### CLIMBING LADDER OF SUCCESS

Halifax Herald, Sept 24: Another son of Digby County is climbing the ladder of success in the marine world, in fact he has reached the top round, for there is no more greater honor in seafaring life than to attain the command of a White Star liner of the greyhound class. We refer to Capt William Morehouse who first went to sea from his Digby Co home in Sandy Cove, sailing the Bay of Fundy in coastwise schooners. Capt Morehouse was at one time in command of steamers out of Montreal in summer and Halifax in winter. In the White Star Dominion service and now he is commander of the big White Star liner Crete 8,661 tons which sailed from New York, Sept 18, for Delgoa and Gibraltar.

Mrs W. L. Hatfield, of Berwick was a passenger to Boston Tuesday evening.

## BRIDGETOWN'S MILLINERS

Three Local Establishments Ready To Supply the Wants of all

As will be noticed by referring to our advertising columns in our last issue, Miss A. B. Troop's millinery opening took place in the Lockett block last Thursday, Friday and Saturday. Miss Chute's opens today while the Misses Dearness & Phelan are showing a good line of goods without any special opening date.

In response to a special invitation a representative of the MONITOR called at Miss Troop's Thursday afternoon and found this new establishment a luscious place.  
The window is in shades of brown, gold and copper.  
In hats there are a variety of different styles from which to choose the large dress hats of velvet and silk beaver with trim of fancy ostrich or velvet flowers and the small suit hats in chic new shapes of duvetyne, velvet or a combination of the two, are equally smart.

Small feather turbans, always in style, are particularly good this season. The pressed coque in small tailored effect being more favored than the hackle.  
Plain velour and velour felts in soft sport effects are much worn for ordinary wear and there are little hats of velvet and beaver plush which can be pulled into shapes to suit the wearer.

Touches of gold and silver and of metallic embroidery and brocade are much in evidence and ostrich in every shape and form excepting the thick, old fashioned single plumes.  
The colors are black, taupe, browns, nastiums and the new rust and copper shades, all shades of blue with the new Callot blue leading, and navy not so good as it has been.

A great many small hats of soft bright cherry red and hats with crowns of flame gold, and the new rose will be worn with dark coats and suits and later, with fur coats.

Among the newest trimmings are bugle beads, flets, ostrich, wool and duvetyne flowers, all sort of fancy ostrich, and large fancy pins.  
With three millinery establishments in Bridgetown no one needs to send out of town for hats of any description. They are here to suit any one's pocket book and the most particular customers.

## CRICKET

Provincial Valley and County Leagues Will be Formed Next Year.

As we have already noted in our columns cricket, which was so popular in Nova Scotia a quarter of a century ago, is again coming to the front, and we are pleased to state that Bridgetown's success this year has already given our team a lot of prominence throughout the Valley as well as the entire province.

Bridgetown's record for the season is eight games played, seven won and one lost, and that by one run at Windsor.

Next season representatives from the various towns expect to get together and form a Provincial League, a Valley League and a County League, the latter to take in Annapolis, Digby, Kings and Hants. Next season there is great promise of the old sport being thoroughly revived.

Two committees were then nominated for work in connection with the campaign, and the following are asked to represent their respective Churches: MEN—The Pastor of the Churches: W. R. Longmire and W. E. Gesner (C of E); H. B. Hicks and Dr. M. E. Armstrong (Methodist); A. B. Clark, Karl Freeman (Baptist); J. T. Archibald and Mr. Campbell (Presbyterian); J. Myers (R. C.).

LADIES—Mrs. Jost, Mrs. Richardson, Mrs. J. I. Foster, Mrs. Troop, Mrs. Duncan, Mrs. Newcombe, Mrs. Little, Miss Phelan, Mrs. W. R. Longmire and Miss Bessie Ruggles.

## THE REFERENDUM

Address by the Rev. Dr. Coburn of the Social Service Dept., Toronto.

A very cogent address was given in the Baptist Church Vestry on Monday evening, by Dr. Coburn, of Toronto, on "why we should vote against the importation of Liquor for beverage purposes." Want of space prevents us giving even a brief synopsis of this very excellent address which ended with an appeal for the putting on one side any thoughts of indifference to so vital a question as that now before us and on which we are asked to vote on Monday, Oct. 25th. Votes in the Ballot Box will decide the issue, not good wishes outside it.

Two committees were then nominated for work in connection with the campaign, and the following are asked to represent their respective Churches: MEN—The Pastor of the Churches: W. R. Longmire and W. E. Gesner (C of E); H. B. Hicks and Dr. M. E. Armstrong (Methodist); A. B. Clark, Karl Freeman (Baptist); J. T. Archibald and Mr. Campbell (Presbyterian); J. Myers (R. C.).

