GOMPERS MAKES DRAMATIC SPEECH

Withdrawal of Labor Group from Industrial Conference

THREAT AS TO THE FUTURE

Says Opponents Will Yet Be Glad to Talk Collective Bargaining—Finish Fight for Increased Wages on Railroads Looms up as Possibility

Washington, Oct. 22.—In announcing the withdrawal of the labor group from the national industrial conference last night, after its final effort to obtain adoption of a collective bargaining resolution had been defeated by a vote of the majority of the capital group...

Representatives of the four railroad brotherhoods remained in the conference until the session adjourned, but they announced that they did so "out of courtesy to the other delegates."

Washington, Oct. 22.—Railroad employees are prepared for a final fight with the railroad administration for increased wages, time and a half overtime and improved working conditions before the government surrenders the roads to private control.

"If our demands for a living wage should not be met when the time approaches for turning back the railroad to their private owners," he said, "we shall demand as a condition precedent to the change the realization of the fundamental rights of labor, the living wage, the eight hour day on all federal controlled roads, with time and one half for overtime, and other principles to which the government pledged itself."

How Director-General Hines and his assistants propose to meet the situation has not been divulged. It is considered certain, however, that if any wage advances are given, President Wilson first will be consulted.

ALFONSO VISITS FIELD OF VERDUN

Petain Gives Hun Surprise by Saying French Knock Attack Was Coming—Leaves For London

Verdun, France, Oct. 22.—(Associated Press)—Over the historic and tragic battlefield of Verdun, Marshal Petain, chief of the French army, arrived today to inspect the remains of the battle of Verdun.

France was not surprised by the German offensive against Verdun, Marshal Petain told the king during their walk over the field.

"We knew of the enemy's plan," said the marshal in describing the battle, "six weeks before, learning of the construction of a formidable system of railroads leading to Verdun."

Paris, Oct. 22.—King Alfonso concluded his visit to France this morning and left for London, which will take him to London, he chatted with Lord Derby, British ambassador, for a few minutes before the train started.

Council Passes The New Wharfage Charges

Mr. Bullock Says It Will Mean \$20,000

MATTER OF COMMISSION

Mayor More Than Ever Desirous of Action—Water and Sewerage for New Houses—Paving Question Again Discussed

The increased schedule of wharfage charges in St. John harbor, as outlined by Commissioner Bullock a few days ago, was passed upon by the common council in committee this morning and recommended to council.

The mayor more than ever desirous of action, water and sewerage for new houses, paving question again discussed.

Commissioner Bullock recommended that the new schedule of wharfage rates be passed and after some discussion this was done.

The mayor said that he was more than ever desirous of putting the harbor in commission and he was of opinion that the city should make some concessions to get the thing started.

Commissioner Fisher reported that the street railway had put their curved rail at the corner of Union and Sydney street three feet four inches from the curb and not three feet six inches as agreed by the council.

Commissioner Bullock said that legislation or no legislation there should be plans made for permanent work next year. The matter was finally left over until Tuesday.

Accounts of T. H. Estabrooks for \$20,000; St. John Globe, \$1,750; St. John Standard, \$2,250; and various accounts through the Trades and Labor Council amounting to \$20,000, representing expenses in connection with Soldiers' Day celebrations, were passed on recommendation of Commissioner Fisher.

Urges League of Catholic Women to Fight 'Indecency of Fashion'

Berlin, Oct. 22—(Associated Press)—Count Von Bernstorff gave evidence yesterday before the committee investigating the responsibility of German officials in the war. He said: He startled his hearers by saying that the U. S. Federal Reserve Bank had a plan to deny foreign nations credits but it was spied by the work of the submarines.

London, Oct. 22—(Canadian Association Press)—The privy council today dismissed the appeal concerning Ottawa Catholic separate schools, holding that the statute was intra vires, and that the appellants were not prejudicially affected by it.

Two years ago the Ottawa Separate School Board sued for the recovery of money which had been seized and expended by the government school commission on behalf of the separate schools. The sums included the sinking fund amounting to \$140,000 which had been on deposit at the Quebec and Ottawa banks by the separate school board prior to the formation of the government commission.

Justice ruled rendered judgment in favor of the board, but his decision, which affected both the Quebec and Ottawa banks and the members of the separate schools, was upset by Judge Meredith, in the appellate court.

Rome, Oct. 23—(Associated Press)—On the domestic hearth woman is queen, said Pope Benedict today in answering a question presented to him by the women's union. The pontiff added that changed times had given women functions and rights she did not possess in former ages and enlarged the field of her activities, but that no alteration in man's opinion or no novelty of things or of events could separate woman, conscious of her high mission of the family, which was her natural one.

The pontiff praised the growing determination of the Catholic woman to take an active part in the education of youth and the betterment of the family schools.

The Catholic woman, said the pontiff, "besides feeling it her duty to be virtuous, must feel her duty to be efficient, to be a help to her husband, to be a designer of the fashion of her clothes, radiating those exuberances of fashion which show the corruption of those who designed them and bringing an evil contribution to the general corruption of manners—fashions contrary to that modesty which should be the fairest ornament of the Christian woman."

The action by the school board was based on the privy council decision which had declared the government commission ultra vires.

FRENCH, DISCUSSING IRELAND, SPEAKS OF COERCION TO COME
London, Oct. 23—Speaking at Wallasey, Cheshire, last night, Field-Marshal Viscount French, lord lieutenant and governor-general of Ireland, made a bitter attack upon the Sinn Fein government of Ireland. Among other things he said: "The self-constituted, illegal and insane Sinn Fein government is possessed of a great secret army called the 'Irish Volunteers' to which are attached assassins whose business it is to murder police and soldiers who question their decrees in any community. The people are frightened into screaming the offenders and courageous efforts on the part of the police are abortive."
"We are anxious to give self-determination to be faithful and just to all but little can possibly be done until law and order are established. When the people hear of 'coercion,' I hope they will consider the matter in a just light."

GUM TENDERNESS — A TOOTH-MENACE
It is true that four out of five people over forty suffer from gum-shrinkage. For years the gums become sore, bleed, and then shrink. The teeth become exposed, particularly after the baby comes, are peculiarly subject to porphyria. At such time they cannot be too careful about their teeth.
Porphyria commences with tender gums, which gum-bleeding at tooth-brush time. Gradually the gums become sore, bleed, and then shrink. The teeth become exposed, particularly after the baby comes, are peculiarly subject to porphyria. At such time they cannot be too careful about their teeth.
Beware of that first gum tenderness! Try Forhan's for the gums. It positively prevents porphyria. If used in time and used consistently, no ordinary tooth paste will do this.
And Forhan's cleans teeth scientifically as well. Brush your teeth with it. It keeps the teeth white and clean.
If gum-shrinkage has already set in, start using Forhan's and extract a dental benefit from every meal of Forhan's. It is a tooth-protective. All druggists.

The Evening Times and Star

ST. JOHN, N. B., OCTOBER 23, 1919
The St. John Evening Times is printed at 27 and 29 Canterbury Street, every evening (Sunday excepted) by The St. John Times Printing and Publishing Co., Ltd., a company incorporated under the Joint Stock Companies Act.

ST. JOHN IS THE PORT.

In this issue of the Times appears a map showing the Valley Railway in its relation to the transcontinental line, and also to American traffic over a proposed branch forty miles long from Allandale, N. B., to Bancroft, Maine. A careful study of this map will enable every reader to understand clearly the reason why the line from Fredericton to McGINVY Junction should be brought up to the transcontinental standard, and the bridge at Fredericton made strong for heavy traffic.

There is the other proposition that a branch line be built from Allandale, on the Valley Railway to Bancroft, Maine to connect with the Maine Central and give central and northern New Brunswick quick connection with New England. This will appeal very strongly to the people of the northern counties.

SCOTCH TWEEDS

From the Land of the Heather

WHEN we say that these are genuine Scotch Tweeds—imported by Fit-Reform directly from Scotland—haven't we said all that can be said about the sturdiest and—to many men—the most likable Suits and Overcoats that can be made?

And these new Tweeds have gained added charm from being shaped into Suits and Overcoats by the master hands of the Fit-Reform tailors.

If you have a preference for Tweeds, either in Suits or Overcoats, let us show you the novelties we have imported in genuine Scotch Tweeds.

