SEIZURE OF PARTRIDGES IN MONTREAL

Quebec Fish and Game Protective Officials Made Big Haul in Storehouse of a Montreal Firm.

BIRDS TO GO TO MONTREAL POOR.

Montreal, Feb. 26.—After months of effort the Police of Quebec Association for the Protection of Fish and Game scored a signal triumph today when Secretary Innes and Chief Game Inspector Griffiths raided the storehouse of G. Langlois and Company, and after a search in the extensive cellars, found and confiscated 1,250 dead partridge, weighing almost a ton. The seizure is a serious matter for the company as it involved a fine of \$1 per bird, the amount to be divided equally between the government and the association. The birds will probably be distributed among the poor of the city and various charities.

Mr. Innes said the seizure was only one of several planned. The association has known for long that the illegal disposition of partridges was being made in this city, but although for the past two months every man available has been attempting to trace down those responsible for the traffic, it had until today nothing material to show for its efforts. Secretary Innes stated tonight that the association had spent well over a thousand dollars in its efforts to locate those at the head of the illegal selling of partridges.

PETTY BURGLARY AT CAMPBELLTON—ARREST IS MADE

Herbert Mayor Held by Police in Connection with Last of Series of Crimes—Removed Merchandise.

Special to The Standard. Campbellton, Feb. 26.—Still another petty burglary occurred Saturday. The store of W. H. Miller was again entered and goods consisting of men's socks, yarn, and tobacco were taken. The thief entered the building from the rear and rummaged the till, but found no money. Disappointed in this he seized an armful of the articles above mentioned and made his exit by the road he had entered, and thence to the railway tracks, in the same manner adopted by the thief that entered this store a short time ago.

UNCLE SAM WILL BE OUTSTRIPPED IN NAVAL MATTERS

Japan Will Wrest Portion of Naval Power from Republic if Two Ships are Not Built Annually.

Washington, Feb. 26.—Japan by 1916 will have wrested the position of third naval power from the United States, and the country will have difficulty in maintaining itself in fourth place unless it builds two battleships a year.

CLEAR DECK FOR ACTION

Friends of Roosevelt Plan Organized Campaign, But Former President Remains Inactive for Present.

Boston, Feb. 26.—"We're in the fight, that's all," said Col. Theodore Roosevelt today. It was his only comment upon his statement issued yesterday that he would accept the Presidential nomination if offered to him.

MINERS WILL SEE ASQUITH

Efforts of British Government to Avert Coal Strike Throughout United Kingdom Reaches Critical Stage.

London, Feb. 26.—On the eve of the resumption of the conference between Premier Asquith and other cabinet ministers and the miners' representatives, the government's efforts to avert a coal strike throughout the United Kingdom, the nation is kept practically in the dark as to what has been accomplished in the direction of securing peace since the negotiations opened on Feb. 22. On that date the miners' delegates informed the premier that they were powerless to agree to anything, or to assume any responsibility until authorization had been obtained from the miners' federation which meets tomorrow in London.

As a consequence, the subsequent conferences have been with the coal owners alone.

It was announced tonight, however, that the executive of the miners' federation had decided to recommend to the conference the acceptance of the Premier's invitation to meet him and his colleagues and discuss the situation.

The conference today lasted two hours but conforming to the rule, which had been rigidly observed with respect to all previous meetings, the official report given out contained not the slightest hint as to what transpired. In the meantime, the strike was actually begun.

CHAUFFEUR DIES IN AUTOMOBILE ON AN ELEVATOR

New York, N. Y., Feb. 26.—Seated at the wheel of a touring car which was being lifted by an elevator from the basement to the main floor of an uptown garage, Jean Page, a chauffeur, was crushed to death this afternoon against the basement ceiling. Page was alone on the elevator when he met his death, and it is believed that his automobile started forward while the elevator was between the floors. The automobile was demolished.

COURTESY BAY WORK WILL BE UNDER WAY BY APRIL 1st

SAYS NORTON-GRIFFITHS MAN

St. John Will Become Canada's Greatest Port With Few Rivals in United States Is Opinion of Engineer Who Will Start Operations

P. R. Warren, Chief Engineer of Norton-Griffiths Company, Came to City Yesterday to Decide Definitely on Site for Dry Dock—Will Assemble Plant at Once and Start on Breakwater April 1st

P. R. Warren, chief engineer of the Norton Griffiths Company, who will carry out the development work at Courtesy Bay, arrived in the city yesterday morning. When asked by The Standard last evening when the work will be commenced, he said: "In April you can expect to see us launched into the construction of the breakwater, the necessary preliminary work in connection with the development. Once started things will move rapidly and before this year is out the work will be well advanced. For the first year's work I expect we shall have at least 500 men employed, all of whom will be needed to rush the work along. When the whole scheme of development shall have been carried out St. John will be the greatest port in Canada, and I believe, second to few, if any, in America."

The first thing to be done Mr. Warren said will be the assembling of plant for dredging, as well as gathering the necessary materials. The work of assembling the plant will begin immediately so that by the first of April all will be in readiness for undertaking the real work of construction of the breakwater. Preliminary to the construction of the breakwater considerable excavation and removal of rock will be necessary. To do this the company intend having built a new dredge of the largest and most powerful type.

Yesterday Mr. Warren visited the scene of the operations. His purpose in coming to the city, besides making the preliminary arrangements for the work, was, he said, to look over the ground around Courtesy Bay with a view to settling definitely on the location which will be the most suitable for the erection of the dry dock. He pointed out that while according to the terms of the contract his company was held to erect the dry dock, the choice of the exact location of it rests with them, and although quite familiar with the conditions in that vicinity, he visited Courtesy Bay to again look over the ground so as to find out what would be the most suitable site. He said that he had not formed a decision last evening, and that it might be that instead of locating the dry dock in front of the Municipal Hotel it might eventually be erected nearer the head of the bay, but this would not be definitely determined until he returns to Montreal.

Whatever the location of the dry dock, Mr. Warren stated that when completed it will be one of the finest in the world. Thoroughly equipped it will be adequate to handle the largest ships of all types.

WEST END WOMAN VICTIM OF AN AWFUL ACCIDENT

One of the saddest accidents that has occurred in this city for some time, took place last evening near Bentley's Beach, in Carleton, when Mrs. Elizabeth Tufts, was struck by the Shore Line train No. 132 while crossing the track in front of her home. The unfortunate lady, who is about 55 years of age, had her right foot instantly cut off just above the ankle, while the left leg was badly broken.

ROOSEVELT WANTS WAR

Asked Taft for Command of Cavalry Regiment in Case of Intervention in Mexico, Last Year.

Washington, Feb. 26.—The announcement of Colonel Roosevelt's willingness to accept the presidential nomination, and his consequent open break with President Taft, was declared here tonight to have removed a picturesque possibility in connection with the threatened trouble in Mexico.

Senators who claimed to be conversant with the facts state that just about a year ago, when the Madero revolution was at its height in Mexico and the possibility of American intervention was being discussed, Colonel Roosevelt wrote a letter to President Taft volunteering to head a regiment of cavalry which was to be in the forefront of the invading force.

BLAMES IT ON THE PAPERS

Mayor Gaynor Thinks "Rag-Bag" Newspapers Responsible for Rumors of Wave of Crime in New York.

New York, Feb. 26.—Notwithstanding a number of hold-ups and robberies, Mayor Gaynor is certain that there is no crime wave in New York. He wrote to Police Commissioner Waldo today.

DOUBLE TORNADO SWEEPS PORTIONS SOUTHEAST STATES

Dead Number Ten and Injured Not Less Than Twenty-five—Fire Also Broke Out—Much Damage Done.

Little Rock, Ark., Feb. 26.—Details of a double tornado which devastated portions of Lincoln, Jefferson and Arkansas counties Sunday afternoon, placed the list of dead at ten, with at least 25 persons severely hurt. Handsome homes, plantation equipment, rice and pumping stations caught in the path of the storm were wrecked. Fire broke out in the debris of a number of demolished residences and only the fact that the accompanying winds saved many of those who had been caught in the buildings from cremation.

MANY ENGAGED IN SEARCH FOR BAND OF GYPSY MARAUDERS

War Conditions Prevail Near Fulda, Germany, Owing to Depredations of Band of Mendicants.

Fulda, Germany, Feb. 26.—The district surrounding this city has been in a state of virtual war owing to the presence of a band of Gypsies, who, after committing three murders, sought refuge in the forests. They have killed or wounded several of the police who have been attempting their arrest. Assisted by 50 military police, volunteers are now engaged in beating the woods in order to discover the Gypsies' hiding place.

BOURASSA STORY WAS DIRECT LIE

Nationalist Leader was Not in Ottawa on Sunday Despite the Malicious Statements of Grit Newspapers.

ANOTHER YARN WHICH HAD NO FOUNDATION.

Special to The Standard. Ottawa, Feb. 26.—The opposition press has been publishing circumstantial accounts of gatherings of French Conservatives to make trouble for the government in connection with the Manitoba boundary bill. An essential part of the story was a circumstantial statement that Mr. Bourassa was in Ottawa taking part in and guiding the deliberations of the rebellious ones. The trouble with this statement is that it is not true. Mr. Bourassa is not in Ottawa, was not in Ottawa on Sunday and has not been in Ottawa for several weeks.

ACCOUNT OF ITALY'S PROWESS HEARD WITH ENTHUSIASM

Senate Greeted Minister of Marine with Cheers as He Reads Despatches Descriptive of Action of Beirut.

Rome, Feb. 26.—Admiral Cattolico, minister of marine, amid prolonged cheers in the senate and chamber today, read despatches describing the action of Beirut and the sinking of Turkish warships in the harbor by Italian cruisers. According to the despatches, the operation was difficult owing to the limited extent of the harbor and the danger of damaging neutral shipping and buildings along the waterfront. It was carried out, however with moderation, but energetically and resolutely. The greatest credit, the minister added, was due to the officers and men for their brilliant conduct.

MEXICANS RESENT THE PRESENCE OF AMERICAN PARTY

Feeling Among Mexicans Rises to Pitch of Stoning Automobiles—Rebels Seize Several Towns.

Los Angeles, Cal., Feb. 26.—Telegrams received here today tell of the narrow escape of a party of automobile pathfinders on the way to Mexico City. The messages came from J. Beaudet, driver of a car which has been following a west coast route. It said that intense anti-American feeling was manifested and that Beaudet and his party were stored today at San Juan Del Rio, 110 miles from Mexico City.

LEADERS OF REBELS DEMAND SURRENDER OF CITY OF JUAREZ

Juarez, Mex., Feb. 26.—The rebel leaders sent a demand to Juarez for the surrender of the city in six hours. They declared in their communication that if the city is not surrendered the attack will be made and Juarez officials are asked to warn foreigners to leave.

ARREST IS MADE IN CONNECTION WITH HOLDUPS

New York, N. Y., Feb. 26.—Police Commissioner Waldo, announced this evening that the detective bureau had arrested Edward Kinman, formerly a prizefighter, as the principal in the recent taxi-cab robbery in which 140 bank messengers were held up and robbed of \$25,000.

See our Bargain Counter for additional bargains.

Francis & Vaughan
19 King Street

ation, is to give practical assistance to those connected with the Sunday schools as teachers or workers, by a study not only of the person and teachings of Christ, but of the life and times in which He lived.

