Utilities Board Seeks To Make "Blue Sky" Law More Effective

FRENCH PREMIER FORCED TO QUIT

ASK MATTER BE TAKEN UP WITH OTTAWA

Public Utilities Commission Wants Amendment to Companies Act. PETITIONS HEARD. Decisions Reached in Electric Rate Matters in Carleton County.

The New Brunswick Public Utilities Commission at its monthly session this morning, decided to request the Attorney-General of the province to take up with the Federal Minister of Justice the matter of possible amendments to the Dominion Companies Act in an effort to make more effective the Sales of Securities Act, popularly known as the "blue sky" law.

In a decision handed down recently by the Appeal Court of the Province of New Brunswick, the "blue sky" law in this province was declared ultra vires. This was in a case brought against J. M. Queen, charged with selling securities in the province without a permit from the Public Utilities Commission. Mr. Queen contended that he was operating under a Federal charter, but he was fined by the police court magistrate. His appeal, however, to the Supreme Court, was successful, and the conviction was quashed on the grounds of the provincial law being ultra vires.

Rates Are Approved. The board approved a schedule of rates for electricity supply in the town of Hartland by the Hartland Electric Light Co., and also approved an issue of \$12,000 stock by this company. A schedule of rates, asked for by the Maine and New Brunswick Electric Co., was granted. The board also approved a general revision of all rates in Carleton county which will be taken up by the board. (Continued on page 2, fourth column.)

BRITISH SUBWAY MEN MAY QUIT

Men Expected to Walk-Out Unless Bus Strike in London is Settled. (British United Press.) London, March 26.—Unless London's tram and bus strike is settled by Friday night, subway workers will walk out as well, it was officially announced today. This would leave the city without transportation, except for taxis and a few "private" busses. The Locomotive Men's Union announced that all its members employed on underground systems have been ordered to quit work Friday night. Meanwhile, conferences, in which the Government has taken part, have proved fruitless. The Government has introduced a traffic bill in Commons, which it hopes may lead to a settlement. (By Canadian Press.)

London, March 26.—The negotiations looking to a settlement of the dispute between the striking bus and tramway workers and their employers, which were in progress throughout the day at the ministry of labor under the chairmanship of Minister of Labor Shaw, broke down last night. The deadlock came in consequence of the refusal of the bus and tramway men to accept their employers' offer of a five-shilling increase in wages weekly, instead of the eight shillings demanded, leaving the question of the additional three shillings to arbitration. Minister of Transport Gosling last introduced his "London traffic bill," the chief provision of which calls for the creation of a statutory committee, representing all parties concerned in the strike, with the object of reaching an agreement with the minister of transport to restrict to actual requirements the number of vehicles operating on the streets. The bill of Mr. Gosling is to be rushed through the House. The second reading of the measure has been fixed for Friday.

Policeman Shot; Dies After 5 Years

New York, March 26.—Patrolman Leo Sexton is dead from a bullet wound received more than five years ago in a revolver battle with bandits. He was thirty-nine years old. At the time of the shooting Sexton, who previously had won a medal for heroic work in a Bronx fire, was attached to the Alexander Avenue station. Two of the bandits were captured. The police said a man named Durly, who admitted firing the bullet which struck Sexton in the head, was sentenced to five years in Sing Sing. He has since been let out for good behavior. Sexton recovered partly from the effects of the bullet, but was annoyed by pain in his head. He continued his work on the "raided premises squad" in Brooklyn until he had a brain hemorrhage and was taken to hospital.

BELIEVED 25 ARE LOST WITH SHIP

Japanese Steamship is in Collision and Sunk Near Dungeness. London, March 26.—A message to Lloyd's from the North Foreland wireless station reports that a Japanese steamship, name unknown, sank after colliding with the German steamship Heimdal, near Dungeness, in a dense fog last night. The Heimdal took off 15 members of the Japanese crew and arrived at Dover today with her bows damaged. At the same time a national miners' conference, representing 800,000 workers, met. The existing wage scale in the mining industry expires April 17 and conferences have been under way for some time seeking to adjust differences regarding a new scale. Ask Gout Enquiry. The Board of Trade announced officially early today that these have broken down completely and the employers suggested a court of enquiry, which the miners rejected unqualifiedly. It was forecast that today's statement conference would recommend a nationwide ballot of miners to ascertain whether the workers are willing to strike to force acceptance of their terms. The Minister of Mines will take a hand in the controversy tomorrow. If his intervention fails, there is said to be no alternative save introduction in the Commons of a minimum wage bill for the industry, as promised by the Government. If the House should defeat this bill it would mean a defeat for Premier MacDonald's Government.

Canadian Flour Under Discussion

London, March 26.—Has there been discrimination against Canadian flour on North Atlantic routes? This is the question which a sub-committee of the Imperial Shipping Committee will investigate when they arrive in Canada, for which they will sail in the course of the next few days. Included on that sub-committee are such experts on Atlantic freight rates as Sir Halford MacKinnon and H. G. B. Larkin. They will have the assistance of two assessors, representing both shippers and ship-owners, who will be appointed by the Canadian Government. The sub-committee will hold sessions in Montreal and western cities, and will investigate the complaints that have been made during the last two years with thoroughness.

Red Leader Slain; Act Is Revenge

London, March 26.—Davidoff, a Bolshevik leader, a member of the All-Russian central executive committee, has been murdered in a village near Stavropol, Ciscaucasia, according to the Daily Mail's Tiflis correspondent. He headed a commission from Moscow to investigate the alleged execution of peasants by the Cheka, the former police organization for resisting the tax collectors. He was just leaving a meeting of the local Soviet at which he endorsed the action of an axe by the son of one of the Cheka's victims.

Wire Briefs

Quebec, March 26.—Fire last night destroyed two wooden houses and the premises of the Martel & Simoneau, Ltd., wholesale pharmacists, with an estimated damage of over \$50,000. Le Havre, France, March 26.—The British round the world flyers took off for Lyons shortly after 11 a.m. today. The weather was cloudy and unfavorable. London, March 26.—The rejection by the striking bus and tramway workers of their employers' offer of a 5-shilling increase in wages weekly, instead of the 8 shillings, is to give a more serious turn to the strike. Dublin, March 26.—President Cosgrave is asking the Dail today for an appropriation on account for the coming year totalling nearly £11,000. Of this amount £26,000,000 is for compensation of property losses suffered during the period of disorder.

NEW CRISIS IS FACING MACDONALD

Deadlock in Negotiations Between Miners' Leaders and Owners.

MAY ASK BALLOT

If Intervention Fails New Government is Faced With Debacle.

BY LLOYD ALLEN. (British United Press.) London, March 26.—Following an announcement of a deadlock in negotiations between miners' leaders and mine owners, the British Cabinet met at 10 Downing street today to consider an impending crisis in that industry, the third the Government will have been called upon to face in its brief tenure of office. At the same time a national miners' conference, representing 800,000 workers, met. The existing wage scale in the mining industry expires April 17 and conferences have been under way for some time seeking to adjust differences regarding a new scale. Ask Gout Enquiry. The Board of Trade announced officially early today that these have broken down completely and the employers suggested a court of enquiry, which the miners rejected unqualifiedly. It was forecast that today's statement conference would recommend a nationwide ballot of miners to ascertain whether the workers are willing to strike to force acceptance of their terms. The Minister of Mines will take a hand in the controversy tomorrow. If his intervention fails, there is said to be no alternative save introduction in the Commons of a minimum wage bill for the industry, as promised by the Government. If the House should defeat this bill it would mean a defeat for Premier MacDonald's Government.

GOLD EXPORTS FROM CANADA INCREASE

Shipments in February, \$1,250,000 More Than Same Month Last Year.

Ottawa, March 26.—Canada's total gold export, during February, 1924, worth \$2,107,787, to the United States, 421,153 ounces, with \$269,818; and to Hong Kong 230,828 ounces, worth \$147,153. Of silver bullion, exports to the United Kingdom were 366,487 ounces, worth \$238,616; to the United States 421,153 ounces, worth \$269,818; and to Hong Kong 230,828 ounces, worth \$147,153.

COMING TO CANADA

Thousands of Danish Farmers to Emigrate to Dominion This Year. Montreal, March 26.—"There is every reason to believe that some thousands of Danish farmers will immigrate this year to Canada, this country standing at the top of the map for our people," said J. E. Boggild, consul-general of Denmark, who has taken up his duties in Montreal. He said that recently 300 Danish people had come to Canada, some settling in Nova Scotia and others going to the west. "Now that the Scandinavian-American line is touching at Halifax, many Danes will use that route during this season," said Mr. Boggild. "Many of these people desire to settle in Nova Scotia because they have been accustomed to mixed farming, and conditions there are more suitable to them than on the prairies."

Another Would Go To The Pole

London, March 26.—A projected new expedition to the North Pole is reported. The Westminster Gazette says a young lieutenant, Grettie Algarson, is to start for the Arctic circle in May on a preliminary trip to Nova Zembla and Franz Josef Land. He proposes to spend six months exploring Nova Zembla and Franz Josef Land, ending his trip in New York in October. The party will number ten, including three scientists. The expedition is a prelude to another in 1925, under Algarson's leadership, the objective of which will be the Pole.

Beggar Is Found Cozy In Royal Bed

Paris, March 26.—The Countess Peretti de La Rocca, wife of the director of political affairs of the Foreign Office, one night last week discovered a man asleep in a bed of the royal apartment in the Quai d'Orsay, which had been reserved for King Ferdinand and Queen Marie of Rumania, who are expected to arrive in Paris soon. The countess raised an alarm and the intruder was arrested. He confessed that he had slept in the apartment two for nights. The police say he is a professional beggar. The countess received congratulations from his friends for causing the arrest of the man.

ALLOCATION IS WELL RECEIVED

Pope's Address Commented Upon by Newspapers of Rome—Step For Peace.

Rome, March 26.—The Rome newspapers commented for the first time last evening on the Pontiff's allocution, all referring with extreme deference to the Pontiff's pacific allocution, particularly because so many references were made to Italy. It is noted by some that this was the first time in decades that Pope had referred to the acts of the Italian Government; so, the Pontiff's allusion to placing the cross on schools, the exemption of the clergy from military service, and similar references have struck a harmonious note. The Tribune characterizes the allocution as a real step in the pacification between the Church and state in Italy, adding: "Its condemnation of violence is an extremely pacific suggestion to peace."

MANY EXPECTED AT DAL. REUNION

Committee Anticipates 1,500 to 2,000 at Celebration in September.

Halifax, March 26.—Between 1,500 and 2,000 former Dalhousie University students will, so it is expected, attend the 1924 Dalhousie reunion which is to be held in Halifax September 3, 4 and 5. At a meeting of the reunion committee of the university last night the reunion dates were definitely decided upon and tentative programmes considered for the three days' event. It is believed that the celebration will be one of the most significant of its kind ever attempted in Eastern Canada, eclipsing in many ways the last Dalhousie reunion, which was held in 1919, when 1,000 students of bygone days assembled to commemorate the hundredth anniversary of the founding of their alma mater.

NEW COMPANIES WILL BUY CLUB IN TRAFALGAR SQUARE

Parliament at Ottawa Votes \$1,300,000 For Offices For High Commissioner.

Ottawa, March 26.—(Canadian Press)—Private members' resolutions will be considered and estimates of the Department of Public Works will be taken up in the Commons today. After a debate lasting until 1.03 this morning the House passed an item of \$1,300,000 for the purchase of the Union Club building in Trafalgar Square, London, for the offices of the High Commissioner for Canada. A vote of \$600,000 for the completion of the parliament buildings was passed. An act to amend the Industrial Disputes Act was reported back from committee and is now ready for a third reading.

23 Japanese Sailors Are Believed Drowned

Dungeness, England, March 26.—(British United Press)—Twenty-three Japanese sailors are believed to have drowned when the German steamer Heimdal struck and sank the Japanese cargo boat Tokufuku Maru in a dense fog off the Kentish Headland at midnight last night. Sixteen of the Tokufuku Maru's crew were saved.

King of Greece Asks For Plebiscite

(British United Press.) Bucharest, March 26.—King George of Greece announced today he will refuse to abdicate the Greek throne until a national plebiscite confirms the action of the assembly at Athens in deposing the dynasty.

ONTARIO OFFICIAL IS SUSPENDED

Deputy Treasurer Alleged Mixed Up in Bond Commission Matter.

BARRED FROM OFFICE

Profit in Sale of Bonds Told of and Makes Sensation in Committee.

(Canadian Press.) Toronto, March 26.—At midnight the greatest sensation in Queen's Park in years was sprung at a meeting of the public accounts committee of the legislature. Alex. Ross, former manager of the bond department of the Home Bank, who had previously told the committee about his share in making \$10,000 profit on selling succession duty free bonds, volunteered to come back and tell the committee the truth. Laboring under a great strain he made a statement that the \$10,000 had been split three ways, among himself, L. C. Mason, and Charles Matthews, deputy treasurer. Mason is married to a stepdaughter of Mr. Matthews. G. M. Hart, who was with Mr. Ross in selling the bonds to the Government, got \$1,500, which was his share on one transaction. Ross and Hart had previously told the committee that they had split the huge profits without mentioning either Mr. Matthews or Mr. Mason. Following sensational disclosures, Hon. W. H. Price, provincial treasurer, notified Mr. Matthews that he was suspended from the public service. He was told not to report at the office today, that his work would be taken care of.

LUDENDORFF NOW IS IN DISFAVOR

Duesseldorf Blots His Name Out of Street Sign—Contest Over it.

Duesseldorf, March 26.—The Socialist members of the city council backed up by the Catholics, are endeavoring to check General Erich Ludendorff off the list of honorary citizens. The Nationalists bitterly opposing the proposal, contend that this cannot be done legally unless Ludendorff loses his state honor which he is convicted of in the Commons today. The city magistrates, however, have decided to change the title of Ludendorff street, and the former field marshal's name is being blotted out with black paint.

Will Consider Postal Salaries

Ottawa, March 26.—The Canadian Federation of Postal Employees have in a measure received satisfaction from the Government, according to postal men, the Government having promised immediate action on salary revision. The men's demands are, in brief, salary revision effective from April 1, 1924, without any cost of living bonus, no distinction being made between married and single employees.

Is In Distress In the North Sea

Wick, Scotland, March 26.—An intercepted radio message from Wilhelmshaven states that an unknown U. S. steamship is in distress in the North Sea. She had apparently lost both her screw and rudder and was badly damaged.

Thaw and His Mother

Harry K. Thaw, slayer of Sanford White, is in the limelight again. Aided by his mother, whom he has just visited in Pittsburgh, he is launching another fight for his freedom. If successful in obtaining his release from the Pennsylvania State Hospital at Philadelphia, he plans to take a trip around the world.

Offers Aid to Woman Motorist in Trouble; Slays Her in Lonely Road

New York, March 26.—Mrs. Maude Bauer, 31, was murdered yesterday in a lonely road on Staten Island, evidently by a man who a few moments before had volunteered to assist her, her mother and her two children, whose automobile was stuck in the mud. Medical examiners said Mrs. Bauer was first attacked and then stabbed. The murdered woman, with her mother and two children, was motoring home when, to avoid a truck, she drove into a mud puddle and the car stuck. A youth drove up and offered to take Mrs. Bauer to a distant farmhouse to get assistance. She accepted. Half an hour later, the mother returning in his automobile at a fast pace. He sped past and Mrs. Spero, becoming anxious, took the children and started walking along the road down which her daughter had disappeared. She was just beyond a curve about a quarter of a mile from where the car was stuck Mrs. Spero found her daughter with clothing disarranged, lying a few feet from the road with a deep wound in her chest. "A passing motorist hurried for a surgeon but Mrs. Bauer died soon after his arrival."

BERGDOLL MOVES! Ontario House Rejects New Beer Measure

Toronto, March 26.—By a vote of 84 to 6, the legislature yesterday defeated an amendment to the Ontario Temperance Act proposed by J. A. Pinard, (Liberal, East Ottawa), whereby seven per cent. beer could be sold instead of the present 2 1/2 per cent. beer.

LABOR VICTORIOUS

Perth, March 26.—(Canadian Press.) Reuter's—Western Australia state election returns with the count still incomplete show 25 Labor candidates returned, out of a total of 59 seats, for the House of Assembly. A Labor government to succeed the county party ministry of Sir James Mitchell now seems a certainty.

Weather Report

Toronto, March 26.—The shallow depression which was in the Missouri Valley yesterday is passing to the southward of the Great Lakes while another now over the western provinces is moving east. Light snow has fallen in Manitoba and Southern Ontario. Forecasts: Snow or Sleet. Maritime—Easterly winds, mostly cloudy, light local snow or sleet tonight and Thursday. Gulf and North Shore—North-east winds, fair. Thursday light snow. New England—Rain or probably snow this afternoon and tonight. Thursday, fair; rising temperature. Strong southeast winds, shifting to west and northwest tonight. Toronto, March 26.—Temperatures: Highest Lowest Stations 8 a.m. Yesterday night

Will Prolong The Fight in Honduras

San Salvador, March 25.—It is reported that discussions have developed among the revolutionists in Honduras. The de facto government forces routed by the troops of the rebel General Tosta in northern Honduras, have reorganized in the south, thus carrying the revolution into another part of the republic, which it is believed will prolong the struggle.

Jap Cabinet Provides For Army and Navy

Tokyo, March 26.—The cabinet yesterday adopted "working estimates" for the fiscal year of 1924-1925, totalling 1,347,000,000 yen, of which 238,000,000 yen is for the navy and 1,109,000,000 yen for the army. These two estimates are approximately the same as those in the budget of the current year.

RESIGNATION OF PREMIER IS ACCEPTED

French Ministry Falls After Adverse Vote in Chamber of Deputies.

BILLS INVOLVED

Government is Defeated in Confidence Vote by 271 to 264.

(By Canadian Press.) Paris, March 26.—The Poincare ministry fell today. Premier Poincare, after an adverse vote in Chamber of Deputies, handed his resignation and that of his cabinet to President Millerand, who accepted it. The Premier announced he had decided irrevocably to give up power. "Gentlemen," said M. Poincare to the newspapermen as he left the Palace of the Elysee today after the cabinet meeting with the President at which the resignation had been presented, "my resignation is final." M. Poincare raised his hat, entered his car and drove off homeward. Fall of the Cabinet. The fall of the Cabinet, after it had survived a long and arduous struggle in putting through Parliament its programme of heavily increased taxation to balance the budget, during which it was constantly obliged to raise the question of confidence, came this morning on a comparatively insignificant issue. The Chamber was considering a revision of the civil and military pensions, with only a couple of hundred members present. Socialist Deputy Boussouf demanded that the measures under consideration be referred back to the finance committee to be considered in connection with the Senate bills on the same question. Involve Heavy Outlay. Finance Minister De Lasteyrie, in charge of the measures, objected to his. He pointed out that the Senate bills involved a heavier outlay than those in the Chamber. Premier Poincare was not present. The Finance Minister declared himself obliged, in line with the economy policy of the Government, to make the question one of confidence. When the vote was announced showing that the Government had been defeated by seven votes—271 to 264—there was surprise.

