CAMPBELLTON, N. B.

**BEAVER BOARD**  
If you are building or going to complete some unfinished rooms, let us show you some colored samples. Illustrating the beautiful color effects obtained by using this sanitary and durable board for walls and ceilings in all classes of buildings.  
We carry a large stock in assorted sizes.

**MAIL ORDERS**  
We solicit out of town orders which receive our personal attention. The length of time taken to fill orders is governed very largely by how busy we are in the department of our factory in which the particular goods are made. While we have exceptional facilities for promptly turning out goods, it is important to place orders as far ahead as possible. Orders are filled by us in the rotation in which they are received, and customers can always depend on our doing everything in a to give prompt despatch.

**KING PAYS VISIT TO FIGHTING 26TH**  
Officer Writes Interesting Account of Visit—Men Viewed at Ordinary Work

Headquarters, 26th N. B. Battalion, France.  
To the Editor of The Graph:  
Dear Sir,—Herewith is an account of the recent visit of the king to our battalion as written by one of my officers.  
I am forwarding this to you as I am sure the people of Restigouche will be pleased to read of this visit through the medium of your paper.  
I remain,  
Yours very truly,  
A. E. G. McKENZIE, Lt.-Col.  
—O. C. 26th N. B. Battalion

The account follows:  
"On Monday the 14th of August was a red letter day in the history of the New Brunswick battalion.  
"Sometime during the morning the word came that the king was coming through our district, that he would watch an artillery shoot and then motor past our camp. Nothing of a formal nature, the notice read, must be done in the way of receiving him should he decide to inspect our lines. Of course the news spread to all ranks and many war worn garments received fond attention. It was a beautiful day, rather windy for Belgium, but a bracing sort of summer day. The old windmill threw its great red sails about industriously but not with more gusto than our men put into the various exercises and drills they were practicing. "Carry On" As For Eleven Months.  
"Orders had said to carry on with the usual work. We did. We had been carrying on with the 'usual work' for eleven months and knew how. So it was that as the king's car drove up along the parade, the men of the 26th Battalion were carrying on in their usual snappy style, every phase of infantry fighting was being practised on the parade ground. Lieut.-General Byng, the commander of the Canadian corps, the O.C.'s of the Canadian divisions and staff officers of many and high degrees were gathered at the corner of the field to receive his majesty. And so for many minutes before our royal visitor arrived our boys were the object of many expert and critical glances. They were also the object of many comments from this brilliant gathering and some of these remarks were overheard, and they were flattering indeed.  
"The car stopped and his majesty, accompanied by the Prince of Wales, General Sir Herbert Plummer and more staff alighted. He was first seen to shake hands with General Byng, then with Generals Turner, Currie and Lipsett, then we saw our O. C. being presented, saw the salute and the hand shake, and saw them start our way. "Proud and Happy Day" for Battalion.  
"So there was going to be an inspection of a Canadian battalion and we were that battalion. We were going to be inspected informally, by the King of England. It was a proud and happy day for the 26th New Brunswick Battalion. His majesty accompanied by General Byng and Lieut.-Colonel McKenzie went through our lines, went into the men's huts, watched up as we drilled on the parade ground. Of course despite orders against giving receptions, despite instructions to carry on in the usual way, there was a brief stop, only a short one while our fellows cheered till the welkin rang. Then they got right back to work and what his majesty saw, was as fine a lot of brawn and brains as ever made up a British regiment, saw some of them practising the handling of those great little Lewis guns, some looking like goblins in their grey masks were doing bayonet fighting, others practised rapid loading and unloading their rifles and a dozen other things that are all part of the day's work for modern infantry. He saw them put that swing, that snap, and ginger into their drills that they have so consistently put forth against the Boche, the stuff that has earned for them the name of 'The Fighting 26th.' A battalion that has stood four-square to everything that has come along—the bloody initiation at the Crater, October 13 last year, a long wet raw winter when the trenches practically crumbled away and the communication trenches ceased to be; that last week in March when the Hun pounded us with unerring aim and took heavy toll. Then came the stormy days in April when the St. Eloi trouble was on, when we put in extra long tours in the trenches and extra short periods out, when we rebuilt trenches under heavy steady fire from his big guns.  
"Hardest Test In Gunns.  
"But the battalion got its hardest test when it took over a piece of newly recaptured line on the evening of the 14th of June and endured practically a constant heavy bombardment for five days and as many nights when our casualties were a fourth of the number we took into the line. That time we took the 'come back' from the concen-

**RESTIGOUCHE PERCENT-AGE LOOKS VERY GOOD**  
Estimate of the Number Recruited in Each County Since Nov. 1915

It is estimated by Provincial military men that New Brunswick has contributed 20,000 men to the Empire. This includes men who have enlisted throughout the Dominion but natives of the province. The exact number recruited since the appointment of Major L. P. D. Tilley as chief recruiting officer for the province, on Nov. 4, 1915, is 8,826. This number is made up of all who have enlisted in any battalion, artillery, hospital unit or Army Service Corps. St. John, since Nov. 4th, 1915, has contributed 2,349, which is practically twice the number enlisted by the second on the list, Westmorland, which gave 1,314 men to the Empire.

York County comes third with 874, and Northumberland follows with 701. Madawaska has enlisted since the above date the smaller number of any of the counties, recruiting only 165 men. The list of the counties and the total number of men recruited for the month of August and from Nov. 4th up until the end of the same month follows:  
**County Recruiting Officer. Aug. Til.**  
St. John Captain F. F. May.....161 2349  
Kings J. D. McKenna..... 8 247  
Queens as Lieut. Col. W. H. Grey..... 28 242  
Charlotte Captain G. P. Ryder..... 28 499  
York J. J. McCaffrey..... 92 874  
Carleton T. C. L. Ketchum..... 18 613  
Victoria N. J. Wootten..... 3 403  
Madawaska Captain A. Lawson..... 3 165  
Restigouche A. McE. McDonald..... 11 677  
Gloucester J. B. Hachey..... 10 367  
Northumberland R. A. Murdoch..... 26 701  
Kent H. C. Fairbanks..... 1 185  
Westmorland Major J. W. S. Black..... 3 1314  
Albert F. M. Thompson..... 10 190  
Total..... 8826  
A resident has figured out the percentages for the different electoral districts as given in the last census and the results are as follows:—  
St. John, 9  
Restigouche, 8  
York, 5.5  
Carleton, 4.7  
Westmorland, 4.6  
Charlotte, 4.3  
Northumberland, 3.7  
Victoria, Madawaska, 2.8  
Albert, 2.8  
Kings, 2.7  
Queens—Sunbury, 2.2  
Gloucester, 1.4  
Kent, 1.4  
This is for the past year. Previous to this however, Restigouche had sent a large number of men over with the 12th, 26th and 56th Battalions and other Corps. It is estimated that over 1200 men have gone from this county.

trated artillery that had worked such havoc during the third battle of Ypres. No wonder we felt proud and happy that fine day when the king inspected us, and when he chatted with some of our men, asked them questions, and looked carefully at their sleeping and eating quarters. Then the boys felt that fighting for the king really meant something after all.  
"And now we have come to the stage of the 'old-timer' but not as fed up as some of Bairnsfather's characters though just as callous, just as ready to start 'something' or to take on 'anything'.  
"Two interesting things have been done lately, first was the raid carried out so successfully by Lieut. Winter, Sergt.-Major Gunn and a party, a thing that for sheer nerve and daring would be hard to equal, but of that you know. The other was a fine stand up fight that a party of our people had with a trench full of Hunns. That time our party had little cover to hide them and they were seen. The enemy lined the parapet and opened up on our boys with everything he had, and our fellows were all gone and them retired to our own lines, peppering the Hunns with a Lewis gun. Everyone got back safe while many of the enemy were known to have been put out of business. It was a great scrap with the Germans fighting behind their strong parapet while our boys stood out in the open in 'No Man's Land.' As one of them said when he dropped over the parapet to safety: 'Gee, but that was sure a fine party.'

**THE GATHERING OF THE SCOTTISH CLANS**  
Grand Spectacle Planned for Monday Evening—Arrangements for Restigouche

Every preparation for the opening of the recruiting campaign for the N. B. Klities, has been completed and it is expected New Brunswick will be fired with Scottish enthusiasm as never before.  
This is a Scotch Regiment—a Scotch Highland Regiment—why then should we not go back into Scottish History for our methods of calling to the colors the sons of New Brunswick who may have a drop of Scotland's blood in their veins?  
There will be fifteen meetings in the Province on Monday night, which meetings shall be addressed by fifteen of the most prominent speakers in Canada, also by fifteen returned soldiers who have come limping back to take their places in the Klities.  
Fifteen of the highest peaks in the Province have been topped by trestles upon which have been piled fagots and oil barrels ready for the torch.  
At eight o'clock on the night set, just as the chairman at each of the fifteen meetings rises to announce the beginning of the campaign in his district the pile will be fired and the sky shall blaze forth in the red call of war, and there shall be neither man, woman or child in this province, who standing on the door-step of their home, whether it be in city street, country homestead or silent lumber camp, gazing at the sky can see there the reflection of one of these fires of Creigh-gowan Height."

