Brockville's Greatest Store

Superior Window Shades

You'll find every kind of window shade in this stock. If there's any peculiar size that is not in stock we can make it in a few minutes. An important fact is—we sell no inferior roller shades. There are too many poor grades on the market, and this store positively refuses to handle this grade of goods. We use only the best Hartshorn spring rollers and are prepared to stand right back of our shades.

Opaque window shades, lace trimmed, two colors, size six feet x 37 inches, price each... 50c

Opaque window shades, lace and insertion trimmed, from 80c each down to... 65c

Opaque window shades, very best quality, in a great variety of lace and insertion trimmings, from 75c each up to... 2.00

Opaque window shades—plain colors, size six feet x 37 in., price each... 35c

Opaque window shades, with daisies, size six feet x 37 inches, price each... 40c

Opaque window shades, oiled cloth, size six feet x 37 inches, price each... 50c

SHADES MADE TO ORDER

We carry a complete stock of all widths of shade cloth, and all sizes of rollers, also lace trimmings and insertion. Any kind of shade you want made to order by our expert workman.

Catalog of Carpets, &c., sent on request.

Robt. Wright & Co.

Ann wood nott eaven kare how much u kride. Taik back ure lettur ann thee wring i wear

fore u are dedd too me foareavermore.—Life.

THE TELEPHONE QUESTION

The local telephones recently put in are working very satisfactorily, and the advisability of putting in a switch board is being considered. It now seems probable that the government will take over and operate all trunk lines, and when this takes place those owning phones will be able to connect at once with the government system; so the local switchboard proposition will be held in abeyance, awaiting developments.

The telephone commission appointed by the Dominion Government is now collecting evidence in relation to the workings of local and general systems.

Dr. Doan, of Harrietteville, in Middlesex County, gave some interesting information. He said that 19 miles of single wire was put up in 1901 with 19 phones in use. Now there are 26 miles with 58 subscribers. The rental of phones is \$9 a year, and on the first four months of the association's business a dividend of 4 per cent was declared. He sees no reason why farmers in any average township in Ontario should not have telephone communication at \$10 a year.

Mr. Macdonald of Riguaud, Que., said that a local system had been organized in his neighborhood four years ago, with 15 subscribers; they now have 24. The rate there is \$7 per year.

W. T. Onghred of Wolfe County, Que., told of a local company which has 550 subscribers, with a rate of \$12 for house and \$15 for business phones. The system cost \$45 a mile, and they have paid 5 per cent dividends for years up to last year.

W. T. Onghred of Wolfe County, Que., told of a local company which has 550 subscribers, with a rate of \$12 for house and \$15 for business phones. The system cost \$45 a mile, and they have paid 5 per cent dividends for years up to last year.

W. T. Onghred of Wolfe County, Que., told of a local company which has 550 subscribers, with a rate of \$12 for house and \$15 for business phones. The system cost \$45 a mile, and they have paid 5 per cent dividends for years up to last year.

DAIRY PROSPECTS

By Prof. Ruddle

The actual cost of manufacturing butter and cheese has increased considerably during recent years, and one very important item, that of labor, is likely to increase still more. It would advance the business if patrons of factories were to realize that it would be to their interest to pay slightly more for manufacturing. In order to keep pace with the advancement in the arts of cheese and butter-making, better equipment and better buildings are required, and it seems to be inevitable that the price for manufacturing must be slightly increased. It would certainly pay the patrons of factories to give a little more for having their cheese and butter manufactured and then demand a better service in return.

A considerable amount of interest is being shown in the matter of testing individual cows, and this work is likely to have a very marked influence on the productivity of dairy herds in Canada. It is estimated that the average yield of milk per cow in Canada is not over 8,000 pounds annually. I have had an opportunity of examining records of over 150,000 cows tested in Denmark during 1904 and as near as I can make out, the average yield per cow is between 6,000 and 7,000 pounds a year. The Danes have followed this work of testing individual cows for several years, and have proved that while they have increased the productivity of their herds, they are able to produce the larger quantity of milk, an cheaply and in some cases more cheaply than we are beginning the season with high prices. These prices will, in all probability, sag considerably as the season advances. It is during a falling market that we hear most complaints about quality. There is very little complaint concerning quality, no matter what it may be, as long as the dealer is making money on his transactions.

The Canadian Rubber Company of Montreal

The extension of the manufacturing field in many Canadian industries has been a noteworthy feature of the last few years. This has been brought about in a measure by the rapid access of population, and also by a realization of the great possibilities of the Dominion's future expansion by public and private corporations.

The growth of the rubber industry in Canada up to a score of years ago, was of a very slow nature, but during more recent years the great demand for rubber goods of all kinds has impelled an extension of the manufacturing facilities in this as in many other industries.

Over fifty years ago, The Canadian Rubber Company of Montreal commenced operations on the banks of the St. Lawrence River, Montreal, each year increasing the size of their plant and the variety of their product.

It may be mentioned that during the year 1904, over \$240,000.00 was spent by the management on additions and improvements to the factories.

The statement is now given out by Mr. D. Lorne McGibbon, General Manager of the Company, that during the year 1905, no less a sum than \$250,000.00 has been allocated by the Directors for the purpose of not only improving the present plant in the way of additional machinery, etc., but in the erection of new factories for the manufacture of many lines of goods being handled in a restricted way—but for which there is a great possibility in this country.

Brockville will have no play house on and after June 1, the Town Council having decided to close the Grand Opera House, which is corporation property, on the date mentioned. About the time of the Iroquois Theatre disaster in Chicago the question as to the safety of the Brockville structure was raised. Upon the report of an architect, the property committee recommended certain improvements in the way of proper exits and fire escapes. These improvements were never made, and though the house has been used continuously since, patrons have been in dread of accidents. Public opinion has been strongly opposed to the place being kept open, and the Town Council has at last acted.—Record.

Quality is Everything. The production of Blue Ribbon. TEA is the crowning event of the tea growers' art. TRY it once and nothing will tempt you to give it up. THE FLAVOR IS PERFECT. TRY THE RED LABEL.

LOVE AND A TITLE

Either he does not recognize her or does not choose to exhibit such recognition, and Jeanne, with a wild hope of getting rid of him, says, quietly: "Nothing, thank you; at least, it's thorn in his foot." "Mind how you handle him, then," says the quiet voice. "Dogs in pain bite sometimes."

your interesting patient," he rejoins, and opens the gate for her. Jeanne runs into the lodge, and he hears her clear young voice recounting the discovery and rescue of the nomad. Interrupted occasionally by the whine of Master Terrier, who evidently does not like losing his soft couch on her muff.

WHEN DOCTORS FAILED

Dr. Williams' Pink Pills Brought New Health and Strength. (From the Post, Thorold, Ont.) Mr. Reuben Lindsay, a fruit grower at Ridgeville, Ont., is one of the best known men in that section, having a fine estate and a comfortable life.

GIFT TO NATIVE TOWN.

Andrew Carnegie Endows College of Hygiene. The first college of hygiene in Scotland is to be provided by the Carnegie trust at Dunfermline.

LITTLE LIVES LOST

The annual report of the Registrar-General for Ontario shows that in that province alone, out of every one thousand children born one hundred and eleven die before they reach the age of one year, and in every province of the Dominion there is the same appalling loss of precious little lives annually.

POPE AND HIS POOR RELATIONS

Pius X. Refused to Find a Fat Bert Even for His Brother. The Pope and his poor relations, writes T. P. O'Connor, apropos of a newspaper report is a subject of me never-ending interest, especially as it shows what a fine, simple, democratic nature the Pope maintains amid the intoxicating grandeur of his exalted position.

FISH GUILTY OF DISSIMULATION.

Imitate the Color of Surroundings to Deceive Their Enemies. Many insects, birds, animals and even fish and crabs are wonderfully clever imitators. They will take upon themselves the color, shape and position of their surroundings perfectly that neither friend nor enemy can discover their whereabouts.

KNIVES AND FORKS.

When we laugh at the Chinese for using chopsticks we have forgotten the fact that knives and forks are a luxury of comparatively recent date. Some three hundred years ago each man had his own knife, and at dinner seized the joint and cut from it such portion as he wished and passed it on to his neighbor, who did the same.

PURCHASE OF HORSES IN CANADA FOR IMPERIAL ARMY

A great deal of misunderstanding having arisen concerning the objects of the Imperial Government in sending officers to this country to purchase horses, or rather to see if horses suitable for the British army can be purchased, the following short summary of the position should prove of value.

