory at the level of the troops.

Our casualties are almost incredibly small. The troops are most cheerful, and are resting over new and fresh ground, where villages have not been destroyed and tilled fields abound.

London, Nov. 23—The official statement on aviation activities issued last night reads: "Further details received show that attacks made on Tuesday on the enemy's infantry and tanks were most successful. On Wednesday the weather was even more unfavorable for flying than on the previous day, but successful reconnaissance over the enemy's lines was made to keep in touch with our infantry. No enemy airplanes were encountered. None of our machines is missing."

WALL STREET NOON REPORT

New York, Nov. 23—(Wall street noon)—The market was without definite trend during the dull first hour, on alternate declines and recoveries. Prices showed more stability later when United States Steel and other equipments and such specialties as Linsend, Corn products, Leathers, Oils and Sugars, Ralls failed to share in the movement.

BEARING PEACE PROPOSALS FROM CENTRAL POWERS

Russian Diplomat Said to Be on Way From Stockholm To Petrograd

Stockholm, Nov. 23—According to the Tidningen, a Russian diplomat left Stockholm yesterday for Petrograd with orders to hand to the Russian revolutionary government proposals for peace by the Central Powers.

London, Nov. 23—Leon Trobky, the Bolshevik foreign minister, according to a Reuter despatch from Petrograd, announces that the Russian secret diplomatic correspondence is in his possession, and will be published immediately. It is reported, the despatch adds, that the revolutionary committee at Moscow has seized the branch state bank there. It is said that 100,000,000 rubles recently were transferred there from Petrograd.

London, Nov. 23—Another general strike has been declared in Finland, according to Reuter despatch from Helsinki under Wednesday's date. It is being called by the Finnish workers, and is intended to compel the substitution of the diet dissolved in July, which had a socialist majority, for the existing diet, where the socialists are in the minority. Minor fighting is reported in various parts of the country.

Reducing Russia's Armies. (Petrograd, Nov. 22)—A reduction of the Russian armies, beginning with the frontiers, has been proclaimed by the Bolshevik leader, M. Lenin, in an official announcement today. The order is to take effect immediately.

AMERICAN TRANSPORTS IN EXCITING TIME IN THE WAR ZONE

A French Post, Nov. 23—The latest American transports to reach here had an exciting trip through the submarine zone. During the first night in the zone two transports collided. One was slightly damaged while the other had a small hole torn in her bow and a few projecting guns damaged. Temporary repairs were made and the ships proceeded.

GIFTS TO CANADIANS AND BRITISHERS AT FEDERATION MEETING

Buffalo, N. Y., Nov. 23—A subscription of \$10,000 to the Canadian Victory Loan was announced by President Samuel Gompers at the afternoon session of the American Federation of Labor yesterday, and the delegates from Canada and Great Britain were given gold watches and rings as mementos of their visit.

PRIVATE D. T. MOWERY, Son of Mr. and Mrs. Armour Mowery, of 93 Harrison street, whose death in the war was announced last evening.

PRIVATE ALORN PETTIGREW, Brother of Mrs. Whitcomb of Brussels street. Announced killed in action, in yesterday's Times.

EGG PROFITEERS WANT GOVERNMENT HELP IN UNLOADING AT HIGH PRICE

Audacious Proposal Made to Food Controller's Department But no Suggestion of Lowering Prices to People

Montreal, Nov. 23—A despatch to the Gazette from Ottawa says: "Certain dealers in eggs, who have accumulated for export, stocks estimated at several million dozens, and who now find it impossible to ship the goods out of the country, have been engaged, it is said, in negotiating with a branch of the food administration with a view to furthering a scheme for marketing their holdings in Canada. The plan suggested is understood to have been that the government should purchase the eggs at a price to be determined by the government, and the merchants would be contented by the dealers."

Butter Also Too High. A steady accumulation of butter is commented on by W. F. O'Connor, acting commissioner on the cost of living, in his monthly report on food commodities, covering the month of October. He says that the price of butter in November, 1916, was 10.4 cents per pound, as compared with 10.0 cents in October, 1916. He points out that the price of butter is not a seasonal commodity, and the realistic demand is not abnormal. In his opinion the ruling price of butter is unreasonably high, and is held up, to some extent at least, by means of unjustified accumulation.

The price of butter, says the commissioner, "should decline. The conditions do not justify the present price and under the terms of the order-in-council of November 10, 1916, offers of reasonable prices therefore to those holding undue quantities cannot be refused without risk of offence against the terms of that order-in-council."

"There is notoriously an absence of opportunity to ship which has resulted in a falling off of demand. Perishable stocks are being held notwithstanding. It would seem that plain business procedure would dictate the placing of these eggs in the Canadian market at once, otherwise there is likely to be a serious loss of valuable food."

One was slightly damaged while the other had a small hole torn in her bow and a few projecting guns damaged. Temporary repairs were made and the ships proceeded.

PREPARE THE GERMANS FOR NEWS OF LOSS OF JERUSALEM

Amsterdam, Nov. 23—The German newspapers are preparing the public for the loss of Jerusalem.

The Dutch Algemeen Zelfing says that to elope to places "which would bring us no military advantage would be tantamount to the useless sacrifice of numerous Turkish lives, and our own troops and would likewise involve serious losses."

COLONEL HOUSE IMPRESSED BY BRITISH ORGANIZATION FOR CARRYING ON THE WAR

London, Nov. 23—Prior to the departure of the American mission for Paris, Colonel E. M. House authorized the following statement: "I have been impressed by the wonderful machinery you have created here at the heart of your empire to control your part of the war. You have given the world an example of the efficiency of democracy, which will be of lasting value. The glorious victory of the Somme is the beginning of the realization of this efficiency and will hearten every lover of democracy throughout the world."

"We also are creating in Washington a vast new machinery of government to bring our resources to bear, and we shall profit by what we have seen here."

LONDON POST MAKES ATTACK ON VATICAN

London, Nov. 23—The Vatican is accused, in an editorial in the Morning Post, of being implicated in a propaganda which the newspaper says was largely responsible for the recent Italian reverses. Reviewing what it describes as Vatican machinations, the Post declares that its point activity during the war "can by no sophistry be regarded as consistent with the principles of neutrality."

