WILL RUN TO THE TRACK

C. W. & L. E. Cars to Make Trips To The Races Monday

The Entry List Will Be A Long and Satisfactory One

C. W. & L. E. Railway cars will make their first commercial trips to the south on Monday next, Civic Holiday, when they will operate for the accommodation of passengers going out to the races at the Fair Grounds. The cars will make regular trips to and from the track Monday, and if the weather be fine, this should mean that there will be a larger crowd at the races Civic Holiday than these events have heretofore been favored with.

President Kipp, of the C. W. & L. E., has assured Ald. James Massey that the cars will be in readiness to carry passengers to the track on the holiday.

Among the horses which will be seen on the local track Monday, will be "Collingwood Boy," trained by Crummer, of Chatham, and who broke the track record at Aylmer, going the first heat in 2:14 1-4. He will start in the 2:14 pace here. "The Lion," the famous stallion, and winner of the matched race against "I. K. L." will be started in the 1:19 and the 1:14.

The full list of entries is not yet in, but it promises to be a satisfactory one. The entry list in full will be published in the G. H. J. Saturday.

ENGLISHMAN IS ROUSED

Mr Paterson Speaks About Shameful Treatment of Immigrants

Dominion Department Roundly Scored—The Only Remedy

Cedar Springs, Aug. 4, 1907.

To the Editor of Weekly Planet: Dear Sir,—As an Englishman born and bred, and rightly proud of it, I cannot but refrain from expressing my dire disgust at reading in your issue of July 31st the shameful and criminal conduct meted out by the Dominion Immigration Department to the 40 immigrants who arrived in Chatham at 10 o'clock on the night of July 30. Sir Wilfred Laurier, just returned from the Colonial Conference in England, where he tries to make the people of this country believe that he advocated "Imperial Unity," is, in my opinion, the worst foe that we have to combat against before any such sentiment as "Imperial Unity" can be realized. The Dominion Immigration Department is deserving of the worst censure that it is possible for any right-minded people to give, and the officer who so criminally neglected to do his duty should be severely reprimanded and dismissed from his position. That is what would happen over in England, where "British Justice reigns supreme." Laurier and his policy is, in many ways, anti-British. He called Dundonald a foreigner, and truly he meant it by word and sentiment, and he likewise means it to all the people who are loyal to the British flag—loyal to all that is British. As long as his regime remains in power the welfare and wants of the British immigrant will always be snubbed and neglected.

Let us work for his downfall, and mete out to him the same punishment as we did to Ross and his supporters. Let us unite and adopt a national policy with the right man at the helm, so that we can say in the words of the greatest poet—"Shall we not through our ill Oling to our another ill. Britain's myriad voices call. Sons him welded one and all, Into one Imperial whole. One life, one flag, one fleet, one Throne, Britons hold your own."

Yours truly,
GEO. PATERSON.

Mr. White Presented With Watch fob—A Grand Reception

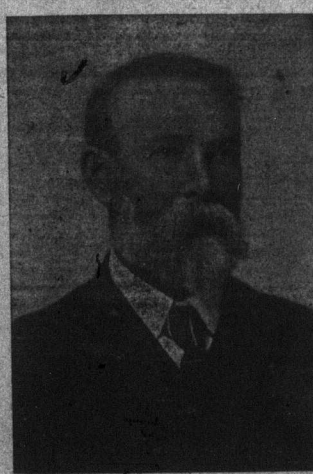

The Mount Clemens Leader, Aug. 5th, says:

A reception was given in honor of J. W. White, of Chatham, Ont., at the parson of the Sherman House on Saturday evening, which was attended by many of the guests of the hotel and others who wished to join in congratulating Mr. White on his splendid victory in winning the running race the day previous against Tom Bergen, the champion sprinter of Ohio. On this occasion Mr. White was presented with a badge of honor and beautiful gold watch fob on which was engraved "J. W. W. Champion runner, Aug. 2-07." The presentations were made by Al Spellman, of Columbus, Ohio, who acted as Mr. White's manager in the contest, and J. J. Jenkins, of Corneal, Ohio, the starter. Mr. White answered at some length, thanking his friends for their loyal support and complimenting his opponent. Speaking of his reasons for entering the contest he said: "I am told my opponent Mr. Bergen has the record of being the champion all round athlete of Ohio, and it was with considerable timidity that I consented to enter the race with him, but when I heard a number of the fair sex—whose undaunted admirer I have always been—were invited to witness my defeat I determined, if possible, to maintain the honor and distinction during my short stay here, of champion fat man sprinter, which has in Ontario been mine since 1903 to the present time."

VERY LARGE FUNERAL

The remains of the late Robert Park were interred in their last resting place yesterday afternoon at half past two o'clock. The funeral was conducted from his late residence, Grand avenue east, by Rev. J. W. Hodgins, rector of Holy Trinity church.

The funeral was one of the largest held in Chatham for some time. It was conducted by the Masonic Order, and there was a very large turnout of the Order. Besides this many citizens with whom the deceased was

very popular, and many from the rural districts through which Mr. Park acted as Inspector of Public Schools, also attended. The Board of Education of the city attended in a body to pay their last respects to a faithful servant, and large numbers of school teachers from the city, and the surrounding district also, by their presence added to the expression of general regret which was felt upon the sad occasion.

R. W. Bro. J. W. Hodgins preached the funeral sermon, and the Masonic service was conducted at the house and grave by W. Bro. George Massey.

The pall-bearers were representatives from the different Masonic Orders, of which the deceased was a member, W. Bro. J. S. Morrison and Bro. S. Stephenson of the Blue Lodge; Ex-Comp. Thomas Scullard and Ex-Comp. Jehiel Smith of the Royal Arch; and R. E. Sir Knight George Massey and E. Sir Knight A. H. Skirving of the Knights Templar.

The following relatives were present from a distance: Andrew Park, of Valley Centre, Mich.; Wilson Park, of Wichita, Kansas; Ed. Park, of Wellington, Kansas; Dr. W. Fred. Park, of Amherstburg; Will Radley, of Detroit.

It seems peculiar that most women want to live long, but they have no desire to be old.

WAS KICKED BY A HORSE

Man Named Cheff was Fatally Injured In Dover Township

He Leaves A Wife And Family Living At River Rouge

A fatal accident occurred last night in Dover Township, at the home of F. Goudreau, on the corner of Concession 5 and the Winter line.

About two weeks ago a gentleman named Cheff came from River Rouge, Michigan, and accepted a position on the farm with Mr. Goudreau. He was about 45 years of age, and had a wife and family living in River Rouge. Last evening, at about eleven o'clock, Cheff was busy in the stables feeding the horses for the night, and, when walking behind one of them, was severely kicked in the left chest. The kick was sufficiently strong to break several ribs and pierce the left lung. His cries were heard by Mr. Goudreau, who was at the house, and who immediately came to his assistance. He was removed to the house and a physician called. The wounds were dressed as well as possible, but the patient passed away from hemorrhage this morning at 6 o'clock.

The accident is one of the saddest that has taken place in Dover Township for some time. The funeral arrangements have not yet been completed.

Further particulars were learned this afternoon in regard to the death of Frank Cheff. It is now understood that he was visiting his brother-in-law, Frank J. Goudreau, Lot 12, Concession 5, Dover. He was a son of the late Joseph Cheff, and his mother's name was formerly Fannie Thibodeau.

The funeral will be held on Saturday, at 10 o'clock, from the church at Pain Court.

NEARLY DROWNS IN FREEZER.

Little Lad, Peering After Ice Cream, Terribly Trapped.

Cressona, Aug. 8.—A child's legs sticking out of an ice cream freezer almost froze the blood of a Cressona, Pa., man. Topped head first in the freezer, full of water, the three-year-old son of M. L. Runkle was pulled out after two minutes, apparently dead; but was resuscitated in a remarkable manner.