THEY FORGOT THE WOMEN

Moncton Transcript.—The managers of the provincial opposition did not think of the requirements of the women when they first issued a call for a convention. On second thought they decided to recommend the election of one woman delegate from each voting district. Under their system of representation each district is authorized to elect two male delegates and one female delegate, but as the chairman of the party association of each district is to be a delegate, there will be three men to one woman at the convention. This is hardly a recognition of sex equality, unless it is assumed that three male delegates are only as good as one woman.

Diamond Prices

The quantity of diamonds necessary to fill the requirements of our five stores, stretching across Canada, always assures us the very best prices obtainable. This is a privilege which is possible to buy new diamonds on this continent, and we want you to hear this in mind when an Engagement Ring or a gift in Diamonds is contemplated.

Moreover, this heavy purchasing power, assures us a much wider range and permits us to offer you exceptional advantages in the matter of selection.

We are always glad to correspond with you at any time in reference to Diamonds, absolutely regardless of whether purchase is the result or not.

A very good impression of one's taste may be gained from Birks' Year Book, a copy of which shall be glad to send you on request.

RECENT DEATHS

Mrs. John Bond.
A large circle of friends will learn with regret of the death of Janet Maud, wife of John Bond, the well known constable of this city, which occurred on Wednesday evening at her late residence, 41 Sewell street, after a short illness. Mrs. Bond had been a life-long resident of this city. Besides her husband, Mrs. Bond is survived by one brother, Thomas Bond, of this city, and one sister, Mrs. Frederic Lenoir of Los Angeles. She also leaves to mourn three daughters, Mrs. F. C. Killam of Saskatoon; Mrs. H. Moulton of this city, and Mrs. W. J. Macaulay of Montreal; three step-daughters, Mrs. L. Hayward and Mrs. John Stephenson of Golden Grove, and Mrs. C. T. McCoach of this city, and four step-sons, Taylor Bond of Toronto, and Joseph, William and Fred Bond of this city.

George L. Kyle.
Sussex, N.B., Oct. 22.—(Special).—Geo. Leonard Kyle, aged seventeen years, son of Mr. and Mrs. James E. Kyle, of Cedar Camp, died yesterday of spinal meningitis. The funeral will be held on Thursday afternoon at 2 o'clock, service and interment at Waterford, the Rev. Mr. Richards officiating.

George H. Dyart.
Sussex, N.B., Oct. 22.—(Special).—George H. Dyart, the well-known blacksmith of Upper Corner, Sussex, died at his home at 10 o'clock this morning after a long illness. The deceased was fifty-one years of age and is survived by his wife, three daughters and four sons, all at home. The funeral will be held on Friday afternoon at 2:30 o'clock. Interment will be at Upper Corner cemetery. Rev. Mr. Richards officiating.

The death of Simon Wilson Boyd, aged seventy-four years, took place Tuesday morning at his home in St. George after a lingering illness. He leaves one son and four grandchildren.

Benjamin Charters passed away at his home, "The Orchard," Chartersville, N. B., yesterday morning after a short illness.

He leaves three daughters and two sons. He was a noted fruit grower.

Andrew Darral died at his home in Chipman on Sunday evening after a short illness. Death was due to paralysis. Besides his wife he leaves three daughters and three sons.

"Women used to weep over novels." "Well! But they don't seem to cry over the vicissitudes of that heroine in the moving pictures." "Possibly the knowledge that she is getting \$10,000 a week has something to do with it."

Prepare for a Clear, Bright Day Tomorrow by Taking "Cascarets" for Liver and Bowels

Drive away those persistent enemies of happiness—biliousness and constipation. Don't stay headachy, sick, tongue coated, (sallow and miserable!) Get rid of colds, indigestion, upset stomach, or that harsh Pills. They cost so little and work misery-making gas. Feel splendid to while you sleep.

tomorrow by taking Cascarets tonight. Cascarets are so pleasant, so harmless. They never gripe, sicken or inconvenience you like Calomel, Salts, Oil or nasty, indigestion, upset stomach, or that harsh Pills. They cost so little and work misery-making gas. Feel splendid to while you sleep.

Week-Old Corns Should Be Unthinkable

These positive facts are now known to millions. The pain of a corn can be instantly stopped, and forever. The corn itself can be ended completely, and usually in two days. The method is scientific. It consists of attaching a Blue-jay plaster, forgetting the corn, and letting things take their course. The results have been proved by experience.

They have been proved to so many people that corns are now comparatively uncommon. Corn aches are needless. Paring corns is folly. Old-time harsh and messy treatments have no place today. You will know these facts, and quickly, if you'll try a Blue-jay on one corn. Do it tonight, and the whole corn question will settle itself forever.

Keeping Fit

BY DR. SAMUEL HAMILTON.

It is because of the war that the perfect physical man has all at once become the idol of the world. You can make of yourself, even rather late in life, almost anything you like. You are not going to get fit in one day, one month, or, perhaps, a year, unless you take enough outdoor exercise to keep the circulation going and practise the athlete's first principle—to keep the system clean. He does not give his body a chance to absorb poisons. He not only takes his cold shower, after exercise, but he knows a cleansing of the intestines is important, and he takes occasionally a good regulator or liver cleanser, such as a dose of castor oil, or what is much better, a tiny pill made up of May-apple, aloin and jalap, and sold by almost all druggists in the land as Dr. Pierce's Pleasant Pellets.

* Keep the kidneys in good order also. Avoid too much meat, alcohol or tea. Drink plenty of pure water, preferably hot water, before meals, and drive the uric acid out of the system by taking "Anuric" (anti-uric-acid). This can be obtained at almost any drug store.

Send a bottle of water to the chemist at Dr. Pierce's Invalids' Hotel, Buffalo, N. Y., and you will receive free medical advice as to whether the kidneys are affected. When your kidneys get sluggish and clog, you suffer from backache, sick-headaches, dizzy spells, or twinges and pains of lumbago, rheumatism or gout; or sleep is disturbed two or three times a night. Take heed, before too late! Get Anuric (anti-uric-acid), for it will put new life into your kidneys and your entire system. Ask your nearest druggist for it or send Dr. Pierce ten cents for trial package of "Anuric"

SILVER MONEY GROWS VERY SCARCE IN PARIS.

Paris, Oct 22—The disappearance of silver money from circulation has resulted in such a shortage of small change that many restaurants in Paris posted notices that customers must make their own change or accept postage stamps in place of silver.

The disappearance of silver is variously explained. A prominent banker said that the principal cause was the fact that the metal in silver coins is worth more than the face value of the coin, making it profitable for people using silver in the arts and for melting coin instead of buying silver in bars. Another explanation is that importers find it to their advantage to pay for purchases in countries like Switzerland in silver, which commands a premium over paper money.

A third explanation is the tendency of peasants to accumulate silver as forcibly they did with gold, when gold was in circulation.

A majority of the authorities, however, are of the opinion that speculation and the use of silver money for industrial purposes are the principal causes of the shortage.

A European record for the most heavily laden freight train was established by a Russian railroad when an American locomotive hauled a train 2900 feet long with a load of 4548 tons.

WELCOME RELIEF FROM ECZEMA

Complete Treatment That Gives Gratifying Results

Washing, Ont. "I had an attack of Weeping Eczema so bad that my clothes would be wet through at times. For four months, I suffered terribly. I could get no relief until I tried 'Fruit-a-Live' and 'Sootha-Salva.' Altogether I have used three boxes of 'Sootha-Salva' and two of 'Fruit-a-Live,' and am entirely well."

Both these favorite remedies are sold by dealers at 50c a box, 6 for \$2.50, or sent on receipt of price by Fruit-a-Live Limited, Ottawa.

"Fruit-a-Live" is also put up in a trial size which sells for 25c.

"What is this we have for breakfast?" asked Mr. Newlymarried.

His wife looked at him with troubled eyes.

"It was to have been bacon," she said, "but poor cook's burnt it."

"Poor cook! I should think so, indeed," exclaimed Mr. Newlymarried. "Confound her. Have you given her notice?"

"Oh, no, we mustn't be too cross with her, darling," said his wife. "Won't you be satisfied with a kiss for breakfast?" she coaxed archly.

"All right, dear," replied Mr. Newlymarried, suddenly pacified. "Call her in!"

PILES

Do not suffer another day with itching, bleeding, swollen Piles. No surgical operation required. BITRO-PHOSPHATE IS GOOD FOR THIN NERVOUS PEOPLE

A PHYSICIAN'S ADVICE

Frederick S. Kelle, M.D., Editor of New York Physicians' "Who's Who," says that weak, nervous people who want increased weight, strength and nerve-force, should take a 5-grain tablet of Bitro-Phosphate just before or during each meal.

