## RUSSIANS ADVANCING ON STOYANOFF AND SOKAL PRELIMINARY TO THE INVESTMENT OF LEMBERG

### TEUTONS UNABLE TO PARRY RUSSIANS' TACTICAL BLOWS

#### Czar's Army Threatening German Communications Between Koval and Lemberg---Holding Two Important Passes of the Carpathians and Control Delatyn-Budapest Railway.

#### Invasion of Hungary Begun With Russian Force One Day's March Into Enemy's Territory--- Rome Report Says Turks Have Again Evacuated Kermanshah.

London, July 19.—The Russian operations are again becoming interesting. The Russian military critics dwell on what they describe as "the mechanical regularity" of the strategic and tactical blows dealt by Russia on her various fronts and the absence of any indications that the enemy forces are able effectively to parry them. The recent Russian successes have brought them much nearer Vladimir-Volynski and Kovel, and the German communications between Kovel and Lemberg are threatened by the Russian advance to Stoyanoff and Sokal, preliminary to the investment of Lemberg.

In Transylvania the Russians have secured two important eastern passes in the Carpathians, Jablonitz and Kirilbaba, while they also hold command of the Delatyn-Budapest railway. Their cavalry is moving in the rear of Gen. Pfanzner's forces between Kimpolung and Kuty, and apparently the invasion of Hungary has begun.

According to one report a Russian force is already on day's march into Hungary, threatening the Austrian rear in the mountains.

The Russian advance also continues successfully in Asia Minor, and it is reported from Rome that the Turks have again evacuated Kermanshah. There is no confirmation, as yet, of the interesting statement made by Prof. Paul Mikuloff to the Duma that Russia has reached an agreement with the Allies, in which she is promised both banks of the Dardanelles. The meetings now being held between the minister of munitions and the representatives of the various trades indicate a general acceptance of a postponement of the August holidays, as requested by the government, in order that full munitions supplies for the men at the front may continue.

#### Advancing Into Hungary.

Petrograd, July 19, via London (7.10 p. m.).—Russian infantry in Galicia is advancing toward the passes of the Carpathians which lead into Hungary. Farther north, in the marshes, the official statement of today says, an attempt of Austro-German forces to take the offensive was broken. In the Caucasus the Russians have made further advances. The announcement of the Russian advance on the Riga front artillery engagements continue. At Lake Mladial our infantry and lake flotilla, under Lieut. Olshchewsky, made a surprise attack on the Germans in the night, throwing them into complete panic. Enemy airmen manifested great activity from the region south of the Dvina to the Pinsk marshes.

#### On the Stokhod there was artillery fighting at many places.

"We repulsed by our artillery fire an attempt on the part of the enemy to make the offensive north of the Oder marsh. Owing to the heavy rains, the Dniester has risen almost 1.2 metres, destroying Austrian bridges and ferry boats.

"On our left flank, in the region of the Rivers Black and White Tchoremoch, southwest of Kuty, our infantry is advancing toward the mountain defiles.

#### In the Caucasus on our right wing, in the region of Djivallik, south of Trebizond and Balburt, and west of Balburt, we made considerable advances, disclosing the Turkish rear guard.

"In recent days our columns have captured 85 Turkish officers, more than 1200 men, one heavy gun and five machine guns."

#### Russian Reverse, Vienna Says.

Vienna, July 19, via London.—A Russian reverse in Galicia, in the foothills of the Carpathians, near the entrance to one of the mountain passes, is reported in the official announcement of today, which says:

"Southwest of Delatyn our troops drove back across the Pruth river Russian detachments which had crossed to the western bank. We took 300 prisoners."

#### On French Front.

Paris, July 19.—The official communication issued by the war office tonight reads:

"South of the Somme a small operation south of Estrees enabled us to capture several trenches and make about sixty prisoners.

"On the Verdun front a bombardment of our first and second lines in the region of Hill 304 was carried out. There was intense artillery activity in the Flueury sector, but no infantry action. At Les Eparges an attack on a small post was repulsed.

"A German aeroplane was brought

#### SPLENDID FIGHTING SPIRIT AND ORGANIZATION OF CANADIANS IS APPRECIATED BY PEOPLE OF ENGLAND

#### Sir Wm. R. Robertson, Chief of Imperial Staff at Army Headquarters, Pays Glowing Tribute to Work of Canada's Armies—Refuses to Commit Himself on Probable Duration of the War.

London, July 19.—"No, we really are not worried by the course of the war," said Gen. Sir William R. Robertson, chief of the imperial staff, at army headquarters, in an interview today with the Associated Press.

"As to the new offensive, a glance at the map will tell the story of our progress. And the happy expression of our wounded soldiers from the front reflects the spirit of the men. Do you notice that all published photographs show them smiling or laughing?"

The general himself smiled genially as he spoke; nevertheless his manner subtly conveyed his realization of the fact that he was breaking the silence he had maintained so rigidly since the beginning of the war.

He received the correspondent while seated at a table in the war office within a few feet of the wire which permits him, with the aid of maps and the constantly arriving messages, to direct the moves in the conflict in France.

The room is in keeping with the character of the man. It is furnished with such Spartan simplicity that the table, chairs and map rack are the only articles of furniture.

A striking personality.

Broad of shoulder and sturdy of form, with a reach of arm that might well be the envy of any prize-fighter, Sir William's personality tells of tremendous vigor that seems to belie his fifty-six years, and such quick mental perception that one expects him to anticipate the trend of one's thought.

Slightly above medium height, he

has a firm jaw, high forehead, closely cropped iron grey moustache and kindly gray eyes, which commandeer all comers as friends.

The iron hand in the velvet glove is sensed, but not perceived. There is just enough of the enigmatical in his personality to give a touch of extra interest.

"Our hearts were touched by the ready response of our fellow Britishers from overseas on the outbreak of the war," the general continued.

"To say we are proud of these men underestimates the sentiments. In the manner in which these sturdy soldiers of Australia, New Zealand, South Africa, Canada and our gallant little Newfoundland came forward with their thousands surprised the enemy, their valor and gallantry in battle were a revelation to the world."

"We have come to feel that our type of government is not so bad after all. Yes, they are still coming, and while it is hard to single out particular parts of the Empire, the Canadians can learn again through you our high appreciation of their splendid fighting spirit and well-organized armies."

"At Ypres, Festubert and many other closely contested engagements they demonstrated the high type of vigorous manhood produced in the new world."

The subject of general speculation as to how long the war would last caused the general to shake his head and smile.

"That is a question touching human nature, which means dealing with a dubious proposition," he said. "None is wise in this."

#### NO. 4 PIONEERS SHOW UP WELL AT INSPECTION

#### Men Give Good Account of Themselves at St. Andrews and Win Praise.

Special to The Standard.

St. Andrews, July 19.—Major General T. Besant, O. C. No. 6 Division, accompanied by Lieut.-Col. Guthrie, O. C. New Brunswick command, and Major A. N. Jones, G. S. O. No. 6 Division, inspected No. 4 Pioneer Battalion today. At 10 o'clock this morning they proceeded to the camp grounds where the battalion was drawn up at attention. The battalion was first put through a stiff company drill and then battalion drill. After the men had been put through their paces, the quarters were given a thorough inspection, and everything found to be in first class shape.

The general complimented Lieut.-Col. Weatherly, the O. C., on the way his men had gone through the different evolutions and said that the progress made in their work would compare favorably with any unit he had inspected in the Maritime Provinces. He also complimented them

#### TECHNICAL DEFEAT FOR GOVERNMENT

#### Amendment to Bill Dealing with Placing of Soldiers on Land Carried in House of Commons.

London, July 19.—The government sustained a technical defeat in the House of Commons tonight when an amendment to a bill dealing with the placing of retired soldiers on land and insisting that land should be acquired for this purpose in Wales, was carried by a vote of 51 to 46. This amendment was opposed by the government.

on the condition of the camp grounds and orderly room. In the afternoon the party were the guests of Mr. and Mrs. E. Atherton Smith at Minister's Island. Today they will go to St. Croix in the morning and inspect the guards there and to St. John in the afternoon. The general will spend Friday in St. John and go to Halifax on Saturday, pressing military business calling for his presence there.

#### MARITIME PROVINCES HAVE RECRUITED 31,462; TOTAL FOR CANADA 350,655

Special to The Standard.

Ottawa, July 19.—The total number of recruits enlisted in Canada for overseas service is now 350,655. During the last two weeks 4,749 men have enlisted, which is fairly well up to the average.

Ontario still heads the list with 145,193 men enlisted. Of those 29,100 are in the London district, 79,712 in the Kingston district, which includes Ottawa.

Quebec has enlisted in all 36,890 men. Of these 20,168 came from the Montreal district and 6,704 from the Quebec district.

The Maritime Provinces have enlisted 31,462 men.

Manitoba and Saskatchewan 71,815; British Columbia, 33,388, and Alberta, 31,725.

#### NONE BRAVER THAN DEFENDERS OF OVILLERS

#### Delirious from Thirst but Fought as Long as Human Nature Could Endure.

#### At Close Grips British and Prussians Flung Themselves at Each Other Using Weapons Nearest at Hand.

London, July 19.—The Daily Telegraph's correspondent at British headquarters in France praises the bravery of the members of the Third Prussian Guards, who defended Ovillers to the last against overwhelming odds.

"These men," says the correspondent, "had long been in a hopeless position. They were starving, because all supplies had been cut off by the British never-ending barrage."

