JOHN T. G. CARR

NEW THEATRE IS NOW OPEN

House Was Packed at First Night and
People Happily Surprised With
Really Charming Picture
House

H. P. Burpee and W. P. Tedlie, the enterprising, young men who are both ends and the middle of the Neighborhood Theatre enterprise have been getting well deserved compliments for their enterprise in furnishing the town with a thoroughly modern and most attractive picture house, which, if continued under the policy initiated at the outset, will not only be a place of clean and innocent amusement, but of education and uplift as well.

On the opening night—a week ago—the film was well chosen and indicates the class of pictures that the management purposes featuring. "The Old Nest" was truly a touching tale and more provocative of tears than of laughter. The production points the way to straight living and filial duty.

The new picture house, as has been stated in these columns before, is the old Burt building on Main street remodelled. It has been greatly enlarged and the auditorium, with standard theatre seats for 240 people, is directly on the street level. All the requirements of the law and of insurance companies have been met. The double street doors open outward, and the largest crowd may be cleared out in less than two minutes with no chance for a jam or cause for any panic, no matter what may happen. To the right of the ample lobby is the box-office, while the operating booth is at the left. This is a model for safety, as it is of entirely fire-proof construction, so that if a film becomes ignited the operator needs only step out, close the door, and let the blaze exhaust itself. The floor of the lobby is of concrete, the walls and ceiling of steel, while all electric wires are carried in heavy metal conduits.

The main auditorium is handsomely finished in pressed steel of modest design and painted a soft gray. There is a small stage with dressing rooms at either side, while footlights entirely concealed from the audience illuminate the entire stage whenever required. The screen is of the usual dimensions and the pictures are projected with the same clarity, distinctness and steadiness that one sees in the larger towns.

The house is well heated with stoves and there is a good and sufficient ventilating system. The lights throughout the building are well arranged.

The management are giving a three-week entertainment—on Tuesday, Thursday and Saturday nights. The pictures billed for tonight and Saturday are exceptionally attractive.

Really excellent music, well suited to the varying scenes depicted, is furnished by Miss Mary Carr, pianist, and Vincent Boyne with the traps.

COURT CASE OVER ALCOHOL

Province Sues C. P. R. for \$5,000—
Contend Barrels Held Water

Fredericton, N. B., Jan. 31.—In the York circuit court this afternoon, Mr. Justice Barry, presiding, the case of the crown, through the provincial government, against the Canadian Pacific Railway Company, was taken up. Damages of \$5,000 are asked for by the government upon the grounds that a quantity of alcohol seized at St. Leonards, N. B., and placed in a car in the custody of the C. P. R. at that place, for shipment to Fredericton had disappeared.

The crown's claim is that eight casks of alcohol were seized at St. Leonards by prohibition officers and placed in a freight car for shipment to Fredericton consigned to Rev. W. D. Wilson, who was then chief inspector. The next morning, it is said, only one cask remained untouched, three casks were missing altogether and four had been drained of their contents.

The C. P. R. contended, it is said, that the contents of the casks was water and not alcohol and that if it was taken it was not the railway's fault anyway.

OVER TWO THOUSAND MILES OF "SALADA"

Notwithstanding the much-talked-of depression in trade, the "SALADA" Tea Company had an increase in sales in 1921, of 2,363,147 pounds, making their total output over 14,596,000 pounds. If these packets were all placed in line and touching end to end, they would stretch for 2,256 miles.

WHO IS THIS?

The Observer has on hand a great number of photographs of soldier boys, but in most cases the names of them have become detached and they can no longer be identified by the office staff. Here is one of them. Surely some one can write and tell who this is, when and where and with what unit he enlisted, and give a brief story of his subsequent career. Let us have the story right away, please, and we will be able to print it next week. Each week we will print a different picture and ask our readers to supply the description for the following issue.

Watch this page. Your own boy's picture may appear next.

The soldier whose portrait appeared last week is Walter Estabrooks, son of Joseph Estabrooks of Wilmot. He enlisted with the 65th Field Battery and saw much active service in France.

TOMORROW'S RACES ARE POSTPONED

But a Big Event is Announced for
Friday, Feb. 10.

