Included.

ALLEGED CO.

Philadelphia, Pa., Jan. 10. EAST BOUND

Plying eight days, during which 2-12.23 p. m.

resented 150 witnesses, the no. 4-11.05 p. m.

closed their eyes before the

Strike Commission. The principal

witness was General Gobin of the

National Guard of Pennsylvania, who

was in command of the 3rd Brigade during

the time the troops were on

duty in the hard coal fields, and

Ray, Carl Hauser of Freehold.

The latter said it was his opinion

that "an excited state of lawlessness"

existed in the regions that disturbances

were numerous, that the presence of the

troops was absolutely necessary to pre-

serve law and order, and that it was

difficult to maintain the law even after

all the troops in the State had been

placed in the disturbed territory.

The witness said that when he first went

to the coal region he was unable for

a time to get vehicles to carry his

supplies, teamsters refusing to furnish them.

After his brigade had been called out

the General said the situation became

extremely serious in several parts of the

strike territory, and he feared he could

not cope with the situation if it grew

worse. He so informed the Government.

The famous "shoot to kill" order, issued

by him after his soldiers had been

attacked by stones, was touched upon

by Mr. Darrow, counsel for the miners.

The General said it meant every word

it contained, and the issuance of the

order had a salutary effect upon the com-

munities which his soldiers covered.

Among the witnesses called were two

who testified to certain statements made

by William H. Detrey, who was

at Hazelton elected President of District

No. 7 of the miners' union, in place of

Thomas Duffy. One of them said that

Detrey, in his presence, after the strike

began, remarked that anybody who had

worked during the strike should have his

throat cut. The other declared that

Detrey in a meeting of a certain local

union made a speech in which he said

that all men caught working should be

given a "good spanking."

## RECORD IN SUICIDES.

Vienna Still Leads the Cities of Europe.

Vienna, Jan. 10.—Statistics for 1902 demonstrate that Vienna continues in the front rank of the European capitals in the number of suicides. Last year's records show that there were 453 deaths from suicide and 495 attempts at self-destruction. The number of women suicides increased in ten years from 51 to 124. Most of the deaths are attributed to love and to hunger. The former was responsible for 160 suicides or attempts at self-destruction, poverty for 158, insanity for 127, domestic troubles for 72 and financial losses for 19. One hundred and sixty persons hanged themselves, 148 used firearms in taking their lives, 60 drowned themselves and 38 took poison.

## DEMANDS FOR INTERVIEWS.

Mr. Joseph Chamberlain is Overwhelmed With Them.

Johannesburg, Jan. 10.—Colonial Secretary Chamberlain passed a quiet day yesterday. He is being overwhelmed with demands for interviews.

## RUSSIA THWARTED.

### CHINA REFUSES PROPOSED NEW CUSTOMS ARRANGEMENT.

Britain and Japan Have Urged Resistance to the Russian Plans For Manchurian Customs.

Peking, Jan. 10.—The negotiations between Russia and China on the subject of the Manchurian customs are believed to have ended without an agreement. Russia proposes to establish a custom house at Port Dany (the new Russian seaport of North China, 40 miles north of Port Arthur), but will permit China to appoint a customs commissioner to co-operate with the Russian official.

Britain and Japan have opposed the Russian proposals and urged China to reject them.

### FIGHTING THE DISEASE.

Epidemic Among New England Cattle Subsidizing.

Washington, Jan. 10.—In a report received yesterday by Secretary Wilson, Dr. Salmon, the chief of the Bureau of Animal Industry, who is in Boston directing the campaign against the epidemic of foot and mouth disease, says that the disease will be stamped out this winter unless it has been carried to some other part of the country where it is yet undiscovered. The experts have only two herds on hand, which were reported within the last two or three days. The largest of these herds was to have been killed. Dr. Salmon speaks of an anxiety among the farmers to receive as recompense the full value of the animals killed, but says the Government methods were endorsed in a resolution passed by the Stockholders' Association of Massachusetts at Worcester.

### A DOCUMENT FOUND.

Gives Assets of C. W. Anderson to the Bank of Hamilton.

Toronto, Jan. 10.—The inspectors who are looking into the condition of the private bank of C. W. Anderson & Son, Oakville, have made a discovery which may have a considerable effect upon the chances of the creditors securing any of the assets now held by the Bank of Hamilton under a blanket mortgage. This is a document, signed by Mr. Cyrus Anderson as far back as 1894, in which Mr. Anderson undertakes to make all his personal property liable to the Bank of Hamilton for the latter's debt against both the Oakville and the Palmerston branches. Thus, if the creditors succeeded in breaking the blanket mortgage, there is still this document that would have to be successfully contested before they could have any of the personal property of Mr. Cyrus Anderson rank upon the estate as an asset.

### Mexico Plague Ravages.

Mazatlan, Mexico, Jan. 10.—Thirty-seven people are in the lazareto and six deaths have occurred, one entire family having died of the plague. Many people have left the city and gone to live on the islands near by. A number of Americans have also departed. It has been decided to disinfect the entire city at once. The Charity Commission will pay for the houses that have to be burned and for all clothing destroyed. A man attacked by the plague was found on his way to El Castillo. He was brought to the city to be sent to a lazareto, but he died on the way there. A woman in order to save her son from being taken to a lazareto hid him in bed at home. His father and she herself were in consequence attacked by the plague and died within a few hours.

### North Perth Returns.

Stratford, Jan. 9.—Returning Officer Hossie gave out the official figures in the North Perth by-election to-day, the results of which show that Mr. John Brown was elected by a majority of 206. Following are the figures by municipalities:

Brown..... 138

### Alfred Beit's Illness.

Cape Town, Jan. 10.—Alfred Beit, the well-known South African financier, has had an apoplectic stroke at Johannesburg, and is reported to be dying.

London, Jan. 10.—The firm of Vernher, Beit & Company of this city confirmed the announcement from Cape Town of the serious illness of Mr. Beit, and said the latest reports received regarding his condition are more reassuring.

### Winnipeg.

Winnipeg, January 10.—Harry Spence, a young half-breed, is dead at Neepawa as a result of drinking poor whiskey, bought at a "blind pig." An inquest will be held, and it is probable that four young men will be indicted for manslaughter.

Hon. Clifford Sifton is expected here

on Liberals on Tuesday.

### Archers Showing Cracks.

Vienna, Jan. 10.—Cracks have appeared in the arches of the "Procuste Vecchie" on the piazza of St. Mark. Investigation shows that a portion of the facade has become detached, and that immediate and extensive repairs are necessary to preserve these historic Venetian structures.

### BOTH MAY LEARN MUCH.

Philip Hurlt on British and American Railroad Methods.

London, Jan. 10.—Bishop Hurlt, General Traffic Manager of the Northeastern Railroad, speaking at the Railway Institute of York, relative to his recent investigation of American railroad methods, expressed general admiration of them, and said he was of the opinion that British railroad men can learn much from America. At the same time, he added, the best American roads will find much to learn and admire in English railroad management.