Fifteen little girls in MacLean tartan one at each meeting will step to the front of each of the fifteen platforms and recite "Light, light the fire on Creigh-gowan Height." Out from the meeting there, shall go either by auto or motor-cycle a man with a flaming torch shaped like the Cross of St. Andrew, which shall be carried blazing through the roadways of the Province from shire town to shire town. Re-lays shall be arranged so that all the districts shall be covered and a circle of the Province shall be made from Fredericton to Woodstock to Andover to Edmundston to Campbellton to Dalhousie to Newcastle to Richibucto to Dorchester to Hillsboro to Hampton to St. John to St. Andrews to Gagetown to Oromocto to Fredericton.  
Just a little way from each centre the auto will be met by a man on horseback who will carry the torch to the place of meeting. The horse, very likely, as in the case of horses of old, will fall from fatigue near the scene of the meeting and the rider dressed in the tartan of the Clan MacLean, with streaming locks and blanch cheeks and flashing eyes, carrying the lighted torch will dash through the assembled crowd and cast it at the feet of the speaker, who pausing in his utterance will hand it to another MacLean-clad warrior who will race with it on its way to the next shire town.  
At each meeting there will be a pip-er who with his MacPherson pipes will

**132ND NORTH SHORE BATTALION TO SUSSEX**  
Orders Issued to Proceed to Quarters There.—Protests Being Sent

Word was received here this week that the 132nd Battalion, instead of proceeding overseas as was expected, have been ordered to proceed to Sussex to go into barracks there.  
Letters and telegrams of protest have been forwarded to the department as it is felt that this Battalion is fit to proceed overseas. If kept here longer it will injure recruiting.  
The Chatham World thus states the case:—  
"The sending of the 132nd to Sussex may mean only that it is necessary to make room at Valcartier for others, and that the corps goes to Sussex for a temporary stay only, or it may mean that it is to pass the winter there. The Acting Minister of Militia says he doesn't know, and we infer from this that nobody knows. We know, however, that the policy of delay and uncertainty, of which this is a sample, is bad for recruiting. The battalion has been raised for the war, it has been drilling a long time and has attained a high state of efficiency, and, if more men are needed for overseas service, it should be sent to England. If not, discharge them and let them go. We are not in need of an army in Canada.  
The detention of battalions in Canada, long after they have been drilled into efficient military units, will necessarily kill recruiting in Canada, for who wants to spend a year or more at home after volunteering to fight the Hunns, and who will aid in the work of recruiting when there are already more men in camp than the authorities have any use for?"  
And if the men of the North Shore battalion are to be detained in Canada all winter, let them be sent back to the North Shore and not to Sussex. Chatham can readily provide quarters for the whole battalion."

**THURSDAY BULLETIN**  
Russians delivering sledge hammer blows along eastern front. Local successes for Russians conceded in Carpathians by Teutonic allies.  
Roumanians thrown back in Transylvania; holding their own in Dobrudja.  
Bulgars hard pressed on Grecian border.  
Powerful counter attacks by Germans against French in neighborhood of Friez Farm and were beaten back.  
send into the hills and doles, the highways and by-ways, the field and the forest the stirring pibroch call to arms! Who will resist it, who will not be stirred, what laggard will wait and refuse to answer when the Klities call? The Campbellton meeting will likely be held, if it is fine, at the vacant lot near the Alexander store, Water Street.

**GLORIOUS SHARE TAKEN BY DOMINION TROOPS**

They Captured Famous Danube Redoubt and Won Special Praise from Gen. Sir Douglas Haig Himself.—Also Took the Mouquet Farm. Stirring Story.

London, Sept. 18.—"In again, out again, again, the Canadian brigades have been, and are still, putting up the fight of their lives.

To their credit lies the capture of Mouquet Farm and the strong redoubt the enemy had constructed and which they thought impregnable, called in Gen. Haig's despatch "the Danube Redoubt."

A small share goes to them also for the carrying of Courcellette.

We have lost heavily, but nothing in comparison to the Germans, and the losses are really reasonable when the importance of the gains is considered.

The largest estimate of casualties which Canadian staff officers on leave have ventured is under the total of June last.

There is to be written on the credit side the most glorious history the Canadians have yet achieved in Armageddon, but there are again no Canadian correspondents to chronicle events. We still sit kicking our heels in London.

Praised by General Haig. "You have done splendidly, gloriously. You have taken the objective you started for and have enabled a great operation to be carried out successfully," was the Commander-in-Chief's tribute to the gallant battalions of chivalry, battered, weary, happy men that were marching out to a well-earned rest.

The Scottish from Montreal and Toronto, too, were sent special messages of praise from General Headquarters. I wish I could mention the battalions and brigades which took part in that great series of charges which was followed by the capture of Courcellette. It will rank greater in Canadian history than the famous counter-attack on the wood when the guns were won back at Ypres. Some of the men who took part then were in this also.

A Montreal Major, who has returned on leave this morning, tells me a graphic story.

"An Ontario battalion had been warned to expect a strong attack," he said. "That night active British air-men had seen concentrations of troops and all preparations before the light failed.

"Our advanced patrols, stronger than usual, soon met the Wertheimburgers and held them at bay until our first line of attack was over what was dignified by the name of a parapet and overwhelmed the German patrols.

"Some of the enemy came out of their front trenches with a rush. They were brave men and we found later that they were picked specially for the desperate advantage which they hoped would drive us back and protect Thiépval.

"When we reached the trench we caught hundreds in the act of putting on equipment and we managed to bomb a few and demoralize them, but then we had to go on and leave them for our supports.

"It was just after this that we caught the first sight of our land dreadnoughts. "We got into difficult ground behind the Germans' second line and were losing men from enfilading machine gun fire, which came, we knew, from a ruined factory.

"Some of our men had started to work round it when runners came up and warned us not to oppose or impede the track of the new machines.

"It was just dawn. Both the moon and the first rays of the sun were giving an uncertain light when three ghostly lumbering things came by us. They seemed to know exactly what to

**THE TONIC THAT BRINGS HEALTH**

"Fruit-a-lives" Builds Up The Whole System

Those who take "Fruit-a-lives" for the first time, are often astonished at the way it builds them up and makes them feel better all over. They may be taking "Fruit-a-lives" for some specific disease, as Constipation, Indigestion, Chronic Headaches or Neuralgia, Kidney or Bladder Trouble, Rheumatism or Pain in the Back. And they find when "Fruit-a-lives" has cured the disease, that they feel better and stronger in every way. This is due to the wonderful tonic properties of these famous tablets, made from fruit juices. 50c. a box, 6 for \$2.50, trial size, 25c. At all dealers or sent postpaid by Fruit-a-lives Limited, Ottawa.

**KIPPLE-GERAGHTY**

A very pretty wedding took place in St. Ann's Church, Restigouche, P. Q., at 10.30 a. m. Thursday, September 14th, when Miss Lucy, second daughter of Mr. and Mrs. Matthew Geraghty was united in marriage to Michael Edward Kipple of Keene, N. H.

The church was prettily decorated for the occasion with potted plants and ferns. The ceremony was performed by Rev. Father Ferdinand. The bride looked charming in a gown of white Georgette crepe over satin, with pearl trimmings, with large picture hat, and carried a bouquet of white roses and maiden hair fern. Miss Elizabeth Geraghty, sister of the bride, attended as bridesmaid. She wore a gown of blue silk, with black hat, and carried pink roses and maiden hair fern. Mr. Augustine Geraghty, cousin of the bride, assisted as best man.

The wedding march was played by Mr. A. Arseneau, and during the Nuptial Mass Misses Annie and Cecilia Geraghty rendered some very appropriate hymns. After the ceremony the bridal party repaired to the home of the bride, where a sumptuous repast was served.

The bride graduated from the Elliot City Hospital training school, Keene, N. H., in 1912, and is very popular here. She was the recipient of numerous gifts from her large circle of friends. After an extended trip in Quebec and Montreal, the happy couple will reside in Keene, N. H.

Their many friends extend to them their best wishes for a happy wedded life.

A story is being told in the London clubs about the one and only G.B.S. Shaw drew up, with his usual ingenuity, three possible lines of defence for Sir Roger Casement. One of these was based on the plea of insanity. When Casement saw the manuscript he rejected it at once as quite out of the question. "No, no," he said. "Shaw must have thought he was writing his own defence."

do and charged straight at the pile of bricks which represented the factory. "Our men cheered them like blazes. Two of them rolled over to one side of the position and started firing with shells when out came about fifty Huns running for all they were worth and yelling 'we surrender!'"