A meet of Hartland Driving Club, which was announced for Friday, Feb. 10, when it is expected that an important racing event will be pulled off.

At the present time it looks as though Ben All, owned by Hartland Driving Club, would be matched with Lucky Strike, owned by Hamilton of Woodstock. This will be Class A.

Class B is likely to be contested by Onward Wilkes, owned by Stanley De Witt, Queenie Patchen, owned by Frank Hayden, and Lady Bell owned by W. N. Stevens, all of Hartland.

In class C, Dr. Macintosh's Miss Peter Spian will be matched with Flying Dick, owned by Charles Crabbe of Cloverdale.

It is hoped that horses from Centerville and elsewhere, including Bob Lee from Gordonsville, will be in attendance at this meet and help to make things more interesting. A cordial invitation is extended to any horse owner in the county.

The races on last Friday proved something of a fiasco. There was small attendance and sundry mishaps occurred so that not one of the races was fought to a conclusion.

ELECTRIC CURRENT FLOWS ALL NIGHT

G. F. Seeley Now Operates His Electric Plant Sunset to Sunrise—
Streets and Bridge Still
in Darkness

The town of Hartland now has an all-night electric service and it is a good service, too. As fast as the demand warrants, lines are being extended to all parts of the town and every householder may enjoy the convenience and economy of electric light.

Mr. Seeley deserves much credit for his persistence and ambition to furnish the town with current, and his enterprise should be rewarded by liberal patronage. It is his intention to employ meters and sell the current by the kilowatt hour, which is the method universally followed. Hitherto he has sold at a fixed rate per light—an extravagant way. The cost of installing lights is of course quite a serious consideration, but immediately one has them the cost sinks into insignificance. An abundance of clear, white light, an end to smelly kerosene, washing lamps, trimming wicks, breaking chimneys, danger of fires is what one gets when they install electricity. In these days the electric way is certainly the only way.

Mr. Seeley will be glad to discuss the cost of wiring and installing all the necessary fixtures and he should be able to easily dispose of his wife's output of current.

No more has yet been made for either lighting the streets or the bridge. Hartland still clings to the distinction of being the only incorporated town on earth clothed in utter darkness so far as public lighting is concerned. The villages of Perth and Andover are especially incorporated for the purpose of supplying light, and the people did not hesitate to shoulder a bonded debt of \$15,000 for the purpose of making the installation; and so satisfied are they with the investment that an amendment to their charter is being sought so that they can serve more people and illuminate a greater area.

MRS. LORNE BRADSTREET

The death occurred on Jan. 26th of Mrs. Lorne Bradstreet of East Blaine, Me., at Presque Isle Hospital, after a lingering illness. Deceased, who was formerly Miss Agnes Jamieson, was 32 years of age and leaves to mourn their sad loss, a husband, one daughter, one son ages seven and nine respectively, a widowed mother, two sisters and one brother, besides a large circle of relatives and friends.

Mrs. Bradstreet was of amiable disposition and a Christian for a number of years, being converted under and baptized by Evangelist E. W. Kenyon.

Funeral service was held at East Blaine Christian church, Rev. H. V. Bragdon officiating, assisted by Revs. U. Kilcollins, Hadley and Kierstead. The large concourse of people, as well as floral offerings speak of the high esteem in which our sister was held. Very appropriate singing was furnished by quartette from the village as well as an impressive solo "We're Going Down the Valley" by Mrs. Libbey. We tender our sympathy to the bereaved husband and family. Interment was made in East Blaine cemetery.—H. V. B.

STANLEY C. STREET

The death of Stanley C. Street occurred at his Bristol home at eleven o'clock on January 25. Mr. Street had been ill only nine days with paralysis caused from hemorrhage of brain and his death came as a great shock to his relatives and friends. Doctors Lockhart and Belyea were called and everything possible was done but of no avail. For twenty years Mr. Street had been employed by the C. P. R. and had lived the past eighteen years in Bristol. He was called everyone his friend. He was born at Florenceville 6 years ago. Left to mourn the first break in the family circle are his wife and four children: Mrs. W. J. Searle and Mrs. Neville Jensen of Bristol, Mrs. C. M. Shaw of Bath and Harry, station agent at Bristol. Seven grand-children, one