"They had no water, so they suffered from thirst. They were living in a charnel house, strewn with dead comrades and wounded, delirious for lack of drink."

"Human nature could make no longer resistance, and at last the officers raised the signal of surrender and came over with 140 men."

"The fighting had been savage. At close grips in the broken earthworks and deep cellars there had been no sentiment, but the British and Germans flung themselves at each other with bombs and any kind of weapon. But now, when all was ended, the last of the German garrison received the honors of war, and none of our soldiers deny them the respect due to great courage."

#### TWO SWEDISH AVIATORS LOSE THEIR LIVES

#### Their Machine Fell Distance of 300 Feet to the Ground.

Stockholm, July 19, via London, July 20.—The Swedish flight Lieut. Mannstrom and Krus, were killed today while engaged in a flight. Their machine fell from a height of 300 feet.

#### VETERAN OF RUSSO-JAPANESE WAR.

Tokyo, July 20.—Lieutenant General Ichinoike Oka, who was minister of war in the Okuma cabinet in 1914 and again in 1915 and 1916, died this morning. He resigned office last March owing to ill health. General Oka was born in 1860. He took a prominent part in the Russo-Japanese war.

#### COUNTER-ATTACKS SHOW HOW ENEMY IS WEAKENING

#### British Regain Most of Ground in Longueval and Delville Wood Lost Tuesday Night—Violent Fighting Still in Progress.

#### British Fire Plays Havoc With Germans as They Attempt to Mass for Attack on Waterlot Farm—Rain Hampers French Operations.

London, July 19.—When Gen. Haig's afternoon report was despatched from headquarters in France, the violent fighting, which had developed from the German counter-attack and had been going on all night long and given the Germans a footing in Delville Wood and Longueval, was still in progress. The German attacks on the Waterlot Farm and other points were repulsed.

In a very brief despatch tonight Gen. Haig sends the announcement that most of the ground thus lost has been regained in both places and that the British fire had dispersed the Germans massing for a further attack on Waterlot Farm. These despatches seem to confirm the opinions constantly expressed by the correspondents at the front of the dwindling strength of the German counter-attacks.

The operations on the French front are still impeded by rain, and comparative quiet prevails.

#### MOST OF LOST GROUND WON BACK.

Bulletin—London, July 19.—The British troops have recaptured in the village of Longueval and Delville Wood most of the ground taken by the Germans Tuesday night according to the British official communication issued tonight. Hard fighting is still in progress in this region. The communication says:

"North of the Somme heavy fighting is still in progress near Longueval village and the Delville Wood. In both places, we have already regained most of the ground lost last night."

"South of Delville Wood this afternoon we dispersed with our fire a large body of Germans massing to attack the Waterlot Farm from the direction of Guilleumont."

#### Berlin Statement.

Berlin, July 19, via London.—The official statement says:

"Western front: In the Somme district the village of Longueval and Delville Wood adjoining were captured last night from the British, after hard fighting, by the Madeburg 68th infantry regiment. In addition to heavy sanguinary losses, the British lost eight officers and 280 men in prisoners, and left a considerable number of machine guns in our hands."

"Enemy attacks upon our positions north of Ovillers and against the southern edge of Pozieres were dispersed by our curtain fire, and had not the slightest success anywhere."

"South of the Somme: French attacks failed to the north of Barleux and near Belleu. At other points they were checked at the outset."

"On the right bank of the Meuse the enemy continued his fruitless efforts against our lines on Froide Terre Ridge."

"North of Ban De Sapt, a German patrol enterprise was successful."

Three Allied Transports Sunk.

New York, July 19.—A news agency despatch from Berlin via wireless to Sayville today says:

"Three large enemy transports were sunk by submarines in the east part of the Black Sea, and a fourth forced to run ashore, according to an official statement from the Turkish admiralty, received here today. Since the Grand Duke Nicholas assumed command in the Caucasus, and began his offensive, the Russians have moved many thousands of troops to the Caucasus by steam rather than by marches overland."

Russians Bring up Heavy Reinforcements.

#### A Turkish Report.

Constantinople, July 19, via London.—The official communication issued by the Turkish war office today says:

"Iraq front: On the Euphrates sector our volunteers and flying columns made a successful surprise attack on an enemy camp and his communication line, capturing seven vessels fully laden with provisions."

"According to the latest advices from Rechad Pasha, he has defeated in the neighborhood of Basorah (Basra) English detachments and shot down and captured an English aeroplane."

"Our operations against the Russians on the Persian front are developing in our favor."

#### TURKS CLAIM NURI BEY PASHA IS STILL ALIVE

#### Point to Alleged Successes of Turks in Tripoli and Western Egypt as Proof of the Fact.

Constantinople, July 19, via London.—The war office statement today says:

"Reports of successful military operations against the Italians in Tripoli and against the British in Western Egypt prove that Nuri Bey Pasha, who is directing the operations of the Ottoman volunteers in those regions, is still alive and has splendidly fulfilled his task."

"During his last engagement with the Italians in the neighborhood of Misratah (on the Mediterranean in Tripoli) which terminated in the defeat of the Italians, he captured 200 officers and 6,000 soldiers and 24 guns."

#### INFANTILE PARALYSIS IN VARNA, ONT.

Varna, Ont., July 19.—The fourteenth month old daughter of Mr. and Mrs. Albert McGee, of this place, died here today of infantile paralysis, as diagnosed by the attending physicians. This is the second case, so far this summer of death in western Ontario, from this dread disease.

### SO CARELESS OF THE KAISER NOT TO TELL KANSAS OTTO

German from Wichita Didn't Know About War Until he Tried to Book Passage to Fatherland.

New York, July 19.—Arguments for and against preparedness, the preference of the political platform over another or the possibility of an invasion of Kansas by the Mexicans cannot possibly hold any interest for Otto Schmidt, of Wichita, that State. His is the bliss of ignorance where on his way back to Wichita—to his farm near that place, to be entirely accurate—to tell the folks in his "home town" that Germany is at war with a large portion of the world.

Otto breached into the offices of C. B. Richards & Co., of 31 Broadway, New York. He carried his sixty-five years with apparent ease, and applied to Paul Fourman, booking agent, for a ticket to Hamburg. His father and mother were still living in Bavaria, he said, and he had suddenly felt a longing to see them. So, taking \$300 out of the family safe in the old clock, Otto caught an east-bound train and arranged a quick visit to the Fatherland.

"But the war, my dear sir," began Mr. Fourman, not quite understanding the man's mission, "how can you possibly get to Hamburg?" "I thought you sold tickets here," demanded Otto. "You sold me tickets when I went over last time, thirty years ago, tickets over the Hamburg-American line, and that's what I want now."

"But there is no Hamburg-American line now, nor any German steamship line engaged in taking passengers," expostulated Mr. Fourman. "You are an older man than you are and you should not try to play jokes with me," thundered Herr Schmidt. "I have the money here." And he plucked a wad of greenbacks and yellowbacks from all their places in Hoboken when I came over by the ferryboat a little while ago," he continued.

"But they're tied up—have been tied up for nearly two years," assured Mr. Fourman. "You can't get to Hamburg if you wanted to pay all the money in the world—that is, not by any German boat. The war makes that quite impossible." "What war?" asked the old man. "What war? Are you still trying to joke with me?" Germany in a war with the United States?"

No amount of argument, assurance, entreaty or threatening on the part of Mr. Fourman or the others in the Richards offices could satisfy Herr Otto Schmidt, of Wichita, that there was a world war going on just about this time and that his favorite Hamburg-American steamships were hibernating in New York and other ports and not engaged in transporting enthusiastic Teutons for visits to the Fatherland.

It was necessary for Mr. Fourman to escort the unbelieving Otto—who, by the way, had acknowledged that he never read the newspapers—to the offices of the Hamburg-American line and have one of the officials there reiterate all of the arguments and assurances that had previously been given in the Kansas man at the Richards office.

When it finally dawned upon Herr Schmidt that there really is a war in his native land, he became interested and listened with open mouthed wonder to a brief resume of the struggle. "By chimney, I'll go right back home and tell the frau about this," he said. "She will be the most surprised woman in the world."

Incidentally, Mr. Fourman and the others with whom Herr Schmidt came in contact in the two Broadway offices were the most surprised men in the world, and they still are, for they got no satisfactory explanation how Otto Schmidt, even though he does not read the papers, could have escaped

### CANADA'S FORESTS AND THE WAR

Much Timber will be Required for Reconstruction Work in Europe.

The economic importance of the forest resources of this continent will be greatly enhanced as a result of the war. Enormous quantities of timber are necessarily used for military purposes, in addition to what is unavoidably destroyed in the fighting zone.

The shortage of tonnage has made it impracticable for the needed supplies of timber to be furnished on a large scale from Canada or the United States, and, as a result, heavy cutting has become necessary in the lighter countries. While England is not generally regarded as a forest country, and has made relatively little progress in public forestry, there is still in England and Scotland a considerable amount of timber, mostly on royal and private estates. The imperative necessity for utilizing this timber has resulted in the despatch of a battalion of Canadian woodmen to do it for war purposes. Very large quantities have also been cut in France and Russia. In Belgium, the Germans have cut a large proportion of the timber and have used it in military operations or shipped it to Germany.

The result of all this over-cutting will, mean a heavy shortage of timber for reconstruction purposes after the war, when it should be possible to make large shipments from this continent. This will mean a largely increased drain upon Canadian forests, and serves to emphasize the necessity for still more complete conservation of this tremendously valuable asset, if Canada is to take full advantage of her opportunities for world-service in this direction.