### NORTHWEST IRRIGATION CO.

A Big Scheme to Reclaim Alberta Land.

Ottawa, Jan. 10.—The Government has agreed to allow the Northwest Irrigation Co., composed of gentlemen who are identified with the Galt irrigation enterprise, to purchase 500,000 acres in the southern Alberta district, near Lethbridge, for \$3 per acre. The lands are in what is generally deemed to be the arid belt, but the company undertakes by means of irrigation to bring them into a state of cultivation. Five hundred thousand acres at \$3 per acre would mean a total outlay for the purchase of \$1,500,000. But the company have already made an expenditure of \$912,408 upon irrigation works. They are, therefore, to be allowed a credit up to 60 cents per acre for one-half this sum, amounting to \$306,000. They will also make further expenditures for surveys, etc., to complete the proposed extension of their irrigation system. On this they are allowed a credit up to \$140 per acre, or a total of \$70,000. This leaves a balance of \$500,000, which is to be paid in ten equal instalments of \$50,000, beginning on December 1st, 1907, with interest at 5 per cent. per annum from December 1st, 1905, on the principal from time to time remaining unpaid. The company agree to make a deposit of \$50,000 with an estate of \$50,000, which will be held as a security for the completion of their system, including surveys. The maximum price for lands within the 500,000-acre tract is to be fixed at 25 per cent. of the value of the privileges, and any of these lands sold at the expiration of fifteen years will revert to the Crown. Squatters at present located within the area will have the right to make homestead entry for the land on which they are living. Leaseholders within the tract are to be notified that their leases will be cancelled in two years, in accordance with the clause in the lease providing for the same. The Minister of the Interior will have full and absolute control over the rates to be charged, both for water rights and water rates, in connection with all irrigation schemes.

### FOR GOVERNOR-GENERAL.

Proposal to Appoint a Canadian is Not Favored.

London, Jan. 10.—The London papers record the action of the Board of Trade of Sydney, urging that all Canadian Boards of Trade demand the appointment of Sir Wilfrid Laurier as the next Governor-General of Canada. The movement is not encouraged, even among the most ardent Canadian here. Their contention is that Sir Wilfrid said the last words on the subject when he declared in November, 1901: "The suggestion that I or any other Canadian should be appointed is most mischievous. The Governor-General represents the Crown, and any abandonment of the system by which Peers of ability are appointed by the home Government to represent the Crown would only result in weakening the tie which binds Canada to the mother country."

### TO VICTOR EMMANUEL II.

Thirty Thousand Italians Visit His Tomb.

Rome, Jan. 10.—The 25th anniversary of the death of King Victor Emmanuel II. was observed yesterday by a pilgrimage to his tomb in the Pantheon. The procession was two miles in length and 30,000 persons participated, including delegations from all the provinces and a thousand veterans of the war of independence, with whom the King Victor Emmanuel III. shook hands. Hundreds of wreaths were laid on the tomb. Great crowds witnessed the ceremony. The city was lavishly decorated with bunting and flags, while the Pantheon was hung with black draperies. Veterans, including General Surr, aide-de-camp of the late monarch, stood guard around the sarcophagus. On reaching the Pantheon the procession filed past the King's tomb, and each delegation headed by flags, placed wreaths on or near the sarcophagus; the standard-bearers dipping their flags as the floral offerings were deposited. The King and Queen attended a Mass celebration at the Pantheon prior to the arrival of the procession.

## TWO BIG FIRES.

### McCLARY STOVE WORKS AT LONDON DAMAGED.

Stanley Mills & Co.'s Departmental Store at Hamilton Gutted—Police-men Hurt by Explosions.

London, Ont., Jan. 10.—What proved to be a very destructive fire broke out about 5 o'clock yesterday in the King-street wing of the McClary Manufacturing Co.'s large establishment. The buildings occupy about half the block bounded by King street on the north, Wellington on the east and York on the south, besides a large structure on the south side of York, that backs up to the Grand-Trunk tracks. The blaze started in one corner of the first floor, where the presses and other costly machinery was located, and communicated at once with the floors above. The various departments in the buildings are provided with fire hose, but for some unexplained reason the apparatus did not work. The fire alarm also failed to operate, and a man was despatched to the central station, less than a block distant. Where the fire started a machine for making stovepipe elbows was in operation, and it is stated that one of the employees threw a lighted match on a benzine roller connected with the machinery. The blaze and blinding smoke that followed cut off escape by the stairway for the employees on the upper floors, where 250 hands, 75 of them girls, were employed. The excited men and girls, however, made their way through the crowded storeroom and the dense smoke to the fire escape, and all got out of the building in safety.

On the second floor were more presses and the jannanning department. The third floor was used for manufacturing purposes, and the fourth floor for storerooms. The firemen struggled hard to subdue the flames, but the pressure of water was not strong enough to carry stream to the upper floors, and a bitterly cold wind from the northwest aided the work of destruction. As a result the centre part of the west wing was gutted, only the bare walls being left standing. Fortunately stout fire walls prevented the flames from spreading east and west of the burned sections, and sweeping half a block of valuable buildings and their valuable contents.

Manager Gartshore is away in Montreal, so that an exact statement of the loss is not obtainable. But it is estimated to be at least \$100,000, partially covered by insurance.

Hamilton, Jan. 10.—Had it not been for the excellent work of the firemen and the favorable circumstances of the roof of the buildings in the vicinity of Stanley Mills & Co.'s Departmental store being covered with snow one of the most important business blocks of the city might have been wiped out by fire. As it was, the front portion of the Stanley Mills & Co.'s store was completely gutted, and the loss involved a loss of property valued at \$50,000 or \$70,000. The fire started in some manner unaccounted for about the middle of the big store in the western section, and it was going fiercely when the alarm was sent in to the department. This was about 8.10, and the flames were then burning out of the roof and out of the rear portion of the building. Prior to the appearance of the fire on the outside there were loud explosions, and these caused a smashing of glass in the adjoining buildings, which resulted in Detective Coulter and Detective Campbell being slightly cut, the former in the head and the latter on the back of one hand. Constable McDonald was also cut by flying glass, and his wound necessitated the services of a surgeon, though not serious. Fireman Glover was knocked from a ladder by the explosion, and he was stunned but recovered shortly. The cause of the explosions could not be accounted for, as Mr. Edwin Mills said there was no powder or anything else in the building to cause an explosion that he knew of. After the fire had progressed some time there was a third explosion, but it resulted in less trouble than the former ones. The fire burned very brightly for about three hours, and for some time it looked as though Chief Aitchison's brave men could not save the stores on either side of the doomed one. They did, though, and their work was generally commended by the big crowd of onlookers. The top story of Stanley Mills & Co.'s store was emptied of goods a few days ago, but the stock in the other portions of the building was entirely spoiled. The wreck appeared to-night to have been complete, so far as the store on King street was concerned. Fortunately the mail order department, which is in another building across the alley in the rear of the store, escaped the flames, and Messrs. Mills will be enabled to continue their mail order business without delay. The exact loss could not be ascertained, neither could the items of insurance be learned, but it was highly probable that there was a pretty well insured. The property belongs to the Mills firm, which a few days ago gave out contracts for the reconstruction of the store into a handsome up-to-date structure. Considerable damage was done to the stores in the immediate neighborhood of the burned building, by water and smoke. These included J. A. Zimmerman's drug store, Norman Ellis' jewelry store, and other business places. At midnight the fire was still working to subdue the flames, which occasionally burst out just when appearances indicated that the fire was out.