sister, Mrs. J. S. Leighton of Woodstock; two brothers, John of Perth and Mathias of Presque Isle. The funeral, which was largely attended, took place Friday morning at eleven o'clock at the home. Rev. C. O. Howlett, B.A., B.D., of Andover spoke words of comfort to the mourning family. The United Baptist choir assisted by Rev. I. W. Williamson and Frank Tompkins of Florenceville beautifully rendered "When at last we say goodbye," "In the garden" and "Does Jesus care?" Two beautiful wreaths, one bearing the name "Father" from the family and one from the Order of Railroad Telegraphers. The pall-bearers were his two brothers, John and Mathias Street, George Fulton, Frank Grant and Geo. Tompkins, brother workers, and N. B. Lister, road-master, carried the remains to the Presbyterian cemetery where interment

was made. A devoted husband and father, a kind friend and faithful worker, he will be mourned by all who knew him. To the mourning family sincere sympathy is extended. (Telegraph and Victoria Co. News please copy.)

EXTRAVAGANCE IN NATIONAL OWNERSHIP

In an interesting article entitled "What the Doctors are Doing" H. F. Gadsby writes in the Montreal "Standard" what he thinks about the railway problem:

"Times, as somebody has said was made for slaves, but the Government that would string out time to settle the railway problem because there is eternity to look forward to, has no place in this bustling age. What Canada wants in the way of a cure for national ownership is not treatment, but roady relief—something that will ease the gnawing pain and take the load off our chest before we all go to the graveyard."

"What appeals us," said a prominent politician the other day, "is the extravagance involved in national ownership. Take for example the C. N. R. day train from Toronto to Ottawa—besides the passenger coaches, a parlor car and a dining car. The dining car takes waiters, two cooks and a steward; the parlor car, a porter. Nine men—national ownership. The C. P. R. day train cuts out the dining car, a parlor car with slipper tables serving every purpose. This car gets along with a cook and one porter, who is steward, waiter, parlor car conductor and porter combined. Two men—private ownership."

"The C. P. R. parlor car is just as comfortable, the food is just as good, the prices are just as reasonable, and

the service just as efficient, and the whole thing is run at a fifth the expense of its public ownership rival. Instead of two tips, you pay one for which you get twice the politeness you do from a bunch of train hands who have got into the habit, along with national ownership, of considering themselves Civil Service officials with a haughty outlook on the common or garden elector who pays their wages."

Which, of course may be a little overdrawn, but it goes to show that private ownership has decided advantages which can not be overlooked by sensible citizens who pay for service and not for fallals. The railway problem is the most pressing one in sight.

CARD OF THANKS

We wish to thank our friends and neighbors, also the C. P. R. for the beautiful wreath sent, and anyone who so kindly assisted in the illness and death of our beloved husband and father:

Beware Infectious COUGHS

Do you realize the risk you run riding in a crowded train or street-car without a Peps tablet in your mouth? Every sneeze, every cough, fills the air you breathe with countless disease germs that immediately make for any weak spot in your throat and chest. Be wise, always carry Peps, and occasionally let one of these germ-killing tablets dissolve in your mouth to ward off the infection. Then you will not be "full of cold" on the morrow, with the possibility of influenza, pleurisy or pneumonia supervening.

Just as you breathe the germs that cause infectious throat and lung ailments, etc., so you must breathe in the soothing germicidal Peps medicine and get rid of the germs before they can cause serious trouble. Free from harmful drugs, Peps are the safest and best remedy for sudden colds and chills, grippe, sore throat, laryngitis, night-cough, hoarseness, wheezing, bronchitis and chest weakness in old and young.

Pains under the shoulder blades tell of liver derangements. Other indications are sallow complexion, indigestion, constipation, biliousness and bilious headaches.

The quickest way to arouse the liver to beneficial action is by use of Dr. Chase's Kidney-Liver Pills. Continued use will insure lasting relief, correct the whole digestive system and purify the blood.

