Historical Sketch.

ACADIA COLLEGE was founded by the Nova Scotia Baptist Education Society in 1838. In the following year application was made to the Nova Scotia House of Assembly for a Charter of Incorporation with the title: "The Trustees, Governors and Fellows of the Queen's College." An Act creating such a corporation with the powers of a University was passed in 1840. At the next meeting of the Legislature, this Act was amended by changing the name to Acadia College.

In 1851 the power of appointing the Governors was transferred from the Education Society to the Baptist Convention of the Maritime Provinces. The developments of succeeding years made it necessary that various amendments to the original Charter should be obtained. In order to avoid confusion and bring the Act of Incorporation into more complete harmony with existing conditions, a general revision and consolidation of the different Acts relating to the College was proposed by the Board of Governors. The Report of the Committee of the Board having been adopted by the Governors, was referred to the Convention. That body, at its meeting in Yarmouth in August, 1891, after suggesting some modifications, approved the report and instructed the Governors to apply to the Parliament of Nova Scotia for the necessary legislation. Accordingly a bill embodying the proposed alterations was passed by the two Houses at the Session of 1891, and received the signature of the Lieutenant-Governor on the 19th of May in the same year. A copy of the Revised Charter is appended.

An Act Respecting Acadia University.

(PASSED MAY 19TH, 1861.)

Be it enacted by the Governor, Council and Assembly, as follows:—

1. The persons now holding the offices of President and Governors respectively of Acadia College, and their successors in office, and six additional governors and their successors in office, shall be designated the Board of Governors, and they are hereby constituted a body corporate under the name of the Governors of Acadia University, with perpetual succession and a common seal, with power to break, alter and change the same at pleasure, and by that name may sue and be sued, implead and be impleaded, and be able and capable in law to take, purchase and hold any personal property whatsoever; and shall also be able and capable to take, purchase and hold to them and their successors not only all such lands, buildings, hereditaments and premises as may from time to time be used or occupied for the purposes of the said University, and of Horton Collegiate Academy and Acadia Seminary, and of any other preparatory or academies or other department, and for residences of the president, professors, principals, tutors; students and officers of said university, academy and seminary, but also any other lands, buildings, hereditaments and premises, provided such lands, buildings, hereditaments and premises shall not exceed in value eight hundred thousand dollars, any law or statute to the contrary notwithstanding; and to accept on behalf of said university or any departments thereof, and on behalf of said academy and seminary, and of any other preparatory or academical or other department, any gifts, devises or bequests of any property real or personal, and to assume and execute any trust which may accompany such devises, gifts or bequests; and they and their successors shall be able and capable in law to grant, demise, alien, lease, or otherwise dispose of all or any of the property, real or personal, at any time belonging to said university, and to invest the proceeds thereof upon such securities or in such way as shall seem best to said Board of Governors, and also to do all other matters and things incidental or appertaining to such body corporate.

2. All the real and personal property, rights, easements, privileges and immunities of every nature or kind whatsoever, which are now held, occupied and enjoyed by the trustees, governors and fellows of Acadia College or by any person in trust for them or in their behalf, or by this act vested in the corporation hereby constituted, subject to all trusts, attaching thereto respectively, and all leases and contracts made by or with the trustees, governors and fellows of Acadia College, shall be dealt with in all respects as if the same had been made by and with the corpora-

3. The said governors of Acadia University shall be entitled to receive and hold gifts, devises and bequests already made or hereafter coming into effect by any person or persons, to or for the benefit of Acadia College, Horton Collegiate Academy and Acadia Seminary or any or either of them, or to or for the trustees, governors and fellows of Acadia College as fully and effectually as if the said corporation or university was named in such gifts, devises or bequests instead of Acadia College, Horton Collegiate Academy, Acadia Seminary, trustees, governors and fellows of Acadia College or any or either of them, subject, however, to all the trusts in such gifts, devises and bequests provided, and shall have power and authority to sue for and recover all damages arising from any cause which the trustees, governors and fellows of Acadia College would have been entitled to recover but for the passing of this act, all debts, damages or demands due or accruing or arising upon any bond, covenant, contract or agreement made to or with the trustees, governors and fellows of Acadia College, and all persons shall have the power, any statute to the contrary notwithstanding, at any time to grant, devise, bequeath or convey by deed, will or otherwise, any real or personal property to the corporation hereby created, either for the purposes of the university generally or any department thereof, now or hereafter to be established, or for Horton Collegiate Academy or Acadia Seminary, or any other preparatory or academical or other department, or otherwise as may be provided by such grant, devise, bequest or conveyance.

