Moncton, N. B., Oct. 25.—Resolutions were adopted at the annual meeting of the M. P. B. of the A. A. At a meeting held here recently to extend amateur honors to banned athletes in and about Moncton few it is

TEMPERANCE ACT UPHELD BY COURT

New Brunswick Referendum
On Liquor Trade Will
Stand.

Ottawa, Ont., Oct. 18.—New Brunswick's referendum on liquor importations will stand. The Supreme Court today upheld the constitutionality of the Canada Temperance Act, and dismissed the appeal of the Gold Seal Liquor Co., from a judgment of the Supreme Court of Alberta. It is therefore held that the federal act under which various provincial referenda were held was not beyond the powers of the Dominion parliament under the British North America Act, and therefore that the stopping of importation is not interfering with interprovincial trade.

Judge Idington dissented from the judgment on other points, holding that in the setting of the date of the referendum in Alberta every formality had not been complied with. No statement has been made as yet as to whether or not there will be an appeal to the Privy Council.

A Canadian Press despatch says the decision carries costs to be paid by the Dominion Express Co. The decision means that prohibition laws brought into force in six of the Canadian provinces under the Canada Temperance Act are held constitutional.

"THE INSIDE OF THE CUP"

Winston Churchill's world famous novel "The Inside of the Cup" is coming to Campbellton in picture form and will be presented at the Opera House next Wednesday and Thursday, November 2nd and 3rd. This big Metropolitan production (the picture is in eight reels) had to be held over for extra showings, to meet the demand when it was recently presented at the Imperial Theatre in St. John.

Space does not permit us to dwell on the story here but no doubt that is unnecessary as many thousands of people have read this great story. The picture is not an illustration of the novel but rather a strong screen drama favoring true Christianity as opposed to religious hypocrisy. The theme is big and seriously close to a living question in the hearts of many people. Notable strength in "The Inside of the Cup" is that of the cast, almost every member of which is a star. Even the minor roles are so perfectly typed that each one of them assumes a decided significance. This production is the big Criterion Theatre in New York for many weeks, even at matinees and has created a sensation wherever shown throughout the country. Campbelltonians will undoubtedly avail themselves of the opportunity of seeing it when it comes here next Wednesday and Thursday.

NEW CARLISLE.

On Sunday the 9th at Hopetown, P. Q., three passed away after a lingering illness. Miss Ada McGee, aged sixteen years. Deceased had been living at the home of Mr. J. O. Sherar for the past two years.

On January last she became very ill and was taken to the Hotel Dieu Hospital and was operated on for appendicitis after which she progressed wonderfully for about two or three months when she had a back set, returning to the hospital about the middle of August, there it was found she was suffering with tuberculosis of the bowels. Although all that loving care and nursing was done she gradually weakened until the end came.

She was of a loving unselfish disposition and made many friends who will not soon forget her kind and cheerful life. The funeral took place Wednesday the 12th inst. and was largely attended. Interment was in Hopetown cemetery. Rev. Hardy Wilnot of the Anglican Church officiated making special reference to the deceased as to her loving, christian disposition. Much sympathy is felt for the parents, Mr. and Mrs. McGee, in their sad bereavement.

The War Memorial Aid Club of New Carlisle gratefully acknowledge a donation of \$77.35 from the Great War Veterans' Association, the above amount being half the proceeds of a Whist Drive and Dance held in the Parish Hall on Oct. 13th, 1921.

At a public meeting of citizens of New Carlisle held in the Town Hall in June, 1921, it was unanimously decided to erect a memorial to our brave boys who fought in the Great War.

During the war there was an organization known as the "Girls' Khaki Club" whose object was to raise money to send field comforts to our boys. A meeting of the above club was called but we could not get enough members together to form a quorum to amend the constitution to suit our present object. A new club was then formed and called by a more suggestive name, "The War Memorial Aid," whose members are pledged by the constitution to devote all money made by the club to the War Memorial Fund to purchase at the discretion of the War Memorial Committee of the County of Bonaventure a fitting memorial.

The club held two tag days and a dance during the summer from which the sum of \$300.00 (approximately) was realized.

We want more members and will be glad to welcome any ladies who are interested in our work and who wish to show in a material way that after the war is over, they have not forgotten those who sacrificed their lives for us in the Great War.

"If we break down, they will not sleep. Their poppies grow in Flanders fields."