## THE MARKET REPORTS.

Live Stock Quotations Unchanged—Grain is Firmer.

Thursday Evening, Jan. 8.

Toronto St. Lawrence Market.

The receipts of grain on the street market today were not large, there was a good demand and prices were steady. Wheat—Was steady, 100 bushels of white selling at 90c, 100 bushels of red at 88c and 200 bushels of white at 86c to 88c. Barley—Was steady, 300 bushels selling at 48c to 50c. Oats—Were easier, 400 bushels sold at 38c to 40c. Hay and Straw—The receipts were not large, there was a good demand and the market was steady; 20 loads of hay sold at \$13 to \$16 for timothy and \$7 to \$9 for mixed or clover. There was no straw offered. Dressed Hogs—The receipts were not large, there was a good demand and the market is steady to firm at \$7.75 to \$8.25.

Toronto Live Stock.

There was more snap in the market this morning. The trade seems to be recovering from the usual dullness of the holiday season, and with good quality of offerings the markets in the future should continue to improve. The cattle generally takes a favorable view of the action of the Ottawa Government in its endeavor this week to set the trade in proper light before the British Government. This action is timely, inasmuch as arrangements will soon begin for the spring trade. It is expected, too, that in view of the possibility of the cattle transportation getting out of beaten tracks that terminal and shipping facilities generally will be so improved as to offer inducements for increased shipments by Canadian ports. The trade this morning showed an improved feeling generally, and while prices did not advance appreciably there was a good demand for choice stock and with the result that the offering good, cleaned up early in the day. Receipts were not at all heavy, the following being the run, 54 cars—667 cattle, 534 sheep and lambs, 1,400 hogs and 19 calves. Export Cattle—The run, as in all other classes, was small; the offerings were, however, fair. Good prices were obtained more by reason of a good demand than of good quality in the stock. Prices remain as quoted, although outside figures were paid for choice.

Butchers' Cattle—The quality of the offerings was rather poor, but what stuff was on the market sold well enough at prices well within quotations.

Stocks and Feeders—Practically none of this class was on the market. Farmers are pretty well supplied and there is no demand.

Hogs—The market was active and receipts were fair to good. A general advance of 12c is noted on all grades. Export hogs are quoted at \$3.25 to \$4.00, hucks at \$2.50 to \$3 and lambs at \$4 to \$4.75.

Cattle—Receipts firm. The demand continues good and prices are unchanged.

Montreal Live Stock.

Montreal, Jan. 8.—There were about 250 head of butchers' cattle, 12 calves and 50 sheep and lambs offered for sale at the East End Abattoir today, and over 400 head of cattle were sold here yesterday. The butchers having bought freely yesterday, they are not wanting many cattle to-day, which caused a rather dull market, but prices continue about the same as in the previous market. None of the sales made to-day were over 50 per cent, but a few choice cattle were sold yesterday at prices per pound; pretty good cattle sold at from 24c to 45c, large fat cows from 40c to 45c, and the remainder of the stock at 25c to 35c per pound. Calves sold at from 25c to 35c, and from 40c to 45c per pound. Sheep sold at from 30c to 40c per pound. Lamb sold at from 40c to 45c per pound. Good lots of fat hogs sold at about 60 per cent weighed off the cars.

East Buffalo Cattle Market.

East Buffalo, Jan. 8.—Cattle—Receipts light; steady; veals steady; tops, \$8.75 to \$9.00; common to good, \$5.50 to \$8.50. Hogs—Receipts, 8,000 head; active, strong on all grades except pigs, which are 10c lower; heavy and mixed, \$6.00 to \$6.75; a few at \$6.00; Yorkers, \$6.50 to \$6.80; pigs, \$5.40 to \$5.90; roughs, \$5.70 to \$6; \$4.75 to \$5.25. Sheep and lambs—Receipts, 6,000 head; sheep steady; hucks and lambs easier; on lambs, \$6 to \$6.10; culls to \$4.75; ewes, \$4.75 to \$5.00; yearlings, \$4.25 to \$4.75; ewes, \$4 to \$4.25; sheeps, \$4 to \$4.25; \$3.75 to \$3.85; culls to good, \$1.75 to \$3.50.

Chicago Live Stock.

Chicago, Jan. 8.—Cattle—Receipts, 10,000; best slow, lower; others steady; good to prime steers, \$3.40 to \$3.80; poor to medium, \$2 to \$2.50; stockers and feeders, \$2 to \$4.00; cows, \$1.25 to \$1.50; heifers, \$2 to \$4.85; canners, \$1.25 to \$2.50; bulls, \$2 to \$4.40; calves, \$2.50 to \$7.50; Texas fed steers, \$3.75 to \$4.85; Hogs—Receipts today, 15,000; tomorrow, 20,000; left over, 4,000; bulk sales, \$6.25 to \$6.80; mixed and butchers', \$6.30 to \$6.65; good to choice heavy, \$6.70 to \$6.90; rough and heavy, \$6.80 to \$6.90; light, \$6 to \$6.80; bulk of sales, \$6.25 to \$6.60. Sheep—Receipts, 8,000; sheep and lambs steady to 1c higher; good to choice veals, \$4.25 to \$4.75; fat to choice mixed, \$3.25 to \$4.25; native lambs, \$4 to \$5.00.

Montreal Grain and Produce.

Montreal, Jan. 8.—Grain—The market keeps quiet and featureless. Oats sold in small lots at 50c to 50 1/2c. The demand for buckwheat is slow at 50c east on the G. R. and rye 49 1/2c at 50c. Several cars of peas sold at 72 1/2c high freight. Flour—The market is quiet, the demand being chiefly of a jobbing character. We quote: Choice Manitoba spring wheat, \$1.07 1/2 to \$1.12 1/2; extra, \$1.15 to \$1.20. Medium, \$1.05 to \$1.10; straight rollers, \$1.00 to \$1.05; do in bags, \$1.07 1/2 to \$1.12 1/2; extras, \$1.15 to \$1.20. Mac—The market is quiet, with an easier tendency. We quote: \$4.20 to \$4.25 per barrel and \$1.95 to \$2.05 per bag. Feed—There is a good demand for all lines. We quote: Manitoba bran in bags, \$18; Manitoba shorts, \$20; Ontario bran in bulk, \$17 to 18; shorts, \$19 to 20; and middling, \$23 to \$25, as to quality. Cheese—There is very little business, and finest western is firmly held at 15c and finest eastern, 12 1/2c.