The greatest enemy of the forest is and always has been fire. It has been estimated that the average annual forest fire loss in this country is sufficient to pay the interest on the recent Dominion loan of \$100,000,000. To reduce this loss, it is necessary not only to grant larger appropriations for fire-fighting services, but also to reorganize such services in a number of cases, with a view of securing a dollar's worth of protection for every dollar spent. It has been stated on competent authority that at present fire-money is wasted on forest fire protection, for lack of proper organization and supervision, than is expended advantageously.

The importance of the forest in the internal economy of Canada is shown by the fact that the average total value of forest products of Canada is in the neighborhood of \$180,000,000, or an average wealth production of about \$25 per head of population. Nearly \$8,000,000 in direct revenue is received annually by the federal and provincial governments from the sale or lease of cutting rights to publicly-owned timber lands and from royalty and stumpage payments made upon timber so cut. Some 5,000 woodmen are employed in Canada are directly dependent upon the supply of timber cut from non-agricultural lands.

The importance of preventing the continued destruction of this great resource can scarcely be over-emphasized.—C. L.

hearing of the war en route to New York from Wichita.

A clerk from the Richards offices was detailed to escort Otto and his \$300 back to the train in Hoboken. On board the ferryboat Otto gazed long at the interned German vessels, and for a moment appeared to get back his old incredulity. He insisted upon walking past the pier entrances in Hoboken before going to his train, and was not finally convinced that all that he had heard was true until a watch vessel had left this side in nearly two hours and that Pilsener and Wurzburg were mere memories in Hoboken.

"How the old woman will laugh at me when I get back," was Otto's parting comment.

### LT. FRANK EASON COMING BACK TO JOIN N.D. KILTIES

Fredericton Officer has Been Recovering from Wound at Brighton.

### "THIS HOLE IN MY LEG WON'T KEEP ME BACK"

Thus He Writes Lt. Col. Guthrie to State that He Will Soon be Fit Again.

Lieut. Frank Eason, who is to be adjutant of the New Brunswick Kilties, and who was recently reported wounded, has been at Brighton, England, recuperating.

Writing from the 1st London General Hospital, St. Gabriel's College, Camberwell, to Colonel Guthrie, he states that he will soon be able to return to Canada and take up his duties as adjutant of the New Brunswick Kilties. He also refers to the nature of his wounds and gives an idea of the heavy fighting during the third battle of Ypres, when he was wounded. Extracts from his letter follow: "Our boys certainly had a hot time during the trip in the salient, and I hope they have been taken out for a rest, which is long past due. As you know, our 2nd Division was at St. Eloi when the attack started on June 2nd, but we were rushed up the line and found ourselves bearing our share of the enemy's bombardment. It reminded me of the stories of the fighting of a year ago, for we were almost without trenches and the old timers said the artillery fire was heavier. One great thing to help the boys along was the support given by our own machine guns. The Boche just as much as he sent over to us."

"I was shot through the right leg on the night of June 16th and have a very clean wound. It was Hell in the night, and I don't see how so many of us escaped with such light wounds. The boys with the original 12th Battalion and now with the engineers carried me two miles before they reached the aid station. I was more than pleased to think they had helped one of their old officers. I was very grateful to them for getting out, as I learned afterwards that the ambulance could not get up owing to the shelling. "Ocell Mersereau came in to see me this morning and is getting along quite well. I was certainly glad to see him, as visitors are very few at this hospital. "How are prospects for your N. B. Kilties? I should think the heavy casualties of the past few weeks would stimulate recruiting. It will not be long before I am fit after getting out of this place, so if you want me over there this hole in my leg will not keep me back."

### MARRIED.

HAINES-TURNBULL—In St. Paul's church, Robt. Haines, on Wednesday, July 19th, by Rev. Canon Daniel, assisted by Rev. W. R. Hibbard, Emma Arnold, daughter of Edgar Turnbull of Dieby, N. S., to Hubert Yelberton Haines, son of Lieut.-Col. H. A. Haines, Fort Pitt House, Rochester, England.

### DIED.

SWIM—In this city, on July 18, Adelaide Swim, wife of Rev. Gideon Swim, aged fifty years, leaving her husband, three daughters, one son and one brother.

RUSSELL—In this city, July 18th inst. Peter P. Russell, DeMonta street, age fifty years. Remains taken to Grand Manan for burial.

THEALL—Suddenly at West Side, St. John, on July 18, Frank L. Theall, in the fifty-ninth year of his age, leaving his wife and one daughter to mourn.

Funeral notice later.

ANTHONY—At his home, Red Head, July 18, Henry Anthony, aged sixty-eight years, leaving wife, five sons and two daughters to mourn. Funeral services Friday afternoon at 3 o'clock. Coaches will leave head of King street at 1.45 o'clock.

ROBERTSON—On July 19th, at 223 Douglas Avenue, Alexander Robertson, youngest son of Capt. Ralph M. N., and Pauline Robertson, aged 2 years and 2 months. Notice of funeral hereafter.

### GRIT CONVENTION IN SUNBURY CO. PROVES A FROST

Carter-Veniot Purist Combine Select Robt. B. Smith and D. W. Mersereau as Candidates but Former Don't Want the Honor.

Fredericton, July 19.—The Carter-Veniot aggregation of political oppositionists encountered another frost in Sunbury county today when the candidates they originally hoped to secure failed to accept. There are 2,700 voters in Sunbury and not more than fifty could be prevailed upon to attend the opposition clan gathering at Burton.

Milton Smith occupied the chair and the speakers were Mr. E. S. Carter and W. E. Foster of St. John. A nominal committee of 27 men, more than half of the total attendance at the convention was appointed and their sacrificial selections were Robert B. Smith of Oromocto and David W. Mersereau of Fredericton Junction. Mr. Smith previously announced he would not accept and did not even attend the convention, being in Fredericton while the party chiefs were lauding his virtues—one of which certainly is common sense. Mersereau accepted but his choice does not bring unbounded enthusiasm to the party. Some of those in the convention hoped that Milton Smith, who was defeated at the last provincial election, should have been given the courtesy of another opportunity but the bosses had willed it otherwise.

### NEWFOUNDLAND'S HONOR ROLL

St. John's, Nfld., July 19.—The latest casualty list in the Newfoundland Regiment states that Captain Frank Summers, St. John's, died of wounds. Lieut. Bruce Reid, St. John's, previously reported missing, now reported killed in action. Private Patrick Brown, St. John's, and Silas Stuckless, Norris, Artn, died of wounds.

Had Fingers Amputated.

Edward Murphy, a boy about fourteen years of age, whose parents live in Milford, was taken to the General Public Hospital at about five o'clock yesterday afternoon for treatment for severe injury to the right hand. He was working in Simms' brush factory and his hand got caught in the machine he was operating. It was found necessary to amputate two of his fingers.

Enquiries for Daughter.

Mrs. Brady, of 70 Brussels street, whose re-union to her daughter, Mrs. Crossman, of Moncton, was described in The Standard of April 12, is anxious to hear from Mrs. Crossman, if living, as she has not received any reply to several letters addressed to Moncton and elsewhere concerning her.

### WILL MAKE A SPECIAL EFFORT FOR PATRIOTIC FUND ON AUGUST 4TH

Executive of Provincial Branch of Fund Decide to Observe War Anniversary and to Increase Fund's Revenues.

The executive committee of the Provincial Branch of the Canadian Patriotic Fund held a meeting in the Board of Trade rooms yesterday afternoon. Among those present were His Honor Lieut.-Governor Wood, Hon. J. D. Hazen, Senator Thorne, Dr. A. P. Barnhill, ex-Mayor J. H. Fink, M. E. Agar, T. Carr Allen, Premier Clarke, Hon. L. J. Tweedie, E. A. Schofield, J. T. Hawke, C. B. Allan, secretary of the St. John branch, and Professor F. W. W. DesBarres, provincial organizer.

The meeting passed the following resolutions: (1) Moved by Dr. Barnhill and seconded by Mr. T. Carr Allen, of Fredericton, that: "Whereas the fourth of August will be the second anniversary of the declaration of war by Great Britain, and as such is to be fittingly observed, in the opinion of this committee that end will be best served by the holding of public services of a religious, intercessory and patriotic character; and that His Honor the Lieut.-Governor be requested to make proclamation to that effect." (2) Moved by Hon. L. J. Tweedie, seconded by Premier Clarke, that: "This executive committee of the Provincial Branch of the Canadian Patriotic Fund recommends that in connection with the patriotic observance of the fourth of August a special effort be made to induce the loyal citizens of the province to give as liberally as possible to the fund, and that each local branch adopt such measures as they consider most effective to collect these contributions, and use all other available means to increase the income of the fund."

### SIR VICTOR HORSLEY, NOTED SURGEON, DEAD

London, July 20.—Sir Victor Horsley, a noted surgeon, died from a heart stroke in Mesopotamia Sunday. He was born in 1857 and was created a knight in 1902. He was emeritus professor of clinical surgery and consulting surgeon at the University College Hospital since 1906.

Carter DeHaven Works With Elephant.

"I want you to meet the new heavy man of my company," called out Carter DeHaven, the well known comedian, to his dainty little wife, Flora Parker DeHaven, who is featured as the direction of Otis Turner.