Mrs. Wm. Batten, Hanover, Ont., writes:

"For some time I suffered from liver trouble. There was a hard, beating-down feeling in my back which I could not get rid of. Some one advised me to try Dr. Chase's Kidney-Liver Pills. I did so, and found them excellent. The dragging feeling in my back disappeared and I felt much benefited generally. LIQUOR SEIZURE WAS A FIZZLE

Campbell Inspector Takes Three Cars, Carrying Wet Cargo Valued at \$150,000—Suggested from St. John

The biggest seizure of liquor ever made in the province of New Brunswick was accomplished by Inspector Smith at Campbellton, when, on Thursday of last week, he took into custody three buxom loaded in value at some \$150,000. The chief inspector said that word of the seizure reached him in Fredericton on Thursday evening in a telephone message from Inspector Smith. He said that the liquor was supposed to have originated in St. John and was consigned to the province of Quebec, but had been intercepted at Campbellton.

Inspector Smith informed the chief that the three cars were filled. He set them under the guard of two men and will forward them to Fredericton under guard as soon as possible.

Mr. Hawthorne said that if the cars were filled to capacity they would hold more than 1,500 cases each. At \$40 a case this would make the value of the shipment about \$150,000.

Inspector Smith, who made the seizure, is practically a new man in the prohibition enforcement ranks, having been appointed to his present post late last summer. His work was highly commended this morning by the chief inspector.

A Fredericton dispatch says: "It is believed that a special agent of the Quebec liquor commission located at St. John to watch shipments into Quebec was aware that the shipment had been made and that if the inspectors at Campbellton had not seized it, a seizure would have taken place soon after it crossed the border into Quebec."

Fredericton, N. B., Jan. 28.—New Brunswick's prohibition enforcement agents have met with a complete disappointment, were arrived from Campbellton that the three carloads supposed to have been seized there and due to arrive here on Saturday night had not really been seized and would not be coming here.

THE WALL OF CHINA

In 214 B.C., the Chinese commenced building the Great Wall, which isolated their country from the rest of the world and helped retard their national progress.

The business man who maintains a wall of "dignified reserve" towards the buying public is just as surely retarding his own business growth.

ANSWER THIS PUZZLE WIN \$1000.00 "Special" OVERLAND

How Universally Popular Are the Movie Stars? This is the question which the Movie Editor of the CANADIAN FARMER is trying to solve. We believe that the Movie Stars are just as well known to every man, woman, child and foreign community of the Dominion as in the big cities and just to prove it, our artist has devised this puzzle.

How To Solve The Puzzle In this puzzle the artist has depicted the heads of a Movie Star. The names of the stars are written in the spaces around the head. To solve the puzzle, all you need do is to write the names of the stars in the spaces around the head. For example: No. 1 is Charlie Chaplin. Can you give us the names of the other stars? Write them in the spaces around the head. Do your best, and win the \$1,000.00 prize.

Can You Solve this Puzzle? Any one living outside of Toronto is privileged to take part. Put on your thinking-cap and solve the puzzle and send in your answer. Probably you know the names of most of the famous stars, but just to refresh your memory we give below a few of the most popular ones.

Charlie Chaplin, Mary Pickford, Charles Ray, Fatty Arbuckle, Norma Talmage, Wallace Reid, Beverly Bayne, Thomas Meighan, Mabel Normand, Dorothy Gish, Pauline Frederick, Gloria Swanson, Douglas Fairbanks, Alice Brady, Dustin Farnum, Pearl White, Blanche Sweet, Theda Bara.

Costs Nothing to Try Wouldn't you be the happiest person in the world if you were the winner of the \$1,000 in a contest like this which took only a few minutes of your time? Well, should say you would be happy! And you can do it too. It's just this such little opportunity as this that hundreds and thousands of common folks have obtained their start and have risen to be the great men of today. You probably know of some such cases yourself if you think. This is the CANADIAN FARMER'S offer to YOU to give you a like chance. And it won't cost you one cent.

Only 100 Points Wins \$1,000.00 (or the beautiful "Special" Overland). Second highest will receive \$500.00 and so on down the list of 50 prizes.

For each Movie Name that you correctly arrange you will receive 10 points, or 100 points in all if you arrange all ten names correctly.

Then you can get 40 more points by "qualifying" your answer. That is, by proving that you have shown a copy of the CANADIAN FARMER to three people during this Big Publicity & Booster Campaign. A qualification blank will be mailed you on receipt of your answer.

The final 50 points will be awarded by three prominent and independent judges on the northeast coast, handwriting and spelling of your answer.