Honor Bernhard on Anniversary

Paris, March 26.—U. S. Ambassador Herick was among the pilgrims to the tomb of Sarah Bernhard on the anniversary of her death today. Acting in behalf of the U. S. vaudeville organization, he attached a commemorative tablet to the tomb. Many notable Parisians and theatrical artists attended both this ceremony and anniversary religious service that preceded it in the Church of St. Francois de Sales.

Attempts To Stop Runaway; Is Killed

Toronto, Mar. 26.—Herbert Freeland, aged 26, was fatally injured yesterday afternoon when he attempted to stop a runaway horse. He died in the Western Hospital of a badly fractured skull.

NOT SURE ABOUT BOAT PICKED UP

J. C. Chesley Gets Report on Matter Linked With Tragedy.

A report that two boats had been picked up on the Nova Scotia coast last month, one of which was thought to have been from the S. S. Perce, was confirmed today when an official report was received by J. C. Chesley, local agent of the Marine and Fisheries Department, from Frank Ruggles, light keeper at Boar's Head, Tiverton, N. S.

"As instructed, I visited Flour Cove and learned that a boat had been washed ashore there. On examination I found that the top of the hull was painted white and the bottom green. The length of keel was 11 feet, length over all 13 feet, depth 18 inches and width 4 feet. She was constructed of smooth spruce planking half-inch thick, with a square stern. Both the stern and sides had been smashed. There were a few feet of quarter-inch rope attached to the thwart. The remains of the boat are lying just where they were washed ashore and are of no use to anyone. It is the style and build similar to that used by sardine carriers and called a dingy. I talked with the man who found the boat, Frank Delaney, and this is the only boat found in that vicinity.

"I also saw and talked with one of the men who picked up part of a boat near French Beach, on the east side of Petit Passage. This was picked up about the latter part of February. It was painted white inside and outside. The length of keel was 18 feet. One side of the boat was smashed. It contained one davit tackle and a block hooker in stern, also about six feet of rope. It was of the same style and build of boats used by coasters or 'the Maid of Scotland.' The only name or mark found was 'Red Rose Tea' on a piece of loose board.

From this report I thought that the last mentioned boat might have been either of the ill-fated schooner 'Maid of Scotland,' which was sunk as a result of a collision with the Peruvian steamer S. S. Perce, near the Fairway buoy south of Partridge Island some time ago, or else the boat which was sent from the steamer to rescue the members of the completely abandoned schooner and which was never seen or heard tell of after leaving the steamer's side. As there are no marks which can be used to identify the boat, as expressed by members of the Marine Department as to whether or not it will ever be definitely determined just where the boat came from.

BARRACK GREEN FOR BASEBALL?

Ground Being Looked Over This Afternoon by Men Interested.

The Barrack Green, scene of many a stubbornly fought baseball battle in olden days may again be the rallying ground of fans. It is in mind to have baseball there this year and a committee of interested men planned to inspect the place today. The military and Exhibition authorities have been consulted.

It is likely that more about the matter will be heard at the meeting to be held tonight for organization of a professional league here. Years ago in the days of the old Shamrocks, Nationals, Imperials and later the Thistles, Franks and other good teams this diamond was a great place for followers of this popular sport.

MINUETTE AND JOGGINGS President Dwyer of the Inland Coal Co. of North Sydney, and Holcut Robertson, have been looking over the Minuette coal property with a view of taking it over and operating it.

Mining rates similar to those effective in the mines operated by the British Empire Steel Corporation were adopted on Saturday by the officials of the Maritime Coal Railway and Power Co., at Joggins. The adoption of the new rate is effective over five hundred miners employed by the company at Joggins, River Hebert and Chignecto.

NOTICES OF BIRTHS, MARRIAGES AND DEATHS, 50 cents.

BIRTHS

MURPHY—On March 25, 1924, at Mr. and Mrs. Clement T. Murphy, 32 Clarendon street, a son. TREBARTIN—On March 25, 1924, at Mr. and Mrs. H. W. Trebartin, 240 Mulgrave avenue, a son, Edward Harold ROSS—On March 24, 1924, at Mr. and Mrs. Arthur Ross, 103 Winslow street, a son, Millard Eric.

DEATHS

BARKER—On March 25, 1924, Mary A., widow of the late Sir Frederic Barker. Funeral from St. Paul's (Valley) Church on Friday at 2.30 p. m. SPRAGUE—At 8.30 on March 25, 1924, Christina Sprague, aged 82, wife of Thomas Sprague, leaving her husband and one sister to mourn. Funeral Thursday afternoon at 2.30 o'clock from her late residence, 1615 Bridge street, Rev. Dr. David Hutchinson officiating.

W.M. ARMSTRONG IS DEAD IN NEW YORK

Formerly of St. John; Played Baseball Here in the Eighties.

William Armstrong, for many years connected with the firm of Church E. Gates & Co. lumber dealers, New York, died in that city on March 23rd. Mr. Armstrong was a former resident of West St. John, leaving there more than forty years ago. Some of the older residents will remember him as a member of the Imperial Baseball Club in the early eighties.

Mr. Armstrong was noted for his exceptionally genial disposition and he was greatly missed by a large circle of friends in New York and St. John. Walter, of Ottawa, and James B. of West St. John are surviving brothers. They will have the sympathy of many St. John friends in their loss.

Broadway Signs Barred in Paris Under Old Law

Paris, March 26.—A law handed down from the time of Napoleon is being invoked to save Paris from Broadway advertising methods. The large electric signs that have been steadily increasing in number around the Place de l'Opéra have hurt the eyes of French people accustomed to softer light and offended their artistic taste. The Prefect of Police dug up an ancient statute that gives him jurisdiction over the exterior design of buildings in the vicinity of any particularly interesting sculpture or spot which under French law may be classified as "historical monuments." So the operation may never rival the dazzling brilliancy of Broadway.

FRIENDLY SUIT OVER BEQUEST TO RIVER GLADE

Fredericton, N. B., March 26.—A friendly contest in the courts of California is now taking place which involves a bequest of \$150,000 of the late Mrs. Jeanette A. Jordan to the Jordan Memorial Sanitarium at River Glade.

Indignant Over Dance; Quits Church

Providence, R. I., March 26.—Renouncing the Baptist faith because the young people of his church insisted on presenting a three-act comedy during the service, Rev. F. K. Hackett has caused a sensation by handing his resignation to his parish and announcing that he is to become pastor of the Church of the Nazarene here.

P. E. I. Child Bill Meets Opposition

Charlottetown, P. E. I., March 26.—The bill for the protection of illegitimate children is meeting with considerable opposition in the Provincial Legislature. The clause providing for the maintenance of the child until it is sixteen years of age came up for second reading yesterday.

POSTAL MEN VOTE TO STRIKE

Hamilton, Ont., March 26.—Hamilton postal employees have decided to strike if the Government does not comply with their request about higher wages and no bonus cutting.

AMHERST WANTS POWER

At the regular meeting of the town council of Amherst on Monday evening, the Government does not comply with their request about higher wages and no bonus cutting.

WANTS STANDARD GAUGE

The Legislature of Prince Edward Island will petition the Government at Ottawa to standardize the gauge of the portion of the railway on the Island not yet widened.

LADY MARY BARKER DIED THIS MORNING

News of Death of Widow of Chief Justice Brings Grief to Many.

News of the death this morning of Lady Mary A. Barker, widow of Chief Justice Sir Frederic Barker, will be heard of with regret all over the province by many who knew and loved her for her many kindly Christian qualities. She was the daughter of the late Benjamin E. Black of Halifax and was one of five sisters, Mrs. Samuel Adams of Dublin and Mrs. Robert Wilnot of Cranaco, both deceased; and Mrs. Shuttlesworth of Tunbridge, Wells, Eng., and Mrs. Davies of Southampton, England.

She is survived by two daughters, Mrs. Alvin B. DeMille of Boston and Miss Winifred, at home. General Fred E. L. Barker of London, Eng., Mrs. Meynen of New York and Mrs. J. Roy Campbell of this city are step-children. Lady Barker was noted for kindness to the poor and to the sick and well and worthily carried out the example of the late Chief Justice, who was so well known and loved throughout the province.

ASK MATTER BE TAKEN TO OTTAWA

An issue of stock, asked for by the City of Moncton for the purchase of the Young's Cove Telephone Co., was also approved. Action was deferred on the matter of the application of the city of Moncton for a reduction in electricity rates and in the matter of the application of the Nixon Coal Mining Co. of Gloucester county for permission to issue \$25,000 stock.

MILLION-VOLT EQUIPMENT TO CARRY CHICAGO POWER

Chicago, March 26.—Rapid expansion and the probable future development of the great electrical transmission system supplying Chicago and the surrounding territory are reflected in an order just placed by the Commonwealth Edison Company of Chicago with the General Electric Company for a 1,000,000-volt testing set to be installed within a few weeks.

PERSONALS

Dr. J. D. Maher arrived home today after a visit to Boston. Mrs. B. H. Thomas and Miss Muriel Thomas of Washburn, Me., are the guests of Mr. and Mrs. R. F. Lumsden, Moncton. The Amherst News says: "Rev. Dr. S. S. Poole, pastor of German street Baptist church, St. John, arriving in town last evening to assist Rev. Mr. Orchard in special services at the First Baptist church. Dr. Poole is a man of outstanding ability and is considered one of the ablest preachers of his denomination in the Maritime Provinces."

J. B. Hawthorne, of Fredericton, chief inspector under the Prohibition Act, was in the city for a short time yesterday. He returned to Fredericton yesterday afternoon.

Hon. W. E. Foster arrived in the city last night from Fredericton. Mr. and Mrs. E. J. O'Neill, of St. George, were visitors to the city yesterday. They will return home today.

Among the passengers arriving in Halifax on the Canadian Forester from the West Indies on Sunday was Miss B. Burgess of Grand Falls.

Mrs. William E. Todd will be at home at the Queen Hotel, Fredericton, tomorrow, from 4 to 6 o'clock.

Mrs. Daniel Melvin of St. John is visiting Mrs. A. E. Thompson, Fredericton.

Miss Marjorie Tracy of the staff of the High School at North East Harbor, Me., has arrived in Fredericton to spend her Easter vacation with her parents, Mr. and Mrs. C. L. Tracy.

Mrs. Bert Moll and daughter, Gertrude, of Coburg, Ont., are guests of her sister, Mrs. Thos. W. Rainsford, Fredericton.

Mrs. A. G. Turney, who spent the last three months visiting friends in Boston and vicinity, returned to Fredericton on Tuesday.

Miss Isabel Scott, daughter of Major John S. Scott, Fredericton, now taking a domestic science course at Acadia College, has accepted a position as dietitian at the Delmas Hospital of Boston. She plans to enter upon her duties early in June.

The King's Daughters, hospital committee meeting in the Guild rooms Thursday, March 27, 8 p.m. Members requested to attend. 1024-3-27

William Bedford, brother and sisters, of St. John and Vancouver wish to thank the St. Martin's people, also Rev. A. E. Dickenson, Holy Trinity church of England clergyman, for all kindness and attention given their aged aunt.

KING FOR ECONOMY.

LOCAL NEWS

THEY'RE WELCOME. An observant citizen with a love of nature reports wild flowers in bloom in Vulcan street this morning.

TWO DEALT WITH. The usual fine of \$8 or two months in jail was meted out to two men who appeared before Magistrate Henderson in the police court this morning on a charge of drunkenness.

IS OPERATED ON. Dr. A. W. Turner, dentist, of West St. John, underwent an operation for appendicitis yesterday the General Public Hospital and friends will be pleased to know that his condition is reported favorable today. His father, Dr. W. L. Turner of Meductic, came to the city because of the operation.

IS SENT UP FOR TRIAL. William O'Brien was committed for trial by Magistrate Henderson in the police court yesterday afternoon on a charge of stealing a cap, overcoat, muffler and pair of rubbers, the property of Arthur Butland, from the Hitz Dancing Academy last Saturday night. E. J. Henneberry appeared on behalf of the defendant.

WANTED CASE DROPPED. Stephen Gallant was present in the police court this morning to answer a charge of assaulting Young Swanton. The latter explained that the assault had not been of a serious nature and urged that the charge be dropped. Magistrate Henderson after enquiring into the nature of the case decided to allow the defendant to go on a suspended sentence.

HERE ON VISIT. A. T. McKean, divisional freight agent of the C. P. R. at Calgary, was expected to arrive in the city today on a visit to his mother, Mrs. Isabelle McKean. He is one of the St. John men who have been doing well in the C. P. R. employ and is assured of a hearty welcome. Mr. McKean attended the recent Quebec convention.

BURIED TODAY. The funeral of Miss Anna C. Gillis was held this morning from the residence of her nephew, James E. McGarrigle, 208 Douglas avenue, to St. Peter's church for high mass of requiem by Rev. Fr. Hill, C. S. S. R. Relatives acted as pallbearers. Many spiritual and floral offerings were received. Interment in the new Catholic cemetery.

BIRTHDAY GATHERING. The home of Mr. and Mrs. Murray McL. Holly, Cedar street was the scene of a happy gathering last evening when their youngest daughter Doris was a guest of honor at a birthday party. A large number of friends were present and tendered their congratulations and also made her the recipient of many beautiful gifts. During the evening games were enjoyed and refreshments served.

QUERIES ABOUT BRIDGE. A request for further information in connection with the overhead bridge in Mill street, from Pond street to Paradise Row, was sent yesterday by Mayor Fisher to S. S. Brown, general manager of the Atlantic region of the Canadian National Railway. His Worship also pointed out that the city was still waiting information as to the estimated cost of the bridge and could do anything until that information had been furnished to them.

ANNIVERSARY MASS. An anniversary requiem high mass for the late Bishop of St. John, Right Rev. John Sweeney, D. D., was celebrated this morning in the Cathedral of the Immaculate Conception here by His Lordship Bishop E. A. LeBlanc. He was assisted by Rev. Wm. M. Duke, Rev. Raymond McCarthy and Rev. Eugene Reynolds. Others present in the sanctuary were Rev. C. P. Carleton of Silver Falls, Rev. J. J. McEldermott of St. John's Baptist church, Rev. F. E. Walker, of East St. John; Rev. J. E. Brown of the Cathedral and Rev. A. E. Casgrain, port chaplain. A large congregation was also in attendance. Bishop Sweeney died in 1901.

TWO POINTS EACH. In the Modern Bowling League last evening teams from the Post Office and Irons Company each took two points.

Post Office. Total Ave. Allen 82 77 80 239 73-2-5 Somerville 77 73 234 73-1-3 Quinlan 84 75 228 81-2-3 Dunny 82 74 237 85-2-3 420 212 1397

Irons Company. Total Ave. Anderson 92 98 74 264 88-3-3 Scott 75 68 76 219 72-2-3 Cawley 81 71 229 75-1-3 Roberson 84 75 229 76-1-3 Daly 98 91 85 274 91-1-4 420 212 1313

The chairman expressed the opinion that, from the standpoint of the board, the situation was satisfactory and, on most of the rates were approved.

Rates For Current. The application of the Maine and New Brunswick Electrical Power Company in connection with rates for power was then heard. W. H. Harrison, C. E., appeared with Dr. L. E. Gould, of Presque Isle, president of the company, and N. B. Co. to share the situation as it stands between the Maine and New Brunswick Electrical Power Company and the communities in Carleton county.

H. H. Mott, on behalf of the Cambridge Telephone Co., Ltd., applied for a permit to issue \$25,000 stock to extend the lines of the company and take over the business of the Young's Cove Telephone Co. It was approved so far as the purchase of the Young's Cove Co. was concerned and consideration was promised in the other feature.

The board decided to request the Attorney-General of New Brunswick to take up with the Federal Minister of Justice the amending of the Dominion Companies Act in order that the "blue sky" laws of New Brunswick would be made more effective.

An application of the Hartland Electric Light Co. for permission to issue \$14,000 stock was heard, but the amount was reduced to \$12,000 by the board.

The Nixon Coal Mining Co. of Invermar, Gloucester Co., applied for a permit to issue \$25,000 stock and the board promised consideration. Mr. Ramsay of the firm of Byrne & Ramsay, of Bathurst, appeared with Mr. Nixon.

MANY OFF LIST. The chairman and his staff are busy now striking from the voters list the names of those who did not have their taxes paid by March 22. It is expected it will require the whole of this week to complete the work. It is estimated that when they have completed their labors between 40 and 50 per cent of the names will have had a routine drawn through them and will be unable to exercise their franchise.

PLAN FOR TAG DAY. The St. John executive of the Boy Scouts' Association met yesterday afternoon and furthered plans for the tag day to be held in May.

INSANE ALIENS COST \$3,000,000

Why New York is Anxious to Have Immigrants Examined.

Under a decision rendered recently by Judge Mayer, of the United States Circuit Court, in concurrence with two other judges, alien immigrants found to be mentally unsound must remain in the custody of the Ellis Island officials until they can be deported, and some pending court action must cease. In the view of the court, no authority is vested in any public official to release on bail or otherwise an alien immigrant adjudged to be an imbecile. The decision was rendered in the case of a Lithuanian girl named Pola Paton, who arrived at the port of New York in July, 1914, when she was nine years old. An order was issued for her deportation a short time later, after a board of special inquiry had decided that she was mentally deficient. Court writs and appeals delayed the disposition of the case until the entry of the United States into the war, when deportation became impracticable for the time, and she was released on bond. The same procedure was gone through with on several subsequent occasions, but there was no change in the findings as to the girl's deficient mentality. As the result of the decision by the Circuit Court judges, a mandate for her deportation will be issued, and it is worth noting in connection with the above mentioned ruling that more than 10,000 aliens were included in the 41,302 insane patients on the books of the New York state civil hospitals for the insane last year, according to a report of the State Hospital Commission, and there were in addition 7,310 naturalized citizens among the patients, making a total of 48.1 per cent. of the entire population of the hospitals for the year. The actual expenditure of the state on its insane alien patients last year was over \$3,000,000.

Even Love Cannot Close Old Chasm

MRS. A. ASAI AND DAUGHTER, MARY KO

Baltimore—Even love cannot bridge the gulf between East and West. The customs of the centuries forbid it!

So a little American Madam Butterfly has learned after three years in oriental gardens, where she had hoped to find happiness. Mrs. A. Asai is a Baltimore girl. Six years ago she and her Japanese husband were married here. He took her back to Japan with him. "The romance of it all seemed so wonderful to me," says Mrs. Asai. "But I was an American girl, born and reared in the ideas of independence and social equality."