Last evening in the North End, Rev. G. A. Ross gave an illuminating address upon the "Home Land of the Lessons for 1912," illustrated from a map of Palestine, while Rev. W. F. Gaetz spoke upon the "Political Background of the Gospel."

In Centenary church two exceedingly helpful and informing addresses were given, one on the "Messianic Hope," by the Rev. M. F. McCutcheon, and the other a "Preview of the Clerical Lesson," by Rev. H. E. Thomas.

In St. John West Rev. H. R. Read gave an address upon the "Religious Background of the Gospel," while Rev. W. A. Ross, who is the general secretary of the Provincial Sunday School Association, gave a chat talk in child's study. This evening the meeting in the North End will be held in the Main street Baptist church, the speakers being Rev. H. E. Thomas and Rev. J. J. McCutcheon. In Centenary church the speakers will be Rev. W. F. Gaetz and Rev. W. A. Ross, and they will deal with the church and the boy. In Ludlow street Baptist church the speakers will be Rev. H. R. Read and Rev. M. F. McCutcheon. The programme of these meetings has been arranged by the St. John County Sunday School Association.

Compulsory Swimming.
Dr. Thomas F. Harrington, the head of the department of hygiene in the public schools of Boston, plans to make swimming compulsory. This will result in the construction of more municipal baths. It will take time to bring about this great movement in physical training, but the fact that Dr. Harrington favors compulsory swimming means success in the end and world famous.

A Quick Turn Over.
Saturday morning Charles Robinson purchased the Dunlavy property on the corner of Ludlow and Tower streets, west end, at public auction for \$2,010, and shortly after he had made the purchase there were a number of persons making him offers for it. Yesterday afternoon Mr. Robinson sold the property to Theodore Stackhouse, west end grocer, for \$2,800.

Slight Fire Last Night.
Last night at 11:45 o'clock fire was discovered in the rear basement of John O'Brien's residence, 42 Mill street and an alarm was sent in from box 5. When the firemen arrived the fire was found among some sawdust and an old mattress. The fire was quickly extinguished by the chemical. It is thought that the fire had been started by some tramp who was sleeping there. It was stated that the place had been occupied by persons on other occasions. The damage done by the fire last night was trifling.

Good News for Samuel Cormier.
Some time ago The Standard received a letter from Vancouver in which this paper was requested to make inquiries as to the relatives of one Samuel Cormier, who is now residing there, but who was formerly a St. John man. Yesterday it was found that a sister of Mr. Cormier had married a man named Thomas Donovan and that the couple had resided on Pond street for some time, but that Thomas Donovan had died and his wife had removed to Summer's Mass., where she is living at 54 Mansfield street. Miss Mary Donovan, who was a niece of Thomas Donovan kindly supplied The Standard with the above information. Miss Donovan is now living at 39 Pond street.

SAFETY BOARD SEES EVIDENCE OF THE BOOM IN REAL ESTATE

Many Applications Received at Last Evening's Meeting from People Desiring to Buy City Lands — Other Business Transacted was of Routine Nature.

The boom in land values was brought to the attention of the safety board last evening in the form of a large number of applications to purchase city lots. Some of the applications were granted, but the majority were turned down, or referred to special committees. A delegation of specialists asked for the right of free speech in public places as enjoyed in other cities, but their request was referred to the chief of police who said the socialists were opposed to all authority. The director was authorized to call for tenders for firemen's uniforms. Ald. Russell presided and there were present Ald. J. B. Jones, C. T. Jones, McLeod, Potts, Kierstead, Scully, Green, Wigmore, Wilson, with Director Wisely, the common clerk and Chief Clarke.

F. Taylor and a delegation from the socialist party appeared and asked for leave to hold public meetings in some portion of the city during the summer. He said they had held public meetings last summer for some months but had finally been stopped by the police. All they wanted was a place where they would not be interfering with traffic or anything else.

Chief Clarke said the police authorities had had a great deal of trouble with the socialists in various cities of Canada. He gave an account of the police troubles were the unemployed in Vancouver, placing the blame on the socialists.

Ald. Green said the socialists had as much right to be heard as anybody. On motion of Ald. Elliott, who said the socialists were rascals, the matter was referred to the chief of police. A committee consisting of Ald. Elliott, McLeod, Potts, Wigmore and Green, Chief of Police, were appointed to consider the tenders for fire hose and rubber covers.

Ald. Kierstead submitted petitions praying that the city's lands in Lancaster be divided up and offered for sale in lots as that workmen could acquire holdings. The petitions were signed by business men in the city and ratepayers in Lancaster and Carleton.

Ald. Kierstead said he agreed in the main with the principle of the petition. He did not favor giving away the city's lands at nominal prices now that land values were advancing, but he thought the city should divide up the lands in lots as a private owner would do and offer them for sale on reasonable terms.

Ald. J. B. Jones said the board had decided, after hearing a delegation consisting of W. Frank Hatheway and representatives of the labor unions, to have the engineering department plan of the city lands on the lines suggested.

Ald. Potts asked that Chas. Robertson be granted a renewal of the lease of lot 781 Brooks ward, approved.

Firemen's Uniforms.
The director requested authority to ask for tenders for 37 firemen's uniforms. Ald. Green said the city was not in a position to purchase uniforms. Other departments were starved, and buying uniforms would mean a charge of \$1,700 a year. The firemen did not want uniforms, and should not be obliged to wear them.

Ald. Potts and Wigmore spoke strongly in favor of purchasing uniforms. On motion it was decided to authorize the call for tenders for firemen's uniforms, only Ald. Green dissenting.

The director was also authorized to ask for 44 helmets for the police. Ald. C. T. Jones said he was in the Brussels street lookout and it was a disgrace to the city.

Ald. McLeod wanted to know why the extra policeman for the west side had not been appointed. He moved that an extra man be appointed on March 1st.

Ald. Green moved in amendment that the extra man be appointed for March and April and November and December, and this was adopted.

New Lights Recommended.
Ald. J. B. Jones submitted the report of the special committee on street lighting, recommending that two tungsten lamps be placed on Paddock street, and two tungsten lights on Thorne Avenue. The report was adopted.

Ald. C. T. Jones wanted a light on the North wharf. The chairman—Take the matter up with the lighting committee.

Geo. Burns offered to purchase the Black House, Spar Cove Road for the sum of \$1,000. Refused.

Mary H. Tippetts offered to purchase Lot 8 in Block 9, fronting on Manawagonish Road. Refused.

W. A. Nelson's offer to purchase Lot No. 40 and 41 near Prospect street, for the sum of \$350 was declined.

Mrs. Mary Brannan offered to purchase the fee simple in Lots 4 and 7, Block D, Fairville, for \$800. Ald. Potts moved that the application be granted as the ground rents were only \$24 and \$20.

Ald. Wigmore moved that the matter be referred to a committee, and this was adopted.

The application of Frank Allingham to purchase Butt house on Prospect Road for \$800, which is now rented for \$125, was turned down.

The application of Thos. H. Wilson to purchase the fee simple in two lots under lease to him in Lot 6, Block D, for \$750 was approved.

W. J. Linton's application to purchase a piece of land to the north of Peters street, being part of a school lot, was turned down.

W. F. Barnhill offered to purchase lots on the corner of Main and church street for \$500, ground rent \$90. Refused.

E. Brooks offered to purchase part of Lot No. 1,066, in Brooks ward, but being a water lot the application was tabled.

E. W. Griffith applied for a renewal lease of Lot No. 20, Block H, Lancaster, and in view of the negotiations of T. S. Simms & Co. for a right of way over Mr. Griffith's leasehold, the matter was referred to the lands committee and recorder with power to act.

B. C. Holder offered to lease or purchase Lots No. 575 and 576, corner of City Lane and Germain street, purchase offer \$670. The application was referred to Ald. Scully and McLeod to report back.

Geo. H. Evans offered to give \$250 for a lot on Leinster street and \$400 for a lot on Duke street, but as he had not complied with the terms of his leases they were ordered cancelled.

John S. Eagles offered to lease three lots of land on Duke street, and John S. Coughlan offered to buy lot No. 7 east end of Broad street for \$500 or lease it.

Would Sell Pitt Street Lots.
Ald. Potts said now was a good time for the city to unload its lots on Pitt street. He moved that the lot on Duke and Broad streets be put up for auction to find out whether the speculators were humbugging the people.

Ald. Potts' motion was adopted and a small committee appointed to place an upset price on the lots and arrange for the sale.

Ald. C. T. Jones—I move that sealed tenders be asked from auctioneers to sell the lots.

Ald. Potts said there would be just as much sense asking for sealed tenders for lawyer's advice.

Ald. C. T. Jones said the city ought to have an auctioneer of its own; \$100 for 15 minutes work was too much.

The chairman would not accept Ald. C. T. Jones' motion but appointed him on the committee to arrange the sale.

Geo. A. Troop offered to purchase lots Nos. 1365 and 1366 in Sydney ward for \$200.

The application was referred to Ald. J. B. Jones and Green to report.

The application of Oscar Taylor to lease a lot on Prospect street, Fairville, was referred to the lands committee to report.

Police Telephones.
The director was authorized to have telephones placed in the residences of Deputy Chief Jenkins and Detective Killen for police purposes.

Ald. Wigmore, on behalf of a sub-committee, recommended that P. A. Peters and Sons be offered the purchase of lots applied for at \$5,000, and that in case of refusal to buy ap-

praisors be put on for expropriation. The property in question is known as the Home factory.

Mr. Peters, who was present, said he thought he should get the lots for \$3,000. The council had passed a resolution offering the lots for \$3,000. The common clerk—You refused the offer then.

Ald. McLeod—"The boom wasn't on then."

Ald. Wigmore said Mr. Peters' first offer was only \$1,000. He knew of parties who were ready to pay \$5,000 for the 5 lots.

Ald. Potts said they would be tumbling over themselves to give an outsider anything he wanted, but they exacted the last pound of flesh from their own citizens. He moved that \$3,000 be accepted for the lots.

Ald. McLeod said Mr. Peters' industry did not require all the lots.

Ald. Scully said the leases would not expire before 1914, and the property might be worth \$10,000 then.

Ald. Green said the lots on Elliott Row were of no use without access to the Union street lots.

On motion it was decided to allow the lease to run till it expires in 1914. The application of Randolph and Baker to purchase 183 1/2 acres in Lancaster for \$8,500 was then taken up.

Ald. C. T. Jones said to grant the application would place a big weapon in Mr. Baker's hands, as it would give him control of the water front.

Ald. McLeod thought lots Nos. 7 and 9, for which the company offered \$4,800 were essential to their time industry. He moved that these lots be sold.

Ald. Potts moved that the land be sold to the company for \$200 an acre.

Ald. Scully thought the price offered was rather low, and on his motion consideration of the matter was laid over to secure more information about the leases.

The chairman brought up the matter of the perpetual lease of an acre and a half to the Fairville Baptist church at a rental of 20 cents a year. He said Mr. Carnegie proposed to give them an organ.

Ald. McLeod moved that the congregation be given a deed of the land for \$5. Adopted.

C. E. Colwell offered to purchase the fee in Lot No. 1, Block W. Guys ward for the sum of \$250. W. H. Harrison heard in connection with the application said Mr. Colwell owned the property on both sides of the lot and would be glad to pay a fair valuation.