This particular phosphate is the discovery of a famous French scientist and reports of remarkable results from its use have recently appeared in many medical journals.

If you do not sleep well, or are too thin; go to any good druggist and get enough Bitro-Phosphate for a two weeks' supply—it costs only fifty cents a week.

Eat less; chew your food thoroughly, and if at the end of a few weeks you do not feel stronger and better than you have for months; if your nerves are not steady; if you do not sleep better and have more vim, endurance and vitality, your money will be returned, and the Bitro-Phosphate will cost you nothing.

It is sold by the Ross Drug Co., in St. John and all good druggists.

DRY GOODS AND AN AUTO ARE SEIZED

Collector Lochart Confirms Report of Case of Smuggling From States

Collector of Customs C. B. Lochart this morning confirmed a report that the officials here had seized a quantity of goods which had been smuggled across the border last week. The goods consisted of a quantity of dry goods and this, as well as an automobile in which they were transported, are now in the hands of the customs authorities here. They are said to be valued at about \$2,000.

Mr. Lochart said he was not in a position to say who was responsible for the capture, but said that the coup was due to the vigilance of the men under his supervision. He could not say yet whether prosecution would follow, as the owners of the goods were taking steps to make good their debt to the government.

SPILLED OUT CONTENTS AND SMASHED BOTTLE

Incident Reported by Inspector Merryfield in Police Court Case

Lewis Miller was charged in the police court this morning with being drunk in Charlotte street. Inspector Merryfield, who made the arrest, told of seeing the accused on the east side of King Square and he looked as if he were intoxicated. The inspector said he followed him to Charlotte street where he took a bottle out of his pocket and emptied the contents in the gutter. Before the inspector could seize the bottle the man threw it into the street and smashed it. However there was a strong odor of liquor in that vicinity, according to the inspector. The accused said he knew where he got the liquor but he would not be a squealer. He was charged later with wearing a returned soldier's button which he was not entitled to wear.

Clifford Car, charged with stealing \$14 from the Oddfellows' Hall, West St. John, was remanded.

One man charged with drunkenness was remanded.

MAJOR McMILLAN TO BE COMMANDER

That is Report Today in Connection With Reorganization of the 62nd Regiment

Plans for the re-organization of the 62nd Regiment were discussed at a meeting yesterday afternoon in the officers' mess in the army at which several of the officers who are taking an interest in the re-building of the unit were present. An announcement of much interest was made in that Lieut. Col. W. R. Brown, D. S. O., who, it had been expected would command the regiment, is uncertain as to his stay in this city, and subsequently has decided against taking the appointment. The choice falls now upon Major A. McMILLAN, D. S. O., who was originally slated for second in command.

The names of those recommended to command companies, and other officers, were submitted to the meeting and met with approval. The matters pertaining to the subject in hand were talked of, but as this was merely the first meeting of very details was decided upon beyond the main purpose of all doing what they could in having the 62nd re-established. It is not known exactly yet whether it will be really called the 62nd, but this is the general belief.

The selection of Major McMILLAN will be most popular in militia circles here and elsewhere. He was one of those who took an interest in military matters previous to the war and among the first to enter the service for overseas, though he was at the head of an important industry which he had to leave to other management. He brought back from France an enviable record and a decoration won at Vimy Ridge when he led his beloved "A" Company.

After having been wounded he returned to France, really against medical advice, and continued to "carry on." His merit was recognized by headquarters and after a lengthy service in the forward zone he was given an important post, after that for a while at brigade, on the staff at corps headquarters. For a time he had command of the 2nd Battalion, acting temporarily, and he returned to Canada as second in command to Colonel Brown. His talks concerning the 62nd Regiment will mean much in the way of progress towards its re-establishment. And by the way he will not be major much longer for the new command will entitle him to lieutenant-colonel's rank.

GARRISON OFFICERS' MESS IS BEING ORGANIZED

Non-Coms Find Pre-War Minutes of Their and Carry On

Officers of the militia throughout the city are interested in the matter of the formation of a garrison mess which is expected to be brought to a head at a meeting soon. Invitations have been sent to officers by Lieut. Col. B. R. Armstrong, C. C. the 3rd Regt., C. G. A., asking them to attend. It is expected that this mess will have a good membership as it will really be in the nature of a club at which the old ties and friendships of France and Belgium can be renewed and fostered. Being a garrison mess it is of course open to officers of the regulars.

The non-commissioned officers have already organized and held a further meeting last night, when it developed that the old garrison N. C. O.'s mess of pre-war standing had never been disbanded. The records have been found and the minutes of the last meeting, September 1, 1914, were read last evening. This means that with no authority having been received for the formation of a new mess, the old board of officers will stand they care to continue in their positions, at least until February 1 next, when the annual meeting is supposed to take place. These were Sergt. Major R. J. Carless, president; Sergt. Edward Dickie, secretary, and Sergt. Major Alfred Carless, treasurer. The latter is still overseas so that Sergt. Major Wm. Tyner was appointed treasurer.

GOOD SHEPHERD Y. P. A.

Winter Activities Discussed—Memorial to Soldiers from Church Who Gave Lives

At a meeting of the recently organized Y. P. A. of the Church of the Good Shepherd last evening at the residence of the vice-president, Miss Olga McGuire, a pleasant programme of games and music was enjoyed, a new game called the "aeroplane" especially providing amusement. Matters in connection with the work of the association for the winter were dealt with. It was decided to erect a memorial to the young men of the church who gave their lives in France and this matter will be further dealt with. It was also resolved to carry out a series of lectures on "Canadian Citizenship," the first of which will be given at the next meeting.

Much interest is being shown by the members in the new association. The officers are: Rev. W. P. Dunham, honorary president; John J. Dunlap, president; Miss Olga McGuire, vice-president, and Miss C. O. McKiel, secretary and treasurer.

CITY MAN HAS BABE RUTH HOME RUN BALL

An interesting souvenir is cherished by Chas. W. Waldron, C. R. engineer, of City road—a baseball which was knocked out for a home run by the popular diamond star, Babe Ruth. The ball was made at a game in Lynn, Mass., while Mr. Waldron was on vacation and he was among the spectators. The match was between the Cornells of that place and the Red Sox and the big leaguers won by a score of 9-8. Ruth was the star attraction of the game, which was witnessed by some 15,000 spectators. Mr. Waldron became possessor of the ball which the big fellow knocked away outside the diamond and which is now inscribed with the date and fact. Offerings for the souvenir varied from \$10 to \$100.

THE VALLEY RAILWAY; ITS IMPORTANT BEARING ON THE FUTURE PROSPERITY OF THE WHOLE COUNTRY; PROPOSED SHORT ROUTE TO NEW ENGLAND STATES

The Times today is printing the map shown on this page so that the public will be able to see at a glance where the St. John Valley Railway, recently opened for traffic, runs, and its important relation to the Transcontinental system. The Valley road is indicated by the heavy red line from Westfield to Centreville. The intersected line from Centreville to Grand Falls shows the proposed extension of the road as originally planned, and the intersected line from Allandale on the Valley Railway to Bancroft, Maine, on the Maine Central, shows the proposed link between these two railways for the purpose of providing a short route to New England. It will be quickly seen how important it is to St. John, the province of New Brunswick, and the whole Dominion that the government should bring the twenty-eight miles of the Canada Eastern Division, now a part of the Canadian National Railways, up to Transcontinental and Valley Railway standard in the matter of grades, curves and roadbeds generally, so that through freight from Upper Canada and the West may be carried to the nearest port on the Atlantic seaboard—St. John—by way of McGivney Junction to Fredericton and down the Valley line. The railway bridge at Fredericton will need to be greatly strengthened, or a new one built, before the heaviest engines can be taken across it, but in the meantime there is not the slightest

reason why the bridge should hold up this traffic, as lighter engines can be used in hauling the trains across the bridge, as is done at different points on the C. P. R. and many other important railway systems.

The distance from McGivney to St. John is 166 miles shorter than the route from McGivney to Halifax. It is the same distance from McGivney to St. John as it is from McGivney to Dorchester. This will show how necessary it is in the interests of all Canada that the connecting link between McGivney and the Valley Railway should be improved without delay so that heavy through traffic will not have to be sent 166 miles farther than is necessary to a port of outlet.