CORN PRICES HARDEN; OATS HIGH AGAIN

Chicago, Nov. 23—Unfavorable weather conditions tended today to make corn prices harden. Dampness and mild temperatures prevailed, whereas a huge proportion of the new crop needed continued dry cold to render the quality of the grain desirable. There were reports also that the additional empty cars promised by Washington authorities would not be furnished for corn, but that shippers would be allowed to choose whether to forward corn or oats. Opening prices, which ranged from 3 1/2 cent off to 3/4 cent advance, with January at 1.20 to 1.20 1/2 and May at 1.17 1/2 to 1.17 1/2, were followed by a moderate general upturn.

For the third day in succession oats went to a new high price level for the season. Scarcities of arrivals continued to be the main factor.

TWENTY THOUSAND MEN OVERSEAS BY JANUARY 1

SOME OF THE TANKS MET MISHAP BUT WORK WELL DONE

Direct Hits Knocked Out Several, Others Were Overturned by Shell Fire—Greatest Number Ever in Any One Action

London, Nov. 23—Nothing has been announced here officially or unofficially concerning the number of machines concerning what the correspondents describe as the "grand fleet" of tanks employed in Tuesday's advance, but the number apparently has been greater than in any one previous action. Casualties, of course, were inevitable in an operation of such a scale, but the special despatches agree that they are not great. Some even describe the tank losses as slight.

One writer says that "a number" were knocked out by direct hits from German big guns. Another says that some were overturned by shell fire and others were bogged. One or two buried their noses in the soft earth or turned over in trying to climb steep banks. One fell into a canal, but it is evident that the great majority plunged ahead unshaken.

London, Nov. 23—Nothing has been announced here officially or unofficially concerning the number of machines concerning what the correspondents describe as the "grand fleet" of tanks employed in Tuesday's advance, but the number apparently has been greater than in any one previous action. VICTORY LOAN REPORTS GOOD

London, Nov. 23—According to an announcement late last night at dominion headquarters, subscriptions amounting to \$15,711,200 have been received to date throughout the dominion for the Victory Loan. The number of subscribers is given as 120,466, of which 97,288 are in Ontario.

Quebec, Nov. 23—The Quebec provincial government today subscribed one million dollars to the Canadian Victory Loan.

The Victory Loan Campaign is still in full swing in St. John and the canvassers still feel that before the allotted time of gathering in the subscriptions is up that St. John will have subscribed well up to the \$4,000,000 mark. The special canvass of the business houses yesterday proved very successful, as more than \$100,000 was subscribed. The canvassers were much pleased with the result as in some cases where business firms had subscribed previously they put in another application. The result of today's work was not known at the time of going to press, but from reports everything looked encouraging.

SUPREME COURT MATTERS; ONE UNDER PROHIBITION

Fredrickton, N. B., Nov. 23—Before the appeal division of the supreme court, Chief Justice Hazen, Judge White and Judge Grimmer, present, argument was heard today in connection with orders issued by the court in two Fredrickton matters.

The first was the case of Thomas and Joseph Romanus, two Syrians, of Devon, convicted by Police Magistrate Limerick of assault on another Syrian with intent to do bodily harm. In this the rule to quash conviction was refused.

The other was the refusal of Chief Inspector W. D. Wilson to issue a beer license to R. Bruce McFarlane, of Fredrickton, and the attempt to compel the chief inspector to issue one. Argument is unfinished. In the case, P. J. Hughes showed cause against a rule nisi for a mandamus granted for the chief inspector. He argued that the issuing of the license was discretionary on the part of the chief inspector.

PRO-GERMAN GREEKS TO BE SHOWN DOOR

Athens, Nov. 23—About 150 pro-German Greeks have been arrested, charged with espionage, propaganda and distribution of false news. They will be expelled.

Increasing Number of Vessels Sunk "Without Trace"

London, Nov. 22—In the House of Lords today Admiral Lord Charles Bessford called attention to the increasing number of ships that are "missing without trace," and to the disclosure in the communication of Count Von Lottburg, former German minister to Argentina, of Germany's plans for the sinking of vessels in this manner. Lord Lytton, civil lord of the admiralty, replying to Lord Bessford, said that in the three years ending with October last 122 vessels had been lost "without trace." The normal average in peace times, he added, was fifteen vessels yearly. As the result of inquiry, Lord Lytton said, he had no reason to believe that such disasters were increasing.

Militia Minister Says He Considers That His Duty

5TH DIVISION DOWN TO 10,000

He Does Not Mean to Spend Much Time Electioneering But Will be Busy Getting Men Away—Hon. Mr. Carvell Leaving Ottawa For East Today

Hamilton, Ont., Nov. 23—"I feel it is my duty to get 20,000 men overseas by the first of January."

This was the important statement made by Major General Merburn, minister of militia and defence, to a mass meeting of women here yesterday afternoon. He declared that the fifth division now numbers less than 10,000 men, and would probably have to be "wiped off the slate" in order to reinforce men on the fighting line. For that reason, he said, he was not going to spend much time electioneering; his chief duty was to get men overseas.

Sir George E. Foster and Hon. N. W. Rowell, both ministers, said that there was only one issue before the election, that issue being whether Canada should continue in the war, or should call a halt and finally forget her obligations.

Urging the sinking of party differences for the sake of the men at the front, and appealing for unity so that the war might be vigorously prosecuted, Sir George E. Foster, Major General Merburn and Hon. N. W. Rowell delivered stirring speeches at a mass meeting here last night. Nearly 3,000 were present.

DUTCH REAPING WHAT THEY SOWED

Allowed Damaged German Destroyer To Repair and go Home—Now She Sinks Dutch Vessels

London, Nov. 23—In the last few days the Germans have sunk five Dutch fishing boats, three outside the harbor from Amsterdam. The German destroyer V-89, which shares in the destruction, was damaged in a fight with British warships in last January. It was repaired at Ymuiden, Holland, and allowed to return to Germany.

U-BOATS LOOKED FOR OFF BRAZIL IF NOT ALREADY THERE

Rio Janeiro, Nov. 23—A resident of Rio Janeiro, well known in Brazilian society, has been arrested for photographing sections of the coast, especially near the German colonies. A search of his house revealed extensive plans for the operation and subsistence of submarines in Brazilian waters.