The cost of freight and insurance will certainly not exceed another \$50, leaving \$150, or possibly slightly more, to be paid for the animals selected on the spot. A higher price can be paid for horses of special color and type, such as horses suitable for officers' chargers and Household Cavalry. It is therefore obvious that Canada is on its trial as to its ability to supply a suitable horse for army purposes.

Alcohol a Poison

London, May 5.—Sir Frederick Treves, surgeon to the King, addressing a temperance meeting, declared that alcohol is distinctly a poison, and that its use ought to be limited as strictly as any other poison. He added that it is not an appetizer, and that even a small quantity hinders digestion. Its stimulating effect only endures for a moment, and when this is passed capacity for work falls enormously. Its use is inconsistent with any work requiring quick, keen and alert judgment. Reviewing medical practice for a quarter of a century, Dr. Treves declares that he could say that the use of alcohol in hospitals and by physicians generally had emphatically diminished and is diminishing.

Keep the Balance up

It has been truthfully said that any disturbance of the even balance of health causes serious trouble. Nobody can too carefully keep this balance up. When people begin to lose appetite, or to get tired easily, the least imprudence brings on sickness, weakness, or debility. The system needs a tonic, craves it, and should not be denied it; and the best tonic of which we have any knowledge is Hood's Sarsaparilla. What this medicine has done in keeping healthy people healthy, in keeping up the even balance of health, gives it the same distinction as a preventive that it enjoys as a cure. Its early use has illustrated the wisdom of the old saying that a stitch in time saves nine. Take Hood's for appetite, strength, and endurance.

Little Lake—South Crosby

Mr. and Mrs. Wm. Harrison have our sympathy in their affliction. Last September they lost a daughter, a young woman in the full bloom of youth.

This spring, in the space of two weeks, two of their sons, young men that had gone out to battle with the world for themselves, came home afflicted with the same disease, to which they had to succumb in spite of the best friendly counsel.

Later—we learned that they have all taken partners for life, for better or worse, and have gone to build up homes of their own; in fact, they are all married.

All three have our congratulations and we hope that they may have a happy and prosperous journey through life.

A FRIEND.

Ganoquoque town council met on Friday evening and a majority wanted to grant \$50 towards the Dominion Day celebration, but the mayor declined to submit the motion to a vote, declaring that such a grant would be illegal. An attempt was made to move the council into committee of the whole, but the mayor also vetoed that; so it looks as if the celebration committee would be shy about \$50. Grants for such purposes are very commonly made all over the province.

The jury empaneled in connection with the finding of the dead infant in Brockville on April 30 was unable to determine definitely whether or not it had been born alive, and no evidence was offered that would indicate the guilty party or parties. Dr. R. N. Horton, who conducted the post mortem examination Sunday night, swore that he found the body fairly well nourished, but a month pre maturely born. It is probable that a reward will be offered for the detection of those guilty of concealment of birth.

Death of Mrs. Sturgeon

The Moosejaw Signal makes the following reference to the death of a former resident of Leeds County which took place on April 12th:—

The death occurred at Caron last Thursday of Mrs. S. Wesley Sturgeon after a brief illness from pneumonia. The deceased lady was well known and very highly respected among the older settlers of the Caron district, having come to the west with her husband from Wellington county several years ago. Her maiden name was Margaret Boyd and she was a native of Oak Leaf settlement in Leeds County, Ontario, her husband's early home being at Glen Buell, in the same county.

Mrs. Sturgeon's sterling merit and true Christian character won for her the deepest regard of her friends and acquaintances, and her funeral, which was held on Friday 14th inst., was one of the most largely attended ever witnessed in the district. Rev. Mr. Chegwin, of Wesley and Bethel Methodist circuit, conducted the burial ceremony, assisted by Rev. J. M. Leith, of the Caron-Summerside Presbyterian churches. Mr. Sturgeon and his two nephews, Albert and Ernest Sturgeon, have the profound sympathy of the whole community in this their sad bereavement.

Loss of Appetite

A person that has lost appetite has lost something besides—vitality, vigor, tone. The way to recover appetite and all that goes with it is to take Hood's Sarsaparilla—that strengthens the stomach, perfects digestion and makes eating a pleasure. Thousands take it for spring loss of appetite and everybody says there's nothing else so good as Hood's.

Horsemen

Should call and see the Reporter's supply of cuts before ordering their route bills. We have heavy draft, general purpose, trotter and hackney cuts.

Notice to Students

Students who contemplate taking a business college course will find it to their financial advantage to communicate with the Reporter office. We can save you money.

TRUTH OR PARADOX?

Life levels all men; death reveals the eminent. Liberty means responsibility. That is why most men dread it.

While we have dreamed it matters little which of us occupy the cells. Titles distinguish the mediocre, embarrass the superior and are disgraced by the inferior.

Democracy substitutes election by the incompetent many for appointment by the corrupt few.

Do not do unto others as you would that they should do unto you. Their tastes may not be the same.

Your word can never be as good as your bond, because your memory can never be as trustworthy as your honor.

If you strike a child take care that you strike it in anger, even at the risk of maiming it for life. A blow in cold blood neither can nor should be forgiven.—From George Bernard Shaw's "Man and Superman."

Pushed by the Law.

The librarian of the Congressional library tells a story of a colored man who came into the library and asked one of the assistants for a "good law book." He explained that one of his neighbors intended to sue him and he wanted to get a book so he could find out the law.

The clerk gave him a copy of a book called "Every Man His Own Lawyer." The colored man sat down at one of the desks and turned the pages of the book for an hour. Then he came to the desk of the assistant and said: "Deed, boss, can't you git me sump'n' caser? Dis yere is d' fifth edition. Cain't I have de rust edition? Mebbe I c'd understand dat. I ain't bin git'n' on right smart with dis yere fifth one."

The Tools of Genius.

Some of the greatest discoveries in physics and chemistry have been made with the simplest forms of apparatus and under the most modest conditions of laboratory equipment. One need only recall the achievements of the famous John Dalton and in later time of Sir Gabriel Stokes to illustrate the point.

As regards the latter, a comment of Lord Rayleigh is of interest. Stokes' experimental work, he says, was executed with the most modest appliances. Many of his discoveries were made in a narrow passage behind the pantry of his house, into the window of which he had a shutter fixed with a slit in it and a bracket on which to place crystals and prisms.—London Telegraph.

A False Report.

"I have been told," said Mrs. Oldcastle, "that your daughter has been doing some wonderful things in pyrography."

"Oh, no," replied her hostess, "she ain't been there at all. The last letter we had from her she was in Pittsburg and thought she'd go right through to Washington."

Both Could Do.

Mrs. Truit—My husband is a sort of jack of all trades; he can do almost anything. Mrs. Gayboy—And mine is a sort of jack of clubs; he belongs to fifteen different societies and can do almost anybody!

BROCKVILLE'S MEMBER

Mr. D. Derbyshire's first speech in the Dominion Parliament has been received with great favor by the Liberal press, as witness the following:—

(Ottawa Free Press)

For many years Brockville has been represented by silent members. That is changed. Mr. Dan Derbyshire, who is head and shoulders above any other member of the House, delivered his maiden speech last night. He is, however, an old campaigner, and spoke with his usual wit and eloquence. Mr. Derbyshire is a business man who has taken Parliamentary life seriously. He is rarely absent from his seat, and is one of the members best capable of weighing the evidence for and against the Anatomy Bill. He has evidently no fear of the ultimate result of the agitation on the school clauses, and although representing a constituency quite as Protestant as any of the Toronto, gave his unqualified support to the bill.

(Toronto Star Correspondence)

Big Dan Derbyshire, who regards W. F. Maclean as a monkey, on a stick, seized the chance to pay his compliments to the member for South York. He called him the John Alexander Dowie of the Conservative party, and intimated that the Toronto World had about as much influence in the country as its editor and proprietor had in the House of Commons. Having struck his gait, big Dan breathed a few soft words in the direction of George Taylor, who he said, was so crooked politically that when the rain came down straight it could not hit him.

A Good Road

The benefit of a good road in a community is well exemplified in the Lombardy road. During the last two or three years the township of Elmley South has been directing its attention to this road under the supervision of Mr. Clark Nichols. The result is that they have as fine a stretch of road between Smith's Falls and Lombardy, seven miles, as there is in the country. It is nicely graded well drained where most needed and to drive over it is a positive pleasure. The township could have no better investment as such a road means a great saving of horses and vehicles to all the people of the township.—Rideau Record.

NOTICE

I beg to offer my Property for SALE situated on Prince street, Athens, consisting of a Fine Double Brick House, well furnished with all necessary conveniences. This property is a snap. For full information apply to F. R. Heale, Athens, or at my Office Brockville. PETER McLAUREN, 18-ct. Dated 27th April 1905.