With this, the comedian led Mrs. DeHaven to the center of one of the big stages and pointed out Charlie, the huge Universal elephant, and demonstrated to his surprise how he was able to lead the big animal around with a small string attached to its leg. The elephant was playing a part in "Timothy Dobbs," in which DeHaven is being starred, under the direction of Wallace Beery.

### NATIONAL LIBERAL COMMITTEES DISCUSS MANY SUBJECTS

Ottawa, July 19.—The national Liberal advisory committee, in session today, deliberated on social reform, old age pension, insurance, rural credits, bankruptcy law, also control of limited liability companies and agricultural questions.

A resolution on the question of rural credits favorable to the establishment of the system was adopted after addresses by John Bain, of Ottawa, Hon. Edward Brown, of Manitoba, and Hon. J. A. Calder, of Saskatchewan.

J. E. Atkinson, of Toronto, spoke on the social question. A report presented by Samuel Jacobs, K. C., of Montreal, on behalf of the committee advocated the enactment of a federal bankruptcy law, in connection with this report the question of control of limited liability companies was considered but left over.

### RECENT CHARTERS.

The schooner Mary Hendry of Lunenburg, now discharging coconuts at Philadelphia, has been fixed to bring coal to Halifax at the rate of \$3.75 per ton. This rate is the highest ever paid for such a short run. After discharging she will go to Liverpool, N. S., and load for Trinidad.

### NEW CONVALESCENT HOSPITAL FOR CANADIAN OFFICERS IS OPEN

London, July 19.—(Montreal Gazette cable)—In the beautiful suburb of Putney Heath the new convalescent hospital for Canadian officers which had been established by Mr. W. Perkins Bull, formerly of Western Canada, was opened today by the Lord Mayor, Sir Richard McBride and Dr. Edridge D. Atwood, shot and probably fatally wounded Dr. Wilfred St. Elzear, was anticipated today as likely to have an important bearing on the motive of the crime, as explained by Atwood. The only light thrown on the epidemic and assault, which aroused peculiar interest because of the prominence of the persons involved, was volunteered by Atwood, who told the police that the young woman had intimated to him, the night before her death, that she could not marry him because she had been compromised by Dr. Harris.

Moss Glen, July 18.—Mr. and Mrs. Jerry Grant and little son, William, are spending a few days at this place the guests of Mrs. Grant's parents, Mr. and Mrs. Wm. Cronk.

### CLIFTON

Clifton, July 17.—Sergeant and Mrs. Parlee of Bloomfield were the guests on Thursday last of Mrs. D. P. Westmore, Jr., St. John, spent Thursday with Mr. and Mrs. Richard Westmore.

Sergeant and Mrs. Flewelling are the guests of Mr. and Mrs. E. A. F. Welling, Perry's Point.

The Women's Auxiliary held a Dorcas meeting on Thursday at Mrs. D. P. Westmore's home. Mrs. J. H. Hayes, Dorcas Sec., St. John, was present and gave some very valuable information regarding Dorcas work.

Miss Laura and Miss Spence, St. John, are spending a week with Mrs. Stanley Westmore.

Friends in this community regret to hear of the death of Irvin Loag, of Walton's Lake, who was recently killed in action while doing his "bit" for the cause of king and country. Much sympathy is extended to his bereaved parents. He was one of the first who enlisted. He has a brother now at the front.

Will Hold Autopsy.

Late last night, medical examiner George B. Magraw, in communication with the district-attorney's office, which approved an autopsy.

There were indications that the girl had died from an overdose of a drug self-administered, as she was found lying in her office, and the body had been well secured from within. It was understood, however, that the general physical condition of Miss Adams would be determined, with a view to substantiating or disproving the motive of the shooting, as alleged by Atwood.

Mr. Harris is described by mutual acquaintance as standing high in his profession, and socially. He led the fight in the legislature for the legal recognition of the practice of osteopathy. Originally he was a general practitioner, and after he had taken up osteopathy many of his patients self-administered, as he was in favor of substituting or disproving the medicines of the old school whenever he deemed them necessary. His wife, who acted as his secretary, was formerly Mrs. Jean C. Their home is in Morrisburg, Ont. Her van Allen, of Clifton, Ont. He was born in 1876.

Passed Scores of Bodies of Victims of Jutland Fight

New York, July 19.—Scores of bodies of British and German sailors, dead and mangled, were being loaded onto a mass of wreckage from the big Jutland naval battle, were encountered off the coast of Norway on July 2 by the steamer Lyngenford, which arrived here from Bergen today. A fleet of small vessels out by the Norwegian government, were collecting the dead.

Luxemburg Will Get Food Supplies.

Luxemburg, July 18, via Berlin and London, July 19.—It is given out by official circles that there is a prospect that Luxemburg will begin shortly to receive American food supplies on the same basis as Belgium, France and Great Britain having finally abandoned their objections advanced on the ground that supplies might be requisitioned by the German authorities. Hence nothing now remains but to secure the consent of the German government for the transshipment of supplies to Luxemburg.

FIRE YESTERDAY.

Damage estimated at \$3,000 was caused by fire in the two-story house owned by Charles Currie, 14 Millidgeville avenue, yesterday morning, when a blaze, the origin of which is unknown, broke out in a shop in the building conducted by A. G. Jones, tinner. The building is insured for \$1,500 and the stock for \$1,000, while Mr. Currie has \$500 on his furniture. Mr. Currie carries \$1,000 insurance with the Atlas on his building and \$500 with the New York on his furniture; Mr. Jones is insured for \$1,000 with the Acadia Fire.

### DR. HARRIS VICTIM OF SHOOTING AFFAIR WILL LIKELY DIE

Refutes Story of Assailant and Friends Strongly Support His Statement—Autopsy to be Held.

Boston, July 19.—The autopsy on the body of Dr. Celia Adams, who, according to the police, poisoned herself yesterday a few hours before her fiancé, Dr. Edridge D. Atwood, shot and probably fatally wounded Dr. Wilfred St. Elzear, was anticipated today as likely to have an important bearing on the motive of the crime, as explained by Atwood. The only light thrown on the epidemic and assault, which aroused peculiar interest because of the prominence of the persons involved, was volunteered by Atwood, who told the police that the young woman had intimated to him, the night before her death, that she could not marry him because she had been compromised by Dr. Harris.

Atwood, a youth of 23 years, was arraigned in court this morning and in default of bonds of \$15,000, was committed to jail for a further hearing on July 23. The proceedings were brief. The prisoner was not represented by counsel, and did not plead. He appeared calm and later said that he had nothing to add to the statement which he made when he was placed under arrest last night. The adjournment of the case was expected in view of the condition of Dr. Harris. It was stated at the hospital that he was very low, and it was feared he could not survive many hours.

The version of the cause of the shooting given by Atwood was scouted by Dr. Harris during a lucid period. He referred to his assailant as "a young fool." The wounded man's statement was stoutly supported by many friends. Both Miss Adams, who was 27 years of age, and Atwood had been pupils at the Massachusetts College of Osteopathy, of which Dr. Harris was head and according to mutual acquaintances he had counselled the young man against marrying a girl so much his senior. Frances F. Adams, the father of the girl, stated that he also opposed the match.

Washington, July 19.—The day discussed the news in Europe with State Polk. He said his talk had been in the state department, and was a foundation recently circulated. The state department had been in communication with the British government, and the peace and was properly could to about, no step was taken at this time.

White House officials know that the prospect of immediate direction of restoration in Switzerland is possible. The fact is, however, that while the peace and was properly could to about, no step was taken at this time.

CAPT. BENJAMIN DOANE VETERAN SEA CAPTAIN DIES IN BAYONNE, N. J.

Born in Nova Scotia and Sailed to Australia Before Gold Strike—Was 93 Years Old.

New York, July 19.—Captain Benjamin Doane, one of the oldest ship masters of the port of New York, died suddenly of general debility in his ninety-third year, at the home of his son, Mr. Francis H. Doane, in Bayonne, N. J. He was born in Barrington, N. S., in 1823, and went to sea when fourteen years old. In the early forties he made a whaling voyage to the Pacific, going to Australia before the discovery of gold, and to Japan before that country was opened to the world. He began clearing with ships from New York in 1853, at first in the Mediterranean fruit trade and later in the employ of Matland, Phelps & Company, to South America.

In the civil war he was commissioned a captain in the volunteer navy, but was never called into service. For ten years Captain Doane commanded ships of the Lorillard Steamship Company until it was merged with the Clyde Line in 1876, when he continued with the latter until his retirement from the sea in 1890. Since then he had resided in Plainfield, N. J. Captain Doane's wife was Maria Knowles, of Barrington, N. S., who died in 1864. He leaves two sons and a daughter.

Time Not Ripe to Intervene. Minister from Switzerland Learns that Pres. Wilson Feels Time Not Opportune to Try to Secure Peace.

Washington, July 19.—The minister from Switzerland, Dr. Paul Ritter, today discussed the prospects of peace in Europe with Acting Secretary of State Polk. He indicated afterward that his talk had been without tangible results. The minister called at the state department to ask whether there was any foundation for various reports recently circulated regarding President Wilson's desire to see peace negotiations initiated. It is understood that he was informed that the attitude of the government was unchanged, that while the President hoped for peace and was ready to do anything he properly could to aid in bringing it about, no step was in contemplation at this time.