The little boy fell into the freezer while leaning over, and, as his head was immersed, he could give no outcry.

A visitor saw the little legs, but the boy's face was blue, and there was no sign of pulse or respiration when rescued. The father, after two hours' work, brought the boy back to consciousness.

If young fellows only knew what girls say about them there would be fewer flirtations.

SOMERFIELD WAS FINED

He Slapped His Wife and Had to Pay The Penalty

Result of a Row on Market Square Last Tuesday Evening

Though the old saw, about improving a woman through beating her, evidently seems to be taken as good with Wm. Somerfield, Judge Houston has other ideas of quite a contrary nature as to the best manner of settling domestic difficulties, and as a result of this difference of opinion it cost Somerfield \$3 and the costs, \$7 in all, for the privilege of slapping the face of his wife, Jennie Somerfield, while in a fit of passion Tuesday night.

As is the usual thing in such cases, the woman was forgiving, and refused to lay a charge against her too demonstrative hubby. She even gave her evidence very unwillingly, but the officer of the law and others who witnessed the row, gave testimony that proved Somerfield's guilt. The affair occurred on the market place Tuesday night after Somerfield and his wife returned from the S. O. S. excursion to Belle Isle. Mrs. Somerfield went to get her supper, and lingered longer than her husband evidently thought she should. She was away three-quarters of an hour, and William thought this was longer than she should take to eat. She also nagged him about having a tear in his coat when she came back. So William just slapped her face. Officer Alex. Carter, who went out to arrest Somerfield—Alex. was attracted only in his night-clothing at the time—says that she fell to the ground and lay there for quite a time.

Somerfield was very sorry for what he had done this morning, and told the Judge that he would never slap his wife again. The Judge thought that there should be a law to lash wife-beaters, and there would be fewer of these kind of cases. He thought that a fine was a very inadequate punishment, and he didn't want to imprison Somerfield as this would only punish the wife as well.

HAD A VERY BAD MEMORY

All That McEachran Knew Was That He Had Been Robbed

Trio of Suspects get Their Trial—One Is Sentenced

The three Shaw brothers—Charles, Walter and Fred—who were charged with robbing a young man, named Ed. McEachern, of Dover, while the latter was into the last of August celebration, last Thursday evening, came up in the Police Court this morning.

The trio pleaded not guilty, despite the fact that the goods, or portion of the goods, were found in their possession. Fred swore that he was not present when the robbery was committed. Walter said that he had nothing to do with it, while Charles said that a fellow from Detroit, whose first name was "Jack," took McEachern's belongings and gave them to him. McEachern was so full of corn juice on the evening in question that he could not remember anything very distinctly, and his evidence was, therefore, of no use.

Bar-tender A. Hillman, of the Park Hotel testified to seeing the three Shaws go out with McEachern.

Fred. Shaw was dismissed, as there was no evidence on which he could be convicted, and Walter, because of his weak intellect, was allowed out on suspended sentence.

Charles told Judge Houston that he went astray through keeping company with disolute companions. He said that if he had not been drinking he would never have been mixed up in the robbery. His own evidence was dead against him, and he could have been convicted on this alone, the Judge said. He was sentenced to six months in Central Prison. Crown Attorney H. D. Smith prosecuted.

The young lad who is accused of stealing Col. Martin's wheel, was tried behind closed doors on account of his tender years. The case was not concluded this morning, and it will come up again this afternoon.

THE SHAME OF QUEBEC.

When the students of Quebec assaulted a guest who was entitled to protection, as a woman, and to respect, as one of the great artists of the world, there was a feeling of shame and mortification which was promptly voiced by the Premier of Canada. People naturally asked "are these the gallant sons of France?" Is such rowdiness characteristic of Quebec?

