

GRIED FOR FOOD.

Woman Destitute in St. Petersburg's Streets

Pleading to be Allowed to Go Back to Work—Situation is Still Delicate.

ST. PETERSBURG, Jan. 25.—The lack of money and food is already operating against a continuance of the strike. Weeping women are returning to the cigarette factories pleading to be allowed to resume work, but the managers are afraid to re-open in consequence of the threats of the strikers to sack their establishments.

PANIC IN A THEATRE.

KISHINEV, Jan. 25.—A seditious demonstration during the performance led to a panic in a theatre here last night. A crisis in the hostility toward the government was raised in the crowded auditorium by incendiary proclamations which were showered from the gallery.

THE SITUATION AT KOVNO.

KOVNO, Russia, Jan. 25.—The governor has issued a proclamation announcing that the general strike in Kovno has been brought about by the threats of a small group of workmen whose hopes for changes in the factory regulations and an increase of wages cannot, however, be attained by such means.

THE FEELING IN FRANCE.

NEW YORK, Jan. 25.—The Tribune's Paris correspondent says: The feeling throughout France, which was slow to express itself at the first news of the Russian revolution is now assuming a strong and unmistakable shape. A few isolated reactionary newspapers, like the Gazette de France, approve Nicholas II. for refusing to abdicate.

REPORTS MUCH EXAGGERATED.

NEW YORK, Jan. 25.—The American prints the following this morning under a special cable caption: Palace of

the Grand Duke Vladimir, St. Petersburg, Jan. 24, 1905, 8.35 p. m.—To the New York American, New York, U. S. A.

Reports sent from St. Petersburg of the occurrences here have been much exaggerated no doubt. We are passing through an acute crisis, but we expect by energetic measures to restore order within a short time.

(Signed) VLADIMIR THE SEVASTAPOL FIRE.

SEVASTOPOL, Jan. 24.—The report that the fire at the arsenal on Monday was the outcome of a mutinous outbreak of sailors and troops is wholly unfounded. The commandant of the port reiterates that nothing definite is known as to the origin of the fire.

OTHERS OUT ON STRIKE.

SARATOFF, Russia, Jan. 25.—The men in the railroad shops and other establishments here have gone out on strike.

ST. PETERSBURG, Jan. 25.—The only decision of the government thus far is to preserve order at all costs. The government is living over a volcano and can do nothing else, said a high official this morning.

Private advices from all the big cities and towns of Russia indicate that there is excitement everywhere. The red flag demonstrations at Helsinki, Finland, last night, were quieting, but there is no evidence yet of a general movement. The appointment of Senator Linder as secretary of state for Finland, (announced Jan. 25) just at this time is considered to be an unfortunate blunder and is likely to prove exceedingly distasteful to the Finns.

MOSCOW, Jan. 25, 3.15 p. m.—All the printing works are now closed. The strike is spreading. Additional police has been stationed in all the streets.

GENERAL TREPPOFF IN COMMAND.

ST. PETERSBURG, Jan. 25, 8.30 p. m.—Governor General Trepoff was in supreme command of the city today.

Although a state of siege has not been actually proclaimed, it practically exists, the emperor having conferred upon him as governor general almost absolute power authorizing him to use the military gendarmes and every other agency of the government to preserve order, placing under his control the government works and schools and even empowering him to exile persons who are inimical to peace.

London Sends its Tribute.

LONDON, Ont., Jan. 25.—Miss Clara C. Colley, Clarence St., has experienced such remarkable benefit from "Catarrozone," she makes the following public statement: "For two years I had a continuous cold in the head, and never used anything giving such quick results as Catarrozone. It positively cures colds, consequently I advocate Catarrozone strongly."

ESCAPED AN OPERATION.

"I had itching piles for six years, and the doctors told me there was no cure but a continuous operation. Dr. Chase's Ointment completely cured me in three weeks. As that was six months ago, and there has been no return of the old trouble, I believe that the cure is a permanent one."—Mr. J. Mawer, Roden, Man.

MIRRORS ARE A NUISANCE IN THE HOUSE OF A MAN WHOSE FACE IS BRANDED WITH ECZEMA.

His own reflection shames him. Let him and his inflamed itching skin with Weaver's Cerate and purify his blood with Weaver's Syrup.

ROSS GOVERNMENT DEFEATED

Whitney Makes a Sweep of Ontario and Will Have a Majority of Forty-Eight— Liberal Leader Narrowly Escaped Defeat in His Own Constituency.

TORONTO, Jan. 25.—Ontario today gave a stern rebuke to the electoral corruption by means of which the Ross government has since 1902 maintained itself in power. The returns indicate that Mr. Whitney will have a majority of forty-eight in the new legislature.

Such a landslide is altogether unknown in the history of Ontario. The situation may perhaps best be indicated by the mere statement that North Oxford has elected a conservative by a large majority. One thousand has been regarded as the usual liberal majority in that riding.

Three of the Ross cabinet fell in the fray, Dryden in South Ontario, Latchford in South Renfrew, and Ewart in Prescott.

All others had close calls. Ross himself had his majority of 600 in 1902 reduced to a barely 30. Graham and McKay did as well as any of them. The former's majority being reduced by about a hundred, while McKay's was largely increased, due to the fact that his electors were told he was to succeed Ross as premier. Harcourt had only 50 majority and Charlton 25.

Ex-Judges General Gibson was decisively beaten, and the constituencies represented by Davis and Stratton both went conservative by large majorities. Those elected were:

Wolfville.

WOLFVILLE, N. S., Jan. 23.—The Rev. Henry H. Hill, pastor of the Baptist Church in Winnipeg, is visiting the province for a few weeks. He addressed the students in College hall on Sunday afternoon.

Memorial Window

Unveiled at Upper Sussex On Tuesday, In Memory of Russell Hubby, Who Died After Heroic Service in South Africa

An interesting service was held in the Reformed Episcopal church at Upper Corner, Sussex, on Tuesday at 8.00 p. m., being the occasion of the unveiling of the memorial window placed therein in memory of the late Russell G. Hubby, son of the Rev. A. M. Hubby, who was one of the first to offer his services and go to the front with his other New Brunswick comrades at the time of the Boer war in South Africa. He went out with the first contingent, and from exposure to the campaign he contracted an illness which resulted in his death after his return home. A large number were present at the ceremony. The regular services were conducted by the Rev. J. Eastburne Brown of St. Paul's R. E. church, Moncton, and Rev. A. M. Hubby, Prior to the sermon by the Rev. Mr. Brown the ceremony of the unveiling of the window was performed by Col. H. Montgomery Campbell, who prior to doing so in a few well chosen words eulogized the late Russell G. Hubby, who he stated, was at the time he professed his services a member of his regiment in the 8th Hussars, after which the window was unveiled. The Rev. J. E. Brown then took as his text a portion of Proverbs, 10th chapter, 14th verse: "The memory of the just is blessed," from which he preached a short sermon, in which he referred to the deceased in words of tender and loving remembrance, eulogizing him as one who was always a model for his fellow men and spending of his many valuable services to the church during his lifetime. The services throughout were solemn and impressive, and were listened to with marked attention by all present. The window, which is a handsome piece of workmanship, is placed in the south side of the church and near where the choir is located. It represents the Easter morning and is a very beautiful design. It was placed there by and through the medium of the ladies of Hampton Village as a memorial of the esteem and regard in which the deceased was held by them. He at the time of his offer to go to the front being principal of the school at that place, and reflects much credit on those who have shown such an interest in keeping alive the memory of one who was so honorable in all his life's work, crowning the same by his patriotic example that eventually cost him his life. The Rev. A. M. Hubby preaches his farewell sermon on Sunday next, after which he proceeds to Belleville, Ont. His new charge, and the Rev. Mr. G. H. Hand of Philadelphia, will assume charge of the parish at Upper Corner and is expected to preach his first sermon on Sunday, the 5th of February next. The annual holiday festival of the Reformed Episcopal Church was held in the church on Monday evening last, and a large number were present and an enjoyable evening was spent. The school, under the management of Miss Hubby and Miss Upham, is in a very efficient and flourishing condition.