The authorities are of the opinion that it is the intention to operate German submarines along the Brazilian coast, if indeed they have not already arrived. As a result all navigation lights along the Brazilian coast have been shut off, and vessels are navigating without lights. Fishermen and passengers on coastwise vessels report having seen a submarine near this port, and Brazilian warships have been seeking it.

Miss Grimmer, who presided, read a letter of thanks from Mrs. Hooper for the work done by the Y. W. P. A. in distributing hangers for the National Service Committee. She also brought a message of thanks from Senator Thorne for assistance given the Victory Loan committee and urged members to invest in Victory bonds. Many have already done so. Miss Grimmer spoke on the necessity of each girl who had a vote registering so as to be qualified to vote at the election. The treasurer's report showed receipts, \$631.11; expenditures, \$181; reserve fund, \$26.10; Returned Soldiers' fund, \$100.18. There is a balance of \$77.86 on hand. It was decided to buy a \$1000 Victory bond to adopt two prisoners of war, to donate \$20 to Matron Edith McCafferty for comforts for soldiers, to give \$10 to S. C. A. wool appeal and to send \$5 and the socks on hand knitted by the association members to Miss Mollie O'By for the 9th C. M. R. THE HUN IS AT THE GATE. (Halifax Chronicle) This is not the time for political and partisan dispute. This is not the time to apportion the blame for the state to which politics has brought this country. Let that wait on victory. Just so sure as the sun shines in the heavens, there will be a reckoning for those who, during this war, played politics to the verge of hell. But our business for the moment is with the Hun. He is at the gate. Let us get together and drive him away and then let us have vengeance upon those leaders who have played false to the trust which we imposed upon them. They cannot escape. The uttermost parts of the earth will not shelter them. They shall reap what they have sown, if we but await the harvest time.

THE CALL FOR MEN.

Gen. Mewburn says he feels it his duty to send twenty thousand men overseas by the first of January. The minister would not make this statement without grave reason.

tion should also be directed to the stocks of butter and potatoes in dealers and producers' hands.

HONOR OR BOURASSA?

The Canadian-casualties in the battle of Passchendaele were about eleven thousand. This means another large draft upon the fast thinning reserves in England.

What would the men in the trenches say, knowing as they do that Germany is rushing large additional forces from the Russian to the Flanders front, if they were told there was a possibility of their being deserted by Canada, and no further assistance given them?

There is heavy fighting on the western front. The daily casualty lists tell the story of the thinning Canadian ranks. Grief reigns in homes in St. John and throughout the province because of loved ones lost.

Of the decline in drunkenness the Halifax Chronicle says—"Drunkenness in England and Wales has declined since 1909. In that year there were 128,196 convictions of males and 82,638 of females.

THE BRITISH VICTORY. Today's more extended account of the brilliant success of the British in the Cambrai sector shows that a really great victory has been won, whether Sir Douglas Haig is able to follow it up and whether he must rest for the present on the laurels already won.

THE SERIOUSNESS OF THE FOOD SITUATION is indicated by the fact that New Brunswick is asked to produce its own supply of wheat next year. We must not for a moment forget that the food supply is vital, and upon it may turn the fortunes of the war.

THE EGG PROFITTEERS. Millions of dozens of eggs have been stored by profiteers who now find they cannot export them, and they have had the nerve to ask the food-control department to help them advertise these eggs and urge the people to eat eggs instead of bacon.

There are nearly 20,000 Canadian soldiers in hospitals in the United Kingdom. How would you vote if you were one of them or one of the men in the trenches? The death of Mr. H. Hanington, K. C., removes a familiar figure, and a man who through a long life took an active part in public affairs.

"Almost a miracle"

That is what Rabbi M. Shallit of Edenbridge, Sask., says regarding a cure by Zam-Buk, of which he gives the following particulars: "A short time ago," said the Rabbi, "a man brought his little son to me and asked if I knew of anything that would cure the child of a terrible skin disease, with which he had suffered for three years.

THE FATHER'S ACCOUNT The following letter from the father of the boy expresses his gratitude: "The Zam-Buk Company, Toronto Dear Sir, I beg to testify that my boy suffered for three years with a severe skin disease, which doctors tried to cure, but in vain.

Suspension of 30 Days For Captain Sullivan Gump Wadsworth, Spartanburg, S. C., Nov. 23—The findings of the general court which a month ago tried Captain Howard E. Sullivan, Battery D, 10th Field Artillery, on a charge of having supervised the beating of Private Otto Gottschalk on Oct. 13, are announced.

Both Fight and Pay. (Christian Science Monitor.) Some knowledge of the quality and temper of the men composing the expeditionary force under General Pershing may be obtained from the fact that they subscribed \$250,000 to the second Liberty Loan. This is a pretty good proof of their willingness to stake everything they possess on the cause in which they are enlisted.

**SCROFULA AND ALL HUMORS GIVE WAY**

There are many things learned from experience and observation that the older generation should impress upon the younger. Among them is the fact that scrofula and other humors, which produce eczema, boils, pimples and other eruptions, can be most successfully treated with Hood's Sarsaparilla.

This great medicine is a peculiar combination of remarkably effective blood-purifying and health-giving roots, barks and herbs, which are gathered especially for it.

Hood's Sarsaparilla has stood the test of forty years.

Farwell to Pastors.

Rev. John Hardwick, pastor of St. Matthew's Presbyterian church, who lately resigned the pastorate to remove to the United States, was given a farewell reception last evening by his congregation. Addresses were delivered by Rev. Dr. Morrison, Rev. F. W. Townsend, of Fairville, and George T. G. Blewett, of the congregation. Charles F. Stephens presided.

Rev. Dr. Morrison's address was especially eloquent. He referred to the loss which the church, the city and the ministerial body would sustain by the removal from St. John of Rev. Mr. Hardwick. He made special reference to Mr. Hardwick's devoted work and his eloquence as a preacher.

MORE DONE IN TWO DAYS THAN GERMANS ACCOMPLISHED IN FIFTEEN AT VERDUN

Fierce Hand-to-Hand Fighting now on Comparatively Open Ground—People, Released From German Slavery, Give Heart Interest Touch to Scene

British Army Headquarters in France, Nov. 22.—(By the Associated Press)—The success of the British arms in the Cambrai sector has continued to grow steadily, and Field Marshal Haig's troops in a little more than two days fighting have overrun an area equal in size to that won by the Germans during the first fifteen days of their spectacular drive on Verdun.