"Centuries had molded my life before I was born. This I must do—for my husband's ancestors had done it. Though not exactly a maid, I had to wait upon my mother-in-law as if I were one. "Tradition placed my father-in-law first in point of importance and preference. Then my mother-in-law. Then my husband. Then myself. "I loved my husband. And I still love him. But even love could not compel me for the loss of my freedom and equality. "I did the only thing I could—left him and came back home. "And with her, she brought her two-year-old daughter, Mary Ko.

GEORGE J. GOULD'S PERSONAL ESTATE PLACED AT \$15,586,629

Inventory of Fortune Filed in New Jersey—Had \$326,235 Cash.

Toms River, N. J., March 26.—Personal property valued at \$15,586,629 was left by the late George J. Gould, according to an inventory filed in Ocean County and just made public. The inventory, covering 770 pages of legal size paper, lists \$10,000,000 in bonds, of which \$3,500,000 are United States Government securities. Several paintings valued at \$70,000 are included in the list.

Mr. Gould left \$326,235 in cash in several banks. It was said here that the inheritance tax will be \$460,000, of which \$22,000 will go to Ocean County. Mr. Gould's real estate holdings were not listed in the inventory. The summary, however, includes all investments, claims against the estate and the cost of maintaining various properties since Mr. Gould's death in April, 1922. Personal property covered in the estimate included in addition to cash in various banks \$1,071,083 in personal possessions; \$886,294 in notes and accounts receivable; Equitable Life Assurance service policy, \$84,237; state and municipal bonds, \$6,498,900; United States and foreign bonds, \$3,589,906; miscellaneous bonds, \$112,819; stock shares, \$1,608,993; New York Stock Exchange seat, \$95,000; life interest in estate of Jay Gould, \$1,272,096, and life interest in estate of Helen D. Gould, his mother, \$891. The personal property at Georgian

Court, his estate at Lakewood, N. J., which has been sold to Mount St. Mary's College, was valued at \$237,166. The paintings include one of the Duchess of Marlborough by Sir Joshua Reynolds, a portrait of the Duchess of Beaufort by Hopper and a Romney.

SON OF THE SEA DELIGHTS HEARERS

Mate of Vessel in Port Sings at Imperial—Orchestra Augmented.

Karl Kofft, native of Holland and a singer of considerable note in his own country, was the visiting soloist at the Imperial's twice-a-week concert last evening. He made a very favorable impression and, in addition to insistent recalls, was forced to acknowledge the plaudits of the packed house with bows. As a matter of fact, Mr. Kofft, whose grasp of English is not extensive, had no other encores memorized. The first mate of a large sailing craft—which is Mr. Kofft's occupation—possesses an excellent baritone voice with tenor quality as well. He sang Wagner's "Evening Star" with highly artistic effect, also Carl Bohm's "Calm as the Night." There were two encores, one of which was the popular Italian love-song "O Solo Mio." The Imperial's audience was evidently delightedly surprised at the sudden appearance of so fine a vocalist and gave him a hearty welcome. Additionally the Imperial indicated

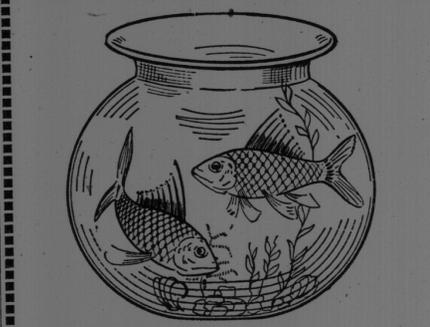

progress in its orchestral department by the addition of a first violin, the chair next Bruce Holder, who still retains the leading violinist's position. By this important acquisition the organization is made even more efficient and somewhat better balanced. Director Jones has other plans which will place the local orchestra on a footing with Canada's best. Outside of large symphony ensembles the St. John orchestra is already considered one of the most capable in the eastern section of the continent.

FINDS JOBS SCARCE IN MASSACHUSETTS

Over-supply of Unskilled Labor and Inexperienced Clerks, He Says

That the Massachusetts market for unskilled labor and inexperienced office and clerk help was over-supplied was the word which a young New Brunswick, who a few weeks ago left to visit relatives in the vicinity of Boston, brought on his return yesterday. Though not exactly eager to obtain a position, but liking the country, he had tried in a dozen or more places for a position but every time the answer was that there were no vacancies for inexperienced help. They had not time to break anyone in, was his explanation of the situation. If a New Brunswick was not acquainted in Boston, he said, the place to go in the winter time was the Boston Arena, for there he would find New Brunswickers by the score. A sheet of ice or a hockey game seems to draw them as does a magnet, and they turn out with all the enthusiasm they once

manifested in the rinks of their native towns. Some of the great number that has left this province for Massachusetts had made good but the majority were just plugging along, he said.

F. L. POTTS THE PEOPLE'S CANDIDATE FOR MAYOR. TOM MOORE, PRESIDENT TRADES AND LABOR CONGRESS OF CANADA. Utters words of wisdom in his address to organized labor in the City of St. John, Friday evening, March 21. In part he said there are four seasons, the one that is recognized as the lean season is the time that all municipalities and governments should attempt to carry on their works of construction. I am in hearty accord with him in this statement, and will be strongly in favor that such work as the reconstruction of the Court House and other Civic buildings shall be carried on during the lean period in the work of labor, for under my system of taxation there will be much building and improving of property during the present year. If you believe what I say then VOTE FOR POTTS FOR MAYOR.

How the younger women are caring for their skin

She knows how tremendously important is a clear, smooth skin

SHE WHIRLS gaily through a crowded day, dances lightly most of the breathless night, snatches a few hours of sleep, and is ready to begin again. See her smiling over her morning coffee. She played eighteen holes of golf in the afternoon wind and danced until four on top of it. But her creamy skin hasn't a trace of lines or roughness or coarsening. For these lighthearted laughing girls have turned their active and exceedingly capable minds to the matter of keeping their youth in their faces. They know how desperately important a clear fresh smooth skin is, and they realize that their strenuous manner of life seriously threatens to destroy its fragile loveliness. Dissatisfied with the old casual way of treating one's complexion, they searched until they found a sure and simple means of skin perfection. And younger women everywhere have now definitely adopted the new method of skin care—the method they use Pond's Cold Cream liberally on face and neck every night and in the day after severe exposure. The fine oil in it sinks deep into the pores to remove all impurities—and give the tiny cells a chance to breathe and function normally. After the cream has been wiped off, your skin is deliciously clean and supple. Next—the delicate finish that protects. Smooth a thin Pond's Vanishing Cream into your face after every cleansing—just enough for your skin to absorb. This exquisite, pure soft cream is absorbed instantly, giving a fine normal texture, a smoothness, and an enchanting pearly tone. It forms a perfect foundation for powder which goes on evenly and clings for hours. Learn from the radiant women who keep their skin loveliest and begin this method today. The Pond's Extract Co., 146 Brock Ave., Toronto, Ont.

Pond's Two Creams—used by women who must be exquisite at all times. Includes an illustration of a Pond's Cold Cream jar and a Pond's Vanishing Cream jar. MADE IN CANADA.

Glasses Charged

Eyes that suffer and never complain—so far—as well as Eyes so much handicapped by unbalanced muscles that haunting headaches and nerve strain causes increasing hurt and harm. For one and for all quick relief and complete help can come through Sharpes Glasses. And the Sharpes partial payment plan settles all doubt and delay. De diagnosed anyway.

PARIS TROUBLED BY ARMY OF 300,000 SURPLUS WOMEN

Government Urged to Take Steps to Grapple With Problem. (By MINOTT SAUNDERS.) Paris, March 25—(United Press)—There are 300,000 more women in Paris than men, according to statistics drawn from a careful canvass.

How to solve the social problem of these girls and find them husbands in order that the decline in the birth rate might speedily be checked is the question of a campaign now being conducted by a section of the press.

It is recognized that hundreds of young men do not marry because of economic conditions, such as high living costs, taxation and housing difficulties.

ADVENTURES OF THE TWINS

By Olive Roberts Barton

THE RACE

One down was riding the wooden elephant.

"Hurrah for the giraffe!"

"Hurrah for the giraffe!"

The people at the Hompy Dumpty Circus in Doodony Land got so excited that they couldn't sit still, but stood up and stamped and whistled until it was worse than a baseball game.

One down was riding the wooden elephant and another one was riding the wooden giraffe, and they were having a race.

One minute the elephant was ahead and the next minute the giraffe would be ahead.

Mr. Fuss Wuzz, the pipe cleaner man, got so excited that he laid his high silk hat on his seat when he got up to yell, and then sat down on it.

The tin snouse found himself asking his enemy, the patent leather cat, if he didn't think the giraffe was longer winded than the elephant, on account of his neck.

And the patent leather cat forgot

that he was hungry, and replied that he didn't know, but the elephant certainly could cover more ground, as his feet were larger.

The judges for the race were the canton-funnel monkey and the Teddy bear.

The bear stood with a watch in one hand and a bell in the other.

"Hurrah for Jumbo!" yelled Nick, for at that minute the elephant was ahead.

On turning a corner the big fellow had cut in behind the giraffe and passed him.

"Hurrah for Long Neck!" cried Mister Fuss Wuzz the next minute, for at the next turn the giraffe cut in behind the elephant and passed him.

Every minute people got more and more excited, and Nancy did a dreadful thing. She was sitting beside the ginger bread man eating a ball of pop-corn, and she went to yell something in the ginger bread man's ear and take a bite of pop-corn.

Instead of that she yelled at the ball of pop-corn and bit off the ginger bread man's ear.

But the ginger bread man was so busy watching the race that he never felt it! He never noticed that his ear was gone until the next morning when he went to wash it.

On went the elephant! On went the giraffe! Only a few steps to go to cross the line—and now they were exactly even.

But what did the giraffe do but stretch out his neck straight ahead of him and that put him four feet ahead of the elephant!

"The giraffe wins! Long Neck wins by a neck!" yelled the crowd. "Hurrah!"

But they weren't quite over the line yet, and quick as a wink the elephant stuck out his trunk. And it put him three inches ahead of the giraffe! At that minute they crossed the line and the Teddy bear rang the bell.

"Hurrah! Hurrah for Jumbo! He won by a nose!" yelled everybody.

(To be continued.)

"Do you think that Scarp's wife married him for love?"

"Can't say. But I honestly believe she remains married to him for spite."

JORDAN MEMORIAL SANITARIUM MAY GET LARGE FUND

Legislature, Again in Session, Will Consider Needs of Institution

Fredericton, March 25.—The week's business in the Legislature began this morning, the corporations committee getting down to work and continuing until noon. Among the bills considered were some from the city of Moncton and the bill in connection with the Protestant Orphans' Home. L. P. D. Tilley, of St. John, is here in connection with the latter and there is no doubt about its being recommended in the usual way.

The public accounts committee will not meet until tomorrow, when Dr. J. V. Anglin, medical superintendent of the Provincial Hospital is expected to be present and give the committee such information as is required about that institution.

Among those who are here from different parts of the province are A. A. Allen, city solicitor for the city of Moncton; Dr. E. J. Ryan, one of the commissioners of the General Public Hospital, St. John; Capt. J. W. Carter and Albert E. Trites, of Salisbury, who are members of the Jordan Memorial Sanitarium.

Money Coming.

Other members of the commission include Hon. C. W. Robinson, chairman, and Hon. J. A. Murray. There is one vacancy upon the commission caused by the death of Dr. McAvaney, which, it is stated, will probably be filled by the appointment of the Minister of Health.

Since last year the province of New Brunswick has taken over the maintenance of the Jordan Memorial Sanitarium and the additional cost will be about \$50,000. There are a number of patients from the department of Soldiers' Civil Re-establishment still in the institution and the province is paid for their maintenance. The estate of Mrs. James Jordan, it is understood, is not settled yet and it is satisfactorily settled there will be a further amount of \$100,000 coming to the institution.

Federation of Labor.

Representatives of the Federation of Labor were here yesterday in connection with the proposed amendments to the Workmen's Compensation Act. Nothing has been given out as to what these amendments will be, but the Premier and Attorney-General have been devoting much time to their consideration.

It is stated that J. M. Flewelling, M. P., of Charlotte, will follow the Provincial Treasurer in the budget debate tomorrow in the role of financial critic for the Opposition. Mr. Flewelling is a capable business man of St. Stephen and has given considerable attention to

THE OLD HOME TOWN

By STANLEY

THE TRICK CIGAR ERNIE HICKS SENT AWAY FOR EXPLODED IN HIS VEST POCKET TODAY BESIDES LOSING THE CIGAR ERNIE LOST HIS TOOTH BRUSH. TWO PRACTICALLY NEW LEAD PENCILS AND A FOLDING RUBBER COMB

provincial financial matters. His criticism will be awaited with much interest. No announcement has been made yet as to who will follow on the side of the Government and respond as second speaker for the Opposition. The length of the session will depend considerably upon the length of the budget debate. Sometimes it is over in a week, but frequently it has taken much longer.

It is probable there will be at least half a dozen speakers from each party in the Legislature and more if the debate becomes acrimonious, but if the House keeps its temper and the criticism is outside of personalities, the debate will not be long.

Public Utilities Act.

J. M. Trueman, chairman of the Board of Public Utilities, with S. H. Mildram, expert of the board, were in the city last evening and discussed with the Premier and Attorney-General some suggested amendments to the

Utility Act. No particulars are available as to what these are, but it is understood that they are quite simple in their character.

He served in the diocese before and since ordination, first as lay reader in the mission of New Brandon, then a missionary in charge of the mission of Derby and Blackville.

In May, 1912, he became rector of St. George's church, Bathurst. It is not known whether Mr. Cooper will go to Westfield or remain at Bathurst.

The last rector of Westfield was Rev. C. W. Nichols, now rector of Bay du Vin. Rev. W. Tomalin, rural dean of Shediac, recently declined an invitation from Westfield.

Dr. Doughty has sent from Ottawa letters written in the days of Lottawa from Beaujeux.

It may not be generally known that the original records of nearly every Loyalist family in this province are kept in the Archives vault. They afford a starting point for county and parish histories and are invaluable to those making genealogical researches. No province in Canada possesses such a source of information respecting the early settlers. It is a large part of the work of the archivist to answer inquiries—constantly increasing—of those desiring personal or family records.

The first volume of the records of the St. John Court of Sessions (1794-1800) is missing from the office of the clerk of the peace, J. King Kelley, K. C., having been borrowed by someone, who neglected to return it. It is important it should be returned, the archivist says.

Dr. Milner said The Telegraph-Journalist means might be reminded that this year was the 100th anniversary of the arrival of Sir Howard Douglas, the greatest of Imperial governors. He has special claims to the title of the people, not only for his great services at the time of the Miramichi fire, but for many other works. Omitting his promoting of the university at Fredericton, that city is indebted to him for the planting along the river bank and streets of the magnificent rows of elms. After he returned to England he did not forget New Brunswick's interests. When he learned the British Government proposed to abolish the duty on Baltic timber (a sharp competitor with the colonial product) he abandoned his Imperial offices and took issue with the Government, on the ground that he was opposed to "free trade" but advocated "fair trade" between Britain and her colonies. He became the first champion of preferential trade within the Empire. His arguments were so potent that on the second reading of the Government bill in the Commons it was defeated. The Government felt so sore over this defeat that it ignored his existence for four years, though George IV. took occasion, in delivering an address at Sandringham, to pay him an elaborate eulogium. He never, as he had intended, returned to this province. He accepted a delicate and difficult post, that of Lord High Commissioner of the Ionian Islands.

Resolution of Recognition.

Following the address on "St. John in 1807" prepared by Dr. Milner and delivered at the Natural History Society recently a resolution of thanks passed by the members of the society.

Whereas the struggles, labors and sacrifices made by the Loyalist settlers in St. John and this province are deserving of a permanent record so that

their deeds may not be lost to future generations and

Whereas Dr. Doughty, Archivist-in-Chief, established here a few years ago a bureau for that purpose—

Resolved, that this society place on record its appreciation and satisfaction of Dr. Doughty's efforts and recognize the value and importance of the services rendered by the local Archivist to this community.

Indigestion An Unnecessary Evil

Dodd's Dyspepsia Tablets Will Relieve Indigestion, Dyspepsia, Sleeplessness and Sick Headache.

Mrs. Jane Hawkins Recommends Them to all Sufferers from Indigestion.

Niagara Falls South, Ont., March 25.—(Special)—"I have taken your Dodd's Dyspepsia Tablets and am very pleased with the results. They have helped me wonderfully. I always keep a box on hand, so if I need them again I have them ready. I would gladly recommend them to all sufferers from indigestion." Mrs. J. Hawkins, well-known resident of this place, sends us the above statement. She tried them and got relief, that is why she is so thankful.

There is no reason at all why any person should go on suffering from indigestion, feeling weak, useless, limp and tired when Dodd's Dyspepsia Tablets are available.

PAINTS FOR OTTO HAPSBURG.

Otto Hapsburg, the eleven-year-old pretender to the extinct throne of Austria, who is living in Spain, in exile with his mother, the ex-Empress Zita, knows the pangs of poverty. It recently became noised abroad that he only had two pairs of pants to his name and these were worse for wear. The news reached Austria and a collection was started by an Austrian journal for the purpose of buying more pants for "His Majesty." Within a short time 17,483, 775 crowns (about \$240) was raised, enough to keep Otto in pants "until he can learn a trade at which he can support himself honorably."

WHY PURE FOOD POISONS SO MANY

Causes Poor Digestion, Gas on Sour Stomach, Sick Headaches and Worried, Run-Down Condition.

If you planned the elimination of your food as carefully as you plan the way it is cooked, you would never always feel ill.

But many people allow the liver, the body's filter, to become clogged up and sluggish. The result is self-poisoning! It makes you feel dull, tired and run-down. Your liver is not helping to rid your system of poisonous waste. Consequently you often suffer from such symptoms as bad digestion, gas on weak, sour stomach, sick headaches, constipation and a nervous, run-down condition.

Dr. H. S. Thacher, noted medical practitioner, perfected a wholesome vegetable prescription to keep the liver healthy. It is giving quick relief and renewed strength, energy and vigor to numbers here. This prescription, known pharmaceutically as Dr. Thacher's Liver & Blood Syrup, doesn't cost much, pleases to take and contains only ingredients that are known to physicians for their corrective and health-building properties.

Try this great prescription yourself. Notice the quick difference in the way you look, eat, sleep and feel. You will be completely satisfied; otherwise, there will be no cost.

Dr. Thacher's Liver & Blood Syrup is sold and recommended by J. Benson Mahony, cor. Union and Dock; Watson Company, Ltd., 9 Sydney; A. Chipman Smith & Company, Charlotte; Travis Drug Company, Ltd., 642 Main cor. Portland; P. J. Mowatt, Haymarket Square; George A. Cameron, 141 Charlotte cor. Princess, in St. John; E. R. W. Ingraham, in West St. John; O. D. Hanson, in Fairville; Compton, the Druggist, in Hampton, and by leading druggists in every city and town.

Resolution of Recognition.

