Record of the Vigilant. The following record of the Vigilant's races in England, Scotch and Irish waters shows that she started in nineteen races, finishing first seven times, was second eleven times, and third once. One of her wins over the Britannia not being allowed, she has won only six first prizes out of eighteen starts. Many of the races were of course with the Britannia, they meeting in single combats in no less than fifteen of her races, the Prince of Wales cutter winning eleven times. The Britannia, Vigilant and Britannia raced together twice, the Vigilant winning one race and finishing third in the other, the Britannia being second on both occasions. The Vigilant and Britannia sailed two races together alone. The American boat finished ahead on both occasions, but has received no prize, the first race not being sailed within the time limit. So recapitulated, their records would stand as follows: First. Second. Third. Vigilant..... 6 11 1 Britannia..... 1 1 1

Toronto's Team For Saturday. The T.L.C. management last evening selected the following players to represent the club in its match with the Shamrocks, the world's champions for 1893 on Saturday at Rosedale. Goal, Allan; point, not selected; cover, H. Douglas; defence, P. Knowler, Brummell, W. Hartley, centre, Turnbull, Ross, Matthews, Ross, Burns; outside, George Keith, inside, Nelson, field captain, S. M. Macdonald. The players are in a condition far ahead of a week ago, and although the Montreal, the Toronto team is sure to make a much stronger start than in the game. H. H. Brophy will probably referee.

Markham Defeats Exbridge. The most exciting game of lacrosse yet played in the Middle district was one here to-day between Exbridge and Markham to settle the protested match of Aug. 18. A large crowd came from Exbridge and Stouffville by special train. Fully 800 people were on the grounds. The match was won by Markham by four goals to one; first game, Markham in 1-4 minutes; second game, Markham in 1-2 minutes; third game, Markham in 3 minutes; fourth game, Exbridge in 4 minutes; fifth game, Markham in 10 minutes. This makes these teams a tie for the championship. H. McCannagh gave good satisfaction as referee.

Lawn Tennis at Hamilton. Hamilton, Sept. 6.—This has been a day for lawn tennis. The results were: Ladies' singles—Miss Gillespie beat Miss Galt, 6-3, 6-2. Mixed doubles—G. M. A Mile On a Bicycle In 1:23.34. Springfield, Mass., Sept. 6.—I. P. Bliss went on Hamilton Park to-day the fastest mile ever made on a bicycle, making the record for the paced mile, flying the start of 1:23.34, and lowering the 3-4 record to 1:23. He was paced by three tandem teams. The records to the distance were 1:53.34 for the mile, and 1:24.45 for the three-quarters, made at Waltham, July 29, by H. C. Tyler.

PAID A MILE IN 2:02 1-2.

Robert J. Makes a New World's Record in His Race With Joe Patchen. Indianapolis, Sept. 6.—Indianapolis now holds the world's pacing record and came within a fraction of a second to-day of the pacing record. Robert J. made the second heat in his match with Joe Patchen for \$5000 in 2:02 1-2, being the fastest mile ever paced. The three heats averaged in speed 2:03 2-3, the fastest three heats ever paced. The time by quarters for the second mile was as follows: First quarter 30 1-4, second 1:01 1-2, third 1:30 1-2, fourth 2:02 1-2. In this heat Joe Patchen went like the wind and forced Robert J. to make a sprint of special aim at the wire that was phenomenal. The fast paces scored for the worst at 4:08 o'clock, with the track in the pink of condition. They went away with Patchen a little in the lead, Robert J. jumped at starter in Walker's "go," and was up in 20 air. Driver Geers showed his mastery hand in quickly throwing the son of Hartford to the outside of the track. He was then six lengths behind, but he settled down to his stride, and went the eighth in 16 seconds and was still six lengths ahead at the quarter. He was far in the lead, the gelding was gaining, and in the third quarter was nearly at his side. Down the homestretch Patchen still held the lead until about the last furlong, when the gelding made one of those spurts that are the mark of a great horse. He could make Patchen head off. There was great excitement when it was found that Patchen had made it, and it was, up to that time, the fastest ever paced in a race.

The enthusiasm knew no bounds when the next heat showed up with its second and a quarter faster time. In this heat Patchen secured a sure winner until almost under the wire, when Robert J. forged a length ahead. The British American Business College team play the G.N.W. Telegraphers on the Old U.C.C. grounds this afternoon at 3 p.m. The Queen's County Jockey Club was incorporated yesterday at Albany, N.Y. The race of consumption of hog products in the United States, based on statistics of supply and export, indicate an average per capita of 55 to 57 pounds of lard in recent years, and about eight pounds of lard. The rate of this class of consumption, it is declared, is not approached in any country, and it is evident that no other animal food product in general use can be shown to be more free from unwholesomeness.