British cavalry, tanks and infantry were today battling their way forward along a line which at many points, west and southwest of Cambrai, was less than three miles from that important town. The advance was spreading northward in the region of Bulcourt and the salient towards Cambrai was being widened. The total of prisoners captured must approach the 5,000 mark.

At last the British and Germans are at grips on comparatively open ground, at grips on the fiercest hand-to-hand fighting of the war has been going on. The enemy troops were unprepared for the attack, but they have been putting every ounce of their strength into an attempt to stem the rising tide.

Troops have been pulled away from other points and rushed to the Cambrai sector by the desperate Germans, and so hard pressed were they for men that two companies of cripples and convalescents were recruited hastily at one camp and thrown into the line in the region of Macerics. Some of these pitiful objects are in British hands, and are receiving medical treatment. One prisoner was in the last stages of tuberculosis, and he had to be moved to prevent the disease from spreading to the others, who were in a state of cruel exhaustion and virtually helpless from their valiant attempts to fight under the lash of their unrelenting officers.

The great battle field has taken on the aspect of scenes in wars gone by. It is no longer a conflict of machine-guns, shells, and bayonets over a virgin battle ground, while the long neglected cavalry sweeps in picturesque charges against the enemy positions over the wide territory involved.

The roads everywhere for two days have been swarming with advancing troops and with prisoners and civilians coming back from the front. Many rejoicing non-combatants, men, women and children, have been pouring out of the captured towns under the guidance of their deliverers from German bondage.

Civilians To Satisfy. This has been a battle of strange sights, but no more striking spectacle has been witnessed than that of these people marching toward homes and comfort back of the British front. Through the very gaps which the tanks had torn in the famous Hindenburg line, mothers yesterday and today were pushing baby carriages containing infants or tramping happily along with their babies clutched to their breasts. Beside them tottered other youngsters, many of them carrying their treasured dolls, and not a few clinging determinedly to squirming puppies which they dared not trust to run on the ground. Old men and women were bringing away all the household effects they can pack on push carts or carry on their backs. For three years

they had been in captivity and some of them in slavery. Hard fighting has taken place today at Crevecoeur, southeast of Masnières. The British were holding a high ridge in front of this place, and some troops had forced an entrance into the western part of the town. The Germans were still holding the eastern section. A German battery here, which had been giving trouble, was charged and captured by dismounted cavalrymen. The battery was surrounded by heavy barbed wire entanglements precluding the use of horses, so the soldiers stormed the position on foot and annihilated the gun crew.

In the region of Rumilly heavy machine gun and rifle fighting was proceeding last night and this morning. West of Cambrai, tanks, cavalry and infantry were pressing the attack vigorously about Fontaine Notre Dame, and the strong position in Bourlen Wood. Fontaine Notre Dame has not been officially captured, but the story goes that tank crews were served by the civilians in this place with hot coffee this morning. (Field Marshal Haig's official report on Thursday night said the Germans had retained Fontaine Notre Dame.)

Further north, near Bullecoeur, the British were in possession of the entire underground fortification known as the tunnel trench, which had been famed for its supposed impregnability. At least five determined counter-attacks have been smashed in this region. Southeast of Bullecoeur hard fighting occurred at Moeuvres last night, and a strong counter-attack was repulsed. The last line of trench defences in the region of Cantaine have been broken, and the British today were firmly established at many points in the Masnières-Bourlen line south of Cambrai.

EIGHT HOUR DAY AND MORE PAY

Four Thousand Grand Trunk Men Benefit—The Situation on the U. S. Roads

Montreal, Nov. 22.—Four thousand Grand Trunk conductors, brakemen and other employees will get the eight-hour day and an increase in pay as a result of an agreement between the officials of the trainmen's union and the company.

Washington, Nov. 22.—The railroad brotherhood chiefs in a statement issued tonight, after a two hour conference with President Wilson on the wage dispute, announced that any suspension of transportation would be avoided and declared their willingness to discuss and consider any suggested solution of the difficulties.

JOY-RIDER GIVEN 5-YEAR SENTENCE

J. P. Desrosiers, Chauffeur, Caused Death of Young Girl and a Man in Montreal

Montreal, Nov. 22.—Mr. Justice Pelletier, in the king's bench, sentenced to a five-year term in the penitentiary, Jean Paul Desrosiers, who had been found guilty on a charge of manslaughter at the term of the king's bench just concluded. Reckless automobile driving and "joy" riding, as the young man's crime is called, caused the death of a young girl, Anna Hebert, 15 years old, and a young man, named Charles Rioux. His Lordship, in sentencing Desrosiers, made some remarks on automobilists who rush out and take risks which end in the destruction of the lives of others.

"You belong to that category of automobile owners who believe that they have exclusive rights to the roads, and who make themselves a terror to pedestrians. You have been recommended to the mercy of the court by the jury. Many citizens, respectable people, have asked clemency on your behalf. There are always so many sorry-hearted citizens asking for clemency for those convicted of grave crimes. It is time that such a sentence should be made. You knew that it was contrary to law that you should go at an excessive rate of speed. One of your passengers was killed, and the other, a little girl, died later. Were it not for the recommendation of the jury to mercy, I would sentence you to twenty years. As it is, I will sentence you to a term of five years."

DR. A. M'PHAIL FOR SELECTIVE DRAFT

Halifax, Nov. 23.—Dr. Andrew Macphail of Montreal, major of the army medical service, lectured before the Canadian Club last night on "Is This Our Necessity?" It was an appeal for reinforcements for the Canadian armies overseas and an approval of the system of selective draft for raising an army rather than by volunteers. The system of voluntary enlistment, Dr. Macphail said, was a deadly one, bringing into the army all the men of high spirit, and bringing in also men of low physique who instantly became a burden instead of a support.