On motion of Ald. McLeod it was decided to sell the lot if Mr. Colwell would give \$300.

John Barry was heard in connection with the application of the Sisters of Charity for a renewal lease of premises in Lancaster. He said the Sisters would be willing to have the city take it over for \$600. If they renewed the lease they would want to expend about \$1,200 on improvements. The matter was referred to a special committee to report.

Applications of W. B. Wallace and others for lots in Lancaster were refused. Mr. Wallace wanted 18 lots, and offered \$300 an acre.

The Board adjourned to 3 o'clock today.

LAST NIGHT'S CARNIVAL
PROVED GREAT SUCCESS

Many Skaters in Well Concealed and Beautiful Costumes on the Ice at Trades and Labor Council.

The carnival held in the Victoria Rink last night under the auspices of the Trades and Labor Council proved a great success. There was a very large number of skaters and spectators, and the affair was one of the best ever held in the city for some time. A committee of the council was present and looked after the arrangements in an excellent manner.

The judges were Mayor J. H. Frink and Mrs. Frink, Mr. and Mrs. L. P. D. Tilley and W. E. Foster, and they awarded the prizes to the following:

Best lady's fancy dress, Miss Wilhelmina Scott, who represented Red Rose Tea.

Gen's fancy dress, William Walker representing a Roman soldier.

Combination prize to Misses Bessie Quinlan, Jennie Shanks, who represented two packs of cards.

A special prize was awarded to Miss Tilley Saunders, who represented a paper doll.

A special prize of \$2, donated by L. P. D. Tilley, was awarded to Walter Reid, representing a real estate agent.

A special prize of \$5 donated by Mayor Frink, was won by Mrs.

PHYSICIANS COULD NOT HELP HER

"FRUIT-A-TIVES" CURED HER

Mountain, Ont., March 9th.

"I have taken 'Fruit-a-tives' with great benefit. I was troubled with biliousness for years and after taking 'Fruit-a-tives' am entirely well again. I have been treated by physicians and nothing cured until I used 'Fruit-a-tives'."

Mrs. R. M. BEGGS.

No other medicine in the world will cure biliousness as quickly and pleasantly as 'Fruit-a-tives.' This famous fruit medicine acts directly on the liver, relieves the congestion, enables the liver to pour out more bile, and corrects constipation and indigestion.

No matter what you have tried or how long you have suffered, 'Fruit-a-tives' will completely cure you. 50c. a box, 6 for \$2.50, or trial size, 25c. At all dealers, or from Fruit-a-tives, Limited, Ottawa.

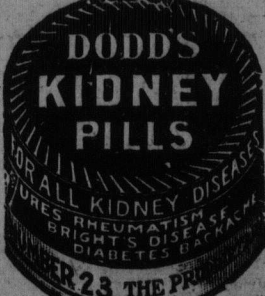

Braddon Walker who was attired in a most original costume representing "The King George one cent piece." This costume consisted of over three hundred one cent pieces fresh from the Royal Mint of Canada. The front view represented one side of the coin, the head and shoulders of the King with the inscription "Georgius V. Rex Imp." the other side is a copy of the words "One Cent, Canada, 1911," also outlined in coins.

The following were the winners of the door prizes:—First, No. 894, Miss Mina Woods; second, No. 1269, C. G. Langhein; third, No. 116, \$2, Marvin White.

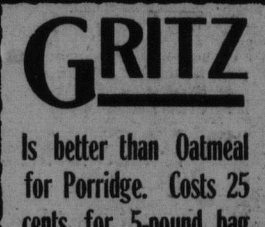

UNION PROPOSES INCREASED DUTY

Cape Town, South Africa, Feb. 26.—The government commission on trades and industries has submitted its report, in which it recommends adequate but no prohibitive, protection for agriculture and industries. An increase in various customs duties is proposed.

B. C. ELECTIONS.
Vancouver, Feb. 26.—The legislature will prorogue Thursday and the provincial elections will be held March 28th.

MYRKLE-HARDER CO. BETTER THAN EVER

Popular Company Gave Excellent Production of High Class Play in Opera House Last Evening.

With a fine line of high class plays, a stronger and more evenly balanced company than he has ever brought to St. John before and a scenic equipment more lavish and artistic than before, Manager Will H. Harder, presented the Myrkle Harder Company to a St. John audience last evening when he opened a two week's engagement in the Opera House. Mr. Harder has changed his methods since he last appeared in this city and the theatre-goers will benefit greatly by the change. He has not only specialties between the acts which were formerly a feature of his productions, and instead presents much better plays and with a much better company than ever.

Last evening's production was by all odds the best given in the Opera House this season and the audience was quick to appreciate its quality. The play was A Bachelor's Romance, in which Sol Smith Russell earned much fame and fortune and it proved an especially attractive vehicle. An ordinary company would make little of this piece as the types are of the highest quality and require a skillful interpretation to make their power felt. Mr. Harder's company is well able to furnish this and as a result last evening's production was a most delightful one.

That Miss Emma Myrkle still holds her place in the affections of the theatre-goers was abundantly proven by the warm reception which greeted her on her first appearance last evening. She is as dainty and winsome as ever and has lost none of the ability to communicate her charming personality to her audience. Her performance of the role of Marjorie Winter, the country lass, was very pretty indeed. Excellent character work was done by Mr. Dewey in the role of Abner West, while Mr. Marsden, an old favorite here, was seen to distinct advantage in the character comedy part of Caleb Punt.

The leading man, Mr. Bertin, gave a powerful rendering of the lines of David Strong, the role in which Mr. Russell used to captivate his audiences. He brought out the fine points in the character in truly artistic fashion. Excellent support was given by Mr. Brown, Mr. Dempsey and Mr. Roche among the gentlemen of the company, and Miss Lounsbury, Miss Valley and Miss Russell among the ladies. As in all the Myrkle Harder productions the staging and the scenic investiture were features and in this respect the company compares very favorably with the best that has been seen here.

Particularly good work, the quality of the plays which they have in their repertoire for the entertainment of the local theatre patrons. Every piece produced is a royalty paying production and in fact during the company's stay they will produce one piece in which well known stars have scored successes in the larger centres. Judging from their work last evening the plays will be in no degree suffer for the company is indeed a highly capable one. A Bachelor's Romance will be produced again tonight and on Wednesday the company will be seen in Salomy Jane, made famous by Eleanor Robson. On its merits the company is well worthy of patronage.

BACK TO KILLARNEY SHOWN AT NICKEL

An Excellent Monday Bill for Patrons of Popular Carleton Street Motion Picture Theatre.

An excellent programme has been arranged by the management of the Nickel for the week opening, and yesterday saw the popular theatre crowded to the top of the house. The pictorial portion of the bill is particularly enjoyable, containing as it does both comedy and drama. The film par excellence of the programme, is the Kismet's Visit to Killarney, which is undoubtedly an enjoyable feature, being a series of the most beautiful scenes of the Emerald Isle. The reproduction is exceptionally faithful, and so perfect is the photography that none of the rare beauty of the original scenes is omitted in the reproduction. Actors' Hearts, is in truth a heart story, cleverly conceived and well acted, and makes an excellent feature. The comedy portion of the programme is supplied in The Dude Cowboy, a real western story. The Surgeon's Heroism, is another of the pictorial gems which the programme offers. The orchestra provided an entirely new programme of music in keeping with the high order of the picture features. Miss Pearson in her rendering of I'll Go to the End of the World, was enthusiastically received and added to her laurels. J. A. Kelly in Molly Bawn, made a most favorable impression, and was heard to excellent advantage in the popular ballad. The programme will be repeated this afternoon and evening.

ROYAL PARTY TO HAVE GLIMPSE OF LUMBERING CAMP

Ottawa, Feb. 26.—Their Royal Highnesses The Duke and Duchess of Cornwall, Princess Patricia and a party from Government House will have an experience unique to members of the Royal Family, on Wednesday next. They have been invited by J. R. Booth, the veteran lumber king, to visit one of his shanties on the Madawaska river and see lumbering operations in full swing. The party leaves by special train Tuesday night.

CABINET INDIGNANT AT ALL TREATMENT CHINESE SUBJECTS

Cancellation of Treaty Obligations with Netherlands Considered as Mark of Retaliation for Outrages.

Nanking, Feb. 26.—The republican cabinet is engaged in considering the immediate cancellation of Chinese treaty relations with Holland and handing the Netherlands minister his passports, because of the alleged ill-treatment of Chinese residents by the Dutch authorities in Java. It is stated that three Chinese have been killed and hundreds of others arrested and imprisoned in that place because they celebrated the abdication of the Chinese throne.

The members of the republican cabinet are most indignant. They assert that the Chinese in Java are treated "like wild beasts."

Dr. Sun Yat Sen and Yuan Shi Kai are co-operating in the revision of the constitution. Yuan Shi Kai is sending funds to Nanking.

COURT WILL NOT HEAR APPEAL OF QUEBEC CRIMINAL

Gagnon, Perpetrator of Ghastly Crime on Young Daughter, will Serve Term and Feel Lash.

Quebec, Feb. 26.—The Court of King's Bench has dismissed the appeal of Louis Gagnon, sentenced to be hanged for the murder of his fifteen-year old daughter. Gagnon is now serving the term of two years in the St. Vincent De Paul penitentiary which accompanied the punishment of whipping. Gagnon was also found guilty of assaulting another daughter and with attacking his wife and son who sought to protect the girls.

MINSTREL SHOWS HELD AT LONG REACH

Long Reach, Kings Co., Feb. 24.—In a large and appreciative audience assembled for the minstrel show and pie social, despite the inclemency of the weather. The hall was artistically decorated with flags and was most pleasing in appearance. The local hits were exceptionally good and skillfully introduced by F. B. Gorham, Joseph White, Augustus Gagnon and Reynolds White. F. B. Gorham's appearance on the stage in an automobile of original design, accompanied by two attendants in livery, was most effective. This, coupled with his eloquent address entitled, "Egg in Industry," won him no small amount of applause.

At the conclusion of the programme pies were sold and refreshments served. The audience then dispersed, taking with them the memory of a most enjoyable evening.

The proceeds are to be used for English Church purposes.

BY ORDER

Of the Council of the Municipality of the City and County of Saint John, passed at a Special Meeting called, and held for the purpose on the 14th February 1912, public notice is hereby given that a Bill will be presented for enactment at the next session of the Legislature of New Brunswick, the object of which is to provide that the assessment for all purposes of taxation on the Edward Partington Pulp and Paper Co., Ltd., or such other Company as shall take over and continue to operate the works, mills and undertakings of said Company in the Parish of Lancaster shall be fixed at a valuation of \$225,000, for the term of 15 years from 1st day of January 1913; this exemption to cease if said Company or other Company taking over and operating said works and mills shall not spend the further sum of \$100,000 on the plant, buildings and real estate of said Company in the Parish of Lancaster within the years 1912 and 1913 and employ continuously during the 15 year period, 50 persons additional in said parish above present average employed by said Company in said Parish.

Dated this 15th day of February, 1912.

JAMES KING KELLEY, Secretary of the Municipality of the City and County of Saint John.