GZAR MURDERER.

Documents Issued Yesterday Calling Him Such.

Mob Urged to Destroy State Buildings and to Liberate All Prisoners—Stores Wrecked.

ST. PETERSBURG, Jan. 24, 2 p. m.—St. Petersburg wears a less martial aspect today. Everywhere troops have been drawn into court yards. Only pickets are left outside and small squads of Cossacks are patrolling the streets. The stores along the principal thoroughfares are mostly closed and barricaded.

The correspondent of the Associated Press drove up the Nevsky Prospect and with the help of daylight realized that the damage done to store fronts was more considerable than appeared last night. A large number of such premises were wrecked, the mob having devoted itself principally to confectionery and pastry cooks. Enormous crowds of strikers were promenading the sidewalks this morning and the street cars were again in operation. All has been quiet up to this hour. The correspondent of the Associated Press noticed several men distributing proclamations. The people formerly were shy of accepting such documents, now they are eagerly accepting them and have nicknamed them "Lasotoko" (swallows) an allusion to the spring which has become a synonym of revolution. The correspondent secured a number of copies. They are all signed by "The Russian Social Democratic Labor Party." One proclamation, dated January 23, reads: "Comrades, so long as autocracy exists no improvement in our condition is possible. Therefore we continue to inscribe on our banners the following demands: The immediate cessation of the war. The summoning of a constituent assembly of representatives and the people elected by universal and equal suffrage, and direct secret ballot. The removal of ranks and class privileges and restrictions. The inalienability of the person and domicile. Freedom of conscience, speech, press, meetings, strikes and political operations."

A second proclamation, dated Jan. 23rd, says: "The proletariat of all countries are united. Citizens you yesterday witnessed the bestial cruelty of the autocratic government. You saw blood flowing in the streets. You saw hundreds slaughtered. You saw the cause of labor. You saw the wretched and heard the groans of the wounded women and defenceless children. The blood and brains of workmen were scattered, around where their heads had been laid. Who directed the soldiers to aim their rifles and fire bullets at the breasts of the laborers? It was the emperor, the grand dukes, the ministers, the generals, the nobles of the court. They are the murderers. Slay them. Take the arms, comrades. Seize the arsenals and the arms at the depots and at the gunsmiths. Lay low the prison walls. Liberate the defenders of freedom. Demolish the police and gendarme stations and all the government and state buildings. We must throw down the emperor and the government, and must have our own government. Long live the revolution. Long live the constitutional assembly of representatives of the people." A third proclamation appeals to the people not to attempt to injure private property.

LAWYERS BACK UP STRIKERS. LONDON, Jan. 24.—A despatch to a news agency from St. Petersburg, timed 12.21 p. m. today, says: "Crowds of strikers are again concentrating on the Nevsky Prospect. The situation is so tense that many inhabitants of St. Petersburg are sending their wives and children to Hel-singfors and elsewhere for safety. A meeting of 320 barristers and solicitors has passed a resolution of solidarity with the strikers, protesting against the action of the government in provoking bloodshed, declining to appear in courts and declining to open a subscription in aid of the propaganda."

STRIKE SPREADING AT MOSCOW. MOSCOW, Jan. 24.—11.15 a. m.—The strike is spreading rapidly. All printing works have been stopped. No newspapers will be issued tomorrow. Thus far there have been no collisions with the police. MOSCOW, Jan. 24.—Employees of the Buchrushin, Michailoff, Linder and Schneider factories have joined in the strike.

TEN THOUSAND STRIKERS. MOSCOW, Jan. 24.—Employees of the tanneries who are out on strike remain quiet. The police have ordered all arms to be removed from the windows of gunsmiths, a majority of whom have closed their shops. The strikers here at noon today totalled ten thousand.

WORK STOPPED AT KOVNO. KOVNO, Russia, Jan. 24.—Work has been stopped at all the factories and railroad shops here. Kovno is the capital of the Russian government of that name and has about 500,000 inhabitants.

THE NIGHT WAS QUIET. ST. PETERSBURG, Jan. 24, 11.10 a. m.—The night was quiet. There are no signs of undue excitement this morning, although thousands of workmen are straggling through the streets. A number of government printers resumed work this morning.

YESTERDAY'S OFFICIAL REPORT. ST. PETERSBURG, Jan. 24.—An official account of yesterday's events was as follows: During Monday there was no colli-

WAKEFUL NIGHTS

wear out the body and mind. It is a trying strain on the nervous system and is caused principally by a weak, irregular or palpitating heart. There is only one way to bring relief and that is to invigorate and regulate the movements of the heart.

DR. AGNEW'S HEART CURE

brings immediate relief and makes the heart strong and steady. Read what Mrs. Anna Canfield of Van Wyck, Idaho writes: "I first procured your remedy in Medicine Hat, Assn., and found it the most wonderful remedy I had ever used. In fact it has cured me of heart disease and sleeplessness and I now wish to sell it to others. Good best prices etc." Dr. Agnew's Heart Cure gives relief in 30 minutes; it cures the Heart, Stomach and Nerves.

For instant relief all Catarrh of the bladder should use DR. AGNEW'S CATHARTIC POWDER. It relieves in 10 minutes.

Workmen at the electric stations joined the strikers in the evening. Then some groups, taking advantage of the darkness, began to break windows in the shops, but order was quickly restored. No persons were killed or wounded on Monday. The exact number killed on Sunday was 96; wounded, 338; of whom 53 were treated at the ambulance stations.

JAPANESE ARE INTERESTED.

TOKIO, Jan. 24.—The Japanese are keenly watching the developments at St. Petersburg. The newspapers publishing extras with accounts of the riots are eagerly read. The people were shocked at the death roll and there is a widespread feeling that the bureaucracy will be powerless to stem the tide of reform and that the downfall of the bureaucracy system must end the war.

"The violation of a foreign legation said: 'The war is over unless the Russian people are crushed with an iron heel. It has brought about a crisis. The Japanese army is now fighting the battle of the Russian people.'"

MISS BRADLEY'S DEATH. On Saturday last three died at Gray's Mills, in the parish of Kilmorton, Miss Lucy Bradley, at the age of ninety-six years. She was a daughter of the late Hamlyn Bradley, who came to this province with his Loyalist parents when a young boy. Miss Bradley was one of the oldest residents of the settlement.

LADIES! CURED - ME

All Else Had Failed. It will do the same for you, and that you may be convinced, I will send ten days' treatment free to any lady who is suffering from troubles peculiar to her sex. Address, with stamp, MRS. F. R. CURRIAN, Windsor, Ont.

FREE! IS NO EXPERIMENT. A Positive Cure. That you may be assured of the merits of this wonderful medical triumph, I will send ten days' treatment free, with stamp, MRS. F. R. CURRIAN, Windsor, Ont.