Butter—The market is dull, with an easier tendency. Choice creamery sold at 22 1/2c, and lower grades at 20c to 22c.

Eggs—There is a good demand for small lots. We quote: Selected, 20c to 27c; candied stock, 20c to 20 1/2c; Montreal lined, 18c in a jobbing way; straight receipts, 18 1/2c to 19c; Montreal lined, 17 1/2c; cold-storage stock, 17 1/2c; and western lined, 16 1/2c to 17c per dozen in round lots.

Provisions—There is a good demand for pork and lard, but business in smoked meats is quiet. We quote: Heavy Canadian short cut mess pork, \$24.50 to \$25; Canada short cut back pork, \$23.50 to \$24; light Canadian short cut back pork, \$23 to \$24; finest kettle lard, 20-lb. pails, 12 1/2c; extra pure lard, in 20-lb. pails, 13 1/2c to 14 1/2c; choice refined compound lard, 8 1/2c to 9c; Roar's Head brand, in 20-lb. wood pails, \$1.35 to \$1.60; Globe at \$1.75 to \$1.85; 20-lb. tin pails, 5c less per pound; hams, 12c to 14c, and bacon, 14c to 15c per pound.

British Markets.

Liverpool, Jan. 8.—Opening—Wheat, spot steady; No. 1 standard California, per cental, 6s 5 1/2d; Walla, no stock; No. 2 red winter, 5s 10 1/2d to 6s 2 1/2d; No. 1 northern, no stock. ## EYES SPEAK

Volumes, at times, of woman's happiness or misery. The dull, sunken eye, with its dark circles almost surely speaks of womanly ill-health, and its attendant suffering. With the dull eye goes usually the sallow, sunken cheek, the drawn mouth, the shrunken form—the whole glory of woman's beauty marred by the effects of disease.

Dr. Pierce's Favorite Prescription cures the diseases which undermine the health and mar the beauty of women. It establishes regularity, dries weakening drains, heals inflammation and ulceration, and cures female weakness. Sick women are invited to consult Dr. Pierce by letter free, and so obtain the advice of a specialist upon their disease. All correspondence is strictly private and sacredly confidential. Address Dr. R. V. Pierce, Buffalo, N. Y.

With pleasure I send a few lines to let you know that I feel much better than for eight years before taking your medicine. I write Mrs. Pierce of 32 West Phila Street, York Pa. "Will recommend Dr. Pierce's medicine to every person who may inquire as to what it has done for me. I was troubled with female weakness and began to think I would never be well. If I had continued the treatment prescribed by my doctor I don't know what would have become of me. When your treatment was commenced my weight in 100 pounds and my friends say I look well. Have healthy color and my friends say I look well. My best thanks to you and my best wishes too, for what you have done for me."

"Favorite Prescription" makes weak women strong, sick women well. Accept no substitute for the medicine which works wonders for weak women.

Dr. Pierce's Pleasant Pellets cleanse the clogged system from accumulated impurities.

## APPOINTED TO CANTERBURY.

The Bishop of Winchester Succeeded Dr. Temple.

London, Jan. 9.—The Right Rev. Dr. Randall Thomas Davidson, Bishop of Winchester who has been appointed Archbishop of Canterbury, is a comparatively young man for so important a post, only 55 years of age, and, like his predecessor, an ardent temperance reformer. Whereas, however, Dr. Temple was rugged and austere, Dr. Davidson always has been courtly and urbane, and, while Dr. Temple was a schoolmaster, Archbishop Davidson brings to bear upon the great work which lies before him an experience gained wholly within the church. Dr. Davidson, who is the son of Henry Davidson of Edinburgh, has long enjoyed good health for a long time past, and it is understood that he would have preferred on this account to have declined the Archbishopric, had not the King personally requested him to accept the position.

## Plague in Mexico.

Mazatlan, Mexico, Jan. 9.—Thirteen deaths, all certified officially to have been due to the plague, took place yesterday. Thirty-six persons are in the lazarettos and five persons are in the observation station. The corpse of a young girl, while stricken with the plague, fled from the city was found on the outskirts of the city. The steamer or Linamar, sailed for Guaymas, taking sixty refugees and Doctors Faval and Rivera, the experts, who have completed their labors, having determined the disease to be without doubt genuine Asiatic plague.

## Riot on a Race Course.

Marseilles, Jan. 8.—Troops with fixed bayonets had to be called upon to-day to disperse a riotous mob at the race-course. In one race a bad start was effected, and four horses were left at the post, whereupon the angry public broke down the barriers, invaded the course, demanded the money bet in the pools and committed serious depredations. The police were powerless until reinforced by the soldiers. In a subsequent race the starter had to be protected by police and soldiers.

## WHAT WOMEN WEAR.

Three Cornered Hats—Picture Millinery.

The three cornered hat is again in vogue. It comes well down on the hair at the back of the head and is elevated by a bandeau in front, taking a peculiarly beautiful line when the hat is equally well understood by both the designer and the wearer. Some very smart examples of this are in green and black beaver.

Fashion decrees that the tailor made hat shall match the gown with which

BLACK PANNIE HAT.

It is worn, but there is still a great liking for black, and with best gowns particularly picture hats can be very pretty and smart when all black. The fashion of wearing headgear is also undergoing a change, and the tendency is to wear the hat much more off the face, so that it shows a great deal of the hair. The desired effect is gained by means of a high headband; otherwise the hats are flat, and the most chic are those with very little trimming. These hats with little in the way of decoration must be perfect in curve, with bold outlines. In fact, many of them are copies of the hats seen in Romney and Gainsborough paintings.

The cut shows a smart hat of black panne, with a lining of tuckled chiffon. It is trimmed with a ruche of satin ribbon and a long, drooping ostrich plume.

## DAINTY TOUCHES.

Little Things Which Transform a Gown.

There is a pretty notion in Paris just now to take away the straight appearance of the collar by little clusters of velvet ribbon on each side toward the front.

It is easier to remodel an old costume this season than ever before. For instance, an old sleeve may be quite modish by cutting it at the elbow and putting in a puff of silk or lace.

The wide collar so universally becoming is a little out of date, but

FRENCH HOUSE GOWN.

practically the same effect can be gained by strappings of velvet across the shoulders and a wide effect in trimming. High collars are the regulation thing, and only a few collarless models are seen, principally for evening wear.

The dainty house gown is of yellow net tucked and banded with ecru insertion. The fichu is edged with a wide ruffle of mechlin lace. The sleeves may be elbow length or have the two puffs shown with the ruffle at the wrist.

## THE LOCAL BUDGET

Miss Ermatinger left for Toronto to-day.