4. All legal or other proceedings heretofore taken by or against the trustees, governors and fellows of Acadia College, may be continued under the same name or style of cause in which they have been instituted.

Those now holding the office of governors of Acadia College shall be entitled to continue governors of Acadia University for the respective periods of their appointment, subject to the rules and regulations of said convention, and their successors in office, and the said six additional governors and their successors shall be appointed by said convention at such time and for such periods, and subject to such rules and regulations touching their appointment and removal as shall from time to time be adopted by said convention.

11. Seven governors, or such larger number as the board may fix, shall constitute a quorum of the board, and all questions shall be decided by a majority of the members present at the meeting of the board.

12. The Board of Governors shall appoint a body to be known as the Senate, to consist of the president of the university, and of such other persons not being governors as the said board shall appoint, whose duty it shall be to advise the board from time to time upon all matters concerning the system and course of education pursued in said university, academy and seminary, and the examination of all departments thereof, and concerning the courses of study and the qualification for degrees, and the granting of the same, and concerning the establishment of additional branches of instruction, and the appointment of the professors, and generally concerning all matters relating to the literary welfare of said university, academy and seminary, which shall from time to time be committed to said Senate for their advice and recommendation or action, who shall report to said board at such times as may be determined by the board. The present members of the Senate of Acadia College, except those who are or may be hereafter appointed governors of the said university, shall be members of the Senate under this act for the unexpired portion of the time for which they were respectively appointed. The Associated Alumni of said university shall have the right to nominate one-third of the members of such Senate.

13. The Board of Governors may appoint the members of the Senate for such period as they shall deem best, and may remove them on account of non-residence within the bounds of said Convention, non-attendance at meetings of the Senate, or for any other cause which they shall deem sufficient.

14. The proprietors of scholarships of Acadia College shall henceforth be deemed and taken to be proprietors of scholarships of Acadia University, with the same rights and privileges, and subject to the same conditions as were attached thereto previous to the time of the passing of this act.

15. All acts and parts of acts of this Legislature, in so far as they are inconsistent with this act, are hereby repealed.

Graduates of Horton Collegiate Academy, of the Union Baptist Seminary of New Brunswick, and of approved High Schools, upon presentation of certificates that they have completed the studies prescribed for matriculation, and passed satisfactory examinations thereon, may be admitted by passing the examination in English, from which no candidate for admission to the Freshman Class will be excused.

The holder of a certificate or license required of teachers of the Grade B class in Nova Scotia, or Class I. in New Brunswick, will be exempted from examination in History, Geography, and Mathematics.

The holder of a New Brunswick teacher's license of the Superior School Class may be admitted to the Sophomore year by passing satisfactory examinations on the subjects of the Freshman year not included in the requirements for said license.

The holders of a Nova Scotia Grade A license, or of a New Brunswick license of the Grammar School class, may be admitted to the Sophomore year without examination.

Students desiring to enter upon the full Course, or to take general studies, should report themselves to the President for registration on the day before the opening of the College. A fee of one dollar is charged for registration, and an additional fee of one dollar for matriculation.

Applicants for admission must be at least sixteen years of age, and must present a certificate of good moral character.

Courses of Instruction.

Courses of Study for the Degree of Bachelor of Arts.

The subjects of the Undergraduate Course form a system of prescribed and elective study. The subjects of the first two years have been selected mainly for their disciplinary value, and with the exception that a choice is offered between Greek and French, are strictly prescribed. In the last two years the element of personal choice is more freely introduced, the prescribed studies occupying in the Junior year seven of the sixteen hours of instruction each week, and in the Senior year four of the thirteen hours.

In addition to the regular class instruction, Honor courses have been arranged for the advantage of students who may be able to do more than the ordinary assignments of their classes. These are open at the beginning of the Junior year to those undergraduates who have made during the first two years an average of not less than seventy-five per cent of the available marks. The course of study selected must be continued during the Junior and Senior years, when the successful student will be graduated with Honors in the department chosen.

Any student failing to complete the work required for graduation with Honors shall be entitled to receive from the Professor of the Department a certificate for the part of the course successfully accomplished, provided he shall have continued the study during at least one year.