"We let them run as long as they held up their hands, and went on into their positions, where we found five machine guns and plenty of ammunition which came in handy. They had been so upset at the appearance of these prehistoric monsters that they didn't attempt to destroy the guns.

"We fought from this position all day long. Then, about seven at night, came the welcome news that Courcellette was taken and we were relieved."

**A PRINCESS PAT'S STORY**  
Of the hundreds of thrilling stories which can be told, one is that of a Princess Pat officer who found himself in front of Mouquet Farm, which was a formidable post in which the Huns laced great stock.

My informant says: "Two companies and a certain battalion of the Canadian Mounted Rifles rushed out of the trench and disappeared. Before we knew whether they had all been killed or had gained some advantageous spot, two other companies were sent over to follow. They rushed over the uneven ground which was swept by the machine guns that had escaped the murderous fire of our artillery, poured on the German front line, and caught up with the others sheltering in a series of shallow ditches connected by ditches two or three feet deep, evidently some advanced work that the Germans had been doing the previous night.

"It was a relief when the signal came back that the first party was safe. Four times the men attempted to rush the German parapet about seventy yards away, but withering fire threw them back until, desperately fighting with bomb and bayonet, they gained a foothold in two bays.

"Then the three forces went over and even beyond the Mouquet Farm. There was a long tunnel arrangement that had been constructed a century ago of which we knew for the owner of the place was a refugee at Albert and had described it to us.

"We waited for the Huns to retreat through this and caught batches of sizes and seven. Most of them surrendered.

**CAMPBELLTON BOUND BARQUE LOST AT SEA**

Captain and Twelve of Crew Have Awful Experience. Rescued by British Transport

North Sydney, C. B.—After one of the most tortuous journeys occupying fifty days on the ocean, Captain John Mettson, of the Danish bark Norden, arrived here with his crew of twelve men on board one of the British transports, which arrived at North Sydney, C.B., at 2.30 o'clock Saturday morning. His vessel being a victim of a hurricane, and now probably on the bottom of the ocean in mid-Atlantic.

The Norden left Helsingborg, Sweden, on 21st of July, bound for Campbellton, N. B., for a cargo of lumber. Shortly after leaving port the vessel encountered bad weather, but it was not until the 23rd day of August that a real hurricane, or succession of hurricanes, was experienced. So violent were the seas that the men were compelled to take to the mizzen rigging, after one of her masts was torn out.

For days the same conditions existed, the vessel at times almost turning over. However, the men worked as only men will work when their very lives are at stake, and without being able to procure a decent meal they took turns at the pumps, some of the crew going without sleep for a period of thirty and forty hours.

Believing that with the easterly wind that prevailed at the time he could in some way reach the Newfoundland coast, Capt. Mettson encouraged his men to stick to the pumps, and they did so with a will. Then the life boat was snapped away by a giant comb, which nearly carried half the crew with it. This was followed by the other spar going, and the vessel became entirely at the mercy of the wind and sea. By this time the pale spring up from the west, and the captain turned his hopes to the twenty-three-year-old craft reaching the English shore.

But his hopes were soon banished, and on the 20th of August, with hardly any food on board, the vessel and with the twelve men and their captain in an exhausted condition, they waited the end from their places in the mizzen rigging. The vessel could not longer stand the strain of the terrible seas that shivered her feeble planks, while the spars that were periodically smashed against her sides by the violence of the storm, started her seams and punched holes in her sides. All night of the 29th they waited what looked like certain death, and even when dawn broke the following morning the sea was as turbulent as ever with no chances of its lessening in force. And not a solitary sail was visible on the horizon. It was a terrible day, the 30th of August, and as night approached some of the crew were on the verge of giving up. Thursday was repetition of the three days and nights, but when dawn broke Friday morning, the first of September, the men could scarcely believe their eyes when they saw coming close down upon them the British transport Quantack, bound to this port. With considerable difficulty Capt. Mettson and his crew of twelve men were taken on board the big transport, where every comfort and attention was shown them by the officers of the ship, and they were landed here Saturday morning at 2.30 o'clock.

The Norden was a ship of 374 tons net, 23 years old, and was owned by K. G. Dahlblom, of Westgata Marihamn, Finland. She was insured against being torpedoed or seizure by then enemy, or as being posted missing for \$17,500, but no marine risk, so that she will be a total loss to her owner.

It was seen hobbling down a flight of steps, slashed and torn to shreds. Barely enough was left to hold the shreds together. It was a pitiable sight. So curiosity was aroused. "What are you?" it was asked, "and how came you in such horrible condition?" "I am a reputation," the wreck replied, "and I have just been released from a female bridge whist party."

**FREDERICTON RECRUITS**  
Two recruits enlisted at Fredericton on Tuesday, Malcolm M. Camp and J. Parker Camp, of Mauderville, being sworn as members of field ambulance. The two recruits are brothers. They are sons of Dr. Geo. R. Camp of Mauderville and nephews of Rev. W. Camp.

**CHILDREN'S DAY**  
In response to an appeal from the Governor General, for a Children's Day on behalf of the stricken children of Belgium, the Board of Education has ordered that Wednesday, Nov. 15th, be observed in New Brunswick for that purpose, and be a holiday in all schools that report its observance by concerts, sports or other entertainments, the proceeds of which are contributed for the relief of Belgian children.

**ANOTHER SHIPMENT**  
The next shipment of the Soldiers' Comforts Association will be made on Friday, September 29th. As this is the shipment which contains the Christmas boxes for our boys in the trenches, will all who have boxes to send, have them at Mrs. Max Mowat's home by the 28th. Each parcel not to contain over 4 lbs. weight and wrapped or sewn in cotton.

**SOLDIERS XMAS BOXES**  
Do you not think our boys in the trenches, deserve a Xmas box? Show your appreciation of their work by putting what you can spare in the little envelope, which will be left in your homes Saturday to be called for Monday. The money thus collected goes to the making of a Happy Xmas for the boys.

**MOOSE AT BATHURST**  
An unusual sight was seen on Monday at the store of Doucet Bros. near the I. C. R. station, when a young bull moose not more than four or five months old was captured. The animal had evidently become frightened by the trains and had run along the track until it reached the station, where becoming exhausted it was easily caught. After it had become rested its captors set it at liberty, again—Bathurst Light.

**A WORTHY OBJECT**  
The ladies of the Soldiers' Comforts Association will shortly distribute small envelopes to every house in Campbellton with the request that a piece of silver or a bill be placed in this and given to a collector. This money will go towards providing Christmas boxes for our soldier boys in the trenches or hospitals.  
Last year's efforts were very successful, and the pathetic stories in the papers of the joy these boxes brought to the poor wounded and sick boys, more than repaid the willing workers for their trouble and cost. Hundreds of soldiers wept real tears upon opening their boxes, tears of joy that they were not forgotten, and many who had loved ones at home took the little remembrances which thus came to them, and made up parcels for their own little ones, which also brought joy to the hearts of those at home.  
Nothing which we, who are obliged to remain at home, can do will pay our share in the great war, and we hope the response will be a very generous one.

**VENNO—BLACK**  
Bathurst Village, Sept. 14—On Sept. 8th, a quiet wedding took place at the home of Mrs. Emma Tingley, when her sister Miss Ida Black of Miramichi Road became the bride of Mr. Albert Venno of Big River. After the ceremony a dainty luncheon was served. The happy couple later left for the brides home, where they will reside. They were followed by the best wishes of a large circle of friends.

### WHAT HE DID NOT KNOW

Mr. Arthur Culligan stated on oath at the Graphic-Culligan libel trial that he dispensed the patronage of the County, that he selected foreman and workmen. He also said that in the whole matter of looking after the appointments and distribution of the jobs throughout the Parish, he had never promised a man a position or a job on the inducement that the man had to deal at the Culligan store. The people of the parish will exactly know whether Mr. Culligan's memory served him correctly or not, but it is interesting to know that Mr. Culligan has not a very good memory as he also said he could not remember how long or how wide the McGregor bridge was, nor could he remember how much money was spent on the bridges. Mr. Culligan's evidence will be interesting to show just how good a memory he has.