S. P. Sturgis, of Dresden, was a Chatham visitor yesterday.

H. M. Carscadden, of Dresden, was a Chatham visitor yesterday.

W. Husband, of Ridley, was registered at the Merrill House yesterday.

A few cars of machinery are being unloaded for the T. H. Taylor Co.'s new mills.

Mrs. George Embrey, who has been in the General Hospital for the past week, is improving nicely.

For Cutters and Harness, go to Quinn & Patterson. They took their first prizes out of a possible five on harness at the Fall Fair.

Rev. Y. Hirawa, a native Japanese will occupy the pulpit of Victoria avenue Methodist church on Sunday morning and Rev. W. E. Kerr, of Blenheim, in the evening.

R. A. Harrington, High Vice Chief Ranger of the I. O. O. F., installed the officers in the Cedar Springs Court last evening. An oyster supper was given after the meeting.

James L. Wilson, architect, has returned from a business trip to Tupperville. The seats have been placed in the new Methodist church in Tupperville and preparations are being made for the opening to-morrow and Monday.

Dr. S. C. Bogart has gone to take a six weeks' post graduate course in Chicago. His many friends think it will be a great improvement in his future practice. He will see some grand operations while attending the Chicago Veterinary College. He will graduate from the college on Feb. 14th and will be back to attend to his large practice on the 16th.

The Maple Leaf Society of Kent Bridge had a very enjoyable oyster supper last night. After the supper an excellent program was given. Miss Florence Stephenson, Miss McCosh and J. W. Wilson, of this city, were present and contributed to the enjoyment of the evening. James McCormick acted as chairman and proved an excellent one.

Elliot Hardy, a young man living in Chatham Township near Kent Bridge, had his left hand cut off in a corn sheller yesterday afternoon. Hardy was working for a neighbor when the accident happened. He was removed to the residence of Mr. Langford, where Drs. Bucke, of Kent Bridge, and Stewart, of Thamesville, amputated the hand at the wrist. He is at present doing as well as can be expected.

A meeting of the reading circle, a branch of the Epworth League work, was held in the Park street Methodist church last evening with a good attendance. Dr. A. A. Hicks occupied the chair. Mr. Simpson gave a short introductory address. Miss Mounteer read a paper on the life of Tenneyson, and Miss Irwin one on the life of Arthur Henry Hall. Miss Pearl White gave a vocal solo and Miss Florence Bogart an instrumental. The next meeting will be held next Friday evening.

## Money Found.

Two purses—one containing over \$35.00 in cash, besides other articles, and the other containing a lesser sum in paper money—were handed to THE PLANET to-day.

They were returned as the result of PLANET ads., wisely inserted in this great home journal by their owners.

On Christmas eve, Mrs. Elizabeth Henry, of Darrell, reported at this office the loss of her purse and contents, including over \$30.00 in cash. Mrs. J. Kennedy, 4th Concession of Chatham Township, found the purse and pursued THE PLANET. As a result the lady left the purse, with all its contents, with THE PLANET to-day for return to the owner.

On the same day a lady, who neglected to leave her name, reported the loss of a purse and small sum of money at this office and a notice of same was inserted in THE PLANET. The purse and money were promptly returned to THE PLANET by the finder, and the lady requested to call at the office and secure her property.

For results there is nothing to equal Planet advertisements.

## T. M. Edmondson is confined to his house with la grippe.

The civic pay sheets for the past week amounted to \$57.41.

James McGrath, an old Crimean veteran, died at St. Joseph's Hospital in his 72nd year. Deceased was for many years a drayman, but of late years he has been a resident of the Home of the Friendless.

## GOOD CONCERT

The fourth entertainment of the Royal Course being given at St. Joseph's Hall, Cross street, was given by the Ladies Aid of St. Joseph's church last evening under the auspices of the Ladies Aid and Altar Society.

The program was an excellent one and well rendered. A good crowd attended the concert. After the program an hour of progressive pedro was given. The program:

Solo—Miss Belle Riddell.  
Recitation—Miss Gertrude Prudhomme.  
Solo—Will Miller.  
Solo—Mrs. Con. E. Shea.  
Violin solo—Ray Peck.  
Tableau—Vivants, by the Ladies.

## MERRY GATHERING

Miss Dunkley, Queen of the event, gave a very pleasant evening's entertainment to a number of her friends last evening. During the evening a "Bishop of Oxford" puzzle was given the prize winners being Miss Peate and Miss Sandison. The other numbers were: Solo, Mr. Dunkley; instrumental, Miss Bogart; solo, W. Miller; trio, Misses Peate and Sandison and Mr. Miller. This was followed by a musical guessing contest, the prizes of which were won by H. Jordan and Mr. Allen. There were about 30 present and an exceedingly enjoyable time was spent by everyone.

## JOYS OF CALIFORNIA.

Lexington, Mich., News.

There is strong talk among a number of Sanilac county farmers—is every winter for that matter—of emigrating to Southern California. When they get there they will find oranges as plentiful as apples in Michigan, and not half as useful. The salty wind that stunts their nostrils carries with it a fine sand that penetrates every nook and corner of one's house, nor can it be kept out. In addition to this they will find the country abounding in rattlesnakes, copper heads, tarantulas, thousand-legged worms a foot long, and a thousand and one other tropical luxuries.

STANDING CIVIC COMMITTEES  
SLATED AT COUNCIL CAUCUS

Alderman McCoig Declined to Serve on the Board of Works—  
The Draft was Finally Harmoniously Decided Upon.

The aldermen who had the requisite number of votes to qualify for the City Council met in Harrison Hall yesterday afternoon to strike their standing committees. The only matter which caused any discussion was the appointment of the chairman of the Board of Works. It was felt that this committee being the most important and requiring the services of a tried and trustworthy alderman, that it should be given to Archie McCoig. Ald. Martin in moving that Mr. McCoig be chairman of Board of Works, stated that the position which he proposed for Mr. McCoig was the premier chairmanship.

Mr. McCoig, however, refused the honor.

Ald. Edmondson said that for an alderman aspiring to the Mayor's chair, the chairmanship of the Board of Works was but a stepping stone and such a position would suit him better than it would Ald. McCoig.

Ald. McCoig replied that since what Ald. Edmondson had said about the chairmanship of Works was true, that Mr. Edmondson had better just take the office himself.

Ald. McCoig took the ground that

it wasn't fair to compromise his mayoralty chances by putting him on the Board of Works. He (Ald. McCoig) was willing to compromise with Ald. Marshall by giving him the chairmanship of the Finance committee, but that as (Ald. McCoig) was allowed to remain on that committee.

Ald. Marshall said that he did expect to have the chairmanship of Finance this year, and that was what he was looking for.

Archie pleaded so hard and made out so skillfully that he was being treated unfairly that the other members of the committee accepted his plea and made Ald. Mounteer chairman of the Board of Works.

The full draft was as follows:

Finance—Ald. Marshall, McCoig and Scullard.