Any undergraduate, having not lower than second-class standing, may, by vote of the Faculty, be permitted to give special attention to a particular study, and in case his attainments justify it, he may receive a certificate from the Professor of the Department.

Senior Class.

DIFFERENTIAL AND INTEGRAL CALCULUS. Advanced Course. Byerly's Differential Calculus; Byerly's Integral Calculus. *Three hours a week.*

HONOR COURSE. Portions of the Integral Calculus not discussed in the regular class. Differential Equations. (Johnson's Treatise on Differential Equations.)

VII.—PHYSICS AND ASTRONOMY.**Sophomore Class.**

GENERAL PHYSICS. The instruction includes lectures with experimental demonstrations, oral and written recitations. The first half year is devoted to elementary dynamics, the properties of solid and fluid bodies, sound and heat; the second half year, to light, electricity and magnetism. Students are expected to read in connection with the lectures Balfour Stewart's Lessons in Elementary Physics. *Three hours a week.*

Junior Class.

The subjects studied in this class are those prescribed for the first year's class, but they are treated in a less elementary manner. In 1898-99 selections will be made from the following:—

Elementary Treatise on Dynamics, Loney; The Theory of Heat, Maxwell; The Theory of Electricity, Cumming. *Three hours a week.*

HONOR COURSE. Sound and Music, Taylor; The Theory of Light, Preston.

Senior Class.

PRACTICAL PHYSICS. A series of measurements in the laboratory, together with lectures on the methods and principles involved. The first half year is devoted to the study of general physical processes and the remainder of the year to the determination of such physical constants as specific heat, electromotive force, electrical resistance, etc. The manuals of Sabine and of Stewart and Gee are used. A fee of five dollars is charged for the course. *Six hours a week.*

General Statement Respecting Theology.

For several years past it has been the purpose of the Board of Governors to provide a course of theological instruction, as soon as the finances of the University should make it practicable. The course in contemplation during these years has appeared upon the pages of the Calendar, under the title: Course for the Degree of Bachelor of Theology.

It should now to be stated that the bequest of the late Godfrey P. Payzant, Esq., of Windsor, N. S., has made the actual teaching of Theology a possibility of the near future. For sufficient reasons, however, no *course* in Theology will be inaugurated during the current college year, and no definite announcement can at present be made respecting courses which may be adopted later on.

During the current year it is expected that the President, who was appointed as a Professor of Theology, will give some provisional theological instruction to ministerial students pursuing the Arts course, the particulars of which will be announced in due time before the opening of the College in October.

The Payzant Beneficiary Fund for students of Theology will become available whenever theological instruction shall have begun, under such regulations as the Board of Governors shall provide.

General Students.

The studies of the College are arranged with reference to the wants of students who intend to take the full course. Provision is also made to accommodate all who may wish to study for a short period in any department, if, after examination, they are found to be prepared to work with the regular classes. The studies selected by general students must in respect to number and character be approved by the Faculty. General students, on leaving the College, can have certificates of proficiency according to their attainments.

Examinations and Standing.

1. Candidates for the degree of B. A. must complete their matriculation before they can enter upon the studies of the Sophomore year.
2. Before a candidate for the degree of B. A. can enter upon the studies of the Junior year he must pass any supplementary or special examinations that may be due from him on the work of the Freshman year. Also any examinations due on the Sophomore year must be passed before such candidate can enter upon the work of the Senior year.
3. If a candidate for the degree of B. A. fails in any one subject of the final examinations of the Senior year, the Senate may, at its discretion, instruct the Faculty to grant the degree to such student whenever he shall have passed the necessary examination. If, in the final examinations of the Senior year, a student shall fail in two subjects, he must take the subjects of the last half of the Senior year again.

At the end of each session all the classes will be examined on the studies of the session. These examinations will be conducted

for the most part by written papers ; but oral examinations will be introduced at the discretion of the Faculty. The results of these examinations will be combined with the record of the daily exercises to determine the standing of the student. An average of 75 per cent of the maximum must be made to admit a student to first-class standing. In addition to these regular examinations the Faculty may, at their discretion, require special examinations of any class or member of a class upon any subject included in the course of study.

A special examination in English will be held at the close of the first term of the Freshman year, the results of which will be averaged with the marks for the other subjects in determining the student's standing for the term.