FREE! IS WOMAN'S BEST FRIEND. It cured me of painful periods, leucorrhoea, displacement and other irregularities, after I had been given up for dead. I will send ten days' treatment free, with stamp, MRS. F. R. CURRIAN, Windsor, Ont.

FREE! Will Make Your Wife Well. Many a husband is held down and life robbed of much happiness because his wife is an invalid. I will send a free sample of this Wonderful Remedy, which has brought happiness to so many homes. Address, with stamp, MRS. F. R. CURRIAN, Windsor, Ont.

FREE! Is Your Wife an Invalid? If you will send for a free sample of this Wonderful Remedy you can be convinced that in a few months she may be strong and well again. Hundreds of women have been cured and made happy. Send today, enclosed stamp, MRS. F. R. CURRIAN, Windsor, Ont.

FREE! Is Invaluable TO SUFFERING WOMEN. It is a Grand Remedy. Having brought health and happiness to thousands of ladies all over the world. I will send a free sample to you, too. A free sample will be sent by addressing with stamp, MRS. F. R. CURRIAN, Windsor, Ont.

FREE! Cures Permanently all the following ailments, viz: Female leucorrhoea, leucorrhoea, painful periods, backache, nervousness, etc. I will send a free sample to you, too. A free sample will be sent by addressing with stamp, MRS. F. R. CURRIAN, Windsor, Ont.

St. John May Have a Chance Against Portland.

Transcontinental Railway Commission is Finding Grades Through New Brunswick That Ensure a Cheap Haul—Quiet Days in Ottawa.

OTTAWA, Jan. 22.—It is useless to expect the house to get down to serious business until after Wednesday. The Ontario provincial contest, which culminates on that date, is the one topic of interest. The seats are bare on both sides of the house: hardly an Ontario man, liberal or conservative, has been in his seat two days running since the session began. All are out musing somewhere in the hottest electoral light that even Ontario ever saw—a light between a weak government holding all the advantage of a strongly entrenched position, with fortifications in every branch of the building, and an opposition alert, vigorous, confident and with the assurance that with its cause are bound up interests that reach beyond the boundary of political life in Canada. And until the result is known the house of commons will take little interest in its own proceedings.

Saturday it managed to put in a half-hearted fifty-five minutes, with a little result. The speaker opened the proceedings with the announcement that the bill for the Transcontinental Railway Commission was now in the hands of the committee in charge. The bill, which is now in the hands of the committee in charge, is a bill for the Transcontinental Railway Commission. The bill, which is now in the hands of the committee in charge, is a bill for the Transcontinental Railway Commission.

Though Senator Wood was unable to get any official information the other day concerning the progress of the Grand Trunk Pacific surveys through New Brunswick—being told that there were no reports available—it is certain that there is considerable information, unofficial, but correct, in the possession of friends of the government. For instance, your correspondent is assured that the railway commission, though the exact route has not yet been decided upon, are in possession of enough information to make them confident that they can secure a route through New Brunswick which, by reason of its easy grades, will enable them to save a great deal of money over the route through Quebec to St. John as cheaply as to Portland in spite of the much greater distance.

If this information is correct, which St. John may earnestly pray, the future of the winter port will be assured, for not even the desire of the G. T. P. people to favor Portland and their contract passed last session, can roll St. John of the bulk of the traffic if the haul from Quebec to its wharves can be made cheaper—ever so little heavier—than the shorter haul to Portland.

How do they propose to overcome the handicap of distance? This is what they say: The surveying engineers are working with the idea of laying a road of easy curves and of a maximum grade of four-tenths of one per cent or 22 feet in a mile. From Quebec to Grand Falls the proposed line would be a grade of six-tenths of one per cent, or about 34 feet in a mile going westward. The road would be a grade of six-tenths of one per cent, or about 34 feet in a mile going westward.

The road would be a grade of six-tenths of one per cent, or about 34 feet in a mile going westward. The road would be a grade of six-tenths of one per cent, or about 34 feet in a mile going westward. We Offer \$1,000 For a Disease Germ That Ligozone Can't Kill.

On every bottle of Ligozone we offer \$1,000 for a disease germ that cannot kill. We do this to assure you that Ligozone does kill germs. And it is the only way known to kill germs in the body without killing the tissues. No drug that kills germs is a poison, and it cannot be taken internally. Medicine is almost helpless in any germ disease. It is this fact which gives Ligozone its worth to humanity; a worth so great that, after testing the product for two years, through physicians and hospitals, we paid \$100,000 for the American rights. And we have spent over one million dollars, in one year, to buy the first bottle and give it free to each sick one who would try it.

Ligozone—like an excess of oxygen—is deadly to vegetable matter. Ligozone goes into the stomach, into the bowels and into the blood, to go wherever the blood goes. No germ can escape it and none can resist it. The results are inevitable, for a germ disease must end when the germs are killed. Then Ligozone, acting as a wonderful tonic, quickly restores a condition of perfect health. Diseases which have resisted medicine for years yield at once to Ligozone, and it cures diseases which medicine never cures. Half the people you meet—wherever you are—can tell you of cures that were made by it.

Germ Diseases. These are the known germ diseases. All that medicine can do for these troubles is to help Nature overcome the germs, and such results are indirect and uncertain. Ligozone attacks the germs, wherever they are. And when the germs which cause a disease are destroyed, the disease must end, and forever. That is inevitable.

Acts Like Oxygen. Ligozone is not made by combining drugs, nor is there any alcohol in it. Its virtues are derived solely from gas—largely oxygen gas—by a process requiring immense apparatus and 14 days' time. This process has, for more than 20 years, been the constant subject of scientific and chemical research.

The result is a liquid that does what oxygen does. It is a nerve food and blood food—the most helpful thing in the world to you. Its effects are exhilarating, vitalizing, purifying. Yet it is an absolutely certain germicide. The reason is that germs are vegetables; and Ligozone—like an excess of oxygen—is deadly to vegetable matter.

These are the known germ diseases. All that medicine can do for these troubles is to help Nature overcome the germs, and such results are indirect and uncertain. Ligozone attacks the germs, wherever they are. And when the germs which cause a disease are destroyed, the disease must end, and forever. That is inevitable.

KINGS CO. COUNCIL

Accounts of Secretary for Half Year.

Special Important Reports Submitted and Discussed—The Court House Repairs—New Officers.

(Special to the Sun.) HAMPTON, N. B., Jan. 25.—The municipal council resumed business at 10 a. m. Contractor Wm. Langstroth was heard in regard to heating and sanitation.

The council reassembled at two p. m. The auditor submitted the accounts of the secretary-treasurer for the past year, a synopsis of which follows:

Table with financial data: 1904: Jan. 1 for amount of credit of municipality, \$10,948 02; Dec. 31: Receipts on account of school fund, 6,700 00; Receipts on account of pauper lunatic fund, 7,510 81; Receipts on account of pauper lunatic fund, 195 00; Receipts on account of almshouse fund, 3,381 01; Receipts on account of poor indebtedness fund, 30 00; Receipts on account of almshouse surplus fund, 135 82; Receipts on account of highway assessment fund, 11 75; Receipts on account of Hammonds special fund, 18 00; Receipts on account of Sussex special fund, 54 00.