Board of Works—Ald. Mounteer, Piggott and Robinson.

Property—Ald. Taylor, Edmondson and Martin.

Parks and Cemetery—Ald. McCoig, Marshall and Scullard.

Industrial—Ald. Piggott, Scullard, Robinson, Edmondson and Martin.

The Mayor is a number ex-officio of all the committees.

## GROSS CARELESSNESS

"It is a regular disgrace the way that some contractors perform public contracts," said Dr. A. W. Thornton to THE PLANET this morning.

"One instance of this has just come to light, since the laboratories at the High school have been overhauled. It was found that there were thirteen taps to waste pipes in that room without a single trap and the pipes were not put in so that they would clean themselves.

There was not even a trap at the final exit of these pipes. I do not know who did this work, but it was a faulty piece of workmanship. The architects ought surely to be more careful in overseeing such jobs. The sewer gas which must come from these pipes is certainly endangering the lives of the teachers and pupils in the school. This matter should be called to the attention of the College Institute Board.

## SOME CHARACTERS IN "CASTE."

Just that touch of human nature and that still more delightful theme of faithfulness to the abode, undoubtedly makes T. W. Robert on his famous comedy, "Caste," as popular as it is with the theatre patrons.

This classic, among comedies, will be presented with what is practically an all star cast under the direction of George H. Brennan at the Grand Opera House on Saturday, January 10th, 1903.

## MUNICIPALITY OF RALEIGH

The council elect of the Township of Raleigh will meet in the Town Hall on Monday, the 12th day of January, 1903, at 11 a. m. for general business.

Per statute.

A. E. ROBINSON, Clerk.

## Notice of Meeting.

The annual meeting of the members of the Raleigh Agricultural Society for the election of officers for the current year will take place at the Township Hall on Wednesday, 14th inst., at one o'clock p. m.

A. H. WHITE, Secretary.

## BOYS WANTED.

Boys of spirit, boys of will. Boys of muscle, brain and power. Fit to cope with anything—These are wanted every hour.

Not the weak, whining drones. Who all troubles magnify. Not the watchword of "I can't." But the nobler "I'll try."

Do whatever you have to do. With the earnest zeal. Bend your efforts to the task. "Put your shoulder to the wheel."

Though your duty may be hard. Look not on it as an ill; If it be an honest task, Do it with an honest will.

## CURLING

Curling is an old game in Chatham. Capt. S. M. Smith says the first club was formed in Chatham by Hon. Walter McCrae, Chas. E. Pegley, Editor Ellison, of The Planet, David Walker, Sheriff Mercer, Captain Glendinning and himself, about the time of the American civil war.

Captain Smith and David Walker are the only two alive. "Mr. Walker," says Mr. Smith, "was a great curler. He had been a locomotive driver on the G. T. R., but came to Chatham and kept a tavern on William St., near the Grand Trunk tracks. He afterwards kept the Rankin House, and now owns the Walker House, Toronto.

"In the early days of the club we used cast iron, kettle shaped 'stones.' Mr. Walker and I were sent to Burlington Bay by the local club to play in the international match there between Canada and the States, shortly after the war. The Canadians won, by a score of 13 to 5. There was a fine medal put up for the rink making the largest score. We won it. The medal was a gold seven-cornered one, valued at \$50.

"The river is the place the curlers should use," continued the Captain, "and in its natural condition. The knock in curling is giving the stone a twist that will make it curve round the holes and lumps and land in the right spot."

## THE MARKETS

The market this morning was very small. Apples, however, were very plentiful at from \$1.50 to \$1.70 per barrel. Other prices remain the same.

## Packages

So many articles of food, especially breakfast foods, have been put up in packages, that it is getting to be a perplexing matter to know what to choose. Outside of this is the fact that packages of necessity increase the prices of the food. The cost of packages, the price of boxes and the labor of packing these does increase the cost of breakfast foods to the user. The old way of getting oatmeal in barrels is just as clean and just as convenient for the user, as getting it in packages. Of course it must be carefully handled, and kept covered as we always do, so you can rest assured that when you buy bulk oatmeal here you are getting the best possible.

PAN DRIED ROLLED OATS,

He is coming back in the summer to spend a couple of weeks here studying the negro question from the Canadian standpoint.

## SAUCY BOY

Yesterday, about 5:45 p. m., when Officer Thos. Groves went into the post office, a number of lads were loitering in the lobby near one of the radiators. The lads were whistling and making a noise. Mr. Groves warned the boys to keep quiet and all to move. The boys refused. One of the lads in particular was very impertinent and "saucy." Thos. Groves carried the boy, who is 17 years old, outside. The young fellow then became very talkative and dared Tom to make an arrest. The officer didn't wait, but escorted the young man to the police station, where he was detained for the night. This morning he appeared before Judge Houston and was let go with a warning. The boy said that he was sorry he had acted the way he did and promised never to do it again. Officer Groves said some of the boys resting the boy, as the latter objected to being separated, first, from the company of the radiator in the post office, and second, the lamp post on the corner.

## SOCIAL EVENT

The Ottawa Citizen of Wednesday says:—  
Mrs. Goodeve, of McLaren St., was the hostess of a bright and charming dance for "not out" yesterday evening. The drawing rooms, which were cleared for dancing, were decorated with pink carnations and yellow-shaded candelabra. Strings of brightly colored silk flags were draped around the walls. Mrs. Goodeve was assisted by Mrs. Cadenhead, Miss Kathleen O'Hara, Mr. and Mrs. Walter O'Hara. Each girl on her arrival was presented with a favor in the shape of a scarlet butterfly, and each boy received a heart to correspond. The supper table was deftly arranged with quantities of pink carnations and chrysanthemums. The evening was spent most pleasantly in dancing and games. Among the guests were the Misses Wright, the Misses Shawcross, the Misses Norris, Miss Mildred Lambie, Miss Jessie Lee, Miss May Lewis, Miss N. McKel, Miss Gladys Carling, Miss N. McKel, Miss Evelyn Maynard, Miss Marion Ross, Miss Kathleen Ross, Miss Isabel Bradley, Miss E. H. Young, N. M. Cassels, Miss Mildred Fraser, Miss Florence Harvey, Miss A. Fenwick, Miss Mildred Warwick, Mr. Fred Carling, Masters Gemmill, Maynard, Ross, Guy French, S. Smart, C. Sinclair, Brough, Harvey, Wright, W. Glenon, Dingle, Cassels, Willie Chambers.

## PELOTT VS. DOVER

An appeal has been entered against the judgment recently delivered at Osgoode Hall, in Pelott vs. Dover Tp. At the June sessions of the County Council a by-law was passed endorsing a by-law of Dover closing a certain road. The plaintiff in Pelott vs. Dover claimed that the road was closed for the benefit of two persons and not for the public good. The court at Toronto agreed with the claims of the plaintiff, and delivered a verdict accordingly. Now the defendant township appeals on the ground that the closing of the road was for the public good.  
Wilson, Pike and Gundy for appellants, J. B. Rankin, K. C. for respondents.