REPLY BY SIR WILFRID LAURIER TO THE PREMIER

Letter in Answer to Statements in Sir Robert Borden's Speech Relative to Co-operation in Recruiting

Ottawa, Ont., Nov. 23.—Sir Wilfrid Laurier has given out a reply to a statement made at Sydney, N. S., by Sir Robert Borden, when he said that on two occasions he had asked the Rt. Hon. Sir Wilfrid Laurier to co-operate with him in regard to recruiting. Sir Wilfrid's statement follows: "I have noticed in the press a statement made at Sydney, N. S., by the Rt. Hon. Sir Robert Borden to the effect that on two different occasions he had requested me to co-operate with him in connection with voluntary recruiting and that I had refused. I wish to state in reply that I have no knowledge whatever of these invitations. I remember quite well that, at the outbreak of war, I directed a communication of which the following is a copy, to Sir Robert Borden:—

"Dear Sir Robert Borden:—There is every probability that the war will be of long duration, and I understand that the government is already contemplating the organization of a second contingent. May I suggest that, as our population is composed of various ethnic elements, it might be well to recognize the fact and to allow the formation of units out of these several elements? "The war office at all times has taken advantage of the force of race sentiment in the formation of the army. At all times it has recruited purely Scotch regiments, as well as purely Irish regiments. We understand that Lord Kitchener has just theorized the recruiting of an exclusively Welsh force. The aim I have in view is in reference to the formation of a French-Canadian regiment. You are probably aware that a movement is on foot in Montreal and elsewhere for the purpose of raising such a regiment. There is every reason to believe that if the formation of a French-Canadian unit were authorized there would be a generous response. "I offered these observations with the sole object of helping in the cause which we have all so much at heart. If you think well of my suggestion I will be happy to assist in any way that may be deemed advisable, and I will hold myself ready to meet you at your convenience for a mutual exchange of views, both as to the object itself and the best means of attainment. "Yours sincerely, "SIR WILFRID LAURIER."

"While the proposals made in this communication were approved of by Sir Robert Borden, I cannot say that I have any recollections whatever of being asked to co-operate with the carrying out of them. It is true that in the fall of 1916, I was asked to co-operate in the selection of a parliamentary committee to serve under the national service board. The reasons why I declined are well known to everybody, and I think events have proved that my action was justified in the matter. Further than that, no appeals were made to me by Sir Robert Borden or through me to any members of my party, to assist in the voluntary recruiting system of this country."

WILFRID LAURIER WOULD TRY MALVY ON TRIAL CHARGE

Paris, Nov. 22.—Louis J. Malvy, former minister of the interior, introduced in the chamber of deputies today a bill proposing that the chamber name a committee of thirty-three members with a view to sending M. Malvy before the high court on the charge of treason.

A. H. Hanington, K. C. The death of Augustus Harvey Hanington, K. C., occurred yesterday afternoon at the home of his son, C. S. Hanington. Mr. Hanington was a member of a distinguished family, the son of the late Hon. Daniel Hanington, of Shelburne, who was for more than fifty years speaker of the legislative council. Mr. Hanington is survived by his wife, one son and five daughters. The son is C. S. Hanington, of this city, and the daughters are Mrs. Wardlaw Taylor, of Toronto; Dr. Mabel Hanington, of St. John; Miss Frances Hanington, of New York; Mrs. Frederick Rous, of Toronto; and Mrs. Dewdney, wife of Archdeacon Dewdney, of Prince Albert (Sask). Mr. Hanington is also survived by three brothers and three sisters. The brothers are T. B. Hanington, of this city; Dr. J. P. Hanington, of Montreal, and Major C. F. Hanington, now in Montreal, who has just returned from France. The sisters are Miss Hanington, of Shelburne; Mrs. Edwin Godfrey, of St. John, and Mrs. Walter Covert, of Montreal. Mr. Hanington was seventy-four years of age. He received his education at the Sackville Academy and studied law with his brother, the late Judge Daniel L. Hanington, of Dorchester, and came to St. John and was admitted to the bar in 1867. In 1867 he married Miss Jane E. Chase, of St. John, who survives him. He started in law himself, and later with Thomas Millege formed the law firm of Hanington & Millege. Later he was associated with Sheriff A. A. Wilson and then with M. G. Teed, K. C. He then formed a law firm with his son and remained a member of the firm of Hanington & Hanington till the time of his death. Mr. Hanington was always interested in Sunday school work and for more than twenty-five years he was the superintendent of Trinity Sunday school. Mr. Hanington was the originator of the plan for starting Rockwood Park, and he spent a long time and much labor in interesting people in his project, and afterwards was always one of the leading members of the board of directors of the park. Mr. Hanington's death will be sincerely regretted by a large number of friends both in the city and in Dorchester and Shelburne. Speaking last evening of Mr. Hanington's death, Sheriff A. A. Wilson said: "I regret very much to hear of his death. I was associated with him for ten years in partnership and always found him to be an upright man and a good friend."

MOTHER MISSING. Four-Year-Old Kid in Hospital Calls in Vain.

(Montreal Star) There is a little four-year-old kiddie named Mary Walters up at The Children's Memorial Hospital, who calls for mother every day. But mother does not come. Mrs. Mary Walters was a constant visitor at the hospital until a year ago, but since that time she has disappeared, apparently leaving no trace behind. The social service department of the hospital have made inquiries at her former address, 188 Agnes street, but no one is able to tell anything of her present whereabouts. Little Mary has now been treated for about four years for tubercular spine in the Protestant Infants' Home and The Children's Memorial Hospital. She has reached a stage in her convalescence when she should really be sent from the hospital proper to a home. In order to make the change it is desired, if possible, to obtain the consent of the child's relatives, but up to the present no one belonging to her can be found. Mrs. Walters is a widow, Irish-American, Protestant, who came to Montreal some years ago with her little girl.