Table with financial data: Balance to credit of municipality, \$3,770 63; 1904: Jan. 1 for amount of credit of municipality, \$10,948 02; Dec. 31: Paid on account of school fund, \$6,486 84; Paid on account of pauper lunatic fund, 195 00; Paid on account of almshouse fund, 2,900 00; Paid on account of poor indebtedness fund, 25 00; Paid on account of almshouse surplus fund, 139 42; Paid on account of highway assessment fund, 855 75; Paid on account of almshouse sinking fund, 1,009 00; Paid on account of Hammonds special fund, 61 00.

OSWELL N. PRICE, surveyor of dams, reported that at the call of the Sussex Lumber Co., he had inspected Mrs. Fred Seely's dam over Thorne Brook, Havelsand, and made certain suggestions in regard thereto, but as he made no recommendation the council could take no action.

THE ALMSHOUSE COMMITTEE reported and recommended that a new sewer be built for the east side of the river, and that a new collector be appointed with power to sue notes overdue.

THE ALMSHOUSE COMMITTEE reported that they had secured legislation whereby the assessment for almshouse purposes should be chargeable to all the parishes, said act being known as chapter 57, 1904.

A number of bills passed by the finance committee were ordered to be paid. Gideon McLeod, Allan W. Hicks and Ormond W. Wetmore were appointed valuers for Kings Co.

THE PARISH OF KINGSTON was divided into three polling districts instead of two, as heretofore, and it was ordered that the polling places be established as follows: No. 1 at or near the hall in the village of Kingston, No. 2 at or near the Orange Hall at White Head, No. 3 at or near the Orange Hall, Long Beach.

required to the court house and the providing of adequate heating and sanitary arrangements. Contractor Langstroth gave an estimate of \$315 for clearing out the remaining earth in the basement, putting in needed, underpinning, walls and concrete floor.

COUN. GILBERT moved that \$2,300 be placed at the disposal of the buildings committee to provide necessary heating and sanitary arrangements and make repairs to the walls of the court house and jail.

COUN. PALMER moved an amendment that \$115 be appropriated to have excavations made and repairs to the jail and court house, and Coun. Branscombe moved an amendment to the amendment that no repairs be made this year.

THE LATTER was adopted, and the discomfort experienced in the past, augmented by the changes made last year, is to continue until a new council is elected.

A LARGE number of bills were ordered to be paid. The county school fund for 1905 was fixed at \$5,000, contingent fund \$7,000. It was ordered that no semi-annual session be held in 1905.

THE SECRETARY-TREASURER made a statement in regard to the depleted state of the contingent fund, and the warden was authorized to arrange for a bank overdraft to meet any emergency.

HARRIS T. CUSACK was appointed Scott Act inspector for the ensuing year at a salary of \$350. Some further matters of routine character, including the report of the board of health, closed the council proceedings.

THE FOLLOWING are the leading officers of the respective parishes for 1905: CARDWELL. Assessors—Byron McLeod, A. M. Brown, Jas. Purdie. Collector of rates—Thos. Morton. Parish clerk—Wm. McLeod.

GREENWICH. Assessors—W. S. Belyea, Heber Jones, H. B. Helvey. Collector of rates—H. Allen Wallace. Parish clerk—Wm. McLeod.

HAMMOND. Assessors—Adam Marchbanks, R. C. McMonagle, A. M. Tickle. Collector of rates—Allan McAvity. Parish clerk—Arch. Shevwood.

The Awful Helplessness of Locomotor Ataxia

A Test Whereby This Dreadfully Common Form of Paralysis is Detected in Its Early Stages—Cure is Then Readily Effected by Dr. Chase's Nerve Food.

The sufferer from locomotor ataxia is known by his peculiar shuffling gait in walking and the flop with which the feet are put down.

About the first indications of this disease are loss of sensation in the feet and shooting pains in the legs.

Like other forms of paralysis, however, locomotor ataxia comes on gradually as the result of exhausted nerve force, and is accompanied by such symptoms as wakefulness, irritability, headache, restlessness of movement, twitching of the nerves, momentary defects in sight and hearing and difficulty in controlling movement of the limbs.

The time to begin treatment is at the first indication of nervous exhaustion, for you can be certain then that, if not locomotor ataxia, some other dreadful form of helplessness will overcome you.

Dr. Chase's Nerve Food is the most effective treatment ever devised for the cure of locomotor ataxia, paralysis and all diseases of the nerves.

First, because it is composed of the ingredients which the foremost physicians assert are the most certain nerve restoratives.

The Test

Stand with feet close together and eyes shut. If you are a victim of locomotor ataxia your body will sway from side to side and you may fall over.

You will also be unable to walk in a straight line with your eyes shut, and only with difficulty with them open.

Second, because it has established an enviable record in curing these diseases. When you use Dr. Chase's Nerve Food you can be absolutely sure that, search where you will, there cannot be found a more certain means of forming new, rich blood, creating new nerve force and restoring and revitalizing wasted and depleted nerve cells.

Was Afraid of Falling.

Mrs. Barbara Bush, Dixon, Stormont Co., Ont., writes: "I suffered a great deal from dizziness in childhood and numbness of the whole system, more especially the hands and arms, feet and legs. When I tried to walk my legs seemed to want to cross each other and I would be afraid of falling and grasp for a chair or table. I also had distressing nervous feelings at times, and suffered from a gnawing sensation in my stomach. Dr. Chase's Nerve Food built up my nervous system and removed the miserable feelings from which I suffered. I am seventy-three years old and my system is now down and this treatment seemed to be exactly what I needed. I hope others will benefit by my experience."

Dr. Chase's Nerve Food

50 cents a box, 6 boxes for \$2.50, at all dealers or Edmanson, Bates & Company, Toronto. To protect you against imitations the portrait and signature of Dr. A. W. Chase, the famous receipt book author, are on every box. You can cure coughs and colds and prevent pneumonia and consumption by using Dr. Chase's Syrup of Limes and Turpentine.

THE STORM IS OVER.

Street Cars Are Running Again—Passengers Held for Two Days on Boston Express. Are Still at Grand Bay.

(From Friday's Daily Sun.) The storm is officially declared to be ended, and for the next few days St. John will be recovering from the effects of it. This was a foreboding looking town yesterday, but there will be more life on the streets today, as much shovelling and hauling has been done, and even though the teamsters are still on strike, enough teams will be employed to keep things lively.

Snow began to fall at 2 p. m. on Wednesday after a cloudy forenoon. The wind was from the northeast and has since Wednesday continued to blow from the north and northeast. Its velocity from 2 p. m. on Wednesday was at 40 or 45 miles per hour, when its velocity increased. Between 2 p. m. and 4 p. m. on Thursday the wind was highest, blowing steadily from the northeast, and after 4 p. m. it died down until evening, when it registered only 16 to 20 miles. The wind has been nothing unusual and its velocity has been exceeded frequently during the winter.

THE SNOW FALL. Snow commenced to fall between one and two o'clock on Wednesday afternoon. It is hard to tell when it ceased, but noon on Thursday was probably about the time. For some hours afterwards drifts from the roofs of buildings made it appear that the fall still continued.

The total precipitation was no less than 40 or 45 inches per hour, and a vast fall in many years. There was a storm on the first of February, 1898, which can be compared with this most recent one, but the fall of snow was not nearly so great, being only twelve inches. This sixteen inches, coming right on top of a fall of eleven and four-tenths inches on Sunday last, is excessive, and with previous falls makes a total precipitation of forty-one inches to date in the month of January. This has not been equaled in years. The fall in December was twelve and nine-tenths inches, making the total fall to date fifty-one and nine-tenths inches. In January of last year the total fall was twenty-seven and four-tenths inches.