Traffic experts are enthusiastic over the proposed extension from Allandale on the Valley road to Bancroft on the Maine Central. From Allandale to the boundary line is twenty-four miles; from the boundary to Bancroft is sixteen miles, a total of forty miles. The Maine Central has already surveyed the route from Bancroft to the border and, it is understood, would be willing to construct that extension to meet an extension from Allandale to the border. This would not only provide a short route of high standard from New Brunswick to New England centres, but it would ensure a tremendous increase in traffic for the Valley road and for the Canada Eastern branch of the Canadi-

an National Railways. The pulp mill output from Bathurst and Chatham alone provides a large revenue to the railway and the advantage to shippers in that section of the province who are sending their products to the American markets would be tremendous, as it would mean a short haul across the country to the Valley Railway and then on to the United States by way of Allandale and Bancroft, instead of the long haul by way of Moncton and St. John. A similar advantage would be afforded the shippers at Edmundston, St. Leonards, Grand Falls, Andover and other important districts in this section of the province, so soon as the road is constructed from Centreville to Grand Falls, and meanwhile, the short route—via Allandale and Bancroft—would be available to the pulp mill and other interests in the Edmundston district who could send their freight down the Transcontinental to McGivney and on by way of Fredericton, Allandale and Bancroft to the United States markets.

At present the output of the Bathurst mills is about 100 tons a day, and of the Chatham mills about fifty tons a day. From this it will be seen that the cross country traffic to McGivney and then on to the Valley Railway which would immediately follow the connection between the Valley road and the Maine Central would be great and profitable.

BRICKLAYER CLAIMS SCOTTISH EARLHOOD

Paragraph in Paper Asking Information Regarding Heirs Led to Claim—Long Legal Battle

London, Oct. 23.—The Edinburgh court of sessions will have before it the claim of a bricklayer to the Scottish earldom of Lennox of Dumbarton, to which is reputed to attach a rent roll of £200,000 a year and an acreage of ten square miles.

The bricklayer is John Rackstraw. He lives in a humble home near Sunderland. In July, 1914, he saw in a Sunday paper a paragraph reading: "Wanted, heirs of Robert, James and John Hay, 1809; Torrence and Balmorons, sons of Robert Hay, partner of Balmor."

Since that time, he said today, he had been pushing his claims, and a little while ago, "I was lucky enough to raise £94 odd and deposit it with certain documents at Edinburgh in the nick of time."

Asked how he came to take up the matter in earnest, Rackstraw smiled. It appeared that his wife was ill, and her father had always believed her to be a true dreamer.

"One night," said Rackstraw, "she dreamed that she had been walking through the big castle and grounds in Scotland with a relative, but we all thought she was wandering in her mind. At the week-end I picked up a Sunday paper and read that certain heirs of the Hay family were wanted. Now, mother was called Hannah Hay, and I know that they were a branch of the Lennox family. When I told her she laughed, for she thought I was not speaking the truth. However, we thought it over and got some writing materials."

"Then commenced what turned out to be a legal fight, lasting from 1914 until today, and I reckon it has cost in money and time lost somewhere about £800. I am the heir. Rackstraw, my great-grandfather, ran away from Scotland at the time of the insurrection against Bonnie Prince Charles about 1700, when a price was put on the head of many a man, including the Drummonds."

Although born in 1861, Rackstraw is still able to work as a bricklayer, a trade he took to after a short spell as a school teacher.

A letter from Rackstraw's solicitor states that the parties to the defense distant relatives of the Lennox family of Dumbarton, to whose title and estates Rackstraw lays claim, have withdrawn.

DIVIDED ON PRAYER FOR THE PRESIDENT

Episcopal Bishops Prefer New Form—Matter of Ordination of Congregational Ministers

Detroit, Mich., Oct. 23.—Petitions for divine guidance and protection for the president of the United States should be democratic in form, the House of Bishops decided today in refusing to concur in action by the House of Deputies to retain the old form of prayer. It was the contention that the old prayer, modeled after that for the monarch of England in the English prayer book, presented too strongly a plea for the man and not for the office. The House of Deputies was asked to concur in adopting the new form.

By action of the House of Bishops Thanksgiving Day would be created a holy day of the church. Concurrence of the deputies is necessary.

Another step toward enfranchisement was taken today when the House of Bishops gave permission to the missionary district of San Joaquin, Cal., to admit women to its legislative councils. A commission has been named to consider the subject of the status of women in church councils and is to report in 1922.

Agreement has been reached in the two houses on the question of a concordat with the Congregational church whereby Congregational ministers may be ordained to preach in the Episcopal church.

The bishops made clear today that the convention has not rejected the new hymnal, adopted in the last convention. The House of Deputies has gone on record as demanding inclusion of certain of the "Old Hymns" that were omitted. It is expected by the delegates that an insert with the hymns desired will be published.

Plan Labor Candidates. Moncton, Oct. 22.—Moncton labor organizations are getting ready to place labor candidates in the civic, provincial and federal fields. At a meeting of the Amalgamated Labor Council tonight the question of placing candidates in the field when the elections come around was discussed.

Rev. Dr. Alfred Hall of Toronto, senior chaplain to the Royal Naval and Merchant Marine Institutes of Canada, arrived in the city last evening from Sydney, N. S., and will address the local members of the Navy League in their drive for funds.

Strength Will Return To Weak People Using This Treatment

You are discouraged. You feel old and worn. You are sick, but not aware of the fact. You can drag yourself around—but work is impossible. With your stomach crying out for assistance and the nerves all on edge why not try Ferrerozine?—It will surely do you good. Ferrerozine is a wonderful combination of vegetable extracts, fortified by excellent tonics for the nerves and stomach. When you feel despondent, Ferrerozine cheers you up. When languor and oppression weigh you down, Ferrerozine braves you up. When sleep is impossible Ferrerozine calms the nerves and gives you rest. For bounding health, good looks, good spirits, nothing equals Ferrerozine; makes the weak strong and the sick well. Good for men, women and children; try Ferrerozine, it can work wonders, as it did for Mrs. Mary Helwig, of Harbor House, N. S., who writes: "Ferrerozine built me up. Before using it I scarcely knew what good health meant. I was just as miserable and weak as any woman could be. Tired from morning to night, bothered by trifles, unceasingly nervous. The first box of Ferrerozine improved my blood, gave me appetite. In a short time I was like a new person. Now I rejoice in abundant good health." Try Ferrerozine. It will make an unexpected improvement in your looks, your feeling, your health. Whether anemic, nervous or suffering from secret disorders—if you want cure, use Ferrerozine. Price 60c. per box, or six boxes for \$2.50, at all dealers or direct from The Catarthosine Co., Kingston, Ont.

Left Saug Estate. The late Mr. Dunoon L. Kelly retired lumberman, who died in Fredericton last week, left an estate valued at about \$11,000. It is understood that his adopted daughter, Mrs. Thomas Currie of that city is bequeathed \$1,700 and that there are bequests of \$500 each to two brothers while the residue goes to another brother ex Coun. Havelock Kelly of Stanley. The estate is composed chiefly of Victory Bonds and cash on deposit in chartered banks.

IF BACK HURTS BEGIN ON SALTS

Flush the Kidneys at Once when Back Aches or Bladder Bothers—Meat Forms No Aid.

No man or woman who eats meat regularly can make a mistake by flushing the kidneys occasionally. A well-known authority. Meat forms uric acid which clogs the kidney pores or it slugsly filters or strays only part of the waste and poisons from the blood, then you get sick. Nearly all rheumatism, headaches, liver trouble, nervousness, constipation, dizziness, sleeplessness, bladder disorders come from sluggish kidneys. The moment you feel a dull ache in the kidneys or your back hurts, or if the urine is cloudy, offensive, full of sediment, irregular of passage or attended by a small sensation of scalding, get about four ounces of Jad Salts from any reliable pharmacy and take a tablespoonful in a glass of water before breakfast for a few days and your kidneys will then act fine. This famous salt is made from the acid of grapes and lemon juice, combined with lithia and has been used for generations to flush clogged kidneys and stimulate them to activity, also to neutralize the acids in urine so it no longer causes irritation, thus ending bladder disorders. Jad Salts is inexpensive and cannot injure; makes a delightful, effervescent lithia-water drink which all regular meat eaters should take now and then to keep the kidneys clean and the blood pure, thereby avoiding serious kidney complications.

20,000 in Moncton. Moncton, Oct. 22.—Moncton city has a population of 20,000, according to the census just completed by the school board. An increase of approximately 4,000 in the population has taken place in the past year.