Last Monday a crowd in the city of Quebec again disgraced their province and the Dominion of Canada. They stoned and assaulted their fellow citizen and representative in Parliament, Armand Lavergne, a young man of talent and of irreproachable character. The same treatment was accorded to Mr. Bourassa, confessedly one of the most brilliant men in Canada and one who stands without reproach in public or private life. They broke up a public meeting called to discuss the affairs of their province and proclaimed that the right of free speech did not exist in their historic capital.

It will be interesting to note how this outrage is received by those in whose behalf it was committed. Was it the outbreak of drunken hoodlums, or did it result from the preaching of Sir Wilfrid Laurier's personal organ, Le Soleil, and from the resolutions passed by the Laurier club? The outrage was predicted and justified in advance upon the ground that to hold a public meeting in his riding of East Quebec to discuss charges of corruption against provincial ministers of a Liberal Government would be an insult to Sir Wilfrid Laurier.

Thus in every way it is up to the Prime Minister of this country to apologize to Mr. Bourassa and his associates, as he did to Madame Bernhardt. It is up to the Gouin Government to repudiate this savage performance. Indeed will it not be a question for the House to decide, how far members of Parliament can be outraged and assaulted?

Above all it is important for the people of the province and city of Quebec to disavow this outrage upon free speech and to clear themselves of intolerance.

If there is one son of Quebec that the people of that province ought to respect it is Mr. Bourassa. He stands for progress, for right, for cleanliness in the private life of public men; he is an enemy of graft, to the squandering and improper and improvident granting of the lands, timber, waterpowers, and other heritages of his province; he is down on those who raise big party funds to enslave the representatives of the people; and he is getting into line with those who are endeavoring to make the great corporations respect public rights. The Nationalists of Ireland once on a time took to stoning Parnell, but Parnell lived to be their idol; and perhaps Mr. Bourassa is going along the same road.

There are some politicians in Quebec who make profession of being intense Nationalists and champions of the race and speech; but they are not above going into the service, body and bones, of the English-speaking capitalistic rings that are gobbling up everything in sight in that province and in the rest of Canada. Bourassa is not that kind of a man; he is calling the attention of his fellow countrymen, especially those of his own race and tongue, to the need there is for clean and honest government, and at the same time he has had the courage to champion the national aspiration and the national faith of the people of Quebec.—Toronto World.

BIT MOTHER AND BROTHER

Chicago, Aug. 8.—While nursing her dying son George, who was suffering from rabies, the result of a dog bite, Mrs. Charles T. Davis, of Danville, Ill., was bitten in the chin by the child, and Vance Davis, a brother, was bitten and scratched about the face and hands.

The child died in great agony a few hours after Mrs. Davis was bitten. The attending physicians became frightened at the possible result of the bites, and yesterday afternoon brought both the mother and son to Chicago for treatment.

FOR OUR READERS

To Prove That Hyomei Will Cure Catarrh, Every Reader of The Planet Can Have Special Guarantee

If there is any doubt in your mind as to the power of Hy-o-mei, the medicated air treatment, to cure all catarrhal troubles, the remarkable offer made by C. H. Gunn & Co. should expel that doubt. They give their personal guarantee with every dollar outfit of Hy-o-mei they sell, to refund the money unless it gives satisfaction. They take all the risk of cure, and no reader of The Planet can afford to suffer longer with catarrh when an offer like this is made.

With every Hy-o-mei outfit is a neat pocket inhaler, and Hy-o-mei breathed through this inhaler, reaches the most remote air-cells of the nose, throat and lungs, destroying all catarrhal germs, and soothing and healing the irritated mucous membrane.

Hy-o-mei really gives you a health-giving climate in your own home, so that when you breathe its medicated air, your nose, throat and lungs will be filled with air like that on the mountains high above the sea level, where grow balsamic trees and plants, which purify the air with their volatile antiseptic fragrance so healing to the respiratory organs.