HOW IT IS MEASURED. The fall of snow is measured in two ways. One is by the gauge on the St. John Observatory. This is a receptacle twelve inches in diameter, and the snow which falls into it is melted. The depth of water then found is multiplied by ten, and the fall of snow thus ascertained, one inch of water being found equal to ten inches of snow.

THE OTHER method of determining the precipitation is by actual measurement. The director, Mr. Hutchinson, takes a rule and, selecting at random a dozen or so places on the street, measures the actual depth, which in some places may be half an inch and in others six feet. When possible, level places are selected for these measurements. The averages are then taken and it is usually found to correspond with the results obtained from the gauge.

THE FALL of snow to 2 p. m. Wednesday was one inch, from then until 8 a. m. it was fourteen inches, and from 8 a. m. till noon on Thursday one inch.

IT WAS NOT COLD. Temperature varied, but at no time during the storm was the cold very severe. On Wednesday night at nine o'clock the thermometer registered five above. Between that hour and morning it got down to three above, but at nine on Thursday morning it went up to twenty above, and continued so during the afternoon. The low barometer reading was at noon yesterday, when it stood at 29.22. Later a slight rise was shown, indicating that the wind would shift to the north-west and west, probably with clearing and much colder weather.

THE MORE important business streets, attempted to clear the sidewalks, for this was a useless task while the snow continued to drift in over the roofs. The professional men who lived at any distance from the centre of the city could be seen coming to their offices on snow-shoes, while in some sections the young people called on friends, using the same means for getting over the snow. In the schools only a sprinkling of pupils were to be seen, and in no school were there enough scholars to keep one teacher busy, and only one session was held.

IN CARLETON, Fairville, and the outlying portions of the city the snow drifts were something to be wondered at. Carleton people could hardly get out at all and many whose business called them to the city were unable to come. The same was true of other places. STREET RAILWAY. The street railway company simply made no attempt to do anything. Early on Wednesday evening it was seen that the task of keeping the line open was an impossible one and the sweepers were called in. The tracks drifted full and on Thursday morning the rails were as deeply covered as were any other portions of the streets. It was decided that nothing should be done until the drifting ceased. In accordance with this idea men were engaged, and all last night very large gangs were put to work shovelling the tracks. They got along so well that by three o'clock this morning the main line was open, and some hundreds of men were clearing the Brunswick street line. Traffic will be resumed this morning.

FEW VESSELS MOVED. Shipping was all tied up. The D. A. R. str. Yarmouth went to Digby on Wednesday and was held there. She started on return at nine o'clock yesterday morning and reached St. John at one o'clock, the run across having been far less trying than might have been expected. The St. Croix of the Eastern S. S. Co., was held here until noon yesterday, when she was ordered out. All other vessels remained in port.

TWO NIGHTS IN A TRAIN. The C. P. R. is badly tied up and scattered along the line are some scores of passengers who are having a most unpleasant experience. The Boston night express, which should have got in here at 11:15 on Wednesday evening, has since that hour been stuck in a snow drift at Shantytown, a short distance this side of Grand Bay, and four or five miles beyond Fairville. This drift is a hundred and fifty feet long and ten feet deep. A snow plow which came down from McAdam on Wednesday night butted into this drift until the plow was derailed, which accident put an end to all further progress. The train was right behind and cannot move. All Wednesday night, all day Thursday, and all night these passengers remained at Shantytown. There is no sleeper on the train and no dining car, and the people on board must have put in a most uncomfortable time. The cars, it is said, were kept warm enough, and early yesterday a relief engine and plow were sent down from Welsford. These carried provisions for the passengers, not fruit cake and oyster patties, but the best that could be secured on short notice.

Early yesterday afternoon a large force of men were engaged by the C. P. R. They were sent to the west side, where two or three colonist cars were fitted up with benches, tables, and cooking utensils. Cooks were engaged to supply hot food on board, and the cars started from west of St. John around by the Carleton branch to Fairville and thence to the relief of the belated Boston express at Shantytown. The Carleton branch presented some difficulty, but it was not anticipated that any serious obstacle would be encountered this side of Fairville. The men, numbering over a hundred, remained at work all night and it was hoped at an early hour this morning that the express would be relieved sometime during the forenoon.

There was some talk of sending a relief train from the city, but it was soon learned that from the Fairville end of the bridge to Fairville station was one solid mass of snow, which no train could get through. When the packed train from the city, but was soon learned that from the Fairville end of the bridge to Fairville station was one solid mass of snow, which no train could get through.

WANTED—Local agents and salesmen to sell ornamental and fruit trees. Liberal pay. Steady work if desired. Write for full particulars to start. Apply now. P. H. HALL, NUBERRY COMPANY, Toronto, Ont. 37.

MEN WANTED—Reliable men in every locality throughout Canada to advertise our goods, tack up show-cards and place notices in newspapers at all conspicuous places; also distributing small advertising matter. Salary \$900 per year, or \$75 per month and expenses \$250 per day. Steady employment to good, reliable men. Experience necessary. Write for particulars. EMPRE MEDICINE CO., London, Ont.

WANTED—At once, an Engineer for Phoenix Mill, Fredericton. State experience, age and references. Apply to JOHN A. MORRISON, Fredericton, N. B.

WANTED—A school teacher for District Number Six, of Hamstead and Greenwick. Apply, stating salary, to G. A. DERRAH, secretary to trustees, Round Hill, Kings Co., N. B.

WANTED—First or second class teacher, male or female, for District No. 3, Parish of Northford, County of Sunbury. Apply, stating salary, to DUNCAN E. BETTS, Secretary.

MONEY TO LOAN. H. H. PICKETT, B. C. L., Barrister, Solicitor, etc., Canada Life Building, St. John, N. B. Loans Negotiated, Money to Loan.

KINGS DAUGHTERS GUILD. A Boarding House for Women. TERMS MODERATE. 13 Prince Wm. St., St. John, N. B.

JACKSONVILLE, Fla., Jan. 26.—It is believed the frost last night in Florida destroyed all citrus fruit on trees, excepting in the extreme southern part of the state. Large quantities of destruction being placed at 800,000 boxes, possibly more.

NEW YORK, Jan. 26.—Chief Inspector Geo. McCluskey was removed today as head of the detective bureau by order of Police Commissioner McArdoo. He will be succeeded by Acting Inspector Stephen O'Brien.

TOOK A SEVERE COLD. It Settled in The Kidneys. Pain In The Back The Result.

Catching cold and having it settle in the back is often the cause of Backache—the primary cause of kidney trouble. When the back aches it is a warning that the kidneys are able to become affected.

Heed the warning; check the Backache, and dispose of any chance of further trouble. If you don't, serious complications are very apt to arise. Mrs. E. Williams, Hamilton, Ont., caught cold, and it settled in her kidneys. She used

DOAN'S KIDNEY PILLS, and is thankful for the immediate relief they gave her. She writes us as follows: "It is with pleasure that I add my testimony in favor of Doan's Kidney Pills. Some time ago I took a severe cold, which settled in my kidneys. The soreness and pain in the small of my back bothered me greatly. After suffering for some months, and finding numerous remedies fail, I procured a box of Doan's Kidney Pills, and received immediate relief from my sufferings.