NOTICE IS HEREBY GIVEN THAT

A Bill will be presented at next session of the Legislature of New Brunswick for enactment of the City and County of Saint John's valuation in the Parish of Lancaster for Public School assessment purposes at forty thousand (\$40,000) dollars for a period of ten years, and also for like period the valuation of said Company at ten thousand (\$10,000) dollars for all other assessment purposes, and to provide for payment by said Company of one hundred (\$100) dollars per annum for a period of ten years to the Board of Management of the Parish of Lancaster for lighting the Highway near proposed factory of said Company.

Dated at the City of Saint John in the City and County of Saint John this twenty-sixth day of January, A. D. 1912.

JAMES KING KELLEY, Secretary of the Municipality of the City and County of Saint John.

NOTICE IS HEREBY GIVEN THAT

A Bill will be presented at next session of the Legislature of New Brunswick for enactment of the object of which is to secure permission to issue bonds by the Municipality of the City and County of Saint John amounting to thirty thousand (\$30,000) dollars to provide further buildings and accommodations for the purposes of the General Public Hospital in Saint John.

Dated at the City of Saint John in the City and County of Saint John this twenty-sixth day of January, A. D. 1912.

JAMES KING KELLEY, Secretary of the Municipality of the City and County of Saint John.

PUBLIC NOTICE.

PUBLIC NOTICE is hereby given that a Bill will be presented for enactment at the next Session of the Provincial Legislature, the object of which is to grant to the City of Saint John and the Municipality of the City and County of Saint John such powers as will enable them to effectively control the laying out and planning of Streets in the Suburbs of the City of Saint John and to make provision for sewerage and water supply, street grades, and all other matters relating to Town planning.

Dated at Saint John, N. B., the nineteenth day of February, A. D. 1912.

HERBERT E. WARDROPER, Common Clerk.

LEGISLATIVE ASSEMBLY OF NEW BRUNSWICK

All persons seeking legislation at next session of the legislature, are requested to have one hundred copies of bill printed and forwarded to the City Clerk, at Saint John, N. B., by the 15th day of February, 1912.

At last session of the legislature the following resolution passed by committee on municipalities: "Resolved, that it would be advisable when reference is made to any act of assembly that in addition to the usual reference, the year in which the same was enacted, shall be inserted as herewith shown. The Act 4, Edward VII, Chapter 40, 1904. And the following recommendation was made by the committee on corporations: That plans and specifications of proposed works with sufficient data be submitted with bill relating thereto. Dated 11th day of January, A. D. 1912.

HENRY B. RAINSFORD, Clerk of Legislative Assembly

ST. JOHN, N. B., TUESDAY, FEBRUARY 27, 1912.

COURTENAY BAY DEVELOPMENT.

The official announcement made by Mr. Warren, the chief engineer of Norton Griffiths & Co., that work would commence on the Courtenay Bay improvements early in April, will be received with profound satisfaction by everybody in the city of St. John, and by all persons throughout Canada who desire to see Canadian trade done through Canadian ports. A great change of sentiment has taken place in Canada on this subject during the past few years. When the Beaver Line and the Canadian Pacific Railway Company, with the assistance of the Dominion Government and the city of St. John, first attempted to demonstrate the possibility of doing the winter trade of this country through the port of St. John, there were many in the West who were lukewarm on the subject. It was only by practical demonstration that English goods landed at St. John could reach Toronto and other Western points at the same time or earlier as goods shipped through New York, Boston and Portland, that importers in the West were induced to route their shipments through this port. It required all the influence of the Canadian Pacific to get many merchants to take this stand. Today this difficulty is not so apparent as then, but there is still altogether too much Canadian trade done through foreign ports. The additional accommodation furnished shipping by the Courtenay Bay facilities and the fact that St. John will be the Atlantic terminal point of the three great transcontinental railways of Canada will nullify the objection that no Canadian port is in a position to handle all, or even a considerable portion of the winter trade of Canada.

Although the question of creating a harbor in Courtenay Bay has been discussed for years, few people have any real comprehension of the greatness and importance of the proposition which the Borden Government has undertaken. It will make St. John not only one of the great ports of the world, but one of its important trade centres as well. With the shores of Courtenay Bay lined with docks and a ship-repairing plant in connection, the port of St. John will have accommodations of the very best character for five or perhaps ten times the shipping that now comes here. It will not only be a winter port but a summer port as well. It may not be possible to ship wheat through St. John in the summer season, but wheat is not the only commodity that Canada will export during the next fifty years. The existence of such magnificent water powers as are to be found in almost every section of this country is bound in time to bring Canada to the fore-front as a manufacturing country. There is an abundance of raw material of almost every character to be found in this country and the cheap power that will be generated by the rivers and streams will enable the Dominion to compete on favorable terms with any other nation for the trade of the world in manufactures. The men of St. John who lived three generations back prophesied that this port would become "the Liverpool of America." Their dream will be realized before another generation has passed and those who live today will witness in this city a development greater and more rapid than in any city of Eastern Canada.

The geographical position of St. John gives it greater advantages than are enjoyed by any other Maritime Province city and our own people and those from other sections of Canada are just beginning to realize the possibilities of this city as a manufacturing centre. Our trade has been growing for years and our industrial development has made more real progress in the last decade than ever before in the history of the city. St. John owes much to Hon. Mr. Hazen for what he has done to secure the Courtenay Bay improvements for this city. It could not have been an easy task to influence his colleagues in the Cabinet to expend such a large sum of money as will be necessary to dredge the basin and erect wharves in Courtenay Bay, but Mr. Hazen has succeeded, the contract for the work is signed, the plant is being assembled and within two months actual work on a large scale is to be commenced and vigorously pushed until the whole work is completed. Best of all, the work on the Western side of the harbor is to be continued and wharves and warehouses provided for the rapidly growing trade of the port.

TO IMPROVE THE HIGHWAYS.

The promptness with which the Borden Government is redeeming its pre-election pledges is having a disconcerting effect on the Liberal Opposition. Among the government measures already before the country are the appointment of a Tariff Commission; amendments to the Grain Act; amendments to the National Transcontinental Railway Act, including the appointment of Mr. Leonard as chairman and superintendent; amendments to the Post Office Act in relation to the salaries of employees; a bill to encourage agriculture by giving financial support to the Provinces and a bill for the improvement of highways throughout the Dominion. When we consider that the Government has been in office less than six months this progressive programme of legislation is in striking contrast to the Liberal record. It includes measures which will appeal to every section of the community and forecasts reforms which will benefit the whole of Canada. On occasions when Government legislation has been under discussion in the House this session the arguments advanced by the Liberals in Opposition have been weak and nebulous to a degree. By continually misrepresenting the plainest statements and by conjuring up imaginary dangers, an effort has been made to obstruct the adoption of Government bills. Some temporary delay in the passage of legislation of vital importance to the country has been the only result. The Government has in no way deviated from the programme it is pledged to the people of Canada to carry out.

The latest exhibition of the obstructive tactics of the Opposition occurred last week on the debate on the bill to encourage and assist the improvement of highways. No measure since Confederation appeals more directly to the people. The Government proposes by annual grants from the Federal treasury to assist the nine Provinces of the Dominion in improving the public roads either by the construction of new highways or the improvement of existing highways. It has been definitely announced by the Government that payment will be made on the basis of population, the same basis as that on which the Provincial subsidies are granted. The bill is short, consisting of but six clauses, but clearly defines the intentions of the Government. It is similar to the Railway Subsidies Act, reserving to the Governor-General-in-Council certain control over the expenditure in order to ensure that the expenditure may be made wisely and in the public interest.

The Opposition's objections to the bill were manifold. It was contended that it was a wide departure from constitutional law, because money was to be expended out of

the Federal treasury on the roads of the country, which had hitherto been in charge of the Provincial Governments. An attempt was made to delay the bill on the ground that as money was to be appropriated it should first be introduced by resolution. The Speaker quashed the objection by pointing out that a resolution could be introduced when an appropriation was asked for. No appropriation is mentioned in the bill.

Another objection, raised by Sir Wilfrid Laurier, was that appropriations might be granted to only two or three Provinces "at the whim, favor or caprice of the Government of the day." He moved an amendment that the bill be not read, but that a resolution favoring the principle of Federal assistance on a fixed basis should be adopted.

Mr. Borden refused to consent to any delay. "This is not a Government," he said, "which proposes to deal upon the principle of warm sympathy and cold justice, which actuated hon. gentlemen on the other side of the House. When these subsidies are brought down we propose to vote a specific amount for each Province, which cannot be appropriated to any other Province, and we propose to proceed on the basis of population or amount of subsidy. My right hon. friend also says that this bill gives extraordinary powers to the Governor-General-in-Council. In that he is mistaken again. This bill was introduced by my hon. friend, the Minister of Railways and Canals, who in framing it, adopted the analogy of at least half a dozen subsidy acts introduced by the right hon. gentleman or his Government.

"We have no desire or intention," added the Premier, "to discriminate against any Province on the ground of the political complexion of the Government; we propose to deal with every Province justly and fairly and without the slightest discrimination. We shall be glad indeed, after the close of this session, to take up this matter with the Governments of the nine Provinces of Canada, and to deal with them on fair, reasonable, and just lines, in order that this expenditure may be wisely and properly made."

Mr. Cochrane, the Minister of Railways and Canals, who was in charge of the measure, said the one idea of the Opposition was to obstruct the bill. He had no doubt whatever that every Provincial Government, whether Grit or Tory, would welcome the bill and co-operate in carrying it out. He hoped to arrange with the Provincial Governments to make equal grants, but in any event he saw no reason why the Dominion Government, with the consent of a Province, could not go on alone with the improvements.

The bill has passed the second reading and is now in committee. The policy of obstruction continues. It is characteristic of the attitude of the Opposition that they are as usual hopelessly at variance in their arguments. Liberal members from Ontario, for example, are urging that the Federal grants should be paid direct to the Municipalities, with the idea of preventing the money being controlled by the Whitney Government. Opposition members from Nova Scotia, on the other hand, are strongly in favor of provincial supervision. The whole trend of the debate indicates a desire on the part of the Opposition to delay legislation they cannot conscientiously oppose. The determination of the Government to resist obstruction and place this important piece of legislation, the improvement of the highways, on the statute books at the earliest possible moment will meet with general support.

The Globe very properly calls attention to the unseemly delay of those who have the preparation of the new city charter in hand. It has been stated that the document is in the hands of the printers. This is very indefinite. It should long ago have been in the hands of the people to give them an opportunity of studying its provisions and its possible effect on the future government of the city. The Legislature has been called to meet on the 7th of March and as the whole matter will have to be disposed of within two months the Globe's conclusion that the citizens are not being fairly treated by the committee having this matter in hand is fully justified.

Ex-President Roosevelt's announcement that he would be a candidate for the Republican nomination for the Presidency of the United States is not being received with great favor by the press of the neighboring republic. The Staats Zeitung, the leading German newspaper in New York, says: "A new Roosevelt regime would indeed be a calamity for the land." Although the comments of Republican newspapers are not quite so drastic as this, none speak with favor of ex-President Roosevelt's desire to be President of the United States for another term, but this will not seriously affect Col. Roosevelt. He will only work the harder to secure his nomination.

Enquiries for lands in this Province suitable for fruit growing are constantly being made by residents of the Province of Ontario. There is no doubt that New Brunswick offers inducements not to be found in other parts of Canada to ambitious young men who have a knowledge of fruit growing. Not the least of these advantages is the nearness of this Province to the markets of Great Britain and the low cost at which New Brunswick fruit can be placed on the British market. Fruit culture is bound to become a leading industry in New Brunswick within a very short period. It has already passed the experimental stage.