Birds' Call to Action

M. Craig S. Thomas tells a number of interesting things about young birds in the New Idea Woman's Magazine for June, and speaks of the significant intonations of a bird's voice as follows: "If one happens near a nest at a time when the young birds are able to come off, and gives it so much attention that the parent birds are alarmed for the safety of their nestlings, they call their young to leave the nest with a note I have never heard under any other circumstances. It is not a note of alarm, scolding or pleading, as when the young are helpless, but one of command, and command that has in it a note of encouragement, and also the assurance of being obeyed. This command the nestlings recognize instantly, and they know its meaning; they also obey it, if possible. I have seen a brood of sparrows, transformed in a moment by it from contented nestlings to animated, restless, bounding spirits that one could not keep in the nest except by main force."

You have No Reason for Not Using Zutoo

Some people think that all headache cures are alike—that they all undermine the health, even if not perceived at the time of taking them. Well, we'll admit that the drug cures do this, but that is no reason why you should not take Zutoo. Zutoo is a harmless vegetable remedy. One ingredient is soda—just old-fashioned soda that our grandmothers used to take to settle the stomach, when they had sick headache. And there is nothing better. The principal ingredient—the one that stops the headache, is a vegetable ingredient, imported for us from Japan. It won't hurt you any more than will the soda. There is absolutely no reason why you should not use Zutoo. If you suffer from headache there is every reason why you should. Taken in time, two tablets will ward off a headache. Taken later, they will stop it in twenty minutes, and leave you feeling good every time. If you are using a drug remedy, why not discard it? Zutoo will cure just as quickly and will save you the penalty, that all must sometime pay, who take the drugs which these cures contain. If you will give Zutoo one trial, you will never take any other headache remedy again. See, and 25c. at dealers or by mail. E. M. Robinson & Co., Coaticook, Que. It is as Harmless as Soda

DISTRICT NEWS

GLOSSVILLE

A great many of the young gentlemen around here were fishing at Charleston and Delta Lake and reported good success.

Mrs. S. Y. Brown is attending her mother, Mrs. Amos Wilts of Lake Elroidia, who is ill with heart trouble at present.

We are pleased that Mrs. D. Kilborn is able to sit up again.

Mrs. William Lee is improving and is able to be down stairs once more.

Mrs. Jas. T. Brown and Mrs. S. A. Snider were visiting Mr. and Mrs. Gordon Sweet of Plum Hollow one day last week.

Mrs. Weightman and daughter Lulu have returned to their home in Chicago, after a visit of three months among their many friends.

Miss Maud Brown is busy sewing at Elbe this week.

Will Good has been engaged at making cheese at Maitland for the coming season.

HARD ISLAND

Mr. W. W. Robinson is repairing and painting his house.

Mr. Vance Foley is at present employed with Mr. H. D. Wing.

Mr. J. Livingston, our popular milk drawer, is an early riser.

On Friday, as Mr. T. Howard drove a load of hay out of the barn at the east end of the Island and laid down the reins to shut the doors, the horses took fright and started on a run down a sloping pasture field with his son Jimmie on the load. Of course, as might be expected from the roughness of the ground, the load was soon dumped, under which Jimmie was well buried but unharmed. After going over a fence the team was caught with no damage done.

Will Cardiff came from Athens town Out to our lovely Isle, And built a bit of Cyclone fence— It is a splendid style.

He weaves it tight from four feet high Down to the very sod, With lovely twisted pickets in, For sixty cents a rod.

If I was running things to day, Like I was in my prime, I'd keep that lad a-twisting fence On my farm all the time.

For it rids one's mind, mid stress and chance, Of every anxious care, For it's guaranteed, like Paddy's pants, To never rip nor tear

And, sir, that gate there, near the barn, With braces curled around, Would make one think himself and farm Was getting into town.

I never saw the likes before, Nor have I ever since, It's on my mind both day and night, That bit of Cyclone fence.

FARMER JOHN.

BALLYCANOE

Quite a number from here attended the ball held in Mallorytown on April 28, and report a good time.

Glad tidings of joy came to the home of Mr. and Mrs. T. Flood quite recently, when a young son came to be one of the guests.

We regret to learn that Mrs. Joseph Leeder is seriously ill at present.

Miss Bolger's millinery opening is to be on Saturday, May 13th, at "Cedar Dell," McIntosh Mills.

Our school is progressing rapidly under the able management of Mr. O. Avery.

As Mr. Flood's route does not run to the "Mills" now, he offers for sale his express wagon which fulfilled the requirements for said route.

The newly born scribe of McIntosh Mills carried to excess her insinuations last week in comparing an ambulance to an automobile, particularly under existing circumstances, as the ambulance was sent from Brockville to convey a patient, a highly esteemed lady, to St. Vincent de Paul Hospital.

Mrs. Andrew Ferguson, one of our oldest and most highly respected residents, died at her home on Wednesday last.

We are pleased to see our cheese factory reopened this season with a large increase of patrons.

Miss Lizzie Williams has returned home after an extended visit with friends in Cardinal.

We are pleased to learn that Mr. Jakens intends erecting a "Ferris wheel" on Mr. Dixie's lawn in the near future.

PHILIPPSVILLE

Samuel Carr has gone into the pork business. He purchased a brood sow and nine pigs last week.

W. H. Hough is domiciled in R. C. Haskins' bee yard for the season. Mr. Haskins is laying out about \$1,000 in improvements on his residence and

outbuildings on the old mill property. He is having a cellar dug on which he will move his drive house with stables underneath.

Will Godrich is improving his residence nearly every day—new roofing, new siding, a new addition, which he will use for a woodshed and kitchen.

Mrs. Mary Dwyre has moved into her new purchase during the past week. She has had the carpenters, painters and paper hangers; in fact, she is having a general renovation of the whole premises.

A secret—Mr. Editor, do not speak too loud. We have just learned that an aged couple, after a courtship of over fifty years, will join hands for life in a short time. Congratulations will be in order.

Peter Nolan has commenced his duties as cheese instructor. He intends visiting the farmers at their homes and inspect their premises, milk cans and milking utensils. A word to the wise is sufficient.

Westly Tackberry is having some repairs put on Miss A. Alguire's farm buildings.

A Ludbrook of Verona is assisting his brother, W. H. Ludbrook, to place in position a new engine and get it running. It has been fourteen years since Mr. A. Ludbrook was here and he finds a great many improvements.

A great many of his old neighbors have passed over the river to join the silent majority. Mr. Ludbrook was very much struck with the size of an elm tree that he used to climb in his youth.

A mere sapling then; now it has a circumference of about fifteen feet with four spreading branches to match the base of the tree.

Mr. and Mrs. Roy Halladay have taken up housekeeping and will run in double harness in future. We extend congratulations.

Mrs. Richie of Inverary is visiting her daughter, Mrs. P. J. Downey. Mr. Downey is not getting the best of health this spring.

GLEN MORRIS

Mrs. Jacob Morris, Athens, was the guest of her son, Johnson, on Saturday last.

Miss Jenette Kelly spent Thursday with her friend, Mrs. A. E. Thornhill.

Mrs. Albert Wilts is very poorly again.

Mrs. Geo. Clow of Lisbon, N. D., is this week visiting at the home of Albert Wilts.

Misses Maysie and Zella Frye visited friends here last week.

Mr. and Mrs. Wesley McVeigh are sorry to hear of the death of their infant son.

GREENBUSH

W. H. Tackberry and Vincent Wilts had the misfortune to lose a cow each lately.

A meeting of the trustees of the church was held on Friday evening and a building committee appointed to oversee the building of the new hall on the church premises.

The wet weather is interfering with seeding, but it is pretty well advanced.

Our school is progressing favorably under the direction of Miss Davis. She has won the esteem of both children and parents, and a successful year is promised.

Yesterday, what might have proved a very serious accident happened here. While Homer Davis was working with a young and very spirited horse hitched to a wagon, the horse took fright and ran towards Addison.

Mrs. Thomas Kerr was in her carriage in front of the post office and had only time to jump to the ground when the runaway horse struck and ran over the carriage, then turned and ran over it the second time. Fortunately, Norris Loverin succeeded in catching Mrs. Kerr's

horse. Mrs. Kerr was thrown under the horse's feet. She suffered a severe nervous shock, and is very badly shaken up. Mr. Kerr's buggy top was completely destroyed, but the horse was uninjured. Mr. Davis' horse ran nearly a mile to B. W. Loverin's stable. It had received a very severe cut and the wagon is a complete wreck.