Following the address on "St. John in 1807" prepared by Dr. Milner and delivered at the Natural History Society recently a resolution of thanks passed by the members of the society.

Whereas the struggles, labors and sacrifices made by the Loyalist settlers in St. John and this province are deserving of a permanent record so that

their deeds may not be lost to future generations and

Whereas Dr. Doughty, Archivist-in-Chief, established here a few years ago a bureau for that purpose—

Resolved, that this society place on record its appreciation and satisfaction of Dr. Doughty's efforts and recognize the value and importance of the services rendered by the local Archivist to this community.

Intestinal Antiseptic.

There is now offered to the public a preparation having the DOUBLE action of an intestinal antiseptic and a COMPLETE system cleanser. This preparation, known as Adlerika, acts as follows:

It tends to eliminate or destroy harmful germs and colon bacilli in the intestinal canal, thus guarding against appendicitis and other diseases having their start here.

It is the most complete system cleanser ever offered to the public, acting on BOTH upper and lower bowel and removing foul matter which poisoned the system for months and which nothing else can dislodge. It brings out all gases, thus immediately relieving pressure on the heart. It is astonishingly gentle and does not irritate the alimentary canal—matter you never thought was in your system. Try it right after a natural movement and notice how much

more foul matter it brings out which was poisoning you. In slight disorders, such as occasional constipation, sour stomach, gas on the stomach and sick headaches, one spoonful of Adlerika ALLWAYS brings relief. A longer treatment, however, is necessary in cases of obstinate constipation and long standing stomach trouble, preferably under direction of your physician.

Reports from Physicians.

"I found Adlerika the best in my entire 37 years' experience." (Signed) Dr. G. Eggers.

"Some require only one dose." (Signed) Dr. F. M. P. (Name given on request.)

"I have found nothing in my 50 years' practice to equal Adlerika." (Signed) Dr. James Weaver.

"After taking Adlerika feel better than for 20 years. Haven't language to express the AWFUL IMPURITIES eliminated from my system." (Signed) J. E. Puckett.

Adlerika is a constant surprise to people who have used only ordinary bowel and stomach medicine, on account of its rapid, pleasant and COMPLETE action. It is sold by leading druggists everywhere.

Sold in St. John by J. Benson Mahony, druggist, 2 and 4 Dock street.

Valuable Documents Found In the Archives Office Here

Original Records of Nearly All Loyalist Families Kept in Vaults

The Dominion Archives, the offices of which are in the Savings Bank Building, has been an unusually busy institution recently. The Archivist-in-Chief in London has sent out 318 letters from Nova Scotia and New Brunswick commencing in 1760, written by various officials and ministers of the gospel relating to religious affairs. These are regarded as valuable contributions to church history and as casting sidelights on events during a hundred years.

Previously the Archives had made copies of the records of most of the Anglican parishes in Nova Scotia, for which work the synod of that province had passed a cordial vote of appreciation and thanks. The Anglican church authorities in Nova Scotia, according to Dr. W. C. Milner, archivist, seem to have taken a good deal of pains to prevent their parish records being preserved and serious losses are the result. The letters patent constituting the diocese of Fredericton are amongst the curios in a Montreal museum.

Family Records Here.

It had also copied the records of some twenty Catholic parishes in New Brunswick. It also possesses a fine collection of original Methodist church records and data respecting the late Bishop Medley.

The Evening Times representative recently was shown some 50 volumes of old New Brunswick journals, the gift of James Esq., K.C., Moncton, from whom some 600 volumes of Dominion sessional papers are en route. The first years of New Brunswick journals are especially valuable.

Dr. Doughty has sent from Ottawa letters written in the days of Lottawa from Beaujeux.

It may not be generally known that the original records of nearly every Loyalist family in this province are kept in the Archives vault. They afford a starting point for county and parish histories and are invaluable to those making genealogical researches. No province in Canada possesses such a source of information respecting the early settlers. It is a large part of the work of the archivist to answer inquiries—constantly increasing—of those desiring personal or family records.

The first volume of the records of the St. John Court of Sessions (1794-1800) is missing from the office of the clerk of the peace, J. King Kelley, K. C., having been borrowed by someone, who neglected to return it. It is important it should be returned, the archivist says.

Dr. Milner said The Telegraph-Journalist means might be reminded that this year was the 100th anniversary of the arrival of Sir Howard Douglas, the greatest of Imperial governors. He has special claims to the title of the people, not only for his great services at the time of the Miramichi fire, but for many other works. Omitting his promoting of the university at Fredericton, that city is indebted to him for the planting along the river bank and streets of the magnificent rows of elms. Ingraham, in West St. John; O. D. Hanson, in Fairville; Compton, the Druggist, in Hampton, and by leading druggists in every city and town.

Resolution of Recognition.

Following the address on "St. John in 1807" prepared by Dr. Milner and delivered at the Natural History Society recently a resolution of thanks passed by the members of the society.

Whereas the struggles, labors and sacrifices made by the Loyalist settlers in St. John and this province are deserving of a permanent record so that

their deeds may not be lost to future generations and

Whereas Dr. Doughty, Archivist-in-Chief, established here a few years ago a bureau for that purpose—

Resolved, that this society place on record its appreciation and satisfaction of Dr. Doughty's efforts and recognize the value and importance of the services rendered by the local Archivist to this community.

Intestinal Antiseptic.

There is now offered to the public a preparation having the DOUBLE action of an intestinal antiseptic and a COMPLETE system cleanser. This preparation, known as Adlerika, acts as follows:

It tends to eliminate or destroy harmful germs and colon bacilli in the intestinal canal, thus guarding against appendicitis and other diseases having their start here.

It is the most complete system cleanser ever offered to the public, acting on BOTH upper and lower bowel and removing foul matter which poisoned the system for months and which nothing else can dislodge. It brings out all gases, thus immediately relieving pressure on the heart. It is astonishingly gentle and does not irritate the alimentary canal—matter you never thought was in your system. Try it right after a natural movement and notice how much

more foul matter it brings out which was poisoning you. In slight disorders, such as occasional constipation, sour stomach, gas on the stomach and sick headaches, one spoonful of Adlerika ALLWAYS brings relief. A longer treatment, however, is necessary in cases of obstinate constipation and long standing stomach trouble, preferably under direction of your physician.

Reports from Physicians.

"I found Adlerika the best in my entire 37 years' experience." (Signed) Dr. G. Eggers.

"Some require only one dose." (Signed) Dr. F. M. P. (Name given on request.)

"I have found nothing in my 50 years' practice to equal Adlerika." (Signed) Dr. James Weaver.

"After taking Adlerika feel better than for 20 years. Haven't language to express the AWFUL IMPURITIES eliminated from my system." (Signed) J. E. Puckett.

Adlerika is a constant surprise to people who have used only ordinary bowel and stomach medicine, on account of its rapid, pleasant and COMPLETE action. It is sold by leading druggists everywhere.

Sold in St. John by J. Benson Mahony, druggist, 2 and 4 Dock street.

WESTFIELD CALLS BATHURST RECTOR

Rev. J. A. Cooper Requested to Consider Invitation—No Decision Yet

The Rev. J. A. Cooper, rector of St. George's church, Bathurst, has been asked to consider a call to the rectorship of St. James' church, Westfield. Mr. Cooper is looked upon as one of the most promising amongst the younger clergy of the diocese of Fredericton and a preacher of power and ability. Educated at the University of Toronto and Wycliffe College, Toronto, he was graduated in the class of 1910 and received his Bachelor of Divinity degree in 1916. He was ordained to the diaconate in 1910 by the Bishop of To-

ronto and to the priesthood in 1911, by the Bishop of Fredericton.

He served in the diocese before and since ordination, first as lay reader in the mission of New Brandon, then a missionary in charge of the mission of Derby and Blackville.

In May, 1912, he became rector of St. George's church, Bathurst. It is not known whether Mr. Cooper will go to Westfield or remain at Bathurst.

The last rector of Westfield was Rev. C. W. Nichols, now rector of Bay du Vin. Rev. W. Tomalin, rural dean of Shediac, recently declined an invitation from Westfield.

WILL TAKE OFF ALL EXCESS FAT

Do you know that there is a simple, harmless, effective remedy for overweight that may be used safely and secretly by any man or woman who is losing the altness of youth? There is, and it is none other than the tablet form of the new famous Marmola Prescription, known as Marmola Prescription Tablets. You can well expect to reduce steadily and easily without going through long stages of tiresome exercise and starvation diet. Marmola Prescription Tablets are sold by all druggists the world over at one dollar for a box, or you can secure them direct from Marmola Co., 4812 Woodward Avenue, Detroit, Mich., on receipt of price.

MOTHERS—

Why allow "smuffles" and stuffy, wheezy breathing to torment your babies when quick relief follows the use of

CHAMBERLAIN'S COUGH REMEDY

No Narcotics

J. M. Trueman, chairman of the Board of Public Utilities, with S. H. Mildram, expert of the board, were in the city last evening and discussed with the Premier and Attorney-General some suggested amendments to the

Utility Act. No particulars are available as to what these are, but it is understood that they are quite simple in their character.

He served in the diocese before and since ordination, first as lay reader in the mission of New Brandon, then a missionary in charge of the mission of Derby and Blackville.

In May, 1912, he became rector of St. George's church, Bathurst. It is not known whether Mr. Cooper will go to Westfield or remain at Bathurst.

The last rector of Westfield was Rev. C. W. Nichols, now rector of Bay du Vin. Rev. W. Tomalin, rural dean of Shediac, recently declined an invitation from Westfield.

Dr. Doughty has sent from Ottawa letters written in the days of Lottawa from Beaujeux.

It may not be generally known that the original records of nearly every Loyalist family in this province are kept in the Archives vault. They afford a starting point for county and parish histories and are invaluable to those making genealogical researches. No province in Canada possesses such a source of information respecting the early settlers. It is a large part of the work of the archivist to answer inquiries—constantly increasing—of those desiring personal or family records.

The first volume of the records of the St. John Court of Sessions (1794-1800) is missing from the office of the clerk of the peace, J. King Kelley, K. C.,

Social Notes Of Interest

Mrs. W. A. Fisher, 101 Pitt street, will receive for the first time since coming to reside in St. John, Thursday, March 27, from 3 to 6. Her mother, Mrs. Blewett, and sister, Mrs. Willyms, will receive with her.

Mrs. McIntyre has for a guest, her husband's sister, Mrs. H. R. McMonagle, of Sussex, who will remain this week. Mr. McIntyre is in Moncton. He will return at the end of the week.

Miss Grace McIntyre, youngest daughter of Mr. and Mrs. G. C. F. McIntyre, Alexandria street was given a delightful party on Saturday to celebrate her tenth birthday. Covers were laid for 12 young girls and Easter was suggested in the pretty decorations, with chickens all fluffy and yellow and rabbits just as fluffy and white. Daffodils were used to give the harmonious effect of the yellow and white and pink roses were used in the reception room. The birthday cake was very attractive. Those present were Patricia Phillips, Marion Munro, Frances Munro, Mary Dearden, Valerie Macdonald, Margaret Robertson, Maureen O'Regan, Katherine O'Regan, Ethel Heans, Hilda MacBride and Doris Fosbrook. After the delicious supper,

WEAR GOSSARD BRASSIERES

which had among its other attractions, a Jack Horner pie, there were moving pictures, shown from the machine owned by Mr. McIntyre.

Mrs. Fred R. Taylor entertained very informally for Miss Gwendolyn Warren, of Halifax, the guest of Mr. and Mrs. Hugh McLean, Jr., yesterday at a luncheon at the Cliff Club. Miss Warren has been entertained quietly during her stay here.

Miss Edith Cadill, of Montreal, who is the guest of Miss Doris DeVcher for the winter, is spending this week with Dr. and Mrs. Fred R. Taylor.

Mrs. Multhead, of New Glasgow, passed through the city on Monday. With her brother, Mr. G. H. Morris, she proceeded to Boston, where they will attend the funeral of their brother, Mr. A. Morris, who died at his home in Quincy, Mass., on Sunday night.

Mrs. William Arbo, of The Ferns, left on Monday for Port Lorne, N. S., called there on account of the illness of her mother, Mrs. Charles Foster, who died yesterday. Mr. Arbo has left to attend the funeral.

Miss Louise Gilchrist, daughter of Mr. and Mrs. James Gilchrist, of Hampton, left last night for Montreal where she will enter the Royal Victoria Hospital as a student nurse. Her many friends wish her every success.

GIVEN LIFE MEMBERSHIP.

Miss Ariana L. Hunt, of Hampton, was given a life membership in the Provincial W. C. T. U. at yesterday's meeting of the St. John W. C. T. U., of which she is a member. Miss Hunt was greatly pleased. Mrs. Hope Thomson, the president, was in the chair and Mrs. George Colwell led in prayer. Details were arranged for meeting Miss Ferguson, national secretary of the "W" work of the W. C. T. U., who arrives in St. John on Saturday. Mrs. I. Hoare gave a report of the meeting of the New Brunswick Temperance Alliance. Money was voted to a needy family. There was a large attendance.

EIGHTY AT HEALTH CLASSES.

The children attending the health classes at the St. John Health Centre number 80 in all and they are very eager pupils. There are six classes each week taught by one of the nurses who gives instruction in general and personal hygiene and in the care of an infant, teaching by means of lantern slides, by demonstration and by posters.

We Would Have Married Anyway, Says First "Psychological Bride"

Berkeley, Calif.—"Of course," comments Mrs. Malcolm MacKenzie, world's first "psychological bride," "We would have married each other no matter what the test showed." But the searching pre-nuptial examination she and her bridegroom took recently under the supervision of Professor D. Jan Don Hall of the University of California assures them a life of happiness and compatibility for the future. The couple answered 224 questions, covering all possible tendencies, habits and beliefs. Professor Hall thought important considerations in marriage. And they came out with a high rating. "We were shown by the examination to be on the same mental plane," that young bride reports. "A most important point, in my estimation," she adds. "People in different mental spheres are apt to become only tolerant of one another after the first glamour wears off. Same Tests. "Already we are discovering the advantages of mutual inclinations. "We both want to live the same way, furnish the same way and are each interested in the other's conversation. "Malcolm is studying medicine and I psychology. But each is interested in the other's study. "Also we both live athletic sports, swimming, sailing, hunting and hiking. With all these interests in common, how could we be anything but happy and congenial?" Reassured.

The romance of the MacKenzies started a year and a half ago, amid the glamor of campus life. "After a friendship of that length of time we felt quite sure we were psychologically congenial," says Mrs. MacKenzie. "But we decided to take the test anyway, just to assure ourselves. "And you can't imagine what a delight and reassurance it was to be pronounced ideally matched."

The classes will be continued until the time of the Easter holidays and before they close it is planned to have the children give a demonstration of what they have learned. It is the intention to invite the members of the Board of Governors of the Health Centre and the parents of the children to attend the closing exhibition. As part of the class procedure the children have been weighed regularly and nearly all have gained from four to six pounds each.

MRS. MALCOLM MacKENZIE AND HER "PSYCHOLOGICAL"

TEST YOURSELF

Here are simple but important questions Mrs. Malcolm MacKenzie suggests expectant brides and bridegrooms put to each other to learn whether they are psychologically compatible: 1.—Is one intellectually superior to the other? If so, look out for clashes and jealousies. 2.—What do you know of each other's viewpoint on general affairs? 3.—In the realm of give and take,

tolerance, prejudice and bigotry lead the list. Are you both tolerant, or is either bigoted or prejudiced? 4.—How radically do your tastes differ—in amusement, sports, home life, and other essentials? 5. Have you discovered your mate's varying viewpoints and processes of thinking? 6.—Is one ambitious and the other lethargic? Teamwork is essential for a happy married life.

FINDS DAUGHTER AFTER 19 YEARS

"Son" Also Arrives for Happy Reunion in Chicago.

A woman in early middle life paced nervously about the 12th street station awaiting the arrival of a Boston train, says the Chicago Tribune. She festively scanned each face as the passengers finally streamed through the gates. At the very end of the procession appeared a tall, black-eyed girl, her features almost hidden in a wealth of white furs. At her throat was a tiny flash of crimson and at sight of it the woman sprang forward and clasped the girl in her arms. The ribbon was the talisman by which the woman, Mrs. Beatrice Stein of Cincinnati, knew that her daughter, Irene, lost to her since August, 1905, was at last restored.

"It really is my baby. I would have known you anyway among a thousand," half sobbed the joyful mother, burying her face again and again amid the furs. "And," "mother," exclaimed Irene, tearing herself loose to point out an embarrassed young man nearby, "you must meet my new son. You know, I'm Mrs. Louis Rayner now." Then the three turned to thank Miss Frances E. Spooner, an attorney of 5 North La Salle street, whose ability as an amateur detective had brought it all about.

Later at the home of Mrs. Esther Tamon, 7432 Coles avenue, Irene's aunt, Mrs. Stein, retold the story of her nineteen-year search for the five-year-old girl who mysteriously disappeared from her home at 846 Marshall field avenue when the mother was on the point of obtaining a divorce from her first husband. Never Ceased Hunt.

"I searched the world over, but could find no trace of Irene," she said. "I offered \$100 reward, but it did no good." But throughout the years, the mother declared, she never once ceased to search, and two weeks ago came a telephone call from Attorney Spooner. "The Salvation Army had asked me to find Irene's mother," supplied Miss Spooner. "You see, Irene had been placed in an institution in London. "But, anyway, Irene grew up, married and came to Boston and begged the Army to help find her mother. Old court records gave no clue to Mrs. Stein's whereabouts, but by calling a million phone numbers—more or less—found Irene's grandfather, Hyman Rosenfeld. The rest was easy. "Must Never Leave. "You must never leave me, child, you must go home to Cincinnati," implored the mother, tenderly caressing Irene's black tresses. "Oh, I would just love to, mother, and may be I can for a while—but—" And Irene's eyes wandered to young Mr. Rayner. "You know Louis is very fond of Boston." And the happy mother sighed—and smiled, too.

LADIES AID HOLDS TEA.

The Ladies' Aid of Knox church held a successful tea at the home of Mrs. J. Macmillan Trueman yesterday afternoon. Those assisting were Mrs. S. Cunningham, Mrs. B. Hawker, Mrs. S. Bonnell and Mrs. E. J. Terry. Mrs. H. Crockett and Mrs. James Collins poured. About forty ladies enjoyed a pleasant time and dainty refreshments.

FLOOR FILLING.

A very complete filling for open cracks in floors may be made by thoroughly soaking newspapers in a paste made of one pound of flour, three quarts of water and one tablespoonful of alum, boiled and mixed well. Make the final mixture about as thick as soft putty. This hardens like papier mache. It is a good idea to put a little coloring to tone with the floor.

GOING INTO DRY DOCK.

The steamers Berwyn and Canadian Conqueror will go into dry dock at the plant of the St. John Drydock and Shipbuilding Co., Ltd., this afternoon for general overhauling and painting.