The construction of the Valley Railway has awakened several of the up river towns. Woodstock, Fredericton and Meductic are all desirous of having the repair shops of the railway erected within their boundaries. Woodstock was the first to move and now Fredericton is making a vigorous push for the shops. Both of these places are willing to contribute sites to the railway if they can secure the shops, which they hope will give large employment.

Current Comment

(Baskatoun Capital.)

Frank Oliver, of ninety thousand dollar fame, received a well-deserved rebuke when the Minister of Finance informed him that he represented the interests of the whole of the people of Canada, and not the interests in particular, which Oliver meant. Mr. White's statement that if Frankie had always kept as free from sinister influences as he (Mr. White) had, all would be well, will keep Oliver wondering for quite a while.

(Mail and Empire.)

Some American newspapers are publishing the portrait of Earl Grey above the announcement that Sir Edward Grey has received the Garter. It shows a consciousness of desire to be reasonably correct on their part, when they might more easily have run the cut of some hero of a patent medicine cure.

(Montreal Herald.)

The Kaiser would not receive the Radical officials of his Parliament, because he does not approve of their policies; but before that the Socialist vice-president of the Parliament would not go to call on the Kaiser, for the same reason. The royal ruler was only going on the principle that one good snub deserves another.

(New York Herald.)

Albany lawyer introduces bill for nine foot sheets in hotels. Now who'll gain immortality by a law compelling restaurant men to provide enough syrup for wheat cakes?

LONDON POLICE

FAIL TO RESPECT THIS "MESSIAH"

Self-styled Saviour Discharges Revolver in House of Commons and is Arrested Despite Protests.

London, Feb. 26.—A sensation was caused among the members of the House of Commons by an individual dressed in clerical garb who called himself the Messiah, discharging several shots from a revolver toward the ceiling in the lobby. The stranger was sitting in the outer lobby when he suddenly opened fire causing a stampede among the members. The man was arrested and removed, shouting, "Hands off the Messiah."

GOVERNOR OF JAVA

DENIES OUTRAGES AGAINST CHINESE

The Hague, Feb. 26.—A telegram from the Governor-General of Java says that the authorities there limited their repressive measures against the Chinese to restoring order and preventing mobs of riotous Chinese from looting the shops.

METEORITE JUST

MISSING STEAMER

Boston, Mass., Feb. 26.—A narrow escape from being struck by a meteorite was experienced by the Leyland Line steamer Bostonian, which arrived today from Manchester, England. At 5 a. m. on Saturday last, Capt. Perry reported he saw the meteorite flashing brilliantly, falling to the southwest of the vessel. There was a loud hissing sound as it approached the water and then with a loud report it fell into the ocean a few ship lengths from the bow of the steamer. So great a disturbance did it cause in the sea that waves were dashed over the decks of the steamer.

QUEBEC FARMER

TELLS GOOD NEWS

Found Complete Cure for Cramps and Kidney Disease.

Suffered for Six Years, but Found Health and New Life in Dodd's Kidney Pills—Warm Praise for Old Reliable Remedy.

Marie East, Bonaventure Co., Quebec, Feb. 26.—(Special)—Mr. Peter Bernard, a prosperous young farmer living near here, is spreading the good news that he has found a complete cure for his kidney troubles. "I suffered for six years from cramps in the muscles and kidney disease," Mr. Bernard says, "but Dodd's Kidney Pills cured me completely. Yes, I am feeling so well that I want other sufferers to know just how easy it is to be cured."

It is a good old saying that it is easy to do anything if you just know how. And Mr. Bernard and hundreds of others are telling you just how to cure kidney disease. Dodd's Kidney Pills always cure it. As for kidney disease is the direct cause of rheumatism, lumbago, Bright's disease, heart disease, pain in the back and urinary troubles Dodd's Kidney Pills cure them by removing the cause. If you have not used Dodd's Kidney Pills yourself ask your neighbors about them.

PISTOL DUEL IN

STREETS OF CITY HAS FATAL RESULT

Nicholasville, Ky., Feb. 26.—In a pistol duel on the streets here early today, Parry Hughes, a prominent business man of this city, shot and killed Bud Sherrow, after having been wounded by a bullet from Sherrow's gun.

William Hunter, a bystander, was also wounded by a stray bullet. Both Sherrow and Hunter are prominent. Both of the injured men will recover. The shooting was the result of an argument over a business deal.

UNRULY TOWNS TO

BE BROUGHT IN LINE

Quebec, Feb. 26.—The council of hygiene of the Province of Quebec has taken action before the Superior Court against the Municipality of Notre Dame de Nativity of Beauport, for having refused to submit to its regulation about vaccination.

Sores from Elbow to Fingers

Zam-Buk Worked a Miracle of Healing.

Reverend Gentleman Fully Corroborates.

Miss Kate L. Dolliver, of Caledonia, Queens Co., N.S., says: "I must add my testimony to the value of Zam-Buk. Ulcers and sores broke out on my arm, and although I tried to heal them by using various preparations, nothing seemed to do me any good. The sores spread until from fingers to elbow was one mass of ulceration."

"I had five different doctors, and faithfully carried out their instructions. I drank pint after pint of blood medicines, tried salve after salve, and lotion after lotion, but it was of no avail."

"My father then took me thirty miles to see a well-known doctor. He photographed the arm and hand. This photograph was sent to a New York hospital to the specialist, but they sent word they could do nothing further for me, and I was in despair."

"One day a friend asked me if I had tried Zam-Buk. I said I had not, but I got a box right away. That first box did me more good than all the medicine I had tried up to that time, so I continued the treatment. Every box healed the sores more and more until, to make a long story short, Zam-Buk healed all the sores completely. Everybody in this place knows of my case and that it is Zam-Buk alone which cured me."

Minister corroborates.—The Rev. W. B. M. Parker, of Caledonia, Miss Dolliver's minister, writes: "This is to certify that the testimonial of Miss Dolliver is correct as far as my knowledge goes. I have known her for a year and a half, and her cure effected by Zam-Buk is remarkable."

Wherever there is ulceration, blood-poison, sores, cold-cracks, abscesses, cuts, burns, bruises or any skin injury or disease, there Zam-Buk should be applied. It is also a sure cure for piles. All druggists and stores sell at 50c. per box, or post free from the Zam-Buk Co., Toronto, for price. Refuse cheap and harmful imitations and substitutes.

Blood Is Like Water

When Lips are Pallid and the Gums Lose Their Color

You Can Make The Blood Rich and Red by Using

Dr. Chase's Nerve Food

If you find yourself easily tired, lacking in vigor and energy, unable to properly digest the food you eat and generally out of sorts, look in the mirror and carefully examine the lips, gums and eyelids. If color is lacking you may be sure that you are anemic—that your blood is thin, weak and watery.

It would be a mistake, under these circumstances, to use purgative medicines; what you need is more blood—richer blood—and you can increase the amount of rich, red blood in the body by using Dr. Chase's Nerve Food.

Not in any miraculous way does this treatment work, but just as naturally as do any of the laws of nature. It supplies to the body the elements which go to the formation of new, rich blood. These are contained in condensed and easily assimilated form in Dr. Chase's Nerve Food, and therefore do not bother even the weakest stomach.

It will take a little patience and perseverance to thoroughly restore the system, but by noting your increase of weight and the return of color to your faded complexion you will be convinced that the lost vigor and vitality is being restored to your system.

Dr. Chase's Nerve Food, 50c. a box, 6 for \$2.50, at all dealers or **Edman, Bates & Co. Limited, Toronto.**

Norwegian bark Senior, 108 tons, has been chartered to load lumber at Yarmouth, Bridgewater or Weymouth for Montevideo for Buenos Ayres at \$10.25.

Reports and Disasters.

Lewes, Del., Feb. 23.—British schr Success, Capt. Anderson, for Philadelphia, reports Feb. 1 lost three of the crew overboard; also lost large anchor Wednesday night off Cape May.

New York, Feb. 25.—Stmr Chesapeake reports Feb. 11, about 15 miles northeast by east from Hog Island light, saw the heel of a bowsprit projecting about five feet out of water and attached to sunken wreckage.

Newport, Feb. 24.—Captain of stmr Puritan, which arrived today, reports an unknown vessel burned to the water's edge off Block Island shortly after midnight; the officers of the Puritan believed the vessel to be a coal barge, but a wireless from Block Island states that the life savers think she was a steamer.

Liverpool, N. S., Feb. 25.—The Boston schooner, S. S. West, received last evening from East Bank of Georges, with foreboom and gaff broken, three dories lost, two smashed and the deck cleared by the heavy seas of Thursday. Three men were carried overboard, two being brought back by the next wave, and the third was saved by a rope thrown to him. The Gloucester schooner Rob Roy arrived this afternoon from the Westward badly leaking.

Shipping Notes.

Tug Lily which was sunk at Indian town was towed through the Falls yesterday and is now lying at Carleton's slip. The tug's hull is in good condition.

The Sting of Corns

Relieved in a Night

Never slit your boots—that doesn't cure the corn. Just apply that old standby, Putnam's Painless Corn and Wart Extract. It acts like magic, kills the pain, removes the corn, does it without burn or scar. Get the best—Putnam's Painless Corn and Wart Extract. The sure relief for callouses, bunions, warts and corns. Price 25c. As substitutes are dangerous, insist on getting "Putnam's" only. Sold by druggists.

NOTICE TO MARINERS

Notice is hereby given that Lockeport gas and whistling buoy is out of position. It will be replaced soon as possible.

C. H. HARVEY,
Agent Marine and Fisheries Dept.
Halifax, N. S., Feb. 26th, 1912.

United States exports through the winter port of Canada will probably be the greatest in the port's history.

The Australia and New Zealand line steamship Karama, now on her way to the above ports took away cargo valued, follows:—Canadian goods, \$176,933; foreign goods, \$6,829. Among her Canadian exports are 115 automobiles, 847,038 feet of spruce deals, etc.

Coal steamer Langan, Captain Paterson, sailed last night for Louisbourg, C. B. She will return here in the near future with another large cargo of coal.

Dominion schooner Cheslie, Captain Brown, cleared yesterday for Fall River with 385,542 feet of spruce deals, etc., shipped by Stetson, Cutler & Co.

The new steamer McElwain, recently launched in Scotland, is on passage from Glasgow to Halifax to load lumber for the Sable Lumber Company, for Portsmouth, New Hampshire. The McElwain will make fortnightly trips between Halifax and Portsmouth, carrying lumber for the above company. The steamer is in command of Captain Wilbur Innes, of Halifax.

The Furness-Withy steamers Tabasco from Liverpool to Halifax, via St. John's, and the Almerina, from Halifax to Liverpool, via St. John's, were impounded on the ice on the Newfoundland coast for several days last week. They have succeeded in reaching St. John's and proceeded on their journeys.