Norris Loverin of Ottawa is visiting friends here.

Lucy Blanchard has arrived home after her three months' visit in the town of Brockville.

Richard and Thomas Kerr have gone to Newborn to visit their brother, who is very sick.

MORTON

Arbor Day was observed by cleaning the school yards and setting out maple trees. We think it would greatly improve the appearance of the grounds to have a cedar hedge along the front of them.

A dress making shop has been started in one end of Mr. Sly's house, under the management of Miss Bertha Baxter and Miss Georgina Stevens.

Master Luther Coon has spent a week's holidays at the home of his grandmother at Sand Bay.

A very good supply of fish is being procured now. Some of our fishermen are preparing to have an outing for fishing in some the waters not far from Lyndhurst.

Mr. Charles Dawson's family have again moved to Jones Falls where they will spend the summer.

It has been decided that we are to have no licensed hotel in Morton.

An examination on the General Assembly's Teacher's Training Course of the Presbyterian Church of Canada was held on Saturday, May 6.

IN MEMORIAM

Lines composed on the death of Elva Boyd, who died at Oak Leaf on Feb. 12th, 1905, aged 19 years.

Dearest Elva now hath left us, Left us in her early bloom, Left us all in saddest sorrow, Weeping 'round her early tomb.

Lovely was her form and feature, Bright as any summer day, Voice was kind, her smile was kinder, As she met you on the way.

Step as light as any dew-drop Falling on the grassy lawn, Quick her fingers, too, and nimble, With her needle or her pen.

Her last days with us are ended, In the school room or at home, We shall listen for her coming, But she never more will come.

Oh, the house is still and lonely Without Elva's well known form, She will ne'er more bid us welcome, Father, mother, welcome home.

But we know that she is better, Safely in her Saviour's arms, Free from sin and every sorrow, Singing with the blood washed throng.

God's she was, and He hath led her To his bright abode above, There with angels she is drinking From the fountain of his love.

Far from earth's corroding sorrows, And from pains and sins and cares, Safe in yonder heavenly mansion Jesus for his own prepares.

There with blood-washed souls adoring, Now before the throne to stand, On her head a crown of glory, Victory's palm within her hand

Praising Him whose blood's a fountain To wash the soul from sin, Who brought her to the blessed home He did for us to win.

Come, let us all who read these lines, Now our minds and hearts prepare To meet with Elva around God's throne, In those mansion's bright and fair.

A FRIEND AT CAINTOWN.

THIS ORIGINALLY DOCUMENT INTENTION

NEW YORK'S BIRD PALACE

There is now nearing completion in the New York Zoological Park a new house for birds, which bids fair to be unique among such buildings in this country. It is indeed in the world. It will consist of two large exhibition halls, built in the shape of an L, one the parrot room, measuring 100 feet in length, while the main hall is 47 feet long by 50 feet wide, and about 36 feet to the apex of the roof. These rooms are lined all around with spacious cages, 9 to 12 feet in height. The most novel feature of this building is the roof, which is constructed entirely of glass, giving the impression of a great conservatory. Indeed, it is intended that a large number of plants and vines shall be grown here, thus happily combining a profusion of color with brightly colored singing birds. In the centre of the main hall is a large flying cage, 15 by 25 feet in height, which will contain 300 or 400 birds of many species. It is provided with a good-sized shallow, bathing pool, and when the gulating fountain is playing and the birds flying and singing among the branches of the trees which will be in the light will be a beautiful one.

R. & O. SERVICE, 1905

The Hamilton-Montreal line will commence running May 1, steamers leaving Toronto at 7:30 p. m. Tuesdays, Thursdays and Saturdays, for the Bay of Quinte, Montreal and intermediate ports. The Toronto-Montreal line will commence running June 1, steamers leaving Toronto at 3 p. m. daily, except Sunday, and from July 1 daily. The Montreal-Quebec line will commence running on or about April 27, steamers leaving Montreal at 7 p. m. daily, except Sundays, and from May 22 daily. The Saguenay line steamers will leave Quebec on or about April 29, on Thursdays and Saturdays, and from June 16, to July 5, Tuesdays, Wednesdays, Fridays and Saturdays; from July 7, daily. The ferry line between Montreal and Longueuil, etc., is running now. These lines are operated and owned by the Richelieu and Ontario Navigation Company.

Titled Women in Trade

It is evidently not considered beneath the dignity of Englishwomen of noble birth and high social standing to engage in business ventures on their own account, where circumstances require it, and it speaks strongly for the good sense of the English upper class that such exhibitions of independence are regarded with no apparent disfavor. One of the most successful among this class of business women in London is Mrs. Charles Forester, a sister-in-law of Lord Forester. Mrs. Forester has Scotch blood in her, which accounts in part, perhaps, for her sturdy and independent spirit, as well as for her business instincts. She is the owner of what was once the Countess of Warwick's shop in Bond street, London, and has been singularly fortunate, so far, as a business woman, for she designs and makes many of the picture gowns for which there has been of late such a craze in England. Mrs. Forester and Mrs. Charles Forester have a country place at Ascot, and their favorite amusement is yachting.—Leslie's Weekly.

HOW TO COOK A STEAK

Mrs. Rorer Also Gives a Lecture on Picnic Dishes. Meat cookery and picnic dishes were the subjects of Mrs. Rorer's demonstration in the Gimbel store yesterday. At the morning lecture she said: "To illustrate the cooking of tender meat we have chosen a planked steak. This is one of the most sightly and elegant of meat dishes. Expensive, of course, a good steak should be at least 1 1/2 to 2 inches thick. Broil quickly at first, then slowly until sufficiently cooked—rare, but not raw. Have it pink from side to side, not purple in the middle, and well done on the edges. Season carefully after it is partly broiled and put it on a platter. Garnish with mashed potatoes. Run it into the oven or under the gas lights for ten minutes; trim the edge with quilled paper, parsley and lemon, and send to the table." "Under the head of picnic dishes," she said in the afternoon, "we have, of course, a long list of sandwiches that can be made in the morning, rolled in wax paper, or a damp napkin, to keep until the afternoon. Chopped meats mixed with cream sauce make more palatable sandwiches than thin slices of meat, although they do not keep so well. Meats in warm weather mixed with cream sauce are liable to become sour,

FOR BOTH

One disease of thinness in children is scrofula; in adults, consumption. Both have poor blood; both need more fat. These diseases thrive on leanness. Fat is the best means of overcoming them; cod liver oil makes the best and healthiest fat and

SCOTT'S EMULSION

is the easiest and most effective form of cod liver oil. It's a natural order of things that shows why Scott's Emulsion is of so much value in all cases of scrofula and consumption. More fat, more weight, more nourishment, that's why.

A King's New Palace

King Leopold of Belgium has taken possession of the new Japanese palace in the Royal Park at Laeken. It is divided into several wings. Each of them contains half a dozen finely decorated drawing-rooms. The furniture, the ornaments, the sculptures, the paintings, the screens, and thereof were executed, at Tokyo, by the best Japanese artists. More than two thousand electric lights illuminate the palace, where the King intends giving some gorgeous receptions in honor of the Shah of Persia next summer.—From Leslie's Weekly.

HEART RELIEF IN HALF AN HOUR

A lady in New York State, writing of her cure by Dr. Agnew's Cure for the Heart, says: "I feel like one brought back from the dead, so great was my suffering from heart trouble and so almost miraculous my recovery through the agency of this powerful treatment. I owe my life to it."—19.

Benefiting the Public

In the early days of newspaper publicity most of the advertisements were illiterary. The dishonest, sharper than their plodding contemporaries, were first to realize the value of the news sheets as a means of getting in touch with money spenders. In the evolution of the art of advertising some gorgeous conditions have been reversed. The charlatans are in a minute minority. As Walter H. Page, editor of the World's Work, put it in a recent address to the Agate Club of Chicago: "The idea of the advertiser now is to benefit the public. The old idea was to 'catch' the public."

HE FEELS AS YOUNG AS EVER

Mr. Chester Loomis Took Dodd's Kidney Pills. And from a Used up Man he Became as Smart as a Boy. Orland, Ont., May 1. (Special).—Mr. Chester Loomis, an old and respected farmer living in this section, is spreading the good news that Dodd's Kidney Pills are a sure cure for the Lamer-Back and Kidney Disease so common among old people. Mr. Loomis says: "I am 76 years of age, and smart and active as a boy, and I give Dodd's Kidney Pills all the credit for it."