White House officials have let it be known that the President saw no prospect of immediate developments which might make possible a move in the direction of restoring peace. Switzerland is profoundly interested in peace, not only from a humanitarian standpoint but on account of her own serious situation in the midst of war. The country is experiencing great difficulty in obtaining food, most of which has to be brought from the United States.

Any Woman's Struggle For Good Health Quickly Rewarded. A SIMPLE HOME TREATMENT NOW ADVOCATED THAT GIVES FINE RESULTS.

When a woman's face grows haggard and pale, when she is tired all day and ready to cry when night comes, she ought to know something is wrong. Putting off only make matters worse. The best advice we can give any sickly woman is to test out the following treatment. At the close of every meal, with a sip or two of water, take two chocolate-coated Ferrozone Tablets. This seems to be the best thing going for folks that are tired out, run-down and in need of a strengthening, building-up medicine. Ferrozone's action aids the three principal functions of the body—digestion, assimilation, elimination. By strengthening digestion it forms an abundance of rich, red blood—this gives good color. By perfecting assimilation, Ferrozone supplies nutrition—this gives strength, vim, stability. Elimination is assured because Ferrozone quickens the action of the liver, kidneys and bowels—this guarantees the maintenance of vigorous health. Ferrozone puts you on the right road—the one that leads to health. Not a man, woman or child needing blood, vigor, endurance—not a person who is weak, nervous or sickly, not a person in ill-health who won't receive immediate help from Ferrozone. As a tonic and restorative, as a health-bringer and body-builder, Ferrozone is unrivalled. It cures because it feeds and nourishes, because it contains the elements that build up and strengthen. Try it yourself—sold everywhere in 50 cent boxes, 6 boxes for \$2.50, or by mail from The Ferrozone Co., Kingston, Ont.

MARCH 9 MILES FOR REVIEW BY KING, BUT IT WAS WORTH IT, KING'S CO. MAN WRITES

Pte. F. A. Weldon, who joined 74th Battalion at Ottawa, Describes Great Review by King George and Gen. French.

The following letter has been received by a friend from Pte. F. A. Weldon, a former Kings County man, now with the 74th Battalion at Bramshott Camp, England, who saluted at Ottawa where he was connected with the civil service: Bramshott Camp, Eng. July 2nd, 1916.

Dear Friend, Sports are being held today, instead of Saturday, owing to the review at Farnham Plains by the King. We had a hard march of nine miles in the heat, but it was worth while. It was a grand sight, the Canadian troops filled a space of two square miles, and I was close enough to the King to hear remarks that he made to General French, as they rode along the front. The King was dressed in khaki and looked very nice. Hon. George E. Foster and Hon. Mr. Parley were in the party also. The Queen

came in an auto but I did not see her. After the preliminary review, we all marched past the King. The artillery first, then the infantry in long parallel lines with fixed bayonets. The march past lasted an hour and a half, then we had dinner and marched back to camp with blistered feet, but all in the best of spirits. Will Hunter has arrived in the 77th. He is sergeant-major of a company. They are in tents across the road from our lines. He is looking fine. I have met a lot of fellows I knew before I came over. It is more like home here now. Our camp is nearly as large as St. John and all Canadians. We go on another route march tomorrow, but the roads are excellent and we do not mind it much.

I must close now and go over and watch the sports for a while. There is a big crowd of wounded soldiers attending. They wear a loose uniform of pale blue. Hoping you all are well, I remain, Your sincere friend, PTE. F. A. WELDON, 74th Battalion.

WILL MOVE TO HAVE SCOTT ACT REPEALED IN NORTHUMBERLAND

County Convention to be Called to have Steps Taken for Putting New Prohibition Law in Force.

Newcastle, July 18.—Little Marjory Gertrude, the 15-months-old daughter of Mr. and Mrs. Harold Russell, died suddenly yesterday afternoon. One brother and one sister, both older, survive, as well as the parents.

Newcastle Town Improvement League last night decided to call a county convention to decide as to repeal of the Scott Act in order to bring the county under prohibition. The convention will consist of representatives of all churches, delegates from all temperance organizations, and others interested in bringing in prohibition. It will be held in Newcastle town hall, Thursday, August 10th, at 3 p. m., with public meeting in the evening. Following committee were appointed to send the notifications: President Jas. M. Troy, Secretary-Treasurer Ald. H. H. Stuart, Mayor C. E. Fish and

Reported Berlin is Compiling Scale of Rates for Submarine Postal Service.

Geneva, July 19, via London.—The Neueste Nachrichten, of Munich, says that it learns from Berlin that the German postal authorities are compiling regulations and a scale of charges for a submarine postal service between Germany and America, government correspondence to have precedence. No arrangements are being made for parcel post service, according to the newspaper's information.

Revs. W. J. Bate, P. W. Dixon, S. J. MacArthur, M. S. Richardson and Dr. C. W. Squires. E. A. McCurdy, Ald. C. C. Hayward and Mayor Fish were appointed a committee to see about getting certified copies of the voters' lists to use in getting signatures in favor of repeal of the C. T. A.

MAY CONSTRUE GR. BRITAIN'S ACTION AS UNFRIENDLY

U. S. State Dept. Delays Action on Blacklisting of Firms Pending Word from Ambassador Page.

New York, July 19.—An Associated Press despatch from Washington says:

"Action on Great Britain's blacklist of nearly one hundred firms doing business in the United States under the terms of the Trading with the Enemy Act, is being delayed by the state department with the exception that Ambassador Page at London will send some sort of a report. If a report does not arrive soon the department probably will cable an inquiry, which, in turn, will be presented to the British foreign office. At the state department today it was said every development was being carefully observed, and there were some intimations that Great Britain's latest action might be construed as unfriendly."

THE SONG OF SONGS

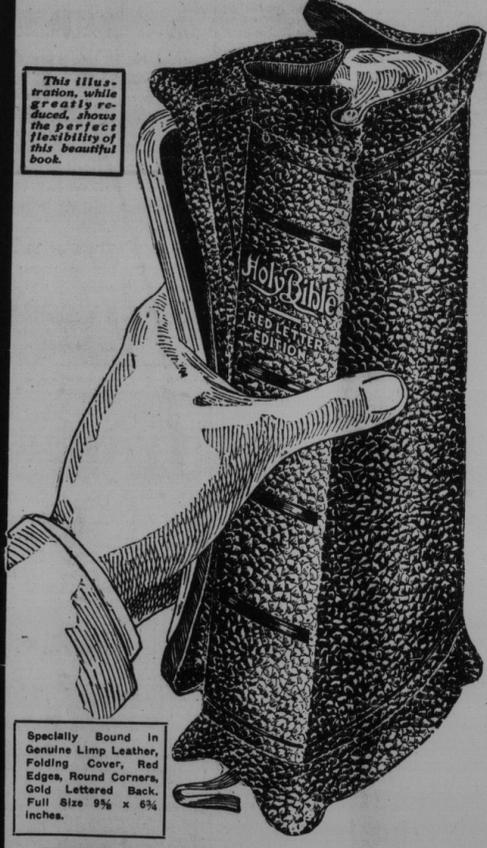

Search the pages of lyric literature from Pindar and Sappho to Swinburne and Shelley. Hasten fleet-foot through the centuries from the building of the Pyramids down to this two thousandth Anno Domini—and where will you find another love song like unto Solomon's? 'Tis a suite of seven lyric idylls, sung by the beautiful Shulamite maiden and her royal lover, with a haunting chorus by the shadowy Daughters of Jerusalem in the background. 'Tis the rapture of human passion glorified and transfigured in the radiance of celestial love.

Its verses are the very soul of music. They sigh like the woods-wind in the silences of the night. They throb with the rhythm of immemorial seas upon the shores of Time. They sparkle like the gems of far-famed Golconda. They are redolent of Sabeen odors from the spicy gardens of Araby the Blest. Our pulses thrill to their compelling cadences. We renew our own youth, with its springtime of love, in their lyric ecstasy, and dwell again in those Elysian fields where music, and moonlight, and feeling are one.

Amidst the jungle of modern verse making, with its monotonous jingle—how refreshing to turn to the Song of Songs, with its lilting measures, its felicitous frankness, its marvelous imagery. The very breath of the vernal year blows through it with bird-song and ripple of waters; with waving field and verdant vineyard; with fringed woodland and flowery mead.

The Wedding Day; the Bride's Memories; the Day of Betrothal; the King's Meditations; the Bride's longing for her old home in Lebanon; the Renewal of the Vows in the Vineyard—these make the seven lyrics that contain poetry enough to furnish forth seven times seven volumes of modern verse. Small wonder that the Ages call it the "Song of Songs"!

Ah, little we dreamed the sad news we should hear  
Of the death of this dear friend of mine.  
That our song should be changed to the sigh and the tear  
As we passed through the forest of pine.  
With the sun shining down on the forest and stream  
As we gazed the bright salmon and trout.  
Or exchanged the fond fisherman's pleasure and dream  
For the hunter's wild chase and the shout.  
Alas! the brave boy, of our party the joy,  
To whose memory this wreath I entwine,  
In the fearful world strife sacrificed his young life  
While we passed through the forest of pine.  
In that sweet sylvan scene shall his memory be green  
If there'll we should ever meet again.  
When with hearts full of pain through the sunlight and rain  
We recall him, that man among men.  
He has won the bright crown, he shall surely smile down.  
From the heights of Elysium divine.  
Shall salute us once more from that beautiful shore.  
As we pass through the forest of pine.