Why Roman Meal Is Superior To Other Foods

It is a complete food. Every ingredient required by the body for perfect health must come from food. There is not one essential food element missing in Roman Meal; all are present in proper proportion. Roman Meal is thus a "balanced ration." This accounts for the sense of "wellness" following use of

Dr. Jackson's Roman Meal

It is superior because: First—It is the only balanced ration sold in package form being composed of wheat, rye, bran and flaxseed—the latter rendered odorless and tasteless by electricity. Second—Our digestive canal was developed into a forty-foot tube of muscles because our ancestors lived upon food with more waste than nutrition, considered by bulk. This waste was largely grain waste. Without plenty of waste the digestive canal does not function properly, and constipation results. Roman Meal contains exactly the right amount of waste. Over-milled and over-refined foods contain none. Third—Roman Meal contains 25% flaxseed. Flax is three times as nourishing as wheat, rye or oats. Therefore Roman Meal not only has the correct amount of waste, but it is very nourishing as well. Flax heals the irritation caused by bran, and prevents intestinal catarrh often resulting from bran used alone, or when mixed with white flour or refined cereals. Roman Meal relieves constipation or "money back." Fourth—The excessive quantity of starch in white flour and refined cereals ferments and produces vegetable acids. These are absorbed into the blood, turning it acid. This acidity happens because the soluble alkalis which Nature provided in the dark parts of the grain to prevent this absorption are milled out and thrown away. Roman Meal contains the necessary amount of soluble alkalis to keep the blood non-acid. Acid blood produced by the refined cereals induces disease in the organs. The alkalis in Roman Meal keep the blood fluid and "cool." Try Roman Meal. Get it at your grocer's. Do not stir Roman Meal porridge except when mixing meal and water. Dernburg Professes Elation Over Situation

The Hague, Nov. 23.—Dr. Bernhard Dernburg, former German Colonial Minister, spoke at a recent meeting of the Progressive party in Baden on Germany's force and unity abroad and at home, giving as an example the Italian victory and saying that England's social structure had been overthrown and that she has been obliged to give her markets over to America and Japan in her desire to drive out the Germans.

ARE YOU WAR WEARY?

Yes? Well, who is not? We all want the war to end soon. But we know it cannot end until Germany is beaten. Peace without victory would be but a period of preparation for another war.

The only way to end the war is by hard, unflinching blows. The soldiers cannot strike such blows unless non-combatants provide the funds. What is the use of saying you hope the war will end soon, unless you are willing to help end it? Every dollar that is subscribed to Canada's "Victory Loan" will help to end the war—and win it too.

**No Advance in 3 Years**

With war-time prices so terribly high for nearly every article of food, it must be a particular satisfaction to those who love good coffee to know that there has been no advance in the price of Red Rose Coffee for three years—and the great increase in the sale of Red Rose Coffee this year shows that the price is appreciated.

People everywhere seem to be using much more coffee than they did before.

Red Rose Tea is economical on account of its superior quality—but Red Rose Coffee is economical both on account of its quality and price, a combination hard to maintain in war-time.

**VICTORIES OF THE SPY.**

(New York Times.)  
At what time shall we give over the fiction that this is a time of peace, that these men are ordinary criminals violating the laws for profit or love of destruction, and meet the German army on the American front with the weapons which the laws of war put in our hands? By the laws of war the punishment for this kind of warfare is death. Not until

we inflict it will spies and traitors take warning. The directing mind of these operations will not be daunted, for whoever he is, he is a German officer and takes his chances; but the tools he hires will. The spy from Berlin will go on taking his chance, but the indigenous American traitor, the man who takes the German spy's money, will see things differently. He challenges the laws of war. Enforce them. He does not believe he runs that risk. Convince him.

**GERMANY MADE OFFER TO FRANCE**

Events Which Led to Downfall of Poinleve

**Peace Offer Discussed**

Terms Denied by Germany and New French Minister Makes Greater Demands Than Before

French newspapers and letters received on this side of the Atlantic explain, as the cables failed to do, the reasons underlying the fall of the Poinleve administration. They also give details of a remarkable peace offer made to the French government, the treatment of which by the government was the immediate cause of the downfall of Poinleve. The French Socialist party was the prime mover in the overthrow, and no doubt had it not been able to seize upon the German peace offer as the lever to oust Poinleve it would have found some other point upon which it could unite with other parliamentary groups and achieve the desired end. The fact that the Poinleve government had no Socialist representative in it, that the Socialists had formally declined to assist in the administration when invited by Poinleve, shows clearly enough that they had in advance determined upon an attitude of hostility, open or concealed.

**The German Proposal.**

It appears that Count von Buelow, representing the German government, made a written offer to France, through a Belgian diplomat, of the following terms:

The evacuation of Northern France and compensation for damage done. The evacuation of Belgium, restitution in an amount to be fixed in accordance with the Belgian law of damages, the convening of a peace conference at Brussels under the presidency of King Albert.

Negotiations concerning a satisfactory settlement of the Alsace-Lorraine question.

These proposals were not intended, according to the German claim, to constitute a separate peace, but it was contended that if these matters could be adjusted the other difficulties might be taken up with the other powers later on.

**Rejected by Ribot.**

The proposal was directed to M. Briand, former premier, and by him communicated to M. Ribot, foreign minister, who in turn consulted with Mr. Balfour and Baron Sonnino, of Italy, without conferring with the foreign affairs committee of the French senate. Later on M. Ribot referred publicly to German offers being "whispered about," and asserted that France would not fall into the "trap." This created a sensation and a secret session of the chamber was held at which M. Ribot was condemned for calling a "trap" what appeared to the United Socialists and some other groups as a genuine offer of peace. He demanded Ribot's resignation. At first Ribot refused to resign, and only did so when the premier threatened to bring the matter to the attention of President Poinleve. Following these incidents the German foreign minister, von Kuehlmann, publicly declared that Germany would "never, never" give up any part of Alsace-Lorraine.

**Barthou's Bold Demand.**

M. Barthou succeeded M. Ribot, and was acceptable to the Socialists as a "new man," because he had not spoken since the beginning of the war, though his imperialist past was well known. To the dismay of the Socialists, and may be to the consternation of M. Poinleve, Barthou's first speech was a passionate declaration that France would never abate her claims to Alsace-Lorraine, and that, moreover, France must be guaran-

teed in possession of her lost provinces by establishing a neutral zone in adjoining German territory. He concluded by saying that the nature of the guarantee and the extent of the territory to be neutralized were both dependent upon the extent of the French victory. This was the first time since the beginning of the war that a French minister had declared it to be the intention of France to deprive Germany of any territory, other than colonial, except Alsace and Lorraine, which are not properly German provinces. The statement was a contradiction to what Poinleve had said earlier, namely, that France stood

only for a policy of "disannexation" with regard to Alsace-Lorraine. Socialists Seize the Opportunity.