The Strenuous Life in Missouri

The Kansas City Journal tells of a Missouri man who, when asked why he didn't advertise, replied: "If I did somebody would be pestering me all the time to show 'em my goods.' This merchant, it is added, was the same who, when a customer came in and asked for a suit of clothes, responded: 'I hope you come back some time when I'm standing up.' The authenticity of this story is not vouched for, but it has at least as sound a basis of fact as the average historical novel. Advertising is not for the man who hasn't sufficient energy to attend to a growing business. Publicity is bound to be followed by expansion. He who invites attention to his wares in the daily newspapers is inevitably 'pestered' by increasing throngs of purchaser.

Nothing Succeeds Like Success

The popularity of the New Country Ball-Bearing Washing Machine is the best evidence of its success. The universal praise of the machine is our best advertisement, and from the bird's-eye view of it in letters it is evident that it is a place in the Hall of Fame. We will mail you a booklet describing it on application. Sold by local dealers everywhere at \$8.00. The successful work of L. B. BILBRO.

SIMPLE BANKS OF AFRICA

Kaffirs Have a Singular Way of Protecting Themselves in Trading. In many parts of Africa the system of banking is as yet primitive. The natives of that part of South Africa which to a great extent is inhabited by bushmen and Hotentots have a peculiar system of banks. These Kaffirs, among whom this curious system of banking obtains, live near Kaffiraria, in the south of the Colony country. The natives come down south from their country to trade in the several villages and towns in large numbers, stay with the Boers for a time and then return to Kaffiraria.

ENGLISH SPAVIN LINIMENT

Removes all hard, soft or calloused lumps and blemishes from horses, blood spavin, curbs, splints, ringbone, swellings, stifles, sprains, sore and swollen throats, coughs, etc. Save \$50 by use of this liniment, the scutellers, the paintings, the screens, and thereof were executed, at Tokyo, by the best Japanese artists. More than two thousand electric lights illuminate the palace, where the King intends giving some gorgeous receptions in honor of the Shah of Persia next summer.—From Leslie's Weekly.

COLOR OF EYE A FACTOR

Has Much to do With the Choice of a Helpmate. New theories of unconscious selection with like—as opposed to Darwin's idea that men and women depend upon their perceptive and intellectual faculties in choosing each other, were propounded by Professor Karl Pearson of University College, London, at the Royal Institution. He maintained that man has an unconscious tendency to select a wife of his own height, with eyes of his own color, a proportionate span from forehead to forearm corresponding to his own, and a constitution of like physical vigor.

To Prevent X-Ray Accidents

Three new inventions shown the other day to the Roentgen Society in London, and which are already in use at several hospitals in Europe, are believed to make impossible any such injuries as that which caused the death of Mr. Edison's assistant or the many unrecorded injuries received by doctors and patients in these days.

AN INCIDENT OF LIFE IN APARTMENTS

A lady who was coming down the stairs of a large New York apartment house met a woman and a girl of 7 just before her. The one was helping the other, and was saying to her: "Be careful, dear. Now, let your foot down, now the other. That's right. You'll get it all right." The first woman asked: "Has your little girl been sick?" "No," answered the mother. "The time has come when her papa thinks that, as she is 7 years old, she should be taught to go up and down stairs." "I taught her to go up and down stairs!" was the surprised echo.

Discovery of Condensed Milk

It was a woman who invented "condensed milk," which while nobody wants it, who can get the original article, is nevertheless of great value on journeys, on shipboard and for emergencies. It was such an emergency that led to the first condensed milk, for Mrs. Albert Cashings, of New Orleans, fifty years ago, had a sick baby and must get expert medical attention if it were to live. That it could not be had nearer than New York city, and it was a long sea voyage away. How to keep the little baby alive through that voyage she did not know. But she had put up many preserves and many jellies in her time, and she began to experiment on milk, and succeeded, and put up a lot of jars of her original condensed milk, which first were filled through the voyage. The fact interested several people in New York, and finally Mrs. Cashings gave her process away to a pack of sharp fellows who made a fortune out of condensed milk and never gave her a cent.—Springfield, Mass., Republican.

Improving an Old Phrase

An English instructor in a rather comprehensive talk to the wise young women referred to the period that extends "from the cradle to the grave," when he stopped abruptly. "No," he went on, "that is an obsolete phrase. There are no more cradles, and soon there will be no more graves. The modern phrase should be 'from the bassinet to the crematory.'"

"Pure Soap!" You've heard the words. In Sunlight Soap you have the fact.

SUNLIGHT SOAP REDUCES EXPENSE. Ask for the Octagon-Bar.

Of Course It Can't

Gregory—What is the animal that has two eyes and cannot see; two ears and cannot hear; four legs and cannot walk, yet can jump as high as the Eiffel Tower? Geoffrey—Impossible. I give it up. Gregory—Why, a dead donkey, of course. Geoffrey—But a dead donkey can't jump at all. Gregory—Quite so. Nor can the Eiffel Tower.

FREE! LADIES, send name and address and you will receive a copy of the PENNYROYAL TEA.

The English Past Participle. "Oh, Miss D—," said a small boy in a West Philadelphia school to his teacher, "I have broke my drum!" The teacher, more disconcerted at the grammar than at the catastrophe, said: "Harold, you should say, 'I have broken my drum.'" Next day Harold came to his teacher, holding out a bloody finger: "Look, Miss D—," he said, "I have cut—I have cutten my finger."

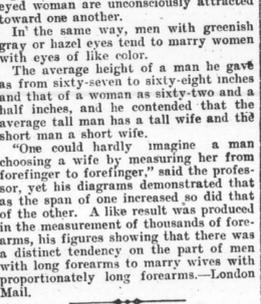

WHEN RHEUMATISM DOUBLES A MAN UP

When the city council convened at Caldwell the other night, C. W. Cupp, the new Mayor, dropped down on his knees and prayed for some relief. After concluding he took the chair and said: "Gentlemen, what is your further pleasure?" "What a change has come over Caldwell since the days of Curley Marshall and the red light dance house? Who would have thought in those days that a Caldwell Mayor would open the sessions of the council with prayer? And what could have happened to such a Mayor in these days?"

INDURATED FIBRE WARE

There is nothing in the market approaching the quality of EDDY'S make of this ware. See that EDDY'S name is on the bottom of each pall and tub.

MICA ROOFING

For steep or flat roofs, water proof, fire proof, easily laid, cheaper than other roofing. Send stamp for sample and mention this paper.

D. H. BASTEDO & CO.

77 King Street East Toronto. Steamers Bellefleur, Hamilton and Picton leave Hamilton 12 noon and Toronto 7.30 p.m. on Tuesdays, Thursdays and Saturdays for Bay of Quinte, Montreal and intermediate ports.

TORONTO-MONTREAL LINE

Steamers Toronto and Kingston. Commencing June 1, steamers leave Toronto at 3 p. m. daily except Sundays. From July 1 daily, Rochester, Thousand Islands Rapids, St. Lawrence, Montreal, Quebec and Saguenay.

DEAR SISTER:

If you will send me your name and address I will send you something you should know all about. Send no money. R. S. M'GILL, Simcoe, Ontario.

Where Prohibits. Are Strenuous.

Up in this vicinity we are accustomed to regard the prohibitionist brother as a mild and amiable person addicted to spectacles, white neckties and afternoon teas. Down in Texas he is evidently of a far more energetic type. The proceedings at Hempstead last Monday, when three or four advocates of the rum power cut out a variety of the great cause of prohibition does not invariably forego carnal weapons in combat the hosts of sin. It was an exhibition of two-handed shooting which can not but make converts to the cause in Texas whatever may be the thought of it in less strenuous communities.

FITS CURED

Epilepsy, Fits, St. Vitus' Dance, or have children or relatives that do so, or know a friend that has. It will be sent by mail free. If he sends where everything else has failed. When writing mention the name of the medicine. The Liebig Co., 179 King St. W., Toronto.

AN Embarrassing Situation.

He—detest rastime. She—I hate it! "The why don't you stop playing it long enough for me to tell you that I—why don't you listen?" "I am listening—go on." "But I can't go on, to that rastime." "Oh, dear! And that rastime is the only thing that will keep Aunt Susie out of the room!"

\$100.00 GIVEN AWAY IN CASH FREE

For Correct Answers to this Puzzle. Each of the four three figures in the centre of this advertisement spells the name of a large city in Canada. This is a brain puzzle and can be solved with a little study, as follows: "There are twenty-six letters in the alphabet and we have used five of the letters in spelling. Letter A twenty-six letters in the alphabet and we have used five of the letters in spelling. Can you think out the names of three of these cities? If so the money is surely worth trying for. Three correct answers win." THIS IS THE GREAT PUZZLE. CAN YOU SOLVE IT FOR GOLD?