Doan's Kidney Pills may be procured at all dealers, or will be sent direct by mail on receipt of price—50 cents per box, or 8 for \$1.35.

THE DOAN KIDNEY PILLS CO., TORONTO, ONT.

PROVINCIAL NEWS

HAVERHILL, N. B., Jan. 23.—The funeral of the late James Eddy took place from his late residence and was very largely attended.

Snow to the depth of about two feet fell yesterday and last night. It is blowing hard from the northwest today and as the snow is light there is considerable drifts.

Alexander Gifford of Rexton, nephew of the Messrs. Robertson of the Robertson Hotel, died here on Saturday last. He was thirty-eight years of age.

The Carquet train did not go to Carquet today owing to reports from the coast of terrible drifts all along.

If the wind subsides the train will leave tomorrow morning at the usual hour. The local express from Moncton this afternoon is two hours late.

The matter of having the court house heated by electricity did not come up at the meeting of the council. Silence on that subject was particularly noticeable on the part of the councillors.

HOPEWELL HILL, Jan. 23.—Dr. Ferguson of Moncton was here professionally yesterday.

A special train took a large number of excursionists to Hillsboro on Saturday night, when a carnival was held in the new skating rink.

The special religious services in connection with the Baptist Church are being continued this week. Rev. Mr. Fish of Hillsboro is assisting Pastor Brown.

ANDOVER, Jan. 25.—The Victoria Co. Council met on Tuesday, the 17th inst., and adjourned on Saturday. Considerable time was spent over the accounts of the secretary-treasurer, which were \$135 short, and the way this shortage occurred will appear when the official statement of the accounts is published.

Dr. To cash on hand \$20 14 To assessment, Andover 1,897 39 To assessment, Grand Falls 1,893 24 To assessment, Drummond 2,597 08 To assessment, Perth 1,764 05 To assessment, Gordon 1,110 79 To assessment, Lorneville 998 98 To jury fees 442 80 To liquor licenses 614 61 To sale of lands 200 67 To refund smallpox 434 55 To rent of bank 75 00 To licenses 58 58

By expenditure per vouchers \$2,240 00 Delinquents— Andover 36 32 Grand Falls 532 83 Drummond 535 22 Perth 255 45 Gordon 255 45 Lorneville 140 27

By paid poor-master and highway commissioner, etc. 1,500 30 By cash on hand 1,500 30

On January 18th there was due the bank \$477.74. The repairs on the court house amounted to \$4,222, and power was asked for to issue debentures for \$2,000 to square the building account.

A petition was received from the inhabitants of the village of Perth and a few petitioners from Andover, asking for the appointment of a policeman. Mr. Lawson was heard at the house in favor of the petition and J. E. Porter against it.

The routine work of passing parish officers' reports and appointing new ones was carefully attended to. No action was taken as to what should be done with balances in the hands of the highway commissioners or of collecting the unpaid taxes, as the new law made no provision for winding up the business of the old law. The new law is now in force, with no commissioners appointed, and the old law repealed.

James Tibbitts was re-elected secretary-treasurer and Ernest Hoyt auditor. A pleasing incident occurred just before the board adjourned. Thos. Rogers of Carleton Place, who is a competent shorthand reporter, and was in attendance reporting for the Victoria Co. News, and who has had a very hard struggle owing to sickness, was

BABY'S OWN SOAP prevents roughness of the skin and chapping. Best for toilet and nursery use.

remembered by the board, which presented him with a present of \$8 out of their own pockets as an expression of their sympathy and esteem.

The secretary was ordered by the board to present a financial statement in July, which has not been customary. A motion was made to abolish the July session, but it failed.

Mr. and Mrs. Mitchell of Souris, Manitoba, are visiting Mr. Mitchell's brother, Wm. Curry.

ST. MARTIN'S, N. B., Jan. 23.—It is very worthy of note that although the winter has been a severe one, the daily mail to this place has never once been very late.

Much sympathy is expressed here for the wife and family of David Brown, lately deceased. Mr. Brown had his summer home here and was a citizen highly spoken of by all.

Rev. C. W. Townsend has declined the call to Salisbury Baptist Church and decided to remain at St. Martin's. Charles Bradshaw of Everett, Mass. is the guest of A. O. White.

Mrs. Metz of St. John is the guest of her parents, Captain and Mrs. W. H. Moran.

CHIPMAN, N. B., Jan. 24.—The I. O. G. T. Lodge at Elgin, which has not been working for some months, was reorganized by A. C. M. Lawson.

Rev. Wm. Lawson recently organized Good Cheer Lodge, I. O. G. T., at Bayfield, with 42 members and the following officers: Wm. Lawson, C. T.; Mrs. Lea Rayworth, V. T.; Mrs. C. M. Lawson, Chap.; Tupper Allan, Sec.; Miss Jessie Allen, A. Sec.; Philip Allen, P. Sec.; Miss Eva Tremblin, Treas.; Harvey Tremblin, G. L. S.; Allen, S.; Fred Coffin, Mar.; Miss Blanch Allen, D. M.; Jacob Allen, L. D.

Rev. G. Fred Boulster, Grand Chaplain, assisted by Murray G. Harmer, organized an I. O. G. T. lodge at Hillsdale, Jan. 18th, with 25 members and the following officers: G. H. Adair, C. T.; Fred Jamieson, V. T.; Miss Alberta Traves, Sec.; Miss Clara Ferguson, P. S.; Miss Celia Smith, Treas.; Wilfred Scott, Chap.; R. Allen Cassidy, Mar.; Foster Howe, G.; Wilfred Debon, S.; Mrs. A. Ferguson, P. C. T.; Mrs. Wm. Jamieson, L. D.

CASTORIA The Kind You Have Always Bought Bears the Signature of

ALL ENGLISHMEN. Promising Looking Lot of People Landed from the Lake Erie.

The C. P. R. str. Lake Erie from Liverpool, which arrived at the island Monday night, docked at 11.30 yesterday morning. She met with very heavy seas all the way and was fourteen days making the trip. She landed 185 passengers, nearly all Englishmen.

There were not more than six or seven foreign designers in the crowd. Most of them were booked for Toronto, Montreal, Winnipeg and points west. The majority count on settling down to farming in the west when spring opens up.

There were only a dozen women among the passengers and five or six children. A special train of four cars left Sand Point for the west at 5.30 in the afternoon. A dozen of the passengers, mostly first cabin, came over to the L. C. R. depot and took a first class passage. None of the number were detained at the hospital, and all had sufficient money to purchase their tickets to the points desired.

John the Greek, the interpreter, was having a serious time getting all his men collected on the train. He says one Englishman gives him more trouble than a dozen foreigners. While the foreigner sits down on his baggage and awaits order, the Englishman is off some place looking for beer about the time his train is to start. Then they go away hurriedly and leave behind some of their baggage, for which they have to wire back, causing a great deal of extra work.

The Allan liner Sicilian will be here this forenoon. There will be another boat from Antwerp sometime during the first of February with a large number of foreign immigrants. A flood of immigration is looked for during the latter part of the winter port season.

ROBBERY ON SUNDAY. Money and Bonds Belonging to Rev. J. deSoyes Stolen—Bonds Returned.

Sneak thieves are about and on Sunday made a valuable haul. They entered the Stora church school house and stole from a cash box a cash owned by the rector, Rev. J. deSoyes. It contained \$50 in bills and bonds worth several thousands of dollars.