## MME. HUMBERT'S TRIAL.

Report that She Refused to Answer Certain Questions.

Paris, Jan. 9.—Therese Humbert was interrogated yesterday for the first time since her arrival, the questioning being conducted by M. Leydu, Judge of Instruction. Mme. Humbert traversed the courtyard of the prison to the underground passage leading to the judges' chambers with a proud and energetic bearing. She met the glances of persons she encountered on the way with much assurance. Lawyer Robert was present at the examination, in behalf of the accused. Mme. Humbert was well prepared to go through with the ordeal, as she worked half of the night arranging answers to such questions as she thought she would likely be asked. It is reported that M. Leydu's questions she replied with much arrogance and confidence, she categorically refused, however, to answer a single question regarding the Crawford or their millions, saying she reserved her replies in this connection for her trial, when she would tell absolutely everything.

Mme. Humbert said she took the entire responsibility for the whole affair upon her own shoulders, and that her family had nothing to do with it. The foregoing is the latest version of the questions, but as the proceedings before Judge Leydu were private, it is impossible accurately to ascertain what occurred. A report of the examination current earlier in the day is to the effect that Mme. Humbert declared the whole story of the Crawford and their millions to be true, that the Crawford really existed, and that in good time they would appear and confound her enemies.

## YOUTH ROBBED THE MAILED.

Frederick Wood of Windsor, N.S., Arrested in Toronto.

Toronto, Jan. 9.—Frederick Wood, a fifteen-year-old lad, was taken to Halifax last night by Dominion Constable Kribbs, to answer a charge of tampering with mail bags. Wood was arrested at the Union Station yesterday by Constables Robert Harrison and Snider, after a telegram had been received here notifying the police to look out for him.

On the last day of 1902 young Wood approached a baggage man on the Intercolonial Railway at New Glasgow, N.S., and pleaded to be allowed to ride to his home, as he had no funds. The baggage man gave his consent, and the boy was secreted in that portion of the train where the mail bags are stored. While the train was stopped at one of the flag stations on the road and the mail clerks were otherwise engaged, Wood, it is alleged, took out his knife and tore one of the bags open. He abstracted a bundle of registered letters, which contained \$400 of money, and made off. He was traced to Oxford Junction, Moncton, N.B., Montreal, and thence to Toronto, where he was arrested.

Dominion Constable Kribbs and Detective Burrows were out scouring the city for the lad when he was arrested. Wood lives at Windsor, N.S.

## Mr. Chamberlain's Tour.

London, Jan. 9.—Mr. Chamberlain is exercising a benevolent dictatorship in South Africa. His speeches are printed and the details of his conferences with the Boer leaders are supplied by the correspondents of the press, but the ordinary functions of a public opinion are suspended. The Unionist journal applaud in a perfunctory manner everything that he does and says, and virulent pro-Boers content themselves with the reflection that the settlement is his, as the war was also his. There can be no appeal from Chamberlain's decisions, and consequently the Boer leaders are attempting to make the best terms possible and settle the compensation claims without delay.

It is already evident that his energy and business capacity have made a deep impression upon the Boers, and that they are less resentful and implacable, albeit not yet reconciled to the terms of settlement. Many practical questions will be hastened by his presence, and representative institutions cannot long be deferred, but confederation, when it does come, can hardly be anything but Dutch in political control, and it will remain an open question whether the loyalty of the Boers to the British crown will be as sound as is the loyalty of the French-Canadians.

## TELEGRAPH BRIEVITIES.

Lord Strathcona has given \$1,000 to Brandon College.  
Mr. Thomas C. Watkins, the oldest dry goods merchant in Hamilton, is dead.  
Returning Officer Dooly gives Mr. Little's majority in North Norfolk as 100.  
General Botha says that \$225,000 was collected in Europe and America for destitute Boers.

It is announced that Major-General Baden-Powell is to retain the command of the South African Police.

## MISS SCOTT'S WALK.

"Caste" at the Grand to-night.  
Miss Mary Scott has a walk peculiar to herself. A few years ago the beautiful heroine of George F. Brennan's all star revival of "Caste," which will be seen in this city to-night, set the fashion for ultra-fashionable society buds. Much to the pretty actress annoyance the "Caste Glide" (for be it known that Scott is the stage name of the former leader of California society) as it was called became a fad. There is no thing Miss Scott thinks more than mimicry. She is anxious to be known as an artist, not as a pedestrian, and has staidly frowned down all attempts to connect her name with the graceful glide that is popular in this drawing rooms of the Four Hundred.

An attempt was made to get an opinion from this newest type of American girl on the subject of walking the other way. Miss Scott's graceful glide which she originated and jotted down the following brief essay on the question at issue. "Do you know that your own particular walk is indicative of a trait in your character? If you have a slow manner of walking it shows you are not energetic, but if you turn out your toes it indicates a thoughtful mind.

"In the case of determined, energetic people, their walk is marked by rapid, long steps, which are the same under all circumstances; while the dandy and the careless portion change the style of their walk to suit the prevailing weather. One hour they will walk one way, and the next hour they will change, and at all times uncertain and unreliable. This is all I can say on the subject as I have not had time to give to

it the careful study I should before giving a pronounced opinion. The "Caste Glide" like the "Curmudgeon Kiss" should, in my opinion, be allowed to rest."

Markus Bros. A No. 1 Company, the renowned repertoire company, appear at the Grand all next week. This company needs no introduction to the theatre-goers of Chatham, as every time they have played in Chatham standing room has been at a premium, and no doubt the same will happen on Monday night, when they open with "The Mormon's Daughter." Consequently those who want to see the opening performance should secure their seats early. A change of program each evening with new specialties. Prices 10, 15 and 25 cents.

### BIG INDUSTRY

Something about one of the  
Maple City's Entertaining  
Factories—It's Rapid  
Development.

Of the many industries that are making Chatham famous, none of these is making more rapid strides or bringing out more rapidly than is the lumber business of J. L. Scott. Only last July the business was started under the firm name of Colby, Scott & Co. Now, however, Mr. Scott has assumed all interests in the large business. Floyd Scott has charge of the office business and William Link is superintendent in the factory.

Already the business gives steady employment to fourteen hands. The site chosen for the planing mill and lumber yard of J. L. Scott is particularly adapted to the lumber business with its good dockage and large room for the storage of lumber. At present there is about 750,000 feet of lumber in the yard, besides a large stock of pines, larches, shingles, etc. The planing mill is now in full running order and is working at its full capacity every day.