SISTER MARY'S KITCHEN A Daily Menu For The Stout and Thin EAT AND-- Lose Weight—Gain Weight

One large orange, 1 cup consommé with 1 poached egg, 1 large serving broiled shad, 1 cup stewed tomatoes, 1 head curly endive, 6 blades celery, 2 tablespoons strawberry fluff on 1 split lady finger, 2 slices gluten toast, 2 gluten rolls, 1 pint buttermilk. Total calories, 1011. Protein, 80; fat, 23; carbohydrate, 476. Iron, .0179 gram.

Drop a poached egg on a plate of consommé and serve with bread sticks toasted crisp. The entire family will enjoy broiled shad. For those who are not dieting to reduce, lemon butter should be served. For the reducing diet nothing but lemon salt and pepper should be used for seasoning.

The strawberry fluff is made by beating the white of one egg, one cup fresh strawberries and three-quarters cup sugar until the mixture is very stiff. This is then piled on sponge cake or lady fingers.

This menu is lacking in fats one tablespoon of French dressing can be used on the endive if a strict diet need not be followed.

One large orange, 1 cup cooked cereal with dates, 1 cup consommé with 1 poached egg, 3 tablespoons broiled shad with 2 tablespoons lemon butter, 4 tablespoons potatoes au gratin, 1 cup stewed tomatoes with toast cubes, 1 head curly endive, 6 blades celery, 2-inch square cottage pudding with maple sauce, 4 tablespoons strawberry fluff on 2 split lady fingers, 2 tablespoons French dressing, 1 tablespoon sugar, 3/4 cup cream, 2 corn meal muffins, 6 toasted bread sticks, 2 slices graham bread, 2 dinner rolls, 3 tablespoons butter, 1 pint whole milk. Total calories, 3378. Protein, 406; fat, 1384; carbohydrate, 1522. Iron, .01682 gram.

Maple Sauce.

One cup maple sirup, 2 egg whites. Beat whites of eggs until stiff and dry. Beat in sirup cooked until a soft ball is formed when tried in cold water. Beat until cool. Total calories, 850. Protein 50; carbohydrate, 800.

SPEAKS ON HYMNS.

The first of a series of illustrated lectures on hymns was given last evening under the auspices of St. Luke's A. Y. P. A. in the school room of the church by Rev. C. P. Heaven, the curate. The speaker dealt with the hymns "Rock of Ages" and "Abide With Me." The rendition of the latter hymn by Mrs. H. Usher Miller was greatly appreciated.

BOSTON CLUB AFFILIATES.

The announcement of the affiliation of the Boston Canadian Club with the Association of Canadian Clubs was made yesterday by C. A. Romans, the secretary of the St. John club and of the Canadian Clubs Association.

POULTRY LICENSES REQUIRED.

It will be necessary to obtain a license for keeping poultry in the City of St. John, on and after May 1. The Sub-district Board of Health issues the licenses. The keeping of pigs within the city is prohibited. No license is required for keeping horses, although stables are carefully supervised to ensure proper sanitary conditions. There are many kinds of license issued by the sub-district Board of Health which must be renewed by May 1 each year. Besides the licenses for keeping hens there are licenses for hotels and for slaughter houses. There are four kinds of milk dealers' licenses, those for pasteurization plants, for milk vendors, for milk producers and for shops selling milk.

WINDWARD ISLANDS ARE LEAST KNOWN OF BRITISH TERRITORIES

Larger Groups Have Local Government Under British Administration.

Washington, March 21.—The Windward Islands Colony, to which London is sending a new governor and commander-in-chief, is one of the least known to Americans of British territories in the new world. A bulletin from the Washington headquarters of the National Geographic Society describes it:

"Windward Islands" means different things on different maps, says the bulletin, "and to add to the confusion, several other quite distinct names are applied to the whole and to parts of the islands that sweep in a great arc from Porto Rico to the top of South America. The entire group of little islands is known most properly, perhaps, as 'the Lesser Antilles,' the Greater Antilles, consisting of the larger islands, beginning with Porto Rico, that reach back toward the Gulf of Mexico.

Scene of French and British Strife. "All of the southern half of the Lesser Antilles is sometimes called the 'Windward Islands' the term including Martinique, St. Lucia, St. Vincent, Grenada and even Barbados, Tobago and Trinidad. Britain's 'Windward Islands Colony' however, means something definite; the three fair-sided islands, St. Lucia, St. Vincent and Grenada, and the tiny islets near Grenada known as the Grenadines.

Charming Tropic Isles. "The Windward Islands are well in the tropics, being in the latitude of Nicaragua, the Philippines and South India; and they are as charming

examples of tropical isles as can be found in any ocean. All are mountainous, and over the sharp peaks, deep valleys and gentle slopes are thrown an intensely green mantle of tropical trees, shrubs and grasses. All were peopled with the warlike Carib Indians, whose names and other Spanish navigators discovered them. But these were largely killed off or transported during the next few centuries by British and French settlers. Most of the inhabitants of the islands today are black and are traceable to the slave ships that brought over their African cargoes during early colonial development. On St. Vincent, which was long left to the natives, several slave ships were wrecked, and the survivors mingled with the Caribs, so that on that island there is a more pronounced Indian strain than elsewhere.

"On each of the islands is a small minority of white officials, landowners and business men. Each of the three larger islands has its own local government machinery under a British administrator, and over all is the governor who resides in St. George's, chief city of Grenada. The Governments are 'Crown Colonies,' the officials being appointed from London.

"France held on longest to St. Lucia and in the enthusiastic days of Napoleon hoped to make it 'the capital of the Antilles' and 'the Gibraltar of the Caribbean.' But the hope died when the treaty of 1814 gave St. Lucia to Great Britain, and now only Martinique and Guadeloupe and its islets remain of the once important French Antilles.

"St. Lucia, twenty-seven miles long by twelve wide, might be said to exist solely for its harbor, Port Castries. This superb haven, probably unsurpassed by any harbor in the Americas, was to have been France's Gibraltar. Britain has made it one of her most important naval bases and coaling stations and has heavily fortified it. A narrow bottle-neck passage of deep water leads to what in effect is a great, deep lake of salt water. Deep-draught ships of war or trade tie up directly to the piers on which lie mountains of coal. Armies of black men and women cool the ships by carrying laden baskets aboard. Most of the population of the island is concentrated in Castries, dependent on the coaling activities, while a large part of the back country is abandoned to its wild state; but it is threaded with good roads that wind

"Bootlegger Had No Pints," Explains Woman, in Jail

By GEORGE BRITT Chicago.—The spinning dime rested, heads up. It was Mrs. Belva Overbeck Gaertner's enactment of a metaphorical death shaking dice, and she was the winner.

She won—in the craziest gamble any suicide club ever played—and the prize is a cell in jail and a busy denying murmur of "I was drunk. How could I know?"

Whatever question there may be as to her luck in the toss, it is decisive that Walter R. Law was a loser. He lost his wife and 2-year-old son and life itself.

Such was the conclusion of a sordid, macabre adventure, involving in its triple grip the handsome young automobile salesman, Law, his innocent and unsuspecting wife, and the more mature, modish and ardent divorcee, Mrs. Gaertner. Until Mrs. Law got word her husband was dead, she thought he was merely "working late."

"A pint of gin was the usual allowance when Walter Law took me on a party," confessed Mrs. Gaertner. "But this time the bootlegger had nothing but quarts and we drank too much."

"They danced in several cabarets between drinks, and after midnight they started home in her car, the car which Law had sold and which had served to introduce them three months before.

As the car zig-zagged along the streets, the pair fell to arguing. There had been an outbreak of jealousy in one of the cabarets, Mrs. Gaertner got out her pistol, which she kept in the car as protection against hold-up men.

"I bet I am a better shooter than you are," she challenged, according to her story to the police. "I suggested," she continued, "that we toss for it and the winner should shoot at the loser. If the winner missed, then the other would get a chance and so we would take turns until the nine bullets were all gone.

Among its picturesque hills and tropical forests. Had Volcanic Tragedy. "St. Vincent, the middle of the three islands, had a terrible tragedy in the eruption of its own volcano at the time that Mt. Pelée destroyed a populous city and devastated a large area of country in Martinique in 1902. The northern third of St. Vincent was devastated, and nearly 2,000 lives were lost on the island. Now the brilliantly green tropical foliage is creeping back over the ash heaps to hide the evidence of this holocaust.

"St. Vincent has in its botanic garden an importance to the western hemisphere little known. There were introduced first tropical products from the rest of the world, which, distributed from there, have established some of the most important and lucrative industries of the West Indies and the Americas.

"Grenada, southernmost of the three islands, is the most beautiful and most charming, and at the same time the best developed. It forms almost a true ellipse twenty miles long and nine wide. Its port at St. George's cannot compare in usefulness with that of St. Lucia, but it is a perfect gem of a harbor on a small scale, with a narrow entrance and a small land-locked basin. From the basin's rim St. George's grows up a ridge and down the other side, its housetops, half hidden among the palms, forming gigantic stair-steps. And the roofs only echo the surface for the grades are so steep that many of the streets are steps. Much of the town is beyond the ridge; and the British, unwilling to be forever climbing in the warm climate, have put through a tunnel that saves many steps.

Land of Cocoa and Nutmegs. "Grenada was long under French control, and many traces of Gaelic influence still linger in architecture, customs and religion. Good roads form a network over Grenada as over the other Windward Islands. Over them one

MRS. BELVA OVERBECK GAERTNER.

And then—oh, I don't know what happened."

But Law was found dead in the car, and the shot, the police say, couldn't have been fired by his own hand. Law, according to his employers, was a star salesman, "only he didn't know how to refuse a woman when she invited him."

may bowl in motor cars beside the numerous well kept nutmeg and cocoa plantations that turn out Grenada's chief products. Many tourists learn for the first time on these delightful jaunts that nutmegs come from a luscious fruit that is itself made into jam; and that cocoa 'beans' are hidden away in the heart of big capsules that have been described as 'squashes growing on trees.'

NEW JUDGE HOLDS HIS FIRST COURT

His Honor A. T. LeBlanc Congratulated by Brother of Sir P. Landry

Bathurst, March 25.—His Honor A. T. LeBlanc, the new incumbent of the of a judgeship on the Supreme Court Bench of the province, recently sworn here in by Sir J. Douglas Hazen, Chief Justice, held his first court here today. Prior to the opening of the business of the session, N. A. Landry, K. C., extended the congratulations of the Bar of Gloucester county to the new judge. It was particularly fitting, he said, that it should be himself who extended congratulations to Judge LeBlanc, as he was the brother of the late Sir Pierre Landry, C. J., who had preceded the new judge to the bench.

Brief congratulatory remarks were addressed to the new judge by George Gilbert, K. C., J. L. Ryan, C. T. Richards and Harold Ramsey. Judge LeBlanc replied briefly, thanking the gentlemen who had spoken for their congratulations, and assuring them that he would do his best to live up to the high traditions of the New Brunswick courts.

CANADIAN POEMS GIVEN BY READER

Moncton Woman's Recital Delights Women's Canadian Club Audience

Mrs. May Rance Mackinnon, a T. C. M. of Moncton, gave a varied programme of rare excellence last evening at Germain street Baptist Institute, for one of the most successful literary and social evenings of the Women's Canadian Club this season. Mrs. Allan G. McAvity, acting president, presided, and Mrs. H. Doody, second vice-president, was on the platform with her. Mrs. Thomas Guy and Mrs. Blake Ferris sang solos of fine appeal, the latter giving two selections appropriate to the approach of spring. Mrs. Guy's songs were well sung in French. Mrs. Leslie Peters, Mrs. Guy and Mrs. Gordon Macdonald were the accompanists, the last playing for O Canada and the National Anthem. The names of Mrs. N. C. Scott, Mrs. T. E. G. Armstrong, Mrs. J. B. M. Baxter, Mrs. F. E. Holman and Mrs. John R. Gale were voted

"77" For Grip, Influenza COLDS

To get the best results, take Humphreys' "Seventy-seven" at the first sign of a Cold. Medical Book mailed free. At Drug Stores, Humphreys' Homeo. Medicine Co., 156 William Street, New York.

on by the meeting for admittance to the club and unanimously accepted. Mrs. Mackinnon gave high praise to the Canadian Clubs as a great aid to Canadian poets and authors, for this reason she gave in her first group of short poems several gems that were heartily applauded, special pleasure being evinced at the beautiful little poem "The Angelus," by Miss Annie Louise Read, of Moncton, daughter of the late Rev. Dr. John Read, formerly of this city. Mrs. Mackinnon said that she had chosen her selections from a wealth of material, and in most cases from knowledge of the writers, as well as of the setting of the poems. "The

Suppliant," by Allan Sullivan, son of Bishop Sullivan, of Alberta, where Mrs. Mackinnon lived for years, led the group. This poem, Mrs. Mackinnon said, was typical of the high thought of the author. It was followed by a sweet cradle song by Nora Holland, a newspaper woman in Toronto. Miss Holland is a cousin of Yeats, the Irish writer. "The Rapids," by Charles Sangster, who died thirty years ago, and who was the first poet to take Canadian subjects for his theme, was dramatic and very different from the first two. T. G. Roberts, Dr. Thomas O'Hagan, Isabel Eccleston Mackay and Jean Blewett completed the list. Mrs. Mackinnon has a winsome personality and a voice that surprises with its power, because she is herself fair and slender. She seemed well fitted to give "The Littlest Scout," but she seemed just as suited to the tragic section, "Annunciations" and the graphic scene from "As You Like It," where Rosalind and Celia declare their loyalty when fearing separation. There were many eyes wet with tears as "The Littlest Scout" was depicted. The simple little story of the concert in a country school on a Friday afternoon, composed by herself, was taken from real experience and very humorous. After reading for nearly two hours, Mrs. Mackinnon generously gave "The Madonnas," by Robert Service, and a sermon by a "Scotch Minister" that brought ripples of laughter. Mrs. McAvity extended thanks to

To clean your Satin Slippers

You can clean and renovate your satin slippers in a few minutes with BeBe Co. Satin Renewer. It brightens up the satin and restores the original gloss. Made for use on the finest satin slippers.

Provincial Secretary Gives Clear Exposition of Finances

OUTLOOK FOR PRESENT FISCAL YEAR BRIGHTER

Hon. J. E. Hetherington Recalls Fires and Floods of Last Year—Discusses Important Questions of the Day—Prohibition, Roads, Finances, Schools and Other Matters Reviewed in Thoughtful Speech.

Fredericton, March 26.—The most interesting feature of the financial statement presented by Hon. J. E. Hetherington, Provincial Secretary, yesterday, is the estimate of a reduction of nearly \$240,000 in the public expenditure for 1924 as compared with that of 1923. In other words, the Government is resolved to live within its income, and his so framed its estimates as to show a snug balance on the right side. This, of course is apart from the Valley Railway deficit, which still lies upon the province.

The Premier has consented to a heavy cut in the expenditure in his own Department of Public Works for this year. For agriculture, public health and vocational education the expenditure will show an increase, and a little more is allowed for prohibition enforcement. There is an item of \$18,000 for the British Empire Exhibition. The expenditure of the Department of Lands and Mines is to be reduced by more than \$27,000. The big cut is in the roads and bridges account.

The Government anticipates a much higher revenue from crown lands, but less from succession duties and liquor revenue. The last named, however, is placed at \$350,000.

Both interest and sinking fund charges show an increase. The taking over of the Jordan Sanatorium involves an increased cost of nearly \$50,000. Hon. J. E. Hetherington, Provincial Secretary, presented the budget in a thoughtful speech. The figures are as follows:

Table with columns: Dominion of Canada, Department of Agriculture, Department of Attorney-General, Department of Lands and Mines, Department of Education, Department of Provincial Sec.-Treas., Taxes Incorporated Companies, Liquor exporters tax, Amusement admission tax, King's printer, Private and local bills, Probate Court fund, Supreme Court fund, Succession duties, Interest received and accrued, School books, Factory inspection, Railway earnings, Rent Reversible Falls bridge, N. B. Dept. of Liquor Commissioners, Provincial Prohibition Act, Provincial Hospital, Jordan Memorial Sanatorium, Boys' Industrial Home, Motor Vehicle fees, Grand total, ESTIMATED EXPENDITURES, Summary, Public Debt, Interest, Sinking Fund, Legislation, Department of Attorney-General, Department Salaries and Expenses, Administration of Justice, Department of Agriculture, General, Exhibitions, Immigration, Total.

(Continued on page eleven)

GIVES BUDGET SPEECH

HON. J. E. HETHERINGTON.

NIVELLE, HERO OF VERDUN, IS DEAD

Rose From Comparative Obscurity to Great Heights in Great War.

General Robert George Nivelle, who commanded the French troops at Verdun during the world war, is dead in France. He had been ill only a few days, having contracted a cold, which ultimately developed into pneumonia. He was 67 years old.

General Nivelle, brought to the notice of the world by the battle of Verdun, was regarded simply as a good artillery officer before the war. There were so many good artillery officers that Nivelle was still a colonel when the world conflict began.

First a general of brigade and then a general of division in the fall of 1918, Nivelle proved his capacity for one of the most important commands on the western front by his brilliant campaigning and was the natural choice of the general staff to continue the work begun by General Petain before Verdun when the latter was moved to a higher command.

From Race of Soldiers. Born at Tulle, October 15, 1856, Nivelle went through the Polytechnic School, the Fontainebleau Artillery School and the Superior War College. He then followed the usual career of a French soldier, with stints in Africa and China, later serving on the general staff of the Algerian division.

At the outbreak of the war he was in command of the 4th Regiment of Artillery at Besancon, at the head of which he distinguished himself in the early stages of the war and won several citations.

His regiment took a brilliant part in the Battle of the Marne, whereupon Nivelle was promoted to colonel and in the Legion of Honor. Still a colonel commanding artillery on the lines of the Aisne, he was described as the most accomplished type of commanding officer by an eminent literary man writing for a London newspaper: "Tall, robust, an intrepid horseman, with a fine head and a noble expression, a strict disciplinarian and possibly the greatest gunner in the army. He seemed to have the closest acquaintance with every man he met in the trenches and never was at a loss to call each of his soldiers by name—no small accomplishment, considering the number of men under his command. He took the greatest interest in camp detail and was always solicitous concerning the welfare of his 'children,' as he called his soldiers."

In Thick of Conflict. General Nivelle left to no one else the duty of reconnoitering the enemy's batteries and effects of the fire of his batteries on their trenches. Shells were always the thickest where Nivelle was standing, and all his men realized that none of them were as much exposed as he. Officers around him instinctively lowered their heads when the screaming of a shell was heard, but Nivelle's head never was bowed. "What difference does four or five inches make under such circumstances?" he once asked.

In action General Nivelle was alert, quick and gesticulating, giving the impression that he had a great reserve of energy, both physical and mental. He had also the reputation of being a strict disciplinarian and possibly the greatest gunner in the army. He seemed to have the closest acquaintance with every man he met in the trenches and never was at a loss to call each of his soldiers by name—no small accomplishment, considering the number of men under his command. He took the greatest interest in camp detail and was always solicitous concerning the welfare of his "children," as he called his soldiers.