William Henry Johnston, aged 29, of Liverpool, England, is in the city today, and will leave for his home by the Allan line S. S. Tunisian next Friday. Mr. Johnston was one of the survivors of the Norwegian bark Antigua, Captain Krutze, which was wrecked on the night of the 16th of November last, at Martin River, Gaspe County, Quebec. At the time of the disaster the vessel was riding at anchor, lumber laden, bound for Ardrossan, Scotland. All of the crew were drowned. Four bodies were recovered, also some of the limbs of the others. The bodies were placed in a fisherman's shack, where an inquest was held, which lasted three or four days. The bodies remained buried for about ten days, as there were no provisions made to inter them. Through the instrumentality however, of Mrs. Russell, wife of one of the partners of the lumber company who appealed to William Russell, money was forwarded by him for burial for some time. His hands are in a very bad state now, and the fingers are quite stiff. To Mrs. Maloney and Mrs. Russell, he says he is under a deep obligation for their kindness.—St. John Globe, Feb. 26.

To Keep Tea At Its Best It Must Be Kept In An Air Tight Package.

RED ROSE TEA "is good tea"

A Warm Bathroom

PERFECTION OIL HEATER

Every mother should be careful that the children take their baths in a warm room. The chill of a cold room is dangerous after coming out of the hot water.

A Perfection Smokeless Oil Heater brings bathroom or bedroom to just the degree of warmth you want in five or ten minutes. All you have to do is to touch a match.

The Perfection Heater burns nine hours on one filling and is always ready for use. You can move it anywhere it is needed. There is no waste of fuel and heat warming unoccupied rooms. Just the heat you want, when and where you want it.

The Perfection is fitted with an automatic locking flame spreader that prevents the wick being turned high enough to smoke and is easy to remove and drop back when cleaning.

Drums finished either in turquoise-blue enamel or plain steel; light and ornamental, yet strong and durable—suitable for any room in any house.

THE NEWS IN SHORT METER

LOCAL.

New Regulations for 62nd.

The adjutant of the 62nd regiment has received instructions that the time in camp is to be devoted to field work rather than musketry practice.

Ministers Hear Good Address.

The Baptist and Presbyterian ministers were yesterday morning the guests of the Methodist ministers at their weekly meeting in the parlors of Centenary church. Rev. W. Alkins, field secretary of the Moral and Reform Department in the Methodist church in Canada, delivered an address on the Responsibility of the Ministry and the Necessity of Diligent Preparation. The address was a very able one and greatly enjoyed by all who heard it. Rev. C. F. Flanders suggested that a children's aid society be formed in the province and a committee consisting of Revs. J. H. A. Anderson, F. E. Porter and H. E. Thomas was appointed to consider it.

PROVINCIAL.

Death of John C. Gray.

Sackville, Feb. 26.—Word has been received here of the death in Montreal of John C. Gray who formerly was an art teacher in Mount Allison. From here he went to Montreal where he achieved much fame as a teacher and artist.

Acknowledgement.

IF YOU COULD BUY
\$1,000 Par Value Stanfields, Preferred,
and
\$300 Par Value Stanfield's Common,
For \$1,000, Would You Buy?

Of course you would. At the present rate of dividend on the Common Stock such an investment would yield more than 8 per cent. The securities have a market value of over \$1200. Now it is impossible to pick up such a block at this price, but we can offer you securities which should make an equally favorable showing in a reasonable time.

The issuing company is engaged in a similar business as that of Stanfield's Limited, and is working in friendly relation with it. Its Board of Directors is practically the same as Stanfield's. Frank Stanfield of Stanfield's is president and is taking a live, active interest in the management of this other concern. The company we have in mind is Hewson Pure Wool Textiles, Limited. We offer, in lots to suit purchasers, a block of the bonds and preferred stock with common stock bonus.

Price and prospectus will be sent upon application.

Facts About Motherhood

The experience of Motherhood is a trying one to most women and marks distinctly an epoch in their lives. Not one woman in a hundred is prepared or understands how to properly care for herself. Of course nearly every woman now, nowadays has medical treatment at the hands of a doctor, but many approach the experience with an organism unfitted for the trial of strength, and when the strain is over her system has received a shock from which it is hard to recover. Following right upon this comes the nervous strain of caring for the child, and a distinct change in the mother results. There is nothing more charming than a happy and healthy mother of children, and indeed child-birth under right conditions need be no hazard to health or beauty. The unexplainable thing is that, with all the evidence of shattered nerves and broken health resulting from an unprepared condition, women will persist in going blindly to the trial. It isn't as though the experience came upon them unawares. They have ample time in which to prepare, but they, for the most part, trust to chance and pay the penalty.

In many homes once childless there are now children because of the fact that Lydia E. Pinkham's Vegetable Compound makes women normal, healthy, and strong.

Any woman who would like special advice in regard to this matter is cordially invited to write to Mrs. Pinkham at Lynn, Mass. Her letter will be held in strict confidence.

FINANCIAL WORLD

TEDDY BOTHERS NEW YORK THE STOCK MARKET

New York, Feb. 26.—Two factors stood out most prominently in connection with the reactionary tone of today's stock market. These were Col. Roosevelt's letter and the approaching coal strike in England. It would be difficult to determine which of these was the more important as a market influence. The financial district was hardly surprised at the President's communication to the governors, but seemed disposed to place an unfavorable condition on the document, despite the fact that only a short time ago it was supposed to regard a possible candidacy with no little favor.

The progress of the English coal situation towards its more critical stage was viewed with considerable alarm. This was evidenced not only in the heaviness of Americans in London, but in the trend of the London and continental markets as well. Other events which served to dampen the ardor of the narrow speculative position comprised the Mexican situation, the coming Congressional investigation of the money power and the additional bear outbreaks in New England.

During the early part of the session the market's movements were also retarded by the possibility of an adverse decision by the United States Supreme Court in the long delayed Reading coal case. Ground for further discouragement was found in the statements of Western railroad managers, who reported serious interruption to traffic during the past week on account of the severe weather. The amount of repair work during the spring months which will hardly be made up by increased economies if all.

Under these conditions it was not to be wondered that the market moved with practically no impulse even though important financial interests were quoted as declaring that industrial conditions are steadily improving. This statement was borne out in a measure by the Calumet and Hecla directors who declared a quarterly dividend of \$8 as against the preceding payment of \$6 per share. It is generally believed that the copper at this present period stands in a more favorable position than any other important industry, but this condition is regarded as an isolated one. The state of the steel and iron trade shows no immediate betterment and shares of the Independent Companies, including Republic Iron and Steel and Bethlehem Steel, were again conspicuously weak. Of the more active stocks Reading was weakest, declining another full point to the lowest level since the latter part of January.

Steel and Union Pacific moved within the range of a point, and Southern Pacific was but slightly influenced by a Supreme Court decision affecting its land holdings. Canadian Pacific displayed greater heaviness than any other high class issue. Its early decline of 1 1/2 points being assisted by London selling, presumably for Berlin account.

In the group of specialties Central Leather preferred, Federal Mining, General Motors and the Tobacco issues all showed pronounced weakness. Sears-Roebuck alone of its class was strong, after some early heaviness. The market closed with no variation from its dullness, and at prices which showed little change in the more active issues.

London's operations here were on the selling side, and about 10,000 shares, chiefly steel. The Bank of England secured practically all the South African gold delivered in the open market.

The Atchafalaya reported a net decrease for January of about \$140,000 with a loss of \$155,000 by the Southern Railroad for the same period.

The bond market was inclined to steadiness, but shaded off towards the close. Total sales, par value, \$2,157,000. United States government 2's advanced 1/8 per cent, the 3's registered 3/8 and the Panama 3's coupon 1/8 on call.

CLOSING STOCK LETTER.

By Direct Private Wires to J. C. MacIntosh & Co.

New York, Feb. 26.—The weight of opinion in financial circles this morning was that Mr. Roosevelt's announcement of his intention to accept the Republican nomination foreshadowed a serious split in the party and a probable Democratic victory in November but the stock market failed to indicate whether this view was founded on favorable or unfavorable grounds.

When it is stated that over a half hour intervened between sales of U. S. Steel common usually the most active stock on the list, the character of the market can easily be guessed. Indeed, the general inertia was as pronounced as at any time during the current period of dullness and the fact that the most substantial movement of prices would be ordinarily such conditions as now prevail would be favorable to bear operators but bear drives have been as barren of results from time to time. The market is waiting for some fresh influence to develop. Those who expected the Roosevelt announcement to furnish an impulse have been disappointed and this may fairly be taken to indicate that political influences have been largely discounted.

Bermuda Cricket Winners

Hamilton, Bermuda, Feb. 26.—The third match between Philadelphia Cricket Club and the Bermuda eleven which was concluded today, was won by the home players. Philadelphia scored 66 runs in the first innings and 135 in the second. Bermuda scored 88 in the first innings and 116 for six wickets in the second.

A Walking Organization.
One of the best results of the revival of walking is the organization of the walkers' club of America, of which Sam Schwartz, whom you may have seen at the B. A. meet Saturday, is president. The club will hold its first walk on Washington's birthday from the city hall to New York to Coney Island, a distance of 12 miles, and it is expected that several hundred members will follow the pace of such walkers as Fred Kaiser, Vollmeke, Reuz and Schwartz. That is the kind of an athletic organization, that can do an immense amount of good, for there is no exercise that can be done walking. It is healthful and a round muscular developer. The more walking or fresh air clubs we have the better. In England there are hosts of them and out of them have come the greatest of the British distance

NOT ONE WOMAN IN TWENTY HAS A STRONG BACK.

THE KIDNEYS ARE TO BLAME NINE TIMES OUT OF TEN.

Women are coming to understand that weak, lame and aching backs from which they suffer are due to wrong action of the kidneys.

The poisons that ought to be carried off are sent back into the blood, taking with them a multitude of aches and pains. There is no use of expecting relief until the kidneys are restored to health.

Doan's Kidney Pills are the quickest and most reliable remedy. Mrs. Ed. Baxter, Upham, N.B., writes: "I take a good deal of pleasure in telling you what Doan's Kidney Pills have done for me. I was troubled with my kidneys for a number of years, and my back was so lame I could not sweep the floor. A friend of mine advised me to try a box of Doan's Kidney Pills, which I did, and after using three boxes I am as well as ever. I highly recommend them to anyone suffering from lame back or kidney trouble."

Doan's Kidney Pills are 50 cents per box, or three boxes for \$1.25, at all dealers, or mailed direct on receipt of price by The T. Milburn Co., Limited, Toronto, Ont.

When ordering direct specify "Doan's."

The S. Hayward team will bowl the M. R. A. team this evening.

The following is the standing of both leagues and the five high average men in each:

City League Standing.	Won.	Lost.	P. C.
Nationals	38	10	.770
Ramblers	29	15	.659
Tigers	30	18	.624
Sweeps	29	19	.604
Y. M. C. A.	15	17	.468
Wanderers	15	27	.357
Insurance	13	27	.325
Juniors	3	41	.068

The first five high average men in the City league are as follows: T. L. Wilson, 93.32; H. C. Olive, 92.11; H. McKean, 90.28; V. Kelly, 90.15; C. A. Estey, 90.

Commercial League Standing.	Won.	Lost.	P. C.
Brock and Paterson	47	9	.839
G. P. R.	37	19	.660
Waterbury and R.	34	22	.607
T. M. C. A. and Sons	29	23	.557
S. Hayward Co.	30	26	.535
O. H. Warwick	21	35	.375
F. S. Simms	19	37	.339
Barnes and Co.	7	41	.145

The first five high average men in the Commercial league are as follows: T. Masters, 90.442; H. McKean, 89.7; Wm. Ryan, 87.29; H. Sullivan, 86.59; Charlie Labbe, 86.542.