Strike while the iron is hot, and send in your answer today.

Rules of Contest 1. Write all ten Movie Names on one side of a sheet of paper. 2. Write your name and address plainly in the upper right hand corner of the same sheet. 3. If you wish to write anything else, use a separate sheet of paper and sign your name and complete address on it also. 4. The prize winning 100 points, which is the highest number obtainable, wins 100 points. You points will be given for each correct name you send, or 100 points if you get all ten names correct. Sixty additional points are gained by qualifying your answer, and 50 points will be given for neatness, style, handwriting and spelling. 5. When the Movie Editor receives your solution, he will send you a letter telling you just exactly how many points your solution earned and also send you a sample copy of the CANADIAN FARMER to help you in "qualifying." 6. The Contest closes on Saturday, March 11, 1922 and announcement of Prize Winners will be made in the CANADIAN FARMER shortly after.

"A TALE OF TWO WORLDS"

Had Frank Lloyd, Goldwyn direc-
tor, known the Chinese alphabet, he
would have saved himself the time
and the impotence incident to re-
making a scene in Gouverneur Morris
photoplay, "A Tale of Two Worlds,"
which was made at the Goldwyn stud-
ios and will be shown at the Neigh-
borhood Theatre, on Feb. 4.

The story deals with the love of an
American for a girl who is being
reared by a Chinese servant. Through-
out the story several hundred Chinese
were employed in mob scenes. These
extras were gathered in and about
Los Angeles. It may not be gener-
ally known that the meaning of Chi-
nese words depends upon the way
they are pronounced; that is to say,
upon what notes they are sung. An-
other difficulty is the fact that the
Chinese musical scale consists of
quarter steps, whereas our scale is
composed of half steps. It can be
readily seen how hard it is for an
American to sing words in Chinese.

Mr. Lloyd had to know a few words
to direct his Chinese mob. One of
them was "Fungo!" But when he
shouted it through the megaphone,
expecting the crowd to stand per-
fectly quiet, they began to shiver and
shimmy. Lloyd was furious. He
called the interpreter to him.

"Ah, no," said he. "You must say
it with upward song, so: 'Fungo!'"
And Frank Lloyd had his first lesson
in the musical delicacies of the Chi-
nese language.

SUNDRY NOTES

Washington now boasts of a man-
less hotel. This hotel is to be run
exclusively by women. The bell hops,
porters, cooks, room clerks and other
employees are all women. The man-
ager is a woman, formerly manager of
the government hotel for war workers.

No word was spoken at a recent
trial of a man arraigned on the charge
of murder at the Old Bailey in London.
The prisoner was deaf, and as there
was no person in court competent to
use the sign language the entire pro-
ceedings were conducted in writing.

A lawsuit, started some 600 years
ago, was recently called for trial in
a French court. The costs and fees
of several centuries exceeded the val-
ue sought. It has to do with the dis-
tribution of some land in the Jura
Mountains, between the communities
of Mousis and Chardilla.

Rene Maran, a young Negro au-
thor, has won the annual prize of the
Goncourt Academy for the best
French novel of 1921. This author
was born on the island of Martinique,
French West Indies. The novel deals
with colored life in Central Africa and
is entitled "Bataoua." The Goncourt
prize is worth 5,000 francs, but is one
of the most cherished literary awards
of France.

The life-sized figure of a woman
carved in a solid rock was recently
found by campers in a remote corner
of Crater Lake, National Park, Ore-
gon. It has been impossible to learn
so far, when the carving was done or
by whom. The initials M. A. Y. and
markings which appear to be 1843 are
seen near by. This region was practi-
cally unknown by white men in 1843.

The smallest modern gold coin in
the world, so far as is known, has
just been minted in Geneva. It rep-
resents the gold franc and is the coin
on which the budget of the League
of Nations is to be calculated. In
shape it is octagonal and on one side
is engraved the initials "S. D. N."
(Societe des Nations). It is valued
at about two cents and weighs
.03225965 of a gramme.

It is a convenience when making
preserves, after they are put away in
a closet, to make a list of what you
have and fasten it on the closet door
with a pencil attached; then when
you take a jar out, cross it off.