NEBOGATOFF'S WARSHIPS SEEN OFF COAST OF JUGSAH

British Steamer Sighted Them Midway Between Island of Penang and Singapore.

Russian Crews for War Vessels Bought From Chile and Argentine.

Tokio Protesting Against France's Breach of Neutrality—Counter Blast From Russia.

A Tokio cable: The press of this city continues its sharp criticism of French neutrality in Indo-China waters, and presses surprise and indignation at what it describes as the elasticity of France's pledge.

The Jiji urges the Government to adopt independent action for the protection of the national interests, and insists that the responsibility for the extension of hostilities to the Russian fleet must rest upon France. It is understood that the Japanese Government has addressed France on the question of her neutrality, but the nature of the correspondence is unknown.

QUESTION OF NEUTRALITY.

Want Russia to Break the Law Because Japan Has Broken It.

A St. Petersburg cable: The Novoe Vremya to-day editorially maintains that after the manner in which Japan has persistently violated Japanese neutrality Russia would be fully justified in retaliating by sending out the interned protected cruiser Askold and the torpedo boat destroyer Grozovoi from Shanghai.

UNFAVORABLE TO STOESSEL.

Rarely Left His Headquarters in Port Arthur.

A London cable: According to the St. Petersburg correspondent of the Standard, the evidence taken by the commission of Port Arthur, has been uniformly unfavorable to Gen. Stoessel, tending to justify the recriminations that have been made.

Japs Buy Steamers.

A London cable: The Pall Mall Gazette gives details of twenty-seven merchant ships, of which sixteen were British, that have been sold to Japan since Jan. 1, to which list may be added the thirty steamships the Japanese have captured while they were trying to run the Vladivostok blockade.

FOR SEVERE CASES.

Röntgen Rays Should Only Be Employed by Qualified Practitioners.

Berlin, May 8.—The International Congress called to celebrate the tenth anniversary of the discovery of the Röntgen rays closed to-day. The discussion turned largely upon cancer treatment.

Complications May Arise if It is Found to be in the British Waters.

A London cable: The identification of the warships sighted by the steamer Selanger in the Straits of Malacca this morning as Admiral Nebogatoff's division of Admiral Rojestvensky's squadron is considered liable to develop an international situation. Jughra, of which the division was seen, is a town of the State of Selanger, which is a British protectorate, and is not far distant from the point where a Russian division was sighted as long ago as April 27.

RUSSIA'S NEW NAVIES.

Has Bought Argentine and Chilean Warships.

A London cable: The St. Petersburg correspondent of the Times says that rumors have been current for several days that Messrs. Schwab and Flint effected the sale of the Argentine and Chilean navies to the Russians.

RUSSIA HAS ADVANTAGE.

Rosy View Taken of Rojestvensky's Prospects.

A St. Petersburg cable despatch says: Captain von Essen, the hero of Port Arthur, and one of the ablest of the Russian naval officers, discussing with the Associated Press the coming naval battle in the Far East, took a rosy view of Rojestvensky's prospects, and asserted that he had a great advantage in many respects over the original Port Arthur squadron.

pedo boat flotilla accomplished practically nothing until the last act in the naval drama, the torpedoing of the Sevastopol before the surrendering of Port Arthur, and then it took five nights of continuous attacks, under the most favorable weather conditions, no equals, to get one of the hundreds of rounds of torpedoes home against a stationary ship.

NAN PATTERSON.

THE JURY DISAGREED IN NAN PATTERSON'S TRIAL.

Twice the Jury Has Disagreed and Once There Was A Mis-trial Owing to a Juror's Collapse.

The Jury Stood 7 to 5 for Acquittal and it is Not Likely She Will be Tried Again.

New York, May 9.—Dramatic in the extreme were the closing scenes, early to-day, of the Nan Patterson trial before Recorder Goff on the charge of having murdered Frank T. Young, the well-known turf man and book-maker, in a cab last June.

Various rumors gained currency as to why the jury stood. Information received by the Associated Press is that the poll was 7 to 5 in favor of acquittal.

It is quite certain that the former show girl will be given her liberty on nominal bail, and that the indictment will be quashed. She has faced trial three times—twice the jury disagreed, and once there was a mis-trial, owing to the collapse of a juror.

In the court annals of this city nothing has yet approached the tenacity of the climax in the Patterson case. When Recorder Goff was summoned to court soon after 1 o'clock the room was filled with spectators, two of whom were women.

Although in a state bordering on complete collapse when she went to her cell early to-day after the jury had been discharged, Miss Patterson's son was quiet and slept peacefully through the night.

He carried with him eleven letters addressed to Miss Patterson, and left them at the door without disturbing either of the women. About that time crowds began to gather in the streets around the Tombs, awaiting possible developments, which might make it necessary for Miss Patterson to once more cross the bridge between the prison and the court building.

Lawyer Levy, counsel for Miss Patterson, said to-day: "I will apply for Nan Patterson to be admitted to a nominal bail at once. The agreement is equal to an acquittal, as far as her liberty is concerned. It may be that the district attorney will apply to have her admitted to bail. If he does not, then I shall take the steps. She will never be placed on trial again. Of this I am certain. I am disappointed that she was not acquitted."

It was said at the District Attorney's office to-day that the prosecution would not oppose the release of Nan Patterson on bail provided the sum were fixed at from \$10,000 to \$20,000. It is expected that Recorder Goff will be in his office to-day and it is possible that Miss Patterson may be released before night.

CHICAGO STRIKE RIOTING.

One Strikebreaker Fatally Injures a Man and Another Strikebreaker Shot.

Chicago, May 8.—With employers preparing to press a demand for troops to quell the teamsters' strike, violence in the teamsters' strike showed no signs of cessation to-day. The very first outbreak resulted in a fatality.

The riot took place near the barns of the Employers' Teaming Company. Chas. Riebling, a white man, who resides in the vicinity, received a fractured skull, and is expected to die. He was standing in a crowd which jeered a non-union colored teamster, who was guarded by five detectives.

During a second disturbance at the stable of the Employers' Association, John Dansberry, a non-union colored teamster, was shot for trying to strike a boy who had shouted an offensive epithet.

A number of striking sympathizers instantly made for the negro. Private detectives rushed to Dansberry's aid and a general fight ensued during which Dansberry received a bullet in the leg.

Joseph Lang, barn boss for a large mercantile firm, was arrested charged with the shooting. The police to-day announced that they were prepared to escort 800 wagons from the wholesale and retail strike bound stores and 350 express wagons. This it was stated would be the greatest number of wagons moved in one day since the beginning of the strike.

A CALL FOR TROOPS.

Chicago, Ill., May 8.—The first rifle shot fired during the teamsters' strike was whizzing through a crowded thoroughfare to-day. The shot was fired by a guard on a wagon of the United States Express Company, while it was passing through a crowd of striker sympathizers at State and Randolph streets. No one was hit.

Rioting in the streets to-day was so prolonged and so fierce that a committee of members of the Employers' Association left for Springfield to request Governor Deneen to call the State troops.

The mobs that filled the streets in the business quarter to-day were larger and uglier in disposition than those of yesterday. There was fighting in all parts of the downtown quarter throughout the day, and a dozen times policemen were compelled to use their clubs and wagon guards.

There were a number of instances where mobs boarded street cars and attacked people riding in them, giving as a reason later that they were strikebreakers. C. W. Jamieson and Edward Boswell, the latter a negro medical student, were two sufferers of this class.

Up to 7 o'clock to-night a score of men have been taken to hospitals with all sorts of injuries. Besides, there were fully two score who were injured in the various fights of the day, and whose names could not be learned. The total injured is estimated at 75.

There is practically no food to be had in Chicago. Produce commission men in Chicago, are facing a loss amounting to hundreds of thousands of dollars. No express goods were received by the produce merchants to-day. All the "green goods" and fruit they received came by freight, which meant a loss to perishable goods, because the fruit and vegetables decay in transit.

Each driver of the F. E. Scott Transfer and Teaming Company was accompanied by a man armed with a rifle. Two policemen followed each wagon. "I am going to operate my wagons at any cost," said Mr. Scott. "If more rifles are required to protect my drivers, I have plenty in store." Employees on wagons of the United States Express Company to-day wore revolvers in holsters at their sides.

Deputy Sheriffs armed with rifles acted as escorts to fourteen delivery wagons of Siegel-Cooper and Company.

LIVES OF CRIME ENDED.