Athletic

ROSE FOR STOCKHOLM.

If Ralph Rose can do 90 feet in the aggregate in right and left-handed shotputting, as advised from California indicate, America ought to win the ambidextrous putting in the Stockholm Olympics next July.

EQUALED WORLD'S RECORD.

New York, Feb. 24.—At the Greek American A. C. at the 22nd Regiment Armory Friday, Hal Helland of the Xavier A. A. equaled the world's record of 7.15, being up by W. A. Schick of Harvard in 1904 in the 70-yard dash. Helland failed to land a prize in the final.

THE EXETER FLIER.

W. J. Bingham, the Exeter flier, who has been bumped for a place on the American Olympic team at the half mile, will now have a new local contender in Harry Lee of the B. A. A., who seems to be travelling as well as any of the middle distance tracks just now. A race between Bingham and Lee over the 880-yard distance with both athletes fit would make a hot battle.

The acquisition of Graham to the Phillies' catching staff now gives the club four first-class men in Dootin, Graham, Killifer and Moran. The Cubs wanted the Phillies to hand over either Alexander or Moore, but this offer was declined. Then Chance decided to take the young battery for Graham.

Bill McKinnon vs. H. Ramsay, Philadelphia.
Jack Dillon vs. Howard Morrow, Buffalo.

Saturday.
B. A. A. finals in amateur tournament and special bouts.
Freddie Duffie vs. unknown, New York.

AGAINST 3.30 BASEBALL.

New York, N. Y., Feb. 26.—The Wall street district is doing what it can to checkmate the move for the starting of local baseball games at 3.30 o'clock instead of 4, the hour that has prevailed for years. Today a list containing 400 names of members of the stock exchange was posted on the floor protesting against any change in time.

There are 1100 operators in the exchange and of these more than half it is expected, will sign the petition. Members of the other exchanges are said to be working in harmony with those of the big exchange.

The brokers claim that their patronage will be largely lost by the clubs if the time of starting the games is advanced as their business prevents them starting on the 45 minute trip to the grounds until after the exchanges close at 3 o'clock.

PHILADELPHIA AT SAN ANTONIO.
San Antonio, Texas, Feb. 26.—San Antonio welcomed Manager Connie Mack of the Philadelphia Americans and 36 of his recruits to Texas today. After the arrival of the Philadelphia team hundreds of San Antonio fans gathered in a hotel where Mack and his men were made honorary Texans in a scheduled programme of welcoming addresses.

LIVE SPORTING NEWS

BILLY EVANS SAYS:

In Little Hendrickson, Boston seems to have a promising youngster. While Hendrickson is better than the average at bat and in the field, he is best on the paths. In a game at Detroit last fall he beat out four infield hits. One was a hit to "Dony" Bush and fielded cleanly, yet Hendrickson beat the ball. I saw his nerve tested the last Boston series at Chicago in 1911.

Tris Speaker was in centre and Hendrickson in right. Speaker is about twice the size of Hendrickson, and very fast. The score was close and when a Sox player hit the ball to right centre the crowd let out a yell that ought to have been heard in Milwaukee.

A couple of men were on the bases at the time, Both Speaker and Hendrickson divined that unless the ball was caught it meant the loss of the game. Both started at full speed, shouting for the ball, but the yelling of the crowd drowned their voices.

They came together with terrific force and fell to the ground unconscious. I called time and everyone hurried to the injured players. Speaker recovered in a minute or so. The little fellow was seriously hurt, and it was five minutes before he regained consciousness. Boston and Chicago players still laugh when they think of his first words:

"Did I hurt Tris very much?"

Connie Not Thinking Of Series
Cincinnati, Ohio, Feb. 26.—Speaking unofficially, Chairman August Herrman, of the national baseball commission, stated today that while there was nothing in the rules of organized baseball that would prevent ante-season exhibition games between the Philadelphia world champions and the New York national league team, yet he did not believe Connie Mack was contemplating such a series.

Clergymen May Oppose Ring Bills

Providence, Feb. 26.—Several clergymen opposed the bill of Assemblyman O'Neill of this city to govern boxing. Rev. H. S. McCready, pastor of the Roger Williams Baptist Church and secretary of the Rhode Island Federation of Churches, protested against the passage of the bill. He said that boxing is demoralizing and tends to inflame the passions of young men. He said that the churches of Rhode Island are not opposed to clean sport, but are opposed to any demoralizing sport. He said that the Frawley law in New York had met with the opposition of the better element of the people.

Rev. A. B. Cristy also protested against the bill, saying that professional boxing is far different from private boxing. He declared that an increase in the number of bouts in the State would be welcomed by the people.

Mr. O'Neill declared that boxing is a tame sport compared to football. "If I thought it would have any demoralizing effect on the community I would not father the bill," said Mr. O'Neill. "The men who attend these matches are not all rowdies. This bill is a step in the right direction."

The Ring

KILBANE YOUNG IN GAME.

Cleveland, Ohio, Feb. 26.—Two years ago Johnny Kilbane, the new featherweight champion, was scarcely known outside of Cleveland. He had been a contestant in minor bouts since 1905, but it was not until fighting took place in several northern Ohio towns in the winter of 1909-10 that he really began to attract attention.

First Kilbane met and conquered the best boys of this vicinity. The importations were made from the east and west. In 1910 when Tom McCarey promulgated his elimination contest at Los Angeles, by which was to be decided who of the native featherweights should have the right to meet Abe Attel for the championship, Kilbane was a logical entrant.

Kilbane decisively defeated Joe Rivers, Patsy Kline and Frankie Kline is close rivals thus earning the right to meet Attel in the bout for the championship.
Johnny Kilbane was born and reared in Cleveland. He will be 23 years old April 18 next. He is married and has a baby daughter. His habits are of the best; he is a strict church member and is devoted to his family. He is the support of his blind father.

Longest Race Ever Planned For Yachts

New York, Feb. 26.—Simultaneously with the opening of the motorboat show at Madison Square Garden comes the announcement of advance plans for what promises to be the longest yacht race cruise ever undertaken—from New York to San Diego, Cal., by way of the Panama Canal, the total distance exceeding 6,000 miles, to be made when the great ditch is opened.

It is planned that the event shall largely resemble, in so far as conditions are concerned, the Scripps' cruise, but special regulations will soon be prepared which will tend to give every yacht that enters an equal chance to win the handsome trophy or trophies to be presented by the exposition to the victor or victors. For it may later be decided to have several classes. During the motorboat show there will be exhibited at the information bureau in the lecture hall of Madison Square Garden a chart showing the proposed route of the cruise.

Canadian 'Hope' Looking After Heavyweights

Chicago, Ill., Feb. 26.—George Bray, a Canadian heavyweight and white hope, is here hot on the trail of the American hopes. He boasts a record of 25 battles won in Canada and seeks a bout with Jim Flynn, Al Falzer or Carl Morris, John Krohn, his manager, will leave the big Canadian heavy, while he goes east to open negotiations for a battle.

NEW JUMPING STANDARD.
George Horine, the Stanford University high jumper, has invented a new jumping standard. You who are mechanically inclined may understand the following description: "The real merit to the invention is the collar on the support that holds the crossbar."

"This collar fits snug on the upright and inside is a panel in which is a floating steel bar. At clutch with a strong worm works through the collar and presses the floating bar on to the upright, thus keeping it rigid. The collar has an indicator running up the opposite side to the clutch, which designates the height."

Graham is the catcher whom Chicago received from the Boston Nationals in the Kling deal, cost.

Curling Hockey The Turf

Abbie Wood Wants a Race With Longboat

Montreal, Feb. 26.—Abbie Wood, the great little Marathon runner, is the first one to get after Tom Longboat since the latter's return from the Old Country.

"I will meet Longboat anywhere he likes, and at any distance either in one or three races," declared Wood today.

"I will meet him at 10, 15 and 20 miles, or at 12, 17 and 25 miles," he continued.

"I will meet him in Montreal, Toronto or Ottawa, and for any reasonable side bet, and I will make a deposit at any time with any reputable stakeholder."

Abbie's friends say that if Longboat still pretends to be in the running game he cannot refuse such an offer, particularly since Abbie has beaten all the prominent men in the racing game now, including the winner of the Powderhall Marathon.

KLAUS BOOKED FOR 2 MATCHES.

San Francisco, Cal., Feb. 26.—Frank Klaus, winner over Salor Pedroskey, is to box in two matches for Jimmy Coffroth. He will meet Jack Dillon of Indianapolis March 23 or 30, and the winner will be signed to box Eddie McGorty April 6 or 13.

Horse's Leg Swelled.

Animal Was Too Sore and Lame to Work—Quickly Cured by Nerviline.

"I have had a long experience in treating horses, and I can safely say that I know of no liniment for strains, sprains, and swelling that is so useful around the stable as Nerviline." Thus writes Mr. Joshua E. Murphree, from his home, Croft Hill P. O. I had a fine young mare that wrenched her right fore leg, and from the shoulder down she was stiff, sore and swollen. I applied Nerviline and it worked like a charm; in fact, that mare was in shape to work a day after I used Nerviline.

"We have used Nerviline on our farm for twenty-five years and never found it wanting. For man or beast it is a wonderful liniment."

We have received nearly five thousand letters recommending Nerviline as a general household liniment, as an all-round cure for aches and pains. One million bottles used each year. Try it yourself. Large 25c bottles of Nerviline, five for \$1.00. All dealers, or The Carrhazone Company, Kingston, Ont.

Barrett Farm Lots For Sale!

Opening Announcement

Opening Announcement

Situated at East St. John

Facing Courtenay Bay

Two Minutes Walk from Site of Dry Dock

Before offering these choice lots to the public we had a plan prepared showing the exact location of each lot in order that prospective purchasers might get a better idea of what they purchase. The plan allows for streets 66 feet wide in front of each lot with a 20 foot roadway in the rear. This was arranged so that all back yards will face each other and at the same time keep them from being exposed to view of the main streets. This also ensures plenty of light at the front and rear and at the same time allows everything to be delivered at the back door.

Lots Range in Price from \$125.00 to \$550.00

Corner Lots Cost 10% Extra

These lots are the ones you should buy because they are situated directly in front of site for Dry Dock. The help required to operate the Dry Dock will be employed permanently and will want to locate as handy as possible to their work, therefore you are not taking chances in buying these particular lots.

The St. John Street Railway have assured the public that the street cars will be rushed to East St. John as fast as construction work can be completed.

If you buy now you will be in at the right time. These lots cannot help increasing in value and should be worth three or four times what you are asked to pay for them now, before you make your last payment.

Buy now on the rise. If you are interested either write, call, telegraph or telephone for further information.

AROUND THE CITY

Insects as Disease Carriers.

Dr. T. H. Lunney will read the lecture in the Bickmore course at the meeting of the Natural History Society this evening. The lecture which deals with mosquitoes and other insects in their relation to the distribution of disease, will be illustrated. The public are invited.

County Court Today.

The first session for the year of the county court will open this morning at eleven o'clock at the Court House. His Honor Judge Forbes will preside. Three criminal cases will occupy the attention of the court, and the civil docket will likely be heavy. Attorney General Grimmer will appear for the crown.