### UP TO GRAHAM TO PROVE HIS STATEMENTS

Special to The Standard.  
Ottawa, Ont., July 19.—An agitation in progress to reflect upon the policy of the government regarding the export of nickel and Hon. George P. Graham is one of the leaders of the agitation. Mr. Graham made the statement last night to the Liberal press that he met a man in New York who had bought tens of thousands of dollars' worth of Canadian nickel from the International Nickel Co. and had decided to sell it to the United States. Mr. Graham concluded that this nickel might find its way to Germany.  
As a matter of fact not a pound of Canadian nickel finds its way directly or indirectly to the enemies of the Allies and Mr. Graham is invited to make good his charge. "Will he try to do so?" is the question here.

### HOMESEEKERS' EXCURSIONS VIA C.G. RAILWAYS

To Manitoba and the Canadian North West—Choice of Routes—The Clay Belt Country.  
Second class excursion return tickets will be sold every Wednesday until October 25th, to Winnipeg, Regina, Saskatoon, Calgary, Edmonton, and numerous other points in the Canadian North West. These tickets will be good for return within two months from date of issue. Full particulars can be obtained from any ticket agent of the Canadian Government railways.  
Holders of these tickets have the choice of different routes. They can travel via Quebec and Canadian Government Railways to Winnipeg—the route of the Western National Express, or by the new "Transcontinental Line" via Toronto, North Bay, Cochrane, Ontario and Canadian Government railways to Winnipeg.  
Homeseekers' tickets reading via Quebec will be good for stop-over at Doucet, Oue, Hearst, Ont., and intermediate Canadian Government railway stations, while tickets routed via Transcontinental Line will permit stop-over at Cochrane, Ont., Hearst, Ont., and intermediate stations, with the additional privilege of purchasing side-trip tickets if desired at Cochrane for points on Canadian Government railways east of Cochrane for special low fare.  
The above arrangements will permit passengers to inspect splendid new farming country in Quebec and Ontario, and the new Ontario flour—a rich farming territory opened up by the new line of the Canadian Government railways.

### CAFE DINING SERVICE ON BOSTON TRAINS

Cafe Parlor Car to Run Between Moncton and McAdam Junction.  
Commencing Monday, July 17th, a Parlor Cafe Car will be attached to trains number 13 and 14, locally known as the "Boston" trains. In place of the parlor car now running between St. John and Moncton, the cafe-parlor will be carried between McAdam Junction and Moncton, and should prove a great convenience to the travelling public, as passengers coming from Boston will be enabled to have breakfast and dinner on the train, while westbound passengers will be able to secure supper en route.  
The Cafe Car, besides having excellent seating accommodation, has a section devoted to the service of meals, in which regular dining car meals will be provided.

THE POLICE COURT.  
Yesterday morning in the police court Freeman Barry, a seaman on the schooner Heathfield, laid a complaint against First Mate Stean and Captain Cadwallader for threatening to do bodily harm to him while on a trip across from the old country. The evidence of the complainant and both defendants was taken, and the magistrate decided that the weight of the testimony was against Freeman, and ordered him to return to the ship with his superiors. The complainant strenuously objected to this procedure and had almost to be chased out of court.  
Anton Larsen was fined \$24 for drunkenness and for abusive language to Detective Barrett. Larsen's chum, John Senouen, was fined \$8 for drunkenness, and told he was liable to \$80 for interfering with the detective when making an arrest.  
Two others were fined \$8 for drunkenness.  
Private Sabean was before the court as an absentee from the ranks of the 14th Battalion. Sergeant Brown, who represented the military authorities, made known that the defendant had also left another battalion. He was remanded, being told that he was liable to two years in Dorchester. Sabean pleaded guilty.

### MEDICAL SOCIETY CONCLUDES SESSION.

The concluding session of the New Brunswick Medical Society was held yesterday morning. Papers were read by Dr. C. M. Kelley on "Acute Erythema"; Dr. G. G. Melvin on "Mental Deficiencies in Children"; and Dr. W. N. Miner on "A Morning in Chipman Hospital." All the papers were discussed at considerable length by the medical present. It was decided to hold the next meeting of the society in St. John. Dr. White said the object of his life was to see that St. John had a hospital such as it was entitled to, not a private hospital, but a public one supported by the public. Votes of thanks were extended to the St. John doctors, to the municipality for the use of the court house and to all who had assisted in making the annual meeting the success it was.

The secretary was directed to communicate with the provincial government, directing its attention to the fact that the secretary of the Provincial Board of Health had no public health qualifications.

# DROWNING ACCIDENT AT KILBURN, N.B.

## Chas Etheridge, of Brooklyn, N. Y., Loses Life while Swimming—One of Party Canoeing from Grand Falls to Fredericton.

Special to The Standard. Kilburn, July 19.—A sad drowning accident occurred here today in which Charles Etheridge, of Brooklyn, N. Y., lost his life. Young Etheridge with three other young companions, Kasson Howe, Maurice Daring and George Finn had accompanied George Matthew, son of Dr. Matthew, to this province for a few weeks vacation. They were making a canoe trip from Grand Falls to Fredericton in company with C. H. Lee, of St. John. Mr. Lee had with him his daughter and a guide. This morning they left Andover and at lunch time landed here. While waiting for lunch someone proposed a swim and all hands went in swimming. The boys were diving from a scow, and it is supposed that young Etheridge, who was not very experienced, struck the water in such a manner as to cause him to lose his breath. Maurice Daring noticed that he was in trouble and jumped in after him and Mr. Lee's guide put off in the canoe, but did not get them in time to save him. The party with the exception of Mr. Matthew left tonight for St. John. Mr. Matthew stayed behind to look after the arrangements for the recovering of the body.

### MARRIED.

Christopher-Mawhinney.

Special to The Standard. Chance Harbor, N. B., July 19.—The Chance Harbor United Baptist church was the scene of an interesting event at three o'clock this afternoon when, in the presence of immediate relatives and friends of the contracting parties, Miss Ella, youngest daughter of Mr. and Mrs. J. W. Mawhinney, was united in the holy bonds of matrimony to Mr. Edgar White Christopher, of St. John West, N. B.

The church was prettily decorated for the occasion with ferns and field daisies, and the ceremony was performed by the Rev. W. R. Robinson, of the Ludlow street Baptist church, St. John West, N. B., of which both are members. The bride was given away by her father, and looked charming in a cream serge suit with hat to match, and carried a shower bouquet of pink sweet peas and maiden hair ferns. There were no attendants. Mrs. Robert Mawhinney, sister-in-law of the bride, suitably rendered Mendelssohn's Wedding March, and Messrs. Douglas and Clarence Mawhinney, brothers of the bride, acted as ushers.

After the ceremony a luncheon was served at the home of the bride, after which the happy couple departed for St. John and left for a short wedding tour to Boston and other cities. The bride's travelling suit was of blue gabardine with black and white chip hat.

Many handsome and valuable presents were received by the bride, including cut glass, silver, cheques, etc., testifying to the esteem in which she was held.

On their return Mr. and Mrs. Christopher will reside at 109 Ludlow street, St. John West.

The teachers and officers of the Ludlow street Baptist Sabbath school of which Miss Mawhinney was a valued teacher, presented her with a cut glass set. The members of the choir of the Ludlow street Baptist church, of which Mr. Christopher is a member, presented him with a beautiful mahogany arm chair, and from the employees of the National Drug Co. a purse of gold.

### Haines-Turnbull.

An exceedingly pretty wedding took place at Rothsey yesterday afternoon at 4.30 o'clock when Emma Arnold, daughter of Eber Turnbull of Digby, N. S., was united in marriage to Herbert Welbourn Haines, formerly of Rochester, Eng. The ceremony was performed in St. Paul's church and the pastor, Canon Daniel, assisted by Rev. W. R. Hibbard, officiated. Although the wedding was very quiet and there were no invited guests a large number of Rothsey residents and visitors from outside points were present at the ceremony. The church was tastefully decorated with pink and white peonies, wild daisies and ivy vines.

The bride entered the church on the arm of her father while the choir sang "The Voice that Breathed O'er Eden." She presented a most charming appearance in a dainty gown of white duchesse satin and chantly lace, with a long veil of old lace encrusted by a wreath of orange blossoms. The bridal bouquet was of white rose buds and lily of the valley.

The bride, who was unattended, was given in marriage by her father, Eber Turnbull of Digby, N. S. Mr. C. Percy Turnbull, of Toronto, brother of the bride, and Mr. Bent, of Rothsey, acted as ushers. The choir of St. Paul's provided special music and Mrs. Haines presided at the organ.

After the ceremony the bridal party partook of a dainty luncheon at the home of the bride's aunt, Miss Henderson, on College Hill. The newly wedded couple then motored to St. John where they will leave for a trip to the Annapolis Valley.

# SCHOOL BOARD WILL ASK FOR INCREASED APPROPRIATION

## Present Sum of \$150,000 Insufficient for Educational Needs of City—Call for Tenders for New School for Bentley Street—Other Business.

A special meeting of the School Board was held last evening when questions of finance were discussed and matters concerning the provision of sufficient school accommodation in the various districts were gone into in some detail. The most important decision arrived at was that it would be advisable to approach the government for authority to urge an increase in the school assessment from \$150,000 to \$200,000 for the coming year. Those present were R. B. Emerson, chairman, Dr. Manning, E. R. W. Ingraham, Thomas Nagle, G. E. Day, M. Coll, G. H. Green, Mrs. Dever and Mrs. Taylor, trustees, with Superintendent Bridges and the secretary.