CANADIAN WINS FISHERMAN'S RACE

Bluenose Easy Winner in First Two Races of Series Off Halifax.

Halifax, N. S., Oct. 24.—Canada won the International Fishermen's trophy today when Bluenose, Captain Angus Walters, led the American defender Elsie, Captain Marty Welch, across the finish line by over a mile in the second race of the series to decide the championship of the North Atlantic fishing fleets.

The Boston schooner Mayflower, barred from the contest by the trustees of the trophy on the ground that she did not come within the spirit or specifications of the deed of gift, created somewhat of a sensation when she appeared off the first mark and proceeded to try her luck with the legitimate contenders. The Boston schooner was out of luck, for in the moderate sea that was running she could not compete with the racers.

A ten knot breeze shifting from north to northwest, with indications of increasing slightly, sent the schooner Bluenose and Elsie along at a fast clip as they manoeuvred about back of the starting line awaiting the fifteen minute preparatory gun in their second race, Elsie had all sails set, while the Bluenose was minus her stay sail.

TWO BATHS A WEEK NECESSARY FOR HEALTH

Everybody ought to bathe at least twice a week in order to be healthy. The Saturday night scrubbing is not enough. This went down in the United States Government book as an official rule advocated by the United States Bureau of Education, which has started a nationwide drive for health school children and teachers.

In addition to frequent bathing, the bureau declared the teeth should be brushed at least once a day; that children should sleep long hours with windows open, drink plenty of milk, but no coffee or tea, and that they should play out of doors every day.

The bride received many useful and well-gifted presents. Mr. and Mrs. McKay will reside in Mr. Clarence Little's house. Many friends join in extending to Mr. and Mrs. McKay best wishes for a happy married life.

Mr. Patterson, principal of the Campbellton Grammar School was a visitor to town on Saturday.

James Hamilton is busy in Charlottetown packing potatoes to Montreal and other cities.

Miss J. Kelly of Stanley, who has been visiting her uncle, Mr. A. Kelly, of Campbellton, for a few weeks, spent the week-end here, with her sister, Miss G. Kelly.

The Rev. J. R. Miller of Pugwash, N. S., formerly of St. John's, Que., preached in St. John's Presbyterian Church on Sunday, both morning and evening.

Doesn't hurt a bit and Frezonic costs only a few cents.

With your fingers! You can lift off any hard corn, callus, or even between toes, and the hard skin will fall off in a few days.

A few words of Frezonic's use: When the corn or callus is lifted off, the skin is raw and tender. It is then that Frezonic is applied. It is a powerful antiseptic and disinfectant. It kills the bacteria and prevents infection. It also soothes the skin and prevents itching. It is a true skin restorer. It is a true skin restorer. It is a true skin restorer.

ANTHRACITE COAL—1921

To those who are hoping for lower prices:

We are in the coal business. We be-
lieve we have the best coal in the
province. We guarantee future prices. We
do not think further reductions are likely.
Please call on our representatives. Don't
miss this opportunity.

These facts make hope of general re-
duction in the future.

If the province of Pennsylvania, State
Tex. on anthracite becomes a law, this
will mean an additional 15.5 or even 25
cents after next July 1st.

Coal is far cheaper than it will be
next winter if you hold off buying!
That is absolutely certain.

You received the same advice in 1919
—those who took it suffered no hardship
of consequence during the big bituminous
coal strike.

We are simply appealing to your com-
mon sense.

You know your house against fire,
don't you? But because you expect
fire as a protection in case a fire
comes. The best insurance you can
buy is fire insurance—you don't have
your house insured.

The coal business interests of Mon-
treal recently had a survey made with
a view to a decrease in the price of
coal. The result was that coal can be
bought now, and stored to the limit of
facilities.

The Manufacturers' Board of Mon-
treal says:
"Protect yourself at once for all family
and factory coal needs."

We say: "Buy your coal now—take
reasonable quantities throughout the
winter. In this way you will avoid an
excessive demand (the last time
this was done) and a shortage with high
prices next winter. Then, if unusual con-
ditions arise in the winter, you can
secure the value of the coal already in your
cellar."

THOSE WHO MAY VOTE AT ELECTION

Law As Respect To Franchise
in the Coming
Election

The inauguration of a general elec-
tion campaign directs attention to the
franchise and its operation, to the citi-
zen's rights as an elector and the
manner in which he will be called upon
to exercise those rights. Says the
Montreal Gazette. The election to be
held this fall will see the first general
application of the new, or remodelled,
Dominion Electors Act, and it is pos-
sible that some uncertainty may re-
sult as to the manner and extent in
which the position of the electors is
affected by the provisions of that act.