The thieves took the cash box away with them and after abstracting the money threw it into the snow, leaving the bonds untouched. The package has been returned to Rev. Mr. deSoyes and the police are now looking for the thieves, supposed to be boys. Apparently the value of the bonds was not understood. It is said Rev. Mr. deSoyes knew nothing of the robbery until the police returned him his cash box.

TUCKER FOUND GUILTY OF KILLING MABLE PAGE.

Prisoner Collapsed When He Heard The Fatal Words and His Counsel Wept---Prisoners Mother Overwhelmed.

CAMBRIDGE, Mass., Jan. 24.—GUILTY of murder in the first degree was the verdict returned tonight against Charles L. Tucker, who has been on trial since Jan. 1 for the death of Miss Mabel Page in her father's home in Weston on the 31st of last March.

The announcement of the finding of the jury, which was made at 10 o'clock tonight, was followed immediately by one of the most remarkable scenes witnessed in a Massachusetts courtroom for many years.

Tucker collapsed utterly in the prisoners' cell when the foreman uttered the fatal words, being completely overcome by a verdict which had apparently seemed to him an impossibility.

He was led from the court room across the street to the jail in an exhausted condition, and when he was once more locked in his cell, he broke down so utterly that a physician was summoned.

Stimulants were administered and he revived somewhat. Mr. Albert J. Tucker, the mother of the prisoner, was spared the anguish of listening to her son's fate.

On the suggestion of one of the attorneys for the defence, she left the court room before the jury retired for the last time. She was almost overwhelmed on learning the news.

But perhaps the most remarkable feature was the effect of the announcement of the verdict upon the attorneys, not only for the prisoner, but for the commonwealth.

On the evening of March 31 Tucker had gone to the room of the defendant and examined by Attorney General Herbert Parker, Tucker was formally charged with the crime. He was subsequently arraigned in the Waltham court house on the charge of murder for the Middlesex grand jury, by which body he was indicted.

The government's case against Tucker, that a stick pin found in his pocket paper containing the address of "J. L. Morton, Charlestown, Mass." found beside the body of Miss Page was in the handwriting of the defendant; that a stick pin found in his pocket paper containing the address of "J. L. Morton, Charlestown, Mass." found beside the body of Miss Page was in the handwriting of the defendant;

AT OTTAWA.

House Sat For Twenty Minutes Yesterday.

Emmerson's Attempt to Explain Our White's Dismissal—Particular Report of Auditor General—Militia Expenses.

OTTAWA, Jan. 23.—The house today sat twenty minutes and would have adjourned earlier had not the government been kept busy that long answering questions of the opposition.

In answer to McLean (Queens, P. E. I.) Emmerson said Hillsboro bridge up to Jan. 1, 1905, cost \$1,200,000. Murray Harbor branch cost \$1,015,711. Legal expenses were \$261,300, divided between F. L. Hazzard, S. Blanchard and E. J. LeFevre.

In reply to Mr. LeFevre's questions Mr. Emmerson stated that the subsidy granted to the Anglo-American Co. for cable service to P. E. I. had been increased by \$5,000, the rates to points in New Brunswick, Nova Scotia, Quebec and Ontario had been reduced from 50 cents for 10 words with 3 cents extra for additional words, to 25 cents and 3 cents; proportionate reduction for press messages. Rates to Manitoba, the Territories, British Columbia and the States have been reduced from 50 cents and 3 for additional words, to 25 cents and 2 cents to which rates for connections must be added.

There are no night rates between points in eastern lines above mentioned for the northwest Canada and the States.

Under the new agreement an all night service is given at Sackville and Charlottetown, an extended service at Summerside and a Sunday service similar to the Western Union in the maritime provinces.

The agreement is binding for five years. In answer to Wilmot Emmerson said an order in council had limited the time for transportation of hay over the interprovincial and P. E. I. railways to Dec. 31, 1904, except for horse feed orders given before that date, for which cars at the time were not available.

Under this authority hay is still being sent. The order has not been cancelled. Martin (Queens, P. E. I.) asked for details concerning the quantity of hay transported and the conditions. He was informed to move for a return of the papers in connection with the matter. Laurier's bill to increase the pay of the mounted police was read the first time.

ODOUR WHITE'S DISMISSAL. Answering Crockett, Emmerson said Odour White was given notice of dismissal on Jan. 10. Complaints had been made against him by General Trevelyan, Major and General Superintendent Price as a man not qualified for the position. His salary was \$65 per month. R. Z. Walker had been temporarily appointed to the position at \$85 per month.

THE ESQUIMAULT STATION. On Wednesday Mr. Sloan (Comox-Atlin) will ask if the government has any information that the imperial authorities propose to abandon Esquimault as a naval station, and if so, what action has the government taken in respect to section 9 of terms under which British Columbia entered the treaty with the dominion, reading as follows: "The influence of the dominion government will be used to secure the maintenance of the naval station at Esquimault."

Mr. Smith (Nanaimo) will move on Wednesday the following resolution: "That it is expedient to provide for the registration of labor union labels and to provide pecuniary penalties for the unlawful use of such labels when so registered."

DR. DANIEL'S ENQUIRIES. On Wednesday Dr. Daniel will make the following enquiry of the minister: (1) What is the amount and value of goods imported into Canada under the preferential tariff during the years 1903 and 1904?

(2) Of these amounts what proportion was imported through St. Lawrence ports and what proportion through Canadian Atlantic ports?

(3) What amounts were imported through United States ports, what were the ports, and what was the amount for each such port?

AUDITOR GENERAL'S REPORT. The partial report of the auditor general brought down today covering expenditures for the audit department, geological survey, governor general's office, legislation, privy council and the departments of customs, Indian affairs, justice, militia, post office, printing and stationery, and the secretary of state so that discussion on the estimates in those departments can now proceed. If the auditor has any suggestions to spring for he holding them for subsequent editions as nothing of the sort appears in this volume except the auditor's usual objections and criticisms which in the majority of cases seem satisfactorily explained by the government.

His principal quarrel is with the militia department, with the deputy minister of which he has thirteen pages of correspondence. The department's unaccounted extra expenditure of \$188,064 for annual drill and \$14,915 for extra salaries and wages, he absolutely refuses to pass and recommends the treasury board not to approve it.

The chief militia expenditures in New Brunswick were \$6,280 for care, etc., of militia properties and buildings, \$31,896 for annual drill and \$20,038 in connection with the suit of the Consumers' Cordonage Co., as follows: Consumers' Cordonage Co. in full, \$5,000, award to Levi and Geo. A. Thompson with costs \$1,245, award to Turnbull estate with costs, \$6,784, award to David and Johannes Corkery, \$2,902, legal services R. H. McAllister, \$1,100.

If it's the Kidneys, "Sun" Kidney Pills will cure you

A man with weak kidneys is a weak man. The least exertion—the slightest departure from a rigid diet—a cold—aggravates the kidneys and puts the sufferer in a bed of pain.

Newcastle Bridge, N.B., July 29th, 1904. "I contracted Kidney Trouble about 20 years ago. Since then, when I overexerted myself or got a cold, I would be a constant sufferer from pains in my back and hips and soreness across the loins.

"I tried every remedy recommended for Kidney Trouble but none relieved me. At last I was persuaded to use 'Sun' Kidney Pills, and bought three boxes. Before I had finished the second box, I slept well, the pains grew less, and now after taking eight boxes, I think I am as well as I could reasonably hope to be at my age."