Athletic and General Notes. The members of the Crescent Baseball Club are requested to meet this evening as business of importance will be transacted. Domino Beats Chimes-Victorious Wins. Sheepshead Bay, Sept. 6.—The event of to-day was the fifth race, a match between Domino, ridden by Tarral, and Clifford, with Simms-up. They broke even at the first attempt. Domino set the pace. They were head and head as they came out of the chute. Domino gradually increased his advantage and at the first furlong post he was leading by a neck. He gradually improved upon this lead, and was easily in the good, as they swept by the first quarter post. Domino retained this lead to the home stretch, and as they were squared away for home Simms called upon Clifford. A mighty shout went up as Domino leapt down upon the flank. But Tarral made no move, sitting still as a statue upon Domino. Again Clifford's flank and Simms' steel-edged heels were driven viciously into the ribs. But it was no use. Clifford was doing his best and Domino was doing better. Domino came on in the home stretch, and easily by the parts of a length. Clifford was whipped out. The prize of \$5000 goes to Domino. Time, 1:49 2-5, 1:12 1-2, 1:22 2-3, 1:14 1-3, seventh 1:28 2-5, and the mile 1:39 2-5. The summaries: First race, 8 mile—Jack of Spades 104, Griffin, 11 to 10, 1. Maid Marian, 107, Lamby, 14 to 2, 2. Del Demer, 119, Simms, 2 to 3. Time 1:28 3-5, Three starters. Second race, 1 1-4 mile—Victorino, 112, Tarral, 6 to 5, 1. Peacemaker 104, Lamby, 4 to 1, 2. Soundmore 102, Reilly, 10, 1. Not Up to the Mark—that's the way with the imitations of Pearline. It isn't surprising that so great a household help in all washing and cleaning should be so largely imitated; it isn't surprising that these imitations fail; and it isn't surprising that they make still more popular the article on which the fraud is attempted. The merits of Pearline alone would make its sales increase, and the claims of peddlers and unscrupulous grocers that they have "the same as" or "as good as" Pearline—mind you, never "better than" Pearline—have placed Pearline on the top notch. Beware of these imitations. Peddlers and some unscrupulous grocers will tell you, "this is as good as" or "the same as Pearline." IT'S FALSE—Pearline is never peddled, if your grocer sends you an imitation, be honest—send it back. JAMES WYLE, New York.

CHASE'S CHAPTER 1. Dr. Chase's Kidney-Liver Pills are a combination of valuable medicines in concentrated form as prepared by the eminent Physician and Author, Dr. A. W. Chase, with a view to not only an infallible remedy for Kidney and Liver troubles, but also to the Stomach and purify the Blood, at a cost that is within the reach of all. The superior merit of these pills is established beyond question by the praise of thousands who use them—One Pill a dose, one box 25 cents. 2. When there is a Pain or Ache in the Back the Kidneys are speaking of trouble that will never increase unless relieved. We have the reliable statement of L. E. Johnson, Holland Landing, who says: "I had a constant Back-Ache, my back felt cold all the time, appetite poor, stomach sour and belching, urine scalding, had to get up 3 or 4 times during night to urinate, commenced taking one Kidney-Liver Pill a day. Back-Ache stopped in 48 hours, appetite returned, and able to enjoy a good meal and 6 good nights sleep they cured me. 3. Constipation often exists with Kidney Trouble, in such a case there is no medicine that will effect a permanent cure except Chase's Kidney-Liver Pills, one 25 cent box will do more good than dollars and dollars worth of any other preparation, this is endorsed by Dr. Thompson, Holland Landing, Ont.

CHASE'S KIDNEY-LIVER PILLS. Women suffer unspeakable torture from muscular weakness, caused by impure nerves and poor blood. Uric Acid, kidney poison, unexpended, weakens the nerves and poisons the blood. By and by the kidneys do not properly purify the blood, then comes prostration, retroversion, etc. Blood 75 percent pure is not a number—it is a death knell. Delicate women need not be told how much they would give to get and stay well. If their blood is free from the poisonous ferment of the kidneys and liver, they will never know what "weakness" is. The blood is the source and sustainer of health. It cannot be kept pure except the kidneys and liver do their work naturally. Some things needed to insure freedom from uric acid and natural action of the kidneys and liver do their work naturally. Some things needed to insure freedom from uric acid and natural action of the kidneys and liver do their work naturally. By and by the kidneys do not properly purify the blood, then comes prostration, retroversion, etc. Blood 75 percent pure is not a number—it is a death knell. Delicate women need not be told how much they would give to get and stay well. If their blood is free from the poisonous ferment of the kidneys and liver, they will never know what "weakness" is. The blood is the source and sustainer of health. It cannot be kept pure except the kidneys and liver do their work naturally. Some things needed to insure freedom from uric acid and natural action of the kidneys and liver do their work naturally. Some things needed to insure freedom from uric acid and natural action of the kidneys and liver do their work naturally.

CHASE'S KIDNEY-LIVER PILLS. Women suffer unspeakable torture from muscular weakness, caused by impure nerves and poor blood. Uric Acid, kidney poison, unexpended, weakens the nerves and poisons the blood.
