The deceased was a member of the Royal Stores Swimming Club, whose members were holding an out ing at Topsail on Wednesday afternoon. A set programme had been arranged for the afternoon's entertainment, but shortly after armiving number of them, including Pike, de ided to go for a swim. There was heavy lop and the water was quite chilly. The victim, despite the entreaties of his comrades, started to swim for a boat anchored a quarter of a mile distant. He reached the boat, swam round it, and was re turning to the shore when he apparently was seized with a cramp. His cries for help were heard by those on the beach, who immediately set out in a boat toward the spot where he was last seen, but the the body did not rise. Within half an hour a motor boat was procured and rushed to the scene of the accident, and with the aid of jiggers the body was recovered in four fathoms of water.