DEATH OF VISCOUNT ASTOR WILL NOT DISTURB ESTATE

London, Oct. 23.—Representatives of Viscount Astor, whose sudden death occurred Saturday morning, says that his demise will not disturb the Astor estate in any way, as it is operated as a unit. Viscount Astor created a trust quite recently for the future management of the property. It was stated. The late Viscount's son, Waldorf Astor, who takes the title in succession, will inherit the town house in St. James' Square and the country home, Clivedon, at Taplow, Bucks, which he has been occupying. Captain John Jacob Astor, youngest son of the late Viscount, inherits Hever Castle, in Kent, his father's favorite and most expensive estate.

"I Hope Every City and District Will Win My Flag"

When Edward, Prince of Wales—eager, bright eyed, smiling and sincere—arrived in Canada in August, and when he voiced his great admiration of the wonderful achievements of Canadians, on the fields of battle and at home, once again we were thrilled with joyous pride.

He asked concerning Canada's reconstruction programme, and when he was told of the Victory Loan 1919, he graciously consented to the use of his Coat of Arms on a flag, which is to be the prize of honour for districts achieving their quota in the loan.

In dedicating "The Prince's Flag" at Ottawa on Labor Day, His Royal Highness said in part: "It is a great joy to me to be associated with the loan, which is the bridge between war and peace, and which is finishing off the job."

"I hope every city and district will win my flag." Striking, and beautiful in design, this flag will form not only a unique memento of Victory Year, but a lasting and outstanding souvenir of the visit of His Royal Highness—a visit which will remain as one of the most memorable events in Canada's history.

The reproduction above shows the design of the flag. The body is white, the edge red; in the upper left hand corner is the Union Jack, and in the lower right hand corner the Prince of Wales' Coat of Arms.

The flag is made in two sizes, 4 feet 6 inches by 9 feet for small cities, towns and villages, and 7 feet by 13 feet 6 inches for cities of over 10,000 population.

Canada has been divided into canvassing districts by the Victory Loan Organization. Each city forms one district. Other districts have been determined according to population. Each of these canvassing districts has been allotted a certain amount in Victory Bonds to sell. To win the Prince's Flag, therefore, a district has to sell its allotment. That is the one and simple condition.

Anticipating that many districts will buy far beyond their allotment, the organization decided that for each

twenty-five per cent. excess of the quota one Prince of Wales' Crest be awarded. Thus the workers in a district doubling its quota will be the proud winners of four small crests for their Honour Flag. These crests will be sewn to the flag. The Prince's Crest—the three ostrich plumes—is shown at the top of the coat of arms.

To every organization with fifty or more employees, where seventy-five per cent. of the enrollment invests a total of ten per cent. of the annual payroll in Victory Bonds, a supplementary Prince of Wales Flag in smaller form—48 inches by 34 inches—will be awarded.

The allotment for each district has been carefully considered, and is based on a conservative estimate of the purchasing power of the district.

Your district can sell its allotment and thus win the Prince's Flag, provided each person does his or her share. You will gladly do your part and encourage your neighbour to do his.

Remember YOUR purchase may be the one that decides whether or not your district is to be the proud possessor of the Prince's Flag.

The Prince's Motto is "I Serve" Will You also Serve? Victory Loan 1919

Better Tone

How The Brunswick Attains It

EVEN the most casual hearing of The Brunswick gives instant and conclusive evidence of its tone superiority. Your ear immediately detects the difference.

This betterment is due to the Brunswick Method of Reproduction, which includes two new ideas—the Utoma and the All-Wood Tone Amplifier.

The Utoma plays all records at their best, whatever make. Just a turn of the hand and the Utoma presents to each type the proper weight, diaphragm and needle according to its exact requirements.

Perfect reproduction is followed by perfect tone development through the new All-Wood Tone Amplifier. No metal is used in its construction.

Investigate The Brunswick before you buy; a visit to our shop will give you new standards by which to judge.

"During the strike fair," remarked the man about town, "I was riding north on a High street car. Yes, it was crowded. As we approached the Union station a gaunt youth, with shoe-top trousers, green suit, red necktie and unrazed lips, leaned over, as we stood together in the front vestibule, and asked me if that place up yonder might be the depot. I assured him that it was, wondering to myself if he would be able to get through the mob at the station without having his pocket picked.

A moment later the youngster whose innocence had so impressed me, explained that he was looking for a friend from Greenfield on the 11.40 train. "We've come over to take in the cattle show at the fair grounds," he added.

"I prided myself on directing him carefully as he got off the car, but worried, nevertheless, when I thought what an easy mark he would make for a 'sharp'."

"Instinctively I felt for my own purse, and—it was gone.—Columbus Dispatch.

MUSIC LOVERS

HEAR Mlle. VERLET'S ART RE-CREATED

Tone Test a Revelation of What Mr. Edison Has Accomplished—Notes of Piano Faithfully Reproduced.

The music-lovers of St. John who availed themselves of the invitation to attend the concert by Mlle. Alice Verlet and Mr. Victor Young, pianist, at the Imperial Theatre yesterday afternoon will never forget the experience.

The affair was a brilliant one socially. Prominent among the members of St. John society were those whose names are associated with the music.

From the moment when Mlle. Verlet led the audience in singing God Save the King her listeners were sure of the treat in store for them. But when Mr. Young announced that she would sing the next number in unison with a Re-Creation of her own voice on the New Edison which stood upon the platform, the audience were sceptical. To attempt to match that lovely voice with a sound produced mechanically by the thing of steel and wood! It was preposterous.

When the first notes of the song came the audience were waiting breathlessly. And they continued breathless throughout the afternoon. At first Mlle. Verlet's voice and the voice from the mahogany cabinet beside her came indistinguishably blended—the two voices so completely one that not one could detect their duality. Suddenly the hearers realized that Mlle. Verlet's lips had ceased to move, though her voice went gloriously on! She sang again, and again stopped. Only by watching her lips could it be told whether her voice came to from her throat, or from the magic box at her side. It was her voice in both cases—there was no question of that from the first. No mere echo or "record" could make her hearers doubt the evidence of their own eyes. Her voice was there whether she sang or was silent. Equal in tone, in clearness and in beauty, it filled the theatre. Literally re-created by some magic power.

After the cessation of the applause which she took with her arm thrown affectionately across the cover of her mahogany confere, Mlle. Verlet took her place at the piano and played in direct companionship with a Re-Creation of Mr. André Benoit. The notes of the piano as perfectly as they had those of Mlle. Verlet's singing. Here again the music continued when the artist ceased, and there was heard no difference in tone.

There followed other examples of the art of Re-Creation in bewildering succession: a piano selection, especially marvellous to those who are familiar with "talking machine" records of piano music, also an orchestral number in which the tones of various instruments, brass, wood-wind and brass lost none of their individuality. Other vocal numbers were re-created with equal fidelity. Among these rare musical treats were delightful selections by Mlle. Verlet and Mr. Young always accompanied by their identical performances upon the New Edison. And each time those present witnessed the miracle the wonder grew—wonder at the wizard mind that could, with a man-made instrument, rival nature's production of music.

The climax of the entertainment came when the room was darkened so that the audience could no longer see the singer, and had to judge by their ears alone whether the song as they heard it was voice or Re-Creation. The audience vacillated from one opinion to the other—now they thought Mlle. Verlet was singing—now that they heard the New Edison alone. The notes of the last verse filled the theatre. They were so clear, so true, so beautiful, that everyone in the audience was convinced that Mlle. Verlet was singing as they had not known that even she could sing, when suddenly the lights flashed on again, showing the stage empty, save for the graceful mahogany cabinet from which floated forth the final wonderful phrases of the song.

Re-Creation—many had never believed in it before, perhaps. They had thought it merely a trick, a catch word. But for those who attended the tone-test, reality. A wonderful new art presented to the world by the greatest of living inventors—Thomas A. Edison.

There's Thrift in Using Oval Label Foods

It isn't the amount you spend for food, but what you get for your money that determines whether or not your buying is on the wisest basis.

Full value and dependability—these are the important things to look for today. Value—to be sure you get 100 cents worth for every dollar you spend; dependability—to save you from experimenting or waste.

Under the Armour Oval Label—the symbol of food certainty—you can select a great variety of foods of highest excellence. They are true money-savers because there is no costly experimenting—hence no foods to throw away. And as practically all the hard work of preparation is done, there's a big saving in your time and energy.

When you check up your household expenses at the end of the month, you'll be glad you have an Armour shelf in your pantry. It takes the guesswork out of food buying and serving. Why not start one today? Ask your neighborhood grocer for Armour Oval Label Products.