Toy balls made of rubber may now be
made highly colored in designs simi-

can chip or come off, because the col-

SMITH DECLARES HE WAS ALARMED

Sudden Turn For The Worst Served
As Warning To This
Winnipeg Man

"My advice to anybody with stom-
ach trouble is to take Tanlac. I have
tried dieting, medicine and everything
else but Tanlac is the only thing that
ever helped me," said A. W. Smith, a
well-known tailor, residing at 371 Ar-
lington St., Winnipeg, Man.

"I had a chronic case of stomach
trouble that had been giving me con-
stant bother for two years or more.
I had to be particular about what I
ate and there were many things I
couldn't touch. At times I turned
almost deathly sick and would have
the worst sort of pains in my stomach.
I was subject to awful headaches that
made me nervous and restless and I
got to where I would lie awake in
bed for hours hardly able to get any
sleep at all. A few weeks ago I took
a turn for the worse and that scared
me and I took it as a warning.

"So I started on Tanlac as I had
heard a lot about it and had been
thinking of trying it. And it just hit
the spot and I felt an immediate re-
lief. I struck right with Tanlac then
and now I can't tell I ever had stom-
ach trouble. My appetite is first class
and nothing I eat hurts me. The fact
is, I feel great and consider Tanlac is
in a class all by itself."

Tanlac is sold in Hartland by Estey
& Curtis Co., Ltd., and by leading
druggists everywhere.

"A Tale of Two Worlds"

AT NEIGHBORHOOD THEATRE ON

Saturday, Feb. 4

Gouverneur Morris, the famous au-
thor, has written a stirring tale of
adventure with Frisco's celebrated
Chinese quarter as a background, and
Goldwyn has made it into a picture
that will hold you spellbound.

The story of little Sui Sen, stolen
from white parents during the Boxer
rebellion and brought up as a Chinese
girl; of Ling Jo, sinister tyrant of
Chinatown; of Newcomb, bold Amer-
ican who lost his heart to Sui Sen;
and of the terrible torture chamber of
the tong-leader, makes a picture that
will live long in your memory.

BRONCHIAL ASTHMA

Choking and Gasping for Breath
Relieved by "FRUIT-A-LIVES"

MRS. PENNINGTON

New Rockland, P. E.
"In 1919, I was taken with Bronchial Asthma and no one knows what I suffered with it during the winter. I began having Choking Spells—gasping for breath and could not speak. I would have one of these bad spells in the evening, one during the night, and one in the morning. The doctor said he could do nothing for me."

"In the spring of 1920, I started taking 'Fruit-a-lives' and in a few days, the choking spells stopped, and I have had none since May 7th, 1920. I have so wanted to tell other sufferers who have the same trouble about 'Fruit-a-lives' for I know how they must suffer."

Some thought the Asthma would come back on me as winter came on but it has not, thanks to 'Fruit-a-lives'. Mrs. J. M. PENNINGTON, 50c a box, 6 for \$2.50, trial size, 25c. At dealers or sent post-paid by Fruit-a-lives Limited, Ottawa.

The sidewalks of Manchester, Vermont, are of marble, the most common rock found in that vicinity.

Railway News in Brief

Stone Jaw, Sask.—Good progress has been made during the past month with the work of finishing the interior of the C. P. R. Office Building in connection with the new station here. The contractors expect that the building will be ready for occupancy by August 1. This will complete one of the finest stations west of Winnipeg.

Vancouver, B.C.—The Committee of the Board of Trade was told by W. B. Langan, traffic manager of the C. P. R., at a conference that the freight classification No. 17 which was proposed in 1919 has been shelved, and an entirely new list is at present being prepared.

There was considerable discussion in regard to the retention of the existing trade. It was under which shippers can mix certain commodities in the same cars for shipment. Local business men were afraid that the present trade would be interfered with to the detriment of their business, but Mr. Langan gave an undertaking that there might be a modification in the existing arrangements, but it would not be of such a nature as to interfere in any material way with business.

Much satisfaction was expressed by the Board members at this assurance.

Kimberley, Ont.—The Royal Military College at Kingston has received some interesting relics presented by prominent C. P. R. officials. Mr. E. W. Beatty, K.C., President of the Canadian Pacific Railway, has presented a number of war relics in the form of a Prussian helmet and a regimental flag captured from the enemy during the late war.