Dr. Manning referred to the provisions of section 13 of the Schools Act which allows a maximum assessment of \$150,000 a year, with any further amount required for interest on debentures and for repairing and furnishing school buildings.

In view of the fact that it has been time after time shown that the maximum sum named is insufficient for carrying on efficiently the work of the board he thought an increase in the appropriation essential.

Discussions arose amongst several of the members as to the means of providing the cost of repairs in the different schools from time to time.

The chairman said he thought they should ask for an additional \$50,000.

Dr. Bridges pointed out that this would involve the introduction of a bill amending the school act. M. Coll thought that another \$50,000 a year would provide for a long period of requirement, but that more money must be had if good work is to be accomplished. He suggested that the finance committee should be empowered to ask for the increase.

The chairman: "We all desire to be economical, and I think we have been most economical in the past."

Mr. Coll's suggestion was then put in the form of a resolution and adopted with the addition of words enabling Dr. Manning and Dr. Bridges to act with the finance committee. Dr. Manning called attention to defective fire escapes in Centennial school. He said he would like all members of the board to see for themselves what the exact condition of the schools is at the present time.

Mr. Day said the Douglas Avenue school is a fire trap. The school was built forty-eight years ago, is of wood and was never intended for school purposes.

There was considerable discussion as to the accommodation in the North End and it was ultimately moved by Mr. Day and seconded by Mr. Coll that tenders be asked for the erection of a new school building in Bentley street in accordance with the plans and specifications already prepared, with such modifications, if any, as may seem desirable.

At the conclusion of a long session the chairman rose and on behalf of the board expressed the pleasure that they all felt at knowing that Mrs. Dever had been re-appointed as a member of the board. He said he was sure they all appreciated the valuable aid Mrs. Dever had always given in matters concerning the welfare of the schools. Mr. Coll endorsed the chairman's remarks, and after Mrs. Dever had gracefully thanked the other members for their kind expressions the board adjourned.

# OFFICERS OF HIGH COURT FORESTERS

## Election at Yesterday Afternoon's Session—Next Meeting at St. Stephen.

At yesterday afternoon's session of the High Court, I. O. F., held in the Seaman's Institute, officers for the year were elected and several other matters were dealt with. The following officers were elected for the coming term:

- H. C. R. E. A. McKay, Fredericton; H. V. C. R. J. A. Stephenson, St. John; H. Sec., E. J. Todd, St. John; H. Treas., Thos. Murray, Sackville; H. Phys., C. T. Purdy, Moncton; H. Coun., M. N. Cockburn, St. Andrews; High Auditor, G. C. Davidson, Moncton; J. A. Lindsay, Woodstock.
- Delegates to Supreme Court meeting in Toronto, 1917: D. G. Lindsay, St. John; M. N. Cockburn, St. Andrews; H. W. Woods, Wolford; J. T. Hawke, Moncton; G. B. Jones, Apohaqui; High Orator, Rev. B. H. Thomas, Dorchester; High Journal Sec., W. F. Sears, Moncton; H. S. W. Seco, Secord, Apohaqui; H. J. W. Chester Jones, St. Stephen; H. Mar. Jas. E. Arthur, St. John; H. Con. Mrs. Mary Dupuis, Edmundston; H. Mess., A. T. Barton, The Range; H. N. G., Mrs. E. M. Brooks, St. John; H. S. B., John J. Hill, St. Mary's; J. B. Wm. A. Warman, Moncton.
- St. Stephen was selected as next place of meeting.

A collection was taken for patriotic purposes, the sum realized being \$50. Judge Cockburn and H. W. Woods were appointed a committee to see to the application of the amount for soldiers' comforts.

### CITY HALL NEWS.

A start was also made on Market Square on the pipe which will run down the wharf to Ward street and it is the intention to start the work at

# A Message To Thin Weak Scrawny Folks

An Easy Way to Gain 10 to 30 Pounds Of Solid, Healthy Permanent Flesh.

Thin, nervous, undeveloped men and women everywhere are heard to say, "I can't understand why I do not get fat. I eat plenty of good nourishing food." The reason is just this: You cannot get fat, no matter how much you eat, unless your digestive organs assimilate the fat-making elements of your food instead of passing them out through the body as waste.

What is needed is a means of gently urging the assimilative functions of the stomach and intestines to absorb the oils and fats and hand them over to the blood, where they may reach the starved, shrunken, run-down tissues and build them up. The thin person's body is like a dry sponge—eager and hungry for the fatty materials of which it is being deprived by the failure of the alimentary canal to take them from the food. A splendid way of working to overcome this sinful waste of flesh building elements and to stop the leakage of fats is to try Sargol, the famous flesh building agent that has been so widely sold in America in recent years. Take a little Sargol tablet with every meal and see if your cheeks don't quickly fill out and rolls of firm, healthy flesh form over your body, covering each bony angle and projecting point.

All good druggists have Sargol or can get it from their wholesalers. Sargol will refund your money if you are not satisfied with the gain in weight it produces as stated on the guarantee in each large package. It is inexpensive, easy to take and highly efficient. If you find a druggist who is unable to supply you send \$1.00 money order or registered letter to the National Laboratories, 74 St. Antoine St., Montreal, and a complete ten days treatment will be sent you postpaid, in plain wrapper.

NOTE:—Sargol is recommended only as a flesh builder and while excellent results in cases of nervous indigestion, etc., have been reported, care should be taken about using it unless a gain of weight is desired.

This work is being done at night because of the fact that quite a large area has to be shut off and if it were done in the daytime so many people would be without water.

Another record month is in sight for the harbor for July. Already considerably more money has been collected in the twenty days of the month this year than was taken in the entire month last year and prospects are good for doubling last year.

UN. STATES STEEL LED THE MARKET

Bonds Failed to Keep Pace With the Stock List, Showing Some Irregularity.

New York, July 19.—Stocks displayed pronounced recuperative power today, specialties of almost all descriptions, particularly those under recent severe pressure, scoring average gains of 2 to 3 points.

Specialties of nearly all descriptions scoring average gains of 2 to 3 points.

Obviously, advances in the stock list were made largely at the expense of an over-confident bear element, which had extended its operations to the point where any reversal might prove disastrous.

United States Industrial Alcohol re-established itself in speculative favor by an abrupt rebound of 7 1/2 points to 112 1/2 on rumors of another government contract with the French government.

Bonds failed to keep pace with the stock list, showing some irregularity.

## THISTLES DEFEATED SHAMROCKS IN GOOD GAME LAST EVENING

### Losing Team had Hard Luck No Less than Three of their Players Receiving Injuries.

Last night's game on the St. Peter's grounds between the Shamrocks and Thistles was won by the Thistles by a score of 9 to 4.

Somebody must have put the kink on the Shamrocks before the game and it worked overtime. Knudson, who started to pitch for them, hurt his arm in the second; Johnny McIntyre, the catcher was put out of the game in the fifth, and Hagerty, one of their more dependable players injured his ankle in trying to get Milan's long fly in the sixth.

McGuigan was on the mound for Thistles, and as usual pitched a good game. The game was called at the end of the eighth on account of darkness.

The score by innings was:  
Shamrocks . . . . . 40000000—3  
Thistles . . . . . 0102400—9

## The Best Rubber Heel Costs Only 10c More

The ten cents extra charge upon Goodyear Wingfoot Air Heels makes all the difference between the better rubber heel and the ordinary rubber heels. If Goodyear were to make—as Good-year might—a heel which would sell at the standard price of ordinary heels, the heel would be full value for your 50c. But it would not be the best heel that Goodyear could produce—would not truly represent Goodyear standards of excellence.

In Wingfoot Air Heels you get better heels. It is worth while investing 10c extra to receive bigger returns in wear and comfort.

There's more wear, more springiness in Wingfoots because they are made from purer, better rubber. There's more comfort and more life, because Wingfoots have air cushions with raised edges that lift the foot up, give gaiety to the step, and combat slipping.

60c A pair, put on at all shoe stores and shoe repairers Black or Chocolate.

Accent.

When you were a child did your parents ever say to you "I-f, laf, what does that mean? Are you trying to say laugh? If you were a bad little girl or boy you immediately spoke for a few moments with so broad an accent as to be hardly understood. The matter came up for discussion one day among some friends. Said one mother, "I try to be careful of my children's speech and they complain that their companions tease them and call them affected."

"But that's not as bad as people in other years calling them 'uncultivated,'" said an older lady present. "It is a very prevalent thing in Canada, careless speech. Listen carefully and you will hear people who should know better say 'me' for 'my'; 'gut' for 'got'; 'wars' for 'where'; 'fial' for 'you'; and as for the final 'e' of 'going' it is almost obsolete."

Our English language is such a glorious heritage we should not waste it but hand it down to our children pure and perfect.

GOVERNMENT TO START AT ONCE ON NEW AND AGGRESSIVE ROAD POLICY

Premier Clarke and Attorney General Baxter Make Important Announcements.

Plan when Complete will Give New Brunswick System of Roads Equal to the Best in Canada or the United States—Work will Start Today Between Musquash and Lepreau—Improvements at Upper Loch Lomond and East St. John—Tenders to be Called for Permanent Road from One Mile House to Brookville.

A policy of road improvement which, when completed, will give this province a system of permanent roads unsurpassed by any province in Canada has occupied the attention of the New Brunswick Government for some time.