The Colby stock rack is made in large numbers. Pat. O'Rourke has charge of the blacksmith shop where the irons for the Colby racks are made. A steel fan removes the necessity for a bellows. On the first floor also is the planing department, where the lumber is dressed. On the second floor, and painted on the third floor, the parts are then put together in the make-up room. Jos. Shaw has charge of the paint shop. On the second floor is a turner's lathe and a hand saw in addition to other machinery. James Riddell is the turner, and brackets, mantles, window posts, and everything requisite for verandahs or fancy wood effects are made in this department. All wood work required for interior finish is also manufactured here. At present the men are engaged making doors, and a large stock will be kept on hand. Chas. Allen is the band sawyer. All the sandpapering is done by machinery. In fact nearly all the work is done by machinery. That is why such a large amount of work is daily turned out by the 14 men employed. There are 14 wood working machines in the factory, and others are being continually added. A large moulding machine has been ordered and will be installed in a couple of weeks. A dock will be built all along the

water front next year a vessel will be chartered for the season just to carry lumber for J. L. Scott's lumber business.

At present ash doors, mouldings, and all kind of builders' supplies and materials for sale. Already Mr. Scott has large trade, but he is prepared to double it. Every business enterprise which Mr. Scott has undertaken has proved successful, and there is doubt that this venture will also prove a source of profit to him and an addition to the manufacturing industries of this city.

Headquarters 24th Regt. Regimental Orders

Lieut.-Col. J. B. Rann, commanding.  
1. The Regiment will parade in Divine Service order with bayonets and greatcoats on Sunday Jan. 11th, at the Drill Shed at 10 a. m. sharp to attend Divine Service at Christ Church. Roll call at 10.30. Extra capes will be provided.  
2. The Sergeant-Major will parade the defaulters at Mrs. Rooms on Monday at 8 p. m. sharp.  
3. The Band and Bugle Band will meet for practice on usual nights.  
4. Owing to the extreme cold the Regimental Band will lead church parade without instruments.  
5. The Commanding Officer has approved of the following appointment. To be Bugle Sergeant-Bugler La Francis.

By Order,  
W. A. COLLETT, Jr.,  
1st Lieutenant,  
Acting Adjutant.

### SATCHEL OF THE SATELLITE

The Grit election color is now long green.

Somebody will not get the chairmanship he wants.

One could enjoy going sleigh-riding these days were it not for the cold.

The old school trustees all got there even though they did sell the school.

This cold snap may be all right, but what we are looking for is a coal snap.

There's many a slip 'twixt the alderman and the chairmanship he wants.

The men of the North aren't the kind I like, judging by what happened on Wednesday.

That snow storm Wednesday morning in the three Norths set a bad example.

Kindly refer to G. G. Martin in future as Ald. Martin, of the Property committee.

Now that John Edmondson is back in the Council, Emma St. will once more gain fame.

It was rather mean of Robinson Crusoe to desert his man Friday at the election post on Monday.

The aldermen say it was great fun to see Archie side-stepping the chairmanship of the Board of Works.

The ratepayers have shown beyond doubt that they approve of the School Board's actions.

Those North winds are always cutting. Their worst work was to cut down Conservative majorities.

The Hamilton Spectator man wants the three Norths wiped off the map. Rather wipe out the Grit majorities.

The Aldermen who attended the caucus yesterday sent Archie McGoig to the Cemetery—committee.

What we expected—the other fellow got the Norths, but five Conservative aldermen were elected out of nine in Chatham.

Paul Kruger was going to deliver a blow that would stagger humanity. W. E. McKeough delivered a blow that staggered Chatham.

I guess the reason the brick-maker was defeated was because the voters "wouldn't cross Jordan on a municipal ballot."

Wednesday we got two black eyes and a tap on the nose from North Perth, North Norfolk and North Grey. But, never mind, Herb Clements was elected school trustee over the creek.

Up goes the price of oil another cent per gallon. I wonder if Rockefeller has made another donation to the Chicago University. Great Financier is Rockie.

Some of The News correspondents are still writing it December. Get it the bullet that kills and not the report.

up to date, gentlemen. — Chatham News.

And again, I am constrained to remark that birds of a feather congregated in the same company.

"How is it going?" queried a young man of one of Cowan's earnest workers, on the corner last Saturday.

"Well, young man, you know how many I takes to head me in the east end, and who, on being informed that three Grits had been elected, yelled "Hurrah!" in a gladstone tone, will call at this office he will hear of something to his disadvantage.

If the gentleman who called up this office Wednesday night and, after hearing that three Grits were elected, said he was sorry, will come around we will hold a mutual commiseration meeting with him. If the man who called up this G. H. J. for election information on the same night and who, on being informed that three Grits had been elected, yelled "Hurrah!" in a gladstone tone, will call at this office he will hear of something to his disadvantage.

**OLE RIGHT OF SALE J. L. CAMPBELL THE BOSTON SHOE STORE**

**"SIX FROM FOUR—YOU CAN'T."**

The kind of leather in a shoe decides the kind of wear it will give!

How can you get more than 80 cents of wear from a \$2.50 shoe?

It cost 70 cents for finish and labor,—with 25 cents for wholesale profit,—and 75 cents for retail profit,—leaving 80 cents for leather, etc.

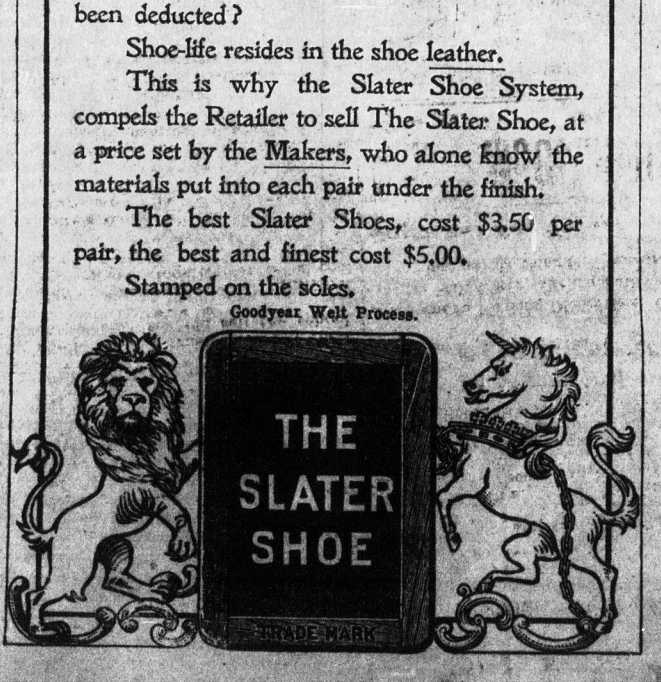

What kind of leather will 80 cents buy, when the cost of linings, laces, eyelets, etc., have been deducted?

Shoe-life resides in the shoe leather.

This is why the Slater Shoe System, compels the Retailer to sell The Slater Shoe, at a price set by the Makers, who alone know the materials put into each pair under the finish.

The best Slater Shoes, cost \$3.50 per pair, the best and finest cost \$5.00. Stamped on the soles.

Goodyear Welt Process.