This is no uncommon case, or uncommon cure, with "Sun" Kidney Pills. The excruciating pain—the weakness—the lost vigor and vitality—are all due to kidney trouble. "Sun" Kidney Pills go to the seat of the trouble—make the kidneys well and strong. They relieve the pain—protect these vital organs from taking cold—clear the urine—stop the frequent desire to urinate—enable one to sleep through the night without arising three or four times, as many sufferers from kidney trouble do.

Save yourself from Diabetes and Bright's Disease. With back health and strength with "Sun" Kidney Pills. 50c a box—3 boxes for \$1.25. At all dealers or from the Sun Medicine Co., Oak Point, N.B.

Handsome Fur Scarfs FREE to Ladies and Girls

We will give any girl or lady an elegant length fur scarf, made in the latest style for 1905 by killed waterfowl from specially selected skins of the Black Duck, Partridge, Wild Turkey, and other beautiful birds. Each scarf is given free with each order of our hand-made Fur Scarfs. The only reason we can give for this is that we have a large number made up specially for us at a reduced price in the winter. This is a grand chance to get a beautiful warm fur for the winter without spending one cent. Write for an opportunity to get a scarf. Write to: Mrs. J. H. W. P. Box 102, Toronto, Ontario.

Michigan Farmer Now Laying in a Preserved Supply.

UNION CITY, Mich., Jan. 24.—J. S. Graves, who owns a farm bordering upon one of the inland lakes, is now not only harvesting a fine supply of ice for use next summer, but also continuing with very little extra labor the accumulation of a food supply in the form of fresh fish, which will be just as fresh and edible when he desires to eat fish next summer as they are now.

When the ice began to form on the lake and before it had attained any great thickness, Mr. Graves scattered angle worms and grubs over a considerable area of thin ice.

The fish in the lake, attracted by the food, which they could plainly see, but could not quite obtain, kept their noses pushed persistently against the ice. So hungrily eager were they that they did not notice the rapid formation of ice about them until they were finally frozen solidly therein, within a few inches of the surface.

Every cake of ice contains from one to ten fish, frozen alive in the block, and it is thought that his catch of fish will weigh over a ton.

GROCER'S CLERK CONFESSED Set Fires Because It Gave Him Fun To See Engines Run.

NEW YORK, Jan. 25.—Harry Potter, a grocery clerk, who was arrested in Brooklyn today, according to the police, has confessed that he is the incendiary who has kept the residents of the park slope section of Brooklyn in a state bordering on terror for the past few months. Potter says he started the fires while in the basement of the apartment houses to get orders or deliver groceries. His only explanation of his acts was that it gave him a little fun to see the engines run. He will be arraigned in court tomorrow charged with arson.

SENATOR PERLEY TALKS ON WORK IN THE WEST.

In His Talk He Throws Out a Few Opinions On Questions of Political Interest.

With the rugged broadness characteristic of western statesmen, Senator W. D. Perley of Winnipeg, Manitoba, greeted a reporter of the Sun at the Royal yesterday afternoon. Senator Perley is a New Brunswicker who has done things in the Northwest, where he has made his home for over twenty years.

A legislator and the son of a legislator, the late Hon. Wm. Perley, the senator has been a prominent figure in the political life of the Northwest for many years. A staunch friend of the late Sir John A. Macdonald, he has been an unwavering adherent of the National Policy since its inception.

With the rugged broadness characteristic of western statesmen, Senator W. D. Perley of Winnipeg, Manitoba, greeted a reporter of the Sun at the Royal yesterday afternoon.

TIMBER TRADE.

Low Prices in England for N. B. Deals.

Importations Show a Decrease of Four Thousand Standards—Year Was a Quiet One.

Warrmouth & Jardine of Liverpool, have issued their annual circular on the timber trade. Among the facts given are the following: The total estimated tonnage employed in the wood trade to Liverpool including Garston and Manchester Canal during the past three years has been as follows:

Table showing timber trade statistics for 1902, 1903, and 1904. Columns include year and tonnage.

General inactivity characterized the trade throughout the year which has been difficult and rather unsatisfactory. Early in the year values generally were high but later there was a serious decline in prices of some of the leading articles, and buyers losing confidence acted with caution...

Testimonials. Dear Sir:—I received your Crown Melopha on Jan. 20th, 1905. It is a beautiful instrument, substantially made, and so simply constructed that a child can easily operate it...

A Last Word. If there is any further information you would like to receive, please write us. We will be glad to send you a copy of our circular, and will also be glad to send you a copy of our circular...

ST. STEPHEN ELECTIONS.

Hotly Contested Fight for Town Councillor—Leg Fractured in Hockey Match.

ST. STEPHEN, N. B., Jan. 25.—A hotly contested fight for town councillor in Kings ward was held here today. Edward Keys with 79 votes and Jos. R. McClure, 70 votes, were elected, defeating J. Bert Foley, who had 68 votes.

The town is without gas light tonight the main pipe being broken at the Ferry Point bridge. The remains of Thomas Henry, son of the late John C. Henry, who died suddenly in Cambridge, Mass., yesterday, are expected to arrive tonight and will be interred Thursday afternoon.

Ernie Thompson, son of W. S. Thompson, had his leg fractured in two places in a hockey match at Calais last night. Milroy town elections were held today, Mayor Harrison McAllister being re-elected by a majority of 68 over B. H. Kerr.

HATHWAY-BAIRD. WEDDING. ST. JOHN, N. B., Jan. 25.—A wedding took place this afternoon at 3 o'clock at the residence of H. Paxton Baird, when his daughter, Ethel H. S., was united in matrimony to Dr. Joseph H. Hathway, a young and thriving physician of Rochester, N. Y.

AT WASHINGTON.

Discussion Over Pay of Washington School Children.

WASHINGTON, Jan. 24.—The District of Columbia appropriation bill again occupied the attention of the House of Representatives today. At times the proceedings were enlivened by vigorous remarks of the defense of an appropriation to increase materially the salaries of Washington school teachers, who had many supporters on the floor.

ST. JOHN MAN ARRESTED FOR BURGLARY.

ST. JOHN, N. B., Jan. 25.—John Fleming, the former assistant U. S. inspector of steam boilers, who has been on trial in the U. S. district court before Judge Thomas on a charge of neglect of duty in connection with the burning of the steamer General Slocum last June, was discharged today.

6. Vallis Charged With Breaking Into Post Office in New Hampshire.

PITTSFIELD, N. H., Jan. 23.—Mrs. David Sackett, who lives next door to the post office at Barnstead, early this morning noticed a man walking up and down in front of the office. He was acting rather strangely, Mrs. Sackett thought, and she called her husband, who dressed and went out to see if anything was wrong in the post office. Mr. Sackett met George Wheeler, a watchman at the factory, as he left home, and together they went to the office.

SAD SUICIDE OF A CIGARETTE FIEND.

Woman Takes Poison and Then Pilled With Remorse Prays That She May Live. CHICAGO, Jan. 23.—Because her husband upbraided her for smoking cigarettes, a habit which had undermined her health and which she could not conquer, Mrs. Sadie Thompson, wife of Robert Oliver Thompson, son of the Oak Park Episcopal church, has killed herself with poison. While she was in the fatal grip of the drug, the sight of her grief-stricken husband and little daughter renewed her desire for life and she prayed that she might live. According to the testimony of Thompson, at the inquest, his wife had been addicted to the cigarette habit for seven years.