There is, or ought to be, no room for
confusion in this respect; the act as
amended embodies the same funda-
mental principle as the former legisla-
tion, and its operation, to the citi-
zen's rights as an elector and the
manner in which he will be called upon
to exercise those rights. Says the
Montreal Gazette. The election to be
held this fall will see the first general
application of the new, or remodelled,
Dominion Electors Act, and it is pos-
sible that some uncertainty may re-
sult as to the manner and extent in
which the position of the electors is
affected by the provisions of that act.

The voters' lists for federal pur-
poses are based upon the provincial
lists, provided the latter are not more
than two years old. In this province
the provincial lists are those of the
municipalities and are revised, either
annually or bi-annually, by the munici-
pal authorities under statutory direc-
tion. These lists will be employed
in the coming election as far as they
go, but as being based upon the man-
dated suffrage principle, and does not
accord to women the right to vote, very
considerable additions will have to be
made. This will be done by registra-
tion.

The qualification of electors under
the provisions of the Dominion Elec-
tion Act requires that every voter,
whether male or female, shall be:
(a) A British subject;
(b) Twenty-one years of age;
(c) Shall have ordinarily resided in
Canada for one year immediately pre-
ceding the date of the issue of the
writ of election;

(d) Shall have ordinarily resided in
the electoral district for the two
months immediately preceding that
date; and
(e) Is not expressly denied the
right to vote.

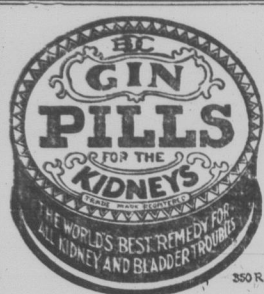

A British subject, under the act,
means one who:
(a) Was born in any of His Ma-
jesty's Dominions or on a British ship,
whether of alien parentage or not; or
(b) Was born elsewhere of a father,
who at the time of the child's
birth, was a British subject either by
birth or naturalization; or
(c) Has been personally granted a
certificate of naturalization in Canada,
Great Britain or any of His Majesty's
Dominions; or
(d) Has had his name included in
any such certificate granted to a par-
ent; or
(e) Is the wife or unmarried widow
of a British subject by birth or
naturalization.

(f) If the child of a person natu-
ralized in Canada, otherwise than
under the Imperial Naturalization Act,
and was, at or after the time his par-
ent was naturalized and before he or
she became twenty-one years of age,
resident in Canada with the natu-
ralized parent.

It has been pointed out that the ex-
pression "ordinarily resided" has no
technical meaning, that the qualifi-
cation, as regards either residence in
the Dominion or in a particular con-
stituency, rests upon the fact of the in-
dividual having had a personal or
family home in which he has lived ex-
clusively or partly, or from which he
has been merely temporarily absent, or
upon his having actually lodged for
two months in the constituency.

Those who may not vote include
election employees who are paid out of
other than public funds; judges ap-
pointed by the Dominion government;
women who have merely become the
wives of British subjects, were not
born in the North American contin-
ent, were not entitled to vote at any
time before June 4, 1921, and have not
obtained a certificate from a judge
having jurisdiction in naturalization
proceedings; Indians (on a reserva-
tion) who did not serve in the war;
persons who have been convicted of
any offence under the Criminal Code
law because of race, unless such persons
have been discharged from their
sentence.

In view of the existing inequality
between the provincial and federal
franchise in this province and the re-
sultant inequality of the provincial
lists for Dominion purposes, great im-
portance attaches to the registration
of voters. The men or women whose

name does not appear in the voters'
list on polling day, does not vote, how-
ever well qualified in other respects.
Registration is the means whereby in-
dividuals who are entitled to vote in
dominion elections, but not in provincial,
or whose names, for any other reason,
may have been omitted from the provin-
cial lists, may have their names re-
corded. As the franchise is not com-
pulsory, so neither is registration, but
as the exercise of the franchise is not
less a duty than a privilege, those who
are entitled to have their names re-
corded in the lists should avail them-
selves of the opportunity which registra-
tion affords.