LADIES—Mrs. Jost, Mrs. Richardson, Mrs. J. I. Foster, Mrs. Troop, Mrs. Duncan, Mrs. Newcombe, Mrs. Little, Miss Phelan, Mrs. W. R. Longmire and Miss Bessie Ruggles.

On the 11th of October there will be a change in the steamship service between Yarmouth and Boston, and there will be only two sailings weekly from either port instead of four as at present. ## A REAL LIVE TESTIMONIAL

Given to Professor Hamilton, of Hampton, N. S.

East Middle LaHave, June 30, 1914  
I can scarcely find words to express my thanks for what Prof. B. S. Hamilton has done for me. I suffered from Catarrh for eleven years. Tried several well known remedies, but

kept getting worse until I was ready to give up in despair. One doctor told me my case was incurable. But thank to Professor Hamilton's treatment I am cured. I do not hesitate to recommend him to all who suffer as I have.

Three Years of Suffering Quickly
Relieved by "FRUIT-A-TIVES"

MR. GASPARD DUBORD

159 Avenue Pius IX, Montreal.

"For three years, I was a terrible
sufferer from Dyspepsia and my general
health was very bad. I consulted a
physician and took his medicine and
faithfully carried out his instructions;
but I did not improve and finally the
doctor told me I could not be cured.
At this time, a friend advised me
to try 'Fruit-a-tives' and I did so.
After taking two boxes of 'Fruit-a-
tives', I was greatly relieved; and
gradually this marvelous fruit
medicine made me completely well.
My digestion and general health
are splendid—all of which I owe to
'Fruit-a-tives'."

REWARDED AFTER
15 YEAR SEARCH

Halifax Woman Says She Will Never
Cease Praising Tanlac For
What It Did

"I have been fifteen years looking
for something that would relieve me
of my awful sufferings, but it was
only when I got Tanlac that I found
just what I'd been needing all the
time," declared Mrs. Frank Walker,
144 Duncan St., Halifax, N. S.

"For many years I was in a terribly
run down condition, and my nerves
were in a dreadful fix. I had such
awful spells of sick headaches that I
was in bed for days at a time. At
night I was so restless I would lie
awake for hours, and I felt tired and
worn out all the time. Every time
I tried to do anything it was an effort,
and was so weak I had to lie down
and rest. I was advised to go away
for my health, but when I returned
I was worse off than before. My
friends were all worried over my
condition, and as I could find nothing
to help me I was almost desperate.

"One day after hearing so much
about the good Tanlac was doing
others I decided to give it a trial, and
it is surprising the way four bottles
of the medicine built me up. My nerves
are as steady as a clock and I sleep
good and sound all night long. I
never have a sign of a headache and
have regained my strength and
energy and my housework is now a
real pleasure."

Tanlac is sold in Bridgetown by
S. N. Weare in Middleton by Clifford
A. Mumford and in Bear River by L.
V. Harris.

POOR HEALTH LIFE'S HANDICAP

Rich, Red Blood and Strong Nerves
Needed to Win Out

It has been well said that life is a
race. The full blooded man with sound
nerves, the bright eyed, rosy cheeked
woman invariably win. The nervous,
dyspeptic man, and the ailing anaemic
woman are left behind. Success in
life is largely a question of good
health and sound nerves. It is never
chosen for promotion; the sickly
looking, pale woman is not sought
after like her happy rosy sisters.

What makes all the difference is
the condition of the blood. If your
blood is thin and poor, your nerves
are bound to suffer, because they are
dependent upon good red blood for
nourishment. Headaches, undecided
will, a shrunken figure and pale,
unattractive face tell only too plainly
that the blood is at fault.

Both men and women in great
numbers have found deliverance from
their inferiority in life's race, caused
by impoverished blood through the
use of Dr. Williams' Pink Pills. They
are a remedy that has been a house-
hold word for a generation, because
they tone up the whole system, make
the blood rich and red and strengthen
the nerves.

Mrs. S. B. Miller, Elmira, Ont., says:
"I look upon Dr. Williams' Pink Pills
as a family medicine, and have reason
to praise them for what they have
done in our home. Some years ago,
while we were living in Alberta, my
husband was so completely run down
that he was unable to do any work
and even to carry a pail of water
would exhaust him. A doctor was
called in who said his heart was af-
fected, and that medicine would be
of little use to him. This greatly
worried me and I finally urged him
to try Dr. Williams' Pink Pills. He
began their use and in a short time
the swelling in his hands and feet
disappeared. We decided to return
to Ontario, but the doctor said he
could not stand the trip. But the
doctor was mistaken, for through
the use of the pills, he gained such
strength as to be able to look after
the harvest, and in a month later
we returned to Ontario. My husband
still takes a box or two of the pills
twice a year, and they keep him
in good shape. I have also found
the pills good for my growing
daughters, and we are never without
them in our home."