Mother Was English. The mother of General Nivelle was English; hence he learned to speak her language fluently when he was a child. He retained throughout his life the greatest admiration for the British and never tired of memorizing old English war verse. "The Battle of the Marne" and "The Battle of the Somme" were his favorites.

Nivelle was a sturdy, semi-blond type of Frenchman, with plentiful hair, a closely cropped mustache, hard, calculating eyes and a wise-like mouth and chin. When made a general he was 38 years old—one of the youngest men in the French army to reach such a high office, to which he was appointed over the heads of many of his superiors. In 1920 General Nivelle visited the

One Suffers and Another Gains

The age of miracles is not yet over. There is a certain faithful church-goer of the North End, the top of whose pate nature has denuded of every vestige of vegetation he is known among his friends as 'the bald dome.' His seat is directly under a large ventilator in the church ceiling, and last Sunday night one of the slats worked loose and fell directly upon the summit of his externally barren cranium.

Not just a minute! You guessed wrong; the pate is still bald! But there is another wash-father in the same church who recently has suffered an illness, which left him practically stone. He witnessed the accident to his fellow-churchman and, whereas he merely a coincidence cannot be ascertained, but his hearing immediately began to improve and today he can hear as well as ever.

BROADWAY WHIRL ABSORBS \$600

Regina Youth Surrenders and Says He Stole the Money.

Regina, Sask., March 26.—Nobility wants Leonard Stanley. Not even the police are interested in him, although he is a restless, headstrong, and somewhat big-headed young man. He is walking into the West-Forty-seventh street station and announcing that he had stolen \$600 from the Metropolitan Life Insurance Company in his home town of Regina, Saskatchewan.

When spring made its first appearance Stanley, who is twenty, began to feel the \$600 in a safe and go away without turning the combination. "I guess he saw the lights of Forty-second street shining in that room on a, because he didn't want his money straight for them," the detective said. "Funny, too, he's sort of a mild looking kid, neatly dressed, big top, and a pair of glasses like a student."

"Anyhow, he got a suite at the Hotel Cadillac and started out to surprise Broadway. It can't be done. He found himself in the millionaire class, what would you decide to do?"

Would you have visions of fine clothes, a pair of shoes, a luxurious automobile, the Palm beach in the winter and expensive mountain resorts in the summer?

Very likely, if you're an ordinary human being. But those are not the things that Tyler G. Hart, milk peddler of Rutland, and his sister, Mrs. Edward Leonard of Chippenhook, thought of when they received definite word the other day that they are to receive more than \$1,000,000 as heirs of an aunt who emigrated to California in '49.

Hart, made a millionaire overnight, determined to do just one thing that day, and that was to get to the farm, which he had inherited from his father. He determined to do just one thing that day, and that was to get to the farm, which he had inherited from his father.

WILL VANCOUVER BEAT MONTREAL?

Hopes to Become Canada's Greatest Port—150 Headings That Way.

From practically every corner of the earth merchant ships of a dozen nations are on their way to Vancouver today. Ships in harbor—39. In the air—12. In this direction, it was learned in shipping circles yesterday, says the Vancouver Sun of March 15.

About 50 of them are due in port before the end of the present month and the rest are straggling over April and early May.

In the next 30 days the port will be general commodity loading. March and April will be the last heavy shipping months of the present crop year from Vancouver. Lumber loading must continue for several months with little or no abatement, exporters say.

Vancouver is practically certain of equalling San Francisco's foreign trade tonnage in 1924, say shipping men, and there is considered to be an excellent possibility of Vancouver taking that port's present position as the greatest port on the Pacific coast of North America.

ST. JOHN TRAVELERS MEET ABROAD

In Cairo After Twice Waving Greetings From Ship to Ship.

It has often been remarked that the world is, after all, a small place and three couples from St. John, who have been making an extensive tour of Europe and the countries to the south of the Mediterranean, can add further testimony to this fact.

Last week The Times published a picture of Mr. and Mrs. E. Atherton Smith, mounted on camels in front of the Sphinx and one of the pyramids in Egypt. Today is published a photograph of four other St. John people, Mr. and Mrs. W. S. Fisher, and Mr. and Mrs. T. H. Estabrook, taken with the same background.

But the coincidence goes still further. As the latter party, aboard the Cythia sailed into Madiera, they passed the Empress of Canada coming out, and through their binoculars they recognized Mr. and Mrs. Smith waving their handkerchiefs to the entering vessel. Some time later, as the Cythia was steaming for Naples, the Empress again passed on its outward voyage and once more the two groups of St. John people greeted each other across an expanse of water. It was not until Cairo was reached that the travelers met together for the first time on their travels. Messages received recently from Mr. and Mrs. Estabrook and Mr. and Mrs. Fisher indicate that they are enjoying to the fullest their foreign tour.

WILL NOT "BLOW" THEIR MILLION

Brother and Sister Will Take a Rest and Enjoy Life.

Rutland, Vt., March 25.—(United Press).—If you had been working hard for a living all your days and eventually found yourself in the millionaire class, what would you decide to do?

Would you have visions of fine clothes, a pair of shoes, a luxurious automobile, the Palm beach in the winter and expensive mountain resorts in the summer?

Very likely, if you're an ordinary human being. But those are not the things that Tyler G. Hart, milk peddler of Rutland, and his sister, Mrs. Edward Leonard of Chippenhook, thought of when they received definite word the other day that they are to receive more than \$1,000,000 as heirs of an aunt who emigrated to California in '49.

Hart, made a millionaire overnight, determined to do just one thing that day, and that was to get to the farm, which he had inherited from his father. He determined to do just one thing that day, and that was to get to the farm, which he had inherited from his father.

Hart, milk peddler of Rutland, and his sister, Mrs. Edward Leonard of Chippenhook, thought of when they received definite word the other day that they are to receive more than \$1,000,000 as heirs of an aunt who emigrated to California in '49.

WILL VANCOUVER BEAT MONTREAL?

Hopes to Become Canada's Greatest Port—150 Headings That Way.

From practically every corner of the earth merchant ships of a dozen nations are on their way to Vancouver today. Ships in harbor—39. In the air—12. In this direction, it was learned in shipping circles yesterday, says the Vancouver Sun of March 15.

About 50 of them are due in port before the end of the present month and the rest are straggling over April and early May.

In the next 30 days the port will be general commodity loading. March and April will be the last heavy shipping months of the present crop year from Vancouver. Lumber loading must continue for several months with little or no abatement, exporters say.

Vancouver is practically certain of equalling San Francisco's foreign trade tonnage in 1924, say shipping men, and there is considered to be an excellent possibility of Vancouver taking that port's present position as the greatest port on the Pacific coast of North America.

And there is even greater probability, export men declare, that Vancouver will be firmly entrenched at the close of the year as the greatest port of Canada. Montreal and Vancouver, however, are neck and neck for the present, with Vancouver facing greater trade expansion, with her all-year harbor, than Montreal can hope to achieve with her ice-locked winter port.

En route to port—150. Due in 15 days—30. Total cargoes to unload, about 200,000 tons. Cargoes outward, about 600,000 tons. United States to represent France at the tercentenary celebration of the American Mayflower. Council. He made a number of speeches on behalf of Franco-American unity, was entertained by government officials in Washington and visited West Point before returning to France in the late summer of 1921.

St. John People In Egypt

Friends in St. John, have received the photograph published here, showing four St. John people, mounted on camels in the shadow of the Sphinx. Left to right they are T. H. Estabrook, Mrs. W. S. Fisher, W. S. Fisher and Mrs. T. H. Estabrook.

BAPTIZED ON HIS DEATHBED; WINS JEWISH BURIAL

Warsaw.—(By mail to United Press).—A curious "cause celebre" has come to an end here with the burial of Raphael Felsenkranz in the Jewish cemetery.

Felsenkranz, an orthodox Jew, and for many years editor of the Asekura Zeitung, died recently, aged 71. He had a daughter who became converted to Christianity and adopted the Polish name of Lilla Wojciechowska.

When she was smitten with remorse and hurried off to the chief rabbi of Warsaw and asked him to re-admit her to the Jewish faith. The chief rabbi refused with her to the house, where they were too late. The old editor had passed on.

Then came the question where the remains were to be placed. The Jewish community ruled that as he had been baptized he belonged to the Christian burial ground; the distressed family appealed to the secular authorities, who replied that they could not overrule the Jewish community. Then the family carried the appeal to the Rabbinical Council, which decided that Felsenkranz had never consciously abjured the faith of his fathers and was entitled to a Jewish burial. So after eight days of intense public discussion the old editor was laid to rest in the Jewish burial ground.

And Mrs. Leonard, who lives on a farm at Chippenhook and was told of her good fortune? Not much. She determined on one big idea. Her husband, who has been struggling hard to try and make his farm pay, working out in the fields every day in the summer, will now "hire help" and take things easy for the rest of his days, "hosing" the boats being towed by the work himself.

Mrs. Leonard also said she would use some of her money to help a son who has just taken over the operation of a farm nearby that of the parents. But there will be no "spending."

The Hart family is descended from Captain Josiah Hart, one of the Green Mountain boys of Revolutionary War days.

PENOBSCOT RIVER CLEARED OF ICE

Bangor, Me., March 25.—The Penobscot river was free of ice today, after having been closed to navigation since Dec. 30, and it is expected that the Boston steamers will resume regular trips to Bangor beginning tomorrow.

The ice in Kennebec stream, which was piled up against the Maine Central railroad bridge, moved out with the main river field, and both the Penobscot and its tributary are now free of ice. The opening of the navigation in the morning—nothing but the date was April 9.

CHAMPION TEA DRINKERS.

Residents of South Africa are said to lead the world as tea drinkers. In hotels, tea is brought to the room at 7 o'clock. They serve it with milk and sugar. At 11 tea is again served. Business houses have tea served to their employees at this hour. The heads of a nation go out to a tea room for tea. At 4 o'clock tea is served again as well as with the regular three meals a day, and then in the evening between 9 and 10 o'clock. They serve it with milk and sugar; no cream, as cream is very expensive. There is no light life in Cape Town and no cafes. Life is quiet and if a party goes out after the theatre at night they go to a tea room. These close at 11.30.

DOUBLE MURDER TERRIFIES PEOPLE

New Westminster, B. C., March 25.—That Albert Witherby, wounded war veteran, and his wife, Edith, whose battered bodies were found in their home at Port Coquitlam, were foully murdered on Friday night, was the conclusion arrived at by the coroner's jury yesterday.

For absolute lack of motive and brutal ferocity, the double murder stands out startlingly. It has resulted in doors being bolted and windows shuttered and locked. Outlying farm houses have been notified, the mental hospital at Assonade, close by, is being checked up and every possible step being taken to prevent a recurrence of the crime.

TO EXPEND MILLIONS ON SIDEWALK WORK

Chicago, March 25.—(United Press).—Pedestrians will be placed above the swirling mass of traffic on elevated sidewalks in Chicago's densely-packed loop section, if the plan of John J. Sloan, president of the local improvement board, is adopted.

Sloan proposes to raise sidewalks to second-story level, which would be about 12 feet from the street level. Merchants could offset the expense through the added display which they would gain through exhibits in second-story windows, Sloan claims.

"If Chicago is to become the world's greatest city," Sloan said, "we must prepare now."

Although he expects many legal obstacles to be thrown in his way by property owners, Sloan is prepared to show that the plan is a feasible engineering proposition and a sound business investment. The project, as now considered, includes running feet of elevated sidewalks to cost approximately \$80 a running foot.

Chicago Proposes to Raise Walks in Air to Relieve Congestion.

The walks would be constructed on the cantilever principle and would overhang the street about two feet. As there would be a space of from 6 to 10 feet between the building fronts and the edge of the sidewalk, they would not shut off light and air from the floors below, Sloan says.

"Second level sidewalks would render second floors attractive for shopping and display purposes and, being a distinct benefit to the district affected, our attorneys believe it is properly a special assessment proceeding," the Improvement Board head stated.

LEFT \$475,000 TO CHARITY IN WILL

New York Woman Gave Rest of Million to 56 Relatives.

New York, March 26.—Although survived by 56 cousins and some other relatives, Miss Emily A. Watson would not shut off light and air from the floors below, Sloan says.

The next largest personal bequest is to John Watson Angel, 212 West Seventy-fifth street, who receives \$75,000.

Asks \$100 a Week From Her Husband

She couldn't possibly live on less than \$100 a week in spite of the fact that she pays no rent and no coal bills, Mrs. Mary P. Page of Malden, Mass., stated in the East Cambridge Probate Court in support of her petition for separate support from her husband, Frank Page, well known Malden and Cambridge jewelry dealer.

A joint hearing on her petition, in which she charged desertion, and his suit for divorce from her on the grounds of alleged cruelty, was held before Judge White, who took the case under advisement.

MAY IMPEACH CUSTOMS MAN

Washington, March 25.—A resolution looking to impeachment in the House of C. C. Chase, customs collector at El Paso, Texas, and son-in-law of A. B. Fall, was adopted today by the Senate. Offered by Senator Walsh of Montana, the resolution provides for the removal of Chase from office and the appointment of a successor.

APPETITE OF OLD SOAK IS WHETTED

Not Wetted, However, for it is But "Ad." of Old Days.

DISTILLERY HERE

Old Newspaper Notice Tells of St. John Product at 90 Cents Gallon.

The Old Soak lifted his gaze from a newspaper and asked:—"Say, Bo—what would four-and-six in old St. John money figure out in our cash?"

"About ninety cents," hazarded the man who knows everything.

"Help!" cried the Old Soak, and collapsed in his chair. When he revived he groaned, and began to talk to himself.

"Ninety cents a gallon," he mumbled—"and now it's sixteen dollars. I was born too late—sixteen years too late."

"Say," queried an inquisitive citizen, "what's your trouble? Lost all your friends?"

"Ninety cents a gallon—and now it's sixteen dollars!" repeated the Old Soak. "I don't get you," said the citizen.

"Ninety cents for what?"

"A gallon of gin," said the Old Soak—"made right over there in Carleton a hundred years ago—an' now it's sixteen dollars. Listen to this—no you read it yourself—my throat is too dry."

A Tale of Long Ago. The Old Soak placed in the citizen's hand a copy of the New Brunswick Courier, of Aug. 2, 1828, and indicated an article which was as follows:—"A Tale of Long Ago."

"CARLETON GIN DISTILLERY." "This Establishment has just commenced operation, and the Proprietors, in craving public support, beg leave to invite an enquiry into the advantages they hold out as worthy of a visit to this City, and the inhabitants of the province at large."

"Gin is an article of important consumption."

"Aow—ow!" howled the Old Soak, collapsing once more. When he came to himself the reader, in pure exultation from Grain, the Works are of the most perfect kind, and the process of making, like the Materials used, the same as adopted in the best distilleries in Holland. They request the Public to examine for themselves."

"Imagine that!" interjected the Old Soak, wringing his hands—"and me no there."

"For themselves," went on the reader, "and detect the misrepresentations of 'soak' traders or other interested parties, as well as the mistakes of the ill-informed."

"At the Distillery and at the store of John L. Verner, Kegs and Casks containing any quantity from 5 gallons upwards will be had at 45. 60. per gallon, and upon wholesale quantities 6 Months' Credit will be allowed, approved Notes being given, or a discount of the interest for ready money (concomitantly with the price fixed by the Old Soak). At the Distillery, Rye, Barley, Buckwheat, Indian Corn, or the Meal of such Grain, also Lean Stock and Fuel, will be received in payment."

"It is hoped a disposition will prevail to afford countenance to a Domestic undertaking of this nature, which encourages the Labour of our own Country and the Growers of its Produce, rather than to the articles of Strangers or Contraband Dealers."

SPORT NEWS GLEANED FROM WORLD'S CENTRES

BALL PLAYERS BELIEVE IN JINX

Figure the New York Clubs Will Have Trouble Winning Again.

(By Henry L. Farrell.) New York, March 26.—(United Press.)—Because no teams have ever before won four pennants in successive years, it is figured by some that the New York clubs will carry a jinx in their efforts to do it this season.

A jinx is considered a disturbing terrible in baseball. Players believe that there are such things as a jinx; and managers, even if they don't believe in them, must humor the mood of their players.

Miller Huggins, lawyer, as well as a baseball player by trade, and smart at both professions, admits that he has been taking the New York Yankees back to New Orleans for their spring training because he is superstitious.

New Orleans is too large a city to suit the purposes of a training camp. The hotels are always crowded at the time when the teams go south to get ready. Weather conditions are not what are most desired and there are many reasons why the players do not like to go back to New Orleans.

But they trained there for three years in succession and they won three pennants. They'll probably keep going back to New Orleans until they fail to finish in first place.

John McGraw, manager of the Giants, gives evidence frequently of superstition, but he denies that he has a weakness that way. He explains that he does it to keep his players in the mood. If they feel he is hurting the team by doing something, he doesn't do it unless he has to.

The handicap that is imposed upon a team that has won three championships consecutively is not particularly one of an unnatural source. It is very natural.

Players who have been on a team addicted to the winning habit get to thinking too well of themselves. Connie Mack had to break up one of the greatest of all baseball machines because it had been winning too much.

The players got so they expected it and they thought it would come to them quite naturally.

John McGraw said recently that the Giants showed signs of chafing at the bit last summer and that he had decided then that he would have to get some new faces on the team. He proceeded then to go out and get some new faces and the Giants would not have won the pennant this year as they were constituted last year and perhaps they will not do it the way they are now.

The Yankees are more in danger of falling victims to the superiority complex this season than the Giants are. The Yankees had such an easy time last year winning the pennant that they may get the idea they can loaf through this season. Once they start loafing it will be hard for Huggins to get them out of it.

Huggins acts on the theory that his men are not kids and that they are not in a military outfit. He lets them follow their ideas of living and training until they go wrong, and then he hands them a smacking.

McGraw acts on the other theory, that there is only one way to keep his players straight, and that is by forcing them to do as he says. He watches what they do off the field, he knows what time they get into their rooms at night and he knows what is going on when they are in their rooms. He has one lieutenant who is delegated chiefly to the task of keeping him posted on what the players are doing.

The Giants had a hard fight last season. They know they are to have a harder fight this season. Because they are three-time champions, perhaps they do not feel that the Reds are the favorite to win the championship, but they do know that they can't loaf any day in the whole season. McGraw wouldn't let them loaf, if they wanted to do it.