Mr. Beatty, who is a member of the college governing board, is taking a keen interest in its progress and his gifts have been placed in the staff mess.

A number of very interesting and priceless articles have been handed to the college by Colonel F. L. Wanklyn, of the board of governors, one of which, an umbrella-shaped made from a massive shell-case is in the "entre-soi" to the mess. Other gifts from Colonel Wanklyn include a handsome table lamp constructed from an 18 pound shell; a tobacco box made from a shell case; and a fine engraving depicting "The Surrender of Compe". The latter is particularly appropriate as framed group photographs of the x-cadets who were in the South Africa War have been preserved and will be hung on the walls in proximity to the picture of the dawn of Malheur.

Colonel Wanklyn has also given the college a colored picture entitled "Rivals" which is composed of composite photographs taken of lightning and an express train. This picture hangs in the cadets' new mess-room.

Mr. A. D. MacTier, of the C. P. R., has also presented an engraving of the painting entitled "Compe" to the college. This wonderful Scottish picture has been much admired by all who have seen it, and the kindness of these friends of the Military College is appreciated by all connected with the college, as is apparent from the many happy remarks heard.

Vancouver, B.C.—The "Princess Louise," all-British Columbia built and newest addition to the coastwise passenger fleet flying the house-flag of the Canadian Pacific Railway, will be ready for commission shortly, it was stated by Capt. C. D. Negro, marine superintendent, British Columbia Coast Steamship Service.

"Princess Louise" will first be operated, Capt. Negro states, on the route between Victoria and Vancouver, which will be in the nature of a thorough test of the boat's machinery before she is sent north to Alaska, for which service the "Princess Louise" was designed. The "Princess Louise" will be operated between Victoria, Vancouver, Prince Rupert and Skegway will be maintained by the "Princess Louise" from the time she is put into commission for the northern run until June next, when the summer schedule of the Alaska route will go into effect.

The first of the sailings under the summer schedule will be taken on by the "Princess Louise," leaving Victoria June 9 at 11 p.m. and clearing from Vancouver at 9 p.m. June 16. The "Princess Louise" will be operated to Alaska, this summer in connection with the "Princess Alice." These two splendid boats will give the Alaskans the finest steamship service they have ever had. It will approximate a semi-weekly schedule. The summer schedule of the "Princess Louise" from Victoria to Alaska is as follows: June 9, June 16, July 4, July 14, July 25, August 4, August 15, August 25.

The schedule from Victoria of the "Princess Alice," which will alternate with the "Princess Louise," is as follows: June 16, June 30, July 11, July 21, August 1, August 11, August 22 and September 1.

Sailing from Victoria and Vancouver, the ports to be touched at by the "Princess Louise" and "Princess Alice" in the summer service will be, Alert Bay, Prince Rupert, Ketchikan, Skagway, these call being made on both the northbound and southbound trips.

A lighthouse, the flash of which can be seen for nearly 200 miles, has just been completed in Paris. It is intended for the new air station at Dijon and has been under construction for two years. The beam of light thrown from groups of lamps has an intensity of 2,000,000,000 candlepower. The lighthouse will be set up on Mount Africa, in the east central part of France, as a guide to airplanes on the great airways to the north and east of Europe.

A whale ran aground in shallow water inside the Atlantic entrance to the Panama Canal and was killed by machine gun fire by canal employees, who undertook to salvage it for oil and bone. The whale was too heavy for the 75-ton railroad crane to handle and a tug attached a line to the carcass and towed it to a point 12 miles outside the breakwater, where a naval airplane dropped two bombs weighing 100 pounds each from a height of 1,000 feet and destroyed it.

The new immigration law of America has kept 1,000,000 foreigners out of the United States in the last six months, according to the chairman of the House Immigration Committee. Only 100,000 aliens entered in the first five months of the last fiscal year.