MORNING NEWS OVER THE WIRES

Werner Horne, charged yesterday in Fredericton with blowing up the international bridge at St. Croix on February 2, 1915, was sent up for trial after declaring to the court that he admitted everything. He said that his government was responsible for his act, it being war time. He will come up for trial on October 28.

Harry Bishop, twelve years old, had his right arm so badly lacerated when it was caught in the machinery of the Sayre & Holly Lumber Company's mill in Chipman, that amputation was necessary.

At Washington it was announced last night by Samuel Gompers that organ-

ized labor would withdraw from the National Industrial Conference.

William O. Jenkins, American consular agent at Puebla, Mexico, was kidnapped by bandits last Friday and is being held for \$150,000 ransom.

John Gullish was sentenced yesterday in Newcastle to twelve years in penitentiary on three counts of robbery.

At the conference on education in Winnipeg it was decided yesterday to create a national council. One resolution was for free and compulsory education up to sixteen years of age. Premier Martin of Saskatchewan declared in favor of religious education in the schools. Other resolutions passed included one against the use of tobacco by teachers, pupils and preachers, and one urging that delinquent boys be kept at school until they are eighteen.

Hudson Seal Coats

Are Especially Featured in These Fur Collections

IT seems that no other fur—beautiful though it may be—can displace Hudson Seal as a prime favorite.

And anyone who chooses a Hudson Seal Coat this season—and particularly just now, from these assortments—displays a keen judgment and discrimination.

For Hudson Seal is a fluent second to the charms of youth, an interpreter of the beauties of the years of discretion, and an addition to the dignity and staidness of the matron of mature years.

Dozens of Hudson Seal Coats in These Groupings

From the jaunty short sports coat with its trimmings of grey Siberian squirrel to the full-length dolman evening wrap, every mode given favor is shown developed in pelts of dyed muskrat, skillfully dyed and dressed to make garments of the finest Hudson Seal.

Three important points to remember are:

- (1) Every fur garment sold here is guaranteed absolutely reliable.
- (2) The fashions are authentic and each piece personally selected.
- (3) The goods are priced on the basis of value, not scarcity. They were bought at the low costs of months ago; undressed skins now sell at \$6 each wholesale; and our foresight can be turned to your profit.

LOCAL NEWS

Mayor Hayes upon return from Montreal and Quebec yesterday said that officials of the C. P. R. and C. G. Merchant Marine told him that St. John could expect a very heavy steamship business this winter.

At a meeting of the membership committee of the St. John Society of Music last evening, at the home of Mr. and Mrs. L. M. LeCheur, Pitt street, it was decided to begin a campaign for charter members. The charter membership is limited to 700. A. N. McLean presided at last night's meeting with Miss Louise Knight as secretary. Miss Katherine Robinson was added to the committee.

A pleasing concert was given at the Old Ladies' Home last evening under the auspices of the Y. W. P. A. Those taking part included Misses Beryl Blanche, M. de Soyuz, Dorothy Kee, B. Borden, Elley Rae, Dorothy Bayard, Miss Dawson and Clarence Girvan. The committee in charge was composed of Misses Fleming, Hatch, Irvine and Howard.

Mrs. J. C. Hanington, chief superintendent of the Victorian Order of Nurses for Canada, and Miss Christina Hill, Dominion Inspector, are in the city investigating matters connected with the working of the order. Mrs. Hanington said yesterday there was much need of re-organization in the nursing service. Hon. Dr. Roberts, M. P., minister of public health, said last evening that the department would likely assist the order in providing nurses for various parts of the province.

A Brockton man told his family doctor that he must have caught the cold from which he was suffering by neglecting to wear his collar and necktie to bed one night as he had done regularly for thirty years.

In 1916 there were 22,000 divorcees granted in the United States, the record among civilized nations being surpassed only by Japan.

THINGS STIRRING IN BASKETBALL IN CITY

Forming Senior League

An interesting basketball meeting took place last night in the Y. M. C. A. building with T. C. Armour in the chair. Four organizations were represented: James McNally being present for the Y. M. C. I.; W. C. Magee, representing St. Andrew's church; P. Loug, for St. David's and Frank Thorne for the Y. M. C. A. Both the Y. M. C. A. and the Y. M. C. I. will enter teams in the senior league and although Esmonth street church was not represented, it is hoped they will come in this year. In that case the Y. M. C. A. might enter two teams thereby making a four team circuit. Efforts will be made to have representatives from the Atlantic Sugar Refineries, W. H. Thorne & Co., Ltd., and others at the next meeting and it is probable that a good senior league will be formed. Any organizations wishing to enter teams but have not got playing floors will be cheerfully accommodated by the Y. M. C. A. and Y. M. C. I. allowing them to use their floors.

It was practically assured that there will be a four team intermediate league this year, comprised of teams from St. David's, Y. M. C. I., St. Andrew's and the Y. M. C. A., with possibilities of teams being entered from Stone and Esmonth street churches. Intermediate players must be twenty years or under, seniors all over twenty.

Mr. Armour has been in correspondence with U. N. B. Robbsey, Moncton, Mt. Allison, Fredericton Normal School and others in regard to prospects for this season and they will get together with the idea of playing for the provincial championship.

A. W. Covey warned the clubs that all the basketball players should be registered this year and advised the organizers that they should see to it that all their men had cards.

There was some discussion regarding a commercial league an effort will be made to do so. Four teams at least will be necessary.

High School Athletic Schedule. The High school gymnasium squads have announced their schedule and personnel for basketball and competitions as follows:

- Team No. 1. K. Jones and R. Hayes leaders, R. Rockwell, H. Field, C. Hart, R. Stewart and H. Clarke.
Team No. 2. W. Curran and H. Williams leaders, H. Hollies, H. Conley, H. Holder, R. Smith and S. Trimer.
Team No. 3. D. Robertson and G. Stammers leaders, W. Lee, I. Ryder, J. Holman and A. H. Barbour.
Team No. 4. W. Thomas and J. Wilson leaders, R. Brennan, C. Spangler, S. Ross and S. Belding.
Team No. 5. R. Pattison and C. Potter leaders, D. Fowler, H. Johnston, J. Bond, W. Lawson and Joseph.
Team No. 6. T. Robinson and P. Kee leaders, F. Fritz, G. Wilson, A. Cushing and J. McMurray.
Y. H. C. A. Senior League.

A strong squad of basketball players turned out in the gymnasium of the Y. M. C. A. last night when the Senior House League was organized.

After a discussion of the possibilities of furthering the game five teams were chosen, and the prospects look bright for two fast games every Wednesday evening.

It was decided to permit each captain to bring in a new player each week for two weeks, to strengthen the squads, these new players' names to be passed on by the executive that is composed of the five captains.

The games during the first half of the season are to be fifteen minute halves.

M'DONALD GAINS TWENTY POUNDS

Could Hardly Raise Hand to His Head—Rheumatism Leaves Him After Tanlac Builds Him Up.

"If there was ever a time in my life when I felt better than I do since taking this Tanlac I can't remember it," said Rod C. McDonald, the blacksmith, living at 4 Cunard street, Halifax, in telling of the remarkable results he has obtained from the medicine, recently. "That spell of 'flu' I had last fall," explained Mr. McDonald, "left me with stomach trouble and rheumatism and so weak and run-down that I couldn't shoe three horses without being completely exhausted. I had no appetite and my stomach was so upset that even the sight of a morsel of food would nauseate me. I would often leave the table without eating a bite and when I did eat anything it seemed to do me little or no good, as I felt of twenty-five pounds in weight or more. My nerves were so stiff that I could not get up at all hours of the night, never getting any sound sleep, and felt so bad in the mornings that it was all I could do to get off to the shop. And besides I just hurt all over with rheumatism. My legs, arms and shoulders seemed to ache clean to the bone. My joints would get so stiff I could hardly bend them and in damp weather, especially, I couldn't make a move without just suffering agony. There was a constant pain in the small of my back and my arms and shoulders were so stiff and painful that it was difficult for me to raise my hands up to my head. I was so stiff and aching in the mornings that I had trouble getting my clothes on and between the rheumatism and that tired, worn-out feeling I was just about 'all in.'"