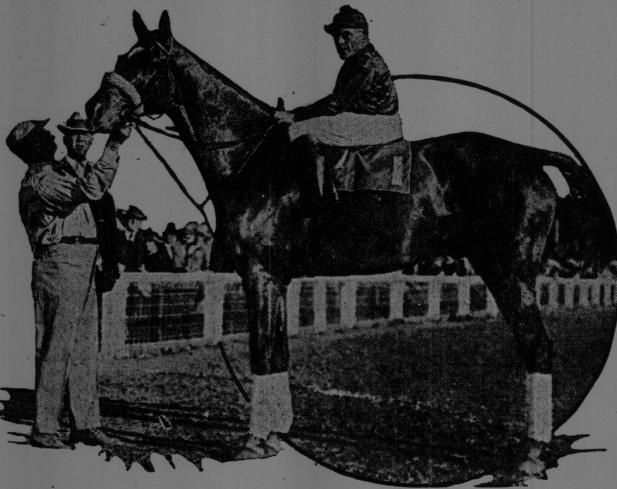

Modern fathers, who are being advised to raise their sons for the ring instead of the banker's office, the chemist's laboratory or the lawyer's suite, might consider that there are less brutal ways of making money quickly than in having the face punched crooked, that there are less severe ways to live easily than by going through the terrific career of a ball player.

Make the boy a bike rider! Alf Goulet, one of the star riders in

"FINE WEATHER COMING" Greet it with one of our \$3.00 quality hats, made in St. John. As hats, we honestly recommend them. Have your old hat blocked and cleaned.

In Classy Field of Hundred Horses Old Exterminator Is Favorite

EXTERMINATOR WITH JOCKEY A. CLEAVER UP. COME on, you Exterminator! That will be the favorite college yell at the Tia Juana track March 30, the date for the running of the mile and a quarter Coffroth Handicap.

The Coffroth Handicap, feature event of the Tia Juana Jockey Club, carrying \$40,000 added money and \$1,500 to the winning jockey, is the richest all-age stake in America.

Exterminator, who was counted down and out about six months ago, because of an injured leg, seems to have done a comeback, as he is held favorite among the 10 horses entered.

the recent six-day bike race in Madison Square Garden, got \$10,000, and he didn't win the race. If his partner, Grenda, had not sustained a fractured shoulder in a spill, he might have won first prize, and he would have been handed \$3,000 more.

Goulet is a big card. He is the Ruth of the track. He made more than \$25,000 last year, and he did it all on his bike.

Maurice Brocco, a little Italian, the most popular of all the riders, told friends, after the last race, that he had saved every cent he had ever been paid for riding in the Garden, and that he had more than \$25,000 in this particular amount.

GERMAN RIDER GETS AN OVATION

Cordial Reception Tendered Karl Wittig While Racing in Paris.

Paris, March 26.—(By the Associated Press.)—Karl Wittig, the first German bicycle rider to appear at the Paris Velodrome since the World war, was given a cordial reception by the Paris public recently.

The German rider was somewhat nervous as he took the track in the face of what he evidently was convinced would be a hostile demonstration against him.

The crowd, however, warmed up to him as Wittig, unmindful of several mishaps to his motor pace, plucking him on riding and went after the leaders in the race with a great show of courage. He was loudly cheered when he finished third in a field of six after he had appeared before he was hopelessly beaten. The spectators then shattered traditions by calling upon Wittig to do an extra lap in honor, something which is generally reserved for victors in races so that they may receive the plaudits of the crowd.

Wittig obliged and was presented with a bouquet just before he returned to his dressing room. The German evidently was deeply moved by the reception accorded him.

The race was won by Paul Suter of Switzerland, who rode 69 kilometers 980 meters in an hour.

SILBY BARRETT IS NO LONGER HEAD

Glouce Bay, N.S., March 26.—Silby Barrett, provisional president of the U. M. W. in District No. 26, has handed his resignation to Wm. Dalrymple, representative here of the international executive. Dalrymple left for Indianapolis, where he will present Mr. Barrett's resignation to the board, which meets on April 3. John N. Lewis has appointed William Houston, acting provisional president of the district.

WILL MEET ROVERS IN RETURN MATCH

Woodstock Girls' Basketball Team Coming Here Tomorrow Evening.

The "Rovers" the girls basketball team of the Y. W. C. A., is to play the Woodstock girls team in the Y. W. C. A. gymnasium on Thursday night and a closely contested game is expected. On last Friday the Rovers played the Woodstock team in Woodstock and won by a score of 13 to 7. It was the first time the Woodstock team had been defeated. The Rovers have suffered defeat just twice this season, once by the U. N. B. girls team and once by the Moncton "Y" team. It is hoped to have the Trojans take part in the preliminary game on Thursday evening and the preliminary game is scheduled to begin at 8 o'clock.

The line-up for the Rovers will be forwards, Nan Porteous and Dorothy Stewart; centre, Dorothy Norwood; defence, Gladys Johnston and K. Keenan.

WILL HELP BOOST SPORT IN SYDNEY

President Covey Will Hold Meeting There in the Near Future.

A. W. Covey, president of the M. P. B. A. U. of Canada, will be in Sydney on April 1 or 2, says the Sydney Post, in connection with local interest in amateur sport in Cape Breton, with a view to reorganizing the hockey league, not to mention criticism of his actions carried in the press, at last states that he is prepared to take an interest in Cape Breton sporting affairs, not only with regard to hockey but also basketball, football and baseball as well, and an attempt will be made by him to start leagues in all these spheres of sport this year.

Observations from time to time of the sartorial results achieved by various of our ornaments of the national hockey league, led to the conclusion that Colonel Jacob Ruppert, Barney Dreyfus, George Stallings, Billy Evans, the umpire Ernie Barnard, of Cleveland; Wait Hoyt, Irish Meusel and Dick Kinsella, the scout, should be listed as among the "best dressed."

They were well in whatever he wears, including a baseball uniform. He's never in the least flashy or overdone—not in a single detail. He has his air and the shape and sets off anything.

John Conway Toole should be mentioned. He wears good clothes as to a man of his horn. So do Colonel Ruppert and George Stallings. In his double-breasted blue serge, his fine white linen and bow ties, Colonel Ruppert is neatness and good taste itself. The ensemble is perfect. Like Stallings, he is fond of bow ties and wears no kind of a shirt except a white one.

Neither does Dick Kinsella, who is a pin, from hat to hosiery. Good clothes are perfectly at home on Stallings. He runs to grays and there's never an inharmonious note. He looks equally well in a hunting rig or golf outfit.

Messrs. Baker, Vecek, Stoneham, Rickey, McGraw, Barnard and Chances all show that they make a study of the noble art of togger.

Best Dressed Men In National Game

Observations from time to time of the sartorial results achieved by various of our ornaments of the national hockey league, led to the conclusion that Colonel Jacob Ruppert, Barney Dreyfus, George Stallings, Billy Evans, the umpire Ernie Barnard, of Cleveland; Wait Hoyt, Irish Meusel and Dick Kinsella, the scout, should be listed as among the "best dressed."

They were well in whatever he wears, including a baseball uniform. He's never in the least flashy or overdone—not in a single detail. He has his air and the shape and sets off anything.

John Conway Toole should be mentioned. He wears good clothes as to a man of his horn. So do Colonel Ruppert and George Stallings. In his double-breasted blue serge, his fine white linen and bow ties, Colonel Ruppert is neatness and good taste itself. The ensemble is perfect. Like Stallings, he is fond of bow ties and wears no kind of a shirt except a white one.

Neither does Dick Kinsella, who is a pin, from hat to hosiery. Good clothes are perfectly at home on Stallings. He runs to grays and there's never an inharmonious note. He looks equally well in a hunting rig or golf outfit.

Messrs. Baker, Vecek, Stoneham, Rickey, McGraw, Barnard and Chances all show that they make a study of the noble art of togger.

LOCAL BOY WILL BOX IN MONCTON

The provincial wrestling championships to be held in Moncton on April 6 next will have an added attraction in the way of an exhibition boxing bout between Louis Donovan, St. John's sensational young featherweight, who holds the Maritime title for his class, and an opponent to be named. Donovan, who is training hard to catch on a place with the Canadian Olympic team, is also entered in the New Brunswick boxing championships which will be staged in the Armories on the night of Friday, April 11, and also is going to Halifax to compete in the Maritime title contest on April 21 under the auspices of St. Mary's A. C. By following this programme, the local lad expects to be in good trim for the Canadian tryouts at Montreal in June. The Olympic boxing tournament at Paris opens on July 16 and continues until July 30.

MAY ORGANIZE LEAGUE TONIGHT

Representatives of Professional Ball Clubs to Decide Future Action.

The fate of professional baseball this summer in St. John, Moncton and Fredericton will be decided this evening at the postponed meeting of representatives of the two St. John clubs, G. W. V. A. and St. Peter's, and Fredericton and Moncton. Officers for the ensuing season will be elected and it is probable a schedule committee will be selected. It is not at all certain yet just what clubs will comprise the new league but tonight's meeting is expected to clarify the situation.

In addition to the clubs named above, there is some talk from Milltown regarding an entry. It is proposed down at the border town that forces on both sides of the St. Croix unite and place one team in the field. St. Stephen is practically out of the running so far as the pro variety is concerned with the removal of Shields to Fredericton and the reinstatement of the two Lowe brothers and Vanstone, the mainstays of the team last year.

If the new league does materialize, it seems fairly certain that it will become a member of the National Association of Professional Baseball Leagues. Michael Sexton is president of the association and J. H. Farrell is secretary. Joe Page, president of the Eastern Canada Baseball League, who is in the city to help out the new organization and who strongly advocates joining the league, says it will be to the best interests of the league and the fans that the new organization get into the fold.

The schedule probably will run from May 24 to Labor Day and when once drawn up and submitted to Secretary Farrell it cannot be altered except by very strong grounds. One of the main troubles last year with the defunct Two-League was the constant shifting of the schedule in the early part of the season.

Half Million To See Boat Race

London, March 26.—A half million people or more will probably watch the Oxford-Cambridge boat race from the banks of the Thames on April 5, but the London half the student bodies of the two universities will see their eight struggle up the river from Putney to Northlake.

Most of the colleges will be scattered over the British Isles and the continent on that day, as it comes in the middle of the six weeks' Easter vacation which has just begun.

Use the Want Ad. Way

Woodstock, N. B., March 26.—The Bangor "Five Aces" basketball team made its first appearance in New Brunswick when they stacked up against the first Woodstock aggregation in the Armory Gymnasium at Woodstock here tonight. The game resulted in a victory for the "Five Aces," the final score being 90-85.

The "Five Aces," who are making basketball history by being the first Maine basketball team to step over the frontier and tackle a New Brunswick team in many years, play the Trojan Seniors, Maritime champions and one of the strongest teams ever developed in St. John here this evening. Tonight's game will furnish a test of the quality of basketball as played down here and in Maine as the visiting team is rated highly over the border. The game takes the place of the University of Maine-Trojans contest. The preliminary between Central Baptist and the Young Judeans commences at 7.45 p. m. in St. Vincent's gym, easily the finest gym in eastern Canada. Roy Willet, a veteran of many a hard-fought contest, will handle the whistle for the main attraction.

Not A Half Bad World After All

He was anxious to see his Canadian battle Ottawa in the professional play-off at Montreal last week. The French-Canadian couldn't afford to purchase a reserved seat. But he wanted to be in the admission tickets. So the midnight previous to the game night, this loyal Canadian rooster took a place at the head of the line. The admission ticket booth did not open until 11 the next morning. He was gone. He was bound he was going to see his Canadian play. Early that morning the long line started to form. He felt cold, but he smiled at the thought that he was getting first crack at the ticket window.

Fifteen minutes before the window opened a form at the head of the line was seen to topple to the snow. It was the French-Canadian rooster. Exposure had overcome him. He was removed to the hospital.

Happily word of the pathetic finish the rooster's long vigil reached the rink office. An admission ticket was taken to the hospital. That night one French-Canadian who saw his Canadian from Ottawa to O. O. appreciated that after all this was not a half bad world.

Start Provincial Tour by Defeating Woodstock—Here This Evening.

Woodstock, N. B., March 26.—The Bangor "Five Aces" basketball team made its first appearance in New Brunswick when they stacked up against the first Woodstock aggregation in the Armory Gymnasium at Woodstock here tonight. The game resulted in a victory for the "Five Aces," the final score being 90-85.

The "Five Aces," who are making basketball history by being the first Maine basketball team to step over the frontier and tackle a New Brunswick team in many years, play the Trojan Seniors, Maritime champions and one of the strongest teams ever developed in St. John here this evening. Tonight's game will furnish a test of the quality of basketball as played down here and in Maine as the visiting team is rated highly over the border. The game takes the place of the University of Maine-Trojans contest. LEAGUE ROLL-OFF STARTS THIS WEEK

A. O. H. and St. Joachim's Teams to Play for the Championship.

The rolloff for the championship of the Catholic Society Bowling League will start this week. Total pinfall in each game will prevail, the team winning two games in three to be adjudged the winner. The competing teams are the A. O. H. and St. Joachim. In the event of equal division in this week's games the deciding game will be arranged for a date next week. The eligible bowlers for this series are: St. Joachim, L. Britt, A. Britt, F. Britt, E. Britt, D. Britt, Nixon and McCarron. A. O. H.: Maloney, McDonough, Dupuis, Moore, McNulty, Cusack, Daley, McDermott. A number of trophies have been offered for competition in this league and indications are that the league will resume operations just as strongly next season.

FIRPO WANTS TO GET IN MOVIES

Will Return to the States if \$210,000 Offer is Still Open.

Buenos Ayres, March 26.—(By the Associated Press.)—Luis Firpo, the Argentine heavyweight, who recently announced that he would retire from the ring after his forthcoming bout with Al Reich, is willing to return to the United States to become a movie actor.

Luis had cabled a Los Angeles company asking if the \$210,000 made to him while he was in the United States would appear on the screen was still open. If it is, his message said, he was willing to accept it. Otherwise, he declared he intended to sail for Europe next month.

Firpo received a cablegram from Juan Homs, who formerly represented Tex Rickard in Buenos Ayres, saying Homs called on New York Saturday with "interesting propositions from Rickard," and requesting Firpo not to enter into any engagements until Homs arrived in Buenos Ayres. Firpo said, however, that unless he obtained a favorable answer from Los Angeles he would surely sail for Europe, regardless of Homs' mission. He reiterated that he was through with boxing.

HOREMANS TO PLAY ON THE ARGENTINE

Belgian Billiard Expert will Visit Buenos Aires After Hoppe Match.

New York, March 26.—Edouard Horemans, the Belgian billiard champion, will leave for Buenos Aires immediately after his championship challenge match against Willie Hoppe, which will be played at the Hotel Pennsylvania here on the nights of April 8, 9 and 10. Win or lose, Horemans has arranged to spend three months in the Argentine, where his schedule calls for games against the leading professional and amateur players of that country. The most important match, which probably will be staged the latter part of June, will be for the championship of the Argentine. The present holder of the title is Victor J. Gulot. Charles P. Miller, an official of the Brunswick-Balke-Collider Company, who returned from Chicago a few days ago, made the announcement. He said that while in Chicago he met Horemans and it was there that he learned of the plans of the Belgian. Mr. Miller said Horemans had arranged to spend the summer in Belgium, but changed his plans when he received a flattering offer from Buenos Aires.

"Horemans will make no mistake in going to Buenos Aires," Mr. Miller said. "I was down there last fall and discovered that the game of billiards was flourishing. While I do not expect any of the Argentines to beat Horemans I will add, however, that he will meet some stiff opposition. The Argentines like billiards and are taking the game seriously. I confidently believe that with the rapid growth of sports in that country, it will not be long before Argentina will have a player who will qualify for the international tournament."

NEWS NOTES GATHERED FROM THE WORLD OF STAGE AND SCREEN

PRINCESS WON'T PLAY MADONNA ON ACCOUNT OF A TORN CLOAK

Break Comes Between Matchabelli and Management of "The Miracle."

New York, March 26.—The long awaited break between Maria Carmi, Italian actress who is the Princess Matchabelli of the stage, and the management of Max Reinhardt's production of "The Miracle" has at last come. On Saturday night the princess refused to go on with her part of the Madonna in the spectacular at the Century Theatre, and then made good on that pledge. She said it was now up to F. Ray Comstock and Morris Gest to determine whether she would reappear in the leading role, or abstain from it throughout the natural life of the attraction here. It is all due, she says, to the Madonna's torn cloak.

Film of "Ben Hur" to Be Made in Rome

Saving in Cost for Extra Players Thought to be Reason For Move.

New York, March 25.—Around the first of April work will begin on another spectacle, "Ben Hur," which may develop into the most massive film ever pictured, to be made in Rome. Inspirational Pictures, which made "The White Sister," with Lillian Gish, over there, is now making another with the same star, and in the near future will create a third, "Romeo and Juliet," starring Miss Gish and Dick Barthelme. Also there is talk of D. W. Griffith going to Rome to make pictures. And now Goldwyn, with "Ben Hur," why the sudden exodus to Rome? Perhaps it is because of cheaper actors. In pictures like "Ben Hur," in which the cast is made up of immensity, this item is of no mean significance. Hire thousands of extras and you immediately have an overhead to consider. In "Ben Hur" the public will again make the acquaintance of an old favorite, Francis X. Bushman who will play the role of "Messala." Also in the cast will be George Walsh, who has the lead; Gertrude Olmsted, Kathleen Key, Carmel Myers and Nigel de Brulier.

Two Real Qualities To Film Stardom

Theatrical—TWO REAL Qualities (By Jack Jungmeyer.)

Hollywood, March 26.—Recently Samuel Goldwyn, the veteran motion picture producer, created a furor in Hollywood by declaring that there are only 33 good screen actors and actresses.

SAMUEL GOLDWYN

Ability to impress personality from the stage and from the screen is by no means identical, Goldwyn points out asserting that fully 90 per cent of stage celebrities, in his observation, have failed in attempts to adapt themselves to the screen. "Stage training and achievement," he commented, "seem to have little to do with motion picture triumph. During my 12 years as a producer I have tried out many favorites, but only a few have made the transition successfully. "Mary Pickford is the outstanding example of personality on the screen. "Norma Talmadge, in my opinion the greatest performance a woman has given to the film, is equally convincing as a woman of 10 as she is the girl of 17. That's true versatility. "Chaplin is just as great a tragedian as he is a comedian. He has the universal humanity." There are three out of Goldwyn's thirty-three. Applying his test of "personality and versatility," see if you can fill out to your own satisfaction the remaining thirty.