Q. How much money did you say was expended on the McGregor bridge?

A. I don't remember rightly. I think it was around \$1000.00 perhaps.

Q. What is the size of that bridge?

A. I can't just tell you. I haven't got the size of it.

Q. Have you seen it?

A. Yes.

Q. Saw it yesterday?

A. Yes.

Q. Passed over it?

A. Yes.

Q. Now, can you give the Court and jury any idea as to the size of that bridge?

A. I could not.

The only thing Mr. Culligan seems to know about the McGregor bridge is that about \$1000.00 was spent on it. But he does not seem to care a bit or be concerned as to whether or not the province received fair value for the \$1000.00 that was spent there. If he were alive to his duties he would be in a position to give all the dimensions of that bridge and know all about it. But alas, no! The representative of the people whose good name and fame have been so badly jarred by Rutenpauer's letter, does not seem fully to understand the duties of a member in spending the people's money.

Next week, we will produce some more of Mr. Culligan's very bright and lucid evidence alongside of that given by the witness Adelard Berth, and we will let the people judge whether Mr. Culligan was so badly libelled after all.

### "THE MOVING FINGER WRITES"

As was generally predicted the Conservative government of British Columbia has been swept from power. The defeat was even more crushing than was expected. Every member of the government appears to have been defeated, and there may be only four Conservatives in the new house. The people took no chances. It is to be hoped enough of sturdy independence will develop among the Liberals in the new house to prevent the grafter and looter from attaching themselves to the skirts of new government.

British Columbia, Quebec, Nova Scotia, Manitoba, Westmorland, South West Toronto, North Perth, Vancouver, Victoria.

What does the record in all these constituencies and provinces mean? Simply that the people are tired of graft. They want more honest government. They have ceased to respect those who make the aid and abet the grafters who are bleeding the country and making the name of patriotism a by-word. That is what the record

means. And New Brunswick is only waiting for the chance to add another to the list of provinces declaring for better things. Westmorland has set the pace. It is now up to Carleton county, and all Canada is interested in the result.—Telegraph.

### BUYING BLINDLY

People who not only buy their household goods from the Toronto mail order houses but who will also order their groceries and hardware requisites from these firms who never return here a cent out of the thousands of dollars that the East sends to them, should take notice of two cases which occurred in Toronto recently.

In one case the Simpson company was found to have been guilty of selling adulterated mustard and at a price which was lower than any reliable grocer could afford to sell pure mustard and no doubt they found many ready cash buyers. The firm was subsequently fined \$25 and costs amounting in all to about \$40.

The Eaton company recently advertised a first class paint at 33c per pound. The paint as analyzed by the department of Inland Revenue at Ottawa was found to have no linseed oil and very little lead, and was nothing but a very cheap mixture. An action is now being taken against this company in this respect.

These two cases should open the eyes of people to what they buy when they use catalogue only. Go to your local merchant and see the goods you think of buying.

Companies which would stoop to the above would no doubt sell cotton goods and shoddy for pure wool, and do the public in many other ways. We would suggest that our readers buy from their home merchants, where they can examine the goods they buy, and from merchants who have reputations of fair dealing to uphold.

### A JUBILEE PROPOSAL

A proposal is made by the Regina Leader that Canada should celebrate its golden jubilee next year by enacting a Dominion Prohibition law. The proposal merits the favor with which it is being received in many quarters. Dominion legislation prohibiting the manufacture and importation of intoxicants for beverage purposes is essential before Canada can be through with the liquor traffic. An effort to obtain such legislation this year was without the desired result. Another effort next year could be made successful by an energetic campaign; no government, no matter of what party, will deny the people that which they make plain their desire. Canada could do no better thing in celebrating the fiftieth anniversary of its birth as a dominion than to destroy the liquor traffic within its borders. Even those now opposed to prohibition—save, perhaps, the men who are in the liquor business for their own gain—would probably soon be led by experience to admit the national benefit brought by destroying a traffic which is had in every way.—Amherst Guardian.

### DASH FOR THE GUNS

Three German field guns, left by the enemy on retirement to his new line during the fighting in Picardy towards the end of July, were brought into the British lines in dashing fashion by men of a Highland Ammunition Column, R.F.A., a Territorial unit recruited in Buteshire.

The guns were within artillery range and liable to re-capture by counter-attack, and in the first dash with teams of horses and gun limbers, a detachment managed to get two of the pieces away intact, under heavy shell fire. The third gun had to be left, owing to its wheels having been smashed.

At dawn next morning another detachment went out and brought in the third piece, after having fitted on wheels which had been detached from one of the previously captured guns.

### AUTOS IN THE STATES

War prosperity in the United States has brought an amazing increase in motor car production. One manufacturer is putting out cars at a rate of 500,000 a year. Another company has an output of 200,000. There are 13 makes of car selling below \$700. While at the first of the year the number of cars in the States was 2,445,000 by the end of the year the number will be approximately 3,950,000. An output of 1,500,000 cars for one year, or 65 per cent, as many as in all other years put together, is surprising. This would not have been possible had it not been for the cheapening prices on small light cars through quantity of production. Nearly 4,000,000 cars represents one car for every 25 of the population of the United States, yet it is said the field for low-priced cars is so wide that 12,000,000 cars can be sold. Ten years ago no car worth the name could be bought for less than \$2,000. Five years ago the minimum was \$1,000, now good reliable makes are below the \$500 level.

### GREEKS SENT AN ULTIMATUM TO GERMANY

Athens, Sept. 19.—There is reason to believe that the Greek government has sent an ultimatum to Germany and Bulgaria, expiring Wednesday night, demanding the immediate return of the soldiers taken prisoners at Kivla.

### 16 RECRUITED HERE FOR THE 132ND

Of the 65 recruits secured by the 132nd on the North Shore the last two weeks or more, 16 of them were enrolled by Jas. W. Davidson, here. This is the best record of any place in the district.—Newcastle Advocate.

### BOARD OF HEALTH PROSECUTE OFFENDERS

Two Citizens Appear Before Police Magistrate and Are Fined \$20.00 And Costs

The local Board of Health is at last down to business, and is making matters interesting for two citizens who, although repeatedly warned, neglected to keep their premises in proper sanitary condition.

The cases came up before the magistrate yesterday. Each pleaded guilty and were fined \$20 and \$8 costs each.

The Board in the past have issued notices each spring in reference to this matter, followed up by visits from the Sanitary Inspector. This will be done away with and all persons who neglect to keep their premises in proper order will be prosecuted forthwith.

It is conceded by all medical men that such filth is responsible for a great deal of the typhoid which exists. When we have clean back yards and buildings, we will have little fever.

At present there are a number of cases of fever in town. These are mostly confined to one section. The Board of Health are making strenuous efforts to discover the source of this. A well over the hill has been placed as dangerous, and a sample of milk from a local dealer has been sent to St. John for examination.

The doctors who have looked into the matter seem to favor the milk as a source of contamination.

It is hoped that the spread of the disease has been checked.

### Cataract Cannot Be Cured

with LOCAL APPLICATIONS, as they cannot reach the seat of the disease. Cataract is a local disease, greatly influenced by constitutional conditions, and in order to cure it you must take an internal remedy. Hall's Cataract Cure is taken internally and acts thru the blood on the mucous surfaces of the system. Hall's Cataract Cure was prescribed by one of the best physicians in this country for years. It is composed of some of the best tonics known, combined with some of the best blood purifiers. The perfect combination of the ingredients in Hall's Cataract Cure is what produces such wonderful results in cataractal conditions. Send for testimonials, free.

### RESTIGOUCHE ROADS BEING DESTROYED

Incompetent Supervisors Piling Mud on Roadway During Fall For Rain to Wash Away

For four years the roads of Restigouche have been neglected so that in some sections they were hardly passable.

Now they are receiving necessary attention and they are impassable. Instead of putting this work in hand during July and August when the weather was fine, work was delayed and in many cases started last week, just in time to get the benefit of the first heavy fall rains.

Why the rush now? The answer is easy. The present corrupt administration must go to the people within the next year, and they no doubt figure that by squandering money on the roads now they will make friends for the party.

It begins to look more like an early appeal to the people.

The following roads have been reported to be in very bad condition and almost impassable, and really dangerous for autos.

The road through Athol was widened last week just in time to get the first heavy fall rain. The high clay bank was cut down and the clay deposited on the roadway. Now it is impassable and teams and cars are going round by Athol Mill.

The road from Dalhousie to Eel River bar, especially the long hill, was also fixed last week. (Fixed is the proper term for it is now impassable). The muck from the ditches was deposited on the road to a depth of from one to two feet. Then the rains came, etc.

The road from Eel River to Charlo has also received attention. The road machine has deposited the muck from the ditches upon the roadbed to a depth of two feet. Then the rains came.

There is assuredly an election coming and the roads, which should have been attended to during the summer, are now receiving attention. There is another object in delaying the work, and that is to keep the bills out of this year's accounts. Thousands of dollars of the people's money are being squandered upon the roads.

## Callers

Of course they will take a cup of tea, and naturally you are anxious it should be "just so."

Pin your faith to KING COLE next time, and see how well it will serve you.