Premier Clarke, who was in the city yesterday, made a statement to The Standard, outlining in a general way the Government's policy, and Attorney-General Baxter later added some detailed information regarding the work to be done in St. John county.

THE PREMIER'S STATEMENT.

The Premier said: "From year to year since the present Government came into power there has been a progressive improvement in the condition of the provincial roads. Occasionally because of extraordinarily heavy rains and much heavier frosts than usual, during the winter months, there have been times when portions of the highways have been in unsatisfactory condition, but, on the whole, the improvement has been steady and, in many instances, of such a character as to provide practically permanent roads."

"During the past season, as every one knows, the rainfall has been very heavy, at times coming almost in the form of cloudburst and with such force that it has been almost impossible for any but stone or concrete construction to resist it."

ROADWORK COMMENCED EARLY.

"Following instructions issued from time to time from the public works department, the supervisors, in many cases, this season, began their roadwork almost as soon as conditions permitted, and as a result many of the highways throughout the province were in excellent condition at an earlier date than usual. Much of the work, however, was later destroyed by rainfalls and required to be replaced. This has been largely done, but the Government, recognizing the importance to the farmer and other users of the highways, has made up its mind to continue work on the roads and to incorporate in a large amount of the work to be done from now on, as many features of a permanent character as are possible."

"Looking toward this possibility as one leading up to a road system which is contemplated by the Government, and which, when completed, will favorably compare with any system in Canada or in the United States, the Government employed a road engineer some time ago and he has been engaged from the time of his employment until the present in preparing plans and devising means by which the object—a complete system of roads for the province,—which the Government has ever kept in mind, shall be accomplished."

GOVERNMENT LOSING NO TIME.

"The work contemplated for this year will be undertaken at once under the supervision of the engineer, and it is hoped better results will be accomplished than were ever before reached by the expenditure of an equal amount of money. The roads which, on account of the exceptional rains, are now in a few places unsatisfactory, will be improved and it is anticipated that as far as possible under the present system of road-making those using our highways will be able to travel with ease and satisfaction and over a system of roads which has never before been equalled in New Brunswick. The supervisors have been instructed to carry their work in a thorough manner and under the most modern methods used in the construction of highways such as we have in this province."

"Those who will carry their minds back a few years, unmoved by political prejudices, will be willing to concede the improvement made in the highways and would be a bold man indeed who would attempt to contend for one moment that this improvement has not been very great in almost every section of the province."

WORK IN ST. JOHN COUNTY.

"Attorney General Baxter, when asked as to the work to be done in the vicinity of St. John, said that Road Engineer J. L. Feeney would go out on Thursday morning to the section of road between Musquash and Lepreau, a part of which was put in good condition last year but four miles of which require extensive repair. In consequence of representations made yesterday by the Attorney General to the Minister of Public Works, Mr. Feeney will at once proceed with the reconstruction of this section and when it is completed the highway from St. Stephen to St. John will compare favorably with the best roads in the State of Maine."

Hon. Mr. Baxter has also arranged for further expenditure on the road along Spruce Lake which has been extensively repaired during the past two years. When this season's work is completed that highway will not require for many years anything further than ordinary maintenance by means of the patrol system."

The road to East St. John will also receive attention and T. B. Carson, M.L.A., Mr. Baxter's colleague in the representation of St. John county, is arranging for extensive work on the Upper Loch Lomond road. This road has a splendid bottom and after the work on it has been finished will probably become the favorite route for automobilists en route to St. Martins."

Within the next few days tenders will be called for a modern first class permanent highway from the One Mile House to Brookville, connecting with the section of excellent permanent road laid down last year under Mr. Feeney's supervision."

The foregoing statements will show that the government proposes to provide the very best possible roads in every county in the province, and a notable feature of the work is that the expenditures will not be confined to the trunk roads but that the minor roads, of great value to the farmers, will also receive necessary attention. This is a policy that undoubtedly will commend itself to all."

TWELVE MEN ON ROLL OF HONOR

Decided Improvement in Rate of Enlistment in St. John—Other Military Notes.

ROLL OF HONOR.

- W. MacKinnon, Fairville. R. Walsh, St. John. James Collins, St. John. Paul H. Martin, St. John. Thomas Saunders, St. John. William Massey, St. Martins. L. Frons, St. John. For No. 1 Construction Batt. J. A. Skeggs, Gardiners Creek. For 115th. Allen McLellan, Glace Bay. For 227th. Stanley Cochran, Fairville. R. J. Blair, St. John. W. J. Morrissey, St. John. For No. 9 Siege Battery.

Twelve men decided that the time has come for them to do the khaki and were successful in passing the doctor at the Prince William street recruiting office yesterday. Seven of them were for No. 1 Construction Battalion, three for No. 9 Siege Battery, one for the 115th and one for the 227th.

From present indications St. John will have another good week for recruiting. About seventy-five of the No. 1 Construction Battalion left last night for Montreal where they will be outfitted.

It is understood that an instruction class in siege battery work will be started in the near future on Paradise Island and it is believed that Lieut. Bennett, recently on the staff of the Royal Siege Artillery School at Halifax, will be the instructor. Lieut. Pitts, formerly of Fredericton, who has just successfully completed the siege artillery course at Halifax, was in the city yesterday en route to Ottawa.

Major C. M. P. Fisher, O.C. 58th Howitzer Battery, now at Petawawa, arrived in the city yesterday for a short leave. He is well satisfied with the progress his unit has made since going to camp and said the men were all anxiously looking forward to the time to go overseas.

Paymaster of Killies.

It is understood that Capt. Joseph McPeake, Fredericton, who was a member of the 12th Battalion, and after transfer to another unit and wounded about ten days ago, will be brought back to Canada as soon as his condition will permit and be given the position of paymaster in the 236th (Killie) Battalion.

Jte. Jack Cullinan of the 115th arrived in the city yesterday on a short leave. Sergt. Wright of the headquarters staff arrived home from Valcartier yesterday.

Sergt. J. H. McDonald, Springhill, N. S., has been attached to headquarters staff. Sergt. McDonald has been across the pond and done his bit and is now recovering from wounds received while there. He went across with the 26th and was gassed and wounded last October at Loos.

Sergeant Wm. W. Dorman and Color Sergt. Holder of the 115th, who have been in the city on a couple of days furlough, left yesterday for Valcartier to rejoin their regiment.

Pte. John McMullin of the Fighting 26th will arrive in the city today on the Maritime Express.

Band Concert Tonight. Tonight at eight o'clock the Temple Band will give a concert in King Square.

Four Drunks Arrested. Four prisoners were arrested last evening for being drunk. Policemen Gibbs and Armstrong arrested a man and a woman found lying drunk on the railway tracks at the east end of Laine street last night about ten o'clock.

Military Clothing Found. Police Constable Ross yesterday found a pile of military clothing in the cant house at 148 Brunells street. The clothing consisted of two hats, one pair trousers, two tunics and one belt. The house was last occupied by Richard Joyce. The clothing was left at police headquarters.

Picnic Yesterday. The annual picnic of the Church of the Good Shepherd was held yesterday, a most enjoyable time being spent at Westfield Beach. The usual games were played and sports held, the picnickers returning early in the evening.

Death of Little One. The many friends of Capt. Ralph and Mrs. Robertson will sympathize with them in the death of their youngest son, Alexander McDonald, which occurred at 223 Douglas Avenue yesterday. Capt. Robertson, who is paymaster of the 104th, is with his battalion in England.

Wholesale Grocers to Meet. Several members of the N. B. Wholesale Grocers' Guild left yesterday morning for Digby to attend the annual meeting of the guild. Among those leaving here were A. H. Wetmore, F. B. Schofield, W. C. Cross, Clarence de Forest, Thomas Gorman, Wilfred Barlow, J. Hunter White and R. G. Schofield.

Will Raise Fund for Pipes. Mrs. E. Atherton Smith, always foremost in every good work, is going to undertake the task of raising a fund for the purpose of buying pipes for the 236th New Brunswick Killie Battalion. Mrs. Smith is particularly interested in the Killies as she is of Scotch descent herself, being a member of the MacPhersons, a lineal descendant of Cluny MacPherson.

Word From Captain Keeffe. The many friends of Capt. George Keeffe will be glad to learn that his father, John Keeffe, received a cable yesterday from Col. Murray MacLaren that his wounds were not serious. The cable stated that he was wounded in the right arm and back, and while the wounds would be slow in healing there was no danger and he was making favorable progress.

Hampton Lad Wounded. Word was received by Mrs. McCarron of Hampton yesterday afternoon from Ottawa that her son, Edward J. McCarron, had been seriously wounded in the face and had been admitted to hospital at Boleslogne on July 9. Pte. McCarron enlisted in one of the western battalions at Winnipeg and has been at the front for some time.

115th Band Concert. About the last chance that the citizens of St. John will have to hear the 115th Regimental Band will be at a concert which is to be rendered on the King Edward stand this afternoon between three and five o'clock. Under the direction of Bandmaster Perkins, the 115th is rated as one of the best bands at Camp Valcartier. The members of the band are mostly St. John men and they are taking this opportunity of delighting their fellow citizens with a concert while they are in the city on a short furlough.

Gundry is showing a particularly nice lot of Cameos. Cameos are as fashionable as ever and are in even greater demand. Brooches, Rings, Bar Pins, and Pendants. All New Goods. Unmounted Cameos in stock mounted to your order. This is a growing trade. We mount all kinds of stones in any style selected. 79 King street.