Two of Robbers Who Held Up C. P. R. Express Killed.

Winnipeg, Man., May 8.—The Gates boys, two of the most desperate criminals who ever filled an express car or robbed any post-office of wealth, and who were one of the three men who held up and robbed the C. P. R. westbound express at Winnipeg on Sept. 8th, will never answer for their many crimes. The Gates paid the penalty of their many offences, and now lie buried in unmarked graves on the outskirts of Lordsbury, N. M.

Two men held up a saloon in Lordsbury on March 15th, and with their loot hurried off to the mountains. Sheriff McGrath, of Lordsbury, immediately organized a posse and started in pursuit. After a hard chase the posse overtook the robbers at the Town of Separ, and when the area showed resistance they were killed.

A LIVELY OLD FELLOW.

George Schmidt, at Ninety-five, Marries Once More.

Ashbury Park, N. J., May 8.—A romantic Easter day marriage was made public to-day. The bridegroom is George Schmidt, 95 years old, a retired Newark butcher, who is spending the season at Ocean Grove. His bride is Mrs. Ellen Day Schwartz, 57 years old, also of Newark. The ceremony was performed by Rev. S. H. C. Schmidt, of Ocean Grove.

The wedding was kept secret for family reasons. The happy bridegroom is unusually active for his age. He has never smoked or chewed tobacco or drunk liquor. He has children, grandchildren and great-grandchildren. In his earlier life Mr. Schmidt was one of the managers of Washington market, New York. This is the third matrimonial experience of the bride.

IF EMPIRE IS ATTACKED,

Then Let the Colonies Come to the Rescue.

London, May 8.—The military correspondent of the Times, writing on the future of modern wars, referring to the partial failure of colonial contributions and the unwillingness on the part of the colonies to promise definite aid in case of war, says: This unfortunate state of affairs is almost entirely due to the absence of any light or leading on the part of the British Government. It is suggested in similar circles that as Japan's foreign trade is stagnant, these purchases are an indication of peace.

Ottawa is to have a new hotel shortly. Its cost will be not less than a million dollars, and it will occupy a central position, fronting on the City Hall Square.

MAY & JUNE

are the Best Months to Make Money Raising Chickens

Chicks hatched then grow more rapidly and require less care than at any time of year, and the knack of running the business successfully is acquired under the most favorable circumstances.

One good May or June hatching will bring out a brood of chicks that sell about October 1st for enough to pay for an incubator and another hatch can then be started that will get the chicks out in time for the Christmas market. The next hatch will be ready for the March and April market, "broilers" commanding the very highest market prices.

A good incubator is the foundation of real success in poultry raising, bringing the whole matter from guess-work to certainty. We furnish you with a

No Cash to Pay Until Fall, 1905.

Chatham Incubator

on easy terms. No cash to pay until November, 1905. By that time it should have paid for itself.

Nothing else raised on a farm pays like this, and the beauty of it all is that the women folks or children can easily attend to the very small amount of work there is to be done. Half an hour or so a day is all the time required.

Getting the right incubator is pretty nearly the whole thing. The Chatham is the safest and surest incubator made. It does the trick; 100 per cent. hatches every time if the eggs are fertile. Rather than go into details of construction here, we will print a few out of many hundreds of testimonials:

Brighton, Ont., April 15th, 1905.
The Manson Campbell Co.,
Chatham, Ont.

Dear Sir,—I told you when I received my incubator and brooder that I would let you know what success I had with my first hatch. When the incubator arrived I went and got eggs to put in it, and as I was anxious to get it started I took all the eggs I could from the party, and he had only enough so I could not pick them over. There were some small ones and some long and narrow, and as I afterwards found out he was keeping twenty-seven hens with one cock, so they did not look very good on the start. I put fifty-six eggs into the incubator and followed the instructions closely, and I got fifty chicks, two having died in the shell, which I think is first-class. They are strong and lively. I am sorry I did not order the 100 size instead of the 50. I have it now filled with sixty white Wyandottis eggs I wish you could tell me where I could get a good poultry paper, something that would suit a beginner.

Yours truly,
E. H. BARAGER,
Box 234,
Brighton, Ont.

P.S.—I would rather attend to an incubator than one hen now. There is some satisfaction in knowing that if you look after them they will get chicks.

Valens, Ont., April 15th, 1905.
The Manson Campbell Co.,
Chatham, Ont.

Dear Sir,—The incubator that we purchased from you on the 18th Jan. is certainly a dandy. One of a No. 2 incubator with 85 fertile eggs I got 76 chicks, and they are all strong and healthy. I used 1/2 gallon of oil. I think there is no better incubator in the world.

Yours truly,
MRS. JOHN ROBSON,
Valens P.O., Ont.

We have similar letters from every State in the United States, and every Province in the Dominion. Every incubator we put out is the best kind of advertising we do, for it sells many others for us by its never-failing results.

The Chatham is built on honor, and its construction and workmanship are as perfect as an experience of fifty years and ample capital can make them.

The Chatham was the first incubator made that was good enough to admit of its makers taking chances that it would make its cost for the poultryman before it was paid for.

Don't imagine for a moment that it is any longer possible to make big poultry profits by setting hens. As hatching hens are as out of date as stone hatchets.

If these erratic, uncertain birds are kept busy egg-laying instead of wasting their time setting, the poultryman will pocket a good many extra dollars in profit.

If you want to get full particulars on the subject and learn all the details of successful incubator hatching and profitable poultry raising send to-day for our superbly printed book, "How to Make Money Out of Chicks." It's FREE.

Send for it now.

THE MANSON CAMPBELL CO., Limited

LOCAL ITEMS

—Special value in men's rain coats at Beach's

Mr. and Mrs. John Gibson are removing this week to Gananoque.

The medals for the oratorical contest next Wednesday evening may be seen at Mr. Knowlton's

Miss Peterson is visiting at the home of her uncle, Mr. A. W. Blanchard.

The sacrament will be administered in the Methodist church on Sunday next.

Commencing on Sunday next, the evening service in the Methodist church will commence at 7.30.

Mr. I. C. Alguire is having his fine property on Elgin street enclosed with a new wire fence.

Mrs. Walter Olds left Athens last week to join her husband at Schenectady, N. Y.

Found—A small gold-bead chain with locket attached. Apply at this office.

Mr. Abel Kavanagh, late with Mr. Wm. Conlin, has taken a position in Brockville.

Mrs. Washburn, Elgin street, has leased Mr. John Gibson's residence on Henry street and will occupy it in a few days.

Dr. O. L. Kilborn says he sees 100 patients every dispensary day in Chentu, China. The medical work is rapidly developing.

The work of plastering the town hall is now in progress. Mr. Tooms, a capable and experienced Brockville mechanic, being in charge of the work.

The Ontario Educational Association has decided to ask the Government to adopt a systematic health inspection of the schools.

Charles Tennant of Mallorytown has been appointed clerk of the twelfth court of Leeds and Grenville and Wilbert Israel Mallory of the same place has been made bailiff of that court.

Several members of the I. O. O. F. will join with Delta Odd Fellows in attending divine service on Sunday next. The service in connection with Athens lodge will be held on May 28.

Gananoque Journal: Mr. John Gibson who has been in Athens for some months past, is returning to town and will open a bake shop in the near future.

Local option went into effect in Thamesville, Ont., on May 1. The three hotels have entirely closed up, turned out all boarders, taken up pumps, locked their stables, etc.

Preparations for the A. M. S. medal contest are now about completed, and a most enjoyable evening is assured. There will be an excellent musical programme in addition to the orations of the contestants.

Methodist district meetings arranged: Kingston, in Queen Street Methodist church, May 18th; Brockville, Athens, May 23rd and 24th; Napanee, May 17th; Picton, Wellington, May 17th; Tanworth, Marlbank, May 19th; Perth, Merrickville, May 17th and 18th.

—Beach's Floor Paints never stick. Smith's Falls population is 5,319, an increase of 60 over last year.

Miss Kirkland of Glen Beall is this week the guest of Miss Niblock, Main street.

—Rouillon genuine French kid gloves—regular price \$1.25—for \$1.00 at Beach's.

Mrs. T. E. Warren of North Augusta is visiting friends in Athens and at Glen Beall.

Miss Lane of Napanee is visiting at the home of Mr. and Mrs. S. A. Taplin.

Mr. Solon Lehigh of Frankville will be employed this season at Cedar Park Hotel, Charleston.

The death is announced of Mrs. (Rev.) John Ferguson (one time of Athens) at her home near Boston.

—Ladies' rain coats—dark grey, green and fawn, full length, loose back style, and new sleeve—only \$4.75 at Beach's.