A similar examination of a more advanced character will be held at the close of the first term of the Sophomore year.

The members of the Junior Class will be required to present two essays in each term, the average marks of which shall be entered as representing one subject in the record of the second term.

The members of the Senior Class will be required to present three essays during the year, the average marks of which shall be entered as representing one subject in the record of the second term.

Supplementary examinations will be held at the opening of each College year on a day named in the Calendar. Any student who, at the close of the examinations, shall be deficient in more than one of the subjects of the previous part of his course, will not be permitted to enter upon the studies of the year.

In order to maintain standing, a student must make 45 per cent in each subject taken, both in term work and examinations. Absence from class exercises will affect the student's standing.

At the close of each session the standing of each student will be reported to his parent or guardian, if desired.

Course of Study for the Degree of M. A.

The degree of Master of Arts will be granted according to the following regulations passed by the Senate at its meeting in June, 1892 :

1. That the M. A. Degree be given only after the candidate has passed a satisfactory test in a prescribed course of study.
2. That such course of study be equivalent to a full year's course of advanced study ; i. e., something more in quantity and higher in quality than the requirements of the Senior year.
3. That the assignments be arranged so as to secure a large acquaintance with some one subject, rather than a slight acquaintance with several.
4. That the manner of testing be, by written examinations, by the presentation of a thesis on some assigned subject, and by the preparation of a critique or review of some author included in the course selected.
5. That the thesis and critique be placed in the hands of the President on or before the first day of April, and the returns from the last examinations be in his hands before the tenth day of May of the year in which the degree is to be conferred.

A full course is required for this degree ; but the applicant is at liberty to choose any two half courses.

The times for examinations on these studies will be determined by the Professor under whose direction the course is taken.

Museum.

The Science Rooms are provided with sufficient apparatus for a wide range of experiments in Chemistry and Physics. Considerable material has also been collected to illustrate studies in the department of Biology. The Museum is furnished with collections from various parts of the world, illustrative of the departments of Geology, Mineralogy and Botany.

Scholarships in the Endowment Fund.

The Governors hold a few Scholarships, which can be assigned to needy and deserving students, subject to the following regulation:—

“The Scholarships owned by the University shall not be granted for a longer period than one year, and only on a written application to the Scholarship Committee, through the President, before the 10th of October in each year.”

A certificate from a Scholarship-holder, accompanied by satisfactory evidence that such Scholarship-holder is legally qualified to grant the use of the Scholarship, may be presented to the President, to be forwarded to the Committee on Scholarships; and if such certificate is satisfactory, the student presenting the same will be credited with the proper sum on account of the Scholarship. All certificates from Scholarship-holders granting to students the privileges of Scholarships, must be in the hands of the President of the University before the 10th of October of each year.

The DeWolfe Scholarships.

There are seven of these Scholarships.—two of the value of \$30.00 a year, four of \$25.00, and one of \$20.00. The nomination to these Scholarships, which, by the terms of the bequest, can be granted only to male students, will be determined by the Senate, according to the class-standing, needs and general conduct of the applicants.

The Ralph Manning Scholarship.

This Scholarship is awarded subject to conditions determined by the donor, Rev. J. W. Manning.

Ministerial Education Fund.

Students who have the Christian Ministry in view, and are approved by the churches of which they are members, may, in case assistance is needed, receive an annual appropriation from the Board of Ministerial Education.

Special Regulation Respecting Aids.

In the distribution of the financial aids at the disposal of the University, the Board have adopted the principle that needy and deserving students resident in Chipman Hall shall be granted priority of claim.

Regulations Respecting Conduct.

Special rules concerning conduct and good order will be announced from time to time as circumstances may require. It is assumed that students are in attendance for the purpose of intellectual and moral improvement, and that they will readily comply with all regulations that, in the judgment of the Faculty, are helpful in the accomplishment of this object. Inattention to study or misbehaviour of any kind will subject the offender to reproof or suspension at the discretion of the Faculty.

General Regulations.

The financial year of the University dates from the first of August.

The Academic year of the University opens on the Wednesday nearest the first of October and ends on the first Wednesday in June.

The Junior Exhibition is held in December, at which time orations prepared by members of the Class are delivered in a public assembly.

On the first Wednesday in June the anniversary of the College is commemorated, at which time the ceremonies connected with the graduation of students and the conferring of degrees are observed by the authorities of the University.