To Supreme Court in Ottawa.

J. B. M. Baxter, M. P. P., left last evening for Ottawa where he will argue the appeal in the case of Sleeth, Quinlan and Co. The first of St. John which will be argued before the supreme court. M. G. Teed also left for Ottawa, where he will appear for the appellants in the same case.

Found By the Police.

Yesterday afternoon Police Officer McCollum while patrolling Mill street found 145 packages of cigarettes, 30 packages of tobacco and one package of nuts. The goods were forwarded to the police and the owner, Puddington, Wetmore and Morrison, wholesale grocers, on Water street, The articles had fallen from a delivery team.

Campbellton Church Opposes Union.

Rev. H. E. Thomas last evening received a telegram from Campbellton in reference to the balloting on the church union question. The telegram states that the decision of the congregation of the Presbyterian church there was against the union. The number of votes polled in favor of union was 48, while those opposed to it numbered 200, a majority of 152 against the movement.

'Prentice Boys' Fair Opened.

The ten days' fair which is to be held under the auspices of the 'Prentice Boys in their hall, West End, was auspiciously opened last night. The attendance was large and the features provided were well patronized. The prize winners last night were as follows: air gun, Wm. Davis; excelsior, John Carr; babies on the block, Chas. Campbell; gent's bean, Chas. Campbell; ladies' bean, Miss Wells; ten pins, Jas. Price; door prize Mr. Macaulay.

Big Contract for Local Firm.

One of the largest contracts that has been received by a St. John firm for some time has been awarded to John M. Johnston and Son. The large Algonquin Hotel at St. Andrews has been remodelled and a large addition has been added to it during the past winter. The Lyall Construction Company of Montreal had the work of building the addition and remodeling the hotel and the St. John firm received word yesterday that their contract had been accepted. Messrs. Johnston will commence their work at St. Andrews early next month.

North End Concert.

A very pleasant concert was given in the Temple of Honor building on Main street last evening by the Alexandra Section No. 1 T. of H., when the band of the lodge which consists of thirty-two pieces, made its first appearance and played several selections during the programme, which was as follows: Reading, Miss Vanwart; physical drill by several little girls from St. James' church; bagpipe selection, Messrs. McDonald and Cruikshank; step-dance, S. Hurley; reading, Mr. Jones; solo, George Noble; reading, E. K. W. Ingraham; comedy sketch, Messrs. Bond and Devenny; bell selection, Bagmore and Bond; banjo solo, H. Bond.

Realty Company Organize.

At a general meeting of the Eastern Terminal Realty Company, Ltd., yesterday afternoon all the shareholders were represented. After the adoption of the by-laws, the following directors were appointed:—Clarence F. Smith, of Montreal; W. H. Harrison, of Powell & Harris; D. F. Pidgeon, of F. Pidgeon, A. E. Massey. At a subsequent meeting of the directors the following officers were elected:—President, A. E. Massey; vice-president and manager, D. F. Pidgeon; secretary, W. H. Harrison. The head office of the concern will be in St. John. The company has already acquired the Riley property on the Marsh Road, and the Barrett property near Courtenay Bay.

Companion Court At Home.

The ladies of I. O. F. Companion Court Wygoody held a largely attended At Home in their hall, Market building last evening. Among those present, companions and subordinate court members and friends were conspicuous. Chief Ranger Mrs. C. E. Belyea presided and welcomed the guests on behalf of the lodge. An entertainment programme of music and speeches was then rendered as follows: Piano solo, Miss Wilson; address, D. G. Langley, P. H. C. R.; address, M. E. Gmas, H. V. C. R.; duet, Messrs. Target and Punter; song, Mr. Wilson; song Messrs. Punter, Paine and Miss Wilson; vocal solo, Miss Wilson; duet, Bond brothers. Each selection on the programme was greeted by the audience with marked appreciation and several encores were called for. The speakers congratulated the members of the lodge on the comfortable rooms they occupied, and the flourishing condition of the organization.

John D. McCallum of the Montreal Star is at the Royal this week.

STREET RAILWAY COMPANY TO HAVE "PAY-AS-YOU-ENTER" CARS

Six New Ones to be Built at Once was Report Made to Annual Meeting of St. John Railway Company Yesterday—Company's Net Profits Last Year \$54,000.

The annual meeting of the St. John Railway Company shareholders was held yesterday afternoon in their offices. The report of the directors showed that the company had declared four quarterly dividends of one and one half per cent. The directors and officers were re-elected. No definite statement was made in reference to future extensions of the company's lines, and in reference to the company's attitude toward the new bridge at the Falls, it was stated that they had made a proposition to the government and expected an answer in a few days.

The report of the directors was as follows: "Your directors have much pleasure in submitting a statement of the year's business, showing a net profit, after providing for the interest on the bonds and all other purposes of \$54,232.41, out of which your directors have declared four quarterly dividends of one and one half per cent. amounting to \$48,000, leaving a balance of \$6,232.41, which has been transferred to profit and loss account. The accrued dividend of 1 per cent. for November and December, 1910, was included in the first quarterly dividend paid April 1st.

"During the year the following works have been undertaken: "New brick and steel car barn on Wentworth street, 55x212 feet. In connection therewith we purchased the Fisher and Cather's lots adjoining. "Brick and steel office and supply building on Nelson street, 28x41 feet. "We purchased during the year a lot of land owned by the Lantulum estate on which part of our power house is situated. A large amount has been expended for repairs and improvements on the railway and light system, the physical condition of which has been well maintained. It is proposed to remove the railway tracks from Brittain street between Wentworth and Charlotte streets, and place them on Broad street. It will also be necessary to provide additional cars and we propose to have built at once six new pay as you enter combination cars.

"At the last session of the legislature authority was given to the company to construct and operate lines for the transmission of electric current for light, heat and power throughout the county of Kings, and power was also granted to develop and operate waterpowers in said county. Your directors propose to extend the electric light service during the present year to Rothessay, Milford and Crouville. "We have also acquired all the property, franchises and privileges granted to the Carleton Electric Light and Power Company.

"At the last session of the legislature authority was given to the com-

MORMONS ARRIVE ON STEAMER TUNISIAN

Allan Liner Arriving Yesterday Had Several Elders and Many Converts and Passengers from England.

The Allan liner Tunisian, Captain Fairfull, arrived in port yesterday afternoon from Liverpool via Halifax and docked at pier number 6, Sand Point. Ideal weather prevailed during the first part of the voyage, although the steamer met with a great deal of drift ice which forced her to take a more southerly course, this, together with the fact that she ran into a heavy easterly gale during the latter part of the passage, caused the liner to be one day late in arriving at Halifax. While forging through this gale about 70 miles east of Halifax the Tunisian passed the Empress of Ireland and by the use of signals all was reported well on both ships.

The vessel brought over, besides a large general cargo, 654 passengers among whom were 31 saloon, 273 second, and 350 steerage. Prominent among the passengers were several Mormon elders together with their converts, of whom there were a large number. These people are all bound for Western Canada and the United States. The Tunisian lately has been carrying a large number of Mormons from the old country and back. On the eastern journey the elders travel alone, but they never fail to find converts to bring back with them. When speaking to a Standard reporter last evening one of the officers stated that great indignation is beginning to be felt in England on this account and that it is the prevailing opinion that the English parliament will take steps to put a stop to proselytizing to Mormonism in England.

Curtains and Draperies.

At this time of year, the wife is pondering in her mind what new things will be needed in the house this spring. She will no doubt, think of many things, but likely the chief thing will be the curtains and draperies. If she is wise she will come to F. A. Dykeman and Co.'s store and purchase her needs as they are offering very special bargains in curtains, portieres, curtain muslins, serims, cretonnes and satens.

An Attractive Window.

The display of cloths in Gilmour's window for custom-tailored spring suits is attracting considerable attention. Several styles of coats recently made in the establishment are also exhibited and are universally admired for their superior style, high class finish and fashionable appearance. The numerous patterns recently opened. Many customers have already placed their orders and others are urged to make their selections now before the usual rush begins.

AMENDMENT TO EARLY CLOSING LAW UNLIKELY

Association Will Not Move for Any Change in the Act at this Session of Legislature.

It is not likely the early closing association will move for an amendment to the early closing act at this session of the legislature, extending its provisions to make it operative in St. John.

M. E. Grass, who was prominent in the early movement to have the Standard during the summer the great majority of the merchants observed the law, even after it was declared ultra vires, and it was felt they would all have been satisfied with it, if they had given it a longer trial. He thought the present situation was unfortunate for the clerks, as it might be difficult to get the merchants to start closing early again, and they might not be able to get off in the evenings during the summer.

LITTLE GIRL ATTACKED BY VICIOUS DOG AND CAT

Young Daughter of William Swanton had Thrilling Experience in South End Butcher Store.

Yesterday afternoon at 6 o'clock Wm. Swanton's three year old daughter, Audrey, and a sister were sent to Michael J. McGivern's store on the corner of St. James and Sydney streets, to purchase some meat. When they entered the store a collie dog owned by McGivern jumped on the little girl and fastening its teeth in the child's cheek knocked the child down on the store floor. While the dog was biting at the child's face a cat which was in the store jumped on the little girl's head and began to claw her. Mr. McGivern was not in the store at the time, but a girl clerk who was present rushed to the rescue and after beating the dog and cat away she lifted the injured child up on the counter. The dog again tried to get at the little girl but was beaten off.

The little Swanton girl's face and head was badly scratched and bleeding and the dog's teeth had pierced her cheek. Dr. McAulay was summoned and dressed the child's wounds.

Last night at 9 o'clock Acting Sgt. Ross called on Mr. McGivern, the owner of the dog and on the latter's request, the officer killed the dog with a shot from his revolver.

The owner of the dog cannot account for his vicious actions as it was about the store nearly all the afternoon and was very quiet, and was never known to have bitten any person before. The child had hardly entered the store before the dog sunk its teeth in her cheek.

NEW BRUNSWICK'S GREATEST SHOE HOUSE

Made In Canada

During this week we are exhibiting in our King Street Windows samples of Men's and Women's Fine Footwear

All of Canadian Manufacture

You often read in the newspapers of the tremendous advance that has taken place in Canada in the art of shoemaking. The story is absolutely true, and in order to show our people what Canada is capable of doing we have decided on this early exhibit. The styles, shapes, designs, leathers, and shoemaking are equal to, and in very many respects far above, many of the shoes made in the States.

The Best Quality at a Reasonable Price

Eyeglass Efficiency

Means more than that you have a pair of glasses through which you can see. It means that your glasses fully correct your errors of vision; that you see well; that your eyes do not in any way cause you discomfort; and that their future condition is being cared for. There's years of study and experience back of every pair of glasses we sell.

In addition there's a well equipped workshop and a full stock of lenses, mounts and spectacle and eyeglass parts, so we have every facility for giving you absolutely the best glasses for your eyes.

THE "STERLING" RANGE

The "Sterling" Range, made by the Enterprise Foundry, has been on the market too long to need any introduction.

If you don't use one yourself one of your friends or neighbors does—they must as there are some three or four hundred in use in this city alone. When we sell one we say, "If not satisfactory, send it back"—but they don't seem to want to.

A salesman is at your disposal whenever you have time to look the "Sterling" over and see for yourself what this range really is.