Mrs. Frank Clow of St. Paul, Minn., and Mrs. Geo. Clow of Lisbon, N.D., are visiting friends in Addison and vicinity.

Rev. E. H. Emett of Brookville has resigned the pastorate of the Baptist church to engage in evangelistic work.

Miss Lulu E. Eastman, late of Toronto, will be the star soprano vocalist at the A. M. S. oratorical contest on the 17th.

Two of Brookville's leading vocalists will take part in the A. M. S. oratorical entertainment on Wednesday evening next.

The regular monthly meeting of the Ladies' Aid Society of the Methodist church will be held at the home of Mrs. H. H. Arnold on Thursday at 3 p.m.

A reception service will be held in the Methodist church on Sunday next at which about twenty will be taken into full membership.

Mr. G. L. Riches, late of the I.C.M.S., Brockville, has been appointed district manager for the D. W. Karn Co., and will continue his visits to this part of the county.

The engagement of Miss Ina Root and Mr. Richard H. Millar of Mallorytown, is announced. The marriage will take place on Wednesday, June seventh.

Hon. Dr. R. A. Pyne, Minister of Education, has addressed a circular to the school inspectors inviting their cooperation in having Empire day, May 23, duly celebrated in all the schools.

Frankville residents expect that there will be a change in their mail service in the near future, when instead of getting mail from the C. P. R. at Jasper the service will be from some point on the B. W. & N. presumably Fortthorn.

Wm. Bow, the veteran postmaster at Winchester, was tendered a banquet and presented with an address and a Morris chair last week, on the completion of his fifty years service as postmaster.

Last week Mr. Loverin launched his houseboat and is painting and refitting his gasoline yacht, "Sport." During the winter the engine has been carefully overhauled and all bright parts nickelled, including a brass cap that has been fitted over the cylinder head.

The Recorder says that at the close of the board meeting on Saturday several sales of cheese were made on the curb. This is what demoralizes the board, and if it cannot be stopped, then the board might as well go out of business.

The fishing season has opened at Charleston Lake and several salmon have already been captured. The spring and fall fishing is not as good as it was a few years ago, due, it is thought, to the increasing numbers of siscoes. The water in the lake is about two feet lower than at this time last season.

Local option closed Cardinal's hotel bars on May 1st. The Mahoney hotel is closed to all trade, but the Dillon hotel continues to keep boarders and supply meals at an increased rate. Dillon has made an appeal to the divisional court to quash the by-law. It is estimated that Dillon's costs to date will approximate \$1,000.

After a debate lasting 28 days, the vote on second reading of the autonomy bill in the House of Commons was taken last Wednesday night just after midnight. The vote was on Mr. Borden's amendment, which was lost by 140 against, to 59 for it. Government majority 81. Thirteen Conservatives voted with the Government.

From the "Cyclopedia of Methodism in Canada" the Guardian learns that 22 who began their ministry in 1855 have now completed fifty years of ministerial life and work, and will at the June conferences celebrate their jubilee. Among these are Geo. G. Huxtable, Joseph Follick, William Short, Dr. Aylsworth, Jas. Gardiner, and S. La Du, all well known by the older members of the church in this district. They belong to that class of grand old heroes who did successful pioneer work in laying the foundation of Methodism in these great provinces.

The Rev. Dr. Cody, who delivered the eloquent oration on "Canada" at the H. S. Commencement last fall, is to speak on Monday night in Brookville under the auspices of the B. C. I.

—The Ottawa Business College will be open all summer. The location of the school—overlooking Parliament Hill—is an ideal spot for a summer school. The rooms are large, well lighted and cool, so that the student will always be comfortable. For information, write W. E. GOWLING, Principal.

While viewing with great favor the reduction of licenses and the zeal manifested in enforcing the license law by the commissioners appointed by the new Ontario Government, political friends of that Government have difficulty in reconciling such meritorious work on the part of servants with the high handed retrograde action of their masters in the Blenheim case. There the recorded will of the people called for local option, and the late Government refused to issue licenses; but the new Government has seen fit to disregard the vote polled, and have issued licenses in that village. To the average partisan, such an act could be explained quite satisfactorily about election time, but just now it is very hard to understand.

On Friday last William Hall died at the home of Mr. James Caghan, aged 22 years. He had been ailing with a pulmonary affection for a long time, but in Mr. Caghan's comfortable home he spent the winter pleasantly, and it was not thought that the end was near. A week preceding his death he was in Athens, apparently as well as usual. In the end, death came suddenly, and those who knew him best grieved most deeply at his early demise. He leaves to mourn his death three brothers, two in the North-west and one at Fortthorn, and one sister, Mrs. Omer Halliday of Smith's Falls. The funeral service, which was largely attended, was conducted in St. Paul's Presbyterian church on Sunday afternoon by the Rev. I. N. Beckwith, after which the remains were interred in the cemetery.

Court of Revision

Notice is hereby given that a Court of Revision for the Municipality of Rear of Leeds and Lansdowne will be held in the town hall, Lyndhurst, on Saturday, May 27th, 1905, at 1 p.m., to hear and decide any complaint of error or omission in the assessment roll of said municipality for the year 1905.

Seely's Bay, May 9th, 1905.
W. F. BRACKEN, Clerk.

Court of Revision

Notice is hereby given that a Court of Revision for the Municipality of Rear Yonge & Escott will be held in the township hall, Athens, on Saturday, May 27th, 1905, at 1 p.m., to hear and decide any complaint of error or omission in the assessment roll of said municipality for the year 1905.

Elbe Mills, May 8, 1905.
R. E. CORNELL, Clerk.

The Compounding of Prescriptions

is the most important part of our work as druggists. We were trained specially for this kind of professional work, and we excel in it. We dispense none but the best drugs, and we keep such a large stock that we can fill practically any Prescription without delay. Our prices are always reasonable, considering quality of materials and character of work done.

J. P. Lamb & Son

Rheumatism

is one of the constitutional diseases. It manifests itself in local aches and pains, inflamed joints and stiff muscles,—but it cannot be cured by local applications. It requires constitutional treatment acting through the blood, and the best is a course of the great medicine

Hood's Sarsaparilla which has permanently cured thousands of cases.

For testimonials of remarkable cures send for Book on Rheumatism, No. 7. C. I. Hood Co., Lowell, Mass.

DRESS GOODS

When buying material for a dress, a lady's first consideration should be the weave and shade—what is going to be the vogue, "what they are wearing." It costs no more to get a fashionable fabric than an old pattern, and a mistake cannot be made in buying from our carefully selected line:

Voiles—The new superb dress goods in latest weaves—special value. See our new twine weave.

Mohairs and Siciliennes—These rich, moderately priced goods are very popular, and we offer them in browns, navys, and fancy blacks.

Crepe de Chenes and Eollennes—Always fashionable—drape elegantly, and make a rich gown, suitable for all occasions.

Shepherd's Checks—The most popular of the Tartan line—makes an extremely pretty shirt waist suit, and wears well

Ladies are invited to critically inspect our line of dress materials.

PIERCE & WILTSE

P.S.—Our line of boots and shoes, rubber goods, rain coats, etc., for ladies and gentlemen will satisfy your wants.

Beautiful Spring

Loses half its charms to a woman if the interior of her home fails to harmonize with the natural beauty outside.

It doesn't require expensive furniture to make a woman happy at this season. Anything that will brighten and adorn will be acceptable.

Encourage your wife's house-cleaning, home-making efforts by buying a new piece of furniture.

Do it now. We have every requisite for every room, and all are reliable reasonably-priced goods. Your inspection invited.

T. G. Stevens

UNDERTAKING

An Ounce of Prevention

IS BETTER THAN a Pound of Cure

Farming, like all other business, has proved a science. Fortunately all farm produce is commanding a remunerative price. Good results can only be had from any source when we have done our best toward obtaining them. The most successful farmers have proved beyond doubt that profitable results come from feeding Poultry and all other Stock not only good grain, hay and ensilage but such Blood-makers and Tonics as

Herbageum, International Stock Food, Poultry Food, Kow Kure, Horse Tonic, Linseed Meal, Oil Cake, The Great English Calf Food—Cream Equivalent, Granulated Bone & Oyster Shell for Hens.

All of the above are guaranteed to produce results that will pay a good dividend for the cost of them.

Jos. Thompson

Logs Wanted

The subscriber will pay cash for water-elm and basswood logs—delivered at his mill at Greenbush also for a large quantity of birch timber not more than 10 nor less than 4 inches in diameter, cut 10 or 12 feet long.