Societies.

Acadia Athenæum.

The object of this Society is the improvement of the students in debate and public speaking. The laws and regulations of the Society are subject to the approval of the Faculty. Besides its weekly meetings, arrangements are made for a course of Public Lectures during each College year. The Society has under its control a Reading Room furnished with a selection of newspapers, provincial and foreign, and other periodicals.

Acadia Amateur Athletic Association.

A large and convenient campus gives abundant opportunities for Athletic Games in the spring and autumn. There is also on the University grounds a large and well-equipped Gymnasium. From the first of November to the first of April, the students have regular gymnastic drill under the director of the Gymnasium. Experience has shown that this practice is highly conducive to the health of the students. In May of each year a public field day is held.

The Propylæum

is a Society composed of the young ladies in the Arts course. The meetings are held on Friday afternoon. The exercises consist of studies and discussions on assigned topics. Occasional public entertainments of a social and literary character are given by the Society.

College Young Men's Christian Association.

A branch of this Society has been formed and is in a flourishing condition. At present there are about ninety members. Addresses are delivered monthly before this Society by clergymen invited for

the purpose. The Executive Committee of this Association publishes, in the summer vacation of each year, a College Hand-book, containing a large amount of information that is useful to the students.

College Young Women's Christian Association.

A society bearing this name has been formed, and includes all the young women attending the University. In addition to regular meetings, a prayer service is held every Sunday morning of the College year.

Acadia Missionary Society.

This Society holds public monthly meetings. Its aim is to cultivate interest in Missionary work, and especially to gain information respecting Christian Missions in foreign lands.

Prayer Meetings and Sunday Services.

Prayer Meetings, conducted by the students, are regularly held on Sunday morning and on Wednesday evening throughout the College year. These religious meetings have been maintained ever since the founding of the College.

All students are required to be present at morning prayers, and also to attend public worship regularly on the Sabbath. Parents and guardians are requested to give instructions as to the place of worship which they wish the students under their care to attend. Religious services are held every Sabbath in the town in connection with the Baptists, Church of England, Methodists, and Presbyterians.

The aim of this Association is not only to bind together in kindly feeling and mutual interest all who have studied at Acadia, but also to render more certain the untiring devotion of all Alumni to the interests of the University. All graduates and former students of the University are cordially invited to become members and to aid in promoting the objects of the Association. The membership fee is one dollar per annum.

The deep interest which the members of the Association feel in the welfare of the University has of late assumed practical form in a scheme for the support and endowment of a Chair in the University. This Chair is known as the "Alumni Chair of Physics," and is filled by Professor F. R. Haley.

To further the purposes of the Association, a branch Society has been formed in New England, with its headquarters at Boston, Mass.

The rapidly increasing number of graduates from Acadia ought to be an ever enlarging source of support and strength to the University. It is growing more and more evident that the future well-being of Acadia must largely depend upon the efforts and generosity of her sons. Her ability to meet the growing demands of the times must be very nearly commensurate with the willingness of her sons to place at her disposal the means needed to insure such necessary advancement.

This Academy is under the control of the Governors of the University, and its Courses of Study will be determined by the University Senate. A special committee of the Senate is appointed to aid the Teachers in promoting the efficiency of the School. Provision is made for two courses of Study,—the College Preparatory and the English. The first is designed to give students a thorough preparation for College; the second provides a thorough elementary education for young men intending to enter some department of business. Special attention will be given to students wishing to study for the Grade B. License.

A commodious building has been erected for instruction in Manual Training. The department is now in successful operation.

Inquiries relating to expenses, and times of beginning and closing, may be addressed to the Principal, Wolfville, N. S.

The Seminary is under the direction of the Governors of the University. In its administration and classes, it is practically distinct from the other departments. A special committee of the Senate will co-operate with the Teachers in arranging the Courses of Study and determining the conditions of graduation.

Provision is made for three courses of study:—The Classical, the Literary and the Musical. A diploma bearing the seal of the University will be awarded to students completing one of these courses. The Seminary Building is situated on elevated ground and in view of the varied and attractive natural scenery of Grand Pre.

It is the purpose of the Governors to make the educational advantages of the School equal to the best in the Maritime Provinces.

The expenses are moderate.

For more particular information application may be addressed to the Principal, Wolfville, N. S.