BIG CROWD RUNS TO SMALL FIRE

Family Awakened by Smoke in North End Blaze—Damage Slight

An alarm of fire was sent in from Box 145 at the head of Long Wharf and Main street, last night at 10 o'clock and immediately after the first came a second alarm, which called out extra fire apparatus from the city proper, and in addition a very large assemblage of people. The fire was discovered in a small storeroom in the rear of a grocery store owned by John Beattie, 610 Main street. The building is three stories and is owned by James Kelly, of Douglas avenue. The second story is occupied by David Speight and family, while in the third flat resides a widow, Mrs. Dunlop. Mr. Speight said that he and his family were in bed asleep when they were awakened by smoke and before they could make an investigation or get to the street the alarm had been rung in by some person who was passing along the street. Mr. Speight said that he had no insurance on his furniture and the only damage to it was caused by smoke. Mrs. Dunlop said that her furniture was uninsured and it too was only damaged by smoke. Mr. Kelly said that the building was insured for \$2,800 and that the damage would be fully covered. Mr. Beattie, the proprietor of the grocery store, where the fire started, said that his grocery stock and fittings were insured for \$1,800 and this would fully cover his loss. The cause of the fire could not be learned last night, but as the fire had apparently started in the small rear storeroom, which was practically

MODEST LITTLE NOTE TELLS WHY OF FLEET MOVES

Capital Ships to Mediterranean to Keep Open Lines of Communication.

By C. T. HALLINAN. London, March 1.—(By mail to United Press.)—When England transfers a good husky section of her Atlantic fleet to the Mediterranean, what does it mean? The average London newspaper studiously ignores the question, perhaps because it knows from past experience how every line in an English newspaper is studied in every chancellery in Europe.

This conscious repression is a remarkable phase of English journalism and goes a long way to explain how this small batch of islands has come to occupy the important part it holds in world affairs. To understand just why a good husky part of the great British Atlantic fleet has been sent quietly to the Mediterranean you have to go up to Liverpool, buy a recent copy of the Liverpool Journal of Commerce, turn to page 7, and read the following quiet paragraph: "No one supposes that the Pacific is the future field for cruiser patrols. The Mediterranean has become what it was before the High Seas Fleet was concentrated in the North Sea, and it is now the naval centre of the world. We are sending our first ships there, making Malta our greatest naval centre, in order to insure our lines of communication to the East and maintain our prestige. France is building submarines to protect the long ferry from Oran to Marseilles, across which her black regiments as reinforcements must be brought. Signor Mussolini is anxious that Italy, the only purely Mediterranean great power, shall be predominant in the middle sea. Having little interest in the world trade he does not see why we should exercise the power which we do there and at Malta. But though he will never challenge us, he would like to see us cut out."

That's all. No headlines, no unseemly racket, frightening everybody! Just a quiet paragraph, explanatory, interpretative. That's the English way.

Los Angeles, March 25.—Human type of a comparatively advanced being inhabited Southern California before the glacial period, which ended some 15,000 to 30,000 years ago, in the opinion of paleontologists who are studying three fossil skulls and portions of four human skeletons unearthed in glacial sands near here yesterday. Dr. Chester Stock, head of the Department of Paleontology of the University of California, declined to pass snap judgment on the antiquity of the finds, but said that the bones, which were found in strata which belonged to the latter part of the glacial period. "Human remains from the glacial period have been found in Europe," said Dr. Stock, "but they have always shown the characteristics of extremely primitive types. Here we are confronted with remains showing development far advanced beyond that of the European remains, and yet under circumstances which would indicate that they were made over the forests of the glacial period."

The American aviators have set out on their westward course, following the path of the sun around the globe. Next Tuesday, three British aviators will start out from Southampton and attempt to make the same attempt, but facing the east, to win the honor of being the first to circle the globe. As an adventure, nothing so thrilling has been done since Francis Drake made the voyage in the "Golden Hind," more than 300 years ago. The adventurers in the air will travel under very different conditions. With all the resources of the British and American navies to help them along, including the wonderful service of radio-telegraph, it is possible that the flying machines will never be out of contact with the ground organizations. Still the picture of one small craft flying in solitude over the forests of Burma and Siam, or heading away north of Japan across the Pacific to the Aleutian Islands, and thence to British Columbia, is surely as stirring even as the story of Jason's cruise in the Argos, or the voyages of the gentleman adventurers of England's little privateering ships of Elizabeth's day.

"Secrets" Norma Talmadge's screen version of the play by Rudolph Besler and May Edington, opens this week in New York. Eugene O'Brien again will be seen opposite Norma. Joseph J. Schenck, president of the Norma Talmadge Company, has come on from the coast to be present. R. H. Burnside, of Hippodrome fame, is to direct motion pictures for the Famous Players-Lasky Company. He has been studying the film business at the Long Island studio of the company. The Warner Brothers have purchased the screen rights to Editor Peiler's novel "So Big," and also those of "The Vanishing Point," by Coningsby Dawson.

Myrtle Steadman Gets An Important Role

Because of her fine work in support of Corinne Griffith and Conway Tearle in "The Field" Myrtle Steadman has been signed to interpret the role of Frank Mayo's sister in Harry O. Hoyt's production of "The Woman on the Jury," which stars Sylvia Breamer and which is now in production in Los Angeles. This is not the first time Miss Steadman and Miss Steadman have been cast together. In "Flaming Youth," Colleen Moore's recent triumph, Miss Steadman enacted the role of a lady's chaperon, Miss Breamer's admirable mother.

Constance Quits Her Flapper Roles Forever

Constance Bennett, who plays the role of Mina Raff, a film star, in Samuel Goldwyn's production "Cytherea," by George Fitzmaurice, has just returned to New York from the coast to make a picture in the east. The famous daughter of the famous Lewis Stone as the newly wedded bride, she is in the role of the stenographer and other prominent members of the cast are William V. Mong, Mary Carr, Heida Hopper, Lila Leslie, Sidney Tracy, E. H. Calvert and Howard Truesdell.

STAGE COMEDY FILMED

"Why Men Leave Home," a John M. Stahl production presented by Louis B. Mayer, has taken its pace among the "1924 Twenty" of Associated First National Pictures, Inc. The screen adaptation of the New York stage success by Avery Hopwood will be distributed this month. Helene Chadwick and Lewis Stone as the newly wedded couple, the leading roles, Alma Bennett is in the role of the stenographer and other prominent members of the cast are William V. Mong, Mary Carr, Heida Hopper, Lila Leslie, Sidney Tracy, E. H. Calvert and Howard Truesdell.

Bill Hart, though an ardent admirer of the great open spaces, where men and collars are celluloid, likes a touch of the bright lights now and then. The other night, in company with "Scoop" Conlon, his Boswell, he dropped in at the Palais Royale, New York. When the two-gun man entered suddenly everybody ducked, expecting him to shoot, but instead he picked out the prettiest girl in the place, Florence Walton, and swung into a fox trot.

Production of "Cytherea" is now well under way at the United Studios in Los Angeles under the direction of George Fitzmaurice. Some of the most artistic sets at the United plant are now being completed under the direction of Ben Carré. The cast includes Alma Rubens, Lewis Stone, Irene Rich and Constance Bennett.

"Three Weeks," from Elinor Glyn's story, is to be shown beginning March 30. The title of this tale has achieved so much fame in the movies, that the British Censor Board refused to pass the picture version unless the name was changed to "The Romance of a Queen."

Fannie Hurst, noted novelist, previewed "The Love Master" in New York the other day and expressed herself as delighted with this picture, which, it is said, gives Strongheart, the peer of dog stars in the movies, the chance of his career before the camera.

Chicago, March 26.—Ed Strangler Lewis, world's heavyweight wrestling champion, retained his title last night by defeating Stanislaus Zbyszko two out of three falls.

CUBAN IS KNOCKED OUT.

Havana, March 26.—Jose Lombardo of Panama knocked out Carlos Fraga, Cuban featherweight champion, in the second round of what was to have been a 12-round bout last night. The Cuban went down for the count under a rain of rights and lefts.

OTHER DAY SONGS SUNG AT CONCERT

Choir of Exmouth Street Church Presents Entertainment

The choir of the Exmouth street Methodist church, consisting of 51 voices, scored a notable success in the fine presentation of "An Old Fashioned Concert" programme in the school-room last night. Old time melodies composed the entire programme. The choir members were costumed in the picturesque garments of former days. A capacity audience showed its appreciation in hearty applause. E. E. Thomas, choir leader, gave a brief and interesting reference to the numbers on the programme and H. F. Hopkins gave an amusing stump speech. Candy was sold during the evening. The proceeds of the entertainment will go to the choir fund.

Practical Joking DOESN'T ALWAYS PAY

The case in which a clergyman was fined for sending to a bishop a bogus telegram purporting to come from the late Prime Minister is certainly a remarkable one. Practical jokers may note with advantage to themselves that the use of forged documents is dangerous, even for what they may consider the laudable purpose of their fun; and, it may be added, the more solemn the document, the greater the danger, writes Alfred Fellows in "The London Daily Mail."

ST. JOHN YOUTH IS A REAL SPORT

His Action in Skating Meet Wins Praise in the United States.

The genuine sportsmanship of a St. John boy has been heralded practically all over America by Joe Page, all-around friend of sport, who witnessed the incident while attending the International Indoor Skating Championships in this city last month. In addition to paying a tribute to the youth the article gave St. John some real advertising as it appeared in many of the leading papers on the continent. The article which was written by Mr. Page, who has for years taken a keen interest in local sport, was as follows: "Here's one for Young America to ponder over. Reggie Seely, 13 years old, of St. John, N. B., was competing in the junior half-mile skating race at St. John. Reggie was among the leaders at the final lap and stood an excellent chance of winning. Suddenly he skated off the ice. Officials were at a loss to understand the lad's action. Referee Bill Taylor, who also managed the American Olympic speed skaters, summoned young Seely. "Why did you quit when you were going so good?" asked Referee Taylor. "I did not disqualify you," Taylor said. "Well I skated inside the block at the turn which I had no right to do and disqualified myself," responded Reggie. "This is the last word in sportsmanship, a lesson in honesty and fairness that our own youth would do well to copy."

JAMES MCGOWAN CLIMBS WITH C.P.R.

Is Promoted to be Traveling Passenger Agent in Boston.

Report of another change in the C. P. R. staff was confirmed today. James McGowan, port passenger agent, will in the near future be transferred to Boston where he will take over a position of traveling passenger agent. Mr. McGowan received word of his promotion yesterday. He is a St. John boy who has made marked progress since entering the employ of the railway and his many friends and acquaintances will be pleased to learn that he is continuing to advance in the service.

Ten Years In Service.

Mr. McGowan joined the C. P. R. staff ten years ago as a clerk in the city ticket office. He remained in that capacity for five years and was then promoted to be position of assistant ticket agent in the Union Depot. Two years later he was transferred to the ticket department of the port staff where his devotion to duty and general efficiency won immediate recognition. He was then transferred to Rimouski and in 1921 was appointed port passenger agent. Since that time he has been in charge of the port staff, making his headquarters in St. John during the winter months and at Quebec during the summer.

Word of his promotion will be pleasing news to his friends, although general regret will be expressed that it will necessitate his removal from this city. During his years of service here he has endeared himself to the traveling public by the interest he manifested in their welfare and the energetic spirit he displayed in arranging for transportation or assisting them in other ways. He is also a popular official and highly thought of by his superiors as well as those who are under his supervision. All will unite in wishing him continued success.

He Goes To Boston

JAMES MCGOWAN.
ALMANAC FOR ST. JOHN, MARCH 28.

LOCAL NEWS

TO STUDY AS NURSE.
Miss Vera Caples will leave this evening for New York to take up the study of nursing at Flushing Hospital.

TO INVESTIGATE FIRES.
H. H. McLellan, fire marshal, left today for Fredericton to investigate some fires which occurred recently and surrounding which there were some suspicious circumstances.

MASONIC VISIT.
W. J. McChafferty, provincial prior of the Grand Priory of Canada will pay an official visit to the Fredericton Preceptory tomorrow evening and will be accompanied by officers of the local preceptory.

PREPARE FOR REVISION.
The committee appointed by Commissioner Thornton to revise the building by-laws of the city will meet tomorrow night at the office of the Commissioner of Safety to organize and get ready for their arduous task. The committee is composed of G. C. Kirby, Edward Bates, F. Neil Brodie, C. E. Sanford, K. C. the city engineer and the building inspector.

RELATIVES LIVE HERE.
Miss Alta Baker, daughter of Mr. and Mrs. Allen Baker, Houlton Road, Woodstock, died on Saturday evening after a lingering illness, aged 18 years. She leaves her father and mother, three sisters, Mrs. Ora Wallace of St. John, Miss Georgia, stenographer, of Woodstock, and Miss Hilda, teacher, at Belleville; and one brother, Granville, in St. John.

MUSQUASH REPORT.
The amount of energy generated at the Musquash plant for the week ended Saturday last was 220,210 k. w. h.; the average load 1,810 kilowatts, and the average load 50 per cent, it was reported at the office of the New Brunswick Electric Power Commission this morning. It was also said that watchmen were kept at all the dams of the commission this spring until after the freshet period.

WON PRIZES.
The Carleton Cornet Band fair last evening attracted a large gathering. It will be continued until March 31. Last night the prizes were won as follows: Door prize, bag of flour, ticket 387; men's team, silver butter cooler; W. Connor; ladies' team, silver bon bon dish, Miss Dorothy Lanyon; silver china berry set, James Connor; howling alley, silver cake dish, Frank Thomas.

LAST CAR CLUB.
Twenty members and four guests met last evening at the home of Captain and Mrs. Vallis, 24 Main street. The cup series which has run for 13 weeks was won last evening by W. Britche with a score of 3,447. The winners of the whist drive last evening were Mrs. G. Reed and C. L. Mofford, consolation, Mrs. C. Smith and G. W. Bailey. Dainty refreshments were served by the hostess after the third game. The pleasant evening was concluded with instrumental music and songs.

DELEGATES APPOINTED.
At a meeting of Johnston Lodge, L. O. B. A., held in the Orange Hall, Germain street, Mrs. C. W. Stephens in the chair, delegates to the provincial Grand Lodge which will meet in Moncton this year were appointed as follows: Mrs. C. W. Stephens, Mrs. J. M. Powers, Mrs. M. A. McLeod, alternates Mrs. Grace and Mrs. A. Logan. A pantry sale was discussed and plans made for holding the twenty-ninth anniversary in April. All sister and brother lodges to be invited.

LAURENTIAN READY.
The government steamer Laurentian, which broke one of her propeller blades at Yarmouth recently, is now ready for service again, repairs having been completed yesterday at Lower Cove slip. While this work was going on the members of the crew took advantage of an opportunity to clean out the boiler tubes and generally overhaul the engines. The S. S. Dollard is at present at Parrishore placing buoys. A report received at local headquarters of the Marine and Fisheries Department said that the ice in Minas Basin is pretty well broken up.

PREPARE FOR PLAY.
The Beacon Light class of the Pleasant Point Sunday School met last evening at the home of Miss Mae Kierstead, Fairville. Mrs. W. E. Hamm, president. After business, the remainder of the evening was spent in rehearsal for a play to be held in April. Dainty refreshments were served by the hostess, who was assisted by Miss Marjorie Gorham and little Miss Violet Connor. Those present were Mrs. William Gray and Mrs. W. E. Hamm, Mrs. William King, Mrs. James Splane, Misses Mae Kierstead, Marguerite Henderson, and Marjorie P. Gorham.

NEW D. J. PURDY REACHES PORT

River Steamer Wins Admiration—Ready for Service in Few Weeks.

The new steamer built by the Maritime Marine Railway and Shipbuilding Company for the Crystal Stream Steamship Company, to replace the D. J. Purdy on the main river route between Indiantown and Fredericton, arrived in port last night about ten o'clock, and was docked at Long Wharf. She was towed here by the tug Ocean Gull, owned by the St. John Dry Dock and Shipbuilding Company, and made the trip across the bay in a highly satisfactory manner.

Wins Attention.
The new steamer is well designed and her lines are attracting the attention of men about the harbor front. Her construction and her fully finished cabins are also the subject of favorable criticism by hundreds of people who took an opportunity to visit her today before she was taken through the falls to Indiantown.

The new steamer was successfully launched at Meteghan on last Monday and the manner in which she left the launching by a high wind prevailed. The tug Ocean Gull started with her tow yesterday afternoon and made remarkably fast time. On the new steamer were: Jarvis Purdy, manager of the Crystal Stream Steamship Company; Captain John Gilchrist, who was formerly in command of the D. J. Purdy, and who will take charge of the new steamer; S. S. Foshat, purser on the Majestic, and Captain Horace Waring.

Some more painting, the installation of the Winton crude oil burning engines, an electric lighting system and a heating system remain to put the new steamer in condition for service. The engines are due to arrive here in a few days and will be installed at Dunn's slip, West St. John. Their weight is estimated at approximately 22 tons. They will be placed on the bed plates by Richard Lee. The work of lining up the engines will be undertaken by E. J. MacKenzie, who will be the engineer in charge, and he will be assisted in this work by a representative of the manufacturers. The large oil tanks, which were constructed by St. John Iron Works, have already been installed. They have a capacity of 1,500 gallons each.

The Vessel Described.
The dimensions of the new craft are as follows: Length, 168.8 feet; beam 28 feet; main deck 90 feet; draft 3.6, with a three foot six inch free board. She is to be a twin screw and driven by two Diesel oil engines which develop 225 horse power each and which are expected to turn up from 280 to 300 revolutions a minute. The new steamer is longer than the old D. J. Purdy and has twice the freight carrying capacity. She is said to be one of the strongest, if not the strongest built, ever placed on the St. John river.

On the main deck, in addition to the large space for cargo there are an office for the purser, the crews' quarters and lavatory in the after part of the vessel; midships to the port side are a kitchen and mess room. On the saloon deck are what is termed the midship saloon, a cabin for ladies with a lavatory adjoining, a refreshment room and a spacious dining room in addition to a pantry and store room. There is also a good wide promenade deck all round the steamer and a number of state rooms are also provided. On the hurricane deck are a large wheel house, the captain's living quarters, public state rooms, officers' staterooms, and two rooms for storing life preservers.

The work of installing the electrical system and other work will be undertaken immediately and it is hoped to have the new boat ready for service in a few weeks.

ASK ABOUT OURS.
A request for information about the organization and rules of the St. John Board of Trade has been received from the Barbados Chamber of Commerce, who state they have in mind the extending of the scope of their activities and they would like to know how such organizations were conducted in larger cities.

As Hiram Sees It

"Hiram," said the Times reporter to Mr. Hiram Hornbeam, "I walked for a space last night with old Orion. I had been sitting with a group of men whose hair was sparse and gray. I had sat with the same group when our hair was black or brown, and our features not so sharply drawn. The change struck me very forcibly, the more so when reference was made to vacant chairs. Then I went out into the street, and almost straight ahead, serene above the city, shone the stars of old Orion, as they had shone on my childhood and the childhood of the race. Changeless above a world of change, Hiram, it is good to get into fellowship with things that abide. They never mock—they never deceive or disappoint. They reveal by contrast the pettiness of much that creeps into our lives, is it not so?"

"The man," said Hiram, "that kind time to do a little thinkin' about other worlds, an' the suns that shines on 'em, an' never so mean an' small as the one that spends all his time schemin' to grab what he kin for himself in this one. A feller don't need to keep his head amongst the stars—but if he keeps his nose on the ground he's a lot wuss off—yes, sir."