**KING COLE TEA**

"You'll like the flavor"

### LUMBER MILLS TO CUT 120,000,000 FEET

### Amherst Man Tells of Big Mills and Big Farms Operated by New Brunswick Firm

The following interesting references to farming and lumbering operations near Plaster Rock, New Brunswick, were written for The Guardian by Mr. John C. Reeves, who recently returned to Amherst after a trip to Plaster Rock in the interests of the Rhodes-Curry Company.

I spent a week lately at Plaster Rock on the Tobique, Victoria county, N. B. The village has about 700 of a population, having 4 churches, post office and schools and several stores. The whole village is practically dependent upon the large saw mill of the Fraser Lumber Company which is located there. A branch of the C. P. R. runs in from Perth, 28 miles away, with a daily train. The National Transcontinental Railway also touches Plaster Rock.

Eleven Mills Busy  
The Frasers have 11 mills in all, cutting about 120,000,000 feet this season. The mill at Plaster Rock this year will cut 19,000,000 feet, the average daily cut being 150,000 feet, beside shingles and laths. The whole cut at Plaster Rock goes on the C. P. R. to the United States.

In connection with the mill, they have a 300 acre farm all in a high state of cultivation. The man in charge told me that they had put 325 large loads of hay in the barns. They were cutting grain with a reaper and binder, the crop being very heavy. On this farm he keeps 36 milch cows. He supplies the village with milk, night and morning. He has a special team for his cows and also has a pigsty in which they were 93 pigs varying in size, from very small to very large. They have 86 horses, mostly Clydes, weighing from 1400 to 1700 pounds each. These are mostly used in the mill yard.

The Potato Patch  
They have another farm at North View, about 4 miles out. Mr. Fraser took me out to see what he called his "potato patch." The farm is large and slopes gradually towards the river. We found the men spraying Bordeaux mixture for the last time to prevent blight. In one square field were 40 acres of potatoes as green as in June. He pulled up one hill having 5 shipping potatoes in it, at which rate the would average about 200 bushels per acre, all of the Green Mountain variety. They have a special potato cellar, which holds 4,000 bushels.

The potatoes are planted with a seeder, the rows 32 inches apart and about 14 inches in the row. They are cultivated every few days and generally sprayed for bugs and blight five or six times, all by machinery. Commercial fertilizer was used wholly. Owing to the war, the fertilizer was not so good this year, as it lacked potash; consequently the crop will not be large as last year's, the crop being good last year and the price high. Mr. Fraser told me he realized in the vicinity of \$16,000.00 from the same acreage.

The land in that section and along the Tobique River, I think, produces the largest crops of grass and grain I ever saw in this country and when the Transcontinental Railway gets fully under way it will be a great farming country. The road is already averaging about 10 trains daily.—Amherst Guardian.

### Horses For Sale

C. J. Wallace of Clinton, Ont., will be at W. H. Miller & Co's. stables, Campbellton, about Oct. 1st, with a carload of good heavy horses, which will be sold at reasonable prices.

C. J. WALLACE.  
Campbellton, Sept. 20-21 wk.

Define—Stranger—"How many machines pass here a day?"  
Farmer—"I couldn't tell you, exactly, sir!"  
Tourist—"Oh, about how many?"  
Farmer—"It's all depends."

Tourist—"Well, on the average?"  
Farmer—"Wal, stranger, the average varies."

### BRITISH USE NEW TYPE OF ARMORED CAR

Proves Very Effective in Advancing Against Germans—Goes Over Trenches and Through Barbed Wire Entanglements.

The reference in the official communication issued by the war office yesterday evening to a new type of armored car, is the first official mention of a development, which has been much whispered about, recently in army circles. Those who have seen the new vehicles refer to them as "tanks" while the soldiers, who have been handling them have given them the nickname of "Willies."

The object which the designers to obtain was to render a heavily armored motor car capable of being operated in the shell torn and roadless wilderness of trenches, where it is evident that a vehicle mounted on ordinary wheels could not be used.

Although no details of the car's construction have been published The Times says:

"Our inventors have not hesitated boldly to tread unbeaten paths. We may imagine the feeling if German infantry in shell battered trenches, when in the uncertain light of dawn they saw advancing upon them an array of uncouthly monsters cased in steel, spitting fire and crawling laboriously but ceaselessly over trenches, barbed wire and shell craters."

### SPECIAL SERVICES

The members of the Methodist congregation are becoming greatly interested in the Special Rally Ray services announced for next Sunday. A bright musical programme has been prepared for the Sunday school at 2 p. m. and the pastor is to speak on special themes morning and evening. It looks as though the aim that the congregation have set before them, viz: to have every man, woman and child in the congregation in the church at least once on Sunday, will be realized.

### CAMPBELLTON CITIZEN DIES AT MONCTON

Richard Parker Died Suddenly Wednesday Afternoon.—Funeral Here

Word was received here Wednesday evening of the sudden death of Mr. Richard Parker at the home of his daughter, Mrs. John Sinclair, Moncton, at 1.30 p. m.

The Moncton Transcript has the following:—

"The death occurred this afternoon, at 1.30 o'clock, of Richard Parker, aged 73 years, at his home at 12 High Street. The deceased lived with his son-in-law, Mr. John Sinclair. He leaves, beside his wife, one daughter, Mrs. Sinclair. Death was due to heart trouble. He was down town this morning, but when he returned home he complained of feeling ill, and died shortly afterwards.

Funeral will take place on Thursday at one o'clock. Service at the home, High Street, at one o'clock; body will be taken to Campbellton on the Ocean Limited, where interment will take place."

### NORTH SHORE PUBLISHERS HOLD BUSINESS MEETING

Met at Newcastle and Discussed Subscription Prices—Yearly Subscription will be \$1.50

The publishers of the North Shore met in the Town Hall, Newcastle, on Saturday afternoon last to talk over the matter of the increase in subscription rate from \$1.00 to \$1.50, which is being made imperative in consequence of the increase in price of newsprint and other materials used in the publication of the weekly newspaper, and in the job department.

Those present were, Messrs. H. B. Anslow, Campbellton Graphic; C. S. O. Crockett, Campbellton Tribune; J. Fred Benson, Chatham Commercial; J. L. Stewart, Chatham World; Geo. McWilliam, Newcastle North Shore Leader, and J. H. Brown and H. H. Stuart, representing The Union Advocate.

Those weekly papers on the North Shore that have already adopted the new rate, are the Campbellton Graphic, the Chatham Commercial, and the Advocate is now making its announcement, the new rate to come into effect from November 1st. The Campbellton Tribune, Chatham World and North Shore Leader all agreed to announce the increase to take effect Jan. 1st, 1917.

These papers are following in the footsteps of their upper Canadian brethren who have already put the new rate into effect, and who are desirous of seeing all the Maritime weeklies fall into line.

This matter of increased subscription rates, both for the dailies as well as the weeklies, has been urged upon the publishers by the Canadian Press Association for the past two years, and up to the present many dailies and weeklies have adopted the new rates, the dailies from \$2.00 to \$3.00, and weeklies from \$1.00 to \$1.50.

Mr. J. G. Elliott, President of the Association, and Mr. E. Roy Sayles, Chairman of the Weekly Section, are planning to hold a series of meetings here in the Maritime Provinces some time next month when the matter will be put before the Maritime publishers with a view to bringing into line those who are not familiar enough with the question to make the start now.

The meeting proved most profitable and it is the intention of those who were present to meet again at an early date to talk over advertising rates and job prices.

### IMPORTANT DECISION TO FISHING FIRMS

Bailiff Prevented From Seizing Fish Caught Under Contract Prosecutes Official

Perce, September 14.—Judgment was rendered last week in a case, by the District Magistrate, Mr. Couillard, at Perce, which is of considerable importance to the fishermen and fishing firms of the Gaspé coast.

A merchant had taken judgment against a fisherman. This fisherman was under contract to deliver whatever fish he would catch to the firm of Robin, Jones & Whitman. One day when this fisherman came ashore, with the fish that he had caught but had not delivered on shore, and which was in a boat belonging to Robin, Jones & Whitman, a bailiff of the Superior Court acting in virtue of a writ of seizure, issued by the court at Grand River, proceeded to seize the fish caught by this fisherman, that day.

Mr. Marrett, Agent of the firm of Robin, Jones & Whitman at Pabos, forbade the bailiff to seize the fish. Thereupon, the bailiff dropped his proceedings, through Mr. Brassat, Attorney at Perce, caused a writ to be issued under the provisions of the Criminal Code, against Mr. Marrett, for obstructing an officer of the law in the lawful execution of a writ issued by the court.