One of the best things about Dr.
Williams' Pink Pills is that they do
not contain the slightest trace of
opiates or harmful drugs. While they
are overcoming diseases they are
building up general conditions of
good health. You can get these pills
through any dealer in medicine, or
by mail at 50 cents a box, or six boxes
for \$2.50 from "The Dr. Williams'
Medicine Co

**CORRESPONDENCE**

To the Editor of the MONITOR  
DEAR SIR: It has been pointed out to me by a Bridgetown citizen that the MONITOR has made no reference in speaking of the Provincial examinations held in July, to record made by Ernest Buckler, of Dalhousie West, a credit to themselves and also to their pupils for the examinations. Three of her scholars, including Ernest Buckler, for the "C", and were all successful, making marks which were a credit to themselves and also to their pupils for the examinations. Ernest Buckler who is a son of Mr. and Mrs. Appleton Buckler, is now attending the Bridgetown public school, and the writer prophesies that when the results of the next Provincial Examinations are published, Ernest will be found at the head of the list notwithstanding the fewness of the days of his age.  
I hope I am not too late in imparting the above information.  
Very truly yours,

ADVERTISE IN THE MONITOR AND WATCH THE IMMEDIATE RESULTS

## Attractions in the Canadian Rockies

Lake Minnewanka near Banff, Alberta, attracts many motorists during the entire summer (the winter sees the ice-boats gliding across its smooth surface). It is an ideal evening drive from Banff to this lake, and on the way it is interesting to stop at the animal enclosures where the Government has established the wild animals of the country. As the car speeds along on the trip, the sight of the browsing elk is specially attractive. In the spring the stately mother elk stalks proudly about with her young, in the fall the mating note of the bull re-echoes down the open valley. Many a battle-royal is fought by the males at mating time.

The Bow River is the headquarters of the lover of water sports. Canoes, row-boats and launches are to be had any time of day. Plenty of good fishing is to be found a short distance up the river. For an ideal canoe trip there is nothing more picturesque than paddling up the Bow River to Shadow Creek, which drains the Vermillion Lakes. As the canoe glides into the mirrored waters, the swamp willows meet above the heads of the paddlers; an occasional trout darts from one shadow to another in the depths below. Little bursts of sunshine brighten the winding waterway till the canoe glides out again into unbroken sunshine and the wide sweep of the first Vermillion Lake.

The Bow River is a typical mountain stream and has its rise sixty-five miles west of Banff, and north of Lake Louise. Its head waters, the Bow and Hector Lakes, are fed from great ice-fields, which, in the first days of warm spring, cast their tribute into the river, and the turbid waters gathering strength with each mile, tear madly down the narrow confines bringing with them uprooted trees and all the debris lying within their reach. The lover of the water may obtain valuable information of several beautiful and exciting canoe trips at the boat-house.

The old tote-road of construction says west of Banff is almost obliterated, and in its place the Government is rapidly completing a highway which will link the eastern provinces with British Columbia. If the trip be made in early spring or late August it is scarcely possible to fail to see the wild sheep which abound in large flocks on the sunny slopes on the north side of the valley. During the summer they wander back in the hills, though an occasional few may be seen any time of the year. In the early spring the baby lambs trot along beside their mothers; in the fall the great horns crash and bang together, making a racket which can be heard a long distance in the otherwise silent hills.

Crossing the Canadian Pacific

tracks at the Banff railway station, the car travels westward passing a chain of lakes (three in number) known as the Vermillion Lakes. About five miles distant a draw may be seen which marks the pathway of Healey Creek; the Bow River glides in and out of view, occasionally a glimpse of the steel rails shows up; a bear, a coyote, or a deer, may appear. A picturesque range of mountains aptly called "Sawtooth," are easily recognized on the right of the road and in an open stretch the first glimpse of Castle Mountain and the mountains about Louise are recognizable. Passing a game-warden's house, the road leads up, around and over the Hilsdale Hills, a group of hills beautifully wooded and a natural park in themselves.