"Just before I started on Tanlac I had made up my mind to stop trying to work and go to the country and see if that would help me, for I was getting weaker all the time. In the meantime I ran across a Tanlac testimonial that described my case so well that I concluded to see if the medicine would help me. Well, it has not only helped me, it almost made a new man of me. I have taken six bottles now and have gotten back twenty pounds of my lost weight already. My appetite is great and I am eating three hearty meals a day and my stomach never troubles me the least bit. And as to the rheumatism, I haven't had a touch of it since I finished my second bottle of Tanlac. I believe it has left me for good, for I can work ten hours a day and never feel a sign of it. I can get to bed at 8 o'clock at night and sleep like a log until six in the mornings. All that tired, weak feeling is gone and I can now shoe an average of twelve horses a day and still feel fine. I don't feel the effects of the 'flu' any more than if I had never had it. In fact, I am just feeling fine and can recommend Tanlac as far as the best medicine ever tried in my life. Tanlac is sold in St. John by Ross Drug Company and F. W. Munro under the personal direction of a special Tanlac representative.—(Adv't.)"

Pays \$25,000 for Yearling. At the sale of yearlings, bred by Miss Elizabeth Dainguid, held at Saugerties August 6, W. H. Coe obtained a bay filly, by Ultimus, out of Torpenhow, by Torpat, he by Trenton, out of Doncaster Beauty, for \$9,800. Tuesday, at Empire City, it was announced that this filly had been resold to Frederick Johnson for \$25,000, a figure that equaled the American highest price of the year for a yearling, established August 6 when the chestnut colt by Sunster, out of Marion Hood, offered at auction by Paul Herz, was sold to Captain P. M. Walker, selling for the Canadian turfman, J. K. L. Ross.

The filly, now called Summit, has worked a trial quarter in 22.8 seconds, which accounts for her increased valuation. The record price for a yearling was made at the Doncaster (England), September sales, when a brown colt by Swayford out of Blue Fly, by Whittaker, brought \$27,500. Lord Glanville was the purchaser.

McGraw Racing Magnate. The purchase of the Cuba-American Jockey Club at Havana by Charles A. Stoneham and John J. McGraw of the Giants has been officially announced. The owners of the New York Club have obtained the controlling interest in the Havana plant from Harry D. (Curley) Brown, who organized the club and built the plant.

Brown will continue as president and manager of the Havana course for the coming winter season at the request of the new owners. He plans to retire from active racing at the close of the season, but agreed to assist Stoneham and McGraw in becoming acquainted with the affairs of the association. Stoneham and McGraw will be elected to the board of directors.

The Havana racing season, which opens late in November, will last for one hundred days.

Both Stoneham and McGraw have long been racing enthusiasts and McGraw in particular has been a regular visitor to Cuba every winter. He is well known there through his baseball connections, and the Cubans follow the races in the National and American Leagues as closely as do the fans in the cities where the clubs play.

McGrath-Collins. At the church of the Immaculate Conception, New York, on Oct. 4, Rev. Samuel Ludlow united in marriage William A. McGrath formerly of Parrish and Miss Nellie M. Collins, daughter of Mrs. Anna Collins, Clarendon St., St. John. The bride was attended by her sister Mrs. William J. Gillespie, while the groom was supported by his brother Capt. Jones McGrath of Brooklyn. After a reception at the home of the bride's sister Mr. and Mrs. McGrath left for Atlantic City. They will reside at 566 Main St., Brooklyn, N. Y.

ELIZABETH BOYLE O'REILLY TELLS STORY

Describes Flight From Sanitarium Near Boston—Shows Unimpaired Memory

New York, Oct. 20.—Miss Elizabeth Boyle O'Reilly, who was committed to Bellevue Hospital by Magistrate Corrigan last Thursday for observation, on a motion by her sister, Mary Boyle O'Reilly, who asserts that she is insane, testified in her own behalf today at the hearing before Supreme Court Justice Wagner in chambers on the writ of habeas corpus which she obtained a few hours after her commitment.

Under questioning by her attorney, Benjamin F. Foster, Miss O'Reilly, who is a daughter of the late John Boyle O'Reilly, told of her early life and her experience in France with the American Ambulance Service with which she served during the war. Her memory of dates and events was unerring and her answers impressed all those present.

She also told that she had escaped from the sanitarium near Boston, where she had been sent by her sister soon after her return from France in April, 1918, but she refused to give the hour of her flight because, she said, it would reveal the identity of the person within the sanitarium who helped her.

She said that the reason her mother left her estate to her was that she considered her the head of the family. She said it was largely through her influence that her married sister, Mrs. Agnes Hocking, whose husband is an instructor in metaphysics at Harvard University, obtained shares of the income from her mother's estate. It was at the home of Mrs. Hocking in Boston, she testified, that she was handicapped by two doctors and taken to the sanitarium on April 20, 1918.

Cross-examination of Miss O'Reilly by Joseph Lilly, attorney for Miss Mary Boyle O'Reilly, failed to change her testimony. Before Mr. Lilly had concluded his examination, the hearing was adjourned until tomorrow afternoon.

SAYS CANADIANS DECEIVED MANY ENGLISH GIRLS INTO BIGAMOUS MARRIAGES

London, Oct. 23.—(Canadian Assn. stated Press).—In sentencing H. Jones, a Canadian soldier, to nine months for bigamy, the judge at the Old Bailey yesterday expressed astonishment at the number of cases in which Canadian soldiers had deceived English girls by bigamous marriages.

Father a Lap Ahead. Father ruefully gazed at his last dollar. "Money has wings, and house rent makes it fly," he said.

"Yes," said his fifteen-year-old son, "and some houses have wings, for I've seen many a house fly."

"You're smarter than your old dad, maybe, my son, but I always thought that no part of a house except the chimney flew."

Abbey's Effervescent Salt. Pain in the small of the back; or irritation in the bladder, is often caused by an excess of uric acid in the blood.

Abbey's Salt is a reliable old English Saline that neutralizes uric acid; and is frequently prescribed to relieve pain in the back and other troubles caused by uric acid irritation.

Recommended by Physicians everywhere.

Happy Mothers. Many mothers who in order to keep the home neat and attractive, the children well fed and dressed, continually overdo. The experience of motherhood alone causes a severe strain upon the system, from which many women recover slowly, and serious feminine disorders may develop unless great care is taken to prevent them. To such women Lydia E. Pinkham's Vegetable Compound is invaluable. For many years this root and herb medicine has been recognized as the standard remedy for woman's ills, restoring them to a normal, healthy condition. Mrs. Walsh's Case. Avonport, N.S.—"I have obtained great benefit by taking Lydia E. Pinkham's Vegetable Compound. I have had five children and have taken the Vegetable Compound before each of them was born, except the first one, and if I was pregnant again I would take it. I was always troubled with a bearing down feeling when on my feet but since taking Vegetable Compound I feel a lot better. I hope you will publish this letter if it will help some other suffering women." MRS. SEYMOUR WALSH, Avonport, Nova Scotia. A Word to Childless Women. There are women everywhere who long for children in their homes yet are denied this happiness on account of some functional disorder which in many cases would readily yield to Lydia E. Pinkham's Vegetable Compound. Such women should not give up hope until they have given this wonderful medicine a trial. Lydia E. Pinkham's Vegetable Compound. LYDIA E. TO THE BUSINESS MEN of ST. JOHN

The Navy League of Canada

Is making a Dominion-wide appeal this week (in honor of Nelson Day, the 21st) for funds to carry out our purposes; the League is not a wartime institution, having existed in England for over twenty years.

**NEW BRUNSWICK IS ASKED
FOR
\$25,000**

Funds are needed for Annuities to Sailors' Widows and Orphans and for Sick and Disabled Sailors in Canada and elsewhere, for Hospitals and Homes for Seamen of the Navy and Mercantile Marine, including our own Seamen's Institute, in addition to the expenses of the Navy League in carrying out our objects of inculcating the necessity of National Sea Power and educating the boys that desire to become sailors in the Merchant Marine.

British Merchant Ships Must be Manned by British Seamen

Last year this Province contributed \$26,000, while our Seamen's Institute received from The Navy League over \$5,000 cash and an endowment of \$50,000, in addition to Annuities to Widows of St. John Sailors --- but further funds are needed to carry on the work of this excellent institution for seamen visiting our Winter Port.

Anyone who contributes \$2.00 or more will be given membership in The Navy League for a year (if not already a member) and will receive the monthly magazine, "The Sailor," and a badge.

Ladies of the I.O.D.E.

Will call on you Today or Tomorrow and you are asked to **give liberally** for the above good purposes.