The firm of Robin, Jones & Whitman took up the defence of their agent, and retained the services of the Honorable John Hall Kelly, who pleaded that the bailiff was not in the lawful execution of his duty, because he was seizing fish that was caught by a man who was under contract to fish for Robin, Jones & Whitman, and seeing that the bailiff wanted to proceed with the seizure while on the property of Robin, Jones & Whitman, that their agent was lawfully entitled to stop the bailiff from proceeding further. The proceedings taken against the Agent Marrett were dismissed, with costs against the complainant, judgment thus being rendered according to the pretensions of Robin, Jones & Whitman.

### POSTMASTER GENERAL REPORTS A SURPLUS

The post office department announces a surplus of \$2,849,271 for the last fiscal year. Revenue for the year was \$18,858,409 and expenditure \$16,009,138. Revenue for the year increased by \$5,111,760 as compared with 1914-15, while the cost of the postal service increased by only \$4,947. The increase in postage rates, together with an effort at retrenchment, or at any rate the stopping of the big annual increases of the last few years, accounts for the change from the previous year's deficit to a surplus for the past year.

The small increase in expenditure last year of only \$47,947 compared favorably with an increase of \$3,139,133 during 1914-15, of \$1,939,254 during 1913-14, of \$1,710,769 during 1912-13, and of \$1,271,283 during 1911-12. In the last five years the cost of the postal service has gone up by more than \$6,000,000. Postmaster-General Casgrain has now called a halt and with the help of the war stamp tax is therefore able to report a surplus instead of a deficit.

### MILLINERY OPENINGS NOW BEING HELD

The fall millinery openings are now engaging the attention of Campbellton ladies and a word in description may not be amiss.

Very charming are the new hats in their style and simplicity. In many styles very little trimming is showing; it is the shape that counts more this season than ever before. But what ever trimming there may be is sufficiently varied.

Tiny fringes of fur or feather, flowers and fruit of metal, silk, and many smart styles of wings appear on the new millinery.

Velvet is the predominant material. Black, purple and chestnut brown are the fashionable autumn shades, while velvet hats will be much in vogue later in the season for utility wear.

### GERMAN RIOTS FOLLOW ON BAD NEWS FROM WAR

Chechnitz People in Uprising Over Heavy Losses on Somme—Huzzars Kill 40 in Subduing Rioters

London, Sept. 20.—Serious rioting in which lives were lost, occurred at Chechnitz on Saturday afternoon, according to a Central News despatch from the Hague.

The despatch says the rioting started on arrival of the news of the heavy losses of Chechnitz workmen in the Somme battle.

Crowds assembled in the streets and sang "The Internationale." They refused to disperse and were charged by Hussars. Five Hussars were killed and forty injured and about forty civilians were killed and 300 armed with revolvers, were arrested.

### NEW BRUNSWICKERS IN B. C. ELECTIONS

Several New Brunswickers figured in the British Columbia elections. Mr. Bowser, the leader of the defeated government, is a native of Kent County. Mr. Brewster, the opposition leader, hails from Albert Co. Dr. J. H. King, elected in Combermere, is a son of Senator George G. King, of Queens Co. J. deB. Farris, elected in Vancouver, is a son of Hon. L. P. Farris, Grand Lake, Queens Co.

### DEATH OF CAPT. W. C. McFARLAND

Capt. William C. McFarland, U. S. A., retired, who was connected with the Sixteenth Infantry for twenty-seven years, died in this city yesterday at the home of his son, Dr. W. L. McFarland, 182 West 58th Street. Capt. McFarland was born in Chillicothe, O., March 23, 1849, and was appointed to the United States Military Academy at West Point in 1868. He was graduated in 1872, being assigned as a second lieutenant to the Sixteenth Infantry, then stationed at Louisville, Ky.

Later he served in Alabama, Indian Territory, Colorado, Texas, Utah, this State, Washington, Georgia, and Florida until the beginning of the war with Spain, when he went with his regiment to Cuba. Capt. McFarland was engaged in the battle of San Juan, where he was wounded, and in the siege of Santiago, and returned with his regiment to Camp Wikoff in August, 1898. He was retired at his own request on May 19, 1899.—New York Paper.

Capt. McFarland is well known up river, he having fished on the Upsal-quick for some years.

### MOVING BUILDING

Mr. W. H. Wallace is moving W. H. Gray's restaurant building across the lane to the corner of the Alexander lot, where it will remain until Mr. Gray's new building is erected. Work on the new building will commence at once.

### TRESTLE ERECTED

The trestle on which the beacon fire will be lighted next Monday evening to announce the active recruiting for the New Brunswick Militia, has been erected on the Sugarloaf. Great interest is manifest in the proceedings on the North Shore.

### WASTED TALENT

One-third of the fools in the country think they can beat a lawyer expounding the laws. One-half think they can beat the doctor healing the sick. Two-thirds of them think they can put the minister in the hole expounding the Gospel, and all of them think they can beat the editor running a newspaper.

His Part.—"You admit you overheard the quarrel between the defendant and his wife?"

"Yes, sir, I do," stoutly maintained the witness.

"Tell the court, if you can, what he seemed to be doing."

"He seemed to be doing" the listening.

THE short, full skirts which Dame Fashion decrees have made the shoe quite a conspicuous item of woman's dress. We have anticipated the demand, and are showing through the dealer in your locality a full line of

Halifax, N. S.

# Women Once Invalids

Now in Good Health Through Use of Lydia E. Pinkham's Vegetable Compound. Say it is Household Necessity. Doctor Called it a Miracle.

All women ought to know the wonderful effects of taking Lydia E. Pinkham's Vegetable Compound even on those who seem hopelessly ill. Here are three actual cases:

**Harrisburg, Penn.**—"When I was single I suffered a great deal from female weakness because my work compelled me to stand all day. I took Lydia E. Pinkham's Vegetable Compound for that and was made stronger by its use. After I was married I took the Compound again for a female trouble and after three months I passed what the doctor called a growth. He said it was a miracle that it came away as one generally goes under the knife to have them removed. I never want to be without your Compound in the house."—Mrs. FRANK KNOLL, 1649 Fulton St., Harrisburg, Penn.

**Hardly Able to Move.**  
**Albert Lea, Minn.**—"For about a year I had sharp pains across my back and hips and was hardly able to move around the house. My head would ache and I was dizzy and had no appetite. After taking Lydia E. Pinkham's Vegetable Compound and Liver Pills, I am feeling stronger than for years. I have a little boy eight months old and am doing my work all alone. I would not be without your remedies in the house as there are none like them."—Mrs. F. E. Yost, 611 Water St., Albert Lea, Minn.

**Three Doctors Gave Her Up.**  
**Pittsburg, Penn.**—"Your medicine has helped me wonderfully. When I was a girl 18 years old I was always sickly and delicate and suffered from irregularities. Three doctors gave me up and said I would go into consumption. I took Lydia E. Pinkham's Vegetable Compound and with the third bottle began to feel better. I soon became regular and I got strong and shortly after I was married. Now I have two nice stout healthy children and am able to work hard every day."—Mrs. CLEMENTINA DUKERING, 34 Gardner St., Troy Hill, Pittsburg, Penn.

All women are invited to write to the Lydia E. Pinkham Medicine Co., Lynn, Mass., for special advice—it will be confidential.

## CLASSIFIED

**GUNNER RIDEWELL KILLED**  
Gunner William Charles Riddell is officially reported killed in action August 24th. He enlisted January 5th, 1915, with the Artillery, and just a month ago was promoted from driver to gunner. He left Toronto in May of last year, and had been a year in the trenches without leave of absence. Some months ago he fell off a truck, the wheels of which went over him; his knee was injured, but he recovered and was able to rejoin his unit. He was born in Toronto 22 years ago, and graduated from High School at Campbellton, N. B. Six years ago he returned to Toronto, and was with the Toronto Electric Light Company as meter reader prior to enlistment. He was a member of Elm Street Methodist Church, also of the Y.M.C.A. One brother, Lieut. John M. Riddell, who has just received his degree for the O. T. S. and D. T. S. in March, 1916 enlisted at once with the Engineers and is now in England. His mother, who was the widow of the late W. R. Riddell, and lived here for 12 years, was remarried three years ago to Mr. J. Steadman, and with a daughter live at 55 Huntley street, Toronto.

Only last Monday a letter, dated Aug. 17th, arrived from Gunner Riddell, in which he stated he had been out of the trenches for a few days, expected to go in the next day. In another letter he said he had stood in water for six days, in the trenches, the rains were so heavy. A number of cousins and uncles are serving with the British army.

**HORSE FOR SALE**  
A 6 year old heavy working entire horse, fit for woods work, weight about 1400. Sold at reasonable price.

Sold by all Drug Stores

## DOUGLASTOWN

Mrs. Garon and Mrs. Frank McGreevy and son are spending the week with their sister at Douglastown. Miss Connick of Perce has arrived to Douglastown and will spend a few weeks at her sister's.