Coming down the winding road among these hills a short run brings the car to a small bridge under which runs a small mountain stream. Just east of the bridge is a well-kept camping ground, the only restriction to the user of it being: "Keep your camp-fire in control." A little open fire-place leaves no excuse for doing otherwise. On the west side of the bridge is a tiny tea-house nestled securely under the shadow of the pines. Built of logs, its rustic style is in complete accord with its surroundings. Johnson's Canyon is well worth the three-quarters of a mile stroll up its easy trail, across rustic bridges, above the turbulent little stream which gives forth an attractive picture at every bend of the path. Leaving the canyon, a three-mile run brings you to the site of the one-time village of Castle situated at the very base of the mountain of that name. It sprang as a mushroom in the night in the old construction days of the Canadian Pacific Railway. Word went forth that lead, silver and copper were to be found in the old giant of the Rockies in paying quantities, and prospectors poured in. As they came, so they went; the mountain refused to give up treasure; the deserted homes fell to decay.

A mile beyond the site of this village the road forks, the right-hand turn leading to Lake Louise and the left-hand turn to the summit of Vermillion Pass—the last link of the trans-continental motor-road. Neither road should be missed though neither is yet absolutely finished. The left-hand road leads to Marble Canyon, at the top of the Pass. The drive and the canyon are well worth the time spent in seeing them.

As far as the road is finished, under and about the shadows of Castle Mountain, it is a glorious drive. The site of the internment camps used during the war is still visible. In winter it is no colder at zero in the dry climate of Banff than at twenty-two above on the sea-board. In fact, one is far more uncomfortable where dampness prevails. The vigorous, snappy climate of the Rockies is better than any medicine for the people of a warmer country, from the Orient, even from the nearest sea-level. Winter sports at Banff are being brought to greater perfection in every direction. Specialists in all winter sports are coming more and more for the annual contests in skiing, skating, swimming in the warm sulphur pools, tobogganing, curling and hockey.

**Ten Years After**

Ten years ago the first packages of KING COLE TEA were packed and put on the market. The time that has elapsed since then has been filled with hard work and with many difficult situations to be met and overcome. But withal, it has been a period of unquestionable, steady and persistent progress. KING COLE TEA has never looked back. Every year has brought its increase. Today its sale is ten times greater than the first year's business. This is the public's remarkable tribute to the worth of KING COLE TEA. It speaks for unusual service.

**Mothers' Advice**

The responsibility for a daughter's future largely rests with the mother. The right influence and the information which is of vital interest to the daughter imparted at the proper time has not only saved the life but insured the success of many a beautiful girl. When a girl's thoughts become sluggish with headache, dizziness, or a disposition to sleep, pains in back or lower limbs and a desire for solitude, her mother should come to her aid and remember that Lydia E. Pinkham's Vegetable Compound, made from native roots and herbs, will at this time prepare the system for the coming change and start this trying period in a young girl's life without pain or irregularities. Thousands of women residing in every part of the United States bear willing testimony to the wonderful virtues of this medicine, and what it has done for their daughters.

Brooklyn, N. Y.—"I cannot praise Lydia E. Pinkham's Vegetable Compound enough for what it has done for my daughter. She was 15 years of age, very sickly and pale and she had to stay home from school most of the time. She suffered agonies from backache and dizziness and was without appetite. For 3 months she was under the doctor's care and got no better, always complaining about her back and side aching so I did not know what to do. I read in the papers about your wonderful medicine so I made up my mind to try it. She has taken five bottles of Lydia E. Pinkham's Vegetable Compound and doesn't complain any more with her back and side aching. She has gained in weight and feels much better. I recommend Lydia E. Pinkham's Vegetable Compound to all mothers and daughters."—Mrs. M. Farnas, 516 Marcy Avenue, Brooklyn, N. Y.

**LAWRENCETOWN SCHOOL EXHIBITION**

An Important Annual Event Which Takes Place in Our Sister Town

The annual school exhibition was held in the Demonstration Building Lawrencetown on Thursday, Sept. 16th.

Through the early part of the day the various committees had been busy arranging the exhibits and awarding the prizes.

Promptly at 2 o'clock an address was delivered by Judge Longley after which the exhibition was declared open by the president, Dr. L. R. Morse.

On entering the exhibit room one saw exhibits from Lawrencetown, Paradise, Clarence, South Williamston, North Williamston, Erickton, East Inglisville and West Inglisville, all very carefully and artistically arranged.

In the early part of the season it was decided to give each section having eight school gardens, five dollars out of the exhibition fund together with any additional sums which the individual sections might wish to donate. These gardens were to be under the control of the various committees appointed by the sections. But the products were to be brought to the exhibition at Lawrencetown. Consequently as one entered the room, they saw one long table nearly the whole length of the room laden with various vegetables grown by the scholars of the various sections in their school gardens.