PAINS IN BACK AND SIDES

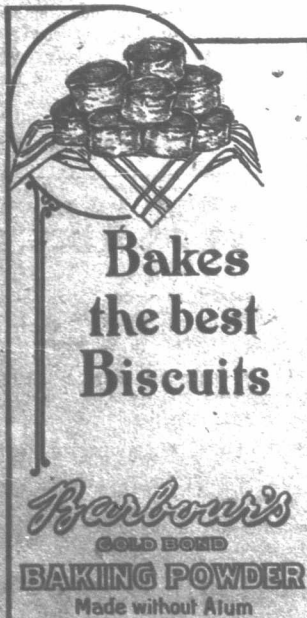

Relieved by Lydia E. Pinkham's Vegetable Compound

Lindsay, Ontario.—"I used to have very bad pains in my back and sides and often was not fit to do my work. I tried many medicines before I began to take yours. I saw Lydia E. Pinkham's Vegetable Compound advertised in the 'Toronto Globe' and now that it has helped me I recommend it to all of my neighbors. I keep it in the house all the time and take it once in a while no matter how well I feel, for one ounce of prevention is worth a pound of cure."—ELIZABETH GARRARD, 13 St. Paul St., Lindsay, Ontario.

To do any kind of work—and you know there is much to be done—is next to impossible if you are suffering from some form of female trouble. It may cause your back to ache or a pain in your side; it may make you nervous and irritable. You may be able to keep up and around, but you do not feel good.

Lydia E. Pinkham's Vegetable Compound is a medicine for women. It is especially adapted to relieve the cause of these troubles, and restore them to normal health.

In this painful malady nothing soothes and heals like herbal Zam-Buk. It speedily relieves the dull-gnawing pain and intense irritation, reduces swelling and inflammation and stops the bleeding.

Read the following proof!

"Eight years I was a victim to blind itching piles," says Mr. G. Lee, 35, Steiner St., Toronto. "I had tried almost everything in the way of ordinary ointments before I got Zam-Buk. This super-balm speedily relieved the terrible itching, and caused the protrusions to completely disappear. Piles have not troubled me for six months now."

Mrs. E. Boxall, 95, Scott Street, St. Thomas, Ont., writes:—"I am glad to endorse the remarkable pain-soothing and healing qualities of Zam-Buk. Being for months a constant sufferer from bleeding Piles, I derived no permanent relief until I got Zam-Buk. All other piles sufferers should try this wonderful herbal balm." Use Zam-Buk also for abscesses, chaps, cold-sores, eczema, cuts, burns, scalds, ringworm, ulcers, poisoned wounds, and all sores and injuries. 50c. box, 3 for \$1.25.

Save from 10 to \$25 a ton on Fertilizer

This company has been organized to take over and further develop the Home Mixed Fertilizer industry so successfully inaugurated by Hatfield & Co. last year. The chemicals and materials offered are the best, bought in very large quantities in the cheapest markets, and we are in a position to deliver at very lowest prices in New Brunswick.

OUR HOME MIXED FERTILIZERS have proved the best in every way having in several instances produced more than 160 barrels to the acre.

HOME MIXING is no experiment. It has been proved beyond a doubt that it can be successfully done. Simply follow our plain instructions, or if a community desires it, we will send an expert to demonstrate how it is best accomplished.

ON OUR HOME MIXED FERTILIZER you save 300 to 700 pounds per ton in freight and hauling, cost of extra containers, obtain more plant food and actually save \$10 to \$25 per ton over factory mixed goods and they are in every way superior.

HOME MIXED FERTILIZERS are shipped in whole and strong bags in carloads.

Write us for further information, or ask any of our agents. Their names will be published in an early issue.

Do not place your Fertilizer order with any one until you have investigated our proposition.

WISDOM FOR THOSE WHO SEEK IT

To dry a clean window shade spread it full length on the kitchen table or on the floor and rub it thoroughly all over with dry salt and corn meal, renewing the mixture as it becomes soiled. Then dust well with a soft duster. The shade need not be removed from the roller, and this method does not pull it out of shape or cause it to crack.

Any undesirable odors coming from glass bottles or earthen vessels can easily be remedied by filling them up with cold water in which soda has been dissolved.

Tin covers may be kept from rusting by rubbing them well when new with lard and letting them stand for twenty four hours. Do this before they have been washed, then heat them lightly by placing them in the oven; finally rub off the lard and wash.

To clean a bath mix whitening with water. Rub it over the bath; rinse out thoroughly with warm water. Dry with a clean cloth.