On September 8th, died at Port William, Ont. Godfrey Kennedy, son of Michael Kennedy of Douglastown. The remains, escorted by Mr. Charles Kennedy, cousin of the deceased, were brought to his father's residence at Douglastown, where they lay in state from Monday evening, Sept. 11th till Wednesday morning, Sept. 13th. During those few hours crowds of relatives and friends thronged the wake-room; sympathetic messages, cables, and many letters received, bear witness to his great popularity; rich wreaths and pretty bouquets—last tokens of attachment and love—encircled the casket, attesting the high favor in which he was held by his friends.

At 9.30, Sept. 13th, a grand service was chanted in the parochial church by the Rev. Pastor Father Gauthier. The singing was well rendered, the music splendid. Beethoven's funeral march deserved praise.

To his last resting place his friends saw him borne. He now rests beneath the great arm of our saving emblem—there where the sunbeams love to linger—there where we love to see him slumber, guarded so securely in that cherished spot till breaks the dawn of eternity bliss.

## NEW CARLISLE

The District Lodge met here Friday the 15th at 7.30 P. M. There was a very good attendance of the N. C. members, but the other lodges were not represented, except Miss Sarah Miller from Port Daniel.

There was 3 members who took the District Degree. This being the yearly meeting, the same officers were elected except the Sect., Councillor, Chaplin and superintendent of Juvenile work. The meeting was very hearty and encouraging, after which refreshments were served. The next place of meeting will be named by the executive at a later date.

Rev. Mr. Sherar, Rev. Mr. Sutherland and Mr. J. O. Sherar left by train Tuesday the 12th to attend the meeting of Presbytery held in Campbellton, the former two returning Wednesday and the latter Thursday.

Word has been received from Pte. Wm. D. Sherar and D. Smollett, who left here a few days ago to join the new army, Kitchener's Own. They are very much taken up with the work and express high praise for the officers and men.

We are sorry to relate Mrs. Melvin Jacobson, who has been very ill for the past two weeks, is still reported rather serious. Her many friends hope that a change for the better will soon be reported. About two weeks ago Mrs. Jacobson gave birth to two bright little babies, a little boy and girl, which are both strong and healthy.

The farmers have mostly all their harvest gathered in, the last is the potato crop, which promises very good in this vicinity. They are also looking forward to a good fair price.

**CHANDLER**  
Mrs. Henry Gaudin, who has been visiting her parents, Mr. and Mrs. Samuel McEwen, has returned to her home in Campbellton, accompanied by her sister, Miss Helena McEwen.

Mrs. P. McKennie of Gaspe was the guest of Mrs. John McCormick last week.

Mrs. William McCormick left last week for Barachois.

**BLACK CAPE**  
Mayor Angus N. Campbell attended the Mayor's meeting in New Carlisle on Wednesday the 13th.

Mr. and Mrs. J. C. Fair have returned from Point la Garde, where they had attended the funeral of Mr. Fair's mother, the late Mrs. William Fair.

Mrs. William Jamieson and children left on Friday for West Bathurst.

Miss Rhoda Fairmire and Miss Bessie McLellan left on Friday for Waltham, Mass., where they have accepted positions in Waltham Watch Factory.

Mr. Jeffrey McKennie has returned from Bathurst, where he has been engaged in wharf building.

Mr. J. A. Stewart and Mr. William McEwen returned on Friday from an extended trip down the coast, where they have been holding Gospel meetings.

Mr. Duncan Campbell left on Wednesday the 13th on a trip to Gaspe.

## ZEPPELIN RAIDS

WERE COSTLY  
And Inflicted No Military Damage in Britain.—At Least 14 Were Destroyed.

The New York Times prints the following story from London:

In the last two years there have been forty-one Zeppelin raids on England—twenty-three in 1915 and eighteen in 1916, including the one last Sunday morning. This summary does no take into account the many aerial and seaplane attacks and the numerous abortive attempts which have been driven back at the coast or balked by shifting winds and misty weather. If in these raids we take three Zeppelins as the average number and allow three tons of explosives and incendiary bombs as the capacity of each dirigible, we have an aggregate of 370 tons of missiles. Supposing each bomb weighs 50 pounds, we have approximately 15,000 as the number dropped on England or in the North Sea in the last two years.

The British government has made public the number of casualties after each raid and three aggregates 356 dead and 980 wounded. This means that it has taken more than a ton of German bombs for every British man, woman and child who has been killed. A military expert figures that for every soldier killed the enemy must expend his weight in lead.

Before the British perfected their defenses against air attack, the loss of life was much greater, the casualties steadily decreasing as the difficulties of attack increased.

Since the war begun it has been definitely reported that fourteen Zeppelins have been wrecked; the real number is probably much larger. It is estimated that it costs at least \$250,000 to build a Zeppelin. Multiplying this sum by 14, and we have \$3,500,000 as the amount the Germans have lost through the wrecking of Zeppelins alone. This sum would build five hundred aeroplanes at \$7,000 each, 35 submarines at \$100,000 each, or pay for 70,000 shells at \$500 each. These 14 Zeppelins did no military damage; their only value to Germany has been in reconnaissance work over the North Sea.

## OBITUARY

St. Charles de Caplin, Sept. 18.—Cruel death always looking for victims, has again knocked at our door, this time taking from amidst us Rena Murray, beloved daughter of Mrs. Joseph Damboise.

For a long time tender care had opposed his approach, and fought with him for this dear child, the object of so much love, but he had pointed his merciless finger at her, and she had to go at the early age of 20 years.

The service was held at the Catholic church of St. Charles de Caplin and Requiem Mass was celebrated by Rev. Father De Champlain. A large number of the Society of Children of Mary, of which she was a member, followed her to her last resting place, carrying the floral offerings.

She leaves to mourn her loss, a mother, one brother, Harry fighting in France; two sisters, Mrs. John McDonald, Portland, and Aileen. Also a step father, Mr. Joseph Damboise, and adopted daughter, Mrs. Raymond Cullin, also a host of relatives and friends, among whom she was a great favorite.

This hard to break the tender chords, when love has bound the heart, 'Tis hard, too hard, to speak the words, Must we forever part.

Dearest Rena, we have laid thee in the silent grave's embrace, But your memory will always be as dear to us As in the hour you passed away.

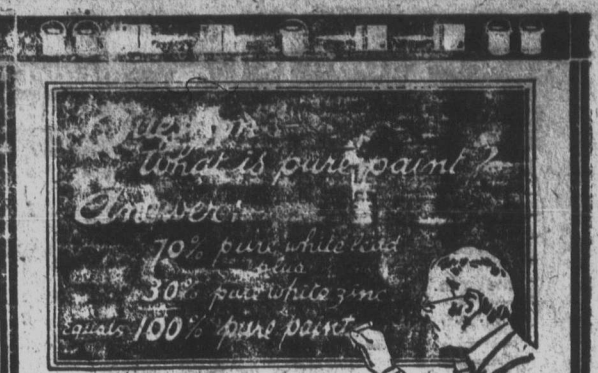

We record the death of Mr. James Quinn, which occurred at his home at Cross Point on Monday afternoon, Sept. 11th. Deceased was in his 85th year.

The late Mr. Quinn was well and favorably known throughout this section of the province. He is survived by seven daughters and one son. Mrs. J. Carey of Sydney; Mrs. J. Quinn of Campbellton; Mrs. H. Quinn of Escominac; Mrs. Jack Doyle, Mrs. J. A. Adams, Mrs. M. Murray and Mrs. P. Geraghty of Cross Point and Fred of California. The funeral was held on Wednesday morning at 10 o'clock at St. Ann de Restigouche, which was largely attended by all. The service was sung by the Rev. Father Ferdinand.

**LIBERALS WILL HAVE THIRTY-NINE SEATS**

Vancouver, B. C., Sept. 18.—According to the latest returns, the Liberals are expected to have 39 seats in the new legislature out of forty-seven. The Conservatives have five seats and they are still uncertain. The Conservatives hold Cowichan, Nelson, South Okanagan, Slokan and Similkameen. It is not expected the soldiers vote will change these results materially.

A few days ago a young man took his best girl a bouquet of flowers. The young woman was so pleased she threw her arms about his neck and kissed him. He arose and started to go. "I'm sorry I offended you," she said. "Oh, I am not offended," he replied, "I was just going back after more flowers."

**Why?**  
Because white lead and white zinc, mixed in these proportions, produce a paint that resists the elements better than that made by any other formula. Scientific tests and practical experience extending over many years absolutely prove this to be so, and that is why

## B-H "ENGLISH" PAINT

is made by this formula. It is pure paint in the truest sense of the word. A mixture of 10% white lead and 90% white zinc might be called "pure paint" but the expression would be misleading, because the compound would not fulfil all the requirements of a first-class exterior paint.