You will notice relief and benefit from the first use of Hy-o-mei, and it will not take many days' treatment to convince you that in this remedy you have found a complete and lasting cure for all catarrhal troubles.

NAB "JACK THE SMEARER"

Indianapolis, Ind., Aug. 8.—After more than three years' search by the police, "Jack the Smearer," who ruined hundreds of party gowns, is under arrest and has made a full confession, the police say. He is an enigma to the police, for he is an art student who has high aspirations. He is William R. Gadd, 30 years of age, and he can give no reason for his acts.

As some women were getting on a car late last night, a stranger drew his hand from his pocket and threw something on one of the gowns. Officers grabbed the stranger and found they had the man they had been hunting for so long.

ORBY HAS BROKEN DOWN

London, Aug. 8.—Since Richard Croker's Derby winner, Orby, collapsed in the race for the Atlantic Stakes at Liverpool, on July 28, when he came in last in a field of four horses, rumor has been busy with the colt's failure. It is said that the stable had not the slightest suspicion that anything was wrong with him before the race, but now they are satisfied that there was. It is authoritatively said that since his return to Glengairn the colt has shown signs of affection of the kidneys, such as he suffered from last year. This seems to kill his chances for the St. Leger, which will be run on Sept. 11. But all depends on whether he can be rested, treated and cured in that time.

\$100 REWARD \$100.

The readers of this paper will be pleased to learn that there is at least one dreaded disease that science has been able to cure in all its stages, and that is Catarrh. Hall's Catarrh Cure is the only positive cure now known to the medical fraternity. Catarrh being a constitutional disease, requires a constitutional treatment. Hall's Catarrh Cure is taken internally, acting directly upon the mucous surfaces of the system, thereby destroying the foundation of the disease, and giving the patient strength by building up the constitution and assisting nature in doing her work. The proprietors have so much faith in its curative powers that they offer One Hundred Dollars for any case that it fails to cure. Send for list of testimonials.

COMMON SENSE

Leads most intelligent people to use only medicines of known composition. Therefore it is that Dr. Pierce's medicines, the makers of which print every ingredient entering into them upon the bottle wrapper and label, its correctness under oath, are daily giving in favor. The composition of Dr. Pierce's medicines is open to everybody. Dr. Pierce being desirous of having the search light of investigation turned fully upon his remedies, being confident that the longer the composition of these medicines is known the more will their great curative merits be appreciated. Being wholly made of the active medicinal principles extracted from native forest roots, by special processes original with Dr. Pierce, and without the use of a drop of alcohol, ketchup, and chemically pure glycerine being used instead in extracting and preserving the curative virtues residing in the roots employed, these medicines are entirely free from the objection of doing harm by creating an appetite for either alcoholic beverages or habit-forming drugs. Examine the formula on their bottle wrappers—the same as sworn to by Dr. Pierce, and you will find that his "Golden Medical Discovery," the great blood-purifier, stomach tonic and bowel regulator—the medicine which, while not recommended to cure consumption in its advanced stages (no medicine will do that), yet does cure all those catarrhal conditions of head and throat, weak stomach, torpid liver and intestinal troubles, weak lungs and lung-on-consumption, which if neglected or badly treated lead up to and finally terminate in consumption.

These medicines, Medical Discovery, Golden Medical Discovery, are not likely to disappoint you if only you give it a thorough and fair trial. Don't expect miracles. It won't do supernatural things. You must exercise your judgment and perseverance in its use for a reasonable length of time to get the full benefit. The ingredients of which Dr. Pierce's medicines are composed have the unqualified endorsement of scores of medical leaders—better than any amount of lay, or non-professional, testimonials. They are not given away to be experimented with but are sold by all dealers in medicines at reasonable prices.

MOVE ON! - MOVE ON!!

We have been doing Police Duty in every Department. All Laggards and Loiterers given the "Move On!" "Move On!" Sign.