ARRESTED ON CHARGE OF
EMBEZZLEMENT, PUTS
END TO LIFE ON TRAIN

General Manager Feast of Mount
Carmel Iron Works, Pennsylv-
ania

Mt. Carmel, Penn., Oct. 23—Sixty thousand dollars is believed to be the extent of the shortage in the funds of the Mount Carmel Iron Works, as the result of which George E. Feast, general manager of the company, under arrest for embezzlement, committed suicide. Feast ended his life with a revolver while being brought here on a train Sunday night by William Bayler, a Sunbury constable. He had been arrested Saturday night in the Manufacturers' Club, Philadelphia, after having been missing from Mount Carmel for three weeks.

At the time of the discovery of the shortage in Feast's account some directors urged his immediate arrest, while others favored giving him an opportunity to make remuneration, which he is said to have promised to do. An expert accountant was employed and when shortages exceeding \$200,000 were found officials of the company swore out warrants for Feast's arrest.

En route from Philadelphia to Mt. Carmel, Feast wrote several letters, one to his wife, another to J. E. Bastress, president of the Guarantee Trust Bank and a Brooklyn real estate promoter; to officials of the iron works and to friends.

As the train neared Mahanoy City the constable gave Feast permission to go to the rear of the coach. A few minutes later he heard what he believed was a shot. He investigated and found Feast dead. He searched the body, but failed to find the revolver with which Feast had shot himself. It is believed he threw it from a window.

From Feast's person were taken the letters he had written. The recipients of the letters turned them over to attorneys representing the Mt. Carmel Iron Works, and none will make a statement as to the contents. Feast's wife, however, declared that publication of the letters will show that others received the money her husband is charged with embezzling and that he was a victim of the influences of men strong in local financial circles.

Feast came to Mt. Carmel four years ago from Boston as an accountant and efficiency expert to assist in getting the iron works out of a financial stringency. He showed such aptitude and executive ability that he was made general manager of the industry, executed all its contracts and handled all finances. The industry was placed upon a firm footing, and Feast enjoyed full confidence of the directors and officers.

Recently he had spent much time in Philadelphia and New York, living at prominent hotels and clubs, and is understood to have spent with a lavish hand.

Decision Upheld.

Quebec, Oct. 22—Judge Carroll this morning delivered his decision in the appeal from a judgment of Judge Langelier in the police court who had decided that there was no prescription for draft evaders. Judge Carroll sustained Mr. Langelier's decision, saying that prescription does not as yet exist in the case of draft evaders.

Yesterday afternoon's audience mystified

Tries vainly to detect difference between voice
of famous soprano and RE-CREATION
by Edison's new phonograph

Those present at the Imperial Theatre yesterday afternoon saw Alice Verlet walk onto the stage. They saw her take her position next to a beautiful cabinet. They saw her lips give voice to the opening lines of Caro Nome. Then suddenly her lips were still—but the song kept flowing on.

How came this? They were hearing Miss Verlet's voice, yet Miss Verlet was not singing. The entire audience gasped as it slowly realized that it had been unable to distinguish between Miss Verlet's voice and the RE-CREATION of that voice by the New Edison.

This was the daring test undertaken yesterday

afternoon at the Imperial Theatre by Thomas A. Edison. He sought to prove that no difference exists between the voice of the living artist and its RE-CREATION by the New Edison. The musically cultured of St. John were invited to pass judgment. 'No test could have been more exacting.

Miss Verlet made comparison after comparison, as did also Mr. Victor Young, pianist, by whom she was assisted. The mystified audience tried vainly to catch a difference between the original rendition and its RE-CREATION by the New Edison. No one could tell one from the other.

It was a triumph whole and complete for the New Edison.

The instrument used in yesterday afternoon's Tone-Test is a regular model. It is an exact duplicate of the Laboratory Model which Mr. Edison perfected after spending Three Million Dollars in experiments.

The New Edison alone of all phonographs is

capable of sustaining this test. Until Mr. Edison knew it would do so, he regarded his work as unfinished.

FAST C. P. R. STEAMERS IN PASSENGER LINE BOSTON AND EUROPE

Also Announcement of Service Between Hub and Sweden

Cunard and Anchor Line to Make Addition to Service—Boston also to Have Line to Roumania and Black Sea

Boston, Oct. 23.—Extensive additions to the service now maintained between this port and Great Britain by the Cunard and Anchor lines will be made soon, according to an announcement by A. C. F. Henderson, managing director of the Anchor Line.

His announcement follows a statement by the Canadian Pacific Steamship Company that it will begin soon a fast passenger service to Europe from this port and the establishment of a line of steamships between Boston and Swedish ports. The addition of these lines will do much to develop again the possibilities of Boston and of New England.

Mr. Henderson said a fleet of twenty steamships is being constructed for the Anchor Line in British shipyards. These will be used by the Anchor and Cunard lines when completed, and at least two of these will be put in the Boston-Liverpool service of the Cunard Line, which, he expects, will be resumed next year. The Anchor Line recently established a direct service between Boston and Glasgow.

Boston's steamship connection with foreign ports will soon include a line to Roumania and Black Sea ports. C. H. Sprague & Son will inaugurate such a service about Nov. 16, and thereafter it is hoped to have regular sailings, the frequency of which will be determined by the amount of cargo offering.

That New England exporters will take advantage of such a line is evidenced by the large amount of freight already booked for the first sailing. A new steel steamer of 5,000 tons capacity will start the new service. The rates are those established by the Shipping Board.

The cargo already booked consists of shoes, electrical machinery, agricultural implements and New England manufactured goods. The opening of new markets to Boston exporters by the establishment of this latest enterprise is sure to result in increased business. It will be the first time in the history of the port that Boston has ever had a line to that part of Europe.

TAX IS NOTHING TO BE AFRAID OF

An Explanation in Regard to The New Issue of Victory Bonds

In some unaccountable manner an impression has become prevalent that subscribers to the 1919 Victory Loan will have to pay income tax on the full amount of the bonds. That is quite wrong. The income tax will be payable on the interest derived from the bonds and then only in cases where the total income exceeds \$1,000 per year in the case of a single person and \$2,000 in the case of a married person. Up to that amount income is exempt from the federal tax.

There is a further exemption applying to married persons with young children. For each dependent child under the age of eighteen years an exemption of the income tax on \$200 is allowed.

Thus a person with four children is exempt from taxation on income not exceeding \$2,800.

It will be readily seen that the person with the average income is not affected at all by the tax on the Victory Bonds. In any event it must be borne in mind that the tax is not on the amount of the bond but only on the interest received. For instance a \$100 bond will pay \$3.50 a year interest on which the tax of 4 per cent would amount to 22 cents, if the income of the bondholder was larger than the amounts named as exempt under the act.

EXTEND SCOPE OF PROHIBITION BILL

M. P. Would Include Tobacco, Card Playing and Use of Wild Bird Feathers For Dress

Ottawa, Oct. 23.—J. H. Burnham (Peterson) has given notice that on the first sitting of the committee of the whole on the prohibition act, he will move the following resolutions:

"That it be an instruction to the committee of the whole on the said bill that the committee do have power to extend the provisions of the said bill and of the act sought to be amended thereby relating to intoxicating liquors, to playing cards, the feathers of wild birds for dress or other ornamental purposes and tobacco in any form."

Mr. Burnham said yesterday: "I believe the scope of such a bill should be as wide as the request of the people of a province may require and not be confined to one article. For example, a nation-wide crusade has been begun in the United States for Sunday observance and if the present bill does not show itself capable of extension a province would not be properly equipped to express its wish by referendum. A new era of expressing the people's will has arrived and the methods defined by a federal bill should be complete."

THREE weeks ago, when we announced the Curtiss Aeronola, we felt that we had produced a perfect instrument—"The Last Word in Talking Machines."

But—it was for the public to say. They—you—had to be pleased; and you know that if you had been in our position you would have felt the tension—as we did. Judge of our pleasure and pride then at the reception which buyers have given us.

Music dealers who put in a few models reported sales within a few hours. Some were so enthusiastic they wired for more machines the same night. The Curtiss Aeronola is a success.

Curtiss Aeronola

It is a success because, first of all, it is a magnificent production from a musical point of view. Secondly, it is a handsome piece of cabinet making, made with all the skill and precision with which our craftsmen built Aeroplanes for the Allied Governments.

It will play every record and play them a little better than you have ever heard them played before.

If you really want to be charmed by a talking machine go and see and hear the Curtiss Aeronola. Dealers will gladly demonstrate it to you.