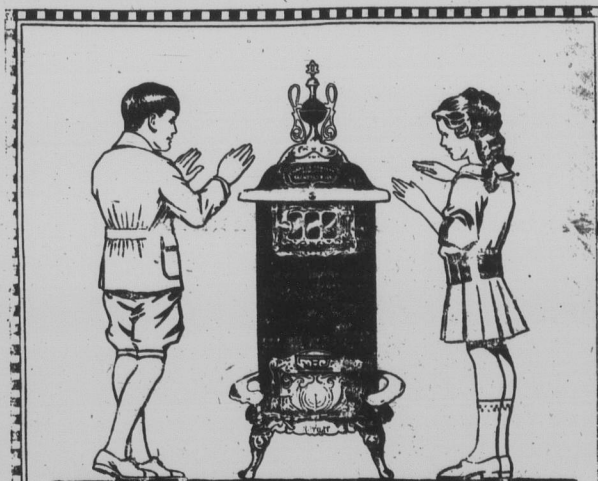

B-H "English" Paint is pure paint that works easily, penetrates deeply, spreads well, holds its color and lasts years longer than ordinary kinds.

You can get genuine B-H "English" Paint from

**J. & D. A. HARQUAIL Co., Ltd.**  
Campbellton, N. B.

who are our local agents. Ask them for color-cards.

## GOLDEN FRUIT FOR

PRAYER LIFE

Weight versus Power. Why can an engine move itself and a passenger coach cannot? The engine has power within itself, the coach has not. The engine pulls the coach when they are attached but when the engine is uncoupled the coach soon stops. Too many Christians are coaches and not engines.

We make a great mistake when we think we can fulfil the Christian life by depending upon human influences outside ourselves. A Christian is only a coach and not an engine when he can be kept animated only by the urgings, appeals, visits and preaching of the minister or by other human influences. If we have to be urged, pulled and guided in our duty by some one else we are missing the great secret of the Christian life, and we are a dead weight on the engine.

Of course these outward helps and influences have their place, but they can never take the place of the inward power, and the world needs engine Christians more than coach Christians. The Secret of Power.

The secret power within is prayer. No minister, nor anyone else, however capable and spiritual, can keep you a strong Christian.

We need spiritual power and power comes through prayer. Let us unite in a confession of neglect! Let us unite in the resolve to take time to pray—to compel ourselves to pray—to establish the habit as firmly as the taking of our meals! As some one has quaintly said: "Let prayer be the key of the morning and the bolt of the evening."

It is not to be diverted from it by theoretical difficulties. You meet mystery every day at your meals, and yet you eat and therefore live.

The greatest men of history have been men of prayer. Jesus Christ Himself spent much time in prayer alone with the Father. Whatever else we leave undone we must not neglect prayer; all is nullified in our Christian life unless we attend to prayer; our whole effectiveness against opposing forces in the last resort depends upon communion with God. If prayer goes, our religion goes. The form may remain but its vitality is gone.

## What Prayer Is

It is more than simply asking God for things or presenting petitions. It is going to Him, just as we are, with all our doubts and fears, our problems and cares, and consulting about them with Him, who is after all a partner with us in the business of life, as well as our kind Father and dear Friend.

It is to be frank, not to act a part. It is to listen as much as to talk. It is dialogue not monologue. It is talking things over with God.

It is to lay our life from day to day before Him, and let Him advise, correct, and pass judgment upon it, as the pupil lays his exercise before his teacher.

It is to put aside our prejudiced opinion and avail ourselves of the calm judgment of God; to get away from the pressing appeals of the flesh and see life with God and from His point of view. It is the soul reaching out with all its powers to God, and going forth to the work of life in confident courage, and with renewed effort.

## Keeping the Lines of Communication Open

One of the most disastrous things that can happen an army is to have its lines of communication with its base of supplies cut off. So with the soul, it is disastrous to lose touch with the base of supplies.

It is not the growing strength of the enemy, nor the increasing exactions of duty which make the heart succumb; it is the lessening of its supplies. Prayer is that which keeps open the way between the soul and its resources. The supplies of strength are waiting; prayer opens the way to receive them.

It is not left to us to determine what we need; God interprets that. It is our part to keep our souls open to the grace and bounty of God and the necessities will be supplied.

When we cease to pray the highway is blocked and closed. The waiting supplies cannot reach to us; we get our spiritual forgetfulness and indifference. And so the big duty daunts us, and the strong enemy overcomes us.

We must keep the road open and God will see to the transports. "Let us therefore come boldly unto the throne of Grace that we may obtain mercy and find grace to help in time of need."

## Golden Fruit for the Prayer Life

What is the fruitage of prayer? (1) Power through the Holy Spirit for resistance and service. The prayer life links our little feebleness with the Omnipotence of God.

(2) Peace of mind. Try it and you will find a holy quietness settle upon your spirit when you leave your chamber.

(3) Kindliness of heart. When you pray for "those who despitefully use you" bitterness gives place to charity and to sympathy for them.

(4) Transfigured sorrow. "Mere pain—unconsecrated, godless, prayer-

## LETTER FROM THE FRONT

Written Aug. 26th, 1916.

Dear Wife:

I just came out of hospital the other day and am going back to France next week. If you were in London you'd never want to go to Canada again. Here are the names of some places I've seen. I was on the Strand, Leicester Square, Clapham Common, Piccadilly, and Waterloo Road, Tooting Broadway, Balham Road, Kensington, Charing Cross, London Bridge, Buckingham Palace, Queen Victoria St., Milbank St., Herne Hill, Camden Square, and I was in an underground train and at St. Paul to see men like Jacques Cartier and all great heroes. I don't suppose you'd know me if you'd see me, my hair is half white. I will be in France next week. There are some heavy battles on there now. If I get wounded again I would like you to come to see me if you are able. Your letters are coming better now. Will write again when I get to France.

Your husband,

FRED.

Pte. Alf. Berthelotte.

## J. B. HACHEY BEREAVED

OF THIRTEEN YEAR OLD SON

Woodstock, N. B., Sept. 15.—J. B. Hachey, M.L.A. of Bathurst, who has been here for the past few days in connection with the approaching by-election, received a telegram about noon today announcing the death of his thirteen year old son, Osmond. Deceased had been in poor health for some time and passed away at nine o'clock this morning. Mr. Hachey went by auto to Fredericton this afternoon to take the Intercolonial for Bathurst. His many friends in Carleton county will extend genuine sympathy in his bereavement.

less pain—tends to harden and embitter. As we kneel in the presence of Infinite Love; as we pour out our grief to our Father; as we feel God actually caring for us, actually sympathising with us, sorrow quite changes its character. It is no more deadly poison but a healing cup, mixed and presented to us by a Good Physician."

(5) A vitalised church. The Holy Spirit is only waiting for the open avenues into all departments of the Christian Church through the hearts of its members.

(6) Increased effectiveness and facility in prayer. The best prayer to begin with is the prayer of the disciples, "Lord teach us to pray."

## MOTHERS WHO KNOW

say there is nothing can equal Zam-Buk for their children's skin ailments and injuries. Nothing is so soothing or so quickly ends pain. Being entirely free from poisonous drugs and animal fats, Zam-Buk is suitable for the most sensitive skin—even the skin of a baby.

Mrs. J. Knox, of Pine Creek, Man., writes: "I could like to recommend Zam-Buk to all mothers. I consider it an invaluable household remedy—particularly where there are children. My little daughter had a rash break out on her wrists and hands during teething, but frequent applications of Zam-Buk kept the skin soft, ended the irritation, and very soon the rash was completely cured."

Zam-Buk is equally good for eczema, ringworm, old sores, ulcers, abscesses, blood-poisoning, piles, cuts, burns, and all skin injuries. 50c. box, 2 for \$1.25, all druggists, or Zam-Buk Co., Toronto.

Send 1c. stamp for postage on free trial box.

BERNIE The Tailor

### THE SALVATION ARMY

C. H. Squarebriggs, Capt.

Meetings as follows:

Sunday, 7 and 11 a. m., 3 and 7.30 p. m.

Weeknight meetings Tuesday, Thursday and Saturday at 8 p. m.

### CORRECTION

In our issue of last week in our reference to the passing away of Samuel Freeze of Doaktown, Northumberland County, in referring to his family—stated that he was survived by his three children, who were present at his funeral. This should have read four children, three of whom were present at his funeral, the fourth—a son, Arthur—was unable to be present, he residing at present in Albany, B. C.

### CARLETON ELECTION

This is election day in Carleton County. Both parties are confident of winning. The contest has been extremely bitter and feeling has run high. There has been enough material published in the papers to found a dozen libel cases, but politicians there are not "small potatoes" or "thin skinned."

### MUSICAL TUITION