We must be custodians of our own stock. We must compel tag-ends, oddments and endments to "Move On." No loitering, no delaying, no untimely staying. Goods must "Move On!" in this store. Stagnation is the death of trade.

No inert, torpid, lazy stocks here. When lines become broken, when pieces dwindle to remnants, when odds-and-ends crop up, they are not allowed to accumulate. We get busy doing police duty.

We go after them with the big stick and prices are radically and effectively lowered

What is the natural result? What happens to seasonable, desirable, fashionable goods when they are priced far below regular? They "MOVE ON" and they move at a pretty lively gait.

These are the facts of the story we have to tell to-day, but the figures are the interesting part of it.

REMEMBER—it's time for all Summer Goods to go—Fall Goods are pushing them from behind. They must "Move On."—Remember all sorts oddments and endments of staple lines have received "Move On" orders and will leave the store in triple-quick time.

Movement Begins Friday Morning and Continues Until the End of the Month

Need Any Stove Repairs?

Look over your stoves carefully and see whether they need any repairs. Far better to get them now than to wait until the stove season arrives and everything is in a whirl and it is impossible for us to get the repairs from the makers in time. This is the slack time for them and they are sure to fill the orders promptly.

It matters not what repairs your stove or furnace needs, let us know.

Will you take a few minutes to examine them now?

ANOTHER SESSION

Toronto, August 8.—The leader of the Opposition, Mr. R. L. Borden, M. P., arrived at the King Edward this morning from Montreal.

"I have every reason to believe there will be another session before the election," said Mr. Borden. "This, of course, I look on as the last of the present Parliament, and the last session is usually an active one."

EASY TO RETAIN HEALTH.

Most important of all is proper attention to the bowels. Avoid constipation. It's the health-killer of today. Harsh, gripping medicine is ruinous—beware of it. Best results follow a truly vegetable remedy, like Dr. Hamilton's Pills of Mandrake and Butternut, which not only relieve constiveness in one night, but cures the cause of the trouble and prevents its return. No distress or inconvenience attends the use of Dr. Hamilton's Pills, which are world famous for their mildness and efficiency. Sold everywhere, 25c, per box.

KINDLY REMEMBERED

Madame Skirving, who has severed her connection with Messrs. Thos. Stone & Sons Establishment, has been the recipient of several beautiful gifts. The firm presented her with a valuable oak case of pearl handle silver knives and forks, the staff a handsome cut glass bowl, and the young ladies of Madame Skirving's department a recherche vase. It is needless to say that Madame Skirving was quite overcome with these unexpected tokens of appreciation and affection, and words fail to convey the esteem in which they will be held.

HOPE FOR CANDIDATES

Toronto, August 7.—Relative to the report that some 60 per cent. of the candidates at the recent departmental examinations had been unsuccessful, it is learned officially that the Education Department, through the examiners, will make special allowances in certain papers.

Dr. John Seath, superintendent of Education, showed that the Department had power under the Act to alter the standard required on any given paper, and continued: "No injustice will be done any candidate. Where it is deemed that the case comes under the section alluded to, it will be availed of by the examiners."

Registrar Houston said the question of special allowance was being considered, and due allowance would be made where the paper was deemed to be too difficult for the students.

Mr. Houston pointed out that, after all, it was not the difficulty or unfairness of the papers that had caused the slump, but the fact that they dealt with branches of the work with which the candidates were apparently unfamiliar.

"This is quite evident in papers where three-quarters of the candidates fail," said Mr. Houston "and in all such cases special consideration is always given."

It is understood that the "plucking" papers were physics, ancient history and English.

The wise man never wants anything enough to be disappointed if he really doesn't get it.

PATERSON'S COUGH DROPS

BIG BLAZE AT TORONTO.

Steamer Shamrock and Ferry Building Destroyed.

Toronto, Aug. 7.—A disastrous conflagration broke out early yesterday morning, resulting in the partial destruction of the wharves and offices of the Toronto Ferry Co. at the foot of Bay street, the partial demolition of the Turbine Co.'s building, which lies next, and the burning of the ferry boat Shamrock.