Naturally the Barthou statement created a tremendous sensation. Thomas, leading the Socialists, who are said to be ready to fight for years for Alsace-Lorraine, but not for a moment to gain a foot of German territory, demanded that M. Poinleve declare whether M. Barthou represented the government. It was because the premier said that he and M. Barthou would confer that a vote of want of confidence was not immediately passed. Details

concerning what happened since then are wanting, but there seems little doubt that M. Barthou declined to present to the foreign affairs committee of the senate the letter of former Premier Briand. In view of the present critical situation, when it is said that there is a rapid growth among those Socialists who favor an immediate peace conference, it will be satisfactory to the Allies that M. Thomas, despite his fine record as minister of munitions, was not called upon by President Poinleve. It is not believed that Clemenceau will greatly moderate the French claims as enunciated by M. Barthou.

Word of Other Casualties in Various Parts of the Province

Mrs. John Fowler, Church avenue, Fairville, has received official word from the authorities at Ottawa that her son, Freeman Fowler, has been reported missing since the battle of Passchendaele, Nov. 6. He was attached to a machine gun section. Previous to enlisting he was employed as dispenser in the Boston City Hospital. While in France he was attached to the 29th Battalion, having been transferred from the 118th Battalion with which regiment he first enlisted.

Private Fred. M. McKenzie killed. M. O. McKenzie, of Nerepis Station, Kings county, has received the sad news from Ottawa that his son, Private Fred. ## Eczema Cured Five Years Ago

A Treatment Which Has Proven a Wonderful Healer of the Skin—Certified Evidence of Lasting Cure

Jordan, Ont., Nov. 21—The old notion that eczema is a disease of the blood is refuted time and time again by the cures that are daily being effected by Dr. Chase's Ointment.

It matters not what the cause may have been if you apply Dr. Chase's Ointment regularly you will obtain relief and cure of eczema. Here is the proof. Mrs. Stephen G. Thwaites, Box 205, Jordan, Ont., writes: "My brother had a bad case of eczema on his legs. He was troubled nearly all one fall and winter with it, and could not wear shoes for days at a time. He tried different salves and ointments, but none cured him. One day he tried Dr. Chase's Ointment, and it gave almost instant relief. He continued its use, but had not quite finished the second box when he was cured. It is now about five years since then, and it has never returned. We certainly can recommend Dr. Chase's Ointment, and are very grateful for my brother's cure."

(Rev. S. F. Coffman, Vinland, Ont.), states: "This is to certify that I know Mrs. Thwaites and the party to whom she refers, and her statements are correct."

Mr. J. E. Jones, 228 University avenue, Kingston, Ont., writes: "I had eczema in my hand for about five years. I tried a great many remedies, but found that while some of them checked it, none cured it. Finally I tried Dr. Chase's Ointment, and in six weeks my hand was completely better. I would not do without a box of Dr. Chase's Ointment in the house if it cost \$2 a box. I am giving my name to this firm so that it will get to those who suffer as I did."

## SICK WOMAN HAD CRYING SPELLS

Restored to Health by Lydia E. Pinkham's Vegetable Compound.

Enhaut, Pa.—"I was all run down and weak inwardly. I had female troubles and nervous feelings and my head bothered me. I would often have crying spells and feel as if I was not safe. If I heard anyone coming I would run and lock the door so they would not see me. I tried several doctors and they did not help me so I said to myself, 'I will have to die as there is no help for me.' She got me one of your little bottles and my husband said I should try it. I stopped the doctor's medicine and took Lydia E. Pinkham's Vegetable Compound. It soon made a change in me and now I am strong and do all my work."—Mrs. AUGUSTUS BAUGHMAN, Box 86, Enhaut, Pa.

Why will women continue to suffer day in and day out and drag out a sickly, half-hearted existence, missing three-fourths of the joy of living, when they can find health in Lydia E. Pinkham's Vegetable Compound?

## FRENCH ELECTIONS ARE OFF TILL 1920

Paris, Nov. 22—The committee on universal suffrage of the chamber of deputies today rejected by a large majority the proposal to hold the elections normally due in 1918, because of the impossibility of taking the votes of prisoners of war and the difficulty of holding among the soldiers at the front.

The elections, under this decision, will be postponed until 1920, and no special elections will be held to fill vacancies of which there are 47 in the chamber.

Friends of Captain Robert (Bert) H. Tait of the Newfoundland infantry have word of his having received the Military Cross decoration. **REV. GEO. SCOTT FINDS UNDESIRABLE CONDITIONS IN "PADDY'S FLATS" VISIT**

Rev. George Scott, Children's Aid Society agent, paid a visit to the neighborhood known as "Paddy's Flats," Fairville, and as he was passing one of the houses he saw a little girl eleven years old running about without shoes or stockings and insufficiently clothed. Upon investigation he found three married pairs and ten children. The rooms were dirty and cold and the occupants were in pretty much the same condition. The pitiful aspect of the case is that many of these children are of school age and should be enrolled in the public school, but the parents are trying to live on \$12 or \$13.50 per week. If any one in the city thinks it an easy matter to live on that amount, says Rev. Mr. Scott, and keep a family of six children, it is quite open for them to try it. In this case the children had no shoes or stockings fit to go to school in, and no warm clothes.

Rev. Mr. Scott found a family of six, where the bread winner was earning \$18 per week and had six children. Some of these children had been attending school but there were others in the family who should have been there but were prevented because they had no clothes. The conditions in the city this winter are bound to be particularly hard for men with families who are earning wages which three or four years ago were quite ample to keep them in comfort, and as the colder weather draws nearer it is to be hoped that something will be done to aid the struggles of this class.

**A Rather Spirited Session of Farmers' Executive Committee**

The executive committee from the United Agricultural Societies of New Brunswick met at the provincial government rooms in this city yesterday afternoon with President C. W. Shaw in the chair. The meeting was at times very lively and considerable cross firing took place between different members. A warm discussion took place over a section in the secretary's minutes which M. A. McLeod, of Sussex, and others claimed was introduced in an attempt to bring politics into the association. The section complained of related to an interview which the late Secretary Wilson had with the minister of agriculture. Mr. Wilson stated that he had asked the minister, in the name of the association to retain H. B. Durost on the staff of the department. The request was refused, and as an alternative proposition the minister was asked if a member of the staff would be provided to do the work for the association formerly done by Mr. Durost. He claimed that this was also refused on the ground that the fertilizer interests were not to be given a hold on the department of agriculture. Mr. Wilson said that Messrs. Reek and McLeod were present when this interview took place. Mr. McLeod deprecated any attempt to bring politics into the affairs of the association and said that Mr. Reek was an able official who had always made it a point to do his duty without bringing party politics into his work.