One new feature of the exhibition this year was the "Farmers' Collection" consisting of fruits, vegetables, canned goods, etc. grown and arranged by the farmer. Of these Mr. Edgar Shaffner, Williamston, received first prize and Mr. T. G. Bishop, Lawrencetown, second. The other collections were good and had there been more prizes offered, there is no doubt but each would have received one.

One afternoon of each week is spent in sewing. This sewing class is conducted by several ladies of the town. And as a result of their labour, there was a splendid display of needlework exhibited by the scholars consisting of tea aprons, bags, samples showing different kinds of stitching (done by the smaller ones) also patching, darning and several very creditable pieces of crocheting.

Apart from the children's needlework there were some beautiful pieces of crocheting and embroidering exhibited by ladies of the different sections. Some very noticeable pieces were those exhibited by Mrs. W. E. Palfrey, Mrs. Shaffner, Mrs. F. B. Bishop and Mrs. Slaughenwhite.

Another department that deserves special mention were the paintings by Mrs. F. H. Beals and pupils among them being several paintings of picturesque spots along the Annapolis River in and near the town.

As we pass on we come to two show cases well filled with cooking, consisting of bread, cakes, biscuit, tarts etc. The work of the girls of the various sections.

Next we visit the manual training department. Here were many articles made from cardboard besides paper weaving, paper folding and cutting by the smaller scholars. Besides there were many useful articles made from wood by the older scholars. This work was under the supervision of Miss Elizabeth Morgan, teacher of the Primary Department at Lawrencetown.

The plants and flowers this year far exceeded those of former years, both in quantity and quality. The cut flowers being particularly beautiful both in the bouquet and in the baskets. The basket of flowers being hung as they were around the platform and across the end of the room, added greatly to its appearance.

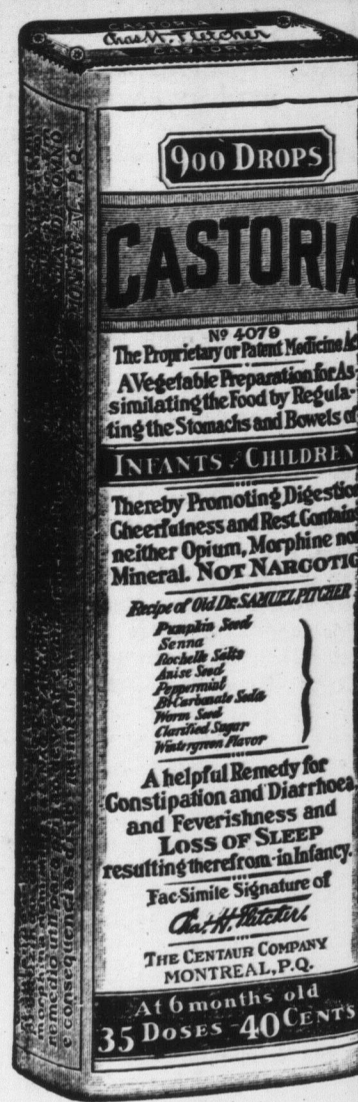

Besides the other exhibits there were a dozen or more cases of chickens and fowls. While outside the building were several head of cattle. The children having helped to care for the poultry and cattle were allowed to exhibit them as their own.

These above exhibits together with many branches of the children's every day school works, such as drawing, writing and essay writing, etc., helped to make one of the most successful exhibitions which Lawrencetown has ever had.

One very noticeable feature of the whole exhibition was the fairness in the awarding of the prizes. And the judges may well be complimented on the work.

In the afternoon there were several races between the boys and girls of the various sections and a ball game between Lawrencetown and Paradise boys under 12 yrs. Lawrencetown winning.

In the evening a large and appreciative audience listened to a well rendered programme. The first on the programme was a piano Duett by Miss Annie Phinney and Mrs. Shaffner, after which Miss Alice Fairn, Elocutionist of Aylesford and Miss

## THE TRUTH

A certain clergyman has said that no newspaper which took truth for its standard would make a pecuniary success. The press might return the compliment by remarking that no minister who told the truth about his congregation, alive or dead, would occupy the pulpit much longer than one Sunday afterward.

NOTHING but the tea leaves left to tell my fortune by, eh, Dot?  
"Well there's no sugar left anyway, Harry. I can see good fortune in that. You make the money, and I'll help on the savings by using Lantic. It certainly takes less."

As fine as the silver, as snowy white as the linen in homes of refinement yet its thrifty goodness carries for Lantic a hearty welcome in the humblest home. Multiply your saving of sugar in each cup of each meal, by 365 days, and the yearly saving by using Lantic becomes considerable.