The steamer Turbinia, which was lying moored at the wharf east of the burning buildings, had a narrow escape also. The crew, by strenuous exertions, were enabled to get steam up and move out into the bay in time to escape the flames.

The total loss caused by the fire will be about \$25,000, distributed as follows: Shamrock, with fittings, wiring, etc., \$20,000; waiting-rooms and wharf, \$4,000. The insurance was: Shamrock, \$10,000; waiting-rooms, wharf, etc., \$12,000.

Packed at the Oven's Mouth

We do things right at the Mooney bakery.

Crackers are packed piping

hot from the ovens. The

moisture-proof paper and

air-tight tins retain all the

freshness and crispness, no

matter where or when

you buy them.

They come to your table

just as inviting and de-

licious as though you ate

them at the ovens in the

bakery. At all grocers in

1 and 3 lb. packages.

BRILLING.

If the fire should be too hot, sprinkle

salt over it.

Birds and other things which need

to be halved should be broiled inside

first.

Always grease the gridiron well and

have it hot before the meat is placed

on it.

Never put your fork in the lean part

of meat on the gridiron, as it allows

the juice to escape.

Fish should be buttered and sprinkled

with flour, which will prevent the

skin from adhering to the gridiron.

Remember that a hot, clear fire is

necessary for broiling all small articles.

They should be turned often to be

cooked evenly without being burned.

Cover the gridiron with a tin pan or

a baking pan. The sooner the meat is

cooked without burning the better.

The pan holds the heat and often pre-

vents a stray line of smoke from

touching the meat.

Paying Through the Nose.

"Paying through the nose" is to be

indirectly swindled in a transaction or

to pay an exorbitant price for a thing

in consideration of long credit. A

variant is "to be bored through the

nose," "bored" here having the mean-

ing of cheated, deceived.

At this instant he bores me with some

trick—"Henry VIII." I. 1. 123.

One that hath guiled you, that hath

bored you, sir—"Life of T. Cromwell,"

1862, II. 11. 123.

And Howell in his "Instruction for

Forren Travel" (1659), page 59, had

known divers Dutch gentlemen grossly

gild by this cheat (the selling of forged

manuscripts to young travelers in

Italy), and some English bo'd also

through the nose this way by paying

excessive prices for them."—Notes and

HATLESS IN CHURCH

St. Catharines, August 7.—Because
a woman entered his church with-
out her hat on, Rev. R. B. Nevitt,
rector of St. Barnabas', on Sunday
night, openly denounced her.

The offending woman, tall and well
dressed, had gone to church with no
head covering and had taken a seat
well up toward the front. She sat
there undisturbed till just before the
sermon when to the astonishment of
the congregation Mr. Nevitt called
public attention to the bare-headed
worshipper and declared that the
laws of the Anglican church prohib-
ited women from entering a church
uncovered.

The woman paid no attention to
the lecture and kept her seat till the
service was over.

Rev. R. B. Nevitt is a son of Dr.
Nevitt, of Toronto, and very well
known in Toronto. Some time ago
he had some difficulties with his
church wardens over the dismissal
of the choir.

24 MILL RATE

Blenheim, August 7.—The August
meeting of the Town Council was
presided over by Reeve A. Denholm,
who is acting Mayor in the absence
of Mayor Shillington in the North-
west.

The Financial Committee pre-
sented the estimates for the year,
and struck a tax rate of 24 mills
on the dollar. This is one mill lower
than the rate of last year.

The Benheim & South Kent Tele-
phone Company was granted a free
chase to run poles and wire on the
streets. The intention of the com-
pany was to run their wires on the
poles of the Bell Telephone Com-
pany if a suitable agreement could
be made, but if they fail in this they
will construct their own line.

"Gaff Linkum" the book of the
year. Only a few copies left at Sul-
man's.