J. F. McKenna, editor of the Maritime Farmer, who was present said: "I am a Conservative and have nothing in common with the present government, but in Mr. Reek we have a man worthy of every consideration. He is a man who will do something and I will stand behind him."

Mr. McKenna stated that he would be willing to do the work for \$500, that Mr. Durost was charging \$2,000 per year and that he could supply the farmers with fertilizer at a much lower figure than they were now paying Mr. Durost. Mr. Durost, in answer to a question from the Maritime Farmer, said, opposed to having Mr. Durost act in handling fertilizer for them, that the matter was not a political but a business transaction. Mr. Durost said that he was doing all the business and that he did not care whether he handled the association's business or not.

Mr. Durost accused some of the members of introducing politics and Isaac Carpenter, ex-M. P. of Wickham told him that he (Durost) himself had brought politics into the meeting. Then Mr. Durost made a rather warm attack on A. R. Moore of Clifton, claiming that he had no right to be a delegate.

Mr. McKenna characterized the attack as "disgraceful." It was stated that several agricultural societies had not received notices to attend the meeting. Mr. McKenna claimed that if any members had a right to be present and had not received notice the executive would be illegal. Mr. McKenna also claimed that there had never been a proper audit made of the affairs of the association, and he said that he had come to the meeting to ventilate matters. He would not say that the work had been "improperly" but a chartered accountant should have been secured to do it.

**THE LOAN IN NEW BRUNSWICK**

The special committee appointed to visit the large business houses of the city in the interests of the Victory Loan started to work yesterday and met with a good reception from the different merchants whom they visited. Port Huron, Mich., Nov. 22.—With a sixty mile gale, accompanied by a blinding snowstorm sweeping over Lake Huron tonight, all lake freighters endangered during the day were reported safely in shelter. **Characterizes "Conflict" Between Military and Civilian Leaders as Bosh.**

London, Nov. 22.—For a few minutes this evening I had a conversation with Lord Northcliffe. I wished to ask him to comment on extracts from certain American papers which had suggested that his letter to Lloyd George indicated his opposition to the premier. He was emphatic in disavowing any such interpretation of his letter. "My position now in support of Lloyd George is even stronger than ever before," he said. Reference is being made to the much advertised "conflict" between military and civilian leaders, he remarked. "That is all bosh." Lord Northcliffe will go to Paris where an Allied conference is to be held, whither it is understood Colonel House has already started. Nothing has developed to interfere with his expectation to return to America as head of the British mission, he told me.

Roycroft, chairman of the committee on training camp activities for the war department, offering his services as a boxing instructor at one of the cantonments.

New York, Nov. 20—Jess Willard now wants to fight George Carpentier for the heavyweight championship of the world. It was reported today. In view of the fact that the Atlantic Ocean runs between New York and somewhere in France, and Carpentier is in the army service, Jess probably is perfectly safe in declaring he wants to fight the Frenchman. George has been trying

Back to California! New York, Nov. 21—Sunny California, scene of so many historic battles of the padded fist, again is the beckoning finger from the box office.

Fed Lewis, Willie Ritchie, and many others are there. The list is growing, and they like it in California. Shades of a past day and again glove-wielding, Will California again have a law that will permit boxing? Is the present convention of high-class boxers the forerunner of an attempt to juggle California's legislature into line, or bring the thing down to a popular vote?

California went through the period of box-office manipulation, and the slippery-handed efforts of certain promoters that put the game on the fritz in New York, and California probably will think it over a long time before she again starts such a thing.

**Wilson Passes Hat  
In Theatre Crowds**

**Returns to Soldier Full of Greenbacks for the Y. M. C. A. War Work Fund**

Washington, Nov. 23 — Another old bogey of precedent is reeling on its pins as the result of a blow dealt it by America's first citizen.

It is not on record that the chief executive of the United States has ever before "passed the hat," but President Wilson did it at the new National Theatre and with such grace that the most vigorous advocate of presidential dignity could not object to his act.

It was during the presentation of "Follies" that the hat-passing occurred, and a great patriotic spectacle, coming as a finale to the second act, furnished

an ideal setting to it. As the curtain descended on a huge American flag, floating over the heads of the entire company on the stage, a four-minute speaker came running to the front, with a score of United States soldiers in uniform behind him.

"It's up to every one here to turn over the contents of their pockets to the Y.M.C.A. war work fund," he declared, springing upon the stage to be better heard.

Even as he spoke the soldiers started in the work of collecting, doffing their new steel helmets and using them as baskets with which to gather in the contributions to the fund. One of them handed his hat to the presidential box. President Wilson took it and passed it around among the occupants of his own box and then among those in the nearby boxes before he handed it back to the waiting soldier. When the hat was returned, however, it was seen to be heaping full of greenbacks, and a tidy sum for the war charity was realized at that one section of boxes alone.

An outburst of cheering such as has seldom been heard in this city followed

the president's action, and the applause continued for more than twenty minutes, threatening for a time to delay seriously the remainder of the show.

**BERNSTROFF'S FRIEND IS NOW INTERNED.**

New York, Nov. 22—Franz Johann Dori, connected with an alleged German paper, "Issues and Events", published here, and said to be a personal friend of Count Von Bernstorff, former German ambassador, was interned as an enemy alien today on receipt of instructions from Washington.

Dori was born in Berlin and has lived in this country fifteen years. Chemicals, which he claimed were to be utilized in a process for hardening concrete, were found in his Broadway office and four cabinets of letters and documents were seized.

**Revolt Collapses.**

"The next solacing fact is this: That most of this debt will be a debt we owe to ourselves. Great Britain is borrowing in the main from her own children. The debt is in the family . . . and the more we lend the less will Great Britain owe to others. And that is the most important fact in our national security and national wealth."

If that interest is paid in Canada to the Canadian people it will go back into circulation in Canada, instead of being sent out to foreign creditors.

Likewise when the principal comes due it will be kept in Canada for re-investment and thus will aid in the development of the nation and its resources.

And that is a most important fact in Canada's national security following the war, just as it is important to Great Britain's National security that her war debt shall be owed to her own children, when the war is o