Registration booths will be opened in
the various electoral divisions immedi-
ately following the issue of the writ
of election. Application for registra-
tion may then be made either for the
voter personally, or by a relative or
employer in his behalf, provided he
cannot attend personally because of
sickness, disability or "necessary tem-
porary, unavoidable and bona fide ab-
sence." In either case the registrar
will put to the applicant, after swear-
ing him, a set of questions prescribed
by statute, as follows:

(1) Where is your ordinary resi-
dence?
(2) Have you, on application made
by you or on your behalf, been regis-
tered as a voter in any other polling
division in this election?
(3) Are you a British subject in
Canada by birth or naturalization?
(4) Are you of the full age of
twenty-one years?
(5) Have you, ordinarily resided in
Canada for the two months immedi-
ately before—(the date of the is-
sue of the writ)?
(6) Have you ordinarily resided in
this electoral district for the two
months immediately before the said
day, etc.?

(7) Are you within any of the clas-
ses of persons who lack qualification
or are disqualified by reason of ap-
pointment as a judge, employment for
pay or reward in reference to the elec-
tion, place of birth, race, crime, mental
incapacity, the receipt of public
charitable support, or disfranchise-
ment for corrupt or illegal practices?

If these questions are answered
satisfactorily the questions put to the
relative or employer being substantially
(similar), the full name of the
voter is taken and entered, together
with his address and occupation.

Following the registration of voters,
the lists are revised by officials ap-
pointed for that purpose, after copies
have been posted in conspicuous places,
municipal buildings, etc. Any per-
son may apply to the revising officer
to have his name added to the lists,
whether he has applied for registra-
tion or not, and persons who have
been refused registration by regis-
trars may appeal to the revising officer
against the refusal so made. On
the other hand, the revising officer may
have his own mistakes, if any, corrected
in this revision, and anybody else may
apply for the removal of names after
proper notice has been given.

The strings of the revising officers
began on the twenty-first day before
the day of polling, and continue for
six consecutive week days.
The procedure, while it appears to be
more or less elaborate and complica-
ted when regarded as a whole, is
simple enough as it affects the in-
dividual voter. The status of the latter
is clearly defined by law and his or
her rights as an elector carefully and
fully protected.

Before I took Lydia E. Pink-

I could hardly get about.

Cobourg, Ont.—"For many years I
have had trouble with my nerves and
have been in a general run down con-
dition for some time. I could not do my
work half of the time because of the
trouble with my monthly sickness. I
was told of Lydia E. Pinkham's Vege-

to try it. It has done me good, and I
strongly recommend it. Since I have
taken it I have been able to do all my
own work, and I also know friends who
have found it good. You can use these
facts as a testimonial."—Mrs. ELLEN

Why will women continue to suffer so

when they can find health in Lydia E.

For forty years this good old fash-
ioned root and herb remedy, which
contains no narcotics or harmful drugs,
has been the standard remedy for fe-
male ailments, and has restored the health of

Miss Allice Poirier, of Balmoral, has accepted a position as nurse on the staff of the Lake Edward Sanatorium. This Sanatorium is on the Great Northern Railway, one hundred and eleven miles from Quebec City. It is an ideal spot, beautifully situated in the Laurentian Mountains, where the air is most abundant and purest. As there is no village around, the patients can enjoy all the calm and rest they need and no intruder ever mars their various amusements. During the war, the Sanatorium was a military hospital where tubercular soldiers received the best of treatment. It is only recently that the Sisters of Charity—the Grey Nuns—took charge of it. It is partly maintained by the government.

The building being quite spacious, there are still vacant rooms and many more patients could be accommodated. Address all communications to Sister Superior, Sanatorium, Lake Edward, P. Q.

PUTTING ON MEN. A move has been made to relieve unemployment by the Canadian National Railways sending out instructions to the general managers to re-employ the men laid off in the past six months, according to an official announcement at Toronto last week. In addition to the work to be undertaken in the shops of the Canadian National Railways, contracts for repair work will be carried on in the car building plants of the various Canadian equipment companies located at Fort William, Hamilton, Montreal, Amherst and New Glasgow. The announcement states will be begun at once.

WHY BATHURST GAINS. The census figures for 1921 show Bathurst as the banner town in eastern Canada as regards increase of population. This is easily explained. In 1911 Bathurst was not incorporated and embraced only that portion of the town then known as Bathurst while Bathurst Village was a separate town. Now the whole are included in the present incorporated town of Bathurst. Of course it is true that during the past ten years, but not at the rate as shown in the census returns.
